COUNTY SCHOOL PROGRAMS ARE FEATURING MONTH-END

SOFTBALLERS START SEASON IN FIRST GEAR

Hermleigh, North Side, Pleasant Hill and East Side Take Opening Quartet of Games.

Scurry County's Softball League started its first season in high gear Monday and Tuesday nights. Hermleigh, North Side, Pleasant Hill and East Side took the opening games. No tilts were won by run-away scores. Fans are unanimous in saying that the league will be fast and furious when the boys get the feel of the lights and the softball.

Despite a stiff eastern breeze on Monday night, more than 100 fans watched both games. With slightly warmer weather Tuesday night, the crowd was about the same. Pleasant Hill's team was substituted for Ira's on the original schedule.

No Favorites Yet. Opening games failed to establish a fans' favorite to end the season in top position. The Lions showed up stronger than expected in the opening tilt to hold Hermleigh to a 5-7 score. The winning run was scored in the last inning, after two men were down. Hermleigh went into the seventh a run behind.

Playing in a regular softball game for the first time, Dunn lost to the North Side, 9 to 1, but they showed promise of better things to come.

Pleasant Hill showed plenty of ginger behind her fast-ball pitcher, Merritt, who held West Side to two hits Tuesday night and led his mates in a 5-4 win. Fred Jones allowed only three hits, but the visitors scored three runs in the third on a pair of errors.

East Side downed Fluvanna in the fourth game, 11 to 4, with a seven-run rally in the fifth against the hot visiting pitcher, Holden.

Friday Games Delayed. Friday games scheduled this week and next week were postponed until a later date on account of graduation exercises in larger schools of the county. Time for these games will be announced later.

Hermleigh will meet Dunn, and North Side will meet West Side in tonight's (Thursday) games.

All games shown on the first-half schedule on this page will be played as indicated, with the exception of the Friday night games this week and next week. First games begin at 8:00 o'clock. Second games about 9:00 o'clock. Seven innings is the official playing time. Most of the players are coming out in standard dress. All teams are expected to be fully outfitted within a few days.

Flash! Sears Store Has Thursday Rush

Business ran along just about as usual at the J. H. Sears & Company store last Thursday, but Forest Sears thought it was the biggest day in his business history.

And it was. Caroline Ann was the cause of it all. She arrived at 1:00 o'clock Thursday morning, a healthy eight-pounder who is reliably reported to have her papa's cantankerous disposition and her mother's brunette beauty.

All the family is doing quite well, thank you, except Forest, whose night hearing is undergoing strenuous changes.

TODAY'S TRAFFIC IP

Some 40,000 dead and at least one million injured in 1935! That's the record. Drive carefully!

Postmaster Seeking Snyder Cooperation For Summer Months

Postmaster Warren Dodson is anxious to give extra service to local post office patrons this summer, but he says it can only be done if folks are willing to cooperate with postal employees.

The office will continue to stay open each Saturday afternoon during the summer if patrons will be content not to expect "rushy" service, says the postmaster. This can be done only by overtime work, but Dodson says he is glad to give this service.

The office is short handed most of the summer because of the fact that most of the employees take their holidays during the hot months. It has been a custom in the past to close the office on Saturday afternoons during the summer.

Snyder's post office handled more than 30,000 first class letters during the month of April, outgoing mail alone, and incoming mail is even heavier.

Deadline Nears For Farmers to File Work Sheet

With the deadline near for farmers to fill out work sheets, which will give them an opportunity to participate in the government's 1936 soil conservation program, a number of probable signers have not yet made application, it was learned from the county agent's office this morning. Saturday of this week is the final date.

The agent points out again that farmers who fill out work sheets are in no way obligated to participate in the program. As far as the local office has learned, however, only those who sign up this week will have an opportunity to take part in the government's program of soil and crop conservation.

Under recent rulings, grain such as wheat, rye, oats, barley or small grain mixtures do not have to be followed by summer cover crops. Sorghum may be planted in rows, but it can be neither pastured nor harvested for hay. It must be left on the land.

Filling out the work sheet for 1936 crops is good crop insurance in case of drought, even if a farmer does not intend to follow the new plan immediately, says the agent's office.

Mission Revival at Snyder Tabernacle

Rev. J. T. Buchanan, Baptist minister, is preaching this week at a mission revival in the city tabernacle.

He states that people of all denominations and of no denomination are cordially invited to attend, and that he promises preaching of the full gospel.

Services are held at 9:00 o'clock each evening, with special song and prayer services preceding the sermon.

Dr. Shytles Called To Father's Bedside

Funeral services at Center City, Mills County, were in charge of Odum Funeral Home at 4:00 o'clock Wednesday afternoon. They were held at the Methodist Church, with the pastor officiating. Burial was in the Center City cemetery.

Survivors are four sons and two daughters, as follows: W. G., J. R., and R. J. of Sterling City, and C. S. of Goldthwaite; Mrs. J. A. Scrivner, Dermott, and Mrs. T. D. Lavelle, Pioneer.

INTEREST HIGH IN FORMING OF FOUR-H CLUBS

Membership Increasing Daily Under Direction of E. B. McLeroy, Assistant Agent.

Scurry County 4-H Club membership and interest is increasing daily, according to the county agent's office. E. B. McLeroy, assistant agent, will be in charge of the work in Scurry County.

Organization of clubs is complete at Plainview and Fluvanna, with additional members expected from various sections of the county.

Boys from 10 to 20 years of age are signing enrollment cards for one or more major projects, either as a crop demonstration, or in feeding beef calves, dairy calves, pigs or chickens.

Requirements for club members are as follows: (1) Do at least the minimum work as outlined by the club agent for some one 4-H project; (2) keep a complete and accurate record of the work; (3) submit a written report (record book) at the close of the season telling how the project was completed and the results obtained.

All boys who are interested in any one of the major 4-H projects are urged to contact the club agent and enroll as a member of the Scurry County 4-H Club. Enrollment is expected to be complete by June 1.

All members who complete their projects are eligible to share in awards and prizes, both county and state. Club members completing a year's work will be given a distinctive 4-H Club pin and a certificate of award.

Ticket Sales Start For C. C. Banquet

Sale of tickets for the annual Chamber of Commerce banquet, which will be held Tuesday evening, June 2, at the National Guard armory, will begin this week, reports President Forest Sears.

Committees will comb the town in order to assure a heavy turnout in advance.

Invitations have gone out to a number of Chamber of Commerce leaders and others in West Texas towns and cities, says J. W. Scott, secretary.

Mrs. Odum Attends Houston Convention

Mrs. R. H. Odum of the Odum Funeral Home was in Houston four days last week for annual convention of the state funeral directors' association.

She was accompanied by Mrs. Gauthier Bell, and by Mrs. R. H. Curnutte of Snyder, and the latter's mother, Mrs. L. E. Thomas, 83, who had been visiting here for several months. Mrs. Thomas remained at her home in Houston.

Mrs. Odum reports interesting and well attended lectures and demonstrations. A new plan, whereby three district conventions will be held in 1937 at Houston, Mineral Wells and San Antonio, was inaugurated during last week's session.

Single Charge for Watching Softball

In order to clear up misunderstanding and to give as many people as possible an opportunity to see softball games here, the central Lions Club committee and members of the school board have announced the following rules of admission.

Adults will be admitted for 10 cents each night—two seven inning games. There is no charge for children of school age and under. After Tuesday night of this week, the 10-cent charge for cars was taken off.

Players will be admitted free on the nights they play. These rules of admission apply to regular Scurry County Softball League games. Proceeds are used to help pay for installation and maintenance of the new lighting system at Tiger Stadium.

Grocers Closing at Seven This Summer

Effective this week, local grocery stores are closing their doors at 7:00 o'clock during summer weekends. The closing hour will apply until further notice.

Stores observing the new closing hour are Piggy-Wiggy, Edd Dodds, Hande-Dande, Nu-Way Food Store, Pick & Pay, Brown & Son, Farmers Exchange, Hugh Taylor & Company, N. M. Harpole and Dean Cochran.

Ruth Evans of Ira Succeeds as Nurse

Friends of Miss Ruth Evans, graduate of Ira High School in 1934, will be interested to know that she is making an outstanding record in the nurses' training school of the Lubbock Sanitarium.

The Scurry County girl has made a two-year average of 90.4 despite the fact that because she did not graduate from an affiliated high school she was on probation for six weeks.

Replica of Mission Park

In a 100-acre state park near Crockett there has been constructed a replica of the first Franciscan mission in East Texas, San Francisco de los Tejas, originally built there in 1690.

DR. BRABHAM TO SPEAK FOR SNYDER GRADS

Commencement Exercises Friday Night Will Close Successful School Year in Snyder.

Dr. Tom Brabham, recently elected president of McMurry College, Abilene, will be the commencement speaker Friday night at 8:30 o'clock, when Snyder seniors will say farewell to their school.

The program will be a joint graduation service for high school and grammar school students. In former years, the two exercises have been held separately.

Dr. Brabham, who has appeared here previously, is a Methodist preacher and educator of wide reputation.

Baccalaureate Held.

At the annual baccalaureate service in the auditorium Sunday night, practically all church congregations joined seniors and their parents in hearing G. E. McPherson, minister of the First Christian Church. The preacher brought a message on "The Journey of Life."

In the Friday night program this week, diplomas will be awarded by Superintendent C. Wedgeworth, and announcement of honors will be made by King Sides, high school principal.

Names of high school and grammar school graduates will be found elsewhere in this issue.

Finish Exams Today.

All examinations for both schools are being completed today (Thursday).

High school seniors completed their work Thursday and Friday of last week, while seventh graders completed their examinations Tuesday of this week. Report cards for the entire school will be handed out Friday morning at 9:00 o'clock.

In their final dramatic appearance as local students, the seniors presented "Baby Steps Out" Friday night before a large audience whose tickets netted the class \$70. Between acts numbers were: Louise Wilford, dance; Virginia Robinson, song and dance; Mary Ellen Brown, song.

Eighty-Year-Old County Resident Dies Wednesday

Mrs. L. J. Adams of Hermleigh, mother of five sons and three daughters, died at her home early Wednesday morning after a lengthy illness. She had been a Scurry County citizen 30 years and a Hermleigh resident 28 years.

Mr. Adams preceded her in death 11 years ago.

Final rites were held at the First Baptist Church, Hermleigh, Wednesday afternoon at 3:00 o'clock, with Rev. G. W. Parks of Roscoe, pastor, and Rev. C. E. Leslie, officiating. Mrs. Adams had been a member of the Baptist Church for 65 years.

Burial was in Hermleigh cemetery, with Odum Funeral Home in charge. Surviving are five sons, J. B. Adams of Snyder, B. H. of Waco, Bob, John and Charles of Hermleigh; three daughters, Miss Ella Adams of Hermleigh, Mrs. J. T. Holloway and Mrs. S. J. Shettleworth of Commerce; 25 grandchildren and five great-grandchildren.

B. F. Caswell, D. R. Layman, O. L. Barfoot, M. U. Vernon, R. C. Watts and W. L. Etheredge were pallbearers. Mrs. Edna Brallev, Mrs. Mary Vernon and Mrs. Sadie Etheredge were in charge of flowers.

Rev. Sam Morris to Talk Here Saturday

Rev. Sam Morris, pastor of the First Baptist Church, Stamford, known to radio listeners as "The Voice of Temperance," over the Mexican radio station XEPP, will speak on the courthouse square Saturday afternoon at 2:00 o'clock.

It will be remembered that Rev. Morris spoke here last August against repeal of Texas prohibition laws. His subject this time will be "The Second Coming of Christ." He has his own public address system, and provides suitable music for his addresses.

Joyners Feed Firemen.

After a regular practice by the firemen Thursday evening, the entire department was served with sandwiches, lemonade, and other delicacies on the fire station lawn by Mr. and Mrs. Fred Joynar. All the "boys" ask The Times to thank the paid fireman and his wife for the food and drink.

Plenty of Results Say Local Stores

The Times, to use an advertising expression famous in other days, brought in the grapes last week.

Fred and Henry Wilhelm, over at Hande-Dande, say Saturday, central day of their three-day "Full Cupboard Sale," was one of the best days of the year, and that Friday and Monday were also bell-ringers. A full six-column ad in The Times heralded the event.

H. L. Davis, manager of the Fair Store, and M. T. Garrison, who is in charge of the store's "Consolidation Sale," were also highly pleased with results from their Times ad and supplementary circulars.

The publishers are happy that the merchants who use Times columns are their best advertising advertisers.

Rev. Jeff Davis Says Liquor Due To Be Outlawed

Declaring that liquor conditions are much worse now than in the days of the old saloon, and that "the Eighteenth Amendment was the greatest piece of legislation ever written by man," Rev. Jeff Davis of Dallas told a First Baptist Church audience Sunday morning that beverage alcohol is due for a tremendous fall before an outraged people.

The former local pastor, now head of the state organization, with Dallas headquarters, that is fighting for repeal of present wide-open liquor laws, and for a temperate state, appealed to his audience to do some observing while they attend Centennial celebrations at Fort Worth and Dallas, if they doubt his statements.

Rev. Davis filled the local pulpit in the absence of the pastor, Rev. Lawrence Hays, who, with his wife, will return late this week from the Southern Baptist Convention at St. Louis.

The pastor will be here for both services Sunday.

Local Nurse Goes to State Meet in Dallas

Miss Millie Davison, a nurse in a local hospital, attended sessions of the Texas Nurses Association in Dallas Thursday, Friday and Saturday. She also visited with friends in the city before her return here Sunday.

Convention headquarters were in the Baker Hotel. A Red Cross League luncheon at the Baker last Thursday was an outstanding social affair, Miss Davison says.

Mrs. Glen Woody, instructor of nurses at the West Texas Hospital, Lubbock, gave one of the most interesting addresses of the entire convention, according to the local nurse. Her subject was "Work of the Head Nurse and Administration of Duties."

Westbrook Sermon By Gordon Sunday

Rev. H. C. Gordon, pastor of the First Methodist Church, was in Westbrook Sunday morning to preach the baccalaureate sermon at exercises for the high school graduating class. Frank Patterson, a brother of Mrs. Joe Caton, Snyder, is superintendent of the school.

The local pulpit was filled Sunday morning by Rev. Frank Story, Methodist pastor at Hermleigh.

PUBLISHERS TO PRESS SESSION

Times publishers and their families will be in Midland this weekend, where they will attend annual session of the West Texas Press Association. The group will probably include Mr. and Mrs. Willard Jones and Mr. and Mrs. J. O. Smyth. Smyth is secretary of the association.

Outstanding speakers on the program will include Ray Baumgardner, chief of the International News Service, Dallas; Gene Howe, "Tactless Texan," Amarillo; Houston Hart, Standard-Times, San Angelo; and Lowry Martin, originator of the Centennial idea, Corsicana; Mary Dunbar, Palo Pinto, "Why I Am a Small Town Newspaper Woman;" and Douglas Meador, Matador, "Words."

Among entertainment features will be horse races Friday afternoon and an old-fashioned barbecue Friday evening by Charley Schaubauer, prominent cattle king.

MAY 29 TO BE POPULAR DATE FOR CLOSINGS

All Major Schools Except Ira Plan To Close Year's Work Last Week of Month.

County schools outside of Snyder are rapidly nearing the end of their 1935-36 three-R trails.

Several of them have already closed, and at least three more will close Friday of this week.

The majority of closings for major schools of the county centers around Friday, May 29. That will be the final day of school at Fluvanna, Hermleigh, Fyron and Dunn, while Ira, the other larger school, will probably close early in June.

Fluvanna will have high school exercises Thursday night of next week and grammar school exercises Friday night. The other three major schools that are closing that week-end will have high school exercises Friday night.

Rural schools that will close Friday of this week are Cottonwood, Canyon and Plainview. Ennis will close May 29. Woodard and German will close in June.

One school, Martin, ended its term April 24. Turner and Arah completed their work May 1, while Independence and Lloyd Mountain rang the last bell May 8. Bison, Bethel, Dermott, Crowder, Strayhorn and China Grove closed their school doors last Friday, May 15.

Community correspondents and school leaders are requested to furnish The Times with full closing details late this week, if their schools close any time between now and June.

Pat Bullock for Superintendent Club Is Formed

Approximately 100 leading educators and school patrons among the friends of Pat Bullock, candidate for state superintendent of public instruction, met Tuesday night, May 12, in the 4th District court room of the Tarrant County courthouse and selected M. L. Ferguson, Paschal High School, Fort Worth, to direct the activities of the various "Pat Bullock for State Superintendent" clubs in Tarrant County, and as county campaign manager for the candidate.

Other well-known speakers in Bullock's behalf included Perry Travis, Haslet High School, who acted as temporary chairman, who spoke of the pressing need of the rural schools of Tarrant County for a change of state superintendents; Mrs. E. B. Thornton, district official of Congress of Parent-Teacher Association, who pled, in behalf of the school children of Tarrant County, for a man like Pat Bullock to give the children the full benefit of the appropriations for rural schools; J. H. Morgan, Jennings Avenue Junior High; Bennie O. Clark, William James Junior High; Mrs. T. B. Freeman, of the Fort Worth Parent-Teacher Association.

Rotan Woman to Be Leader for Revival of Nazarenes Here

Sister Laurene Bussey, pastor of the Rotan Church of the Nazarenes, will conduct a revival that will begin at the local church Thursday night of this week.

"She is a fine preacher, she stands for the old-time gospel, and she is doing a wonderful work for God," declares Pastor Ollie J. Hux of the local church. "She is a graduate of our Bethany Penial College."

Rev. Hux will fill his regular appointment at Camp Springs Sunday morning at 11:00 o'clock, and will be in the local church Sunday afternoon at 3:30 o'clock.

The morning sermon subject will be "Facing the Pierced Jesus;" afternoon, "Christ's Demand for Perfection."

Hermleigh Streets Closed by Petition

The Commissioners Court, in regular session early last week, voted to uphold an ordinance passed by Hermleigh recently in regard to closing of certain streets in the town. The ordinance had been passed after 15 citizens had so petitioned Mayor A. L. McMillan and the aldermen.

The court voted against a petition for opening of a public road one mile long about 10 miles southwest of Snyder.

Other matters coming before the court were of a routine nature.

LOCAL COUPLE GO TO ABILENE FOR MARRIAGE

Rev. T. S. Knox, pastor of the First Presbyterian Church, Abilene, officiated for the ring ceremony at his home on Orange Street. Wedding attendants included the bride's brother, Buster Baugh, who gave the marriage, and Misses Elizabeth Grantland of Colorado and Ditty Hughes of Abilene.

The bride was dressed in a navy blue chiffon frock, two-piece effect with tucked yoke and a tailored white and blue collar held with pink clips. Her accessories were pink, and she carried an arm bouquet of sweetheart roses.

How Cardui Helps Women To Build Up

Cardui stimulates the appetite and improves digestion, helping women to get more strength from the food they eat. As nourishment is improved, strength is built up, certain functional pains go away and women praise Cardui for helping them back to good health. . . . Mrs. D. E. Hallitt, of Hinton, W. Va., writes: "After the birth of my last baby, I did not seem to get my strength back. I took Cardui again and was soon sound and well. I have given it to my daughters and recommend it to other ladies. . . . Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician."

BANQUET FOR F. H. S. SENIORS GIVEN FRIDAY

An almost perfect replica of the Alamo formed the background for the tables at the annual banquet of Fluvanna Juniors and seniors held at the school building Friday evening.

Texas Centennial was emphasized throughout the affair. The six flags which have flown over Texas waved above the Alamo, and place cards were outlined maps of Texas with the Lone Star centering each. The room was hung with red, white and blue paper streamers, and the colors were repeated in table decorations and mint cups.

Rev. Ira T. Huckabee, pastor of the Fluvanna Methodist Church, gave the invocation. A delicious three-course banquet meal was served, and the evening's program followed. Mrs. Allen Ferrell, senior class sponsor, gave delightful piano music during the meal.

Zollie Steakley, Sweetwater attorney, was guest speaker on the program. He was introduced by Gilbert Mize, junior class sponsor, who was toastmaster. Toast to the seniors was by A. V. Ball, a junior, and the response by David McKnight.

Musical numbers on program were as follows: Virginia Robinson, Snyder, vocal, "Melody From the Sky" and "It's Been So Long;" Creston Fish, Snyder, vocal, "Beautiful Lady in Blue;" vocal trio, Juanita Elkins, Rossa Smith and Rosanell Stavelly. Rossa Smith gave a reading, "In the Usual Way," and Frances Jones read the class prophecy. J. C. Smyth, a guest, and Miss Izora Patterson, Ben Collier and J. C. Landrum, senior class members, spoke briefly at the close of the program.

Members of the junior and senior classes, faculty members, and school trustees and their wives were present. Other guests were: Rev. and Mrs. Huckabee, Fluvanna; Mrs. S. T. Elza, Miss Robinson, Mr. Fish and Mr. and Mrs. J. C. Smyth, all of Snyder.

Guide and Road Map for Ranches Planned by F. W.

A Texas Hereford Association guide and road map will show visitors, who come to the Fort Worth Frontier Centennial, how to reach the ranches of paid up members of the Texas Hereford Association. Jack Turner, secretary of the association, expects to have the map ready for the press within a short time, so it may be given to visitors and mailed to those asking for information about Texas cattle.

Snyder is represented by having Harrie Winston, former association president, as one of the directors. The maps will have the highways designated by their proper number just as they are on the ordinary road maps. The larger towns and cities will be designated and the post offices of the members will be shown. The location and the exact distance of the ranch from the post office will be given.

On the back of the map, Turner plans to give detailed directions on how to reach the different ranches, size of the herds, herd bulls in use, and other specific information. He has asked the members of the Texas Hereford Association for drawings showing location of their ranches.

Mrs. J. W. Warren had as her guests the latter part of last week two of her granddaughters and her two great-grandchildren, Mrs. Tom Gates and little daughter, Ann, of Post, and Mrs. Willis Shropshire and small son, Warren, of Colorado.

Free Grocery Day Planned by Piggly Wiggly Each Month

A new plan whereby customers share in his advertising money is being announced this week by Maurice Brownfield, local Piggly Wiggly owner.

Maurice explains the plan this way: "Our cash register receipts are printed with our name on them, along with the date and the amount of money you spend. By saving these receipts you will have an opportunity to get your groceries absolutely free one day each month.

"On a day that we select out of each month, we will return to each retail purchaser the full amount of the purchases he made on that date, provided the cash register receipts are returned not later than the fifteenth of the following month."

Further details of the advertising plan will be found in the Piggly Wiggly ad this week. The plan becomes effective in June, and announcement of the first free grocery day will be made in the first July issue of The Times.

"My heart is on fire with love for you; my very soul is aflame." "Don't worry, father will put it out."

Local Stations Sell "Octane" Gasoline

Three service stations in Snyder are now handling "Octane" gasoline, according to J. C. Dawson, whose truck hauls the product from the refinery at Baird. They are Jack Bowling Service Station, Dixie Service Station and J. R. Huckabee Service Station.

"It is the superior balanced ration for new high compression motor cars and heavy duty trucks," according to Dawson. "Motors fed on Octane gasoline last longer and cover more ground than motors fed on inferior gasoline," he declares.

THE WEEKLY DOZEN

He Must Work.

Contrary to the modern idea, I say that if you ever expect your girl or boy to get anywhere, he must work to get there, child labor preachment to the contrary, notwithstanding.—Sterling City News-Record.

Says the General.

Johnson Hagood, major general, retiring: "I have in preparation a book in which I shall show how the United States can get a very much better national defense at a very much less cost to the taxpayer."—Exchange.

From a Trenchant Pen.

Restless souls near the highways press hungry faces to dingy windows and watch, with painful longing in their weary eyes, the travelers who pass, not understanding that most pilgrimages lead but to the realization of happiness left behind.—Matador Tribune.

Taxes Down, Appropriations Up.

There is one thing Texas newspapers this summer seem to be resolved to debunk, namely that old promise that appropriations can be increased and taxes reduced at one and the same time. Political-minded men who promise such, promise what is impossible on its face.—Floyd County Hesperian.

Use of Leisure.

Of course, it is true that some persons kill themselves solely by overwork, but the fatalities that can be definitely traced to that cause are few. It is the work and play combined that usually do the real damage; or, to express it more succinctly, it is the misuse of one's leisure time.—Exchange.

Mother Nature Remembers.

"People in cities may forget the soil for as long as a hundred years," said Secretary Wallace in a recent radio broadcast, "but mother nature's memory is long and she will not let them forget indefinitely. The soil is the mother of man and if we forget her, life eventually weakens."

Weekly Rooseveltism.

Democratic National Committee: "The administration's response to the economic crisis as affecting education has been not only to save the public school system from threatened impairment but to enlarge its facilities and extend its operations; to revive the spirits of the workless by giving them instruction."

Keeping Our Armor Shining.

If we keep our armor shining, prepared to resist invasion or attack from the outside, and in the meantime cultivate the friendship and good will of our sister nations of the Americas, and of such other nations as show a desire and a disposition for peace and friendship, we will have served our own interests—and without sacrifice of life, liberty or the happiness of our own peoples.—Brady Standard.

Centennial-Movie Conscious.

Texas towns are movie conscious, showing a decided interest in having scenes filmed that will later be shown at the Texas Frontier Centennial at Fort Worth. Stephenville is no exception, completing the purchase of 400 feet of the movies the past week. Now when the homefolks go to the second Pat Stock Show of 1936, which will open in August, they will be able to see main street in picture. It is a splendid idea, the cost is relatively small, while the advertising value should be far in excess of the expense of either time or money.—Stephenville Empire-Tribune.

A Tax-Supported Band.

Quite a lot has been said in the past few days about the matter of uniforms for the Pecos High School Band. This column wants to go on record with the statement that it believes the Pecos band should be dressed in a manner fitting Pecos and the quality of young men and young women who constitute the band. Furthermore—and we know this won't be any too popular—we think the way band uniforms should be provided is through the infinitesimally small tax which state law allows to be provided for this specific purpose.—Pecos Enterprise.

Advertising vs. Donations.

Every day our merchants and business men are besieged with advertising schemes of one kind or another. Under the guise of advertising, they are in many instances asked to underwrite the success of entertainments, programs, etc. Many of the solicitations are made by wives of prominent men, thus putting the merchant on the spot. It is not to be denied that many of these advertising schemes have merit, but in many instances the advertising rates are so exorbitant and unreasonable that it amounts to a donation but is charged off by the advertiser against his advertising and not charity account.—The Bryan News.

Editors in Heaven.

An Oklahoma editor tells of an old Indian who came to his office to subscribe for a paper. The editor took the money, but the Indian wanted a receipt. The editor tried to talk him out of it, but the Indian insisted on getting a receipt. After making out the receipt the editor wanted to know why the Indian was so persistent about wanting such recognition. The Indian said: "Me die some day. Go to big gate. St. Peter ask if I had been good Indian. I say yes. He say, 'Did you pay editor for paper?' I say yes. He say, 'Where is receipt?' I no have it. I have to run all over other place to find you and get receipt."—Comanche Chief.

Next to Godliness.

Women's study clubs of Snyder have an opportunity this Centennial year to render one of the greatest possible services to their community.

With "Snyder, the Clean City" as a motto, and the remarkable organization of which they are capable as a background, the group of clubs could rapidly secure city-wide cooperation that would soon blossom into rare fruit.

A clean city is a better recommendation to tourists and visitors than all the smokestacks, huge buildings and ballyhoo that could be stacked inside the city limits. For cleanliness, as the ancient adage testifies, is next to godliness.

What a marvelous opportunity for the outstanding small-city group of study clubs in Texas!

EDITORIAL OF THE WEEK

ON A COLD TRAIL.

Townsendites have announced John R. Miller, mayor of Borger for several terms, as a candidate for Congress against Marvin Jones. We understand that he will also announce a retired minister of Lubbock as a candidate for Congress in this district in opposition to George Mahon.

We suspect that Marvin Jones and George Mahon are just as secure in their positions as any man in Congress. Marvin Jones is a veteran member of Congress, having been first elected when a very young man, and he is now chairman of the powerful agriculture committee. George Mahon is now serving his first term but the prospects are that he will serve many more. He has made a good impression among his colleagues and has received unusual recognition in being sent on the special committee headed by Vice President John Garner to the Philippine Islands a few months ago when these island possessions set up housekeeping for themselves, in a way.

Affable and pleasing in his contacts, George Mahon is of that fine, dependable type who makes friends and holds them. He may not be expected to pull any theatrical stunts in Congress just to attract attention at home, but he is both brilliant and solid, and we predict that he will advance rapidly and steadily in influence and power in the House.

The Townsendsites and the Lubbock minister are doubtless well intentioned, but they are on a cold trail.—Lynn County News.

COMMERCIAL PRODUCTION.

The birth of children is getting to be a commercial enterprise.

There's the strange spectacle of mothers in Canada competing for a half million dollar estate to be awarded to the parents who produce the most children in a ten-year span.

The Dionnes are the wards of the state and have amassed a fortune through the business enterprise of those who can cash in on odd events.

Up in New Jersey, the first quadruplets ever born in the state had a business manager before they were dressed. It is getting so that when a woman goes to the hospital to be confined, they'll call a business manager just in case she equals or beats some previous records.—San Angelo Evening Standard.

CURRENT COMMENT

BY LEON GUINN.

A source of good copy is always found in the deaths in watch and clock factories by radium poisoning, for once in the system, it has been quite difficult until recently to rid bones of body of radium particles. . . . Women workers at U. S. Radium Corp's Orange, N. J., plant, for instance, got the habit of wetting radium paint brushes on their tongues, hence conveyance of particles to blood stream through the stomach; eventually settlement of witsy radium bits in bones.

Now Dr. Robley D. Evans of M. I. T. announces a "screen cathode quantum counter" which is most sensitive device yet found for detecting the very minute particles of radium, where present in human body. . . . But how to rid the system of radium particles, once they became infiltrated in blood stream proved a tough nut to crack on first analysis. . . . This clinical problem was handed Dr. Joseph C. Aub, chief physician at Huntington Memorial Hospital (Harvard).

Long since noted by Dr. Aub was the fact that radium, once in the body, became mixed with the calcium stored in bone structure of anatomy. . . . Why not give radium patients a calcium-starving diet he reasoned, draw minute traces of radium into blood stream again, hence excretion with body wastes.

At first cautiously Dr. Aub tried this new idea out, noticing that a calcium minus diet gave patients rickety bones, but ridged the body of death dealing radium particles. . . . Not in laboratory test tubes, or in technical topeavy pages of Journal of American Medical Association did Dr. Aub find his answer, but in the wonderful mechanism that is the human body did he discover a truth so new, and so simple researchers were astonished. . . . In his search of science Dr. Aub admits his great debt to power of human body drawing calcium from bone reserve to nurture teeth and arm bones for his answer. . . . No more need death from radium poisoning be a haunting guest of radium workers. . . . Next week: Scurry County wild flowers.

STATE SCHOOL MONEY COMES

The total for rural schools, Ira and Pylon, was \$2,966. Aid for other independent districts goes direct to the schools.

Three dollars and fifty cents out of the state per capita apportionment of \$17.50 is yet due.

State aid approval for Bethel, German, Ennis Creek, Canyon, Lloyd Mountain was gained when Farmer was in Austin last week-end. The per capita apportionment was raised last week, effective for the next school year, from \$17.50 to \$18.50.

Five Home Games on Tiger Schedule Of Six Title, Four Non-Title Tilts

The football schedule just completed by Coach W. W. Hill reveals that Snyder's Tigers will play five of their ten tilts under the brilliant floodlights of Tiger Stadium.

Of the ten games on the schedule, six are conference and four are non-conference. Three of the five home games are to be conference affairs.

This line-up is making the hearts of local fans glad, for they have been looking forward to a full line-up of home games under the new lights.

Most Games Friday.

With the exception of the final Thanksgiving mix-up with Colorado at Colorado, all games are scheduled for Friday night, or, in towns where there is no lighted field, Friday afternoon.

Coach Hill says his 1936 training camp will be started early—about August 15.

With a year of tryout for many of his men already past, "Red" believes he faces a more pleasant task than he faced last fall, when only three lettermen returned. Just now he does not know how many experienced men will return, but the percentage will be much higher than last year.

Here's the Schedule.

The full 1936 schedule follows: September 11—Snyder at Spur, non-conference.

September 18—Colorado at Snyder, non-conference.

September 25—Snyder at Lamesa, non-conference.

October 2—Rotan at Snyder, conference.

October 16—Snyder at Roby, conference.

October 23—Loraine at Snyder, conference.

October 30—Snyder at Merkel, conference.

November 13—Post at Snyder, non-conference.

November 26—Snyder at Colorado, conference.

J. L. (Lee) Byrd, Native of County, In Sheriff's Race

The Scurry County political picture changed again this week with announcement by friends of J. L. (Lee) Byrd that the well known rancher will be a candidate for sheriff, subject to action of the Democratic primary July 25.

The candidate is a native of Scurry County. His friends feel that his long residence among the voters has proved him to be a man who will face law violations fairly and squarely, and who will act according to the best interests of the law-abiding citizenship.

"We earnestly request each voter to investigate Mr. Byrd's record over a long period of years," say the friends in making the announcement. "We believe that after such investigation he will not be found wanting in any of the qualities that should go into the making of a good sheriff."

To the Voters of Scurry County:

There are a few things I wish to explain to the people.

I am making this statement with all due respect to Mr. Newman. There have been some objections to me as a candidate for sheriff for the simple fact that I was one of his deputies. It has also been insinuated that I am trying to keep the fact a secret.

I am not asking for the sheriff's office on Mr. Newman's merits or his demerits. My neighbors went to Mr. Newman and asked for his cooperation in making me a deputy for the purpose of trying to stop cotton stealing and other law violations in this part of the county. I trust that my conduct has not been such that would cast any reflection on my name, or disqualify me for the place I am now asking.

Some have wondered why I did not mention my experiences as a peace officer in Scurry County. My answer is: It was not active experience.

Sincerely yours as a candidate for sheriff. CLYDE THOMAS.

C. L. Harris Here.

C. L. Harris, candidate for state representative, 118th District, was in Snyder early this week in the interest of his candidacy. He is a citizen of Dickens County. He met a number of Scurry County folks on local streets.

Should Our Public School Standards Be Sacrificed?

The time is fast approaching when the people of Scurry County and of Texas are going to cast a vote to select a state superintendent to administer Texas public schools during the next biennial.

There are some important principles involved in making the selection for state superintendent that should be of interest to every person in this state who believe in upholding our educational standards. It is not our intention to reflect any nature of criticism upon the person of our long-time friend and neighbor, A. A. Bullock; it is the issues involved that warrant a protest against his candidacy.

This campaign involves far more than the immediate fate of the candidates. Bullock vs. Woods is not the issue. It is a question of either upholding or sacrificing our public school standards. It is our belief that no profession can rise above the standards of its leaders. If the leaders do not have high professional standards, then to what degree of success can they expect to stimulate their subordinates to train for high standards?

If we take the academic training of Mr. Bullock, we find that his college work will not permit him to teach in affiliated high schools in Texas. We believe to place at the head of our public school system a man whose academic standard is as low as that of Mr. Bullock's would not only be an injustice to the teachers and patrons of Texas schools, who are working diligently to raise the training standards of teachers in Texas, but also his election would, from an educational standpoint, tend to break down and to destroy the morale of our public school profession.

We are not arguing that every person who holds a B. A. or an M. A. degree are equipped and qualified to render efficient service as a teacher or school administrator, but we do believe that to be able to evaluate standards one must have some sort of a yardstick to judge from and that college training for teachers and school administrators is the best yardstick we have to begin judging those standards. In other words, if schools are worthwhile organizations for children to attend "to learn to do better the desirable things in life they are going to do anyway," then college training for teachers and school administrators who set up standards and teach children those fundamentals are also worth while and necessary.

The office of state superintendent is a most important public trust and demands a leader with outstanding professional training and ability. Dr. L. A. Woods, who is making the race for re-election, has set up a school program that, we believe if permitted to be carried out will probably mean more for our future Texas citizenship than any educational program that has ever been attempted in Texas. Among the things Dr. Woods has accomplished during his short time in office are—has kept the per capita apportionment up; has equalized educational opportunities; has extended the length of school terms; has put into operation a state-wide program of public school music; has furnished transportation for rural children to accredited high schools; has paid a \$12,000,000 school deficit and put the schools apportionment on cash basis, and at the same time the state ad valorem school tax has been reduced from 25 cents to 20 cents on the \$100 valuation. Dr. Woods is, without question, a genuine friend to our entire public

school system and deserves serious consideration, at the polls, of every person in Texas who believe in good schools and high standards.

W. A. Craddock in 118th District Race For Representative

In announcing for representative of the 118th District, I shall not blame my friends, for I am entering this race entirely upon my own initiative.

I feel, as you do, that the past several Legislatures have not rendered the services for which they have been paid. Be it remembered you changed the Constitution to allow them \$10 per day for 120 days, and \$10 per day for all called sessions of 30 days each. The 43rd Legislature had four called sessions, and tried to force the governor to call more extra sessions.

Either of above regular sessions of 120 days could have finished the business had they worked. Space forbids me telling of many other things you have a right to know in regard to the way your legislators have not attended to your business. This is your most important office (makes your laws).

Will you please attend my speaking dates to be published early in June? There are many grave problems that need to be plainly and fully discussed.

Briefly, I favor paying old age assistance, as voted into the Constitution, and I know how to get the money. If anyone knows a better way I shall gladly accept same. Will you hear me explain?

I favor redistricting in order that West Texas gets its just representation in the Legislature. The penitentiary system needs a thorough overhauling. Prisoners not accustomed to outdoor work are taken to cotton, corn, cane fields and are forced to labor in summer sun and winter rain, which causes many deaths.

We are forever boasting of our wonderful natural resources, and we have them—cotton, oil, gas, coal and

For the past several years we have been giving a variety of premiums, such as dishes, bake sets, silverware, and so forth. By this time most of our customers have been supplied with this merchandise of known value. So we feel that it will be more appreciated if we have this FREE DAY and return CASH to our customers rather than offer some premium of questionable value.

Here is the plan: Our cash register receipts are printed with our name on them, along with the date and the amount of money you spend. By saving these receipts you will have an opportunity to get your groceries ABSOLUTELY FREE one day each month.

On a day that we will select out of each month, we will return to each retail purchaser the full amount of the purchases he made on that date, provided the cash register receipts for the selected date are returned not later than the 15th of the following month.

For example, say the first day we select is June 18, and you have your cash register receipt for that date for a purchase of \$5.89. You will be paid \$5.89 in CASH if you return the receipt to us not later than July 15.

No duplicate cash register receipts will be made for any day of the month. If you lose the receipts given you when you make your purchase, it will be your loss. We, therefore, ask that you please see that our cashiers give you the receipt at the time of purchase and that you retain it. Each clerk who receives a purchase will see that the customer is offered the receipt.

There are no strings attached to this offer. The selection of the date will be made at the end of each month, announced in the next issue of The Times, and posted in our store on the first day of the following month.

It has always been our desire to give our patrons as much for their money, quality considered, as possible. In so doing we have maintained a very nice volume of business. We know that in order to continue to do so we must do a certain amount of advertising. By having the FREE GROCERY DAY instead of the premiums (although we still have several sets of silverware that you may redeem with your old tickets) we are able to give everyone a proportionate share of our advertising money.

Save your cash register receipts during June, and watch the first issue of The Times in July for the date selected.

Rainfall Low Here, Average in County

Records Reveal Most of Scurry Gets Recent Fall

If it doesn't rain any more before The Times is printed (this article is being written Tuesday afternoon), rainfall of the good year 1936, to date, will be woefully slight in Snyder, Texas, as compared with other years.

In 1935, to the month of May, rainfall was 3.11 inches, which is well below normal. In the same four months of 1936, however, the total was even lower, 2.23 inches.

The official weather records of Mrs. Wesley Evans further show that May of 1935 was somewhat like May of 1936. Both months were featured by numerous showers. May of 1935 turned out with a total of 4.07 inches, including two rains of more than an inch each, whereas this May so far has brought only .84 of an inch of moisture during six days of light rainfall.

In all, it rained enough on 13 occasions this year, prior to May 19, to be recorded. The heaviest rain of all, in Snyder, was .80 on April 16.

The bright part of the picture is that practically all other communities of the county have received more rain than Snyder, and most of them have gotten enough for good planting season. It is probable that the county average is at least two inches heavier than the Snyder average.

Snyder's rainfall for the year and for all of 1935 has been recorded as follows:

1935	1936
January .05	.64
February 1.03	.12
March 1.61	.44
April .42	1.03
May 4.07	.84
June 4.09	
July 4.58	
August .21	
September 2.56	
October 1.75	
November 2.11	
December .87	
Total 23.15	3.07

By days, the 1936 rainfall follows: January 19, 25; January 30, 39; February 16, 12; March 8, 44; April 16, 50; April 21, 20; April 27, 03; May 8, 26; May 11, 05; May 12, 03; May 13, 16; May 18, 10; May 19, 25.

W. R. WREN IS DEATH VICTIM

W. R. (Bill) Wren, 82 years of age, fell dead at his home in North Snyder this (Thursday) morning at 8:00 o'clock. The pioneer Baptist minister and peace officer had suffered from heart trouble for some time but had not been seriously ill. Mr. Wren has resided in Scurry County for the past 33 years. Before moving to Scurry County he lived in Lampasas County for 31 years. He was sheriff there from 1892 to 1896.

"Bill" Wren Named As Champion of Law In "Good Old Days"

(Editors' Note: This article was prepared for publication prior to Mr. Wren's death early Thursday.)

W. R. "Bill" Wren, veteran resident of Scurry County, was named in a recent article in the Lampasas Leader as a champion of law and order in the "good old days" when Central Texas was not so tame.

Following are excerpts from the article, which was first read by Mrs. E. L. Key at a meeting of the Wednesday Study Club in Lampasas.

"The town at one time was a rendezvous of frontier characters of questionable repute. In and out of this rendezvous rode some of the fastest gun-slinging gentry that ever shot their way to fame and notoriety in border warfare.

"The little town was not wholly bad, for arrayed against this bell-crowned element were some of the most daring, God-fearing men that ever championed the side of law and order, and in the end it was this group of men that made the place safe for society and human liberty.

"Around the chuck wagons and camp fires of the old west, the names of some of these men are still mentioned—such as Pink Higgins, El and Tom Wolf, Bill Wren, Hullings and others."

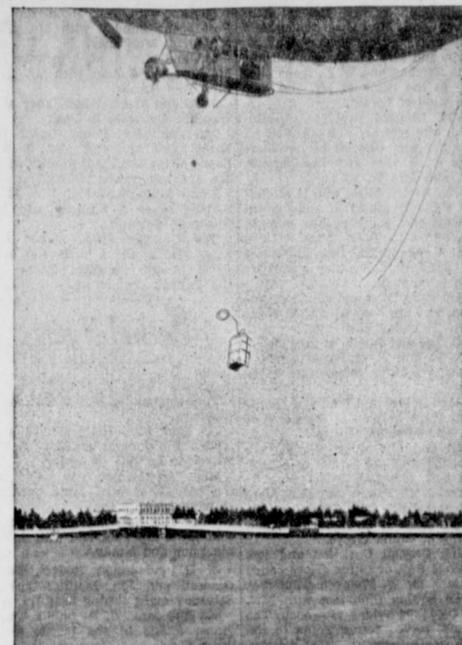

Snyder Girl Rides Dallas-Bound Bull

The Littlefield cowhand and his guitar-playing buddy, who are making the 500-mile trek to the Dallas Centennial celebration by the bull-riding route, gave a Snyder girl a lift near Dermott when they passed through Scurry County Wednesday of last week.

Erol Howell, young daughter of Mr. and Mrs. Roy Howell, is the lucky girl. She rode the cowboy's bull a half mile, and said it was plenty of fun.

The Lamb County traveler expects to reach Dallas by June 5.

Frigidaire Takes a Plunge

Look out, there! It's a flying Frigidaire falling from a Goodyear dirigible into salty Biscayne bay at Miami, Florida. Subjected to one of the most severe tests ever given an electric refrigerator, this stock model unit built by Frigidaire division of General Motors was dropped 100 feet from a blimp into Florida waters. Towed about by a speedboat to guarantee complete submersion, it was hauled out, found sealed as tightly as when it left the factory and was put into immediate operation freezing ice-cubes.

Theo Rigsby Given Student Leadership In Hardin-Simmons

Theo Rigsby, son of Mr. and Mrs. A. H. Rigsby of Snyder, was made president of the Hardin-Simmons University student body for the school year 1936-37, at an election held under direction of "The Brand," college newspaper, last week.

The Snyder boy was elected by a majority of 276 to 153 over his opponent when popular votes were cast. He was also made secretary of the H-S Club, composed of outstanding lettermen on athletic squads, recently.

Being elected president of the freshman class his first year in the Abilene school made a nice beginning for honors to follow. Last year he was a member of the intramural council of the school, as was Buck Howell, also a Snyder boy.

High school football and three years of college at the game has chalked up an outstanding athletic record for Rigsby, who is a junior at Hardin-Simmons.

They bloom but bear no fruit—the famed Japanese cherry trees of Washington, and the late naval conference in London.

"Cy" Jones Makes Good; His Name in College Who's Who

The retiring young man who graduated from Snyder High School four years ago with the name of Ester "Cy" Jones is making good in a large way at Howard Payne College, Brownwood. He has recently been included in a "Who's Who" among students in American universities and colleges.

Here are some of his accomplishments in high school, in Randolph Junior College, Cisco, and in Howard Payne: President of National Scholarship Honor Society, 1931-32; president of senior class, Howard Payne, 1935; president of senior class, Randolph, 1933-34; best dressed boy, Howard Payne, 1935; member of Student Council, Howard Payne; president of Ex-Student Association, Randolph; president of National Scholarship Society.

"Cy's" hobbies are listed as meeting people, making friends, and remembering names and professions. He is working in the Hotel Brownwood, and is preparing for hotel managerial work.

This son of Mr. and Mrs. Clyde Jones of Snyder was president of all his classes in Snyder High School, an honor graduate, a football letter man, president of the Student Council. He has worked his way entirely through college. His major work is mathematics; his minor, social science.

J. Teters, Doyle Blakely and Eugene Smith.

ARABEL VISITS LIONS MEETING

Arabel, that contrary bovine of unknown origin, visited the Lions Club Tuesday at noon. She gave a dance number on her four legs, and vehemently answered all questions put by the program leader and accompanist, T. J. Teter.

In the end, it turned out that Arabel was none other than Ernestine Morton and Doris Wilson. Other entertainment numbers included a song and dance by Mary Elen Brown, and a song by Virginia Robinson.

It was decided that the club's annual nominations meeting will be held next Tuesday, and that an effort will be made to have 100 per cent attendance.

A report on softball was made by the Lions' team manager. Each Lion was presented with a shaving set by the Stinson drug stores. The acting tall twister, Marcel Josephson, fined J. D. Scott and Joe Sinsor for not furnishing razors with the outfit.

Mrs. Tom Finley of Loraine, 50, mother of Mmes. Emmitt Butts and Jimmie W. Key of Snyder, died at the Root Hospital, Colorado, last Wednesday morning as a result of a weak heart and complications following an appendix operation six days previous.

Laxative combination folks know is trustworthy

The confidence thousands of parents have in good, old reliable, powdered "Theodor's" Black-Draught has prompted them to get the new Syrup of Black-Draught for their children. The grown folks stick to the powdered Black-Draught, the youngsters probably will prefer it when they outgrow their childish love of sweets. Mrs. C. W. Adams, of Murray, Ky., writes: "I have used Theodor's Black-Draught (powder) about thirteen years, taking it for biliousness. Black-Draught acts well and I am always pleased with the results. I wanted a good, reliable laxative for my children. I have found Syrup of Black-Draught to be just that."

Three - Month - Old Boy Dies Last Week

Loron Darrell Gordon, three-month-old son of Mr. and Mrs. W. B. Gordon, died in a local hospital last Thursday after a short illness.

Funeral services were held Friday afternoon at 3:00 o'clock at the First Christian Church, with Rev. Guy E. McPherson officiating. Maples Funeral Home was in charge of burial in the Snyder cemetery.

Surviving the child are the parents and two brothers, Wayne, aged three years, and Darwain, aged eight years.

Palbearers were business friends of Mr. Gordon: M. M. Maule, Henry Whitehurst, Bernie R. Miller and J. E. Shipp.

Shrine in the Alamo

In the Alamo, historic shrine of Texas' revolution, at San Antonio, there stands a memorial shaft to its fallen heroes, erected as the gift of natives of the province of Naghsino, Japan.

Judge—"Your wife says you struck her, Uncle Josh. Have you any excuse to offer?"

Uncle Josh—"I suttlingly has, Judge. While Ah was prayin' fo' rain fo' mah crops, she was prayin' fo' fair wedder 'cause she was gwine to wash."

R. B. Bryant Sees Better W. T. Year

R. B. Bryant of Stamford, member of the pioneer West Texas merchandising firm of Bryant - Link Company, said when he was in Snyder Monday that he is looking for one of the best years that West Texas has seen in some time.

Only two stores in the Bryant-Link group are in territories where rain has not been plentiful. These are Post and Lamesa, but showers have visited both points this week. The visitor was especially pleased over prospects in Snyder and Scurry County.

Baltimore was second only to New York in the shipping business during the first six months of 1935.
