NUMBER 38

EAST-WEST HIGHWAY RALLY PLANNED HERE WEDNESDAY

BAPTISTS WILL HOLD MEETING MARCH 1 TO 15

Rev. G. W. Parks of Roscoe and L. C. Gayle of Tyler to Lead 15-Day Revival.

Rev. G. W. Parks of Roscoe and L. C. Gayle of Tyler will be at the helm of a 15-day revival meeting that opens at the First Baptist Church Sunday morning.

The pastor, Rev. Lawrence Hays, and members of the church invite all citizens of the community to join them in a series of evangelistic, Bible-study services. Morning services will begin on week-days at 10:00 o'clock, on Sundays at 11:00 o'clock; evening services at 7:30 o'clock.

Rev. Parks, who has pastored at Hermleigh and several other West Texas towns and cities, is considered by many churches in this area as the leading Baptist Bible expositor in West Texas.

"He has long been looked to by his fellow pastors and by laymen who have heard him often as a Bible student and Christian gentleman of the highest order, and a preacher of the Word in its simplicity and power," Rev. Hays declares.

Music will be directed by Mr. Gayle, who comes from Tyler highly recommended for his ability to lead choir and congregational singing soulfully and capably. "It is hoped that a full choir and an orchestra will be present for every evening service," said the pastor.

J. I. Chorn, 72, Dies Saturday at Hermleigh Home

J. I. Chorn, 72, resident of Scurry County for 35 years, died late Saturday at his home in Hermleigh, after several months of ill health. He had lived in Hermleigh for a number of years. He was active in church and lodge affairs.

Hermleigh Methodist Church was the setting for final rites Sunday afternoon, 3:00 o'clock, with Rev. Frank Story, his pastor, officiating. Rev. W. M. Hudson and Rev. Walter Dever of Porsan assisted. Masses officiated and Odum Funeral Home was in charge of burial in Hermleigh cemetery.

Mr. Chorn was born in Alabama. He was married on September 4, 1891, to Gladie Stewart. The family moved to Scurry County from Tarrant County 10 years later.

He is survived by his wife; two daughters, Mrs. D. R. Layman and Mrs. J. B. Rea of Hermleigh; four sons, J. H. Chorn of Abilene, G. E. W. S. and S. B. Chorn of Hermleigh; one brother, S. B. Chorn of Fort Worth; 13 grandchildren and one great grandchild.

Clyde Rea, Elmer Louder, Arilo McMillan, Loran McMillan, W. L. Jones and R. E. Adams were pallbearers. Hattie Rea, Lois Vernon, Edith McMillan and Ben Stevenson were in charge of flowers.

Big Rainbow Truck Destroyed by Fire

Fire completely destroyed the big Diamond T truck of the Rainbow Market Place Sunday morning 15 miles east of Snyder on the Roby highway.

Jim Adams, owner of the local fruit and vegetable house, and his father, W. M. Adams, were in the truck, en route to Fort Worth. They stopped in time to escape injury, but the flames were too far gone to be put out.

Banana straw that was being hauled in the truck caught fire in an unknown manner, said Adams.

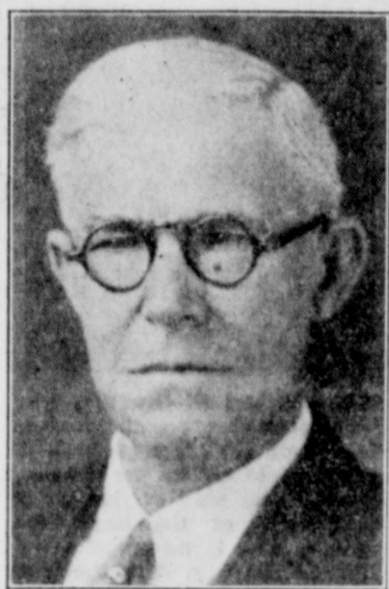

RURAL GAMES SET SATURDAY

Roy Irvin, county interscholastic league director for rural athletic events, announces that rural basketball teams, boys and girls, will meet in Snyder Saturday to determine the champion in their class.

Last year the Class B and rural games were played together, but a new plan is being followed this season.

Several schools have already entered teams, according to the Plainview principal. Games will begin on the school grounds at 10:00 a. m. "All rural schools are invited to participate," said Irvin. "It is hoped that every team will be present whether it feels that it has a chance to win or not. The chief concern is interest in this great sport."

Snyder Auto Supply Opens on Week-end

Snyder's newest business, Snyder Auto Supply, will be opened this week-end in the Rollins Building, east side of the square.

A full line of auto parts, tires, tubes and accessories will be handled, according to Raymond and Russell Darrow, brothers who come to Snyder from Mangum, Oklahoma. Rollins brothers have opened a cafe in the south side of the building, the new party house occupying the north portion.

Bank Has Plenty of Anniversary Halves

Snyder National Bank announces that it has plenty of Centennial half dollars, which are being sold to create a fund for erection of the Texas Memorial Museum on the campus at the University of Texas. Federal and state aid is also being given.

The coin was created in 1933 at the instance of the Texas Department, American Legion. It is said to typify the true spirit of Texas liberty and progress more than anything yet produced. The design carries the Texas Lone Star and the American Liberty eagle on one face.

On the other face are found Stephen F. Austin, Sam Houston, the Alamo, six flags which have flown over Texas soil, and the spirit of progress represented by a female figure.

Felix Jarratt Goes To State Ford Meet

Felix Jarratt of the Louder Motor Company was in Dallas last Thursday, where he attended a parts and service meeting for Ford Motor Company representatives from all parts of the state.

Plans are being made to continue Ford leadership in furnishing expert, courteous service and a full supply of parts in this Ford's biggest year, according to Earl Louder.

WANT BIDS ON FIRST DISTRICT FEEDER ROUTE

Four Miles of Clairmont Road to Be Reconstructed by WPA, Highway Department.

Bids for work on the first state-WPA financed feeder road in the Abilene district of the State Highway Department will be accepted at Austin until 9:00 a. m., March 10, according to an advertisement in this week's Times.

The proposal calls for constructing 4.185 miles of grading, drainage structures and "select material" from Snyder north on what is designated on the official contractors' notice as "Highway No. P," covered by U. S. Works Program Highway Project WPSO 884-4 in Scurry County.

County Labor Used.

The contractor will obtain employment labor from the local NRS office, as on regular highway projects of a similar nature. Minimum wages are as follows: Skilled labor, \$6 daily, 75 cents hourly; intermediate grade labor, \$3.60 daily, 45 cents hourly; unskilled labor, \$2.40 daily, 30 cents hourly.

The State Highway Department and the county Commissioners Court cooperated several weeks ago to make advance plans for the feeder road to Highway No. 7.

Actual work on the project will probably start in late March or early April.

Other Work Continues.

With fair weather prevailing, other road projects in the county have been moving rapidly this week.

Excavation work at the No. 7-Santa Fe underpass northwest of town has gone forward steadily. The Santa Fe crew has practically completed new supports for the tracks that will straddle the underpass.

Notice was published in Tuesday dailies that contract has been let for construction of a Highway No. 15-railway overpass just east of Roby. Contract was recently let for a similar job just southeast of Snyder.

Good Attendance Featuring M. E. Revival Meeting

Good attendance at morning and evening services is featuring the First Methodist Church revival that began Sunday morning, according to the pastor, Rev. H. C. Gordon. The meeting will continue through Sunday night.

In addition to regular preaching services at 10:00 a. m. and 7:45 p. m., young children's services are held each afternoon at 4:00 o'clock, and young people's services each evening at 6:45 o'clock. Good attendance is featuring these services, also, said the pastor.

A. W. Gordon of Higgins, brother of the local pastor, is preaching during the eight-day meeting. His messages are said to be plain, straight-forward and timely. Church leaders say the services are proving of much benefit to the church and to the community.

Local singers are in charge of inspiring song services. Everyone in this trade territory who is interested in good music, the straight-forward gospel and a spirit of worship are invited to attend the remaining services of the meetings.

Carroll Attends Funeral.

J. L. Carroll accompanied Clyde Daniel of Abilene to Lubbock Tuesday to attend the funeral of M. S. Payne, contact man for the West Texas Cotton Growers' Association. Mr. Payne died as a result of a heart attack.

First 1936 "Leap" Baby Will Receive Life Subscription

The first 1936 Leap Year baby born in Scurry County will be given a lifetime subscription to The Times.

Friends have warned the publishers that even a healthy youngster will not be able to live down such a handicap. But the Irish in us bids us go ahead with the offer.

All the publishers ask of any young man or young woman who is born Saturday, February 29, is that he or she arrange to notify The Times as to the exact hour of birth, parents' names, and his or her own exact given name and weight.

If you happen to be a 1936 Leap Year baby, this is your chance to get about 40,000 pages of free reading matter during your lifetime—provided you live to the Biblical age of three score years and ten.

STATE AID IS ALLOCATED TO TEN SCHOOLS

Apportionments for Others Held Up; Figures Practically the Same as Last Year.

Ten Scurry County schools have been given their state aid apportionments for the next school year, reports Frank Farmer, county superintendent. Grants are practically the same as they have been this school year.

Schools not given state aid at this time will be allocated later. Their apportionments have been held up because their average attendance has been less than 65 per cent of the net scholastics in their districts.

This first apportionment represents only one-half of the total that is due to be granted. Last year a cut from the original figures was made on a basis of 25 per cent. The amount of the grant, therefore, is not necessarily the amount the schools will receive.

Following are amounts of the half grant made to county schools:

- Bison—Salary, \$116.
- Independence—Salary, \$193.
- Plainview—Salary, \$296.
- Strayhorn—Salary, \$177.
- Turner—Salary, \$163; industrial aid, \$100.
- Byron—Salary, \$286; industrial aid, \$100.
- Ira—Salary, \$1,077; industrial aid, \$100.
- Ft. Vanina—Salary, \$1,129; industrial aid, \$50.
- Dunn—Salary, \$1,107.
- Hermleigh—Salary, \$1,433; industrial aid, \$50.

Double Header Fire Wrecks Dodson Car

Mr. and Mrs. Ivan Dodson's 1933 Chevrolet lost its body but kept its tires and motor intact as a result of a double header fire Saturday night and Sunday morning.

Returning Saturday night from Abilene, where he is working as an insurance appraiser, Dodson discovered that the rear seat of the car was afire, along with his overcoat, probably from a cigarette stub. He partially smothered the fire and later poured water on it at a local filling station for some time. Then he parked the car in front of his home.

The fire department doused flames that burst out again at 3:00 a. m. Sunday, then awoke the Dodson family to tell them the news. "Dod" says the car was insured.

COUNTY, CITY TO CONTRIBUTE RELIEF MONEY

Local Case Worker Employed to Distribute Commodities to Needy of This Area.

After hearing F. A. Wells, district relief administrator, outline a plan for handling commodities furnished by the Texas Relief Commission, the Commissioners Court and the City Council voted this week to provide \$25 each for employment of a case worker.

Mrs. Carrie Line, who has been associated with local relief work for some time, has been approved by the Texas Relief Commission for the place, and she is proceeding with organization and setting up of a local relief unit known as the Family Welfare Association.

Who Will Be Helped.

Distribution of food and clothing commodities to families who can not be assisted through direct relief or WPA will be the principal duty of Mrs. Line. Several hundred dollars worth of these commodities are now stored at the local relief office.

The district administrator, Mrs. Louis R. Bailey, county administrator, and Rev. Alfred M. Dorsett, First Presbyterian Church pastor, appeared before the Commissioners Court Monday to present the local relief plan. City officials were also contacted in regard to the plan.

Shifting of a portion of administrative duties to strictly county and city financing is a step of the Texas Relief Commission in withdrawing altogether from the relief picture.

Resolution Presented.

Following is a resolution presented by Rev. Dorsett: Whereas: Recognizing the obvious need among the less fortunate of our town and county, who are unable to provide even the physical necessities of life;

Whereas: The spirit of Christian brotherhood and Christ-like service is our sense of responsibility and need to see these needs provided for;

Whereas: Surplus commodities of food, clothing and other supplies are available if the proper organization for distribution be supplied;

Be it resolved: That we go on record as recognizing the community responsibility to take care of its poor;

Be it further resolved: That we go on record as favoring some immediate action whereby an organization be provided, meeting the standards of the State Relief Commission, to use the resources which we have at hand;

Be it further resolved: That we lend our approval, influence and active support to such an organization;

"Chicken" Green Raided by State Liquor Officers

About 20 gallons of whiskey and 15 cases of beer were taken from the C. W. (Chicken) Green place in Southeast Snyder Friday afternoon by two state liquor-control officials and two local officers.

J. A. Woodfin, city marshal, and J. S. Castevens, deputy, assisted the visitors. All the liquor was taxed, say the local officers. Most of the whiskey was in pint and half-pint bottles, and most of the beer was canned.

Green was not jailed. He was allowed to make \$250 bond on each of two liquor law violation counts, and his wife was allowed to make bond on one liquor count. The cases, which are misdemeanors under existing laws, are slated to be called in county court Monday, March 2, according to County Attorney Dick Webb.

"Chicken kidded us because he said we did not raid him when he had a full supply on hand," one of the officers told The Times.

Green has been indicted on several liquor counts in recent years, and his place on the outskirts of Snyder has been raided previously.

Mrs. Lyman Wade and son and Mrs. A. A. Bailey and sons were in Lubbock Tuesday and Wednesday visiting with Mrs. Wade's sister, Mrs. Cecil Worley, who was formerly Mrs. Dorothy Erwin of Snyder.

Farmers Due to Receive Delayed AAA Obligations

With the passing of a recent appropriation bill signed by the president of the United States, Texas farmers are due to receive approximately \$17,500,000 to fulfill all old government obligations, according to E. N. Holmgren, administrative assistant of the AAA at College Station.

County Agent W. R. Luce estimates that \$47,500 of this amount will be due Scurry County farmers. "Some payments should begin to arrive within the next 30 days," Holmgren announced.

"Obligations of the U. S. government to Texas farmers consist of second payments on the corn-hog contracts, the completion of rental and parity checks of cotton and the cotton adjustment payments," he said.

Holmgren went on to say that nearly all counties in the state have some second cotton rental and parity payments due and also that all counties have some cotton adjustment payments coming.

With the opening of action again and an appropriation of \$296,185,000, skeleton forces were put to work February 13 and 14 in College Station to push with all speed the paying up of government obligations to the farmers.

Information rushed to the field and county agents by E. N. Holmgren consisted of the statements: "All contracts and obligations made and complied with prior to January 6 will be paid.

"We are to proceed in liquidating all 1934 and 1935 cotton, corn-hog, and other contracts which were suspended or returned for correction."

Chester C. Davis, administrator of the Agricultural Adjustment Act in Washington, D. C., recently released this statement: "We will try to prevent delay in fulfilling obligations and in reimbursing those producers who carried out their agreements with the AAA in good faith."

John Brown Takes Local Managership

CHUCK WAGON FEED OFFERED ROAD VISITORS

Several Hundred Delegates From Dallas to Carlsbad Expected Here at 10:00 a. m.

An old-fashioned chuck wagon feed with all the trimmings will greet hundreds of East-West Highway Association delegates who are expected to gather here Wednesday, March 4. This entertainment feature, sponsored and financed through the Snyder Chamber of Commerce at noon, will be staged at the Snyder Country Club.

In addition to at least 500 delegates from all towns from Carlsbad, New Mexico, on the west to Dallas on the east, all members of the Texas and New Mexico Highway Commissions, members of the Texas Railroad Commission and other prominent Texans are planning to attend the gathering. Opening session will be at 10:00 a. m.

Importance of Route.

Importance of the East-West Highway, recently designated as No. 15, will be stressed from all angles, according to Sam Richardson of Lamesa, president of the East-West Highway Association. He points out that the air-line route, which shoots almost as the crow flies from Shreveport, Louisiana, by way of Fort Worth and Dallas, to the famous Carlsbad Caverns in New Mexico, will save many miles for tourists and commercial travelers.

"Texas Highway No. 15 is a part of one of the longest straight highways in the country," declares the president. "Starting at Savannah, Georgia, the road extends westward to Montgomery, Alabama, Vicksburg, Mississippi, and Shreveport, Louisiana, and thence in an air line through Texas to the New Mexico boundary, and by way of Carlsbad Caverns and El Paso to the west coast."

Relieve Congestion.

"Improvement of this highway will relieve other highways of existing congestion and afford trans-continental motorists opportunity to visit Carlsbad Caverns en route East to West."

Invitations are being mailed from Snyder and Scurry County officials, from the association president, and from Victor L. Minter of Carlsbad, secretary. Members of commissioners' courts, city councils, chambers of commerce, service clubs and other such organizations are being especially invited. Other citizens of all towns and cities along the route are also urgently requested to come. The attendance goal is at least 15 delegates from every smaller town or city and at least 50 from major towns.

This method of invitation-by-mail will be supplemented by personal contacts of association officials and local citizens with towns all along the air-line route.

Principal Cities on Route.

Principal towns and cities on the East-West Highway, in addition to those between Shreveport and Dallas, are as follows: Fort Worth, Weatherford, Mineral Wells, Millsap, Palo Pinto, Caddo, Brackenridge, Albany, Anson, Roby, Snyder, Gall, Lamesa and Seminole in Texas; Hobbs and Carlsbad in New Mexico. The world-famous Carlsbad Caverns are only a few minutes' drive from the city of Carlsbad.

Snyder business men, in a called session Tuesday night, named the following committee to superintend the chuck wagon feed and to finance the highway gathering: Pete Bridgeman, chairman; Ross Baze, Maurice Brownfield, H. W. Antty, Earl Leuder and Harold Brown. John E. Sentell was named as official welcomer. J. W. Scott, Chamber of Commerce secretary, is handling the invitation job at Snyder.

Mrs. W. P. Avriett, Seventh District president, requests that all club dues be paid before the district convention, so they may vote in election. She especially urges that clubs make their reports for Centennial Woman's Day, so that they may get credit on the score card.

Teas, luncheons and dinners will fill spaces between sessions of the conventions. Musical talent from all over the state will be heard during the three days.

Lubbock women have cancelled all other engagements during the convention, and will devote their time to entertaining visiting club women. All Lubbock is agog over arrangements for the Centennial convention, which promises to be one of the nicest ever held by Seventh District.

The hostess served a dainty salad plate with cookies and hot tea to the sponsor, Mrs. Max Brownfield, Miss Smith, and members present.

Lamb Shoulder—a Real Treat for Spring

Broiled oranges add a decorative touch to roast lamb, as this picture clearly shows. Sheep and goat raisers of West Texas mean the fact that more mutton is not eaten by West Texans.

They have come to realize that the food value and delicious ways of preparing this West Texas meat must be brought to the attention of housewives. Most local markets are helping in this educational process by keeping mutton on hand practically all the time. In the accompanying article you will find several delicious recipes for roast of lamb. Try them and see how delicious they are.

Crusaders Class in Meet at Strayhorn's.

Mmes. Neoma Strayhorn, Mozelle Roach and Leah Smith were hostesses to the Crusaders Class of the First Methodist Church at the home of Miss Strayhorn Friday evening.

A Washington's birthday motif was effectively carried out with hatchets and cherry trees and other symbols of the occasion as plate favors. Games of 84 were enjoyed during the social hour.

In the business meeting which preceded the social hour, the group voted to furnish clothing for another orphan child in the Waco Orphan's Home. The class has furnished clothing for one child for a number of years.

Party Is Enjoyed By Intermediates.

"Lively" was the word used by members of the Intermediate League of the First Methodist Church to describe their party at the home of Lyman Yoder, son of Mr. and Mrs. D. P. Yoder, Friday night.

A number of interesting games were played by the happy group of young people, and delicious refreshments were served to the following: Hadley Reeve, Mr. and Mrs. King Sides, Charles Harless, Melba Ann Odum, Billy King, Mary Helen Bolger, Irene Taylor, Marshall Erwin, Carlton Gordon, Carroll Taylor and Sims Taylor.

Savory Leg of Lamb.

Select a leg of lamb and have it prepared "French style"—that is, have the meat removed from the leg bone. This can be done in the market. Rub the entire surface with a crushed clove of garlic and with mixed salt and pepper. Dredge flour over the lean portion. Place on a rack with the skin side down and roast in a moderately slow oven (300-350 degrees F.). Add to pan an onion stuck with 3 cloves. Allow about 30 minutes to the pound to cook. Serve with beans a la Bretonne.

Beans a la Bretonne. Pick over one pound white beans. Wash and drain. Soak overnight. Drain the beans and put in a kettle with one quart of water. Add a kitchen bouquet, 2 cloves inserted in a small onion. Bring to a boil, then simmer until tender, adding one teaspoon salt, a ham bone, or a small piece of scalded salt pork. Drain well. Remove bone, onion

Laxative combination folks know is trustworthy

The confidence thousands of parents have in good, old reliable, powdered Theoford's Black-Draught has prompted them to get the new Syrup of Black-Draught for their children. The grown folks stick to the powdered Black-Draught; the youngsters probably will prefer it when they outgrow their childish love of sweets. Mrs. C. W. Adams, of Murray, Ky., writes: "I have used Theoford's Black-Draught (powder) about thirteen years, taking it for biliousness. Black-Draught acts well and I am always pleased with the results. I wanted a good, reliable laxative for my children. I have found Syrup of Black-Draught to be just that."

Mrs. Homer Spence, who was before her recent marriage Miss Quinta Mitchell, was honored at a gift party given Friday afternoon by Misses Mary Belle Carrell and Ethel Lynn Hays at the Carrell home in the Union community.

A Centennial theme was favored throughout the party. Various contests and games furnished diversion for guests during the afternoon. Lovely gifts from those present and other friends were presented to the honoree late in the afternoon.

Clever certificates of attendance at the party written on maps of Texas were party favors. Punch and cookies were served buffet style from the dining table. An attractive centerpiece carrying out the chosen colors of red, white and blue, and also featuring a bridal motif, decorated the table.

REAL INDIAN

The Comanche war bonnet and ceremonial shield, worn here by Essie Lee Haynes, are from the collection of Steve Krom of Dallas. Patriotic Program Had by Junior Club.

Frances Sears and Irene Taylor were hostesses to the Twentieth Century Daughters, junior study club, at the home of Miss Sears' grandparents, Mr. and Mrs. J. H. McClinton, last Wednesday afternoon. Miss May McClinton was a guest for the meeting.

On the patriotic program given during the afternoon were the following numbers: "A Tribute to Will Rogers" by Ruth Line; "Story of George Washington" by Louise LeMond; and "Something About Abraham Lincoln" by Joanna Strayhorn.

A dainty plate of pineapple salad, wafers, angel's food cake, punch and mints was passed to the following: May McClinton, guest; Mrs. W. J. LET'S TALK ABOUT CLOTHES BY A YOUNG MODERN

The new spring footwear is arousing all kinds of enthusiasm, and the patent leathers are getting the lion's share of praise. Every woman has slid her feet into shiny patent shoes on a rainy day, saying a word of thanks for the inventor of such easy-to-keep-clean, as well as neat footwear.

Pastel and bright colored patents are the latest gash in styles. Most of these colors appear in ankle strap sandals and are ideal for spring and summer wear. They are cleverly designed to keep the slenderizing lines of the feet—they feature high heels and criss-crossed straps that show just a bit of the toe section.

Two and three toned affairs and similar stunning creations that show plenty of imagination will give the exacting shoe collector the most versatile and complete collections from which to choose. The snappy new "flats" are proudly worn by girls at Texas State College for Women (CIA). They are indigo and white pique, and are made so that you can have them dyed . . . just what you want to team with your dark clothes that are trimmed with white pique.

Another big excitement is the gaberdine shoe. It's super-smart with shiny patent trim, and is seen along the boulevard with the fashionable mannish suits. All the smartest shoes are made with scuffless heels, the prize winning invention for women drivers and for active feet. Square toes and square cut heels have been smoothed down after the preview showings, and the lines are not so extreme and they do take inches off the length of the foot. Rusty suedes, combinations of three and sometimes four colored suedes, British calf brown sport oxfords trimmed with navy, come in the stubby toes and square cut heel effects.

Patriotic Note Used for Party.

Attractively combining a Washington's birthday theme with that of the coming Texas Centennial, Mavis Webb was hostess to the Duce Bridge Club at the home of Alice Curry last Thursday evening with a lovely party. Jan Thompson received the high score prize.

A red, white and blue color scheme was used throughout the party. Tallies were Centennial stars, and plate favors were tiny silk United States flags. Table covers carried out a patriotic theme, and centerpieces were larger United States flags in red flag stands.

The red, white and blue colors were repeated in the refreshment plate, which contained chicken salad sandwiches, beet pickles, individual cherry pies and coffee, served to the following: Mary Jane Beall, Rube Lee, Vesta Green, Bonnie Miller, Gwen Gray, Janice Erwin, Johnnie Mathison, Margaret Deakins, Frances Boren, Frances Chenault, Jan Thompson and Alene Curry. The hostess was assisted in serving by her mother, Mrs. John L. Webb.

Next meeting of the club will be with Gwen Gray Thursday evening, March 5, at 7:30 o'clock.

How Cardui Helps Women To Build Up

Cardui stimulates the appetite and improves digestion, helping women to get more strength from the food they eat. As nourishment is improved, strength is built up, certain functional pains go away and women praise Cardui for helping them back to good health. . . . Mrs. G. M. Hartzel, of Hinton, W. Va., writes: "After the birth of my last baby, I did not seem to get my strength back. I took Cardui and was soon sound and well. I have given it to my daughters and recommend it to other ladies." Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

Washington Party Is Given for Club.

Mr. and Mrs. W. W. Smith were host and hostess to members of the Friendly Fellows Forty-two Club and guests with a Washington's birthday party last Thursday evening. The patriotic theme was favored in table decorations and refreshments.

Those present were: Miss Irene Wolcott, Messrs. and Meses. W. E. Doak, W. G. Williams and H. J. Price, guests; and Messrs. and Meses. W. B. Bell, R. D. English, C. E. Fish, R. H. Odom, W. A. Morton and Wade Winston, club members.

Matrix Circle Has Study of Literature.

Members of the Matrix Circle of the National Child Conservation League, met in the home of Mrs. A. A. Bailey Friday afternoon. Mrs. J. D. Scott directed an interesting program on "Literature and Language."

Mmes. I. A. Spikes Jr., A. A. Bailey, Lyman Wade and Ed Wade had parts in the program, after which the hostess served individual cherry pies topped with whipped cream.

Those present were: Meses. Lyman Wade, Spikes, J. D. Scott, Jesse Jones, Ed Wade, Herman Doak and the hostess, members; and Meses. Billy Lee Jr. and Fred Yoder, guests.

When gallant Sam Houston retired to private life he selected a beautiful site within the present city limits of Huntsville for his home, spending the rest of his life there. Thousands of persons will visit his old home during Texas Centennial year.

BOB GRAY IS BACK . . .

Says he: "Fellers (and gals, too) this marriage of mine—my first, and my last I hope—is revealing a few things to me. Two can live as cheap as one."

"Ruth—that's the sweet woman's moniker—says to me: 'Now, look here, old boy—you've got to sell more coney an' chill an' drinks so's we can dress an' eat an' go.'"

"I want to start off mind—in' her anyway (to let her think she's boss), so it's up to you folks to come around for those eats and drinks right often."

Talkative Tillie says if she were a Leap Year baby, she would gladly marry at the age of six and die at the age of 25.

Livestock in Texas. Texas leads all states in the production of cattle, sheep, goats, horses and mules, statistics reveal.

Mr. Clayton Had a Reason. Pessimism Pete says it's easy to understand the attitude of Mr. Clayton of the Anderson-Clayton cotton concern, who has been criticizing the government for cotton tinkering.

Godspeed to the Courageous. Again the Times arises to bid godspeed to the young men and women of our county high schools who go strong on debate and other literary endeavors.

Congratulations to Schools. Scurry County schools are due the congratulations of their patrons for the enterprise that has prompted publication of papers this year.

Snyder Must Beautify! Snyder must beautify if she is to take her place in the parade of attractive Texas towns during our centennial year.

The Star-Telegram Liqueurizes. Several local leaders who have read the Fort Worth Star-Telegram for years, and who have recognized it as consistently an anti-prohibition organ.

Death Beats the Centennial. It is a tragic coincidence that many of our Scurry county pioneers are being taken to their final reward this blustery winter that is preceding Texas' Centennial celebration.

Dr. Townsend and Morals. Dr. Townsend, originator of the Townsend Plan, has asked concerning his opinion as to the necessity of prudently spending the money.

Why Population Slows Down. United States census figures reveal that the country's increase of population since 1930 has been only a little more than one-half of the 1920-1930 average.

The Times Creed: For the cause that needs assistance; For the wrongs that need resistance; For the future in the distance; And the good that we can do.

Sam Houston Memorial Service.

A call is being made by the interdenominational committee of Centennial Revival Rallies for all churches in Texas to observe Sam Houston's birthday on Sunday, March 1. The actual birth date is March 2, the date of Texas' independence.

Because The Times realizes that the Centennial celebration will be little less than a mockery if spiritual values are forgotten, it joins local pastors in hoping for a Snyder-wide observance of Sam Houston's birthday on March 1.

In the romance of the life of Gen. Sam Houston there is a revelation of the spiritual triumph over drink, profanity and self-sufficiency, observes the interdenominational committee.

"Let Texas write a new Declaration of Independence—Independence from the lawlessness and vice which are striking at the heart of civilization. Let us rally to the cause of righteousness, law observance and worthy citizenship in this Centennial, 1936!"

CURRENT COMMENT

BY LEON GUINN

The recent bonus stampede is gaining more support day by day. Into the drab treasury building 3,000 of Washington's jobless have found a haven of rest, since the government needs them to make 7,000,000 calculations in order that the muchly over-talked bonus of \$2,237,000 may be paid by mid-July.

At length Mr. Roosevelt has explained that payment would throw the treasury out of gear temporarily, yet since the people demand cash instead of promises Roosevelt is showing quite a bit of courage in stating very frankly a good chunk of the needed money will be obtained through taxation; the rest by borrowing.

EDITORIAL OF THE WEEK

UNSAFE, UNSOUND.

Far more dangerous to the life and liberty of individuals than the threat of a world war is the highway butchery of automobile speed manias. The possibilities of widespread battlefield bloodshed are only potential; the grisly horrors of mangled humanity in automobile wreckage are real.

You may dismiss the subject with a shrug of your shoulders and say, "I'm a careful driver." If you have never gone more than 45 miles an hour, then you are probably a careful driver most of the time. But do you never step on it? Most everyone does at least now and then—and when he does, he's inviting trouble.

You can control the death and accident rates by driving carefully. Let up on that accelerator. The few minutes you're trying to save aren't worth the price, if paid for on a hospital cot or a marble slab.

"Yes," the teacher explained, "quite a number of plants and flowers have the prefix 'dog.' For instance, the dog rose and the dog violet are well known. Can you name another?"

There was silence, then a happy look illuminated the face of a boy at the end of the class. "Please, miss," he called out, proud of his knowledge, "collie-flowers."

Continental Oil Again Proves Its Newspaper Faith

During 1936 the Continental Oil Company will spend nearly 75 per cent of its total consumer advertising appropriation for newspaper space. It was announced at Ponca City, Oklahoma, today by Wesley I. Nunn, advertising manager.

Nunn also stated that The Times has been selected to carry Conoco advertising this year, and that his company has again approved one of the largest sales promotion budgets in its history.

"Continental's faith in the dividend earning power of newspaper advertising is founded upon sales increases directly traceable to this medium," said Nunn. "Last year, for example, there was a marked improvement in company earnings, despite excessive gasoline taxes and other adverse factors.

Business is definitely on the upgrade. And we are confident that aggressive newspaper advertising, quality products and a high standard of service will make this the most outstanding year in our history."

HEALTH NEWS

From Dr. John W. Brown, State Health Officer

Babies and young children need as careful protection at this time of the year against "winter complaint" as they do during the warm weather against "summer complaint," recently stated Dr. John W. Brown, state health officer.

By "winter complaint" is meant tonsillitis, pneumonia, bronchitis, influenza and other diseases of the respiratory or "breathing" system as distinguished from "summer complaint," which attacks the digestive system. Diseases like pneumonia may develop from a neglected cold; they may follow as an after effect of measles or whooping cough or one of the other so-called children's diseases; or they may occur suddenly and with very little warning.

These respiratory diseases are particularly dangerous to babies and young children. Those not in vigorous health are more susceptible to these infections. The first line of defense is to strengthen their powers of resistance against ill health; the second is to keep them under medical supervision; the third is to keep them away from others—young or old—who have coughs, colds or fevers.

The importance of keeping young children away from others who have colds, or any other infectious disease cannot be emphasized too strongly. The utmost care should be exercised by those who have colds, and who are unavoidably brought into contact with young children, not to cough or sneeze so that the spray of saliva reaches the children.

New Dodge Truck in Action

This unusual action picture shows a 1936 Dodge one and one-half ton truck undergoing a severe test of its safety and control features, as well as to prove the ruggedness of its construction. This scene was staged by factory officials who looked on while the truck was driven up a steep bank with such power and speed that it leaped high into the air, but immediately was brought under control as it alighted on the ground and continued on its way.

Annual Convention Of Legion in April

Annual convention of the Nineteenth District of the American Legion will be held in Colorado April 4 and 5, according to District Commander C. B. Quante of Brownfield.

The gathering is expected to bring 400 to 500 delegate. There are 31 organized posts in the district, including the Will Layne Post of Scurry County.

Mitchell West Side Convention March 1

The Mitchell County West Side Singing Convention will meet at County Line Sunday, March 1, according to Mrs. Guy Floyd, reporter. The place of meeting is seven miles south of Ira.

There will be an old-fashioned basket lunch at noon. A cordial invitation is extended to all, say County Line folks, who especially invite all singers.

Ira and Dunn Baptist Churches

In the absence of the pastor, Rev. Buster Edwards will preach Saturday night, Sunday morning and evening, and we hope the church will turn out in a great way and that he shall have a good hearing.

We did not get the associational banner, but good work was done by the Sunday school workers, and we feel that the church and school will do better work by reason of the efforts put forth during last week. Bro. Robert Pugh was our worker at Ira and Bro. Williams at Dunn. Let's work harder and be more faithful than ever. Regardless of

the fact that we did not get the banner, the Ira Sunday school is reaching the standard of excellence and will soon be recognized by the Sunday school board as a standard Sunday school, and this is seldom found in a country church. We started this work one year ago and we are now ready to complete the requirements and be recognized by the Sunday school board.—R. R. Cumble, pastor.

LIVING COSTS ARE CLIMBING

ELECTRICITY IS MORE THAN EVER THE BIGGEST BARGAIN IN THE HOME

Living expenses go up and down . . . mostly up for the last few years . . . all except your electric service. It has gone steadily downward, even when other prices reached the highest peaks. Today electricity is cheaper than ever and has decreased in price more than any other living cost.

You can make full use of electricity in your home at a very small cost, save time . . . energy . . . health, and add to the comfort and convenience of your family. For example, good light for an evening of reading costs only two or three cents.

PENNY WISE SAYS:

"Your eyesight is precious. Don't strain your eyes by reading or studying under a poor light, when cheap electricity allows you to have all the light you need at a cost of only two or three cents an evening."

SAFEGUARD EYESIGHT with GOOD LIGHT

Good light is one of the most important needs of the home . . . and one of the cheapest. Protect your eyes and the eyes of members of your family from strain with a new Better Sight Lamp, scientifically designed to give proper light without glare.

Dickens Man Says He Is in Race for Representative Job

G. L. Harris, 28-year-old citizen of Dickens County, writes The Times that he is a candidate for state representative of the 118th District, a place now held by Leonard Westfall of Storeville County.

He said he announced in his home county four weeks ago "I was born and reared near McAdoo, Dickens County," says the candidate. "I attended Dickens County schools until my graduation from high school in 1926. The following September I enrolled in Texas Technological College, where I completed four years of work, and later I spent one year at the University of Texas studying law. "I do not have any formal statements to make in regard to my campaign policies just now, other than I am sponsoring a strong farm program that will share its benefits with the tenant farmer and sharecropper as well as the independent farmer."

Commissioner Race In Precinct No. 2 Is Joined by Sanders

J. E. (Jean) Sanders is throwing his hat into the political ring this week as a candidate for commissioner from Precinct No. 2.

Since 1921 the new candidate has been in the garage business at Dermott. He has resided in Scurry County since 1902. He believes this long period of residence, in recent years as a Democratic business man, has fully acquainted him with the needs of the people, and that he is qualified for the commissioner's job.

His qualifications as superintendent of road work in his precinct include two years as an employe on county and state highways.

"I will make an effort to see every citizen in my precinct, voters and non-voters," he said Monday. "I invite a careful consideration of my candidacy, based solely on my ability to make a good commissioner."

Twenty Thousand Derricks. More than 20,000 derricks surmount that many wells in the great East Texas oil field, which is eight miles wide and 60 miles long. The field, one of the most interesting industrial sights in North America, will attract thousands of Centennial year visitors in Texas.

To the People of Snyder

The writer feels that he has contributed somewhat liberally in free service to the community in which he lives. I cannot recall any time within the past 15 years that I have not had some responsibility, the carrying of which was the patriotic duty of some one to perform. I have given of time and what little talent I had to the church, the schools, the city, the Red Cross and other organizations throughout the years. I do not mention these things boastfully or complainingly, but in view of them, I have not considered that it would be necessary to conduct an intensive campaign for re-election to the office of city secretary-treasurer, the only salaried office to which I have ever been elected or ever aspired.

Two years ago I entered upon the duties of city secretary with a confidence born of 25 years experience in work of that nature. As to how well these duties have been performed, I refer you to the records themselves, and to the mayor and members of the city council. I do not know that any of these gentlemen are supporting me, but I do know that they are aware of the responsibilities of the office and the work which has been done.

The duties of city secretary are many and varied. Aside from the recording and indexing of minutes of proceedings in a systematic manner, there is the keeping of all records and disbursements, paying bonds and interest as they become due, the constant stream of statements of various kinds for the benefit of security holders, financial statements for the guidance of the council, periodical statements to the state comptroller at Austin, and last and perhaps greatest of all, the compilation of city budgets in a way to conserve the limited revenues of the city and place them where they are most needed and rightfully belong.

These things, and many others not mentioned, while not necessarily difficult for those with experience in matters of this kind, they are of a nature that they should not be entrusted to the uninitiated and untrained. My personal needs are great, as those who care to can find out, but I am not making the race on that point. If we will choose our public officials as we choose those who represent us in private business, if we will consider the needs of the office rather than the needs of the fellow who runs for the office, we will have a better system of public records and better government as a whole.

I want the people of Snyder to know that I am earnestly in the race, and although I am unable to contact all of you personally, I hope you will consider this as a personal solicitation for a vote of appreciation and confidence.—J. S. BRADBURY.

Superintendent Out For Position Again

State Superintendent L. A. Woods announced from his office Saturday that he will ask the people of Texas to return him to the office, because of the fulfillment of his original platform promises.

The Woods announcement says he kept the following promises: Not to reduce per capita apportionment; to equalize educational opportunities in Texas; to close chasm between urban and rural schools; to emphasize vocational training; to provide more supervision and less inspection; to provide more school for the money; to administer school affairs with economy and efficiency.

So far, A. A. (Pat) Bullock, former Scurry County superintendent, is the only opponent of the present state superintendent.

Chickens Thrive in Small-Necked Bottle

A pair of full-feathered Rhode Island Red chickens, almost five weeks old, present a problem in "howling" to folks who have been having a look at the Hande-Dande north wind.

The chickens are inside a small-necked five-gallon water bottle whose only other opening is just above the base for removal of trash. They have been fed since they were hatched on Purina Startena, for sale here by Winston & Clements. They were placed in the bottle when they were just under two weeks old.

Resolutions of Respect

In memory of Brother Jim I. Chorn, who died February 22, 1936. Once again a Brother Mason, having completed the designs written for him on life's trestle board, has passed through the portals of eternity and entered the Grand Lodge of the New Jerusalem and hath received as his reward the white stone with the new name written thereon.

And, whereas the all-wise and merciful Master of the universe has called from labor to refreshment our beloved brother, and he having been a true and faithful member of our beloved Order, therefore be it Resolved, That Hermligh Lodge No. 987, A. F. & A. M., of Hermligh, Texas, in testimony of our loss, be draped in mourning for 30 days, and that we tender to the family of our deceased brother our sincere condolence in their deep affliction and that a copy of these resolutions be sent to the family.

Bride, Bridegroom Heartily Received

The town donkey and Bob Gray's other local friends welcomed the business man heartily Sunday afternoon, not many hours after the Tavern owner returned (with his bride) from a honeymoon trip to Monterrey, Old Mexico.

The bride, formerly Miss Ruth Iby of Dallas, teacher in the local school system, joined in the festivities by riding in the buckboard that Bob pulled. The donkey gave his stubborn assistance at the rear of the wagon.

Loyal friends suggested that the parade, which included 15 or 20 cars, circle the square, then go to the Santa Fe passenger station, where the newlyweds were tied to a freight locomotive. All suggestions were followed by Bob, with trousers legs rolled to the knees, by Ruth, the unblinking bride, and by the four-legged critter.

ON TEXAS FARMS

By Minnie Fisher Cunningham, Extension Service Editor

Searching questions are being asked of would-be gardeners by J. F. Rosborough, Extension horticulturist, as the gardening season opens.

No cross-examining lawyer can beat Rosborough when it comes to this questioning business—"Were five loads of manure applied to each half acre of your garden?" he asked (if not, rotted manure, leaf mold or rotted gin burs can still be applied, he says).

"Has the garden soil been plowed six inches deep?"

"In areas subject to wind damage, has a windbreak been provided?"

As a reminder Rosborough never forgets to say that for each person in the family there should be 175 feet of potatoes; 150 feet of tomatoes; 150 feet of mustard, cabbage, green beans, carrots, or other leafy green and yellow vegetables; and then there should be 125 feet of such vegetables as onions, beets and radishes.

Texan Portrayed In Poem Written By Local Visitor

Miss Beria Hart Nance, well-known Texas poet, author of "Flute in the Distance," a collection of verse, has just won a prize of \$30 in the Texas Centennial poem contest of Kaledigraph Magazine, Dallas, for poems on Texas themes, with a poem entitled "Texan."

Miss Nance is the aunt of the J. J. Reynolds children here, and is known to many Snyder people, who met her when she visited the children several years ago.

The poem, which appeared in the January number of Kaledigraph, follows:

TEXAN.
To be a Texan is to ride
With past and future at your side;
To race the norther sweeping south,
And toss the dice with floods and drought.

To be a Texan is to know
You must keep faith with friend and foe;

That men are brave and women true
Though some may fall among the crew;

That love is not a petty game,
And God is more than just a name;

To be a Texan is to feel
The Alamo against your heel.

Traffic Hazards Set to Rhyme by Dallas Resident

The hazards of modern traffic have seldom been more graphically presented than in this poem clipped from The Dallas News by Fred Grayum. These poetic warnings are particularly timely in view of the new law making it necessary for every driver to carry a license.

"O, Why Should the Spirit of Mortal Be Cowed?"

Marvin Morton in The Dallas News (Please excuse it, Mr. Knox.) O, why should the spirit of mortal be cowed?

By a swift-fleeting roadster, with siren so loud;
A flash as of lightning, the brakes wouldn't hold—
Man passes from life to his ultimate goal.

The fenders and tires and the bumpers and wheels
Are scattered about o'er the gardens and fields;
And the rich and the poor, and the high and the low,
Shall moulder to dust as in order they go.

The infant some mother watched over with care
Grew up over night and gave her the air;
But he soon joined the others, for how could he know
There was truth in the warning that cautioned: "Go slow!"

The peasant whose lot was to sow and to glean
Took his savings and purchased a motor-machine;
Then faded away like the grass that he trod
And went to rest 'neath the damp, clammy sod.

The man who was good till he stepped on the gas;
The sinner who dared any other to pass;
The foolish and wise and the gully and just
Have transferred their bones to the care of the dust.

So the multitude goes, like the flowers or the grass
As they put on more speed so the others can't pass;
And they die as they lived with a smile on their face
And with joy in their hearts from the thrill of the race.

They died—sure! they died; for they wouldn't go slow,
They lived in an age of the battle-cry: "Go!"
They made in their dwellings a transient abode—
They wouldn't stay on their own side of the road.

In the wink of an eye; in the draw of a breath,
They passed out of life to an untimely death;
With their foot on the gas and no fear of a shroud—
Oh, why should the spirit of mortal be cowed?

Some people find nothing unanimous until they are alone.
He is a coward who imposes only on those who do not resist.

Honor and prestige are illusory words as used between nations.
In character, in manners, in style, in all things, the supreme excellence is simplicity.—Longfellow.

Collector Is Glad Of Times Mistake

The Times made a mistake last week (haven't help us!), and County Tax Collector-Assessor Bernard Longbotham confessed yesterday that he was downright glad of it.

"After you told folks they must buy their car licenses in February, they gave us a grand rush," said Longbotham. "We made it plain to them that the plates can be purchased until April 1, but most of them already had their minds made up, and went ahead with their buying."

With a full office force in his west office to handle all applicants, the county official is issuing hundreds of drivers' licenses. A new Texas law requires that every driver must have a license. No charge is made for non-commercial drivers.

Roses and Oil

Tyler, planning a great Centennial year celebration for this coming October, is the center of one of the world's largest rosebud producing sections. It also is in the same section with the world's greatest oil field. Smith County, of which Tyler is the county seat, produces one-third of the world's commercial supply of roses.

About the lowest thing in this country during the boom seems to have been high finance.

You Can't Advertise Today and Quit Tomorrow

You're Not Talking To a Mass Meeting . . .
You're Talking To a Parade . . . !

BRUCE BARTON

—Ceaseless hammering on the same spot helps win prize fights. It is the essence of advertising success. Not until enough individuals in the same neighborhood have been sufficiently saturated with a certain slogan, say, to cause them to react on one another does advertising become a social phenomenon.

—The Modern Business Man realizes that his best customers wear out at a rate of nearly three per cent a year. Advertising-made prospects disappear far faster. Casual impressions, however favorable, dry like dew in the heat of competition.

—"Cumulative" effects of advertising come not from one advertisement paving the way for another. This is negligible, to say the least. Cumulative effect, on the contrary, comes from salvaging as customers half-finished prospects.

—Each advertiser is in much the same plight. If he quits successful, he loses money. If he quits unsuccessful, he tosses away an equity in public recognition far more valuable than the money: So many thousand partly manufactured customers. The second group are spending as little money as they can and still keep their names before the public. They believe themselves wise spenders because they spend so very cautiously—or perhaps reluctantly is a better word—the bald truth is that these reluctant spenders are, as a class, the real over-spenders in advertising.

BAND SELLING SHOW TICKETS

Tiger Band, 44 strong, wants to go to the West Texas band contest at Big Spring in April. It takes money to make such a trip, and the musicians are raising as much as possible this week and early next week by selling tickets to a special Palace Theatre program Thursday and Friday, March 5-6.

And what a program! There's "The Bohemian Girl," one of those laugh-or-die comedies featuring Laurel and Hardy. Then there will be the Tiger Band's first Centennial numbers, especially prepared for the occasion. "The Southland," a medley, and "Pop Goes the Weasel," with snappy variations, are features.

Manager P. W. Cloud of the Palace also promises some extra good shorts on the program.

If you want to help the band, buy your tickets in advance. The musicians get 50 per cent of the proceeds from advance sales.

Black Rushes Back To Jail When News Of Cellmate Heard

When C. H. Crawford, negro, heard rumors that his former cellmate had been killed by officers, he promptly left the Fuller Cotton Oil Mill's hullhouse and surrendered at the county jail.

Crawford and Rito Resendez, a Mexican, escaped from the jail about 4:00 o'clock Sunday afternoon. Mrs. S. H. Newman, wife of the sheriff, heard them when they left the run-around after prying bars from one of the south windows. County and city officers joined in a search for the pair.

Resendez was caught in North Snyder only after a merry chase. One of the "persuaders" shots fired by Sid Bruton, deputy sheriff, skinned through the edge of the flying man's scalp. It was a false report concerning this episode that reached Crawford's ears and caused him to decide on a return to jail.

Crawford was jailed in connection with attempted burglary of the J. H. Sears & Company store several weeks ago. The Mexican was arrested recently after alleged theft of a suitcase and clothing from a car in North Snyder.

"Leap" Day Savings Offered by Economy

Since his store has only one opportunity every four years to give its customers "Leap" Day savings, Henry Rosenberg says Saturday, February 29, will be a red-letter selling day at the Economy Dry Goods Company.

"Fifth Saturday comes in February just one time every 28 years," Henry reminds his friends of this trade territory, "and we don't intend to let the day pass without passing some savings on to those who have made it possible for us to enjoy a remarkable business during the first two months of 1936."

"Here's hoping that we may be in Snyder when the next 'Leap' Saturday rolls around—and we're saying it with real bargains."

First Presbyterian Church

"My Church, the Gateway" will be the theme for the morning worship service on next Sunday morning at 11:00 a. m. This will be the third in a series of sermons on the general theme "The Glory Road." God can use our church as a gateway to the "Glory Road." As we approach our special period of revival services, let it be our constant prayer that He will do so.

Sunday school will meet in all departments at 9:45 a. m. Junior church meets at 11:00 a. m. and young people's and intermediate Christian Endeavor at 6:15 p. m. There will be no evening service, as we deem our services in order that our members might avail themselves of the opportunity to attend the closing revival services at the Methodist Church or the opening service at the Baptist Church, which ever they might choose.

The children of the church and community are to have a large share in our "King-Hogan Revival Services" March 15-22. Rev. Hogan, the leader of the singing, is to have special charge of the children's work, which will come each evening just preceding the night services, and it is his plan to have a junior choir superior to any other choir. Rev. Hogan has had a great deal of experience working with children and will have a real place for them in all our services.—Alfred M. Dorsett, pastor.

Bank Closes Monday.

How Cardui Helps Women To Build Up

Cardui stimulates the appetite and improves digestion, helping women to get more strength from the food they eat. As nourishment is improved, strength is built up, certain functional pains go away and women praise Cardui for helping them back to good health. Mrs. E. K. Hinton, of Hinton, Va., writes: "After the birth of my last baby, I did not seem to get my strength back. I took Cardui again and was soon sound and well. I have given it to my daughters and recommend it to other ladies." Thousands of women testify Cardui benefited them. If it does not benefit you, consult a physician.

SICKNESS HAS LOST ITS GRIP

Although there are yet a number of sick persons in Scurry County, there has been a noticeable decrease in illness during the past few warm days.

Doctors, hospital and school officials report a decrease in the number of pneumonia cases in recent days. Several deaths from the disease have come during February. Flu, mumps and other ailments have been prevalent, but seldom serious.

Local schools and county schools report only a small percentage of students and faculty members absent on account of illness. The average high school attendance here in 1936 has been 94 per cent, and the school-year average has been 96 per cent. The 1936 average in grammar school is 94.4 per cent; the school-year average, 92.2 per cent.

The Times has been informed that six proposed amendments to the state Constitution will be submitted to Texas voters at the general election in November of this year. As in the past, these amendments will be published, in full, in early issues of The Times.

MANY PENSION BLANKS TAKEN

County Judge H. J. Brice reported this morning that the last pension application blank had been given out from his office. He plans to secure extra blanks that were distributed earlier to Hermleigh, Dunn, Ira and Fluvanna. He distributed 350 out of 500 blanks allotted to the county.

Other blanks will be available within a few days if the present county supply is exhausted, he said.

A few blanks from this county are being turned down at the Abilene office, according to Judge Brice. He urges applicants to take their time in filling out the blanks in order that every detail may be filled out properly.

NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

Appointment by National Committee chairman John Garner of a Texas campaign organization of 120 Democrats—with both the national and state administrations liberally represented through their friends—has set at rest the rumors of trouble between the two groups and gives assurance of harmony voiced several weeks ago in this column. Rep. Sam Rayburn and Myron Blalock, state Democratic committee chairman, will act as joint chairman in the Texas campaign, with Roy C. Miller, Corpus Christi, as director of organization and finance. Miller, lobbyist for the Texas gulf sulphur interests, was not the choice of the state organization, being the political enemy of Gov. Allred, but neither Allred nor Blalock made an issue of his appointment, and Miller has proved himself an able fund-raiser which is what the national committee wants and needs. Gov. Allred is reported to have been offered his choice of the honor of nominating Garner for a second term as vice president, or of serving as Texas member of the platform and resolutions committee. He probably will take the former because the latter post contains potential trouble for an ardent states' right Democrat, and nominating Garner will make no political scars on anybody. Chairman of the Texas delegation to Philadelphia is an honor conferred, of course, by the state convention. Sen. Tom Connally is said to desire the post intensely, and may be the convention's choice. The state convention probably will go to Dallas.

Severe winter weather, bringing in its wake widespread influenza, measles, mumps and some meningitis, has caused local authorities in many Texas cities and towns to close schools temporarily. In Austin, public schools shut down for a week, while the university halted extra-curricular activities, but did not interrupt classes, because of flu. In Texarkana a rigid quarantine was established, schools, churches, theatres and all public meeting places being closed, because of seven meningitis cases.

A few years ago theatres were closed along with schools when communicable diseases became prevalent, but theatres today, mostly equipped with air conditioning systems that filter and wash the air, and change it every few minutes, are perhaps the least likely places in a community to contract disease, health authorities agree. The psychological value of theatre entertainment to a worried community also is available, the doctors hold.

Those who remember the hectic two-day session of the railroad commission during the days when the conservation problem was being ironed out, where long, loud arguments and an occasional fist fight were common, would have been startled at the smoothness with which the February hearing reeled

CHORAL SONGS SET MARCH 26

One of the most complete musical programs ever staged by Scurry County school children is being planned for the Snyder school auditorium March 26, according to the superintendent and Morgan Layfield of Hermleigh, county director of choral singing.

Three divisions of choral singing will be heard on that date. The larger schools will be in one division, strictly rural schools in another, and schools with less than 60 enrollment in another. Ten songs have been assigned, from which two will be chosen on the night of the contest. Contestants are requested not to wear uniforms.

In addition to the contest, the groups will join in singing these four Texas songs: "Texas, Our Texas," "The Eyes of Texas," "Round-Up in Glory," and "Whoopie-Ti-Yi-Yo."

Two Youths Jailed On Robbery Charge

Two youths who said they reside in Mitchell County were arrested by city and county officers late Friday on a charge of theft of \$5 in cash from the home of Earl Patrick, Pleasant Hill community. They are in the county jail.

The youths gave their names as Earl and Charles Lane. Officers say they confessed the theft after a \$5 bill was found near where they were picked up on the Colorado highway.

You can still get The Times from now until January 1, 1937, for one dollar; outside this trade territory for \$1.50.

"Is your garden large enough to provide 600 feet of row for each member of the family?"

Off. Pulling on the coldest day of the year in Austin, the session was attended by 200 oil men, and lasted only 45 minutes—a record for short duration. Commissioner Terrell presided, in the absence of Chairman Thompson, who missed his first hearing in history to make another of his trips to Washington for a confidential talk with Bureau of Mines officials. Again he got results, and telegraphed during the hearing that the Bureau of Mines had upped its market demand estimate for Texas another 35,700 barrels daily, for March, usually the low month for gasoline consumption. With the 50,000 barrel daily increase in February, Texas' March allocation totals 1,104,000 barrels daily, and oil men here assert the situation confirms their predictions for another crude price increase very soon.

The mounted head of one of the finest specimens of the vanishing moose in America adorns the wall of Rail Commissioner J. M. Terrell's office. The 1500-pound bull was shot in the Trojón forest of Arizona by Judge Terrell, one of Austin's most ardent sportsmen.

Texas Democrats who went to Washington for the recent pow-wow, with National Committeeman Garner brought back reports that Garner wants to keep the job of national committeeman another term.

Three governors—Gov. Hill McAlister of Tennessee, Gov. Philip La Follette of Wisconsin and Gov. Jimmie Allred of Texas—will participate in Huntsville's big opening event of the Texas Centennial year on March 2, when Texas Independence Day ceremonies there will be featured by dedication of "Steamboat House," Sam Houston's old home. All the governors will speak, together with Joe W. Bailey Jr. and other notables, on the all-day program.

Another 100,000 application blanks for old-age pensions were being rushed to district offices throughout the state this week, following exhaustion of the original supply of 200,000. Director Orville Carpenter estimated there would be around 200,000 applicants, probably 30,000 pensioned. He may have to revise the latter figure, when the applications are all in. District office managers report 10 per cent or more of applications being returned because they are improperly filled out. Racketeers who seek to charge fees for aiding applicants to fill out blanks were reported operating in several cities.

WEEK OF WARM WEATHER HERE

Scurry County folks are beginning to believe that last Friday was the first day of spring, although the calendar and past experiences say otherwise.

Old Man Winter crawled back into his shell on that day, about 100 hours after he had slid the mercury down to eight above zero. Friday was warm and sunny, and the night dawned clear and quiet.

To make weather matters better, warm weather has continued to prevail night and day, crisp night breezes, several degrees higher than freezing, being the only indications that winter may return again.

FLUVANNA BOYS PLAN TO START FARM CLUB

The boys of Fluvanna school, acting upon the suggestion of W. R. Lace, Scurry County agent, are planning organization of an agricultural club.

This club, although it will be conducted like a 4-H Club, will be different from the 4-H Club in one respect. Both Scurry and Bordn County boys may be members, while the 4-H Clubs are confined to one county.

A number of the members are planning to borrow money from the Sweetwater Production Credit Association with which to buy calves and hogs. Each boy will then strive to have his animal in sufficient shape to show at the Centennial Fair, which will be held in November—"The Stampede," Fluvanna.

Stock Show List Includes Carload Of Scurry Lambs

Livestock entries in the Southwestern Exposition and Fat Stock Show, March 13-22 at Fort Worth, have been received from virtually every section of Texas and several other states, John E. Davis, secretary-manager, announced today.

Entries from Scurry County include: Mrs. Sidney Johnson, 50 head (one car) carload lambs division.

A feature of the stock show at Fort Worth this year will be the feeder cattle sale at 10:00 a. m. March 19. Bidders from the northern and eastern states as well as the Corn Belt and sections of the Southwest will attend this sale. It is also expected to attract many farmers who have decided that the best way to market their grain is on the hoof, Davis added.

Cowboy mounted football, a new western sport played in accordance with the rules of the gridiron game insofar as the use of horse will permit, will be introduced at the world championship rodeo of the fortieth annual stock show. Larger premiums and added classes are attracting the nation's finest show horses.

Herman Waldman and his nationally known dance orchestra will play at the Rainbeau Garden, where a floor show assembled from Paris, New York and Chicago will be presented.

The outstanding Hereford, short-horn and Aberdeen-Angus show strings of the nation have already been entered in the beef cattle division and more dairy cattle, sheep, goats, swine, poultry, pigeons and rabbits will be exhibited this year than at any previous show, Davis also stated.

Reservations for rodeo-horse show tickets to date have been three times as heavy as last year.

No good book, or good thing of any sort, shows its best face at first.—Carlyle.

Governor Allred's Proclamation!

To early Americans, the word "Texas" meant friendship.

Today the word "Texas" still means friendship, and more. It means opportunity, a land of fabulous natural resources, of rolling ranges, of loamy black farmlands, of unimpeded climate, and — BEAUTY.

This year, Centennial Year, Texas is entertaining millions of visitors from every part of America. They're coming to see the Texas they've heard and read about. They will travel every part of our state. The favorable impression Texas and Texans make will result in a priceless asset for the Lone Star State.

Let each of us do everything possible to see that our visitors not only remember Texas as an empire of friendly people but as a land of BEAUTY, as well. This can best be accomplished by each citizen seeing that his or her premises is free from unsightly rubbish, made attractive with flowers or green lawns. In brief, let us all cooperate to the end that visitors will be impressed with the cleanliness and beauty of Texas as well as with our far-famed reputation for friendship.

 Hugh Boren, Sec'y-Treas.

Let's get straight to the point about your winter gasoline.

In plain words it's old-fashioned to have winter starting troubles. (You needn't admit anything in company—because lots of people don't know there is hard starting any more.) But get a neighbor off to one side. Chances are he's an old regular on Winter Blend Conoco Bronze, or he is one of the thousands and thousands who changed to it these recent cold months. See if he doesn't say almost these words: "You always start up on Conoco Bronze; you start, that's all. No weather yet, around here, seems to make any difference. Maybe your car isn't new, but this stuff starts. You or I don't know how any gasoline is made, no matter what we're told. But when you don't have to grind the starter and pray for your battery, nor keep on choking and choking, then you know you've got what you want. And they don't have to tell you any more about Conoco Bronze than the way it starts, as long as you know it does." Continental Oil Company, Established 1875

Indians Said Devil Lived Here

"The Devil's Tombstone," shown above, is in Palo Duro Canyon, near Canyon City, 18 miles south of Amarillo. The Canyon is one of the beauty spots of Texas that will lure tourists in their 1936 visits to the Texas Centennial Exposition at Dallas and other celebrations throughout the state. The rock drew its name from an Indian belief that it was the burial marker of an evil spirit.

Give Your --- SCISSORS --- This Exercise
---Madam! Do you know that it's clever to be a clipper? Here's a habit you can readily cultivate, and you'll find many of your best friends following it.
---To become a clipper at one clip, so to speak, just see that the shears are handy when you sit down to read your newspaper. As you spot an advertisement of something that interests you . . . especially some item that you want to examine when you're shopping next time . . . clip out the notice and take it with you.
---The merchants who advertise with us are glad to have you ask for specific merchandise. And sometimes it's helpful to refer to the advertisement when you're right in the store.
---At all events, a clipping pinned to your shopping list helps to remember this particular errand, it simplifies and shortens a shopping trip so much to know what you want and where to get it!
