FORTY-EIGHTH YEAR.

SNYDER, TEXAS, THURSDAY AFTERNOON, FEBRUARY 20, 1936

NUMBER 37

PASTOR FROM HIGGINS LEADS M. E. REVIVAL

Rev. A. W. Gordon to Have Charge Of 8-Day Series of Services, Opening Sunday.

The First Methodist Church congregation and pastor announce that Rev. A. W. Gordon, pastor of the First Methodist Church, Higgins, will have charge of an eight-day revival that opens Sunday morning.

Brother of the local pastor, Rev. H. C. Gordon, the Higgins preacher has one of northernmost charges of the Northwest Texas Conference. He is in the Amarillo district. Last year he pastored a church at Lubbock. He has been a frequent visitor here.

Song services will be in charge of local singers, according to the pastor.

Services will be held each week day at 10:00 a. m. and 7:30 p. m. The Sunday morning preaching hour is 11:00 o'clock.

"We invite our friends to enlist with us," says the local pastor. "No matter what church you belong to, we want you to be a worker in our eight-day meeting. If you have no church home, we urge you to attend every service."

NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

Austin.—With the announcement of A. A. (Pat) Bullock of Snyder as a candidate for superintendent of public instruction, now held by L. A. Woods, this race may develop into one of the most interesting and informative campaigns of the season. Bullock is strongly backed in the West Texas section from which he hails. He has served 20 years as a county superintendent, teacher, director of the rural aid division of the state department and until recently was federal director of adult education for Texas. There is a lamentable lack of knowledge about their state public school system by most Texas voters, and both candidates should know a good deal about it. The schools receive about one-third of the total income of the state of Texas, yet the state has never raised a cent more than 30¢ in educational ranking. A vigorous campaign that will bring out the facts will doubtless prove interesting to the taxpayers who foot the bills.

To State Auditor Orville S. Carpenter, who became director of the old age assistance commission on February 14, when the pension law became officially effective, and his group of about 25 office assistants, should go the thanks of the aged of Texas this week. Working for two months without pay, Carpenter and his staff organized their office, set up a statewide organization, drafted application blanks for pension seekers, carried out every preliminary detail necessary to begin taking applications for pensions on the first day the law became effective. On the last night, tired but gratified at a job well done, Carpenter, the board's attorney, stenographers and clerks shed their coats and packed shipments of application blanks to a few nearby county seats. As a result, blanks were available at every county seat and at convenient places in other towns from one end of Texas to the other on the first day. They could not receive a penny of pay until February 14, and their office didn't even have a stamp to answer correspondence. There was plenty of correspondence, from both pension seekers and job seekers.

The licensed sale of liquor in 40 all wet and 60-odd partly wet Texas counties, at the end of two months' operation of the new control law, had yielded the state \$1,206,709 in liquor taxes, and \$321,351 in license

Gregg was forced to stop work because of his health. He returned to Bryan, his home town. He had been associated with Towle's for two years.

Abilene was chosen as the next convention host. It was the first time in the meeting's history that the same presbytery won the convention site two years in succession.

Full Information About Old Age Pension

More than one-half of the 500 applicants blanks received Saturday by County Judge H. J. Brice have been distributed to prospective clients of the Texas Old Age Assistance Commission. Judge Brice said he expected the present supply to be exhausted within a few days.

"Applicants to be aged citizens as much as possible in filling out their blanks properly. The Times is submitting in detail information that was prepared by Orville S. Carpenter, executive director of the commission. Following is the needed information. Applicants are urged to read it and absorb it in order to avoid possible complications in getting their applications accepted and approved.

About Yearly Income. Applicants should be able to prove their yearly income, because the old-age assistance law proves that \$360 yearly for single persons and \$720 yearly for married couples must be the total of revenues received by applicants from all sources, including state aid.

"Applicants should be prepared to make a full and complete statement of all earnings for the two years immediately preceding application," Mr. Carpenter declared.

"The cash or security clause in the new law necessitates that applicants be able to tell the exact amount of money they have in the bank. They should be prepared to give a description of all securities owned, serial numbers, from whom purchased, etc.," he explained. "If securities were sold, the name of the purchaser must be known. Full details about all securities handled, bought or sold during the last two years must be provided.

All Income Required. "Not only does the requirement concern earned income, but aid re-

CENTENNIAL IN SPOTLIGHT AT LOCAL SCHOOL

Programs Throughout March Will Feature the Anniversary of Texas Independence.

The Texas Centennial will be featured in programs to be held throughout the month of March in the local school system. Superintendent C. Wedgeworth announced yesterday. Women's study clubs, the Lions Club and other organizations are also planning to present special Centennial programs during the month.

Texas Independence Day, March 2, will be the first red-letter day in the school observance. A full hour program will be presented in assembly, beginning at 10:00 a. m. At 11:00 o'clock, a pecan tree, budded from an old tree in the San Houston yard at Huntsville, will be planted on the school campus in a special ceremony. Many schools of the state are being given buildings from the historic trees.

Each Tuesday morning assembly program during March will feature the Centennial. The second major Centennial program will come on April 21, San Jacinto Day, when a two-hour program will be presented. An elaborate pageant will be included in this program.

All these programs will point to the special school day at the Centennial celebration in Dallas during June. All departments of the school will be presented there with exhibits.

The public is cordially invited to all these Centennial programs, said the superintendent.

Blanks for School Census Have Come

Blanks for the annual school census are now available at the office of Frank Farmer, county superintendent, who urges to call for the blanks at their convenience and to complete the census as early in March as possible.

Census of all scholastics must be completed during March.

These Brothers Are Re-elected

School boards of their respective communities recently re-elected C. Wedgeworth as superintendent.

dent of Snyder schools and E. O. Wedgeworth, his brother, as superintendent of Fluvanna schools.

Two Wedgeworth Brothers Chosen Again by County

Scurry County school boards recently re-elected two former East Texas brothers, C. Wedgeworth and E. O. Wedgeworth, as head of the Snyder and Fluvanna school systems, respectively.

The local superintendent, now serving his ninth year, was re-elected for a two-year period. His tenure of office has been featured by rapid growth of the local school system and by advancement of the high school to one of the highest points of affiliation of any small-city school in the state. Enrollment in the local system has reached a new all-time peak this school year.

King Sides, who is serving as high school principal for the first time, was also re-elected by the local board. He came here from the Presidio superintendency.

E. O. Wedgeworth taught in the local school system during his first year in Scurry County. He was elected to head Fluvanna schools beginning in 1928, and has held the position since that time. Under his leadership the Fluvanna schools have erected a modern building and gymnasium. Consolidation with several smaller districts has also featured his term of office.

Radio Electric Has Sears Branch Store

Fred Yoder announced yesterday that a branch store of Sears Roebuck & Company, Sweetwater, is being opened in connection with his Radio Electric Shop, a half block west of the square on 26th Street.

Yoder said a large stock of goods will be kept at the local store at all times, and that other items handled by the national concern will be available from Sweetwater on short notice.

A representative of the Sweetwater store is here this week to help arrange the local show rooms.

Variety Program By Dunn Visitors At Service Club

A group of eight Dunn visitors presented a variety program at the Lions Club Tuesday at noon under direction of Cleo Tarter, superintendent of schools.

The well-applauded program was rounded out with a talk by Rev. Grady Anderson, Methodist pastor, on "The Religion of George Washington." The preacher pointed out that after the famous leader's conversion of Christianity in early manhood, he was a devout man in his personal life and in his public service.

Washington's prayer at Valley Forge was given as an example of the spiritual insight of "The Father of Our Country."

Jesse Jones and Loran Maples, new members, were partially initiated. Their formal initiation will be completed next week, it was announced.

The club voted to offer a second prize of \$3 to the winner of the "Amateur Hour" to be sponsored here soon by the Musical Coterie.

Dorothea Merket and Flossie B. Seale rendered readings during the Dunn program. A "man and wife" dialogue was presented by Earline Bowers and Evelyn Hanson. Shirley Morgan, Dunn teacher, was honored after he sang "Bury Me Not on the Lone Prairie," with Mrs. W. C. Hooks as accompanist.

Guests of the day, in addition to the Dunn group, were K. N. Clapp of Lubbock and H. M. Crowder, a newcomer to Snyder.

District Meeting of Agents at S'water

County agents and home demonstration agents of several counties gathered in Sweetwater Monday to discuss a planned program for 1936 and the trend of agricultural development this year.

W. R. Lacey, Scurry agent, who attended, says county meetings will be held soon to follow up this district gathering. Cline E. Morris, agent, and E. B. McElroy, assistant, from Borden County, also attended, along with three Borden farmers.

S. A. McMillan, economist in farm management of the Extension Service, and Miss Bess Edwards, assistant state home demonstration agent, presided at the Sweetwater meeting.

POINTERS FOR AUTO DRIVERS

Two major duties face car owners and all drivers this month, points out Bernard Longboath, county tax assessor-collector.

In the first place, car licenses must be purchased this month. The official urges that owners remember that they are violating the law when they attach the plates before March 1. The metal plates continue to move slowly, he said yesterday.

Pointer No. 2 is this: Every driver of every car must have a driver's license on or before April 1. The county official is gratified over the number of licenses that have already been issued. He urges drivers to get their application blanks made out and their licenses issued as quickly as possible.

No charge is made for the licenses except to commercial drivers. No license can be issued to children between the ages of 14 and 18 years except with parents' consent, and no licenses may be issued under any condition to children under 14 years of age.

Mrs. Felix Parker and small daughter, Martha Lou, of Abilene are guests of Mrs. Robert H. Curlette Jr. and other friends here. The Parkers are former Snyder residents.

SALES SHEETS REQUIRED SAYS COUNTY AGENT

Local Office Wants to Be Ready To Make Subsidy Payments When Authorized.

Cotton producers of Scurry County are reminded that it will be necessary for them to get all their cotton sales sheets into the county agent's office as soon as conveniently possible for cotton sold since their last sales sheets were turned in.

It is understood that the money necessary to make this subsidy payment was appropriated by Congress in the deficiency bill that also appropriated the money necessary to complete the payment of all old AAA contracts.

While the county agent's office does not have definite information about the conditions and time of sign-up, every effort is being made to have all sales sheets filed and everything else in readiness, as far as possible, in order that producers may get their subsidy payments as quickly as possible after payment is begun.

It will be necessary, says the agent, W. R. Lacey, to have the fullest cooperation of all producers in getting their sales sheets turned in and correctly filled out. The county agent has been without office help, except on a voluntary basis, since January 6.

1936 Cotton Program

Nothing more definite on the 1936 cotton program is available to the county agent's office than what is carried regularly by daily newspapers and farm magazines.

The Senate has passed a farm aid bill based upon the general principles of soil conservation and a balanced farm program. This bill was passed Saturday. The House of Representatives is yet to act upon their bill, but is due to do so some time this week. The two legislative bodies will then have to get together on their bills, and the president sign the composite bill before it can become a law.

Thus it will be some time before it is definitely known what kind of a farm program we will have this year. It is believed, however, by those in close touch with national affairs, that Congress will work out a program that will be of benefit to the farmers of the nation.

Amateur Hour Has Been Delayed Here

Amateur Contest to be sponsored by the Musical Coterie has been postponed, because of illness of several entries, according to Mrs. A. C. Preuit, committee chairman. A definite date has not been set, but plans are rapidly taking shape.

A number of Scurry County people have already entered the contest. Others are asked to write to Mrs. Preuit or any member of the sponsoring club.

Civic clubs of the town and merchants are cooperating to the fullest. The Musical Coterie will give \$5 in cash as first prize, and the Lions Club will add \$3 cash for the second place winner. Pick & Pay store's donation will be \$2 in trade for first prize winner, and \$1 in trade to second place.

U. S. Office, Bank To Close Saturday

The second February bank holiday will be observed in Snyder Saturday, Washington's birthday.

Snyder State Bank will be closed all day, as it was Tuesday, February 12, in observance of Lincoln's birthday.

Postmaster Warren Dodson says the post office will be closed all day, with no rural delivery, but that a morning delivery in the business section will be made.

Weather Hits Low Figure Third Time Of Winter Season

Practically everyone believed Monday night was the coldest spell of winter, but the official thermometer, presided over by Mrs. Wesley Evans, revealed otherwise.

The low point of the night was eight degrees above zero, which was exactly the low point for the two previous "coldest" spells of the year—one in mid-January and once early this month.

Heavy sleet fell Sunday night, and Scurryites awoke Monday morning to face a stiff norther that did not subside until Tuesday morning. Light snow fell Monday morning. More flurries of sleet came late Tuesday and early Wednesday.

Farmers and ranchers are generally pleased over the cold weather, for it is holding back fruit and other crops that might otherwise mature rapidly enough to be nipped by late frost.

Mrs. W. J. Ely gave the welcome, and Mrs. H. H. Haynes of Fluvanna responded. The morning devotionals were by Rev. Ira T. Huckabee of Fluvanna, who spoke on "Value of W. M. S. to the Church." Mrs. W. Rev. Clarence Bounds of Post gave the afternoon's devotional following a covered dish luncheon served at the church. Mrs. Alta Bowden's soprano solo, "My Task," was delightful. She was accompanied by Mrs. Hamilton.

Lady's Painful Trouble Helped By Cardui

Why do so many women take Cardui for the relief of functional pains at monthly times? The answer is that they want results such as Mrs. Herbert W. Hunt, of Hallsville, Texas, describes. She writes: "My health wasn't good. I suffered from cramping. My pain would be so intense I would nauseate me. I would just drag around, so sluggish and do-less. My mother decided to give me Cardui. I began to mend. That tired, sluggish feeling was gone and the pains disappeared. I can't praise Cardui too highly because I know it helped me." . . . If Cardui does not help YOU, consult a physician.

Mrs. Ethel Eiland visited with her son, Royce C. at Hardin-Simmons University, Abilene, Sunday.

Mr. and Mrs. Joe Snyder and son of Rescoe were guests of Mr. and Mrs. Homer Snyder and sons here last week.

PARTY GIVEN TO ANNOUNCE WEDDING DAY

Announcement of the approaching marriage of Miss Maxine Shuler, daughter of Mr. and Mrs. Harvey Shuler, to Jack Wright of Wink was made Friday afternoon at an announcement and gift party given in Miss Shuler's honor by Mmes. Joe Graham and Willard Jones at the Graham home.

The marriage will be an event of late February. Mr. Wright was formerly a resident of Snyder.

A St. Valentine's Day idea was featured in decorations and repeated at the refreshment hour when heart-shaped openface sandwiches were served with macaroons and coffee.

An appropriate program was given to entertain the guests. Mrs. Fred Jones gave the toast to the bride, and Mrs. Jack Martin toasted the girls left behind. Mrs. R. D. English and Geraldine Shuler each gave a group of clever readings with a bridal note.

At the close of the program, newsboy announcements in red and white were presented to guests. The honoree was asked to make a tour of several hiding places in the house, finally finding a shower of lovely gifts in the bathtub.

JUNIOR STUDY CLUB HONORS MOTHER CLUB

Twentieth Century Daughters, junior study club, honored their mothers and their mother club, the local Twentieth Century Club, with a seated tea last Thursday in the home of Mrs. Joe Strayhorn.

Red and white were combined in a pretty color note for the tea, as Valentine decorations were attractively arranged. Junior club members were dressed in evening dresses. Mrs. Strayhorn greeted guests at the door, and presented Mrs. W. J. Ely, club sponsor, who in turn presented Ernestine Morton, club president. Others in the receiving line were the following, who are officers of the junior club: Louise LeMond, Irene Taylor, Wilma Terry, Erol Howell, Dorothy Pinkerton and Frances Sears.

Welcome was extended to the guests by Ernestine Morton as they were seated in the living room; Dorothy Pinkerton presented two piano solos—"Solfegetto" by Bach and "Consolation" by Mendelssohn; Wilma Terry and Erol Howell sang "Let Me Call You Sweetheart," accompanied at the piano by Louise LeMond; Irene Taylor read "First Love" by Welschmire and "Heartless Tales" by Cheryman; Frances Sears played "Cello" as a piano solo; and the entire group joined in singing "Put on Your Old Gray Bonnet."

At tea time Louise Bowers and Mary Curmiste presided over the silver tea services at each end of the lace-covered dining table. The table centerpiece was a miniature cupid holding his bow and arrows placed on a reflector and surrounded by pretty red hearts.

Other junior club girls in the house party were: Ruth Line, Mary Helen Bolin, Joanna Strayhorn, Melba Ann Odum and Johnnie Greene.

Tea plates contained heart-shaped cheese sandwiches, olives, hot biscuits with butter and jelly, heart-shaped cookies, and divinity candy. About 25 guests attended the delightful affair.

Mr. and Mrs. J. H. Doss of Weatherford were week-end guests of W. W. Smith and family.

LET'S TALK ABOUT CLOTHES BY A YOUNG MODERN

Sailor hats have taken the town! Gleaming black straws with narrow brims make roguish small sailors that perch rakishly over the right eye. Wider brims as rigidly straight as a ruler, have a banding of net veiling standing at attention all the way around the outside of the brim. These sailors are snappy, trim, and are the smartest hats to wear with tailored bow, and still others have the heavy mesh mandeau that is so new and startling this season.

Chenille dotted veils have staged a big comeback with these high fashion sailors... black with pale gray dots, navy with red, black with white, and so on. Bows of the veiling are tied coquettishly either in front or at the back of the crown, and the eye veil is then an added attraction.

Berets bloom perennially, according to girls at Texas State College for Women (CIA). No matter what the weather, new affairs arrive with almost predictable regularity. Just as soon as one millinery idea languishes, in comes some neat new beret and another rage starts. We find jaunty new felts, with quite a decided band effect and a coy little grosgrain ribbon bow anchored well toward the front. These berets have a salty, nautical dash; they can be pushed up at the side, right off the forehead in front, or worn straight and flat.

The colors are grand—scarlet, bright green, navy, beige, dusty pink and black. They have more shape than the usual soft fabric beret, and will go nicely with your in-between season suits and dresses.

TEXAS SPEAKER

Huntsville's Centennial observance on March 2 of Texas Independence Day and Sam Houston's birthday will bring to Texas the governor of Tennessee, pictured above, who, together with Governor Alford of Texas and Governor LaFollette of Wisconsin, will participate in patriotic ceremonies at the old home of the "Savior of Texas." The event is significant in that Sam Houston himself was governor of Tennessee more than 100 years ago before resigning to lead the struggle for Texas freedom. Governor McAllister returns a visit made to Tennessee last month by Governor Alford.

Jeane Relates How It Feels to Scrub While Mama's Gone

Jeane Suits, columnist for the Lockney Beacon, relates in last week's issue how it feels to keep house while Mama's gone. Her mother, Mrs. J. L. Suits, formerly Miss Ella Baze of Snyder, was recently operated in Snyder General Hospital.

"It's not so hot, washin' pots and pans, cooking and cleaning house while the mother is away. Girls, don't ever make the mistake again of saying that mother never does anything. Take it from me, she does it all. I've been attempting to take her place and I've got things in a helluvva shape."

"When she went away I set about unearthing all of the recipe books in the house by blowing off the dust of 10 years. I thought anybody could cook by following a formula and I was quite happy over the idea. I began knocking off the cobwebs and giving the books the works—and to my surprise I found that sometimes they worked and sometimes they didn't. It would please me very much if some of you experienced housewives would tell me how you cook four things at once, wash dishes, and look after Johnny and Mary simultaneously. I had never given the matter a serious thought until recently. "There is an art attached to the whole mess somewhere, but where?"

THE WEEKLY DOZEN

When Boy Scouting Enters. President Roosevelt: "The racketeer and the gangster go out the window when Boy Scouting comes into the door."

To Die or Not to Die. It costs the government \$10,000 outright every time a U. S. senator or representative dies—and that much more as other expenses of escort at burial and other incidentals—but that's OK.

Drivers Lose, Two Out of Three. Two out of every three automobile accidents last year involved mistakes by drivers.

Good Advertising. Albany newspaper, which assigned a girl reporter to test a food diet suggested by a New York City charity organization, reported that she'd lost four and a third pounds in four days.

Hoover's Only Chance. About the only chance of Hoover ever getting the nomination for the presidency again is for him to conceive a sure-fire scheme for raising the money to pay the bill of the present administration.

Romance Yesterday. Age's encroachments pour no more bitter dreg in my shallow cup than the realization of my increased possibilities during courtship had I been supplied with a radio-equipped automobile.

"I Inherited Forty Acres." "I inherited forty acres from my father and, by working my wife, two sons and two daughters

From dawn to dusk, I acquired A thousand acres. But not content, Wishing to own two thousand acres, I bustled through the years with axe and plow

"This Magnificent Folly." Hon. Clarence F. Lea of California: "The adoption of the Townsend Plan would make more people dependent upon other people than any other single act of mankind.

Opposing Excess Taxation. Texas Tax Journal: "This journal has always maintained that a campaign against excess taxation and useless expenditures by government was a campaign that the largest taxpayer as well as the smallest were interested in.

What Would Lincoln Do? Wednesday the nation and the world celebrated the birthday anniversary of Abraham Lincoln—and on that day many paused to ask "I wonder what Lincoln would do if he were in the president's chair today?"

Credit for Farmers. There are several sources of credit open to a farmer from government sources. He can borrow up to 75 per cent of the sale value of land from the Federal Land Bank commissioner at Houston.

Small Town Popularity Gains. Archbold (Ohio) Buckeye: "Real estate in small towns is rapidly advancing in selling and renting value. The cities have had their day.

"The Cropper Speaks"

E. E. Miller in "The Nation," February 22, 1922 This poem was submitted to The Times by Mrs. J. E. Sorrells of the Knapp community, who makes the following comment:

"This poem is only too true! But where does the 'cropper's' money go—who profits by his work? "If the landlord does, then why do more and more landlords lose their places and become tenants? The big business man gets it—but how are we to prevent it? War perhaps. No! That would only be throwing away our lives and the work we've done for them.

"How, then? Think, people!" "The Cropper Speaks." "Next year we'll buy a farm," we said, My wife and I when newly wed; But next year came, and next, and next, And always we were sore perplexed, To find enough to square the store And get a start for one year more.

I reckon somehow I'm to blame That we have gone on just the same For fifteen years; but looking back I can't see where my work's been slack, And we've not wasted what I made, I know I'm not much at a trade, And once or twice I've lost me in sin By letting someone take me in. And twice a farm I've tried to buy But couldn't gather, low nor high, The cash I had to have in hand To get possession of the land.

So still we tend another's fields And pay him from our scanty yields; From hut to hovel, move about Till all our plunder's plumb worn out.

At moving time in years gone by My wife would fret and fuss and cry And say, "It's just no use to try To keep things nice until we get A home to stay at." "Right, you bet," I'd say, "Next year we'll have it, too; I'm sick of this as well as you." But now we sit as usual up and go, She says no word, because, I know, She's too down-hearted, tired, sad, From giving up the hope she had.

It's hard for one to spend his life Tollin' and mollar' in endless strife With worms and weevils, grass and weeds, For scarce enough to meet his needs, It's hard to work for years and then Be just a slave to other men— No home your own, no place to stay If some man says to move away, It's hard to feel men think of you As one of a shiftless, thriftless crew— "He's just a cropper"—that means, "No good; He could do better if he would."

That's hard, but harder still is this: To think of what your children miss And what your women-folks must bear As you go drifting here and there, What neighborhood has in its life Place for a cropper's busy wife? Who cares to have his kids about? At school they're likely in and out; They leave their friends when they must go; They lose ambition as they grow, They never set an orchard tree, Or fix the yard up so 'twill be A nicer place another year.

Next year they'll likely not be here, So year by year they drift away From folks with better show than they; And year by year the wife grows old, And less and less life comes to hold For her of things that women crave, She, too, is nothing but a slave— A slave to crops and a busy man, Who must keep going when he can; A slave to toll that has no end And does not help her lot to mend.

I tell you it's no little thing To take a woman's heart and bring It dry of every hope she had In days when she was young and glad. It must be my fault that it's so! I've tried and failed, but still I know There's something wrong, I can't say what, But what I've earned another's got. A nigger cabin, a muddy yard— That's my wife's portion, God! It's hard To think of hopes that once she had And keep myself from going mad.

Did You Ever See—

A Pacific Coast newspaper recently carried a large advertisement as follows: Did you ever see a man carrying a billboard under his arm? No. Did you ever see a handbill on a reading table? No. Did you ever see a picture of the new hat you want come into the home via radio? No. Did you ever see a live newspaper thrown into the waste basket without being read? No.

Hubert Robison in Commissioner Race For Precinct No. 1

Hubert Robison became a candidate last week for commissioner of Precinct No. 1, which includes the quarter of Scurry County east to north, from Snyder.

Member of a pioneer family, the candidate has been a resident of the county for 28 years and of the precinct in which he makes his home for more than 20 years.

He submits his candidacy on a platform of service to his constituents, based on fairness to all. A business-like handling of county affairs, with emphasis on economy, is promised.

Mr. Robison says he will endeavor to see each citizen in his precinct, and that the vote and influence of everyone is solicited.

Income Collector in Snyder Next Month

Deputy Collector H. C. Broadus of the internal revenue service, treasury department, will be at the Manhattan Hotel, Snyder, on Wednesday, March 11, for the purpose of assisting income taxpayers in the preparation of their income tax returns.

This announcement is made by W. A. Thomas, Dallas, collector of the second district of Texas. "Your citizens have appreciated this courtesy greatly in past years, and this office feels that these visits have saved them much inconvenience," he said.

There are several changes in the law which are apt to prove confusing to the average taxpayer. Our visiting deputy will be glad to assist such persons.

To the voters of Scurry County: In making my announcement as a candidate for sheriff, I wish to state that I personally know all the candidates, and they are friends of mine. However, I realize that a man of my age, if he should ever ask for the office, must do it now. The majority of my home people and friends over the county have

"Eighteen—the yolks of nine and the whites of nine."

Decrepit Cars Are Junked Under Plan Begun by Chevrolet

Thousands of old automobiles so decrepit that they were potentially a danger to users of the highway have been smashed up since January 1 under the nation-wide "junking" plan instituted by Chevrolet Motor Company in January and continued in February, according to W. E. Holler, vice president and general sales manager. Full reports for the period to date have not been compiled.

"The operation of the junking plan is bound to reduce the hazards of the highways," Mr. Holler pointed out. "Literally thousands of cars whose further operation on the highways would be a menace to their owners and to others will be retired permanently, and the probabilities are that the number will run even higher."

"The removal of the cars already scrapped from the streets and highways will definitely reduce the traffic hazard, for next to the driver himself, the most important factor in highway safety is the condition of the vehicle."

Mr. Holler explained the plan under which Chevrolet and its dealers are carrying out the junking program. The Chevrolet Motor Company, he said, pays the dealer for each old car, taken in trade on a new Chevrolet, that is scrapped. The actual junking is supervised by the Chevrolet district manager, who certifies that the car was destroyed in accordance with the terms of the agreement.

Eiland and Lockhart Attend Dodge Meet

The Scurry County Motor Company was represented at a West Texas Dodge dealers' conference at Abilene last Thursday by H. H. Eiland, owner, and Tate Lockhart, salesman.

Sixty Dodge dealers from all of West Texas, except the upper Panhandle, heard regional executives give an up-to-the-minute review of the automobile business and discuss passenger and truck selling plans for 1936.

Robert S. Muir of Dallas, regional manager for the Dodge division of Chrysler Corporation, was principal speaker.

Webb Asks Re-election.

R. W. (Dick) Webb, county attorney, announces this week that he will be a candidate for re-election, subject to action of the July primary. He will make a formal statement of his candidacy at a later date.

FOR MARSHAL

Albert Smith, now local constable, is a candidate for city marshal and tax collector, subject to the city election to be held Tuesday, April 7. He promises enforcement of laws and ordinances if he is elected.

HEALTH NEWS

From Dr. John W. Brown, State Health Officer

During the past month the food and drug inspectors of the state department of health have collected a total of 133 samples of ground meat, and of this number 48 were found to contain illegal preservative. So far, 23 convictions have been secured—the fine and court cost averaged about \$40 per case. Other cases are yet to be filed.

The most common illegal preservative is sulphite of soda. This acts as a deodorant, preservative and color restorer. Meat treated with this sulphite may look invitingly fresh even though stale, and its effect as a deodorant is such that it masks the smell of decomposition.

The bureau of food and drugs has a field force of eight men whose entire time is spent in the inspection of food and drug establishments in order that articles not fit for human consumption are withdrawn from the channels of trade, and that products are properly labeled; also, that merchandise and places of business are kept clean and sanitary.

J. L. Martin Being Groomed for Office

"Reports have it that J. L. Martin, editor of the McCaney News, is grooming himself to make the race for representative from this district an opponent of Clyde Bradford, Grandfalls, incumbent, if Clyde chooses to run," said the Stanton Reporter last week.

Editor Kelly of the Reporter continues: "We know of no one better qualified to hold any sort of a position than a member of the newspaper fraternity, for generally speaking they are well qualified for 'spreading the bull,' and that seems to have been pretty much the business of the past legislative meetings."

J. L. Martin was formerly publisher of The Scurry County Times-Signal.

The federal government allocated \$300,000 of the federal Centennial fund for the museum building, and the Texas Centennial Commission allocated \$225,000 for equipping and furnishing the building. Tech Teacher to Gather Relics of Cattle Industry

Professor Gus L. Ford of Texas Tech at Lubbock has been appointed to the staff of the agriculture department of the Texas Centennial Exposition, which will open at Dallas on June 6.

The historical exhibit to be set up in the Livestock Building of the Exposition will include portraits of famous Texas cattle barons, a huge illuminated map showing the past and present boundaries of great Texas ranches and other notable moments of the old cattle days.

"Texas owes much to the cattle industry," said Professor Ford. "Certainly the dramatic story of this great enterprise should be told as graphically as possible at the Texas Centennial Exposition. We shall make every effort to include in this historical display that material

which is vital to the telling of the story. Although he will make his headquarters in Dallas, Professor Ford will spend much of his time visiting various portions of the state gathering material for this group of exhibits.
