"YOUR HOME COUNTY PAPER"

FORTY-NINTH YEAR

SNYDER, TEXAS, THURSDAY AFTERNOON, JULY 9, 1936.

NUMBER 5

## MAY PUT FEED ON DROUGHTY COTTON LAND

Recent Ruling Enables Cooperating Farmers to Use Dry Strips For Late Feed.

Under a recent ruling of Secretary of Agriculture Henry A. Wallace, farmers who filed an application for soil conservation payment may now plant feed on land they set aside to plant in cotton but due to the drought were not able to get cotton up on.

This ruling will enable farmers who do not intend to plant cotton at this late date to plant feed, which has a better chance to make and thus produce enough for their needs, if rains come in time.

As yet the retired or rented acres have not been released to plant in feed, but must be planted in a soil conserving crop, such as sudan or cowpeas.

### Get Forms at Once.

Farmers who plowed under wheat or oats should come by the county agent's office the first time that is convenient and get the forms that will be necessary to have signed up by their neighbors to show they are in compliance.

Where the wheat or oats were turned under green, it is not necessary that any other crop be planted on this ground this summer but the land summer followed.

Farmers who planted sudan or cane to be turned under may do so after it has made a two months' growth. It is suggested that it might be better to turn this growth under before heads are mature enough to sprout.

### Payment for Sudan.

Sudan may be grazed or cut for hay and the producer waives only the soil building payment (\$1 per acre) on only the part grazed or cut for hay and is entitled to the soil conserving payment (corresponds to the old rental payment—at rate of 5 cents per pound for cotton yield).

Time for planting of cowpeas has been extended through August but a good growth of vines will be required.

Special consideration will be given in those communities where the drought has been so severe that they have been unable to get crops up. But in the communities where rainfall has been more plentiful, farmers will be expected to be in compliance on both their regular crop land and on the retired acres.

## Legion Aids Family Of Late Buddy Here

The Will Layne Post of the American Legion aided another star to its crown recently, when it provided for \$25 monthly aid to the wife and six children of a local veteran who died recently.

Funds were solicited by the local post from the national child welfare fund of the American Legion, with headquarters at Indianapolis. The post recently aided another veteran's family to the extent of \$15 monthly.

## Local Banker Goes To Brother's Rites

Mr. and Mrs. A. J. Cody went to Kaufman County last Wednesday, where they attended final rites at 4:00 p. m. for N. M. Cody, brother of the local banker. Victim Tuesday of a brief illness, the deceased was a veteran Scurry, Texas, mail carrier. He visited the Cods here last summer.

Surviving are the Kaufman County man's wife, father, three brothers and two sisters.

## Times to Publish Extra on Election

The Times completed plans this week to secure state-wide first primary election returns on the night of July 25 from the Texas Election Bureau.

These returns, along with full district and county returns, will be published in an extra edition to be distributed by the Times Sunday morning. They will also be broadcast from the west side of the square Saturday night.

The Times extras will be distributed free of charge, and of course the broadcast returns will be open to all.

Borden County returns will also be published and broadcast if they can be obtained.

## J. Wright Moorar Leads In Post's Centennial Fete

J. Wright Moorar, first professional buffalo hunter in Texas and first white settler in Scurry County, went to Post July Fourth to lead the half-mile parade that featured Garza County's Centennial celebration at Two Draw Lake.

Mr. Moorar, with his granddaughter, Julia Mae McDonnell, rode immediately behind six cowboys who bore flags representing the colors under which Texas has lived. Much of Mr. Moorar's buffalo hunting in the early days was in what is now Garza County, and he is otherwise closely identified with the county's early history.

The veteran buffalo hunter led a grand Centennial parade in Snyder April 21, San Jacinto Day.

Features of the Post parade included: O. B. Kelley, first Garza County sheriff; more than 100 cowboys and cowgirls, ages ranging from 3 to 85 years; numerous floats arranged by churches, the American Legion and other organizations.

The parade was followed by a musical program at the lake under direction of W. F. Presson. Jay Slaughter was master of ceremonies. In the afternoon there was horse roping, calf roping and various other entertainments. Norris Rodgers, young Garza County rancher, husband of the former Miss Helen Boren of Snyder, won the trick and fancy roping contest.

## Local Bar Plays Host To Members Of Appeal Court

Members of the Snyder bar, with District Judge A. S. Mauley, District Attorney George Outlaw and District Court Reporter W. B. Swain, were luncheon hosts at the Manhattan Hotel Friday to the three members of the court of civil appeals, 11th Supreme Judicial District, Eastland.

Chief Justice W. P. Leslie, and Associate Justices O. C. Punderburk and Clyde Grissom were the visitors. On summer vacation, they were making a friendly tour of the counties in their district.

Judge Leslie was appointed to the chief justiceship late last year when Judge J. E. Hickman resigned to accept a place on the commission of appeals of the State Supreme Court, Austin. He is unopposed for re-election to the six-year term.

Judge Punderburk, elected in 1932, has two more years of his term to serve.

Judge Grissom, former county and district attorney and district judge at Haskell, was appointed to the associate justice place made vacant by the elevation of Judge Leslie. He is unopposed in his race for a first elective term.

## Snyder Softballers Whip Roby, 3 to 2

Snyder's all-star softball team had an off night Thursday, chalking up five errors, but they tightened in the pinches and whipped the Roby all-stars, 3 to 2.

Roby made nine hits off Smyth, but they were well scattered, and the visitors did not score after the second. Snyder, also, did all her scoring during the first two innings.

Team— R H E  
Roby— 020 000 000—2 9 3  
Snyder— 210 000 000—3 6 5

Batteries: Roby, Rhodes and Hughes; Snyder, Smyth and Brown. Umpires, Red Moore and Foreman. Time of game: 53 minutes.

## Preaching at Turner.

Bro. J. K. Westbrook, Church of Christ preacher, will preach at Turner Saturday evening, Sunday morning and Sunday evening. Communion service will be held Sunday morning. Everyone is invited.

## Mitaken Identity.

John C. Gum Day, local Minneapolis-Moline dealer and former commissioner in Precinct No. 1, asks The Times to state that neither he nor any members of his family were involved in charges made in county court as an outgrowth of the liquor raids made by officers here July 26.

## WHEAT YIELD, PRICE JUMP TO HIGHER LEVEL

Scurry County Farmers May Sell 20,000 Bushels for Total of Almost \$18,000.

With unexpectedly high yields of good quality, and with the hefty rise in prices, Scurry County wheat farmers may sell 20,000 bushels for a total of almost \$18,000.

A local buyer said yesterday that he would pay \$1 per bushel for No. 1 wheat in quantity on the basis of the market at that time, but that he had no takers at that price. Several farmers who harvested early and practically all who are getting out the tail-end of the county's crop are holding for still higher prices in the face of national yields that have been severely cut by drought.

The per-acre average for the county has probably not been more than four to five bushels per acre, but a few fields in the Inadale section are reported to have harvested from 20 bushels upward to almost 40 bushels.

Even at this low average, the majority of the grain has been of such high quality that it is bringing several thousand more dollars than expected.

Through Wednesday, the R. S. & P. had shipped five cars out of Fluvanna, four out of Hermleigh, two out of Snyder and several thousand bushels out of Inadale. With an average of 1,000 to 1,100 bushels per car, and with a small amount hauled out by truck, it is estimated that at least 17,000 bushels have already been sold.

Highest price paid here, as far as The Times has learned, is 93 cents per bushel. Before the heavy rises of the last few days, the local price ranged from 70 cents to 90 cents. The average price paid in the county to date is probably 80 cents.

## AREA SHUNNED BY JULY RAINS

Clouds that have billowed from South to West Texas, bringing flood damage and washouts in some cases, are threatening to leave Scurry County with only a half dose of July rainfall.

Snyder received only 22 of an inch from Sunday and Monday showers. Edges of the county from southeast to northeast and in the Fluvanna sector received from a half inch to two inches, while probably two-thirds of the county received from a half inch downward to mere sprinkles.

Light clouds continue to roll. The moisture that has come in spots this month and late last month have given brief new life to feed and has kept cotton looking up in most sections. With average rains during the remainder of the summer, farmers are looking for fair crops over most of the county, and good ones in a few localities.

## Joe E. Clayton Leading Fight On Screw Worm Fly

Joe E. Clayton of Borden County has been appointed district supervisor for the state-wide fight that is being made against the screw worm fly. With headquarters at Gall, the young rancher's territory includes Scurry, Borden, Andrews, Gaines, Dawson, Howard, Mitchell and Martin Counties.

Clayton will hold meetings and give demonstrations regarding screw worm control, at scheduled places in the counties. You can get in touch with him through the local county agent.

The screw worm fly and its damage has been known to ranchmen and farmers of Texas since 1843. At the present time the United States Department of Agriculture, bureau of entomology and plant quarantine, division of screw worm control, cooperating with the Extension Service and agricultural experiment station of the Texas Agricultural and Mechanical College, and the State Department of Agriculture, is conducting a campaign to combat the screw worm fly.

In general, the purpose of this campaign is to convey to livestock raisers that information concerning the screw worm fly which has been made available by research workers. This is information which has been found to be practical and economical in treating screw worm cases and in controlling the screw worm fly.

A state office has been opened at College Station, room 337, new administration building.

Farmers desiring to make applications for a wheat loan will please keep in mind that our instructions at the present are that the closing date will be July 31.—Chas. J. Lewis.

## OLLIE B. WEBB

Ollie B. Webb of New Orleans, vice president of the Texas & Pacific Railway Company, and an outstanding Baptist layman, will speak at the First Baptist Church here Sunday morning and evening, 11:00 and 8:30 o'clock.

## T. & P. Official Will Speak Here At Two Services

Ollie B. Webb of New Orleans, vice president of the Texas & Pacific Railway Company, will fill the First Baptist Church pulpit here Sunday morning and evening, 11:00 and 8:30 o'clock, in the absence of the pastor, Rev. Lawrence Hays. The pastor is conducting a 12-day revival at Rockwall.

The outstanding Baptist layman has filled every Baptist pulpit from Midland to Abilene within the past year. A group of local laymen heard him a few months ago at a laymen's banquet at the First Baptist Church in Sweetwater.

Webb is also a much-sought speaker for non-religious conventions and other gatherings. Efforts are being made to have the Baptist choir filled by Baptist laymen Sunday evening. The visitor will bring a special message of interest to men. The general public is invited to all services.

## Rainbow Market Grows.

Jim Adams' Rainbow Market Place has been almost doubled in size during the past week. The fruit and vegetable center a block east of the square on the highway is now 50 feet in length, 14 feet deep, and is cooled with electric fans. Adams also has a large cold storage box at the rear of the building for perishables.

## Cowboy Adventurer Back in State for Centennial Affair

"Texas Mack," vagabond cowboy, adventurer and explorer, was near the end of a gruelling nine-year jaunt when he came to Snyder Tuesday.

He left Dallas April 1, 1927, on a tour that he claims has included every state and county capital in the country. Throughout the trip he has advertised the Centennial, and he is planning to be back at Dallas July 24 to appear at the Centennial Centennial Exposition.

"Texas Mack" has financed his trip by selling pictures and giving roping, shooting and similar entertainments. He has been giving free exhibitions at orphanages throughout the country.

The wanderer says he has explored many of the out-of-way places of the Union, including Death Valley.

Some college students major in ignorance.

## SCURRY COUNTY SHOWS JUNE NOT SO HOT AS CUPID'S MONTH

June has ceased to be "the month of brides" if affairs of the heart are judged according to records in the Scurry County clerk's office.

Scurry County records say that only 10 couples were married in June this year, in comparison with 18 couples taking their marriage vows in January of this year.

During the entire year passed—from June, 1935, to June, 1936—December recorded the most marriages in this county. The number was 24. Next in line was November, with 14, and February with 12.

March and June tied with eight marriages recorded for each, for the lowest number during the year. November, December, January and February proved to be the most popular months for matrimony.

Records of marriages during the past year taken from the courthouse records by months are as follows: June, 1935, eight; July, 10; August,

## LEGION NAMES LATTIMORE AS SNYDER CHIEF

Walla D. Fish, Past Commander, Elected Adjutant; Auxiliary Helps With Hut Plans.

Hal A. Lattimore, adjutant for the past year, was elevated to the command of the Will Layne Post of the American Legion at the annual election meeting last Thursday night.

Walla D. Fish, a past commander, who has held practically every office in the post, was again named for the important adjutant's place.

Plans for early building of the native-stone Legion hut were heightened by announcement that members of the women's Auxiliary are raising funds by selling homemade quilts.

Auxiliary members also attended the Thursday night meeting, and conducted their annual election. An ice cream supper was served to all members and guests who gathered in the Legion hall.

Officers re-elected for the new fiscal year include Warren Dodson, service officer, and Porter King, historian, both veterans in point of service in these positions. Other officers elected are: W. F. Arnett, first vice commander; J. E. Best, second vice commander; J. E. LeMond, finance officer, re-elected; Ben F. Thorpe, chaplain; W. H. (Buck) Chandler, sergeant-at-arms.

New officers will be installed at the next regular meeting of the post—Thursday, August 6.

## R. R. WEEK WILL BE OBSERVED

Plans are being made in Snyder by local railway employees for observance of second annual Railroad Week. The observance, sponsored by the Western Association of Railroads, is being joined locally by the Panhandle & Santa Fe Railway and the Roscoe, Snyder & Pacific.

F. W. Wolcott and A. C. Preuitt are agents here for the Santa Fe and R. S. & P., respectively.

A Lions Club program next Tuesday will be the highlight of the local observance. A railroad display will be featured in the Snyder Hardware show windows.

Harry G. Taylor, chairman of the Western Association, says of the observance of 100 years of progress in transportation: "The railroads are pushing on again to new frontiers. They have faith in their own capacity for still greater service to this country, and they have faith in the country itself."

Air-conditioned cars, rock bottom passenger fares, new coach comforts, economy meals, faster schedules and all-weather dependability are features to be stressed during the week.

Rites for Infant Son.

Bro. R. B. Hester of Snyder conducted final rites at the Ira cemetery Friday for Carl, infant son of Mr. and Mrs. Lawrence Brown of the County Line community. Mrs. Brown is the Times correspondent at County Line.

## Efforts Renewed For Improvement Of 101

Camp Springs School Election Case Attracts Crowds To District Court

A packed court room greeted a string of witnesses who appeared in district court Monday and Tuesday during hearings on the Camp Springs school election case, styled E. D. DeShazo, et al vs. Scurry County.

Lawyers were instructed by District Judge A. S. Mauley to brief their arguments and to appear for pleadings before the court not later than Wednesday, July 15.

C. F. Sentell and John E. Sentell represent the plaintiffs. The county is represented by Stinson, Hare, Duke & Brooks of Abilene. All members of the Abilene firm except Duke were here Monday and Tuesday.

Returning Monday for a third day of questioning and sifting this three-

week term, the grand jury reported no more indictments. A single theft indictment was returned in its two-day session last week.

The criminal docket, which offers little interest, will be called Monday morning. Next week is the third and final week of court.

Divorces granted in the court since last week's paper are as follows: Orell Parker Sabin from Enor S. Sabin; Kathleen Van Ness from Q. H. Van Ness; Arthur Mae Mack from Wilson Mack; Alton L. Wilson from Nina May Wilson.

Petition of T. M. Horton and wife for adoption of John Daniel Hardy was granted. Clell C. Clark's petition for removal of minority disabilities was granted.

## COUNTY DADS WORKING WITH DUNN, SNYDER

Commissioners Court and Citizens Request "Immediate Action" Of State Department.

Efforts to build an all-weather, newly-routed section of State Highway No. 101 from the Mitchell County line to its intersection with Highways No. 75 and 7 just south-east of Snyder, were redoubled after a joint meeting of Dunn and Snyder leaders with the Commissioners Court in a called meeting Tuesday afternoon.

County Judge H. J. Brice, acting for the court, and a citizens' committee from both towns, immediately dispatched minutes of the meeting, with a renewed pledge of complete cooperation, to division and state highway officials.

Ask Immediate Action. Requesting "immediate improvement," the message to highway officials renewed and re-affirmed the offer of Scurry County, made twice previously, to acquire all the necessary right-of-way when called for by the State Highway Department.

No. 101 has been improved within the past year from the Scurry County line to Colorado city limits. Most of the new route has caliche base completed, but detouring is yet necessary on a portion of the stretch.

The new routing through Scurry County would go directly south from Dunn, instead of veering eastward, as the old route does.

Designation Southward. Emphasis was given completion of the Scurry County stretch late last month, when the State Highway Commission designated a partially new routing for Highway No. 101 by way of Sterling City. Improvement southward from Colorado is expected to begin soon.

The county committee that will assist the Commissioners Court in their plans to seek improvement in the county is composed of the following: W. C. Hooks, J. E. Brown and L. E. Russell, Dunn; W. J. Ely, A. D. Erwin and Harrie Winston, Snyder.

Others who attended the court session Tuesday were: J. C. Beakley, J. F. Crowder, Fred Bowers, J. P. Billingsley, W. H. Richardson, Harrison Durham and W. A. Taylor, Dunn; N. M. Harpole, J. W. Scott, F. G. Sears and Maurice Brownfield, Snyder.

## Good Borden Rains Slow West Traffic

Good rains in Western Borden County and Lynn County last weekend forced G. R. Austin, maintenance foreman for Scurry and Borden Counties, to put up a detour sign at the west entrance to the Snyder square this week.

The fill at the Tobacco Creek crossing, 17 miles west of Gall, was washed out by the heavy rise, and water continued to pour over the crossing Tuesday. The bridge over the creek was washed out several months ago.

Austin's crew completed the re-fill job yesterday, and the entire route was opened to traffic.

## Dr. Scarborough Moves.

Dr. A. O. Scarborough, veteran Snyder physician, has opened up-town offices in the rear of Irwin's Drug Store, southwest corner of the square. He has maintained his offices for some time at his home. He invites his friends to visit him in the new location.

It has as its purpose training in the use of the Bible, training in appreciation of the great hymns of the church, training in the making of useful things for others and a happy experience in christian service.

The school will last from 9:00 to 11:30 each day, five days each week. There will be four departments under the leadership of experienced teachers whose time will be given voluntarily to the work.

If your child falls within the beginner, primary, junior or intermediate age group you are invited by Presbyterian leaders to send him or her to this special school for a good time and a profitable course of study.

## Texaco Wholesaler Moves to Warehouse

Offices of Gay McGlaun, long-time wholesale commission agent for the Texas Company here, were moved early this week from the building in which Wade's Service Station is housed to the Texaco tanks, three blocks north of the highway on the R. S. & P. tracks.

Foy Wade of the service station is converting the space into a retail sales room, where a complete line of accessories will be added to his already full line of Star tires and tubes.

Pleasant Hill Service. Sunday morning at 11:00 o'clock Rev. J. Ollie Hux, pastor of the Church of the Nazarene, will preach at the Pleasant Hill tabernacle.

Jack Bowling Moving. Jack Bowling is moving his service station, located for several years at the turn of the old highway in North Snyder, to the northeast corner of the "city block," two blocks north of the square. John Lynch's fruit stand has been moved just across the street.

## Mrs. Walla Fish Elected President of Legion Auxiliary At Session Thursday

Mrs. Walla Fish, active member of the American Legion Auxiliary here for several years, will serve as president of the group during 1936-37. New officers were elected last Thursday night at regular meeting in the Legion hall.

Other new officers elected are the following: Mrs. Jess Rodgers, first vice president; Mrs. Frank Arnett, secretary-treasurer; Mrs. Jim Beavers of Camp Springs, sergeant-at-arms; Mrs. Jim Norred, chaplain; Mrs. Ed Turner, reporter; Mrs. W. F. Mathis of Fluvanna, historian.

Mrs. J. E. Shipp, retiring president, presided at the election and for other business of the evening. Following the business sessions, held by women and men, they joined for refreshments of ice cream and cake.

Installation for new officers will be held at the next regular meeting of the Legion and Auxiliary, and it will be a joint ceremony. First Thursday in August will be the time of meeting. New officers will take over their duties at the September meeting.

Auxiliary members present for the business meeting and social hour following it were the following: Mrs. J. P. Lambert of Inadale, Mrs. J. C. Lewis of Dunn, Mrs. C. C. Brannon of Inadale, Mrs. Jim Beavers of Camp Springs, Mrs. Frank Arnett, Mrs. J. E. LeMond, Mrs. J. E. Shipp, Mrs. Dick Henderson, Mrs. Jim Norred, Mrs. W. P. King and Mrs. Jess Rodgers.

## Floyd Family Has Reunion Tuesday

Nine children of the Floyd family, their families and a few friends met Tuesday at the home of one of the boys, O. C. Floyd, in Northeast Snyder for a family reunion. Mrs. B. W. Ellison of Crosbyton, mother of the group, was honored on the occasion, which also celebrated her sixty-first birthday.

Singing, violin and guitar music and chatting furnished amusement for the day, and attendants had such a pleasant time that they met again Wednesday at the home of Mrs. Ross Huddleston, a daughter, in Sweetwater. The reunion held Tuesday was the first ever held by the Floyd family, for which each of the nine children was able to be present.

Daughters present with their families were: Mr. and Mrs. Clarence Graham and daughter and Mrs. Bill Tatum and daughter of Tucumcari, New Mexico; Mr. and Mrs. Ross Huddleston and children and Mrs. Edgar Fussell and children of Sweetwater; and Mrs. Thomas Roberts and children of Snyder. Sons and families attending were: John Floyd and family, Guy Floyd and family, Edgar Floyd and family and O. C. Floyd and family, all of whom reside in Scurry County.

Other relatives and friends attending the affair were: Mrs. Willie Harter of Dallas, Mr. and Mrs. J. H. Day, Mr. and Mrs. Bob Allen, Mr. and Mrs. Joe Allen, Mr. and Mrs. Jim Tatum and Mrs. Gilbert Tatum, all of Scurry County.

## Class and Guests Enjoy Picnic Lunch.

Members of the Willing Workers Class of the First Methodist Church, their teacher, Mrs. J. P. Nelson, and several guests enjoyed a picnic supper served from the picnic tables at Martin's pool in Northeast Snyder last Thursday evening at 7:00 o'clock.

Dorothy Strayhorn, class president, and Mrs. P. W. Cloud acted as hostesses for the affair. Guests were Mrs. Red Moore of Ranger, H. P. Redwine, and Robert E. Gray Jr., Miss Margaret Dell Prim, Sandra Jean Bowden and Joe Dave Scott.

Members of the class present were: Mrs. Nelson, Altus Bowden, E. L. McLeroy, P. W. Cloud, Hugh Birdwell, Herman Darby, Robert H. Curmude Jr., J. D. Scott, Herman Doak and J. P. Strayhorn, Dorothy Strayhorn, Grace Holcomb, Eda McFarland and Allene Curry.

## Snyder General Hospital

Mrs. Grady Brackeen, Snyder, and Mrs. Flo McShan, Colorado, were surgical patients in the hospital during the past week. Both were still in the hospital Wednesday.

Jim Henderson and Mrs. Jim Gibson, both of Snyder, received medical treatment in the hospital during the week-end.

Mr. Henderson was moved home Tuesday as were the following of last week's surgical patients: S. E. Skeen of Gall, Christine Greer of Snyder and Mrs. Arthur Townsend of Snyder.

## Mrs. Strayhorn Is Club Hostess.

Mrs. J. P. Strayhorn was hostess to the Wednesday Afternoon Bridge Club at its alternate weekly meeting last week. The party was given at her home in West Snyder.

High score prize for members went to Dorothy Strayhorn, and second high, for members and guests, was awarded Mrs. Maurice Brownfield. Decorations for the house were varied colored zinnias, and the hostess passed a dainty salad course to those present at the class of bridge play.

## Rigsby-Jenkins Wedding Saturday.

Miss Mavis Jenkins, daughter of T. E. Jenkins, became the bride of Roswell Rigsby, oldest son of Mr. and Mrs. A. H. Rigsby, in a simple ceremony held in Big Spring Saturday night.

Local people attending the wedding were Mr. and Mrs. Fred Williams and George Wilhelm.

The bride was wearing a black net frock with white shoulder corsage and white accessories. Mrs. Williams wore a green lace street dress.

Born in Snyder, Miss Jenkins has spent her entire life here, receiving her education in local schools. She was elected high school Centennial queen the past year to reign over the school's April 21 celebrations. She had the seat of honor on the queen's float in the Centennial parade, and later reigned over the pageant.

Mr. Rigsby, who is manager of the Rigsby Cafe here, received his education in Hot Springs, Arkansas, schools. He moved to Snyder with his parents more than five years ago.

The couple will be at home to their friends at 1301 19th Street in North Snyder, the house formerly owned by Mr. and Mrs. Fred Yoder.

## EMERGENCY HOSPITAL

Two husky baby boys were born in the Emergency Hospital during the past week.

A ten-pound son was born to Mr. and Mrs. Charlie C. May Friday. The boy has been named Charlie Jr.

The six-year-old daughter of Mr. and Mrs. Owen Morton's young nine-pound son was born Monday. He has been named Charles Douglas, and he and his mother, the former Imo Hall, are doing nicely.

G. W. Blair was still in the hospital yesterday for medical attention. Ruby Mae Reep, Camp Springs, a medical patient for the past several weeks, was moved home Saturday.

The six-year-old daughter of Mr. and Mrs. W. C. Martin of Ira, had a tonsil operation Thursday.

## Four Are Hostesses At Reception-Shower.

Mrs. Ben Thorpe, Elmer Taylor and Rea Falls and Miss Margaret Dell Prim were hostesses at a reception and shower honoring Mrs. A. J. Young of Big Spring, recent bride, who was visiting with relatives and friends in the county last week.

The delightful affair was given last Friday afternoon in the home of Mr. and Mrs. Rea Falls, aunt and uncle of the honoree, at Ira. More than 60 guests were present.

Blue and white, chosen colors of the bride at her recent wedding, were combined in an attractive color scheme in decorations for the party. The dining table was centered with a bridal scene with miniature bride and groom standing on a reflector. Iced punch and cookies were served.

An array of lovely gifts were presented to the honoree at the tea hour. The shower climaxed a group of lessons, conducted according to clever plans made by the hostesses using a "teacher" scheme, since Mrs. Young was formerly a teacher in the Ira schools.

Mrs. Young, daughter of Mr. and Mrs. J. E. Falls, was born, reared and taught school at Ira.

## Mary Jo Burk Has Birthday Celebration.

Mrs. C. R. Burk entertained last Thursday afternoon with a birthday party in honor of her daughter, Mary Jo, who was seven years old that day. Out-of-door games were played, and lovely refreshments were served.

The following were present: Mary Jo Burk, Howard Crenshaw, Berry Lee Moreland, Joy Green, J. D. Vaughn, Avanel Haney, Mary Jo Hulsey, Elda Jean Littlepage, Mary Ruth Martin, Eleanor Green, Celia Haney, Martha Lou Holmes, LaRue Autry, Alice Meryl Wilmett, Ina Ruth Alsop, Billy Don Burk, Fay Ellen Jordan, Mariam Gordon and Genevieve Yoder.

Miss Margaret Dell Prim and Mr. and Mrs. Andy Jones and their guest, Kirby Dawkins of Breckenridge, spent the holiday in Sweetwater.

Mr. and Mrs. Melvin Blackard left Wednesday for a vacation in Corpus Christi. They plan to join Mr. and Mrs. Ison Joyce and daughter, Betty Jean, who left here Tuesday, in Corpus Christi. The group will be away about 10 days.

Mr. and Mrs. G. B. Clark Jr. and Miss Clara Belle Clark left Saturday for Maryville, Tennessee, where they will visit with relatives about two weeks.

Sykes Curry of Eunice, New Mexico, is visiting here with his mother, Mrs. A. M. Curry, and his sisters, Ruby and Allene Curry and Mrs. Homer Snyder. He is en route to Dallas for the Centennial.

Mrs. Earl Brown and children, Mary Elizabeth and Earl Jr., of Abilene visited with their husband and father here Monday, Tuesday and Wednesday.

Mr. and Mrs. J. W. White and daughter, Lanell, and Mr. and Mrs. Marion Newton spent the holiday at Double Heart Ranch, Sweetwater, and returned to Sweetwater for a swim in the pool before returning home.

Vernelle Bradbury was a Centennial visitor in Dallas July 4 and Sunday. She joined her cousin, Odessa Bradbury, in Abilene for the trip.

Grover Knight and family of Hopeville, California, are visiting with relatives in Snyder and Hemphill. He is a son-in-law of J. B. Etheredge.

The M. M. Maulle and Roy Weeks families spent the Fourth on the Concho River south of San Angelo.

Among Snyder people at Big Spring for July 4 celebrations Saturday were Mr. and Mrs. Buster Curtis, Miss Mavis Webb, Loy Logan and Mr. and Mrs. J. D. Mitchell.

Mr. and Mrs. C. W. Harless were among local people who were at the Double Heart Ranch, south of Sweetwater, for the rodeo and air circus July 4.

## LET'S TALK ABOUT CLOTHES BY A YOUNG MODERN

The one outfit in a good summer wardrobe that withstands all the wear and tests is a dark street dress. Through the hot summer months, you'll find many times when a dark frock is not only suitable but almost necessary.

When traveling, you need something that will look just as nice at the end of the journey as it did in the beginning, and if you work in an office, your white and pastel frocks soon become wilted and yellowed with constant wear. A navy blue dress is ideal—it does not show hard wear as easily as other colors, and it can be tubbed or cleaned with guaranteed satisfaction.

Chiffon is especially good this summer, and the latest trends are toward the redingote style. I saw one interesting model featured on the campus at Texas State College for Women (CIA). The dress was buttoned with material loops a little over half way down the front, and then stood open to reveal the box pleat in the dotted slip. The sleeves were short, slightly puffed, and had a tiny cuff of Irish lace. The neck was finished in a like manner, and two small tucked breast pockets adorned the frock.

Brown and white is an interesting combination for summer, and a checked silk in these two colors is especially attractive. Some dresses have yokes from which tiny pleated sleeves appear, and the high neck-lined have small collars which are brought together with grosgrain ribbon bows in the matching of the belt.

Dark cotton dresses feature maroon as the favorite color. Dotted Swiss is trimmed with tick-rack braid, and linen lace frocks boast small bolero jackets.

Mr. and Mrs. Frank Stevenson and children and Foster Stevenson made the trip through Carlsbad Caverns, New Mexico, July 4.

Mr. and Mrs. J. S. Lewis and daughters, Misses Hazel and Frances Lewis, were guests of Mr. and Mrs. Joyce Drinkard in Lubbock Saturday.

In the Roy Howell party at Sweetwater Lake and Sweetwater's municipal swimming pool for July 4 were Mr. and Mrs. Howell and daughter, Erol, Dorothy Winston, Elizabeth McCarty, Richard Brice, A. C. Alexander Jr., Wallace Smith, Charles Harless and Gordon Sentell.

Mr. and Mrs. Homer Snyder and sons, Mrs. A. M. Curry and daughters, Mrs. Bill Curry and daughter of Eunice, New Mexico, joined a group of Snyder people at Sweetwater Lake to spend Saturday fishing, swimming and picnicking.

Henry Whitehurst and family and Mr. and Mrs. Buck Chandler were at Sweetwater Lake Saturday.

Mr. and Mrs. Guy B. Hamilton of Chickasha, Oklahoma, were holiday guests of her parents, Mr. and Mrs. J. C. Maxwell, and of Mr. and Mrs. W. W. Hamilton. Mr. Hamilton returned home Monday, and Mrs. Hamilton left Wednesday for their Oklahoma home. Mrs. Hamilton is the former Miss Zada Maxwell of Snyder, who taught at Clovis, New Mexico.

C. Spradley and family were in Sweetwater Saturday.

Mr. and Mrs. A. E. Harvey and son, John Billy, left late last week for Sulligent, Alabama, to spend the remainder of the summer.

17 APPLY FOR MAIL BALLOTS

Seventeen absentee ballots had been secured yesterday at noon from Mattie B. Trimble, county clerk, and nine of this number had been cast. Absentee voting began Sunday.

Some of the pre-election votes are being cast in person, and others have gone to citizens who are absent from the county.

Political seers see in this early casting of absentee votes an indication that first primary balloting will be extremely heavy.

July 22, Wednesday, is the final day for absentee voting.

Young Democrats to Gather at Coleman

Regional rally of the Young Democrats will be the feature of the third day of Coleman's Centennial celebration, Wednesday, July 15. Plans for the day are being made by William O. Leach, secretary of the state organization, and Andy Isham, president of the Coleman club.

Among the 30 counties in the region are Scurry, Nolan, Mitchell, Fisher, Jones and Taylor.

The J. E. and C. F. Sentell families spent July 4 at Sweetwater Lake.

The Weekly Dozen

Weekly Rooseveltism.

President Roosevelt: "Those who would measure confidence in this country in the future must look first to the average citizen."

West Texas Showers.

Pessimism Pete says the main trouble with these West Texas sprinkles is that they dampen your hopes and your wornout shoe soles just enough to give you optimism and cold feet.

Dry, But Plenty Wet!

Snyder may be one of the only dry spots in West Texas, rainishly speaking, but take it from state liquor raiders, she is far ahead of her times as far as illegal wetness is concerned. Our prayer: Lord, please give us wetness, but not in bottles, kegs or cans.

Smarter Than the G. O. P.

The aged South Carolina woman who called in her preacher and her friends to conduct her funeral service three days before she died was much smarter than the Republican party, which apparently has not discovered that it was ready for a death dirge more than three years ago.

The Fateful Eight.

The recent Democratic convention had a fateful ring. Practically every ringleader, from Roosevelt to Farley and back again, is either 48, 58 or 68 years of age. Which means, if you care to make figures talk, that the donkey riders are destined for a full eight years of national power.

Shame on Cowboys.

Scurry County cowhands who went to West Texas towns to carry away quite a few Fourth of July rodeo prizes should be ashamed of themselves. They have punctured the current summer belief that "The Times is the county's best male cow thrower and that candidates are the leading rough riders of the season."

For Home Owners.

Carl Hardin, candidate for railroad commissioner, won a lasting place in many Texas hearts when, as state senator, he sponsored the home exemption measure relieving from state taxes all homes up to the assessed value of \$3,000. Add several batches of ten thousand votes each to Hardin's support because of his vision in sponsoring the tax exemption plan several years ago.

An Observation.

The Times has made at least one noteworthy observation since its plant was moved to the square: That you can never realize how busy Snyder is throughout the so-called slumpy months of summer unless you keep a bird's eye view of activities all the time. We agree with a visitor from South Texas, who recently said: "You have one of the most attractive and liveliest towns here I have seen in Texas."

Fighting Insects Cooperatively.

Scurry County ranchers and farmers will no doubt be the first to cooperate with Joe Clayton, district supervisor, in an effort to slash broods of the destructive screw worm fly. State and federal units are joining hands to stop this pest that has bothered cattlemen for more than 50 years. Aside: It is said that insects and their relatives are the only real threat against man's supremacy on this earth.

"Roads Are Friends."

Washington (D. C.) Star: "Roads are friends. They bind communities together, they integrate nations. Their purpose is the service of the generality of mankind, democratically and without distinction. Great cities and little towns, capitals and tiny hamlets are the centers of life to which they are especially dedicated, but they also move through the neighborhood of thousands of independent homes in which the human drama is being played, the human spark kept burning."

Vitamins and Your Health.

Have you plenty of little vitamins in your system? If not, you will probably die young, and you may never know what happened to you. Modern science has proven that vitamins are food elements with a purpose, and that by eating certain foods in certain quantities we can keep ourselves filled with enough of the right sort of vitamins to keep healthy—provided we do not inhale six-shooter bullets, a car accident or a mother-in-law's wrath. One of the most interesting and educational exhibits at the Centennial Exposition, it is said, is a vitamin chart arranged by the Texas agricultural experiment station.

The Railroads Celebrate.

Western railroads, including the Santa Fe and the R. S. & P., will celebrate Railroad Week, July 13 to 18. The eyes of many states will be focused during that period on what the railroads have been, what they are and what they are doing. The picture of railroad pioneering is one of the most thrilling and courageous in American annals. The picture of railroad deterioration, discolored more by stick-in-the-mud attitudes on the part of many officials than by depression, put the rails in the mire, financially and in the popular eye, during the last decade. Now the picture is becoming rosy, for the railroads have learned that service and efficiency are demanded by the American public. No wonder Western railroads are celebrating.

Soil, Nation's Heritage.

One of the most thoughtful booklets that has been issued through government cooperation under the New Deal has just been published under the title "Soil, the Nation's Basic Heritage."

Described as "A story of the restoration of natural water control through soil conservation and improvement," the booklet was prepared by the land grant colleges and universities of the Tennessee Valley states, cooperating with the United States Department of Agriculture and the Tennessee Valley Authority.

"As a nation we are becoming land-conscious," the introduction reads. "The country is recognizing that soil, and its fertility, is our most valuable possession, fundamental source of wealth, and basis of prosperity; also that much of the soil's fertility is slipping away from us."

The government, recognizing that even the series of giant dams that are being built through the Tennessee Valley will not in themselves conserve the soil, continues with this observation: "No matter how hard engineers work at building dams, the big problem of providing natural water storage on private land remains. Unless farmers are able to provide a vegetative cover for the ground that will prevent water from running off rapidly during rains, flooding rivers, the control of water can never be complete."

Referring again to the Tennessee Valley, the booklet says: "The extent to which erosion has devastated the land is amazing. Careful estimates show that more than a million acres have been destroyed for future farm use, half the topsoil has been washed off many more, and nearly all the land has suffered to some extent from erosion. The erosion continues practically uncontrolled. Its ravages multiply with every rain."

This picture of erosion has its twin cousin in Scurry County. This is comparatively a virgin country, but already erosion is taking a tremendous toll, and we will not be even half-virgin for long—unless farmers and farm leaders cooperate in the New Deal program of soil saving.

Current Comment.

BY LEON GUINN.

At the recent meeting of the National Education Association in Portland, Oregon, the Academic Freedom Committee got over a report urging that all and sundry school teachers "be accorded the right to express publicly their views; and ally themselves with organizations of their own choosing." . . . Rather odd in America, when the constitution guarantees this right to teachers, as well as everyone else.

Association delegates were so ashamed of this "horn swogging through" AP newsmen were not allowed to mention the names of the communist teachers who drafted the report. . . . And here it is, that a handful of radical degree men, influenced by the little clay gods in Moscow known as Joseph Stalin & Company, are trying to force communist doctrines on American teachers. . . . The AP newsmen might be quite interested in the fact that Moscow gold (\$10,000 per year to some so-called educators) is the motivating factor behind this "enthusiastically approved report."

Here it is that atheism, under its godless banner, is striking at the very heart of America, seeking to turn the next generation into a pagan race of radicals. . . . Here it is the spider web of Nietzscheism and Marxism is, as radical professor Scott Nearing (formerly with University of Pennsylvania) says: "spreading its doctrines among students of American universities, but in a highly secret manner."

When so conservative a body as the NEA is steam-rollered by a clique of avowed atheists, it is time America take inventory of the situation, for if one doesn't think American school teachers are dearly beloved for their freedom of belief, one doesn't know human nature. . . . We do sincerely believe in the separation of church and state, but when a handful of Marxists at the NEA meeting rise to damn any and everything opposed to "more academic freedom" in America, church and state are out of the picture, and the situation becomes one only our free press can save.

Chief trouble is that 90 per cent of all college textbooks and reference books are written by openly boastful atheists, and that goes for our universities America over. . . . Everything from biology to sociology courses are infidel-endorsed. . . . But let these so-called "free souls" pause in their zealous pursuit, for God can not be taken out of the lives of Americans (for long); they are incurably religious. . . . Strongly recommended: "Crucifying Christ in Our Colleges" by Dan Gilbert.

The flood of golden shekels over America, due to bonus payment, is without peacetime parallel in the U. S. . . . Total cost of bonus payment totals \$2,027,000,000, including clerical work, franking costs, etc. . . . Distribution of checks to 3,500,000 veterans will give the boys their long needed payment for war services rendered. . . . The boys who went overseas didn't catch the point of Wilson's remark the world would be made safe for democracy, didn't know until recently America would be made safe for bonus payment.

The Times Creed

For the cause that needs assistance; For the wrongs that need resistance; For the future in the distance, And the good that we can do.

Mrs. Mathews Dies Sunday Morning at Home of Daughter

Final rites for Mrs. W. M. Mathews, 79, of the Canyon community, were held Monday afternoon, 3:00 o'clock, at the Church of Christ, Ira, with Roy J. Clark of Snyder, and Rev. J. W. McGaha of the Canyon section officiating. Burial was in Ira cemetery, with Maples Funeral Home in charge.

Mrs. Mathews died early Sunday morning at the home of a daughter, Mrs. Jack Keller, in Snyder. She succumbed from a paralytic stroke after a brief illness.

Miss Elizabeth Ollie Roland was born in Collins County December 28, 1856. Her husband, to whom she was married August 19, 1880, preceded her in death by 23 years. Mrs. Mathews had resided in Scurry County 35 years. She had been a member of the Church of Christ for 39 years.

Seven of the nine children born to the couple are living, as follows: L. I. and R. M. Mathews and Mrs. Jack Keller of Snyder; Mrs. W. F. Fenton of Plainview, Olen Mathews of Crosbyton, and Mary and L. K., who made their home with their mother. Twelve grandchildren and one great-grandson also survive. Among out-of-town relatives attending final rites were a niece, Mrs. W. J. Dowell, and daughter, of Merton.

Palbearers were Green Lane, J. A. Fowler, John Wilson, R. G. Nabors, Ernest Adams, Herman Mitchell, Mmes. Green Lane, Hugh Davis, J. A. Fowler and B. H. Moffett were in charge of flowers.

Shawnee Preacher To Conduct Revival Starting August 16

In "an open letter to all the pastors and churches in and around Snyder," Rev. B. A. Etheridge, pastor of the Oklahoma Avenue Baptist Church, Shawnee, Oklahoma, says: "I have been asked by a group of Baptists to come to your city for a revival campaign in the tabernacle beginning August 16 and to continue as the Lord directs, perhaps three weeks."

The Oklahoma preacher is a nephew of J. B. Etheridge, Snyder citizen.

"It is my pleasure to accept this invitation and I am writing to you to ask you to come and take part in the meeting all that you possibly can," the preacher continues in his letter. "I love lost souls and it will be my soul purpose to preach and practice soul-winning while in your midst. Pray now for a great soul-saving revival."

Neely Williams Returns. Neely Williams, son of Mr. and Mrs. Walter W. Williams, left Wednesday morning for Dallas to visit the Texas Centennial. After a few days there, he will return to school at Schreiner Institute, Kerrville, to resume his studies there next term. Marshall Williams is also a student in the Kerrville school.

Sonny—"Father, what is an optimist?" Dad—"An optimist, my boy, is a person who doesn't give a hang what happens, as long as it doesn't happen to him."

He—"I wonder why women are so inconsistent?" She—"Why, what do you mean?" He—"They are perfectly willing to be photographed in a bathing suit or evening gown, yet they are embarrassed to death over a little hole in their stocking."

Letters from the People

Our Readers Speak

The Townsend Plan.

The so-called Townsend old age pension plan has become a political question because of the fact that throughout the country a number of political demagogues, economic parasites and mental crackpots are trying to ride into office on the supposed popularity of this mis-called "plan."

The "plan" was not originated for the purpose of securing the pension of \$200 per month for all persons over 60 years of age, as pretended by Dr. Townsend and his associates, but the real purpose was to secure money for themselves by misleading their credulous victims, and as shown by evidence given before the congressional committee that investigated the matter, Dr. Townsend and Clements and others associated with them secured thousands and thousands of dollars from the aged poor people of the nation, who sent in their dime and quarter to Dr. Townsend and his associates, because they had been led to believe that the "plan" was an honest above board movement to assist them.

If the Townsend plan had been an honest one, the master mind of the plan, have resigned and run away as soon as the congressional investigation began? Would Dr. Townsend have stalked out of the committee room and refused to testify further if they had nothing to conceal and welcomed the investigation? When they saw that they were about to be caught, a row started between the two arch conspirators, Townsend and Clements, presumably over the division of the loot. "When thieves fall out, honest men get their due."

The Townsend plan is one of those things you cannot approach with thought—you have to go into a trance and dream of it, like you would dream of a rich half uncle with a large family living in Australia, whom you hope will remember you in his will.

It would cost the government 24 billion dollars annually to give every person over 60 years of age a pension of \$200 per month. It would take all persons between 40 and 60 to collect the taxes to meet the payments; it would require all persons between 20 and 40 to police the pensioners and see that they spent the money and did not bootleg it to poor relatives. All of those under 20 would live with their grandparents.

In other words, the originators of the Townsend plan were trying to invent an ointment to take the place of sweat. Under this "plan" a man over 60 holding much property would receive a pension, while a widow under 60 with dependent children and no property would receive nothing. A pensioner over 60 having a wife under 60 and minor children could not make provisions for them out of his pension, so they may be cared for after his death. He must spend his entire pension and save nothing, and in case of his death, his widow and her dependent children would be forced to go on relief. Even though some other kindhearted pensioner desired to support the poor widow and her children, he could not do so, because the plan limits all gifts to persons or institutions to 10 per cent of the pension, and all contributions to churches, lodges and

charity could not be more than 10 per cent of the pension.

It is proposed to finance the plan by a two per cent transaction tax, which is a tax on all business transactions on all wages earned, and on the value of goods or property bought or sold. It would apply to all food and clothing and would therefore weigh more heavily on the poor than upon the rich, for the rich would add the tax to the price of their goods or services and pass it on to the consumer. The farmer and wage earner cannot "pass it on," and therefore the burden would fall most heavily on these two classes.

To illustrate: A farmer would be compelled to pay two cents on every dollar paid in wages for cultivating and picking his cotton crop, but when he sold the cotton the buyer would make the price. When a wheat farmer harvested his wheat crop and sold the wheat to the local buyer, a tax of two cents on the dollar would be collected. This would be added to the selling price every time that the wheat changed hands during the time that it was going from the farmer to the elevator, flour mill, wholesale grocer, until it finally reaches the retail groceryman there would be 12 or 14 cents on the dollar, and the poor wage earner or farmer who bought it for his family to subsist on would pay it all. The local wheat buyer, elevator, flouring mill, wholesale grocer or any of those through whose hands the wheat and flour had passed would not pay one cent of the tax.

The demagogue whose only motive is to get elected to office is ruining this country by capitalizing the ignorance of the voters, and appealing to passion and prejudice for the purpose of promoting his own interests. Such schemes as the Townsend plan are not new. Read Gibbon's "History of the Decline and Fall of the Roman Empire." It was the visionary governmental schemes of Diocletian that finally destroyed the Roman government. And Lycurgus tried the experiment of dividing the land of ancient Sparta in equal parts among the people. Democracy and ignorance are fast leading this country to the same fate that befell Rome and Sparta.

There are more than 11,000,000 persons in the United States over 60 years of age, and over 10,000,000 of these are eligible. If all apply who are eligible, the cost of paying the pensions would be 24 billion dollars annually. The population of the United States, according to the 1930 census, is 122,775,046. By dividing 24 billion by the number of people in the United States, we find that it would cost every man, woman and child in the United States \$195.40 annually to pay this unnecessary and unjust tax. A family of five would pay \$977 per year. A young man 20 years of age would pay out \$39,080 before reaching the age of 60 and if he should die on the day before reaching 60 years of age, his family would be left on the charity of the people.

All of this talk about the plan ending the depression is just the mouthings of demagogues and fools. This country became the richest and

most powerful in the world because of the initiative, industry, resourcefulness, self-reliance, independence, thrift and frugality of our people. This so-called "plan" would destroy all of these necessary and splendid traits of character, and make of us a nation of parasitic spendthrifts, if it were possible for the people to pay the sum necessary to pay the proposed pension.

If this monstrous plan were enacted as a law, it would destroy every business in this country before they had raised the money to make the first monthly payment. The government would go to pieces and fall during the process of raising the money to make the first payment. In short, there would not be any payment made.

I am strongly in favor of an old age pension law providing a reasonable sum to assist those who are incapacitated by old age, but I am unalterably opposed to the Townsend scheme.

The New Traffic Signs.

Editors, The Times:

You stated in your last week's paper that the City Council had ordered the new stop and slow signs placed around the courthouse square. I do not have any objections to the signs, but in order to keep the records straight, I want to say that the City Council as a body was not consulted about the signs at all. There is no record on the minutes of the Council where the signs were ever discussed in any way.

This is like some other things that have happened in which the City Council took the blame when it was a body that did not deserve it.

I am ready and willing to take my part of the blame for any mistake that the City Council might make in any regular or called session, but do not want to be blamed for something that I know nothing about and is brought up and acted on outside and part of the Council never consulted.

Local Students Win Centennial Prizes

Marshall Gibson and Imogene Birdwell, local high school students, won first and second prizes in the Texas Centennial historical contest among students in this district, it was announced early this week through the Centennial publicity department.

Five judges made their selections from 3,000 entries submitted in the contest to obtain information about Texas historical materials existing before 1900.

Prizes will be awarded in the Hall of State Building on the Centennial grounds early in September. Marshall Gibson will receive the first prize for this district—\$50 in cash, and Imogene Birdwell will be awarded the second prize of \$20.

**Pat Bullocks Thank Friends of County**

Mr. and Mrs. Pat Bullock ask The Times to thank their friends who were so helpful during the serious illness of their daughter, Mary Frances.

Mary Frances was operated at Snyder General Hospital 12 days ago after an acute attack of appendicitis. She was taken last Sunday to the home of Mrs. Bullock's parents, Mr. and Mrs. J. W. Appleton of the Hermleigh community, where she is recovering rapidly. They will return in a few days to their home in San Antonio.

Pat is campaigning this week in Southeast Texas in his race for state superintendent.

**Collie Defends His Position on Texas Old Age Assistance**

In Snyder last week in the interest of his campaign for re-election, State Senator Wilbourne B. Collie defended his record in regard to the Texas old age assistance plan. He said:

"In opposition to my re-election to a second term, some of my political opponents are spreading the propaganda that I have stood in the way and sought defeat of the payment of old age assistance. They would place at my feet the controlling influence over the entire Legislature and governor for the legislation passed, at the same time decrying what an outrage the law is.

"For this reason, I want my old friends to know clearly my views and position concerning it; and what I shall say now is not a change from my views when the law was passed by the Legislature.

"The regular session of the 44th Legislature last year submitted and the people approved by a tremendous majority, a constitutional amendment granting authority to the Legislature to make provisions for old age assistance. I heartily supported the submission of the amendment and its adoption. When the Legislature was reconvened in a special session last fall, I attempted with all the efforts one individual could exert to pass a law in keeping with the people's mandate. Senate Bill No. 1, as amended by the Senate, provided for payment to those in 'necessitous circumstances,' therefore I sought to have adopted the following amendment, which would have broadened the definition of 'necessitous circumstances':

**Offered Amendment.**

"Amend the Shivers amendment to Senate Bill No. 1, section 2, 6th line, by adding the following after the concluding sentence:

"To constitute in necessitous circumstances within the meaning of this act, neither the applicant, nor the applicant's husband or wife, nor each of them jointly or severally, shall own property, real or personal, exceeding in value three thousand (\$3,000) dollars, exclusive of household goods and wearing apparel, and if assessed value be not in excess of four thousand (\$4,000) dollars; together with the applicant's net annual income, annuity, emoluments of office, or wages for services shall not be in excess of four hundred eighty (\$480) dollars for a single person, or if married a community income from all sources not exceeding seven hundred (\$700) dollars, exclusive of all taxes, insurance and payments of interest on the property of his or her designated homestead. Only those in necessitous circumstances, under the foregoing definition, shall be entitled to a pension under this act."—Page 29, Senate Journal, October 22, 1935.

"Permit me to state clearly that I supported increases in the taxes on sulphur, oil, gas, utilities, pipe lines, franchises, and many others which would have raised sufficient revenue. Any statement that I did not do so, or was absent, is deceiving and untrue—page 377, Senate Journal, November 11, 1935. I shall again support these tax increases to pay the old age assistance and other necessary governmental obligations. My position on the necessity of a great reduction in ad valorem taxes is well known."

**Condition of Grady Wallace Improved**

Grady Wallace, son of Mr. and Mrs. E. E. Wallace, who had a serious operation in the Sealy Hospital at Santa Anna last week, is improving, according to local friends. Reports from the bedside of the young medical student have come daily.

A number of local people have visited with young Wallace and other members of the family at the hospital since the operation Friday. His parents, his sister, Mrs. Weldon Johnson, and her husband, and his brother, E. E. Wallace Jr., have been in Santa Anna since the operation.

Other local people visiting there are: Mmes. C. E. Ferguson, Aubrey Stokes and Bob Corley, who left from Stamford Friday; Grady Ferguson, Woodie Hairston and Miss Dorothy Strayhorn, who returned here Saturday.

Because he had been naughty, Willie's mother had decreed that he should not go to the movies to see the usual Saturday afternoon western thriller. Willie, however, had been studying current events at school and did not intend to give up without a struggle. "You have no constitutional right to do this, mother," he said.

"Why not?" asked his parent.

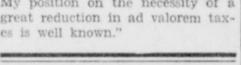

"Because you are exercising rule without consent of the governed."

Peck—"What is the best way to make a girl believe I have good judgment?"

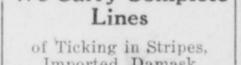

Will—"Propose to her."

**VISITS HERE**

State Senator Wilbourne B. Collie of Eastland was a Snyder and Scurry County visitor last week. He contacted a number of county citizens in the interest of his campaign for re-election.

**Visitor Explains How State Helps Her Unfortunate**

B. E. McGlamery, representing the vocational rehabilitation division of the State Department of Education, was in Scurry County last Friday to explain the work of the state in helping crippled children and physically unfit adults.

The Eastland man explained that two Scurry County youths, Glen Brown of Snyder and Edward Roemisch of the Hermleigh community, have been helped in recent years through his department.

The work of the state unit is twofold. It provides treatment in authorized hospitals and by authorized doctors for crippled children whose families are not able to provide treatment, and it takes physically disabled persons over 16 years of age for treatment and vocational training. Four cases of the latter type have been cared for in past years from this county.

The legislative bill providing funds for this work, as well as a method of administration, was effective September 1, 1933. McGlamery said those who know of cripples who need treatment are urged to get in touch with him or the department at Austin. Immediate attention will be given emergency cases, he said.

**George Sees New Deal Win in 1936**

Returning to his home in Colorado last week after attending the Democratic national convention at Philadelphia as one of two representative delegates from Texas, Congressman George Mahon said:

"The return to authority of the Democratic administration and the re-election of President Roosevelt will not be accomplished without great effort, but it will be accomplished."

After visits to Haskell, Rule, Rochester, Asperment, Spur and other points in the 19th District, Mahon will return to Scurry County Friday night to address the Snyder Lions Club and guests at the annual installation service near Dunn.

Don't join the standing army for the purpose of sitting.

**Sanitary Officer To Be Chosen By Council Tonight**

Sealed bids for the city sanitary work will be received at the office of the city secretary, J. S. Bradbury, up to 6:00 o'clock Friday evening, July 10, it was decided at the regular City Council meeting Monday night. Specifications for the work may be secured from the secretary.

The council will meet Friday night to name a successor to M. T. Popjoy, whose appointment expires July 15.

W. J. Ely served as mayor pro tempore in the absence of Mayor H. G. Towle and Mayor Pro Tempore G. H. Leath. Others present were Councilmen O. D. McGlamery, Dwight Monroe and Forest Sears and Secretary Bradbury.

A. & M. Agricultural Center

When the federal government's new business with farmers came into the state of Texas four months ago, action and speed became the keynotes of the agricultural center at A. & M. College. The two-wing building in the upper left houses the 325 trained workers in the general auditing and general accounting divisions. The brick building on the upper right is a branch of the U. S. Treasury, whence checks are written for Texas farmers participating in the various agricultural programs. Lower left to right are the 325 men and women carrying on the details of the agricultural conservation program in the state. Lower middle is the state agricultural conservation committee holding its first meeting at A. & M. College to plan for the tabulation of the work sheets of the 300,000 farmers who have indicated their intention to cooperate in the 1936 agricultural conservation program in Texas.

### LIQUOR CASES SET IN COUNTY COURT AUG. 10

Nine Men Charged After Raids June 12 and June 26 Will Be Tried Before Judge Brice.

Fourteen liquor cases growing out of Scurry County raids made June 12 and June 26 by state, county and city officers, will be heard before County Judge H. J. Brice beginning Monday, August 10, it was decided Monday, which was appearance day in county court.

Nine men, eight of Scurry County and one of Big Spring, are charged in the 14 cases. They were arrested and later released under bond of more than \$3,000 worth of liquor and beer, and a car and a truck, were taken in the series of June raids.

Jack Cunningham of Big Spring, one of the nine men, facing two charges, failed to appear Monday, but he appeared before Judge Brice Tuesday to plead not guilty, through his lawyer, Temple Dickson of Sweetwater. Judge Brice had ordered forfeiting of his appearance bond of \$1,000 if he did not appear before the court.

All the other men appeared before the court Monday, as follows: Crockett Davis, one case; Aubrey Stewart, two cases; Pete Davis, two cases; C. W. (Chicken) Green, three cases; Dee Myers, one case; Clarence Myers, one case; John C. Day Sr., one case; Jess Dixon, one.

### Miss Hannabass Dies After Long Illness At Home

Miss Miriam Hannabass, 36, talented daughter of Mrs. J. H. Hannabass, died Tuesday afternoon at the family home in West Snyder, victim of a lengthy illness.

Many friends from Borden and Scurry Counties gathered at Odom Funeral Home Wednesday afternoon at 3:30 o'clock to pay tribute to a life that had remained cheerful and helpful to the end. Miss Hannabass, formerly a teacher in Gall, where her father was a medical doctor from 1904 to 1927, was an accomplished artist. She and her mother have resided in Snyder most of the time since the death of Dr. Hannabass nine years ago.

Final rites were officiated by Rev. H. C. Gordon. Burial was in Snyder cemetery. Pallbearers, all cousins, were Herman, Howell, Joe, Rowan and Allen McClinton; Norman Galyon, Robert Norwood and Mack Norwood. Mmes. Joseph Robinson, Sterling Williams, Georgia Martin and Miss Maggie Williams were in charge of flowers.

Survivors are Mrs. Hannabass and the maternal grandparents, Mr. and Mrs. J. H. McClinton of Snyder; three uncles, Oliver McClinton of Lubbock, Gus McClinton of Snyder and James Hannabass, New Mexico; seven aunts, Mrs. W. E. Galyon of Commerce, Mrs. R. E. Norwood of Wichita Falls, Miss May McClinton of Lubbock, Mrs. Oscar Dunn of Lawton, Oklahoma, Mrs. Alfred Bull of Walters, Oklahoma, Mrs. W. E. John of Walters, Oklahoma, and Mrs. Rosa John of Grandfield, Oklahoma.

### NORTH SIDERS HOLD TO LEAD

While other teams were shifting around in positions of final standings, the North Side ball club held to its first place through the final week's play, even though they lost their last game to the East Side.

In final games of the first half of the season, results were: Thursday, July 2, Lions Club beat Dunn, Snyder All-Stars won from Roby; Friday, July 3, East Siders took the league leading North Side club and Pleasant Hill defeated Fluvanna; Monday, July 6, Dunn won from West Side and Hermleigh forfeited to Pleasant Hill; Tuesday, July 7, Dunn lost to East Side in an extra-inning game and Hermleigh forfeited to Fluvanna.

A summary of the first half games and the final standings will be given next week.

### James E. Spivey Becomes Official Head of Church

James E. Spivey, who has been serving as pastor of the local First Presbyterian Church for more than a month, was officially examined, licensed, ordained and installed as pastor of the local church at a service held in the church auditorium last Wednesday evening.

Rev. William F. Rogan of Stamford, moderator of the Abilene Presbytery, was in charge of the ordination services, and Rev. Charles W. Estes of Eastland, stated clerk of the presbytery, recorded the proceedings.

The charge to the candidate was given by Dr. E. B. Surface, pastor of the Central Presbyterian Church, Abilene, and Rev. J. L. Cleveland of Abilene gave the charge to the congregation.

Rev. Alfred M. Dorsett, formerly pastor of the local church, who is now assistant pastor of the City Temple Presbyterian Church, Dallas, was in charge of the worship service preceding the official business of the evening. Following Rev. Dorsett's sermon, the moderator took charge.

Attendance was good at the service, according to local church leaders. Rev. H. C. Gordon, Methodist pastor, and his mid-week service attendants were present at the ordination services.

Out-of-town people present, besides those on the program, included Rev. Spivey's parents, Mr. and Mrs. Hugh Spivey, his sister, Margaret, and his brother, Carl, all of Jacksboro; Miss Effie McPhail of Clarksville, Cora Lee Morrow of Grand Prairie, Lucy Cruse of Waxahachie and Mrs. Alfred M. Dorsett of Dallas, all of whom were friends of Rev. Spivey at Trinity University, Waxahachie.

Other visiting preachers were: Eugene Surface, professor of Bible at Trinity University, Waxahachie; L. B. Gray, Ranger; and J. T. Bryant, Cisco.

### First Presbyterian

The pastor will fill the pulpit at both the morning and evening services next Sunday. Sermon subjects will be: "Keepers of the Sanctuary" and "Beside the River."

The Daughters of Ruth Club met at the home of their new sponsor, Mrs. H. P. Redwine, Tuesday to make new plans and to commence a new phase of their club life under her trained leadership. The organization offers to intermediate girls an opportunity for service in the work of the church, and, at the same time, offers a medium for educational and recreational activities.

The Men-of-the-Church Club had its final organization meeting last Thursday evening and finished the election of officers and appointment of committees. The regular meeting night from this time on will be the first Friday night in each month. Officers elected are as follows: President, M. J. Howze; vice president, W. E. Griffith; secretary-treasurer, Dixon Poe.

### NEW SINCLAIR AGENT NAMED

Jesse Jones of the Pollard & Jones partnership became local wholesale agent for Sinclair products, effective July 3, it has been announced by Sinclair officials.

T. W. Pollard is co-owner of the agency, but the agency was taken out under Jones' name. Pollard & Jones have entered the Snyder merchandising field rapidly within the past three years. They operate a service station with storage on the southeast corner of the square, and have the local agency for Goodyear tires and Studebaker automobiles.

The local Sinclair agency has been operated for three years by Robert Curmutte, who succeeded the late R. H. Curmutte, his father.

### PROTECT THE FUTURE OF TEXAS SCHOOL CHILDREN!

THE men who founded Texas made wise provision for the education of Texas children by dedicating large tracts of public lands to free Public Schools.

These lands had but little value and brought but little income until discovery of oil and gas made them extremely valuable.

School funds receive the income. The Common School Permanent Fund now is \$5,468,703.71 and that of the University of Texas and Texas A. & M. College is now \$18,490,411.71. This is chiefly due to oil and gas leases and royalties.

This income varies directly with the price of oil. When the East Texas oil field was wastefully "wide open," oil dropped to 10 and 15 cents a barrel.

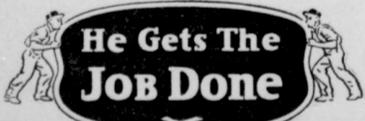

The income of the Permanent School Funds during the year September 1, 1932, to August 31, 1933, totaled \$1,569,266.22.

Then the Railroad Commission of Texas, under the able leadership of Ernest O. Thompson, chairman, enforced the present legislative policy of conservation.

Immediately, the price of oil went to \$1.00 a barrel.

In the year September 1, 1934, to August 31, 1935, the income of the two Permanent School funds rose to \$3,797,562.27. This was a clear dividend to the school children of Texas of \$2,228,296.05 per year over the chaotic period of wasteful oil production.

SAFEGUARD THE FUTURE OF YOUR CHILDREN! VOTE TO RE-ELECT ERNEST O. THOMPSON RAILROAD COMMISSIONER!
