

## LIONS FAMILY PICNIC WILL BE HELD TUESDAY

### Outline of Texas Centennial Plans Heard by Service Club in Weekly Meeting.

Snyder Lions and their families, with several guests, will gather at the Highway No. 7 park near Dermott for an old-fashioned chicken fry next Tuesday evening, 6:45 to 8:30 o'clock.

Final plans for the outing were made at the regular noon luncheon at the Manhattan Hotel Tuesday.

The Dermott park was selected as the picnic site in order that the project itself and those responsible for it might be given special recognition. These persons, who have been largely responsible for the park, have been invited: W. R. Ely, state highway commissioner, and W. A. French, district highway engineer, of Abilene; G. E. Austin, division highway foreman, Mrs. Lee T. Stinson and Mrs. W. R. Bell, of Snyder.

**Committees Appointed.**

J. W. Scott was made chairman of the arrangements committee, Willard Jones of the stunt committee, and the attendance committee, from the lunch meeting Friday, August 10, to notify all Lions of the details concerning details of the outing. Each family is to furnish salt and pastries. All other eats and "equipment" will be furnished by the club.

At the luncheon Tuesday of this week, Mrs. J. P. Atkinson, faculty of history in the local high school, brought a highly interesting 15-minute talk on the Texas Centennial. It was pointed out at the beginning of the program that the week beginning Friday, August 10, had been designated as state-wide Centennial Week. "The Eyes of Texas" was sung as the opening song and Willard Jones brought a vocal solo prior to Mrs. Nelson's talk called "Texas" by Hamilton, club pianist, accompanied.

**Historical Background.**

Mrs. Nelson briefly sketched the fall of the Alamo and events surrounding that Texas history highlight to show that Texas has a background entirely different from that of any other state of the Union. She told of the Centennial's conception by Lewis Martin of Corsicana, and the idea's continuation by Cullen P. Thomas, president of the Centennial group and other interested Texans.

The Centennial city will be selected. It was pointed out, on September 1, the locality agreeing to furnish the most monetary support getting the designation. Each town and hamlet, however, may be designated as a secondary Centennial location simply by showing deep interest in the celebration slated for 1936.

The speaker called on each Lion and other citizens of Snyder to "think-talk-write" the Centennial in order that the Texas centennial be celebrated properly. She made it clear that the financial gain for all parts of the state would far outweigh the expense of staging a mammoth Centennial celebration.

**Centennial Pledge.**

In conclusion, Mrs. Nelson gave the Centennial pledge, and urged all members to take it. It reads:

"I will think, talk, write Texas Centennial in 1936. This is to be my celebration. In its achievements I may give free play to my patriotic love for Texas' historic past; my confidence in its glories that are to be."

W. R. Bell, chairman of the blank committee, read a letter of thanks from the lunch club who had been given a pair of glasses by the club this year.

W. R. Lacey, county agent, gave a five-minute explanation of the cattle buying program in Scurry County, pointing out that few if any counties in this area have been so quick and so thorough with their work. He said that between 10,000 and 11,000 head of cattle probably will be purchased before the program is completed.

**Services for Mexicans.**

Rev. A. Gonzalez of Station Baptist missionary to West Texas Mexicans, is conducting a revival at the Mexican settlement here. He reports crowds of more than 50 for the evening preaching services.

## Blacksmith Held After Finding of Bogus \$10 Bills

Charges of possessing and passing counterfeit \$10 Federal Reserve notes were leveled against A. C. Kidd, middle-aged blacksmith, in federal district court at Abilene Friday afternoon, according to the Abilene Morning News.

Kidd was charged with possessing 20 notes of \$10 denomination, and with passing two at Snyder, one at Roscoe and one at Abilene. The Snyder bills were passed at Bryant-Link Company and the Roscoe bills at the Roscoe Store. The blacksmith was held in the Taylor County Jail.

Kidd was arrested at Abilene Wednesday morning, after an alleged attempt to pass a bogus \$10 bill at the Ritz drug store.

A federal agent questioned in Abilene Friday morning, arrested Kidd, and obtained a statement. The agent was investigating the case in Snyder Saturday.

## COURT THROWS WET BLANKET ON BEER PLAN

### Petition Seeking Election on Legal Brew in Snyder Refused by County Dads.

The Commissioners' Court Monday threw a wet blanket on the proposed beer election for the city of Snyder when it refused to accept a petition, carrying the signatures of 113 citizens, requesting that such an election be held.

County Judge Robert H. Curritute stated yesterday that the court does not have authority to call an election for the city of Snyder alone, since the last beer election, in 1933, was held for the entire county. He stated that the law confines a beer election to the territory involved in the last preceding election.

The county voted against legalizing beer last year by a 3 to 5 margin.

The judge cites recent legislation to pass the Colorado and Abilene cases at the court's decision at Colorado, District Judge A. S. Manzy declared that a local election could not be legally held while at Abilene District Judge Long said that the district beer election was void.

The regular court meeting Monday saw the county dads set aside a budget of \$18,000 for right-of-way purposes, divided as follows: Highway No. 7, north of Snyder, \$2,500; No. 7, between Snyder and Hermleigh, \$12,500; No. 83, between Snyder and the Fisher County line, \$3,000.

An order was also issued calling for moving and rebuilding of fences and improvements on other permanent improvements on Highway No. 83, in order to add new right-of-way to the recently-accepted route.

## COMING SUNDAY

Rev. Alfred M. Dorsett of Waco, graduate of Princeton Seminary, and pastor of the Post Presbyterian Church, will preach at the morning services for the First Presbyterian Church here Sunday.

## REV. HAYS TO LEAD MEETING FOR BAPTISTS

### Haskell Singer to Assist Local Pastor in Tabernacle Services to Begin Saturday.

The First Baptist Church revival begins Sunday morning at the city tabernacle, with Rev. Lawrence Hays, pastor in the pulpit, and Haskell Singer, local man, leading song services.

It has been announced that all preaching services of the two-week meeting will be held at the tabernacle, while Sunday School and Baptist Training Service sessions will continue at the church building. Morning services will be at 10:00 o'clock, evening services at 7:30 p. m. by Sunday School departments.

**Special Services Held.**

Goals of 350 for Sunday school and 100 for B. T. S. have been set for next Sunday. Special prayer services have been held each evening this week in preparation for the revival.

The pastor came to Snyder six weeks ago from the Baptist tabernacle at Tanoka. Local church leaders state that he has proven himself a powerful evangelistic preacher and that he has the ability to lead the congregation in one of its outstanding revivals.

People of all faiths and of no particular faith have an invitation to join the Baptists in a community-wide meeting. Rev. Hays said yesterday.

**Singer Well Trained.**

The singer has been specially trained at Simmons University and the Southwestern Theological Seminary, Fort Worth, for gospel singing. He has been a member of the regular choir of at least 75 adult voices. Two pianos will be used regularly.

"God's plan for a revival" will be the pastor's sermon subject Sunday morning. In the evening, he will preach on "What Is Our Greatest Need?"

## Earliest First Bale in Recent Years Pulled From 35 Acres

### Local Publisher Named President of W. T. Press

J. W. Roberts, co-publisher of The Scurry County Times, was named at Spur Saturday as president of the West Texas Press Association to succeed Max Bentley of Abilene. The local man failed to keep the going laurels he won last year, however, being nosed out in the annual press tournament by W. D. Starcher, host publisher, who shot an 81 against Roberts' 82.

A record was set in absentee voting during the first primary, when 148 away-from-home votes were cast.

Members of the Sweetwater Hereford Association assembled at the municipal auditorium Friday night to hear Harrie Winston of Snyder, president of the Texas Hereford Association, bring a message on the purchase plan of the federal relief program relative to purebred cattle.

The organization under supervision of President Walter Bothe and Secretary Jim Dalaney, passed resolutions, which were to be forwarded to R. J. Kersey, secretary of the American Hereford Cattle Breeders' Association, Kansas City, commending him for his efforts in securing sale prices for registered cattle which are to be bought by the government.

Herefords or other registered cattle purchased through the federal relief program are not to be slaughtered, it was pointed out, but are to be placed on Indian reservations dotted over the United States to be used for breeding purposes.

A scale of prices on the purchase plan, likely to be made by appraisal agents, who by purchase grade cattle, follows: Bulls, two to five years, \$30 to \$45; bulls under 12 months, \$15 to \$25; cows under eight years, \$15 to \$25; cows under 12 months, \$40 to \$60; heifers, 12 to 24 months, \$15 to \$25; heifers under 12 months, \$15 to \$25.

### You May Now Cast Absentee Ballots

Absentee balloting was in order in Scurry County, beginning Monday.

According to law, absentee voting may begin 20 days before the second primary. Actually, it began August 13, but the state ticket was not certified until last Saturday.

Absentee voting in person is legal at the county clerk's office until midnight, Wednesday, August 22. All ballots returned to Mrs. Mattie B. Trimble by August 23 will be accepted.

A record was set in absentee voting during the first primary, when 148 away-from-home votes were cast.

## E. A. Hawkins of Fisher County Is Given Premiums

The first bale of 1934 cotton came to town Friday, and was given by the Snyder Ginn Company at 2:30 p. m.

It was marketed earlier in the season than any other first bale in recent years.

E. A. Hawkins, who lives east of town on Highway No. 83, just inside Fisher County, pulled 1,790 pounds of seed cotton for a bale that weighed 435 pounds. It was purchased by Hugh Taylor for 15 cents a pound, or a total of \$65.25. The market price was 13.70 cents per pound. Mr. Taylor has purchased every first bale here for several years.

Merchants reward.

Merchants of Snyder raised a premium of \$26.25 as a reward to Mr. Hawkins for bringing in the first bale. The bale thus brought a total of \$91.50. It graded strict middling.

Cotton was pulled from about 45 acres, Mr. Hawkins reports. The veteran farmer has 70 acres planted to cotton, from which he expects to get, on only four or five more bales this season. He would thus average one bale to each 12 or 15 acres.

J. W. Parr brought in a bale weighing 375 pounds on Wednesday, two days before the Hawkins bale was ginned, but the premium was not allowed on a bale under 400 pounds. The J. R. Jones and Son ginn carried for the Parr bale, which was raised west of town. Several more bales have been ginned here since the pace was set by Hawkins and Parr, but only dribbling shipments are expected for several days.

**Rain Would Help.**

Yields of the county's cotton estimate run from 4,000 to 12,000 bales, with 5,000 bales probably hitting the average guess. It is admitted that a good rain within the month would increase the crop considerably.

A check of records reveals that the 1934 first bale was ginned earlier than any other first bale in recent years. In 1929 the first bale arrived on August 12. J. W. Parr, who brought the part bale last week, was first in that year and again in 1930.

Following is a table showing first bales beginning in 1928:

Year	Owner	Date
1928	H. J. Turner	Sept. 12
1929	J. W. Parr	Aug. 12
1930	J. W. Parr	Aug. 25

## Funeral Sunday for Resident of Snyder Who Died Suddenly

D. McClammy of Snyder, 55, resident of Scurry County since 1919, died early Sunday morning at his home in Northeast Snyder, after an illness of less than 24 hours.

Funeral services were held in the afternoon at the First Baptist Church, with Rev. Lawrence Hays and Rev. R. L. Homes officiating and the Odum Funeral Home in charge. Burial was in the local cemetery.

D. McClammy and seven children, all in the family circle here, survive. A brother, Clark McClammy, of Glenrose, attended final rites. Three sisters, Mrs. Annie Anderson of Elmore, Oklahoma; Mrs. May Locke of Okmaha, and Mrs. Essie Hicks of Okmaha, Okla., also survive.

Palbearers were Bill Crowder, Bill Brooks, Clarence Dabbs, John Day, Forrest Erick and Elmer Evans. Mrs. Lawrence Moore and Mrs. Lawrence Dever were in charge of flowers.

The McClammys came to Scurry County from Fort 15 years ago, and have resided here since that time. They have lived on farms most of that period.

## Peck Changes Jobs At End of 13 Years

Preston Morgan, otherwise known as Peck, must have hung up a record of some kind when he left Snyder for Monahans yesterday.

Thirteen years ago, when he could hardly reach the soda fountain, he became an employee of the Stinson Drug Company, and he has never changed jobs.

Now, with 13 years of experience, recognition as a registered pharmacist, and a reputation for outstanding service, he is working at a new job. His new employer is Dave Sudduth, formerly of Snyder, who operates the City Drug Company at Monahans.

## COMING SUNDAY

Rev. Alfred M. Dorsett of Waco, graduate of Princeton Seminary, and pastor of the Post Presbyterian Church, will preach at the morning services for the First Presbyterian Church here Sunday.

## DEM MEETING SET THURSDAY

Election supplies will be given out Thursday afternoon, 3:00 o'clock, to members of the Democratic Executive committee, who are precinct chairmen, chairman of P. I. Town and county clerks. The session will be held in the district court room.

All committeemen are urged to be present in order that the second primary may be as well ordered as the first primary.

**Fred Gray Improving.**

Friends are happy to report that Fred A. Gray, local insurance man, is much better. Mr. Gray suffered an acute attack of appendicitis last week, and underwent an operation Friday at the West Texas Baptist Sanitarium in Abilene. Several friends have visited with the Gray family since Mr. Gray has been in Abilene.

## Bankhead Sign-up Complete; Patience Urged for Farmers

County Committee Begins Mighty Task of Getting Applications In Final Form.

With the Bankhead Act sign-up program completed on Wednesday night, the county cotton committee is settling down to the herculean task of getting all applications into final shape.

While this work is being completed as hurriedly as possible, cotton growers are urged by the committee to have patience. It is pointed out that Uncle Sam is handling the applications of about 2,000,000 cotton growers, and that so-called real time is inevitable.

Approximately 1,500 farmers have made application in Scurry County for their 1934 allotments.

Tax exempt certificates will be issued later to all cooperating growers. These will entitle the grower to have his cotton ginned without payment of taxes. If application for an allotment has not been made, the grower must pay a tax equaling about half the value of the bale before any cotton may be ginned.

The committee makes it clear that many wrinkles must yet be ironed out in applications that have already been made. No grower who has not been notified of the allotment by the committee should be ginned. The original application must have been made not later than Wednesday night.

## Johnnie Koff Free on Bond

Bond in the amount of \$3,000 was made late Wednesday of last week for Johnnie Koff, charged with murder in connection with the fatal shooting on August 5 of P. L. Burrows, at the Koff store, located at Tuesday, Borden County.

Koff had been held in the county jail since he surrendered to Sheriff J. R. Jenkins of Borden County soon after Burrows was killed. The Koff trial is slated to be held at Gall during the December term of district court.

## Winston Speaks On Plan to Buy Hereford Cattle

Members of the Sweetwater Hereford Association assembled at the municipal auditorium Friday night to hear Harrie Winston of Snyder, president of the Texas Hereford Association, bring a message on the purchase plan of the federal relief program relative to purebred cattle.

The organization under supervision of President Walter Bothe and Secretary Jim Dalaney, passed resolutions, which were to be forwarded to R. J. ## Rev. Walter Dever Leaves for Forsan

Rev. Walter Dever is leaving today with his family, for Forsan, where he was recently elected as pastor of the Baptist Church.

He has been pastor of the Dunn and Gall churches for some time.

Henry Howard has become manager of the Howard Brothers grocery instead of Rev. Dever, who has been in the place for several months.

## Snyder, Hermleigh And Fluvanna Split Soft Ball Winnings

Soft ball games have been well divided within the past week.

Wednesday evening of last week found Ralph Odum's squad winning 12-7 at Hermleigh. Monday found the 10-11 taking a decision at Snyder, 15-4.

Yesterday afternoon's double header had a different story to tell. At 5:00 o'clock, Fluvanna won from Hermleigh by a close decision, 10-9. At 6:30, Snyder lost to Hermleigh, 12-7. Both games were played on the local school grounds.

Sidney Patterson's team of boys lost at Fluvanna Thursday of last week by the heavy count of 18-17.

Team organized last week by Mack Odum won the Odum squad Friday by a score of 21-7. A return game will probably be staged this week-end.

## Hunter Speaker to Talk Here Saturday

C. F. Sentell, local Tom Hunter enthusiast, announces that A. K. Doss of Abilene, one of the leading West Texas speakers on the Hunter-for-governor list, will talk from the east door of the courthouse Saturday afternoon, 3:00 o'clock, in the interest of the Hunter candidacy.

The gubernatorial candidate has not appeared here this year, but it is promised that Mr. Doss will present his platform and principles clearly and fully.

## County Budget Meet Held This Morning

The third annual county budget meeting is being held this (Thursday) morning in the district court room. It was slated to begin at 9:00 o'clock.

Members of the Commissioners' Court were hopeful that the public hearing would attract a large number of citizens.

## Both Sides of Company "G" Camp Life Revealed by Reporter, Rookie

Camp Hulon, Texas, July 11, 1934.

It's Saturday morning, with nothing to do but stand an inspection and pass in review. That is just about how busy we have been every day since arrival in camp. Although we have been unusually busy, the work has been very pleasant.

We arrived at camp about 10:30 a. m., Saturday, August 5, and to our delight, that concrete floors had been laid for all of the tents and the mess hall. Pitching tents required only a minimum of effort and time and we were not long in shaping up the company area. Captain Centell is conducting the regimental tactical school for officers and enlisted men. Our company is represented in the school by Second Lieutenant Roy O. Irvin and by Sergeants Albert M. Corley and Clifford F. Ferguson.

The school is held for one hour and thirty minutes each morning, after which the men who attend it go on the drill field and put the men of their companies through the exercises and situations demonstrated in the school. The problems deal chiefly with combat principles in which Company "G" has always ranked very high. The boys are taking greater interest in

## Company 'G' News, Somewhat Official

This week you can take your news of Company "G," 142nd Infantry, Texas National Guard, as you like it.

On the right, we have a letter alleged to have been written by a rookie. Since it was not addressed, it was sent along to The Dimes, with the hope, writes the official reporter, "that you will publish it and thus bring it to the attention of the proper person, whoever that may be."

On the left, we discover a much more grammatical account of the annual camp, read both of them, and get both personal and official angles.

The work this year than ever before, and although many of them are raw recruits, they function smoothly.

Our new company clerk, Eldon D. Birdwell, is keeping his nose to the grindstone in an effort to get the records in shape. That

## Rev. Young Begins Revival at Inadale

Revival services will be started at Inadale Sunday by Rev. S. H. Young, pastor of the local Methodist church. It will be a father and son revival, since Rev. C. W. Young, veteran Methodist minister, is pastor at Inadale. He is also pastor of the Hermleigh and Camp Springs churches.

The local pastor returned Thursday from a two-day gathering in Amarillo of adult laymen of the Northwest Texas Methodist Conference. He reports a heavily attended meeting, with H. C. Hendrix, professor at West Texas Teachers College, as presiding officer.

## Oil Mill Operating On Schedule Again

After being shut down for a week, the Fuller Cotton Oil Company put on steam with a 24-hour shift Wednesday.

It is expected by Manager A. D. Erwin that the supply of cotton seed will be exhausted in a few weeks.

## Legion Women Name Trio to Convention

Mmes. Clyde Boren, Walla Fish and Frank Arnett were named on Monday evening by members of the American Legion Auxiliary as delegates to the state Legion convention, to be held at Mineral Wells August 26, 27 and 28.

Mmes. C. P. Rogers, Dick Henderson and W. W. Hull were chosen as alternates.

The Will Layne Post has postponed installation of officers for the new fiscal year until the regular second-Monday meeting in September.

## Short Ballot in Borden Co.

With names of only three county candidates on their second primary ticket, Borden County folks will not have much trouble in voting next week.

John Burdick and Charles Nunnally are running it out for commissioner of Precinct No. 1, while the name of C. W. Taylor appears for justice of the peace, Precinct No. 1.

The names of state and district candidates, 15 in number, appear as they do on the Scurry County ballot, listed elsewhere in this issue.

At this point Little Miss Betty Jean Joyce entered the room carrying a basket, which was beautifully fashioned of white and silver with little bow and white and silver wedding bells, filled with a lovely collection of bridal gifts, which were unwrapped by the honoree and displayed.

The group was invited into the dining room at tea time, where Miss Hills and Mrs. Wade poured tea from cut glass pitchers. The table was covered with a lovely lace cover and centered with a bowl of pick verbenas. The dainty refreshment plate contained bread and butter sandwiches, cookies, mints and lemon tea. ### Mullican Stresses Fair Profit for Producer in Campaign Speech Here

Emphasizing his ability to serve the new 19th Congressional district with power and determination, and stressing the same fair deal for the producer as industry now enjoys, Clark Mullican of Lubbock brought his second-primary campaign to the east steps of the courthouse Wednesday afternoon.

The district judge, 15 years a resident of the Plains, a colonel during the World War, outlined his platform, as he did during the first primary, almost at the doorstep of George Mahon, his runoff opponent.

He veered sharply from any address reference to the Colorado man, telling the large crowd of listeners simply that he appreciated the votes of those who supported him in the first primary, and that he pledged faithful service if elected to the high position.

**Platform Summarized.**  
Following is a summary of the Mullican platform:

I favor the printing of currency in reasonable amounts instead of printing and selling interest-bearing tax-free bonds.

As stated by our President a few months ago, this Nation must have a system of old-age pensions. It is a national problem.

I favor the immediate payment of the so-called soldiers' "bonuses" by the issuance of new currency. I shall contend for complete cancellation of every dollar of interest now accumulated or to become due on policies borrowed on by many ex-soldiers.

I shall favor an army, navy and air force sufficiently strong to guarantee our security from foreign invasion.

I favor stopping wars by drafting

### George Mahon Will Speak Here Friday

Scurry County folks will have their second opportunity on Saturday afternoon at 4:00 o'clock to hear George Mahon of Colorado, leading candidate for Congress. The candidate spoke here, at Harnleigh and at Fluvanna prior to the first primary.

The speaker will appear on the east side of the courthouse. Local supporters are planning for one of the largest political crowds of the year.

Industry and thus eliminating profits.

I do not believe small incomes should be taxed. I favor a tax on larger incomes than those on the size of the income increases.

**Wound Limit Inheritance.**  
The children of extremely wealthy families should be limited by inheritance tax to a reasonable inheritance.

I shall favor an insurance of the small legitimate business enterprises against the curse of inflated so-called "holding companies."

If foreign nations do not intend to pay us in money, then I propose we trade it out for those commodities we do not produce here.

I favor a system of exchange of our surplus commodities to the end that surpluses may be exhausted and trade and commerce once more opened up between nations.

I am opposed to our government's entering the loan business except in times of great distress, such as we are now confronted with.

I favor government purchase of low-grade surplus cotton, the remainder to be reported by grades. This will eliminate virtually one-half of our surplus cotton.

**Wedge Worth Speaks.**  
Superintendent C. Wedgworth of Snyder schools delivered a talk on "What the Public Demands of the Teacher of Today" at a recent assembly service of the West Texas Teachers College, Canyon.

Mr. Wedgworth is a visiting faculty member of the education department in the college.

### Built Up Strength By Taking Cardui

Here's her own account of how Mrs. T. W. Hardin, of Greer, S. C., was benefited by taking Cardui: "I suffered a great deal from weakness in my back and pains in my side and felt so miserable" she writes. "I read of Cardui and decided to try it. I felt better after I took my first bottle, so kept on taking it as I felt such a need of strength, and it helped me so much."

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

to him, I feel kind of sorry for him. He's a human being even if he is a captain. Mable. So ever time I saw him I used to stop him and talk to him. Democratic. That's me all over, Mable. "Johnston" he says, "if they was all like you around here, war would be hell, no joy." By which he meant that we would make it hot for the enemies.

I been feelin awful sorry for you, Mable. What with messin me and your fathers liver gone back on awful things must have been awful lonesome for you. It isn't as if you was a girl what had a lot of folks laugh around all the time. Not that you couldn't have em, Mable, but you dont and theres no use makin no bones about it. If it hadnt been for me though I guess things would have been pretty stropic for you, though I don't begrudge you a cent. You know how I am with my monev. I guess you ought to anyway em Mable? ### FOLKS AUG. 25

Five State, Two District and Four County Offices Contested In Second Primary.

Probably the shortest primary ballot ever to be scratched by Scurry County voters was printed Monday.

Five sets of state candidates, two sets of district candidates, and four sets of county candidates, compose the second primary line up.

The name of George W. Outlaw, who automatically becomes the Democratic nominee for district attorney, appears alone, because J. R. Corneilus, second man in the race, withdrew last week. That makes 79 names on the ticket that faces Scurry voters on Saturday, August 25.

**More Than 1,000,000 Votes.**  
State and district runoff candidates were certified to P. I. Townsend, county chairman, after certification of returns last Saturday at Austin. More than 1,000,000 ballots were cast, official returns disclosed.

Headed by the regulation pledge, "I am a Democrat and pledge my self to support the nominees of this primary," the ballot reads:

For governor—James V. Alfred of Wichita County, Tom P. Hunter of Wichita County.

For lieutenant governor—Joe Moore of Hunt County, Walter F. Woodall of Harris County.

For attorney general—William McCraw of Dallas County, Walter Woodward of Coleman County.

For state railroad commissioner—Lon A. Smith of Travis County, John Pundt of Dallas County.

For associate justice of supreme court—H. S. Lattimore of Tarrant County, John H. Sharp of Ellis County.

For congressman, 19th district—George H. Mahon of Mitchell County, Clark M. Mullican of Lubbock County.

For representative of the 118th district—Joe A. Merritt of Scurry County, Leonard Westfall of Stone-wall County.

For district attorney of the 32nd judicial district—George W. Outlaw of Nolan County.

For commissioner, precinct No. 3—H. M. (Bub) Blackard, Lee Grant.

For commissioner, precinct No. 4—H. M. (Hoyt) Murphy, H. E. Brock.

For justice of the peace, precinct No. 1—P. E. Davenport, Charles J. Lewis.

I want to thank each and every voter of Scurry County for the kind consideration shown me in my race for sheriff.

THE WEEKLY DOZEN

Speaking of Politics.

Now speaking of politics... Pointance, ain't it just too ducky? All these campaign managers who predicted success for their candidates... can they foretell when it will rain?—Winters Enterprise.

Not Going to Fool Him.

Small boy—"I'm not afraid of going to the hospital, mother. I'll be brave and take my medicine, but I ain't going to let them palm off a baby on me like they did on you. I want a pup."—Lorain Journal.

This Toe-Stepping Business.

"In the working out of a great national program which seeks the primary good of the greater number of people, it is true that the toes of some are being stepped on and are going to be stepped on."—President Roosevelt.

No Dictation, Please.

It is presumptuous for any defeated candidate to try to dictate to his supporters whom they shall support in the run-off. Voters have the right and the habit of picking their own candidates—and few will be influenced in their selection by the dictation of any candidate whom the people have rejected.—Farmersville Times.

Let's Have Some Rain.

Nothing would put smiles on people's faces quicker—nothing would be of such far reaching benefit to the nation or restore optimism any more quickly or thoroughly. The cattle purchase program was a boon, to be sure, but nothing can take the place of a three-day general soaking rain. Let's have it.—Pecos Enterprise.

Tribute to George Mahon.

George Mahon of Colorado was here a short time Friday on a swing over the district making preliminary plans for the run-off campaign. He has since been on the stump and will visit Tahola some time before the election. Mahon is a brilliant young man, affable, friendly, accommodating, and genteel.—Lynn County News.

"Trail Dust."

A terrapin at the side of the road with four feet pointed toward the sky. Death had come, but not pleasantly. Man, drunken with the wine of speed, no longer cares enough for a helpless, harmless life to turn the wheel in his hand a few inches. Yet, I have seen my father pull a heavily loaded cotton wagon out of deep ruts to avoid destruction of a terrapin.—Nolan County News.

Say It With Mud.

With the run-off democratic primary getting into top speed, evidence indicates that many of the races are going to be of the hostile order. This is especially true of the campaigns for major offices but is not limited to them. "Mud-slinging," the term commonly applied to uncivilized political battles for votes, has had the finger of disapproval pointed at it no few times in Texas. Yet it seems that many candidates rely on the practice as a sure vote-getter, thereby overshadowing important issues with backbiting personalities.—Stephenville Empire-Tribune.

Authorize Relief Bonds and Quit.

Governor Ferguson has called a special session of the Texas Legislature to convene August 27 for the avowed purpose of authorizing additional amounts of state relief bonds. That there is urgent need of this being done is well known in view of existing drought conditions, but we hope the lawmakers and the governor will relieve the taxpayers of the burden of a prolonged special session. We recommend that they attend to the relief bond business immediately after meeting and that unless some unforeseen emergency demands their attention they adjourn as soon as the business in hand is completed.—Electra News.

Both Platforms 'Radical'.

Speaking of candidates for governor, it is a noticeable fact that the platform of both the candidates left in the race are "radical." Both are suggesting reforms and promising reforms and revision in government which Chitt Small says neither can fulfill. However, this is a matter of twiddle dee dee and twiddle dee dem. What they mean, as a matter of fact, is to give the people an idea of the things they will stand for. They know, and the people know, that the Legislature must be consulted. What they desire to do is to consolidate sentiment behind their proposals, which, if they do, will bring about the revisions and reforms they promise.—Floyd County News.

No Cow Chips for Fuel.

A long time ago here on the broad Plains of Texas when the north wind would puff and blow and the temperature would drop below zero and continue for weeks and months, the early settler could go out on the prairies and pick up cow chips and build fires to keep from freezing to death while they were establishing the first settlements here—and even many times since then cow chips have been used as fuel in cases of tight—but there are no more cow

Why Not a Cannery?

This question is being put often to The Times: "Why doesn't Snyder establish a small cannery to care for the good beef that is being killed by the government, and to provide a workhouse for people who are being fed by relief agencies?" Perhaps there are insurmountable difficulties in the path of such a project. At any rate, many other towns have established canneries with assistance of governmental agencies, and certainly it would do Snyder no harm to try for a cannery of its own. In addition to caring for surplus meat, giving work to the needy, and providing meat for distribution to those who will need it this winter, a cannery would give a year-round opportunity for citizens to provide raw meat and vegetables, and for relief agencies to get supplies at a cheaper price than it is possible for retailers to make.

Why not a cannery? It is a good question to ask.

Not a Sectional Candidate.

Fortunately for the entire 16th congressional district, George Mahon is not a sectional candidate.

Coming from the extreme southern end of the 25-county area, he is making his race on qualification alone. No vilification of his opponent. No sectionalism. No appealing to prejudice. There you have George Mahon's race in a nutshell. It is no wonder that he is almost universally given a lead in three-fourths of the counties of the district.

The Lubbock Avalanche-Journal, in an editorial titled "The Important Issue," uses such words as "hated," "undercover methods" and "innuendo" in referring to alleged efforts of Mahon supporters to create a spirit of animosity toward Lubbock. Perhaps the paper is grasping at straws. Perhaps some of George's supporters have been rash in their campaign statements. No matter. The paper execrates Mahon himself, and concludes with a significant statement that will hold water no matter whether you belong to the Mahon camp or the Mullican camp.

"We believe that living together here on the South Plains—that helping each other and trusting each other in the same old way—is more important to maintain than it is to send any individual to Congress."

EDITORIAL OF THE WEEK

RECOVERY PROGRESSES.

Steady and substantial progress on the President's Recovery Program was shown at the end of the fiscal year, June 30. Seasonal recessions have been far below normal, when not missing entirely. Purchasing power in four lines of retail trade was shown by sales records to have gained more than 400 million dollars over the first six months of last year, with June gains over May.

Even the vast postal service converted deficits of 152 million dollars in 1932 and 89 millions in 1933 to a surplus of five millions over expenditures for the year ending June 30, 1934. It is the first time the world's largest business operation has been self-sustaining since 1919, the seventh time in 50 years, and is a notable example of what can be accomplished by efficient, painstaking public service.

The Reconstruction Finance Corporation showed a profit for the fiscal year of \$21,784,000. Since it began to function on February 3, 1932, its total emergency expenditures amount to 6,432 millions, of which 3,568 millions represent loans secured by assets or collateral and 1,400 millions were repaid since March 4, 1933. During the fiscal year 1934, loans of all types amounted to 1,177 millions, with repayments of 931 millions.

During the past year banks and trust companies repaid by the RFC 534 millions and borrowed 417 millions; railroads repaid 48 millions and borrowed 31 millions; insurance companies repaid nearly 45 millions and borrowed five and a half millions; building and loan associations repaid 47 millions and borrowed only five millions.

But government borrowers capable of liquidating their debts are not confined to financial institutions. Since last November, the Commodity Credit Corporation has advanced 121 million dollars on 270 million bushels of sealed corn in ten states. Up to July 16, six millions had been repaid and subsequent payments average a million dollars a day.

Cash income of farmers during the first six months of 1934 increased 19 per cent over 1933 from sale of farm products alone and 27 per cent including rental and benefit payments financed by processing taxes.

Industrial wages continued at 58.6 cents per hour in June, the same as in May. Increases in June, 1934, over June, 1933, were 29.9 per cent in hourly earnings; 31.9 per cent in employment and 46.7 per cent in payrolls. Freight loadings were higher in June and continued increasing through July. They totaled 614,864 cars for the third week of July, 112,852 over the corresponding week of 1932. A sharp rise in exports in June left a trade balance of 34 million dollars, against five millions in May and an increase of 44 per cent over June, 1933.

Success of the system by which the accounts of 50 million depositors in 14,000 banks are insured up to \$5,000 each evoked the astonishment of old world financial authorities. More than 97 per cent of all depositors in 93 per cent of all licensed banks are protected from loss, in the manner advocated by the Democratic party since 1908.

During its first year, the Home Owners Loan Corporation loaned more than a billion dollars to 341,000 distressed home owners; the Federal Housing Administration is organizing for immediate action the number directly employed on Federal Public Works July 16 was 600,000, with twice that number working in manufacture, processing and transportation of materials.

On every front and with full steam ahead, the President's Recovery Program is moving toward restoration of normal conditions.—Big Spring Daily Herald.

chips because the cows are all being shipped out to be ground into fertilizer to enrich the ground to produce still more, when all our trouble has been caused by over production, the experts say.—Community Weekly (Plainview).

Our Run-Off Primary.

One of the metropolitan dailies editorially calls attention to the obvious fact that Texas' system of selecting candidates as nominees of the democratic party is hardly representative of the wishes of the majority of the people. Thus, in the late July primary, Alfred led the field of five candidates with approximately 275,000 votes out of an estimated total of 1,000,000 votes cast. In other words, Alfred was favored by less than 30 per cent of the voters, while 70 per cent favored some other candidate. In the case of Tom Hunter, who polled around 225,000 votes, less than 25 per cent of the voters evidently favored him, while more than 75 per cent favored others. Yet, between these two, the voters must choose in the August run-off primary.—Brady Standard.

## HOME DEMONSTRATION NOTES

### Processed Cheese Recipe.

"Processed cheese" may be quickly and easily prepared, makes wholesome sandwich filling, and is an adequate substitute for meat in the diet. It may be eaten soon after making, but is better if four or five days are allowed for ripening.

In making processed cheese, three gallons of separated milk, one-half pound butter, one tablespoon soda, two teaspoons salt, and one-half can cream are necessary. Heat the milk to 100 degrees temperature for 30 minutes, squeeze dry and mix with butter, salt, soda, and cream. After it has set two hours heat in double boiler until it is free from lumps. Add it to one-half cheese coloring tablet dissolved in a little cream.

Pimentones, caraway seed, or about one-fourth pound strong flavored cheese may be added to vary the flavor.

Place in a buttered mold. If covered with melted paraffin while still hot, and kept in a cool place, it will keep indefinitely.

### Tile Being Used.

Two hundred forty-one feet of concrete tile has been made to substitute fall garriens in four communities.

In the Bell community, Mrs. C. R. Roberson has made 17 feet in Hermitage. Mrs. W. A. Cross has made 24 feet in the Union community. Mrs. J. L. Carrell has made 90 feet, and at Flavanna Mrs. Edgar Smith has made 100 feet.

"Economical mixing and prevention of waste makes it possible to secure 125 feet of tile from one sack of cement," says Mrs. Edgar Smith.

### Canyon Club Makes Cheese.

The Canyon Home Demonstration Club met in the home of Mrs. Albert Mullins, Miss Nellie Ward, county demonstrator, gave a splendid demonstration in cheese making. We found it necessary to have accurate temperature in order to have creamy cheese, and the milk should not be too old. The club adjourned to meet in the home of Mrs. Green Lane next. Mrs. Annie Sterling, the club representative to the A. & M. Short Course, will give a demonstration on making tufted bedspreads and also a talk on the things she learned at the short course.

## China Grove News

**Mrs. C. F. Swan, Correspondent**

The largest crowd that ever gathered at China Grove to witness the elimination game between Dunn and China Grove in the league tournament. A good game was expected, as Dunn had managed to beat China Grove 3 to 1 on the Saturday before, but our players got hot and only let Dunn get one score while they walked away with seven. China Grove was also victorious in a game with Pleasant Hill on their diamond Friday afternoon (the score being 6 to 1).

We wish to correct a mistake in our letter last week. One item should have read "Mrs. Smith, who was Miss Eula Lee Wilson," instead of "Mrs. Smith and Miss Eula Lee Wilson."

The Legislature may impose a poll tax. It may also impose occupation taxes, both upon natural persons and upon corporations, other than municipal, doing business in this State. It may also tax income from both natural persons and upon corporations, other than municipal, except that persons engaged in mechanical and agricultural pursuits shall never be required to pay an occupation tax; provided that two hundred fifty dollars worth of household and kitchen furniture, belonging to each family in the State, shall be exempt from taxation, and provided further that this occupation tax levied by any county, city or town for any year, on persons or corporations pursuing any profession or business, shall not exceed one-half of the tax levied by the State for the same period of such profession or business.

Section 2. The foregoing amendment to the Constitution of Texas shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1934.
