SNYDER, TEXAS, APRIL 15 NINETEEN HUNDRED THURSDAY AFTERNOON 15 AND THIRTY-SEVEN

## **COUNTY RANKS HIGH IN MOST** DIVISIONS OF DISTRICT MEET

Fluvanna, Hermleigh Get Several Places in Sweetwater Event Friday and Saturday.

With Fluvanna and Hermleigh leading the procession, Scurry Counathletic and literary winners ranked high in a number of events at the district meet in Sweetwater Friday and Saturday.

Most of the literary honors went to Fluvanna, which climaxed two days of competition by winning the one-act play contest Saturday night. Frances E. Jones won the Class B essay writing contest for Fluvanna with her impromptu essay on "Sleeping Three in a Bed." Cleda Henkell placed second in the ward school

division of essay writing. Fluvanna debaters likewise placed high. Wayland Mathis, who had debated previously, and Kenneth Mull, a new debater, went to the finals with Abilene. Rosanell Stavely and Frances E. Jones, who have won the county girls' debate title for three years, went to the semifinals with Abilene, which later defeated Wiley for the title.

Wylna Clark of Ira went to the finals in junior girls' declamation. She is in the seventh grade.

McMillan Leads Athletes. Wiley McMillan of Hermleigh, recognized as easily the county's leading dash man, was paced only by J. D. Tidwell of Abilene in his two favorite events-the 100 and

220 yard dashes. Hermleigh easily scored more points than any other track team be manager here when he visited in from the county, eight in all. Mc- Snyder Tuesday night. Millan's two seconds were supple mented by Layman's fourth in the high hurdles and Jones' fourth in the javelin throw.

One of the outstanding county performances was given by G. W. Parks of the Plainview school, who won first place, a total of 25 points, in the rural pentathlon. Parks placed first in every event of the five-point competition - 100 yard dash, shot put, broad jump, high jump, and hop, step and jump.

Crowder and Snyder tied for next Scurry County track pointage with ers Association at a membership three each. Lynn Fenton of Crowder placed second in the mile, and Lemons also attended from this of the church, also plans to come. ting in Scurry and some are sitting the 220 yard low hurdles, Taylor

The youngster, who plans to come to Snyder next year, has never before lett, Anson; J. C. Simpson, Roby; competed in even a county meet.

in the district, Martin's tie for man. fourth in the pole vault.

Other County Placings. Hermleigh completed her athletic triumphs by sending her girls' tennis team, Frances Patterson and Vera Early, to a championship. The hard playing duet defeated the Roby team in the final, 6-4, 4-6, 6-2. They advanced to final play by winning from the Swenson team, 6-1, 6-0. In the first round they won from R-Bar, 6-1, 6-1.

In boys' singles, Hermleigh's Layman was taken out in the first round by House of Big Spring, 6-3, 3-6, 6-2.

E. Light of Pyron was nosed out in the semi-finals of the girls' singles, 4-6, 6-4, 6-3, by Black of Colorado. Wyatt Moore of Pyron school, whose home is really at Wastella, took third in the junior boys' decla

Scurry County completed her placings in the essay writing contest when Gradine Fisher of the Plain view school won third in the rural

## H. L. Davis Will Leave For Rotan Store Next Week

H. L. Davis, manager of the Fair Store since July, 1932, dry goods merchant in Snyder for 28 years, leaves next week for Rotan, where he will open a new dry goods store about May 1.

One of the oldest local merchants in point of continuous service, Davis started working in the men's furnishings store of C. Callie Ebersol, ust north of the square, in April, 1909. Prior to 1907 he resided for nine years in the Ennis Creek com-

He and Mrs. Davis have been active in the civic, social and religious life of the community. For several years he has been a member of the local school board, four years as

Mrs. Davis and the two at-home daughters, Doris and Elaine, will probably remain in Snyder until the school term ends here in May.

The new Rotan merchant will be gin work on his new store Monday and expects to be ready for opening about May 1. He will be associated in the business with E. D. Cox of Fort Worth. The firm will be known as the H. L. Davis Company.

R. N. Kayal, owner of the Fair Store, had not announced who will

#### Stockholders Plan To Talk Enlarging Of Snyder Hospital

Stockholders of Snyder General Hospital, Inc., are scheduled to meet in the courthouse Tuesday evening, 7:30 o'clock, to discuss extending facilities of the local insti-

tution to the extent of \$10,000. Stockholders who cannot attend have been requested to return postal cards authorizing proxy votes.

Those who favor extension of the hospital's facilities point to the ov- laid for the homecoming day. erflow condition most of the time times previously.

#### Townsend Plan Will Have Local Speaker

Dr. C. P. Tate of Lubbock, district organizer for the Townsend Plan, will speak on the old age pension plan from the bandstand here Saturday afternoon, 2:30 o'clock.

He comes under sponsorship of the local Townsend Plan group, who L. (Oma) Wren, one of the earliest plans to re-organize in connection with the Saturday afternoon speaking. The public is invited to hear Dr. Tate, who is a minister of the Christian Church.

## **OUTLINE GIVEN** FOR NEW PLAN

Farmers who intend to take part in the agricultural conservation crop program for 1937 should go to the county agent's office at once and sign an application.

No definite closing date for signing up has been set, but the deadline is expected to be in the early part of May.

Cotton payments will be made on reductions up to 35 per cent of the adjusted base acreage and the rate of pay per acre will be 5 cents per pound on the adjusted lint yield, which is the same as in 1936. There will not be a minimum reduction of 20 per cent required as of last year. You can make a reduction as small as one acre from the cotton base.

General Payments. General (feed) payments will be made on reductions up to 15 per cent of the adjusted base acreage. But no reduction paid for below acreage required for home needs. Again no minimum required.

A soil conserving base of 3 per cent of the cultivated land will be established for each farm. This is the percentage of cultivated land Armor McFarland, manager of the in Scurry County that has been eslocal office, announces that emer- tablished by the state committee as gency crop loans will end May 1, having normally been used for soil date set for closing of the office conserving crops.

> The implement house at Carden Camp, two blocks north of the square, will be the scene of the 2:30 o'clock, under sponsorship of John C. Day & Son, local M-M dealers. The picture is free to all farmers and their families.

> Featured are action pictures taken in many parts of the country. Views of the Del Monte farms showing part of their great tractor fleet now around 200 M-M tractors, are most interesting. Scenes are also taken from the South, showing the old and new methods of farming. The picture illustrates the new speed of modern farm machinery, machinery is made.

#### Pentecostal Church

As announced, Rev. W. E. Rogers Amarillo, pastor of the Pioneer church, is preaching for us Friday ight through Sunday night.

Bro. Rogers was educated in a Catholic convent in Kansas during the early eighties; he did holy rosary work at the altar in that institution n later years. He became a worker in and a member of the Dunkard Church and later a minister in the Methodist Church, in which official capacity he was serving when he received the mighty baptism of the Holy Spirit. Since that time he has given his time and talent to work of both teaching and preaching the Bible to various churches and re- weeks, is slightly improved today, ligious groups all over the Western, Middle-Western and Southern bedside here.

He uses the original text of the anon of scripture.

You are invited to hear this man' speak Friday, Saturday and Sunday lights at the Apostolic Pentecostal Church.-A. M. Fox, pastor.

To Preach at Ennis Creek.

Rev. J. J. Strickland of Big Spring Baptist district missionary, will preach at Ennis Creek Saturday night and Sunday morning. There will be preaching Sunday night also the speaker to be announced later. People of the Ennis Creek and surrounding communities are invited to these services.

## Farm Produce Prices Are Above Level of Last Several Years

## DRIVE AGAINST IMPURE CREAM

Warning Issued by Department of Health to Protect Consumer Of Dairy Products.

Buying and selling of poor cream and other dairy products is taboo with the bureau of food and drugs of the State Department of Health Especially does a recent warning

issued by the department have to do with use of improper and unsanitary containers. "The consumer of dairy products is entitled to reasonable protection," declares the state agency. "Farmers and creamery managers both have a responsibility here which they cannot evade.

Continuing its warning concerning unsanitary containers, the Department of Health says:

"Many containers now being used on the farm for holding and transporting cream to market should be discarded at once. Syrup pails,

be previously used for handling oil a dairyman wants it. or petroleum products.

"Regulation cans with sanitary seams can be procured at small cost. tion in eliminating the use of ille- Arends says. "Feed must provide the there and ferments. This causes gal and undestrable containers."

enormous amount of nutrients on the cow's development insures a use a thimble, checking the sheet Sharp increases from a month ago animals sacrifice themselves to the herd member, reduces turnover and and buying or hatching 25 baby are reported for cotton, cottonseed, job," says D. H. Van Pelt. "Poor steps up milk production." cattle, sheep, lambs and fruit, and cows take good care of themselves moderate upturns in prices of corn, by never borrowing from their own

#### Says Cow Is "Milk Machine" of Farm

"The cow is simply a machine for converting feed into milk. She cannot add anything to herself," says a dairy authority.

"As an efficient machine she simply compounds the ingredients of feed to make milk. If she runs short of any one ingredient her production naturally drops. Of course there may be some reserve of that ingredient stored up in her body which she can call upon. But if she is compelled to draw on her body to supply it for any length of time her condition becomes run down and complications set in.

"On the other hand, if she is fed too much of any one ingredient i is simply left over. What's left over is turned into body fat or wasted That is the reason for 'a balanced

## ARE YOU PAYING FOR A

**EVEN THOUGH YOU** DON'T OWN ONE

F you don't have SUPERFEX, the spoiled food you throw away is sure to cost you more, sooner or later, than you would pay for SUPERFEX modern refrigeration. Think of the wastes of the hot summer weather : : : milk that sours . : : butter that turns rancid ::: meat that spoils . . . vegetables that wilt : . . left-overs that can't be used; waste and loss, that is needless. SUPERFEX ends such waste and in doing so pays its own way-amazingly fast!

But now think also of the daily joy of having modern refrigeration in your kitchenample ice cubes for cold drinks-fresh, crispy salads or frozen desserts to enliven hot weather meals-and no waste food, because you can work over the "left-overs" into tasty dishes when you are ready to use them. No running down into the cellar or out to the well-no more worrying whether your next meal has spoiled before you get she chance to prepare it.

It's Made for You

SUPERFEX gives you "modern" refrigeration exactly as it should be made in your kitchen, because SUPERFEX was primarily designed for rural service. The exclusive Super Condenser top, providing both air and water cooling of the refrigerating system, makes it the "cheapest-to-run" refrigerator of any type. The kerosene burners operate only 2 hours and go out automatically—no constant flame—yet give you complete refrigeration all the time. No elec-

### SAVE MONEY. on Your Fly Spray

Keep your cows free from flies and get maximum production from them. Use Watkins Fly Spray which kills and repels. In addition, it is clean and will not discolor or gum up the hair of your stock nor will it burn the hide or cause discomfort as the heavy oil sprays do. It will not taint milk. You can use it before milking and in the milk house Watkins Fly Spray is cheaper because it goes further.

#### MORE FOR YOUR MONEY

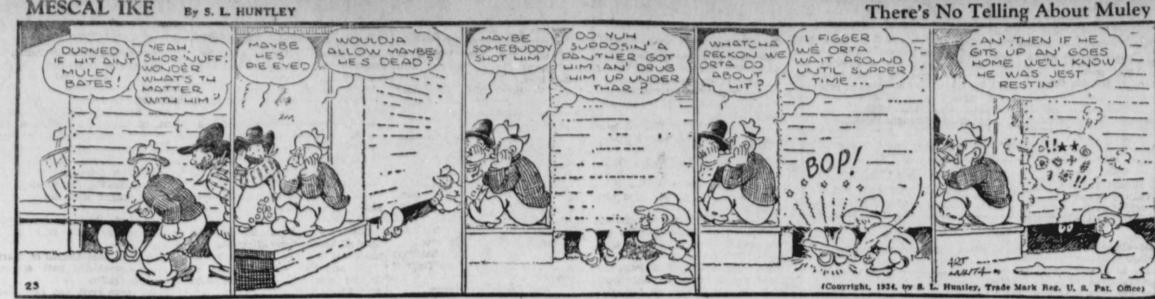

Watkins new improved Fly Spray now gives higher kill and a knock-down three times faster than before. It repels flies and mosquitoes longer. You get more for your mony because you use

Editorial of the Week.

FARMERS NEED NOT BE GUINEA PIGS.

"The farmer of today finds himself on the national

"The butcher, the baker and the candlestick-maker.

the professor, the lawyer and the merchant chief has

his hypodermic needle poised to inject the one cure-all

is flattering, no doubt, and it is only charitable to view

"It is not strange that, amid this confusion, those

en who have dedicated their lives to agricultural bet-

terment should have been crowded out of the picture.

I refer to the technical men of the farming industry-

to the specialists in plants and soil of the experimental

stations and agricultural colleges, to the county agents,

to the agricultural engineers. Yet, it is in technical

mprovement and in technically-fostered change alone

can't make a poor farm good, or make an ignorant

what American agricultural history records in letters

prices that don't pay for the seed and labor of plant-

time the solution has been the same. A new and

superior agricultural industry has emerged-built, not

by laws, but by the daring of the American farmer

himself and the ingenuity and inventive genius of the

Current Comment.

By LEON GUINN.

While we are astonished at West Texas not re-

turning the red "car cards" to the Austin office of

the U.S. Bureau of Public Roads, due deliberation

convinces one that state survey of traffic on our main

arteries of travel is handicapped by bungling repre-

Had our Austin representatives been half as in-

terested as lawmakers in other states in securing fed-

eral road allocations, legal clauses would make it man-

information cards before obtaining 1937 license plates.

West Texans; principally West Texans.

. Texas lawmakers soon learn the bittersweet lesson

So very few people understand the attitude of the

federal government in regards to relief and road work,

uninformed public officials and the uninformed "we,

the people" often cuss Uncle Sam for not digging

down in his pocket book and sponsoring more public

works projects; when the fault is really our own. . .

In other words, the federal government expects county

officials and county citizens to be on their toes and

ready to do a little cooperating with cash when public

works projects are planned. . . . If counties are not

so prepared, there are plenty of other places where

A case in point: It hasn't been so long since a

certain West Texas county failed to secure right-of-

way privileges for a state highway re-route, and state

highway engineers had an unspent \$300,000 in state funds. . . . Engineers approached Scurry County offi-

\$27,000 necessary to secure the right-of-way. .

Fearful, lest the county be plunged further into debt (too ambitious road programs in the past put Scurry

ruefully in the red), county dads declined to accept

The root of all road building troubles in the past has

been property owners, who still cling to the obsolete

idea the county (in buying right-of-ways) should pay

each property owner at least three times what right-

of-way land is worth. . . . In other words, let the county

buy the property owner's land; letting him keep the

Rumors of Roads.

After two or three weeks of time and several

columns of worrisome news stories from Roscoe and

Loraine, the rumors concerning rerouting of Highway

terested in paving No. 15 as Roscoe and Loraine are

interested in keeping paved No. 1 close to their bos-

oms . . . well, you could go from Snyder to Lamesa

in a little more than an hour without worrying about

flats or lost time.

I to miss the two rambunctious towns seem to be downed. If Scurry County would get as vitally in-

deed to all but the right-of-way strip of soil.

this 10 to 1 return on county fund investments. . .

the pay checks of "Santa Claus" are appreciated.

"When I say that technically-fostered change is

"This is not our first farm crisis; it is not our first

marching to their doom. .

farmer smart.

technical man.

as big as barn doors . .

laboratory operating table with a regiment of experi-

menters gathered around, each with a special nostrum

to try," the writer continues. "The politicians of the

## Youth Makes the Grade.

After writing the head for this editorial, the writer is dissatisfied. The head seems to imply that youth has not been making the grade. No such implication is intended. The editorial started out to be congratu- Business, "the place to solve the farm problem is the latory to the Scurry County young men and young place where it has been solved in the past-on the women who brought Interscholastic League laurels farms back home from the district meet at Sweetwater.

Fluvanna's rollicking one-act play, which took top honors from Abilene and Sweetwater, deserves the most credit. It triumphed after Fluvanna's entries had gone to the district finals, without winning, for Corn Belt and the Wheat Belt and the Cotton Belt are two consecutive years. To be congratulated, too, are there as are all of the professional medicine men who Fluvanna's debate teams, which were among the best have been prescribing for the farmer for 15 years or in the district; and Frances E. Jones, vivacious editor- more. in-chief of the Fluvanna school paper, whose essay took first Class B honors.

Hermleigh's track team, paced by the fast-stepping McMillan, placed high-far above some of its rivals from city schools. Abilene's high-powered win, in the track meet, by the way, can be largely laid at the feet of John Kimbrough and J. D. Tidwell, who were imported from Haskell for athletic reasons. Hermleigh's tennis team of girls won a hard fought first place, for which Frances Patterson and Vera Early, with their coach, E. E. Mullins, are to be congratulated.

And we must not forget Lynn Fenton, Crowder mile runner, who almost made the experts forget the publicized Gray from Roscoe. Fenton was only three yards behind the star Plowboy at the finish line.

Nor would we forget the several other Scurry that the permanent security of agriculture rests. Laws County youngsters who placed high in the district meet. Their efforts were probably as worthy as those we have mentioned. Indeed, the efforts of those who lost-those whose names appeared only on the entry list-probably should be headlined and editorialized more glowingly than the others.

Since we are largely a generation of headline snatchers, however, we give most credit to the winners. To the losers: Better luck next year, if you did your dead-level best this year!

#### Fryin' Chicken.

Not that fryin' chicken, just beginning to make its appearance in Scurry County, has anything to do with an editorial page (unless it would give the editorial writer some needed food for thought) . . . but this recipe, published in an exchange, is so mouth-watering that no one should complain: Unjoint, salt and pepper and roll in flour, and fry in heavy iron skillet with a lid. Use just enough fat to cover the bottom of the pan, and don't let it get too hot. Fry chicken slowly from 30 to 40 minutes.

#### "Haste Makes Waste."

From Texas Parade: "What doth it profit a man to gain a few minutes of headlong, reckless speeding over our streets and highways if by so doing he suffers the loss of his life, his usefullness, his property, or is the cause of death or injury to another?"

#### Leaving Out the E.

A bewhiskered author has completed a mammoth work without once using the letter E. He disregarded are, are not in the habit of filling out information the timeworn saying that without E there would be carried unless that they no heaven and no hell, no love and no heart, no wife and no children, no bread and no butter. Not that you would notic th diffrne, but wouldn't it b hek to try writing ditorials wk aftr wk without one using th dlicat fifth lttr of th alphabt?

#### Sit-Down Peeve.

when we were getting ready to brag about Snyder street-corner loafers having the jump on industrial sit-down strikers by 40 or 50 years, an enterprising reporter-historian comes along with the information that the Romans originated the anti-stand-up scheme. Just to get even with that reporter, we quote the Bible as authority that Lazarus of the sores was no mean sit-downer in his day.

Life-"And then there is the farmer who used his benefit check for plowing up cotton to send his son to the agricultural college to learn how to raise more

Jackson News-"In addition to cotton, the Rust cials with the proposal of using this \$300,000 to rebrothers' machine was found to have picked up trash, make Highway 15 from the Fisher, County line to though a cotton field would seem the last place to Snyder; provided Scurry County would put up the throw modern novels."

"Speak not at all in any wise till you have somewhat to speak; care not for the reward of your speaking, but simply and with undivided mind for the truth of your speaking."-Carlyle.

American Lumberman-"Speaking of unemployment, let us not forget the hundreds of millions of dollars of bank deposits that are also out of work."

Humorist-"An anti-splash device has been invented for motorcar wheels. No doubt a smaller model will soon be available for clipping on to the breakfast grapefruit."

## The Times Creed

For the cause that needs assistance; For the wrongs that need resistance; For the future in the distance, And the good that we can do.

## IN AREA MEET H. D. Sneed Jr. of the Winning Cast Is Named as Best Actor in

**FLUVANNA HAS** 

WINNING PLAY

District Competition.

Fluvanna's "Clipped," clever comedy written by Tacie Mae Hanna, took top laurels in the district one act play contest at Sweetwater last Saturday night. The Scurry County school won over Abilene's "Stolen Fruit" in the finals. Sweetwater's 'Poor Old Jim" placed third.

Two other honors were also garnered by the fast-moving play. H. D. Sneed Jr., the county's dramatic "find" of the season, was rated as the best actor in the district tournament, with his interpretation of Uncle Horace, a colorful character part. Marionette Patterson, maid in the play, was rated as the third best actress in the district.

#### Long-Awaited Honor.

It was a long-awaited honor-the cup that was awarded Fluvanna's uperintendent and play coach, E "Political experimenters to the contrary notwith- O. Wedgeworth, at the conclusion of standing," writes L. F. Livingston in The Nation's the Saturday night contest. For two previous years the Fluvanna entry had won the county meet and gone to the district finals, only to lose by a narrow margin.

Only other Scurry County school ever to win the coveted district honor was Hermleigh, which sent its mysterious Egyptian tomb play, coached by Mickey Carroll, to the

regional finals four years ago. The two leading Fluvanna players eside in Borden County, west of Fluvanna. H. D. is the son of Mr. and Mrs. H. D. Sneed, Marionette the daughter of Mr. and Mrs. J. M. Other characters who that will make the farmer a new man. This concern helped spell success for the Fluvanna entry are Rossa Smith, daughter it as well intended, but so have been the experiments of Mrs. Lillie Lee Snodgrass, and that have sent armies of four-legged guinea pigs Cecil Boren, son of Mr. and Mrs. J. I. Boren.

#### The Story of "Clipped."

"Clipped" tells the story of a young married couple who became estranged after two years of married life. be preoccupied with his profession diversion away from home. A cliwhen they find the morning paper has been clipped. The wife thinks the clipping tells the story of an escapade on which she had been the one hope of agriculture, I am simply reporting the night before, and the doctor thinks it tells of a gambling raid

he was in. Both confess their wrongdoin and promise to reform. In the end experience with over-production, so-called, and crop they find that the paper was clipped by Uncle Horace, for a recipe for ng. We have been through it all repeatedly, and each killing potato bugs.

#### Fred Boren Named On All-State Band

Fred Boren, son of Mr. and Mrs. Clyde Boren, who is a student in the Tulia High School this year, was selected among three outstanding musicians from the high school band to play in the all-state band at Pampa April 22 and 23.

Boren, until this year a local school student, was sent to Tulia because of his health and is making his home with his aunt, Mrs. Will Rutherford. His director and trainsentatives at Austin. . . . For our Austin boys failed er is M. Riemenschneider, whose to "get in on the ground floor" when the federal reputation as an able band leader is known throughout the state.

government planned this statewide secondary road Only the best of high school mu icians will receive the honor, and Snyder schools are proud that a former student was so honored Boren is a clarinet player in the Tulia band. He celebrated his 16th datory that motorists fill out and return these franked birthday with his parents and brothers here the past week-end.

#### Tech Band Performs.

that West Texans, independent individualists that they Texas Tech's snappy 60-piece band played at 1:00 o'clock Monday aftcards; unless legally required to do so. . . . If Uncle rnoon before most of the local stu-Sam leaves West Texas "out in the cold" in regards dent body and a few townspeople to future road allocations, the joint indictment of Concert pieces and novelties featurblame must, therefore, rest with Austin legalites and ed the performance.

One cannot fool facts.
