## Local Store Robberies Cleared in Confessions

### OFFICERS RAID HIDEOUT CAMP IN OKLAHOMA

Capture Two Men and Kill Third As Two Officers Wounded in Gun Battle.

Two Snyder robberies committed on the night of Saturday, May 26, in which money and merchandise valued at more than \$800 were taken, have been partially solved.

The robberies were admitted as a part of the confession made by Brown to Sheriff McCarty at Lawton, Oklahoma, Monday.

Several hundred dollars in cash and merchandise were taken from the Bryans-Link Company store when entrance was gained by the door, the safe knob was knocked from the vault, and money and checks amounting to around \$450 was taken. Mrs. Brown's belongings made up the merchandise loot.

One of Brown's companions, O. B. Stallup, 54, a former Lawton carpenter, was killed as he grabbed a rifle and attempted to resist Sheriff McCarty and three other officers who drove to the cabin.

Stallup's son, Virgil Stallup, said by officers to be an escaped convict from the Huntsville, Texas, farm, was in a critical condition from a laceration of the head, a shoulder wound he received in the melee.

Sheriff McCarty and Chief of Police D. Moncrief Jr. each received minor gunshot wounds.

Because of a similarity between the methods used in the robberies described in Brown's confession, officers from Sequoyah County were summoned in an effort to link the prisoners with the mysterious slaying last week of C. N. Nunn, democratic candidate for president of the state board of agriculture.

Brown, in his signed confession witnessed by Sheriff McCarty and Assistant County Attorney C. S. McCusick, admitted the trio had staged a series of robberies and burglaries in Texas and Oklahoma.

First, he said, they held up a beverage truck between Crosbyton and Spur, Texas, tied up the driver and robbed him in three counties. Two burglaries at Snyder, Texas, June 11, he said, netted them a rifle, ammunition, and \$800.

Last Saturday, he continued, they held up a tobacco truck between Toxa Park and Electric, Texas, left the driver tied up in three counties, and escaped with \$400.

Bee Bishop, brother-in-law of Brown, who recently completed a sentence in the state penitentiary at Huntsville, was arrested here Tuesday on suspicion of complicity in the local robberies. But was released Wednesday. He had previously been arrested by Post officers, the sheriff's office informs The Times, on suspicion, but was released within a few hours there when no charges could be filed against him.

A Ford V-8 coupe taken at the Brown residence by City Marshal J. A. Wolff, Son Gustevens, G. E. Leath and J. L. Bird last week was identified by a guard from the Texas penitentiary Saturday as his machine, taken in an escape of several convicts several weeks ago. Young Stallup was among those escaping at that time, the guard stated. He carried the car back to Huntsville with him.

### Baptist Men's Bible Class Host Last Thursday Eve to Wives and Friends

Those who gathered in Winston's pasture south of town Thursday evening to attend the annual outing of the Men's Bible Class numbered 125, including members of the class, wives and guests.

For the program preceding the supper, A. C. Alexander was toastmaster. First on the program came the introduction by the toastmaster of the class president, C. E. Ross, who immediately responded with an eloquent address of welcome to the wives and guests. H. L. Wren, class teacher, was then presented to the group, and in his talk he paid tribute to the class for its attendance, its work, and its loyalty during the past year.

After supper a sing-song was introduced as "Blind Tom"—Edgar Shuler and "Paderowski"—Jack Edman. To the accompaniment of a piano the two gave vocal numbers including the following: "Three

### Fish Tales But No Fish to Prove 'Em

There are fish stories and then there are fish stories. Most of them we folks at home never believe—because all we get is the fish tale—not tall!

Lynnan Wren and family, Holly Shuler and family and W. E. Ho'comb returned last week-end from the North Linn River near Junction, with stories about their big catches. We don't believe 'em!

Elmer Snears and Clyde Rowe came in Sunday evening with reports about how they speared a 33-pound catfish Saturday night on the Brazos River near Leuders. They brought the head of a fish they said was the biggest one. We don't believe 'em!

Al Rogers and family and Melvin Reston are spending several days on the Linn east of Junction this week. Al writes they are having good luck. We don't believe 'em unless they bring us some fish. Al also writes they paid \$18.50 for a 10-inch catfish.

### TAX EXEMPTION BLANKS READY

All farmers who have old cotton stored at their homes or in warehouses are urged to make application at once for necessary blank forms required to secure tax exemption tags, County Agent W. E. Rice announced yesterday. Blanks may be had at Lacey's office.

These tags are required if the owners are to be exempt from the federal tax under terms of the Bankhead Bill, which recently was passed by Congress. Old cotton may be shipped up to July 1 without securing the tags, Lacey says, but after that date old cotton sold must bear the exemption tags or the owner will be required to pay the tax.

It is explained that owners holding cotton on which 10-cent federal liens have been made are not required to make application for these tags, as the exemption has already been taken care of.

### Federated Clubs of Snyder to Feature Pie and Cake Sale

A real old-fashioned basket picnic, featuring a pie and cake sale, will be staged by local federated clubs Friday evening, 6:30 o'clock at W-De Park. Several hundred, including club women, their families and guests, are expected to attend.

The two local Piggly Wiggly stores and the Gold Medal Flour Company of Texas are assisting in sponsoring the affair. Proceeding from the picnic, pastries prepared by the club ladies, will be auctioned off to the highest bidder. All proceeds will go to the club.

The committee responsible for arrangements includes Mrs. J. G. Hicks, Mrs. J. D. Scott, Mrs. R. H. Curran, Mrs. W. C. Ely, Mrs. R. S. Sullivan, Mrs. A. C. Alexander and Mrs. Max Brownfield.

### Thirty Students Out For Summer School

Courses in English, mathematics, history and economics are being taught by R. S. Sullivan, W. P. Cox and W. W. Hill to some 24 high school students who have enrolled in the summer school which opened June 4. Only 6 grammar school students are in classes.

The school will terminate on July 28. Six weeks' exams are being given this week—at the end of the third week. One more set of six weeks' exams will be given, and then the finals at the end of the eighth week.

### Vote at Both Saturday.

In the hope of securing a more representative sentiment of the county at large, The Times has made arrangements to have a voting booth established at the northwest corner of the square, just west of the Towle building, Saturday afternoon.

This booth will make it more convenient for the rural folk who come to Snyder Saturday to cast their votes.

To be sure, most of the votes cast so far are those of Snyder residents, and we solicit the cooperation of our rural friends Saturday in giving them opportunity to express their views on the county's fate.

### LIONS TO HOLD LADIES' NIGHT FETE TUESDAY

Installation of the Newly-Elected Officers to Feature Banquet at Manhattan Hotel.

Formal installation ceremonies for officers elected for the ensuing year will be the principal feature of a ladies' night session at the Lions Club Tuesday evening at the Manhattan Hotel.

Officers were named in secret balloting at the regular weekly luncheon of the club Tuesday noon. They will serve the club for the fiscal year beginning July 1. Two directors were elected to fill vacancies on the board, in addition to the regularly named officers.

The following officers were named: J. C. Smyth, president; re-elected; J. E. Sentell, first vice president; Frank Farmer, second vice president; J. P. Nelson, secretary; re-elected; G. B. Clark Jr., treasurer; re-elected; Marcel Josephson, tall twister; re-elected; Willard Jones, lion tamer; re-elected; H. L. Vann (re-elected) and Warren Dodson, directors. Three hall-lights were required to elect the first vice president, following a three-way tie between Abe Rogers, John E. Sentell and Melvin Blackard.

Program will begin with a sumptuous menu at 8:00 o'clock in the main dining room of the Manhattan Hotel. Entertainment will be given by the club members.

Wayne Boren is chairman of the program committee and promises some real entertainment. Tuesday's luncheon was presided over by Warren Dodson, in absence of the president and both vice presidents. A good attendance of Lions and guests was present. Mrs. Jarratt furnished strangled instrument music as a diversion. Martha Harris also was a guest.

A majority of the club members voted to organize a handball team. Mrs. J. T. Roper's brother, W. R. Butts, in San Angelo last Wednesday. Mr. Butts, who was 76 years old at the time of his death, had been a resident of San Angelo for 34 years. L. M. Butts of Cuthbert, brother, also attended the funeral.

### Wheat Still Moving From Snyder Market

Shipments of wheat so far this year from Snyder have totaled 11 cars, according to rail officials here. Six cars had moved up until last week's issue of The Times, and five more cars had been loaded on the tracks up till this morning.

Testing around 60, the crop is bringing about 70 cents per bushel at the car. Billie Lee is the principal buyer. All shipments so far have been moved to the Fort Worth market.

### W. R. Butts Dies.

Mr. and Mrs. J. T. Roper and daughter attended the funeral of Mrs. J. T. Roper's brother, W. R. Butts, in San Angelo last Wednesday.

### Hunter Gains On Leader in Second Week of Voting

More than 100 additional straw votes cast this week in The Times gubernatorial polling station.

Tom Hunter, another Wichita Falls man seeking gubernatorial honors, came in second again, and at the same time showed a material gain on the attorney general. Allred's polling this week amounted to 54 votes, while Hunter was given 30 more. Clint Small of Amarillo jumped to third place this week, displacing Maury Hughes of Dallas and Edgar Witt of Waco, who ranked third and fourth, respectively, last week. Hughes is fourth, McDonald fifth, and Witt sixth in this week's voting, while Russell failed to get a first choice vote.

Totalling last week's and this week's tallies, the standing follows: Allred first, Hunter second, Hughes third, Small fourth, Witt fifth, McDonald sixth and Russell seventh.

A straw ballot will be found at the bottom of this page. If you are eligible to vote in the primary and general elections, simply send or bring it to The Times office. Additional ballots are available at the office or you may get them from Times representatives on the streets.

### Lee Boren Made Happy by Snyder Folks on Birthday

It was a case of making a former Snyder a believer in the old saying "When a fellow needs a friend."

Sunday week was Lee Boren's birthday. Lee, suffering with a protracted illness, had the usual sick man's case of the dumps, and probably had forgotten his natal day.

But his relatives and friends did not forget it. A Snyder relative informed a number of Lee's former Snyder and Scurry County friends a few days in advance, and it was decided that, although the large majority of his friends could not be with him to wish him many happy returns, they would not let the day go unnoted.

On the day of the 16th a shower of "telegrams, letters and cards" were delivered to the ailing man. Gifts, too, added to the enjoyment of the occasion. Snyder friends and relatives had a leading part in the celebration.

Lee formerly lived in Snyder. He moved with his family to Long Beach, California, several years ago to make his home.

Evidence that the surprise and unique birthday party was sincerely appreciated is voiced in a letter from Boren to The Times. He says, in part, "Will you please convey to my friends in and around Snyder a word of appreciation for the many birthday greetings I received on June 16. It was a fine expression of friendship, and the personal acknowledgments will require time, especially when one is handicapped by illness as is my unfortunate. I lack words to express my feelings, but my heart is warmed toward old times and old timers."

### Snyder Golfers Lose To Stanton Group

Snyder Sand Belt golfers went down in defeat at the hands of the Stanton team Sunday afternoon on the Stanton course, by the count of 26 to 14.

Snyder won the individual matches and one foursome, all on the 19th hole. Following is the results: Roberts lost to Glasgow while Fish was winning from Woodward, Snyder taking foursome honors on the nineteenth. Wilmett and Scott lost both their foursome and individual matches to Hyndie and Henson in the second match.

William and Farmer lost everything to Adams and Burman in the third flight. Cotton and Kelly lost foursome honors to Pursler and Burman in the third flight, Kelly losing individual match against Cotton defeating Burman on the nineteenth.

Snyder will play at home next Sunday with Lamesa as opposition. First flight will tee off at 1:30 and the public is invited to witness the match.

### New Cream Station Open Near R. S. & P.

J. L. Green this week opened up a cream buying station on Twenty-Fifth Street, next door to the Gulf Service Station, across the street from the R. S. & P. depot.

### Final Rites Are Held For R. L. Durden, 64

Funeral services for R. L. Durden, 64-year-old resident of West Snyder, were held Thursday afternoon at the graveside at Dermott, officiated by Rev. Walter Dever, Odum Funeral Home was in charge.

### Olan Brown Goes to Dallas for Treatment

Olan Brown, who has been suffering with an infected foot for nearly a year, was taken to a Dallas clinic last week-end for treatment. First reports from the clinic are that an operation will be necessary as soon as poison is drawn from the member by treatment. Joe Brown, a brother, accompanied Olan to Dallas.

### Gaither Bell Tells Late Experience With Hold-Uppers

There's one man in Snyder who has had a number of times of driving his own funeral car. He had never gotten tight to the point—without waking up.

Now he rather reservedly admits that having a sawed-off shotgun shoved into his ribs brings him just a little closer to the realization of his dream. But let Gaither Bell, connected with Odum Funeral Home, tell it in his own way the says he was there:

"Last Tuesday I was leaving Cincinnati with the recently purchased ambulance and funeral car for Scurry County's capital. I had been driving about an hour and a half, when just as I crossed over the Ohio River about 80 miles south of Cincinnati, three men—two whites and one colored—drove up in front of my car and ordered me to stop. And did I stop? . . .

"While the three approached me, remembering quickly that robbery was their motive, I slipped a ten-spot out of my watch pocket into my right shoe. Together with a gas-line courtesy card.

"The colored fellow then came up to my car, jibed a sawed-off shotgun into my ribs and ordered me outside. Don't ask me if I got out! While the negro kept me covered, the two companions went through the handling of my watch and my money. They will occupy the parsonage, next door to the church, 1707 Twenty-seventh Street.

This will be Rev. Hays' fourth pastorate, he formerly having held churches at Seelye, Creek in the Lampasas Association, Irving, near Dallas, and the Tahoka charge. He has been preaching for 19 years.

A graduate of Howard Payne College, Brownwood, the minister holds a B. A. degree from that school, and a D. D. degree from Southern Methodist University, Dallas, a Bachelor of Theology degree from Southwestern Baptist Seminary, Fort Worth, and is now waiting on a "Th. M. degree at the seminary.

Hays is a native of Mills County, being very near Goldswirth. His father also was a Baptist preacher.

In explaining that he had lost his newspaper picture, the new pastor stated The Times to state that he wanted a good likeness, which very first service here, inviting the folks to see him in person rather than look at his picture in the paper. He stated parenthetically that he might inform those who have not seen him that he is good looking from a distance.

## New Heat Mark Is Set At Snyder Wednesday

### TAHOKA MAN ACCEPTS CALL TO PASTORATE

Rev. Lawrence Hays Will Take Up Duties With Local Baptists Sunday, July 1.

The First Baptist Church of Snyder will have a resident pastor after July 1, when Rev. Lawrence Hays of Tahoka will take up the work.

Official word came from the Tahoka preacher last week-end, following the call made by the local congregation at the close of the preaching service Sunday evening, June 3, when Hays preached both morning and evening.

The Snyder church has been without a pastor since May 1, when Rev. Philip C. McGeaney announced his resignation to accept a call to the First Baptist Church at Navasota. McGeaney had been local pastor for four years.

Word from Rev. Hays to The Times yesterday morning gave the information that the family will move to Snyder next week-end, probably Thursday or Friday. The family is composed of the preacher, his wife and two daughters, aged two and four years. They will occupy the parsonage, next door to the church, 1707 Twenty-seventh Street.

This will be Rev. Hays' fourth pastorate, he formerly having held churches at Seelye, Creek in the Lampasas Association, Irving, near Dallas, and the Tahoka charge. He has been preaching for 19 years.

A graduate of Howard Payne College, Brownwood, the minister holds a B. A. degree from that school, and a D. D. degree from Southern Methodist University, Dallas, a Bachelor of Theology degree from Southwestern Baptist Seminary, Fort Worth, and is now waiting on a "Th. M. degree at the seminary.

Hays is a native of Mills County, being very near Goldswirth. His father also was a Baptist preacher.

### Dick Webb Finds Other Two Shirts

Sometimes it takes a crime to uncover the secrets of a man's life—and this is one of those times.

Among other things that were recovered from the two youths who were arrested in Snyder last Monday evening when Night Watchman S. J. Carveth discovered them in his home three blocks south of the square were a pistol and two shirts.

The pistol was identified by Dick Webb as one taken from his home Monday afternoon during the family's absence from their home north of Snyder.

Then K took Mrs. Webb to identify the shirts. The lady positively stated that Dick had three shirts, believe it or not, she had labeled them "Saturday, Sunday and Monday," to keep them straight. When she investigated, Dick had on Monday's shirt, and Saturday and Sunday were in the stolen goods pile.

Dick says he hopes to buy four more shirts if he can beat all his opponents for the county attorney place.

### STINSONS GO TO DRUG MEETING

President Lee Stinson of the Texas Pharmaceutical Association and Mr. and Mrs. J. L. Caskey are the Snyder representatives at the annual convention being held this week in Mineral Wells. Mrs. Stinson and Billie Joe accompanied the president.

A record attendance was reported at the opening sessions of the confab, and an outstanding program was scheduled for the four-day meeting, which opened Monday. Among the principal speakers at the session were Dr. E. F. Kelley, secretary of the American Pharmaceutical Association, Washington, D. C., and Ralph Hayes of Kansas City.

One of the features of the pre-convention arrangement was the selling of hundreds of convention buttons, which bore the picture of the president, with the caption, "Meet Him in Mineral Wells June 18-21." The Stinson-labeled buttons were sold over the state as an advertising messenger for the convention.

Final sessions of the annual meeting are being held today, when officers will be elected and other matters of business attended to. Ahlens was seeing the next meeting.

### Two Relief Projects Completed in Snyder

The major CWA and CW project begun late last year at the Snyder school plant was completed Wednesday of this week, according to County Administrator Joe Monroe.

A total of \$6,732.52 is shown to have been expended on the project, \$2,409.42 being borne by the school district and the remaining \$4,323.10 coming from the federal relief administration.

Work included leveling of the school campus, planting of trees, building retaining and flower-bed curbs, changing the grade of Dry Creek through the campus, erection of a concrete bridge at Lee Twenty-Seventh Street crossing, and moving of an old house to the negro section for a school building.

### Abiense Instructor in Baptist Pulpit Twice

Dr. N. A. Moore, teacher of Bible in Hardin & Simmons Universities, Abilene, filled the First Baptist Church pulpit at morning and evening services Sunday. Good crowd attended, church officers tell The Times. Dr. Moore is recognized as one of West Texas' leading Bible scholars.

### Three Firemen Go To State Convention

Snyder Fire Department was represented at the state convention of flame-fighters held at Mineral Wells last Thursday and Friday by Chief N. W. Aubry, Driver Fred Joyner and Arlie Biggs.

An interesting program of instruction and entertainment was enjoyed by the firemen, and chief reported, El Paso was selected as next meeting place, the border city winning over Corpus Christi and Galveston.

### Second Outing for Scouters Planned For This Evening on Thompson Place

Delicious aroma from a big juicy steak sizzling above a camp fire—baked potatoes with salt, pepper and butter—fresh-baked coffee . . . un—un!

With memories of a former evening camp still fresh in the minds of about 20 Snyder and Scurry County men interested in the Boy Scout movement, it is expected that this number will at least be doubled this (Thursday) evening when a second outing will take place, according to W. R. Lacey, district Scout commissioner.

The steak, potato and coffee menu will again be used by the Scouters. Bread, pickles, fruit and other eats will complete the feed. The meat and potatoes will be cooked without cooking utensils, as before, over- and under-camp fires. Cooking will be done by patrols, the men being divided into four groups.

### HOTTEST DAY SINCE STATION LOCATED HERE

Mercury Soars to 114½ Degrees At Official Weather Station In Snyder Wednesday.

Snyder experienced its hottest day Wednesday at least for the last 17 years, according to the local government weather bureau, operated by W. R. Merrill.

Readings of the thermometer in the federal weather house in the back yard of the Merrells, 1027 Twenty-Fifth Street, showed the mercury around the century mark at the noon hour. Another reading at 3:00 o'clock recorded the heat at 111 degrees, and between this reading and the next temperature-taking at 6:30 o'clock the mercury had climbed to 114½ degrees. The thermometer is in the shade, sheltered from the direct rays of Old Sol by a small wooden structure.

The former high mark was set on July 15 of last year, when the gauge read 114 degrees. Records at the bureau, as given to The Times last night, showed that a shower of rain that measured three-quarters of an inch followed the mercury climb of last year.

Official records for the local station are in the hands of Weatherman Merrill for the past 17 years, and a check by the keeper yesterday failed to reveal a warmer temperature than that recorded Wednesday afternoon. Several times readings in excess of 110 were found.

All crops are holding up remarkably well in the face of very warm days during the past two weeks. Cotton looks good, although is advancing very little, owing to lack of moisture. Early feed is beginning to mature too early, growers say, but if showers come within the next few weeks late crops can be made. Fruit is ripening rapidly, and good yields of average quality are being reported.

### Funeral Services for Fred Crowder Held

Funeral services were held for Fred Crowder last Thursday afternoon at the Odum Funeral Home, with Rev. S. H. Young officiating, which bore the picture of the president, with the caption, "Meet Him in Mineral Wells June 18-21." The Stinson-labeled buttons were sold over the state as an advertising messenger for the convention.

Final sessions of the annual meeting are being held today, when officers will be elected and other matters of business attended to. Ahlens was seeing the next meeting.

Work included leveling of the school campus, planting of trees, building retaining and flower-bed curbs, changing the grade of Dry Creek through the campus, erection of a concrete bridge at Lee Twenty-Seventh Street crossing, and moving of an old house to the negro section for a school building.

Dr. N. A. Moore, teacher of Bible in Hardin & Simmons Universities, Abilene, filled the First Baptist Church pulpit at morning and evening services Sunday. Good crowd attended, church officers tell The Times. Dr. Moore is recognized as one of West Texas' leading Bible scholars.

Rev. W. W. Hull, pioneer Baptist minister, will fill the pulpit Sunday morning. It was announced Thursday morning. No service will be held Sunday evening. A number of the local congregation plan to go to Sweetwater to hear Dr. George W. Truett, who is conducting a revival meeting there.

Ordination Service at Bison.

There is to be an ordination service at Bison Sunday afternoon, at which time two deacons are to be ordained. The candidates are T. J. Bryant and Joe Griffin.

The meat and potatoes will be cooked without cooking utensils, as before, over- and under-camp fires. Cooking will be done by patrols, the men being divided into four groups.

Judging from reports of those who made the former camp, most of the men were surprised at their ability to cook steak on improvised "tennis racquet" utensils.

Scouter Loe is urging each man who attended the other camp to go out this afternoon, taking just one other man with him. "We want our circle to grow and want more men to know well the great value of Scouting," Loe writes.

After the supper hour a council sing-song will be started by freemason methods Lacey states. Scout Executive A. C. Williamson of the Buffalo Trails Area will take part on the schedule of entertainment.

### Thousands of Women Benefited By Cardui

The benefits many women obtain from Cardui give them great confidence in it. "I have four children," writes Mrs. J. L. Norred, of Lagrange, Ga. "Before the birth of my children, I was weak, nervous and tired. I had a lot of trouble with my back. I took Cardui each time and found it so helpful. Cardui did more to allay the nausea at these times than anything I have ever used. I am in very good health and believe Cardui did a lot of it." Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

### Mrs. Etheredge Is Honored Monday.

Honoring Mrs. John Etheredge, the former Miss Emili Grimes, members of the Euclidian Class of the First Baptist Church gave a kitchen shower at the home of Mrs. Woodie Scarborough Monday evening.

A color note of green and white was attractively carried out in decorations, table appointments and refreshments. Forty-two games were enjoyed during the evening, and at the close of them the honoree received a number of lovely gifts.

Mrs. Scarborough, assisted by her son, Jackie, served delicious ice cream and cake to the following: the honoree and her mother, Mrs. C. W. Greene; and Misses E. F. McCarty, Thelma Sims, Mollie Leonard, Lois Schell, Norma Santell, Mae Henderson, Cassie Kincaid, Mickey Carroll, Garland Teters, Ola Leah, Vera Mills, Winnie Boren and Minnie Sullivan; and little Miss Frances Leah.

### Bride Elect Made Honoree at Shower.

Honoring Miss Eileen Martin, bride-elect of Mac Casey, whose marriage will take place early in July, Miss Mary Nell Morton entertained a few close friends with a miscellaneous shower Monday evening at the home of her parents, Mr. and Mrs. W. A. Morton.

When the honoree arrived at the Morton home, she was greeted on the porch by Mrs. Morton, and the greeting was the cue for Mrs. W. B. Rodgers to begin playing the wedding march inside the gartered living room, and the group of girls sang softly to Mrs. Rodgers' accompaniment. The lights were snapped on, and the honoree beheld a room full of her closest friends. Out flowers made lovely decorations.

The hostess's sister, Miss Ernestine Morton, in a messenger boy role, called at the door to leave a box of candy, sent to the honoree by her fiancé.

A toast to the bride was offered by the hostess, and "To the Groom" was given by Miss Hilda Gene Williamson. The gifts were presented, and each one present wrote good wishes in the bride's book, which had been designed for the occasion.

Food punch and cake were served to the following: the honoree and her mother, Mrs. A. C. Martin; Mrs. W. B. Rodgers, and Misses Vernelle Bradbury, Jettie D. Isaacs, Hilda Gene Williamson, Charlyne Kincaid, Oteka Ware, Sue Willie son of Sine Springs, Alma Alice Caskey, Laura Banks, Dixie Lee Davis, Edna Mae Dunham, Dorothy Terry, Maxine Shuler, Bonnie Miller, and Dorothy Erwin, Mrs. W. A. Morton and Ernestine Morton. No. 7

### Miss Akers Honors Guests Thursday.

Miss Maude M. Akers named Mrs. Alma W. Buchanan of Austin and her daughter, Mrs. George Molinsy on New York City, as honor guests at a lovely little dinner party given at Mrs. Wilsford's Coffee Shop last Thursday evening.

Besides the honoree and the hostess the following were present, Misses Mary E. Shull, James Ralph Hicks, Mabel Y. German, R. S. Sullivan and Zephia Ebersol of Stanton.

### San Angelo Guest Honored at Party.

Mrs. Joe Strayhorn entertained Friday morning with a delightful bridge-luncheon, in honor of her daughter, Mrs. Walter Cork of San Angelo, who has been visiting here for the past two weeks.

Mrs. Strayhorn was assisted in entertaining by her two daughters, Misses Dorothy and Nema Strayhorn.

Guests arrived at 9:00 o'clock for bridge games and a lovely two-course luncheon was served at 11:00. Mrs. W. J. Ely played high in the bridge games and received the prize.

Decorations were bouquets of crepe myrtle, and the tables were centered with baskets of crepe myrtle. Midiera luncheon sets were used on four tables. Out-of-town guests were: the honoree, Mrs. George Molinsy of New York City and Mrs. Harold Enfield of Hollywood, California.

"I am using Kruschen Salts not only for reducing but for its beneficial effects. It keeps the whole body in condition. I have been taking Kruschen Salts for one year, my weight is 186 pounds. I now weigh 120 pounds. I recommend it to all my friends."—Miss Elener Medico.

You, too, can achieve the youthfully slender lines you want—you, too, can safely take off unhealthy, beauty-robbing fat—simply take a half teaspoonful of Kruschen Salts in a glass of warm water every morning. Then watch fat go—notice how you feel more energetic—stronger—healthier—complexion clearer—eyes brighter.

One bottle lasts four weeks. You can get Kruschen Salts at any drug store in the world. No. 7

### Estine Dorward Is Presented in Recital.

Mrs. Novis Rodgers presented Miss Estine Dorward, assisted by Misses Frances Northcutt and Jeanette Taylor, in parlor piano recital Friday afternoon at 5:00 o'clock at the home of Mrs. Hugh Boren, 2811 Avenue T.

About 30 guests graciously received the artistically rendered program.

### Picnic Had By Methodist Y. P.

Members of the local Methodist young people's department went to Dunn for a picnic before the union meeting held at the Dunn Methodist Church Tuesday evening.

Rev. and Mrs. S. H. Young and daughter and O. P. ## "DON'T YOU EVER RUN OUT OF ICE CUBES?"

**YOU MUST BE THINKING OF OLD FASHIONED ELECTRIC REFRIGERATORS...**

**Ours is a Frigidaire '34'**

Big, husky ice cubes—120 of them at one freezing, in the model shown above. But that's only one reason why everyone is talking about the Frigidaire '34.

To begin with, it has automatic ice tray release... the trays slide from the freezer at a finger touch! And automatic defrosting... it turns itself on when defrosting is completed! Then, there are models with Lifetime Porcelain inside and out... double Hydrator capacity... much greater food space... the Sliding Utility Basket... the Frigidaire Servashelf... interior lighting... extra space for tall bottles... and—come in, won't you?... That, really, is the best way to see just what's happened in electric refrigeration; to learn just why people are proudly saying, "Ours is a Frigidaire '34."

JOHN H. SHARP

Judge John H. Sharp of Ellis County was in Snyder Wednesday in the interest of his campaign for associate justice of the Supreme Court. The candidate is now a member of the Supreme Court Commission of Appeals. Judge Thomas B. Greenwood now is the associate justice, but is not seeking reelection. Judge Sharp believes that cases should be disposed of without undue delay and at the least expense to litigants, according to his statements here yesterday.

W. J. Ely Named To WTCC Board On Expenditures

W. J. Ely, Snyder, director in the West Texas Chamber of Commerce, has received notice of his appointment by James D. Jamlin, president, as a member of the regional chamber's commission on public expenditure and taxation for this fiscal year. The objectives of the commission on public expenditure and taxation are set forth by Jamlin as follows: (1) execution of any emergency assignments and all previous policies with reference to the curtailment of public expenditures and lightening the tax burden; (2) thorough local public expenditure committees and in accordance with the budget law of the state participate in making budgets in the local political subdivisions; (3) work for legislation that will limit public expenditures for each fiscal year to the revenues of that same year; (4) urge support by congressmen and senators of the president in his plans to balance the federal budget; (5) inaugurate through local public expenditure committees a campaign for the collection of delinquent taxes; (6) campaign for the adoption of the constitutional amendment providing a per capita limitation on all revenues that may be collected by the state of Texas; (7) inaugurate a campaign for the study of county home rule amendment and for the adoption of charters thereunder; and (8) conduct educational campaign looking toward rewriting of the constitution of the State of Texas. The commission is composed of 42 members with the following six designated as the executive board of the commission to act for it in an administrative manner: C. M. Caldwell, Abilene, chairman; Wallace Perry, El Paso; Charles W. Lewis, Sweetwater; A. J. Swenson, Stamford; C. N. Bassett, El Paso; and W. M. Massey, Floydada. Four other commissions have been created by the regional chamber for carrying on this next fiscal year's work as follows: commission on territorial development, commission on publicity and promotion; commission on mineral resources and traffic; and commission on agriculture and livestock.

To the Voters of Scurry County.

Due to financial reasons I am forced to withdraw from the race for public weigher of Precinct 1. I am very sorry to have to do so, as I felt sure of winning this time. I sincerely hope that I am offending no one by withdrawing from the race, as it is only a case of having to do so. I trust that my reasons are clear to you and that you can understand how the situation stands as I want to come before you again two years hence, asking for your vote and support for the same office. For the enormous amount of influence and support that I have been pledged so far in my campaign, I sincerely thank you and regret that I cannot finish the race.—J. T. (GORDIE) JENKINS. Itc

RESUMES RACE

United States Senator Tom Connally will return to Texas immediately after adjournment of Congress, and will take personal charge of his campaign for reelection for a second term in the Senate, according to advices from his Dallas headquarters. The candidate will deliver half dozen or more addresses, one or more in each section of the state, in which he will review his record in the Senate and give an accounting of his official actions in his constituency in Texas, his campaign manager states.

Stocks Being Consolidated.

Workmen are this week moving the stock of the W. C. Shull variety store from the west side of the square location to the newer quarters of Perry Brothers on the north side, following invoicing of the goods recently. This combined store now has one of the biggest stocks of variety goods in West Texas.

Local People Go to Sweetwater Festivity

Snyder and Scurry County were well represented at the formal opening and dedication ceremonies of Sweetwater's new municipal lake last Friday.

A free barbecue featured the day's program. Boat races, a bathing revue, fireworks, golf, baseball and other events made up a full schedule of entertainment for the several thousand guests of the day. A number of candidates for state and district offices spoke during the celebration.

The lake is located seven miles southeast of the Nolan County capital. A park has been made part of the civic enterprise, which has been called the playground of West Texas.

Bro. Dial to Preach At Lloyd Mountain

Bro. O. D. Dial will preach for the revival meeting of the Church of Christ to begin Saturday evening at Lloyd Mountain. Services will begin at 8:30 each evening for 10 days. Sunday school will begin at 10:00 o'clock Sunday morning, and preaching at 11:00. Lee Thompson of Camp Springs will conduct the singing. The public is cordially invited by the Lloyd Mountain people to attend all the services.

Clarks Return from Tour. G. R. Clark and wife returned Sunday from a month's stay in Missouri and Tennessee. The latter state was the birthplace of the local lumberman, and he renewed acquaintances of his boyhood days on the trip. He left Tennessee two score years ago, he says. Conditions there are about the same as in Texas, Mr. Clark states. Mrs. DeLo Deck and two children of Marysville, Tennessee, returned home with the Clarks. It was the Clark's first visit to the old state in nine years.

Local Tournament For Golfers in First Qualifying Rounds

Qualifying rounds for the local golf tournament at the Country Club are to be wound up on July 4 ended Monday evening with 21 men entered.

Women golfers have been slow in turning in their cards and the committee extended their qualifying time until next Monday evening, June 25. The committee urges all women who wish to compete in the distribution of prizes to turn in a card for nine holes by next Monday night.

J. W. Roberts captured medalist honors among men with an even par 72 on the 18 holes. Earl Fish was runner-up with a 72. Four flights for men have been arranged and drawing for first round play were completed Tuesday. Following are the pairings with the individual medal score:

- Championship flight: J. W. Roberts, 72, vs. Earl Fish, 72; Lex Wilmoth, 76, vs. Wayne Boren, 77. Second flight: Loren Cotton, 80, vs. Dick Randal, 84; Frank Farmer, 83, vs. Wate Scott, 86; G. A. Hagan, 84, vs. W. E. Helms, 81; Charley Kelly, 85, vs. Sam Williams, 81. Third flight: Frank Brownfield, 88, vs. Ivan Dodson, 91; Creston Fish, 88, vs. Dr. J. G. Hicks, 88. Fourth flight: C. F. Sniell, 116, vs. Bill McCarty, 103; Grover Scott, 96, vs. L. Griffin, 115; A. R. Norred, 96, bye.

The committee ordered that all competition be medal play and that all matches up to the finals in each flight must be played before July 4.

Autry and Lloyd in At Highway Garage

Twenty-four hour service will be featured at the Highway Garage under new management, according to Leiland Autry and W. D. Lloyd, who assumed charge of the station last week-end. They relieved Mark Johnston and Gus McClinton, who have operated the place for some time.

Magnolia petroleum products, Kelly-Springfield tires and accessories are headlined in the company's menu for the motoring public. The station is located on the corner of Avenue Q and Twenty-Fifth Street.

Feed Mill Running. Extended repairs have recently been made on the feed grinding equipment of the Winston and Clements concern, just north of the Wooten wholesale grocery, Clyde Boren announced early this week. Regular custom grinding will be done for their patrons on Tuesdays, Thursdays and Saturdays, it is stated.

THE WEEKLY DOZEN

Not Like the Actresses.

Flirtatious Fanny says the reason she doesn't sue her last hubby for divorce is because she doesn't have a decent photograph to give to the newspapers.

Baseball is a Donkey.

They've found a new sport—these Scurry County sporters. This time it's baseball atop the lowly donkey. Talkative Tillie says she wonders if it's a case of two heads being better than one on the baseball diamond.

Pick Your Governor Today.

A rising interest in the political situation is being reported during the past several days. Vote your sentiments in the governor's race in the Times straw vote—seven to pick from—and then read about the running in Your Home County Paper.

Fish Stories and Fish Tales.

Practically every day lately brings a long fish story from a local resident—but The Times has long since learned to take the fishy tales with salt. To be sure, we may give credence and publicity to those tales that are accompanied with the proof. We like fish, fellows.

Something in a Name, Alright.

The fact that a state candidate recently went into the courts of Dallas and had his name changed before placing it on the election ticket indicated further the belief that there's something in a name. It's worth 100,000 votes to be named George B. Terrell, he says, in a Texas election.

Times Are Still Mighty Hard.

A government relief man told us this week that one of his applicants for assistance from Uncle Sam stated that he was so hard up now that he hardly had enough money to buy gas/oline for his new car, to say nothing of buying T-bone steaks and ambrosia. Ain't this a terribly cruel world!

Can What You Can While You Can.

The biggest peach crop that Scurry County has had in six years is coming to the market. One farm southwest of Snyder expects to harvest over 1,000 bushels of peaches and several hundred bushels of plums. They're mighty good eatin' these winter days in West Texas. And it may be another six years. . . .

Old Snyder Looks Good to Us

Three members of the Times force spent the week-end away from Snyder, going to East and Northeast Texas. Every one of them resolved that there is "no place like home." There's just not the friendliness, the smiles, the hedges, the kind words that good old Scurry County gives any other place in the world, we know.

Papers Keep the World Informed.

Unlike the times of a decade or so ago, there is little excuse for the average citizen nowadays not keeping up with the news of the day, since newspapers are within the reach of practically all of us. Especially does the voter have opportunity to find out what the candidate today stands for—which should mean a more intelligent vote for the office-holders.

Pete Defines the Cause.

Pessimist Pete suggests that the reason Scurry County hasn't been in the rain column recently is that old Jupe Plevius is taking his vacation and just hasn't been informed about the pleasure lands of this wonderful country. Since we will have two new preachers in Snyder soon, we might try paying the preachers more, he concludes as a further incentive for moisture-getting.

Again, Crime Doesn't Pay.

Dan Dunn, of newspaper comic section fame, is upheld in his admonitions to his readers that crime does not pay—the criminal will get his dues in the end. Every day's newspapers tell of the arrest and conviction of some criminal who has eluded the law for a short season, only to be caught by the hand of the law. The bad feature of handling the criminal is that too many of them escape punishment after conviction.

Publishers Endorse Code Policies.

The principal topic of discussion with the newspaper and printing representatives of the state at the annual Texas Press Association convention in Dallas last week-end was the recently adopted Graphic Arts Industry code. The printers agreed that there is only one price to make on printing—that which will permit a living profit to be made on each job—and that the code has set these prices, which should be observed if printers over the state are to remain in business.

We Remember When . . .

In these days of talks and fights against the utilities—by both candidates and other citizens—somehow we can't take much stock in the charges of "robbery" that are flung against the "big corporations" that are out to ride the little consumer to death.

Let us follow that statement by stating that, while The Times numbers among its good patrons three of Snyder's utilities companies, we feel that when we give their advertising the circulation of our paper for the amount they spend with us, our obligation to them has been discharged. They don't hand us anything in a hand held behind our backs. We are not working for the utilities—but feel that our greatest obligation is to our home people and subscribers. We do feel that, generally speaking, the utilities are made the goat of too much lambasting.

The principal reason we don't believe that we are being tricked by the utilities is that we have memories.

We remember not over eight years ago when we burned wood in our heaters and wood in our cook stove. Our wood bill never was lower than \$5 in the summer, nor under \$10 in the winter—and then we didn't have the convenience and sootless advantages of gas. Now our gas bill averages about \$3 per month the year 'round—and we have a fire in an instant; don't have the run out in the cold and rain to get in wood and kindling. We don't mind our gas bill.

We remember not too long ago when we had kerosene lamps for supposed-to-be light—our eyes will never be the same after the strain we experienced trying to get our school lessons under them. Our mothers ironed with sad-irons heated with charcoal; we boiled our coffee on a wood fire; we didn't have an electric radio; we sweated without a fan and the electric refrigerator was unheard of. Now our electric service is cheaper (our electric bill averages about \$3 per month)—and the services we get from the electric light racket gives us new conveniences and pleasures.

We had to run our errands mostly via the horse-and-buggy route or by foot—if we ran any at all. But now we'll pay three cents a day gladly for the privilege of talking to our friends and conducting business over the telephone.

How many of us would not pay twice the price we are now paying for the conveniences and pleasures which the utilities cost us? How many of us have stopped to think of what we used to endure and do without way back when . . . . . ?

CURRENT COMMENTS

BY LEON GUINN.

Since 1834 Texas has changed to a state of fencing cities, wide expanses of farms, and somewhat sedate cattle ranches. . . In history only lives the romance and sweet that made of Texas the largest state of the 48. . . The rich red blood of Tennessee, Kentucky, Alabama, Arkansas, and the Midwest has filtered through to Texas for the last hundred years until 5,950,000 people are today Texas citizens. . . La Salle visioned in Texas a French Empire, Colorado glistening stacks of gold, and La Fitte a tropical base for bold buccaners hiding from English justice. . . Fortunately it takes the French, Spanish, English and American background to keep Texas going, for Texas has vast reserves of resources, resources that produce annually one billion dollars in cash.

So big Texas! With seas of oil under 'ts top crust, with lignite, sulphur, iron, coal, cinnabar, gypsum and salt underneath in abundance and productive farms over the state. . . Its colleges and universities are on par with any, and its people cultured and shrewd. . . Each year its cotton and beef are sold throughout Europe, and its wheat and pine penetrate to even China. . . So big Texas! So big indeed, that for 1935 its people will be assessed 75 cents on the \$100 valuation of property. . . The state (and 47 others) finds it difficult to keep deficits out of annual records. For one thing, each governor assumes he (or she) is a trustee of the state during his tenure of office. . . The weakness of each governor and the Senate is that they do not understand why revenue varies from year to year. . . But since the Texas government started out with only strong hands and hearts of hickory, next year's probable deficit of \$6,500,000 will not lack. . . Best of all the honor of Texas on a small deficit is unquestioned.

An enjoyable tidbit is tomato juice, melting thirst and giving the stomach gastric tickling vitamins. . . Spiced tomato juice cocktail and the plain juice are handy around the corner anywhere. . . In the 16th century Indians in Mexico were fond of luscious tomatoes, yet the white man did not begin to favor tomatoes until 1835, although Thomas Jefferson raised some in 1781. . . Today, however, the commonplace tomato is a much desired appetizer, for in 1931 20,000,000 cases were sold in the United States, netting \$33,000,000. . . Residents of Jacksonville, Texas, esteem the tomato, have crown him king, palaver ever queening some beautiful girl annually. . . Texas tomatoes, you know, have a better flavor, are more edible than any grown anywhere, so the tomato that formerly was frowned upon by Americans is, (Wimpy would have it) Americans' favorite native fruit; little luscious rubies of the field.

ADVERTISING A REAL HELP TO SUCCESSFUL MERCHANTS.

The ideas that prevailed about advertising some years ago are dying fast and the future will see a pronounced trend to institutional advertising. Rather than try to persuade the buyer that he is giving away something the new merchant will only try to convince him that he is honestly and competently serving her convenience in the field of merchandising.

Buyers have sense. They know that it is impossible for a business man to keep going except through making a legitimate profit on his trade. When he gives efficient service, buying wisely and selling at reasonable prices, the local merchant is doing his part in promoting the welfare of his city.

Naturally, one should not lose sight of the fact that hundreds of young people become of age every year, and find it necessary to establish their own business connections. Few of them know business men personally. They will naturally trade with the firm that has sold itself to them, which suggests good will advertising in the newspaper that most of them read.

Advertising will do for merchants in this city exactly what it has done for successful business everywhere. It will not sell inferior goods or make up for rotten service. It will serve as an invitation to buyers, keep them thinking of a business and impress them with the firm's efficiency. However, it must be carefully done. For this reason, The Scurry County Times invites all merchants to make use of its helpful advertising service, which is freely placed at their disposal.

Long-Used Laxative

To be bought and used as needed for many, many years, speaks well for the reliability of Theford's Black-Draught, purely vegetable family laxative. Mr. C. E. Ratliff writes from Hinton, W. Va.: "My wife and I have used Theford's Black-Draught thirty-five years for constipation,—tired feeling and headache. I use it when I feel my system needs cleansing. After all these years, I haven't found anything better than Black-Draught."

Radio Electric Shop New Maytag Agency

Fred A. Yoder announced yesterday that he has taken over the agency for the Maytag washing machine for this territory, formerly held by J. I. Lane. Display models are on hand at the Radio Electric Shop, across the street from the fire station.

Mr. Lane is connected with the shop, and will specialize in service work on automatic refrigerators and washing machines.

Displays Old Papers.

E. B. Baugh was showing some old newspaper clippings and other long-ago printed matter first of the week to his friends on the streets.

Among the aged documents was a printed statement from Samuel H. Myers, made while he was in the gallows of the Cliburne jail, just before he was hanged for the murder of his step-mother. The hanging, in 1880, was witnessed by Mr. Baugh. A clipping from a Cleburne paper of 1869 also was among the display.

Mrs. Sam Hamlett leaves today for Proctor, where she will visit with her parents, Mr. and Mrs. A. D. Kay. She will also visit with her sister, Miss Pauline Kay, in Fort Worth. Miss Kay is employed with Davis & Davis, attorneys, in the Medical Arts Building. Mrs. Hamlett will be away about two weeks.

Mr. and Mrs. F. W. Crum, their daughter, Bessie Lett, and their son, John M. of Melvin, were weekend guests of Mr. and Mrs. James Ralph Hicks. Mrs. Crum is Mrs. Hicks' sister. The Crums and Mrs. Hicks visited with John Alkers on the Alkers farm, 18 miles east of Snyder Sunday. Mr. and Mrs. Crum and children will visit several weeks with relatives in the county.

Hospital Notes

Mrs. Boyd, who lives west of town had a tonsil operation at the Emergency Hospital Monday.

Dr. Griffin performed a tonsil operation for Willard Baker of Abilene, a nephew of Mrs. Eura Little.

Mrs. Charlie Williams underwent an appendix operation at the Emergency Hospital Sunday morning, and is doing nicely.

The four-year-old son of Mr. and Mrs. George Parks had a tonsil operation Saturday.

Mrs. George Parks was operated Tuesday for appendicitis. She is doing fine.

Mrs. Horton, who lives southeast of town, had a minor operation Wednesday.

Methodist Workers In Meeting at Dunn

The Willing Workers Union met at Dunn Tuesday evening with only two chapters represented and two pastors present. Snyder and Dunn were represented, and Rev. S. H. Young and W. G. Anderson of Dunn were pastors attending.

Myrl Gary of Dunn, was leader for the program on "The Cross of Methodism." Both pastors and Mrs. Rubye Littlepage of Snyder gave talks on the program.

During the social hour games were enjoyed and lemonade and sandwiches were passed.

Engishes Making Tour.

Dr. and Mrs. R. D. English left the first of the week for Northern points on a business and pleasure trip. They will attend a chiropractic clinic at Wichita, Kansas, and from there will go to Chicago to attend a National Chiropractic School in annual meeting, as well as visit the World's Fair. They were accompanied to Wichita by W. D. Sims of Snyder, and to Chicago by Dr. and Mrs. Craig of Winters. They will be gone about a month.

# ODOM HAS NEW AMBULANCE IN

One of the most modern ambulance and funeral cars now offered on the market was received last week-end by Odom Funeral Home, local undertaking establishment. Gather Bell drove the new machine from the factory in Cincinnati.

Powered by a new Oldsmobile straight-eight engine, with a LaSalle chassis, the body and other equipment was manufactured by the Sayers & Scovill ambulance company of Cincinnati. The car is of low structure, with splash streamline effects, capable of making 100 miles per hour, Mr. Odom says.

Ample room is made for a movable cot in the ambulance, with seats for several attendants. Other features include a radio, first aid equipment, hot water reservoir, electric fans, etc. The car may be transformed into a funeral car within a few minutes.

# Boys Arrested Last Week Still in Jail

David Contell and Aubrey Robinson, arrested last Monday by Night Watchman Sam Casstevens and Addison Casstevens when they found the pair in their home, two blocks south of the square, are still being held in the county jail, awaiting action of the Scurry County grand jury, which convenes July 23.

Two other charges of burglary are scheduled to be returned against the duo in Garza County, in connection with two robberies committed at and near Post on the day of their arrest here. A suit of clothes and other articles found in possession of the boys here were identified by Garza County people. A charge of robbery of the Dick Webb home north of Snyder is scheduled to be brought against Contell and Robinson here.

# LaRues Open Small Laundry in Snyder

Monday marked the opening of a small laundry concern on Twenty-sixth Street, four doors east of the square in the G. B. Clark building. Mr. and Mrs. Sam LaRue are in charge.

The operators state that the plant will be covered six days a week, and 24-hour service will be given on laundry work. They invite their friends to visit them in the new location.

# HOME DEMONSTRATION NOTES

**Hemleigh Club Organized.**  
Women of Hemleigh met Friday at the home of Mrs. H. L. Drennan to organize a Home Demonstration Club. Eleven women were present.

The following officers were elected: Mrs. Will Cross, president; Mrs. E. D. Shaw, vice president; Mrs. H. L. Drennan, secretary-treasurer, and Mrs. B. Wasson, reporter.

**Sub-Irrigation Pays.**  
Sub-irrigating the garden plot by the use of concrete tiles will make possible the growing of sufficient quantity and variety of vegetables for Mrs. Annie Sterling, member of the Canyon Home Demonstration Club, to fill her canning budget for the year.

Mrs. Sterling will use one part cement to four parts clean coarse sand in making the mixture. Usually about one-half the amount of water as cement is used, which will make a so-called dry mixture, that will be porous and allow the water to pass through it. Paper lining the mold will prevent sticking, but is not necessary if sand and sand the proper amount of water is used. Each tile should be laid on a board which will not be likely to warp and crack the cement. They should be kept in the shade and out of the wind for several days. About two hours after they are taken from the mold they should be sprinkled with water. They may be kept moist by the use of wet sacks, in the curing process before laying them in the trenches. They may be laid in the trenches two and a half or three days after they are made, or after they have cured sufficiently to prevent breaking, and will cure as well in the trenches as elsewhere if kept moist.

In laying the tiles it is important that they be level. A depth of ten to 15 inches is usually sufficient.

**Balanced Canning Budget.**  
The 4-H parity for budget made by Mrs. Charlie Welles, a member of the Bison Home Demonstration Club, calls for 206 containers of leafy vegetables which may include string beans, snap peas, spinach, beet tops, kale, cabbage, turnip greens, and green peppers; 118 containers of starchy vegetables; 230 containers of tomatoes and tomato juice; 88 containers of pickles and relishes; and 240 containers of fruit and fruit juices.

This will total 830 pint containers or 410 quarts, which will provide Mrs. Welles' family with adequate amounts and variety of canned foods to take care of its needs over four non-productive winter months and two non-productive summer months of the year.

**Tile for Cent a Foot.**  
Mrs. Mert Jones, member of the Fluvanna Home Demonstration Club, plans to lay concrete tile for the sub-irrigation of her garden and also her yard.

"I can lay tiles in my small garden for a small cost," said Mrs. Jones. Home made concrete tiles can be laid at approximately one cent per foot.

This system of irrigation is especially adapted to sections of Texas where it gets too dry for summer and fall gardens. Advantages over surface irrigation are: less water is required to water garden;

**Snake Bite Victim Returned to Home**  
Condition of Herbert Hoover Daniels, six-year-old son of Mr. and Mrs. J. R. Daniels of the Turner community west of Snyder, who was bitten by a rattlesnake two weeks ago, was improved sufficiently on Tuesday to permit the boy to be returned to his home.

Following the strike on his ankle, which was sustained while the lad was walking in the Shannon pasture with his father and brother, severe poisoning set up before medical aid could be reached, and the boy's life was in danger for several days. Flesh on the ankle and leg is coming off, however, it is hoped that serious danger is past.

# Scurry County Is Added to List of Drouth Sufferers

Scurry County was officially designated as one of the Texas counties in the drouth area Monday by the Texas office of the Federal Relief Administration, Joe Monroe, relief administrator for the county, states that the county was listed as among the secondary list upon recommendation from Washington.

Under this set-up the county will be entitled to additional relief from the federal government to the relief plans that are now going forward. It is stipulated that the new grant will be expended through regular channels, but designates work on highways alone, preferably on recognized routes through the county.

It is generally understood that work will be concentrated on Highway 83 and 101, since the State Highway Department is already planning resumption of work on Highway 7. The relief highway work will be supervised by the highway department, the local relief office is informed.

Administrator Monroe Tuesday wired the Texas division of the relief department that there are 387 available miles of highway for highway work in the county.

**Fluvanna Club Organized.**  
Women of Fluvanna met last Wednesday afternoon at the home of Mrs. H. C. Flournoy to organize a home demonstration club. Officers elected were as follows: Mrs. Cyrus Landrum, president; Mrs. H. C. Flournoy, vice president; Mrs. J. E. Brown, Lightfoot, B. F. Collier, Nolan, Paulford and J. E. Jones, new members; and Misses J. P. Dandy and A. M. Rankin, guests.

# Parity Payments To Be Paid When Taxes Collected

C. N. von Roeder, well-known farmer residing in the Murphy community of Borden County, has received a letter from C. A. Cobb, chief of the government's cotton control administration, in which a detailed explanation is made of the parity payments promised to cotton contract signers.

The letter is in answer to an inquiry from Mr. von Roeder. It reads as follows:

"We are pleased to give a plain, frank statement regarding both the rental and parity payments under the present cotton acreage reduction contract.

"It is estimated that the processing tax on domestic cotton of 2 cents per pound will yield approximately \$1,600,000. This tax is used in paying all benefit payments under the cotton acreage reduction contracts. It was estimated that after the rental benefits of 2 cents per pound were made that there would be approximately 1 cent per pound left from the processing tax which could be used in making the final or parity payments under the cotton acreage reduction contract. The contract itself stipulates that this payment will be slightly less than 1 cent per pound. It is possible that this payment will be slightly in excess of this figure, as it is, of course, dependent on the amount which is derived from the processing tax on domestically consumed cotton.

"It was estimated that it will take from \$30,000,000 to \$100,000,000 to make the payment of the rental benefits under the 1934-1935 cotton acreage reduction contracts for the present year. You can thus see that there will only be approximately \$1,600,000 left from the estimated income from the processing tax with which to make the parity payments. The payment of the parity payment under the contract was delayed to December 1, 1934, or later in order that the entire proceeds of the processing tax on domestically consumed cotton could be passed on to the cotton producer."

**Regulation of Lobbyists, Reshaping Of Pardon System Stressed by Allred**  
(Due to lack of space it was necessary to leave this article out of last week's paper, the issue in which it was due to run.)

A responsive crowd stood Thursday afternoon at the east court-house entrance for two hours to hear Attorney General James V. Allred refute his critics and outline the platform on which he is seeking the gubernatorial nomination.

Adequate regulation of lobbyists and reshaping of the pardon and parole system were particularly advocated by the 35-year-old Wichita Falls man. He likewise stressed regulation of the utilities companies and a system whereby the extra-legislative employment of senators and representatives might be ascertained for public view.

The stocky, forceful-speaking visitor, who was introduced by Billy Vaughn, a youthful admirer, lengthily outlined his early life, tracing his rise from an humble Bowls home, by way of district attorneyship in Wichita County, to the state attorneyship at the age of 31 years.

**Message Broadcast.**  
A loud speaker truck broadcast the Allred message not only to several hundred people who gathered near the courthouse but also to many listeners who remained in automobiles and in street fronts.

Observing that several candidates just had "discovered" the importance of law enforcement, the attorney general recalled that he earlier had advocated reorganization and modernization of the state police system. The warning was issued before the waning illness of two highway patrolmen at Grapevine, climax of a series of deaths, many of which were attributed to Clyde Barrow and Bonnie Parker.

Mr. Allred also announced that he believes that Texas should make it possible to turn criminals over to officials in other states instead of allowing criminal lawyers to defeat justice. He cited the case of Joe Newton, a former Texas convict, who is accused of complicity in the Robles kidnaping in Arizona.

**New Pardon System.**  
A substantial approach to the crime problem is impossible without dealing with the pardon system adequately, Allred said. Further, changing governors will not change the pardon system.

At present, the governor has full power and although a salaried board of pardons presents recommendations to him, he need not follow them nor even wait for them, Allred said.

Allred repeated a proposal made last October: Give to the pardons board "real responsibilities and powers," and require it to pass upon the merits of every case, limiting its recommendations to those and its alone, with the governor empowered to pass upon these recommendations. Further, have one member of the board appointed by the chief justice of the supreme court, and one by the chief justice of the court of criminal appeals.

**Lobby Law Is Weak.**  
Influence of the pardon board by lawyer or layman should be unlawful in Allred's opinion. Besides its effect upon society generally, it also lowers the moral of hard-working convicts who wish, by their department, to earn consideration for clemency, and see less deserving prisoners loosed, the attorney general stated in his remarks.

Texas' present lobby law is "weak and ineffective," the attorney general said. He tentatively is a first upon lobbyists, in that a "foker" provides the term shall not apply to the governor or to other members of the legislature."

**LIFE PROTECTION AT COST!**

**FAMILY MUTUAL BENEFIT ASSOCIATION**

# Regulation of Lobbyists, Reshaping Of Pardon System Stressed by Allred

The speaker read a questionnaire he said had been sent by a utilities company to 200 of its Texas representatives to obtain data about lobbyists. Intimate friends and supporters, church and fraternal affiliations, banking connections, and idle pleasures were to be listed and returned confidentially.

**Opposes Legislators Salaries.**  
Swiveling his guns again, the attorney general asserted legislators should not be permitted to draw salaries or retaining fees from corporations. A candidate for either the house or senate should be required to state whom he works for 12 months before the election, and legislators should be made to state the month they take office and in what capacity they are employed; if they have "masters" other than their constituencies, Allred contended. Each legislator should be required also to file an itemized statement of expenses, he added.

Referring to his anti-trust suit against several major oil companies, the attorney general said an appeal from a court ruling that the National Recovery Administration had superseded the state anti-trust law, had been set for September.

**Express Agent in Snyder.**  
R. W. Stinchcomb of Abilene, route agent for Northern Texas and Louisiana Division of the Railway Express Agency, was in Snyder Tuesday making the rounds with Local Agent W. W. Smith. Mr. Stinchcomb reported fair conditions in his territory generally, declaring that a gradual climb to better times has been noted during the recent months.

# CAR STOLEN AT SNYDER FOUND; MAN ARRESTED

### Man Taken at Weatherford Admits Taking Billie Lee Car Here Saturday, May 26.

Bill Schulze saw enough of Texas through the windshield of W. B. Lee's car in about three weeks. After traveling about 1500 miles in the Ford V-8, Bill deserted the machine in a pasture near Brenham, Washington County, on last Thursday. A few hours later the car was taken in tow by Washington County officers.

Trial of the car had led from Brownfield, thence to Weatherford, via Post and Breckenridge, to Fort Worth, to Houston, to San Antonio and back to Brenham. Local officers, working with Parker County and Washington County officials, had been trailing the car and its driver most of the time since the theft, principally on tips furnished by a Parker County friend of the thief, according to the local sheriff's department. At one time Sheriff Henry Newman and Deputy Sid Bruton were only three hours behind Schulze last week.

Parker County officers were at watch near the home of a relative in Weatherford for the suspect, and Saturday they arrested Schulze there. Schulze offered no resistance. He made a signed statement at Weatherford Saturday, confessing the taking of the Lee car. Local officers returned him to Snyder Monday night, and he is now in the Snyder jail awaiting indictment by the grand jury.

Billie Lee returned Monday with the car from Brenham. The car had not been damaged, Billie said, aside from a slightly bent fender. Schulze admitted taking the car from the square in Snyder on Saturday, May 26. He stated in the confession that he was "highwaying" his way to Weatherford, when he discovered the car here, unoccupied, with the key in it. He drove from here back to his home near Brownfield, and accompanied by a man and his wife, drove to Weatherford. There he picked up a friend and the two made the South Texas trip together. Schulze is 18 years of age.

## China Grove News

### Mrs. C. F. Swan, Correspondent

China Grove school, the last in the county to close its doors, ended on last Wednesday with a picnic. There were several interesting features on the program, including ball games between the married men and the boys and the married women and the girls. Both games resulted in a victory for the young people. One noticeable feature was the absence of a number of candidates setting forth their virtues for the offices with speeches. However, we had a few candidates present, among whom were J. R. Cornelius of Sweetwater, Superintendent of Schools, and Jess Hinkle of Hirmleigh, Miss Rubell Smart of Colorado and Hoyt Murphy of Dunn. Dick O'Brien of Colorado and Miss Edna Murray, who is at home on a visit from Corpus Christi, were also among the visitors. The abundant dinner served at noon was heartily enjoyed by a large gathering.

## Do you....

... Feel as fit today as you did ten years ago?

If not, don't blame it on "depreciation." More likely it's due to misalignment of the vertebrae, the most frequent cause of "run-down" physiques. Let me fix you up.

## This Truck can "take it" because it's All Truck!

80 H. P. Ford V-8 Engine. Special truck power-head for fine performance on regular fuel.

THE new Ford V-8 can "take it" with a heavy load in any weather because every part is a true, heavy-duty truck part. In designing this unit no compromise with passenger car manufacture has been allowed at any point in the chassis or body.

The new Ford truck has a special, heavy-duty, 8-cylinder engine. It develops 80 full horsepower. Dual downward carburetion has added to the V-type engine's inherent economy and power. New floating copper-lead connecting-rod bearings prevent bearing failure. These brand-new inserts do not pound out. The rear axle is full-floating. The driving pinion is straddle-mounted.

See the new Ford V-8 now on display at your nearest Ford dealer's. Body types available in two wheelbases to meet every hauling need.

New Full-floating Rear Axle—entire load carried on strongly ribbed axle-housing.
