FORTY-EIGHTH YEAR.

SNYDER, TEXAS, THURSDAY AFTERNOON, JANUARY 2, 1936

NUMBER 30

COLLIE MADE GOVERNOR FOR BRIEF PERIOD

State Senator From Eastland Ushers Out 1935 and Welcomes 1936 As Chief Executive.

At noon Tuesday Wilbourne B. Collie, state senator from the 24th District, became the chief executive of Texas.

GOVERNOR

State Senator Wilbourne B. Collie of Texas two days this week when Governor Alfred and Lieutenant Governor Woodul were out of the state.

As the youthful senator from Eastland assumed his official duties, the governor's office and reception room were crowded with friends, among whom were many state officials.

The congratulatory group included Mayor H. G. Towle and J. M. Harris of Snyder.

In addition to the many routine matters awaiting the attention of the new governor, he was confronted with the task of issuing approximately 100 New Year's gifts to convicts.

Give Inaugural Banquet. Governor Collie and his charming wife were honor guests Tuesday evening at an inaugural banquet at the Stephen F. Austin Hotel.

On New Year's Day, Senator Collie officiated at a ceremony at Livingston and presented a medal to the newly elected chief of the Alabama Indians.

Funeral rites for Roy T. Strickland, 28, son of Mr. and Mrs. W. J. Strickland of Snyder, were held at the Powell Baptist Church.

Sudan Grass Seed Meeting Announced. Every grower of Sudan grass seed in the Panhandle and South Plains of Texas and in New Mexico is urged to attend the big Sudan seed meeting at the courthouse in Milesburg.

Taxes Must Be Paid On Marble Machines. The county tax assessor-collector's office calls attention to the fact that all coin-operated vending machines in which the token is as much as five cents are subject to a \$5 occupation tax.

CLUB JUNIORS HONOR THEIR SWEETHEARTS

With ex-members, sweethearts and guests sharing honors, members of Etude et Plaisir, junior study club, entertained Saturday night with a dinner and theatre party. Many college students, home for the holidays, were included in the guest list.

The dinner party was had at the home of Mrs. W. M. Scott at 9:00 o'clock Saturday, and the group attended the midnight preview at the Palace Theatre later in the evening. A gay holiday theme was carried out in decorations and appointments for the dinner, which was one of the club's outstanding affairs for the year.

Ex-members honored included LaFrances Hamilton, student in the School of Mines, El Paso; Mary Margaret Towle and Estine Dorward, Southwestern University, Georgetown; Roberta Ely, McMurry College, Abilene; Evelyn Erwin, Baylor University, Waco; and Francis Northcutt, C. I. A., Denton.

Other guests were: Miss Evelyn Ladwig of San Angelo, a holiday guest of Mrs. Lee T. Stinson; Grady Shytles Jr., Weldon Birdwell, Royce Eiland, Emory Smith, Bernard Longbotham, Hugh Boren Jr., Jim Carrigan of Breckenridge, Shorby Graham of Clyde, Lee Smyth of Abilene, John Blakey, William Born, Murray Gray, Aubrey Wise and Eldon Birdwell.

Club members, who were hostesses for the affair, were the following: Mrs. J. D. Scott, sponsor, and Frances Stinson, Juanita Burt, Sadie Tell Jenkins, Florentz Winston, Oteka Ware, Irene Spears and Martha Jo Jenkins.

Etude et Plaisir had its Christmas party at the home of Mrs. Amos Joyce recently, with Marjha Jo Jenkins as hostess. Virginia Yoder directed the lovely Christmas program, and gifts were exchanged among the girls.

Sadie Tell Jenkins was hostess to the club at the home of Mr. and Mrs. N. M. Harpole Tuesday evening of this week. Club members present for the meeting were Vera Gay Arnold, Charlyne Kincaid, Oteka Ware, Martha Jo Jenkins, Grace Elizabeth Caskey and Irene Spears.

Buffet Dinner Honors Husbands.

Altrurian Club members and their husbands were complimented on the club's annual husband's evening with a lovely buffet dinner given at the home of Mrs. R. L. Gray Friday evening. Mmes. Gray, J. W. Leftwich and J. C. Dorward were hostesses for the affair.

Decorations in the house were suggestive of the holiday season. Enjoyable forty-two games were diversion for the group after dinner.

Miss Vela Bell of Ennis and Mr. and Mrs. Melvin Blackard, guests, attended the affair, as did the following club members and husbands: Messrs. and Mmes. E. J. Anderson, W. R. Bell, Hugh Boren, Joe Catron, R. D. English, W. W. Hamilton, A. C. Preull, J. C. Stinson, Lee T. Stinson, O. P. Thrane, Leftwich, Dorward and Gray.

Students From Colleges of the State Visit Parents Here During Holidays

Students from all over the state, and a few out-of-state, visited with their parents in the county during the Christmas holiday season—some for the first time since summer vacations.

After enjoying the holidays here, several Hardin-Simmons University students attended the Sun Bowl game at El Paso. Theo Rigby and Buck Howell, both members of the Cowboy football squad of the university, Miss Eva Nelle Arnold, daughter of Mr. and Mrs. A. W. Arnold and a member of the Cowgirls pep squad; and Royce Eiland, a sophomore student in the school, went to the game.

Rodney Glasscock, a ministerial student in Phillips University, Enid, Oklahoma, arrived for the holidays Saturday night week, and had charge of the Sunday morning service at the First Christian Church here. He is visiting with his parents, Mr. and Mrs. J. O. Temple, and his sister, Geneva Glasscock, for the first time since the summer vacation.

From Texas Tech, Lubbock, for the holidays came Mr. and Mrs. Cloyce Drinkard, Broadway and Jesse Browning, Pauline Boren, Polly Harpole, Virginia Will, Billy Mitchell, Roland Bell Jr., Hazel Pollard and Evelyn and Cecil Worley, all of Snyder; John W. Sheehan, Annette Wasson and Jimmie Sharp of Hermleigh.

Jack Reynolds, Alberta Sturgeon and Austin Erwin, student in Texas University, Austin, were home for the holidays.

Mary McCarty, daughter of Mr. and Mrs. W. W. McCarty; Francis Northcutt, daughter of Mrs. Alice Northcutt; and Jeanette Lollar, daughter of Mrs. T. L. Lollar, are home for the holidays at home here early last week. I. A. Denton, where all students this year.

She Tells Them How to Park

Dallas, site of the Texas Centennial Exposition, has installed parking meters on its main downtown streets. For a nickel in the slot, motorists may leave their cars beside the meter for periods from 20 minutes to one hour, according to the time marked on each meter. An additional nickel extends the period.

Clarice Moellenkamp, of the Exposition Rangers, is shown above as she tours the streets, the Exposition's ambassador of goodwill, to explain to out-of-town motorists just how the meters work.

A meter, indicated by the arrow, can be seen directly behind the horse, which, incidentally, is Texas, famous "yellow pony" owned by Captain Leonard Pack, head of the Exposition's Texas Ranger squad.

SENIOR CLASS HAS SERIES OF PARTIES HERE

Christmas rush week for the Senior A Class of the local high school was jammed full of joyous good times for the small group of students who plan to graduate in January.

Miss Irene Wolcott's home was the setting for a party Tuesday night; Mrs. Sue M. Lee, class sponsor, was hostess at a candy-making party Wednesday night; and Miss Geneva Glasscock entertained with a kid party Thursday night.

Gifts Exchanged at Party.

Irene Wolcott was assisted by her mother, Mrs. P. W. Wolcott, in entertaining the Senior A Class of the local school, of which she is a member, with a delightful Christmas party Tuesday evening.

After an exchange of gifts, various games furnished diversion for the group until late in the evening. Refreshments consisted of Christmas tree sandwiches, fruit cake and cocoa and were passed at the close of the evening's entertainment.

Class members present were: Delbert Johnston, Royal Connell, Forest Beavers, Genevieve Jarratt, Rosanna Reynolds, Travis Green, W. D. Sanders, Charles Lewis, Leslie Cole, Pat Johnson, R. W. Hucklebee, Thelma Lee Burditt, Geneva Glasscock, Dossie Mae Caton, Frances Beik and LaRuth Johnston.

Candy Making Enjoyed.

Mrs. Sue M. Lee, Senior A Class sponsor, and the third year home economics class of the high school complimented members of the mid-term graduating class with a candy-making party in the home economics laboratory Wednesday evening.

All persons present participated in the making of candy and the making of party favors from candy, fruit and nuts. King Sides, high school principal, and Miss Zeuteau Patrick were guests for the evening, as were Mmes. J. O. Temple and F. W. Wolcott, class mothers. Seventeen class members attended the party.

Kid Party for Seniors.

A kid party at the home of Geneva Glasscock, with her mother, Mrs. J. O. Temple, as assistant hostess, proved a delightful occasion for a dozen members of the Senior A Class Thursday.

Prizes for being the best-dressed "kids" went to Pat Johnston and Frances Belk. Games and contests provided fun for the kiddies until they received toys and candy canes, which were party favors. Refreshments of ice cream and cake were passed to 12 class members and to Mmes. Fred Wolcott and Temple, class mothers.

Try CARDUI For Functional Monthly Pains

Women from the 'teen age to the change of life have found Cardui genuinely helpful for the relief of functional monthly pains due to lack of just the right strength from the food they eat. Mrs. Crit Haynes, of Essex, Mo., writes: "I used Cardui when a girl for cramps and found it very beneficial. I have recently taken Cardui during the change of life. I was very nervous, had head and back pains and was in a generally run-down condition. Cardui has helped me greatly."

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

Katherine Scrivner Weds Herman Elkins.

Miss Katherine Scrivner, daughter of Mr. and Mrs. E. C. Scrivner of Dermott, and Herman Elkins, son of Mr. and Mrs. A. C. Elkins of Polar, were married at the home of Rev. and Mrs. H. C. Gordon here Friday afternoon at 3:00 o'clock.

Rev. Gordon, pastor of the First Methodist Church here, performed the ceremony. The two will be at home on the Elkins Ranch at Polar.

Both Mr. and Mrs. Elkins are well-known to county people. She has attended Dermott, Fluvanna and Snyder schools, graduating from the Fluvanna High School in the spring of 1935 with valedictory honors. Mr. Elkins' father and grandfather, George Elkins, are prominent pioneer ranchers of the county. He also has attended county schools.

Stops Briefly in Snyder.

Mrs. Myrtle Ledlow of Abilene stopped briefly in Snyder yesterday. She was en route to Lorenzo, where she attended final rites for her mother, Mrs. W. P. Crockett, who was 94 years of age. Mrs. Crockett died at the home of another daughter, Mrs. Frank Lockwood, in Amarillo. The Crockett family resided in Snyder for many years. Burial was at Lorenzo Wednesday afternoon, in a family plot where Mr. Lockwood and another daughter had been interred.

Former County Teacher Marries.

Scurry County friends will be interested to know of the marriage of Miss Mickie Carroll, who was formerly a teacher in the Hermleigh schools, to Howard Miller, son of Mr. and Mrs. Art Miller of Abilene. Both are teaching in the Abilene schools.

It will be remembered that Miss Carroll was coach of the dramatic club in the Hermleigh schools in 1934, and she directed the one-act play which went to the district finals in Interscholastic League that year.

The marriage was solemnized at the home of Dr. O. P. Clark, pastor of the St. Paul Methodist Church in Abilene, with Dr. Clark reading the service. Mrs. Miller's parents are Mr. and Mrs. M. J. Carroll of Dallas.

Both Mr. and Mrs. Miller are graduates of Abilene High School and of McMurry College, Abilene, where they took active part in student activities. Mrs. Miller teaches at the Central school, Abilene, and Mr. Miller is assistant coach at the Abilene High School. The two will be at home at 1430 South Third Street, Abilene.

Christmas Tree Is Had by Music Club.

The Junior Harmony Club, composed of pupils of Mrs. Novis Rodgers, had its December meeting at the home of Miss Mary Ellen Williams. The members were seated around a softly lighted Christmas tree for the program.

Pieces of the month were presented by John Jay Boren, Mary Ellen Williams and Patty Hicks, and Christmas carols were sung softly by the group.

Following the program, gifts were presented from the decorated tree, and cocoa, cookies and candies were passed to members and to Mr. and Mrs. Wayne Williams and Billy Wayne Williams, guests.

Federated Club Women Resolve to Buy Local or Texas-Made Products

Members of local federated clubs are heading a drive among local women to buy local or Texas-made products. They believe that it is an unusually good time to begin such a drive, since 1936 is Texas Centennial year.

Beginning early last year, club women have put more stress on the study of Texas, and they plan to increase interest more in the Texas Centennial celebrations. "Buy Texas" will be in the minds of local women as well as "Think, Talk and Write Texas."

An exhibit of Texas-made commodities was sponsored last spring by the local Twentieth Century Club, and hundreds of people visited the showing. The Century Club has for the second successive year signed resolutions sent out from federation headquarters. Other clubs have followed their lead in resolving to buy more Texas-made products.

Married January 1.

Miss Estelle Lloyd and William Alex Murphy, both of Ira, were married by Rev. Lawrence Hays, pastor of the First Baptist Church, at his home Wednesday morning at 10:00 o'clock. The couple plan to live at Ira. Probably the wedding ceremony was the first to be performed in the county in 1936.

Whereas, industry is decentralizing and moving toward the source of raw material and cheap power; Whereas, where local support is given new industries can be brought in that do not compete with those we already have, thereby increasing the consumption of raw material and giving employment to our friends;

Whereas, we believe the only solution of the unemployment problem is to create permanent jobs through the increased consumption of Texas products;

Whereas, we believe that the proper control and direction of our dollar in the purchase of our own

products, will create new buying power, relieve unemployment, and increase the price received to the farmers, stockmen, woolgrowers and producers;

Be it resolved, that we pledge ourselves to purchase, all things being equal as to price and quality,

First: The products of our local manufacturers;

Second: Texas manufactured products;

Third: Those made in the Southwest;

Be it also resolved, that we ask our merchants to put in stocks of Texas-made products; that we ask them to carry these lines in a separate display, that we may easily familiarize ourselves with the various brands.

Be it further resolved, that we will do all in our power to encourage our neighbors and friends to support this movement.

Fairy Story Given Paper by Friend; Read it and Laugh

There is a rich story handed The Times by an old-time reader. May you've heard it. If so, read it and laugh. If not, read it and enjoy life.

"A celebrated colored revivalist came to address his flock, and before he began to speak the pastor said: 'Brother Jones, before you begin this discourse there are some powerful bad negroes in this congregation and I want to pray for you,' which he did in this fashion:

"O, Lord, give Brother Jones the eye of the eagle, that he may see sin from afar. Glue his ear to the gospel telephone, and connect him with the central skies. Illuminate his brow with a brightness that will make the fires of hell look like a tallow candle. Nail his hands to the gospel plow, and bow his head in some lonesome valley where prayer is much wanted to be said, and anoint him all over with the kerosene oil of Thy salvation and set him afire."

The first terraces in Gillespie County were constructed in 1915. Since that time terraces have been built on farms in every community, but not more than half of the farm land that needs terracing has been terraced.

Heavy rains this year have convinced many farmers that they must terrace if they are to continue growing crops. At a recent meeting they decided that they would build their terraces themselves with such equipment as they had, and would also use available county equipment.

Under the auspices of the Refugio County Farm Demonstration Council, 35 farmers and ranchers interested in pasture improvement work and breeding better cattle recently made a tour of several ranches in Kingsville.

The group made a tour of the Rhodes grass pastures and feed lots on the House and Hollmann ranch, the Worth Wright ranch and the famous King ranch. There are 17,000 acres of Rhodes grass on the King ranch and more is being planted. It is said to compare in food value with timothy grass.

Now let's turn to the practical side of the knitted garments. Have you ever had trouble finding just the right dress to wear under your coat? It has to be something warm, yet something that won't bulge and mar the smooth appearance of your coat. Knitted frocks are the very thing. They're designed for youth and active wear. The lines are simple and smart. You'll find turtle necks for sports wear and cowl for dress—but it's high in both ways.

I saw one knitted suit that would be excellent in town for important week-ends when you want to look sporty, yet dressed-up. It was one of the double-breasted, Eton jacket suits which are so popular this year with collegians at Texas State College for Women (CIA). The jacket was pearled high and the turn back revers were fastened down with gold buttons.

Of course, you may not want to try a suit, but at least make a sweater. They're so practical and can add interesting notes to any ensemble. Knitted scarfs and hats are likewise easy to make, and when matched with the sweater, a striking costume is the result.

HEALTH NEWS From Dr. John W. Brown, State Health Officer. The State Department of Health reports show that several sections of the state have reported many cases of mumps, and in some instances epidemics are expected.

While we do not ordinarily think of mumps as a particularly serious disease, it is a condition fraught with some real danger through its complications. The disease is usually spread by direct contact, rarely if ever by a third person. The period of incubation, that is from the time of exposure to the onset of the disease, may be placed at 21 days. Mumps is contagious before the symptoms appear and for some time after the symptoms have disappeared. As long as the patient has any symptoms isolation should be enforced.

Remember it is a mistake to think that children should have the so-called children's diseases. Every one of these diseases is full of great danger for the very young children, especially children under the school age.

To prevent complications, one should remain in bed until the swelling has entirely subsided.

ON TEXAS FARMS

By Minnie Fisher Cunningham, Extension Service Editor

It is possible to make comfortable, light weight cover for the home from home grown wool, if the wool is scoured perfectly and carefully carded, says Mrs. J. D. Robertson, member of the Hagerman Home Demonstration Club of Grayson County.

This lady recommends that the wool be spread on paper in the sun to dry, and where the air can circulate around it fully. The wool loses about one-half its weight in washing. A three-pound bat is about the average for comforts.

The first terraces in Gillespie County were constructed in 1915. Since that time terraces have been built on farms in every community, but not more than half of the farm land that needs terracing has been terraced.

Heavy rains this year have convinced many farmers that they must terrace if they are to continue growing crops. At a recent meeting they decided that they would build their terraces themselves with such equipment as they had, and would also use available county equipment.

Under the auspices of the Refugio County Farm Demonstration Council, 35 farmers and ranchers interested in pasture improvement work and breeding better cattle recently made a tour of several ranches in Kingsville.

The group made a tour of the Rhodes grass pastures and feed lots on the House and Hollmann ranch, the Worth Wright ranch and the famous King ranch. There are 17,000 acres of Rhodes grass on the King ranch and more is being planted. It is said to compare in food value with timothy grass.

Now let's turn to the practical side of the knitted garments. Have you ever had trouble finding just the right dress to wear under your coat? It has to be something warm, yet something that won't bulge and mar the smooth appearance of your coat. Knitted frocks are the very thing. They're designed for youth and active wear. The lines are simple and smart. You'll find turtle necks for sports wear and cowl for dress—but it's high in both ways.

Saturday Was Record Day in Times Subscription Getting; Dozens New

The last two Saturdays have been record days in recent subscription history for The Times. Almost 200 Times subscriptions were turned in at the office during the two days, in addition to more than 50 subscriptions for dailies, the Semi-Weekly and the Pathfinder.

Every day the past week has brought a number of new and renewal subscriptions. Friday and Monday were exceptionally good days. The publishers are particularly happy because a number of the subscriptions are for folks who have not been taking the paper.

All subscriptions at the Bargain Rate are now dated to expire December 31.

Following are a few of those who have subscribed for The Times recently.

School Open Again

Snyder public schools, along with practically all other schools of the county, re-opened Monday, December 30, after a nine-day closing for observance of Christmas holidays. Most college students who were at home for the holidays resumed work this morning or will be back for classes next Monday morning.

Dorothy May Lynch Dies of Pneumonia

Pulmonary pneumonia claimed the life in a local hospital early Christmas morning of Dorothy May Lynch, eight-year-old daughter of Mr. and Mrs. John Lynch. Mr. Lynch operates a fruit stand two blocks north of the square.

Funeral services were held at the Maples Funeral Home at 10:30 o'clock Thursday morning, with Rev. G. E. McPherson officiating. Burial was in Snyder cemetery. Ed Thompson, Jesse Garner, Joe Adams and Emmitt Butts were pallbearers.

The parents and two sisters survive.

He prayeth best who loveth best.

THE WEEKLY DOZEN

Weekly Rooseveltism.

President Roosevelt: "We must guard those who play the game for the general good against those who may seek selfish gains from the unselfishness of others."

For the Heavy Drinkers.

The Times has one very sincere and prayerful New Year hope: That the heavy drinkers who attend the dance down our street every Saturday night will quit breaking their bottles after they are emptied. After all, a puncture is a puncture, for a' that.

A Political Observance.

A veteran political observer, after a tour of the Middle West, where the presidential election will probably hinge, says Roosevelt will be elected if pocketbooks continue to be fairly full; that the Republican candidate will be elected, no matter who he is or what his platform may be, if pocketbooks sag and unemployment fails to show a natural decrease.

Another Business Gain.

A prosperity note: Retail sales of 537 independent stores in Texas reporting to the Bureau of Foreign and Domestic Commerce, Department of Commerce, in cooperation with the Bureau of Business Research, University of Texas, increased about 23 per cent in dollar volume for November, 1935, as compared with November, 1934. Only one kind of business failed to show an increase from November of last year.

16 Cents Tax on Gasoline?

Says a Times correspondent: "England got out of the hole by putting a tax of 16 cents a gallon on gasoline. Why isn't that a darned good idea in this country too? If our government passes this law, I am going to borrow some money and buy some stock in a gas tank lock manufacturing company. England took its Johnnie Bull by the tail and got out of its mess. What are we going to do?"

More Pastures Advocated.

How much cultivated land in Texas should be returned to pasture? Experts are answering this question by saying that about 10 per cent of cultivated land in Texas should be returned to pasture, which would increase acreage of improved farm pastures about 25 per cent. Close observers of the Scurry County situation have long been saying that many county areas could be profitably taken out of cotton production.

An Editorial in Figures.

A survey that includes 22 states reveals that revocations of drivers' licenses for drunken driving have increased more than 40 per cent during the past two years, while the number of cars has increased only 4 per cent. In short, these 22 states have shown about a 40 per cent increase in drunken driving since the repeal of prohibition. Maybe the wets were just joking when they said, before voting, that they would cut down on drinking if the stuff were legalized.

Who Pays the Taxes?

Recently there has been a syndicated story in some newspapers telling of 53 taxes paid on a loaf of bread. It begins with the sale of the seed wheat, goes on down through the farmer, the miller, the baker and all the middlemen who come in between the various transactions. But it failed to say that all these taxes are not really paid by these people but by the man who eats the bread—or who buys it for others to eat. For that is the way all taxes are paid—by the consumer.—San Angelo Morning Times.

The Country Doctor.

Death of Dr. Jones at Fivanna is a signal for real sorrow, especially on the part of the old-timers who understand the exact contribution of the country doctor to West Texas. It is doubtful if any set of men is due more credit for pioneering of this section than the country doctors. They sacrificed comfort and even health in order to make life more liveable for the men and women who faced the adversities of one and two generations ago. Dr. Jones, a medical helper for more than 50 years, was a worthy example of his calling.

United States vs. the World.

The United States has only 7 per cent of the world's population and about 6 per cent of its area; yet we have 58 per cent of the telephones, 76 per cent of the automobiles and 44 per cent of the radio sets. Over here we just must keep up with the Joneses and all the other neighbors, in spite of debts and abbreviated income. In other parts of the world, they are just about as happy as we are. Maybe it's because they haven't gotten to the point where they consider automobiles and other such modern devices as absolute necessities.

The Virtue of Being Careful.

The narrow escape from gas fumes of Mr. and Mrs. C. M. Caldwell, prominent Abileneans, a few days ago, plus several recent accounts of death in gas-heated stuffy rooms, re-emphasizes the campaign staged this season by the Community Natural Gas Company. Gas is a remarkable heating substance, but like automobiles and most other characteristic expressions of modern genius, it cannot be used carelessly. Times readers who have gas would do well to read the various suggestions made by the gas company concerning economical, safe heating.

Zip! Goes the Zipper.

Whoever invented the zipper performed a great deed for impatient, hurried, harried and fast-working people. Sausage has seen almost every manner of patented device explained—except the zipper. To

Let's Quit Killing.

The automobile death rate can be reduced. And the reckless and inconsiderate drivers who are responsible for some 36,000 deaths in this country can be cured.

A number of cities have proven this. One of them is Portland, Oregon, which has been carrying on a "Let's Quit Killing" campaign that has produced fine results in a relatively brief length of time. Where the national automobile death toll during the first ten months of this year was at the highest point on record, traffic fatalities in Portland declined about 25 per cent.

The "Let's Quit Killing" program can be carried on by any community. The campaign in Portland has been led by a newspaper, working with safety authorities and the automobile association. Pamphlets, such as the sensational "—And Sudden Death," have been widely distributed. Cartoons and statistical material have brought the horrors of automobile accidents home to thousands of citizens. And the local judiciary has cooperated by levying sizeable fines and prison sentences against violators of the traffic laws.

The automobile, properly handled, is one of the most useful and pleasurable servants of man. The same automobile, improperly handled, is one of the most lethal of weapons. In the "control" of an irresponsible, drunken, congenitally reckless or incompetent driver it is as dangerous as a machine gun in the hands of a maniac.

The automobile, in its brief history, has killed more people in this country than all wars in which we have engaged. It is increasing the massacre every year. What are you, as a citizen and an automobile driver, going to do to stop this carnage?—Stephenville Empire-Tribune.

EDITORIAL OF THE WEEK

1936 . . .

The New Year holds promise of being a year of great achievement for the human race. 1936 will prove if it is possible for the world to hold in leash nations bent on war and conquest. Whether there can really be a World Parliament of nations where reason rather than hatred and anger holds the gavel. All forward looking people will hope that 1936 will usher in the reign of justice and peace for all mankind in every clime. For America, 1936 will prove a momentous year. We as a nation will pass on the proposition, "Can government be used to further the coming of the day when economic justice will weigh as heavily on our minds and consciences as human liberty?" We will be asked the question that has rolled down the centuries: "Am I my brother's keeper?" in 1936.

1935 has been a questioning year. A year of doubting Thomases. Perplexing to many and confusing to others, but progress has rewarded the efforts of men in scientific and legislative matters. 1936 will delve deeper into the mystery of life and science, of political economy, of education, of health, and let's dare to believe an awakening to the grave responsibilities of American citizenship. The year 1935 is dead. 1936 we hail. Let each of us live up to its full responsibilities and it will be our happiest year.—Falfurrias Facts.

CURRENT COMMENT

By Leon Guinn.

Of personal interest to 75,000,000 Americans is the local dentist, located in every village and city the land over. . . . For to him comes the rank and file of humanity agonized by common toothaches. . . . It is a pertinent fact 8 out of 10 people have some tooth defect, and the recent announcement by Dr. Leroy Hartman of Columbia's School of Dental and Oral Surgery of a truly painless "desensitizer" for dental patients promises to revolutionize dental surgery. . . . No newcomer in the research field, Dr. Hartman first started to work on his secret formulated concoction in Seattle (1916). . . . Long cherished by dental surgeons was the pet thesis all painless dentistry research must be directed to the inside of the tooth, hence gum injections of cocaine and novocain to short circuit the nervous system until drilling and filling of infected teeth could be done, before the effect of the medicine wore off.

Here is Dr. Hartman's thesis, as fascinating as fiction at its best: By desensitizing the tooth's dentine coating around tooth nerves (dentine being the bony bulk of teeth), no tinge of pain would be felt in cases where part of the enamel is broken ("desensitizer" of no value on unbroken enamel). . . . The small candle-flamed outline called pulp can then be treated, the nerve extracted, and filling or bridge-work accomplished without one little bit of pain. . . . Of high volatility, this new secret "desensitizer" deadens tooth nerves within 60 seconds. . . . A minute drop on a cotton swab does the trick, and when patent squabbles are settled, University Patents Inc. (present assignee) promises America truly painless dental surgery. . . . Within the next two years we may have dental surgery depleted of its pain, minus the gillions of gags about the local dentist. . . . It is odd to note, with the promise now held out, quite a bit of romance will fade away, if pain can be deleted.

Personal: All thanks to Eugene Butler of The Progressive Farmer for his kindly words on A Song to Sing, and to Times Reader T. L. McCormack for kindly words on In Harmony With Life.

this good day, he does not know who designed the intriguing device, how it operates, or why it should operate when there is nothing to it but a zig-zag row of metal fasteners and a ring to run up and down them. Sausage is not the least inventive—but he is a whole heap inquisitive, and hopes some day someone will tell him just the how and the why of the zipper—simple little thing that it is.—"Sausage" in Brady Standard.

Ginger Rogers Is in the Texas Navy Now!

What star in the movie firmament would not be proud of this court of honor? Interest professed in Texas Centennial celebrations by Ginger Rogers, Texas girl who has starred in Hollywood, has been rewarded by Governor James V. Allred in her appointment as Honorary Admiral in the Texas Navy. It's a real commission in a real navy, Texas having

once been an independent republic with its own national fleet patrolling the seas; modern statutes perpetuate the naval militia, and Ginger now becomes its first honorary admiral. Charming co-eds of the University of Texas were in the capital when the commission was signed, and the governor promptly appointed them to Ginger's staff. The gov-

ernor is holding the signed commission and the girls are posing with the six flags that have flown over Texas. Left to right: Kathrine Frank of Dallas, Eloise Etz of Abilene, Katherine Lettler of Corpus Christi, Governor Allred, Janet Pilcher of San Angelo, Ann Ross of Fort Worth, and Isabelle Thomason of El Paso. Forest Jones Will Again Seek Job as No. 1 Commissioner

I hereby make my announcement to the voters of commissioners Precinct No. 1, Scurry County, as a candidate for the office of county commissioner for the ensuing term, subject to the Democratic primary July 25, 1936.

My record as a member of the Commissioners Court during the past three years has been made, and I believe that an inquiry as to my work as county commissioner and road superintendent for precinct No. 1 will be my best recommendation for your consideration. I feel that my work as county commissioner is not finished, that the experience and knowledge acquired during my term of office has better qualified me to render a full measure of service to all the people and to complete the work which I have planned to do.

I want to take this opportunity to thank each and every citizen for the aid and assistance you have rendered while I have been your commissioner, for without your cooperation my efforts would have been in vain. I invite a continuance of your counsel and inquiries that I may better understand the needs of our county and the people to the end that I may help you in every way that I can.

My intention is to see every voter and personally visit with you during the coming weeks and months. I earnestly solicit your support and influence and whatever any one may do in my behalf will be greatly appreciated. Thanking you for all favors of the past, I am,
Faithfully and sincerely yours,
FOREST JONES.

Blackard Requests Voters to Consider Record as Official

Announcing this week as a candidate for a second term as commissioner in Precinct No. 3, H. M. (Bub) Blackard asks citizens to investigate his record from every standpoint.

"It has been my earnest desire throughout the first year of my term for the best interests of my precinct as a whole," Mr. Blackard said early this week. "My record speaks for itself, and I want every man and woman to check it carefully before they decide how their ballots will be cast or how their support will be given."

"I ask investigation not only of my work as a member of the Commissioners Court, which is largely entrusted with handling business affairs of the county, but also of the road work that has been and is being done in Precinct No. 3."

"I shall do my best to see every citizen of my precinct, although duties of the office may prevent a thorough canvass."

City Marshal J. A. Woodfin Announces For Sheriff Office

J. A. Woodfin, city marshal of Snyder, announcing this week as a candidate for sheriff, makes the following statement:

Since I have resided in this county for 30 years and have served as a peace officer for 10 years, I feel that I need no introduction to many of the county citizens.

In announcing for sheriff, I wish to remind the voters that I have lived a clean, upright life, and if elected I will sincerely try to conduct the duties of this office in a similar manner.

I wish to thank the voters for their support given me in the past. As a candidate for sheriff, for the first time, I am asking that you bear in mind my policy of equal treatment to all.
Sincerely,
J. A. WOODFIN.

Bishop Announces.
G. H. (George) Bishop announces this week that he will be a candidate for sheriff, and his name will be found in the political column. He states that a detailed statement will be published at a later date.

H. J. Brice Comes Before Voters for First Elective Term

To the people of Scurry County: Most of you are already acquainted with the circumstance at the beginning of the year 1935, when it became necessary to fill the office of county judge by appointment. At that time the office became vacant by reason of the passing of the Hon. Robert H. Curran, whom the voters of this county had honored to serve the present term.

At that time the Commissioners Court appointed me to fill out this term of office. I accepted this responsibility with the knowledge that it was a tremendous task to take up the incomplete plans and policies of the office and forge them into a satisfactory working organization for the operation of the business of the county, fair and equal to all of the people. I also realized that it would be practically impossible to meet all the demands of the office, to the full satisfaction of everyone in each instance; however, with this realization in mind, I have used my best efforts to dispose of all matters coming to my consideration, fairly upon the merits, without fear or favor.

By reason of the policies of our county government which I found in effect when I came into the office of county judge, with the encouragement and assistance of the citizenship of this county who have given their aid so loyally on every occasion when called upon, and the fine cooperation of your Commissioners Court, our financial position has improved during the year 1935. From time to time we have undertaken to adopt policies and methods where it appeared that improvement could be made for the government of the county. A serious effort has been made to adopt frugal methods to maintain a progressive county government and with all the strength at our command, we have undertaken to apply the available resources to meet the present day demands on the county government, keeping in mind the ability of our citizenship to meet such demands, which in the final analysis must be met by the way of taxation.

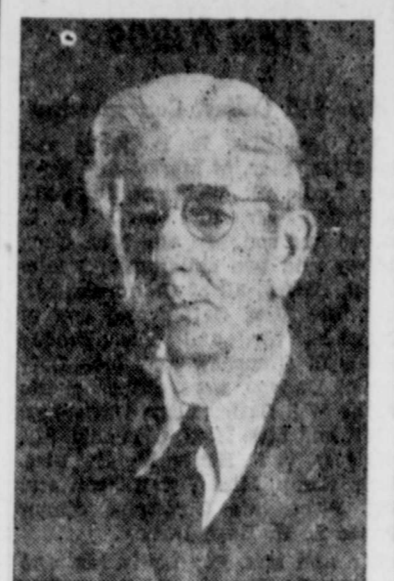

With this experience and acquaintance with the many details of the county government, I feel confident in my ability to render a more useful and satisfactory service as your county judge in the months to come than I have been able to do up to the present time. I am better acquainted with the needs of the people generally and with the detail duties of the office. My desire is to serve the people of this county and to meet your expectations on all occasions as near as it is possible for me to do.

I make this announcement at this time and ask you to give me the nomination at the Democratic primary on July 25, 1936, as your candidate for county judge of Scurry County, to succeed myself at the end of this term, with the hope that I have, in my humble way, rendered such service in the discharge of the duties of this office, that I have merited your confidence as an official worthy to be returned to office.

To those who may not be well acquainted with me, I want to say that I came to Scurry County in 1908 and have resided in Snyder continuously since that time. I was engaged in the cotton gin business until 1923, when I retired from that business and engaged in the insurance and abstract business and remained connected therewith until I became county judge.

I want the folks of this county to know that I appreciate very much indeed your kind indulgence in my official efforts, also want you to know that I would like to meet each of you during the coming months that you might know me personally and decide for yourself as to my qualifications and fitness for this office. However, as a public official, I am charged with the duties and responsibilities of being in the office on all proper occasions. This being true, it will be almost impossible for me to make a systematic canvass of the county. My intentions are to try to meet all the voters, and should

County Clerk's Job Is Being Sought by Charles J. Lewis

To the Voters of Scurry County: In announcing as candidate for the office of county clerk, I wish to say that I made the race for this place in 1930; at that time I was practically a stranger with the exception of Hermleigh and vicinity, where I received a goodly majority of votes.

Since that time I have been in direct touch with most of the people of this county, and have formed many new acquaintances. My record as a citizen of Scurry County is for any man's inspection. I never ran for office until I came to Scurry County. I was elected mayor of my home town two successive terms without any solicitations on my part.

I have been an office man most all my life, and I feel that my greatest service can be rendered to the public in that capacity. My continued experience over many years naturally fits me for a place of this kind.

I have been on the government payroll for about five months in the last two years. The work has been heavy and the pay small, and I will add that it is almost impossible for a man of my age to get into government service. And it was only cases of emergency that I have succeeded in getting into the service for a short period.

I want the serious consideration of the people of Scurry County in their selection of a man for this place, while I promise you faithful and efficient service in the capacity of your county clerk.

CHARLES J. LEWIS.

Joe McClinton of Lubbock, a star backfield man on the high school football team this season, visited with relatives and friends in Snyder during the holidays.

I fail to call on anyone, it will be for the reason that I did not have the time from my office and not intentionally.

Yours very truly,
H. J. BRICE.

H. C. Ellerd Says Law Enforced if He Is Elected Sheriff

Pledging enforcing of law without fear or favor if he is elected, H. C. (Henry) Ellerd announces this week as a candidate for sheriff. "If the people honor me with this office," he says, "I will do my best to halt law breaking without prejudice and without favoritism."

Mr. Ellerd has never before been a candidate for a political office. He has seen two years of experience as a deputy sheriff in this county, however.

Born and reared in Scurry County, Mr. Ellerd has spent practically all his life among the people before whom he now comes as a candidate.

"I shall try to see every citizen during the campaign," he said. He asks folks of this county to investigate his record as a private citizen and his ability to handle the affairs of the important office he seeks.

J. G. Landrum Out For Commissioner's Job in Precinct 2

The Times is authorized to announce this week the candidacy of J. G. Landrum, long-time Fluvanna citizen, for the office of commissioner, Precinct 2.

If Mr. Landrum is elected, he will be no newcomer to the office he is seeking, for he held the commissioner's place in 1921 and 1922. He has been active in affairs of his community during his 27 years residence in the county. For several years he has been a member of the Fluvanna school board, and at this time he is president of the board.

Believing that his long residence in the precinct, his experience as a public servant, and his acquaintance with the folks he proposes to serve, qualify him for the office, Mr. Landrum requests all Precinct 2 citizens to weigh his merits carefully before the 1936 Democratic primaries.

G. R. Faver Seeks Commissioner Place in Precinct No. 2

To the voters of Precinct No. 2: I take this method of announcing as a candidate for your commissioner. I feel that I need no introduction to you, since I have lived in the county 44 years and on the same farm in this precinct for that length of time.

Having the interest of every taxpayer and landowner in this precinct at heart, I feel that I can fulfill the duties of the office in an impartial and economical way.

In running for this office I am running on my own merits and not on the demerits of my opponent. Your support and influence solicited.

Sincerely,
G. R. (Dolph) FAVER.

Candidates Given Announcing Rules

In order to avoid any misunderstanding on the part of candidates, The Times wishes to again call attention to the fact that all announcements must be paid for in advance before they are made in these columns. "First come, first served," is the policy that is followed now, as always, in regard to the order in which names appear in the announcement column.

In order to insure publication of his announcement in any given week, a candidate must leave the announcement at the Times office not later than Tuesday of that week.

These rules are laid down not in any spirit of mistrust on the part of the publishers, but simply in order that every candidate may be treated alike, and that the paper may not be open to any accusation of favoritism.

Yours very truly,
BERNARD LONGBOOTHAM.

Mattie B. Trimble Will Be Candidate For Clerk's Office

To the voters of Scurry County: I hereby announce my candidacy for the office of county clerk of Scurry County, and I wish to say to the voters and friends of Scurry County that I am grateful to you for your support and kindly consideration in the past, and also I wish to assure you of my appreciation of your support and influence during the coming campaign.

MATTIE B. TRIMBLE.

Clyde Thomas Announces.

Clyde Thomas, who resides between Snyder and Ira, announces this week as a candidate for sheriff of Scurry County. He says he will make a formal detailed statement in a later issue of The Times.

Assessor - Collector Asks Second Term in Combined Office

To the voters of Scurry County: At this time I want to announce my candidacy for re-election to the combined office of assessor-collector for Scurry County. As most of you know, I am serving my first term in the combined office.

I have worked diligently and have studied every phase of the tax affairs in order to be able to render you the kind of service that you have a right to expect of a public official. Right here I want to thank each and every one of you for the kindness and patience shown me, and want you to know that I appreciate it. I assure you that I will use every effort possible to render you the same efficient service and courteous treatment that I have endeavored to render you in the past.

Again assuring you that your vote and influence will be greatly appreciated, I am,

Yours very truly,
BERNARD LONGBOOTHAM.

J. E. Smith's Hat Is Thrown into No. 2 Commissioner Race

First announcement for commissioner in Precinct No. 2 was made by J. E. (Edgar) Smith, who resides just northeast of Fluvanna.

Although Mr. Smith has resided in Scurry County practically all the time during the last 34 years, he has never before sought any political office. Most of his county residence has been spent in the precinct where he now resides. He is a member of the Fluvanna school board. The candidate formerly taught in several Scurry County schools.

"I am not being run by any organization or any person," Mr. Smith said in making his announcement. "I have no promises to make except that economy will be

Our community was made sad by the passing of Dr. J. T. Jones. He went to his reward early in the morning, December 29. No one will be missed more than he. He was always jolly and full of fun and always had something to say to the children, by whom he was well loved. Dr. Jones was 87 years of age and had practiced medicine 53 years. He had been in our community since 1918. Surviving are his wife, two daughters, Mrs. Mayhew of Dallas and Mrs. W. J. Beaver of Fluvanna, six grandchildren and one great granddaughter; two brothers, S. M. Jones of Electra and M. M. Jones of Jonesboro, and a host of relatives and friends. Funeral services were held at the Fluvanna Baptist Church with Rev. Willis J. Rea officiating and Rev. Alfred M. Dorsett assisting. Odom Funeral Home was in charge. Pallbearers were J. W. Clawson, John Staveley, Wallace Jones, Ira Drum, Arlis Haynes and W. P. Sims. Those in charge of flowers were Myrtle Turner, Ola Staveley, Suede Jones, Ruby Drum, Bess Daugherty, Doris Wedgeworth and Lillie Lee Snodgrass. Those who attended the funeral from out of town were: Mr. and Mrs. Mahew and daughter and son of Dallas, S. M. Jones of Electra, W. J. Beaver of Roscoe and a number of friends from Snyder and other communities.

Travis Beaver of Salt Lake City, Utah, spent Christmas with his parents, Mr. and Mrs. L. F. Beaver. Wheeler Beaver returned to Salt Lake City with him.

How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fifth night if needed.

How do Calotabs help Nature throw off a cold? First, Calotabs is one of the most thorough and dependable of all intestinal eliminants, thus cleansing the intestinal tract of the germ-laden mucus and toxins.

Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds.

Calotabs are quite economical; only twenty-five cents for the family package, ten cents for the trial package. (Adv.)

What a Line-Up!

... Every One a Home-Run Profit-Maker for Livestock and Poultry Feeders

No. 1-A (Above) The No. 1-A is an unusually low-priced hammer mill with approximate grinding capacity of from 1500 to 4200 pounds of shelled corn an hour.

No. 1-B (Middle) Although small in size the new No. 1-B is a giant in capacity grinding from 3700 to 9700 pounds of shelled corn or from 4000 to 11500 pounds of wheat an hour... and other grains and roughages in proportion. Its big capacity and low price make it the real hammer mill bargain of the hour. The No. 1-B is equipped with an auger and a blower fan.

No. 2 (Above) McCormick-Deering Roughage Mill No. 2 is a big mill, equipped with roughage self-feeder and hopper for small grain. Roughages and small grain can be ground separately or in combination. An idea: mill for use where large quantities of feed are to be ground.

Every farmer with livestock or poultry to feed should have one of these efficient mills. We will show you how it will solve your feeding problems. A demonstration will be arranged on request.

CAR MYSTERY YET UNSOLVED

Mystery that surrounded the whereabouts of Truman Cannon, Big Spring liquor salesman, when his blood-stained car was found five miles northwest of Snyder two weeks ago, continues to enshroud the case, officers said this morning.

Sheriff S. H. Newman, who conducted search for the missing man, continues to be swayed between two opinions: Whether Cannon was killed and robbed, or whether he staged a fake hold-up and left the state.

Allred and Mahon Chief Speakers at Colorado CC Fete

Almost 600 persons who gathered at Colorado Friday night for the annual Chamber of Commerce banquet heard Governor James V. Allred declare his firm belief in the Roosevelt administration and the return of prosperity.

They also heard Congressman George Mahon of Colorado express his impression of conditions in the Orient, gleaned during his recent trip to the East and the Philippines with Vice President Garner's party.

The group included the following Scurry County persons: Mr. and Mrs. Warren Dodson, Dr. and Mrs. H. G. Towle, J. M. Harris, John E. Sentell of Snyder, and Matt Bavousett of Camp Springs.

The banquet was held in a Spanish setting in a downtown location, with a Mexican orchestra furnishing the music. C. C. Thompson, president of the Chamber of Commerce, was toastmaster. The locals describe the banquet as one of the outstanding affairs held in West Texas in recent months.

Glenwood Trigg-er of California

This is Captain Glenwood "Tex" Trigg of the Jordan High School football squad of North Long Beach, California. He is the son of Mr. and Mrs. W. O. Trigg, formerly of Snyder, and a grandson of Mr. and Mrs. L. B. Cope of Snyder. This picture is furnished The Times through courtesy of the Long Beach Press-Telegram. Says Bob Hall of the Press-Telegram sports department: "Tex" was a mainstay with the Jordan High School of North Long Beach, which was serving its first year

among major prep elevens in Southern California. Like the rest of the team, which averaged only 150 pounds, Trigg was handicapped by lack of weight, but he played against the disadvantage nicely. In many cases, Jordan was outweighed 20 pounds to the man. That they held all opponents under 25 points was a credit to their courage. They beat Pasadena High, 6-0, and lost to Colorado Beach, 6-12, in their most noteworthy performances of the season."

Gail Borden, Namesake of County West of Scurry, Was Great Texan

Through his dual contribution to Texas and humanity the name of Gail Borden stands out in the annals of history. The man after whom the county west of Scurry was named was born November 9, 1801. A timely significance may be attached to the memory of this hero because of the approaching Texas Centennial.

It was Gail Borden who founded one of Texas' first official newspapers, "The Telegraph and Texas Land Register," published at San Felipe in March, 1835. Prompted by the rising spirit of revolt, Borden issued his first paper and immediately became the voice of the people. In what was probably the first "extra," he published the war proclamation of September 9, 1835. Loyal Texans responded and thus began the Texas revolution.

It was also the printing press of

Gail Borden that broadcast the tragic appeal of Travis from the Alamo and later gave to the colonists their first copies of the Declaration of Independence. Despite the fact that the original press was destroyed by Santa Anna, Borden secured another. Today the files of his newspaper furnish the earliest annals of the newborn republic.

While serving as land commissioner, Gail Borden realized the hardships of families who had begun to migrate throughout Texas and it was he who discovered "condensed food," first known as the "meat biscuit." Later he perfected his "condensed milk" and in 1857 founded The Borden Company.

Gail Borden served his fellowman as a statesman and a benefactor to mankind.

Bio-Chemic Review Says "More Power" To Nostrum Fight

The Bio-Chemic Review of Fort Dodge, Iowa, says "More power to them!" of The Times recent article by Leon Guinn concerning activities of nostrum peddlers. Says the article, just published:

Down in Snyder, Texas, The Scurry County Times, one of the most popular and widely circulated of the West Texas weekly newspapers, is doing some commendable work in condemning the activities of nostrum peddlers, fakers and other gentry who prey on the livestock interests of that section. The following paragraph is an example:

With the slightest hint of autumn in the air, the stockman and farmer is careful about turning horses and cattle in stalk fields of late feed, for just now some feeder suckers contain lethal prussic acid. . . . And with autumn comes the "peddler" of inferior biologics for West Texas farmers and ranchers, the cut rate bandit of the veterinary profession, offering everything from screw worm soothing syrup to adulterated anti-hog cholera serum. . . . In the Southwest alone, annual loss from screw worm infection amounts to \$10,000,000, a rather stiff toll from this livestock parasite. . . . With livestock prices steadily rising, with hog and piglet meats at a premium, West Texas livestock owners owe it to themselves to rely on qualified veterinarians for biologics needed to combat equine forage poisoning, botulism (food poi-

Makes Outstanding Grades.

Teddy Vinson, son of Mr. and Mrs. T. R. Vinson, returns to Texas Military College, Terrell, Sunday after a two weeks visit with his parents at their ranch home in Borden County. Since entering the school in early fall, Teddy has already received promotion. His grades average above 90, Mrs. Vinson says.

Oklahoma Writer Dies.

Edson R. Waite of Shawnee, Oklahoma, author of the well-known newspaper feature, "Did You Ever Stop to Think," died recently at his home. His column, which appeared in The Times occasionally, always brought home to readers the importance of supporting worthwhile home-community enterprises.

Snyder General Hospital

Little Paula Jean Bogard of Lamessa is in the hospital after a tonsillectomy yesterday. Another child, Mary Frances Marr of Borger, was in the institution for medical attention several days ago.

D. E. Basham of Camp Springs left this morning after medical treatment for several days. Surgical patients who have entered the hospital since the last Times report are: Mrs. Fannie Wishert of Ira, Mary Belle Carrell and Hazel Gordon of Snyder. Fay Nell Bentley of Snyder is confined for medical attention.

Mrs. Altus Bowden and Lulla Jones, who entered the institution last week, are still there. John S. Erwin of Southland, a former Snyder resident, left early this week after several days' medical attention.

LETTERS FROM THE PEOPLE

OUR READERS' VIEWS

Rev. Tate Congratulates.

Editors, The Times: I wish to do that which I have long neglected; namely, congratulate Snyder and Scurry County on the establishment of an adequate sanitarium in your midst.

Furthermore, I feel that you are most fortunate in having Dr. Grady Shytle at the head of that institution. We know him very well, for it was he, assisted by Dr. Clark, who performed a very serious yet successful operation on Mrs. Tate ten years ago at the West Texas Baptist Hospital at Abilene. Long live both the institution and its staff.

Cordial greetings and all good wishes to old friends.
REV. JAS. H. TATE,
Mentone, California.

Crops-Weather-Pension.

I hope that you will publish these lines in which I desire to say how we are getting along in Scurry County; that is, what kind of crops and weather we have.

Crops are fair. Cotton gave a yield of a bale from two to three acres and feedstuff is plentiful. Rains throughout the year were plentiful. Since January 1 to December 15 we had 23 and one-sixteenth inches rainfall. Cotton was infested with leaf worms and then came frost a bit early this year. On November 11 and 12 the thermometer showed 24 degrees.

I want to say what I think of the promised pension. Before the election we were promised that, if the voters will adopt the amendment, all citizens over the age of 65 will receive a pension. But when the amendment was adopted then many of our representatives in the Legislature showed their boyishness and how they failed to keep a promise

Brock Moves Cattle.

Gaston Brock of the Cottonwood community is moving his 100 head of cattle to a ranch he leased near Snyder. Mr. Brock lived in the Cottonwood community when he was a boy, then secured a fine ranch near Bronte, but the depression took a big toll of that ranch, and for the last two years he has been ranching south of Abilene. Mrs. Brock is teaching school at Cottonwood.—Sweetwater Daily Reporter.

or respect a mandate of the people. It is universally regarded as a fraud on the part of the lawmakers in disregarding the mandate of the people at the polls. Before the amendment was submitted to the people the lawmakers should have taken time to locate the funds with which to pay the pensions, and that in a way so that the burden will not fall on the small business man, farmer and laborer, who are already groaning under the load of taxation.

Now they want to pay the pensions only to those who are without property. In some respects that may be correct, but among these are many who do not work for a living and others are spendthrifts. But they are rewarded and others are penalized. That's the way I see it.
