TEXAS MAMMOTH COTTON SEED IS GIVEN OFFICIAL RECOGNITION

Breeders of Fine West Texas Strain Discuss How They Gained Registration, Certification.

Von Roeder Seed Farms, on the "Sentry" edge of Borden County, are now licensed to "produce and offer for sale state registered and state certified cotton seed of the Texas Mammoth strain. Notice to this effect was received recently from the Division of Field Seed Certification of the State Department of Agriculture.

At the request of The Times, the Texas Mammoth breeders, C. N. Edgar and Nolan von Roeder and Ed Murphy, have prepared the following article concerning the official recognition and the plan they follow in growing this outstanding West Texas cotton:

Records Checked by State.

We have received official notification from the Division of Field Seed Certification of the State Department of Agriculture saying: "We have carefully checked results of our inspection of your cotton breeding blocks and fields, and pass them satisfactorily for registration and certification respectively. Our report shows a high degree of varietal purity and uniformity on the acreage inspected. . . . You will, therefore, be listed in our register as a Registered Plant Breeder and Certified Seed Grower, fully licensed to produce and offer for sale state registered and state certified cotton seed of the Texas Mammoth strain."

The requirements for state registered seed are, among other things, a varietal purity of 97 per cent or more, and for state certified seed a varietal purity of 93 per cent or better. But for us it all means much more. It means we have originated a new and distinct type or strain of cotton seed. It means we have superior characteristics in order to receive official recognition. It means some degree of success after several years of hard work.

Asked Certification in 1930.

We first applied for certification in 1930, but we found out we had much to learn even though we thought we had been breeding out-

Officials Swing Into Action Vs. Gaming Devices

District Attorney George Mahon, aided by County Attorney Warren Dodson, swung into action last week, with mechanical gambling devices as their prey.

The carnival then in town was forced to close its games and "charity" and slot machines were banned from local stores. A check-up yesterday, however, revealed that several machines said to come under the law's ban are yet being operated here.

Asked last yesterday concerning his attitude toward mechanical gambling devices, the county attorney said: "I am ready to do anything the people are with me on. I stand ready to prosecute cases that appear in violation of the law." He stated that the law without public sentiment behind it is practically worthless.

APPROVED RETAIL CODE TAKES EFFECT MONDAY OF NEXT WEEK

Lightweights To Catch Spotlight On Legion Card

One of the snappiest bits of entertainment on the Legion convention program will be the lightweight battle between Woody Wincham of Abilene and "Red" McGinty of Snyder. It comes as the main feature on a five-day boxing bill at the city tabernacle Saturday evening at 8:30 o'clock.

Wincham has recently won two fights at Lubbock, for which he has won lavish praise from sports writers. When he whipped Nick Santos of Fort Worth (a lad that "Red" has also kicked) at Lubbock two weeks ago, he was described as "that weaving, feinting, lightning-fast young lightweight." Monday night he knocked out Lil Mickey of Oklahoma City in the seventh round of a scheduled 10-round feature. He weighs 131 pounds, slightly less than McGinty.

The local favorite also has an outstanding record. He has a long string of decisions and knockouts to his credit despite his youth. He has fought in many parts of Texas and New Mexico.

Final Services Held For Mrs. Smallwood At Ira Tabernacle

Mrs. J. D. Smallwood, 42, of Ira, died Sunday night in the Root Hospital at Colleton, after an illness of several days. She was taken to the hospital from Snyder, where she had been confined for several weeks.

Funeral rites were held at the Ira tabernacle Monday afternoon, and burial was in the Ira cemetery. Mrs. Smallwood and her family had been residents of the Ira community for 13 years. Rev. Hancock of Ballinger officiated, and the Odum Funeral Home was in charge. Nephews of Mrs. Smallwood were pallbearers.

Duck Hunting Legal Starting Wednesday

Duck hunting became legal here yesterday at 12:00 o'clock noon. Just a few hours before, dove season expired.

The new season came in with a flurry of wings, but most Scurry County folks are not having time to do much hunting.

It will be legal to kill geese and ducks, within a specified limit, until sundown December 31. The season on turkey and deer is from November 16 to December 31, inclusive, while the quail season, opening on December 1, will close on January 16.

Cotton Grades Drop Considerably While Staples Are Better

Following is this week's cotton report as compiled by the government for the area of which Snyder is a part:

There was a slight increase in the proportion of spotted and yellow tinged cotton in District No. 3, the red lands and Plains, this week over last week. Strict middling and better extra white declined slightly in that district this week; while white strict middling and better declined materially this week. There being eight per cent white strict middling and better this week compared with approximately 18 per cent last week. Approximately 95 per cent of the cotton in District No. 3 was tenderable on futures contracts this week. Only four per cent was shorter than 7-8 inch this week compared with 10 per cent last week. Approximately 62 per cent was 15-16 inch and longer in that area this week compared with 42 per cent last week.

Effective November 6.

"On or within one week after the effective date of this Code" (that is, by not later than Monday, November 6) "every retail establishment shall designate under which of the Groups set forth" (which of the schedules of store-hours and

Plenty of Capers Cut In Snyder On Hallow'en Night

Hallow'en night found rougher sailing than usual in Snyder-town.

Plenty of capers were cut in the old-fashioned way, but life, limb or property was not seriously endangered or injured.

The school steps and grounds were littered with wrecked vehicles and rubbish. The square was littered with signs and other novelties. Streets were littered with bricks, boards, pipes, junk and tin cans. Porches were littered with anything that prying hands could find.

Amateur spooks and gangs of youngsters had their run all over town. There were dances and there were parties. Pumpkins and weird decorations had their day.

It is ever now, and only a few cranks have complained. Hallow'en must have been a success.

County Ginnings Touching 15,000 Mark This Week

With only one day of damp weather within recent days, ginnings had climbed through Tuesday to an exact total of 13,344 bales in the county. A total of 15,000 bales will probably have been reached by Friday night.

Figures provided through the courtesy of Fuller Cotton Oil Company show that ginnings through Tuesday were divided as follows: Snyder, 5,704; Hemleigh, 2,210; other points, 5,430.

The official government report of ginnings prior to October 18, provided by Ray Sturdivant, county statistician, shows 6,586 in 1933 and 6,653 in 1932. It is estimated that the 1932 report is now several hundred bales ahead of the 1933 total.

Practically none of the regular ginnings of county ginnings are estimating the 1933 yield at less than 30,000 bales now, since it seems certain that the crop is hardly half out.

Since picking prices are higher this year, a much larger percentage of growers and their families are handling their own crop, and outside pickers are consequently much fewer than at this time last year. This will mean, too, that ginnings will be spread out longer than otherwise would have been the case.

Epworth Leaguers Entertain Workers Of District Tuesday

Three chapters were represented at the Willing Workers Union meeting, which was called at the local Methodist Church Tuesday night. Members of the Dunn, Union Chapel and Snyder young people's departments were present, and two pastors, Rev. W. G. Anderson of Dunn and Rev. S. H. Young of Snyder.

Mrs. Ruby Littlepage was leader for the program given on the subject "What Is a Christian?" After the opening song a welcome was extended to the visitors by LeRoy Fesmire, president of the Snyder young people's department. Rev. Anderson gave the devotional, and Curtis Jarratt presented a violin solo, "The Flower Song," accompanied by Mrs. Homer Snyder. Program topics were given by LeRoy Fesmire, Miss Mable Turner and D. P. Yoder, and the program was closed with a vocal duet, "Jesus Is Mine," by Misses Genevieve Jarratt and Allene Curry, accompanied by Mrs. Snyder.

Stinson's To Stage One-Cent Sale Four Days of Next Week

That semi-annual One Cent Sale is to be staged at the two local Stinson drug stores four days next week—Wednesday, Thursday, Friday and Saturday. The next sales have been held heretofore for only three days.

In addition to the usual items placed on sale at the special events, additional articles for toilet use, kitchen use and general household use will be offered. The Stinsons announce that they will stock one of the largest supplies of Rexall products ever offered by their stores.

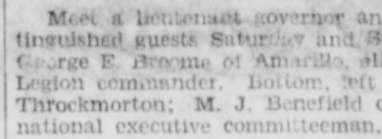

Stinson No. 1 has just installed a special display counter for the front portion of the store. It is tiered in the latest modernistic style. Among the first articles it will display are the products to be offered during the One Cent Sale.

Variety Store Has Put on Two Workers

Two experienced variety store employees have been added to the force of Shull's Variety Store. They are Mr. and Mrs. J. H. Holland, formerly of Kress and Scott stores, Dallas.

Clyde Shull and his force are busy handling the growing demand for general variety merchandise and preparing for the approaching Yuletide season.

They Will Be Convention Guests

W. R. Lacey is unanimous choice for re-appointment, subject to A. & M. approval.

W. R. Lacey, county agent, has been unanimously recommended by the Commissioners' Court to serve Scurry for the fiscal year.

Approval of the Extension Service of A. & M. College, under which the agent works, is believed by the court to be practically assured.

The agent's chief duty during the coming months will be administration of the new cotton reduction machinery.

TURK MARKET OPENING SOON

With Thanksgiving less than a month away, local produce houses are making plans for handling a good run of turkeys. The market is scheduled to open November 9 to 13.

Snyder dealers would hazard no guess on the opening price, but it is generally thought that it will be above last year's crop of about 12 cents. The crop is said to be at least 25 per cent below normal.

The Snyder Produce Company will again operate its dressing plant using a number of local workmen. Other stations that will buy turkeys are the Borden Produce Company, operated by Bob Terry, Farmers Produce Company, operated by Doek Bynum, and Cochran Brothers.

SATURDAY EXCHANGE HAS NUMBER OF USEFUL SWAPS

County-wide exchange day here resulted in a number of helpful and interesting swaps, according to Mrs. W. R. Bell, chairman of the annual affair.

The fact that the exchange was held on a side street probably detracted considerably from its success, but the sponsoring women are confident that the special day will grow in popularity as it becomes better remembered from year to year.

Meet a lieutenant governor and five state division and district American Legion officials. Snyder's distinguished guests Saturday and Sunday. Top left to right: Lieutenant Governor Edgar E. Witt of Waco; George E. Hughes of Amarillo, state auditor; L. Van Perkins of Cameron, state Legion commander; Hon. John Lee Smith of Throckmorton; M. J. Benefield of Brady, division 5 commander. A picture of G. O. Spear of Childress, national executive committee, could not be obtained.

Here Is American Legion's Two-Day Program In Brief

For those who want their American Legion convention program in brief, an hour by hour summary follows. If you want to see the program in detail, read the leading article on this page.

Saturday, November 4: 8:00 a. m.—Registration, lobby of courthouse. 1:00 p. m.—Band concert, on courthouse lawn. 1:30 p. m.—Parade, beginning at armory. 2:00 p. m.—General assembly, city tabernacle. 3:30 p. m.—Football game, Tiger Field. Horse races, Wolf Park. 8:30 p. m.—Boxing, city tabernacle.

Sunday, November 5: 8:00 a. m.—Breakfast for commanders and adjutants, high school cafeteria. 9:30 a. m.—Service school, district court room. 11:00 a. m.—Devotional service, First Baptist Church. 12:00 noon—Luncheon, registered delegates, city tabernacle. 1:30 p. m.—General assembly, high school auditorium.

GOOD ANIMALS ATTRACTED TO SNYDER RACES

Several fine horses, some from out of state, here for Friday and Saturday events.

The ten horse races that are to be staged here Friday and Saturday in connection with the American Legion convention, and under sponsorship of the local post, have already attracted several animals from the surrounding area.

N. C. Erdwell of Pritchett, Colorado, has entered four horses that have made practically every big racing event in this part of the country. E. M. Watson of Portales, New Mexico, has brought in Wampus, a fancy black mare. Miss Lola Burditt of Billings, Montana, who gave an exhibition on the courthouse lawn Saturday afternoon, is here with a top-flight mare called Silver and a good stake horse, Shine, well known in the north and in California.

Inquiries as to purses and distances are being received almost daily. In spite of the fact that small purses were offered, making the races primarily an entertainment feature of the veterans' convention, interest is running high. Promoters of the races state that 50 or 60 outstanding horses would have come if higher stakes had been offered.

All parties are assured plenty of action for their money. The manager says, "See the races, and you will be surprised at the fine show we are providing."

Friday races follow: First, kid ponies, 54 inches, riders not over 17 years old; second, 350 yards, free for all; third, one-fourth mile for ladies, free for all; fourth, special for non-winners; fifth, three-eighths mile.

Saturday races: First, 350 yards, non-winners; second, 440 yards, free for all; third, one-fourth mile for ladies, free for all; fourth, special for non-winners; fifth, three-eighths mile for non-winners. The races will begin just after noon each day, at Wolf Park. Prize money will be \$55 plus entrance fees.

Daddy Martin, who recently went into the fruit, vegetable and syrup business on the southeast corner of the square, is doing a mighty nice selling job. He reports good sales of his stock of apples, grapefruit, sweet potatoes and other such fresh stuff.

SNYDER DONS HER PARTY DUDS FOR VETERANS THIS WEEK-END

Lieutenant Governor and American Legion Notables to Be 18th District Convention Guests; Full Entertainment Bill

World War buddies of the Eighteenth Congressional District will gather in Snyder Saturday and Sunday for their annual fall convention.

They will find the host city ready, for Snyder has been putting on all her party dresses for the boys who are coming to see her.

Lieutenant Governor Edgar E. Witt, State Commander L. Van Perkins of the American Legion, and a number of other state and district officials will be distinguished guests, and most of them will appear on the program.

Tiger Cubs Will Play Big Spring On Snyder Field

With more weight and experience, the Tiger Cubs are ready for Saturday's invasion of their fair by the Big Spring Steelders. The visiting lightweight squad is composed of eighth and ninth graders, while the home crew contains grade schoolers and younger high school men.

The game will begin at 3:30 o'clock at Big Spring. His line, especially, has been gaining in weight, and his backfield is also heavier than previously.

The home line-up will be chosen from the following: Billie Younger, quarterback and captain; Charley Morrow, Bo Moffett, J. P. Tate, Wilmer Jenkins, Weldon Strayhorn, Richard Brice, Ends-Gale Gilmer, Homer Adams, Leo Avey, Horace Young, tackle-Leslie Cole, John Boren, Eugene Smith, Charles Pennington, guards-Delbert Johnston, Finis Webb, Jackie Scarborough, Prentice Riley, Wallace Smith, Wilton Harrison, Billie Younger, center-Cable, Vernon Moffett, Eugene Pinkerton.

Several out-of-state horses are entered for special races, while 10 or 12 horses from Scurry and adjoining counties are working out daily on the Wolf Park track. An entry list of near 30 is expected.

Only 12 checks are outstanding in the section of Borden County handled from the local office. Four checks were received Thursday, as follows: Ben P. Brooks, A. B. Eicke, J. A. Vandiver, C. W. Pettit Sr.

Three checks came in Saturday to Raymond L. Seale, L. D. Sturgeon, G. N. Richardson.

The last batch came Sunday to Clifton Kelly, Ernest G. Murray, Will A. Jaynes, J. R. Roemisch Jr., E. R. Jones, H. C. Moses, Will W. Floyd, Abb Q. Flournoy, Joe B. Ramsour, Bruce Ramsour, Ben S. Tate, Emmett G. White, Roy L. Shipman, John W. Shipman, Ernest J. Shipman, Henry L. Parks, Ira Riley, T. C. Deavenport, J. E. Fortenberry, J. K. Westbrook.

Former Convict In Jail In Connection With Saddle Theft

Hoy Geter is in the Mitchell County jail following his arrest Saturday at Crowell in connection with theft of a car in Colorado and theft of three saddles from the J. J. Koonsman ranch in Scurry County.

Mitchell County officials state that Geter confessed that he stole the car in Colorado October 6, went to the Koonsman ranch in a roundabout way, took the saddles, and then hid them in a vacant Borden County house. Sheriff S. H. Newman and his department worked up the case against Geter, when it was learned that he had been dismissed from the Koonsman ranch more than two years ago.

The saddles were recovered, and Geter was indicted here and given two years in the state penitentiary in 1931 on a charge of stealing a car from the Yoder Chevrolet Company. He was recently released from the penitentiary.

Colorado officers report that Geter admitted having a companion in the double thievery, but that he declares the man was unknown to him by name.

State Leader Talks At Baptist Meeting

T. C. Gardner of Dallas was principal speaker at an associational Baptist Every Member Canvass rally in Dunn Sunday afternoon. He also spoke at the First Baptist Church here at the morning preaching hour. A number of local Baptists attended the Dunn meeting.

Rev. Philip C. McGahy, local pastor, was in Midland Monday to speak before another area meeting along with Mr. Gardner. He is organizer of the eighth state district. Officers and teachers of the Baptist Sunday School will meet tonight at 7:30 o'clock in regular monthly session. Harvey Shuler, superintendent, and the pastor state that all efforts are being pushed toward success of the coming revival.

A full round of entertainment will be combined with the formal program to form a two-day set-up that has seen few peers in the organization's history.

Boxing, football, horse racing, parading, eating, singing and speaking will be among the forms of serious and less-serious entertainment provided for the hundreds of expected guests.

Registration will begin Saturday morning at 9:00 o'clock, in the courthouse lobby. Practically all store fronts have been draped with bunting and other gay attire by professional decorators. Strangers will be stretched from the courthouse, and assembly places of the Legionnaires will be decorated in the red, white and blue of Old Glory.

This will be the final meeting of the old 18th District, since congressional re-districting became effective this year.

Outside Visitors Coming. Snyder's nearness to adjoining districts to the south and east is expected to mean that many of her visitors will come from outside the South Plains and Panhandle territories.

The housing committee reports hearty cooperation with its plans to secure bedrooms for delegates. It is expected that the convention crowd will be easily landed in this respect. Visitors are variously estimated at 500 to 1,000.

Commander Lee T. Stinson said last night that he and A. C. Pruitt, adjutant, along with all other local leaders, socials and post members, are ready in every way for the incoming conventioners.

C. Wedgeworth, chairman of the program committee, furnishes the following final draft of the official program:

Saturday, November 4. 9:00 a. m.—Registration of delegates, lobby of courthouse. 1:00 p. m.—High school band concert, courthouse lawn. 1:30 p. m.—Parade, assembly at armory, end at city tabernacle. 2:00 p. m.—General assembly, city tabernacle. Band music.

Invocation—Rev. S. H. Young, pastor of First Methodist Church. Welcome by City of Snyder—Mayor H. G. Towle.

Welcome by General Post of American Legion—Commander Lee T. Stinson. Response—G. O. Spear, Childress, district executive committee.

Greeting—State Commander L. Van Perkins of Cameron. Announcements. Appointment of committees. 3:30 p. m.—Football game, Tiger Stadium. Snyder Cubs vs. Big Spring Steelders. 8:30 p. m.—Boxing, city tabernacle.

Sunday, November 5. 8:00 a. m.—Breakfast for visiting post commanders and adjutants, high school cafeteria. 9:30 a. m.—Service school, Floyd Sloan, Amarillo, conducting service. First Baptist Church. Hon. Edgar E. Witt, lieutenant governor, main address. 12:00 noon—Luncheon, city tabernacle, all registered delegates. 1:30 p. m.—General assembly, high school auditorium. Song, "America." Invocation—State Chaplain. Welcome—Commander Lee T. Stinson of Will Layne Post, Snyder. Response—Judge Phillip Young of Lamesa. Vocal Solo, "Rose of No Man's Land"—Mrs. John E. Sentell. Introduction of Principal Speaker—G. O. Spear, executive committee. Address—Hon. John Lee Smith of Throckmorton. Concluding business of 18th District convention.

Saturday Evening Banquet Feature of Legion Auxiliary Program

District President, Member of State Executive Board to Be Honor Guests

The climax of the 18th District convention for the American Legion Auxiliary will come Saturday afternoon at 6:30 o'clock, when the local organization will compliment visiting Auxiliary members with a banquet at the First Presbyterian Church.

At 2:00 o'clock Saturday afternoon the ladies will meet in a box with the veterans to open the convention. Then on Sunday afternoon the Auxiliary will have its business session, with Mrs. James Trent of Clarendon, 18th District president, in the chair.

Wives, sisters or mothers of local Legion members are asked by Mrs. Lee T. Stinson, Auxiliary president, to call Mrs. J. M. Newton at 4223 if they desire to attend the banquet.

Mrs. Tillman Jones of Post, member of the State Executive Board, who was instrumental in organization of the local chapter, will be toastmistress at the banquet. The following program has been arranged:

Invocation—Mrs. J. E. LeMond. Song, "America"—Assembly. Introduction of toastmistress—Mrs. Lee T. Stinson.

Welcome—Mrs. Walla D. Fish. Response—Mrs. R. J. Watson of Lubbock.

Vocal Solo—Mrs. J. E. Sentell. "The New 19th District, Its Extent and Its Future"—Mrs. J. G. Merritt of Colorado.

"Child Welfare"—Mrs. Van W. Stewart of Perryton.

Piano Solo—Mrs. Elmer Spears of Clarendon.

Song, "Keep the Home Fires Burning"—Assembly.

Music will be furnished by Clyde Rowe's orchestra.

Interesting Places Studied by Club.

Members of the Woman's Culture Club were entertained by Mrs. J. R. Hucksabe Tuesday afternoon. The subject for study was "Places of Interest," and Mmes. P. C. Chenault, J. L. Caskey and Joe Strayhorn gave discussions on the program led by Mrs. P. M. Brownfield.

Hallowe'en appointments were made, and pumpkin pie and cocoa were served to the following: Mmes. A. C. Alexander, J. P. Avary, P. C. Brownfield, J. L. Caskey, P. C. Chenault, Dora Cunningham, W. A. Morton, E. C. Neely, E. H. Richardson, W. E. Rodgers, C. E. Ross, E. E. Weathersbee and J. A. Woodfin, members; and to one guest, Mrs. Stewart.

Two Pretty Parties Given In Joyce Home.

Two pretty parties were given in the Joyce home on Avenue U Friday afternoon and Friday night. The house was decorated carrying out the Hallowe'en motif. On the dining table was placed a shock of dead pumpkins around it, thus signifying autumn. Table covers and napkins were of crepe paper in Hallowe'en designs.

On Friday afternoon Miss Faye Joyce and Mrs. John Sheehan entertained. At the close of the bridge play Mrs. E. C. Neely received high score prize and low went to Mrs. Albert Norred. The guest list included the following: Mmes. J. G. Hicks, Ivan Dodson, Robert H. Curran, Jr., Aubrey Stokes, P. W. Cloud, Herbert Bamister, J. D. Scott, Max Brownfield, Albert Norred, E. C. Neely, Billy Boren, Jim Sharp, Margaret Rennie and Miss Pauline Boren. Misses Opal Wedgeworth and Mattie Ross Cunningham were tea guests. A lovely plate which contained fruit salad, wafers, mince tarts and coffee was passed.

Miss Joyce and Miss Pauline Boren were joint hostesses to friends Friday evening. High score was made by Mrs. Garland Gannaway, cut prize went to Miss Margie Norred, and the "boozy" to Miss Zoe Mobley. Individual pumpkin pies topped with whipped cream and coffee were served to the following: Mmes. W. L. Jones, E. E. Kerr, Jay Vaughn and Garland Gannaway and Misses Zoe Mobley, Ernestine Rector and Clarice Harkins, all of Herculite, Mrs. W. G. McMeans of Benjamin, Mrs. Herman McPherson of Big Spring, and Misses Margaret Del Prim, Waunita Darby, Rowena Grantham, Vesta Green, Marie Casey, Tenny Mae Jeffress, Era Holt, Dell Kincaid and Maggie Norred and Mrs. John Irvin.

Intermediate G. A.'s Entertained Friday.

Miss Sadie Tell Jenkins entertained the intermediate girls' Auxiliary of the First Baptist Church Friday evening at 7:45 o'clock in her home with a Hallowe'en party. The house was beautifully decorated with Hallowe'en reminders.

New members of the auxiliary were initiated as follows: Misses Johnnie Ruth Baze, Ernestine Morton, Lee Alvin Hayes, Dewee McGahey, Johnnie Lee Green, Loy's Moreland, Orene Wilsford and Gertrude Ross.

The new members were blindfolded and taken up the stairs, called mountains, then over rough hills. After making the rocky journey they were painted with bluing and given something to eat. They were required to remove their shoes and stockings and walk bedsprings into another room for their fortunes to be told. They were taken into a dark room, their blinds taken off, and were told ghost stories.

After the initiation, refreshments were served to Misses Frances Bilk, Juanita Sentell, Oteka Ware, Geraldine Shuler, Farena Isaacs, Opal Adams, Mary Nell and Ernestine Morton, Lee Alvin Hayes, Dewee McGahey, Johnnie Ruth Baze, Loy's Moreland, Johnnie Lee Green, Gertrude Ross, Orene Wilsford, Mmes. Melvin Newton, Guy Adams, W. A. Morton, Mr. and Mrs. N. M. Harpole, Junior Newton and the hostess.

After the party the new members were asked to wash the dishes.

Party and Shower Given for Bride.

Mrs. Paris McPherson and Miss Maule Bedwell, assisted by Miss Mary Belle Carrell, entertain Saturday night honoring Mrs. Chester Young, a recent bride, with a forty-two party and shower at the home of J. L. Carrell, west of town. Appointments and decorations carried out the Hallowe'en scheme.

At a late hour each guest was presented with a small hat, on which were placed Hallowe'en wishes. Mrs. Young's read: "Take your husband by the hand and go where the witch directs you." They were led into another room, where they were presented with a number of lovely gifts.

Chicken sandwiches, cookies and cocoa were served to about 40 guests.

Junior G. A.'s Enjoy Hallowe'en Party.

Members of the Junior Girls' Auxiliary of the First Baptist Church were entertained in the home of their sponsor, Mrs. Wesley Whitman, Friday with a Hallowe'en party. Each guest wore costume and mask.

After games and stunts refreshment plates were passed to Carolyn Dunn, Mavis McGuire, Thelda McGuire, Wanda DeDvenport, Marvanelle Curtis, Eva Mae Parks, Anita Kite, Carolyn Anderson, Jimmy Reed, Allie Ruth Jenkins, Ava Nelle White, Billy Kent, Evelyn Clark, Horence Leath, Nell Verna LeMond, Louise LeMond, Wanda Jean Sims, Marie Sumruld.

Buster Holdridge Marries in Colorado

Announcement has been made here of the marriage of Miss Beatrice Brand and Buster Holdridge, both of Sweetwater. They were married in Colorado October 14.

The bride is the daughter of Mr. and Mrs. J. D. Brand of Sweetwater. Buster is the son of Mr. and Mrs. J. P. Holdridge, who lived here for a number of years. He is employed with the Gulf Refining Company. The couple will make their home in Sweetwater.

Several parties and showers honoring Mr. and Mrs. Holdridge were given in Sweetwater, and the many friends of the Holdridge family in Snyder join in wishing the young couple the best in life.

Brother of Snyder Lady Marries.

The marriage of Miss Lucille Harper of Munday and S. W. Little of Littlefield was solemnized by Rev. Philip C. McGahey Saturday night. Mr. Little is a brother of Mrs. T. H. Houston, owner and operator of the Polly Ann Beauty Shoppe here. Mr. and Mrs. Houston and Miss Sonora Little of this city and Clifford Little of Littlefield were present for the ceremony.

Mrs. Little was attired in a blue woolen traveling suit, trimmed with black fur, worn with all-black accessories. She is the daughter of Mr. and Mrs. "Monk" Harper, who are ranch people at Munday.

The bridegroom is the son of J. J. Little of Littlefield and Mrs. Ethel B. Little of Frederick, Oklahoma. He is at the present time owner of a farm near Littlefield.

The couple were entertained at the home of Mr. and Mrs. Houston Saturday night, went from here to Littlefield, and then to Frederick, Oklahoma, to visit with the bridegroom's mother. Mr. and Mrs. Little will be at home at their farm south of Littlefield.

Honor Society Goes On Detective Tour.

Last week the National Honor Society members and the high school faculty members received skull-shaped notices of their appointment as sleuths for the Triple-X.

On reporting for duty Tuesday at 7:59 p. m. at Darby's blacksmith shop a stately figure distributed crude disguise material with which the sleuths proved very original, and a map directing them to the old graveyard, where directions led to other guide.

About 9:40 o'clock all clues had been worked out, and they were being ghostly experiences in the W. W. McCarty living room. After usual Hallowe'en activities clever plates were served to guests: Misses Elizabeth Ward, Maurine and Mattie Ross Cunningham, Effie McLeod, Mr. and Mrs. W. P. Cox, C. Wedgeworth and R. L. Williams; and to members: Lola Mae Littlepage, Evelyn Erwin, Vera Gay Arnold, Margaret Miller, Hazel Pollard, Melba Clark, Bonita McGahey, Virginia Willis, John Blakey and Mary McCarty.

Prizes were awarded to Sleuth C. Wedgeworth for the most effective disguise, and to Sleuth McLeod for guessing the meaning of Triple-X.

Miss Avary Hostess To Junior Altrurians.

The Altrurian Daughters were entertained by Miss Grace Avary at her home Monday evening. Miss Waunita Darby was director for the program on the novel "If I Were You" by P. G. Wodehouse.

"What Was Found in the Private Line of Mr. Slingsby" Martin Harris, Blackard, Eloise Brownfield, Nancy Caton, Martha Cloud, Mattie Ross and Maurine Cunningham, Waunita Darby, Rowena Grantham, Marlowe Moore, Polly Porter, Margaret Dell Prim, Helen Rodgers, Mary Lynn Scott, Mary Ruth Spears, Dorothy Strayhorn, Myrl Wade and Opal Wedgeworth.

Guests were Miss Lois Rosser of Abilene, Miss Alma Heard, Mrs. George Avary and Mrs. Herman Doak.

Altrurians Meet In Curmutte Home.

Members of the Altrurian Club were entertained in the home of Mrs. R. H. Curmutte Friday afternoon. Mrs. H. G. Towle was leader for the program on "The Secretary of State," and her topic was "History of the Origin of State Department Before the Revolutionary War."

Mrs. R. L. Gray gave the duties of the Secretary of State and a biography of our present secretary, Cordell Hull; Mrs. O. P. Thrane's paper was "Our Most Important Embassies and Ambassadors." Mrs. J. M. Harris discussed "Censils and Their Duties," and Mrs. W. R. Bell's subject was "Ministers." Mrs. E. J. Anderson gave a discussion on passports and presented a passport for inspection.

The hostess passed a salad course to the following: Mmes. E. J. Anderson, W. R. Bell, H. P. Brown, Joe Caton, R. H. Curmutte, J. C. Howard, R. L. Gray, Fred Grayum, W. W. Hamilton, G. A. Hagan, J. M. Harris, J. W. Leftwich, J. C. Stinson, A. C. Preult, L. T. Stinson, O. P. Thrane and H. G. Towle.

Miss May Jo Glen and T. H. Bruton Wed.

Announcement has been made of the marriage of Miss May Jo Glen, daughter of Mr. and Mrs. J. E. Glen, and Thomas H. Bruton of Houston, which took place Thursday evening at 7:30 at the home of Rev. E. C. Lambert. Rev. Lambert read the ceremony.

The bride was dressed in a blue georgette afternoon dress and accessories were of black. She is a graduate of Snyder High School, and has lived here for a number of years.

Mr. Bruton was for about eight months a deputy sheriff here, beginning in January, 1933, and his commission ended about two months ago. At the present time he is employed as an airplane mechanic at Houston.

The couple will remain here for possibly two weeks, and then go to Houston, where they will make their home.

Kitten Klub Enjoys Treasure Hunt.

Members of the Kitten Klub, recently organized group, enjoyed one of the most pleasant chain parties of the season Friday evening. The young people met at the Wilsford Tea Room, where they enjoyed a salad course and Hallowe'en sandwiches.

After an hour of prize winning and entertainment, the first clue was followed to the home of Mr. and Mrs. Hilton Lambert, where various kinds of Hallowe'en horrors were encountered.

Another clue led them to the home of Mrs. J. W. Roberts, where punch and cake were served, and the next led to the home of Mrs. John Spears, where Hallowe'en apples and candies were enjoyed.

After this various calls were made, finally leading to the home of Mrs. John Keller, where a delightful feast had been prepared. From here the eager hunters were led to Warren Crest, where a red devil presided over a witch fire, and the treasure was found by Jack Smith, president of the club.

Those taking part in the celebrations were: Wynona Keller, Faynell Spears, Mavis Jenkins, Marilyn Roberts, Josephine Kelly and Joanna Strayhorn; Martin Harris, Jack Smith, Dugan, LaRue, J. A. Hood, Jackie Scarborough, Weldon and Leroy Strayhorn. Guests present were Dorothy Winston, Wolsey Barrett Jr. and Virginia Roberson. Chaperones were Mrs. John Keller, Mrs. John Spears, Mrs. J. M. Harris, Mrs. Woodie Scarborough and Mr. and Mrs. Hilton Lambert.

Church of Christ Young People Picnic.

The young people of the Church of Christ, sponsored by Gay McGlaun, enjoyed a wicker roast Tuesday evening eight miles north of town on Ennis Creek.

A picnic supper consisting of wieners, bread, potato chips, onions, pickles and marshmallows was served to about 50 people. Ring games and others furnished amusement for those present.

More Than Hundred Attend Dance.

Among the Hallowe'en festivities was listed a lovely dance given at the Manhattan Hotel Tuesday night. The dining room was prettily decorated with Hallowe'en colors, and lights were dimmed with paper lanterns. Favors passed to the guests were orange and black horns and confetti which furnished hilarious entertainment.

Bob's Blue Boys, a local orchestra, furnished excellent music for the dancers, and Mr. and Mrs. E. M. Deakins were chaperones for the occasion. Several out-of-town guests were present, besides about 100 others.

Mrs. Caskey Gives Roast for S. S. Class.

Members of Mrs. J. L. Caskey's Sunday School class of the Church of Christ and guests were entertained Monday evening with a wicker roast at Wolf Park. Members of the class include these between the ages of 11 and 15 years.

After the wieners had been roasted and marshmallows toasted, the young people enjoyed a number of interesting games. Mmes. Watt Glover, Jack Bowling and P. C. Chenault and Miss Frances Chenault assisted Mrs. Caskey in entertaining.

Alpha Study Club Gives Annual Tea For Newcomers Tuesday Afternoon

Members of the Alpha Study Club entertained for the newcomers to the city with one of the prettiest teas of the season given Tuesday afternoon from 3:00 until 6:00 in the home of Mrs. Wayne Williams, 2008 Thirtieth Street. The tea is an annual affair on the club calendar.

Entertaining rooms were softly lighted and were cleverly decorated carrying out the Hallowe'en spirit. On the piano and on the dining table were placed jack o' lanterns made from real pumpkins, the one on the table wearing a hat. Floor lamps in the living room were draped to resemble spooks, and over the French doors leading to the dining room hung a line of lighted jack o' lanterns. Cut flowers in autumn colors graced the rooms.

Mrs. Wayne Williams headed the receiving line, and after her came the following newcomers: Mmes. T. W. Keys, Marcel Josephson, G. M. Heintzelmann, Charles B. Reed, Margaret Rennie, Clyde Rowe and Miss Elizabeth Ward; and Mmes. Wade Winston, Joe Graham and

Miss Faye Brumley Weds Lockhart Man.

A wedding of interest to the many friends of the Brumleys took place last Wednesday afternoon in the Lamesa Methodist parsonage, when Miss Faye Brumley became the bride of Chester H. Young of Lockhart. Rev. William H. Wallace Jr., pastor of the First Methodist Church in Lamesa, read the ceremony.

Mrs. Young is the daughter of Mr. and Mrs. G. J. Brumley, and she has a host of friends in Snyder and the surrounding communities. She wore a dressy brown crepe frock trimmed with brown satin, with accessories to match.

The bridegroom is a resident of Lockhart and is quite well known there, having been in the farming business at that place for a number of years.

Miss Maule Bedwell of Lamesa, a close friend of the bride, was the only attendant. She was dressed in black crepe and satin, with matching accessories.

The couple left immediately after the ceremony for Big Spring, Coahoma and Rule for their wedding trip, returning to Snyder Saturday, and from here they will go to Lockhart, where they will make their home.

Ingleside Study Club Studies Texas.

Members of the Ingleside Study Club and one guest were entertained in the home of Mrs. A. E. Wise Friday afternoon.

"Historic Places of Texas" was the subject for the afternoon's study, with Mrs. W. P. Cox as leader. A brief story of the colonization of Texas was given by Mrs. W. W. Smith; "Story of the Alamo" was read by Mrs. R. H. Odum; and the story of Old Fort Davis was presented by Mrs. Tom Boren. Mrs. Philip C. McGahey conducted an English drill.

Delicious refreshments were passed to the following: Mmes. Tom Boren, W. P. Cox, W. W. McCarty, Philip C. McGahey, R. H. Odum, A. R. Porter, E. J. Randalls, Noah B. Sisk, W. W. Smith and R. S. Snow, members; and Mrs. Charles B. Reed, a guest.

County School Busses Travel 730 Miles Each Day

RURAL CHILD GETS CHANCE AT EDUCATION

The story of how Scurry County became a state leader in improvement of rural schools is graphically told in the following article by Frank Farmer, superintendent of schools, which deals primarily with the transportation of children in consolidated districts.

From the Faver consolidation with Yvonna back in 1917, the consolidation movement has grown to such proportions that 14 school owned and three privately owned busses are now in operation in this county. These busses will travel approximately 730 miles daily and carry 250 pupils to and from school.

Rural children are being given practically an equal break with town children in Scurry County, and Frank Farmer tells you how, as follows:

Erratic Reports Corrected.

In behalf of those interested in the schools and the school situation of Scurry County, and to correct as far as possible some erratic reports that have been made concerning the same I am making the following statements primarily in regard to the transportation of children to their respective schools.

Free transportation necessarily began with consolidation. In order to encourage and make possible the offering of high school education to the rural school children the state gave a bonus to districts which consolidated, thus enabling them to purchase busses to bring the pupils to the centralized unit.

One of the first to accept this offering was Yvonna. By consolidating Faver in 1917, Moar and Hackberry in 1926 and Conroe and Snelline in 1929 it has grown into a nine-teacher school, offering 16 affiliated credits, and is now operating five busses and transporting 166 children, of whom 54 are in high school. Without this means of getting to a Class A high school few of those living in the outlying districts could have gone past the elementary grades.

How Hermleigh Grew.

Hermleigh, an 11-teacher school, offers 16 affiliated credits and expects to add 1 1/2 additional units this year. Due to the consolidation of the Bell district with Hermleigh in 1922 the school is operating a bus into that district and carrying between 45 and 50 pupils. The Quinn school has transferred to Hermleigh for this term, and the latter is operating a bus carrying approximately 60 pupils from this and adjoining districts.

Three Busses at Fyron.

The Fyron independent district now has two school owned busses and, another, privately owned, will be put into operation as soon as the body can be completed. The Lone Wolf district consolidated with Fyron two years ago. Total number of students transported will reach approximately 100 when the third bus is ready. The Lone Star district, of Fisher County has transferred for the second consecutive year into the Fyron school. The school now has nine teachers and offers 11 grades of work. Fyron and Ira, while not being affiliated, are each seeking classification this year.

At present there are two privately owned busses bringing about 85 students to the Snyder school. The Woodard school transferred its entire scholastic enumeration to Snyder for this year.

Thus at present there are 14 school owned and three privately owned busses in operation and another to be put into service in the near future. These busses travel approximately 730 miles per day and carry 734 pupils to and from school. It is safe to say if this method of transportation were not available at least 500 of these now in a one or two-teacher school, and few of this number would be enabled to get a high school education.

Various and exaggerated reports have been made as to the cost of operation of these busses. To the best of my information all the busses of the county will average less than \$100 each per year for fuel. It has been said that some of these make their runs about half of the time. Anyone keeping in touch with this phase of our schools can easily refute this. Reports from school officials are that rarely are conditions or need for repairs serious enough to keep them from going for more than one trip at a time.

Why Get Up Nights?

Physic the Bladder With Juniper Oil

Drive out the impurities and excess acids that cause irritation, burning and frequent desire. Juniper oil is pleasant to take in the form of BURETS, the bladder physic, also containing buchu leaves, etc. Works on the bladder similar to castor oil on the bowels. Get a 25c box from any drug store. After four days if not relieved, "getting up nights" go back and get your money. If you are bothered with backache or leg pains caused from bladder disorders you are bound to feel better after this cleansing and you get your regular sleep. Samsun Drug Co. says BURETS is a best seller.

A Book or Two

Found in the Rental Library of Mrs. Mabel V. German

If you have tired (and who has not?) of a long series of highly sensual talks, if you have been led too long on mystery novels and the Sinclair Lewis strain of sin-blighted humanity, you will find a special delight in becoming acquainted one of these fall evenings with "Miss Bishop."

You will find yourself wondering occasionally whether Miss Bishop is not a mite Pollyannish. Just then you will be advised by Boss Streeter Aldrich that this teacher to three generations of midwestern college men has gone through three tender romances; that she is quite human as to use of cold cream, adjectives and cynical little retorts.

"Miss Bishop" picks you up in the 1870's and carries you up on wings of interest through the banking holiday of 1933. As the publishers' reviewer relates, "It is a lively and entertaining picture she gives, and through her story she portrays the changing ways of life right down to the present day."

"As the years pass by a relentless fate pursues Miss Bishop, the burdens of two generations fall upon her shoulders, dramatic, and sometimes calamitous, happenings threaten to submerge her dauntless spirit. The cheering and triumphant answer which Ella finds to her disillusionment, however, should prove a source of inspiration to all who read her story."

You will love "Miss Bishop," unless you love selfishness and sensationalism the more.

who complete the grades taught in their schools are entitled to \$2 per pupil per month to pay their transportation to an affiliated school for high school purposes. This, I think, is the greatest thing done for the rural school children since the passing of the high school tuition law of 1929.

One of the strongest exposures in our county for better schools says, "The best we can give our children is not good enough for them." And in keeping with the slogan of our State Department of Education, "Not more money for the schools but more school for the money," I wish to say that without exception the teachers of this county are willingly and gladly doing all in their power to make this the best year of their school work regardless of the more serious hardships under which they are now laboring than in previous years. In view of this and for the benefit of the school children of Scurry County, I wish to urge all the patrons and those interested in these children to give their best support and cooperation to their schools and the teaching force of our county.

New Filing Cabinet.

The English and Spanish departments are sporting a new filing cabinet that was added to the room this week. The cabinet is a five-shelved partitioned cabinet made to fit the needs of the English and Spanish departments. The Spanish and English students hope to contribute much worthy material for this cabinet.

Good Manners Are Discussed by Junior Class at Hi School

One of the best programs ever presented before the high school student body was given Friday by the Junior A class, sponsored by Miss Mattie Ross Cunningham, on the subject of "Good Manners." The class was highly commended for its work by Superintendent C. Wedgworth and Principal R. L. Williams as being an unusually interesting and helpful presentation.

Jack Reynolds, class president, was master of ceremonies, and E. J. Anderson was the principal speaker for the occasion. Mr. Anderson's topic was "The Meaning and Value of Good Manners," and his subject was presented as only he could.

Charles Owens rendered a vocal solo, and the following students gave discussions on various phases of the subject: Melba Clark, Pauline Carnes, Geraldine Longbottom, Frances Stinson, Jim Wiley Payne, Delaine Shamblin, Roland Bell and H. B. Patterson.

Pat Bullock Speaks Highly of New Deal in State Education

The new educational program inaugurated by State Superintendent L. A. Woods is by far the greatest program for the education of all the children ever advanced in Texas, writes A. A. (Pat) Bullock, state director of rural aid. Pat is another Scurry County "boy" who is making good at the capital city.

Still referring to the New Deal program, the director says: "It will give to the rural boy and girl a chance that you and I did not dare dream about when we were growing up. That chance is an opportunity to attend a fully accredited high school free of charge no matter where the child lives. In addition to this it will give to each boy and girl living in the forks of the creek a chance to attend a school that has at least an eight month term."

Pat writes, also, that he is enjoying going from one teachers' institute to another, in various parts of the state, these fall days.

Terracing in Demand.

Mills County farmers are demanding more aid in terracing from the county agent since farm prices have begun to climb. Records of three farmers are cited to show the reason. One made four bushels more corn per acre on terraced land; a second picked 100 pounds more seed cotton per acre on terraced land; and a third found that terraced land produced six bushels more oats per acre than unterraced fields.

Mrs. E. E. Wallace spent the week-end with Mrs. L. O. Smith here.

HERE IS MORE CONCERNING Texas Mammoth

CONCLUDED FROM PAGE 1

ton ever since we started with one mutant stalk in 1923. We had to study cotton from scientific textbooks as well as in the field. Today we are one of the 24 state certified cotton seed growers in Texas and one of four originators of a distinct or new type of cotton among the 24 growers.

We have tried to acquaint the public with our breeding work by holding field days or demonstrations on the farms, and we keep out a standing invitation for you and everybody to visit us any time, but if you will pardon I want to tell you a little about our methods here.

Breeding Blocks Selected.

Our breeding blocks consist of some 30 to 50 superior single stalk selections, which had been ginned at A. & M. College, planted in separate rows, and the best two or three of these make our next year's multiplying blocks and our planting seed for the following year. This process is repeated annually and thus our commercial seed, with good luck, is only the fourth generation from a single stalk.

Many farmers believe they can improve their cotton by going over their fields and picking out a bale of the best bolls for their planting seed. Possibly they can, but that method is necessarily very slow unless they have a pure-line cotton to start with. If they have several types or bloods in their patch from which they pick good bolls they will have a conglomeration of hybrids or crosses in their next crop. These hybrids will continue to "break up" into new types for years to come. Thus it is very evident that it is much faster and much safer to start from one seed or one plant selection and continue line-breeding until the type is absolutely "fixed."

Long Staple Is Sought.

Some of our friends want to know why we do not breed for a higher percentage and a better snapping cotton. High lint percentage and short staple are correlated factors or characters that cotton breeders have not been able to separate. Of

course, we know that in order to sell your ware you must have what the public wants. If we had to market all our seed in the Ira and Snyder territories or on the Plains, where most of the cotton is snapped, we would have to have a short staple snapping cotton. Short staple cleans out better at the gin than our cotton and thus makes better sample when snapped. But there are a good many such cottons on the market now and the demand for such seed is pretty well filled. To take the state as a whole there is a good demand for such seed as we raise, and we have always been able to sell out.

We are told, too, that the NRA ginner's code will do away with the "hog-round" practice of cotton buying and that the farmer can get a staple premium when due one. Furthermore, by producing better staple is the surest way for us to get away from foreign competition on the cotton market. While our cotton will not make as much lint per 100 pounds, we believe it will make more lint per acre, and the per acre turn-out is really what counts.

(6) per cent per annum; that said note provides that all installments past due and unpaid shall bear interest from maturity date thereof until paid at the rate of eight (8) per cent per annum, but that plaintiff has demanded interest thereon at the rate of six (6) per cent per annum; said note also provides that if default be made in any of the payments therein provided for, then the whole of said note may be matured; plaintiff further alleges that the defendants secured the payment of said note by deed of trust of even date with said note to Wm. B. Lape, trustee, covering and resting upon said 4,373 acres of land hereinabove described; that the defendants thereby created and fixed a valid and subsisting lien thereon; that the defendants, R. L. McMullan and Mary L. McMullan, defaulted in the payment of installments when due on said note on the first days of January, 1932, and 1933; that plaintiff exercised its option and declared the whole of said note due, and that said note provided that if collected by suit, or if placed in the hands of an attorney for collection, the maker thereof agreed to pay a sum equivalent to ten (10) per cent of the amount of principal and interest then due thereon; that the defendants, R. L. McMullan and Mary L. McMullan failed to pay said note, or any part thereof save and except that they paid all annual installments when due on said note prior to January 1, 1932; that plaintiff prays for judgment against the defendant, R. L. McMullan, for the amount of principal and interest and attorney's fees due on said note and against all of the defendants for foreclosure of its lien and this in the event the relief prayed for under its plea in the first count of its petition be denied.

AMERICAN LEGION AUXILIARY ITS PLANS AND ITS PURPOSES

The American Legion Auxiliary was formed for the one purpose of aiding the American Legion in carrying out the great program of peace-time service to America to which the Legion is dedicated. All of its activities are designed to promote the work of the Legion and to help the Legion reach its objectives. Although often working independently on projects of its own, the Auxiliary has no purposes that are apart from the aims of the Legion. It is in all senses an "auxiliary" of the American Legion and its members serve side by side with the men of the Legion in a spirit of unselfish devotion to the well-being of the American Republic.

Rehabilitation of Disabled Veterans.—Aiding to carry on the great task of caring for the World War disabled who still fill the government hospitals to the number of more than 25,000, and of whom other thousands are still struggling to regain a place in civil life, is one of the first endeavors of the Auxiliary.

Nearly a million dollars is expended each year by the Auxiliary in hospital and welfare work for the benefit of the disabled as well as an inestimable amount of personal attention which is often the most valuable thing which can be given a suffering man in a hospital far from home.

Child Welfare.—For the children of the World War veterans the Auxiliary is also doing a very important work. It is aiding thousands of children every year to receive the necessities of life. Assistance is given to widows of veterans and wives of disabled men in keeping their families together.

Educational Aid for War Orphans.—Believing that the children of men who lost their lives in the war are entitled to equal educational advantages with other American children, the Legion and Auxiliary are carrying out a joint effort to bring opportunities for higher education to all war orphans.

Serving for the Local Community.—Units of the Auxiliary throughout the country are working with their posts for the betterment of their communities. They are carrying out projects long needed by their towns and cities and are making accomplishments which will be felt far into the future.

Relief Activities in Time of Disaster.—The Auxiliary also stands

always ready to move to the relief of communities stricken by disaster. In the last few years it served with the Legion in the great flood and hurricane disasters in the Mississippi Valley, in New England and in Florida, being the first in the field with an organized force of workers.

Supporting Adequate National Defense.—The Auxiliary, by allying with other women's patriotic organizations in a great annual national defense conference and by placing the defensive needs of the nation before a large section of American womanhood, is helping to combat a movement which would strip America and leave it defenseless in a world where war is still a very present possibility. The movement for total disarmament would have all military training stopped, all of our arms and armed forces abandoned.

Auxiliary for Peace. No body of women in America is more desirous of maintaining peace than the women of the Auxiliary. They know from bitter good-byes and agonizing months of worry what it means to have the country go to war. Many of them are living in the shadow of grief cast by the war's losses, yet, as much as they would like to believe that there will never again be war, they are willing to recognize that war is still a fact in the world and as such its possibility must be faced. They are raising their voices in demand that the country shall be prepared so that if it is ever again assailed it can be quickly and successfully defended without the sacrifice of the thousands of lives that have been the price the nation has paid in the past for its unpreparedness.

World Peace Work Through the Fidae.—The American Legion Auxiliary is a member organization of the women's auxiliary of Fidae, the federation of veterans of the principal allied countries. This organization is doing a powerful work for peace and good-will among the nations represented in it.

Ideals and Principles. Auxiliary Ideals and Principles.—The principles and ideals upon which the American Republic was founded and for which its men have shed their blood on man battlefields are high in the hearts of the women of the Auxiliary. They believe that these things are the foundations of our greatness and should be safeguarded for the tomorrow of America.

The purposes of the Auxiliary, in a word, then, are to help care for those pale, broken men who gave their health for their country, to look after the children whose fathers were taken for a bigger duty, to aid in the development of this great country for which so many have been willing to die, to raise a voice for the maintenance of its defenses, to assist in fostering its international friendships and to stand guard over its principles and ideals. These are big things for any organization to undertake and only through a real devotion to service by its members can the Auxiliary hope to achieve its ends.

SCHOOL NEWS

Seniors Enjoy Picnic.

Hallowe'en seems very quiet this year as far as Snyder High School is concerned. Nothing has happened outside of the fact that the seniors enjoyed a spooky party at York's ranch, 20 miles west of Snyder, Monday night. Of course, it was a big affair for the seniors and those who were fortunate enough to be boy or girl friends of the eight seniors.

The rest of the school has scarcely seen a witch riding through the sky on a broomstick or a ghost floating through the air.

Good Programs Given.

Many interesting programs were enjoyed in the various high school clubs last week, although there was no special theme for the programs. The Dramatic Club is progressing nicely, and will soon present several one-act plays which should prove interesting.

Officers for the Debate Club, one of the most popular clubs in the high school, have just been elected, with LaFrances Hamilton, president; Geraldine Longbottom, vice president; and Gertrude Ross, secretary-treasurer. The club is working diligently on the question concerning radio control in England and the United States. The question is especially interesting because so much research work must be done.

Plenty of Pep at Game.

More pep by the student body and other fans was shown Friday at the Roby game than at any other of the preceding games. But since Snyder is not entirely out of the district race, more pep will be shown at Roscoe Friday week. The Pep Squad will be there rooting for the Tigers like they never rooted before.

Senior B's Put on Sale.

The Senior B's are trying to raise some funds to help pay for their senior rings by having a rummage sale.

The Junior B's are raising money for the junior-senior banquet in the spring by selling football programs at the local games.

Fine Pep Rally Held.

The biggest pep rally of the year was held the night before the game with Roby at the courthouse bandstand. There were loud yelling and music and inspiring speeches. Judge J. E. Sentell, Charles Owens, Leslie Kelly, Roland Bell, William Boren, Billy Lee, Frances Stinson, Bonita McGahey and Mary Ruth Pierce spoke. A parade was staged around the square, with the boosters singing school songs.

Science Club Meets.

The Galileo Science Club met Wednesday, October 25, and the following program was given: "Unknown American," Chalmer Patrick. "Forest Polks," Clark Sturdivant. "Who Lives in Alaska?" Tommy Winters. "God of Science," W. H. Shuler. The meeting adjourned until the next session, November 8.

Miss Ely Entertains Sports Club Friday.

Miss Roberta Ely entertained the Lucky Thirteen Sports Club Friday evening with an enjoyable Spanish dinner. The president, Frances Stinson, presided at a short business session before the lovely dinner was served.

Members enjoying the occasion were Misses Florentz Winston, LaFrances Hamilton, Irene Wolcott, Frances Stinson, Mary Margaret Towle, Irene Spears, Helen Cauble, Martha Jo Jenkins, Neitha Lynn Rogers, Evelyn Erwin and Estine Dorward, and the sponsor, Miss Mattie Ross Cunningham. Guests were Misses Johnny Mathison, Louise Ely and Gwendolyn Gray.

Presbyterians Enjoy Hallowe'en Party.

Members of the First Presbyterian Church were delightfully entertained by the ladies of the church Friday evening with a Hallowe'en party in the basement of the church. Hallowe'en decorations were profusely used, and all the children were in costume.

Mrs. Mary B. Shell, who was attired as a ghost with a very gruff voice, proved to be a delight to the children when she received all the guests at the door. Mrs. B. W. Webb told ghost stories, and Miss Lucretia Roberson was fortune teller for the evening.

Games were played, and at a late hour pumpkin pie topped with whipped cream, and cocoa were served to about 44 guests.

OUTSTANDING IN AUXILIARY WORK

Mrs. Tillman Jones of Post will be among guests of the local American Legion Auxiliary during the 18th District convention here Saturday and Sunday. She assisted in organization of the Scurry County Auxiliary recently. She has just completed a year's service as state legislative member, and previously had charge of state Americanism work. As a member of the state executive board for ten years, past district and past division president, she has been and continues to be a leading spirit in Texas Auxiliary work.

Crusaders Meet With Mrs. Blackard.
Members of the Crusaders Sunday School Class of the First Methodist Church were entertained by Mrs. Melvin Blackard last Wednesday afternoon in the monthly social meeting. Mrs. Maurice Brownfield, president, presided at the short business session.

Cake and coffee were served to the following: Mrs. R. H. Odom, teacher; and Mmes. Jimmie Dougherty, Frank Farmer, J. P. Nelson, Maurice Brownfield, Henrietta Lee and Mack Lucas and Misses Hattie Herm, Neoma Strayhorn, Gertrude Herm, Bonnie Gary and Jo Halley, members; and Mrs. Warren Dodson, associate member.

P.-T. A. Is Pushing Membership Drive.

The Snyder Parent-Teacher Association recently began a drive for new members for the current year, and some fine results are being noted in the organization.

An official of the organization has this to say: "Let us stand by our association by giving a membership, that we may be able to promote many things and to form an indissoluble partnership between parent and teacher in the building of character and in training for life's service."

"If your name is not on this list, and you wish to be a member, see Mrs. W. C. Hamilton, membership chairman, or Mrs. P. C. Chenault. Membership fee is only 35 cents this year. Be loyal and join."

The following names are already on the membership rolls, and others are asked to join them: Mmes. Nelson Dunn, C. E. Ross, J. L. Caskey, P. C. Chenault, C. W. Poppo, W. C. Hamilton, Hugh Taylor, J. C. Dorward, Hugh Taylor, W. Henry Ware, Ethel Eiland, J. P. Nelson, J. G. Hicks, D. P. Yoder, Wraymond Sims, J. M. Harris, L. T. Stinson, R. L. Gray, R. H. Not Enough Signed For Extension Work

Unless more prospective students sign for extension courses proposed by Texas Tech Lubbock, for Snyder, the courses can not be given, Frank Farmer, county superintendent, said yesterday.

Only 16 have signed definitely. Those who wish to take one of the courses should get in touch with Mr. Farmer at once, in order that definite arrangements for an instructor may be made.

Nagging Pains are Warning Signals

TEMPORARY pain relief remedies may ease you much suffering at the moment, but putting a mask over a warning signal does not clear up the condition it is telling you to avoid.

When periodic pains, due to a weak, run-down condition, distress you, treatment for the cause of the trouble should be started without delay. Take Cardui to build up against the nagging symptoms of ordinary womanly ailments. So many women praise CARDUI, it must be good to have the widespread use that it has today. Sold at drug stores. THE WEEKLY DOZEN

Tillie Has a Thought.
 Talkative Tillie knows very little about selling and buying and price and economic conditions, but she thinks merchants who slash prices just to cut a competitor's throat must have a screw loose somewhere.

Industrial Development.
 The Texas Weekly continues to put pressure on the state's need of industrial development—and industrial advertising. It seems that we don't support the industries we have and don't seek the industries we haven't.

Distinguished Visitors.
 Someone has said that it is the voices we hear more than the words we read that make impressions on our lives. If that be true, all of us will profit by hearing Edgar E. Witt and the other distinguished visitors Saturday and Sunday.

Old Dobbin Repeats.
 Federal statistics have found that for the first time since the World War the demand for good work horses is exceeding the supply. The reason given is that horses can be kept on inexpensive home grown feeds for which there is but little demand. Maybe history is repeating itself.

Have You Ever Seen Such a Sight?
 Unless it was when she was trying to get Texas Tech, Snyder has probably never been better dressed than just now, in preparation for the Legion boys. After all, it's better to pay a few extra cents for real decoration than it is to try doing it yourself and making a mess of the job.

Don't Worry About Cotton.
 There's no need for anybody to worry about Scurry County's cotton crop. With about 15,000 bales already out, it will be surprising if the year's total does not mount to more than 30,000. If it does, it will be one of the best crops in the county's history, considering the government plow-up.

NRA Is Still Succeeding.
 Day by day, the NRA is gaining new footholds and making America more prosperous. Gradually but surely the injustices of the original plan are being ironed out. The NRA can't help all the people in five months, but it can help most of the people almost overnight, if the people will give it an opportunity.

Just Human Beings.
 Says Arthur P. Duggan, state senator, candidate for Congress: "Before too severely criticizing or condemning legislators the people should know better the conditions under which they work, the things they are called on to do, the pressure brought to bear for this, or that, and always remember that they are just human beings after all."

A Tribute to Our Women's Clubs.
 The women's clubs in Snyder are to be congratulated by the entire citizenship on the broad-mindedness of their activities. Instead of confining themselves to teas and literature, art and organization, they branch out into the purest grace of the heart... service. No wonder our clubs are outstanding in West Texas and the state.

"Not Another Such Winter."
 President Roosevelt has pledged that there will not be another such distressful winter as this nation knew last year. He has lived up to his pledges thus far, insofar as a partially selfish nation would let him. If clabber-headed strikers (more than 85 per cent of whom are foreigners) will quit striking, and if the public will put the skids under professional moochers of all calibers, there will be no such winter.

A Good Time To Build.
 If people in this county are really enthusiastic about the NRA program, those who have a nest egg laid aside for a rainy day would do well to invest it in real estate, homes, ranches. In another 12 months, unless all signs of the times fail, property will be jumped at least 25 per cent higher than it is today. Before lumber and labor go higher, it might be a good time to rebuild, repair, repaper or repaint around your place.

Farm Income Increases.
 Dallas News figures for the first seven months of 1933 prove that Texas' farm income has increased considerably over the same period a year ago. On August 1 the figure stood at \$115,373,898 compared with \$76,389,705 in 1932. With the West and North Texas cotton gains added, farm income for the year should prove to be almost double what it was in 1932, despite short yields in wheat, oats and other crops. Scurry County shares considerably in this wholesale advance.

What Is Utilities Advertising?

The Texas Railroad Commission put its head into a hornet's nest when it suggested recently that the Lone Star Gas Company had no business advertising its wares.

The question of "What is advertising?" has taken on new colors. In this particular instance, the question seems to have become in the minds of the railroad commissioners, "What is utilities advertising and what is political advertising?"

It is a legitimate question, this new one. If the Lone Star Gas Company and its subsidiaries are placing advertising in Texas newspapers for the purpose of influencing the newspaper publishers or anyone else politically, there probably should be a law, as the wags would say.

But the facts reveal that Railroad Commission auditors spent over a year in examining Lone Star vouchers, advertising copy and other such material. There is only a blanket reference to these materials in the commission's final report, and it seems to "The Times" to be based on prejudice... possibly on political expediency on the part of the commissioners themselves.

This Scurry County newspaper publishes utilities advertising regularly—for the gas company, the electric company, the telephone company, the ice company. But if any reader of The Times thinks there is any subsidizing behind this advertising line, he should examine the gas, electric, telephone and ice bills paid by the publishers. Month in and month out, the combined utilities bills for the newspaper office and the homes of its publishers run far higher than the advertising revenues derived from the utilities companies.

If this be subsidized advertising, then the honorable Railroad Commission has added a new definition to this world of changing economic relationships. It seems to us that the commission has acted either hastily, without considered judgment, or that it has attempted to do some political advertising of its own for the benefit of a large group of people that berates utilities without rhyme or reason.

EDITORIAL OF THE WEEK

THE NEW DEAL WORKS, SAYS WITT.

Edgar E. Witt, the Anson, Texas, boy who made good in the state capitol, had a few words to say the other day after completing a tour of Texas. Incidentally, he probably will be a candidate for governor next year, seeking promotion from his present post as lieutenant governor.

Traveling over the state and meeting the people, the lieutenant governor is convinced that conditions in general are better and that the New Deal is to be thanked for it.

"We should thank our lucky stars," said he, "that the revolution we are now going through is a bloodless one and one which is making so much progress. Roosevelt's program is not going to bring Utopia in a single day or a single year, but if anybody thinks it is not making progress that person has another think coming."

The welves are on the Roosevelt trail, he added. These are the chiselers in the NRA, "the lip servers only on his program, and the radicals who want everything from inflation to a bloody revolution."

Home wasn't built in a day. Nations do not overcome depressions overnight. The New Deal has already performed many miracles but it will perform many more before we hit the high road to prosperity. Faith, patience and hard work at the job of pulling ourselves out of the slough of despond will carry the ramparts of depression sooner or later.—The Abilene Morning News.

CURRENT COMMENT

BY LEON GUINN

The much discussed "cracking down" on Blue Eagle non-conformers is at last a document of reality, and hence can not be thought of in terms of abstract formulae. . . . Probably the noteworthy "showdown" of the week concerned Henry Ford and huffing Chief Johnson. Hugh S. . . . Let's analyze impartially the point at issue. . . . Basis of Hugh Johnson's charges are that Henry Ford has not complied with eagle code provisions, hence is not entitled to government contracts—or the public's car orders. . . . First, this isn't written because it involves foxy Ford. . . . Second, NRA Chief Johnson is only human, and subject to overdoing things. . . . Honestly, now the NRA set-up is not constitutional, but is an achievement in human engineering. . . . It definitely has helped every man, woman and child, gripers notwithstanding.

Candid facts indicate that a government subsidy may cram blue eagles or gold eagles down individuals' throats, but in instances of government agencies coercing America's rank and file it has been proven that experiment will eventually fail. . . . While the NRA has been worth in actual cash \$7,250,000,000 to the nation, Mr. Roosevelt does realize it can't click always. . . . He has, therefore, upped commodity prices and in general laid granite foundations for us Americans to help ourselves. . . . Millions of words have clarified NRA codes, yet one weakness developed when merchants and chain business tycoons bought extravagantly before price rises. . . . The NRA aimed at giving employees this wage increase stimulant, which accounts for the present hitch. . . . If and when NRA fails, do not lose confidence, for owlish Mr. Roosevelt has other plans formulated—more drastic, but like Easter oil, guaranteed to regulate economic gripes.

Behind these discussed plans is a sincere mind, and that's something.

The slightly off-colored question of recognizing Russia and 160,000,000 people is now stimulating official Washington. . . . The question is slightly off color, inasmuch as Russian officials do not believe in God, therefore can not believe in sin (so propaganda goes). . . . The espionage service of Russia known as OGPU has 110,000 employees empowered to arrest anyone anywhere and condemn the person without trial, which means loose reasoning. . . . Josef Stalin is the real chief in Russia. . . . Stalin has robbed banks numerous times when his party needed funds, and present official acts would be elated everywhere as criminal. . . . Since England, France and other nations have recognized Russia and survived, an alluring bait is before Roosevelt, desirous of quick recognition. . . . Whatever the individual thinks of Russia, the wind blows toward recognition. . . . The best in entertainment will be provided for the Legionnaires in Snyder this week-end, for nothing is too good for yesterday's defenders. . . . "Where's Elmer?" . . . and welcome, boys!

Battered and Disheveled Drunk (to hotel clerk)—"I want room 228." Clerk—"I'm sorry, sir—room 228 is taken." Drunk—"Thash me—I jus' fell outta 't window."

Plan of 1934-35 Cotton Reduction Given In Detail

Details of the new 1934-35 cotton plan, to be offered Southern cotton growers by the Agricultural Adjustment Administration, were revealed at a telegraphic station in a telegram to O. B. Martin, director of the Extension Service, from C. A. Cobb, chief of the cotton section. The plan contemplates a 25,000,000-acre crop next year, cash rentals for the land left unplanted with cotton, county production control associations of farmers, no plow-up campaigns, and parity prices for at least a part of next year's crop. Secretary Wallace also offers to cotton producers loans of 10 cents per pound on their present crop to enable them to hold their cotton until prices are nearer a fair exchange value.

ROBY GETS TIE IN GAME WITH TIGERS FRIDAY

Locals Virtually Pass Out of District Championship Picture As Lions Get Breaks To Win.

(Written before declaration of Roby's ineligible men.) Roby Lions practically eliminated the Tigers as championship contenders Friday afternoon by taking advantage of every break to knot the score, 7 to 7. The home eleven had earlier in the season to Rotin, 6 to 2.

An uproarious visiting crowd and the largest local crowd of the season saw the most interesting game of the year. They saw the Tiger outgain the Fisher County eleven about two to one, push to within a few feet of the opposing goal line in the first quarter, and complete a beautiful pass in the second quarter to lead by a 7 to 0 count.

Lion Line Holds Fast. But to make matters tough for the Tiggers, they saw the Lions fight off the first quarter goal line rush, then stage a rally in the last quarter to gain a touchdown on a Snyder fumble and two passes. Then the visitors lined up for a place kick, caught the locals off-guard, and plucked the ball through center for point No. 7.

It was not a case of the underdog winning, for there were no odds in either direction. For the first time in Lion-Tiger annals, the Lions won a moral victory. By doing so they kept themselves in the thick of the district fight, with a record of three wins and one tie.

Tommy Beane was not such a vicious player as Snyder had expected. Roby made only one touchdown threat, while Snyder made two goalward marches aside from the scoring punch and the first quarter threat. But Tommy heaved the two passes that gained the touchdown. One of them went to Davidson, one of the best defensive players on the field. His wiry little self went for short gains several times, too, and big headstream also plunged hard and true, but it was few first downs they made.

Another Beane Stars. J. Beane, center, was the visiting line star. It was Beavers who took the pass from Huestis that made the home touchdown. The half was almost over. The Tigers were plugging at the Lion 40-yard line. The lion's end popped up behind the safety man, took a 20-yard throw, and raced 20 more yards for the score without being touched. Huestis converted from placement.

The regular Snyder backfield—Huestis, Wiese, Joyce and Fesmire—clicked good on offense and defense except in the goalward thrust, and when they put two passes directly into Lion hands in the final quarter. They displayed their most powerful drives of the season.

Green and Neal looked good, as usual, while Lee, captain for the day, and Pud Jones, played pretty well, too. Holladay was a defensive power, and also punched many holes for sweeping offensive plays.

Boren, Blakey and Johnston saw part-time service for Snyder. The Tigers are idle until November 11, when they go to Roscoe for another crucial conference affair.

Witt and Gannon, Kids Together At Noodle Creek 40 Years Ago, Meet For First Time Since Then

Dallas.—Forty years ago a couple of freckle-faced kids played together around Noodle Creek in Jones County.

Saturday they met for the first time since then. One was Rear Admiral Sinclair Gannon of the United States Navy. The other was Lieutenant Governor Edgar E. Witt. (He is Snyder's guest this week-end.)

They were guests together at a little dinner party given by Mr. and Mrs. I. Y. Webb and Miss Madeline McBurnett at the Dallas County Club.

But before and after the dinner they sat around in the lieutenant governor's suite in the Adolphus Hotel and recalled the old days when they were kids together, playing on old Uncle Tom Witt's place.

Admiral Gannon recalled how, a little later, Congressman J. V. Cockrell, who represented the Jumbo district, the largest congressional district in the country, offered him an appointment to Annapolis. That was in 1896. He graduated with the class of 1900.

Some time later, in Abilene, he married Miss Della Triplett, the congressman's grand-daughter, the congressman himself, being a preacher, marrying together. Since then the navy has taken him around the world, and rarely did his duties bring him back to his Texas home. Several years ago, when Mr. Witt was first elected lieutenant governor, the admiral heard about it and wrote him a congratulatory note.

She was formally initiated into the Cousin-Sesame Literary Society of West Texas.

The 91 girls of Randall Hall have elected Miss Gibson to represent them at all football games and college activities as one of their two pep leaders.

Miss Gibson is also member of the Dramatic Club of the college, and is a leading character in a play to be presented Thursday afternoon November 2, at the college.

Agents' Efficiency Criticized. Speaking of higher yields per acre, county agents are often criticized for their efficiency in boosting yields. The criticism seldom comes from the farmers who have made the high yields. Reason: High yields usually go with high profits.

Why Doctors Favor a Liquid Laxative

A doctor will tell you that the careful choice of laxatives is a common cause of chronic constipation.

Any hospital offers evidence of the harm done by harsh laxatives that drain the system, weaken the bowel muscles, and even affect the liver and kidneys.

Fortunately, the public is fast returning to laxatives in liquid form. The dose of a liquid laxative can be measured. The action can thus be controlled. It forms no habit; you needn't take a "double dose" a day or two later.

Dr. Caldwell's Syrup Pepsin has the average person's bowels regular as clockwork in a few weeks' time. Why not try it? Some pill or tablet may be more convenient to carry. But there is little "convenience" in any cathartic which is taken so frequently, you must carry it with you, wherever you go!

Its very taste tells you Dr. Caldwell's Syrup Pepsin is wholesome. A delightful taste, and delightful action. Safe for expectant mothers, and children. All druggists, read for use, in big bottles. Member N. R. A.

ROBY THROWN OUT OF CHASE BY INELIGIBLE

Idle This Week, Tigers Will Have Opportunity November 11 To Down Roscoe and Win Yet.

Wednesday's Abilene Morning News said that Roby High School tumbled from one of the foremost positions in the District 9-B football campaign to the cellar Tuesday, when Coach Blackie Wadzeck announced the Lions were forfeiting the three victories and one tie that compose their season record.

Wadzeck said he has discovered that Levi Hammond, 260-pound tackle who played against Haskell, Hamlin, Anson and Snyder is ineligible, having attended the Busby rural school 39 days last year.

This news gives Snyder a new lease on life. If she downs the league-leading Roscoe Playboys on November 11 and Roscoe wins from Rotan this week-end, Snyder and Roscoe will be tied for leadership. Snyder is idle this week.

Roby has lost its other starting tackle, Arion Blunt, also for the season. Blunt will be out because of injuries sustained at Snyder last week. A 120-pounder will replace the huge Hammond, and the Lions' coach will take a 13-man squad,

averaging 136 pounds, to Merkel Friday afternoon.

Three Clubs Have Chance.

Chief result of the dropping of Hammond from the Roby line-up, besides eliminating Roby, says the Morning News, will be the return of Snyder to the place of a contender. The Tigers had almost been finished by a tie game with the Lions last week, but with this game on the ledger as a victory, Snyder once more can argue the question of the district championship with Roscoe and Rotan.

Roscoe and Rotan are to play Friday afternoon, on the Yellow Hammers' gridiron, in the feature game of the week's schedule. The Playboys lead the race with three victories; Rotan runs second with three wins and a tie. Haskell will be at Hamlin, and Roby at Merkel. The standings:

Team	W	L	T	Pct.
Roscoe	3	0	0	1.000
Rotan	3	0	1	.875
Snyder	3	1	0	.750
Merkel	3	1	1	.625
Anson	1	2	1	.375
Haskell	1	2	1	.375
Hamlin	1	2	0	.333
Roby	0	4	0	.000
Stamford	0	4	0	.000

Simmons Students From Snyder Make Splendid Showings

Three graduates of Snyder High School have gained special recognition in Simmons University, Abilene, this year.

Theo Rigby, a football star while in Snyder High School, was elected president of the freshman class in Simmons a few days ago. Theo was quite prominent in school affairs here, and he seems to be making a fair start in the higher institutions of learning.

Among the four freshman beauties is listed the name of Miss Eva Nelle Arnold. She was graduated from the local high school in June, 1933, with honors. From the four selected last week the one who receives the greatest number of marks by popular vote will be proclaimed the freshman beauty and will have a full page picture in the university yearbook, "The Broncho."

Puck Howell, one of the Snyder "speed twigs," was recently selected vice president of the college sophomore class at Simmons. Puck gained renown in Snyder and surrounding country by his fleetness of foot. He was a 1931-32 football and track star.

At a fancy dress dance for children a policeman at the door was told not to let any grown-up persons enter.

An excited woman came running up to the door and wanted to come in.

"I'm sorry," said the policeman, "but I can't let anyone in except children."

"But my child is in there as a butterfly," cried the woman, "and she has forgotten her wings."

"Can't help it," replied the policeman. "Orders are orders. You'll have to let her be a caterpillar."

Seldom is a secret found to be inviolable.

"She told me you told her that secret I told you not to tell her," said Madge.

"The mean thing!" replied Charles. "I told her not to tell you I told her."

"Well, I promised her I wouldn't tell you she told me, so don't tell her I did."

Judge—"Who was driving when you collided with that car?"

Drunk (triumphantly)—"None of us; we were all in the back seat."

HERE IS MORE CONCERNING Retail Code CONCLUDED FROM PAGE 1

employee working hours) "It elects to operate and shall post and maintain in a conspicuous place in the establishment a copy of such election showing its store hours and employee working hours."

The three groups of hours from which each establishment may choose are as follows:

"Group A—Any establishment may elect to remain open for business less than 56 hours but not less than 52 hours per week, unless its store hours were less than 52 hours prior to June 1, 1933, in which case such establishment shall not reduce its store hours; no employee of these establishments shall work more than 40 hours per week, nor more than eight hours per day, nor more than six days per week."

"Group B—Any establishment may elect to remain open for business 56 hours or more per week but less than 63 hours per week; no employee of such establishment shall work more than 48 hours per week, nor more than 10 hours per day, nor more than six days per week."

"Group C—Any establishment may elect to remain open for business 63 hours or more per week; no employee of such establishment shall work more than 48 hours per week, nor more than 10 hours per day, nor more than six days per week."

Must Choose Hours.

All establishments covered by this code must elect their store hour and employee working hour schedule from Groups A, B or C, except drug stores, which may elect either of them or they may choose Group D.

"Group D—In place of any of the schedules of store hours and hours of labor set forth in (Groups A, B and C) 'retail drug establishments may elect to remain open for business seven days a week for a total of 84 hours or more per week, but on no day for less than eight hours; no employee of such establishment, except as provided in Article V, Sections 4 and 5, shall work more than 56 hours per week, nor more than 10 hours per day, nor more than 13 days in any two consecutive weeks."

Retailers should immediately make their elections of schedules, drug stores choosing either Group A, B, C or D, and all others choosing only either A, B or C, because if they do not have their schedule posted by November 6 they will be violating the code.

Serious thought should be given the election of schedules, because the code provides—"Article V, Section 3—(a) No establishment may change from the group (schedule) in which it has elected to operate except upon December 31 of every year."

"(b) Any establishment, however, may at any time increase its store hours, provided it maintains the basic employee work week of the group in which it originally elected to operate."

"(c) Any establishment may, for a period not to exceed three months during the summer, temporarily reduce its store hours, but the weekly wages of its employees shall not on that account be reduced."

Employees of Two Stores.

The code also provides that: "No employee shall work for two or more establishments a greater number of hours, in the aggregate, than he would be permitted to work for that one of such establishments which operates upon the lowest schedule of working hours."

The posting and maintaining of the schedule of store hours and employee working hours in a conspicuous place in the establishment is obligatory. It is suggested that much confusion and numerous complaints of violations would be prevented if all retailers would also post and maintain the wage schedules of the code, which are as follows in Texas:

"Article VI. Wages—Section 1.—On and after the effective date of

this code, the minimum weekly rates of wages which shall be paid for a work week as specified in Article V—whether such wages are calculated upon an hourly, weekly, monthly, commission or any other basis—shall, except as hereinafter provided, be as follows:

"(d) Within cities, towns, villages of from 2,500 to 25,000 population, the wages of all classes of employees shall be increased from the rates existing on June 1, 1933, by not less than 20 per cent, provided that this shall not require an increase in wages to more than the rate of \$10 per week and provided further that no employee shall be paid less than at the rate of \$9 per week.

"(e) Within towns, villages and other places with less than 2,500 population, the wages of all classes of employees shall be increased from the rates existing on June 1, 1933, by not less than 20 per cent, provided that this shall not require an increase in wages to more than the rate of \$9 per week.

"The minimum wages paid to professional persons, outside salesmen, outside collectors, watchmen, guards, store detectives and maintenance and outside service employees shall be upon the basis of the basic employee work week upon which the establishment by which they are employed has elected to operate."

Wages Not Reduced.

Section 5 of the code provides that: "The weekly wages of all classes of employees receiving more than the minimum wages prescribed in this article shall not be reduced from the rates existing upon July 15, 1933, notwithstanding any reduction in the number of working hours of such employees."

An executive order, signed by President Roosevelt on October 21, 1933, releases from the president's employment agreement and from codes of fair competition retailers operating purely local, independent businesses employing not more than five persons in towns of less than 2,500 population. The president's executive order, as relating to the subject, is as follows: "The provisions of the president's employment agreement, issued July 27, 1933, shall not be held to apply to employers engaged only locally in retail or in local service industries (and not in a business in or affecting interstate commerce)

DRS. H. E. ROSSER and CHARLES B. REED

who do not employ more than five persons and who are located in towns of less than 2,500 population (according to the 1930 federal census) which are not in the immediate trade area of a city of larger population, except so far as such employers who have signed the president's employment agreement desire to continue to comply with the terms of said agreement after the date of this order; and this release of such employers who have heretofore signed the president's employment agreement shall be further extended so as to release to the same extent all such employers of obligations not voluntarily assumed under the provisions of a code of fair competition approved by the president. This exemption is intended to relieve small business enterprises in small towns from fixed obligations which might impose exceptional hardship but it is expected that all such enterprises will conform to the fullest extent possible with the requirements which would be otherwise obligatory upon them."

New Interpretation.

An interpretation which recently appeared in local newspapers under a Washington date line, and presumably is correct, said persons working part time are counted as employees for purposes of establishing the number of employees in local retail establishments in towns of less than 2,500 population, and that reducing the number of employees after the issuance of the above order will be considered a subterfuge and violation of the code.

Retailers certainly should immediately elect the store hour and employee working hour schedule under which they will operate, and at the same time maintain a schedule in a conspicuous place in the establishment. It will also prevent confusion and prevent many complaints if retailers also will post the minimum wage and other pertinent phases of the code as it affects their employees where all workers can unmistakably know all of the provisions of the code relating to them.

Jordan Survivors.
Survivors of Mrs. Bene Thompson Jordan, who died early last week near Ira, are as follows: Husband, John Jordan; parents, Mr. and Mrs. Joe Thompson; two brothers, three sisters and four grandparents. She was an honor graduate of Ira High School, class of 1933. She had been married only a short time, a shower having been given in her honor on October 17.

Both Lawrence of Anson is the man who knows. He is a funeral director in his home town. He made the complimentary remarks concerning the parlors of Mr. and Mrs. R. H. Odum after giving them a thorough inspection a few days ago, while he was visiting his sister, Mrs. Nathan Rosenberg.

Miss Polly Merrill is spending this week in Austin.

"IN PEACE, AS IN WAR, YOU SERVE"

... So We Welcome You to Snyder, Legionnaires.

There is little need to tell you that Bryant-Link Company, pioneer West Texas merchants, extends the glad hand of hospitality to you heroes of yesterday and today.

But we'll just remind you, anyway, and expect you to come around and get acquainted.
