

What's New for
The New
Season

THIS FALL, say fashion makers, it's elegance the well dressed woman must achieve. Snyder shops and stores, more than ever before, are catering to the courtly seasonal trend . . . the following pages present their story in a dash of details.

AND THERE IS a double thrill for the thrifty soul and the smart dresser in these offerings . . . not for the woman alone, but for the men and boys to whom reasonable prices and up-to-now styling must be buying twins. The proof of the pudding . . .

Snyder Business Houses Greet the Grand New Season with Modes of the Moment

Trim Hips, Full Chest and a Slender Waistline Flattering in Fall Styles

New fall clothes call for trim hips, a full chest and a slender waistline. A form-fitting princess gown is not flattering if the figure under it is bulky in spots. A skirt that molds the hips, then flares outward below them is not for one with fat hips and thighs. This is a season when every dress you own should show every curve of your body.

This is the season for you to be hip on the subject of your figure. Unless you are in the best form, the glamorous fall modes with their higher waistlines, slim hip-lines and princess dresses and coats simply cannot shape up as flatteringly as they look on the models in the store windows.

It is important to look flat across the stomach and diaphragm, to nip the waistline and give the subtle accent to the bust needed to make the most of the Empire gowns, which are wasted on thick waistlines and flat chests.

Naturally, you do not have to be as slender as a reed or a size 12 to look lovely in new clothes or old.

Provided you hold yourself erect, step lightly and look curved and round instead of lumpy, you can be lovely, though stout. Everyone should recognize the importance of a perfectly fitted foundation garment under an expertly tailored dress, especially with the fashion trend as it is this year, and as it will affect the plump woman in this part of the country where silk, which is much more revealing, is worn almost exclusively under fur wraps instead of wool, as in the north.

Correct Shaping of Coiffure Necessary

"Without correct shaping as a basis, the most skilled hairdresser would be unable to create attractive or lasting coiffures," Mrs. Woodie Scarborough of Every Woman's Beauty Shop says. "This," she continues, "is one of our specialties."

With three licensed operators besides herself in her shop, and modern equipment, Mrs. Scarborough promises satisfactory beauty work. Operators are Mrs. Lovell Baze, Mavis Shuler and Pauline Hartley.

New methods are constantly being learned on giving permanents, and the shop keeps up with the times. Every Woman's still features realistic and machineless permanent waves. Others are: oils, semi-oils, Nutri-tonic oils and Sanders. Scientific steam oil treatments are also a feature of the shop.

Hollywood Shop Says New Styles More Beautiful

"New fall styles are more beautiful than ever, and our shop is brimful of attractive Fall garments for women and girls," says Mrs. John Keller of the Hollywood Shop. "We believe that buyers will be looking for smarter fashions and finer quality this season than ever before."

Coats by Printzess at the Hollywood Shop are admirably suited to stimulate interest. The Vogue, outstanding style magazine for women, comments on the rich style appeal of coats by Printzess. Fur-trimmed coats combined with the famous Printzess fit stand close inspection and emerge with their flare for style intact. Swing music . . . swing fashions . . . describe Printzess sport coats that are charmingly designed.

Ellen Kaye frocks that are "Famous for their fit" are featured at the Hollywood Shop. The line is a registered one and it's original in designs. Fashion suggests that when you select your dresses for this Fall you lean toward impressive elegance and refinement. You will be repaid in quality, in self-confidence, admiration from others and enduring good fit and appearance.

Marinette knitted suits are handled by the shop in new color tones and new styles, as are the Shirley Temple frocks for children. A good line of accessories includes bags, Fownes gloves, Rollins hosiery, corsets and handkerchiefs.

Get Your Jacket Now.

You need a little jacket dress to wear right now—and it should be of thin wool. Choose it from the large selection at your dress shop, with a variety of styles to select from—including very short boxy jackets with shoulder interest, as well as a number of hiplength pepum jackets, and longer princess types.

Have you heard about the kids who made a snow man on a side street and put a shovel in his hands? Well, a couple of days later a WPA foreman came along and gave him a check.

Contoure, a well-known and highly advertised line of cosmetics, is shown by the shop, and Mrs. Scarborough and her girls personally recommend the line.

Swing Declared to Be Newest Fashion Tempo for Autumn

Swing is the newest fashion note. There is a new tempo in fashion as well as music!

The apparel creations for the well dressed woman of 1936-1937 are all in the swing. Evening gowns swing wide and low. Street dresses of fitted bodices swing below and toward the back. Princess dresses also have a swing from a fitted silhouette. Tunic coats swing down lower. Fitted coats swing out from the waist.

In fact, it is evident that fashion is all in the swing, and there is a tendency for choice to swing to black as the favorite shade, with brown, green and rust running a dead heat for second place, show and also ran position at the finish line of Fashion Winner in the season's added Style Handicap. Silky satins show a strong play along with crepes, daintily trimmed with cre and lacquered satin.

Sports Things Are Tops.

With college for a background, a girl's wardrobe has to be carefully selected, and since sports clothes form the majority of any campus outfit, we suggest an immediate visit to your sportswear shop. They do things with knitted fashions that are different—woven with bright nubs, and newly detailed.

Pick Your Accessories.

If you realize the importance of accessories in making you a complete fashion picture, you'll waste no time in getting to your little shop to select a matching handbag and pair of gloves. We're voting for suede chic first, in black, Maroon brown, spruce green, the subtle new eggplant shade, and gray for smart neutrality.

Better be ignorant than know the wrong things.

Eight Adjectives Aid Bryant-Link In Salute To Fall

Mrs. Joe Caton of Bryant-Link Company describes new Fall fashions in eight "autumn adjectives"—brisk, crisp, colorful, gay, buoyant, breezy, bright and fresh—because each one so thoroughly expresses a characteristic of the season.

In her department those "autumn adjectives" are illustrated in the LeVine frocks, which present superb fashions that are exceptional values; Franklin dresses and costume suits, which compare with the thrilling sight of an autumn sun gleaming through tinted autumn leaves; and the well known Bradley knits and Snyder knit dresses.

The makers of Nellie Don frocks, which are made up in cottons, silks and woollens, defy the smart woman to "Just try one on." And, she says that Gossard foundation garments, featuring the MisSimplicity, "slicks your figure to glamorous, youthful lines."

"The Patricia" and "The Catalina" are Bryant-Link's favorite styles of ladies' hats. They are shown in the season's newest millinery mode—sophistication and youthfulness combined. "Knolffelts," made up in large headsizes, are styled with youthfulness and smartness as their keynotes.

"Redfern" coats at Bryant-Link's live up to the "Little Lady Redfern" standard of excellency. Dress coats and sports coats are made by Redfern in the newest modes.

For men, Bryant-Link features Hart Shaffner & Marx and Rose Brothers suits. Both are popular brands and they are shown in better quality than ever before in the new Fall fashions—styled with plain or pleated backs and single or double-breasted. Other well-known brands

Mrs. Grant Located In East Side Place

Mrs. Lee Grant, who has been sewing for the public for several years, recently moved her shop to the Singer Sewing Shop, east side of the square, where she is fully equipped to handle commercial work of all kinds.

Covered buttons, hemstitching, button holes and general sewing at regular services of the seamstress. Tailoring and dressmaking are featured by the east side shop, Mrs. Grant says.

in men's wear shown at Bryant-Link are included Fall fashions in Laudenberg hats, Arrow shirts and Interwoven socks.

MORE THAN FIFTY-TWO YEARS OF SERVICE IN WEST TEXAS

Penney's Styles Definitely 1936 In Design, Line

Penney's styles for this fall season are definitely 1936 in line, design and color, according to Manager H. L. Vann.

Dougmoor Highland twisted tweed sport coats in gray and brown—wrinkle proof, dust proof and moisture proof—are among the featured garments. Burling Lane coats, with fur collars of red fox, tipped skunk and fitch, made from that new nub-weave material, are also headlined.

Betty Co-Ed hats speak of new high crowns, forward sweeping brims. The new suede felts are in gorgeous colors.

For men and boys, jackets for sports wear, leather pig-grain or woolens, are topnotchers in the complete read-to-wear department.

"The new tunics are so wearable," Penney clerks will tell milady, "and the more conservative styles are just as smart. You'll find the new trimming details that everyone is talking about—embroidery, soutache braid and new buttons, interesting sleeve treatments, new necklines and collars. They are styled from the newest fabrics, of course—crepes, sheer wools, smokerine crepes.

"Stunning styles are also offered in party frocks, with the new tunic style, princess lines. Many have jackets or capes—shirring, quilting, cording. They are glamorous velvets, taffetas and moires."

Hose Tones for New Season Are Lighter Shades

It doesn't sound natural to hear "fall stocking colors will be lighter"—insofar as in the past, the lightest shades have been in the spring and summer and the warmer, deeper shades in the fall and winter. However, the coming season is seeing a reversal of so many fashion inclinations that you shouldn't be surprised at this hosiery news. Everything about these new colors has been especially created with the costume colors of the fashion's season's definitely in mind. For instance, the more subtle beiges will do admirably with the eggplant and wine tones, the cinnamon shades and some of the browns which look metallic will prove stunning when worn with bronze leather shoes, which are gaining acceptance rapidly.

Taking the colors one by one, let us consider those which have been sponsored and approved by the Texas Color Card Association, and which we may ask for in any hosiery shop. First in prominence is leather tan, quite light and golden, which will be worn with similar browns, in russet tones, as well as with yellow greens, dark turf colors, and black.

A spicier tone is cinnamon brown, which will be worn with rusts, any of the greens, as a sharp contrast with black, and with the many spicely brown tones which will be seen in spectator fashions. Cafe clair is a third brown, which is considerably lighter, and will be worn with darker costume shades, and with the darker wine, rust and green tones, as well as with black. Our last smart brown has a bronze cast, and will be smartest with dark brown, green, wine and black.

The newest beige tones start with debonair heading the list in lively tone, and to be worn with rosy, vintage tones, blues, grays, and black, as well as with the eggplant shades as mentioned above. Most neutral of all is jaunty, which can be worn with the same costume colors as can debonair, but a little warmer in tone is saunter, definitely a town shade appropriate to wear with browns, greens, grays, and the many multi-tone tweeds which will be worn in tailored themes.

Black Leading in Wardrobes of Fall And Winter Dress

Black is important in the fall and winter wardrobe. It is said that in the recent Paris opening the superiority of black was confirmed in collection after collection.

Fashion magazines, likewise, put definite emphasis on this significant color . . . black alone, and with new color affinities in glittering bronze, in smoky reds and in vari-colored prints.

Black . . . in dresses you will live in now. Black . . . in a silk crepe with a high neck and extended and lightly exaggerated shoulders to concentrate the attention, thus making the figure appear to be very slim and straight. A dinner dress in black alpaca crepe and cut with long sleeves and draped with lavish folds that hide light and reflect it. Only a black dress can show such lines of quiet, wonderfully pleasing grace.

Your wardrobe would be incomplete without at least one black dress, which besides being practical, is the smartest affect in fashion this year.

Lady Baltimore Filling.

Two and one-half cups sugar, 4 egg whites, 1-2 cup chopped candied cherries, 1 cup water, 1 cup chopped nuts, 1 cup chopped raisins, juice and grated rind of 1 lemon.

Dissolve sugar in water. Boil rapidly (without stirring) until syrup threads from spoon. Pour over egg whites in a fine stream with syrup pan in one hand and beat with the other. When about half has been added, pour in lemon juice, then the rest of the syrup in a bit larger stream, beating constantly until icing is cold. Add fruit and lemon rind and spread on cake.

Satin Lingerie Is Very Popular in Season Apparel

Lingerie follows consistently in the trend for more feminine, more elaborate apparel, and satin is fast becoming the favored fabric, either used alone, or embroidered or trimmed with deep ecru lace. The desire for luxuriousness is most fully expressed in the nightgown made of crepe-back satin, the satin used inside to touch the body, the crepe forming the outside, with elaborate satin applique.

It is in handsome lingerie that we see the most exquisite detailing, and so many of the Philippine and Chinese imports are available at really moderate prices, that no woman need deny herself the joys of thoroughly feminine, fine lingerie. In these, too, satin is preferred, and many pajama and gown sets are matched for sleep and lounge wear, with dark colors introduced most effectively. A blush satin set, for instance, is bound with deep wine color, at a little high neckline and flaring peplum outline. Other bright shades used include aqua, coral every conceivable pink tint, several blues and a number of these pastels are printed all over with dark dots. Yoke outlines corked in fagoting and hemstitching, and embroidery are feminine, and when little puffed sleeves are not used, shoulder bands are very often formed of braided shoe string strips in contrasting colors.

With fashions following such interestingly fitted and detailed new silhouettes, the slip becomes a most important garment in the wardrobe, and authorities insist that the straight slip is by far the most flattering to the figure, as it conceals bumps and bulges more thoroughly than does a bias slip which pulls up and clings to the body. Another

achievement in slips is the stressing of the high waistline, which is strategically achieved by means of warts, little shirred sections and tucks, so that when a high waisted dress is put over the slip it falls more sleekly into the desired body outlines.

Truly the newest thing in underwear is the introduction of the cul-

otte slip, and culotte panties, which are cut exactly like the divided skirt used for sportswear. With woolen culottes so important in the campus wardrobe, it follows that the correct underwear to be worn underneath will prove far more comfortable and at the same time eliminate the possibility of "itching" fabrics.

PENNEY'S

J. C. PENNEY COMPANY, Incorporated

Double Breasted Trend Goes Forward Briskly in Trend of Men's Fall Styles

Men's clothes this fall are getting simpler, and acquiring more of an air of formality, which is best evidenced by the return to favor of the double breasted suit. And even in sport types, you will see less and less of fancy backs, with pleats, shirring, yokes and tucks used in a very restrained manner.

Even in fabrics we see something of a trend to get away from the very fanciful ones, and although there is still plenty of novelty and interest in suitings, they don't go in for the garish things they'd been inclined to, and we find that stripes are subdued in tone, checks and plaids are softening in shading, and monotone fancies are more discreet. And although not every man can wear a single breasted suit smartly—many can wear the double breasted, so that by a happy marriage of style and fabric, you can expect to be well suited in assembling a full wardrobe.

Long Jacket Is Leading.

In the double breasted suit, the longer coat with moderate draping through the waist, but with the little front padding, is leading. For the man who wants his clothes a little more fitted however, the drape may be emphasized, the shoulders cut a little broader, and the notched lapels set a little higher.

If is questionable as to which are smarter—the flap pockets with the extra ticket pocket, or the welt-edged pockets; both are worn by equally well dressed men. Another detail often seen in better clothes is the rope shoulder construction, which builds up the shoulder height, and is always accompanied by the typical drape.

Many business men prefer to wear the single breasted suit, and it is interesting to see even the three button, single breasted suit returning to favor in some wardrobes.

Peaked Lapel Showing.

Although tailors have had a hard time introducing the peaked lapel, it has taken hold finally, and more and more of the stores are showing peaked lapels on single breasted suits, adding details such as the slanting flap pocket, or the welt edge pocket. The most striking difference in single breasted suits, however, is the distance of opening from the jacket hemline up to the lowest button. In some suits the distance is negligible, and in others it is a wide span. From the point of view of appearance the most important factor for a man to consider in being fitted with a single breasted suit is the fit of the waistline which should be shapely but not tight, and the set of the shoulders.

With patterns offering a complete range in stripes, plaids and checks, herringbones and chevrons, our interest now centers mostly on colors. We find that grays are way in the lead, with the lighter tones better liked than the darker or oxford tones seen in previous autumn seasons. Blues, too, are increasingly popular, and even these tend to the more subdued grayed types. Brown is about as well liked as it was last year, often lightened by the introduction of yellowish, rust or redish threads. As for greens, however, they seem to be passe, with the exception of those which are more blue than green.

Many Overcoat Styles.

Briefly, there are a number of overcoat styles to choose from, and there are so many individual treatments that it will probably be difficult to choose. The ulster is increasingly popular, and looks interesting with four sets of buttons, shapely waist, and flap pockets, invariably with the extra ticket pocket. Wide skirted effects are also interesting in some overcoats, and one smart model has welt edge patch pockets, turned-back cuffs, and the two-piece belted back.

Most men like their overcoats very roomy, and this characteristic is achieved in draped coats, as well as in the very sporty types. Fleece fabrics will be as popular as ever, because of the warmth and lightness

LET'S TALK ABOUT CLOTHES

BY A YOUNG MODERN

Footwear this season, more than ever before, combines comfort and beauty. The war between low and high heels is still raging, with the manufacturers settling the problem by offering both types of heel with each shoe design.

Collegiate are eagerly following the trend toward the high-throated, moderate-heeled style, which is being shown with sport, afternoon and street costumes. Suede is the most popular material, and it is trimmed with calfskin, patent leather, alligator skin or novel stitching. Contrasting colors are used in heel and toe trimmings and latest reports from Paris give nothing smarter than to match the toe of your shoes with leather accents on your dress.

Shoe designers are growing more particular about fitting the shoe to the costume, especially since the fall fashions are featuring patterns taken from other decades and other nations. The shoes are named and confused buyers find such things as "pagoda pumps" to go with Oriental dresses, and kent oxfords to finish English tweed suits.

Since colors are becoming more popular in all divisions of the world of fashion, girls at Texas State College for Women (CIA) prescribe the use of a little imagination in the choice of blending shades for a costume. Don't let your blends match too perfectly and "kill" the effect—contrast makes for a smart appearance, and the selection of smart, richly-colored shoes may make or break your new fall ensemble.

Light on the Subject.

Good lights make for good reading, and you'll be able to read or study, sew or knit for hours without feeling eyestrain. Your lamp shop has the newest designs in lamps scientifically built at a correct height to benefit your eyes. Particularly for the children's homework hours, you'll want one or two of these decorative lamps.

Artist—"I hope you won't mind my coming into your field to sketch."
Farmer—"Naw sirc, yer keeping the birds outa my peas bettern' any ordinary scarecrow."

of weight that they combine and clever things have been done to dye them rich, dark tones.

Return to Clothes Rivals Football in Thrills for Autumn

The approach of autumn has more than football to recommend it. Schools open, of course, and that's exciting—until teacher dishes out the customary cold water. There's a scuddling of brilliant colors of leaves, urged by Jack Frost snapping at their heels. It is the "Return to Clothes" that gives fall its real place on the seasonal map.

It is the relief from the revealing skimp of summer clothes, and a mad dash to veiling clothes again. Apparently out of deference to hips which need no artificial emphasis, broad shoulders are dropped into the upper sleeve. Molded down from this perfect balance is the natural silhouette—bosom curved but not outlandishly pointed; torso lithe, slender; hips smooth enough for a peplum flare.

There's very apt to be one—a peplum—or in its stead a tunic. Cut properly there is nothing quite so slimming (always excepting a spinach and carrot diet) as a whirl of tunic above a snug-tight skirt. Makes, too, a symmetrical complement to punched-out shoulders.

Black and more black is the early autumn cry. The warm copper tones, forest greens, wine and plum variations and deep browns follow closely.

She—"In case one of your members gets married, does your bachelor club prescribe a penalty?"

He—"Oh, no! His punishment is severe enough without prescribing more."

Woolen Material In Newest Modes Shown By Sears

Fashion experts insist that to be well dressed, milady must have at least one woolen frock in her wardrobe. J. H. Sears & Company is offering those woolen materials in the newest colors and weaves. Trimmings for the woolen and for the new prints and silks for the Fall season will be found in Sears' new line of buttons, buckles, laces, flowers and collars.

To wear new Fall clothes to the best advantage, a fresh lovely skin is a necessity. Charles of the Ritz beauty preparations will require just that, promises Mrs. C. J. Sims, whose experience with the line justifies her remarks. Slogan for the line is indeed interesting—"Charles of the Ritz Beauty Creations for Her Majesty, the Smart American Woman."

With new Fall shoes, the smart woman will wear Allen-A hosiery, salespeople at Sears say. Both the shoes and hose may be found at their store, as well as hats and dresses in the new fabrics and colors. All this will interest the smart shopper.

A new shipment of Stetson hats has been received by Sears this week. Men are invited in to look them over. The mother will want to fit her son in a new "Jackie Jumper" suit for Fall, also.

Do you know that your heart beats 100,800 times a day?

Note of Smartness In Covered Buttons

"In new Fall fashion booklets covered buttons add a note of smartness to women's frocks," says Winnie Garner, who is placing stress on the making of covered buttons at her sewing shop.

She suggests that covered buttons and buckles be used in making over old dresses for a new trim. All 16 of the sizes and styles of covered buttons will add style to a dress. She also puts a covering over the back of the button, making a trimness seldom seen in covered buttons.

Going to Your Head.

Shades of Napoleon—they're going to your head this fall, in the perkier hats, fashioned after the Little Emperor's own headgear. Your milliner has done them in felt, velvet, and petersham, and they combine smartly extreme lines with a simplicity that's perfect for afternoon wear with your satins and velvets.

Take Your Choice.

What woman doesn't feel the need for a good dark ground print dress to wear right now? At your dress shop, there are numerous wine, eggplant, black, brown and spruce green dresses with tiny prints of dots, notes, mushrooms and wee stylized flowers. Tailored or dressy styles to choose.

Everything New At Fair Store's Display For Fall

New lines, new colors, new trimmings, all are featured in the 1936 Fall fashions for both men and women, according to H. L. Davis, manager of The Fair Store.

Effects of newness in ladies' dresses are observed in the higher waistlines, the use of two fabrics rather than one and the use of bright new colors in Fall styles. Hats in pleasing styles will either match the costume or furnish the contrast.

Woolen sports coats for ladies are in bright plaids, checks and solids both with flaring belts or belted. Lovely fur trimmings on dress coats are shown at The Fair Store.

Featured at The Fair in shoes are the well-known Dr. Austin's for both men and women and the Bob Smart shoes for men. School shoes for children and dress shoes for both men and women are shown.

Van Heusen shirts for men and men's hats—Stetson, Davis, Bancroft—are seen at The Fair in new styles, also.

My Favorite Icing.

Two cups granulated sugar, 4 egg whites, 1-2 cup confectioner's sugar, 3-4 cup cold water, 1-4 tsp. cream of tartar, 1-2 tsp. almond extract, 1-2 tsp. vanilla extract.

Dissolve granulated sugar in water and boil until strings a thread from 4 to 6 inches long. While the sugar mixture is boiling, beat egg whites until they foam, then add cream of tartar and beat until almost stiff enough to hold their shape, then add 1-2 cup confectioner's sugar and beat until stiff. When syrup is ready, pour over egg whites in a tiny stream, beating constantly until all has been added. Then add the flavoring and beat until the frosting holds its shape. I do not believe you can fail with this recipe if directions are carefully followed.

A candidate addressing his constituency was surprised by a voice, which, calling from the back of the hall, said:

"Well, I don't care what you say, I wouldn't vote for you if you were the angel Gabriel."

Came the reply: "If I were the angel Gabriel, you wouldn't be in my constituency."

New Fall Permanents—

The new Fall hats are brief and pert. They fit at angles that are sometimes exasperating — if your hair isn't just right. With the right permanent, it's quite another story. Let us help you.

CAVE BEAUTY SHOP

Lil Jo Wilson, - Prop.

"Beauty by Fitch" Headlined by Cave

"Beauty by Fitch" will enhance your natural beauty and correct skin ailments, according to Lil Jo Wilson of the Cave Beauty Shop. "New hat styles call for smart new coiffures and a lovely skin to lend freshness to your Fall dresses and suits," she says.

The Cave's machine permanent wave, the Du-Art, and the machineless wave, the Nu Ray, which has recently been added, are expertly handled by Miss Wilson and her new assistant, Eloise Wilson, who is not a relative. The latter Miss Wilson came here direct from Midland and is a licensed operator. Her home is at Aspermont.

Facials, manicures, finger waves. Hot oil treatments, all are offered at the Cave Beauty Shop.

HAIR STYLES IN NEW MODE TOO

Fall is the season of changes. . . . Nature transforms its coat of green into one of varying colors. . . . New dress and hat models appear. . . . New make-up shades are introduced. . . . And it is also the logical time for new hairstyles to be presented.

Vacations are over and patrons are in the mood for something different to greet the Fall season's activities. New coiffures atop skins radiant with reconditioning following vacations are inspiring under the new attractive hat models.

Fewer waves and more curls and rolls seem to be the keynote of Fall fashions in attractive hairstyles. Coiffures are built high to corre-

Getting Married?

Autumn by the Yard.

They're selling autumn by the yard at your fabric shop, in exquisite prints for immediate wear, gleaming satins and lustrous velvets for the new elegance in fashions, and the richest, supplest wools we have ever seen . . . whose colors are perfectly brilliant.

Lemon Butter Frosting.

One-half cup butter, 2 cups confectioner's sugar, 1 tbsp. lemon juice, 1 tsp. grated lemon rind.

Wash butter in cold water. Dry on clean dry cloth. With wooden spoon work one cup of the sugar into the butter, adding a spoonful at a time. Then add lemon juice and continue with sugar until all has been thoroughly worked into the butter. Add grated rind during the period of adding the last half of sugar. Spread between and on top of cake, cookie or muffins. Then harden in refrigerator before serving.

Top soil from Central Texas farms which was washed down the Colorado River during the 1934 flood would raise the level of Bastrop County four feet if it was spread evenly over that county, according to estimates made by Texas planning board control engineers.

"SELLS FOR LESS"

Autumn Presents Economy Store's New Fall Clothes

Knitwear Smart This Season for Many Occasions

"Autumn presents so many opportunities to be on the go and to be really gay, so let your Fall clothes be gay, also," says Mrs. Walla Fish of the Economy Store. She suggests that the smart women let simplicity patterns plan at least part of their wardrobes.

Dresses, hats and sport coats in the ready-to-wear department are in the shades that autumn brings. Nature gives no greater expression of its beauty than in the varied colored leaves of autumn, and these shades are shown in early Fall clothes. Economy's line of wash dresses in crepe and cottons is the Dotty Low, and their new season hats in the Byer-Rolnick line are an inspiration in both fur felts and wool felts.

Woolen dress materials in Scotch plaids, checks and solid colors are being featured for Fall, as are their "80-square" prints and a new shipment of silks. Mrs. Fish suggests that you also dress up your beds with Bates bedspreads, and your bathroom with their Cannon towels.

New Fall purses and gloves are on display at the store, and the shoes and hose to complete the costume. A new shipment of Admiration and Golden Art hosiery has been received recently, making the store's stock complete to give knee length and long hose in service weight or the sheerest of chiffons in new shades.

In men's wear, Economy's Alexander hats are the most popular. Among other brands handled is the Resistol, a nationally advertised hat. Phillips-Jones shirts and the Regent, "King of all shirts," will be found in popular weaves.

In a season when all fashions are becoming more feminine, more smartly detailed, and more attractively styled, knitwear dresses are essential for your wardrobe in every price range. Among the interesting things which have been done with this year's knitted dresses are the combination of the knit with woven materials, the addition of fur accents and touches of leather.

In the actual styling of the diverse knitted fashions, we find the flared skirt taking hold, being achieved by gores, and even fan pleated sections are introduced. The straight skirt still persists of course, in the more conservative styles, and will be preferred for wear under tunic length coats which flare at the hemline. Most interesting in knitted fashions, are the culotte dresses, which are being purchased particularly for school and college wardrobes, and by the smarter set to whom summer does not mean the end of week-end vacations and golf.

Sleeves, too, come in for their share of interest, and the puffed shoulder is a dramatic, flattering change. In knitwear the shoulder only is elaborated, and the sleeve itself remains tight-fitted from below the shoulder to the wrist. When the sleeve is not puffed, it is very often padded and is outlined with contrasting rows of stitching. Most high fashions of all knitted clothes are the suits which have accompanying capes, very often squared at the shoulders and slightly shirred.

Peters shoes, well-known all leather patterns, are handled by Economy for men, women and children. Packards for men may be found there, too.

NUMBER 16

WINSTON HERD OF HEREFORDS OFF TO SHOWS

One First, Several Other Placings For Local Animals in Initial Amarillo Exhibition.

Norias won first in the junior yearling heifer exhibit at Amarillo Tuesday for Winston Brothers. Other Winston winners were: Senior heifer calves (all-round), Louis 3rd, sixth; senior yearling bull Hereford, Advanxiety, sixth; summer yearling bull, Domino Design 7th, second; senior bull calf, Flashing Westman, twelfth; three bulls, seventh; two bulls, fifteenth; junior yearling heifer, Betty Anne, eighth; summer yearling heifer, Bertie Mae fourth, Toby eighth.

A herd of 12 sleek young Winston Bros. Herefords left Snyder last Thursday night for Amarillo, where they will make their debut as show animals. Harrie and Wade Winston said the animals are in good condition.

Forerunners of the load of young show Herefords have won many laurels for the local breeders, whose herd is one of the best known in the country's Hereford circles.

After showing at Amarillo, the carload of animals will probably go to Lubbock, Fort Worth, Kansas City and Dallas shows.

In charge of the show herd is James Smith, native of Wales, who is an experienced feeder.

First Christian Church Services Drawing Crowds

The revival campaign at the First Christian Church, begun Sunday morning under the leadership of Evangelist Homer Kellem, is already creating enthusiasm in the community. If increasing nightly crowds are to be barometers, church leaders believe the church auditorium will be taxed to capacity within a few days.

The Kellem—the evangelist and his wife and daughter—are decidedly versatile. The evangelist does the preaching, leads the song services and helps with special music. Mrs. Kellem is soloist of the party, and draws before the audience each night a crayon picture to give and Vivienne Kellem plays the piano and also plays many special numbers on her five-octave concert marimba-xylophone.

The service starts each evening at 7:45 o'clock. Ten minutes before the sermon the evangelist gives an illustrated travelogue on his travels over the world.

Next Sunday an individual picture will be taken of each person attending Bible school. These will be shown on the screen at the services next week.

Saturday Jewish Holiday.

Pick & Play Store will be closed Saturday until 5:00 p. m., observing Yom Kippur, the Day of Atonement, most solemn of all Jewish holidays. Local Jewish families will join Jews throughout the world in fasting during the holiday. Yom Kippur follows by one week Rosh Hashana, which ushered in the Jewish New Year 5697.

One auto manufacturer tests his cars by running them day and night till they fall apart. We get the same result by just letting a friend take ours for a week-end.

Private Fondy Returns.

Private F. F. Fondy of the marine corps, Bremington, Washington, left last week for his point of duty after spending a week with relatives and friends here. He was a guest of his sister, Mrs. W. T. Murphree, and family during his week's stay here.

County Sends \$112 To Aid Sufferers Of Flood District

Snyder merchants and other Scurry County citizens sent \$112 to San Angelo Tuesday for the benefit of flood sufferers along the rioting Concho River. Subscribed under the leadership of W. J. Ely, the sum was sent to Houston Harie, publisher of the Standard-Times, who has been a leader in directing relief activities.

Several Scurry County citizens joined thousands of others last week-end in viewing the flood-damaged city.

Mrs. Robert Curmote, former Snyder resident, told friends she has been visiting here that their own place was not damaged. Bob had a hazardous experience for a good many hours—sitting in a tree where he had been washed while attempting to rescue flood victims. No heavy damage was reported for E. C. Neely, who is a former local citizen who is making his home at San Angelo.

LAMESA NEXT ON TIGER CARD

Lamesa's Golden Tornadoes, Class B conquerors of the Plains region almost every year, will entertain Snyder Tigers on the Dawson County field Friday night at 8:00 o'clock. It will be the third game for the Snyder boys, second one for Lamesas. The local score card shows a 21-0 win over Spur and a 13-12 win over Colorado. The Tornadoes whipped the small Olton outfit last Friday, 45 to 0.

Coaches Hill and Berry expect to start the same line-up that trotted out against Colorado. None of the boys were injured. A number of fans will accompany the boys, but latest word from the school indicated that neither the pep squad nor band would probably go in a body.

Youth Succumbs After Nine Days Of Illness Here

Carl (Froggy) Patterson, 16-year-old son of Mr. and Mrs. J. R. Patterson, former residents of Scurry County, died in a local hospital Monday morning at 10:00 o'clock, nine days after he became ill.

The youth, employee of The Tavern, told friends here that he swallowed some tablets with which he had been making a solution in which to bathe his feet.

A large crowd of schoolmates—Carl was a freshman in Snyder High School—and many friends from Scurry County and from Cross Plains, his former home, attended final rites at the First Presbyterian Church Tuesday afternoon at 3:30 o'clock. Rev. James E. Spivey officiated. Odom Funeral Home was in charge of burial in Pyron cemetery.

Carl was born in Hermleigh September 27, 1920, and had resided in this county all of his life with the exception of a brief residence in Cross Plains. His parents, his only brother, James (Skinny), and one sister, Lenora Patterson, reside in Sweetwater. Another sister, Mrs. J. P. McCord, lives at Cross Plains, and his paternal grandmother, Mrs. L. T. Patterson, resides at Hermleigh.

Weldon and Eldon Birdwell, Jack Smith, Jack Darby, Lovell Baze and Bob Gray were pallbearers. Flower girls were Virginia Eberton Neils Carlton, Faynell Spears, Rosa Nell Stavely, Josephine Kelly, Irene Wollcott, Doris Davis and Dorothy Terry. Honorary pallbearers were Wilbur Barr, L. B. Koenig and Jimmie Settle of Cross Plains; Mert, Pat and Wallace Jones, John Stavely, H. C. Winters, John Pignion, Burl Belev, Ross Belev, W. F. Read, Bobbie Collier, Jack Martin, Ralph Odom, Gailther Bell, Corwin Patterson, W. W. Smith, Wallace Smith, John Blakey, Royce Eiland, Jackie Scarborough, Weldon Strayhorn, Johnny Boren, Louis Wilsford, Jim Hartley, Glen Graham, Wiley Brice, Richard Brice, E. E. Wallace Jr., Brud Boren, Hugh Boren Jr., Jay Rogers, Rosser Chapman, Henry Clements, Morris Haynes, Grover Scott, L. A. Crenshaw, J. T. Jenkins, Elmo and Jeff Faver and Louie Brock.

Mitchell Is Placed In Drouth District

Mitchell County is one of 10 Texas counties that were placed in the national drouth district by virtue of an order out of Washington last Saturday. This designation came almost simultaneously with the county's welcoming of several inches of rainfall.

Other counties designated Saturday are Armstrong, Briscoe, Cooke, Stevens and Young. Total counties in the country's emergency drouth area now is 1,149.

BOREN'S BOOT GIVES WIN TO YOUNG TIGERS

Inexperienced Crew Fights Uphill Battle to Whip Wolves, 13-12, In Dedication Game.

Fighting uphill against an experienced team that outgained and out-punished them, the Tigers made it two non-conference games in a row Saturday night.

This 13-12 nose-out win from the Colorado Wolves was the dedication game for the flood-lighted field on which the sloshy game was played after a one-night delay.

After a bumpy shower late in the afternoon, skies were almost clear for a few hours during the night, and the crowd of several hundred Scurry and Mitchell County folks was comfortable as they watched a melee that lacked nothing in thrills or punch.

Boren's Boot Better. Johnny Boren's perfect kick after the first touchdown—reminiscent of the three goals in succession that he booted at Spur the previous week—proved to be the margin of the Tiger win. Captain Johnny put his teammates into a 7-6 lead with that neat blow, and Colorado could never quite dislodge them.

Brief dedication ceremonies preceded opening of the game. King Sides, high school principal, introduced J. C. Smyth, who spoke in behalf of the sponsoring Lions Club and Snyder business men, and the Jimmie Greene, manager of the Colorado Chamber of Commerce, replied for Colorado. Sides expressed his

See FOOTBALL, Page 3

New Classrooms For Dunn School Opening Monday

New classrooms, recently fashioned out of the old auditorium, will be used when Dunn school opens Monday morning, according to Superintendent Cleo W. Tarter. The top floor will be used for high school classes, the lower floor for grammar school, and the new gymnasium for assemblies.

No formal opening program is planned for Monday morning. Buses will follow the same routes as last year, leaving the school at 7:45 o'clock each morning.

Booker Connally comes to the school as coach and principal and to teach science and mathematics in high school. A resident of Arkansas, he is a graduate of Sul Ross, Alpine. Harry Sanders, grammar school coach, will teach English and history. Tarter, who has been in the school five years—two as superintendent—will teach history and mathematics.

Grammar school teachers are Ben Newhouse, and Misses Sybil Cope, Evelyn Gregory, Mildred Holt and Vivian Bean.

Added to the high school's 16 units last year will be two new subjects—Texas history and general mathematics.

W. R. Hudson Dies At Farm Home East Of Snyder Monday

W. R. Hudson, 61-year-old Scurry County farmer, died late Monday at his home six miles east of Snyder, after an illness of 10 days from heart trouble. He came to this county six years ago, with his family, from Johnson County.

Rev. Sanders of Alvarado officiated for final rites Wednesday afternoon, 3:00 o'clock, at the Key Hill Methodist Church, Johnson County. Odom Funeral Home made arrangements for burial in Key Hill cemetery, after carrying the body overland from Snyder.

Surviving are the widow, two sons, Bill of Snyder and John L. of Waco, one daughter, Mrs. G. L. Casstevens of Cleburne, and five grandchildren.

Many Inquiries on Centennial Special

Mayor H. G. Towle and Chamber of Commerce Secretary J. W. Scott report that many inquiries are being received concerning the Centennial train that will represent Snyder, Sweetwater, Colorado and Big Spring at Dallas and Fort Worth October 3-5.

Several tickets out of Snyder's quota of 20 have been sold, and enough inquiries have been received to practically insure reaching the goal, officials believe. The three other cooperating towns are also reporting good response to ticket sales.

Details of the trip may be secured from Dr. Towle or Scott.

County Health Officer Thinks State Values Cow More Than Human Being

"They are tried like criminals, placed in jail like criminals—and some of them have to stay in jail for weeks before they can be placed in a hospital for treatment—simply because the pinheaded Legislature thinks more of a cow than a human being."

Thus does Dr. H. E. Rosser, Scurry County health officer and veteran Snyder physician, tell of Texas' attitude toward her unfortunate citizens, in an article prepared for publication in The Times.

Quoting facts and figures, Dr. Rosser says: "It has been said that the value of a human life is \$10,000. If this is true then Texas suffered an economic loss of \$175,670,000 in 1934 through unnecessary deaths from preventable diseases.

Texas Loses Millions. "Estimating the average cost of each funeral at \$200, the 17,576 preventable deaths in 1934 represent an actual expenditure of \$3,513,400 by the relatives of the deceased.

"The state of Texas appropriated 10.73 cents per capita for the current fiscal year to protect the domestic animals of the state from all malignant contagious or infectious diseases. The State Board of Health, whose duty is 'the prevention of infectious and contagious diseases affecting the lives of the citizens of Texas,' however, received only one-third of this amount or 3.68 cents per capita for the fiscal year ending August 31, 1936.

"Only three other states have per capita public health appropriations as low as Texas. Strenuous efforts have been made to increase the appropriation for public health to \$500,000 yearly with little success; however, the federal government, realizing the urgent need for improved health conditions, has matched dollar for dollar with state funds for public health activities.

"State health authorities have expanded their program for the Cen-

See DR. ROSSER—Page 3

\$560 IN FINES ARE ASSESSED

Fines totaling \$560 were assessed in Judge H. J. Brice's county court Monday and Tuesday, most of them outgrowths of liquor raids by state, county and city officers during the summer. County Attorney R. W. Webb was prosecutor.

Heaviest fine, \$300, was assessed against Aubrey Stewart for sale of liquor. Jack Cunningham of Big Spring was fined \$150 for selling liquor in a dry area. Both men filed notice of appeal through their attorney, Temple Dickson of Sweetwater.

John and J. A. Norris of Dermott were fined \$50 each when they pled guilty to a charge of aggravated assault on J. S. Curtis, Snyder citizen, Tuesday of last week. Kirk Ritchey pled guilty to possession of unstamped distilled liquor (corn whiskey), and was fined \$10.

Pete Davis was acquitted on a charge of operating a public nuisance and another case charging sale of liquor was dismissed.

Other cases are set in county court today (Thursday) and Tuesday of next week.

Mrs. Nelson Dunn's Mother, 69, Passes Away at Home Here

Mrs. Kate Dorfman, 69, mother of Mrs. Nelson Dunn, Snyder, passed away Tuesday afternoon at her home in East Snyder, following a brief illness.

Maples Funeral Home had charge of arrangements here, and the body was sent by way of the Santa Fe to Pittsburgh, where final rites were held Thursday afternoon.

Born in Shreveport, Louisiana, Mrs. Dorfman came to the Pittsburg in Texas at the age of three, and resided there most of her life. Charlie Dorfman, to whom she was married in 1889, died January 31, 1931.

Survivors include four daughters, Mrs. Nelson Dunn of Snyder, Mrs. J. M. Berry of Nacogdoches, Miss Rachel Dorfman of Tyler and Miss Katie Dorfman of Snyder; five sons, Charles of Mansfield, Ohio, Leo of Cincinnati, Hiller of Mansfield, Ike of Pittsburg and Sam of Wichita Falls.

Two in Area Enlist For Service in Army

Two men have recently been enlisted through the U. S. army recruiting station in the municipal building in Sweetwater.

Vernon A. Johnson, son of Mr. and Mrs. William H. Johnson of Fluvanna, enlisted in the army and was assigned, by his own choice, to the medical department.

Frank L. Davis, son of Mrs. Vela F. Plumlee of Polar enlisted in the field artillery at Fort Bliss.

Men interested in enlistment should write or call at the army recruiting station in Sweetwater.

FUNDS SOUGHT BY RED CROSS TO RELIEVE SAN ANGELO AREA

Contributions for the relief of flood sufferers in the San Angelo area are being taken in Snyder by J. S. Bradbury, Scurry County Red Cross chairman.

A general appeal for relief was sent out by the St. Louis office of the American National Red Cross late last week, as follows:

"Reports received from Robert Bridge, Red Cross representative in charge of relief at San Angelo, show approximately 300 homes destroyed and hundreds seriously damaged. Emergency relief is proceeding satisfactorily under Red Cross direction, with the full cooperation of all agencies.

NEW CHAMBER OF COMMERCE SPIRIT LOOMS

Thirty-four Citizens Gather Tuesday Night to Discuss Problems of City and County.

Belief was voiced by the 34 Snyder citizens who attended a supper and get-together at Wilsford's Coffee Shop Tuesday night that a new spirit of cooperation and upbuilding looms for the Snyder Chamber of Commerce.

Out of this spirit grew announcement by President Forest Sears, who called the meeting, that the board of directors will be called in a few days to make plans for offering the opportunity of membership to every local business concern, professional man and others interested in the progress of the city and county.

Trades Day Talked. Practically all merchants who attended the meeting said they are strong for a trades day program for Snyder, and President Sears said plans would be thrashed out by the directors and submitted to the merchants soon.

The president, W. J. Ely, Harrie Winston and others outlined how a few citizens were forced to bear the brunt of highway "scotching" in the county—a job that has been well done, but one that should have been handled through community-wide financing and assisting.

Secretary J. W. Scott, along with the president, said he is willing to step down and out if the citizens want a new secretary. He said his salary, including practically all expenses, has been only \$75 per month, and that this amount has not been paid in full some months. "No matter what we do, I shall continue to back the Chamber of Commerce and Snyder 100 per cent," he said.

Confidence Expressed. Most of the attendants expressed their confidence in the town and the county, and said they are willing to put their shoulders to the wheel for a cooperative, progressive community.

Speakers included E. J. Anderson, former secretary of the Chamber of Commerce and civic leader, who told of past experiences in pushing this trade area, and spoke with full confidence of the community's future.

President Sears invites merchants and others to confer with him concerning civic problems and needs, and urges that merchants talk among themselves about the organization's future and the trades day plans.

Bond of \$1,000 Is Set for Chicken In Nolan County

Bond of \$1,000 was set by Justice of the Peace S. H. Shook Monday at Sweetwater in C. (Chicken) Green of Snyder, who was arraigned on a complaint charging him with operating a motor vehicle while intoxicated.

Green is also facing a charge of transporting liquor, expected to be filed by members of the state liquor control board, the Sweetwater Reporter said Tuesday. He was arrested early Saturday morning following a wreck shortly after midnight at the Texas and Pacific underpass, four miles east of Sweetwater.

From the wreckage officers confiscated 13 cases of whiskey and one case of wine.

Green was accompanied by Miss Eunice Lewallen of Snyder and Frederick Davies, who claimed Springdale, Arkansas, as his home, said the Sweetwater paper. They were charged with drunkenness.

The local man was free on an appeal bond while awaiting action of the appellate court on the murder conviction, carrying three years in the penitentiary, that was given him several months ago.

Feed Store Opened Just North of Bank

John R. Williams, well known to farmers and ranchers of Scurry and adjoining counties, Saturday opened a new feed store in the building recently vacated by the Bon-Ton Caca, just north of Snyder National Bank.

The new store is handling a full line of poultry and dairy feeds, hay and corn. Seed wheat, oats and barley are also being offered buyers of this trade territory. Williams invited his old friends and folks he doesn't know to come in for a visit.

H. E. Work Supervisor

Snyder, Pyron, Ira and Hobbs are schools in this immediate area whose home economics work will be under the supervision of Esther Sorenson, Lubbock, this year. The announcement was made a few days ago from Abilene by Madge Stanford, deputy state superintendent.

MUSICIAN

Miss Vivienne Kellem is pianist for the revival that is going forward at First Christian Church, and she also plays special numbers on the marimba-xylophone. Her father, Homer Kellem, is preaching for the meeting, and her mother is a chalk artist and soloist for the services.

PLAN MEETING FOR SCOUTERS

Twenty-five to 30 scouters are expected to gather at the Wilsford Coffee Shop Tuesday evening, 7:30 o'clock, for a dinner that will be followed by the first fall meeting of the Snyder District of the Buffalo Trail Council, says Frank Farmer, district committeeman.

Alfred J. Stiles of Sweetwater, council executive, was in Snyder yesterday to complete plans for the gathering, which he will attend, along with Chas. E. Paxton, council president, and possibly other council officials.

Any man interested in Boy Scout work is invited to the meeting, plates for which will be only 35 cents. Special emphasis is being placed on the attendance of scoutmasters and committeemen. Many matters of importance having to do with the scout work in this district will be discussed, according to Farmer.

November 5-6 Set For School Holiday At Centennial Fete

Governor Alfred Saturday proclaimed a series of Centennial holidays for Texas school children in recognition of the "unprecedented education advantages" at the Dallas Centennial Exposition.

November 5 and 6 were designated for District 8, comprising Taylor, Scurry, Callahan, Nolan, Mitchell, Howard, Fisher, Jones, Shackelford and Stephens Counties. Borden County, in District 2, has October 15 and 16 as its dates.

The governor asked school authorities to send their teachers and children to the exposition on designated days. Each county of the state was listed for a special day.

Rites Tuesday for Cottonwood Woman, Ill for Short Time

After a three-month illness, Mrs. Turner Forrest of the Cottonwood community, 20 miles northeast of Snyder, died in a local hospital Monday morning. She was the wife of the manager of the Davis Ranch, where the family had resided since they came from Baylor County two years ago.

Funeral arrangements were in charge of Odom Funeral Home, which took the body overland to Round Timber Baptist Church, near Seymour, where rites were conducted Tuesday afternoon, 2:30 o'clock, by Rev. J. R. Balch. Burial was in the Round Timber cemetery.

The husband and one son, 15-year-old Tom Franklin Forrest, survive. Other survivors are three brothers, Hop, Hubert and Ben Parker, and four sisters, Misses Ethel, Eliza and Janice Parker and Mrs. Ada Tippitt, all of Baylor County.

Snyder Drug Sells To Wholesale Firm

Fixtures, stock and accounts of Snyder Drug Company were sold Tuesday afternoon, 2:00 o'clock, for \$1,750 to Southwestern Drug Company represented by C. S. Dudley. Other assets of J. L. Caskey were also included in the bankrupt sale.

Caskey filed a voluntary petition in bankruptcy September 5 at Lubbock, and the local store was closed early in the month. The sale was conducted by Hugh Anderson of Lubbock, trustee. Several persons submitted bids for stock and fixtures in separate lots, but the buyer submitted the only bid for all assets included in the sale.

CROP OUTLOOK BETTER AFTER MONDAY RAINS

More Precipitation in Seven-Day Period of September Than in Balance of Year.

Rains that fell heavily on most of Scurry County early Monday night totaled 2.18 inches in Snyder, hoisting the 1936 crop outlook to a much higher peak and giving this trade territory the best fall season it has seen in recent years.

While much of the crops that were blighted by the summer drouth will never recover, enough of them are increasing in yield to assure a growing cotton crop and a pleasing late feed crop.

Pastures are already beginning to green, and cattlemen are looking forward to a much more successful year. Winter pasture throughout the county is expected to save tons of thousands of dollars in feed bills.

A Seven-Day Record.

An examination of records kept by Mrs. Wesley Evans reveals that the seven-day period, Tuesday of last week through Monday of this week, brought Snyder 6.17 inches of rainfall—22 of an inch more than all the remainder of the year combined. The total for the eight months prior to September was 5.69, and early September showers totaling 25 of an inch brought the total for eight months and 14 days to only 5.95 inches.

Monday, September 14, brought a trace of rain, and each day since that time has seen some precipitation. Tuesday had only .07 of an inch, and a light shower was Wednesday's only donation.

Sunshine came parts of Tuesday and Wednesday, promising farmers that they may get into drenched cotton fields.

Overflows Monday.

Monday's downpour took Deep Creek out of banks, but the flow subsided before it became dangerous. The small creeks in East Snyder washed up streets and a few yards to some extent, but no serious damage was reported.

Practically every day within the past week has seen heavy rains in some parts of West Texas, and most rivers have become raging torrents. Highways, bridges and railroads have been washed out in the eastern Plains, and in a large portion of West Texas south of the T-P Railway.

Most tides are subsiding, and the task of rebuilding after the area's greatest water damage in years is in full swing.

Onnie Martin New Edd Dodds Checker

Onnie Martin, older son of Mr. and Mrs. A. C. Martin, is the new checker at Edd Dodds grocery on the south side of the square. Martin, who has lived in Scurry County all his life, took over his new job last week.

He took the place vacated by A. L. Richardson, who is now associated with the Avery Salt Company as a salesman.

Manager Jack Casey invites old customers as well as new ones to renew old acquaintance with the new checker at Edd Dodds, and he says, "If you don't know Onnie, come in and meet him."

Bring Man From Roby.

Sheriff S. H. Newman and Constable Althea Chandler returned yesterday afternoon from Roby, where they took A. P. Tankersley from the jail there. Tankersley was jailed Tuesday, after a swindling charge had been filed against him in connection with purchase of some cattle from Marion Newton of Snyder. He was released on bond late yesterday.

Parent-Teacher Association in First Regular Meet Thursday Afternoon

Mrs. J. Nelson Dunn, who is beginning her second year as president of the local Parent-Teacher Association, has already announced her committees for work of the association during the school term. These committees are named below.

Effort is being made by the group to have each home represented in the association. Since it is the aim of the group to cooperate, the teachers and parents, for the betterment of the children, leaders feel that more parents should attend. Mrs. Dunn says, "I am sure that every school patron would be inspired by the educational talks given by both parents and teachers."

Program for the meeting last Thursday was given by Mrs. D. P. Yoder, presenting an interesting paper, and Miss Margaret Williams, new music teacher for the school, who played piano selections.

Plans are being perfected for a reception honoring the new teachers, to be given as soon as Superintendent C. Wedgeworth, who has been ill, is able to attend. Discussions from the group are being made about a Halloween carnival sponsored by the P-T-A. Further announcements regarding both will be made at a later date.

Following is a list of committee members appointed by the president to serve during the entire year of work:

Finance—Mrs. B. M. West, Mrs. G. H. Leath, Mrs. R. H. Odum and W. F. Cox.

Program—Velma Sharp, Mrs. Wayne Boren and Mrs. Omah Ryan.

Membership—Mrs. Raymond Sims, Mrs. H. H. Eiland, F. H. Reeve and King Sides.

Publicity—Mrs. Dudley Anz, Mrs. Herman Darby and Dorothy Strayhorn.

Hospitality—Mrs. Hugh Taylor, Mrs. King Sides, Mrs. Ison Joyce, Mrs. Roy Howell, Vera Periman, Hattie Herm and Alta Bowers.

Publications—Mrs. Homer Snyder, Mrs. Chas. Miller, Dorothy Strayhorn.

Room representation—Mrs. Clyde Boren, Mrs. C. F. Sentell, Mrs. Roy Brown and Mrs. Melvin Newton.

Other officers for the organization besides Mrs. Dunn are the following: Mrs. J. G. Hicks, vice president; Alta Bowers, secretary; and Mrs. B. L. Kent, treasurer.

Cordial welcome awaits school patrons at regular meetings of the organization each third Thursday in the school auditorium at 4:00 o'clock, leaders say. Thirty-five were present at the meeting last week.

Sports Club Has Election Officers.

Members of the Lucky 13 Sports Club of the local high school have already elected new officers for their group this year. Miss Mattie Ross Cunningham sponsors the group.

New members of the social club are Hertsene Ely and Johnnie Sue Cogdell, who were recently elected to membership.

Officers are: Virginia Egerton, president; Faynell Spears, vice president; Elizabeth McCarty, secretary; Dollie Clements, treasurer; Doris Davis, reporter.

First social affair of the season was the progressive dinner held just before the opening of school. Picnics, parties and other socials will be held by the group during the year.

Luncheon Begins Century Club Year.

A covered dish luncheon served at the home of Mrs. Allen Warren Tuesday noon marked the opening of the club year for the Twentieth Century Club. Because of the death Tuesday of the mother of Mrs. J. Nelson Dunn, past president of the club, the after luncheon program was not given.

The luncheon menu consisted of three courses, tomato cocktail, baked chicken with all its trimmings, and orange ice served with colorful individually leed and decorated cookies.

Officers of the club are as follows: Mrs. Joe Strayhorn, president; Mrs. B. M. West, vice president; Mrs. W. H. Ware, recording secretary; Mrs. C. J. Lewis, corresponding secretary; Mrs. H. J. Brice, treasurer; Mrs. Warren, parliamentarian; Mrs. J. E. LeMond, reporter; Mrs. W. R. Lacey, director of music; Mrs. C. E. Fish, timekeeper.

Study for the year will be the same as last year—"Highlights of World Progress and Varied Studies." Discussions of a public library, toward which Twentieth Century Club has been working for several years, were heard at the meeting Tuesday to present interest of the club members.

Refreshments were served to the following: Mmes. H. L. Davis, E. F. McCarty, H. L. Wren, Lawrence Hays, G. B. Clark Sr., Brownins, Willis Rodgers, Melvin Neal, A. C. Alexander, J. M. Newton, J. E. LeMond, Jack Inman, J. A. Woodfin, A. P. Morris, B. M. West, E. E. Weathersbee, G. H. Leath and the hostesses.

Hattie Herm Gives Book Review at Club.

Mrs. Alfred McLaughlin was hostess to the Alpha Study Club and guests at her home Tuesday afternoon. Her guests were Mrs. G. B. Clark Jr. and Mrs. Fred Wagner of Amarillo.

Miss Hattie Herm gave the book review for the afternoon—"The Hurricane" by Charles Nordhoff and James Norman Hall. Following the review, she gave as a piano solo "The Storm," carrying out the theme of the book.

Refreshments were passed by the hostess to the following club members: Mmes. Melvin Blackard, Maurice Brownfield, Wayne Boren, Joe Graham, J. G. Hicks, Ison Joyce, J. P. Nelson, C. F. Sentell, J. E. Sentell, Raymond Sims, J. C. Smyth, Wayne Williams and Wade Winston and Misses Gertrude and Hattie Herm, and to the two guests.

Members of the National Honor Society of the local school held its initiation at the gymnasium last Wednesday afternoon. Stunts by the pledges were entertaining, and the picnic supper served by them to old members was delicious.

The society's membership is limited to five per cent of the junior A class, 10 per cent of the senior B's and 15 per cent of the senior A's. Miss Mattie Ross Cunningham is the sponsor.

High School Principal King Sides was a guest for the affair, the sponsor was present, and the following students attended: Ruth Davis and Virginia Egerton, old members, and Vivian Chenault, Homer York, Doris Davis, Dorothy Pinkerton and Weldon Strayhorn, pledges.

Miss Reynolds to Austin. Roseanna Reynolds, daughter of Jim Reynolds, left the past weekend for Austin to begin her second year's work at the University of Texas. The local girl, an honor graduate of Snyder High School, made an outstanding scholastic record at the university last year.

Easy Caramel Filling. Two cups brown sugar, 1 cup strained honey, 1 tsp. flour, 2-3 cup milk, 1 tsp. butter, 1 tsp. vanilla. Mix all together and cook over a slow fire until thick and rosy. Remove from fire and beat until stiff enough to spread.

Orange and Pineapple Filling. One-half cup sugar, 2 cups crushed pineapple, 1-4 tsp. salt, 2 tsp. flour, juice of 1 orange, 1 tsp. grated orange peel.

Sift the flour and sugar together. Add strained pineapple, salt and orange juice and cook over low flame until thick, stirring enough to keep from sticking. When cool use between layers and on top of cake and frost with a white icing.

Standard Cookie Frosting. Two egg whites, 1-8 tsp. salt, 2 cups confectioner's sugar, 1 tsp. thick cream, 1 tsp. vanilla. Sift sugar 4 times and place in bowl. Add vanilla, salt, cream to unbeaten egg whites and give them 3 or 4 whisks with a wire whisk. Add to sugar and beat until smooth. Spread on cookies at once as this frosting is quick to dry. Use it some in making hand molded flowers for wedding cakes.

Coffee Icing. Three cups powdered sugar, 1 tsp. vanilla, 1-4 cup strong coffee. Beat on fire until lukewarm, the powdered sugar, coffee and vanilla. Add well beaten egg whites. Ice cake while icing is warm.

Lady's Painful Trouble Helped By Cardui

Why do so many women take Cardui for the relief of functional pains at monthly times? The answer is that they want results such as Mrs. Herbert W. Hunt, of Hallettsville, Texas, describes. She writes: "My health wasn't good. I suffered from cramping. My pain would be so intense it would nauseate me. I would just drag around, so sluggish and 'do-less.' My mother decided to give me Cardui. I began to mend. That tired, sluggish feeling was gone and the pains disappeared. I can't praise Cardui too highly because I know it helped me." "If Cardui does not help YOU, consult a physician."

NEW MEMBERS BRING SUPPER IN INITIATION

As part of their initiation new members of the National Junior Honor Society brought the food for a picnic supper to the gymnasium last Wednesday evening and served the old members and several teachers before they were permitted to eat.

Initiation stunts were performed by the pledges with a display of such good sportsmanship, that they were highly commended by the sponsor, Miss Mattie Ross Cunningham, and other faculty members present.

The Junior group organized and was recognized by the national board almost two years ago. Members are those students in the freshman and sophomore classes, whose grade average is B plus or higher, the number not exceeding 5 per cent of freshman A's, 10 per cent of sophomore B's and 15 per cent of junior B's. They must be approved by a faculty committee. When voted into the organization by members and all the faculty, three noes bar that person from membership.

New officers for the National Junior Honor Society will be elected soon, and the new members will be given their pledge with the members coming in after midterm—this only one chapel program will be given to the organization.

New members initiated were: Joanna Strayhorn, Daren Benbenec, Dwain Kite, Louise Bowers, Wilma Terry, Daurice Worley, Margery Brown and James Patterson. Leo Aultry, Dorothy Jones and H. C. Shuler were reinstated at the initiation, and the following old members attended: Louise Hardin, Ernestine Morton, Frances Head, Roy Allen Baze, Frances Head, Dorothy Winston, Mary Curmiste, Ruth Line, Marjorie Reynolds, Waisey Barrett and Louise LeMond.

Miss Cunningham, sponsor, Principal King Sides and Alta Bowers were the faculty members present.

Members of the National Honor Society of the local school held its initiation at the gymnasium last Wednesday afternoon. Stunts by the pledges were entertaining, and the picnic supper served by them to old members was delicious.

The society's membership is limited to five per cent of the junior A class, 10 per cent of the senior B's and 15 per cent of the senior A's. Miss Mattie Ross Cunningham is the sponsor.

She writes: "My health wasn't good. I suffered from cramping. My pain would be so intense it would nauseate me. I would just drag around, so sluggish and 'do-less.' My mother decided to give me Cardui. I began to mend. That tired, sluggish feeling was gone and the pains disappeared. I can't praise Cardui too highly because I know it helped me." "If Cardui does not help YOU, consult a physician."

Mrs. Billy Boren Is San Souci Hostess.

Mrs. Billy Boren was hostess to the San Souci Club at the home of her sister, Mrs. J. P. Strayhorn, Tuesday night. Mrs. Strayhorn, Mrs. Amos Joyce and Mrs. Wraymond Sims were guests for the party.

High score prizes at the close of contract bridge games went to Mrs. Joyce, guest, and Mrs. Herman Darby, member. Mrs. E. J. Anderson will be next hostess October 13.

Nice refreshments were passed by the hostess to her guests and the following members: Mmes. James Ralph Hicks, Herman Darby, Wayne Boren, Forest Sears and E. J. Anderson, and Misses Neoma Strayhorn, Hattie and Gertrude Herrin and Mattie Ross Cunningham.

Art Study Is Given At Cresset Meeting.

An interesting art study was conducted before members of the Cresset Junior Club by Vernelle Bradbury Tuesday evening. The meeting was at the home of Allene Curry.

Study of two former Snyder residents, who have become outstanding artists of the state, proved especially interesting. Discussion of the work of Mrs. J. W. Couch of Abilene, who signs her art work Maude C. Couch, was by Frances Boren, and that of Ethel Foster, also of Abilene, who was formerly a teacher in the local schools, was given at the Tuesday evening meeting by Miss Bradbury.

Development of art in the United States, with special stress on Texas art, was an instructive talk given by Irene Wolcott.

Members present were: Mrs. Willard E. Lewis, Mavis Shuler, Vernelle Bradbury, Frances Chenault, Frances Boren, Mrs. Jack Martin, Mrs. Buddy Martin, Irene Wolcott, Almarene Heard and the hostess.

Next meeting of the club will be with Mavis Shuler at the home of Mr. and Mrs. Harvey Shuler Tuesday evening, October 13. Almarene Heard will direct the program.

Mr. and Mrs. G. E. Durt of Abilene were in Snyder on business Monday.

Roses Decorate for Club's First Meeting.

Gorgeous roses decorated the home of Mrs. E. J. Anderson Friday afternoon for the first meeting of the Altrurian Club. Members seemed anxious to begin their year's work.

Reviews of six outstanding books of the year will feature programs and a study of practical English will complete their regular programs. Special programs during the year are already being planned.

At the Friday meeting officers were introduced, and each responded with well chosen words. Mrs. Lee T. Stinson will be president of the group this year—she finished the year as president last year at the resignation of Mrs. O. P. Thrane, who moved to Abilene.

Other officers are: Mrs. Hugh Boren, vice president; Mrs. H. P. Brown, recording secretary; Mrs. J. W. Lettwich, corresponding secretary; Mrs. F. W. Wolcott, treasurer; Mrs. E. J. Anderson, reporter; Mrs. H. G. Towle, parliamentarian. Mrs. Boren presided Friday during the business session, and she also gave the president's greeting, since Mrs. Stinson was unable to be present.

Mrs. A. C. Preuit directed the fine arts program heard during the afternoon. Members gave vacation experiences in answer to their first roll call for the year, and interesting incidents as well as descriptions of lovely places.

A quartet composed of Mmes. F. W. Wolcott, Preuit, R. L. Gray and Hugh Boren favored those present with a group of negro songs. Mrs. W. W. Hamilton was piano accompanist for the selections.

A dainty salad course was served by Mrs. Anderson to the following: Mmes. W. R. Bell, Hugh Boren, H. P. Brown, J. C. Dorward, R. D. English, R. L. Gray, W. W. Hamilton, J. W. Lettwich, T. L. Lollar, A. C. Preuit, Woodie Scarborough, J. C. Stinson, H. G. Towle and F. W. Wolcott.

Mr. and Mrs. G. E. Durt of Abilene were in Snyder on business Monday.

Junior Club Begins Study of "Travel."

Members of the Twentieth Century Daughters, junior study club organized early last fall, enjoyed their first program meeting of the year at the home of their sponsor, Mrs. W. J. Ely, last Wednesday afternoon.

Study of the club's chosen topic for the year, "Books of Travel," will begin at the next meeting. Ernestine Morton, daughter of Mr. and Mrs. W. A. Morton, is beginning her second year as president of the junior club.

The group has been holding regular meetings every two weeks during the summer as a recreation club instead of for studying. The next meeting will probably be repeated next summer. Yearbooks are rapidly taking shape and with each member preparing programs the year's work promises to be profitable as well as interesting.

At the meeting last week, Mrs. R. W. Cunningham, member of the extension committee of the sponsoring club, the Twentieth Century Club, appeared before the group with a book on odd things in Texas, "Sure Enough, How Come?"

Dainty refreshments were served by Mrs. Ely to the following: Mrs. Cunningham, guest, and Erol Curmiste, Irene Taylor, Mary Curmiste, Ruth Line, Dorothy Winston, Wilma Terry, Melba Ann Odum, Wynona Keller, Louise Bowers, Ernestine Morton, Johnnie Greene and Louise LeMond, members.

Golden Wedding Day Is Celebrated.

Mr. and Mrs. W. C. Brooks celebrated their golden wedding anniversary Tuesday. Just 50 years ago September 22 they were married.

The two were guests of their daughter, Mrs. Walter W. Williams, all day Tuesday. In the morning a song, favorite of both, was sung by the Light Crust Dough Boys over radio station WBAP, Fort Worth, and dedicated to them.

Other dinner guests of Mrs. Williams were Mr. and Mrs. Pete Brooks and Mr. and Mrs. Tom Brooks.

Mary Curmiste, daughter of Mrs. R. H. Curmiste, left Saturday to join her mother in Houston, where the two will make their home. Mary will attend the Sam Houston school there.

Jeffersonian Democrats Declare Stand They Will Make in Coming November Presidential Election

Democrats of Texas Will Give Their Support To Landon at Polls

With a full realization that our country faces a political crisis transcending all partisan interests, we Democrats of Texas now pledge our best services to the Nation upon a non-partisan basis. We reassert our belief in the Constitution, in the rights of the States, and in the Jeffersonian principle. Believing this, we must condemn the Roosevelt Administration. The issue before the American people today is not Roosevelt versus Landon; nor is it the Republican Party versus the Democratic Party. The issue here is the same as that which rocks the rest of the world, and that issue is reorganization versus freedom and democracy. We are confronted with a change in our form of government from a Democracy, in which the government is the servant of the people, to a Socialist and Communist state in which the individual becomes the servant of the state and loses all personal freedom and all property rights.

We charge that Mr. Roosevelt is not a Democrat and never has been in sympathy with the principles of the Democratic party.

We charge that Mr. Roosevelt has aided and abetted the aims of the Socialists and Communists, and has set up a board of advisors known as the "brain trust," which is largely made up of red radicals not in sympathy with our form of government. We charge that few members of this "brain trust" have ever been connected with the Democratic party prior to the nomination of Mr. Roosevelt for President.

We charge that the key positions in the cabinet system set up by Mr. Roosevelt are now held by radical appointees selected for the most part by Felix Frankfurter, known throughout the country for his red radical activities.

We charge that the radicals, whether they call themselves socialists or communists, now have the nation by the throat, thanks being due to Mr. and Mrs. Roosevelt, Miss Perkins (a married woman following the Russian system of not taking her husband's name), Felix Frankfurter, Rex Tugwell and others.

We charge that all New Deal acts such as NIRA, AAA and others in which business, farmers and the rest of us were to be regimented and directed by some bureaucrat are the brain children of radicals, one of whom is Tugwell. We will prove to you before November 3, by quoting Mr. Tugwell himself, that he is as red or redder than Stalin, the Russian dictator.

We charge that Mr. Roosevelt has shown no interest in the 1932 platform of the Democratic party except to repeal prohibition.

We charge that most of the New Deal bills he forced through Congress were specifically called for in the 1932 Communist and Socialist platforms. We will prove this to you before November 3 by showing you word for word the platform of these parties and showing you how the New Deal acts met the demand of these platforms.

We charge that when Mr. Roosevelt insisted on having all relief and PWA money given to him to use at his discretion it was for the purpose of getting control of Congress, by denying any Congressman money-spending projects in his district if he voted against the President's bills.

We charge that Jim Farley, Tammany politician and ex-prize fight commissioner, expended this money in building up a political machine to Tammanyize the United States, and has succeeded in doing so to an extent that it is as vicious as it is in New York City.

We charge that the Nation can not survive the continuation of the present flagrant, wasteful spending far beyond its income. Mr. Roosevelt expects to continue it. Our national debt is now more than \$35,000,000,000, or approximately \$1,500 for the average family. The interest charges of 2 1/2% upon this debt amount to \$880,000,000.

The President's program of taxing on all income above \$50,000 does not provide enough money to pay even the interest charges on this debt. If the entire income of this group were confiscated, it would just pay the interest charges, which as shown by the United States Treasury Department figures for 1934, was \$890,936,207. The New Dealers have put the mill-stone of debt around the necks of our children and our grandchildren. We believe these debts are being piled up for the purpose of bankrupting the Nation to forward the plans of the Communists and Socialists.

We charge that the most active bureau in Washington today is that of propaganda, through which millions of dollars of taxpayer's money is spent to misinform him and sing praises of the New Deal.

We charge that Mr. Roosevelt is wholly undependable. His record is one of broken promises. The Nation and business can not go forward when it can not rely on the statements of the President.

We claim that Landon and Knox are the only national nominees defending the time-honored principles of Democracy. The most important plank in their platform is that in defense of State's rights to prevent the centralization of power in Washington, where some organized minority can seize control of our government.

We claim that we are going to carry this state against Roosevelt. The normal Republican vote is about 50,000. Against this 50,000 more who ordinarily do not vote because they feel that it is useless. Add to this 50,000 Democrats who will not vote for Roosevelt under any circumstances. You know your own community is full of this kind of Democrats. Add to this 150,000 Democrats who will gladly join us if they think there is any use to vote against him. This alone will mean the election against Roosevelt, but add to this thousands more who will vote against Roosevelt when they are shown the fallacies and frauds of the New Deal. We Democrats are not going to let the New Dealers and Tammany Jim put any neck around our necks. A Texas voter is never a yellow dog unless he is a politician.

We want you to step out on the firing line with us. Are you willing to help us in the distribution of our literature, or in getting money to forward this work? We have a large number of organizations throughout Texas. We want one in every town.

J. EVERTS HALEY, Chairman, Jeffersonian Democrats of Texas, Headquarters: Austin, Texas.

GOOD MEATS Cheaper

W. R. Bell, for years a Meat Market man in Snyder, has purchased an interest in the Parks Meat Market, east side of square.

A policy of High Quality Meats at most reasonable prices will be the watchword of the market in the future.

HERE IS MORE CONCERNING Dr. Rosser— CONCLUDED FROM PAGE 1

ennial year, adding seven new divisions to the regular organization. The 1936 program provides for more intensive tuberculosis prevention and control, venereal disease and mental hygiene, maternal and child health service, dental hygiene and public health education.

"Due to the lack of organized county health units in Texas, the state was prevented from participating to a much greater extent in funds offered by the federal government."

"A total of eight million dollars was provided for the nation, to aid in rural health programs. Efforts will be made to show the people of Texas the value and necessity of adequate attention to the problems of public health, to the end that sufficient state appropriations are made to properly carry on the work."

How Is Rate So Low?

"Reviewing the above conditions, we wonder how the death rate for the state of Texas could be as low as it is—9.73 per thousand. Even then it is lower than any state touching Texas."

"Some weeks ago The Scurry County Times asserted that the death rate of Scurry County was one of the highest in Texas. This is an error, but we forgive the publishers because they did not have the actual statistics at hand."

"The actual death rate of Scurry County in 1935, latest year officially computed, was 6.4 per 1,000 population. That of Mitchell was 9 per 1,000, that of Fisher 5.7, and Garza was 7.2 per 1,000. Nolan, leaving out Sweetwater, was 6.5. If Sweetwater should be included, it would be still higher."

"The hospital coming to Scurry will increase the death rate, not because the hospital will increase the normal death rate, but people will come in from other counties and some of them die here, thereby making more deaths in Scurry County."

Chides State Papers.

"It seems to us that if the papers of the state will pay more attention to the matter of obtaining appropriations for the health programs of the state so that better public protection can be had by the medical profession, it will be worth far more to the public than criticizing the death rate."

"Each member of the Legislature hurries to vote for stock protection, but mention an appropriation for the tubercular hospital or the care of the insane and they balk and have to be begged and lobbied to get a measly handout."

"It is little short of disgraceful the way the insane are handled in Texas. They are tried like criminals, placed in jail like criminals—and some of them have to stay in jail for weeks before they can be placed in a hospital for treatment—simply because the pinheaded Legislature thinks more of a cow than a human being."

Human T. B. vs. Cows.

"The hospital for the tuberculous at Carlsbad is saving the state more money by taking care of the consumptives, educating them how to protect themselves and others from tuberculosis, than all the cattle of the state are worth; yet it is a real job to get the Legislature to appropriate sufficient money to care for the inmates."

"Why be 'penny wise and pound foolish'? It is all right to protect the cattle, hogs, and horses from diseases, but it seems to us that human beings should come first, and we resent criticism of the medical profession because of death rates, until the state will put up at least as much money for the public sick as it does for the stock."

Disease Conquered.

"The Panama Canal could never have been made if medical science had not first stamped out malaria. Louisiana would be almost uninhabited if the same source had not made it habitable for the same reason, as would be many parts of Texas and other states."

"Small pox would still ravage the country, taking its ghastly toll by the thousands, if the medical world had not stamped it out. Who ever hears of a death from small pox now? Who hears of the terrible scourges of cholera, the plague, or the black death, the plague? Nobody. Who made it so? The medical world."

"The adjustment of all the spines in the world would not have killed a mosquito, prevented a single case of hydrophobia, or cured a single case of diphtheria. Yet the medical fraternity has to keep a continual legislative lobby before the Legislature to keep the laws from turning every cut and bruise upon the public to cure the sick."

"It is enough to disgust any thinking person to see how sensible people will fall for absolute 'hokey'."

Editors' Note.

"The Times is thankful that its editorial of August 13 should cause Dr. Rosser to present these facts in defense of the medical profession. It is thankful, too, that its attention has been called to its error in placing Scurry County so high in the death rate column. We stand corrected."

But Dr. Rosser, in this article, has missed the truth in some points just about as far as the Times editorial missed the county death rate. Dr. Rosser completely ignored the fact that a large part of the editorial was a quotation from Dr. John W. Brown, state health officer, who suggested ways of making better local health conditions throughout the state."

"The county health officer also went astray when he intimated that The Times was criticizing the death

Amateurs Given Opportunity for Radio Broadcast

Bona fide amateur musicians and entertainers of all kinds from Scurry, Fisher, Nolan and Mitchell Counties are to have an opportunity to win a measure of fame as radio broadcasters as the result of four amateur night contests to be staged by the Sweetwater board of city development. It was announced this week. Four of the twelve winners during the four contests are to be selected for an all-expense trip to Dallas and a 15-minute broadcasting program over station WFAA.

The first contest is to be held in Sweetwater municipal auditorium the night of Saturday, October 17, but entries for this first event must be received by October 1, as the audition and rehearsal will be held the afternoon of October 10. Prizes are to be in cash, as follows: \$15 first, \$10 second, \$5 third and \$1 to all other competing numbers. The same prizes are to be given the winners for each of the other three contest nights, October 31, November 14 and November 28.

From these twelve winners (three on each of the four nights) will be selected the four best for radio broadcasting to make the all-expense trip to Dallas. Date of the program over station WFAA has not been set as yet, but will likely be some time early in December.

Persons from two years of age up to 100, both male and female, who can play any kind of musical instrument, who can sing, dance or entertain in any manner whatsoever are asked to enter by the sponsoring organization. Entry blanks may be used by addressing the secretary, board of city development, Sweetwater.

Chocolate Custard Icing.

Two cups milk, 4 squares chocolate, 1-1/4 cups sugar, 1-3 cup flour, 1-8 tsp. salt, 1 tsp. vanilla, 1 cup shredded coconut.

Add shaved chocolate to milk and heat. Then beat until blended. Sift flour and sugar together. Pour the milk mixture over this very slowly, beating constantly until smooth. Add salt, return to double boiler and cook until thickened. Add vanilla, cool and spread on cake. Sprinkle with coconut.

Lemon Icing.

One and one-half cups sugar, 2 egg whites, 1-2 cup water, juice 1 lemon.

Dissolve sugar in water, boil until spins a thread. Pour over stiffly beaten egg whites in fine stream, beating constantly. When about half has been added, add lemon juice, then remainder of syrup in same way. Continue beating until icing is stiff enough to spread and hold its shape.

Jesse-Leslie on Again.

Jesse and Leslie Browning, tackling lettermen on the Texas Tech squad last year, are back in the Lubbock Red Raider fold again, and are expected to repeat their performances of last year in the face of stiff competition. The former Tiger-men helped the Raiders whip the T. W. C. Rams last Saturday night, and are expected to play again against T. C. U. at Matador Field Saturday night of this week.

rate. We ask only one thing: That Dr. Rosser re-read the editorial. He will discover that he and The Times have the same purpose in mind—to make Scurry County and Texas a more healthful place in which to live.

With Dr. Rosser, we believe that Texas is to be chided for spending more money on the health of her cows than she does on the health of her people. But we believe that unethical and money-grabbing practices of some members of the medical profession is equally to blame with what Dr. Rosser calls "the pin-headed Legislature" and the "sensible people who fall for absolute 'hokey'."

HERE IS MORE CONCERNING Football— CONCLUDED FROM PAGE 1

appreciation not only to business men and others who made financing of the lights possible, but to Superintendent C. Wedgeworth, who was too ill to be present.

Almost exactly a year earlier, Snyder helped Colorado dedicate her lighted field in a similar non-conference affair, which Colorado won, 6 to 0.

Snyder threatened to score while the game was young, when Boren recovered a fumbled punt on Colorado's 12-yard line. The Wolves held stubbornly, and took the ball over on their own 9-yard line. During a double exchange of punts, in which Tate for Snyder and Cox for Colorado were about equally matched, the Wolves mixed in two first downs, and had plowed to the Tiger 22-yard line when the quarter ended.

Snyder held on their own 19, and punted out to Colorado's 51-yard line after they failed to make substantial gains. Rankin, the visitor's chief yard gainer for the night, made the third Wolf first down—a pretty 16-yard slash. But the next down failed by inches, and after a punt exchange Snyder had the ball on her own 12.

Then Comes a Score.

With that last punt Cox made his first hefty punting gain, and he continually added many yards to his mates' total thereafter. Tate, who played a fine game aside from his kicking, turned an attempted punt off his toe, and Colorado recovered across the field in almost a parallel spot—the 12-yard line.

Another first-down and another of Rankin's slices made the first Colorado touchdown. The kick was muffed. The half ended after another punt swap and a few short line jobs.

Two Colorado fumbles, one recovered by Tate and another that lost the Wolves 10 yards, nullified two first downs made by the visitors shortly after the half opened, and one of Cox's few weak punts gave the Tigers the pellet on the Colorado 25.

Then Snyder Counts.

A few short gains and a surprise 18-yard pass from Smith to Morrow put the home boys within a yard of pay dirt, and Morrow plowed over. Then came Boren's kick, giving the Tigers a lead that was never overcome.

Colorado made her sixth first down shortly after the kickoff, but she had to punt in two more downs. An exchange of punts as the third quarter ends... the Wolves intercepted a Tiger pass on the Snyder 36... Boren recovered a Wolf fumble... one of Tate's punts blocked... but the big tackle retaliated in a few more plays by the prettiest play of the game.

He snatched a partially blocked Wolf pass almost off the ground, and raced 62 yards for the second local counter, well protected, untouched by a tackler. Boren's kick failed this time, but the locals had a 13-6 lead.

Autry-Head Look Good.

Center Autry, with his swift after-punt tackling, and Fullback Head, who carried the bulk of the Tiger line plunging, were looking mighty good throughout the tilt, especially when Colorado was plowing toward more counters.

But back to this last quarter... an 18-yard pass paved the way for

Keep a Good Laxative always in your home

Among the necessities of home is a good, reliable laxative. Don't be without one! Do your best to prevent constipation. Don't neglect it when you feel any of its disagreeable symptoms coming on... "We have used Theodor's Black-Draught for 21 years and have found it a very useful medicine that every family ought to have in their home," writes Mrs. Perry Hicks, of Belton, Texas. "I take Black-Draught for biliousness, constipation and other ills where a good laxative or purgative is needed. I have always found Black-Draught gives good results."

Hobbs School Will Open Again Monday

After a three-week vacation for cotton picking, the Hobbs school in Fisher County, attended by a number of Scurry County students, will re-open Monday, Superintendent R. K. Williams said yesterday.

Although little cotton picking has been done in the community because of wet weather, school leaders feel that school must re-open at once. The five buses will begin their regular schedules again Monday.

Get your store or office a new Fall suit by dressing it up with new supplies from The Times.

Colorado's entry deep into Snyder terrain, but it looked like the Tigers would pull out... until the Wolves recovered a slippery punt that jostled out of the hands of Safety Moffett.

That was near another payday, and a 12-yard flip, Wright to Cox, made the last touchdown, just a few plays before the game ended. The goal was missed, and the Tigers had won.

Statistics of the Game.

Table with columns for Colorado and Snyder, listing players and statistics such as Carter, Miller, Dunlap, Farquhar, King, Dockery, Burdine, Wright, Rankin, Greener, Cox.

First downs—Colorado 8, Snyder 2. Substitutes—Colorado, Ballard for Wright, Moore for King, Woods for Farquhar; Snyder, Arlin Rosson for Hall, Taggart for Boren, Boren for Taggart.

Officials—Referee, Connie Smith (Roby coach); umpire, N. C. Forrester (Roby superintendent); head linesman, Lester Henry (Roby).

NOBODY'S BUSINESS

By Julian Capers Jr.

Austin.—Two bitter fights in the January regular session of the Legislature, involving attempts to repeal the horse race betting law, and to obtain ratification of the federal child labor constitutional amendment, are pressed by the platform adopted by the Democratic party of Texas at its Fort Worth session.

Race betting repeal, advocated consistently by Gov. Allred since its adoption, will bring on a bitter wrangle, because the governor will doubtless be able to muster sufficient strength in the house of representatives to pass the repeal measure. It is doubtful, however, if the Senate will vote repeal. The race betting situation has become complicated by the injection of the dog-racing issue, upon which the Supreme Court is scheduled to render a decision within the next few weeks. Various appeals courts have handed down conflicting opinions, some holding dog-racing legal, others holding the opposite. There has been an unfavorable reaction, following the first enthusiastic acclaim of legalized racing in Texas. The racing interests will pour plenty of money into Austin to fight repeal, as they did to pass the original bill.

TRAFFIC TOLL.

Fifty-seven children were killed on streets and highways of Texas from February 14 to August 1, a statistical report issued here shows. Fifteen were passengers in motor cars, seven were riding bicycles or scooters, while 34 were pedestrians. Forty-two counties shared the death toll. The figures are published as part of an appeal to motorists and parents, now that thousands of children are re-entering school this month, to exercise care. One of the most effective safety measures yet discovered is the schoolboy patrol, who guard children at dangerous crossings near schools. The system has been highly developed in Dallas and several other cities.

TAX FIGHT LOOMS.

The special session, called for September 28 (as exclusively foretold in this column a month ago), will consider only revenue for old age pensions as its first business, under Gov. Allred's call. Estimates now are that 120,000 pensioners will eventually be on the rolls, requiring nearly \$1,500,000 a month from the state, to pay the average pension of a little less than \$16, with the federal government matching state funds. The governor's policy, not yet submitted in detail, will likely be to recommend increase in existing tax rates, spreading the burden to as many industries as possible, so as not to burden any one unduly and at the same time to prevent future extravagant liberalization of the pension law, by making as many individuals conscious of the tax burden as possible. The backbone of the new tax program probably will be increased levies on oil, gas, sulphur, public utilities, pipe lines and possibly some luxuries that were included in the ill-fated omnibus tax bill last session. The sales tax issue, certain to be brought up, is regarded as dead, in view of the voters' endorsement of Gov. Allred's unyielding opposition to it.

CHILD LABOR.

The other battle, which will also center in the Senate, will be over ratification of the child labor amendment. The house has passed the ratification measure on several occasions in the past, but the Senate has rejected it. At the Democratic convention, this issue furnished about the only fireworks, with Senator Tom DeBerry of Bogata, firm friend of the administration, and selected by Allred to head the important resolutions committee, opposing the governor's view and defeating the resolution favoring ratification in the committee. The resolution was brought out on

a minority report, and decisively adopted on the floor. DeBerry will not be in the Senate next year, having voluntarily retired. But Tom Holbrook, the Galveston reactionary, will be there to lead the fight, and he will have sufficient help, observers here believe, to defeat ratification.

Many organizations, including the Texas Press Association, are on record as opposing the amendment, as an invasion of state's rights. The effect of the law has been considerably exaggerated by supporters of both sides. Actually, it probably would make little difference to Texas, which is not an industrial state. Proponents of the amendment, backed by many leading club women, are better organized this time than last session.

Students Need Good Text Books...

and GOOD LIGHTING!

Good textbooks are of little value to a student unless conditions are favorable for studying. This means a room where the student is free from interruptions and where he has a GOOD LIGHT.

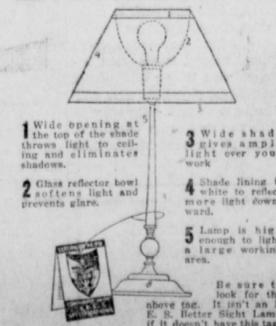

Good light makes it easy to read or study for long periods of time without unnecessary strain on the eyes. With school starting again, you owe it to your children to provide the right kind of light to make studying easier.

The new I. E. S. Better Sight Lamps are scientifically designed to give a soft, glareless light which safeguards young eyes. These lamps are on display at our store and at your electric dealer's.

The Weekly Dozen

Now It's Your Time.

Knock, knock. Whoizi? Water. Water who? Water do something about this infernal mud, or the worms'll be our ruination yet!

And Maybe a Few Tadpoles.

Pessimism Pete says if this rainy season doesn't stop pretty soon, every last street-corner hard-times croaker will have a rain frog in his throat.

If Hearst Be for Us...

It's just an ornery newspaperman's opinion, of course: Governor Landon's face wouldn't look so bad if it were not smeared so badly with William Randolph Hearst mud.

Bitter From the Sweet.

Give the American Legion Monthly credit for this definition of classical music: "When a piece threatens every minute to be a tune and always disappoints you, it's classical."

"Agriculture's Jack of All Trades."

Nation's Business: "Industrial America's perpetual hunger for new sources of inexpensive raw materials has led at last to the 5,000-year-old soybean. . . . The surest relief for agriculture will come from the production of new agricultural output that will go to industry rather than to the human stomach."

Cheerio for J. Pluvius.

Talkative Tillie thinks Jupiter Pluvius must have heard that the Snyder Tigers are doing things this year, for how else can you explain the comforting rains of recent days? On the same vein, however, San Angelo Bobcats would win the world football championship; so maybe it's just Mother Nature at work, after all.

Weekly Rooseveltism.

President Roosevelt: "Because the practices of employment definitely affect the problem of unemployment, the government must give and will give consideration to such subjects as the length of the working week, the stability of employment on an annual basis and the payment of at least adequate minimum wages."

Question No. 12345.

Tragedy stalks with the Atlantic coast flood. San Angelo girds her loins and surveys millions in flood damage. Spain seethes with the most brutal revolution of modern times. China loses her millions by flood and drought. Russian Communism claims fail to prevent us hearing that thousands are dying in the Soviet from starvation, due to anti-government attitudes. Whither, world?

Don't Spoil Our Romance.

If those Spanish grandees don't settle their differences pretty soon, Americans might take their romantic tunes of Madrid and other Castilian points with many grains of salt. In the fierceness of the battle, both sides have evidently not forgotten that Spanish romance must be protected, for several pictures of buxom misses holding rifles in smiling poses have come from Spanish shores to American newspapers.

The Winston Herefords.

The show herd of Winston Herefords that left Snyder Thursday night for Amarillo, thence to other show points, has the well wishes of all the Winstons' neighbors. It is probable that the Winston Herefords have given Scurry County and Snyder more favorable publicity than any other one thing. May the young herd that has just gone to Amarillo capture more laurels for the local breeders is the hope of The Times and hundreds of other neighbors.

Now That Fashions Are Here.

Now that fall fashions are here, and merchants are telling of their creations for the sake of Madame Style, you can depend on Snyder and Scurry County women to do most of their shopping in this town of ours. It's a two-sided question—this question of whether one shall buy at home or elsewhere. Eventually, it comes back to the merchant, for women—and men, too—will usually buy at home when home merchants have what they want at a price they want to pay.

Farm Receipts Increase.

Farmers' receipts from the sale of their principal products in July, 1936, averaged for all regions 49 per cent higher than in July last year, the Bureau of Agricultural Economics reported last week in making public the detailed figures by regions and states covering the month of July and the first seven months of the year. In the South Central states—that includes us—the July receipts were 39 per cent higher than last year. Government payments were only slightly more than half as large as in the same period last year, but receipts for the first seven months of the year were nevertheless 10 per cent higher than last year.

The Times Creed

For the cause that needs assistance;
For the wrongs that need resistance;
For the future in the distance,
And the good that we can do.

LOCALS

Mr. and Mrs. George Ainsworth of Dalhart were guests in the Ivan Teter home early this week.

Mr. and Mrs. R. S. Walker and children of Portales, New Mexico, have been visiting relatives here.

Coaches W. W. Hill and Glen Berry of the local Tigers were in Abilene Sunday for a grid rules meeting.

Mrs. Vera Miles of Miles Studio has returned home after a six weeks' vacation trip to Eastern Texas and Louisiana.

Creston Fish, salesman for the Chemical Sales Company of Dallas, spent the week-end with his parents, Mr. and Mrs. Earl Fish, here.

Mrs. P. C. Chenault and daughter, Frances, were in Abilene Wednesday, where Frances will enroll in the Draughon's Business College for the winter term.

Mr. and Mrs. Charles B. Shell of Colorado visited here with his mother, Mrs. Mary B. Shell, and her parents, Mr. and Mrs. John Truss, at Fluvanna Sunday.

Mrs. Kate Davis returned home late Sunday after a several weeks' visit with relatives in San Angelo. Mr. and Mrs. Jack Davis drove down for her Sunday.

Mrs. Fred Wagner of Amarillo is a guest of her parents, Mr. and Mrs. G. B. Clark Sr., her sister, Mrs. Alfred McGlaun, and Mr. and Mrs. G. B. Clark Jr. here this week.

Miss Geraldine Shuler left recently for Howard Payne College, Brownwood, where she will be a student this year. She is a 1936 graduate of Snyder High School.

Mr. and Mrs. Bose Reader of Stephenville were week-end visitors with friends and relatives in Snyder, after returning from a trip to Plainview, Amarillo and other points on the Plains.

Mrs. H. B. Winston left Saturday for Sweetwater to spend several months with her brother, Dr. A. A. Chapman. Dr. Chapman's wife, who was an outstanding civic worker, died there recently.

Maurine Cunningham, teacher in the Lubbock Senior High School, spent the week-end here with her mother, Mrs. R. W. Cunningham, and sister, Mattie Ross, who teaches in the local high school.

Mr. and Mrs. Jesse Heard, Mrs. D. Richburg and small daughter, Ann, were Thursday over-night guests of Mrs. G. C. Buchanan and family. The Pecos people were returning from a visit in Abilene and Stamford.

Frances Stinson and Florentz Winston, who enrolled as freshman in Hardin-Simmons University, Abilene, last week, spent the week-end with their parents, Mr. and Mrs. J. C. Stinson and Mr. and Mrs. Wade Winston.

Miss Evelyn Heard, who has spent the past two months here, left for Abilene Wednesday to begin studies at Draughon's Business College. She was accompanied there by her sister, Almarie Heard, who returned home late Wednesday.

Mr. and Mrs. William A. DeBald spent the week-end with Mrs. DeBald's parents, Mr. and Mrs. W. T. Cook of Crosbyton, former residents of Fluvanna. Mr. and Mrs. Cook accompanied the DeBalds home afternoon for a brief visit here.

Mr. and Mrs. Courtney Mellard of Marfa, who were returning home after a three weeks' business trip to various points in Iowa, Illinois and Indiana, were week-end guests of Mrs. Mellard's mother, Mrs. G. C. Buchanan, and family. They left for their home Monday.

Francis Northcutt, who attended Texas State College for Women (CIA), Denton, last year, planned her work for the year in McMurry College, Abilene, during the past week. She and Roberta Ely, a sophomore student in the school, spent the week-end here.

Mrs. P. C. Chenault and daughters, Frances and Vivian, and her son, Maxey, were in Fort Worth and Dallas for the Centennials from Thursday until Sunday. Mrs. Chenault and daughters returned here late Sunday, and Maxey went to College Station to begin his senior year's work at A. & M. College.

Palace Theatre

PROGRAM FOR THE WEEK—

Thursday, Friday, Sept. 24-25—

"HIS BROTHER'S WIFE" starring Robert Taylor, with Barbara Stanwyck, John Eldredge, Jean Hersholt, Joseph Calleia. News and Color Cartoon.

Saturday, September 26—

"SAGEBRUSH TROUBADOUR" starring Gene Autry, with Champion. A reckless Romeo again rides the melody trail. Chapter VIII of "Flash Gordon." Comedy and Musical. Bank Night, Bank Account \$100.00.

Sat. Night Prevue, Sun., Sept. 26-27

"THREE CHEERS FOR LOVE" with Eleanor Whitney, Robert Cummings, William Frawley, Roscoe Karns, John Halliday, Bill Lee and Elizabeth Patterson. Gags, girls, music, romance, gayety. Musical Comedy.

AT THE RITZ

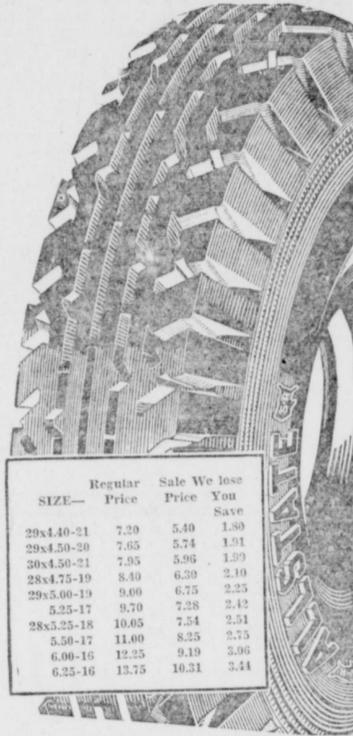

Saturday, September 26—

Letters from the People

Our Readers Speak

Politics Up to Date.

Editors, The Times: Times change, and I dare say there are issues now in politics that there weren't in the good old days. The technique is somewhat different, too. However, the basic principles remain the same, and, after all, the issues don't really matter. It's what you say about them that counts. First of all, if you're running for office in these days, you must be a 100 per cent American candidate.

You must learn to be a good denouncer. Keep your eyes open for objects of popular disapproval, and when you've got hold of something that is heartily disapproved by the majority of the people, denounce it. At present, I should advise you to denounce the high cost of living, the profiteers, and the Bolshevists. Next year, of course, the list may be quite different, but for the present those three are the best objects of denunciation.

What bothers me is that it may be rather hard to drag those things into the campaign. Suppose for example I'm pledged to broaden the Main Street of the city upon my election to the City Council. Won't it be rather hard to tie the Main Street and the Bolshevists together? I'm not going to be so ridiculously logical. Gentlemen, surveying an imaginary audience with glittering eyes, there is a movement on foot in this very city, in this very county, and in this very state to dynamite our president, destroy our constitution and overthrow our government. Confronted by such a menace to our democratic institutions, what, gentlemen, shall be our answer? Let us broaden Main Street, as Washington would have broadened it, as Lincoln would have broadened it, and let us put down the red flag wherever it shows its head!

Suppose I am elected. What shall I do while I hold office in order that I may become ultimately eligible for still higher office? In that case, you must not merely denounce the high cost of living, the profiteers, and the Bolshevists; you must campaign against them.

But suppose I am a commissioner of roads or an attorney-general. In that case, clearly such things lie outside my province. How can I campaign against them?

Don't bother about your province, as you call it. Your job will undoubtedly be uninteresting and the public won't know anything about it or care anything about it, and the test of your success will be your ability to conduct campaigns, which has nothing to do with your job, and, therefore, stand some chance of interesting the public. There is no reason why even an attorney-general shouldn't campaign against anything, provided he handled his campaign right.

The principal thing to bear in mind is that you must begin your campaigns noisily and end them so quietly that the sound of their ending is drowned in the noise of the next campaign's beginning. Let's say you begin with a campaign against the high cost of living. First, come out with a statement that you, as attorney-general or commissioner of roads, or what not, are going to knock the high cost of living to bits. Then send out telegrams calling a conference to take steps against the high cost of living. When the conference meets, address them, and tell them they've got to make conditions better, simply got to. Then, after you have the conference well started, step out. Don't stay with them; they may begin asking you for constructive ideas. Step clear of the thing and start a new campaign. When the conference is well started, you must help the people to forget about it, and stir up interest in something new. Play the profiteers and get a conference going on profiteers. Rap the Bolshevists, and telegraph for a crowd of citizens to come and probe the Bolshevist. Don't let the people's minds run back to the high cost of living, as they'll be likely to notice that it hasn't gone down. Refer constantly to the success of your own campaign and keep the public mind moving.

All this denouncing and rapping and probing—isn't it likely to look

NOBODY'S BUSINESS

By Julian Capers Jr.

Governor Alfred and several companions, after several days in the woods in South Texas hunting mountain lions, reached a small railway station and inquired of a bystander when a train would be along. Taking a look at the three-day growth of beard and old clothes worn by the party, the stranger inquired: "Whadda you all want—a passenger or a freight?" ... Cad Nesbit, adjutant general and former school superintendent at Minocia, plans to serve another year or so as head of the state's national guardsmen, then resign and enter the practice of law. ... Ed Clark, No. 1 secretary to the governor, and Bob Anderson, state tax commissioner, likewise plan to leave the public service and practice law within a year or so, and rumor has it they will be law partners in Austin. ... Consolidation of the old age pension board, the child welfare division of the board of control and the Texas relief commission into a single agency, to be known as the state welfare board, with supervision over all phases of the state-federal social security program, except unemployment insurance, is recommended by the Texas planning board, and may be submitted in the special session. ... C. M. McFarland, house member from Wichita Falls, urges a uniform system of assessing and collecting taxes in all counties, and declares such a system would eliminate need of any new taxes and put the state on a surplus basis. ... Sen. C. M. Nelson of Tahoka urges tightening the laws for collecting delinquent taxes, of which there are \$60,000,000 outstanding in Texas today, with about \$25,000,000 of it owed to the state. "There is the place to look for additional revenue," declares Nelson. ... Apparently determined to do something about the 500 insane patients confined in county jails, because there is no room for them in state hospitals, Gov. Alfred has sent out a questionnaire to all counties, seeking exact facts about these "forgotten" men and women. Tentative budget allocations for new state hospital buildings will take care of about 1,000 additional patients, the governor said.

County Urged to Join Lubbock in Centennial Fete

On Tuesday, September 22, Texas Centennial Day at the Panhandle South Plains Fair, Lubbock, Scurry County is invited to send an entry for the giant pioneer parade and to have her oldest woman settler in a place of honor during the celebration. Wynona Keller, older daughter of Mr. and Mrs. John Keller, left early this week for Dallas, where she will enter The Hockaday School, best known school for girls in the Southwest. She was accompanied there by her mother, who will return home today. Miss Keller, already an accomplished dancer, will take special courses in dancing along with her other work.

Dr. Griffin Comes Home.

Dr. I. A. Griffin, local physician who was in an automobile accident recently, was returned home Thursday evening by a Maples ambulance, after spending 16 days in the Hendrick Memorial Hospital in Abilene. The doctor is doing fairly well, attendants say.

Mrs. Moore Returned.

Mrs. J. C. Moore was returned to her home in South Snyder Tuesday morning by an Odem ambulance. She showed slight improvement after several days in a Lubbock hospital.

H. S. Orchestra Organized.

A high school orchestra composed of 16 musicians has been organized the past week under the sponsorship of Mattie Mae Tomlinson, who also directs choral and glee clubs. Practices are held at the activity period.

destructive? Will people want to vote for a man whose pleasant mood is one of indignation?

A politician must be always pleasant to the people about him, and denounce only persons who are not present. You should compliment your audience when speaking. Be sure to make the right speech in the right place; don't get off your profane speech to the Merchants Association, as they might not agree with you. Tell the merchants, or the newspaper publisher, or the party committeemen, or whoever it is that you are addressing, that they are the most important element in the community, and that the war could not have been won if they had not stepped forward to a man, and done their duty. You have saved the nation from red ruin! Finally, give them a little patriotic rapture. Tell them this is a new age we are in. Picture to them the capitalist and the working man walking hand in hand with their eyes upon the American flag.—E. C. RALSTON, Snyder, Texas, September 11, 1936.

Yoder Greets National Chevrolet Heads

Among 500 dealers of the Dallas zone who greeted these officials of the Chevrolet Motor Company in Dallas Friday was D. P. Yoder of Snyder. The local dealer, accompanied by his wife, also visited in Fort Worth with Mr. and Mrs. C. J. Yoder, saw the Centennial Exposition at Dallas, and visited in Van Alstyne, their former

home town. They returned to Snyder Monday night. Mrs. Willie May accompanied them to Fort Worth, where she is visiting with a son who is on the police force there. Reading from left to right in the picture are: J. E. Johnson, Southwest regional manager; M. E. Coyle, Chevrolet Motor Company president; W. E. Holler, vice president and general sales manager, and H. C. Howard, Dallas zone manager. "Our Chevrolet business has been the most extensive in the company's history this year," said President Coyle. "Thus far, we have exceeded the previous peak years, and indications at present show that similar conditions will be evident in 1937."

Active Demand for Texas Farm Lands Says Federal Bank

Active demand for Texas farm lands and a steady sale of bank-owned farms were indicated by reports of 12 Federal Land Bank field-man meetings at Houston recently, with officers of the Federal Land Bank of Houston.

According to A. C. Williams, president of the bank, there has been considerable increase in the demand for farms during the first nine months of 1936, in which period 754 farms were sold by the Federal Land Bank of Houston. These transactions involved amounts totaling over \$1,600,000. During the same period in 1935 there were 434 farms sold by the bank. The demand for farms reached a peak in July this year when 122 sales of bank-owned farms were made, Mr. Williams said.

Nearly all sections of the state were represented in these sales which were made on the customary Fed-

Little Hattie Says Let Him Propose

The old argument about whether or not the woman should propose is brought up again in the current Progressive Farmer, and a contributor who signs her name "Little Hattie" offers the following warning to the ladies:

"Regardless of how much you like him and no matter what kind of a glamorous glow the moon casts over his faults, let the man propose! Even though the roses have never smelled so sweet, come down to

general Land Bank terms. Farms are sold to experienced farmers with a reasonable down payment and the balance carried over a long term of years at a low rate of interest.

In addition to these transactions, the Federal Land Bank of Houston, acting for itself and as agent for the Land Bank Commissioner, extends credit to tenants

really, put on your specs, and look into the future. Just visualize this same gallant hero, all reared back in patched overalls, saying, 'Children this is the place your ma asked me to marry her.' Red wouldn't be the color of your face, and you'd feel, oh, so mortified, because he'd be telling the truth! However, this wouldn't be the first time this subject would have been brought up. "But let's think of the present for a while. Suppose you were to walk up to your Prince Charming and say, 'I think your eyes are beautiful. Will you marry me?' Then, just suppose he were to answer with a superior smile, 'No, a thousand times, no!' The moon would go behind a cloud, the roses would smell bitter, and you'd say with me, 'Let the man propose!'"

County Urged to Join Lubbock in Centennial Fete

On Tuesday, September 22, Texas Centennial Day at the Panhandle South Plains Fair, Lubbock, Scurry County is invited to send an entry for the giant pioneer parade and to have her oldest woman settler in a place of honor during the celebration.

The parade entry could be either a float or an early model vehicle of any type or period. The very oldest woman settler in the parade will be crowned queen of the event. The parade will form at 1:00 p. m. on the Texas Tech campus, start at 1:30 o'clock, and end at the fair grounds.

After coronation of the pioneer queen at 8:00 o'clock at the giant grandstand on the fair grounds, an historical pageant depicting Texas during the past 100 years will be presented.

Space is also being arranged at Lubbock for a Centennial exhibition on the fair grounds. Relics, museum material and records of all kinds are needed for this exhibit, and Scurry County is invited to send exhibit material, with data, direct to Della Wilkinson, Lubbock County chairman, Centennial advisory committee.

The local Centennial advisory committee is anxious to have the county's oldest woman settler in the parade, and those who knew the person who should claim this honor are requested to contact the Times office.

Do you know that you have 30 pounds of blood in your body?

Passengers in the smoking compartment on my train were arguing about why railroad business is picking up.

A factory owner said it was because of this new Free pick-up-and-delivery of less than carload freight. This is door-to-door service with no extra charge added to the freight bill.

A traveling salesman said it was because so many passenger and freight trains now run on faster schedules.

There was a school principal in the group and he said it was because train travel is so much cheaper for passengers. He said passenger fares are at the lowest point in history, with substantial reductions if you buy a round-trip ticket—and no more surcharge for riding in sleeping cars.

One man, a farmer, said he liked something he could depend on, that's why he was traveling by train.

Another man, a newspaper reporter, said people were in favor of railroad travel because it is by far the safest. He quoted a lot of statistics from a book called, "Live and Let Live."

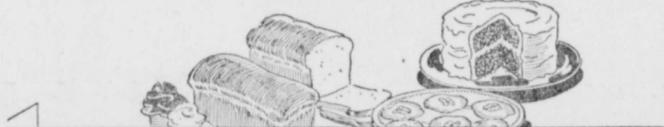

A banker we all know by name said railroad tax payments mean a lot in this state.

We are proud of railroad achievements, appreciate the public's good will and increased patronage, and pledge continued progress.

County Rainfall Figures Do Fancy Juggling During 20 Years

Severity of 1936 Drouth Seen Vividly In Parade of Weather Facts Since '17

If you are still wondering about the severity of the drouth through which Scurry County was passing before last week's showers began, you should take a squint at the accompanying table of rain figures—and then read this article, which draws some startling conclusions.

In a nutshell, here are the most important facts in the case: The first eight months of 1936 were the driest time in Scurry County for a similar period during the past 20 years, including the drouth of 1917.

Every Month Behind. Not one of the first eight months of the year produced as much rainfall as the 20-year county average for those months.

The average for the first eight months of the 20 years prior to 1936 was 13.46 inches; for the first eight months of 1936, the total was 5.89 inches.

August is one of the best rainfall months of the year, on the 20-year average chart, but it did not bring enough rain to register in Snyder this year.

Figures Are Official. All figures in this article and in the accompanying chart are taken from the official records, now kept in Snyder by Mrs. Wesley Evans, who has cooperated to prepare this weather information.

Official records began in March, 1917, when no rainfall was recorded. The comparative figures given early in this article of 1917 and 1936—showing that the first eight months of 1917 were wetter than the first eight months of 1936—hold true by considering that 1917 had average rainfall in January and February, or by counting only the six months from March through August.

Average rainfall, by months, from 1917 through 1935, is as follows: January, 32; February, 71; March, 110; April, 194; May, 272; June, 232; July, 146; August, 233; September, 249; October, 243; November, 102; December, 97. The chart reveals that all 1936 monthly rainfalls were lower than these, and

First Presbyterian Church

The pastor will preach on the topic, "Men of Comfort," at the 11:00 o'clock worship service Sunday morning. In the evening at 7:45 the message will be taken from the 29th Psalm. A cordial invitation is extended to all in the community who are not actively engaged in the work of Christ in other churches to join with this congregation at these regular services.

The Christian Endeavor has recently made a selection of materials for study this fall and is making plans for an active society, both in meetings and outside enterprises. The Endeavorers, as well as all other church activity groups, will be represented on the program at the loyalty Sunday service on the first Sunday of October—James E. Spivey, pastor.

First Baptist Church

The pastor will preach Sunday morning on "Laborers Together." A trio will sing. Sunday school at 9:45 a. m.

At the evening hour the pastor will bring the second in a series of messages on Bible characters, "Judas, One of the Twelve." There will be special music.

The Baptist training hour is 6:30 p. m. The evening worship hour is 7:30 o'clock.

Welcome, thrice welcome.—Lawrence Hays, pastor.

Stephens Have Baby Boy

Mr. and Mrs. Leslie Stephens of Midland, who are well-known here, are announcing the birth of a son several days ago. Born at the Midwest Clinic in Midland, the six and one-half pound boy has been named Don Franklin. The child's aunt, Mrs. William A. DeBolt of Snyder, was in Midland for a few days.

"It'll Save Trouble"

Frank Barger of Dermott asks The Times to "take the chickens out" of his classified ad, which advertises several items for sale.

Rev. McGahey Called

The Baptist Standard of last week said: "On Sunday, September 6, the First Church, Heights, Houston, called Rev. Philip C. McGahey of Navasota (former Snyder pastor). His decision has not been announced."

that only May, with 2.49 inches, approached the average.

Average yearly rainfall, 1917 through 1935, was 20.10 inches. Ten years out of the last 19 have been above this average, and nine years have been below. Heaviest rainfall was in 1932, the county's banner crop year, when the total was 35.31. Lowest rainfall was in 1917, with 7.57, and the next lowest was in 1934, with 10.85.

John F. Pate Is Taken by Death At Snyder Home

Final rites were held Sunday afternoon, 4:00 o'clock, at Odum Funeral Home, for John F. Pate, Snyder County resident for 37 years, who died early Sunday morning at his home in East Snyder, following a brief illness from heart disease.

Born in Thomasville, Alabama, February 3, 1865, the carpenter moved to Texas as a small boy. He had been a member of the Methodist Church since 1889. He was married on May 6, 1889, to Miss Mattie Brown, who survives him. Other survivors are three children, Ross S. Pate of Snyder, Mrs. Hattie Bell and Mrs. Ruth Booth of Snyder; one sister, Mrs. Cloey Sheehan of Thomasville, Alabama.

Palbearers were Henry Reid, R. E. Wills, Boss Baze, Ed Turner, J. E. Shipp and A. D. Belk. Mrs. Boss Baze, Mrs. Arlie Biggs, and Miss Edith Morgan and Irene Reid were in charge of flowers.

Honorary palbearers were John Whitley, Hiram Roper, A. S. Baker, W. C. Brooks, Dr. N. C. Letcher, W. R. Bell, W. J. Turner, S. T. Elza, W. B. Thompson, S. R. Pickett, L. N. Periman, Uncle Elias Gabriel, J. T. Biggs, W. B. Lemons and Herman Huckabee.

Lowest Tax in History

Tax rate of Mitchell County has been reduced from 80 to 75 cents on each \$100 valuation of property, by action of the commissioners court.

Civil Service Exams

The U. S. Civil Service Commission has announced open competitive examinations as follows: Junior veterinarian, associate extension home economist, research associate in international relations, adjudicator for Railroad Retirement Board.

Drouth Affects Eggs

Drouth continuing through August contributed to lowered egg production and to a production on September 1 about 16 per cent below that of a year earlier.

Football at Hermleigh.

Barring too much rain, Hermleigh's first football team will go into action for the first time this (Thursday) afternoon, 3:00 o'clock.

Miss Woodfin to Get Degree

Miss Myrtle Woodfin, daughter of Mr. and Mrs. J. A. Woodfin, left last week to enroll in Texas Technological College, Lubbock, where she will be a senior this year.

Official Records

Marriages

Marriage licenses were issued to only three couples in Scurry County since August 21, according to records in the county clerk's office, read early this week.

Names and the date of marriage follow: Hugh Preston Fambro and Virgie Mae Cox, August 22.

L. D. Adams Jr. and Eula Mae McCarter, August 22.

H. B. Walker and Nell Templin, September 1.

Births

Filing dates for births given below recorded in the county clerk's office were from August 28 to September 18.

Parents and the dates of birth are as follows: Mr. and Mrs. Charlie C. May, a boy, Charlie Jr., July 3.

Mr. and Mrs. Charlie Owen Morton, a boy, Charlie Douglas, July 5.

Mr. and Mrs. William H. Hudson, a girl, Jo Evelyn, July 11.

Mr. and Mrs. H. J. Tracy, a girl, Maggie Isabelle, August 11.

Mr. and Mrs. Raymond Jones Haney, a boy, Donald Ray, August 13.

Mr. and Mrs. Aubrey Huddleston, a boy, Leon, August 15.

Mr. and Mrs. Leo H. Beaver, Fluvanna, a boy, James Edward, August 21.

Mr. and Mrs. Cline E. Morris, Gail, a girl, Mary Lynn, August 23.

Mr. and Mrs. Garland C. Taylor, a girl, August 28.

Mr. and Mrs. Clyde Warren Clay, a boy, Max Eldon, August 28.

Mr. and Mrs. J. Layne Roddy, Fluvanna, a boy, Harold Lee, August 28.

Mr. and Mrs. J. E. Loch, a boy, August 30.

Mr. and Mrs. W. B. (Buck) Dowell, Hermleigh, a girl, Dorothy Verdel, August 30.

Mr. and Mrs. Joseph Roscoe Blair, a boy, Tommy Ray, August 30.

Mr. and Mrs. David C. Williams, a boy, David Carrol, September 10.

Mr. and Mrs. Ralph Neal, a boy, Myrtle Wayne, September 10.

Mr. and Mrs. Henry A. Flournoy, Arab, a boy, Silas Ray, September 11.

Mr. and Mrs. James Walter Byrd, a girl, Jacquelin, September 13.

Mr. and Mrs. Earl Smith, a girl, September 17.

New Cars

Seven new cars have been registered in the county since last report, August 22.

Owners of the new automobiles are the following: W. B. Lee, Oldsmobile sedan, August 24.

J. E. Miller, Chevrolet standard sedan, August 28.

Mrs. Bethel Stinson, Pontiac fordor sedan, September 2.

Texas Crop Lands Signed Up Seventy Per Cent of Total

Seventy per cent of all crop land in Texas is accounted for in the 243,000 work sheets covering about 355,000 of the 501,000 Texas farms and ranches, according to H. H. Williamson, director of the Extension Service, in a summary of the soil conservation work of the Extension Service, presented at a recent meeting of the staff.

These work sheets include a statement of previous land use on the farms and ranches covered by them as well as plans for shifting land out of soil-erosive crops into soil-conserving crops and practices.

This is the first time in the history of Texas, Williamson stated, that farmers and ranchmen have made such a full analysis of the land use practices prevailing in the state.

Notice in church: "Worshippers who intend to put buttons in the collection are requested to give their own and not put them off the hassocks."

J. H. Everts, Cuthbert, Plymouth fordor sedan, September 5.

Davis Williams, Camp Springs, Plymouth business coach, September 7.

E. H. Strawn, Lafayette fordor sedan, September 12.

Mrs. Sidney Johnson, Dodge fordor sedan, September 12.

Special Prices for this day and date only:

Afternoon Performance, Special Matinee Prices for Children 10c, Adults 25c

Night Performance, 25c to Everybody.

At Circus Grounds WOLFE PARK

Little Relief Is Being Sought by Drouth Counties

Although 28 Texas counties of the Resettlement Administration's Region 8, including Scurry County, have been designated as eligible for drouth relief, there has been no large number of applications for loans and grants as compared with other drouth areas.

In these 28 counties, there have been less than 125 emergency loans made in the past 60 days, Trent said Friday, and less than 300 grants.

Other counties in Region 8 are: Roberts, Hemphill, Gray, Wheeler, Collinsworth, Hall, Childress, Cottle, Dickens, King, Kent, Stone-wall, Fisher, Harteman, Ford, Knox, Haskell, Wilbarger, Baylor, Throckmorton, Wichita, Archer, Clay, Jack, Montague, Wise and Parker.

Emergency loans, limited to a maximum of \$400, are being made for feed and seed necessary to provide for maintenance of subsistence livestock and foundation herds. Loans cannot be made for commercial herds, that being the function of regular credit agencies.

Designated drouth counties are eligible for special railroad rates, Trent said. These rates cover movement of livestock out of drouth counties to pasture or feeding areas, and also cover inbound shipments of feed.

Rolls of the Old Age Assistance Commission climbed to 79,500 Saturday as 1,500 more checks were placed in the mails for the aged of Texas, to be added to the 2,600 checks mailed earlier in the week.

The 1,500-check mailing amounted to \$23,228 and the 2,000-check mailing to \$31,246.

cial herds, that being the function of regular credit agencies. Loans are secured by a mortgage on livestock or the 1937 crop, or both.

Fuller Ships Animals.

Among hundreds of Scurry County cattle that have been shipped to the Fort Worth market in recent days are these from the M. A. Fuller herds: 34 cows, 732, at 3.10; 7 cows, 720, at 3.10; 1 cow, 670, at 1.90; 4 cows, 692, at 2.25; 5 calves, 107, at 3.50; 5 calves, 194, at 4.50; 20 calves, 248, at 5.50.

West Highway Closed.

Continued rains in this territory have kept Highway 15 from Snyder to Lamesa closed for several days. Traffic is possible over part of the route, but washouts prevent through traffic over the rough country beyond Gail. The bridge was repaired yesterday, and through traffic is on its way again.

More Pension Checks.

Rolls of the Old Age Assistance Commission climbed to 79,500 Saturday as 1,500 more checks were placed in the mails for the aged of Texas, to be added to the 2,600 checks mailed earlier in the week.

The 1,500-check mailing amounted to \$23,228 and the 2,000-check mailing to \$31,246.
