A QUICK READ OF THE NEWS

Loan deficiency payments

50¢

Due to extremely low commodity prices, it is apparent that sorghum and producers will have the option to request loan deficiency payments, according to Bailey County Farm Service Agency officials.

On Aug. 18, the deficiency payment rate was 2¢ per hundred weight for sorghum and 12¢ per bushel for corn (LDP rates change daily).

When requesting loan deficiency payments, producers have two options.

The first is to have a crop contracted for delivery as food corn, high moisture corn or milo, or producers plan to sell the crop as delivered, they should file a form CCC 709 immediately before harvest. Producers will have 30 days following the date the CCC 799 is filed to submit production records.

Generally, beneficial interest is lost when these crops are delivered to receiving facilities.

Once beneficial interest is lost, producers are no longer eligible for deficiency payments.

The second option applies in cases where the crop will be delivered for sale at a later date. Producers may file a CCC 666 to request a LDP at any time after the harvest.

Aguirre playing for A&M

Former Muleshoe High School standout Ricko Aguirre is expected to get some playing time in his first collegiate game.

According to Buff head coach Stan McGarvey, Aguirre will get "plenty of reps" Saturday when West Texas A&M opens its 1998 season by hosting Panhandle State University at Kimbrough Stadium in Canyon.

Kickoff is scheduled for 6 p.m.

The 6-2, 300-pound freshman will be part of the rotation at nose tackle and strongside

'Gypsy' case heading toward plea bargain

The criminal case against the so-called "Gypsies" who robbed a Muleshoe grocery store last fall appears headed for a plea bargain.

During a court hearing Monday in which a continuance was granted, district attorney Johnny Actkinson said that a plea bargain had been offered and agreed upon by the district attorney's office, the defendants and the defendant's lawyer.

The five defendants who ap-

peared before 287th District Court Judge Jack D. Young Monday told the judge they agreed to the terms of a plea bargain. Their lawyer, David Martinez of Lubbock, did not attend the hearing.

The terms of the plea bargain were not dicussed during the brief court appearance.

During a phone interview later in the day, Actkinson said that he does not discuss pending cases and

would not comment on whether the proposed plea bargain included jail sentences or restitution.

Two more defendants in the case involving the theft of more than \$14,000 from a Muleshoe grocery store in November are in custody in Illionis and are fighting extradition.

The two were scheduled to appear in court Tuesday, according to Actkinson.

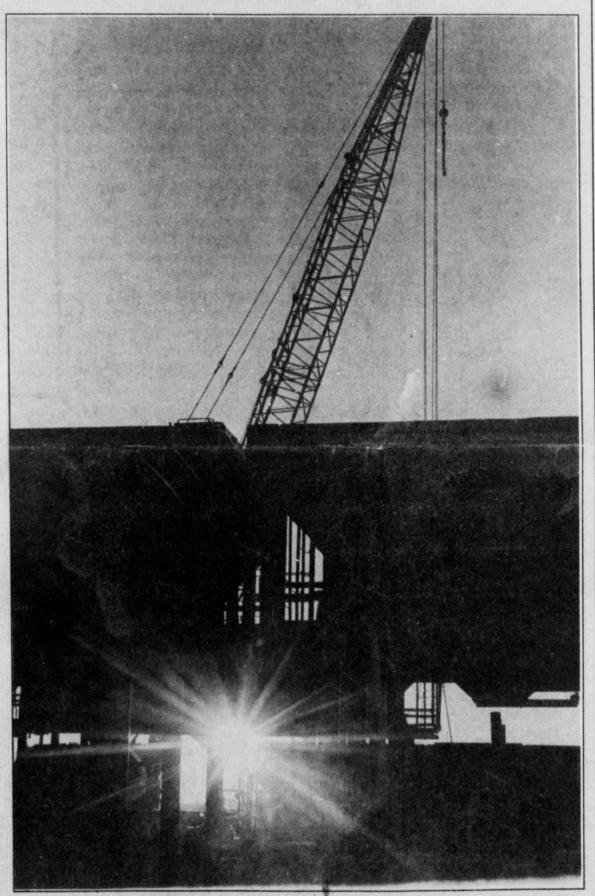

All the defendents are charged with theft and engaging in organzied criminal activity.

Even though the five defendents had agreed to the plea bargin, Actkinson said he okayed to the continuance because "he didn't want to try the case twice.'

The defendents also face charges in Lubbock and Callahan County.

HERE COMES THE SUN

MISD board adopts \$9.97 million budget

Maintaining its current tax rate and a healthy fund balance were determining factors in building this year's budget, according to Muleshoe school district superintendent Bill Moore.

The Muleshoe Independent School District Board of Trustees Monday adopted a \$9.97 million budget during a regular bi-monthly meeting.

"Even if we spend every penny in the budget, we still have \$4.3 million in the fund balance," Moore told the board.

He said maintaining a healthy fund balance is important for two reasons.

"Having a healthy fund balance has allowed us to be a pay-as-you-go district," Moore said.

The district paid for about \$5 million in facility upgrades, renovations and construction the last few years out of pocket, "saving untold thousands in interest we would have had to pay if we used bond issues or gone into indebtedness," Moore said.

"Plus with a healthy fund balance, the interest generated is money we don't have to go to the taxpayers for," Moore said.

tackle for the Division II Buffs, who finished 7-4 last year.

"We're extremely pleased with Ricko," McGarvey said. "He's been outstanding since the first day of practice."

"He's a big, strong kid with a great work ethic," McGarvey said.

throughout the week. Highs in the upper 80s with lows in the low 60s.

Workers were up with the sun Tuesday at Muleshoe Pea & Bean, erecting old railroad cars on platforms to be used for storage.

The school district set its tax rate at \$1.2704, the fourth-straight year without an increase.

Moore added that with last year's Constitutional Amendment that granted Texas homeowners an additional \$10,000 in homestead exemptions, district residents are actually paying less school tax than they paid four years ago

"With all the improvements, the tremendous strides in technology, and most of all, the great strides in student achievement, it's a good buy for the dollar," Moore said.

Earlier in the evening, Moore received his Region 17 Superintendent of the Year Award from region executive director Kyle Wargo.

Moore, who also won the award in 1994, is now eligible for the state-level award, which will be announced at the Texas Association of

see BUDGET on page 3

Muleshoe end-of-course exams at state average

record passing rate on the Biology I end-of-course exam this spring, according to Commissioner of to spend a lot of time looking at Education Mike Moses.

The Algebra I passing rate also improved.

Muleshoe students finished near the state average, but that is not good enough, said Muleshoe school district superintendent Bill Moore.

Moore was particularly bothered by the district's Algebra I scores. He called them "abysmal."

Of the 105 Muleshoe students who took the Algebra test, 38 percent passed. Broken down further, only 8 percent of 71 high school students passed. In junior high, where the more advanced students take Algebra early, all 34 students passed.

Moore called it a "good news, bad news situation."

"Obviously, we were pleased at

AUSTIN - Texas students set a the junior high level. But something has to be done about the high school scores," Moore said. "We're going this."

> The state average in Algebra was 39 percent.

> Eighty percent of the students who took the Biology I end-ofcourse exam passed it, preliminary figures show, compared to 78 percent last spring. That means 163,543 of the 203,937 students who took this test passed.

At Muleshoe, 79 percent of the 66 students that took the biology exam passed.

Passing rates in the state have improved each of the four years this test has been given.

"This strong performance on the biology test demonstrates the continuous improvement we are seeing in Texas public schools. The students did particularly well on questions that dealt with acquiring and organizing scientific data and making inferences, predictions and generalizations," he noted.

This year's passing rate is seven points higher than the 1995-passing rate for the spring administration of the biology exam.

Passing rates on the Algebra I end-of-course exam are 11 points higher this year than in the spring of 1996.

"Despite that increase, I am disappointed with these results," Moses said.

This spring 39 percent of the students passed the Algebra I test, compared to 35 percent in the spring of 1997. That means that 96,133 of the 244,492 students who took the test in the spring of '98 passed it.

AROUND MULESHOE

Progress community holding reunion

The Progress Community will have their reunion on Labor Day Weekend Sept. 5, 1998 at the Muleshoe Church of Christ Meeting Room at 2100 W. American Blvd. from 2-5 p.m. Refreshments will be served.

All former and present residents are invited to attend as well as friends and family members. All former students and teachers of the Progress School are encouraged to attend. Since the school consolidated with Muleshoe Schools in 1948-49, there is a special invitation to the students who attended that last year.

For more information, call Kenneth Henry at 272-5651 or Billie Downing at 272-5169.

Food Pantry taking applications

The newly-formed Bailey County Ministerial Alliance Food Pantry will be taking applications from 9 a.m.-12 p.m. on Aug. 24 and 27 at the Community Room at Muleshoe State Bank.

The Food Pantry has been established to assist in the care of the elderly, the disabled, low-income families not already receiving assistance and emergency situations.

Gallman graduates from Texas Tech

Joanna Gallman, a 1995 graduate of Lazbuddie I.S.D., was an August 1998 graduate of Texas Tech University. She has a degree in English with a Spanish minor. She is a member of the Golden Key Honor Society and graduated Magna Cum Laude.

Currently, Gallman is employed by Lamesa I.S.D. teaching sixth grade English. She is the daughter of Robert and Ellen Gallman of Lazbuddie.

16th and D church hosting blood drive

There will be a Muleshoe community blood drive on Aug. 27 from 12-7 p.m. at the 16th and D Church of Christ.

The drive will take place in the fellowship hall. The Blood Institute will give a newly designed T-shirt to all blood donors.

Lazbuddie church holds concert

Southern gospel music group The Brashears will perform at 11 a.m. on Aug. 30 at the First Baptist Church of Lazbuddie. The Brashears are an old time gospel recording group from Russellville, Ark.

Weigh Down Workshop set for Aug. 26

A Weigh Down Workshop Orientation meeting will be held Aug. 26, at 5:15 p.m., at 16th & D Church of Christ. Anyone interested in learning the principles of this Bible-based weight loss program is invited to attend.

For more information or to register, please call 272-3303 or 272-4664 after 5 p.m.

Deadline for Around Muleshoe items is 5 p.m. Monday for Thursday's edition and 5 p.m. Thursday for Sunday's edition.

Employee of the month

Dyan Shipley, Muleshoe Area Public librarian, was chosen as the Muleshoe Chamber of Commerce's August Employee of the Month. Pictured from left are Dawn Williams, Bill James, Dyan Shipley, Laura Precure, Susie Sowder, Wade King and Sheila Stevenson.

Hicks accepted as a member of the IIMC

Mary Hicks, Muleshoe City Secretary, has been accepted as the 305th member into the second sustaining membership of the International Institute of Municipal Clerks Academy for Advanced Education.

The IIMC Academy for Advanced Education was instituted in 1981 to further the professional education of municipal clerks to enhance their skills as needed to meet the challenges of the office of municipal clerk. Every two to four years, Academy members must demonstrate active educational and professional participation that keep them aware of changing events in the local government scene.

Academy members are required to obtain a specific number of points through completion of recognized institute or college courses, completion of seminars and workshops offered by other professional associations, attendance at meet-

ings and conferences, and receiving honors and awards for specific achievements. Approximately 14 % of over 10,000 members of the IIMC have qualified for the Academy status. IIMC President Vicky Miel, Phoenix Ariz. City Clerk announced. "I am honored to welcome Ms. Hicks into the second sustaining membership level of the IIMC Academy for Advanced Education. She has demonstrated and obtained career development goals that will aid her in maintaining the quality of excellence that is required of today's public officials and administrators."

Hicks has been employed with the City of Muleshoe since January 1972, where she serves in the position as City Secretary.

She received her professional IIMC Certified Municipal Clerk's Award in February 1992, and was accepted into the IIMC Academy for Advanced Education in July 1993. She is the sixth active Municipal Clerk from the State of Texas who has achieved this designation.

During this past sustaining period she has continued her education by completing **IIMC-approved** Academy Classes and Seminars conducted by the Texas Municipal Clerks Certification Program at University of North Texas, Denton, SkillPath Seminars, and Clovis Community College.

Active in her professional and civic affiliations she is a member and past president of the Texas Municipal Clerks Association and past president of the South Plains Chapter of TMCA. Hicks has been a member of the International Institute of Municipal Clerks since October 1983 and has served on the IIMC Membership and Legislative Committees.

EXAMS

Louise Dudden was born June 18, 1924. She and her sister, Dot (Dudden) DuRapau of Mississippi, grew up in New Orleans, Louisiana. Louise graduated from high school and then attended Soule Business College in New Orleans where she studied shorthand and typing.

Louise married Wayne Williams in 1944. Wayne served in the Armed Forces and was born in Kress. He passed away in January of 1991.

Louise and Wayne moved to Muleshoe in 1963. Williams Brothers Office Supply opened shortly after their arrival. Wayne and his brothers, who were silent partners, felt that Muleshoe had a need for an office supply store, and 35 years later, that feeling stands correct. The Williams family still owns the "Mom and Pop" business. Wayne and Louise passed the reigns to Roger and Dawn Williams in 1990. Louise is proud of her many years in Muleshoe and all that her family has accomplished. She says, "I enjoyed working, and I have enjoyed living here in Muleshoe. My kids all graduated from Muleshoe High School, and since then have each shown me great things." Mr. and Mrs. Williams parented three children:

Roger of Muleshoe, Annette of Amarillo, and Julie of Porterville, California. Louise has six grandchildren.

Louise is a member of the Order of the Eastern Star of Muleshoe, and she attends the First United Methodist Church.

About M.A.H.H.A., Mrs. Williams says that the staff has been "just great!" They have come by to 'check on me" every morning. They always have smiles on their faces. She really appreciates all their help and concern. Affiliated with Lubbock Methodist Hospital Systems

'Horns loaded with firepower; lacking in depth

By RICK WHITE **Managing Editor**

Led by what coach Mark Scisson believes is the best backfield in the state, Lazbuddie High School has more than enough firepower to return to the six-man playoffs.

Second team all-state quarterback Josh Morris and senior running backs Adam St. Clair and Jeffrey Seaton give the Longhorns a potent and baianced attack.

But rebuilding an offensive line and most of a defense ravaged by graduation will determine how far the Longhorns go.

"If we stay healthy and improve each week, I don't see why we can't win district," Scisson said.

Still, Scisson, who has led Longhorns to the six playoff appearances in his seven years as head coach, can't help but wonder who is going to open up the holes in front. "We have size and potential, but we have only one player on the offensive line that has varsity

Football 98 PREVIEW

experience."

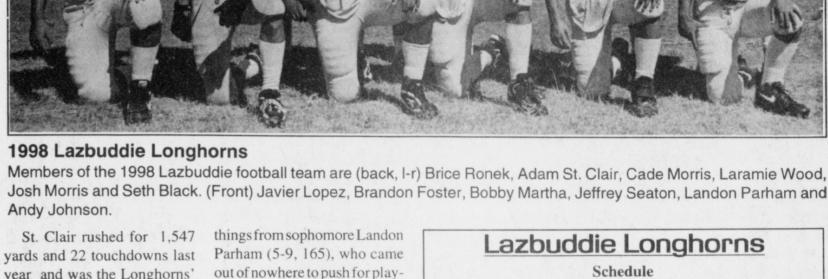

Depth could also pose problems for the Longhorns, who graduated 10 seniors from a 12-2 team that reached the state semifinals last year for the second time in school history.

The Longhorns are just eight players deep, so it's critical they avoid injuries, Scisson said.

Morris, a three-year starter, possesses tremendous poise and a deadly accurate arm, according to Scisson. "I don't think there's a better quarterback in the state."

The 6-2, 170-pound senior completed 65 percent of his passes last season while throwing for 2,370 yards and 32 touchdowns. He was intercepted just twice in 221 passing attempts.

St. Clair, who put on about 20 pounds this year, is a load and a half at 6-3, 220 pounds and Seaton (6-1, 198) is the Longhorns' fastest player.

year and was the Longhorns' second leading pass receiver. Seaton rushed for 453 yards and 11 touchdowns.

The Longhorns will sorely miss all-state wide receiver Chris Smith.

But Morris will still have plenty of targets in St. Clair, Seaton, Seth Black (5-11, 200), Brandon Foster (5-10, 145) and Cade Morris (6-4, 175).

Scisson said to look for big

out of nowhere to push for playing time.

Junior Bobby Martha (6-0, 230) and Black will anchor the offensive line with Jason Jesko (6-1, 210) and Parham in the mix.

Lazbuddie will have to rebuild from scratch on defense - St. Clair and Seaton were part-time starters the only play-

Seminole is picked to win its district and Palo Duro is a Class 4A school. Quite a leap from playing weak sisters Floydada and Morton the last two years.

The Mules went toe-to-toe with Seminole Friday, and despite being outscored 3-1 in the controlled scrimmage, played well, according to Wood.

Wood said there is no longer a question of whether Muleshoe can handle playing against better competition. "After the way we played, the question is moot."

"We played with them, and in some aspects, we outplayed them," Wood said. "We moved

things" during the scrimmage. What did they find out?

The Mules have depth at

every position and their power running game is still intact even with the loss of all-state guard Ricko Aguirre.

"Even without Ricko, we can cram it down someone's throat," Wood said.

On the flipside, Muleshoe learned that the defensive secondary needs work.

Except for one long touchdown run, Muleshoe controlled the line of scrimmage and forced Seminole to pass.

But Muleshoe couldn't contain Caleb Clay, a 6-5, 200-pound senior wideout, who caught a pair of touchdown passes.

Muleshoe scored on a 60-

During the 15-minute quarter that wrapped up the scrimmage, Muleshoe drove 50 yards to the Seminole 20 on eight-straight running plays. But a third-down fumble shortcircuited the drive and Muleshoe turned the ball over on downs.

Behind the passing combination of Juan Alvarado to Clay, Seminole worked its way to the Muleshoe 25 and scored on the final play of the scrimmage on a pass to Clay.

Notes Muleshoe played without

BITUARIES

LUCILLE TUGGLE

Lucille J. Tuggle, 88, of Muleshoe died Aug. 21, 1998 at Muleshoe Area Healthcare Center.

Graveside services were held Aug. 24 at Eastlawn Memorial Gardens in Denver, Colo. Burial followed under the direction of Ellis Funeral Home.

Tuggle was born Jan. 22, 1910 in Sallisaw, Okla. She married Henry Tuggle in Park City, Utah. She had been a resident of Muleshoe since 1970, moving from Denver, Colo. She was a member of the First United Methodist Church in Muleshoe. She was a member of the Eastern Star in Denver. She taught elementary school in the YL Community for a number of years. She was also a home maker. Henry preceded her in death in 1983 as did one brother, Ernest Brock, of Muleshoe.

Survivors include two sisters, Nobie Wimberley of Gravette, Ark. and Avalon Ringley of Muleshoe; two brothers, Jack Brock of Ehrenburg, Ariz. and Ted Brock of Muleshoe; and one niece, Eunice Bales of Mule-

shoe. DAVID BELLER

David Jinks Beller, 90, of Muleshoe died Aug. 22, 1998 at Southwood Care and Rehabilitation Center.

Services were Aug. 25 at First United Methodist Church of Muleshoe with Rev. Brad Reeves officiating. Burial will follow in Muleshoe Memorial Park Cemetery.

Beller was born Nov. 19, 1907 in Rocky Ford, Colo. He married Zora Mae Shofner in Clovis, NM on Feb. 26, 1931. He had lived in Muleshoe since 1927, moving to College Station in 1995. Before moving to Muleshoe, he moved from Rocky Ford, Colo. He was a member of the First United Methodist Church in Muleshoe. He was a farmer.

Survivors include his wife, Zora Mae; two daughters, Joy Waneen Ragsdale of Reno, Nev. and Lavelle Gay of Hearne, Texas; one sister, June Buhrman of Fort Worth; one brother, Bob Beller of Payson, Ariz.; five grandchildren, Patti Stevenson, Rhonda Reed, Alesia Turner, Terri Hall, and James B. Hall; and six great grandchildren.

RIRTH

PATRICIA AZUA

Israel and Lidia Azua of Sudan announce the birth of a daughter, Patricia Magdalena.

Patricia was born Aug. 18, 1998 at 4:45 p.m. at Lamb Healthcare Center. She weighed 5 lbs. and 10 oz. and was 18 1/2 inches long.

Patricia has two siblings, Brianna and Joaquin. Grandparents are Pablo and Imelda Azua and Esperanza Avitia.

Elliott-Field

ENGAGEMENTS

Gail Elliott of Stinnett and Randall Elliott of Childress announce the engagement and approaching marriage of their daughter, Leslie Ryan Elliott of Canyon, to Bryan Allen Field of Canyon, son of Terry and Charlotte Field of Muleshoe. The couple will exchange wedding vows Saturday, Dec. 19, at 2 p.m. at the Calvary Baptist Church in Childress. The future bride is a 1996 graduate of Childress High School and is currently a junior at West Texas A&M University in Canyon. She is employed by Northwest Texas Hospital as a case aide. The future groom is a 1995 graduate of Muleshoe High School and is currently a senior at West Texas A&M University in Canyon. He is employed by Panhandle Plains Student Loan Center.

Cattle on feed up 14 percent

Cattle and calves on feed for slaughter market in Texas feedlots with capacity of 1,000 head or more totaled 2.64 million head on Aug. 1, up 14 percent from a year ago.

Cattle and calves on feed for nughter market in Texas feedts with capacity of 1,000 head more reported 7.71 million head more reported 7.71 million head

on feed Aug. 1, up 2 percent from last year and 22 percent above Aug. 1, 1996.

According to the monthly report released by the Texas Agricultural Statistics Service, the estimate was up 1 percent from the July 1 level. Producers placed 530 thousand head in commercial feedlots during July, up 15 percent from a year ago and up 6 percent from the June, 1998 total.

Texas commercial feeders marketed 500 thousand head during July, down 7 percent from a year ago. Monthly marketings were down 2 percent from the June, 1998 total.

On Aug. 1 there were 2.16 million head of cattle and calves on feed in the Northern High Plains, 82 percent of the state's total. The number on feed across the area increased 16 percent from last year and was up 1 per-

cent from the July total.

July placements in the Northern High Plains totaled 423 thousand head, up 4 percent from the June total. Marketings were up 1 percent from last month at 399 thousand head.

Cattle and calves on feed for slaughter market in the United States in feedlots with a capacity of 1,000 head or more totaled 8.99 million head on Aug. 1, 1998. The inventory was 2 percent above Aug. 1, 1997.

Placements in feedlots during July totaled 1.93 million, 3 percent below 1997. During July, placements of cattle and calves weighing less than 600 pounds were 302,000; 600-699 pounds were 477,000; 700-799 pounds were 636,000; 800 pounds and greater were 511,000. Marketings of fed cattle during July totaled 2.05 million, 3 percent below 1997, but 4 percent above 1996.

Feeders in the historical seven

Look for the 1998 Journal Football Contest entry form every Sunday in the Bailey County Journal starting August 30.

Texas Million. Are You Game?

Pick four numbers or Quick Pick (QP) for a \$1,000,000 cash prize. The on-line terminal gives you six more sets of numbers.

Missed your paper?

Call 272-4536 weekdays or 272-6719 weekends.

Win **\$25,000** if you match one set of four numbers in this group. Match three numbers within any one set and win \$300. Match two numbers within any one set and win \$10.

> Win **\$10,000** if you match one set of four numbers in this group.

Texas Million has everything you've been asking for in a game, including a million-dollar cash prize with great odds of winning. For only \$2, you get seven sets of numbers – that's seven chances to win on one ticket. Texas Million offers large cash prizes for matching

just two, three or four numbers. In fact, the odds of winning any prize are just 1 in 20. What more could you ask for? Drawings will be held weekly, Friday evenings at 9:59 p.m. Central time. All Texas Lottery net proceeds go to the Foundation School Fund.

©1998 Texas Lottery

Odds of winning a million-dollar cash prize are 13.921225. Overall odds of winning a cash prize are 1.20. It more than 10 prizes are won in the first-prize category in a single drawing, the first-prize category becomes pari-mutuel on a total value of \$10,000,000. Must be 18 years or older to play.

Brown spots on lawn not always heat related

DALLAS — Large brown spots in stressed home lawns unfortunately are common throughout Texas this summer. Most can be attributed to record heat and drought, but homeowners need to be aware of insects and diseases at work, especially in late summer and early fall.

"Most lawns should recover from this extended drought when rain and cooler weather arrive this fall," said Dr. James McAfee, turfgrass specialist at the Texas A&M Research and Extension Center in Dallas. "However, if the damage is caused by insects or disease, they may not.

Homeowners should check carefully to make sure the problem is only moisture-related.

Grubworms and chinch bugs are active in late July through early fall. Urban entomologist Dr. Robert Crocker, Texas Agricultural Experiment Station-Dallas, says the region had a small June beetle flight this year, normally predicting fewer grubworm problems. But, this is not a normal year, noted McAfee, adding that he has observed several grub- damaged lawns and had reports from professionals in the landscape industry who are seeing lawns damaged by grubs.

"So, how do you tell what's causing the damage?" asked McAfee. "If grubs are present,

the turf will pull up easily because they have chewed off most of the roots. Also, you should find the white C-shaped grubs in the soil under the brown spots. If drought is the cause, the turfgrass will be firmly anchored to the soil and not pulled up readily. If you find grubs, apply an appropriate insecticide as soon as possible. Water it into the lawn thoroughly without letting the water run off.

Diseases aren't usually a problem in hot, dry weather, but they sometimes appear when turfgrass is under stress from things like drought. Turfgrass diseases usually occur in a pattern, like circular spots. If disease is suspected, check the runners (stolons) for lesions. If several runners show lesions, there's a chance that disease may be the cause of your brown spots.

"Don't assume all brown spots in lawns are caused by lack of moisture. If an insect or disease is the cause, no amount of rain this fall will cure the damage," he said.

To determine if disease is the culprit, send a plant sample to the Texas A&M Plant Diagnostic Lab in College Station. Identify your problem before you treat for it. Contact your County Extension Office for information on how to submit a sample.
