STILL—NO BEER?

AN EDITORIAL.

The Times doffs its hat this week to the beer dealers in Snyder who have closed their stocks of suds without question or quibble.

Now that the electorate has spoken, it is up to officers of the law to put the clamps on those who continue to sell beer and whiskey illegally.

In fact, no officer can be excused for not making a determined drive on liquor law violators in this county. A series of raids and a series of fines and jail sentences would help to weed out the rank crop of bootleggers and other law violators.

What to do about it? The officers blame the public for a mushy sentiment. The public blames the officers for sitting on their haunches.

No matter how tangled the prohibition laws may become, The Times has an old-fashioned idea that officers who live up to their oaths and citizens who live up to their citizenship duties could clean up the dregs of lawlessness at least enough to take Snyder out of its place as a bootlegger's paradise.

Another Terrell In State Office Whirl

The name of another Terrell was added to the list of Texas political aspirants Saturday when Quillen T. Terrell of Lamesa, resident of Dawson County for 30 years, announced as a candidate for governor in the democratic primary. He is 40 years of age, is married, has three daughters, is a Baptist and a prohibitionist. Plans in his platform include changes in the truck laws, modernization of the school system with "equal educational opportunity" for all Texas children; enforcement of the Dean law; rewriting of the state constitution; stable and sound program for agriculture and livestock in the state.

Clark M. Mullican Of Lubbock Making Congressional Race

Announcing originally for the nineteenth congressional district place on May 16, 1933, the day Governor Ferguson signed the bill creating the new district, Clark M. Mullican of Lubbock makes formal announcement in The Times this week. Judge Mullican is at present judge of the 9th district court, having served as district judge for the past 11 years. The Mullican platform will be presented in a later issue of The Times.

Haskell Sheriff In As Officers' Chief

Sheriff W. T. Sarrels, Haskell, vice president of the West Texas Sheriffs' Association, was elevated to the presidency before the El Paso convention adjourned at noon Friday. Arch Holmes, Seymour, was made vice president and Chris P. Fox, El Paso sheriff, was chosen secretary-treasurer. Lampasas was chosen as the next meeting place. S. H. Newman, sheriff of Scurry County, was among delegates to the border convention. He reports an excellent program but light attendance because of the distance to El Paso from most Texas points.

Howsley Called to Job at Washington

A. M. Howsley of Albany, son of one of the pioneer cattlemen of Throckmorton County, has been appointed to a position in the attorney general's department at Washington with instructions to report at once. Frank Reeves said Tuesday in his Chuck Wagon column. The youthful attorney will be remembered as a candidate for the state senate from this district two years ago. He was high ranking man in this county in the first primary, but was beaten by Wilbourne Collier, incumbent, in the second primary.

BILL DRAWS IRE OF DRUGGISTS

"We do not wish to turn the drug stores of Texas into open saloons," declared Lee T. Stinson of Snyder, president of the Texas State Pharmaceutical Association, in a widely published statement to the Associated Press last Friday. "This statement was made in opposition to the McGregor bill introduced in the Legislature, which would permit practically wide open sale of intoxicants in drug stores. "Druggists are almost unanimously opposed to the spirit and terms of the McGregor bill," the local druggist declared. "Such vicious legislation will continue to be opposed by a vast majority of the state's druggists."

Rabbit Drive Success.

The rabbit drive held Tuesday of last week in the Lloyd Martin community was an outstanding success, according to residents of the community. It is estimated that almost 1,500 rabbits were killed by hunters, several of them from Snyder. This was the county's first big drive of the season.

The all-day basket ball tournament for rural high school teams of Scurry County is to begin Saturday morning at 9:30 o'clock, according to Loran Cotton, director of rural athletics. Seven boys' teams and four girls' teams have been entered. Independence had the winning teams in boys' and girls' divisions last year. No admission prices will be charged. All games will be played on the local court, at Tiger stadium. Following is the schedule of boys' games: 9:30 a. m.—Bethel vs. Crowder. 10:20 a. m.—China Grove vs. Independence. 1:00 p. m.—Ennis Creek vs. Bison. 3:30 p. m.—Canyon vs. winner of Ennis Creek-Bison game. 5:30 p. m.—Finals, morning winner vs. afternoon winner. Girls' games will be played as follows: 11:10 a. m.—Canyon vs. Bethel. 1:50 p. m.—Bison vs. Independence. 4:20 p. m.—Finals, morning winner vs. afternoon winner. Director Cotton requests that all teams, with coaches, report at the stadium just prior to 9:30 o'clock Saturday morning.

Good Return From Times Ad for Times

The Times carried a little news story last week that brought immediate results. Before the paper was a half day old, several old papers dated July 27, August 3 and November 2, 1933, had been brought into the office, at 10 cents each. But the paper yet needs a few issues of those papers to complete its file. First come, first served.

Code Meeting of Oil Men Held In Snyder Thursday

About 50 agents, dealers and station operators attended the organization meeting of those connected with the marketing division of the petroleum industry for sub-zone No. 5, held last Thursday afternoon in the district court room. Purpose of the organization is to see that uniform trade practices and prices are observed by the agencies and dealers under the oil code of the NRA.

Arthur P. Dyer of Dallas, official of the state organization, was the principal speaker of the day. Among the coordination movements explained by the Dallas man was the necessity of separating wholesale agencies from retail dealers among the petroleum men. This latter move is being put into force this week in this area, and several businesses are being affected. In the organization meeting N. W. Aury of Snyder was elected chairman, and John Stavelly of Fluvanna was made secretary. Other members of the local directorate named were: Ollie Stinson W. E. Doak and Henry Howard, all of Snyder. Mr. Howard was an original member of a state committee appointed several weeks ago by the state office. Other directors will be named from Ira, Dunn and Harmleigh. A committee meeting will be held this (Thursday) afternoon in the rear of the Howard Grocery, east side of the square when further official data will be studied. Subsequent meetings are planned now for several weeks until complete understanding of the code regulations is reached.

Visiting Preachers Fill Presbyterian Pulpit This Month

Local Presbyterians are enjoying several preaching services in this month. Rev. E. B. Surface of Lamesa was in the pulpit at both services last Sunday, and Rev. G. W. Pender of Arlington will preach next Sunday morning at 11:00 o'clock. The Lamesa pastor delivered two outstanding sermons, according to members of the congregation. The morning sermon was on "Making the Most Out of Life," and "Responsibility" was the evening subject. Three additions were received by the church, and two infants were brought for baptism. Rev. Pender is the Texas synodical secretary of the board of missions. Local Presbyterians invite the attendance of a full membership for the service to be conducted by the visitor Sunday morning.

The base and asphalt topping will come later. The road goes east from Gail for 1.4 mile.

Why your neighbors are saying ...

"Put back my Telephone"

Every day former users of telephone service ask us to re-connect their telephones. Here are some of the reasons they give:

"My husband is working again ... we missed the telephone more than anything else."

"We thought we would save money, but found it false economy to be without a telephone."

"... I found that running my household required at least three more hours a day."

"Frankly, we were beginning to be 'back-numbers.' Our friends couldn't call us, nor we them."

"... I didn't like to think of my wife and youngsters at home without a telephone. I kept worrying about fires, hoboos, accidents ... they had no protection."

THESE people have realized how much they missed the convenience, pleasure and security that a telephone gives.

Do you miss your telephone? Call the telephone business office, now. Say, "I want a telephone."

**THE WEEKLY DOZEN**

**New French Styles.**  
 Talkative Billie says that French styles will soon be featuring brassieres and helmets if the rioters don't stop pretty soon.

**Too Much and Not Enough.**  
 Pessimism Pete says the big thing the matter with most candidates, as he sees it, is that they have too much grab and gab, and not enough backbone and silence.

**The Weekly Reminder.**  
 Since no one seems to know that stop signs continue to exist on streets approaching the Snyder square, we suggest to the City Council that the little rubber stens be dug out of the pavement.

**Radio Takes the Rap.**  
 Cuba gets a new president, John Gilbert and Rudy Valle each lose another wife, another millionaire is kidnapped, and a dozen more convicts break out of the penitentiary, but the little dories go on and on.—Donna News.

**Mahon Has Inside Track.**  
 A Lubbock newspaperman, whose home town is presenting two candidates for Congress from the new nineteenth district, states that George Mahon of Colorado is destined to poll in the neighborhood of 90 per cent of the votes in the counties composing his judicial district. Certainly the youthful district attorney is not without honor in his own country.

**All Honor to Our Writers.**  
 Readers of The Times will assuredly join the publishers in welcoming the new members into the family of community correspondents. All of us are anxious to build up an even wider coverage for news of the Snyder trade territory. If you live in a community where no special writer abounds, won't you be kind enough to help us locate one who is interested in this type of work—and in his or her neighbors?

**Is It Wise or Foolish?**  
 The wisdom of extending the time for payment of car license fees is questioned. There is little wonder that taxes of all kinds are sky-high... there are so many drafters, and the lawmakers have encouraged drafting so much, that a comparatively small proportion of Texas people are now bearing most of the tax burden. In the case of the new license law, the time extension means, in the final analysis, that car owners may run their vehicles for three months without paying the state.

**More Noble Lives.**  
 Within the past few weeks Scurry County has lost an exceedingly large number of lives. We all miss the old-timers, but we somehow expected them to pass away after their pioneering was complete. Small children, too, are snatched away, and sorrow at their passing is alleviated by the fact that they had not yet made deep impressions on any lives outside their immediate kin. But when death takes such a life as that of Earl White, a youth of 30, we pause over-long, and wonder what noble things would have come if life had lingered.

**Collie Does Things.**  
 Wilbourne Collie, this district's state senator, is doing things down at Austin. At least, he is doing his best to do things. Remembering one of the major planks in his election platform, he is making earnest efforts to eliminate much of the technicality and red tape that has surrounded court procedure for decades. No matter how acute he may be as a politician and senator, he will probably not realize his rejuvenation ambitions at once. But his constituents and others who know the maze of do-nothingsness and expense that usually surrounds court procedure will welcome his efforts.

**After the Banquet—What?**  
 Snyder Lions were off to a rollicking start at the Mordey aught banquet. There has been no back-handing or backbiting since the new Lions Club idea was launched a few weeks ago. Those who have watched civic clubs at birth and death here declare that there has never been a more auspicious beginning for such an organization. After the banquet there must be the same desire for the common good and for unselfish community work that brought about the Lions Club reorganization. By the hands of 40 or more members such as have already been enrolled, there will henceforth be a Lions Club here that folks will write back East about.

**Reduce the Number.**  
 The members of the Legislature are no better nor any worse than the rest of us. They are a cross section of the people of the state, or at least of the desires of the people, legislatively. With only four months of study in a biennium on as many and as varied problems as Texas presents, politically and economically, no man can do himself or his people justice. A hodge-podge of laws must result. Perhaps some betterment could be made if the number of

**Our Chamber of Commerce.**

The Chamber of Commerce meeting tonight (Thursday) should be attended by at least one representative of every business house in Snyder. Most of us have become entirely too neutral about our Chamber of Commerce affiliation. Perhaps our attitude is due partially to the fact that the Chamber of Commerce has become too neutral about its activities. But, when the truth is boiled down, we find that this half-inactivity is due as much or more to the organization's individual members than it is to any other one factor.

WE are the Chamber of Commerce, much as we would like to shift the burden to other shoulders. We have sat back expecting to do something when it had nothing to do with and little urge from its membership to do anything startling.

At that, the civic organization has done more than most of us suspect. The various threads by which it has accomplished things worth while have kept community life knit together as no other agency could have done.

If we will attend the meeting tonight, keep our hands open for improvement, and then resolve to become active pushers rather than inactive neutrals, we can expect the Chamber of Commerce to take a new place in our community's well-being.

It seems to The Times that the hour has never been more auspicious for Snyder to knit herself together in every way than right now. Organization, at a minimum of expense to all parties concerned, will turn the trick.

The Chamber of Commerce needs you. You need the Chamber of Commerce. Put those two needs together—by attending the meeting tonight.

**EDITORIAL OF THE WEEK**

**TEXAS' FUTURE IS INDUSTRIAL**

The springing up of many small, depression-born factories in Texas is a development that must receive the encouragement of all who are interested in the material progress of this state. These industries are not of great consequence now—here a tiny canning plant and there a garment factory in a 50,000-foot loft—but the old saying about great oaks and little acorns must not be forgotten. Texas must also lend itself more earnestly than ever before to the establishment of initially large enterprises, both by the erection of new and the relocation of old plants, as seen as business conditions again make available capital for this kind of investment.

Texasans have for many years been enthusiastic advocates of the upbuilding of the manufacturing industries in their state but they have always had the easy feeling that, falling in their industrial enterprise, they could fall back upon the sweep of agricultural development to bring increasing population and wealth. Texas is not at the end of its agricultural development for there are still millions of acres of fertile, unplowed lands. Yet, with a world choked with nearly everything that the farmer produces and with the growing menace to our export markets resulting from the spirit of nationalism and commercial isolation throughout the world, it is doubtful if the next ten or fifteen years will witness such agricultural expansion as has taken place during the last two decades.

There is a great field left, and to some extent it exists, regardless of whatever unfortunate international developments take place. It is the field discovered by the figures showing that the state produces only a small part of its consumption needs. This is not advocating artificial stimulation of a Texas market for Texas goods, but an orderly economic development that will be favorable enough to Texas without artificial stimulus.—The Dallas News

**THE TEXAS SPIRIT**

By Will H. Mayes

The spirit that was back of the few intrepid Texas soldiers at San Jacinto, whose heroic struggles changed the map of the nation and opened a vast empire to the development of Anglo-Saxon civilization, is the same spirit that has characterized the progress of Texas throughout the century.

Little did it matter to Sam Houston's men that they were in direst poverty, poorly clothed, without a day's provision ahead, unequipped with arms and ammunition to face their enemies and without assurance of any personal rewards. They were ready to fight, to die, for the principles in which they believed and for the common good for all.

The heroism that characterized Texans at Goliad, at the Alamo, at San Jacinto, and on other Texas battlefields, was manifested in the equally courageous sacrifices of the pioneers who bravely faced the hardships necessary to the building of the high ideals of statecraft, education, and religion upon which Texas progress has been founded.

Truly Texas can look back upon a hundred years of marvelous achievement and make due acknowledgment to those pioneers to whom the state is indebted for all that its people now enjoy. If Texans are worthy descendants of a renowned ancestry, or appreciative recipients of a glorious heritage, they will not hesitate to render the homage that is due the founders of their great state.

By their votes the people of Texas have asked that the events of 1836 be appropriately commemorated and have placed the responsibility for such action upon the Legislature. Unless the spirit of 1836 is dead, unless the progressive spirit of the past century is now dormant, unless its faith falters, Texas will unite in showing to the world, in a respectful celebration, its reverence for its founders, its pride in its progress and its reasons for confidence in the future.

representatives in the house were cut in half so as to reduce the multitude of judgments. Enough men to be representative of the people and not too many to create a babble of confusion might help to a considerable extent.—Floyd Conant Hesperian.

**"It Is a Farmer—No Value."**

One of the richest yarns of the year came to light a few days ago. It percolated through several hands to the Times office, so we can't tell exactly where it originated. We strongly suspect that the squiblet was written before the meeting of Mr. Cotton Farmer and Miss Government Option. Read it:

"A tale is told on a young college feller from the city who got himself a job as an appraiser for the Federal Land Bank. It seems that this Jasper wasn't none too familiar with the animals grown on the range so he carried around a bunch of pictures which gave him an idea of what the animals were and how little they were worth. He got along fine until one day he got down into the Rocksprings country and discovered a goat. He looked his pictures over and got out all the descriptions of the various animals but found nothing giving the description of the value of this animal. So he wrote headquarters as follows: 'The animal has a long, tired, depressed face. It's thin, with a rough, shaggy coat and its rump is nearly bare. What is it?'  
 "Back came a telegram: 'It is a farmer—no value.'"

**WILL DISCUSS HOG PROGRAM**

Hog producers of the county who are interested in the hog program of the government, are requested to meet in the district court room Tuesday evening of next week at 7:30 o'clock.

Every farmer who has been raising hogs during the past two years is urged to be present at the meeting, as the county agent will explain the New Deal for the swine raiser.

**Rev. Young to Lubbock.**

Rev. S. H. Young, pastor of the First Methodist Church, is in Lubbock today to attend a meeting of the board of finance, Northwest Texas Methodist Conference, of which he is secretary. He confidently expected the trip to be of definite benefit to his irreligious flum.

Strong emotion, weaker thought.

**Bank Closes Twice For Legal Holidays**

The Snyder National Bank was closed all day Monday, February 12, in observance of Lincoln's birthday.

A second legal holiday will come Thursday, February 22—Washington's birthday.

Funeral services for the infant daughter of Mr. and Mrs. Ivan Dodson were held at the Odum Funeral Home at 9:00 o'clock on Monday morning. Rev. S. H. Young, pastor of the First Methodist Church, officiated, and the Odum Funeral Home was in charge. Burial was made in the Snyder cemetery.

**Is This Too Good for Your Cough?**

Creomulsion may be a better help than you need. It combines seven major helps in one—the best helps known to science. It is made for quick relief, for safety. Mild coughs often yield to lesser helps. No one can tell. No one knows which factor will do most for any certain cough. So careful people, more and more, are using Creomulsion for any cough that starts. The cost is a little more than a single help. But your druggist guarantees it, so it costs nothing if it fails to bring you quick relief. Coughs are danger signals. For safety's sake, deal with them in the best way known. (adv.)

### BOY CHAMPION PIANISTS TO BE HEARD FRIDAY

High School Band and Musical Coterie to Sponsor Concert By Two Artists.

Jack Moates and Thurman Morrison, the boy champion piano players of the Southwest, will be presented in a concert of popular classics at the high school auditorium Friday, February 16, at 8:00 p. m. under sponsorship of the Musical Coterie and the High School Band.

Both Moates and Morrison hail from Simmons University, where, under Mr. Allison, dean of music, they have received their training during the past six years.

The Moates-Morrison concert in Snyder will be composed of selections from the classic, romantic and modern composers. It will begin with works from John Sebastian Bach and will include two Beethoven sonatas. Then will follow romantic and modern groups of varied interest. The most difficult selections programmed will be the Verdi "Liszt" "Rigoletto Paraphrase" and the "Staccato Etude" by Rubenstein.

Musicians of Snyder and adjoining towns are cordially invited to hear this recital.

The high school band, under the direction of Clyde Rowe, will give a brief concert before the pianists begin their program. Mr. Rowe has charge of the ticket sales. Admission will be 10 and 25 cents.

### Sophomore A's Lead in Library Drive This Week

The sophomore A's have pulled so far ahead of other Snyder High School classes in the school-wide drive to increase the volume of the library that their totals are more than double those of all other classes combined. Miss Maurine Cunningham is their sponsor.

Two hundred volumes of books, most of them in good condition, have already been added through the determined drive conducted by students in all parts of town, and particularly in their home bookshelves. Several new books, purchased partially with money derived from recent "Egg Day" and "Chicken Day" in the school, are on the road from publishing houses.

Many magazines have also been added. Based on purchase price, they are valued at \$215. The books are estimated to be worth \$211, while the eggs and chickens netted \$13.71.

The library is being rearranged to care for the extra volumes. All books and magazines are being classified and indexed, and a careful system of faculty-student overseeing is being carried out even more perfectly than in the past.

**McGahays Visiting.**  
Rev. Philip C. McGahay is in Plainview Tuesday, Wednesday and Thursday of this week as president at the annual meeting of the Panhandle Pastors' and Laymen's Conference of the Baptist denomination. Mrs. McGahay and children are visiting in Vega with her parents. The family will return Friday.

Modern wedding knots are slip-knots.

### BACKACHE, NERVOUS

Mrs. Sallie Catlin of Iowa Park, Texas, says: "I was down and out, had pains across the middle of my back, my feet and hands were swollen, I was very nervous and slept and ate poorly. A few bottles of *Preco's Favorite* and when the swelling left my feet and hands and I enjoyed perfect health." New size, tablets 50 cts., liquid \$1.00. Large size, tabs. or liquid, \$1.35. "We Do Our Part."

### HERE IS MORE CONCERNING Lions Banquet CONCLUDED FROM PAGE 1

charter members, according to the new secretary.

The serenaders, well costumed and well muscled, entertained during the banquet period. Mrs. Hilton Lambert presented several of her pupils, as follows, at the close of the visitors' program: Virginia Robinson, tap dancer; Marilyn Roberts, reading; Forest Crowder and Lola Jo Rogers, acrobatics; Billie Hamilton, piano solos; Ernestine Morten and Doris Wilson, tap dances.

The reorganized club was greeted with a telegram from Melvin Jones, secretary general of Lions International. It was read by J. C. Smyth, toastmaster of the evening, as follows:

**Telegram From Secretary.**  
"Congratulations to the Snyder, Texas, Lions Club on their reestablishment and return to active functioning. We wish you every success and assure you of our cooperation in making Snyder Lions Club of greater benefit to your community and members."

The district governor, in the principal address of the evening, declared that one of the chief functions of a Lions Club is to enlarge the soul of a man so that it will encompass a wide scope of service and sympathy. He emphasized Lionism as a purveyor of such human services as helping of the blind and children with defective vision. He called on the reorganizing club to follow the doctrine of a Mexico City Lion, "and sit on the hill at evening and laugh at the setting sun."

**Gives History of Lions.**  
Deputy Governor Greene gave a brief history of Lionism, and declared that the secret of the movement's success lies in its accumulation of human services rather than in its monumental accomplishments.

Rev. P. D. O'Brien of Colorado furnished a few minutes of full-throated fun. Bill Cooper of the visiting club invited local Lions to the district convention at Colorado in April.

C. Wedgeworth, responding to the addresses of the two guest officials, expressed keen appreciation in the name of Snyder Lions for the continuous interest shown by Colorado Lions and Governor Harrington in the rejuvenation of this club. He introduced Joe Mills, president of the Colorado Lions Club, who spoke briefly.

Permanent officials of the local club expressed confidence that at least 50 members will have been attained by the club before March 1.

**New Red & White.**  
Announcement was made last week of the opening of the J. A. Leach grocery at Ira as a Red & White store. The addition to the group of independent food dealers is served by the local W. O. Wooten Grocer Company. Mr. Leach has operated the store for some time without any outside affiliation.

### DUNN WINS AT BALL TOURNEY

Featuring their most famous war-horse, Ashley, in his final tournament before graduation, the Dunn Owls Saturday night flew away with the Scurry County basket ball tournament, played Friday and Saturday at Hobbs, in Fisher County.

The feathered ones advanced to the finals with Ira by pouncing on Hermleigh by the phenomenal score of 57 to 2, and taking the semifinals from Snyder, 37 to 18. Ira was easy meat, too, falling by the wayside in a none-too-exciting final game, 28 to 10.

Pyron girls eased up in the final game against Pyron to take the division title, 54 to 24. They had a difficult time with Independence in the first game, however, barely eking out a 43 to 40 decision in an overtime tilt.

Ashley, one of the outstanding athletes developed in Scurry County in recent years was easily high point man of the meet, with 47 tallies.

Despite the fact that the entire tournament was held in the Hobbs gymnasium, and the further fact that the weather was unpleasant, good crowds attended all games.

R. L. Williams athletic director, says that expenses were cared for. Burl Huffman, assistant coach of the Lubbock Westerners, officiated.

Detailed reports of the games, secured for The Times by Richard Davis, will be published next week. Lack of space forces omission this week.

**Keep Soap Suds HOT and save Your Elbows**

It's certainly no fun to rub and scrub through a Spring house cleaning campaign. But this business of prying dirt loose from tile and wood surfaces can be made easier simply by using plenty of hot water.

Actual tests show that hot water cleans faster than luke-warm or cold water. So to speed up house cleaning tasks see that soap suds are kept HOT at all times.

The automatic GAS water heater offers the one dependable way to have hot water for every household task at a turn of the faucet and without attention. It heats 20 gallons of water for an operating cost of only one cent! Let us install one for a small down payment with balance monthly. There's a discount for cash and a trade-in allowance on your old heater. Investigate!

## Ira School News

Believing that a continual system of agriculture is essential to the success of Scurry County, and that the conservation of moisture and soil fertility are necessary to such a system, the agriculture boys and girls spent the greater part of the past week running contour lines for Mr. Brice.

The basket ball boys have closed a mediocre season are now looking with enthusiasm toward track and baseball.

The school dramatic club is progressing very nicely. Every member is being benefited. Our next program will be a debate. The question for discussion is: Resolved: "That George Washington Did More for His Country Than Did Abraham Lincoln." The debates should be good.

The CWA nurse, Mrs. Ivan Perkins, is with us today (Monday) and will possibly be here Tuesday. She is looking after the general health of the school children. We are very glad to have her with us. We think she can help our school and community.

The seventh grade, sponsored by Mr. Horton, has a splendid report. The attendance is approximately 80 per cent. They also show interest in debating history questions. To interest the boys and girls in looking forward to home economics and shop work the teacher has offered cash prizes to both boys and girls of the sixth and seventh grades. The prizes to the girls will be for home sewing; that of the boys for construction work at home. The girls have turned in a few dresses, some cap towels, hair pins, aprons, pillow cases, table runners, etc. The boys' work has been mostly along the line of midget aeroplanes. All work turned in has been exceptionally good for boys and girls of this age.

The Ira basket ball girls attended an invitation tournament at Roby on February 1, 2 and 3. They kept a balance in games lost and won. This week-end they attended a county tournament at Hobbs. They were handicapped by the absence of two girls, Evelyn Thomas and Maxine Hilly, but played a good game with Hermlet, winning by a score of 30 to 28.

All work for the Interscholastic League meet is progressing nicely and there are entries for practically every event. Everyone is interested in seeing our school win some places of honor.

Today (Monday) the home economics department is starting its work for the second semester, which will be given essentially to clothing problems. They have recently finished a very successful

## Fluvanna News

Mrs. L. A. Haynes, Correspondent

We have a lot of sickness, mostly whooping cough, red measles, and some flu. These diseases are interfering quite a bit in our school, especially the grammar grades. We are hoping that the children will soon be back in school again.

The past week has been foggy and misty, but the rain the farmers have been wishing for has not yet come. Let us hope it will come in the near future. Most of the farmers are turning the soil and a little rain would be greatly appreciated.

The road work that is being done is certainly a great improvement to this part of Scurry County. We are thankful for these roads, as our roads were almost impassable from here to the highway in rainy, bad weather.

Church and Sunday Schools were scarcely attended Sunday due to the weather and so much sickness.

Bro. Story spent Saturday night and Sunday at Union Chapel.

We extend our heart-felt sympathy to Mrs. Clarence Dorey in the death of her dear brother, Earl White, of Snyder. She was at his bedside during most of his illness, and attended the funeral, which was held Sunday. She has a host of friends who sympathize with her.

Joseph Landrum Jr., who has been quite ill the past week, is not any better at this writing. We hope for him a speedy recovery.

Miss Mercedes Robertson spent the week-end at Abilene visiting relatives. Little Carlton Daugherty accompanied Miss Robertson, and he visited with his aunt and uncle, Mr. and Mrs. Leonard Daugherty.

Virgil Rex, who has been quite ill, is said to be improving.

Clara Rea made a trip to Sweetwater Wednesday of last week to take Dad Meers, who will visit with relatives near Sweetwater.

Mrs. Wiley and brother, Mr. George, of Breese were visiting here last week. Mr. Wiley has the grass on the J. R. Williams farm west of town leased and is running 700 head of sheep on the pasture.

T. L. Benson shipped six double decked cars of sheep last Thursday to Lebanon, Indiana.

Monday being a holiday Emmett Boren, who works in the Lamesa bank, visited with homefolks here.

Mr. and Mrs. R. Brown of Snyder spent Sunday visiting her mother, Mrs. A. D. Lincley.

Mrs. P. W. Parks, who has been an invalid for some months, is doing very well.

The Evans family has moved back into our community. Folks will move away but they always come back.

## Crowder News

Mrs. J. P. DeShazo, Correspondent

The pupils of Mrs. Tate's room had a Valentine party at the school house Thursday evening, terminating a health contest in which the ladies side entertained the winners. Several games and contests, all pertaining to Valentines were entered into. Cake and cocoa were served to Misses Helen Gunn, Mayme H. Shannon, Dora Mae Bellows, Marjorie Buttrel and Eula Mae Reep. Messrs. Vandy Jones, Doc Cochran, Marshall DeShazo, Leon Gunn, L. M. Reep, Billy DeShazo, J. B. and Ardis Messes, Travis and Junior Buttrel, Mr. and Mrs. Erton Tate and the pupils of Mrs. Tate's room.

Bernard and Monte Rea Smith of Plainview community spent the week-end with their sister, Mrs. Erton Tate.

Mr. and Mrs. Erton Tate attended Baptist Church services in Snyder Sunday evening.

Mr. and Mrs. C. P. Gilmore and daughter, Jane, spent Sunday in Pylon.

Mr. and Mrs. J. J. Koonsman of Lloyd Mountain spent Sunday evening at the Joe Reep home.

J. P. DeShazo and E. W. Boatwright made a business trip to Roby Monday morning.

We are glad to report that Miss Cleona Belle Witten and Mrs. Lev Thompson are doing nicely. Both underwent operations for appendicitis at the Emergency Hospital

## Lone Wolf News

Glady, Mahoney, Correspondent

Mr. and Mrs. B. L. Kimble were business visitors in Lorraine Monday afternoon.

Fred Kerr is our new teacher at Pylon, filling the vacancy left by Miss Virginia A. Thompson. We regret to lose Miss Thompson, but we welcome Mr. Kerr.

Quite a number of Pylon folks attended the Scurry County basketball tournament at Hobbs Friday and Saturday nights. Our girls won the championship but our boys lost.

The infant baby of Mr. and Mrs. Max Holman was laid to rest Monday, February 12, in the Pylon cemetery. We extend our deepest sympathy to the bereaved.

Hubert May of Valley View was in our community Sunday.

Mr. and Mrs. Edd Stahl and son, Junior, of Valley View spent Sunday with the former's parents, Mr. and Mrs. A. Stahl.

Mrs. D. L. Bellinger and children of Lorraine spent Wednesday afternoon in the E. M. Mahoney home.

We welcome Miss Maggie Thompson into our circle as a writer from the Lone Star community.

Victor Drinkard, with some Snyder friends, took his brother, Cleoye, to Texas Tech, where he is a student, Sunday.

Miss Orens Pieper spent Saturday afternoon with Miss Annetta May at Sweetwater.

Frowns make wrinkles—smiles can iron them out.

## Hermleigh News

Minnie Lee Williams, Correspondent

Mrs. A. W. Mobley returned to her home Sunday from Temple, where she accompanied her husband for treatment. She reports him improving nicely and states that he is expecting to come home this week-end.

Mrs. George Mayberry and two children of McCauley spent Friday night in the K. B. Rector home.

The writer returned home Sunday night from a visit with her two brothers, Voyt and Julius, at Dallas and Fort Worth, respectively.

A light rain fell here Saturday night and it is reported that a few snow flakes fell also.

C. P. Williams has sold the Pay & Take It Grocery to K. B. Rector and is moving to Portales, New Mexico, to farm. Mr. Rector is a former business man, having had a grocery store here for several years. We wish for him success. We have not learned whether he expects to continue the store under the above name or make a change.

Mr. and Mrs. R. B. Kirk of Blackwell were Saturday night guests in the C. Karnes home.

Men will sacrifice more for a poison indulgence than for food.

### DELAY DATE IN TAG PURCHASE

Owners of motor vehicles in Texas were given until March 31 to pay their registration fees when Governor Miriam A. Ferguson Saturday signed a bill, which became law immediately, fixing that date as the permanent deadline for such remittances without penalty.

Under the statute that the new law replaces those who did not pay before midnight of February 1 were subjected to a penalty of 20 per cent of the amount of the registration fee if they operated their vehicles upon the highways.

The new law providing that those who had not been obliged to pay a penalty this year since February 1 must be refunded only a few car owners in Scurry County will be effected by this refund feature, but a number will take advantage of the March 31 extension, according to W. W. Nelson, tax collector.

### HERE IS MORE CONCERNING Methodists CONCLUDED FROM PAGE 1

tending the meeting were led at Mr. Patterson's camp.

"At the conclusion of the meeting a Methodist church was organized. From information furnished by Mrs. J. W. Woody, the following were charter members: B. L. Patterson, Houston Patterson, Betty Patterson, Mary Patterson, Mr. and Mrs. Bill Davis and daughter, Mrs. Tom Lockwood, Mrs. Bettie Wellborn, Mrs. Florence McDonald, Mrs. H. C. Clark, Mrs. Bettie Patterson afterward became Mrs. Jeff Webb, the mother of John L. and Richard Webb, Walter and Fred Wasson and Mrs. Hattie Gatlin, also the sister-in-law of Mrs. O. F. Thrane, now all members of the Snyder church. Mrs. Tommie Patterson afterward became Mrs. J. W. Woody, and as far as can be learned is the only living charter member of the church.

"In the fall of 1883 nearly all the boys named families moved to Snyder for school benefits for the children, and the church organization was also moved to Snyder and became the beginning of the present Snyder Methodist Church. As soon as the Evans Creek Methodists moved to Snyder they were joined by the following: Dr. J. C. Cornelius, H. A. Goodwin, Mary Goodwin, Nancy Cornelius, T. N. Nunn, J. H. Nunn, H. A. Goodwin served as the first Sunday School superintendent of the newly organized church at Snyder. Rev. Dunn continued to serve the church as a part of the then Sweetwater circuit, which was in the Abilene district.

"The following pastors came in order: Revs. Glass, Ellis, Duncan and Miller. It was during the pastorate of Rev. Miller, 1889-90, the first church building was erected. This building was erected on the site of the present building, the lot having donated by T. N. Nunn. Then came as pastors Revs. Gallo-way, Will Harris, who is a brother to our Dr. Harris, Roscoe and Wallace. It was during the pastorate of Rev. Wallace that the first district met with the Snyder church and an addition was built to the church to care for the conference.

"Rev. A. B. Roberts, the father of Misses J. C. Maxwell and Mary Banks, was pastor in 1900 and 1901. It was during his ministry Snyder was made a half station. Then came C. D. West as pastor, 1902-03. After that came Rev. M. H. Hudson, who now lives at Herkneigh. During his stay Snyder was made a full time station. Then came Rev. J. B. Dodson, then Rev. W. P. Garvin. During the stay of Bro. Garvin the present parsonage was erected.

"In 1910 the old Northwest Texas annual conference was divided into what is now the Central Texas conference and the Northwest Texas conferences and Snyder was placed in the Sweetwater district. Rev. J. W. Hunt, now Dr. Hunt of McMurry College, came to Snyder that year, and dirt was broken for the present church building. The cornerstone was placed in position with proper ceremonies February 12, 1914. The church was dedicated during the pastorate of Rev. J. H. Hicks, who is now Dr. J. H. Hicks, professor of history, Southern Methodist University, Dallas. Bishop W. F. McMurry dedicated the church. It is the hope of the board of

### Mutual Officers Find Records in Excellent Shape

After auditing the books and otherwise checking records of the Snyder Local Mutual Association, officials of the organization, in an annual business session Tuesday night declared the local insurance firm to be in excellent condition.

The directors found that \$1,000 has been paid for every death claim during the fiscal year just closed. In fact, \$1,000 has been paid on every claim since 1920—thirteen years ago. As the new year begins, the books are clear, all death claims having been paid in full and all indebtedness having been cleared.

Mrs. J. R. G. Eurt, who was re-elected as secretary-treasurer, states that many new members have been added in recent months, and that the high esteem in which the company is held is reflected in this continuous growth.

Other officials were re-elected as follows: President, J. C. Maxwell, vice president, E. D. Curry; Joe Stinson and Nelson Dunn, members of the board of directors.

### J. J. Dyer Moving To East Side Site

J. J. Dyer, jeweler, is moving his repairing equipment and jewelry stock to the east side of the square this week. He will be located, effective today, in the old Templeton building, the north half of which is occupied by Crowder's market.

The jeweler is occupying the south half of the building with the local Singer sewing machine agent, who states that he will publish a special announcement in next week's Times.

### HOW ONE MAN LOST 22 POUNDS

Herman Runkis of Detroit writes: "A few lines of thanks from a rheumatism sufferer—My first bottle of Kruschen Salts took all of the aches and swellings out of my joints—with my first bottle I went on a diet and lost 22 pounds and now feel like a new man."

To lose fat safely and quickly take one half teaspoonful of Kruschen Salts in a glass of hot water before breakfast every morning—an 85c bottle lasts four weeks—Get it at any drug store in America.

If not joyfully satisfied after the first bottle—money back.
