

OLD-TIME YULETIDE SPIRIT TAKES POSSESSION OF COUNTY

ALL STARS AND ABILENE TEAM MEET MONDAY

Hundreds Expected to See Yuletide Game, Benefit to This Year's Tiger Sweater Fund.

The stage is set for one of Snyder's most thrilling football battles. It will come on the afternoon of Christmas Day, 3:30 o'clock, with Tiger Field as the battleground. Snyder's All-Stars, composed principally of ex-Tigers, many of whom have seen successful college experience, will meet the St. Joseph's Academy eleven from Abilene.

Advance reports indicate that every inch of seating and standing room will be taken before the opening whistle blows, according to Albert Smith and Johnnie Jenkins, managers of the home squad. High school girls are in charge of ticket sales, since proceeds from the fray will go toward buying football sweaters for the Tigers of 1933.

Tickets at Drug Stores. Admission will be 35 cents for adults, 25 cents for high school students and 20 cents for children. Tickets may be purchased at any Snyder drug store.

Publicity concerning the game has been sent to Abilene, Fort Worth, Sweetwater, El Paso, Colorado papers, and a number of fans are expected from out-of-county points.

In the St. Joseph's tribe, which is coached by Mose Simms, will be found not only regulars of that school's team, but several high school and college stars to bolster the weak places. Simms declares that he has organized a gang of huskies that will be hard to beat by anybody's team.

The home tribe, if anything, offers more talent and ability than the visitors. "Red" Moore, who is doing most of the coaching, thinks his impromptu squad will be able to handle the visitors. He has been working the 25 men regularly and hard each afternoon, and sore joints and muscles are giving place to stickability.

Hand-pick your own stars from this list of former Tigers and other football scintillators—then see practically every one of them in action on Tiger Field Monday afternoon at 3:30 o'clock.

Plenty of Material. Quarterback—Bedford McClinton, Peewee Wilford, Hugh Boren Jr., all former Tiger stars.

Halfback—Gracy Ferguson, M. M. Clark, F. Merrill. The first two were Tigers, the other a star from Oklahoma.

Fullback—H. Merrill, called one of Oklahoma's best schoolers of recent years, and Grover Scott and Buddy Martin, former Bengals.

Halfback—Albert Carlton, Theo Rigby, both past Tigers. Theo was a starting regular with the Simms freshmen this year.

Center—Country Carnes, Royce Eiland, Richard Jenkins, home players of other years.

Guard—Pokey Clements, Johnnie Jenkins, Jack Isaacs, Ralph Neal, all ex-Tigers and Allan McClinton.

Tackles—Jesse and Broadway Browning, former Tigers who were regulars this year on the Texas Tech freshman squad, along with Travis Green, who is just finishing three years as a local star, J. E. Trice and Bythel Martin, stellar linemen of other years, and Mike Moore, the goober-fed giant from Ira-End.

End—Albert Smith, A. D. Dodson, Andy Jones, ex-Tigers, and Audry Head.

Ottis M. "Red" Moore will referee, R. L. Williams will umpire and Dr. J. G. Hicks will be head linesman.

Local Presbyterian Church Overflowed By Cantata Crowds

Many more persons than the Presbyterian Church would hold came Sunday night to hear the Musical Coterie's rendition of "The King Cometh," a Christmas cantata.

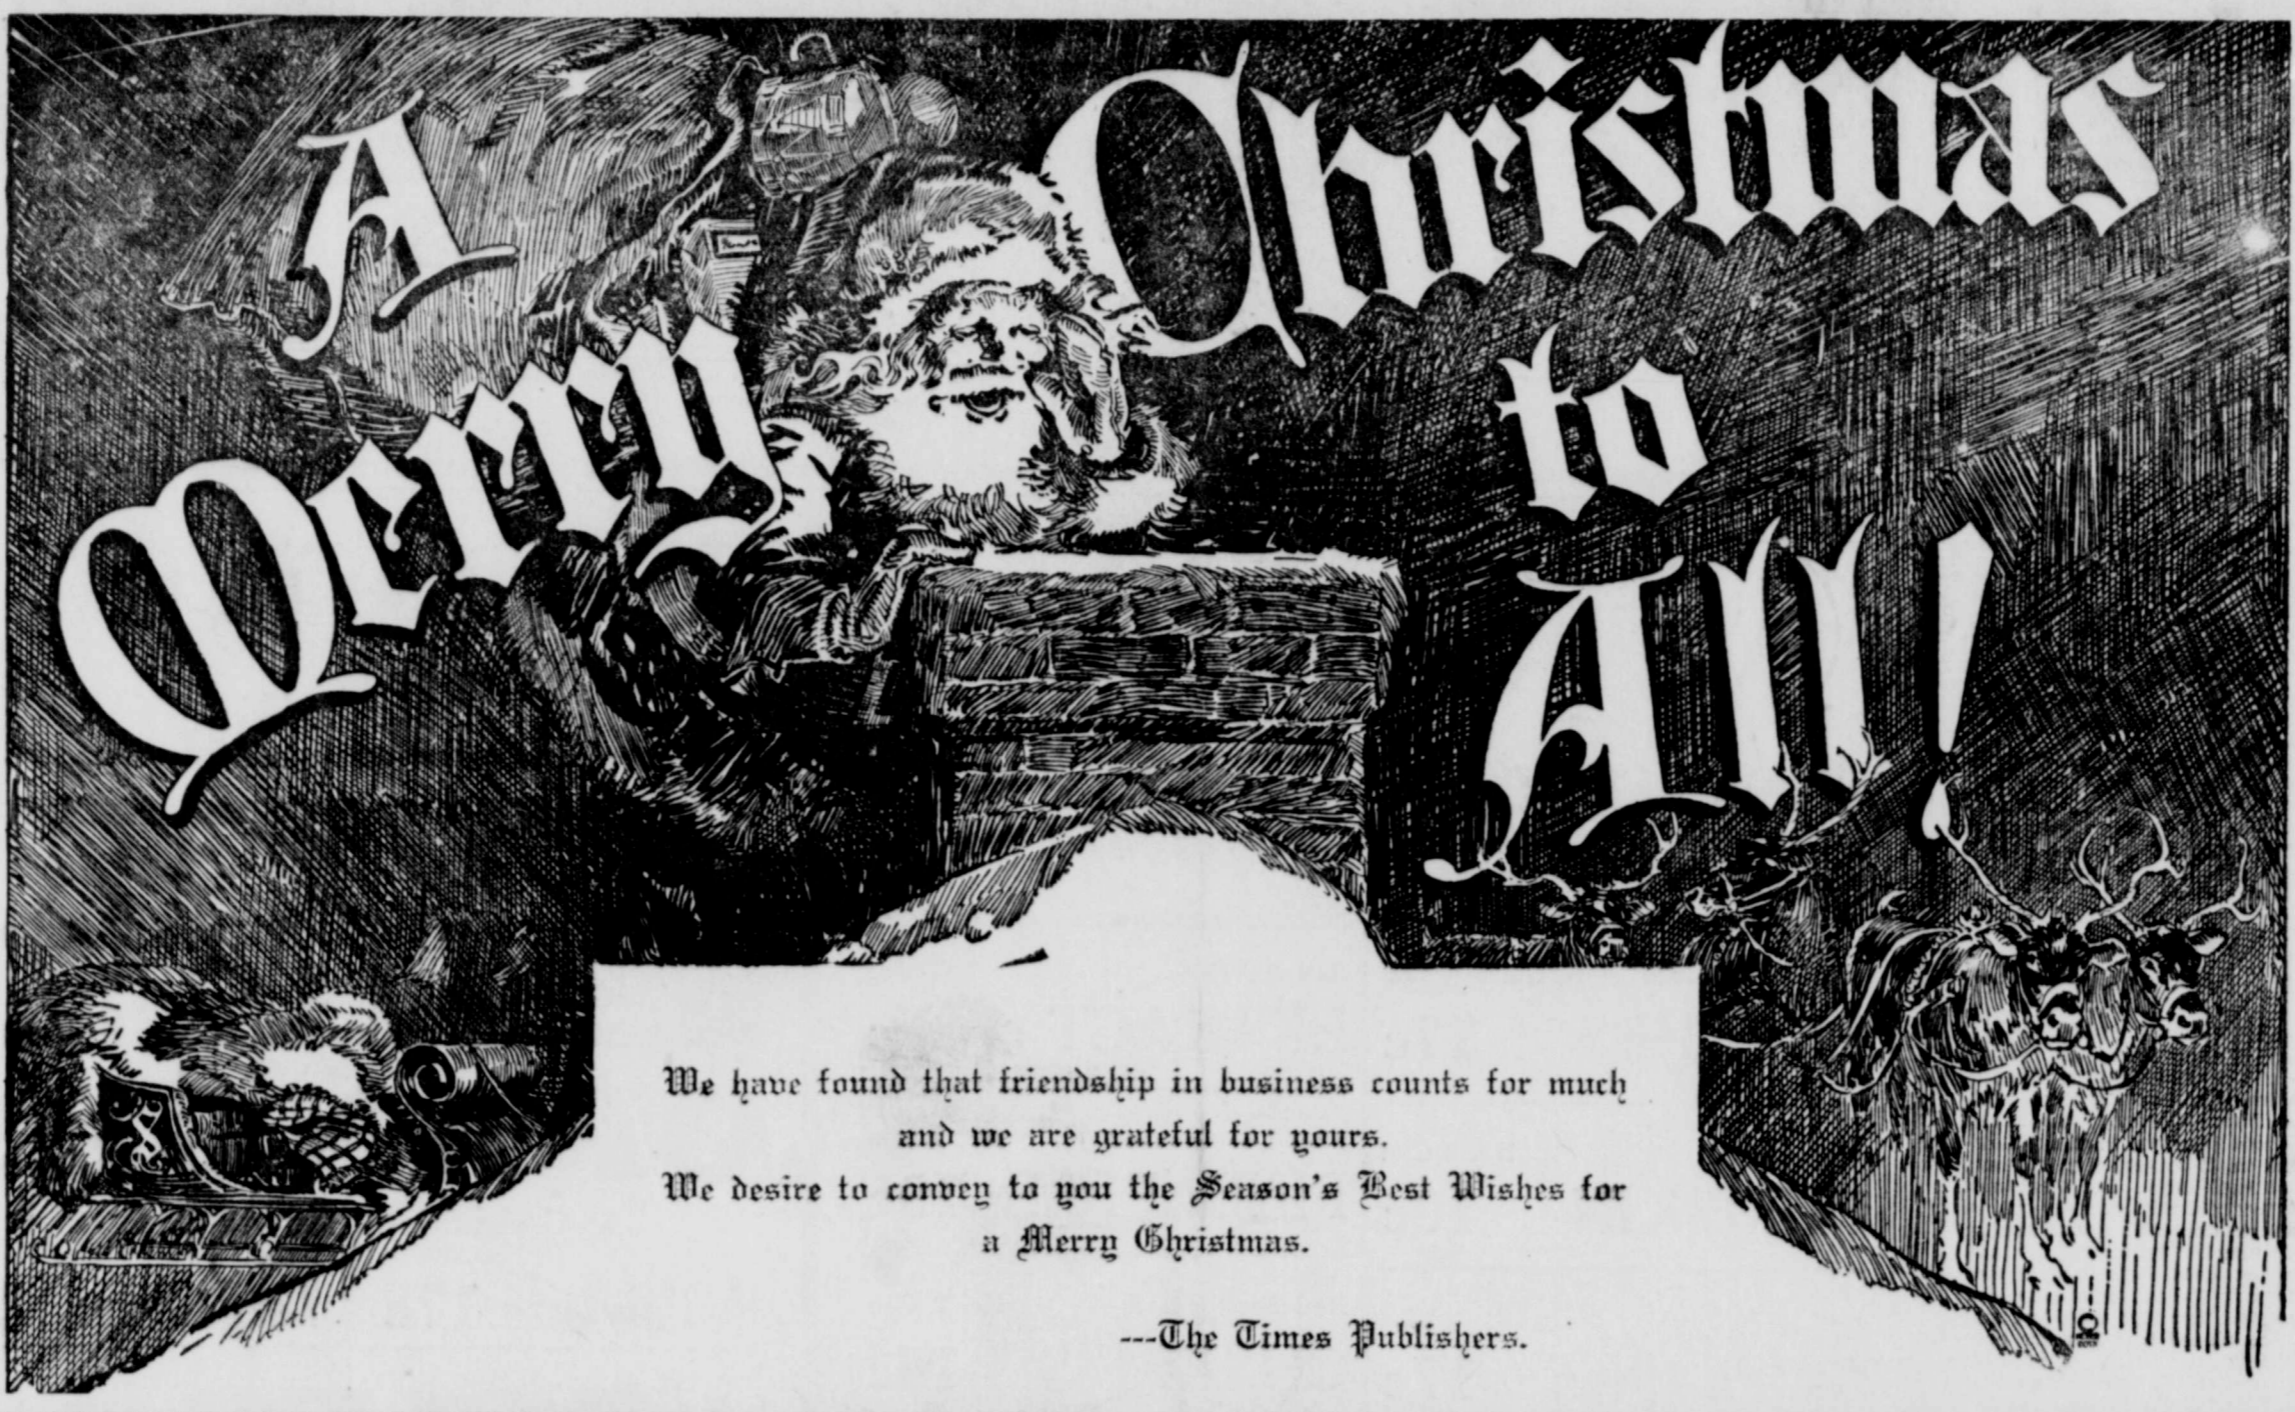

The choir left was lined with white and lighted with white tapers as Mrs. W. C. Hooks played the voluntary and professional. The white-robed Coterie members, with Mrs. Elmer Spears directing and Mrs. A. C. Pruitt accompanying, gave delicate renditions of cantata numbers after invocation by Rev. S. H. Young and scripture reading by Rev. Phillip C. McGahey.

Second in interest to the audience after the full-chorus numbers were the solos, duets and quartets.

Many listeners have declared that the presentation was one of Snyder's rarest musical treats in recent years.

Fluvanna Class in Government Visits

The government class of Fluvanna High School, taught by Superintendent E. O. Wedgworth, came to Snyder Tuesday afternoon for an inspection trip.

We have found that friendship in business counts for much and we are grateful for yours. We desire to convey to you the Season's Best Wishes for a Merry Christmas.

BUYERS FLOCK TO SNYDER FOR HOLIDAY NEEDS

Heaviest Purchasing in Five Years Here Prophecies New Deal in Yuletide Celebration.

With Christmas buying hitting its highest stride in five years, Snyder merchants are as busy as bees in a clover patch.

Last-minute shoppers are busy, too. They are determined to fill Christmas Eve stockings full to overflowing for the first time since depression became an unwelcome guest.

Friday and Saturday are expected to be two of the busiest days of the busy season. Merchants of all kinds continue to offer opportunity to fill practically any gift need, but it will be the grocery stores toward which most last-minute shoppers turn their steps.

Hundreds of crates of fruit and hundreds of pounds of nuts are moving into consumers' hands, along with other Yuletide goodies. Red & White stores, Piggy Wigly stores and Hande-Dande stores are offering an unusually large array of eatables in Times ads this week.

Cedar, spruce and fir trees are moving to firesides in larger numbers than ever before. Business houses, homes and awnings have followed the example of the court-house in making this a decorative Christmas for Snyder.

Plenty of entertainment is offered those who remain at home on Christmas Day. There will be two picture shows, and in the afternoon the football game between Snyder All-Stars and St. Joseph's Academy, Abilene.

School Officials Go To Stamford Monday To Obtain RFC Aid

Three trustees of the China Grove school, with County Superintendent Frank Farmer, were in Stamford Monday to present plans and blueprints of the new China Grove school to West Texas Chamber of Commerce officials. Efforts are being made to secure an RFC appropriation for construction of the new building to replace the one recently burned.

A letter from Stamford yesterday indicated that the blueprints are in good shape, and are being filed and forwarded to government authorities as quickly as possible. Mr. Farmer has received the full thanks of China Grove officials for assisting in preparing the blueprints and thereby saving them more than \$40.

Floyd Merket, D. B. Hall and P. C. Witt were the trustees accompanying Mr. Farmer.

Young Preacher to Occupy Pulpit Here

Rodney Glascock, student in Randolph College, Cisco, will occupy the First Christian Church pulpit Sunday morning at the 11:00 o'clock service, leaders of the church have announced. His subject will be "Giving." The public is cordially invited to attend this service.

The youthful preacher, an honor graduate of Snyder High School, has previously occupied the local pulpit.

MORE THAN 550 MEN ON WEEKLY CIVIL WORKS PAYROLL OF \$4,500

Christmas Brightened As Uncle Sam Puts Idle on Projects.

More than 550 men are working on civil works projects in Scurry County today.

Last week's payroll, with fewer than 500 men on the job was \$3,511.30, and CWA workers have received a total of \$4,472.40 since the government-paid work began early this month.

The extent of this heaviest payroll ever paid in a single week in Scurry County will not be fully realized until early next year. Before these hundreds of men shall cease their labors on roads, streets and other projects, they will have been paid at least \$150,000 by their Uncle Sam.

The relief office, under the command of Joe Monroe, reports that work will lighten during the holidays, but will be back at even heavier blast in a few days.

Each of the county's four commissioners has six to ten projects on foot, and they travel 100 miles and more in their daily supervision rounds. Dwight Monroe is in charge of a number of men who are working on local streets. A crew of painters continues to give the courthouse a new coat from keel to stern.

At least 100 teams are now working on the various projects, and others will be added this week-end, it is thought.

These thousands of dollars are making Christmas merrier for many Scurry County families. They are helping the county in its prosperity-bound march, and every line of business, as well as the families assisted directly, are feeling the effects of this government payroll.

More Than 600 Have Taken Times a Year

Yesterday's check-up of The Times subscription list revealed that more than 600 persons have secured new or renewed subscriptions since Barren Days opened a few weeks ago. Overwards of 1,700 paid-in-advance subscribers are now taking the paper.

In keeping with company demands, all expirations were taken from the list after last week's issue. Notices were sent to those whose papers expire in December to the effect that the same policy will apply to them unless renewal is made this month.

It's time to take The Times! After December 31 you cannot get it in Scurry and adjoining counties a full year for \$1; in other counties, \$1.50.

A number of subscribers are also taking advantage of the special combination rates with the Semi-weekly Farm News, the Dallas News, Star-Telegram, Abilene Reporter-News and other papers.

Pageant Will Be Given By W. M. U. At Local Church

Sponsored by the Woman's Missionary Union and directed by Mrs. Philip C. McGahey and Mrs. C. S. Owens, a Christmas pageant will be given Sunday evening, 7:30 o'clock, at the First Baptist Church. The preaching service will be dismissed at that hour.

In addition to the pageant, known as "On the Road to Bethlehem," Christmas carols will be sung by a quartet, and other musical numbers have been arranged.

Action of the pageant takes place in the vicinity of Judca on the date of the Nativity. Scene one is on the hillside overlooking the town of Bethlehem. In the interlude, the three wise men are shown following the star on the road to Bethlehem. Scene two is at the stable door of a cave outside the town of Bethlehem.

Harvey Shuler, Cecil Worley and Raymond Watkins are the shepherds, Abdie, Paul and Aba. Ziporah, daughter of Abdie, is played by Dorothy Winston. E. J. Bradbury, Damon Worley and Leighton Griffin play the parts of the three wise men. The angel is represented by Earlene Martin.

Members of the church and Pastor Philip C. McGahey extend a cordial invitation to the public to be present for the pageant.

SCHOOLS TURN OUT TEN DAYS

Snyder schools will dismiss Friday afternoon for a ten-day Christmas holiday period, classes beginning again on Tuesday, January 1.

Special programs, with Christmas trees, are being given in all grade school rooms, according to R. S. Sullivan, principal. A special Christmas Seal program was given for the entire grade school Tuesday.

High school students and faculty members arranged no special Yuletide programs, but the holiday has been remembered in home room programs.

The first semester will end January 12, and the second semester will begin three days later, January 15, says Superintendent C. Wedgworth.

Lamesa Becomes Regional Champs By Hereford Win

Lamesa's Tornadoes stormed out of Hereford Friday evening with their first regional championship. They had defeated Hereford 24-7, just a week after they had whipped Roman, champions of the Snyder district.

Here is the Abilene Morning News story of the encounter:

Wilkes, a big halfback, led Lamesa to victory by scoring three touchdowns, the last one a 60-yard run starting with a lateral pass. Hereford scored in the final period on a 70-yard drive, Clayton passing the last 25 yards to Seed for the touchdown. Lamesa scored two times in the first period, once in the second and again in the third.

Bedecked in solid gold uniforms, the Tornado struck like the wind. They scored in the first five minutes when Hereford became demoralized after Baker fumbled a Lamesa punt on his 24.

The third quarter was scoreless, Hereford holding the upper hand after palling themselves together.

About midway in the final stanza, Captain Richard Baker inaugurated a drive on his 19 and his gang carved out six first downs in marching to pay dirt.

Lamesa did to Hereford what Hereford did to Dumas last Friday, whipped them before they ever got their forces organized. Three touchdowns in the first period were too many. Hereford outplayed and outscored the visitors in the final period, but it was too late.

Lamesa's Wilkes and Gable in the backfield, Addison at guard and Smith at end were good boys. Baker at center played his usual sterling game for the losers. Sowell and Clayton looked powerful in the backfield, as did Seed at end.

STAGE SET FOR FARMERS TO GET OPTION BOUNTY FROM PLOW-UP

Merry Christmas! Says Times As It Starts A-Printing

The whirl of linotypes, electric saw and press in The Times' office Wednesday night sent a message of "Merry Christmas" to the hundreds of readers who will receive their papers a day early.

In order to give Christmas shoppers and advertisers the full benefit of last-minute news and ads, this special 12-page edition is going into the mails 100 per cent before daylight Thursday.

Advertisers and others who have cooperated not only with a large amount of advertising, but by furnishing "copy" early, are herewith accorded the gracious thanks of an overtime-working Times crew. That goes for the Times' faithful correspondents, too.

That continuous "Merry Christmas" from the cogs and pulleys and rollers goes for the whole Times tribe to every Times reader under the sun, which is to say: J. W. Roberts, Willard Jones, J. C. Smyth, Allene Curry, Buster Brown and Fred Jones.

KNIGHTS WILL HOLD SERVICE

The local Masonic Commandery will hold its special Christmas service Monday morning at 11:00 o'clock. Established by annual custom, this half-hour remembrance of the birth of Christ is expected to attract every Sir Knight Templar in the chapter.

W. J. Ely and Dr. A. C. Leslie will be in general charge of the Yule observance.

Several out-of-town members of the Commandery are expected to be among the guests, according to officials of the order.

Tigers and Fans Hear Cawthon

Seventy-five persons made merry together at the Manhattan Hotel Tuesday evening in the annual Tiger football banquet. The group included football boys, coaches, faculty members and fans.

Pete Cawthon, head coach at Texas Tech, Lubbock, led the speaking parade with a semi-humorous talk that stressed the qualities that go into making of a real ball club, and the change for the better that has come over football in recent years.

He also gave the Tigers a boost for their outstanding five-year record, and praised the former Tigers who are now playing on his teams.

J. M. Harris was the presiding toastmaster. After an opening song, he introduced C. Wedgworth, superintendent, who spoke on "Athletics in the School." John Blakey, senior and football letter man, then gave a toast to the parents and fans.

C. F. Sentell gave the parents' angle of football. E. J. Anderson spoke on "The Mental and Physical

Body" and Florentz Winston, football "sweetheart," gave a toast to the boys who played. Lee T. Stinson discussed "The Town's Responsibility to Athletics."

Couch Ottis M. Moore, who has just closed his fifth successful year as head coach here, and who was given warm praise throughout the evening as one of Texas' best Class B coaches, talked on football as a developer of physical, mental and moral sides of life.

Entertainment features interspersed the program. Mrs. Hilton Lambert presented four of her pupils in dancing. W. W. Hill was in charge of soda-pop-drinking and pie-eating contests, with football boys as contestants. Roland Bell gave humorous pointers for benefit of the football boys.

R. L. Williams, who arranged the banquet, was praised for having provided one of the most interesting and zestful events of similar nature in the history of Snyder High School.

COTTON SLASH SIGN-UP TO BE STARTED SOON

Scurry County Ready To Cooperate In Giant Program to Reduce Acreage to 25,000,000.

Associated Press dispatches in the Sunday papers state that the cotton reduction sign-up campaign will begin January 1.

The announcement was made from Washington by Chester C. Davis, farm adjustment administrator, who said he would join Secretary Wallace in requesting governors of cotton producing states to issue proclamations designating the first week in January as the time for all agencies in the South to unite in the drive to obtain farmers' signatures to contracts aimed at restricting the 1934 crop to 25,000,000 acres.

Scurry County stands ready to cooperate in the reduction program as she did in the plow-up program, in the opinion of W. R. Lacey, county agent, who will administer the plan in this county.

\$125,000,000 Counting.

Davis said approximately \$125,000,000 would be paid to planters next year under the adjustment program in the form of land rentals and a parity payment of not less than one cent a pound on farm allotments.

The rate of rental payment for each acre rented to the secretary of agriculture will be 3/4 cents a pound on the average yield of lint cotton an acre for the farm in the years 1928-32 inclusive, with a maximum rental of equal installments, the first to be paid between March 1 and April 30, 1934, and the second between August 1 and September 30, 1934.

The parity payment of not less than one cent a pound on the "farm allotment" will be made between December 1, 1934, and January 1, 1935. The "farm allotment" is defined as the average yield of lint cotton of that figure expressed in pounds which results from multiplying the annual average number of acres planted in cotton on this farm during the years 1928-32 inclusive by the average yield (expressed in pounds) per acre during said years.

Advance Information.

Davis urged cotton farmers to complete in advance the information necessary in filling out a contract. He listed the following:

1. Number of bales of cotton produced on farm for each year of base period, 1928-32 inclusive.
 2. Average weight of lint per bale for each year of the base period.
 3. Total lint produced in each year.
 4. Acreage planted to cotton in each base period year.
 5. Number of pounds of lint per acre produced in each base period year.
- In addition to the above information as the basis for determining the acreage planted to cotton during the base period, the farm allotment and the amount of payments under the contract, producers will be asked to give their cooperation for 1933 and crop acreages for 1932 and 1933.

County Women's Swap Day Given State Publicity

State-wide publicity for the swap day staged recently by Scurry County women has given considerable praise to the new idea for exchanging goods of various kinds. Following is the article printed in a number of Texas papers, under the heading "What Have You—To Swap?"

Scurry County women have found it to their mutual advantage to hold a "swap" day at Snyder, the county seat. The idea originated with Mrs. W. R. Bell, chairman of the Better Home of America for that county, assisted by Mrs. Wayne Williams, district chairman.

They studied the "swap day" plans of men in different cities, and decided to go their own better. Instead of articles from the farm intended for trade being placed on the ground, or in wagons, or autos, parked on a public square, the Snyder women conceived the idea of booths being erected for a more comprehensive display of articles. The booths, which are classified, were in charge of study club members and special groups of women.

The Scurry County women this year brought to town for trade a variety including farm and garden products, clothing, farm implements, meat, flowers, canned goods, cooking utensils, pet animals, needlework, household furnishings, incubators, pigs, cured meats, chickens, calves and cows.

Four Publications Issued From Times Plant in Few Days

In addition to publishing two overseas issues of its own, the Times plant during the last few days has printed and delivered four other major publications.

The first was the Business and Professional Women's Club yearbook of 12 pages.

Next came a directory of eight pages for the First Methodist Church, containing not only names of church officials and members as well as church organizations and activities, but also liberal advertising support from local merchants. Mrs. A. E. Wise and Mrs. R. H. Odum were in charge of preparing the directory.

The Times Tale, Snyder High School's monthly paper, was issued Tuesday, and The Croak, Fluvanna High School's four-page paper, is being issued today.

The publishers wish to thank the sponsors of these publications, as well as advertising and users of job printing who have been so forthcoming during the rush period.

Fluvanna Curtain Club Presents Play Before Good Crowd

The Fluvanna High School Curtain Club gave one of the best performances ever seen in the Fluvanna auditorium Friday night when it presented "The Man in the Green Shirt," a three-act comedy-drama. According to E. O. Wedgeworth, director, the play was witnessed by one of the largest crowds of the year.

The play centered around the bankruptcy of the Fuller family, the state of affairs being due largely to the extravagance of Mrs. Fuller, played by Mavis White. Mr. Fuller was Cecil Parks, and the part of his daughter, Millie, was played by Rosa Nell Staveley. The role of Ivan Ross, a son of an old friend of Mr. Fuller, and, incidentally, "The Man in the Green Shirt" was taken by Aven Shuman. Comedy parts, Willie Roach and Lena Mae Crow, were excellently played by Louis Moore and Pauline Deere. Edwbert Cain, the croak, and Delphine LaRue, his secretary, were respectively W. D. Huffine and Cecil Travis Smith. Eura Spred took the part of Mrs. T. Jefferson Jaynes, and Emma Browning retained her own Christian name in the role Emma Lockhart.

Good vaudeville was furnished and the proceeds received by the Curtain Club exceeded \$60.

TURKEY DAY IS CROWD GETTER

Turkeys are no the gentle birds they are cracked up to be. This was amply proved to the hundreds of folks who gathered in Snyder Wednesday afternoon to see a large number of turkeys, donated by business men, thrown from the top of the courthouse.

The turkeys flew in many cases onto awnings and over business houses, causing even heartier scrambles than anticipated.

Business men and those who received turkeys have extended thanks to W. J. Higgins, who was largely responsible for suggesting Turkey Day and then in helping to make it a complete success.

Forty-two turkeys were thrown down for the following local stores and individuals:

Snyder Gin, Ship & Butts Barber Shop, Ely-Arnold-Ely Gin, Snyder Produce Company, Higginbotham-Bartlett Company, Snyder Bakery, Polly Ann Beauty Shop, W. W. Nelson, Gray's Variety Store, J. H. Sears & Company, Rigby Cafe, Piggly Wiggly No. 2, Piggly Wiggly No. 1, Snyder Bakery.

A. E. Duff, Graham & Rogers, Winston & Clements, Warr's Bakery, J. C. Pannas, Company, King & Brown, S. J. Casstevens, The Scurry County Times, Ben-Ton Cafe, Snyder Laundry, Hand-Dandee No. 1 and No. 2, Bryant-Link Company, Small's Variety Store, Boss Base Cafe.

Hugh Taylor & Company, City Meat Market, Snyder Drug Company, Economy Dry Goods Company, K. C. Salvage Company, Snyder Mercantile Company, W. H. Chandler, Farmers Exchange, Sifton Drug Company, Cochran Brothers, Pick & Pay Grocery, H. G. Towle, Leath's Cafe, Crowder's Meat Market.

Be Careful With Christmas Fires Is Mauk Warning

Raymond S. Mauk, state fire insurance commissioner, has issued a warning of the danger of fires during the Christmas holidays. He is joined by P. M. Bolin, Snyder fire marshal. The Mauk statement follows:

"It is not intended to suggest that the Christmas celebration be transformed into a safety campaign. However, the suggestions that are made here for preventing fires are simple and sensible and there is no good reason why they should not be adopted. The pleasure of the holiday season should not be marred by easily avoidable fires.

"When setting up a Christmas tree it should be placed at a safe distance from any stove, fireplace or other heating device.

"Candles have long been associated with Christmas celebrations, but they are altogether too dangerous to be used as tree decorations, or for window displays on Christmas Eve, no matter what precautions may be taken. For tree lights we recommend strings of miniature electric lamps.

"Toy electric trains, motors and other appliances should not be attached to light sockets until all wires and connections are in perfect order.

"Fenites or wire should never be used in replacing blown-out electric fuses. The fuse is the safety valve on your wiring system to protect you against fire.

"Entirely too many fires during the Christmas season result in a fatality.

Barber Shops Will Shut Late Saturday

Snyder barber shops will remain open Saturday night until after 10:30 o'clock, it was decided early this week. The usual Saturday night closing hour is 9:00 o'clock. This hour and a half extension of closing time is made for the sake of last-minute shoppers, who will have no opportunity to get barber work Monday because of the full holiday.

Club Girl Makes Garden Pay.

Her mother ill, Alma Vass, Tarrant County 4-H Club girl, raised a garden from which she sold \$90.47 worth of vegetables this year, canned most of the family winter food supply of 437 quarts and still found time to take her canner and sealer to homes of neighbors who had none, where she supervised the canning of 257 containers.

ON TEXAS FARMS

By W. H. Darrow, Extension Service Editor

Sanitary Improvements.

A new stimulus to construction of needed sanitary improvements exists in the opportunity for cities and towns in Texas to secure federal aid in relieving unemployment through the Civil Works Administration Board. This financial assistance will be devoted to payment of labor employed on public works projects and does not extend to cost of materials. The State Department of Health is maintaining a school in which men are being especially trained for this work in the various counties.

There are numerous towns and cities where this represents a golden opportunity not only to relieve unemployment, but also to carry through needed sanitary improvements which have been held in abeyance for lack of funds. Mosquito control work has already been given considerable publicity as one necessity.

The elimination of surface toilets and installation of pit toilets, protection of private water supplies, nursing service, statistics, and other activities that will protect the public health are eligible under this work.

Sewer extensions in unsewered localities represent work that will utilize a large amount of hand labor. In many instances, such extensions would greatly improve living conditions and enhance the value of property. Some health nuisances exist that can not be completely remedied until public sewers are provided.

Another aid to sanitation exists in the possibility of covering over, and in some cases eliminating, community refuse dumps that constitute eye-sores as well as breeding places for flies and rats.

E. E. Kerr Elected President of County Teachers Saturday

In a re-organization meeting of the Scurry County Teachers' Association Saturday morning, E. E. Kerr, Hermleigh superintendent, was elected as president and Miss Maurine Cunningham of Snyder as secretary.

The organization was perfected during the county-wide teachers' meeting called by Superintendent Frank Farmer. About 70 teachers, a number gratifying to the county superintendent, attended the meeting from 10:00 until 12:00 o'clock.

The revamped association, inactive for several years, plans social and business gatherings for the new year.

Miss Sue Mann of Abilene, district supervisor, was the principal speaker at the meeting.

The county superintendent discussed transportation problems that may be expected in the new year. E. L. Williams told of some of the problems in connection with rural children who come to an affiliated school. Roy Irvin discussed plans for purchasing a duplicator machine that would be available to all teachers of the county.

Visitor Seeking Meteorites For Denver Museum

H. H. Nininger, curator of meteorites for the Colorado Museum of Natural History in Denver, was in Snyder several days ago following a swing through the Big Bend country and West Texas in search of meteorites.

He exhibited an interesting collection of these rare specimens which he has collected from various parts of the world. Some of the specimens are of solid steel, while others contain only small particles of this metal.

The visitor explained that meteorites are of use only as subject matter, but for this purpose they are highly prized and good prices are offered for them in order to induce farmers and others to keep on the lookout for them.

During the month he has been in Texas the Denver man has found two meteorites. He located a small stone at Blanket near Brownwood, and another stone was found in Mexico across from Jajilias.

"All meteorites are traced by one method," he said. "That method is to use a certified compass and altimeter and to interview hundreds of people seeing the meteor fall."

Hats Off To Polar Says Jayton Polar

Polar, away off in the southwest corner of Kent County, sends us \$18 for 128 Red Cross memberships. That's almost 100 per cent for that community, and according to the population, that places Polar at the head of the list of communities in the county in this year's Red Cross Roll Call.

So, we say "Hats off to Polar—the community in which every heart is a heart of gold!"—Jayton Chronicle.

Basket Ball Squad For Tigers In 1934

Basket ball practice for the Snyder Tigers is slated to begin in earnest when the Christmas holidays are ended January 1.

Coach "Red" Moore, who built a heavy scoring county championship team here for two years running, has been handicapped by lack of practice facilities and interest the past two years. Keen interest in the sport is now manifested, and "Red" expects a heavy crew to report for early-year practice.

Terracing Improves Farm.

"At least a third better crops than before I terraced my farm 10 years ago," is what C. M. Smith of Pebble Mound community in Burnett County told the county agent in answering a question on the value of terraces.

Many Christmas Seals Purchased By Local People

Many residents of Snyder and Scurry County have purchased 1933 Christmas seals this month. Supplies came to many of them in the mails of December 1, while the National Honor Society of Snyder High School reports sale of hundreds of the little stickers. Grade school students are also reporting liberal sale of seals.

The seals were sent by the Texas Tuberculosis Association in its annual sale to raise funds for the campaign against tuberculosis.

For the twenty-fifth consecutive year the letter enclosed with each group of seals was signed by H. A. Wroe, who has served as treasurer of the association since its organization in 1908. He is an Austin banker of state-wide reputation.

Commenting recently on the general outlook for this year's seal sale Mr. Wroe said: "Raw silk is again moving across the country by water and rail; telephone installations show an increase; the Michigan-Ohio football game had a gate receipt of \$150,000; the New York Federal Reserve District reports a 15 1/2 per cent gain for wholesale trade in New York State; chain stores particularly increased business in nearly all lines throughout the country.

"Business is definitely on the upgrade. Unemployment is decreasing, the public is feeling better, happier, and is spending more money, all of which forecasts a seal sale that will insure a needed expansion in 1934 of the effective year-round program of the Texas Tuberculosis Association."

Wink Wildcats Take Second Region Title

Although Wink Wildcats did not win the West Texas championship by defeating Cross Plains Saturday by a score of 32-0, as their correspondent stated in Sunday papers, they did win their second regional title in as many years. Last year, with regions grouped differently, the Wildcats eliminated Snyder, 7-6, for bi-district honors.

Outweighed and outplayed, the Cross Plains Buffaloes lagged in first downs 14 to 4. Their star quarterback, Halbert, was bottled most of the game.

DOUBLE PRICE FOR CROP DUE TO CUT ACRES

Average of 9 1/2 Cents Per Pound Could Not Have Been Maintained Without Plow-Up.

Cully Cobb, government cotton chief, set down figures at Washington late last week to show that the South would be paid almost twice as much for its 1933 cotton crop as it would have received without the plow-up campaign.

Many Scurry County observers believe that this action has received more than twice as much as it would have received without the government reduction drive.

If the farm price averages 9 1/2 cents a pound "as now appears probable," Cobb said, the current crop will bring \$757,000,000 as contrasted with \$397,000,000 producers received for lint in 1932.

Without the reduction program this year and assurance of future control of production, the cotton chief said universal opinion was that the 1933 crop would have averaged not more than five cents a pound, which, for an estimated 17,600,000 bales would have brought farmers but \$440,000,000.

While he said other factors had some influence, Cobb declared the increase in growers' returns unduly due to success of the plow-up campaign which reduced the large potential crop by 4,400,000 bales to an actual harvest of 13,200,000 bales. This production control, he said, not only adjusted the immediate supply downward, but also gave assurance the future supplies would be reduced.

"As a result of the added increase in price, the augmented income, and due to the fact the 1933 crop left to be harvested was one of the best in history in point of yield and cheapest in point of production," Cobb said, "business conditions throughout the cotton belt show

Alberta Sturgeon Talks to Society. The answering of roll call with "deeds that we may do to help others have a good Christmas," and a talk, "The Origin of Christmas," as given by Evelyn Erwin gave the members of the National Honor Society a renewed Christmas spirit Tuesday morning.

She is a student in Baylor College for Women, Belton, and she recommends that college very highly. She told of her experiences as a freshman, the college spirit, college faculty, buildings and the student body. Her talk was made more interesting by the distribution of pictures taken on the Baylor College campus.

Debate Club Plans For Winning Teams

Although relatively few of the students show an interest in debate, Charles S. Owens has built up a fine club this year and expects the two debate teams to make a fine showing in interscholastic league circles.

The officers of the group are La Frances Hamilton, president; Geraldine Longbottom, vice president, and Gertrude Ross, secretary.

Because of the varied number of activities in which the students may engage a greater interest is being taken in physical education this year than ever before.

The junior baseball group, directed by Welden Birdwell, is also coached at this time. In the only game this group has played, with Fluvanna, they emerged victorious.

Through competition between the various groups, more interest has been built up in this line of activity than has been the case in former years.

Three years ago—let's see what the boys and girls were doing in November. Snyder defeats Colorado in the mud, 34-6. The regional crown was closer. Nana Bass Egerton had been elected as land sweethart. Allene Curry wrote feature stories, but said she couldn't find subjects. Mrs. Yoder was giving chapel lectures on her European tour. Well, well, a city ordinance had been passed forbidding riding on fenders. A teacher had been locking her students in class. Oh, well! Maybe it was only the weather.

Balanced Meals Are Served by Cafeteria. For a long time our school had no cafeteria, but a few years ago the Parent-Teacher's Association raised enough money and installed one of the best school cafeterias which any school the size of Snyder has. It has been a help to the school in many ways since it has been opened, and we should thank the P.-T. A. for being responsible for this. Each day the small, under-nourished children are being given nourishing food.

The management of the cafeteria gives well balanced, attractive meals each day, and students and teachers eat in pleasant surroundings.

The Snyder Club of Simmons University has been formed recently at Abilene. G. L. Huettis is the club "prexy" and Elverne McFarland is secretary. Other members are: Chas. West, Eva Nellie Arnold, Dixie Lee Davis, Buck Howell and Theo Rigley.

The Origin of New Year's Day. Observance of New Year's Day is of very ancient origin. As far back as 3000 B. C., the New Year Festival was celebrated by the ancient Babylonians. The New Year rejoicing lasted eleven or twelve days in the latter part of March. At first the church prohibited Christians from having anything to do with it, but at last the day was made a Christian festival. In every European country, and wherever English is spoken, the new year begins on January the first. The English speaking people have celebrated the new year on December 25, March 25, and (since 1752) on January 1. The root idea appears to have been the revival of the sun's strength. New Year's Day is generally observed in a public holiday throughout the United States. On New Year's Day there is a very real feeling that the day marks a time of new beginning, better intentions, and better luck—Geraldine Longbottom.

MYSTERY AND THRILLS TO BE SEEN IN PLAY

Four shots! Then death! Murder! And yet no one committed the murder! How good a detective are you? Maybe you can help solve the greatest mystery that has been in Snyder.

The seniors of Snyder High School are giving you an opportunity to see a play in which there is suspense and terror.

It is rightfully named "The Yellow Shadow." Shadows of the most gruesome types are cast everywhere. This is a mystery, thrill, chill, murder and scream throughout.

The players are: Mildred Marvin, Bonita McGahey, an actress; Herbert Marvin, Richard Davis, Herbert's brother; Miss Wayne, Frances Boren, a cousin of Mildred; Miss Perkins, Mavis Shuler, Mildred's best friend; Gilbert Wright, Henry Clements, Miss Marvin's attorney, Sheriff Macklin, Bob Hamilton, the only one in the crowd that ever took a "detective" course; J. Steele, Virginia Willis, the coroner; Jed Travis, Norman York, the character that keeps you guessing and laughing; Nellie Travis, Lola Mae Littlepage, Jed's wife. With such a cast how could a play keep from being good?

We would appreciate your presence at this extraordinary play, for your own benefit, as well as the seniors'. See who is killed! Learn who does the killing! Of course you will enjoy it!

Come! The prices are only ten and twenty cents. We are inviting you to be present for the greatest event in the history of Snyder High School. We hope to see you there! Miss Ethel McLeod and Mrs. Hilton Lambert are sponsoring this play.

Dear Sweet Potato: Do you carrot all for me? My love for you is as strong as an onion. Although you are as soft as a squash, you are the apple of my eye, with your radish hair and turnip nose. If we cantaloupe, lettuce, nutmeg, as I think we will make a peach of a pair. Yours forever, Cabbage Head.

Relieves Women's Pains. Here is an example of how Cardui has helped thousands of women: "I was very thin and pale," writes Mrs. F. H. Scott, of Roanoke, Va. "I suffered from weakness and a severe pain in my back. This pain overruled me, and I did not feel like doing my work. I did not care to go places, and felt worn, tired, dazed after day. My mother had taken Cardui, and on seeing my condition she advised me to try it. I have never regretted doing so. I took three bottles and it built me up. I gained in weight, my color was better and the pain left my back. I am stronger than I had been in some time. Cardui is sold by local druggists.

Fine Arts Program Given in Assembly

Another fine arts program was presented in chapel December 15, and was enjoyed by the entire student body. The boys' Glee Club made its first appearance with Mr. Owens as director and Billie Hamilton as accompanist.

A piano solo, "The Platterer," was played by Estine Dorward, after which a quartet from the girls' Glee Club sang "The Rosary." Joyce Clarkson, Juanita Burt, Alma Alice and Grace Elizabeth Caskey made up the quartet. Nell Carlton sang two popular songs which were greatly enjoyed by the audience. The songs were "I'll Be Faithful" and "Annie Doesn't Live Here Any More." The girls' Glee Club appeared in their new uniforms, and presented three numbers: "The Fairy Pipers," "Sundown," and "The Bells of St. Mary's."

The fine arts programs are becoming more popular in Snyder High School, and are not only enjoyable but instructive.

Miss Ward to Lubbock. Miss Ward, the home economics teacher, attended the district vocational home economics conference held in Lubbock December 3. Sixty-seven teachers from this district were present, and they discussed the problems of teaching.

HOG AND CORN CURB IN SIGHT

The excess of pork and lard on the home market the last few years, due to declining exports, has driven down hog prices and forced an adjustment of both corn and hog production through the new government corn-hog program, explains E. M. Regenbrecht, swine specialist of the Extension Service of Texas A. & M. College.

The Scurry County farm agent expects to receive instructions in a few days concerning this area's participation in the hog-corn control program.

Every farmer in Texas who has during the last two years grown and sold hogs, or grown corn, will be given an opportunity to cooperate with the Agricultural Adjustment Administration in reducing corn and hog production in 1934 and 1935.

A Bountiful Christmas to Each of You, Correspondents!

The Times has given a general "Merry Christmas" on the front page of this issue, but the publishers want to set aside this space for a very special wish for its faithful group of community correspondents over this territory.

We would be thankful if we did not wish for each of you a bountiful Christmas. You have stayed by us during the time when it was hardest to stay. You have continued to send news letters regularly. You have helped build our subscription list. You have made many new friends for the paper.

If we have fallen short in our loyalty to you, we only ask that you forgive us—and give us an opportunity in 1934 to make amends for our shortcomings.

As we said last year, a Very Merry Christmas and a doubly Happy New Year!

Mrs. Alma Earnest, Correspondent
Well, folks, here we are again after a week's absence, with a fresh northern again. It is awfully nice on the fresh men that the folks have butchered. We have often heard of Christmas bells ringing, but this time it's wedding bells also. Gene Wiley and Miss Syble Hull surprised their many friends of this community by getting married last Thursday. We wish for this couple many years of happiness together. They were also married Thursday.

Mr. and Mrs. C. B. Leard and children of Dunn spent Sunday in the home of his mother, Mrs. Earnest.

Mrs. Mable Webb was a business caller in the home of this writer Tuesday of last week.

W. O. Webb bought a great big horse last week. He and his cousin from Mexico are working on the road west of Ira.

Tigers Boast Enviably Five-Year Record

Few Losses Mark Games Played By Moore's Elevens

The remarkable record made by Snyder's football Tigers during the five years of Otis M. "Red" Moore's coaching might well earn him the title as "Outstanding Class B Coach in Texas."

When the Bengals emerged victorious in the Stamford game on Thanksgiving day by a score of 28-0, they ended the most successful defensive season ever known by a Class B club in this section of the state, schedule considered. Although they missed the championship by a half-game margin, due principally to a 6-2 loss to Rotan early in the season, they nevertheless played football of an enviable nature—football that would have won at least nine crowns out of ten.

That loss to Rotan Yellowhammers was the first inside the district for the Tigers in four years. It was midway in the season of 1929, "Red's" first year here, that the Roscoe Plowboys took a bitter 12-6 decision on their home field—a decision that turned out to be the championship margin.

Since 1929, as every fan knows, the locals have won two regional and one district crown. Last year, after making a lengthy jaunt to Wink under trying conditions, they lost for bi-district honors, 7-6. Wink afterward won the title.

During the entire season of 1933, which included ten conference games and two non-conference Class B affairs, only 19 points were scored against the defense that Moore threw up on Tiger Field. All of those points were by passes. It is doubtful if any team in West Texas history that has played a representative schedule in its own division has seen as few yards from scrimmage gained against it as this year's Tiger eleven.

Snyder has the unique distinction of being the only team to defeat the Lamesa Tornados this year. The Tornados not only lost to Big Springs, a strong Class A aggregation, but tore through all opposition to gain regional honors. They whipped Slaton, also defeated by Snyder, for district leadership, then mashed Rotan and Hereford in succession to throw on top of the South Plains Panhandle heap. The Snyder-Lamesa score was 7-0.

Among outstanding conquests of the home team during its five years of Moore-coaching was its 26-7 defeat of Sweetwater in 1929 ("Red" considers this one of his outstanding games); its 7-0 licking of the Simmons fish the same year; its 7-0 win over McMurry fish in 1930 and 14-6 in 1932; its 22-6 defeat of Stamford for the district bunting in 1931; its 45-0 walloping of Albany for regional honors in 1930. In 1932 it held the Lubbock Westerners, leaders in Class A circles, to a 13-7 score.

During the five years, the local boys have scored 1,142 points against opponents' 396—and only 138 of those points were scored by Class B teams. Nine Class A teams and four college freshman teams accounted for the other points.

Points scored for and against the Tigers during the five years are as follows: 1929—Snyder 151, opponents 83; 1930—Snyder 354, opponents 43; 1931—Snyder 236, opponents 206; 1932—Snyder 197, opponents 49; 1933—Snyder 144, opponents 19.

Roll Call Drive Has Fallen Far Short Of Goal As Final Report Time Nears

With barely 500 memberships, the Red Cross Roll Call of Scurry County has fallen about 300 short of the goal of 800 set by the chapter, and more than 100 less than last year's record.

In an effort to give every person in a Snyder business house or office an opportunity to join before the final report is sent to national headquarters, Marcel Josephson, chairman of the business district canvass, secured several additional Roll Callers early this week.

Following are persons who have become members this year, in addition to the large list already printed by The Times:

Windham Kayoes Hudson; McGinty To Meet Ziegler

In one of the best fight cards presented here this season by the Townsend-Leon combination, the favored Wexley Windham of Abilene kayoes Jacie Hudson of Oklahoma City in the eighth round of the scheduled 10-round feature.

It was a rollicking bout from end to end, with Windham having the edge in all except two or three rounds. Twice in early rounds he shook the Oklahoma youngster to the mat with stunning lefts to the head. As the fight wore on, however, Windham took the worst of it, and the heavier poundage and reach of Hudson began to wear on him considerably. His knockout blow in the eighth took most fans—and Hudson—by surprise. It was a terrific left jab to the jaw that turned the trick.

Kid Goosey of Wimsboro failed to show up for his semi-final bout with Hambone Barnes, but two lanky youngsters staged such a pretty bout that the fans gave them a big nickel-dime contest in the fourth round had passed.

It will be "Red" McGinty against Kid Ziegler next Saturday. Too, it will be a heavy crowd getter, for these two Scurry County lads are not only well known but well liked by their home fans. A number of followers of the pair have indicated that it will be the last attended fight menu of the season. The tabernacle will again be heated, and ladies will be admitted free with paid admissions.

GOODFELLOWS TO PLAY PART OF SAINT NICK

Final Plans Made to Take Christmas Cheer Into Homes of Unfortunate Children.

Final plans have been made for carrying Santa Claus cheer into the homes of unfortunate children Sunday afternoon and evening—Christmas Eve.

In a called meeting Monday evening, the fire boys named M. M. Gideon to be in charge of their annually-distributed baskets. Legion "cheer" jars have brought in several dollars for the children of needy veterans in the county. The Business and Professional Women's Club voted Tuesday evening to combine their gifts with those to be distributed by the fire boys.

CORRECTS SPEECH

John Campbell Parker of Dallas, former director of America's Original School of Speech Correction, was in Snyder several days ago to assist members of the local school faculty in discovering cases of speech deficiency such as stuttering. He reported to C. Wedgeworth, superintendent, that he found local students to have less speech deficiency than any of the numerous groups he has examined. He conducts an all-summer camp at Glenrose, where personal treatment is provided for stammerers. Parents interested in advising with him may get in touch with him through his brother, Felix Parker, manager of the Snyder Produce Company.

A Book or Two

Found in the Rental Library of Mrs. Mabel Y. German

The Willand Family.

In "The Waters Under the Earth" Martha Ostenson describes the fear, suspicion and bigotry found in the Willand family, calling them the dark waters under the earth.

The father, Matt Willand, considers himself a patriarch, ruling even the thoughts, so he thinks, of his grown children. Neglecting his shop, he devotes himself to religious tracts and leaves it to the Lord—and to his hard-working eldest son—to provide for his large family. By his sternness and lack of understanding, he kills all paternal affection in his children; but most of them, bound by the waters of fear, are too weak and cowardly for the struggle of finding a happier life for themselves. They remain with their father, bitterly hating him and his life, yet lacking the initiative to rebel.

The eight chapters of the book, each named for one of the children, reveal ironically the fate of the Willands. One is driven to immorality; another becomes an invalid; and a third commits suicide. Two, however, Page and Carlotta, are courageous enough to leave home and to cast off the ties of fear and suspicion.

A few cheerful and altogether beautiful scenes relieve this otherwise morbid story; Carlotta's happy childhood; Ruth's love affair; David's sacrifice; Page's life on his grape farm; and Carlotta's departure from home to marry a man of whom her father disapproves. That the book, though interesting, is extreme and exaggerated, there is no doubt. Even in portraying these dark waters under the earth, the morbid side, one feels, is overdone. Yet one is convinced, as by a reformer, that man must to his own self be true.

Fire Boys Thanked.

We wish to extend our public thanks to the Snyder Volunteer Fire Department for its faithful assistance during our gin fire Friday night. The fire boys stayed on the job for more than two hours in order to place the flames under complete control and prevent later spreading of the fire. We are deeply grateful for this sacrificial service, and feel that Snyder should consider herself fortunate in having such a loyal fire department.—T. J. and A. H. Trice. 1tc

Poor Producer Canned.

Dairy records kept for two years in a demonstration with the county agent in Shackelford county by Robert Bradford spelled the ruin of one poor producing cow. Offered \$10 for her, Mr. Bradford canned her instead.

Gins Will Be Closed Monday and Tuesday

All local gins will be closed all day Monday, Christmas Day, and Tuesday, it was announced Tuesday by a representative of the group. Farmers are urged to complete their ginning Friday and Saturday if possible. All the gins are preparing to reopen Wednesday of next week in order to care for the last dribbling bales of the season.

Santa Claus To Be Visitor At Economy

Santa Claus will visit the Economy Store in person Thursday, Friday and Saturday of this week. It was announced yesterday by Nathan Rosenberg, manager. All the children of this territory are invited to see him.

In the Economy ad in this issue of The Times, it is announced that a blanket will be given free with a \$10 purchase. It was discovered too late for correction that this should have read a blanket free with each purchase of \$10 or more.

FIRE DESTROYS GIN LAST WEEK

The north Trice gin, two blocks west of the Snyder square, was completely destroyed by fire Friday night of last week. Flames had taken charge before the siren was sounded at 2:30 o'clock, and the fire boys could do little more than prevent other buildings from burning, too.

Operators of the gin are of the opinion that smouldering cotton that had dropped into a crevice during a small fire in the stands during the day was responsible for the total loss, which was estimated at \$20,000. Insurance was less than \$9,000.

A. H. and Jeff Trice were so gratified with the work of fire boys, which continued for more than two hours, that they rewarded the department with a \$15 check.

Read the ads in this issue of The Times, then save on your purchases at Snyder stores.

Christmas Pageant At Fluvanna School

The Fluvanna schools will present "Holy Night," a Christmas pageant under the general direction of Miss Myrtle Turner, primary teacher, Thursday evening at 7:30 o'clock in the Fluvanna High School Auditorium.

E. O. Wedgeworth, superintendent of Fluvanna schools, states that everyone is cordially invited to attend this free entertainment. Music will be furnished by the high school choral club which is composed of 35 members.

Alleys Being Given Clean-Up in Snyder

Snyder alleys, vacant lots and other trash collecting spaces are being given a genuine clean-up by OWA workmen this week.

Armed with boxes, rakes and other implements, the government-paid men are adding winter beauty to the business part of town. They have the thanks of every business man.

UNCLE SAM TO RECEIVE COWS

Thirty-six good cutter cows may be delivered to Lubbock from Scurry County Tuesday, December 26, with Uncle Sam, represented by Henry C. Harding as the buyer. This announcement has been sent to the county agent by the Extension Service, in charge of handling 20,000 Texas cows for canning for relief work.

Any farmer or cattle man wishing to sell cows under this plan is requested to get in touch with the county agent by Saturday night. The cows should be carrying some flesh, and are to be delivered to Lubbock. The price at Lubbock is \$1.75 per 100 pounds, with no commission but possibly with a small yardage fee. The county agent assumes no responsibility in the deal.

"Now is a good time to sell some of your cows if they are fat and you do not plan to carry them through the winter," the agent says.

Irrigated Garden Pays.
The only way to be sure of having a successful garden in Archer County is to sub-irrigate it, says Ralph Berton, who installed such a system after shown how by the home demonstration agent. Using 60 feet of discarded pipe, he picked more peas from sub-irrigated row than from four other rows.
