Bank Statements Reveal Substantial Deposit Increase Over 1932

LOAN DECLINE LIKEWISE SEEN AS GOOD OMEN

Increase of Almost One-Third in Retail Sales Goes Hand in Hand With New Deal.

Deposits in the two Scurry County banks at the close of business on October 25 reveal an increase of almost 30 per cent over the same date in 1932.

This substantial upturn is coupled with heavy scaling down of loans. The Snyder National Bank had deposits of approximately \$665,000 late in October as opposed to about \$478,000 a year previous. Although crops are late in the Fluvanna area, the First State Bank there reports deposits of \$23,064.38, compared with a smaller figure in 1932. Loans have been cut to less than \$13,000. Loans and discounts of the local bank are listed at \$431,721.22. Total assets here are \$539,492.21; at Fluvanna, \$38,564.38.

Since the official report was issued, deposits in the Snyder bank have risen considerably beyond the \$700,000 mark. The seasonal upward swing of banking activities travel hand in hand with an estimated increase in October and early November sales of 25 to 30 per cent over the same period in 1932.

With cotton prices continuing stable and other major crop prices with the exception of cattle and most produce, climbing a few notches, close observers see no reason why the gradual climb should not be continued into and through the New Year.

Lumbermen Meet. GOOD WORK BY BAND PLAYERS

Being a member of the Tiger Band this year is largely a matter of looking out for one's own horn. In this case means doing plenty of tooting for Snyder High School and the old home town herself.

With Clyde H. Rowe as director for the second year, the musical organization is being run out as a polished group of players that believe band work is more important than bicycles, ponies, football or (in a few cases) girls.

The school year opened with only 18 old members. That number has been gradually upped into the twenties.

Another group, almost 20 in number, is learning the fundamentals, and will soon be ready for playing parts with the big Tiger Band.

Rehearsals held daily. Band rehearsal comes each day at 7:30 a. m. in order to increase interest. Mr. Rowe is giving lessons without cost to beginners who purchase new horns, and the neophytes are taking to this idea like ducks to a mill pond.

Big plans are in the making. If all goes well, the band will go to Abilene for the West Texas band contest this spring. Exchange concerts with other high schools bands are also contemplated. Ten there are the football games, and later, public concerts here.

Mr. Rowe is a demon for work and a believer in the principle that "music study exalts life." He is voluntarily spending many extra hours on the band work, in addition to his regular school work, and he feels that with continued support of parents and other friends of the Tiger Band, a highly efficient group may be formed in a few weeks.

Members of Band. Following are members of the band: Cornets—Bob Hamilton, Wallace Smith, Fred Johnston, Mel Seiser, Carlos Yoder, James Olden, Eldon Thompson and Jack Smith.

Clarinets—Homer Adams, Charles Harless, Richard Britt, Fred Boren, Darlean Bowling, Carl Patterson. Flute—Ordene Benbenek. Basses—Horse Young.

Alto horns—Ernestine Morton, Raymond Day and Billy Gene Burk. Saxophones—Bud Shuler, Jackie Scarborough, Jack Hamilton, Opie Roulston, Pat Johnston.

Baritone—Delbert Johnston and Lyman Yoder. Trombones—Leon Autry, Billy King. Drums—Adriel Moore, Joe Rue Lemley, Weldon Kincaid and Alton Duff.

H. L. Wren First To Become Member Of 1933 Roll Call

H. L. Wren was the first Scurry County person to become a member of the Red Cross during the 1933 Roll Call. Although the actual campaign in this county was postponed until next Monday, he sought out someone to accept membership on November 11.

Second on the membership list was A. C. Preuit, county chairman previous to this year, and J. W. Scott was third.

J. H. Henley of the Pleasant Hill community came in Saturday to get his Red Cross button and become the first member outside of Snyder for 1933. "I just wanted to be sure that I did not get left out," Jesse said.

Those who wish to join before the general drive begins should see any of the Roll Call workers as listed in another column on this page, or call at the Times office.

SNYDER PHONE LISTINGS GROW

Snyder telephones have increased by about seven per cent over the same time last year, according to A. O. Thomas of Lubbock, district manager of the Southwestern Bell Telephone Company, who visited in this city a few days ago.

The Jones cotillions have been badgered about considerably this season, and have no chance at the title, but it can not be forgotten that they tied Rotan, district leader, in early season combat.

In short, Coach Moore's eleven is to have its hands full. Unless it is Hamlin, there is no set-up team in the area this year. Certainly Anson might have been a league contender with a few more breaks.

No serious injuries were sustained in the Roscoe game last week, but it is possible that vital shifts will be made in the line-up.

It will be the last home game, unless Snyder manages to get into the district play-off. School officials are planning for one of the best crowds of the year.

GINNINGS NEAR 20,000 BALES

When the Fuller Cotton Oil Company gathered ginning reports late Tuesday, Scurry County had given the world 18,628 bales of 1933 cotton.

With gins running day and night in the wake of one of the warmest Novembers on record, the figure will be near 20,000 bales before this paper reaches its readers.

Pain damage ten days ago was not excessive and most of the prophets are still saying that the baleage will run well over 30,000.

In Southeast Scurry most of the crop has been gathered, but in several areas, notably toward Fluvanna, the bulk of the crop is yet in the fields.

Misses Vera and Ila Bee Perrierman were in Lubbock for the Texas Tech home-coming over the weekend.

COUNTY GAINS POINT IN FIRST SANDERS BOUT

Amended Petition in Breach of Contract Suit May Be Filed Later in Fall Term.

The initial round of the Sylvan Sanders Company suit against this county for breach of contract was a decisive victory for the defendant Tuesday, when District Judge A. S. Mauszy ruled that the debated contract could not be sued on in his court.

The judge sustained the county's general demurrer to the plaintiff's petition, which alleged that the contract is not valid because it was not signed by the state attorney general and the state comptroller. The plaintiff was granted leave to amend the petition, however, and a second hearing was set for December 4, when the county may also file its cross action.

The disputed contract was made in 1932, and concerns mapping and platting of Scurry County by the Sanders Company. The Lubbock concern presented a bill to the new Commissioners' Court when the contract was not observed, but the court declared the contract to be invalid and refused to pay.

The week of November 27 was designated for criminal cases. The grand jury recessed Wednesday until Wednesday, December 1. Three oil suits were set: Seifert vs. Dibble for today, Mintox Oil Company vs. Seifert and Bruber vs. Seifert for Monday of next week.

The San Antonio Joint Land Bank vs. R. L. McMullan was set for November 27. A hangover from Hermligh's municipality days will come to light December 4 in Security Trust Company's suit against the city. An interpretation of the case, Mrs. Laura Epps vs. Mrs. Mary Ford, was set for that date also.

Following is the petit jury list for next week: Porter King, John Watis, Walker Hudleston, J. D. Scott, Frank Crowder, Esport Shipp, W. W. Linecum, B. J. Tucker, W. D. Kinney, George Bishop, E. M. Eades, J. P. De Shazo, J. E. Lewis, B. P. Caswell, Marvin Key, Homer Robertson, I. R. Smith, Clyde Williams, Bailey Ramsour, J. H. Langford, H. L. Williamson, W. W. Merritt, W. M. Boussett, I. H. Spikes, R. J. Randals, A. W. McCormick, Fred Russell, J. O. Leach, R. O. von Roeder, J. A. Kase, H. C. Huckabee, J. B. Early, Harvey Shuler, Luther Edmondson, W. B. Werner.

School House at China Grove Lost In Monday Blaze

The China Grove school building was burned to the ground Monday just after noon by fire that developed in a defective flue.

Discovered just before students and teachers returned to classrooms following the lunch period, the flames soon got beyond control of a hastily organized fire fighting brigade. Most of the desks, many of the books and a stove were saved.

Insurance covered the actual value of the building, according to Frank Farmer, county superintendent, but it cannot be replaced for the \$3,400 for which it was insured, he says.

Fifty students were attending the school Monday, in addition to L. L. Trot, principal, and Mrs. Christine Hamill, teacher.

Work on a new building, a two-room brick veneer, will begin as quickly as detailed plans can be drawn and materials can be obtained. School will continue with little interruption in the church building, which stands only about 100 yards from the school house location.

Mizpah. All Endeavors are urged by the local leaders to be present.

RETURN MATCH FOR BATTLERS

A return engagement featuring Woodie Windham of Abilene and "Red" McGinty of Snyder will be this week's boxing card headline. Preliminaries will begin Friday evening at 8:00 o'clock.

The fans who saw Windham beat McGinty almost to a pulp two weeks ago will be interested to learn if a more cautious and better trained Irishman can do better. The game home lad is feeling pretty good, and he thinks there is little chance of him biting the carpet as he did several times in the first tangle.

McGinty lost a close eight-round decision to Windham at Lubbock Monday night. The redhead is more confident than ever that he can even matters Friday evening.

In the semi-finals will be the popular Kenneth Pitner against an opponent yet to be chosen. In last week's main bout, Windham won a knockout decision over O. E. Britain of Lubbock in the seventh round of a scheduled 10-rounder. It was a dashing, clean-cut fight, with the plansman exchanging blow for blow most of the way.

Pitner took a technical knockout decision from Weldon Fresszell of Lubbock when the visitor failed to come back for the sixth and final round.

Townsend Brothers, promoters, and the local American Legion post, sponsors, are looking forward to one of the most colorful fight cards ever presented here when this Friday's curtain raiser gets going.

The promoters announce that they have signed Duke Trammel, veteran Fort Worth boxer, for a bout here soon, probably against Wildcat Monte of Drumright, Oklahoma.

E. C. Lambert Takes Charge of Cabin Inn

E. C. Lambert has become operator of Cabin Inn, the tourist camp in North Snyder that has been in charge of Hal Yoder for some time. Mr. Lambert and his family will move to the camp grounds in a few days. They will continue to serve lunches and care for other tourist needs.

EACH SECTION OF COUNTY TO BE CANVASSED

Chairmen in All Communities Will Start Monday Toward Goal of 800 Memberships.

Delayed one week, Scurry County's Red Cross Roll Call drive will begin Monday morning, with 800 memberships as the goal. Through an intensive organization in every community, efforts will be made to give every adult citizen an opportunity to pay \$1 or more as his membership fee in the great humanitarian organization.

The Roll Call chairman, J. C. Smyth, points out that many communities were not thoroughly canvassed last year, when all records were broken in enrolling 636 members. "I appeal to each chairman to put his shoulder to the wheel and see that his community is given a house-to-house canvass," he said yesterday. "Such a program will assure reaching the goal within 10 days."

All rural chairmen and the committees they have appointed are to meet in the county court room Saturday afternoon at 2:30 o'clock to receive final instructions and supplies. Snyder canvassers, business men in the business district and club women in the residential area, will meet in the county court room Tuesday morning at 9:00 o'clock. Immediately thereafter, the business district will be worked, and the homes will be canvassed before the week has passed.

The chairman declares that it is essential to the Roll Call's success that these meetings be attended by practically all county workers. Next Sunday has been designated as Red Cross Sunday. All pastors have been requested to devote a part of their services to presentation of the Red Cross appeal.

The county-wide organization that is being perfected for conducting the 1933 Roll Call has been announced by the chairman. Study clubs are again to be in charge of residential canvassing under direction of Mrs. R. H. Odum. All these workers have not yet been named.

Baptist Meeting To Convene with Union Church Next Month

Union Baptist Church, five miles west of Snyder, will be host to the December meeting of Mitchell-Scurry Baptists, it was decided at the November session, held Thursday with the Looney church, near Colorado.

"What Baptists Believe" was the central theme of Tuesday's program. Rev. C. C. Scott of Westbrook, Rev. G. W. Parks of Roscoe, Rev. Walter Dever of Snyder and Rev. L. L. Trot of Champio discussed the subject from various angles.

The principal speaker was Rev. Willie Brown. Joe Trussell, who is leading singing for the local revival, was the featured singer for the day.

Several Snyder persons attended the meeting. An unusually large crowd was present from many parts of the association.

Employment Seen for County Jobless in Civil Works Plans

TURKEY PRICE AT LOW LEVEL

Instead of the 12 to 15 cent level expected by Scurry County turkey growers when the Thanksgiving market opened Saturday, 10 cents was the opener. A one-cent drop was announced Tuesday.

The birds are moving slowly. Raisers are evidently holding until this week-end, when the market closes, or until the Christmas buying period begins, hoping for a rise in the basic price.

Hermleigh Carnival Planned for Friday

A school carnival will be held at Hermleigh Friday evening, beginning at 7:30 o'clock, for the purpose of raising funds for athletic and playground equipment.

There will be no admission price, all proceeds to be derived from concessions. All Scurry County folks have an invitation to attend.

Young People Hurt In Two-Car Wreck

Miss Sadie Tell Jenkins and W. H. Shuler were painfully injured early Monday night when the car in which they were riding on the highway near Bell's Flower Shop in East Snyder collided with the car in which Mr. and Mrs. Jess Rogers were riding.

Four Road Projects in As Many Precincts Are Submitted.

New employment for Snyder and Scurry County men under the civil works administration will be realized soon, it was predicted yesterday by Joe Monroe, administrator here.

The proposed county projects, by precincts, are: Precinct 1: Improvement of the northeast portion of mail route No. 3, which includes a portion of the school bus route that comes into Snyder from the Woodard community. Maximum total cost, \$1,475; labor, 800; 875 man work days.

Precinct 2: Fluvanna bus routes, contacting with Highway No. 7 in two directions and with Highway No. 83 beyond Arab. Maximum total cost, \$4,118; labor, \$2,880; 1,200 man work days.

Precinct 3: Ira school bus lines west and south, and portion of the star mail route out of Ira. Proposed improvements would lead to Borden and Mitchell County lines. Maximum total cost, \$1,820; labor, \$1,200; 500 man work days.

Precinct 4: Mail Route No. 2 out of Hermligh, bus route northeast out of Hermligh, and bus route southwest out of Pylon. Maximum total cost, \$4,210; labor, \$2,880; 1,200 man work days.

The Commissioners' Court hopes to improve practically all mail and bus routes under the new civil works set-up. Hurred applications for the new projects followed announcement last week of the \$400,000,000 federal unemployment relief. Administrator Lawrence Westbrook has estimated that Texas share of this amount will be \$20,000,000.

FIRST LIBRARY BOOKS COMING

First orders for books to be placed in the circulating library for Scurry County schools were mailed Wednesday from the office of the county superintendent.

About 350 new books are due to arrive next week. As soon as they are catalogued, they will be available, along with other books already on hand, to Scurry County's rural school teachers and students.

When complete the library will contain between 1,000 and 1,200 volumes. The majority of them are selected from the list of books approved by the state department of education. A few will be additional volumes by standard authors and some recommended by interested patrons. Fiction, biography, history, drama, poetry and other forms of literature will be included for students of all ages.

The library will be located in the superintendent's office. Miss Bonnie Miller will be in charge.

ROLL CALL PROCLAMATION

Mayor H. G. Towle, one of the first residents of Scurry County to enroll this year as a member of the American Red Cross, today issued a proclamation, in which he appealed to the local citizenship to support the national organization in the annual Roll Call, which opens in this county next Monday.

"As mayor of the city of Snyder I deem it my duty and privilege to call public attention to the annual membership campaign of the American Red Cross which is to be conducted in this county for two weeks beginning November 20.

"The Red Cross, universally recognized as 'the greatest mother,' is solely dependent upon individual backing. Lacking this proper support the organization would be unable to carry on its noble work during disasters, among war veterans, in the health field, first aid, life saving and its numerous other tasks.

"Every local citizen can answer the Roll Call appeal—a community's challenge—in full confidence that every dollar contributed to this cause will be multiplied in usefulness."

Altrurian Club Members Entertain Husbands in Stinson Home Friday

A very pretty affair was the Altrurian Club's husbands' party in the Lee T. Stinson home Friday evening, with Mrs. Stinson and Mrs. H. P. Brown as hostesses. Every year the Altrurians stage their husbands' evening. This year the party was in the form of a lovely three-course turkey dinner.

Place cards were unique, with NRA emblems, and tiny flags were on the top of each one. Decorations were in autumn colors, and small baskets containing fall flowers and grasses centered the tables.

Places were laid for the following: Messrs. and Mrs. E. J. Anderson, W. R. Bell, Robert H. Curmule, J. C. Dufrene, R. D. English, Fred Grayson, W. W. Hamilton, G. A. Hagan, J. W. Leftwich, A. C. After dinner the guests were entertained with a one-act play, which was written by E. J. Anderson and directed by Mr. and Mrs. Anderson. A dining room scene disclosed a typical family of 1933, with Mrs. W. W. Hamilton as the mother, J. C. Smyth as the father, Mrs. Max Brownfield as the daughter, and Louis Hairston as the son. The "before" and "after" of the family's awakening to the fictional lives they were leading proved pleasing to the audience.

THE WEEKLY DOZEN

New NRA Definitions.

A religious speaker said last week that NRA means "Not Resolutions, Action," "No Remuneration Allowed" (for services rendered in the name of humanity), or "Now Religion Advances."

Not Much Difference.

Talkative Tillie says about the only difference between the man who drinks illegal beer and the man who steals the other man's money is that the thief doesn't try to justify himself.

Another Good Reason.

One good reason why you should support this year's Red Cross Roll Call is because your conscience may be eased from all the dastardly things you have said during the depression about your neighbors-with-the-new-car.

When Wasn't Depression?

An old newspaper relates that there was a pretty hard boiled depression back in 1884. Come to think of it, have you ever read or heard of any year in any generation when folks were not griping about some kind of a depression?

Speaking of Rackets.

Chicago rackets have nothing on the Snyder girl who tells her mother she is going to spend the night with Susie, rides or parks two-thirds of the night with the boy friend, then sings "We're Marching to Zion" in the church choir the next morning.

Pessimism Pete Hears It.

Pessimism Pete hears that a fellow can buy genuine \$2 beer on the Snyder square, openly and foamsily, without even a hint of signing a "membership" card or buying a sandwich. Another one of those cases where buying it on the square is not buying it on the square.

Two Great Meetings.

Local Methodists and Baptist leaders went to outstanding denominational meetings last week. They returned with renewed hope that the religious world is coming back into its own—that materialism is becoming wearisome to a nation and a state that went to seed on things touchable.

There Can Be No Doubt.

The Coleman Democrat-Voice has taken up its cudgel against NRA knockers, in this wise: "There can be no doubt about the NRA helping the situation. Many persons have been given employment because of the NRA, others have had salary increases. With those changes there has been an increase in the purchasing power of the nation."

A Change in Book Tones.

Those who watch trends in book thoughts and plots observe with pleasure that the printed word has been softened and humanized within the past year or two. Simple life is being exalted again. Ladies who walk the streets and men who walk after them have been largely replaced by women who make homes and men who love their own wives.

Why Not a Poultry Show?

There is little reason why Scurry County should not stage a poultry show this year. Four years ago, when fine fowls were to be found in abundance, we had a poultry show that attracted many outside birds. Three years ago, we had another show that wasn't quite so big but a good one, nevertheless. We need better poultry after these slow-moving years, and a poultry show would help turn the trick.

Something to Brag About.

Clyde H. Rowe is perfecting a band at Snyder High School that deserves 100 per cent support from school patrons and all other citizens. He is giving lessons without cost to those who really want to learn band music. He is securing instruments at reduced prices for youngsters who are denying themselves in order to buy horns. After a series of ups and downs, the Tiger Band is again something for us to brag about. Clyde H. Rowe is the man to thank.

When the Siren Sounds.

When the fire siren sounds in Snyder, what usually happens? Two or three carloads of hair-brained town drivers who know better try to out-distance the fire trucks. Then there are usually some cars in town that are driven by people who just do not know what to do. The safest thing to do, for the sake of the fire boys, drivers of other cars and the structure that happens to be on fire, is for you or any other driver to find a parking place quickly, or pull far over to the right and stop. That happens to be the lawful thing to do also.

The Vital Roll Call.

Most of us are accustomed to call all things vital. Every election, every scientific discovery, every invention, every eccentric personality is proclaimed as a vital link in the chain of progress. And so they are. Nothing is done or said by any man that does not leave an imprint on the times. So it is with Red Cross Roll Calls. They come every year. Each one has its appeal to the hearts of men and women who love their neighbors at home or across the continent. Each one, by the same token, is vital to the ongoing of the greatest helping-hand organization that the world has known.

But the 1933 Roll Call stands out above all others. It is vital in the sense that Julius Caesar, Napoleon, Shakespeare and Washington are monument men of history.

Disaster has followed disaster in these United States. Drouth has fallen in many localities. The Red Cross has answered every call of flood or famine or hunger or fire. It takes money, millions of dollars of it, to do those humanitarian things. Only the public furnishes that money. You are the public. I am the public. Scurry County adults form part of the public.

Texas has received several times more in direct relief from the Red Cross than she has ever paid in Roll Call dividends. Scurry County has received thousands of dollars where she has put in tens. In short, Texas and Scurry County have received assistance at the expense of citizens of New York, California and other states.

The active Roll Call in this county begins next Monday. An effort is being made to complete a canvassing organization in every community in the county, in order that every adult citizen may be given an opportunity to join. Scurry County should have at least 800 memberships before the campaign is over. The Red Cross has sacrificed for us. Let us sacrifice for the Red Cross—OUR helping hand organization.

EDITORIAL OF THE WEEK

NO STARVING FARMERS.

The Earth is in receipt of the following note from "Student":

"I have heard talk in various parts of the country about starving farmers. Where are there any starving farmers?"

The editor of The Earth is not aware that any farmers in the United States are starving, or anywhere near starving. He has seen town folks who actually were suffering from the pangs of hunger, but in all such cases relief has come in time to prevent starvation. He knows farmers who have suffered serious financial reverses, and are poor as the turkey which was supposed to have belonged to Job; but never has he heard of a farmer missing a meal.

"Brother, can you let me have a dime?" are words which do not fall readily from the lips of farmers; but many a farmer has divided his slim repast with the hungry man from town, who, weary of poor success begging on the streets, has tried his luck in the rural districts.

The farmer always can raise foodstuffs for his family, although his returns from the operation of his farm plant may not pay his expenses. The town man who is out of work, out of funds and out of credit must beg or starve or steal.—The Earth.

A recent convert in a colored church was very anxious to prove his piety and he went to the preacher and told him so. The preacher then asked:

"What do you want to do?" The convert replied: "Ah is ready to do anything de Lord asks of me so long as it's honorable."

"So you love my daughter," said the old man. "Love her," the young man exclaimed passionately; "why, I would die for her. For one soft glance from those sweet eyes I would hurl myself from a lofty cliff and perish, a bruised mass on the rocks below—but glad enough to have had a chance to sacrifice myself in her name."

"Well, you can't have her," said the old man. "I'm something of a liar myself, and one liar is enough in a small family like ours."

Sally—"And what kind of a horn would you like, sir? Do you care for a loud blast?" Haughty Customer—"No, I want something that just sneers."

CURRENT COMMENT

BY LEON GUINN

Washington offices are interesting places, since NRA has reached the zenith of speed. There is of course a conflict of principles between the President and his fiscal officers. . . Mr. Woodin is still ill, so Acting Secretary Adelson rules at the treasury, and RFC Man Jesse Jones is in the limelight more than Bank Coordinator Bruere. . . Secretary Hull leaves for South America, and only the office of Miss Perkins has remained a quiet place of affairs. . . Different personalities plus different opinions clanging keep the atmosphere surcharged, and it is remarkable that Mr. Roosevelt is holding up as well as he is. Where, we ask, are the super smart alecks that predicted an early physical collapse of Franklin D. Roosevelt? . . . Dutchish Mr. Roosevelt still holds to the belief that farm commodity prices have sufficiently been upped to index with the routine schedule.

And with this belief Milo Reno and some Missouri farmers disagree. . . It is a pity Milo Reno isn't locked up, for as leader of the strike elements in the Corn Belt he agitates farmers until a nasty strike results in someone getting hurt. . . To listen to Panadie Reno a foreigner would believe a pack of grand rascals had the stroke in Washington. . . Now, that illicit brand of talk is dangerous, and such pathetic babies as Reno should be grateful to be on the loose. . . Corn Belt farmers would rather have Mr. Roosevelt a gracious Santa Claus with a Christmas tree for every farm home, and gold tinsel for every purpose instead of an able leader directing 125,000,000 people, each eager to grab every dollar—damn the other fellow. . . "Profit is not without honor," although so many want the profit that there isn't much honor for the other half America to sing itself silly over political ga-ga.

Hard hitting Hugh Johnson has recently defended NRA to the last inch in his midwest tour. . . Tired Mr. Johnson does not relish criticism of his beloved NRA, but he can "take it on the chin," although critics get slightly under his skin. . . Work done in five months, as of November 4: Codes, signed, 86; hearings (final) completed, 166; code hearings scheduled, 36; NRA codes influence, 20,000,000 wage earners at present, or 50 per cent of the 41,000,000 now gainfully employed; total awards, none; and the work-a-day world ships civilization! Some NRA critics: Walter Lippmann, Mark Sullivan, The Chicago Tribune, Hearst papers. . . Readers do not take Hearst jobs seriously, however, and Lippmann or Sullivan critics only helpfully.

Build Up Health and Pains Go Away

WOMEN who suffer from weak-ness often have many aches and pains which a stronger state of health would prevent.

Women in this condition should take Cardui, a purely vegetable tonic that has been in use for over 40 years. Take Cardui to improve the general tone of the system in cases of run-down health and "tired nerves." Women have found, in such cases, that Cardui helps them to overcome pains and make the monthly periods easier. CARDUI is safe and wholesome for women of all ages. Try it!

Tiger Cubs Defeat Roscoe Youngsters

Those fighting Tiger Cubs went to Roscoe last week and fared considerably better in a football way than their big brothers did on a Friday. They smared the inexperienced Plowboyettes by a score of 27 to 0. Coach Charles Owens expects to meet the Roscoe youngsters on the home field in a few days.

COUNTY KEEPS M. E. PASTORS FOR NEW YEAR

Many Changes in Conference, But None in Scurry; Yoder Is Named Lay Delegate.

A number of primary changes were made for pastors and presiding elders of the Northwest Texas Conference at Cleason last week, but Scurry County pastorates were untouched. Rev. S. H. Young returns to Snyder to serve his third year. His father, Rev. C. W. Young, returns to Hermitage. Rev. Frank Story is back at Pivanna, and Rev. W. G. Anderson has returned to his place at Dunn. Dr. O. P. Clark, presiding elder of the Sweetwater district for the past four years, is to serve St. Paul church at Abilene as pastor. Rev. C. A. Long, pastor at Pampa, was named to the presiding eldership. Before becoming elder in this district, Dr. Clark was pastor of the First church, Sweetwater. Prior to that time he was presiding elder of the Vernon district. D. P. Yoder, lay leader of the district, was named as one of the seven lay delegates from the district to the general conference of Southern Methodism at Jackson, Mississippi, which convenes in quadrennial session next spring. A change of interest to Scurry County people was removal of Rev. Cal C. Wright, former local pastor, from the First church at Aulaine to the Colorado church. He was re-named as conference secretary. Dr. B. W. Dodson, father of Warren Dodson of Snyder, was re-named as professor of the Bible department at McMurry College, and Dr. J. V. Hunt was re-named as president. Bishop H. A. Boaz of Houston was presiding officer of the conference. The Scurry County delegation describes the gathering as outstanding in spirit and in encouraging reports of renewed religious zeal, financial and otherwise.

Courtesy Golden Rule Emphasized In School Talks

The Golden Rule of courtesy was displayed to Snyder High School students recently during a talk by E. J. Anderson that featured an outstanding "Courtesy Program" staged by the junior "A" class under sponsorship of Miss Mathie Ross Cunningham.

"Through our personalities we exhibit ourselves, and as they function, just to that extent are we measured by others," Mr. Anderson said. "I mean not merely how we hold a fork or how we acknowledge an introduction but in the broader sense of how we fit in with other personalities with whom we come in contact in the social cycle. . . . Because we are unwilling to dig up and measure our own weaknesses we develop a sense of superiority that is the parent of discourtesy, a type of high hattedness with nothing under the hat. Lack of courtesy exhibits itself in brassiness toward the rights and accomplishments of others. . . . We are courteous or we are inconsiderate toward others as we permit our minds to direct us. If we kept as close tabs on our own personalities as we do of others, figuratively speaking, we would soon turn ourselves inside out. . . . Treat others as you would be treated. This is the mark of a well bred person and will always return you big dividends. . . . Among points emphasized by Melba Clark in her talk on "Good Manners in Assembly" was: "Refrain from whispering, from reading a paper or a book, from eating, from arranging your hair or cleaning your finger nails; in other words, from doing anything which shows discourtesy to the one who is conducting assembly."

Misses Evelyn West and Dixie Lee Davis of Simmons University, Abilene, spent the week-end with Mr. and Mrs. H. L. Davis. They attended the Texas Tech-Simmons game at Lubbock Saturday.

PLOWBOYS TIE HOME LADS IN SNAPPY GAME

Tigers Score in Last 10 Seconds To Retain Possible Chance At Conference Title.

A big fellow by the name of Anthony kept the Snyder Tigers from being tied with Nolan for district 9-B leadership. Maybe that's putting it too strong. At any rate, when any football player can punt out three times in one game inside the 5-yard line, and when two of those punts throw the opposing team behind their goal line within three minutes of each other, and when one of those placed punts travels 65 yards, well, who wouldn't give the big boy credit?

You know by now that the score was 6 to 6, and that the Mooreans scored on that Roscoe field Friday afternoon just 10 seconds before the final whistle blew. A goal after the pass from Wiese to Huestis might have determined the district championship. But failure to complete that vital pass would have thrown the old home town entirely out of the race.

A Good Outlook. Coach Moore and most of the fans are feeling pretty good about it, for that was a whole of a game from beginning to end. It was the most beautiful game the Tigers have played this year. Snyder took charge of affairs in the first quarter and marched inside the 10-yard line twice. Pesmirre dropped a pass inside the end zone once as he stepped off a little knoll and almost against the fence. Those Tigers kept command in the second quarter, the Plowboys keeping well behind the 20-yard stripe. The mischievous little Roscoe quarterback, Shelansky, gained consistently on a series of delayed line backs in that quarter, but one of his three afternoon fumbles spoiled the little march. Then Anthony began his sensational punting. With the wind to their faces, the Snyder eleven was gradually driven back, and the first of the big back's placements found them in hot water. Twice they repelled the push, and as the fourth quarter began it seemed that the game would be pulled out of the fire. Then Youngs, a substitute halfback, took one of Anthony's accurate heaves for a 5-yard gain and traveled the remainder of the 15 yards untouched. Captain Duncan's kick hit the cross-bar and bounced back into the field.

Referee Fultz Boner. Referee Walter handed the host team a sweet break soon thereafter when he turned the ball over to them on Snyder's fourth down on the 5-yard line with only 2 feet to go. A long pass from Huestis to Pesmirre first put the Tigers in the Plowboy end of the field. Playing the best ball of their careers, Wiese and Huestis plunged and off-tackled for most of the other gains. Beaver also took a last quarter pass for a handsome yardage. Huestis' kick was wide after he received the 10-second pass. Every man filled his job. There were no stars, unless you count Anthony, who looked like a sick sister when he tried to make yardage by running. Many local fans, including pep squad and band, traveled to see the class.

Miss Beryl Caton spent the week-end with Miss Ruby Dean in Lubbock. She was at Texas Tech for the home-coming Saturday.

Can constipation actually be overcome? "Yes!" say medical men. "Yes!" say the many thousands who have followed their advice and know.

You are not likely to cure your constipation with salts, pills, tablets, or any of the habit-forming cathartics. But you can correct this condition by gentle regulation with a suitable liquid laxative.

THE LIQUID TEST: This is the way many men and women have made their bowels as regular as clockwork in a very short time.

First: select a properly prepared liquid laxative. Second: take the dose you find suited to your system. Third: gradually reduce the dose until bowels are moving of their own accord.

Simply put it? And it works! The right liquid laxative brings thorough bowel action without using force.

An approved liquid laxative (one which is most widely used for both adults and children) is syrup pepsin. Dr. Caldwell's Syrup Pepsin is a prescription, and is perfectly safe. Its laxative action is based on senna—a natural laxative. The bowels will not become dependent on this form of help, as in the case of mineral drugs.

Hospitals and doctors have always used liquid laxatives. The dose can be measured, and the action controlled. Pills and tablets containing drugs of violent action are hard on the bowels.

If there are children in your household, don't give them any form of laxative, but use a healthy, helpful preparation like syrup pepsin. Its very taste will tell you it is wholesome, and agreeable to the stomach. Delightful taste, and delightful action; there is no discomfort at the time, or after. Ask your druggist for Dr. Caldwell's Syrup Pepsin, all ready to take.
