"YOUR HOME COUNTY PAPER"

FORTY-EIGHTH YEAR.

SNYDER, TEXAS, THURSDAY AFTERNOON, MARCH 19, 1936

MARCH 19, 1936

## CANDIDATES IN BORDEN START BALLOT DRIVE

### Competition So Far in Only Three Races; Other Office Seekers May Come Out.

Candidates are beginning in earnest late this month to make their drive for July and August votes, according to political observers from Borden County.

Although competition has developed so far in only three out of the eight offices in the county, several other prospective seekers are said to be preparing for the primaries.

L. A. Pearce, county judge and superintendent, has not announced for re-election. His position is being sought by C. C. Nunnally, former commissioner of Precinct No. 1, on the Plains, and by H. B. Sneed, former commissioner of Precinct No. 4, toward Fluvanna.

Geo. E. Martin is opposed for re-election to the county treasurer's job by Mrs. Zetta Coffee. In Precinct No. 2, Bert Massingill, incumbent, is being opposed for re-election to the commissioner's place by Flint Cooney of Ackery.

No opposition has yet developed for the following office holders: D. R. Covey, sheriff and tax collector; Miss Magie Williams, county and district clerk; John Burdett, commissioner, Precinct No. 1; Alex Murphy, commissioner, Precinct No. 3; Mert Patterson, commissioner, Precinct No. 4.

## AAA TOTALS IN COUNTY LISTED

Scurry County received \$585,300.61 in cotton payments and \$12,631.53 in corn-hog payments from May of 1933 until the beginning of 1936, according to figures just released by the farm administration in Washington.

The New Deal's AAA paid \$12,456,977.39 to farmers of 22 counties in this section of West Texas all except \$47,434.25 in cotton payments, said the Abilene Morning News.

Texas' \$13,776,927.75 for the whole period was more than the amount received by any other state. Of the whole, \$10,858,721 was paid to cotton growers and wheat farmers received \$14,882.52 of the remainder.

Runnels County, with \$1,282,318.03 in cotton payments, benefitted more than any other of the counties of this section. Jones was second and Haskell was third. Ellis was high for the state, having received \$2,574,156, while benefits exceeded \$2,600,000 in seven other counties—Navarro, McLennan, Lubbock, Lamb, Nueces, Hill and Collin.

## Snyder Baptists to Big Spring Meeting

Several local Baptists, headed by Rev. Lawrence Hays, were in Big Spring Tuesday and Wednesday for the annual district convention for all church activities.

H. L. Wren of Snyder, district laymen's leader, was in charge of a laymen's conference Tuesday afternoon. Mrs. J. A. Woodfin of Snyder is stewardship chairman for WAMU work, and Mrs. Wren is education chairman. Mrs. Woodfin also directed a junior BTU conference.

Leading state speakers of the denomination spoke on various phases of the work. More than 300 delegates from three associations were registered.

New Bryant-Link Man. Johnny Lyons of Stamford is employed in the Bryant-Link clothing and ready-to-wear department during the confinement of A. C. Kincaid, who broke his leg two weeks ago. Lyons has been associated with the Stamford Bryant-Link store for some time.

## Large Number of County Teachers At Oil Belt Meet

A large group of Snyder and Scurry County teachers attended sessions of the Oil Belt Teachers Association held in Abilene Friday and Saturday. Attendance Saturday reached almost 1,000 teachers.

In opening student programs Friday several Scurry County school students participated. J. C. Landrum of Fluvanna gave the invocation, and Snyder's one-act play "White Glory" was presented.

The cast for "White Glory" is made up of Dawson Moreland, Vite Bell and Emory Smith. Directed by Mrs. Bob Gray and Miss Annie Fannie Sewell, the play was well-received at the gathering.

Dr. George W. Frazier, president of Colorado Teachers College, made the outstanding talk on Friday's program, when he illustrated his speech on "The Child and the Curriculum" with examples of work done at his school.

In conclusion he said, "We do not have a child centered school; neither do we have a subject matter centered school of the old fashioned kind. We have a society centered school. We try to produce for the child the same condition, as nearly as possible, that he will find in society after he leaves school."

The association went on record as favoring the Teachers' Retirement Act as sponsored by the State Teachers' Association. Place of next meeting will be decided by the executive committee. Several invitations were extended the group.

New president of the association is L. A. Woolridge, principal of the John H. Reagan Junior High School, Sweetwater. S. E. Pass, principal of two Abilene elementary schools—Fair Park and Alta Vista—was named vice president.

## Joe Strayhorn Has Begun Investigation Of State Pensions

Joe Strayhorn is proceeding this month with full investigation of applications for state old age pensions, and has already seen a number of Scurry County applicants.

The official investigator points out that applicants need not attempt to contact him, as he will see every applicant in plenty of time for final acceptance of applications before final grants are made.

Strayhorn urges that each applicant do his best to have evidence concerning his own age, the birth dates of his parents, and the place of his own marriage.

## Apply Now to Take Exams for College

Applications must be filed at the county superintendent's office not later than Monday, April 6, by those who wish to take college entrance examinations. Frank Farmer announces this week.

The examinations will be given here at a later date. Applications may be secured from the superintendent's office. Several teachers and other are expected to take the examinations.

## ASKS HELP OF BUSINESS MEN

The census of American business and manufacturing is progressing nicely in Snyder and Scurry County, according to W. E. Inmon of Lubbock, district supervisor.

"We are very anxious," he said, "to get complete canvases of each business house and plant, so as to make a good showing for the district. We are asking the whole-hearted cooperation of all public spirited citizens."

Inmon points out that the census now being taken is a continuation of the regular business census of the Bureau of the Census, and is for business use, not for governmental purposes.

Alvin Camp of Snyder is the enumerator for Scurry and Borden Counties. Inmon urges everyone to work with him in order to rush completion of the census data.

## Dunn Whips Three Schools in Tryout Event at Hermleigh

Dunn's track and field squad further proved its strength Saturday when it won a four-way track and field meet at Hermleigh.

The Owls outpointed Roscoe, 60 3-4 to 56 1-2, just a week after the Playboys had nosed them out. Pyron took 27 points, Hermleigh 9 points. To Pieper of Pyron went high point honors. He gathered all his team's points, when he took first in the low hurdles, broad jump, high jump, and the 220 and 440 yard dashes, and third in the javelin throw.

## PROCLAMATION BY THE MAYOR

The week of March 23 to April 4, inclusive, has been designated as Spring Fire Prevention Clean-up Week.

This is Centennial year in Texas and a spring clean-up campaign should receive the enthusiastic support of every man, woman and child. First, every citizen should have a wholesome pride in his home city, its streets, playgrounds, parks and buildings. Homes and surroundings freshly painted, with well kept lawns and gardens, increase property values and intensify community interest. Cleanliness creates cheer, courage and confidence. Secondly, because every dollar in property destroyed by fire, which frequently is the result of "careless" housekeeping in the home and in the average place of business, is a serious drain upon our present economic condition. Thirdly, and humanly most important, because in the past ten years entirely too many of our citizens have lost their lives due to carelessness in their daily use of fire, and the preservation of human life is an important matter.

Now, therefore, I, H. G. Towle, mayor of the city of Snyder, do hereby designate the week of March 23 to April 4, inclusive, as Spring Fire Prevention Clean-up Week and most respectfully call upon all departments of the city, the Chamber of Commerce, civic clubs, patriotic clubs and our people in general, to take an active part in this clean-up campaign.

In testimony whereof, I hereto sign my name and seal of office this 5th day of March, A. D. 1936.

H. G. TOWLE, Mayor, Snyder, Texas.  
Attest: J. S. BRADBURY, City Secretary.

## RE-ELECTED

W. T. Dames, whose reelection to the Hermleigh superintendency was effective November 23, 1935, was recently re-elected to the position for a three-year term. He came to Hermleigh from Littlefield, where he was grammar school principal for several years. Hermleigh people say he is making an outstanding record as a school and community leader.

When he went to Hermleigh he succeeded E. H. McCarter Jr., who resigned to accept a place in the Henderson post office.

## GUEST ARTIST WILL CONDUCT BAND TUESDAY

Ludwig William Hebestreit, noted conductor, to be presented in Benefit Program.

Ludwig William Hebestreit, nationally prominent band and orchestra director, will be the guest conductor at a concert to be given by the Tizer Band under the direction of Fred P. Rattan on Tuesday evening, March 24, beginning at 8:00 o'clock.

Mr. Hebestreit comes here by special invitation from Superintendent C. Wedgeworth and Director Rattan, and from reports of engagements filled elsewhere by Mr. Hebestreit, the people of Snyder have a real treat in store for them.

Mr. Hebestreit is a thoroughly competent musician of international experience, and has trained and conducted many outstanding organizations and has been guest conductor of many nationally known bands and orchestras. He was born in Germany, received his musical education at the Leipzig Conservatory of Music, and has travelled throughout the United States and Europe during his musical career.

He will spend two full days with the band, during which time he will be at the complete disposal of Director Rattan in conducting a "clinic," wherein many and varied problems that confront the study of instrumental music will be freely analyzed and discussed.

The students are certainly looking forward to this opportunity, and the public can expect something well worth while at the concert, says the local director.

The concert will be held at the high school auditorium at 8:00 p. m., March 24. Tickets for adults are 35 cents and 20 cents for children. There will also be a special students' matinee given in the afternoon of the same day.

## Mrs. Sue M. Lee to Position in Midland

The faculty and the student body regret to lose Mrs. Sue M. Lee, head of the home economics department, who leaves Snyder to go to a better position in Midland.

Mrs. Lee, who is a graduate of C. I. A. Denton, was serving her second year in Snyder. She has proved herself an efficient teacher and has won our admiration and respect—Tiger's Tale.

Final rites were held Wednesday afternoon, 2:00 o'clock, for Mrs. Cecil Wood, who died Tuesday at a local hospital. Rev. J. F. Fields officiated at the Odom Funeral Home, and burial was in Snyder cemetery.

The 22-year-old woman is survived by her husband and one son, Bobby Donald, aged three; her parents, Mr. and Mrs. Martin of Hope, Arkansas; three brothers and three sisters. Her mother and one brother were here for yesterday's services.

## Congressman George Mahon Scores "Bowl of Death" Movie in Speech

Critics of West Texas, who refer to it as the "dust bowl" and shout that farms, cattle and men can not live here, were roundly scored several days ago on the floor of the House by George Mahon of Colorado, congressman from this 18th District.

Mahon's address was particularly bitter against the Pathe News, a moving picture service, with the Texasan declaring that he wanted to present "some pertinent facts that utterly refute the grossly unfair presentation."

"In the first place, most every one of my counties in this so-called dust bowl record the record this year in the number of pool taxes paid. I assure you that these people intend to stay in West Texas until the election and many years thereafter. The development of this section of West Texas has been remarkable, indeed. I know of no section in the United States that has had a comparable development. The population increased 134 per cent from 1920 to 1930. There has been a great increase since then, but I do not have accurate figures showing the exact amount, as no official census has been taken."

Summers Return Here. Ed Summers and Mrs. Sumner have returned to Snyder this month from Cisco to be associated with the local Rosenberg stores. Ed is back at his old position at Economy Store, now under the sole management of Charles Rosenberg, and Mrs. Sumner is at the Ben Franklin Store.

## SCHOOLS GET SET FOR 1936 LEAGUE MEET

### Rural Track Meet, Playground and Volley Ball Are This Week; Debates Tuesday.

With the rural track, all playground ball and all volleyball set for Friday and Saturday of this week, practically all Scurry County schools are set for one of the most interesting interscholastic league schedules the county has seen.

The rural track and field men will have their eliminations Saturday afternoon, and their champions will enter the county meet, which will be staged Saturday of next week.

All rural playground ball teams are asked to report at Snyder High School Friday afternoon at 1:30 o'clock. All volleyball teams will compete at Fluvanna Friday afternoon at 3:00 o'clock. Admission prices for volleyball games will be 10 and 15 cents.

A and B class playground ball teams will report at Snyder High School Saturday morning at 9:00 o'clock. Junior boys, junior girls and high school junior boys will compete.

The complete debate schedule will be carried out Tuesday night of next week at Snyder High School. These eliminations were changed from this week because of illness and because Ira and Hermleigh teams dropped out.

Dunn, Fluvanna, Snyder and Pyron have entered boys' and girls' teams. Nine judges from Colorado will determine winners of the round robin schedule.

A feature of next week's program will be the choral singing contests and sing-song at the local auditorium Thursday night at 8:00 o'clock. Literary events will be staged Friday of next week.

## Stallings Checks Up On Cross Ties Lost From Right-of-Way

Flint Stallings of Lubbock, special Santa Fe "law," made his second trip to Snyder within a few days this week. He was in quest of cross ties that have been missed in growing quantities from the railway right-of-way.

The ties, which are being replaced throughout this territory by new ties, have been used by farmers and others in plentiful quantities. It is reported. More than 800 were recovered last week, and more than 150 have been recovered on this week's trip by the special agent, in cooperation with local officers.

No prosecutions have been planned, says Sheriff Newman, but the Lubbock agent warns that the ties are wanted by the railroad, and that future violators may not fare so well.

## Mrs. Cecil Wood's Services Yesterday

Final rites were held Wednesday afternoon, 2:00 o'clock, for Mrs. Cecil Wood, who died Tuesday at a local hospital. Rev. J. F. Fields officiated at the Odom Funeral Home, and burial was in Snyder cemetery.

The 22-year-old woman is survived by her husband and one son, Bobby Donald, aged three; her parents, Mr. and Mrs. Martin of Hope, Arkansas; three brothers and three sisters. Her mother and one brother were here for yesterday's services.

E. N. Hall, T. V. Lewis, Jim Pittner, Sid McDowell, Era McDowell and B. S. Pittner were pallbearers.

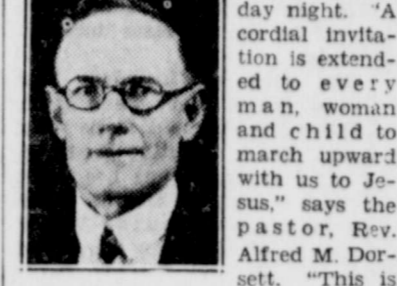

## Abilene Presbytery Meeting Here Soon

Programs for the annual Abilene Presbytery meeting, which is to be held here April 14-15, are being mailed this week by Rev. Alfred M. Dorsett, local pastor and stated clerk of the presbytery.

The meeting will convene Tuesday morning at 11:00 o'clock, with Rev. Charles W. Estes, moderator, presiding. Sessions will continue until 1:30 p. m. Wednesday, April 15.

## Presbyterian Revival Has Unique Style of Evangelism, Good Crowds

Opening days of the Presbyterian revival have been characterized by the unique style and the excellent messages of Rev. Everett B. King of Fort Worth, and by good attendance, church leaders report. The singing, under direction of Rev. L. R. Hogan, also of Fort Worth, has been a feature.

The meeting will close Sunday night. "A cordial invitation is extended to every man, woman and child to march upward with us to Jesus," says the pastor, Rev. Alfred M. Dorsett. "This is an opportunity to hear a great man of God, and good gospel singing."

"Rev. King's unique style in presenting the gospel adds to the services a distinctive note, while every message carries with it the eternal glory of the Christian faith. A voice that is appealing plus a soul that understands makes Rev. King a very capable song leader."

Rev. King announces as his subjects for the remainder of the week: Thursday evening, "Taking a Long Look at Jesus;" Friday morning, "Going Out of Our Way;" Friday evening, "How the Golden Calf Was Made;" Saturday evening, "The Last Breakfast;" Sunday morning, "Let Your Light Shine;" Sunday night, "The Call of This New Day."

## CONTRACTORS WORKING FAST

Contractors on the Santa Fe underpass northwest of Snyder and the newly-begun overpass southeast of town are hitting high strides in their work.

More than 25 men are at work on the overpass job, although sufficient equipment is not on hand to work at the maximum peak. The grade has been run on the south side of the tracks to connect with Highway No. 7 near the Highway No. 101 intersection, and dirt is being moved in a hurry.

Concrete pouring for underpass footings is scheduled for late this week. Both approaches are practically complete with the exception of base and surfacing.

No starting date for the 6 1/2-mile stretch of the Claremont "feeder" road has been set by the contractors who placed low bid on the work last week.

## Local Co-op Gin Leaders to Area Confab Thursday

Plan for farmer-owned and farmer-controlled gins as a means of lowering the cost of cotton operations, was made at a one-day regional gin conference in Abilene Thursday last week, attended by 150 from the surrounding territory.

The Snyder Cooperative Gin Company was represented by Sterling Taylor, manager, W. B. Lemons and Nolan von Roeder, directors, and Clemens von Roeder, member.

The session, at Hotel Wooten, was arranged by the Texas Cooperative Ginners Association and the Texas Cooperative Council, with the approval of the farm credit administration. Among prominent speakers were: Dr. O. W. Herrmann, principal economist in charge of cotton cooperative division, and Otis T. Weaver, associate agricultural economist of the cooperative division, Farm Credit Administration, Washington; W. N. Stokes, counsel of the Houston bank for cooperatives; and J. E. Montgomery, president, J. L. Brooks, vice president, Homer D. Wade, executive secretary of the Texas Cooperative Gin Association, and C. K. Bullard, attorney.

The conference was one of five being held through the state, the last scheduled Saturday at Victoria.

Facts concerning the organization and set-up of the cooperative gin movement were main points in the morning discussions, led by Dr. Herrmann. Commenting on the great need of the movement, he said that 80 per cent of the cooperative gins are in Texas and Oklahoma, with about 150 in this state and 100 in Oklahoma.

## Abilene Presbytery Meeting Here Soon

Programs for the annual Abilene Presbytery meeting, which is to be held here April 14-15, are being mailed this week by Rev. Alfred M. Dorsett, local pastor and stated clerk of the presbytery.

The meeting will convene Tuesday morning at 11:00 o'clock, with Rev. Charles W. Estes, moderator, presiding. Sessions will continue until 1:30 p. m. Wednesday, April 15.

## THREE PLACES CLAIM CHICKEN VIOLATES LAW

### C. W. Green, Frequently Before Local Courts, Is Charged at Colorado, Waxahachie.

C. W. (Chicken) Green, who has appeared frequently before local courts in recent years, faces charges in Colorado and Waxahachie, and two cases against him came before county court here this week.

He is scheduled to be tried at Colorado Friday morning at 9:00 o'clock on a perjury charge growing out of his recent trial there in connection with the slaying of Erwin Woelert at Green's Snyder dance hall several months ago.

Last Saturday he was brought to the Mitchell County Jail from Waxahachie, where he had been held for eight days on a charge of driving while intoxicated.

## Pioneer Farmer And Rancher Is Taken by Death

Keo W. Boren, successful stockman and farmer, died here Monday morning at 11:25 o'clock, after an illness that confined him to his home for four weeks.

Rites were held at the First Methodist Church Tuesday afternoon, 3:00 o'clock, with Rev. H. C. Gordon, pastor, Rev. G. E. McPherson, Rev. Alfred M. Dorsett and Rev. Lawrence Hays officiating. Odom Funeral Home was in charge of burial in Snyder cemetery.

The prominent pioneer owned farm and ranch interests in Kent County and business property in Snyder. His wife, who survives is a daughter of "Uncle Kim" Elkins, early-day Texas ranchman.

He came to Scurry County from Ellis County in 1890, and lived here continuously until his death.

Survivors are Mrs. Boren and three sons, Clyde, Wayne and Billy of Snyder; two daughters, Mrs. Joe Nimmer of Turkey and Miss Pauline Boren, now a student in Texas Tech, Lubbock; five brothers, Tom and Hugh of Snyder, Lee of Lone Beach, California, Bryant F. and Billy of Ennis; two sisters, Miss Ruth Boren of Ennis and Mrs. Oma Tilley of Port Worth.

O. P. Thrane, W. G. Williams, Ernest Peterson, H. J. Brice, Joe Patton and Fred A. Grayum were pallbearers. Flowers were in charge of Misses Bonnie Ruth Nance of Justerburg, Mrs. Howard Grace Holcomb and Frances Chenault.

Honorary pallbearers were as follows: Dr. A. O. Scarborough, Ab Carle, W. B. Stanfield, Dr. A. C. Leslie, W. R. Lacey, J. Wright Moore, J. C. Maxwell, A. C. Alexander, A. J. Cody, H. L. Wren, A. D. Erwin, Harrie Winston, P. M. Boll, N. M. Harpole, Hugh Taylor, D. A. Jones, N. W. Autry, R. J. Rundall, E. L. Darby, A. Johnson, W. R. Bell, Dr. Sed A. Harris, J. C. Toward, J. H. Bryd, W. J. Ely, E. F. Wheeler, A. C. Kincaid, H. E. Davis, M. Stacy, J. C. Dawson, Harvey Shuler, E. D. Curry, A. Rhoades, E. A. Black, E. Gabel, Charles Lewis, A. H. Trice, D. N. Price, P. E. Davenport, C. W. Merton, C. C. Bearden and J. H. Day.

## CENSUS TAKEN FOR SCHOOLS

School census taking is well underway in all parts of the county, according to school officials. Trustees and other census takers must complete their information by April 1, and turn it in immediately after that date.

Full cooperation of parents in getting all information correct and complete is being urged by school leaders. It is pointed out that the county's per capita apportionment is dependent on the scholastic census, and that every child should thus be included.

Children who are or will be six years of age on or before September 1, and those who have not had or will not have reached their eighteenth birthday on or before September 1, are to be listed on the census.

## Mullins Re-Elected Principal for Dunn

E. E. Mullins, who was named as principal of Dunn schools last year when Cleo Tarter was elevated to the superintendency, was recently re-elected by the school board.

Tarter was also re-elected to the superintendency, as reported in last week's Times.

(Note: The Times publishers regret that the Dunn superintendent wore a bow tie when the picture used in last week's paper was taken. If the school man will have a new picture made at least once every ten years, perhaps the kidding of his friends will be reduced manifold.)

## Hungry Kids Need Help From People With Huge Hearts

Snyder folks with huge hearts are being asked this week to help 63 grammar school children with hungry stomachs.

The appeal is being made by C. Wedgeworth, superintendent, who solicits donations that will help keep the 63 youngsters in good physical condition, by way of hot noon meals, until the end of school. Donors should call him at No. 82.

A special grant by the Texas Relief Commission enabled the school to secure liberal supplies of staple foods such as apples, canned beef and mutton, prunes, flour and dry skim milk.

Funds donated by interested folks will help pay for preparing and serving the food, and for such supplementary foods as lard, crackers, sugar, chili beans and seasoning.

## Nell Verna LeMond Wins Honors In Music Contests Here Saturday

Nell Verna LeMond, daughter of Mr. and Mrs. J. E. LeMond, was named winner in class C (ages 12 and 13) piano solo in district contests held here Saturday.

The local girl will represent Sixth District, Texas Federation of Music Clubs, in the state contest to be held in Fort Worth April 18, junior day at the state convention.

Dates for the convention are April 15-18. Texas Hotel will be delegates' headquarters. It has been announced.

District preliminaries were held here Saturday under the direction of Mrs. E. E. Spears, junior contest chairman. Dorothy Pinkerton and Louise LeMond, local music students, placed second in class D (ages 14 and 15) piano ensemble. They will not compete at the state convention unless the first place winners are unable to attend.

**University Men Judges.**

E. Edwin Young, head of the fine arts department of Hardin-Simmons University, Abilene, judged piano contests, and Herbert M. Preston of Hardin-Simmons judged the violin group. Voice contestants did not have opposition, and they will go directly to the state convention, without having to be in district contests.

Among outstanding music lovers of Sixth District attending the meeting here Saturday were: Miss Lucille Skinner of San Angelo, president Sixth District, Texas Federation of Music Clubs; and Mrs. Wanda Drago Beall of San Angelo, senior contest chairman for the district.

Junior contestants for piano and voice and violin were judged in five distinct groups: Class A—up to and including nine years; class B—10 and 11 years; class C—12 and 13 years; class D—14 and 15 years; class E—16 to 18 years.

**Other Winners Named.**

Winners in piano solo for juniors were as follows:

Class A—First, Mary Ann Latham, Colorado; second, Frances Rose Ratliff, Colorado.

Class B—First, Mary Price, Colorado, only contestant in group.

Class C—First, Nell Verna LeMond, Snyder; second, Betty Lou Whitley, Colorado.

Class D—First, Jane Ferguson, Eastland; second, Nancy Lou Webb, San Angelo.

Class E—Clara June Kimble, Eastland, only contestant.

Hymn playing—Juvenile (below 12 years of age), Joelle Coffman, Eastland; junior (13 to 18 years), Mava Lou Crossley, Eastland.

Judging for piano ensembles was given as follows:

Class A—First, Mary Ann Latham and Joan Milte, Colorado.

Class D—First, Mary Elizabeth Piderem and May Frances Mackey, Colorado; second, Dorothy Pinkerton and Louise LeMond, Snyder.

**Are Only Contenders.**

Other contestants—those in violin and violin ensembles, hymn playing, choruses and voice—who were the only contenders in their groups and will represent Sixth District in state contests, are:

Violin—Class A, Rosemary Bruce, Ranee; class B, Gloria Graham, Cisco; class C, Alma Williamson, Eastland.

Violin quartet—Hardin-Simmons University, Abilene.

Sweetwater High School chorus—Girls' Glee Club (a cappella).

Sweetwater High School mixed chorus (a cappella).

Odessa High School Glee Club—girls' three part.

Odessa High School girls' mixed chorus—four part (a cappella).

High school voice—Lora Mae Bruce, Odessa.

High school orchestra—B. O. C. Club, San Angelo.

**Mrs. McKnight Will Lead Mass Chorus**

Mrs. Violet McKnight, director of choral singing in Spur schools, has been selected as director of a chorus of several thousand children that is scheduled to assemble in Spur Saturday, May 2. She is the daughter of Mr. and Mrs. Fred A. Grayum, Snyder.

Children from the 12 counties of District 3 will compose the giant chorus. State Superintendent L. A. Woods and Miss Nell Parmley, state director of music, are expected to be guests for the day.

**Church of the Nazarene**

We think that as God's word is the truth, we should know it, for it is the only waybill from earth to glory. So let's study it together each Sunday afternoon at 3:00 p. m. at the old tabernacle west of the school building.

At 3:30 o'clock there will be a message from the word of God on "The Witness of the Holy Spirit." Bring your Bible and let's study the word together.

Our Sunday morning appointment is at Camp Springs, and we urge that all the people of that community be present for a spiritual service. The subject will be "A Foundation That Will Stand the Test of Time."—J. Ollie Hux.

Mr. and Mrs. P. W. Cloud spent the first of the week in Fort Worth and Dallas.

## LET'S TALK ABOUT CLOTHES BY A YOUNG MODERN

Designers point out unmistakable signs of spring—signs that are significant of what smart women are doing to transform their dark winter clothes into gay frocks for the new season. And flowers are leading in the transformation.

Violets, in a lovely English blue, are perched on the tip of gay hats, and small matching bouquets are fastened under the chin to the silk ascot or worn in the buttonhole. Red and white carnations do the famous contrast trick. One white and the other a blazing fire truck red, are tucked in the neck line of a slim navy blue dress. Two more are used on the small straw hat. Mannish suits are not complete without a tiny gardenier in the lapel, and printed silks emphasize predominant color with a cluster of flowers.

The shops are showing waistcoats and fake blouse fronts for suits in gaudy new felts in such eye striking colors as scarlet, canary, yellow and bright blue. They are nice with dark tailored suits.

Rather short jackets with three-quarter length sleeves are accented with dazzling white gloves or some of these new tricky affairs of white with red inside section—a half and half arrangement. Despite the startling description, these gloves are grand for spring street clothes.

It's cape weather, according to girls at Texas State College for Women (CIA), and there is a decided demand for snappy short capes that look like spring, but act as decorative windbreakers against any stray winter weather. The most sophisticated outfits are brilliant printed silks with solid wool capes. The capes are always short, sometimes not reaching any lower than the waistline.

Winners in piano solo for juniors were as follows:

Class A—First, Mary Ann Latham, Colorado; second, Frances Rose Ratliff, Colorado.

Class B—First, Mary Price, Colorado, only contestant in group.

Class C—First, Nell Verna LeMond, Snyder; second, Betty Lou Whitley, Colorado.

## HEALTH NEWS From Dr. John W. Brown, State Health Officer

"Keep your body in good condition," advises Dr. John W. Brown, state health officer. While colds, influenza and pneumonia are different conditions, all three may be brought on or made worse by lowered bodily resistance, and all three may often be prevented in the same way.

When these communicable diseases are prevalent, avoid crowds as much as possible and plan your work and recreation so that you will not overtax your strength and get tired out. Be sure that the room where you are is always well ventilated. Drink plenty of water and don't let your system get clogged up.

Sufficient rest, cleanliness of hands, mouth and teeth, fresh air while at work and at sleep, regulation of meals and bodily functions, wholesome food and freedom from anxiety will increase bodily resistance and avoid contracting the disease.

One attack of cold or influenza does not as a rule confer immunity. Individuals have been known to have several attacks during an epidemic. Segregation of the patient is desirable to avoid giving the disease to others.

If you develop symptoms of cold or influenza, consult your physician early and follow his instructions.

In speaking about epidemics, Dr. John W. Brown, state health officer, stated that if doctors, nurses, householders, and others would report the occurrence of any communicable disease immediately to the local health officer, that many epidemics could be prevented or greatly curtailed.

The control of preventable diseases depends upon the perfect reporting of all cases. It is necessary to secure information as to when and where cases occur before the proper steps for the control of these cases can be taken. Every epidemic starts with one case and the doctors engaged in protecting the public health are interested in locating this first case to prevent its spread to others.

Some of the contagious diseases are quarantinable. This is not done to punish the persons involved for having the disease, but to protect the well. The quarantine sign is not a disgrace but a badge of good citizenship, as it shows that household is trying to protect others from contracting a contagious disease.

Week-end guests of Miss Virginia Yoder were Hal Alexander and Burl Lynn of Sweetwater.

## Patty Ruth Williams Celebrates Birthday.

Miss Patty Ruth Williams, daughter of Mr. and Mrs. Walter Williams, celebrated her 16th birthday Tuesday, when she entertained her friends at a formal Leap Year dance at her home west of town.

The evening was perfect, according to those present. Girls, even though they were pretty evening dresses, looked after their boy friends just as they wished to be looked after at their next party. Lovely gifts were presented the honoree, and fruits and candies were served by the hostesses during the evening.

The guest list included: Misses Cloma Sheld, Mary Jane Carnes, Mildred Fae Freeman, Doris Wilson, Eileen Sheld, Christine Robinson, Mavis Jenkins, Mayme Lee Gibson, Christine Biggers, Maxine McIver, Vondal McIver, Louise Wilsford, Orene Wilsford, Dorsey Gentry, Mollie Roach and Pauline Carnes; Messrs. Jim Hartley, Derwood Burditt, Gerald Sheld, William Algie Stevenson, Clark Hudnall, J. D. Robinson Jr., J. B. Teaff, Billie Vaughn, Truman Ivison, Garland Jacobs, Dick Irion, Sam Ellis, Teddy Patterson, Sparky Sparkman, Shack Sturdivant, Clyde Pettit, Otis Jenkins, Chuck Niedecken and Harold Riley.

## First Baptist Church

The pastor will preach Sunday morning on "The Earmarks of a New Testament Church." There will be special music.

Sunday school at 9:45 a. m. in departmental assembly. The Baptist Training Union meets at 6:15 p. m. in general assembly for a 15-minute worship program. About 15 Mexican candidates are to be baptized at the evening hour.—Lawrence Hays, pastor.

## First Christian Church

Bible school, 9:45 a. m.; morning worship, 10:45 a. m.; Christian Endeavor, 6:30 p. m.

Subject of morning sermon, "Too Busy to Accomplish Anything."

Our services of the evening will be dismissed in order that we may attend the revival services at the Presbyterian Church.—G. E. McPherson, pastor.

Mrs. J. J. Taylor, who lives east of Lubbock, is a guest of friends here this week. Mrs. Taylor, formerly of Snyder, was a special guest at the Centennial tea given by the Twentieth Century Club, of which she was a member, last Wednesday afternoon.

Miss Irene Spears, daughter of Mr. and Mrs. John Spears, was at home for the week-end from Texas Technological College, Lubbock.

Mrs. H. L. Miller had as her guests last Thursday and Friday her brother, F. C. Hutcherson, and wife of Plainview. The Plainview people were en route to the Fat Stock Show, Fort Worth.

Mrs. Will Cartwright of Denton is a guest of her brother, Earl H. Louder, and Mrs. Louder here this week.

Mr. and Mrs. W. J. Ely were the guests of their daughters, Charline and Roberta, at McMurry College, Abilene, late last week.

## Lady Look Cardui

When Weak, Nervous

"I can't say enough for Cardui if I talked all day," enthusiastically writes Mrs. L. H. Caldwell, of Statesville, N. C. "I have used Cardui at intervals for twenty-five years," she adds. "My trouble in the beginning was weakness and nervousness. I read of Cardui in a newspaper and decided right then to try it. It seemed before I had taken half a bottle of Cardui I was stronger and was soon up and around."

Thousands of women testify Cardui benefited them, if it does not benefit YOU, consult a physician.

## SPORTS CLUB BANQUET HELD FRIDAY NIGHT

Annual sweetheart's evening for the Lucky 13 Sports Club was in the form of a Texas cowboy banquet held at the Manhattan Hotel at 8:00 o'clock the evening of Friday the 13th.

Lighthearted gaiety featured the evening's entertainment for members of the high school girls' club and their escorts. The affair will long be remembered by the group as a delightful occasion.

Indian and Mexican blankets encircled the banquet hall, and light was furnished by lanterns and camp fires with branding irons in them, placed on the tables. Cowboy accents, cattle brands burned in wood and a large American flag completed wall decorations. A large prickly pear decorated the piano.

Devil's head and other cacti, a miniature chuck wagon, Centennial booklet favors and napkins completed decorations for banquet tables, which were arranged to form a "T" for Texas. Place cards were cowboys on running horses with lariats swinging above their heads made to form folders. Inside each folder was the evening's program and the club roster. Red bandanas were presented as party favors.

Florentz Winston, Lucky 13 president, was toastmaster for the occasion, and she gave a brief welcome to guests. An informal program following the meal consisted of the following numbers: Toast to the girls, Miss Mattie Rose Cunningham, sponsor; cowboy songs, Richard Brice; piano numbers, Wiley Brice, who served as accompanist all during the program; Texas poems, Faynell Spears, Virginia Yoder and Sterlene Taylor; a discussion, "Cattle Kings, Old and New," Virginia Egerton; songs, Florentz Winston and Sadie Tell Jenkins and Elizabeth McCarty.

To close the program the group joined in singing a group of cowboy songs, led by Hadley Reeve. As a compliment to the club sponsor, the Lucky 13 presented her a lovely box of candy, following her toast to the club.

Guests present were Hadley Reeve, Junior Thompson, Wiley Erice, J. C. Morgan, Rosser Chapman, Creston Fish, Richard Brice, Jackie Scarborough, Jack Smith, Corwin Patterson, John Blakey, Bobby Mitchell and L. A. Crenshaw. Members attending were Sadie Tell Jenkins, Florentz Winston, Virginia Yoder, Sterlene Taylor, Mavis Jenkins, Juanita Burt, Elizabeth McCarty, Faynell Spears, Dollie Clements, Milton Joyce, Virginia Egerton, Doris Davis, and Miss Cunningham, sponsor.

## "Wild Life" Makes Interesting Study.

The statement, "Birds and Flowers and Most Wild Life Are Our Friends," made an interesting subject for discussion at a meeting of the Progressive Study Club at the home of Mrs. W. A. White last Thursday afternoon.

Specimen of wild life and a short discussion of its habits made unusual roll call for the day. Mrs. Leon Wren's talk on "A Program for the Preservation of Wild Animals and Birds" was heard; Mrs. H. L. Miller told of "The Forests of Texas;" Mrs. C. E. Ross gave "Preservation of Wild Flowers;" and Mrs. J. M. Seiser told the story of cacti.

Mrs. Frank Wilson was a club guest for the meeting, and 11 members were present. Delicious pie and coffee were passed by the hostess at the close of the program.

## EMERGENCY HOSPITAL

T. J. Rea of Fluvanna is a pneumonia patient in the Emergency Hospital since Sunday. He is doing nicely.

Earl Wooten of Fluvanna entered the hospital Monday for medical attention.

Mrs. V. L. Patterson of Fluvanna is a medical patient in the Emergency Hospital since Wednesday.

Mrs. A. Gieghorn of Fluvanna has received medical attention since Monday night in the Emergency Hospital.

Mr. and Mrs. Sidney Johnson are guests of Mrs. Emma Beall in Ladonia this week. They attended the Southwestern Exposition and Fat Stock Show in Fort Worth last week-end.

Miss Genevieve Jarratt of Lubbock, daughter of Mrs. F. T. Jarratt, formerly a Snyder resident, was a week-end guest of Misses Virginia Yoder and Rubye Curry.

## LOCAL WOMEN ARE TO ATTEND M. E. COUNCIL

Several women from the Ruth Anderson Auxiliary of the local First Methodist Church plan to attend the Woman's Missionary Council to be held at the First Methodist Episcopal Church, South, in Dallas, March 19-24.

The conference is convening in Texas for the first time in 10 years, and the program theme will center around the Texas Centennial. Speakers invited for the meeting are outstanding leaders of Southern Methodists.

Local women planning to attend are: Mmes. Earl Louder, B. L. Kent, Homer Snyder, H. C. Gordon, Albert Smith and R. H. Odum. Plans were made by the women at the Monday Auxiliary meeting.

It was voted at the Monday meeting of the Ruth Anderson Auxiliary at the church, that the mid-week prayer services held at the WPA sewing room each Wednesday afternoon at 1:00 o'clock will be continued.

Study of "Toward a Christian America" was completed at the meeting, and it was agreed by the women present that the book made a profitable and interesting study. Mrs. Lex Wilmeth gave the devotional.

Those present were: Mmes. R. H. Odum, J. C. Gay, T. J. DeShazo, C. R. Burk, Ed W. Thompson, B. L. Kent, Harry S. Lee, R. L. Gray, Albert Smith, J. O. Littlepage, C. W. Harless, H. C. Gordon, Homer Snyder and T. W. Pollard and Miss Rubye Curry.

## Ingleside Study Club Meets at Sullivan's.

Mrs. R. S. Sullivan was hostess to the Ingleside Study Club last Tuesday at her home on Twenty-fifth Street.

A health program was given under the direction of Mrs. R. J. Randals. Each member answered roll call with a home remedy. Mrs. Earl Louder gave a talk on tuberculosis; Mrs. Fred P. Rattan talked on cancer; Mrs. Randals discussed diseases of children; and Mrs. W. W. McCarty told of school clinics.

Following the program, the hostesses passed an ice course to the following club members: Mmes. Fred P. Rattan, J. C. Gay, R. H. Odum, R. J. Randals, Clyde Boren, W. P. Cox, C. W. Harless, W. W. McCarty, Melvin Newton, King Sides, Hal A. Lattimore, Earl Louder, Tom Boren, W. W. Smith and H. L. Vann.

Little Miss Helen Kay Shield, who has been visiting her aunt and uncle, Mr. and Mrs. Travis McClesky, in Brownwood for several weeks, returned home Sunday. She was accompanied here by Mr. and Mrs. McClesky and Miss Jane McClesky, who returned home Sunday night.

Mr. and Mrs. G. L. Burt and daughters, Juanita and Madlin, and Miss Gwen Gray attended the Southwestern Exposition and Fat Stock Show in Fort Worth during the week-end.

### McMurry College Students Are Guest Artists at Twentieth Century Club Tea

More than 150 women registered at the seated tea given last Wednesday afternoon by the Twentieth Century Club at the home of Mrs. Joe Strayhorn, club president. A Texas Centennial theme was given emphasis at the affair, and all study clubs of the town were invited.

Out-of-town artists appearing on the program were: Miss Dorothy Mathews, speech arts student, and Miss Eleanor Ansley, pianist, both senior students in McMurry College, Abilene.

Arriving in two groups, one from 2:30 to 4:00 o'clock and the other from 4:00 to 5:30, guests were greeted at the door by Mrs. J. E. LeMond, chairman of the club's social committee.

Members of the executive board composed the receiving line—Mrs. Joe Strayhorn, Mrs. J. Nelson Dunn, Mrs. W. M. Scott and Mrs. B. M. West. The entire house party wore old-fashioned dresses, made with high basque waists and full skirts, and matching pope-shaped bonnets, with a row of bluebonnets embroidered under the brim, tied under their chins with black velvet ribbon.

The six flags which have flown over Texas, were in stands on the mantle in the living room, and other decorations in reception rooms were blooming pot plants—cyclamen and jonquils—and lovely ferns.

Several members of the Twentieth Century Daughters gave musical numbers on the program during the afternoon. Melba Ann Odum sang "When I Grow Too Old to Dream" and "Bells of St. Mary's," with Mrs. R. S. Sullivan playing piano accompaniment; Dorothy Pinkerton played a piano solo, "Consolation" by Mendelssohn, and Louise LeMond gave "Moment Musical" by Schubert as a piano solo. Miss Irene Wolcott also played a group of piano selections during the afternoon.

Guest artists were introduced by Mrs. W. J. Ely. Miss Dorothy Mathews, a speech arts major in McMurry College, Abilene, gave the greater part of the program. Miss Eleanor Ansley, an accomplished pianist, played introductions and accompaniment for Miss Mathews.

Native costumes worn by Miss Mathews made her Centennial readings more impressive. She was dressed as an Indian girl, a Spanish senorita, a Mexican girl and an early Texas settler, as she gave readings typical of each group of people. "A Tribute to Texas," Miss Mathews' last number, was an original composition, and attendants say that it was indeed beautiful. She was dressed in a lovely black chiffon evening dress to give the tribute. Miss Ansley was attired in an evening dress of turquoise blue crepe.

Irish lace covers were used on both dining table and buffet. The table centerpiece was a small flag stand holding the six flags of Texas, with bouquets of red, white and blue carnations at each side. Bouquets of lovely spring flowers were on the buffet.

Mrs. W. M. Scott and Roy Howell poured coffee and tea from the silver services at each end of the table during the first hour, and Joanna Strayhorn and Mary Cunnitte, Twentieth Century Daughters, poured the last hour.

The plates contained open-face cheese sandwiches in the shape of Texas with "100" made with pimientos on the top. Lone Star cookies iced with white and decorated with bluebonnets and salted nuts.

Mrs. P. C. Chenault, who presided at the register, presented Texas Centennial buttons to each person present. Among out-of-town guests were: Miss Charline Ely, student in McMurry College, Abilene, and Mrs. J. J. Taylor of Lubbock, a former member of the host club.

Members of Twentieth Century Club in the house party were: Mmes. P. C. Chenault, W. J. Ely, W. H. Ware, J. E. LeMond, W. M. Scott, J. Nelson Dunn, B. M. West, H. J. Brice, C. E. Fish, Joe Strayhorn, Allen Warren, R. W. Cunningham, W. R. Lacey and Roy Howell.

Orval D. Dever Is Honored at Party.

Mrs. W. O. Dever of Bison community entertained with a birthday party in her home last Wednesday night, honoring Orval D. Dever. After several hours of enjoyment, the honoree was blindfolded and led into the yard, where he soon found the treasure—a box filled with birthday gifts.

Dinner was served to Misses Viola and Edith Mahoney, Sylvia, Sonny Sue and Nelda Jean Dever; and Messrs. Willie Lee and Alex Gillis, Orval and W. O. Dever.

It is easy to march in the Parade of Poets.

### Mrs. Max Brownfield Is Thursday Hostess.

"Texas Shrines and Traditions" was the subject for study at the meeting last Thursday of the Altrurian Daughters Club at the home of Mrs. Max Brownfield. Miss Dorothy Strayhorn was program director for the evening.

Mrs. Forest Wade gave a paper on "Historic Spots and Buildings," "Missions of Texas" was the subject for Miss Mattie Ross Cunningham's discussion; and Mrs. Joe Caton, club sponsor, told of "Historic Trees."

During a business meeting before the program, for which Mrs. P. W. Cloud, club president, presided, discussion of the Centennial convention for Seventh District, Texas Federation of Women's Clubs, in Lubbock March 30-31 and April 1, was heard.

Delegates from the club to the convention will probably be: Mmes. P. W. Cloud, Herman Doak, J. D. Scott and Joe Caton.

The hostess passed a dainty refreshment plate, in which she emphasized a St. Patrick's Day note, at the close of the program to Mrs. J. W. Scott and Allene Curry, guests, and to the following club members: Kenneth Alexander, Mattie Ross Cunningham, Gwen Gray, Margaret Dell Prim, Dorothy Strayhorn, Marie Casey, Bonnie Miller and Mmes. Joe Caton, P. W. Cloud, H. S. Darby, Fla Joyce, J. D. Scott, E. E. Spears, J. P. Strayhorn, Forest Wade and Charles B. Shell.

Euzelian S. S. Class In Regular Meeting.

Seventeen members answered the roll call with scriptures on prayer, and Mrs. R. S. Sullivan told an interesting story of "The Lost Bible."

Mmes. Newt Hargrove, T. J. Teter and R. D. Reed assisted Mrs. Cunningham in passing a dainty refreshment plate of sandwiches, cake and coffee to Mrs. H. E. Rosser, a guest, and Mmes. J. E. LeMond, E. E. Weathersbee, H. H. Eiland, M. M. Gideon, Marion Newton, G. L. Burt, W. H. Ware, Jim Nipp, R. S. Sullivan, E. M. Inman, Ella Nelson and G. H. Leath, members of the class.

Ride Mississippi Boats. Visitors to the Texas Centennial Exposition opening in Dallas June 6 will be able to ride on reproductions of famous Mississippi steam boats which will be used on one of the lagoons.

St. Patrick's Motif Emphasized Friday. Mrs. W. E. Doak carried out a pretty St. Patrick's motif in appointments and refreshments Friday afternoon, when she was hostess to El Feliz at her home.

At the close of interesting forty-two games, a lovely salad course was passed to Mmes. R. D. English, J. P. Avary, H. P. Brown, W. W. Smith, A. D. Erwin and Herman Doak, guests; and Mmes. W. M. Scott, Joe Strayhorn, C. P. Sentell, Noa B. Sisk, Frank Farmer, Wade Winston, Grady Shryles, Sidney Johnson, Earl H. Louder, H. L. Vann and W. W. McCarty, members.

Next meeting of the club will be with Mrs. W. J. Ely, Friday, March 27.

"Cavalcade of Texas." The most elaborate and expensive dramatic production ever staged in the Southwest will be produced at the Texas Centennial Exposition opening in Dallas, June 6. It is "Cavalcade of Texas," will cost \$150,000, have a cast of 500 and be played on a stage 300 feet wide and 250 feet deep.

Alabama, Georgia, Minnesota, Tennessee and Texas have counties named for General Sam Houston, Lone Star State hero who will be honored during the 1936 Centennial celebrations.

### Sam Houston's "Man" Gets Job

"Uncle Ro' Adams, once body servant to General Sam Houston, was 100 years old March 2, 1936, the day Texas, where Gen. Houston ever will be a historic figure, celebrates its one hundredth year of independence from Mexico. "Uncle Ro' is shown above as William A. Webb, manager of the Texas Centennial Exposition, assures him he will have an Exposition job."

Rare Pigeon Display. The Torcya pigeon, now almost extinct, will be displayed at the Texas Centennial Exposition opening in Dallas June 6. Ornithologists claim this red billed bird is one of the rarest in America. Flocks of thousands were common in the Southwest a hundred years ago.

West Texas Artists Are Studied by Guild. Art Guild members met at the home of Ila Bee Mitchell Tuesday evening. Effie McLeod was leader for the program.

A report on "Platkin and Other West Texas Artists" was given by Saxton West Lee, and an interesting review of a Texas novel, entitled "The Chicken Wagon Family" by Barry Benfield, was by Velma Sharp.

After the program a salad plate was passed to Thelma Leslie, a guest, and the following club members: Bonnie Gary, Saxton West Lee, Raylene Smith, Omah Ryan, Effie McLeod, Velma Sharp, Alta Bowers, Violet Bradbury, Mary Ruth Spears, Leah Smith, Grace King and Katherine Northcutt.

Raylene Smith will be hostess to the club at its next regular meeting, March 31. Members will work on the club scrap book at the meeting.

### To Attend District Meeting in Lubbock.

Letters of invitation to Seventh District executive board members to attend a pre-convention meeting at Seaman Hall, Lubbock, March 29, at 5:00 o'clock, have been received by board members here.

Supper will be served at 6:00 o'clock, and Mrs. W. P. Avriett of Lamesa, Seventh District president, will conduct a business meeting later in the evening.

Centennial convention of Seventh District, Texas Federation of Women's Clubs, will be held in Lubbock March 30-31 and April 1.

Local women receiving invitations to the board meeting are: Mrs. H. G. Towle, district program chairman; Mrs. O. P. Thrane, chairman federation pin; Mrs. J. D. Scott, mothercraft; Mrs. Joe Caton, junior membership; Mrs. H. J. Brice, Centennial seals; Mrs. Wayne Boren, literature; and Mrs. P. C. Chenault, Bible literature.

I've noticed that in order to get in on a "sure thing" you have to pay cash on the spot.

### IMPORTANT NOTICE...

"We Do Not Write Poetry About Spring!"

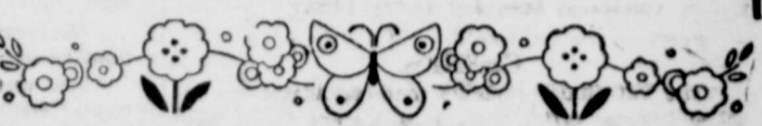

Don't get us wrong. We like babbling brooks... in fact, we're simply crazy about 'em! We thrill the sight of a lark on the wing. We love the wee, budding shoots of happy flowers. Fleecy, sun-kissed clouds are our delight... and the tender, innocent beauty of lambs gamboling on the green can move us to tears of fervent joy. (Not bad, eh?) But Poetry doesn't go with us. We express ourselves differently.

### WE ARE BUSINESS MEN!

And when Spring draws near we show our love for mankind not with odes, or sonnets, or bursts of free verse, but with VALUES! On men's fashions, women's fashions, slips, hosiery, shirts, white goods, and a lot of other things that you'll be reading about, if you watch our ads. It's extra money in your pocket... and let's save the poetry for some other time.

THE WEEKLY DOZEN

The American Thing to Do. Henry Ford, auto maker: "We are not willing to saddle America with the European fallacies and failures."

Weekly Rooseveltism. President Roosevelt: "The qualities of a true education remain what they were when Washington insisted upon its importance. First among these qualities is a sense of fair play among men."

Candidates. The Pathfinder explains that candidates are so-called because office seekers in ancient Rome wore white togas, the Latin for white being candidus, and the white toga signifying the candidate's purity of purpose in soliciting the suffrage of the people. "But candidates don't wear white togas today!" exclaims the Washington magazine.

Relics. One Times reader, learning last week that relics of past generations are wanted for the Snyder-Scurry Centennial celebration here April 21, suggests: One girlish blush, one dose of neighborliness, a pair of ladies' cotton stockings, a 1935 model car, and a newly married couple that actually believes they can get along without help from Pa and Ma.

Scurry Boys Make the Grade. Scurry County is making the grade not only as a producer of fine livestock and sheep, but as a producer of a new generation of stockmen. Texas Tech judging teams prove it. The livestock team that is appearing at the Fat Stock Show includes Hood Hills of Fluvanna. The dairy team includes Billie Mitchell of Snyder. Congratulations to both these Scurry judgers.

Food for Hungry Kiddies. Hungry kiddies in Snyder Grammar School are getting plenty of staple food, thanks to relief aid, but sugar and other seasoning, green stuff, and so forth, is needed. If you have a dollar or two or three that you could spare, or if you have any amount, why not call the school today, and tell the superintendent that you will help relieve the hunger pangs of youngsters who are more unfortunate than yours?

The Senatorial Race. Now that Harry Tom King, virtual leader of West Texas Ferguson forces, is a candidate for the State Senate to succeed Wilbourne B. Collier, there is little likelihood that any other potential candidate will have the nerve to announce. These two strategists are as strong as horse radish: Collier is a brilliant young senator who has made an enviable record, King as a Ferguson ramrod and as an orator of the old school.

Congratulations, Leon. Leon Guinn, Times staff writer for several years, and contributor to other publications, has been named to a responsible position in connection with compiling information for the American Guide Book. He is to be congratulated. During the depression, instead of following the give-up attitude of many young men, he studied and read and wrote and labored. As a consequence, he is better equipped to meet any opportunity offered by an increasingly prosperous future.

The Shelterbelt Job. The shelterbelt job undertaken by the government will cost \$75,000,000 and run two years. To date, 5,000,000 trees have been planted in North Dakota, South Dakota, Nebraska, Oklahoma and Texas, and more than 50,000,000 more trees are in nurseries for planting this spring, next fall and the following year. Unfortunately, Scurry and other counties of this area were omitted from the first-year planting, but there is a strong hope that the southernmost counties in the nation-splitting belt will be included next year.

Give Conoco Credit. Give credit to the Continental Oil Company, whose Conoco products are rapidly extending their hold on motorists throughout the country, for pioneering in a field of helpfulness that is giving traveling a new zest. For several years their travel bureau has helped hundreds of thousands of motorists to plan interesting, picturesque trips. Their giant advertising program, centering year after year around space in newspapers, large and small, must be given credit for the tremendous growth in popularity not only of their products but of their travel bureau.

The Chronology of Sugar. In the annual report of the American Sugar Refining Company, just issued, is a sugar chronology for 1935. One item in the chronology reads: "Jan. 24. Refined sugar exports by U. S. during 1935 amounted to 102,331 tons, against 122,413 tons in 1934." This loss of about 20,000 tons in sugar exports is reflected in the sugar you ate on your cereal this morning, for loss of exports for any industry usually means a new high price for that commodity when it reaches you. One grain of sugar (or anything else you use, for that matter) makes the whole world kin.

Tech vs. Hardin-Simmons. The controversy that has been waged recently concerning a Texas Tech-Hardin-Simmons Centennial football game at Dallas seems to have been settled by the last paragraph of a news article received from Tech this week. "Tech officials have not considered a contract with Hardin-Simmons," reads the unvarnished statement. No reason given. No apologies made. Not even a hint that the contract was not considered because Tech has a vague and history-ridden fear that little Hardin-Simmons might whip the big bad Matadors. As we said, Tech officials have not considered a contract with Hardin-Simmons.

Scurry County's Tax Rate.

Figures in the March issue of the Texas Tax Journal reveal that only 41 counties in the state have a higher tax rate than Scurry. Three counties have the same rate, \$1.20 per \$100 valuation, as Scurry County. That leaves 210 counties with a lower rate than Scurry.

The first question Mr. Taxpayer should ask is this: "Why does Scurry County, with average resources and average development, have such a high rate?"

Observant taxpayers who have been here a number of years have the answer. The answer is simple: County officials and county citizens used poor judgment "back in the good old days" when money was free and hopes were high. During the twenties most officials forgot the meaning of economy. Most citizens voted for any bond issue that came along and for any candidate who had plenty of vague promises.

To put the matter plainly, all of us went pretty wild as we rode the wave of prosperity, and we forgot that a pay day was coming. Your first thought might be, as you attempt to defend the county's spending spree and consequent high tax rate, that it is a comparatively new county and that old East Texas counties have been able to reduce their rates much lower because they are older. But the facts do not bear out such an opinion. True, Fisher County, our neighbor to the east, has the highest tax rate in the state, \$2.32, and Cottle County, on the Plains, is next, with \$1.93. But just a shade behind these comparatively new West Texas counties are Liberty, Duval, Trinity and Delta Counties.

Your next defense thought might be that we are better off than many other counties. While this is true, it might be well to consider these five low-figure counties and their rates: Roberts, 25 cents; Caldwell, 40 cents; Austin, 42 cents; Kendall, 42 cents; Fayette, 43 cents. And it might be well to consider that Mitchell County, to our south, has a rate of only 80 cents, that Nolan County, to our southeast, has a rate of only 50 cents, that Garza County, to our northwest, has a rate of 85 cents, and that Jones County, outstanding in West Texas farm annals, has a rate of only 60 cents.

The whole county tax matter, in terms of the past, boils down largely to the proposition of whether we elected far-sighted or short-sighted officials back in the twenties. Thanks to a few far-sighted county officials of recent years, the county's financial condition has been remarkably improved. The heaviest burden, by far, is the indebtedness evolved in the boom days, not the expense of running the county government today. The best of officials, therefore, probably cannot reduce the county tax rate now, but some of them can and are hastening reduction by following sensible, business-like plans and methods.

It is up to the county voters this year to investigate the financial records of their county officials. Some officials are money-wise. Some are money-foolish. Some of them are penny-wise and pound-foolish, using economy as a shield instead of as a weapon for battering down county expenses.

Ask Mr. Candidate, if he is in office, what he has done to place the county's financial condition on a sounder basis. Ask Mr. Candidate, if he is outside looking in, what he proposes to do, definitely and as quickly as possible, to help make county government saner and less expensive.

EDITORIAL OF THE WEEK

YOUTH.

It is not a time of life; it is a stage of mind. It is not a matter of red cheeks, red lips, and supple knees; it is a temper of the will, a quality of the imagination, a vigor of the emotions. It is the freshness of the deep springs of life.

Nobody grows old by merely living a number of years. People grow old by deserting their ideas.

Years wrinkle the skin; but to give up your enthusiasm wrinkles the soul.

Whether 60 or 16, there is in every human being's heart the lure of wonder, the sweet amazement at the stars and at starlike things and thoughts, the undaunted challenge of events, the unfeeling, child-like appetite for what next, and the joy of the game of living. You are as young as your self-confidence, as old as your fear, as young as your hope, as old as your despair.

In the central place of your heart is an evergreen tree; its name is Love. So long as it flourishes you are young. When it dies you are old. In the central place of your heart is a wireless station; so long as it receives messages of beauty, hope, cheer, grandeur, courage and power from God and from your fellow men, so long you are young.—Selected.

Name of Borden, Gracing County West of Scurry, Figures in History

Texas and New Jersey share the famous Borden family history, according to research experts of the Texas Centennial Exposition.

In Texas there is Borden County, named by the Legislature of this state for Gail Borden, one of the outstanding statesmen of Texas 100 years ago. The county seat of this county immediately to the west of Scurry County is named Gail.

There is also a Borden, Texas, the little town where Gail Borden died, January 11, 1874. In New Jersey, near Trenton, is Bordentown, the little city named for its founders when they fled from religious persecution in France and came to America. They changed their name from "Bourden" to Borden, became otherwise thoroughly Americanized and began at once to put their imprint on the history of the new country.

Known Elsewhere. Throughout the rest of the United States, the name of Gail Borden stands for condensed milk. Borden, however, did not invent the process that made him commercially famous until he was 50 years old and did not make a commercial success of it until he was 60. Long before this time, Gail Borden had made his mark in Texas. He was the first newspaper editor of Texas, founding and editing the Telegraph and Texas Register in the little town of San Felipe. It is as a pioneer newspaperman and statesman Texas remembers him. As such, his name will be honored when the \$25,000,000 Texas Centennial Exposition opens in Dallas on June 6.

at the seat of government of Texas in four locations, moving as the capital city was moved. The capital of Texas seemed to have had difficulty settling down to any one city. From San Felipe, the government moved to Harrisburg. The Mexicans invaded, tore up Borden's print shop, threw the press into the Buffalo Bayou, and sacked the town.

Borden Starts Over. In order to start over, Borden had to mortgage his Texas property to make a trip to Cincinnati and buy a new hand press and some type. But he started the Telegraph again, this time at Columbia, the new capital city.

When the capital was moved to Houston, the Telegraph went along with it, for this first newspaper continued to be the voice of the government in its various phases and locations.

The Telegraph changed hands in 1837 when Gail Borden was appointed first collector of the port of Galveston. Bordentown, New Jersey, and Texas' Gail and Borden are not the only towns named for this family. It seems that wherever a Borden went in the early days he left his mark in the name of a community. There are some 12 "Borden" towns in as many states today.

ON TEXAS FARMS

By Minnie Fisher Cunningham, Extension Service Editor

Supplies of seed of grasses and legumes are greater this year than ever before in the nation's history. This contrasts sharply with the scarcity of 1934.

It is a good thing that there are plenty of these seeds available because putting land into pasture and meadow crops is becoming more and more popular these days.

Some of the more scientific folk are even becoming particular about inoculating the legume seeds they plant. It pays, too.

Dr. J. F. Cox, chief of the replacement crops section of the AAA, says there is a sufficient supply of blue grass seed and of red top seed to plant several times the usual acreage.

The available supply of timothy seed is larger than ever before recorded.

Fairly large supplies, in excess of normal usage, are reported for orchard grass, rye grass and meadow fescue.

The feed supply of bromegrass and crested wheat grass adapted to western and northwestern conditions, is greatly increased over last year.

Security Developed Thru Banking

In a home, in a firmly established business, in the security that any type of ownership brings, man finds his greatest happiness.

In providing the means for the enjoyment of this security, in advice concerning its adaptation to individual needs, a bank realizes one of its most satisfying functions. Your problems in this field are always welcomed.

BRUCE BARTON

—Ceaseless hammering on the same spot helps win prize fights—it is the essence of advertising success. Not until enough individuals in the same neighborhood have been sufficiently saturated with a certain slogan, say, to cause them to react on one another does advertising become a social phenomenon.

—The Modern Business Man realizes that his best customers wear out at a rate of nearly three per cent a year. Advertising-made prospects disappear far faster. Casual impressions, however favorable, dry like dew in the heat of competition.

—"Cumulative" effects of advertising come not from one advertisement paving the way for another. This is negligible, to say the least. Cumulative effect, on the contrary, comes from salvaging as customers half-finished prospects.

—Each advertiser is in much the same plight. If he quits successful, he loses money. If he quits unsuccessful, he tosses away an equity in public recognition far more valuable than the money: So many thousand partly manufactured customers. The second group are spending as little money as they can and still keep their names before the public. They believe themselves wise spenders because they spend so very cautiously—or perhaps reluctantly is a better word—the bald truth is that these reluctant spenders are, as a class, the real over-spenders in advertising.

The seniors of last semester have added the following books to our library: "Early Times in Texas," by J. C. Duval; "The Evolution of the State" or "Recollection of Old Texas Days," by Noah Smithwick; "Cos-ty Boy Songs and Other Frontier Bal-lads," by John A. Lomax; "A Sur-vey of Texas Literature," by Leon-idas Warren Payne Jr.; "The Mexi-can Side of the Texas Revolution," by C. E. Castaneda; "Industrialized Texas" by John W. Pirtle; "Art and Artists of Texas" by Esse Forrester O'Brien.

**HISTORY'S BOSS**

Frank N. Watson, as director of promotion, has the task of informing the public Texas Centennial Exposition will be in Dallas June 6 to November 29. Apparently it is a task already well done for travel agencies set attendance at 12,000,000.

**Volley Ball Squads Win Most of Games**

Last Tuesday the boys' and girls' volley ball teams went to Ft. Worth, where they were victorious over the B. Sons. On Thursday Dunn came to Snyder and was defeated by the first team, but won from the second team.

Tuesday, March 10, the boys and girls and faculty members played at Ft. Worth. The faculty's team is composed of: Fred P. Rattan, W. P. Cox, W. W. Hill, R. S. Sullivan, W. H. Calloway, K. J. Sides and Hadley Reeve. All Snyder teams won.

The French embassy at Austin, site of the University Centennial exposition, is the only building ever constructed on American soil by a foreign government.

**Junior Baseballers Win Trio of Games**

The junior baseball team, sponsored by Mr. Cox, defeated three opponents last week.

On Tuesday it defeated Crowder at Crowder with a score of 35-1. On Tuesday, the team went to Ft. Worth and defeated the Bisons 3-1. On the same afternoon Mr. Calloway's grammar school boys went to Ft. Worth and were defeated 9-1.

The juniors have not lost a game this season, and Mr. Cox is looking forward to a successful year.

**Postage Stamp Display.**

The most complete collection of United States postage stamps ever displayed will be exhibited at the Federal building of the Texas Centennial Exposition in Dallas. It will be part of the post office department's exhibit and is valued at over a million dollars.

Fly: "They say that money talks." Willhide: "Then I certainly have had an impediment in my speech for a long time."

Mabel: "Do you think it is right to kiss a boy friend goodnight?" Marie: "It is if there isn't any other way to get rid of him."

**SPRING COURT TERM MONDAY**

Several criminal cases and an average run of civil cases are on the docket of the district court, for which the spring term will open Monday morning. Only one criminal case was tried at the last term.

Judge A. S. Mauzey and District Attorney George W. Outlaw are planning to have a full week with the grand jury and minor cases.

Following is the grand jury panel: N. W. Autry, W. R. Bell, W. A. Wade, H. C. Flournoy, W. P. Sims, C. E. Eastman, J. N. Beasley, C. M. Wellborn, H. M. Murphy, Perry Echols, O. H. Holladay, J. E. Han-son, W. W. Linecum, D. P. Am-mons, H. C. Campbell and J. O. Leach.

Hubby: "Do you think there is anything in heredity?" Wifey: "There must be. Junior has all the bad traits his father has."

Minister: "So you want to be an aviator. Tell me why you have such an ambition." Tommy: "So I can fly over the schoolhouse and drop bricks on it."

TEXAS ELECTRIC SERVICE COMPANY  
I. E. BLAKEY, Manager

**Chief Figure in Recent Manhunt Leaves for Pen**

Truman Cannon, who was convicted in 32nd district court at Sweetwater January 21 on a charge of robbery, and given a five-year sentence, started his trip to the penitentiary last week. He left Sweetwater in custody of Bud Russell, veteran transfer agent. Cannon, former liquor salesman for a Big Spring drug house, was the object of a widespread search in West Texas between last December 19 and mid-January of this year, when he re-appeared in Sweetwater. The search was launched after his automobile, marked with bullets and stained with blood, had been found abandoned near Snyder. It was first believed he had been robbed and slain. Cannon upon his return said he was held up the night of December 19, when he was carrying between \$500 and \$600 p.d. to him by customers to whom he had delivered goods, and that he remembered nothing more distinctly until he was picked up by an officer in Brownwood nearly a month later.

At the time of his disappearance, he was under bond in the robbery case which resulted in his conviction.

He was indicted in connection with the theft of an automobile from C. A. Ragan, last August 7, near Sweetwater. Ragan testified he was forced from his car by Cannon, who followed him in a taxicab and fired at his machine.

**Duncan Says Texas Electric Seeking to Save Flood Control**

"A suit filed in Washington last week to restrain Secretary Ickes and other defendants from making certain expenditures on the Brazos and Colorado Rivers was filed for the purpose of preventing development projects for these rivers from being carried out as hydro-electric projects whose natural operation would be such as to defeat the flood control program which the people of Texas have so generally expected on these two rivers," said A. J. Duncan, president and general manager of the Texas Electric Service Company, in commenting on the suit.

The government-sponsored project would effect a considerable portion of the Scurry County watershed that drains into the Brazos and Colorado Rivers.

"Our company is and has been very much in favor of flood control and irrigation on these two rivers, but obviously the present designs of the federal government agencies dominating these developments will, if carried out, greatly restrict if not entirely thwart the flood control of these streams," said Duncan.

**Midway Sensation.**

"Beauty and the Beast" will be a midway sensation of the Texas Centennial Exposition opening in Dallas, June 6, according to showmen. It is an attraction imported from Europe featuring a nearly nude dancer performing in a cage of lions.

### CHORAL CLUBS WILL PERFORM

One of the county's most attractive singing programs is being arranged for Thursday evening, March 26, when choral clubs from all parts of the county will compete in the county's first mass contest.

This contest program will be supplemented by singing of Texas and typical range songs by the entire group.

Morgan Layfield of Hermleigh, choral singing director, urges school patrons and others to make plans to attend the giant sing-song. Admission prices of 10 and 20 cents will help defray expenses of Inter-scholastic League events.

#### Capitol Built in Exchange.

The Texas state capitol in Austin, attraction for many Centennial year visitors, was built for the state in exchange for 3,000,000 acres of public land which were converted into the XIT Ranch, at one time the largest ranch in the world.

Nick: "My car has a 100 horsepower motor in it."  
George: "You mean 100 horsepower, don't you?"

Nick: "No, I don't. It always balks when I'm in the biggest hurry."

During the rush hour in a downtown cafeteria a meek little man left his seat at the crowded table to get a second cup of coffee. When he returned he found a great hulking brute in his place.

"No," growled the bigger man in response to the timid request. "I won't give you this seat until I am through eating."

"Very well," agreed the smaller man "but I don't suppose you would mind giving me my slab of pie you are sitting on?"

Weidon Alexander, senior student in Baylor University, Waco, made a between-terms visit with his parents, Mr. and Mrs. A. C. Alexander, and friends here from Wednesday until Sunday.

The Texas pecan crop exceeds one million dollars in value annually. The pecan will be featured in many Centennial year fairs and exhibitions.

### New Chevrolet Truck on Economy-Safety Run

Carrying a 10,000-lb. cement block from Los Angeles to New York, a 1 1/2-ton Chevrolet truck—one of the new 1936 models just introduced—demonstrated that safe driving means economy. Speed limits were observed in every community, with 35 m.p.h. the maximum on the open road. The 3511.4 miles were completed on two quarts of oil and 306.6 gallons of gasoline, at a cost of 0.46 cents per mile, or one-third of a cent per ton mile. The entire run was completed without any mechanical failure, repairs, or even a scratched fender. The illustrations show the test truck and features of the new 1936 models. Coupe type cabs with solid steel roof, full-floating rear axle, and full-length water jackets, are some of the improvements. In the lower right, Harry Hartz, who drove the cross-continent test, is seen beside the 10,000-lb. block. The test was officially observed by the American Automobile Association.

### Locals Urged to Welcome Visitors With New Beauty

Snyder citizens are being urged, along with all other citizens of the state, to prepare for Centennial visitors by beautifying their yards, premises, homes and highways. Members of the county highway beautification committee are working especially toward beautification of highway approaches. In this connection, the following suggestions are being made by Mrs. John Dressen, Abilene Division chairman of the citizens' organization for highway beautification.

Have our filling stations attractive and in good shape, the dumping grounds gone from sight, city and town entrances cleaned up and beautified, the junk yards removed to side streets or well fenced, or screened by hedges, all public buildings in neat repair with well kept landscaped grounds surrounding them.

"Especially do we appeal to the housewife and the school children to burn all waste paper so that it will not blow about to mar the beauty of our landscape," says Mrs. Dressen. "Also we are asking the citizenship of Texas to help us preserve all flowers, shrubs and trees on our highways.

"Let's remove the unsightly 'boot-leg' sign boards hanging on the citizens' fence lines just off the state highway right-of-ways, or nailed to trees, injuring them, to have the rural homes cleaned up and beautified, perhaps build attractive gate entrances from the highways to their property with the name of the place on the entrance, to see that all historic spots are beautified and marked.

"Last, but not least, to place many wayside parks along the highways that the tourist may draw aside from the traffic and rest, or perhaps prepare a meal and enjoy our Texas weather and landscape. When we have accomplished these things our state will be a comfortable, interesting and a beautiful place in which to travel.

"But this cannot be accomplished without your cooperation. This is your state, and I know you will want to have a part in this great work. Our slogan, 'Clear Away All Unsightliness in Texas,' should be talked in our schools and every group in the state. Articles in our newspapers every week for the next few months, until the citizenship of Texas has become beautification conscious, would help.

"Native seeds and plant cost little and what could be more attractive on our rural school and church grounds than groups of native cedars, Spanish dagger, summache, wild plum, and agave, with a planting of blue bonnet, purple plum and other wild flower seed."

#### Texas Is Large.

Texans, celebrating 100 years of independence this year with the Centennial, may boast that the Lone Star State comprises one-twelfth of the area of the entire United States. Texas is larger by 8,000 square miles than France. Russia is the only European country with an area larger than Texas.

#### The Finest "Farm House."

The world famous King Ranch, with headquarters at Kingsville, one of the Centennial celebration cities, is larger than the state of Delaware. The Santa Gertrudis ranch house on the ranch is called the finest "farm house" in the world.

"There is another married man," said the girl at the candy counter. "What makes you think so?" asked the next customer in line. "He used to buy a two-pound box of candy once a week and now he buys a one-pound box twice a year."

#### CONDUCTOR

Ludwig William Hebestreit, noted guest conductor, will be presented in a concert by the Tiger Band, under direction of Fred F. Ratten, in Snyder High School auditorium at 8:00 o'clock Tuesday evening, March 24. The band fund will be the beneficiary. The conductor will also be presented in a special children's matinee.

Vernon Stocomb and R. J. Allen attended the Fat Stock Show, Fort Worth, over the week-end.

### Story of Famous Bean Drawing Is Enacted by Boys

One of the most famous stories that came out of Texas' battle for independence was enacted at the Lions Club Tuesday at noon by 30 grammar school boys under direction of W. H. Calloway. It was the "black bean" episode, in which 10 out of 176 captured Texans lost their lives before a Mexican firing squad.

The story was enacted from the time the Texans, heavily chained, came before the Mexican commander, through the drawing of the beans, and finally, through the firing squad scene, in which the prisoners' request that they be shot to their faces was granted.

A quartet of high school girls sang "Texas, Out Texas" to introduce the Texas program. T. J. Teter was pianist.

The club's active membership list was increased to 47, when Alfred McGlaun was unanimously voted to membership.

A committee was appointed for drawing up resolutions of respect in the death of I. W. Boren, father of a Lion, Wayne Boren.

J. D. Scott made a report of the trip made by nine members to the zone meeting at Big Spring Friday.

Answering C. Wedgeworth's appeal for help in feeding undernourished children at the school, a committee was named to work with him.

Frank Farmer, first vice president, was in the chair in the absence of President John E. Sentell.

### GET SUBSIDIES URGES AGENT

All farmers are urged by the county agent's office to sign their applications for subsidy payments at once. No requirement for signing the 1936 crop program is connected with signing these applications. The farmer is simply given an opportunity to get a bounty on the cotton he has already sold.

Several farmers and ranchers heard R. R. Reppert of the Extension Service give suggestions here Friday for controlling the screw worm fly.

No details of the new crop program have been received by the county agent, but official word is expected next week.

### Guinn Appointed Field Continuity Editor for WPA

John B. Griffin, supervisor for District 13, WPA writer's project, announced from Abilene today the appointment of Leon Guinn, staff writer for The Scurry County Times, as WPA field continuity editor of the American Guide Book for Scurry, Fisher and Kent Counties.

Known officially as the American Guide Book, completed work will make five volumes of 600 pages each, and according to Griffin, "It will be one of the most complete guide books ever published."

Volunteer consultants for Scurry County appointed by Guinn are: O. P. Thrane, J. W. Scott, W. R. Lane, Lewis R. Batley, Willard Jones and J. C. Smyth. Their position will be to supply data for Guide Book use.

Subjects covered by the Guide include: Archeology, topography, history and folklore, ethnography, flora and fauna, manufacturing, highways, industries, transportation, imports and exports, education and architecture.

Other than writing for The Times, Guinn has had considerable experience in journalism. An ex-staff writer for Western Flying, he is co-author with C. W. Oxend of data on "Costanum," a new non-ferrous metal perfected by R. E. L. Costan, Fort Worth metallurgist, and adopted in ground school instruction of navy pilots at the U. S. Naval Air Station, Pensacola, Florida. He contributes to the Southern Music News and other magazines.

Guinn graduated from Hobbs High School in 1931, being valedictorian of his class.

He will make his headquarters at Camp Springs. He is anxious to perfect the local organization of consultants and make headway on the project, which is nation-wide in scope.

Remember Battle of Velasco. Interesting Centennial year event in Texas will be the commemoration of the Battle of Velasco to be held at Freeport on May 14. The Battle of Velasco on June 22, 1832, was the first armed clash between the Texas colonists and the enemy.

### Father of Fluvanna Woman Succumbs

L. N. Hoag, 83, father of Mrs. C. F. Landrum, Fluvanna, died from influenza Wednesday evening at 6:00 o'clock, at the home of his daughter.

Funeral services will be held Friday afternoon, 2:00 o'clock, at the First Methodist Church, Carlisbad, New Mexico. Odum Funeral Home is carrying the body overland. Mrs. Landrum, one grandchild and one sister, Mrs. William Wright, Enid, Oklahoma, survive. Mr. Hoag had lived with his daughter only a year and a half, being a Carlisbad resident for 43 years before he came to this county.

### Wade's Station Adds New Battery Tester

### WINSTON BROS. CATTLE PLACE

Winston Brothers of Snyder placed six of the eight head of Herefords they took to the Fort Worth Fat Stock Show, according to Wednesday's Star-Telegram.

Rex Domino Jr. placed ninth among bulls calved January 1 to April 30, 1935. Winstons also placed ninth in the exhibit of three bulls of any age, owned by exhibitor. They placed eighth in the exhibit of two bulls, any age, bred and owned by exhibitor.

### Julian Capers Jr. Is Visitor Last Week

Julian Capers Jr. of Dallas, who writes the column called "Nobody's Business" in The Times each week, stopped in Snyder briefly recently. He was en route to the Amarillo stock show.

The well known publicist, who spends most of his time with politicians and where politicians hold forth, says state politics are warming up throughout Texas.

#### Wolcott Out for Track.

Fred Wolcott of Snyder, one of the brightest track stars ever produced by Snyder High School, is working out daily with the track squad at John Tarleton College, Stephenville, in preparation for the first meet of the season, to be held at the Fat Stock Show in Fort Worth March 21. Fred is said to be one of the most promising performers on the Tarleton squad. He is out for the dashes and high hurdles.

### BACK AGAIN!

Carveth Wells, famous explorer, author and radio star, who makes truth sound stranger than fiction, returned to the air Sunday, March 8, as featured entertainer on Continental Oil Company's new "Exploring America" series. Since his last Conoco broadcasts, Wells has explored Panama and Mexico, and traveled more than 100,000 miles in the United States, camping in his cabin-type trailer. Twenty stations are broadcasting his program each Sunday, including WFAA, KGNC, WGN and WKY.

### Hitler Upsets Europe.

Geneva, Switzerland—Into the lap of the League of Nations, still struggling with Italian sanctions, was thrown another threatening complication. Germany's swift military occupation of the Rhineland, forbidden by Versailles and Locarno treaties, drew sharp protest from France, gave apprehension in England. The League Council is summoned for Friday to consider what French Premier Sarraut characterizes "a brutal fact."

### New Deal Tightening.

Washington, D. C.—Civil executive employees of the government numbered 805,070 last January, a decrease of 10,769 from December, 1935. WPA Administrator Hopkins announced that 700,000 workers will be dropped by July 1, reducing the rolls to 3,000,000.

### EXTENSION EDITOR IS OPTIMISTIC ABOUT 1936 TEXAS AGRICULTURE

"Recently I drove from College Station to Dallas. The sky was cloudy, but a petulant wind snatched away the clouds from time to time and revealed vistas of blue shot with golden sunshine. A typical Texas spring day."

"Thus reads the first paragraph of observations written a few days ago by Minnie Fisher Cunningham, Extension Service editor. Her full observations carry much food for thought, not only because they are timely but because she is a farmer and landowner in her own right and because she made a decidedly inspiring call on Scurry County a few months ago. She continues:

"And on Texas farms along the highway, men prepared to 'pitch their crops' as our forefathers used to say in Texas 100 years ago."

"Reading in some old plantation account book you find that 'pitching the crops' was a serious business. It meant more than just planting the fields.

"It meant planning for the fam-

ily living—food for the families on the farm and feed for the needed animals. All the business we of today have in mind when we say a 'live-at-home program'.

"It meant all of that and even more because their planning included planning cash crops in relation to the needs of the family and the possibilities of the land.

"It was delightful to ride across the beautiful countryside and ponder on these things. But complete ease of mind was not possible because of a gentle blue smoke haze that enveloped the landscape.

"That smoke arose from countless piles of 'brush' and 'trash' being industriously 'cleaned up' by men who thought they did well.

"The cold relentless fact was that priceless humus was being destroyed and valuable land being condemned to starvation and erosion by those good men. That was sad because they knew not that they did wrong."

### Gas Mask Helps Prevent Serious Damage by Fire

Chief N. W. Autry credits the fire department's new gas mask, plus excellent work on the part of firemen, with saving the Towle Building and possibly other north side business houses from serious damage Friday afternoon.

The fire began in the double office of Com Ezell, PWA checker for the local gymnasium project, while Ezell was out. The gas mask enabled Melvin Newton to enter the smoking, blazing room and smother the flames before they spread to other parts of the building.

Smoke damage was reported in other rooms of the second floor, but water and fire damage was negligible outside the Ezell rooms.

H. V. Williams, city recorder, discovered the fire after smoke had filled the hall, and he rushed from his office partially overcome by smoke. Neoma Strayhorn, who teaches adult PWA classes in another office, and Dessie Parsons came down a ladder provided by the fire department.

Practically all office equipment was destroyed in the two rooms occupied by Ezell, but he saved a portion of his records.

Chief Autry was knocked to the floor and partially overcome by a dangling electric light wire when he went into the room after Newton had remained, without answering Autry's calls, too long for safety. He recovered from the shock in time to get to a window before

### WPA Reductions Slated In March On All Projects

Instructions to reduce the 120,482 persons now employed on Texas Works Progress Administration projects to 101,650 by March 31 and to 84,650 workers by May 31 were sent to district directors by State Administrator H. P. Drought this week.

Increased employment opportunities, growing seasonal employment demands, and the approach of the June 30 completion date for the Works Progress Administration program were given as the reason for the quota cut prescribed for Texas by federal authorities.

Issuing instructions to district directors, Administrator Drought said: "Happily, it is unnecessary for me to emphasize to any Texas district director that any choice between workers shall be on the basis of efficiency and relative need and that discrimination on any basis, personal, political or otherwise—will not be tolerated."

Betty: "Darling, I can hardly wait to see that dream of a hat you said your husband promised to buy."

Peggy: "You'll have to wait, my dear. That hat is still just a dream."

he was overcome with the dense smoke.

In appreciation of the firemen's work, Mayor H. G. Towle, owner of the building and occupant of the lower floor, gave the volunteer fire department a check for \$25.

### Laymen's League Is Organized by Men Of Christian Church

The men of the First Christian Church met Tuesday night at 8:00 o'clock in the basement of the church building and organized themselves into an organization to be known as the "Laymen's League of the First Christian Church."

This local unit is a part of a state-wide movement of the congregations of this brotherhood. It has as its purpose to have every man of the church present at the services each Lord's Day, and to interest men who are out of Christ in the church.

Bernie Miller was elected chairman of the organization, and Ray Hudson is secretary-treasurer.

The Laymen's League will meet each third Tuesday. Each meeting will have its devotional, as well as its business period. Once each quarter a portion of the meeting will be given to some type of recreation.

The Laymen's League of other congregations are doing great things for Christ and His church, and we are sure the same may be said soon of our own League.—Reporter.

### Now You Tell One.

Nothing new under the sun! Christopher Morley has discovered that Mark Twain said, "When he clawed your whiskers, and pulled your hair, and twisted your nose, you had to take it," away back in 1879, when he was addressing the veterans of the Army of the Tennessee. . . . A correspondent of The Saturday Review of Literature goes Mr. Morley one better when he points out that Samuel Pepys wrote in his diary in 1664, "The talk of the Dutch War is not so hot. . . ."

Riddler: "Do you think a man should confess all his thoughts and actions to his wife?"

P'ddler: "That would be a waste of time. She already knows all the thoughts, and her neighbors will tell her all his actions."

### Man Fined \$100 In County Court On Liquor Count

S. J. Burris of Big Spring was fined \$100 and costs in county court Tuesday on a charge of transporting liquor and of possessing liquor for the purpose of sale in a dry area. The liquor-filled truck he was alleged to have been driving through Snyder was stopped here early this month, and the charge was preferred.

R. B. Parsons, who was charged with Burris, was acquitted on Burris' testimony.

On the same day, C. W. (Chicken) Green was fined \$100 and costs on a charge of possession of liquor. A second case against him was dismissed. A case against Mrs. Green, alleging sale of liquor, was dismissed.

A nepotism charge against members of the Herleigh board of trustees was scheduled to be heard Wednesday, but was postponed until Tuesday, 10:00 p. m., because of illness of County Attorney R. W. Webb.

Several other county court cases are scheduled to be heard before Judge H. J. Brice this week.

### Policed By Texas Rangers.

Grounds of the Texas Centennial Exposition opening in Dallas June 6, will be policed by Texas Rangers, the oldest state constabulary force in the United States.

## MARCHES ON!

A 1926 model car popping along is certainly a true picture of a "has-been." Contrast it with the streamlined models of today. Compare its performance. It fades out of the picture . . . outmoded and obsolete.

And so it is with gas ranges. In their manufacture science and engineering have wrought advancements just as striking as in the automobile industry. Appearance, structural details and performance have been radically improved, creating a new standard in a cooking appliance. Without this modern cooking appliance no kitchen—no matter how modern its architecture and other appointments may be—can truthfully be called modern unless its range is a truly modern gas range!

### NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

As the smoke of skirmishing between the state and national Democratic organizations cleared away last week, political observers here credited Gov. Allred with another masterly bit of political strategy which has apparently won him the best spot on the national convention program—that of nominating his fellow-Texan, John Garner, for re-election to the vice presidency. These observers pointed out that Allred, rumored as a candidate some months ago against Sen. Morris Sheppard, let the rumor float about until he obtained certain things he wanted in Washington, then gracefully let it be known he wouldn't mind trading on the rumor and the result is Allred has made a fast friend out of Sheppard. Then, by letting the rumor that he wanted to head the Texas delegation to Philadelphia circulate over the state, he got Sen. Tom Connally rather excited, and as a result, Vice President Garner slipped Allred the fine spot of nominating Garner at the Philadelphia circus, to keep the peace. "Jimmy didn't have anything worth mentioning to trade with in either case," remarked one Austin political student, "but out-swapped Morris Sheppard and Tom Connally and neither of them is a chump. I'm glad Allred does politics instead of poker as an avocation—I play poker myself."

A favorable report from the house ways and means committee in the national Congress on an appropriation bill, which carried a provision for \$125,000,000 for federal contribution on a matching basis to state highway programs, marked a victory for the Texas Association of County Judges and Commissioners. Headed by Judge Garrett of Eastland, the association's committee, following its Dallas meeting, went to Washington and urged reversion of the road appropriation, threatened with omission this year in the president's budget message. They applied directly to Congressman Cannon of Missouri, sitting for Chairman Buchanan of Texas. The committee's action presages passage, and if so, Texas will receive \$7,500,000—its regular appropriation—to continue its main highway building program in 1936-37. This means \$15,000,000 worth of certain employment for needy labor in Texas, and many miles of permanent paved highways.

Boston publishers who tried to copyright the "Eyes of Texas," battle hymn of the university for two generations, poured oil on troubled waters by withdrawing all claim upon the sacred ballad, and leaving it the property of the university and the people of the state.

#### SENTIMENT TEST

This summer's elections may furnish the first test of public sentiment toward the unicameral, or one-house legislature plan, first fostered in the Texas legislature by Senator Nelson of Tahoka, as an increasing number of candidates for both houses have included the plan in their platforms, and will discuss it during their campaigns. The plan mustered more than 50 votes in the House during the special session last year, but was given scant hearing by the Senate. Lobbyists in Austin are greatly concerned over its reception by the people, because the plan offers promise of making the work of the lobbyists extremely difficult, since it eliminates entirely the "conference committee," in whose name many a job is handed taxpayers. Senator Nelson has been vigorously advocating the plan all over the state, speaking to women's clubs and other civic groups. The one-house legislature has been adopted by the people of Nebraska, and will go into effect there next year. Texas politicians are watching with keen interest to see how it works out there.

#### MORE HIGHWAYS.

Behind its schedule which calls for getting under contract all of a program of \$15,000,000 of regular federal aid projects, and about \$23,000,000 of emergency federal aid projects, the Texas Highway Commission this month is working nights to catch up. Two lettings for March already are scheduled, with probably a third late in the month, for a total of about six and a quarter million dollars. This schedule, High Commissioner Chairman Harry Hines believes, will go a long way toward putting the program back on the road to its goal. The delays, caused by federal work relief regulation difficulties, which have since been cleared up, seriously threatened Texas' greatest highway building program in history, for a while. This work, distributed throughout the state, should absorb a high percentage of available labor shortly, commission officials believe.

When Charley Bellinger, king-pin negro politician, and gambling operator of San Antonio, came into federal court on an income tax evasion charge recently, his lawyers were amazed at the complete knowledge the government attorneys displayed of Bellinger's business affairs. He was quickly convicted. Recently, it was learned how the government got its information. Several months before the negro "policy" king was indicted, a strange negro blew into San Antonio. He announced he was a "big shot" gambler from Chicago, and that he knew plenty about "numbers" or "policy," the favorite gambling game of negroes. He "muscled in" on a partnership with Bellinger, after threatening to open up his own rival "policy" game and "take into" Bellinger's complete confidence, handling the office end of the business. Within a month he had obtained copies of books and records

### Santa Fe Thinks Texas Promises Good 1936 Crops

A considerable acreage of listing and plowing has been done on the South Plains for grain and cotton crops, says the Santa Fe Railway agricultural report for March. The cotton acreage will be about what it was last year, thinks the railroad. Extreme cold weather in February hurt ranges in the Northwest, making necessary heavier stock feeding than usual. There has been enough feed. The outlook is for a good lamb and calf crop.

February snow in most counties in Northwest Texas put winter wheat in good condition, but almost immediately violent windstorms began to blow. Many fields were 50 per cent destroyed.

Thirty-five hundred acres of potatoes in the Wharton, Eagle Lake, Egypt and Glen Flora sections of Texas have been planted, a reduction of 1,000 acres under the planting last year, due to low prices. This may indicate a general decrease in acreage throughout the south.

Onion acreage has been reduced in the Farmersville-Garland district on account of too much rain. However, the opinion is expressed by growers that the onion acreage for the state as a whole will be slightly increased.

Fruits of various kinds apparently have escaped serious damage by inclement weather.

Tomato hot beds have been planted, and a general increase of the tomato acreage of the state is expected.

Increased acreages of sweet corn, green beans, spinach, lima beans, pinto beans, beets, peas and cucumbers are called for generally in contracts for plantings.

Shipments of turkey eggs started in the Brady territory last week and will be general by the middle of March.

### Erton Tate Makes 'A' Average at Tech

Erton Tate, a son of B. S. Tate, Snyder, made the fall honor roll at Texas Technological College, Lubbock, with an average of "A." The student, a former Scurry County teacher, will receive his bachelor's degree from the school in the spring.

Other county students making the honor roll, all with a grade of "B," are as follows: Miss Pelly Harpole, daughter of Mr. and Mrs. N. M. Harpole; Virginia Will, daughter of Mrs. A. D. Johnson; Robert Lind-say, Fluvanna; Annette Wasson, daughter of Mr. and Mrs. B. Wasson; Hermleigh; and John W. Sheehan, son of Mr. and Mrs. John R. Sheehan, Hermleigh.

Pete: "I see where a scientist has discovered that meat-eaters are twice as active as vegetarians."

Heinie: "I could have told him that. The way prices are they have to be if they want any meat to eat."

tions, and showing his huge profits, for years back. Then he quietly disappeared, and Bellinger was indicted. Later, it developed the negro was a special agent of the bureau of internal revenue, and had turned over all the documentary evidence to government prosecutors. It was the first recorded instance of the use of a negro undercover man in Texas by the federal government.

This correspondent visited 40 West Texas counties en route to the cattlemen's convention and talked with editors and ranchers from all sections in Amarillo. That country is hopeful this year, with fair cattle prices, herds and ranges in good shape, oil development going along steadily and good prospects of a wheat crop. Moisture in the Panhandle is 12 per cent more than last year, and dust storms have been lighter and less frequent than last year. Most Plains and Panhandle folks think the economic outlook is better than in several years.

West Texas has fought hard for political recognition, and it must solidify and retain its gains by unanimous support of its sons who prove themselves worthy of public trust, speakers at the testimonial dinner which 300 friends gave for Col. Ernest O. Thompson, chairman of the Texas Railroad Commission, in Amarillo, his home town, on the event of the cattlemen's gathering there. Gene Howe, the famous "Tactless Texan," editor of the Amarillo Globe-News, who presided as master of ceremonies wrote this comment in his newspaper: "A speaker at the banquet . . . urged 'utilization of the Panhandle' in support of Col. Thompson, and recognition of his valuable service to the state and to this region. The term used struck a responsive chord among the more than 300 persons present . . . The Panhandle has been gradually learning the value of moving as a unit in political campaigns. Without doubt, Col. Thompson will receive such unanimous support this year."

Although he meant "awe-inspiring," George Bernard Shaw, famous Irish wit, called this view of Grand Canyon "the most awful sight I ever viewed." When he was asked to name a peak, he promptly christened the mountain "Shawnee."

### Local Lions Attend Big Spring Meeting For Six Area Clubs

Nine local Lions were in Big Spring Friday night for a zone meeting at the Settles Hotel for Lions International members from Anson, Hamlin, Midland, Big Spring, Colorado and Snyder.

Fifty-five men from the six service clubs enjoyed a program that began with the benediction and ended with the invocation; that began with the dessert and ended with the cocktail course; that featured talks from representative clubmen and introductions afterward. This "backward" idea was carried out in keeping with the meeting date of Friday the thirteenth.

Entertainment consisted of two numbers by the high school choral club and an impromptu "jazzy" quartet by guests.

A suggestion by Rev. P. D. O'Brien of Colorado was embodied in a resolution that was unanimously passed. The resolution, addressed to the Texas board of governors, Lions International, suggested that the 2026 group go on record as favoring a special Lions Club booth at the central Centennial exposition in Dallas this year. The Colorado speaker suggested various means by which Lions Clubs could make their cities more attractive for Centennial visitors.

Enthusiastic reports were given by secretaries from the six towns. Snyder Lions Club was represented by J. D. Scott, Warren Dodson, G. B. Clark Jr., H. A. Lattimore, Jack Martin, J. R. Reeves, W. T. Hines, Secretary Herman Darby and J. C. Smyth, zone chairman.

She: "You had no business kissing me like that."

He: "That wasn't business. I assure you it was a pleasure."

"Pardon me, sir," said the hotel clerk. "Would you mind telling me your name?"

"My name?" snorted the new guest. "Can't you see where I signed the register?"

"Yes, sir," was the reply, "that's what aroused my curiosity."

### Cleaners, Dyers Given Details of Wool From Milk

Wool made from skimmed milk and silks streaked with cellophane were two innovations in the clothing field discussed in the West Texas Dyers and Cleaners Association meeting in Lubbock Monday by authorities at Texas Tech. Snyder was represented at the session by Joe Graham and Leonard Daugherty of Graham & Martin and by Jack Colwell.

Discussion of new things in the dyeing and cleaning field, and a complete tour of the Tech textile mill featured an afternoon short course that was enjoyed by 110 cleaners and dyers from a wide West Texas area. A comprehensive and more lengthy course is planned at Tech in May.

At the business session in the Hilton Hotel at 7:30 o'clock, the delegates learned that their association, organized only three months ago, has already served of great benefit in securing new knowledge of modern methods and in settling price and other disputes in various localities.

Among cleaners at the meeting was Dick Chambers of Pecos, former Snyder business man.

"This weather," said an old timer, "reminds me of the time I was in Alaska. It got so cold one night that the lamp flame froze."

"Yes, you low-down scoundrel," said another as he got to his feet, "I've been looking for you for 20 years. You broke that flame off and threw it out, right against my shack. Next day the flame melted and burned my shack down."

If you can laugh at yourself, there's hope.

### Highway Garage Is Cleaning Up Early

Workers are busy this week putting in a front drive-in from the Twenty-fifth Street entrance to the workshop of Highway Garage.

Ira Ivson, operator of the garage, is also having a general spring house-cleaning, and invites friends and patrons to visit his garage and see it in its new clothes.

America's foremost cotton port is located at Houston, one of the Texas Centennial cities, which is 50 miles inland from the sea.

### Says Day of Used Car Has Passed For Ford Dealer

"With Ford dealers the day of the 'used car' is gone," according to Earl Louder, local dealer. "You are now offered an exclusive new standard of automotive quality in R & G cars, which you may buy with as much confidence and assurance of satisfaction as a complete new automobile."

"This new term—R & G—stands for renewed and guaranteed. It means that each car offered under it must meet a rigid set of specifications as to mechanical condition and appearance. And the result is a product so fine that it can be sold with a written guarantee of 'satisfaction or your money back!'"

"Under this guarantee, you are the judge of the car's quality. After purchase you may drive it two days, and put it to any driving test you please. If it fails to measure up to your expectations in any way, you may return it to your Ford dealer's and have your money refunded in full, cheerfully and with no questions asked."

"In addition, you will receive a written service warranty as a further protection. This double guarantee removes the elements of doubt and uncertainty that have troubled buyers of used cars for years."

"Now you can know the facts before you buy. There is no need to rely on the opinion of someone else, or trust to verbal claims. You know what you're getting for your money when you select an R & G car or truck at your Ford dealer's."

Ruth: "I wonder when Arthur is going to propose. He's been going with me for nearly six months."

Elsie: "You'll have to wait six months more. He didn't propose to me for nearly a year."

### THIS WEEK IN TEXAS HISTORY

- 1801—Phillip Nolan was killed on March 21, following an attack with the Spaniards.
- 1836—Battle of Coleto on March 19-20. Colonel Fannin surrendered.
- 1848—Just before the terms of the treaty of Guadalupe-Hidalgo were made known in the United States, the Texas Legislature passed an act on March 13 creating Santa Fe County.
- 1861—On March 16 the Constitution of the state of Texas was so amended as to substitute "Confederate States" for "United States" wherever they occurred in the Constitution, and all officers were required to take a new oath in accordance with the changes.
- 1861—The Secession Convention passed an ordinance providing a military force for the state on March 18.

## CUTTING A LANE THROUGH THE DARK

Clearly, concisely, briefly The United States News presents the news of national affairs in departments: THE CONGRESS WEEK—what the House and Senate debate. THE PRESIDENT'S WEEK—the visitors he saw, and why—what he said and did. STATE OF THE UNION—a 5-minute swing around the country with the national news. THE POLITICAL WEEK—up-to-the-minute reports of all that the political leaders are doing and planning. WHAT THE PRESS OF THE NATION THINKS—offers a quick, interesting survey of public opinion, including percentage of press for and against on leading issues. THE TRENDS OF AMERICAN BUSINESS—a remarkably complete statement of business in one page. VOICE OF THE NEW DEAL—signed articles by administrative spokesmen. DAVID LAWRENCE critically appraises governmental WASHINGTON WHISPERS and TOMORROW—A LOOK AHEAD tells you what is going on back of the scenes to influence what will happen in the future.

## To Help You Keep Abreast of the Times

So much is happening every day in the world of government that affects your living, income and buying power. What is Congress doing? For what is money to be spent? How will they raise it? Who is to administer the spending? What does this business improvement mean? Will it continue? Why is there another side to so many questions? All this makes you ask yourself—"How can I keep abreast of the times, understand what events mean, discuss national affairs intelligently?"

## The United States News

Every week you find in The United States News a complete, accurate report of national affairs from Washington. News is grouped together in departments for your convenience. Simplified for quick reading. Connected for clearness and perspective. Authoritative, concise, usable. Here you find why it happened, what it means, and what is likely to happen next. The United States News is truly the news magazine of national affairs. Subscribe today! Congress is in session. A presidential campaign is warming up. Party platforms are to be written. More vital questions of national policy will be discussed this year than ever before. Be posted! Know the facts. Make your own decisions. Back them up with a clear-cut understanding of what is going on.

is any oil any different?

Different because it's alloyed

We don't mean one of those "talking point" differences. We mean a real difference. Alloying Germ Processed oil goes beyond refining and re-refining. After every harmful element is cleaned out, the patented Conoco Germ Processing element is scientifically put IN.

That's what brings you this alloyed oil, with its strange attachment for pistons, cylinders, and all other engine parts—including every known type of bearing. All these parts really become oil-plated!

This oil-plating is extra. It's a plus—added to the tougher, more slippery, heat-beating Germ Processed oil film. You've got this high-durability oil film, sliding on thoroughly oil-plated surfaces, and so you're that much farther from wear and noise.

You're facing hotter days and harder runs. Out with dirty winter oil! Only the Conoco man can change you—quickly—to Germ Processed, the alloyed oil. Continental Oil Company.

NEWS of the WEEK

HARD SLEDDING.

Washington, D. C.—The \$75,000,000 "shelter-belt" of trees from Texas to Canada to block mid-West dust storms, the \$40,000,000 tidewater project at Passamaquoddy, Me., and the \$140,000,000 trans-Gulf canal from the Atlantic to the Gulf, all seem to be in for hard sledding.

Largest Loan Since War.

Washington, D. C.—March financing by the treasury department calls for \$1,809,000,000, largest federal financing since the war. Only about a third of it, however, is "new money," the balance being for refunding purposes.

On Horns of Dilemma.

New York City—Brooklyn's St. George Hotel offered a 1936 automobile to the 2,000,000th patron of its big swimming pool.

King Breaks Tradition.

London, England—For centuries British monarchs have spoken of "my" kingdom, "my" beloved people. George V did it as recently as Christmas.

Star Dies in Poverty.

Naples, Italy—For nearly half a century music lovers thrilled to the voice of Antonio Scotti. After Caruso, he was the most popular member of New York's Metropolitan Opera.

Millionaire Drummer.

Palm Beach, Fla.—Celebrating his 87th birthday, Edward T. Catesbury, Philadelphia partner of J. P. Morgan, entertained 300 guests by performing on the snare-drum, which he learned to play as a Civil War drummer boy.

Cheaper Railroad Rates.

Washington, D. C.—With railroad opinion divided on its merits, the Interstate Commerce Commission orders all rail rates reduced from a maximum of 3.6 cents per mile (plus pullman surcharges) to 2 cents, and a flat 3 cents in pullmans.

Curb Hinted on Campaign.

New York City—Leaders of both political parties, planning a huge radio campaign on the 23,000,000 homes reachable over the air, are wondering just what significance they must place on warning of O. D. Young, founder of the Radio Corporation of America: "Freedom of speech for the man whose voice can be heard a few hundred feet is one thing. Freedom of speech for the man whose voice may be heard around the world is another."

Prehistoric Monsters.

People who believe that prehistoric monsters that once roamed Arica lands were peculiar to that part of the world will find reconstructions of the fossilized bones of huge elephants and saber toothed tigers at the Texas Centennial Exposition which opens in Dallas June 6. A million years ago they roved the Texas plains.

Pennsylvanian Has Auto Built in 1913

Hiram H. Dohner, 70, of Quenton, Lebanon County, Pennsylvania, was found to be the owner of the oldest Chevrolet licensed and in daily use in the United States in a contest conducted by Chevrolet Motor Company recently.

Dohner will be presented with the one millionth car built in 1935, a 1935 model, says D. P. Yoder, local Chevrolet dealer.

Mr. Dohner owns and drives Chevrolet No. 470, a 1913 Royal Mail roadster, which he purchased from a Chevrolet dealer in Lebanon. He has already received official notification from Chevrolet people, and will shortly drive his present 23-year old car to Detroit, where he will inspect Chevrolet factories and take delivery of his new 1935 model.

Dohner is a carpenter in Quenton, a hamlet in the valley of the Susquehanna, with a population of nearly 500 people.

District Sportsmen To Wildlife Meeting

Several sportsmen of District 13, Texas Wildlife Council, which includes Scurry County, will attend the Texas Wildlife Conference at Austin March 27-28, according to Dr. P. W. Malone of Big Spring, district director.

Speakers of national repute, including President J. N. Darling of the General Wildlife Federation, are scheduled to appear on the program. All persons interested in any phase of wildlife development are urged to attend the Austin meeting, says Dr. Malone.

Paisano Is Official.

The road-runner, or paisano, is official bird of the Texas Centennial Exposition opening in Dallas, June 6. It has been timed by motorists at running speeds of nearly fifty miles per hour. It is noted for its deadly enmity to rattlesnakes which it kills and eats.

Undeveloped Texas.

Despite the fact that Texas is one of the richest states in the Union, economists say it is only 15 per cent developed. The vast natural and agricultural resources of the Lone Star state will be displayed at the Texas Centennial Exposition opening in Dallas, June 6.

None Denied A Finer Service....

It cannot be questioned that preference for this establishment among families of this section through the years has brought unusual prestige to the name Odom's.

But even more significant is the fact that Odom's range of prices is so wide that services of refinement and beauty are invariably provided, regardless of the restriction of family budgets.
