

More Than 6,000 Head of Cattle Are Listed With U. S.

Ed Clarkson, County Appraiser, is Expected to Begin Work With Inspector This Week.

More than 6,000 head of cattle have been listed for sale to Uncle Sam since Scurry County was placed in the emergency drought area two weeks ago, the county agent's office reported this morning.

The agent expects 8,000 to 9,000 head listed in this county. No word has been received concerning sheep sales to the government.

Ed Clarkson, Scurry County farmer, who has been designated as county appraiser for this county, is expected to begin work Friday or Saturday of this week. A government veterinarian will pass on whether animals are fit for human consumption, but appraisals will be entirely in the hands of Mr. Clarkson.

The appraiser's schedule, which is to be arranged entirely by the county agent's office, will include distressed livestock first of all.

Prices offered by the government range from \$4 to \$8 for animals under one year to \$12 to \$20 for those two years and above.

Pair of Changes Made in County Baseball League

Two major changes were made in the Scurry County baseball league this week.

Polar dropped her membership in favor of Dermott team No. 2, of which W. D. Sanders is manager. Plainview, with Mark Smith at the helm, has been added to the layout to bring the league's total membership to 10 teams.

The two changes necessitated schedule changes, of course. Dermott No. 2 takes Polar's place on the schedule published last week, while Plainview plays the team that drops a bye in each bracket last week.

The new schedule for Saturday, July 14, shows Snyder vs. Fluvanna at Fluvanna, Independence vs. Hermleigh at Hermleigh, Dermott vs. China Grove at China Grove, Dermott No. 2 vs. Ira at Ira, Plainview vs. Dunn at Dunn.

Next Wednesday the games are slated as follows, with the last team in each case being the host team: China Grove vs. Independence, Ira vs. Dermott, Hermleigh vs. Dermott No. 2, Snyder vs. Dunn, Fluvanna vs. Plainview.

Due to lack of information, the Times can publish no complete list of games played to date. If the managers will rush their results in to Frank Farmer, this newspaper can pick them up immediately. Box score blanks will be mailed to managers this week-end.

Red & White Picnic Slated for July 18

Several local Red & White members are planning to be in Christoval July 18 for the third annual picnic for the Abilene unit of the volunteer group.

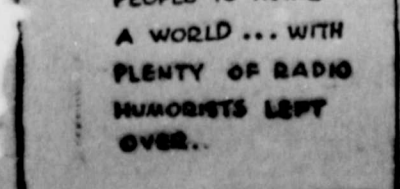

Between 2000 and 3000 persons are expected from Abilene, Big Spring, Sweetwater, Lubbock, Stamford, Spur, Coleman and Snyder.

H. O. Wooden Grocery Company, wholesalers for the grocerymen, will be in general charge of the picnic basket.

Keep Chickens Out Of Neighbor Yards

City Marshal J. A. Woodfin says he has received several complaints recently concerning wandering chickens that keep flower beds in bad shape.

"With water so scarce, it is imperative that folks keep their chickens at home and thus save all our greenery possible," Mr. Woodfin said yesterday. "Besides, we can all be better neighbors if we respect the other fellow's property."

PLAN COWBOY REUNION HERE FOR TWO DAYS

Miller Brothers Set July 26-27 as Dates for Rodeo, Barbecue And Other Events.

An old-fashioned Cowboy Reunion, with several hundred dollars in prizes, free barbecue and other features, will be staged in Snyder Thursday and Friday, July 26 and 27. W. C. and C. Miller, Borden County ranchers, are promoting the event.

With the heavy money prizes dangling before the eyes of prospective cowboy entries, and with a promise of a head of really fat horses, steers and other animals to please the customers, the Miller brothers expect to entertain a crowd equally as large as the one that attended the affair managed last year by Bill Taylor.

Thousands of circulars are going all over the cow country this week to tell the boys out on the ranges that Snyder is to have an outstanding rodeo. Radio broadcasts are also "telling the world."

The managers say free barbecue will be provided, and that there will be a large grandstand and plenty of shade. A free clinic will be staged each night.

Plans call for starting of two shows each day—afternoon and night. Floodlights will assure success of the night performances.

In addition to cash prizes in the main events, prizes of \$50 and \$25 will be given for the two best two-day averages in roping.

Following is the lineup of events, with prizes and entrance fees: Calf roping—Prizes of \$50, \$35, \$20 and \$10; entrance fee, \$4. Wild cow milking—Prizes of \$50, \$35, \$20 and \$10; entrance fee, \$4. Steer riding—Prizes of \$35, \$20 and \$10; entrance fee, \$3. Horse riding—Prizes of \$35, \$20 and \$10; entrance fee, \$3.

Parity Price of 15 Cents Sought For New Cotton

Establishment of the full parity price of 15 cents a pound for cotton, thereby boosting the farmer's buying power, is being sought in a campaign launched last week by the American Cotton Cooperative Association.

West Texas, the West Texas Cotton Growers Association, affiliate in this section, is joining in the campaign. The ACCA's program along this line was announced last week from New Orleans by N. C. Williamson, president. J. L. Curran, secretary, County WTCGA director, received one of the announcements.

The ACCA program, it was said in a statement by Williamson, rests upon the "immediate steps toward restoring the parity between the prices of things he has to sell and the prices of things he buys."

The co-op organizations are asking the United States Department of Agriculture to take immediate steps toward advancing to cotton growers 15 cents per pound on cotton produced this year. The loan would be similar to the 10-cent loan advanced previously through the RFC last year.

Advocated is the loan of 15 cents, basis middling seven-eighths inch, with proper premium and discounts for grade staple and location, "thus giving each farmer the just value of his cotton wherever located."

Unless the price of cotton advances, it was pointed out, the growers will suffer a reduced purchasing power in this year's crop of almost \$68,000,000 below that of 1932 because of the increased cost of goods they purchase.

Church Picnic Held On Lawn Last Night

Members of the First Baptist Church—mother, daddy, big and little sisters and brothers—gathered on the church lawn last night from 6:00 to 8:00 o'clock in an old-time get-acquainted and eat-yourself-sick affair.

Fellowship renewed for an hour. Then Rev. Lawrence Hays, newly arrived pastor, pronounced the blessing, and it was thereafter very largely a matter of every person for himself. The baskets and wash pans that came loaded with good food, and the tubs that were brimful of lemonade and ice water, returned home like mere skeletons.

C. E. Ross was chairman of the arrangements committee.

Judge Curmote Improving. County Judge Robert H. Curmote, who underwent a major operation in the Baptist Hospital at Abilene a few days ago, is improving rapidly and will probably be home in two weeks. Mrs. Curmote is at his bedside and the judge says she can fill the nurse's place who was laid off, as "she didn't do anything but fill my pipe, and my wife can do that."

Camp Springs Revival. Rev. Walter Dever will preach the opening sermon at Camp Springs Sunday night. The preacher and other members of the Baptist faith in the community invite all church members and others to take an active part in the meeting.

A-CAMPING THEY HAVE GONE! SCOUTERS GO TUESDAY MORN

The sun blazed across a western slope between Snyder and Mertzon Tuesday morning to bathe 20 Boy Scouts and three leaders in a maze of light and shadows.

A few minutes before—at 8:15 a. m.—the 23 scouts had loaded brown and beige into the dinged Piggy-Wigly truck, manned by J. B. Casey.

There had been yells and whoops and bustle. Finally a final word of suggestion and a set of traveling rules from the scoutmaster.

At 10:00 the troopers were at Camp Lewis Park, two miles west of Mertzon, for the annual summer Boy Scout camp of the Buffalo Trail Council. Between 200 and 300 other youngsters and leaders from the 15 counties of the council are in the same camp.

The trip was made possible largely through the untiring work of Scoutmaster Willard Jones, who sold the camp idea to parents, boys and to several individuals and organizations and whose donations gave the final sendoff to success.

Assisting Jones in leadership duties are Assistant Scoutmaster E. J. Bradbury and Senior Patrol Leader Jack Reynolds. The boys are from both Snyder troops. The other scoutmaster, Charlie Ben Shell, and his assistant, N. E. Clements, were unable to make the journey.

Transportation expenses were paid jointly by the Lions Club and the American Legion, sponsoring organizations. Piggy Wigly gave free use of its truck. The Chamber of Commerce, the volunteer fire department and individuals whose names will be given later assisted in bearing other expenses of the boys.

Practically the entire group plans to be in camp for two full weeks of training, recreation and back-to-nature studies.

These boys made the trip: Lyle Alexander, Leon Atty, Clyde Barrett, Charles Burk, Clyde Boren, Fred Boren, Johnny Boren, Piekas Bell, Martin Harris, Charles Harless, Ardith Head, Weldon Kincaid, Eugene Pinkerton, Gordon Rogers, Jay Rogers, Jackie Scarborough, Weldon Strayhorn, Lee Roy Strayhorn, Wallace Smith and Gordon Sentell.

CO-OPERS SUE FOR RESERVES

All former members of the Texas Cotton Co-op-ative Association, Inc., and of the old Texas Farm Bureau, are urged to get in touch with J. L. Carrell this week-end if they wish to join other co-ops in suing the former association for reserves they have accumulated since 1923, inclusive.

West Texas co-op members found themselves erased from membership recently, and with their membership went an opportunity to obtain reserves that are supposed to have piled up for them from every bale of cotton sold through either co-op. Mr. Carrell states that total reserves thus "eliminated" are probably a half million dollars, and that Snyder County's share is probably about \$20,000.

The former co-op members are requested to sign a petition giving J. D. Barker of Nolan County the power of attorney to represent them in the suit. They assume no obligation to contribute. J. L. Wilburn, J. D. Bradshaw and W. L. Buck, Fisher County farmers, compose the advisory committee in connection with the suit.

Measuring Expected To Begin Next Week

Final instructions for measurement of cotton land involved in 1934 reduction contracts have been received by the county agent's office. Forms for starting of the work are expected to arrive within a few days from A. & M.

A meeting of community measuring committees is being held in the courthouse today (Thursday). The county agent states that farmers will be advised through the present concentrating of attention on Bankhead Bill amendments.

SET MULLICAN SPEAKING TIME

Clark M. Mulliken of Lubbock, who is generally conceded to be one of the leading candidates for the new 19th district congressional place, will speak to voters of this area at 4:30 o'clock Thursday afternoon, July 19. He will discuss issues of the campaign with voters.

The candidate is judge of the 99th judicial district. He has been a local speaker twice within the past year each time in connection with American Legion activities. "You are invited to hear him," says the announcement from Lubbock.

Selling Events for Two Snyder Stores

Two Snyder dry goods stores are beginning special selling events this week.

J. C. Penney Company opens a clearance event, while the Economy Dry Goods Store offers a "drastic Emergency Sale."

Both stores promise plenty of reasonable merchandise at low prices, and plenty of clerks to care for the week-end crowds.

County Superintendent Frank Farmer reminds parents of the county that Tuesday, July 31, is the last day for transferring students from one school to another, and he urges that all transfers be made as soon as possible.

GOOD CROWDS IN CHRISTIAN REVIVAL HERE

Evangelist Haislip Found to Be Interesting and Inspiring Public Speaker.

Interest in the gospel meetings at the city tabernacle continues to grow, according to a statement yesterday by Rev. Homer W. Haislip of Okemah, Oklahoma, who is conducting the services under auspices of the First Christian Church.

Splendid crowds are gathering from night to night, and the day services are well attended, he said.

Evangelist Haislip is bringing some plain, practical spiritual messages and Lawrence Dever is leading the choir and congregation in some great, inspirational singing, say those who have been attending services since the first gathering Thursday night of last week.

Masses will be special guests at the meeting Friday night, and will occupy a reserved section in the tabernacle. "Raised to That Sublime Degree" will be the subject used by the evangelist for this occasion.

Some of the subjects which will be discussed during the next few days are as follows: Thursday evening—"Twenty-five Reasons Why I Believe in Christianity"; Friday evening—"Raised to That Sublime Degree"; Saturday evening—"Old Time Preachers and What They Preached"; Sunday morning—"The Measure of a Christian"; Sunday evening—"What Think Ye of Christ?"

The evangelist will bring a special message to men next Sunday morning at 9:45 o'clock. The subject for this discussion will be "The Path of Prosperity." The meeting will be conducted in the city tabernacle, and all men who do not go to Sunday school elsewhere are cordially invited to attend.

Apostolics' Annual Camp Meeting Will Open Here July 14

The Apostolic Christian Church announces that its annual three-week camp meeting will begin at 8:15 o'clock Saturday evening, July 14, at the corner of 26th Street and Warren Ranch, 12 miles southwest of Snyder.

The brothers are sponsors of the new event, while Raymond Berryhill, well known to rodeo followers of this area, will be arena director. The promoters are advertising that \$250 in cash prizes will be awarded in nine events, six for regular cowhands, one for cowgirls and two for the kiddies.

One performance is scheduled, beginning at 1:30 p. m. A dance will begin at 9:00 p. m. Adults will be admitted to the rodeo for 25 cents, children for 15 cents.

Events are listed as follows: Calf roping; prizes of \$25, \$10 and \$5; entrance fee, \$2.50. Wild cow milking; prizes of \$25, \$10 and \$5; entrance fee, \$2.50. Goat roping; jackpot prize; entrance fee, \$2.50. Saddle riding; prizes of \$12.50, \$5 and \$2.50 in each event; entrance fee, \$2.50. Minimum of nine riders. Cowboy roping horse race; jackpot prize; 100 yards; entrance fee, \$2.

A jackpot awaits winner of the cowgirl home race, with an entrance fee of \$2. First place winner in the Lids' Sheldand pony race will get \$2.50. Ponies must be 14 hands down; no entrance fee. A sack race for kids under 12 years of age will also be staged.

All entries must be in by 1:00 p. m.

Covered Dish Feed For Church People

A covered dish luncheon for the Christian Endeavor group and all other young people of the First Christian Church will be held this (Thursday) evening at 6:30 o'clock. "Pop" singing in charge of Lawrence Dever, followed by a special sermon by Evangelist Homer W. Haislip, will feature the service. All the church young people are urged by the leaders to be present.

Ninth Great Grandson. President and Mrs. Raymond Cavness of the San Marcos Baptist Academy, San Marcos, announce the birth of a son, Raymond Latimore Cavness, on June 24.

The many old-time friends of President Cavness, who is a native of Snyder, rejoice with the family in the happy event. They have two other children, Ramona Maurine and Virginia Ruth Cavness. The new son is the ninth great grandson of Mrs. G. C. Buchanan, 2111 Avenue L.

Garden Project Is Pleasing to Agent

Scurry County's sub-irrigated garden project is in a class to grow, according to a statement yesterday by Miss Myrtle Murray, district extension agent, conducting the services under auspices of the First Christian Church. Splendid crowds are gathering from night to night, and the day services are well attended, he said.

Evangelist Haislip is bringing some plain, practical spiritual messages and Lawrence Dever is leading the choir and congregation in some great, inspirational singing, say those who have been attending services since the first gathering Thursday night of last week.

Masses will be special guests at the meeting Friday night, and will occupy a reserved section in the tabernacle. "Raised to That Sublime Degree" will be the subject used by the evangelist for this occasion.

Bank Reports FOR 3 MONTHS

The Snyder National Bank statement for the quarter ending June 30 shows a seasonal drop in assets and deposits, but a comparison reveals much higher figures than the average for the past several years.

Total assets are listed at \$291,339.56 against \$111,460.38 three months ago. Deposits are \$741,432.18 compared with \$934,217.31 at the close of March business.

Loans and discounts show little variation with \$267,914.95 at this report and \$295,569.77 three months ago.

Walla Fish Gets Commander Job In Local Legion

Walla D. Fish was made commander of the Will Lewis Post of the American Legion Monday night when his buddies gave him a unanimous vote of approval. In a way, the promotion was in payment for many jobs well done, for Mr. Fish has been an energetic Legionnaire for years. He succeeds Leo T. Stinson.

The new commander, along with other officers, will take office October, first month of the fiscal Legion year.

Others in the new corps of officers will be: J. E. Shipp, first vice commander; Ross Buzze, second vice commander; Clyde Boren, adjutant; W. W. Hull, finance officer, re-elected; Ross Pate, sergeant-at-arms; Warren Dodson, service officer, re-elected.

The following delegates to the state convention at Mineral Wells next month were also named Monday night: Clyde Boren, J. E. Shipp, Melvin Newton, Ross Pate, Harris Winston and Warren Dodson.

Members of the Auxiliary enjoyed the night's program with the buddies after each group had elected its officers in the courthouse. Details of the Auxiliary election will be found on the special page.

Says Southern Farmers Have More Possibilities Than Those of Any Other Section.

Dr. Bradford Knapp, president of Texas Tech, Lubbock, told Snyder Lions and several guests Tuesday at noon that "we are gradually beating our way out, primarily through an understanding of mutual problems."

The nationally-known agricultural leader was referring to West Texas and Southern cotton farmers in particular, to the New Deal as a whole, and to the world family of nations.

"If we of the South can take the present situation and thrust out a system of better living and a system that will bring cash for our cotton, we will have the most fascinating possibility of freedom for farmers of any section of the United States," the visitor declared.

Dr. Knapp spoke to the local civic club on the Agricultural Adjustment Administration program on invitation of the agricultural committee, composed of Chairman O. P. Thrane, W. R. Luce and Melvin Blackard.

Visitors Hear Speaker. In addition to 25 club members, these visitors heard the distinguished guest, W. C. Hooks and H. J. Wilburn, members of the county's central cotton committee; W. J. Seavers and Ben Brooks, farmers who have been active in the adjustment program; Harrie Winston and Walter Scott of Snyder, and Paul H. Woodard, assistant to President Knapp.

Clad in a head to foot in cotton clothing, Dr. Knapp was a living example of the slogan he suggested for the South—"Cotton is more cotton." "If we could only get cotton conscious, it would be great," he said.

"Our forefathers, denied their individual rights, included in such documents as the Constitution and the Declaration of Independence a reassertion of the common rights of man," said the agriculturalist. "But our problem now is how each of us may live and fit in with the lives of other people. We are not concerned with the individual rights of men to produce cotton; rather, the problem is how each may have a decent living."

Change for Farmers Due. Other pertinent Knapp statements were: "A change is long overdue for the two million or so cotton families of the South. Too many farmers are utterly dependent on the price of cotton."

"When Roosevelt became president we really entered the New Deal. The leading question before him was: Can we so adjust production and consumption in complex America that all may have a decent standard of living, reasserting opportunity and happiness? Those who most severely criticizing the administration cannot seem to realize what the New Deal really is."

"In order to adjust the supply and carryover of cotton, the plow-up plan was in order to raise prices? Reach down in your own pocket for the answer. Cotton is 11 and 12 cents instead of 5 cents, and we have the benefit payments yet to come.

"The cost of living is still too high, but farmers are 28 per cent better off than they were at the low point in 1932. Farm land for the first time in 13 years is showing an increase in price..."

Mrs. Clyde Boren Made President of Local American Legion Auxiliary

Plans Made to Entertain Legion With Basket Picnic at Wolfe Park July 23.

Mrs. Clyde Boren is the newly-elected president of the American Legion Auxiliary. She was elected at the business meeting held Monday night at the courthouse, and will assume her duties in October.

The American Legion Auxiliary had splendid attendance at the meeting, and enjoyed a program with the Legionnaires. A business meeting followed the program.

Mrs. Lee T. Stinson, present president of the auxiliary, presided as the following officers were elected: Mrs. Clyde Boren, president; Mrs. Walla Fish, secretary; Mrs. J. E. Shipp, vice president; Mrs. J. E. LeMond, secretary; Mrs. W. W. Kull, treasurer; Mrs. F. H. Amett, sergeant-at-arms; and Mrs. J. E. S. tell, chaplain.

Mrs. Jess Rogers, J. E. Shipp and Dick Henderson will compose the executive board.

Mrs. Clyde Boren, president-elect, was selected as delegate to the state convention of the American Legion Auxiliary to be held at Mineral Wells on August 26, 27 and 28.

The group voted and plans were outlined to entertain the American Legion members and their wives and sweethearts with a basket picnic at Wolfe Park July 23, beginning at 6:30 o'clock. Mrs. Stinson stated that the wives and sweethearts of Legionnaires are cordially invited by the auxiliary to attend the affair.

Guests for the evening included Mrs. Frank Turner from the state of Arizona and Mrs. Lewis of Dumas.

Miss Dixie Davis Weds Abilene Man.

Announcement is made here of the marriage of Miss Dixie Davis, daughter of Mr. and Mrs. H. L. Davis, to Marvin Hinds of Abilene. The wedding took place last Wednesday, July 4, at 1:00 p. m. in Abilene with Rev. Knox of the First Christian Church, Abilene, officiating with the ring ceremony in the presence of Miss Sexton, West of Abilene, formerly of Snyder. Bill Lee of Snyder and Homer Childers of Abilene.

For the wedding the bride was attired in a striking black and white outfit and carried an arm bouquet of lovely red roses. Miss West, the bride's only attendant, wore a blue and white frock with white accessories.

Mrs. Hinds was graduated from the Snyder High School with the mid-term class of 1933, having been one among the three highest-ranking students in the class as well as one of its most popular members. The past year she attended Simmons University, Abilene.

The bridegroom is a son of Mr. and Mrs. J. C. Hinds of Tye. He was graduated from the Abilene High School, and has done two years' work in McMurry College, Abilene. At the present time he is employed in the Keith Tailoring Company in Abilene.

Mr. and Mrs. Hinds were weekend guests of the bride's parents, Mr. and Mrs. H. L. Davis, they are at home at 1041 South Second, Abilene.

For the wrongs that need resistance;
For the future in the distance,
And the good that we can do.

THE WEEKLY DOZEN

A West Texas Land-slide?

Pessimism Pete's cynicism takes the upper hand when he sees so many candidates mistaking a dust storm for a landslide.

Git Along, Little Dogie!

Talkative Tillie wants to know what will happen to all the poor little doggies if Uncle Sam buys all the cow-mothes in the country.

One of the Wet Spots.

You can't prove it's dry weather by strolling around curbs of the Snyder square. Too many folks still have nineteen hundred and some-odd gas-buggies with leaky radiators.

Tie Takes a Hand.

If dry weather continues, the tie-gardening project in Snyder will be of double interest to prospective '34 gardeners. Many farm gardens, especially, that have been blasted by heat and drought, might become very productive this fall with a minimum of moisture and a maximum of work.

Two Unpleasant Subjects.

It is not altogether pleasant to discuss pit toilets and death. But it might do Scurry County residents good to know that dozens of deaths in this county every year are due to old-fashioned outhouses . . . and that West Texas has a higher death rate, because of unsanitary conditions, than the largest cities of the country.

A Big Man in a Big Place.

Dr. Bradford Knapp, president of Texas Tech, Lubbock, who spoke at the Lions Club Tuesday afternoon, is one of the few men in high educational positions of whom the average citizen does not sometimes say, "He's too little for the job." You couldn't describe Dr. Knapp better than to say, "He's a big man in a big job." Snyder was honored in having him as a guest.

Poor Little Straw Vote.

Someone suggests that voters are not interested in state political races because Washington has furnished too many political gems this season. That's a good suggestion, and a good alibi for the slow Times straw voting these last two weeks. One of the best known weeklies in Texas received only 14 straw votes the first week in contrast to The Times' more than 100. Maybe the straws blow thicker out here, after all.

On the Downhill Pull.

Hoey Long of Louisiana is evidently not on the downhill pull as far as his pressure on his Legislature is concerned. But he started in the wrong direction when he pushed a bill that would put an advertising tax of two per cent on all Louisiana newspapers having an excess of a given circulation. The only newspapers that would be touched are anti-Long publications. This bill will probably be declared unconstitutional, but it will set some forces in motion that Brother Hoey will not soon forget.

Preachers and Sensationalism.

It's too bad that the host of godly preachers should suffer from the few who are sensational in the pulpit and immoral in their private lives. There can be no question but that preachers on the whole are far above other classes in simple devotion to duty. The upright men who occupy our pulpits can console themselves with the fact that the very scarcity of their number who seek publicity and disgrace themselves in private scandals makes for bigger and better headlines in the eyes of a sensation-loving daily press and reading public.

A Camping the Boys Did Go.

The fathers and mothers, the Boy Scout leaders, the organizations and individuals that donated time and money in order that 20 Snyder boys might go to the Boy Scout camp this week and next . . . why not stand up on our two legs and give them a rousing cheer? One trip to a Boy Scout camp is worth more to the average boy than a whole season of football games. In many cases it may be worth more than a month or a term of school work. It might be interesting to ask such a question as this: What would have become of Clyde Barrow if he had practiced with a signal flag rather than a six-shooter?

Below the Belt Line.

Hundreds of West Texas farmers have recently been dealt a blow below the belt line by the Texas Cotton Cooperative Association. The reserves—running in the neighborhood of a half million dollars—that these cotton farmers thought they were building up were virtually annulled when the association sent notices to the effect that the farmers are no longer members. Properly enough, the farmers are organizing to get the money that belongs to them. Fortunately, it is just the state organization, and not the West Texas or the national group, that is attempting to get by with this raw deal.

EDITORIAL OF THE WEEK

KINDA HANGING AROUND.

Our enterprising contemporary, the Laifkin Daily News, noting that the President was to take his vacation aboard a cruiser named for Texas' largest city, has been conducting a spirited single-handed campaign to induce the President to come to Texas and leave for Hawaii from Houston. Lacking support, its efforts failed. The President couldn't come, the News lamented editorially, continuing: "President Roosevelt told us that Saturday. He didn't tell us personally but he wired us. That is, he didn't exactly wire us himself, but he had Mr. M. H. McIntyre, his assistant secretary, to do it. Or, at least, the first secretary had Mr. McIntyre to do it. "Anyhow, Mr. McIntyre said Mr. Roosevelt was much obliged . . . the plans, he said, were already too far along to be changed. The President regretted that he couldn't do it. He said so. At least, Mr. McIntyre said Mr. Roosevelt regretted it. "We regret it, too. We wish we had wired a few days earlier. We wish we had taken it up with Garner and Martin Dies and Connally and the Houston Chamber of Commerce. With them helping us, we could have got Franklin down here, to be met at Houston by the cruiser he's to sail on. But Garner was fishing and Dies was busy and Connally was running against Bailey and the Houston Chamber of Commerce was probably staging a financial drive. "Anyhow, the thing fell through. We did the best we could. "Texas, seems like, doesn't get much. We just kinda hang around the United States, handy when somebody needs some votes or something. About the only way anybody notices us is when we bury a couple of outlaws or go Hoovercat. When it comes to big time stuff, the visits from Presidents and so on, somebody else always gets the gravy. . . . Thunder, nobody even has quintuplets down here."—The Texas Weekly.

George Mahon for Congress.

George Mahon is the logical man to be the first representative in Congress from the new 18th District. "Logical" is the word. It infers that Scurry County simply because the district attorney happens to reside in the county "L." joins us on the south; nor simply because the candidate is far better known here than any other man in the race. George Mahon is the logical man because he has the qualities that any fair-minded voter looks for in a candidate for high office. He is honest and straight-forward. No man in the race or outside the race has dared attack George Mahon's personal integrity or his political life. There is nothing to attack. He is a Christian gentleman. George is neither religious nor a gentleman for political reasons. He was born that way, reared that way, and lives that way. He is young enough to be open-minded yet old enough to be heard. When George speaks, men and women stop to listen. They do not say, "Let's hear young George." They say, "Let's hear George." He is a man among men. His 33 years are heaped to overflowing with the kind of experiences that make worthy public servants. He is capable. In the district attorney's place, he has made an enviable record for law enforcement and justice. He is no sensationalist. In legal language, he depends on law and evidence. We need a level-headed, fair-minded man in Congress. He has an excellent chance to be elected. George impresses folks wherever he goes. He is being weighed in the balances and found not wanting. Even his ardent supporters in the counties of his judicial district will be surprised at the vote he polls in Plains counties. Yes, George Mahon is the logical man for Congress.

CURRENT COMMENT

Last week's item on tobacco was to show Times readers how tobacco companies capitalize on an attitude, use every means to sell absolutely too much of the weed, help Americans, and Americans are learning. . . . In a few years they will be lending to American industries at home, where the capital of this nation belongs.

Worldly Hollywood sees the need for cleaner pictures, better evening clothes since an inter-church group known as the Legion of Decency is demanding a boycott on indecent pictures. . . . Decency advocates deplore block picture booking, demand a cleaner moral tone in scripts. . . . While the Legion of Decency may have high aims, the original founders want decency plus publicity. . . . The cinema industry needs the rebuke, the public better pictures, indeed. . . . In any phase of life, any fiction may be found numerous causes of complaint. . . . Life is beautiful and theatre fans in 48 states will preemptily be offered cleaner pictures, from plots conceived by such authors as Dickens, Shakespeare, Churchill, Zane Grey, Harold Bell Wright and others. . . . We need decent pictures.

Unless tree planting and better grass are pushed New Dealers fear some states in America may eventually become wastelands, void of life and hope, howling sands eddying over barren acres. . . . The area involved is 10,275,000 acres in the Midwest. . . . The outlook isn't bad. . . . Summary: For years man has plowed under thousands of acres, deforested timberlands. . . . The argument is that trees draw moisture (a well known fact), windmills by thousands draw underground water to the surface, cause a hot layer of air to rise making it difficult for rain to break through, leave a hard pan under the top soil. . . . A far-reaching plan at present is to forest strips of land from the Texas line to Canada in strips draw moisture, stop trade winds from picking up the fertile top soil, and incidentally help nature instead of disregarding her laws of order.

Phillip K. Wrigley, president of William Wrigley Jr. Company, says: "Brains are very much like inventory; it is not so much the quantity you have on hand as the turnover which counts; or like dollars, it is not so much the number in circulation as the velocity at which they are moving."

Efficient Farming and Profits. W. H. Danrow of the Extension Service broadcasts a bit of comment that is worthy of reproduction: "Many people think it funny that farmers and county agents work for larger yields per acre or per animal at the very time that the government seeks to remove surpluses through reduction programs. Yet this is very logical, because big yields usually go hand in hand with efficient farming and profits. Low production per acre or per animal is unprofitable at all price levels except abnormally high ones. Acreage reduction is the cheapest way to reduce production. Poor farming is the most expensive method. Growth is the most crucial method."

Bean is very ill at this writing. Stranger—"What is your dog's name?" Boy—"We call him Pacific. He eats and barks but he won't fight." An alfalfa field developed as a demonstration in cooperation with the county agent, was a big factor in deciding local authorities that E. Clay Williams of Smithville should be given the keeping of the first stallion located in Bastrop County by the State Department of Agriculture from race track revenue.

Policeman Loses 62 Pounds of Fat

J. W. Frost writes: "I've used seven bottles of Kruschen and reduced from 272 to 210 pounds with no ill effects whatever. In fact, I feel much better than I have for some years. As a police officer I recommend Kruschen to brother officers to keep in regulation weight and health." Kruschen is the safe, healthy, sensible way to lose unhealthy surplus fat—simply take a half teaspoonful every morning in a glass of warm water—you'll feel so good—so energetic—you'll gain in ambition and strength—you feel years younger and look it. By reducing excess fat you'll be apt to live years longer. One bottle lasts four weeks. You can get Kruschen Salts at any drug store in the world. No. 8

Mahon Says Proper Agricultural Policy Is Major Problem of Nation

Speaking Saturday afternoon to the largest political crowd of the season, George Mahon brought his candidacy for Congress to Snyder in a timely, personalized message that elicited frequent applause. Earlier in the afternoon he spoke to another Scurry County audience at Marmelike. The 33-year-old Colorado man, district attorney for seven years of an area that includes Scurry County, told his hearers that it would be impossible to call on most of them before the primary July 28. "I have 25 counties, and feel that my Scurry County friends will take care of me there while I work in counties of the district who I can not see so well known. I hope they will consider this word a personal expression of thanks for their assistance. I appreciate the fine reception given me at my two speakings in this county."

Outlines His Life. Declaring that a man who has chopped cotton on a tenant farm and felt the chaff of maize down his back is closer to the folks of an agricultural section and can therefore represent them better than one who has not had such experiences, Mr. Mahon, briefly outlined his background as a Mitchell County youth and young attorney. He called attention to the fact that the Constitution set 25 years as the minimum age for a congressman and that none of his opponents had ever had experience as a representative of the people at Washington. "We have plenty of wheat and other products of the soil," the speaker said as he plunged into discussion of national issues, "but we are in distress. Our political situation has much to do with this grave condition. Country Has Changed. "It can no longer be said that the government that governs least governs best. That might have been true when this was a frontier country, but there is no more frontier. Government has more functions than ever before. It has a vital problem facing it in the fact that 5 per cent of our population controls 90 per cent of our wealth. "We should break down some of these large fortunes. Stagnation has resulted just as it does in a poker game, when one man gets all the chips. I want to suggest three methods of dealing with this problem: 1. Pass a higher, stricter inheritance tax law; 2. enforce the income tax law more stringently; 3. make effective a national taxing system on tax-exempt bonds and securities. Approximately \$90,000,000 in bonds and securities are now untaxed—seven times the total Texas state wealth—while your \$6 million and your 90-acre farm are taxed to the breaking point. Favors Soldiers Bonus. Admitting that the money question is baffling to all concerned, the candidate stated that he favors money with 25 per cent gold content in order to help expand our currency. At this point he made the positive statement that he favors payment in 1935 of the soldiers' bonus, or, as he said, the soldiers' earned compensation. "Industry was paid its giant bonus after the war," he said. "It is high time that we were paying the men who went into the front-line trenches." The Colorado man described the nation's agricultural policy as the problem before Washington. "While I cannot impeach the integrity of the present administration," he stated, "I don't believe in a permanent agricultural policy that would hold down production. We needed artificial respiration, and we got it, thanks to a courageous administration and president. I join one of my friends in saying that it is better to live artificially than to die a natural death. "I Am a Democrat."

In passing this point of his address, the speaker said "I am Democrat—I've voted 'er straight every time." He continued: "The most essential thing to Texas is a market for cotton—restoration of foreign markets, primarily through reciprocal tariff agreements. The wall of protection to manufacturers must be broken down. The world is hungry and it has plenty of need for American cotton if we can only break down the barriers that keep it from them." Mr. Mahon expressed the hope that he might go to Washington in order that he might have the privilege of doing "the greatest good for the greatest number of folks." Marvin Jones, veteran congressman from the old 18th district, was highly eulogized for his fealty to this great agricultural and cattle raising area.

HOME DEMONSTRATION NOTES

Bison Club Meets. The home demonstration club of the Bison community met Thursday, July 5, with Mrs. F. M. Miller. Miss Nellie Ward, home demonstration agent, gave a demonstration on jelly making. "To get the correct amount of pectin in the fruit juices," says Miss Ward, "is by putting one teaspoon of fruit juice into one spoon of alcohol, which will show how much pectin the fruit juices need." She also showed how to test jelly when it was done and explained how tartaric acid could be used to supply pectin.

The club elected Mrs. F. M. Miller as delegate to send to the A. & M. short course, and will have an ice cream supper at the Bison school house Friday night, July 13, to raise money to pay the delegate's expenses. There were ten old members, three new members and two guests present. The next meeting will be with Mrs. Jim Sorrells on Thursday, July 19.—Mrs. F. M. Miller, reporter.

Mrs. Scott Makes Jelly. Guess work in jellymaking will from now on be omitted by Mrs. Ben Scott, member of the Union Home Demonstration Club. She will test her fruit juice for the amount of pectin, which is the jelly making substance in fruit juice, to determine the amount of sugar which will be required to make a nice quality of jelly. In making the test she will use one tablespoon cool fruit juice with one tablespoon 95 per cent alcohol. If a large amount of jelly like substance appears, use three-fourths cup to one cup sugar to one cup fruit juice. If a small amount of jelly like substance appears in small flakes or an easily broken mass, use

less sugar, usually one-half cup to one cup of fruit juice. Very few fruits contain enough pectin to require one cup sugar, among which are crabapple, currant and wild grape. A good jelly should be bright, clear, and of good quality. It should hold its shape when removed from the glass, and retain its angles when cut. Grow Cherry Tomatoes. Every West Texas garden should have at least one row of cherry tomatoes, according to J. P. Resborough, Extension horticulturist. This variety of tomatoes does not shed its blooms and leaves throughout the summer. They are suitable for making salads, tomato juice, tomato pickles and relishes. Tomatoes contain vitamin C, which protects the body from scurvy and keeps the teeth and bones in good condition. They are equivalent to fruit in this respect, and where fruit is scarce, tomatoes can be substituted in the diet.

Bel Club Meets. The Home Makers Club of the Bell community met in the home of Mrs. Less Hill Friday, July 6, at 3:00 o'clock. As had been planned at the last meeting, gardening was discussed. Mrs. A. H. Tate was elected as a delegate to the short course, which is to be given at College Station from July 30 to August 3. Also a committee was appointed to arrange programs for our following meetings. Our next meeting will be in the home of Mrs. Will Caffey on Wednesday, July 18. Infant Son Buried. The infant son of Mr. and Mrs. J. H. Rollins was buried in the Snyder cemetery yesterday morning at 9:00 o'clock, with Rev. Brown, Apostolic preacher, officiating, and the Occem Funeral Home in charge. Death came Tuesday. Funeral rites were at the family residence in East Snyder. Man at door—"Madam, will you buy some insect powder?" Landlady—"I have no use for it." Man—"Good! Then I'll take the room you have to let."

Mrs. Van Hooker of Tenaha is visiting this week with her daughter, Mrs. Perry Echols.

Our community was made sad Tuesday by the death of Andrew White, which occurred at his home at 2:30 a. m., July 3. The deceased had a stroke of paralysis, and had

been very ill for three weeks and three days. He bore his suffering patiently at all times. He was a good companion, father, neighbor and friend, as was attested by the beautiful floral offerings and words of sympathy and comfort offered the loved ones. He leaves a wife and eight children, a host of relatives and friends to mourn his going. His children are Mrs. T. A. Martin of Canyon community, Mrs. C. H. Eades and Grady White of Dunn, Mike White of China Grove, Velma, Heustler, Lois and Billy, who resided with their parents, Mr. White was put to rest in the Dunn cemetery with Rev. Lawrence Hays officiating. Pallbearers were his neighbors, Bill Clark, Gene House, Fay Echols, Richard Hardee, Jackson Ellis and Jim Brown. Flower girls were Margaret Brown, Marlene Clark, Veda Shepherd and Vera House.

Mr. Jacobs and family of Snyder were Sunday guests of John Weir and family.

You Egypt people, please help me with the news, so our community can be represented each week in our home county paper. Please get the news to me on Monday of each week.

SECURITY OR JEOPARDY? ...

Many of us have today come to the cross roads. No longer are we dependent on every penny earned to provide the bare necessities of life. We have a few pennies beyond that. The question is—spend it, regardless of the future? Or shall we put some away to provide for a day when we may again be in need? You must choose. A wise answer: start a bank account!

Practically all poultry diseases—loss of egg-production and deaths of baby chicks, are caused by intestinal worms, lice, mites, fleas and blue-bugs. Prevent these losses by giving Star Parasite Remover in their drinking water and spraying nests and roosts as directed. It keeps them free of these destructive pests; their health and egg-production good at a very small cost, or we will refund your money.

A PAYROLL to support 34,000 Texas People

IN 1933 over 34,000 Texans depended upon the pay checks of Texas legal reserve life insurance companies for their means of a livelihood. To the 10,000 people directly employed in home offices and the field went \$8,000,000.00 for wages, salaries and commissions.

For purchases made in Texas and in tax payments, in 1933 these companies paid out an additional \$2,115,000.00... support of further employment in Texas.

The Texas companies also had another payroll, much larger and equally important. In 1933 they sent \$20,000,000.00 to Texas beneficiaries and policyholders in payment of death claims, surrender values, endowments and annuities.

These companies had \$83,000,000.00 invested in Texas in 1933... and released into the channels of trade \$30,000,000.00 of spendable income.

The Texas companies and their 1,200,000 policyholders invite you to join them in the important work of making Texas a better state in which to live and make a living.

New Contest in Times and Other Leading Weeklies

A new and unprecedented grand prize, guaranteed by the sponsors of the contest to last the winner's lifetime, will be the outstanding feature of a new nationwide contest to be announced soon through newspaper advertisements in The Times and over 1,800 other leading weeklies throughout the country by the Procter & Gamble Company, it was learned today.

The contest will run for approximately three months. Its purpose will be to challenge to the women of America the merits of Camay soap as a beauty agent for the skin, according to executives of the company sponsoring the contest.

In addition to the unusual grand prize, over 500 other prizes will be awarded. It was stated. The contest will be open to all women and no special qualifications will be necessary to compete, it was pointed out.

The advertising program in weekly newspapers will be supported by a campaign in hundreds of cities throughout the country and by a nation-wide radio program, bringing a new star to the ears of America's listeners-in, it was stated.

THE WEST TEXAS NEWS July 10, 1914

THE SCURRY COUNTY NEWS July 4, 1933

When the people of a nation begin to evince a disregard for its anniversaries, its health is in danger. Thus we see our government growing weaker year by year.

A citizen of Sweetwater states in a card to Rev. Werner here that their town had a prize fight a few days since, resulting in two broken noses, four black eyes and two men bloody as butchered beefs, all for \$85. Put the law places the minimum fine at \$500 besides the imprisonment. Now if the court falls in its duty at this point, how is it going to manage the Corbett-Fitzsimmons affair.

J. W. Davis of Anson has submitted a proposition to Vaco in behalf of the people of Jones County, endeavoring to secure the cooperation of that city in the construction of a railway from Anson to Albany, there to connect with the Texas Central. The description of the country by Mr. Davis shows that section to be in a state of unexampled prosperity.

THE SNYDER SIGNAL July 10, 1914

A big rain fell here Wednesday afternoon about 4.00 o'clock. For several minutes the rain fell in regular torrents. The measurement showed 1.7 inches. Deep Creek was put in fine volume. Again during Wednesday night there came more rain, accompanied by considerable thunder and lightning. The night rain measured one-half an inch. The rainfall for the day was therefore 2.20 inches. This added to 61 of an inch on July 8th, makes 2.81 inches of rainfall for July.

Ed Vinton, came to the Signal office Tuesday with two stalks of corn from Emmett Banks' field that measured 10 1/2 feet and had two ears to the stalk, and later Dr. Leslie came along with a stalk from his patch that went Banks' corn a foot better and had three ears on it. Lee Boren was here early this week from his farm near Polar. He

MONTHLY PAINS RELIEVED

Women who take CARDUI have found that severe monthly pains have been relieved and that by continued use of it for a reasonable length of time their strength has been renewed and their general health improved.

"I am glad to speak a few words for Cardui as a relief for a weak, run-down condition, for bad pains in my side and back and for irregular periods," writes Mrs. Ray Chandler, of Cassville, Ala. "Cardui straightened me out and I felt 100 per cent better. It certainly helped me."

"Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician."

ON TEXAS FARMS

By W. N. Darrow, Extension Service Editor

Farm record keeping has taken a fresh start in Texas because the farmers have had to sweat for a year piecing together past records of farm production. The new AAA farm record book is in great demand. In Shelby County 45 community demonstrators are keeping books and holding monthly meetings with neighbors to encourage and help them in record keeping.

A pantry with 49 feet of shelf put in at a cost of \$1 is large enough to store a year's supply of canned foods. It has been found by Mrs. E. L. Collins, pantry demonstrator for the Grange, Hill Home Demonstration Club, Cherokee County.

Nineteen Harris County 4-H Club boys marketed 17,100 pounds of baby beets in Houston this spring at a profit of \$12.88 per boy.

Archer County home demonstration club women this year have cured 15,831 pounds of meat, canned 8403 quarts of meat, and made 100 pounds of American cheese as part of the living-at-home program.

First Baptist Church

Lawrence Hays, Pastor
The pastor will preach Sunday morning on "The Fields That Are White Unto Harvest." A guest will sing "How Long Must We Wait?" This ought to be a great hour of giving ourselves anew to the mission needs right under the shadow of our church, and on out to

the farthest corners of a lost world. Bring visiting friends and neighbors and those who have fallen by the wayside and the unlisted and all who ought to be in this service.

The morning worship hour is at 10:59 o'clock. A full choir will lead the congregation in singing old time hymns and gospel songs. All of our people will greatly enjoy the music and be heartened by its messages of cheer, comfort and strength.

Sunday school begins promptly at 9:45 o'clock. There were 324 in attendance last Sunday. Our goal for Sunday morning is 350. We are asking that every teacher see every absentee and that all of our people give the right kind of publicity to Sunday school attendance. We have a class for every member of the family.

The Baptist Training Service hour begins at 7:00 o'clock. There were 82 in attendance last Sunday. Surely 100 of our people will give their attendance and support to the training service Sunday evening. Some new workers are being added to the corps of teachers and we express the hope that such will add new interest and bring others into the hour of training. An interesting program is arranged for the assembly period of 15 minutes.

The pastor will preach at 8:15 o'clock on the subject "The Broken Net." There will be special music. Our attendance is good in the week-end services, but we can make it better by bringing ourselves, our families and neighboring friends. We are anxious to lead our people

to give the right kind of support to our church's program, the only institution in the community that will save the moral and spiritual interest of all the people.

We express our kindest appreciation to Bro. Young and his good church for their visit with us last Sunday evening. Let's attend our church services and hearten the

pastor's heart, magnify our churches and thus save the cause of civil and moral righteousness.

To those of you who are sad and need comforting, to those who are weak and need strength, to those who are troubled and need help, to those who are lost and need a savior, we invite you to come this way and we shall do thee good.

GAS delivers

"below fifty" refrigeration without noise or vibration

NO wonder Electrolux, the gas refrigerator, is far ahead in economy, convenience and comfort when a tiny gas flame takes the place of all moving parts in circulating a simple, sealed-in refrigerant. This unique simplicity gives Electrolux several unmatched advantages: A remarkably low running cost, permanent silence, and freedom from repairs. See this new and different kind of refrigerator. It thoroughly exemplifies the efficiency and great economy of all modern gas appliances.

Buy safe refrigeration plus

LOWEST RUNNING COST Gas is the most economical fuel an. Electrolux uses very little. That's why it operates for about 25c a week!	PERMANENT SILENCE Electrolux is silent, and permanently so! For it is the moving parts in a refrigerator that cause noise. But Electrolux has none!	FREEDOM FROM REPAIRS Parts that do not move cannot wear. That's the reason why Electrolux will give years of service free from expensive repairs.
