FARMERS LOOK TO CAPITOL FOR WORD ON AAA STATUS

Mr. and Mrs. J. S. Hart Are Honored On Their 55th Wedding Anniversary

County Pioneers Surprised With All-Day Gathering; Receive Several Nice Gifts.

Mr. and Mrs. J. S. Hart, residents of Scurry County since 1901, were honored on their fifty-fifth wedding anniversary with an all-day celebration at their home here Sunday, January 5.

Their eight children and families, who arranged the celebration, were present as follows: Mrs. C. T. Williams, Henry Hart, Pete Hart, Mrs. Olan Curry and Mrs. Nathan Wade, all of whom live in Scurry County, and W. D. Hart of Seminole.

Friends present for the bountiful meal spread by the daughters and daughters-in-law at noon were: Mr. and Mrs. Bob Martin, Will Murphy and J. H. Pondy of Floydada. Other old friends called in the afternoon. Several lovely anniversary gifts were received by the couple.

Hale and hearty in spite of his 84 years, Mr. Hart and his wife, who is 74 years of age, talk willingly of their marriage in Johnson County on January 5, 1881, and of incidents which have occurred during the 55 years since that day. "You should have seen her then," Mr. Hart told a Times reporter, slapping his knee. "Boy, she was a cutter," he said with a twinkle in his eye.

Coming to Scurry County in 1901, Mr. and Mrs. Hart have watched with interest the growth and development of the county for nearly 35 years. They resided in the Ennis Creek community until 1910, when they built a new home four miles north of town.

In 1917 they moved to their present home in South Snyder, to be closer to good schools and to have the advantage of city conveniences, and there they have lived for the past 18 years. Although they seldom come to town, they receive visitors cordially and enjoy their visits.

Mrs. Mary Davis Taken by Death At Home of Son

One of Scurry County's pioneer mothers, Mrs. Mary E. Davis, was taken by death Friday afternoon, at the age of 85 years. She died at the home of a son, H. L. Davis, local merchant, in East Snyder.

Most of the immediate survivors—five sons, two daughters, 64 grandchildren and 20 great grandchildren—were present for final rites at the First Baptist Church Saturday afternoon at 2:30 o'clock. Rev. Lawrence Hays, pastor, officiated. Odom Funeral Home was in charge of burial in Snyder cemetery. Mrs. Davis was a long-time member of the Primitive Baptist Church.

Mrs. Davis was a native of Georgia. She left that state in 1859, shortly after her marriage to B. F. Davis, who preceded her in death four and one-half years ago. The couple farmed in the Ennis Creek community before they retired to Snyder several years ago.

The couple moved from Johnson County to Scurry County 30 years ago.

The children are: Cornelius, Oscar and H. L. Davis of Scurry County; L. S. Davis of Godley; J. J. Davis of Floydada; Mrs. H. S. Hart of Scurry County and Mrs. T. J. Shaw of O'Donnell.

Fullness were Ben Davis, Raymond Davis, Roy Hart, Johnson Davis, Ross Shaw and Davis Shaw, Misses Ruth Davis, Doris Davis and Ruby Nell Shaw and Mrs. Eula Strubling were in charge of flowers.

Cold Weather Hits Area Early in 1936

Cold weather did not wait long after the arrival of 1936 to visit Scurry County and most of the remainder of the country with a sweeping wave of low temperatures and ice.

After flurries of sunshine and cold, late Monday and Tuesday turned up with potatoes of sleet and light drizzles that turned to ice. The thermometer dropped Monday night to 24 degrees, low point of the season.

Glinnings continue to drizzle into all county bins. The county total is estimated to be nearing 20,500 bales.

Mahon Represents W. T.

Congressman George Mahon represented West Texas at military rites and burial Tuesday at Arlington National Cemetery, Washington, for Captain Robert G. Carter, 30, noted Indian fighter of early days on the Plains. Captain Carter retired soon after he was wounded at the famous Blanco Canyon battle of 1871.

Payment of Poll Taxes in County Growing Rapidly

With torrid state, national and county elections in store, poll tax payments are moving along rapidly in Scurry County, according to Bernard Longbotham, assessor-collector.

Through Wednesday 680 receipts for poll taxes had been issued. The full total for last year was about 1430. While the poll tax becomes due on October 1, the major portion is paid in this county during January. Receipts already issued are far ahead of the same time last year.

Issuance of tax exemptions is lagging since a change in interpretation of the new state law governing voting was made recently.

Only those voters exempt because they were not 21 years of age on or before January 1, 1935, and those who have moved into this state after that date are required to obtain an exemption certificate prior to February 1.

Exempt voters living outside a city of 10,000 inhabitants who are permanently exempt from the payment of poll tax need not obtain exemption certificates, but may continue to vote as they have in the past.

Times Bargain Rate Continues in Effect But Month Is Lost

As announced last week, the Times Bargain Rate of \$1 (\$1.50 outside Scurry and adjoining counties) continues in effect.

Now, however, subscriptions are being back-dated; that is, new subscriptions will be dated to expire December 31, 1935. Old subscriptions will be moved up 11 months from expiration date during January.

In short, the longer you wait the fewer papers you receive for \$1 or \$1.50.

The Times will accept combination subscriptions, with dailies, the Semi-Weekly or the Pathfinder, at the announced rates ONLY until bargain rates are taken off these papers. The special reduced prices can be guaranteed only from day to day.

Fifty-Gallon Still Is Seized Near Dermott

Two Scurry County men were taken in custody last week after a raid four miles east of Dermott by a federal agent and Constable Albert Smith netted a 50-gallon still.

The pair were released on bond at Lubbock, where they appeared before federal officials.

The still was captured in a vacant house on a place that was leased by Jack Price, according to Constable Smith. It was empty, but had been in operation within two or three days before the raid, said Smith.

1935 FIRE RECORD HERE AMONG BEST IN RECENT CITY HISTORY

Insured Loss Only \$1,200; Firemen Paid for Only Four Calls During 12 Months.

Records compiled by Fire Chief N. W. Aury reveal that 1935 fire loss in Snyder was one of the lowest in the city's history.

Insured loss was only \$1,200. Total loss, aggravated by two calls totaling \$505 during the last half of December, was only \$2,512.50.

The Snyder Volunteer Fire Department, composed of 13 regular and eight reserve firemen, was paid for fighting only four fires during the year. Firemen are reimbursed only for "wet" calls—calls in which the heavy hose is used.

Seventeen other calls—"dry" fires—were made during the year, making a total of 21 calls, with the exception of drills. Not a false alarm was turned in during the 12 months. An average of 16 firemen came out for the fire calls and drills, according to Chief Aury.

The department made 29 calls during 1934.

The chief believes the public's gradual education to fire hazards, control of incendiary fires, and increased efficiency of the fire department are largely responsible for the low loss during 1935.

This lowering of the fire loss will mean a lowering of the Snyder fire insurance rate.

COMEDY WILL BE PRESENTED BY GRADUATES

"Looking Lovely," Scheduled for Friday Evening, 7:30 O'clock, Sparkles With Wit.

"Looking Lovely," a comedy in three acts, will be presented in the local high school auditorium Friday evening at 7:30 o'clock by the mid-term graduating class. Admission prices are 10 cents and 20 cents.

Seniors say that the play fairly sparkles with wit and humor in all three acts, and then at the end even the old maid postmistress is "Looking Lovely."

Directed by Miss Ruth Irby, head of the speech arts department in the high school, the play promises to be the best performance of the year. Miss Dossie Mae Caton is assistant director, and Mrs. Sue M. Lee, senior sponsor, is assisting with the play.

Action centers around the debt-ridden farm of Winnie Bordine, played by Rosanna Reynolds, and her small brother and sister—Buddy, played by Leslie Cole, and Clytie, whose part is taken by Geneva Glascock—who are orphans.

Other characters are: Persimmon, the faithful old colored servant, Irene Wolcott; Jenny Matthews, an actress, Mayme Lee Gibson; Bill Baker and Jim Duggan, promoters looking for something to promote, Otha Lee Clark and Royal Connell; Amarilla, the postmistress, Genevieve Jarratt; Speed Hawkins, the sheriff, W. D. Sanders; Esther Hastings, an arrogant heiress, LaRuth Johnston; Moe Debrovsky, famous theatrical producer, Travis Green; Cholly Longacre, an English dramatic critic, Charles Lewis Jr.

The debt-ridden farm is turned into a health and beauty resort to solve the mortgage problem, and to furnish an entire evening of entertainment to attendants.

Novelty between-acts numbers are being arranged by the director and class members.

A. degree, with sociology as his major work, from Columbia University.

The visitor's address will be unusually interesting to the Lions, since the local club has been doing some substantial work in conservation of the eyes of Scurry County citizens, according to the president, John E. Sentell.

Following are the new salary schedules: Marshal, \$100; deputy marshal (night watchman), \$75; recorder, \$20; fire marshal, \$20; city secretary, \$40; water superintendent, \$90; disposal plant caretaker, \$20; paid fireman, \$70; alderman, \$3; water and sewer collector, \$10 weekly; water department helpers, \$12.50 weekly. 150 TRAPS SET FOR COYOTES

Two experienced wolf trappers are busy this month with 150 traps in about 20 sections of ranch country northwest, north and northeast of Snyder. The traps were set last week, and baiting was completed Saturday.

Gilbreath, one of the trappers, has seen 21 years of experience as a government trapper, and the other one, Miller, has also seen plenty of trapper experience.

Ranchers in this territory are financing the drive against the coyotes. They say the animals are roving the country in larger numbers than in a number of years, and think the trappers will get far more than the 250 animals that were trapped in a drive two years ago.

Rushing Funeral Service Held at Cottonwood Wed.

Mrs. M. E. Rushing, 70, died Monday at the home of her daughter, Mrs. Minnie Howe, in North Snyder, and final services were held at the Cottonwood cemetery, North-east Scurry County, Wednesday afternoon at 3:00 o'clock. Rev. Lawrence Hays officiated. Odom Funeral Home was in charge.

Miss Mary E. Stewart was born August 5, 1862, in Alabama. She was married to John Wesley Rushing December 25, 1886. The couple came to Texas in 1879, and have lived in Kent and Scurry County since that time.

To this union ten children were born, six of whom are living, as follows: Mrs. Leta Blevins, Rosewell, New Mexico; Mrs. Ninety Wisner, Hot Springs, New Mexico; Mrs. Minnie Howe, Snyder; Mrs. Hattie Latham, Buckhorn, New Mexico; Tommie Rushing, Burkburnett; and John Rushing. New License Plates Arrive for Use of County Car Owners

New car license plates for Scurry County have been received at the tax collector's office, but they cannot be used until March 1.

The license fee may be paid and plates obtained at any time by old car users, but they cannot be used lawfully until March 1. Purchasers of new cars must use 1935 plates until April 1, points out Collector Bernard Longbotham.

This year's plates are tan with dark blue numerals. They advertise the Texas Centennial, celebration of which will be started in June. The words "Texas Centennial" appear on each plate, the latter word being directly under the numbers, which are separated by "Tex" instead of dashes.

CITY BUILDING PERMITS TOTAL \$43,150 IN 1935

Council Sets Salaries of Employees In January Session; Most of Them Unchanged.

Snyder building permits during 1935 totaled \$43,150, according to a report made to the City Council in its January meeting Monday night.

The two major permits were for Snyder General Hospital and the school physical education building, the latter a WPA project. December permits of \$20,000 included the school structure.

December fines were \$21.40; tax collections, \$2,498.55; water and sewer receipts, \$1,277.97.

Following are the new salary schedules: Marshal, \$100; deputy marshal (night watchman), \$75; recorder, \$20; fire marshal, \$20; city secretary, \$40; water superintendent, \$90; disposal plant caretaker, \$20; paid fireman, \$70; alderman, \$3; water and sewer collector, \$10 weekly; water department helpers, \$12.50 weekly. All salaries are monthly unless otherwise stated.

Clean-Up Extended. Councilmen voted that the city clean-up work be placed on a flat monthly basis, and that the entire city limits be covered at frequent intervals.

This action means that a trash hauler will probably be employed to pick up rubbish in the residential area in addition to the present work in the business districts.

It was voted that the R. S. & P. grade crossing at Avenue R, in North Snyder, be officially closed.

Fluvanna Baptists To Give Play Friday

"The Devil's Pay Day," a feature comedy in three acts, will be presented in the Fluvanna High School auditorium Friday night at 7:30 o'clock. Sponsored by the Fluvanna Baptist Church, admission prices will be 10 and 15 cents. Proceeds will go toward buying new church seats.

Nu-Way Food Store Has Good Business

Edgar Taylor and Buddy Martin told The Times early this week that they were well pleased with the reception given opening of their Nu-Way Food Store, southeast corner of the square, last Saturday. The new store is modern throughout, and all fixtures have been completely revamped. A feature of the store is the central circular display rack and the improved vegetable and fruit rack.

County Teams Ready. Ira, Dunn and Snyder basketball teams of Scurry County are ready for the annual boys' invitation tournament, which begins at Colorado tonight (Thursday). Games will continue through Saturday. The Big Spring Steers are defending champions.

The Herefords left here Saturday for Dodds' Roscoe fattening pens. They will be butchered later in a government inspected plant at Sweetwater for use in F. & D. Dodds' markets at Snyder.

All Phases of Former Organization Stopped by Supreme Court Ruling

Officers Report Cannon Seen on Plains Recently

Sheriff S. H. Newman said Monday that he had learned from reliable sources that Truman Cannon, Big Spring liquor salesman, is alive. Search for the man, missing since his blood-stained car was found five miles northwest of Snyder December 19, was spurred by the report.

The officer said he had been informed that Cannon was seen last Tuesday night at a hotel in Amarillo, and that from descriptions furnished him the identity had been definitely established.

It was reported that the man seen in Amarillo had a gaunt appearance and was wearing a moustache, and that the likeness of Cannon was startling, lending weight to a theory that he was suffering from amnesia.

Cannon, said Newman, was reported to have been in and out of an Amarillo hotel for several days, but no trace has been had of him since Tuesday, said the officer. He has asked Amarillo officers to assist in locating him.

Fearing Cannon was dead, posse combed the rough ranch country between Snyder, Post and Justiceburg in search of his body.

Cannon on December 18 made his usual rounds for a wholesale liquor firm of Big Spring, delivering liquor and making collections amounting to more than \$500. He was seen in Post about 8:00 o'clock that night at a filling station, and the next morning his automobile was found. The left front window had been shot out, a flattened bullet was on the running board, a gun of another calibre was on the front floor and blood stains were on the front seat.

Telegram From Warburton. "Following telegram, signed by G. W. Warburton, national director of Extension Service, and Chester Davis, A. A. administrator: 'Decision Supreme Court holds control these programs suspended pending further notice. Notify members state committees and boards, state field men, county control associations and committees to discontinue work and incur no expense pending further information. Notify county agents, as federal employees, to take charge all production control association forms, records and property.'

"You are to carry out these instructions to letter. Be governed only by official instructions from official sources. We will endeavor to keep you advised."

Prices reacted to the decision, some upward and some downward. On the whole, local retail prices show little variation, although a few items, notably flour, are taking a downward slide. Cotton and stock prices are steady.

Woodmen Gather At Manhattan for Tuesday Banquet

Half a hundred members of the Snyder chapter, Woodmen of the World, and friends gathered Tuesday evening for the annual get-together and banquet of the fraternity. A sumptuous turkey dinner was served in the Manhattan Hotel dining room.

Larger attendance was precluded, according to Toastmaster Gay McGlaun, because of a number of conflicting entertainments and inclement weather.

Following the meal, several numbers of entertainment were given. Mrs. Pete Bolin proved that she was one of the youngest persons present by giving two readings, which were highlights of the evening. Alma Alice and Grace Elizabeth Caskey sang several numbers, accompanied at the piano by T. J. Teier.

Pastors of Snyder churches, Revs. H. C. Gordon, Lawrence Hays, Alfred M. Dorsett and G. E. McPherson, were special guests. They brought short talks to the assembly. Several others were guests.

Concrete evidence of some of the work being done by the Woodmen of the World was given in a letter from H. P. (Abe) Rogers, Snyder citizen, who is in the W. O. W. hospital at San Antonio. The letter, read by A. J. Cody, stated that the hospital, one of the most modern in the United States, is doing a great work among the sick of the order.

Football Players Banquet at High School Building Friday Night; Hear Program.

Twelve lettermen and 11 reserves of the 1935 Tiger football squad, plus 30 guests, heard Superintendent C. Wedgeworth say at their annual banquet Friday night that a lighted field is in prospect for the fall of 1936. The school chief said Snyder must have a lighted field if she is to be in the swim with other teams of the district.

Principal King Sides was toastmaster. He directed the following program, as the Tigers and guests enjoyed a typical banquet feast prepared by the home economics girls under direction of Mrs. Sue M. Lee:

Program Is Heard. "Toast to the Team," Irene Wolcott; "Toast to the School and Fans," Captain Otha Lee Clark; comments by Dr. J. G. Dossie Mae Caton Selected as High School "Ideal Girl" by Girls Club

Dossie Mae Caton, daughter of Mrs. M. Caton, was named "Ideal Girl of First Semester 1935-36" at a meeting of the Girls Club of the local high school Tuesday morning.

A member of the first-term graduating class, Miss Caton is outstanding in her scholastic records as well as being a popular student. She is assistant director for the senior play to be presented Friday night.

Votes were cast after the group of girls had heard a talk given by King Sides, high school principal, on the characteristics of an "Ideal Girl." His views were excellent, according to Miss Mattie Ross Cunningham, sponsor of the Girls Club.

Word on the secret ballots was as follows: "Who, of all the girls in our high school, is to your mind, the best example of what a high school girl should be? Which of our girls comes nearest to your ideal of girlhood? What Snyder High School girl expresses in her everyday life the highest qualities of character and of service to school and community, the liveliest disposition, the finest courtesy?"

Martha Jo Jenkins placed second when ballots were cast, Geneva Glascock was third, Lillian Logan was fourth and Mayme Lee Gibson placed fifth.

Three and one-half years ago the custom of selecting an ideal high school girl was originated. A girl is selected each term as ideal, and no girl may be selected more than one time. The following have been named ideal since the custom began: Lola Mae Littlepage, Frances Clements (Mrs. Willard Lewis), Mary Margaret Towle, Farena Isaacs, Dollie Clements and Elizabeth Gordon.

Presbyterians Have Watch Party Tuesday.

Evening of December 31, 1935, was a pleasant occasion for members of the Presbyterian young people's Christian Endeavor and their friends as they gathered to usher in the New Year.

The group met at the theatre early in the evening for a theatre party, seeing Jane Withers in "This Is the Life." Immediately following the movie, they were welcomed to the home of Frances Boren, where novel New Year games were enjoyed, as were the refreshments of sandwiches and coffee served there. Plate favors at the Boren home were whistles, provided so that the New Year might be properly greeted.

At 11:30 o'clock the crowd went to the Presbyterian manse, where Rev. and Mrs. Dorsett were host and hostess for another hour of games, popping corn and reminiscing. The New Year was welcomed with merriment by the 19 members and guests present for the watch party.

Club Has Study of Central America.

"Central American Protectorate Dependencies of the U. S. A." proved an interesting subject for study at the Tuesday afternoon meeting of the Alpha Study Club at the home of Mrs. Marcel Josephson this week.

Mrs. Wayne Williams directed the program, giving as the first number "Panama, a Mingling of Old World and New;" "Life in Panama Canal Zone" discussed by Mrs. Raymond Sims followed; and a round table discussion of "Nicaragua" led by Mrs. Joe Graham closed the program.

A plate luncheon was served to Mrs. V. H. Montgomery of Fort Stockton, a guest, and to the following club members: Mmes. Melvin Blackard, Wayne Boren, Maurice Brownfield, Joe Graham, J. G. Hicks, Alfred McGlaun, J. P. Nelson, F. G. Sears, J. E. Sentell, C. P. Sentell, Raymond Sims, Wayne Williams and Wade Winston.

Ray Harrell and family were Sunday guests of Mrs. Will H. Crowder.

Mrs. Sisk Hostess To Ingleside Club.

Mrs. Noa B. Sisk was hostess to the Ingleside Study Club at its last meeting. Mrs. R. H. Odum directed the program, using the subject "Problems of the Day" as the central theme for the day.

"National Problems" were given in answer to roll call, and the leader discussed "Unemployment Situation." A story, "Disinherited," by Joe Pagano, was nicely told by Mrs. Clyde Boren, and Mmes. W. W. Smith, W. W. McCarty and H. L. Vann followed her with talks on "Modern Opportunities for Women" and "The Adolescence Problem" and "The Traffic Problem."

A lovely plate of apple salad, sandwiches, minis and coffee was passed to the following club members: Mmes. Clyde Boren, Tom Boren, W. F. Cox, W. W. McCarty, R. H. Odum, R. J. Randals, W. W. Smith, H. L. Vann, A. E. Wiese and King Sides.

Lovely Flowers Are Seen as Decorations.

Lovely roses, carnations and pot plants were used to decorate the home of Mr. and Mrs. Frank Farmer Friday afternoon when Mrs. Farmer was hostess to El Feliz Club and guests.

At the close of interesting forty-two games, the hostess passed a dainty salad plate to the members present and the following guests: Mmes. W. W. Hamilton, J. P. Avary, W. P. King, R. J. Randals, Wayne Williams and G. A. Hagan.

El Feliz members present were: Mmes. Fred A. Grayum, W. M. Scott, I. W. Boren, H. J. Brice, C. P. Sentell, Lee T. Stinson, Noa B. Sisk, Earl Louder, Sidney Johnson, Joe Strayhorn, R. H. Odum and W. E. Doak.

G. A. Meets Tuesday. Members of the Intermediate G. A. of the First Baptist Church met Tuesday afternoon at the church for a social hour. After working on their year-book, members enjoyed refreshments. Those present were Dorothy Mae Lankford, Fay Niedecken, Daurice Worley, Marva Nell Curtis, Pauline Rogers, Loraine Todd and Mrs. W. W. McCarty, the sponsor.

KING SIDES IS SPEAKER FOR TWO CLASSES

King Sides, high school principal, was main speaker at the semi-annual junior-senior banquet held at the Wilsford Coffee Shop Wednesday evening. His subject was "After High School, What?"

Sponsored by W. F. Cox, head of the high school science department, the Junior A Class was host to the mid-term graduating class with the traditional junior-senior banquet. A color note of pink, green and orchid, senior colors, was emphasized in decorations and appointments, with sweet peas, senior class flowers, being used as centerpieces. Mrs. Sue M. Lee sponsors the graduates.

Others who appeared on the program were: L. A. Berry, toastmaster, who gave the toast to the seniors; Otha Lee Clark, senior class president, response to toast; T. J. Teter, piano selection; Miss Ruth Irby, head of the high school speech arts department, reading; vocal trio composed of three high school teachers, King Sides, W. F. Cox and F. H. Roette. Superintendent C. Wedgeworth and J. C. Dennis, commercial teacher, also spoke briefly.

Mrs. Homer Snyder presented the devotional at the meeting of the Ruth Anderson Auxiliary of the First Methodist Church at the church Monday afternoon. Mrs. R. H. Odum, president, was in charge of the business meeting.

Littlepage, R. H. Odum, Ed W. Thompson, T. J. DeShazo, T. W. Pollard and Homer Snyder, and Miss Ruby Curry.

Odum, club members.

Mrs. Preuitt Gives Tea for S. S. Class.

Mrs. A. C. Preuitt entertained the Friendly Helpers Class of the First Methodist Church, of which she is teacher, with a delightful seated tea at her home last Thursday afternoon.

A beautiful devotional was given by Mrs. R. H. Odum preceding the tea hour. The afternoon's business session was brief.

The dining table was centered with golden apples on a lovely reflector, and before serving, Mrs. Hal A. Lattimore told the story of the golden apples. The table centerpiece was a Christmas gift from the class to Mrs. Preuitt.

Mmes. Hal A. Lattimore and J. C. Stinson presided at the silver coffee and tea services at each end of the table as refreshments were served to the 17 class members present.

Mrs. Louder Plays At Tea in Abilene.

Mrs. Earl H. Louder of Snyder was guest artist on the program at the annual New Year's Day tea given last Wednesday by the Queen Esther Chapter, Order of Eastern Star, on the mezzanine floor at the Hilton Hotel, Abilene. More than 225 chapter members and guests were present at the affair.

Teddy Vinson, son of Mr. and Mrs. T. R. Vinson of Borden County, left Sunday, returning to Terrell to resume his work in T. M. C., where his grades have been outstanding during past months.

Guests were seated in the crystal ballroom for the program, returning to the mezzanine for refreshments. Mrs. Louder gave the closing numbers on the lovely program—a group of piano accordion solos.

Lady's Painful Trouble Helped By Cardui
Why do so many women take Cardui for the relief of functional pains at monthly times? The answer is that they want results such as Mrs. Herbert W. Hunt, of Hallsville, Texas, describes. She writes: "My health wasn't good. I suffered from cramp-like pains. My pain would be so intense it would nauseate me. I would just drag around, so sluggish and 'de-lus'. My mother decided to give me Cardui. I began to mend. That tired, sluggish feeling was gone and the pains disappeared. I can't praise Cardui too highly because I know it helped."

THE WEEKLY DOZEN

A Business Observation. It is interesting to note that less than one dozen business houses around the square have not changed either location or management during the past five years. Change of scenery is evidently considered the spice of business by most locals.

That Guilty Feeling. Pessimist Pete says one of the most guilty feelings of life comes to a fellow in a car who passes up a college boy who's hitch-hiking his way back to school after the holidays... even if the fellow's just going another two or three blocks.

Liars, Double and Otherwise. One cigarette company, with the picture of a woman puffer as its background, advertises money back on a full pack of cigarettes if you don't like the first ten. Another company advertises double your money back. In other words, the premium is just twice as high for a liar who is twice as good.

And Is Lubbock Bragging! Associated Press report in Dallas Morning News: "In a dazzling finish that brought the crowd of 2,000,000 to its feet, University of New Mexico's Lobos cannon a field goal with less than a minute to play here (Lubbock) Friday night and defeated the Texas Tech Matadors, 42 to 40." That makes 4,000,000 sizzling corns!

Weekly Rooseveltism. President Roosevelt—"We strive to dispel the bitterness and the littleness of the few who still think and talk in terms of the old and utter selfishness, we are working toward the destruction of sectionalism, of class antagonism and of malice. We who strive for cooperation among all parts of our great population, we intend to win through to a better day."

The Address Means Everything. Says a classified ad in a Sunday paper: "For sale—Highly developed going cemetery; 200,000 tributary population; \$30,000 perpetual fund; terms. Cemetery, Box 1284, Miami, Florida." Until we read the address, we thought some high-powered salesman was trying to sell out our neighboring city of Colorado.

The Steel Trap Barbarity. Unprejudiced persons will agree that the use of steel traps is the most brutal barbarity in history; that it is not at all necessary; that it is still condoned over a large part of the world—a world which wishes to do away with war, and yet has not the moral courage to abolish what in its essence is the seed of war, i. e., cruelty.—The Atlantic Monthly.

They Might Be Alive Today. Pointing out that last year's annual automobile slaughter claimed some 36,000 unfortunate deaths, The Reader's Digest in its January issue declares that if the entire nation had applied the available engineering knowledge regarding highway safety as effectively as has a single large mid-Western city, some 22,800 of these victims would be alive today.

\$20 for Junked Cars. To stimulate the sales of new automobiles and late model used cars, the Chevrolet Motor Company announced last week it had set up a \$1,000,000 fund from which its dealers will be paid \$20 for every old car taken in trade and junked during January. Chevrolet officials had evidently not seen a number of Scurry County cars in operation or they would never have made such a liberal offer.

See That Senior Play. The senior play that will be given Friday night will be rare amateur entertainment, according to those who will see the cast and director in action. You will do well to see that play: First, for your own entertainment; second, because the graduating class needs plenty of outside assistance. When the youngsters come around to sell tickets, why not buy one... then strain a point to see the play?

The Old-Timers Move On. These last few weeks have seen several old-timers of the county pass on to their reward. In most cases, the reward is more fulsome than most products of this twentieth century generation will receive. Every one of these pioneers of a new country worked for every penny they received and every joy they were granted. Now, we expect to have silver spoons stuck in our mouths... spoons full of gravy. It's a pity that we do not honor the old-timers more.

Where the Money Came and Went. It took 115,000,000 dollars to operate the state government in Texas in 1934. Here is how each dollar was spent: Highways, 30.9 cents; schools, 30.5 cents; relief, 9.3 cents; eleemosynary institutions, 5.3 cents; judiciary, 1.79 cents; miscellaneous items consumed the remainder. Gasoline taxes brought in 39.94 cents of each tax dollar, real estate, 26.86 cents, and gross production tax on oil, 7.17 cents. The balance came from miscellaneous sources. So says Julian Capers Jr., well-known publicist.

The Times Creed:

For the cause that needs assistance; For the wrongs that need resistance; For the future in the distance, And the good that we can do.

Post Wants a Wet Doctor.

Post City, whose narcotic killing several months ago brought reams of publicity to the Garza County capital, is in the market for a physician, very wet. Witness this classified ad in Sunday's Dallas Morning News:

WANTED—Physician who will cater to liquor prescriptions in dry territory. Strictly legal. Salary or prescription basis. Good opportunity for doctor not doing so well to make fair money. Box 517, Post, Texas.

The Times' keen interest in Post's need of a very wet doctor almost prompted this prohibition weekly to make inquiry as to whether the ad reaped quick results, as Dallas News ads are wont to do. On second thought, however, we decided that Post should be allowed to work out her own salvation without anyone from Scurry County snooping into her private life.

Now we don't want the folks up at Post to misunderstand us. Our own Scurry County has much liquor and so many liquor problems of her own that she has no business making noses at any other West Texas county. The fact of the business is that Garza County officers have been much harder on liquor law violators than Scurry County officers. So we're not making noses.

What we want to observe is that the legislators made it possible for drug stores to be turned into veritable saloons, if they want to be veritable saloons; and for medical doctors to be turned into retail liquor dealers if they want to be retail liquor dealers.

Post evidently has so many high-minded doctors that the legal liquor waxes and sellers made up their minds to import a professional gentleman who has a less wholesome mind about wetness and dryness.

The legislators also created this situation: Drug stores must pay a small license or fee if they sell liquor in a dry county; they must pay a heavy license or fee if they sell liquor in a wet county.

Now... where were we when we started out on this editorial? Oh, yes, Post wants a wet doctor. She'll probably get one.

EDITORIAL OF THE WEEK

A DOZEN GOOD RESOLUTIONS. You will probably ask what there is to do about this coming succession of tremendous happenings that will more or less affect everyone of us during the coming year. I don't know. But here are a few New Year's resolutions which I will try to follow and which I gladly pass along to you. I resolve:

- 1. Not to get unnecessarily irritated over traffic lights.
2. Not to worry about conditions in Europe.
3. Not to try to comprehend any government statistics involving over a billion dollars.
4. Not to pay any attention to idle gossip.
5. Not to allow my pants to get tight around the waist.
6. Not to spoil more than one day a week worrying about taxes.

CURRENT COMMENT

By LEON GUINN. During 1935 the best paying legal branch of the federal government was the far famed, hard hitting Department of Justice, under the eagle eye direction of J. Edgar Hoover, who is considered the "brains" of all G-men operations. . . . At a time when the deficit was gaining altitude in the hundreds of millions, the Department of Justice took over the tough assignment of "erasing" the major king pins of the kidnap, or "snatch" racket, the alcohol and narcotic rings, and as a sideline the lesser spawn of gangdom. . . . Last year the Department of Justice saved the American public \$48,000,000, turned back to the Treasury Department \$6 for every dollar invested. . . . In crime bedeviled America, when the underworld frequently vomits up its human dregs on the city sidewalks in the form of dead men, it is very unique that the business of policing the U. S. can be a paying business. . . . Most youngsters nurture a yen to be regular G-men when they grow up, although the G-men are mortally feared by the underworld. . . . Mr. Hoover has a fine record behind him, an unmediated hero in a rather thankless job, and the childish yens of youngsters represent a high ideal, expressed in tomorrow's men.

In the announcement by Dr. Oscar Riddle of the Carnegie Institution (Washington) that a new clue to the beginning of life has been found, one finds the perfect doctrine of a neurotic, narrow channelled mind. . . . While Dr. Riddle's scientific thesis is sound, his statement that "religious influence is a drawback to research" is the very thing that is holding scientific research back today. . . . The new clue is a virus protein added to live tissue, expounded by Dr. W. M. Stanley (Rockefeller Institute), a crystallized mosaic virus (tobacco) with the potency of self propagation when placed on living tissue. . . . Both doctors have placed their institutes in a bad light, since neither authorized the announcement, and their theory only brings nearer a focus whether evolution shall be taught in the public schools. . . . It is recorded (under affidavit) the statement by Charles Darwin; "in his search of science he lost God."

Lions Club Says Good-bye to Jack Harris, Attorney

"I'm one of the poorest good-bye fellows that ever was," J. M. (Jack) Harris told members of the Snyder Lions Club in regular weekly session Tuesday at the Manhattan Hotel. The local attorney is moving with his family to Austin within a few days, where a second office of the Harris & Sentell law firm is being established. "I don't like to say good-bye to my family when I leave them, but I'm strong on saying hello," Jack explained that he didn't mean to say good-bye to his Snyder friends, but is merely leaving them for a while. He recalled some of his early-day experiences in Scurry County, explaining that he deserted a good fence-mining expedition for the law school, when Lee Stinson decided to become a veterinarian. H. J. Brice and Warren Dodson spoke concerning Harris' departure. An entertainment program was furnished by students from Snyder High School. Wylie Brice played a piano solo, and was accompanied for a solo by Virginia Robinson and trio numbers by Joyce Clarkson, Wanda Shepherd and Zeuteau Patrick. Ernestine Morton gave a reading. Programs for the remainder of January will be in charge of the membership committee, which is composed of Lions H. J. Brice, R. H. Odum and W. J. Ely, as announced by President J. E. Sentell. "Value of Membership in the Lions Club" will be the principal theme of the programs, the committee announces. J. I. Burroughs was a guest Sunday of his son, W. I. Burroughs, and wife of Plainview. Mmes. W. D. Beggs and Price Stell were in Temple Tuesday.

In making this announcement, Mr. Brock makes the following statement:

"My candidacy is based on the record I have made during the year I have been in office. I have done my best to serve the county and my precinct, and I invite investigation of every official act.

"If elected, I shall continue to follow a strict policy of 'special privileges to none, equal favors to all.' I have tried to conduct affairs of the office without prejudice or favoritism, and I shall continue to do so.

"I solicit the support and influence of the citizenship, and will make an earnest effort to see every voter before the July primary."

Jimmie Billingsley First to Announce For District Clerk

J. P. (Jimmie) Billingsley of Dunn is the first candidate to announce for the office of district clerk, subject to action of the Democratic primary July 25.

Jimmie is a native of Scurry County, and needs little introduction to people of this section. He has seen a number of years of service with clerical positions for railroad companies, and believe this experience will help him to fill the office he seeks with credit to the people and the office.

Mr. Billingsley states that he will do his best to see every voter before the election, and asks that folks give him their consideration in the coming campaign.

S. H. Newman Asks For Re-election as Sheriff of County

In making my announcement for sheriff of Scurry County in this issue of The Times, I feel that I need no lengthy introduction. I wish to thank my supporters in previous elections, and those who have stood by me during my term of office. To those who did not support me previously I bear no ill will, but earnestly ask that all of you support me in the coming primary election.

Peace officers are born, not made, but experience counts, and some of our state's best peace officers have been in office more than 20 years. I feel that I am entitled to another term. Vote for me, and thanks, S. H. NEWMAN.

Mahon in Capital To Attend Session Of 74th Congress

Congressman George Mahon arrived in Washington Friday morning for the beginning of the second session of the 47th Congress. He had returned to his home in Colorado City on December 20 from the Philippine Islands, where he had attended the celebration sponsored by their government to commemorate the opening of independence for the islands.

The trip was made at the request of the president and upon the invitation of the Philippine government because of his membership on the Insular affairs committee of the House.

Mr. Mahon expressed enthusiasm over the value of the trip, which had also taken him to both Japan and China. The trip had afforded an opportunity to study from first-hand sources economic conditions in the Far East, particularly regarding the textile industry and its relation to foreign markets for American cotton.

In discussing the present session, he said that he expected a very active but much shorter one than last year.

County Clerk Race Entered This Week By Ben F. Thorpe

To the voters of Scurry County: I take this means of letting my friends and the voters of Scurry County know that I am a candidate for the office of county clerk, subject to the action of the Democratic primary.

To the most of you I am no stranger, as this county has been my home for more than 15 years. Due to preparation and experience, I feel that I am fully qualified to serve you in the capacity of clerk and I assure you that, if elected, I shall do my dead level best to render prompt, courteous and efficient service to all.

I want to take the privilege here to thank you in advance for your very kind consideration of my candidacy for this office. I shall try to see each voter personally at some time during the campaign. In the meantime, I will appreciate very much your accepting this as my solicitation to you for your vote and influence. Sincerely, BEN F. THORPE.

J. E. Hairston Has Thrown His Hat in Commissioner Race

First to announce for commissioner in Precinct No. 4, which includes Dunn, Hernaligh, Inadale and Pyron, is J. E. Hairston.

The candidate, who has resided in Scurry County, China Grove community, for 30 years, says he has only one promise to make to the citizens of Precinct No. 4 and of the county. "I promise," he said, "to be fair and above-board with everyone. I would like for every citizen to investigate my record as a private citizen during the past 30 years."

Mr. Hairston has never before been a candidate for a political office.

He says he will make a thorough canvass of the precinct, and he invites the friendship and support of everyone.

Mrs. Williamson Runs.

"This \$25-a-month time payment plan enables you to buy a new Ford V-8 on new low monthly terms," Earl Louder pointed out yesterday. "After the usual low down payment is made, \$25 a month is all you have to pay for any type of new car, including insurance and financing." The plan applies to cars and commercial units but not to trucks.

Bro. Leslie of Hermleigh filled his regular appointment here Sunday.

Quite a few here are ill and out of school, most of them with flu and colds.

We regret very much to lose from our community Raymond Davis and family, who are moving near Woodard; O. C. Moses, who moved west of Snyder; Mr. Kennedy, who moved near Ira, and Mr. and Mrs. Nathan Wade, who moved to their place near Snyder.

We welcome into our community Mr. Caton and family from South Texas, Marvin and Slim West and families and Charlie Prather.

Guests in the T. A. Duke home Sunday were Mrs. W. C. Wright and daughter, Alice, Mrs. L. Y. Duke and daughter, Christine, of Amarillo, Mrs. G. L. Autry and Mrs. N. W. Autry and family of Snyder.

We want to congratulate Mr. and Mrs. O. C. Moses, who were married Saturday night. Mrs. Moses was formerly Miss Nellie Martin.

Tinsley and Hunley Rainwater and Allen Stone spent Saturday night and Sunday with Jim Bob Taylor of Canyon.

We want to extend our sympathy to Mrs. Henry Hart and Cornelius Davis of this community and other bereaved ones in the loss of their mother, Mrs. Davis of Snyder.

Mrs. Frank Prather returned to her home here last week from Hart, where she has been visiting her daughter, Mrs. Frank Floyd.

Most farmers are through with their cotton gathering and are now ready to finish the feed crops and prepare land for another year.

Jack Burney, who bought the Claude Hux place, has moved the house to a better location and has done quite a bit of improving. They have moved in and we welcome them to our community.

Mr. and Mrs. Tom Arnold have a new visitor in their home, a little boy who came Saturday for an extended stay.

Mrs. Tom Mitchell of Lamesa is visiting with her aunt, Mrs. Russell Thompson, and family.

Mrs. N. D. Scott of Washington, who has been visiting this writer since December 7, left Wednesday for Houston, where she will visit a brother, R. C. Dunlap. December 29 Mrs. Virgil Nail honored Mrs. Scott with a birthday dinner, with only the immediate families as guests. In the afternoon a picture of four generations was made. Another real estate deal in this community was the purchase of the Lee Grant place by Ray Crowder of County Line. We are glad to have Mr. and Mrs. Crowder in our midst, but regret to lose Mr. and Mrs. Garnet Kelly, who are living on the Grant place at present.

Magnetic Masseur

who has successfully treated all Chronic Diseases without the use of drugs or knife, is at the old Scarborough Apartments, 1812 27th Street.

This is a treatment of nature, given in a scientific manner by following the nerves and stimulating circulation by which the system is cleansed of all impurities. This is the same treatment given in Glen Rose, Cisco and Mineral Wells, Texas.

To Whom It May Concern:
Snyder, Texas, July 29, 1935.—
This is to certify that I was a sufferer of stomach, liver and heart troubles. I went to Dr. C. E. Helms, the Magnetic Masseur, for treatment. I am proud to say that I am feeling fine now. If you are sick, don't fail to call on Dr. Helms.—T. P. Pierce.

To the People of Snyder and Scurry County:
I have had what the physicians called heart trouble. I had my first attack the first of the year, 1930, that kept me in my room 17 days. From that time I have been in bad health. My friends said I would not live long. When Dr. C. E. Helms came to Snyder, I went to him. He has been treating me for three weeks, and I feel like a new man.—R. E. Dever, Snyder, Texas.

To the Public:
This is to certify that I was a sufferer of stomach, liver and kidney trouble. My stomach was in very bad condition. I was swollen, and was awfully sore, and could not keep anything on my stomach. I went to Dr. C. E. Helms for treatment, and after the first day I felt much better. At the end of three weeks' treatment I am proud to say I am feeling fine. If you are a sufferer, don't fail to come to Dr. C. E. Helms, for what he did for me he can do for others.—A friend, Mrs. George Bishop, Ira, Texas. adv.

Something you can tie to

about your winter gasoline

You will not hear your starter go slower, s-l-o-w-e-r, s-l-o-w-e-r before Winter Blend Conoco Bronze starts up in this weather. Hence your car will at last have some chance of doing the thing it was intended to do—keep the battery charged with no outside help.

And we promise that you will be able to un-learn your old habit of leaving the choke out for blocks and blocks, which is unnecessary with Conoco Bronze—meaning that you won't waste this gasoline, or get your oil so thin that it needs excessive changes this winter.

Those are the things that really count in choosing your winter gasoline—regardless of all the arguments. Please make a careful note of what this says about our Winter Blend Conoco Bronze, and see if you don't say exactly the same. Continental Oil Company, Established 1875

Chevrolet's One Millionth Car to Owner of Oldest

Chevrolet's one millionth car of 1935 production is to be presented to the owner of the oldest Chevrolet licensed and in regular use in the United States. D. P. Yoder, of Yoder Chevrolet Company, reports that he and other dealers in this locality have been asked to discover whether the oldest Chevrolet is in this territory.

The one millionth Chevrolet built within the past year came off the assembly line at Flint, Michigan, on December 12, just eight days after Chevrolet produced its eleven millionth car since the beginning of the company.

Presentation of the millionth car of the year—a 1936 standard coach—will be made to the owner whose Chevrolet is discovered between December 16, 1935, and midnight of January 15, 1936, to be the oldest model licensed and in regular service.

It is specified that, to win, the old-timer Chevrolet must have been regularly licensed for operation during the current year, possessing its own 1935 license tags issued before December 1. It must, also, have been licensed as a passenger car, and be equipped with a complete passenger car body. It must bear the original engine and chassis numbers, legible and unaltered.

To enter a Chevrolet for consideration, the owner need only drive it to any Chevrolet dealer's salesroom and submit it for examination, receiving a blank on which he will report the engine and chassis numbers of the car to the Chevrolet Motor Company at Detroit, where the company's records will determine which is the very oldest in service.

First Presbyterian Church

Although it is customary for the minister to be out of town each second Sunday, there has been a temporary change effected for this month and services will be held next Sunday. The morning worship hour will be a continuation of the series of sermons started last Sunday morning on the scripture passages which inspired the three stained glass windows in the front of the church.

There will be no evening service at the church, the evening worship service being given over to the baccalaureate sermon at the high school. This minister will have the privilege of bringing the message for the evening on the theme "The Scaffold or the Throne."

Sunday school will meet in all departments at 9:45 a. m. and the Christian Endeavors will meet at 6:00 p. m.—Alfred M. Dorsett.

ANNOUNCES \$25-A-MONTH TIME PAYMENTS AND A NEW UCC 6% FINANCE PLAN

Any New Ford V-8 Car Can Now Be Purchased for \$25 a Month with Usual Low Down Payment!

This \$25-a-month time payment plan enables you to buy a New Ford V-8 car through your Ford Dealer on new low monthly terms. After the usual low down payment is made, \$25 a month is all you have to pay for any type of new car, including insurance and financing.

Your cost for this extension of credit is only one-half of one per cent a month on your original unpaid balance and insurance. This plan reduces financing charges for twelve months to six per cent. For example, if you owe a balance of \$400 for your car and insurance, you pay \$24 for the year of credit; if the balance is \$200 you pay \$12. Your credit cost for one year is the original unpaid balance multiplied by six per cent.

UCC plans provide you with insurance protection at regular conference rates. You have not only fire and theft insurance, but \$50 deductible collision and protection against other accidental physical damage to your car.

GLASSES OF WATER!

Suppose someone threw a glass or two of water on your walls and furniture every hour. Literally, this happens in your home if you are troubled with "sweating" walls during the heating season.

All air contains some moisture and "sweating" walls are caused by too much moisture in the air of the room. Water vapor is exhaled by everyone at each breath and additional water vapor is given off by the fuel as it burns in your heating appliances. The water vapor from these sources combines with the moisture already present in the atmosphere and when the room air reaches a super-saturated condition the excess moisture or "sweat" collects on walls, doors, furniture and other cold surfaces.

"Sweating" walls are most commonly experienced in homes that use open flame types of individual room heaters exclusively but fail to provide adequate ventilation. This type of equipment is rarely vented to a flue and all the water vapor from the burning fuel is expelled into the room air. The unvented open flame heater is practical for quick heat in one room and can be used with great satisfaction if sufficient ventilation and circulation of air is provided to keep the room air from becoming over-loaded with moisture.

Moving air favors evaporation and helps prevent heat stagnation by keeping the temperature within normal limits. Therefore, open the window nearest the heater in each room slightly at the top and bottom. Keep connecting doors open so that a natural circulation of pure warmed air prevails throughout the house. With these simple and healthful methods of winter air-conditioning you will be able to reduce "wall sweating" to a minimum.

For your health's sake, and to obtain the greatest value from the fuel you are using, heat your entire house during the short winter season and provide adequate ventilation.
