

DEM GREETING

Rock-ribbed Republican city of Philadelphia tries prophetic street signs to greet Democratic National convention.

To Have and to Hold

Philadelphia, Pa.—With college degrees being shown at June commencement, Dr. Parke B. Kolbe, president of Drexel Institute of Technology, advanced a revolutionary idea. That holders of honors "might prize their degrees more highly and be stimulated to better effort throughout a lifetime," he suggested that degree-holders return to their alma maters every five years for re-examination. Those who flunked would have their degrees revoked.

Miss Pearl Josephson of San Antonio arrived here Friday to be a guest of Mr. and Mrs. Marcel Josephson for several weeks.

PALACE THEATRE PROGRAM FOR THE WEEK

Thursday, Friday, July 2-3—"DANCING PIRATE"

Introducing Charles Collins, the new dancing sensation of the screen, Frank Morgan, Steffi Duna, the girl of "La Cucaracha." The first dancing musical in 100 per cent technicolor. Latest News and Major Bowes' Vaudeville.

Saturday, July 4—"THE ARIZONA RAIDERS"

Based upon a Zane Grey story, with Larry Crabbe, Raymond Hatton, Marsha Hunt, Johnny Downs and Grant Withers. He could tame wild horses but a girl tamed him. Musical comedy and cartoon.

One hundred and 75 thrills! Matinee, 1:00 p. m. Attend this show and enjoy the Fourth! Admission, 10 cents and 25 cents.

Sat. Night Prevue, Sun., July 4-5—"LET'S SING AGAIN"

starring the "Bobby" of Eddie Cantor's radio program with Henry Armetta, George Houston, Vivienne Osborne. Musical comedy and cartoon.

Monday, July 6—"SINS OF MAN"

starring Jean Hersholt with Don Ameche, Allen Jenkins and others. A story so powerful that every emotion in your heart responds. "College Dads" a musical comedy, and color cartoon.

Four hundred and 25 thrills! Matinee, 2:00 p. m.

Tuesday, Wednesday, July 7-8—"FURY"

starring Sylvia Sydney and Spencer Tracy with Walter Abel, Bruce Cabot, Edward Ellis, Walter Brennan. Critics acclaim this one of the best pictures of the year. Better than "A Fugitive From a Chain Gang," "Movie Milestones" and comedy, "Bargain Days, Adults 15c, Children 5c.

AT THE RITZ—Saturday, July 4—"THE LAST OUTLAW"

with Harry Carey, Hoot Gibson, Tom Tyler, Henry B. Walthall, Margaret Callahan. Fighting men of the raw frontier defend the West against the invasion of gangland. "Sleepless Hollow" comedy, and Betty Boop cartoon.

One hundred and 75 thrills! Matinee, 1:00 p. m. Attend this show and enjoy the Fourth! Admission, 10 cents and 25 cents.

Everybody Keep Cool—Dr. Bass Gives His Recipe

From Abilene Morning News. The thoughts of harassed humanity turn to ways and means of accomplishing the impossible—keeping cool with the thermometer registering 100 degrees plus. There is no safe way of keeping cool under such temperatures, but it is possible to minimize the effects of excessive heat and make life durable.

A good many authorities these days are recommending the use of an increased quantity of salt in the daily diet, as a replacement for that washed out of the body on waves of sweat. Salt is essential to life and wellbeing; its lack means fatigue and increased susceptibility to human ills. This is a truth primitive and savage man must have recognized, since more battles have been fought over possession of a permanent and adequate supply of common salt than any other element of nature, unless it be water.

Dr. J. W. Bass is health officer of Dallas, upon which city hundreds of thousands of perspiring Americans are converging to see the Centennial. Dr. Bass recommends adoption of the Spanish siesta custom as a means of building up depleted energy. A nap in the early afternoon or if not a nap then 30 minutes or an hour of complete relaxation, constitutes a siesta. Other hot-weather suggestions from Dr. Bass:

- Don't drink ice water that is too cold, but drink plenty of water.
Don't wear too many clothes, particularly the kind that bind.
Don't drink beer if you are in the sun a great deal.
Don't take too much exercise.
Don't get excited.
Don't talk about the heat or look at the thermometer every few minutes.

ON TEXAS FARMS

By Minnie Fishbe, Cunningham, Extension Service Editor

Under the non-interpretative title of "program planning project," men and women in the rural communities have been meeting during the last six months and analyzing land use customs on Texas farms and ranches.

The object of this work, which was inaugurated by the Extension Service, is to start a flow of live information from the farm to the Department of Agriculture, and the method was for small groups of neighbors to meet and, using prepared schedules, map their own and the whole community's land use.

Two hundred and four counties having been engaged in this work, 70 of these counties made out schedule seven, which had to do with gardens, orchards and sweet potatoes, all for home use.

Figures compiled for the state from these 70 counties are very revealing; 31,649 acres more of orchards are needed in these 70 counties to supply fruit for the home tables; 20,716 more acres of garden are needed in these 70 counties to supply vegetables for home use; and 6,128 acres more of sweet potatoes are needed by the families in these 70 counties.

In releasing these figures which he has assembled from the county reports, George E. Adams, assistant state agent, who has had charge of this project, comments: "These are not the findings of county agricultural and home demonstration agents, but of the men and women who themselves live on Texas farms and ranches. Having come to the conclusion that they need this additional acreage in food for home consumption, it is logical to expect that 1936 will see a considerable increase in home gardens and orchards."

A famous millionaire mentions that money does not make for happiness. Still, it does enable a man to be miserable in comfort.

Buys Studebaker on Centennial Visit

Mr. and Mrs. Nathan Rosenberg of Snyder returned from a Centennial trip to Dallas last week with an eight-cylinder Studebaker

"President." Mrs. Rosenberg is pictured above with the maroon coupe. The machine was purchased through Pollard & Jones, local

Studebaker dealers. "It is one of the most beautiful cars and one of the best performers I have ever driven," Mrs. Rosenberg declares.

Colorful Galaxy Of Speakers for A. & M. Course

The Centennial Year Farmers' Short Course will open July 29 at A. & M. College with a colorful array of distinguished men and women speakers.

Dr. W. K. Slouder, Extension veterinarian of Iowa State College at Ames, will point out and explain animal parasites, disease and sanitation of livestock every day. Other men scheduled to appear are: Dr. T. O. Booth, state veterinarian, livestock sanitary commission, Fort Worth; Maurice R. Cooper, agricultural economist, USDA, Washington, D. C.; and C. E. Huff, president, Farmers' National Grain Corporation, Chicago.

Speakers of familiar names to speak at the general assembly periods each morning are: H. R. Tolley, Carl B. Dealy, president of the Dallas News, who will announce the winners of the Centennial farm and home demonstration contest.

Among the women speakers scheduled to appear are: Miss Eula Whitehouse, botanist and author from Austin, who will talk on Texas wild flowers; Mrs. Erel S. Eppright, head of the home economics department of Texas State College for Women, Denton, and Miss Boss Heflin, home economist from the University of Texas, both of whom will talk on child training; and Miss Josephine Hodge, beauty specialist from Houston, who will speak on "Looking Your Best."

Officials of the Short Course say that night entertainment will be packed with excitement and action this year with the Gainesville community circus and its new acts based on the Centennial theme. Other attractions are an amateur night, an old-fashioned medicine show, a style show, a musical program, the awarding of the gold stars to 4-H Club members, and the awarding of the prizes to the state winners of the Centennial farm and home contest.

A report on progress in the Dionne judgment of their own. Look out nursery says the girls are acquiring any day for a three-to-two decision.

A columnist is a person who has to turn out so much copy that he doesn't have time to think.

LOCAL AND PERSONAL

Mrs. Maude Duke of Amarillo is visiting with her sister, Mrs. W. A. Carlton.

Mr. and Mrs. Sam Dorfman of Wichita Falls are guests of relatives here.

Mr. and Mrs. Buck Williams are visiting with Mr. Williams' parents near Austin this week.

Miss Clara Belle Clark of Amarillo is visiting with her parents, Mr. and Mrs. G. B. Clark Sr.

Mr. and Mrs. J. D. Farmer of Lampasas are visiting with their son, Frank Farmer, and family.

Mrs. Becton Templeton of Houston is a guest of her parents, Mr. and Mrs. J. R. Joyce, here this week.

Loran Maples was in Austin on business during the week-end. He was accompanied to Temple by C. L. Harris of Spur.

Mavis Webb, who has been in Lubbock the past two weeks visiting with her sister, Mrs. Jack DeWald, returned home Saturday.

Mrs. Clark Miller of Washington, D. C., will be a guest of her parents, Mr. and Mrs. H. E. Rosser, for several weeks. She arrived here last Sunday night.

Miss Vernelle Stimson, a teacher in the Coleman schools, and who formerly taught in local schools, left Monday for Rockwall to spend the summer with her sister, Mrs. Joe W. Tawater. She will return to Coleman to teach next year.

Milk Best Source of Farm Cash— Survey Indicates Steady Increase

DAIRY farmers' income from milk for the first four months of 1936 increased \$25,000,000 over the first four months of 1935 according to K. V. Lipscomb, Texas dairy leader. As the largest single source of farm income, milk put \$435,000,000 in farmers' pockets during the period—a new high since 1932.

Egypt News

THE COUNTRY'S FINEST DISC PLOW—

The Moline is the original successful Disc Plow which pioneered 26-inch discs spaced 10 inches apart to prevent clogging and pioneered the solid heavy rear end construction on both hand and power lifts to perfect disc plowing.

- And Now the New Moline Offers These Additional Features:
1—Cross rolled electrically heat-treated discs and super-alloy discs — the most nearly split-proof discs made.
2—Boiled in oil wood bearings that hold a cup oil right in the wood and never need lubrication—most perfect sealed and they wear longer also because:
3—One Ocean Liner type bearing at end of gang takes all the end thrust.
4—The lightest draft plows that cut plowing costs tremendously — and do better work.

Sweet SINUS-ITIS!
Oh-h-h... That Sinus Headache!
And think! BROWN'S LOTION instantly relieves the terrible suffering caused by SINUS CONGESTION and stopped-up nose passages—If it takes more than 30 minutes, get your money back! The relief comes—like the eye-ear-nose-throat doctor says. No. 1 opens up the nose passages, lets you breathe freely. No. 2 relieves the pain from sinus and eases the nose. If you have SINUS TROUBLE, HAY FEVER, DIRT COLIC, or ASTHMA, use BROWN'S LOTION and you'll be glad! Big, generous treatment, only \$1. Sold and guaranteed by Irwin's Drug Store

Wuxtry! Lions Club Wins Its First Game, 11 to 6, From Pleasant Hill

The improving Lions Club softball team struck its first pay dirt last Friday night when it downed the crew from Pleasant Hill, 11 to 6. The team neared a winning streak Tuesday night, when the leading North Side squad was held to a 2-1 win.

By winning two straight, Fluvanna climbed into a tie with East Side for second place in the league. Last week's percentage column gave Dunn credit for a game that was actually won by the East Side. The correct placing last week would have given East Side second, Fluvanna third and Dunn fourth.

Percentages after Tuesday night games are as follows:

Team	P.	W.	L.	Pct.
North Side	13	12	1	.923
Fluvanna	12	8	4	.667
East Side	12	8	4	.667
Pleasant Hill	12	6	6	.500
Dunn	11	5	6	.455
West Side	12	5	7	.417
Hermleigh	11	3	8	.273
Lions Club	13	1	12	.083

Games for the remainder of the week are as follows: Thursday night, Lions vs. Dunn, Hermleigh vs. West Side; Friday night, North Side vs. East Side, Pleasant Hill vs. Fluvanna.

Regular schedule for the second half, scheduled to begin next week, will not start until Monday, July 13. First-half games that have been postponed for various reasons will be played Monday and Tuesday nights, and games with out-of-town teams will probably be played Thursday and Friday nights of next week.

Games postponed early in the season will be played next week as follows: Monday, Dunn vs. West Side, Hermleigh vs. Pleasant Hill; Tuesday night, East Side vs. Dunn, Fluvanna vs. Hermleigh.

Running scores for the past week are as follows:

Thursday, June 25.

Team	R	H	E
West Side	340	003	0-10 9 5
East Side	120	020	1-6 9 7

FAMOUS WRITER

J. Frank Dobie, author of many stories of folklore and history of the Southwest, and instructor of English at the University of Texas, is pictured as he rested between jaunts about the Texas Centennial Exposition grounds at Dallas. Dobie, the author of such books as "A Vaquero of the Brush Country," "Coronado's Children," and others dealing with similar subjects, was particularly interested in "Roads of the Southwest," one of the featured exhibits of the Ford Exposition building.

Feature Church Exhibits. Long parchment rolls like those used 2,000 years ago and pictures of preachers with pistol in one hand and Bible in the other feature the church exhibits in the Hall of Religion at the Texas Centennial Exposition.

Housing Visitors Problem. Housing problems of visitors to the Texas Centennial Exposition during the first 10 days were solved on a gigantic scale as the Centennial Housing Bureau placed 630,000 persons at an average cost of \$1.75 per day.

Canada's New Deal Wrecked. Ottawa, Can.—In a series of sweeping decisions somewhat analogous to those of the Supreme Court of the United States, the dominion's supreme court scrapped the bulk of Canada's New Deal legislation. The six justices arrived at their decisions after hearing a 500,000-word report in 14 days, studying briefs for five months. As the court renders "opinions" only, appeal may be carried to the privy council in London.

Looking After Children. Texas Centennial Exposition officials have not, and will not, overlook the children. Every Tuesday for the duration of the Centennial Exposition is children's day with a nickel price on the entrance gate and all concessions.

Taxpayers Increase. Washington, D. C.—Guy T. Helvering, commissioner of internal revenue, announces an increase in 1934 of 301,855 income taxpayers over 1933. Returns were received from 4,201,859 individuals for 1934, two-thirds of whom came from nine states—New York, Pennsylvania, Illinois, California, Massachusetts, New Jersey, Ohio, Michigan and Texas. Advance calculations indicate a much more significant increase in income tax returns for 1935.

HOLC Ends Home Loans. Washington, D. C.—After lending \$3,061,893,558 to 1,016,142 distressed home owners since June 13, 1933, the Home Owners Loan Corporation ends all lending activities and now enters upon the 15-year task of collecting principal and interest. More than 870,000 applications were disallowed; thus far 14,852 loans have been foreclosed.

Weather Controls Composer. Garmisch-Partenkirchen, Bavaria—Celebrating his 72nd birthday, Richard Strauss, the composer, promised to finish two new one-act operas if Germany has a warm summer. "Cherries," he explained, "do not blossom in winter, nor do musical ideas come readily when nature is bleak and cold. I usually compose from spring to autumn, then write out and polish the detailed scores in winter."

Big Bank Pays Up. Chicago, Ill.—When the depression dried up profits, the Continental Illinois National Bank & Trust Co., fifth largest in the country, sold \$50,000,000 preferred stock to the Reconstruction Finance Corporation to bolster up its capital structure. Promising to redeem the stock in 20 years, the first payment of \$2,875,000 falls due August 1. So good as business been that the bank notified the RFC that it would redeem \$5,000,000 next August, then voted a 20 per cent stock dividend to common shareholders.

It is estimated that one marriage out of five in the United States ends in divorce.

MAYOR'S PROCLAMATION

Whereas, the growth and advantages enjoyed by this community have been largely augmented by the Panhandle & Santa Fe and the Roscoe, Snyder & Pacific Railway Company, who have made it possible to reach markets with our produce and our wares, and who have supplied our needs from other sources, and have furnished passenger transportation to our citizens; and

Whereas, these railroads increase property values, pay taxes, and provide gainful employment; and

Whereas, they have built up a remarkable record of safe transportation, and in cooperation with other Western Railroads have: First, expended large sums in modernizing passenger equipment, including the air-conditioning of principal trains; and, second, have reduced fares and sleeping car charges, working ever toward the maintenance of both local and national prosperity; and

Whereas, the executives of other Western communities, both state and municipal, have asked public recognition of the part played by Western Railroads of America in our wealth and welfare:

Now, therefore, I, H. G. Towle, mayor of the City of Snyder, Texas, do call upon our citizens to take notice of Railroad Week, July 13 to 18, inclusive, and to join in the celebration of that event.

Police Walking Booths.

Police within and about the Texas Centennial Exposition grounds are really walking information booths rather than bogey men. That goes for traffic officers, too, said Robert L. Jones, chief of Dallas police. "A visiting driver would have to do something awfully bad and really prove himself an incorrigible before we would give him a ticket," he said.

Pooling another makes the fooler a fool.

Negro Enters Academy. Annapolis, Md.—With an average "A" rating from a Washington high school and an appointment from Democratic Representative Arthur W. Mitchell of Illinois, James L. Johnson Jr., a negro, son of a Chicago mail clerk, has entered the U. S. Naval Academy, the first of his race in 61 years. Only three other negroes have ever entered the academy. One resigned in his first year, one in his second, and the last was dismissed in 1875 in a quarrel with another midshipman. It is estimated that a full course at Annapolis costs the government \$31,000.

Road builders hold that a large part of the traffic accident toll is the result of not using gasoline and other motor taxes for highway repair and improvement.

Italy is about the size of New Mexico.

Arsenic is found in the waters of many of the famous mineral springs, but the quantity is pronounced too small to be injurious.

DR. C. E. HELMS
Magnetic Masseuseur

will be absent from his offices until July 22. He is taking further courses in his profession that will better fit him to care for his patrons ailments.

THOROUGH DEPENDABILITY

In no other profession is thorough dependability as essential as in ours. Called at just a time when the household is plunged into grief—upset—demoralized, the Funeral Director must be relied on for an intelligent, understanding exercise of judgment. We have been called to serve in the same families time after time—dependable.
