FORTY-EIGHTH YEAR.

SNYDER, TEXAS, THURSDAY AFTERNOON, OCTOBER 3, 1935

NUMBER 17

## PYRON SCHOOL PLANNING NEW PWA BUILDING

### District Plans to Construct Main Building and Complete Work On Gymnasium.

An extensive building program, backed by Public Works Administration funds, may be begun by the Pyron school district this fall.

A grant of \$15,135 to the consolidated county line school for construction of a modern main building and completion of the native-rock gymnasium was announced Saturday by PWA. Work on the gymnasium had been held up pending acceptance or rejection of the PWA application.

Before the grant becomes effective, the Pyron district must vote bonds to care for its share of the material costs. The Times understands that no vote has been definitely set for voting on the proposed issuance of bonds.

The new main building would replace a wooden structure a number of years old that has recently been outmoded because of rapid increase in enrollment. Students from the Lone Wolf district in Scurry County and the Lone Star district in Fisher County are now attending the consolidated school.

PWA projects approved for Texas Saturday totaled 187. Eighteen of these were for school districts and municipalities in this portion of West Texas calling for a total expenditure of \$690,000 by the government.

## Former Snyder Man Dies in California Home From Burns

Cecil Skaggs of Bakersfield, California, who was formerly a resident of Scurry County, died at his home last Thursday as a result of severe burns received when his clothing became ignited as he was working on his automobile.

Funeral services were held at Grady, near Rotan, Monday and several local people attended. Mr. Skaggs, who was nearly 50 years of age, was a nephew of Uncle Billy Sims, Mr. and Mrs. Wraymond Sims, Mr. and Mrs. Sidney Johnson, Tate Lockhart, Garland Wolf and Mrs. and Mrs. Weiden Johnson, all of Snyder, attended last rites.

Survivors include his mother, Mrs. Emma Skaggs of Long Beach, California; his father, Sam Skaggs of Sour Lake; and two brothers, Don of Holtville, California, and Valentine of Riveria.

Dork Skaggs, who came by train with the body, is spending several days with friends and relatives in the county.

## Votes to Decide Editor, Manager Of School Paper

Voting rules the high school root this week, as the four classes seek by various means to elect their candidates for editor and business manager of the "Tiger's Tale," the school paper that will resume publication in a few days.

Votes are cast in unlimited quantities at a penny each. Seniors and freshmen are combining their strength on Elizabeth Gordon for editor and Otha Lee Clark for business manager, while juniors and sophomores are pulling their teeth for Virginia Egerton and Sadie Tell Jenkins.

Final voting will be announced at chapel Friday morning. First ballots were cast Tuesday. Doris Davis is the junior-soph campaign manager, with Irene Wolcott and W. D. Sanders dividing honors for the senior-freshman group.

Among the various money-raising plans are these: Sale of subscriptions at 40 cents for the year; selling tarts; soliciting donations; staging parties. The seniors staged a tucky party in the cafeteria last night, with classmen admitted for 15 cents and others admitted for 10 cents. The junior-soph group held a party the same night, with 10 cents as admission charge, at the home of Virginia Robinson.

Miss Effie McLeod, sponsoring teacher, says both groups have fine candidates, and she is anxious to work with either of them in issuing a worth-while school paper.

## Snyder Dealers to Plymouth Showings

Four Snyder dealers and salesmen are in Dallas today for a pre-showing of the 1936 Plymouths. Plans for the new selling campaign and high points of the new cars will be highlighted.

Snyder is represented by H. H. Bland and Tate Lockhart of the Scurry County Motor Company, Porter King and Earl Brown of King & Brown.

## Ross Ships a Half Million Pounds of Iron From Snyder

When a 65-foot railroad car loaded with 85,000 pounds of No. 2 scrap steel pulled out of Snyder a few days ago, it marked a high point in the junk from business developed by Ralph Ross since the first of the year.

Since January 1, Ross has shipped six carloads of metal, totaling more than a half million pounds, from the R. S. & P. tracks just east of the square. Practically all of the iron was purchased in Scurry County.

The huge car, one of the largest ever loaded in Snyder, left town a few days ago bound for Texas City, where it will be exported. Two of the six carloads went to automobile factories.

The local automobile mechanic is now buying iron for his seventh carload.

## 1935 CORN-HOG CHECKS ARRIVE

Checks totaling \$1,137.45, first payment to 63 Scurry County hog raisers, were received here Monday at the office of W. R. Lacey, county farm agent. Checks for 12 contract signers, delayed by technicalities, are yet to be received.

The funds are being distributed at the agent's office.

Second payment checks will be received after compliances are checked in December.

## New Commercial Courses at Local School for Adults

O. Wedgeworth, superintendent, makes the following statement regarding introduction of free commercial work at the local school for non-school persons over 16 years of age:

"With deepest concern about the educational advantages of our home people, we have decided to offer commercial work to all persons outside of high school and over 16 years of age.

"A few of our young people have already entered business colleges, and many others have expressed a desire for these courses.

Our program, however, should not be confused with relief programs. It has no connection whatever with any form of relief work. This program will be maintained through local, state and federal funds as provided by the Smith-Hughes Act of 1917.

"The man to be placed in charge of this work is an experienced teacher and comes to us highly recommended by one of the leading business colleges of the state. He is J. C. Dennis, whose home is at Sweetwater.

"Complete courses in bookkeeping, shorthand, typewriting and other subjects will be offered to both the employed and unemployed people of the town.

"No tuition charge, no red tape—just a rare opportunity for those who want it.

"Those interested should report at the high school Saturday, October 5, between the hours of 8:00 and 11:00 a. m. Whether ready to begin work or not you should, by all means, report for enrollment in order that we may make reservations accordingly."

## First Cotton Report Gives Only 27 Bales

The first official cotton report for the 1935 crop was received this week by Ira Sturdivant, county cotton statistician. It revealed only 27 bales ginned prior to September 15.

These figures compare, says the Bureau of Census, Department of Commerce, with 3,151 bales ginned prior to September 16, 1934.

## Firestone Offering Special Tire Deals

Snyder Firestone dealers are offering special prices and trade-in allowances on their entire stocks of tires and tubes, and they are putting on a special advertising drive to acquaint folks with this trade area of their unusual savings.

Old-fashioned Sentinel and Courier—the three Firestone lines—carry the full 12-month road hazard guarantee, say the three dealers.

Scurry County Motor Company, Olds Service Station and Wade's Service Station are the trio of local Firestone dealers.

## Dawsons Attend Funeral

Mr. and Mrs. J. C. Dawson and Mrs. J. W. Howell of Lamesa were in Lampasas to attend the funeral of Mrs. Lola Witcher, aged 87 years, early this week. Mrs. Witcher was a cousin of Messrs. Dawson and Howell. The local people returned home after the funeral Tuesday.

## WARMER DAYS GIVE GINNINGS INITIAL BOOST

### More Than 200 Bales Turned Out, With Prospects of Steady Picking Next Week.

Almost a week of clear and fairly warm days have given Scurry County ginnings their first semblance of a 1935 spurt.

Gins at Snyder ran at a moderate pace yesterday, and other points in the county also report that a few bales were turned out.

The total for Snyder late Wednesday was 175 bales. Other county ginnings bring the total for the season to slightly more than 200 bales.

Five gins are operating in Snyder, three at Hermleigh, one at Inadale, one at Camp Springs, one at Dunn, one at China Grove and one at Ira. When the Fluvanna gin gets going in a few days, the county will have 14 gins in operation.

The area west of town is said to be opening first, and Ira county is also turning white in spots. Elsewhere, late plantings and late rains mean that only a few hundred bales will probably be out before mid-October.

Merchants report that the full between usual summer trade and fall trade is becoming quite noticeable, but all of them are expecting a hefty spurt in business before October passes. The business district is stocking merchandise to the gills in preparation for the siege of buying that is just around the corner of a few pretty days.

## Many Compliments On Special Edition Of This Newspaper

The Times continues to receive compliments from many sources for the special hospital edition of the paper published two weeks ago.

More than 400 extra copies have been mailed to practically every state in the Union by local hospital enthusiasts. Letters and words of appreciation have come from these recipients, from other newspapers, and from firms whose ads appeared.

Among the most enthusiastic messages is this from the manager of the Fort Worth-Dallas district of Frigidaire Corporation, received by King & Brown:

"I have the special edition of the Scurry County Times, which devotes considerable space to the splendid new hospital in Snyder.

"We congratulate the newspaper on the very fine way in which they handled the subject, the city of Snyder upon having such a splendid new hospital, and King & Brown on being able to supply this hospital with the finest refrigeration in the world—Frigidaire."

## Borden Distributes 146 Second Rentals

One hundred forty-six second rental checks totaling \$5,713.95, and 15 more first rental checks totaling \$451.13, have been received by County Agent Cline E. Morris at Gail.

These checks are being distributed by the cotton committeemen in Borden County this week.

## Final Services for Local Baptist Meet

Final services of the two-weeks revival at the First Baptist Church were held Sunday, with good crowds attending the morning and evening meetings.

Several additions, reconsecrations and conversions were announced as visible results of the meeting, which had been designated as primarily a revival for the church family.

Rev. Lawrence Hays, pastor, did the preaching during the 15 days of services, and some services were led by Joe Trussell of Brownwood.

## Revival Is Started At City Tabernacle

Church of the Nazarene revival services are to begin at the city tabernacle tonight (Thursday), with Rev. Tate of Post in charge of the preaching, according to the pastor, Rev. J. O. Hix. Rev. N. E. Scott of Eastland, who had been engaged for the meeting, could not come.

"The gospel will be preached and sung, and the Bible will be taught. Its simplicity declares the pastor. We wish to invite everyone who has an interest in lost souls and the upbuilding of the Kingdom of God."

Song services are being led by Miss Ivelle Shirley of Big Spring.

## A PROCLAMATION

"Fire Prevention Week is again at hand. The object of the occasion is to remind the public of the seriousness of the large fire loss of this country, both as to life and property, and bring to the attention of everyone the fact that nearly all of this destruction could be avoided if greater care were taken in the construction of buildings, if litter and rubbish were removed and kept from homes and places of business, if children and grown people were thoroughly educated in the handling of fire and taught the importance of extreme carefulness.

"Now, therefore, I, H. G. Towle, mayor of Snyder, in cooperation with the nationwide movement for the elimination of preventable fires, do hereby designate October 6 to 12, 1935, as Fire Prevention Week in this city.

"On those days I ask our civic and commercial organizations, our school officials and teachers, and our citizenship as a whole, to join with the chief of our fire department and our city fire marshal in arranging meetings and exercises for a study of ways and means of preventing fires, as well as to impress the seriousness of the wastage that it causes and the need for utmost care for the protection of life and property.

"During Fire Prevention Week I urge that a thorough inspection of the entire city may be conducted for the purpose of locating and removing fire hazards, and that the work thus inaugurated be hereafter expanded into a Fire Prevention Year.

"In testimony whereof, I hereunto sign my name on this, the second day of October, 1935, A. D.—H. G. TOWLE, Mayor.

## COUNTY FARMS SLUMP IN VALUE BUT RISE IN NUMBER AND SIZE

### Line-up Shifted As Coach Seeks Scores at Rotan

The Snyder Tigers that meet Rotan on the Yellow Hammers' newly lighted field Friday night at 8:00 o'clock may show a shifted line-up—partly because of injuries and partly because Coach R. D. Hill realizes that a scoring combination is necessary for the winning of ball games.

It will be the Tigers' first conference start. They will be accompanied to the Fisher County field by a number of local fans, and probably by the full hand and pep squad. The host team is reported to have a fairly light team but one that is fast and full of football sense. They have won from Sweetwater and Abilene B teams, but they lost a close one to Anson.

Morgan, who failed to take part in the Colorado game because of injuries, worked out Tuesday and Wednesday at a halfback position, and it is probable that Chalmers Watkins may keep the center position he held at Colorado. "Winnie" looked good at his first tryout in the backfield, scoring several times against the second stringers.

Another shift in the backfield will be necessary because Johnny Boren is out with an injured leg. The quarterback will probably be replaced by Weldon Strayhorn, who saw service against Lamesa. Head or Hall will start at the other halfback post. The line will probably look just as it did at Colorado.

W. H. Calloway, a North Texas State Teachers College letterman, is assisting Hill with line coaching duties.

These figures reveal that the average county farm is composed of 336 and a fraction acres, as compared with 335 and a fraction in 1930.

Nearly all counties show similar heavy drops in farm values, with practically the same number of farms as in 1930, saw her valuations drop from about \$29,000,000 to about \$15,000,000. Fisher, with a slight drop in the number of farms but a rise in the acreage, saw her values drop from about \$20,000,000 to about \$11,000,000.

Mitchell showed practically the same figures as Scurry, with a drop in valuation from \$15,000,745 to \$9,260,161.

Figures for U. S.

Figures for the entire United States are as follows: 1935—A total of 6,819,049 farms comprised of 1,055,180,000 acres, with a value of land and buildings of \$32,834,342,378; 1930—a total of 6,238,648 farms comprising 986,771,016 acres, valued at \$47,879,838,258.

The west south central states, Texas, Oklahoma, Louisiana and Arkansas, showed one of the smallest decreases of farm values of any group of states in the country. The number and acreage of farms in this area showed a marked increase over 1930 figures.

## Tigers Show Marked Improvement as They Battle Colorado to 6-0 Count

Showing a marked improvement over the form they displayed in the fatal Lamesa game, Snyder Tigers held the Colorado Wolves, former Class A performers, to a 6-0 score Friday night under the new lights of Carroll Field, Colorado.

More than 1,200 persons were present for the dedication mix-up and the brief service that preceded it. Many of these were Snyderites. The service started with a number by the Tiger Band, under direction of Fred P. Rattan, included a brief talk by Superintendent C. Wedgeworth, Snyder, and concluded with the principal talk by George Mahon, congressman.

Scoring Punch Lacking.

Red Hill's boys lacked a scoring punch. They held like fury when they got in the pinches, except when Pullback Roy Miller scored in the second period on a cutback dash through the backfield from the 28-yard line. But when they came back in the last half to outplay the Wolves and trapped twice inside the 20-yard line, they just couldn't

summon the play that would mean points.

Miller, who was the chief threat in the Wolf attack, tried to plunge across for the extra point, but he was stopped on the 5-yard line. Priester, captain and quarterback, was also a constant threat, but the heralded three-year man at Colorado wasn't the poison he was expected to be.

Plenty of First Downs.

Colorado bested the locals in first downs, 16 to 8, but practically all the Wolf parades were made between the 30-yard stripes. In the pinches, the Snyder line, from end to end, looked its best of the season, and the backfield was playing a bang-up defensive game most of the way.

## SUBSIDY PLAN EXPLAINED BY COUNTY AGENT

### Necessary Forms for Government Payments Not Yet Received In Scurry County.

An explanation of the government's cotton subsidy payments is given herewith for county farmers, at request of The Times, by the county agent.

Necessary forms for making application for this payment have not yet been received. Farmers will be notified when they arrive.

The subsidy payment is to be paid to 1935 contract signers who have also agreed to sign up for 1936. Non-contract signers for 1935 may also receive the payment, but not until compliance with their 1936 contract has been certified.

Up to the amount of his Bankhead allotment, a farmer will be paid, as a subsidy, the difference between 12 cents and the average price of seven-eighths inch middling cotton at the 10 southern spot cotton markets on the date of sale.

To illustrate: On September 27—last Friday—the average price for middling seven-eighths cotton on the spot markets was 10.41 cents. If a farmer had sold his cotton on that day, his subsidy payment would have been the difference between 12 cents and 10.41 cents, or 1.59 cents.

Farmers who market their cotton through the regular channels of trade are urged to keep a record of the net weight of all bales, date of sale and to whom sold. When the necessary forms are received, the farmer can then quickly get his records and file his application for subsidy payments.

The county agent points out that these payments are to be made from import duties collected by the government.

## Sixteen Patients Already Treated At New Hospital

A survey of records at the Snyder General Hospital late Wednesday revealed that a total of 16 patients have been confined to the new institution, for treatment or surgery.

Eight of this number were discharged prior to Wednesday at noon, and eight others will be in the hospital late yesterday.

Three of the patients were from counties outside Scurry. Mrs. J. M. Miller of Colorado and Mrs. F. P. Dewey of Midland were here for medical treatment, and Mrs. Sam Elherger of Rotan is here for surgery.

Bob Jones of Fluvanna, who underwent the first operation after opening of the hospital last Wednesday, has returned to his home. Other patients who have been discharged are: J. P. Gatlin, Mrs. A. P. Prather, Mrs. George Bousder, Mrs. Charley Eastman, William Addison, medical treatment; Mrs. J. E. S-nnell, surgery.

Patients now in the hospital, in addition to those from out of the county, are: Averil Head, Miss Annie Casey, Mrs. E. L. Taylor, Mrs. T. J. Fuller of Dunn, surgery; Mrs. W. S. Gallaway, J. W. Stone, medical treatment.

Figures for U. S.

Figures for the entire United States are as follows: 1935—A total of 6,819,049 farms comprised of 1,055,180,000 acres, with a value of land and buildings of \$32,834,342,378; 1930—a total of 6,238,648 farms comprising 986,771,016 acres, valued at \$47,879,838,258.

The west south central states, Texas, Oklahoma, Louisiana and Arkansas, showed one of the smallest decreases of farm values of any group of states in the country. The number and acreage of farms in this area showed a marked increase over 1930 figures.

## Three Stores to Be Closed for Holiday

Monday, the Jewish Day of Atonement, will be observed here by closing of the Economy Store, the Pick & Pay Grocery and the Ben Franklin Store. The stores were closed until a late hour Saturday in celebration of the Jewish N-w Year.

Yom Kippur, the Monday holiday, is the holiest of the Jewish special religious observances. Charles Henry and Nathan Rosenberg will observe the day in Fort Worth while Marcel Josephsen will join Colorado friends at Sweetwater.

Observance of Yom Kippur is from 6:00 p. m. Sunday to 6:00 p. m. Monday.

## Joe McClinton Has Starred at Lubbock

Joe McClinton, who was known principally at Snyder because he is a brother of Bedford McClinton, former famous Tiger star, is making a name for himself on the Lubbock Westerner squad this year.

"He's just about the fastest thing in training camp," the Avanchero-Journal of Lubbock said before the first game. Again the paper said: "Joe McClinton, brother of the famous Snyder hurdler, and a swift steeplechaser himself, is going to help Co-Captain Otha Upton a lot in handling the general utility duties in the secondary this fall. He passes beautifully and punts for respectable distances."

Joe made practically all the points garnered by Lubbock in a bout with Canyon two weeks ago.

## FASTEST MAN

Buck Howell, former Tiger ace, probably the fastest man in Texas college circles, is the Hardin-Simmons University Cowboy's speed threat this season, as he was last season. He won both shorter dashes in 1934 conference track meet. Buck is one of the best broken field runners in the Rancher camp.

## VISITOR TELLS PATROL DUTIES

Duties of the men who work for Uncle Sam's Immigration Service along international borders were outlined at the Lions Club luncheon Tuesday by Wren O. Moore, former Snyder resident, who is a border patrol inspector at Lardo.

The visitor, formerly first lieutenant of Company G, local National Guard unit, explained that the patrolmen wear plain clothes and are not armed with firearms, and that they ride most of the time in cars, not on horses; that they catch most illegal immigrants on trains and highways, not at the border.

Oscar Gomez of New Orleans, a guest of Mayor H. G. Towle, told the club that he is a personal friend of the doctor who killed Huey Long, and that he believed him to be a high type of Christian gentleman. "I regret," he said, "that Long was wiped out with bullets instead of ballots."

Mrs. Earl Louder, Lioness, favored the club with a trio of piano accordion numbers. T. J. Tewer was pianist for the day.

President John E. Sentell announced that the drive for new members is definitely under way, and that new projects will be taken up by the club this month in view of the clearance of all blind-help projects.

## Lloyd Mountain to Have First School Days Next Monday

School bells will ring at Lloyd Mountain Monday morning for the first time during the new season. Mrs. Travis Rhoades will return as principal and Miss Lelette Helms is to serve as teacher again.

Canyon and Strayhorn school opened Monday of this week, with good attendance. Only German and Woodard among county schools will remain unopened for the new school year. Ira has closed for cotton picking, and most other schools outside of Snyder will close their doors for a few weeks.

Despite the fact that scholastic rolls showed a marked decrease in the county, Superintendent Frank Farmer reports that enrollment is practically as high as it was at the beginning of the 1934-35 term. He accounts for this heavy enrollment by calling attention to early starting and a growing interest in school attendance.

## New Manager Takes Helm at Edd Dodds

Lee Armstrong, for 11 years connected with groceries and markets at Sweetwater, became manager several days ago of the local Edd Dodds grocery and meat market.

He succeeds Buel Fox, who has been in charge of the store since it was purchased by Edd Dodds early in 1934.

The new manager has recently been associated with the Sunbeam food store at Sweetwater. He has moved here with his wife. They reside in the home of Mrs. T. J. Thompson, Southwest Snyder.

## Farce Comedy Will Be Seen at Canyon

"Bashful Mr. Bobbs," three-act farce comedy, will be presented by Crowder home talent at Canyon school house Friday night of this week at 8:00 o'clock. Admission charges will be five cents for school children and ten cents for adults.

The cast is composed of Edgar Shuler, Quintia Mitchell, Myrta Haney, Elmer Pence, Patrick, Zaneau Patrick, Shuler, Geraldine Shuler, V. C. Clarke, Blakely and Blakely.

## LOCAL GYM TO BE ERECTED AS WPA PROJECT

### No Definite Date for Beginning of Work on School Structure Has Been Announced.

Among Works Progress Administration projects sanctioned at Washington Monday was construction of a large, modern gymnasium finished in native rock for Snyder school system.

Allotment of \$16,198 in federal funds was announced for the project in the Abilene Reporter, through the United Press. The report said the WPA's division of applications and information announced allotment of \$166,095 in federal funds to be used in carrying out WPA projects in Texas. The Snyder allotment was included in the list.

No Official Sanction.

Superintendent C. Wedgeworth and A. C. Preuit, secretary of the school board, reported after their return Wednesday from the district WPA office at Abilene that no official approval of the project had been received there. Director James told the local men that he expected to hear from the list of West Texas projects, including Snyder's, within a few days.

The local school board has an option of purchase on several lots just east of the school grounds, directly north of the W. H. Caultie home place. It is proposed that the gymnasium begin as quickly as official approval is received and final construction plans are worked out.

Local funds totaling \$3,029 will match the federal allotment of \$16,198.

Only one West Texas WPA project—at Sweetwater—is underway. As far as West Texas news dispatches are concerned, the Snyder allotment is included in the second batch of projects approved for Texas.

Four other West Texas counties shared in allotments for school construction. They are Fisher, Floyd, Haskell and Throckmorton. Midland was granted \$2,640 for extension of its sewer and water system.

Largest in West Texas.

The Snyder grant is by far the largest of those approved in West Texas this week. The Throckmorton County grant, for construction of a gymnasium and school building at Woodson, is for \$11,097, and all others are under \$4,000.

Local observers are giving the superintendent and members of the board, along with the county WPA central committee, plenty of credit for getting this project in shape for such hasty acceptance.

## Bumper Season Of 1932 Similar To That of 1935

An article in the issue of The Times published September 29, 1932—almost exactly three years ago—reveals a striking similarity to an article that could have been written for this week's paper. Everyone remembers, of course, that the '32 cotton crop totaled more than 55,000 bales—by far the greatest cotton crop in the county's history.

The article reads, in part: "The first real movement of Scurry County's bumper cotton crop is beginning late this week, after more than a month's delay due to rain and cool weather.

"Sunshine has replaced the clouds at intervals since early in the week, and the first young northers of the season spent its forces yesterday. "Hundreds of pickers, many of whom have been in the county for a week or two, are flocking into the fields today, although some fields are yet too wet because of slow rains that drenched the area for five days.

"The slowness of this year's cotton movement can be ascertained by comparing the figures of 1931 and 1932. Less than 200 bales of cotton had been ginned in the county through yesterday, September 28. A report published by the Fuller Cotton Oil Company exactly one year ago shows that 5,332 bales had been ginned. It will be remembered that last year's total crop was only about 21,000 bales, whereas this year's crop is expected to come in the neighborhood of at least 40,000 bales.

"Early feed did not suffer as much as it was believed following the heavy rains of early September, and late feed is providing an abundance of roughness and thousands of tons of fine young heads."

Wesley Norred at Olds.

## Members of Ranch Families Marry In Home Ceremony Here Tuesday

Miss Mattie Vina Harrell, daughter of Mr. and Mrs. Cepha Harrell, and Delbert (Buck) Burdine, grandson of Mr. and Mrs. R. N. Miller, were married in a pretty home service at the home of the bride's parents, 2106 Twenty-seventh Street, Tuesday afternoon at 2:00 o'clock. Elder R. B. Hester performed the ceremony, which united two of the most prominent ranch families of this section. Miss Janice Erwin, maid-of-honor, and Johnnie Jenkins, best man, were attendants to the couple.

Other wedding attendants were the bride's parents, the bridegroom's grandparents, Mr. and Mrs. Charles J. Harrell and daughter, Miss Paye, Mr. and Mrs. Bill Thompson and Miss Eleanor Erwin.

The two staid beneath an arch of ferns and autumn flowers, which spanned the doorway between the living room and dining room of the Harrell home. Zinnias, dahlias, marigolds, and roses predominated in the floral decorations for the house.

## P-T. A. Reception Set for Thursday

The Parent-Teachers Association will be entertained next Thursday, October 10, at 7:30 p. m. with a reception in the music room of the local high school. New teachers will be especially honored.

Mmes. B. M. West, C. F. Sennell, Herman Darby and Willard Jones, members of the hospitality committee, will be in charge of the entertainment. A short program has been planned, a social hour will follow, and refreshments will be served.

All parents, teachers and school patrons are cordially invited to attend the next Thursday affair.

## History Study Begun by Club.

The Altrurian Daughters Club began its study of Texas history last Thursday at an enjoyable meeting in the home of Mrs. Joe Cator, sponsor. Miss Kenneth Alexander directed the program.

Grace Avery, Mattie Ross Cunningham and Mrs. P. W. Cloud gave parts on the program, which centered around "Discovery and Exploration of Texas."

Decorations were zinnias and snap dragons, and the party refreshment menu consisted of shrimp salad, wafers, olives, cookies and hot tea.

Guests were Mmes. Fred A. Yoder and Woodie Scarborough, and the following members were present: Kenneth Alexander, Grace Avery, Mrs. Max Brownfield, Mrs. P. W. Cloud, Mattie Ross Cunningham, Mrs. H. S. Darby, Mrs. H. E. Doak, Gwen Gray, Mrs. Pia Joyce, Mrs. J. D. Scott, Mrs. E. E. Spears, Dorothy Strayhorn, Mrs. J. P. Strayhorn, Mrs. Forest Wade, Mrs. E. O. Wedgworth and Ruth Truss.

## Thirty Present for Fifth Monday Meet.

More than 30 women were present at the fifth Monday meeting of the Presbyterian women's auxiliary at the local church Monday afternoon at 3:00 o'clock.

Out-of-town guests for the meeting were: Mmes. D. B. Rhoades, W. H. Merritt and Cecil Rhoades, all of Pleasant Hill, and Mmes. J. A. Staveland and E. H. McCarter Jr., of Hermleigh.

Mrs. Mary B. Shell, president of the local Presbyterian women, was leader for the program, "Toward a Christian America." Ten speakers were on the program, Rev. and Mrs. Alfred M. Dorsett appearing with outstanding talks. The talks were interspersed with group singing, led by Mrs. F. W. Wolcott.

During the worship service, the entire group sang "America the Beautiful," and Rev. Dorsett led in prayer. The leader extended a welcome to the guests, introduced the lesson, and gave the scripture meditation. Mrs. M. E. Savage entertained with a vocal solo, accompanied by Mrs. Wolcott.

A pleasant social hour followed the program, and refreshments were passed to those present.

## Progressive Study Has First Meeting.

Last Thursday afternoon began the meetings of the Progressive Study Club. Mrs. A. P. Morris was hostess for the afternoon, and Mrs. W. R. McFarland, club president, directed the program.

"Indians of Texas" was the subject for study with discussions given by Mmes. C. E. Ross, Roy Patterson, J. W. W. Patterson and Fred P. Rattan.

Pecan pie with whipped cream was served with coffee to the following: Mmes. Giles Bowers, Bernard Longtham, A. C. Martin, J. W. W. Patterson, Roy Patterson, John Pierce, Fred P. Rattan, C. E. Ross, J. M. Seiser, Lora Miller and W. R. McFarland.

## Three Hostesses To Musical Coterie.

Mmes. R. S. Sullivan and Novis Rodgers and Miss Ora Norred were hostesses to the Musical Coterie in the Sunday school parlors of the First Baptist Church last Thursday afternoon. Mrs. Rodgers substituted for her mother, Mrs. Hugh Boren, who was unable to be in town.

Flowers and ferns decked the rooms, and banana splits with cookies were passed at the close of the musical program.

"The Art of Living" from "Twentieth Century Music" by Marion Bauer was a discussion by Mrs. W. R. Lacey. "Past Innovations and Prejudices," also taken from the study book, was given by Mrs. E. E. Spears, who was leader for the program.

Old music given during the afternoon was as follows: Piano duo, "Sonatina No. 6," by Clementi and Timms, played on two pianos by Mmes. W. W. Hamilton and Willard Jones; "Georgian Chant" from the Methodist Hymnal, a chorus, by the club; vocal solo, "A Mighty Fortress Is Our God," by Martin Luther, sung by Mrs. W. W. Smith with Mrs. A. C. Preuttt accompanying. Selections from new music played were: Piano solo, selection from Ravelly, Mrs. A. C. Preuttt; piano solo, selection from Debussy, Mrs. W. C. Hooks; accordion solo, a modern tune, Mrs. Earl Louder.

Mrs. J. E. Hardy's paper on "The Aims of Federation," which was to be given at the last meeting, was read by Mrs. W. W. Smith at the Thursday meeting.

Others present were: Mmes. R. S. Sullivan, P. W. Wolcott, Roy Stokes, J. R. Sheehan, J. E. Hardy, Melvin Blackard and Lawrence Hays.

## All Members of Club Are Present Tuesday.

Every member of the Woman's Culture Club was present at the meeting Tuesday afternoon in the home of Mrs. A. C. Alexander, and each person present took part on the afternoon's program.

Mrs. J. P. Avery was leader. The music on the program was group singing, "Beautiful Texas," and a study of parliamentary law was made.

A sandwich plate with hot tea was passed to the following, all club members: Mmes. J. P. Avery, F. M. Brownfield, R. W. Cunningham, P. C. Chenault, H. L. Davis, T. Ecarton, Mabel Y. Germain, J. R. Huckabee, W. A. Morton, E. J. Richardson, E. F. Sears, D. P. Strayhorn, E. E. Weathersbee, J. A. Woodfin and H. L. Wren.

Mrs. Yoder to Chicago. Ruth Yoder, daughter of Mr. and Mrs. D. P. Yoder, left Sunday morning for Chicago, where she plans to study chiropody and foot surgery. Miss Yoder is a graduate of the local high school and has attended McMurtry College, Abilene. She has been working for the Yoder Chevrolet Company here the past two years.

## Lady Took Cardui When Weak, Nervous

"I can't say enough for Cardui if I talked all day," enthusiastically writes Mrs. L. H. Caldwell, of Statesville, N. C. "I have used Cardui at intervals for twenty-five years," she adds. "My trouble in the beginning was weakness and nervousness. I read of Cardui in a newspaper and decided right then to try it. It seemed before I had taken half a bottle of Cardui I was stronger and was soon up and around."

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

## I Can't Sleep

YES -you can

Are you one of these nervous people who lie awake half the night and get up feeling "all in"? Why don't you do as other light sleepers have been doing for more than two generations—take Dr. Miles Nervine? One or two pleasant effervescent Nervine Tablets or two or three teaspoonfuls of liquid Nervine will generally assure a night of restful sleep. Perhaps you will have to take Nervine two or three times a day just at first. Nervous people have been using Dr. Miles Nervine for sleeplessness, Nervousness, Irritability, Restlessness, Nervous Indigestion, Nervous Headache, Travel Sickness, for more than fifty years.

## BUNKER HILL WEDS COUNTY GIRL SUNDAY

Miss Vivian Cary, daughter of Mr. and Mrs. Cass Cary of the Bison community, and C. I. (Bunker) Hill were married at the Methodist Church in Hermleigh Sunday afternoon. Rev. M. H. Hudson, an old friend of the bridegroom's family, officiated.

Mrs. Allen Stephens, a sister of the bride, and L. A. Hill, the bridegroom's brother, were wedding attendants. The couple were guests of the Allen Stephens for lunch and dinner Sunday.

Mrs. Hill has attended Sul Ross State Teachers College, Alpine, Texas Technological College, Lubbock, and West Texas State Teachers College, Canyon. She is teaching this year for the third successive year at the Murphy school in the southwest part of the county. Hill is a son of Mr. and Mrs. Charles Hill of Noel, Missouri, who were formerly residents of Snyder. He has lived in the county for 10 years, and has worked the past five years as a barber in the Lockhart Barber Shop here.

## Mrs. Masters Is Hostess to Club.

Mrs. Robert Masters was hostess to the Sine Cura Club at her home last Wednesday afternoon. New club officers were elected for the next year as follows: Mrs. Hugh Boren, president; Mrs. R. H. Curran, vice president; Mrs. Pearl Shannon, secretary-treasurer.

Prizes at the party went to Mrs. O. P. Thrane, high; Mrs. R. H. Curran, second high; and Mrs. A. D. Erwin, traveling prize. Baskets of cut flowers centered the tables as a dainty salad course was passed by the hostess.

Members present were: Mmes. A. D. Erwin, R. H. Curran, O. P. Thrane, Hugh Boren, H. G. Towle, Pearl Shannon, Joe Stinson, W. R. Johnson, Vern McMullen, W. B. Lee, T. L. Lollar and G. A. Hagan. Mrs. Hagan will be next hostess to the club.

Mr. and Mrs. W. L. Roche and children and Dick Roche are visiting with relatives in Beatrice, Nebraska. They will return here Sunday.

Mrs. Hill will continue teaching, and the couple will live at the Jim Lockhart home, 2907 Avenue V.

## EMERGENCY HOSPITAL

Mrs. Pete Davis had an appendix operation at the Emergency Hospital Tuesday. She is doing nicely today.

## "Football" Is Program Theme.

"Football" was the program theme for the Senior B Class at its meeting last Wednesday—its first since organization.

Talks on the program were given by Bobby Mitchell, Virginia Yoder and Victor Bazz. The entire class joined in singing "When the Tiger Team Falls Right in Line," and roll call for the day was "Why I Like Football."

LET'S TALK ABOUT CLOTHES

By a "Young Modern"

The Italian and Ethiopian relations in the old country are having their influence upon Paris styles, and it isn't hard to see the military idea prevalent in fall fashions.

For instance, just look at the hats. You see cunning little three-cornered affairs that dip in a point at a business back.

Dresses and suits, always a "happy hunting ground" for the military-minded, are gaily trimmed with brass buttons and "colene" braid.

Shoes are built high up on the foot and are trimmed with large buckles and wide straps. The military heel is one of the most popular heights for general wear.

Mrs. Robertson Is Hostess to Alpha.

Mrs. R. C. L. Robertson was hostess to her club—the Alpha Study group—at her home Tuesday afternoon.

A program on "Caribbean Dependencies of the U. S. A." was given under the leadership of Mrs. C. F. Sentell, who led a round table discussion early in the afternoon on Puerto Rico.

THE WEEKLY DOZEN

Weekly Rooseveltism. President Roosevelt: "This administration came into power pledged to a very considerable legislative program. . . . Duty and necessity required us to move on a broad front for more than two years."

A Fairly Good Indication. Pessimism Pete says if Scurry County doesn't have a fair this fall, it will be a fairly good indication that our folks are not quite as proud of their products and their communities as many of our neighboring counties.

This Is a Cotton Year. If you have not already done so, read the article in this week's Times that recounts the slowness of picking the bumper crop of 1932. Then you will be convinced that prospects for a good crop this year are brighter than you have dared believe.

The Circus Is Coming. Talkative Tillie wonders if the delegate of circuses that is flooding the country doesn't mean, not only that Barnum was right, but that the call of the wild is being answered by thousands of men, women and children in whom the fundamental instincts of curiosity and mass motion hold sway.

Jungleland Destroyed. City employees played the good Samaritan a few days ago when they cut the jungleland of weeds that marred the approach to the school house from the west. Health, beauty and civic pride demand that all of us pay more attention to destruction of the tremendous weed crop that grows in all parts of Snyder.

Buying More Goods. The Investors Syndicate Consumers' Study for August depicts a definite increase in the real income of the average American citizen. "Living costs are going up, yes, but income as shown by wages, salaries and investment income is going up even faster to provide a greater sum total of comforts and luxuries than he can enjoy."

Morning Glories in the Fall. Circle the residential district of Snyder in your car this morning and you can view one of the most attractive displays of morning glories in flowerland. The blue ones are especially beautiful. One wonders why more home owners, or more renters, do not plant this lovely flower that thrives in practically any climate and any weather.

More Power to Supreme Court. Senator Tom Connally: "As an American citizen I oppose divesting the Supreme Court of the power to construe and interpret the Constitution at the suit of any citizen of the Republic whenever any right guaranteed to him by that instrument may be invaded by the Congress, the executive, the courts, or any state of the Union."

Abilene Fights Gambling. Abilene has declared such a high-powered war against marble machines that felony charges against all operators may be pressed in a few days. Too, the Taylor County capital is waging a determined war against liquor and beer sellers who operate in the face of the law. A number of fines have been paid. You can argue about the matter until you are blue in the face, but the fact remains that where officers and citizens join hands in law enforcement, gambling and liquor selling are cut to a minimum.

Profiting by Experience. The day of the farmer who knew too much to profit by the experience of experiment stations and other helping-hand agencies of agriculture is passing into oblivion. Recently, at the Spur experiment station, more than 2,000 persons proved that they want to learn all there is to know of trench sills, profitable feeding and water conservation. The annual field day's success must be laid largely at the feet of R. E. Dickson, superintendent at the Spur station, who is a hard-headed, practical experimenter who believes nothing until he fits it to West Texas farming and ranching needs.

Give Alred the Credit. Credit must be given Governor Alred for his recent institution of county parole boards in the state. These boards are to be charged with the community service responsibility of rehabilitating paroled or pardoned criminals and making periodical reports to the governor. The local Lions Club would do well to consider acting as the county sponsoring organization for appointment of such a board. Governor Alred's deep interest in bringing criminals, after they are released, back to a normal law-abiding life is well exemplified in his recent rebuke of the Memphis, Tennessee, chief of police, after the officer refused to assist a Texas criminal to walk "the straight and narrow path."

Both Sides of the Picture. With prospects for a good fall and a steadier flow of money than this county has known in recent years, you may expect a renewal of the age-old trade-at-home plea. Merchants will urge their customers, especially their farm friends, to visit their stores before they send their money to mail-order houses. Customers, in turn, will order some of their merchandise because they feel they can save money. Looking at the matter from both sides of the picture, it behooves the merchant to keep fresh supplies of what the customer needs and wants, and to advertise what he sells; and it behooves the customer to do his buying at home, where his interests always come first, as long as he gets the service and courtesy and merchandise he desires.

County Farm Values.

A combined tale of farm decay and farm readjustment in Scurry County is told in figures just released by the 1935 census of agriculture. Farm decay is revealed in the shrinkage in value of farm land and buildings from \$15,788,562 on April 1, 1930, to \$8,572,251 on January 1, 1935. This drop of almost 50 per cent reveals not only the fact that farm buildings have been woefully neglected during the depression but that farm land values have gone down to an alarming degree. Farm readjustment is equally as striking. The number of farms has increased from 1,564 to 1,673 which means that more folks are moving to the country. Total acreage has jumped from 534,957 to 539,599, which means that land that was allowed to lie out in the short-crop years of 1929 and 1930 is being put back into cultivation. Another readjustment is also being made—in land values. Like many other parts of the country, West Texas boomed her land values, in the prosperous days, to figures out of proportion to the production ability of her land. This section was not as guilty as the great mid-west or as the rich blacklands of Central Texas, but boom days brought boom land prices. Now, with better times returning, farm lands are changing hands with increasing speed. Prices are not nearly so high as they were a few years ago, of course, but they are more nearly in line with what the land will produce, year in and year out. This readjustment in the price level will, in the long run, be a boon to the average farm owner. He will not be faced, as he has been faced often in recent years, with mortgages that were higher than the actual value of his property. County farm values, we say, are gradually coming back—not to the high level of boom days, but to a level that will mean fairer returns for landowners, renters and everyone else interested in Scurry County land. And, what's more, farm buildings are gradually being brought back to a better state of repair.

EDITORIAL OF THE WEEK

HERBERT HOOVER INVESTS. Frankly a piece of Democratic propaganda, the following excerpt from a recent editorial in The Chicago Times, an independent newspaper, is nevertheless so true that it will prove of keen interest to those who remember Herbert Hoover, ex-president: "It appears that while Mr. Hoover has publicly and politically viewed with alarm, privately he is getting in on the New Deal's prosperity ground floor. According to John E. Pickett, editor of the Pacific Rural Press, Mr. Hoover and his son, Allan, are among the largest investors in farm land. 'The smart money men feel,' Pickett says, 'that farm land is the soundest investment of all, and they are encouraged by the fact that agriculture has made the best recovery of any major industry and has a cheerful outlook ahead.' 'Herb is getting in on the 'smart money.' We're all feeling better. What could be nicer?'"

CURRENT COMMENT

By Leon Guinn. When Max Baer climbed through the ropes not many days ago to face the up and coming Joe Louis, Yankee Stadium was filled with 90,000 Americans gone slightly berserk for the kill, paying \$1,000,000 to watch the brown bomber give Max Baer the worst type of punishment ever given a heavyweight. . . . In one of the cleanest ring fights in recent times, Louis outclassed, outpunched the Broadway playboy from the first, Louis driving in with terrific rights and lefts that made a crimson mass of Baer, the Californian who had never before been knocked off his feet. . . . The Baer-Braddock affair was simply a pushover (insiders contend), but this fight proved the adage ex-champions rarely come back. . . . How Max took the beating he did until the fourth round is still a question, unsolved. . . . And stopping Louis in the near future is the kind of thing that will draw another million dollar gate. . . . But Max, a great fighter and great drawing card, is definitely washed up now. Happy Days, official CCC newspaper, contains concise news items pointing out that 2,500 CCC camps have been located throughout the land. . . . With a total of 469,000 enrollees at present, it is remarkable what a vast unit the Conservation Corps really is. . . . During July, for instance, 15,977 "boys" obtained private employment. . . . Recent regulations permit youths of the 17-28 year bracket to enroll, thus keeping 100,000 more young men off the hitchhikers' highway. . . . Well known is the fact splendid educational facilities make the CCC a thing of permanent worth, but not so well known is the fact the cost of all CCC units is \$16,500,000 monthly. . . . The camps, however, are one of President Roosevelt's noblest achievements for American youth.

Smile for the day: As careful as a nudist crossing a barb wire fence.—Ohio State Journal. Withdraw thy foot from thy neighbor's house; lest he be weary of thee and so hate thee.—Proverbs. I am proud of my country, and of its people and the struggle we are making, striving not to get back to old financial conditions, but to new and better things.—Mrs. Franklin D. Roosevelt.

Playgrounds May Be Improved Via State NY A Plans

Addition of playground equipment and other improvement of playgrounds may be carried out in common and independent school districts of the state, it has been announced by Lyndon B. Johnson, director of the National Youth Administration work in Texas. The improvements would be made through the WPA. They would be projected primarily to give employment to students who attend school under the partial-help plan provided by NYA. State Superintendent L. A. Woods is sponsoring the movement. The proposal, which has been approved by the state WPA office, would call for \$5 per teacher for material to be provided by the school. Each \$5 would be matched by \$57.60 in labor, paid by NYA. The state superintendent has announced that each school's portion will be considered a legitimate disbursement against the local maintenance fund of the district. County Superintendent Frank Farmer has made application for playground improvement under the new plan for Scurry County schools.

H. L. Wren Speaks At B. T. U. Meeting. H. L. Wren of Snyder was a principal speaker at the quarterly meeting of the Mitchell-Scurry Baptist Training Union Association at Westbrook Sunday afternoon. His subject was "The Place of the Adult in the B.T.U." Adelle Watkins and J. C. Smyth also attended from Snyder. Dunn was selected as the next meeting place, the fifth Sunday in December. It was decided that Dunn, practically in the center of the association, will be the regular meeting place henceforth. ### COUNTY AGENT ZONE CHANGES

Effective October 1, Scurry County is in District No. 6 of the Extension Service county agent and home demonstration work set-up. The county was formerly a part of District No. 2.

The old district extended mostly northward, while the new area extends south and west from Fisher County, covering by far the largest number of counties of any of the 12 new districts.

E. C. Martin succeeds O. C. Tumlison as agent for the new district. Kate Adele Hill is the new home demonstration agent.

Sunday guests of Mr. and Mrs. W. E. Shultz and children were Mr. and Mrs. W. R. Shultz, Mr. and Mrs. Holly Shuler and son, H. C., all of Snyder; Mr. and Mrs. Wren O. Moore of Laredo, Mrs. Marvin West and children of Big Spring, Miss Beulah Masey of Dallas, and Mr. and Mrs. Howard Holmes and sons.

J. I. Burroughs attended the fair at Lubbock Saturday.

Miss Beulah Masey of Dallas spent last week with Mr. and Mrs. W. E. Shultz and children.

Buster Brown, son of Mr. and Mrs. George Brown Jr., has secured a position with the Ralls Banner, weekly newspaper.

Miss Lee Alvin Hays and S. D. Hays Jr. returned home Sunday after a week's visit with relatives and friends in Dallas.

Mr. and Mrs. Ed Clingman of Fort Worth were guests of Mrs. Fred Williams Tuesday.

### Roscoe, Haskell Continue to Look Good in District

Roscoe and Haskell continued to display the best form in District 6 last week-end, with the Rotan Yellowhammers playing them a close second by trouncing the Abilene B team, 25 to 0.

Haskell has found none of the weaker teams she has played to be pushovers, but she is nevertheless generally considered to be the favorite in the eastern half of the district.

Roscoe won from Spur, 26-7, in an inter-district melee that was highlighted by an 80-yard touchdown gallop by Emerson of the Plowboys. Spur previously had been held to a tie with Roby, 1934 district champions. The Roby squad last week continued its no-win streak by losing to Merkel, 13-0.

Anson scored its second straight triumph in the eastern division by whipping Rule, 12-0. Rochester and Hamlin fought to a scoreless tie in conference play, and Stamford lost to Seymour, 7-0, in one that didn't count.

Snyder, of course, was playing a conference foe in a non-conference tilt—and losing it 6-0.

### First Christian Church

Sunday is rally day for our Bible school. Each class is going to give a brief report of the activities of past year and contribute at least one number to a program to be given in general assembly.

Sunday also is recognition day. Many scholars will be promoted into new classes. Others will be given special recognition for the achievements during the past year.

Sunday is also the beginning of a new quarter. With it our Bible school is beginning a grading system, whereby each pupil will have an individual record of his achievements.

It is hoped that the Bible school will be not only 100 per cent present, but also will have many visitors.

Bible school begins at 9:45 a. m., morning worship 10:45. Sermon topic, "The Origin of the Church." Christian Endeavor, 6:30 p. m.; lesson study for Endeavor, fourth chapter of John's gospel; evening worship, 7:30; sermon topic, "Christ at the Door"—G. E. McPherson, minister.

### DID YOU EVER STOP TO THINK?

By Edson R. Waite

William H. Danforth, author of "I Dare You!" and chairman of the board of the Ralston Purina company, says:

"Clear, rational thinking, with a definite purpose, in a mind unburdened by scarcity of facts, or predispositions, or prejudices, or the petty mental diseases of worries, fears and doubts that crowd the mind hour after hour, is indeed all too rare.

"The reason for so much muddled thinking is, principally, mental laziness and lack of training in the art of thinking. If a person of ordinary ability, admitting a lack of concentrated and effective thinking, would indicate a desire to improve his ability to think constructively, I would say to him:

"Resolve to improve your thinking. It isn't easy. First, dare to cultivate an open mind. It will take time. Study your mental reactions. Then studiously try to knock aside your strong likes and dislikes, hastily formed opinions on public questions, of politics and parties, of races and creeds. Far better to be in a dilemma about most questions than to be certain your particular slant is just right. This practice will prepare you for the second step.

"Second, dare to read Robinson's 'Mind in the Making,' Dewey's 'How We Think,' Dimmet's 'Art of Thinking,' or, if you've read them, read them again. They are not easy to read.

"Third, most difficult of all, dare to put into practice what these three writers teach you. Then you won't have to stop to think—you won't be able to keep from thinking.

"I dare you to do these things!"

A scheme is wanted for popularizing tea in America. Why not prohibit it?—Punch.

### HERE IS MORE CONCERNING TIGERS

CONCLUDED FROM PAGE 1

The Ford Motor Company and the Ford Dealers everywhere are sponsoring broadcast of the World Series baseball games being played this week between the Chicago Cubs of the National League and the Detroit Tigers of the American League.

Thursday and Friday games begin at 12:30 o'clock, Central Standard time, Friday and Saturday games at 1:30 o'clock, and additional games will be at 12:30.

Louder Motor Company is the local Ford dealer.

Joel Tinker of Hebronville was a week-end guest of his mother, Mrs. Edna B. Tinker. The former Snyder boy is now employed with the Continental Supply Company in that city.

A plot to assassinate Mexico's president has been foiled. His excellency has held office for two years, we believe, which seems to be par for a Latin-American course.

Misses Thelma Leslie and Katherine Northcutt were guests of Miss Polly Harpole, Tech student, in Lubbock during the week-end.

Mrs. Chalk Brown and small granddaughter, Patsy, joined Patsy's mother, Bertie Bell Brown, in Snyder late last week.

Mrs. Mildred Nicks of Dallas left Monday after a two weeks' visit in Snyder with her niece, Mrs. Vera Miles.

### Combined Circus To Show October 8 at Sweetwater

The Hagenbeck-Wallace and Forepaugh-Sells Brothers combined circus will present afternoon and night performances in Sweetwater Tuesday, October 8, and circus enthusiasts of this vicinity will be on hand to participate in the gala event.

To commemorate the combination of the famous old Forepaugh-Sells Brothers show, with the largest trained wild animal circus in the world, many startling new features have been added for the 1935 program. These include Maria Rasputin, sensational European wild animal trainer and daughter of the famous Russian monk, Grigori Rasputin, who ruled the Romanoffs with the power of his hypnotic eyes prior to his demise in 1916; Bert Nelson, youngest of the wild animal subjugators, with more than a score of fighting, jungle-bred lions and tigers; John Helliott, renowned German trainer of savage beasts; Maximo, comedian of the slack wire; the famed Christiani troupe of bareback riders in somersaults from horse to horse; the Flying Codonas, the Hills and a great group of aerialists; Rudyhoff, noted equestrian and his educated horses; the Merckels, who walk upside down on lofty mirrors in the dome of the big tent; "Cheerful" Gardiner and 20 performing elephants; scores of dancers, led by Earl Shipley. Paul Jerome and the Paul Jung Clown Acrobatic Trio; dozens of pretty equestriennes, a huge oriental spectacle and a big contingent of Indians, cowboys and cowgirls from the Famous Bill Ranch at Old Town, Oklahoma.

Performances will be presented at 2:00 and 8:00 p. m., with doors open one hour earlier in each instance to permit leisurely inspection of the world's largest and finest traveling wild animal menagerie, which boasts among other zoological marvels a baby giraffe.

The Hagenbeck-Wallace and Forepaugh-Sells Brothers combined circus is a railroad show, moving on two trains of double-length steel cars.

### Shotguns Frighten Birds.

A shotgun loaded with black powder shells which make a loud noise is recommended by the Bureau of Biological Survey for driving birds away from roosts, when their noise and flight becomes a nuisance. Blackbirds, cowbirds and English sparrows congregate and establish their roosts, usually late in the summer. Guns are most effective if used early in the evening when the birds first appear.

### A Three Days' Cough Is Your Danger Signal

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled. Even if other remedies have failed, don't be discouraged, your druggist is authorized to guarantee Creomulsion and to refund your money if you are not satisfied with results from the very first bottle. Get Creomulsion right now. (adv.)

### Trench Silos Slice Cost of Farm Feed In Brazoria County

The first trench silo in Brazoria County was built on a dairy farm in 1932. J. H. Sandlin, the county agent, reported recently. In 1934, there were 75. It is estimated that in 1935 there will be in the neighborhood of 150 trench silos. These silos, he says, average 100 tons of feed each, which means that approximately 30 million pounds of feed will be "canned" for future use in this county. At an average production of 5 tons of silage per acre it would require 3,000 acres of forage crops to fill these silos. Such a quantity of silage will furnish 10,000 cows a good feed of silage daily for 100 days. Five or six dairy farms were visited recently by a group of farmers on a trench silo tour. Each farm reported silos had cut the feed bill at least one-half. The production per cow had either been increased or held to previous levels by the use of silage.

### Presbyterian Church

Next Sunday will be rally day in all departments of the church. Preparations have been going forward for some time for this day, and a special rally day program is being planned for the Sunday school hour and the worship services. Rally day will also be featured in the Christian Endeavor meetings. The Sunday school, under the leadership of W. R. Lacey, superintendent, is expecting 100 per cent attendance.

The quarterly communion service will be observed at the morning worship hour, at which time the minister will continue the series of sermons on "The Hymn of Love." The theme for next Sunday's worship service will be "Love Made Manifest." This particular theme at this time has been chosen because it is the true significance of the communion service. Public reception of many new members will also be held Sunday.

At the evening worship hour at 8:00 p. m., the pastor will begin a series of sermons on "The Sermon on the Mount," which will continue for six Sunday evenings. The theme for next Sunday evening will be "Salt That Satisfies." The Christian Endeavor Societies will meet Sunday evening for discussion groups. Rally day is here! Let us rally to the cause of Jesus Christ and His kingdom. You are cordially invited to all services.—Alfred M. Dorsett, pastor.

### Several Callers at Local WTCGA Office

J. F. Brown, new manager of the local office of the West Texas Cotton Growers Association, stated yesterday that he has talked to several farmers who are interested in marketing their crop through the association this year. The WTCGA office is located over the Towle Jewelry Company. The Times incorrectly referred to the office last week as the co-op office. The WTCGA has not been affiliated with the old co-op for some time.

### Midland Fair to Make Excursion To Snyder Soon

Twenty Midland business men will make a bus excursion to Snyder Wednesday, October 9, to exploit their fair, which is to be staged October 19 through 26. This announcement came yesterday from Sallie Covington, secretary of the Midland Chamber of Commerce.

George Phillipus will be in charge of the excursion. A new bus has been chartered for the three days of visits to this and other communities within a 100-mile radius of Midland. It is equipped with a public address system to facilitate announcements on the streets of towns visited.

The bus will arrive in Snyder at 1:15 p. m. and will leave 15 minutes later for Gail, where it will visit from 2:15 to 2:30 o'clock.

More than \$10,000 in purses and prizes are to be given during the eight days. Six days of horse racing have been approved by the state racing commission. Rodeo performances will begin Saturday, October 19, with night shows Saturday and Monday and an afternoon show Sunday. There will be \$3,000 in rodeo purses and prizes. A feeder cattle show and sale, with approximately 2,000 head of choice Hereford cattle going on the auction block, will be held. The longest parade ever staged in West Texas is being organized for the opening day of the fair.

### Methodist Church

A series of special sermons dealing with "Home Life" will be delivered in our October services. Our home life is of first importance. There are pessimists who tell us that civilizations are rapidly waning and will soon perish. If such is true it is because our home life is giving way. There are optimists who tell us that better days are just ahead, that human progress and achievement have only begun. If civilizations do advance they will be carried forward by righteous homes. Attend these special services and let us think together about our responsibilities in the "Home Life" of our generation.—H. C. Gordon, pastor.

### First Baptist Church

9:45—Departmental assembly. 10:00—All departments assemble in auditorium for promotion exercises and installation of teachers and officers. 11:00—Sermon: "An Approved Workman." The young people's department will form the choir Sunday morning. 6:30—Baptist Training Service installation of all workers in the B. T. U. and recognition of departments. 7:30—Sermon: "Lamps Without Oil." There will be special music at both hours of worship.—Lawrence Hays, pastor. ### Schell Wild Animal Circus to Show in Snyder Next Week

The Schell Bros. circus will be in Snyder Friday, October 11, to show under auspices of the Snyder volunteer fire department. Two shows daily—one in the afternoon and one at night—will be offered. Schell Bros. offers hundreds of animals, including trained elephants and other animals performing in four rings, troupes of acrobats and other first class performers. Many new and novel acts are offered this season. Miss Vates Lolo, "Hollywood's sweetheart" and movie star, will appear twice daily in the main show performance. A beautiful pageant, with every member of the circus taking part, is presented. The riding Hogan Family, the Aerial Henrys and the Gunner Troupe are a few of the outstanding features. The circus comes to Snyder highly recommended as a clean and pleasing show. There are four rings going all the time, and there will be plenty of seats.

### Assembly of God

Bible study Tuesday night at 7:45 o'clock; young people's meeting Thursday night at 7:30 o'clock, preaching service Saturday night at 7:45 o'clock; Sunday school Sunday morning at 9:45 o'clock; preaching Sunday morning at 11:00 o'clock; evangelistic services Sunday night at 7:45 o'clock. Everybody welcome. We want to offer our greatest thanks to the good people of Snyder who have helped to build our new church. May the richest blessings of God be yours. We have moved into the church, so come and pay us a visit. We will be glad to have you.—J. E. Young, pastor.

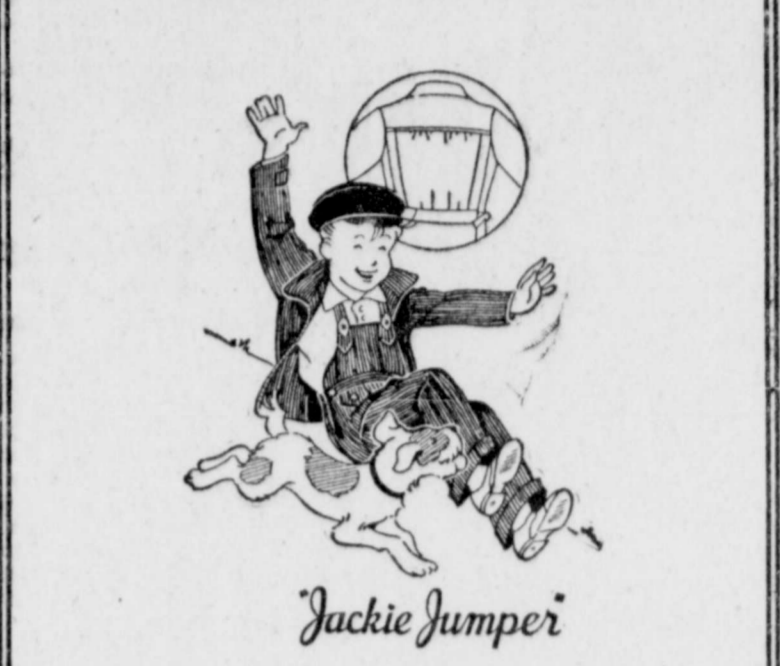

### Yellowstone Shows Here October 7-12

Announcement was made yesterday that the Yellowstone Shows, featuring eight rides, 10 special shows and other attractions, will play here all next week, October 7-12, under auspices of the Snyder volunteer fire department. Ben Mouton, "world's premier high fire diver," and Captain Hart's wild animal circus, are leading attractions. The show claims to have the latest type of riding devices. Directors of Co-op In Monday Meeting. Directors of the Snyder Cooperative Gin Company, recently purchasers of the old Trice gin, met Monday for their monthly business session. It was incorrectly stated in The Times last week that the Monday meeting was for all stockholders. The directorate is composed of: W. B. Lemons, president; Sterling A. Taylor, manager; Nolan von Roder, secretary-treasurer; S. O. Lunford, vice president; A. L. Payne and C. B. Martin, directors.
