NUMBER 50

SNYDER, TEXAS, JUNE 10 NINETEEN HUNDRED
THURSDAY AFTERNOON AND THIRTY-SEVEN

ISSUE 1
NUMBER 1

Citizens Want Continuation Of Government-Aid Projects

Hearty Approval In Mass Meeting

Almost unanimous approval of the City Council's plans for cooperation with the federal government to continue local projects was voiced at a mass meeting in the courthouse Monday night.

A group of about 50 citizens not only approved continuation of paving and city hall plans, but pledged active cooperation in keeping the sewer room project moving.

Individuals at the meeting agreed to purchase sewing machines used in the sewing room project, the federal government demanding that the machines be purchased if the project continues. By payment of \$17.50 to \$19 each, the machines may be paid out, and after they are no longer required by the project, they become the property of the persons making the final payments.

Supports 70 Families.

This action was taken after Mayor E. C. Towle explained that the project practically supports 70 families and that the May payroll was about \$1,500.

The county and city have for a number of months divided total sewer room upkeep totaling \$40 per month. Women's clubs have voted to provide buttons for the project at a cost of about \$10 monthly.

Anyone interested in purchase of a machine may contact Mayor Towle, or Mrs. Sam Nations at the sewing room.

Work on proposed extension and remodeling of the city hall, totaling about \$28,000, of which the city pays \$5,500 to \$6,000 in cash and other outlays, is scheduled to begin when the school gymnasium job, now in its last days, is completed.

Five-to-One Scale.

Mayor Towle explained that the city hall project and the paving project are based on approximately a five-to-one financial scale, with WPA bearing the major load.

In addition to city and WPA funds that have been used on the paving project, west side property owners raised more than \$2,000 in cash for curbs and gutters.

Supporting the city's future share of the projects through refinancing of water and sewer bonds was also discussed at the Monday night meeting. The refinancing program was made effective at a Tuesday night City Council meeting, discussed elsewhere in this issue.

Snyder Firemen to Port Arthur Confab

Chief N. W. Austry and Volunteer Firemen Lovell Baze and Emmitt Butts are in Port Arthur this week for annual sessions of the state firemen's convention.

The local department decided several days ago that it would be impossible to carry the proposed drill team to the convention.

Election of state officials for the firemen's organization is scheduled for today.

Splives Here Friday.

Rev. and Mrs. James E. Splivy, who were married at the home of Dr. and Mrs. B. A. Hodges in Waxahatchie Monday, will arrive here Friday to make their home. Full particulars of the marriage of the local Presbyterian minister and the former Lucy Cruise will appear in next week's paper.

"I Like Snyder Fine."

J. M. Elliott, youthful business man who came from Stamford recently to become manager of the local Perry Brothers store, says "I like Snyder fine." He is not married. He resides with the J. B. Pices just southeast of the business section.

S'WATER WILL SEND TRIPPERS

A group of good will trippers from Sweetwater will be in Snyder next Wednesday afternoon, 5:30 o'clock, for a neighborhood visit with business men and others. The Mustang Band will be a part of the visiting line-up.

The Sweetwater delegation will be officially greeted by a Snyder speaker at the bandstand, where the full program will be rendered.

George Barber, manager of the Board of City Development, explains that Sweetwater has two objects in mind for the trip: To become better acquainted with Snyderites, and to advertise the water carnival, beauty and sports festival that is scheduled in Sweetwater July 9 and 10.

The public is invited to hear and see the Sweetwater program.

NOT MUCH OIL IN HENDERSON AT 3,153 FEET

High Hopes Continue to Be Held
Locally for Tomlinson Test,
Nearing Pay Territory.

Tuesday morning promise of a good producer on the Goos-Henderson No. 1 location, more than four miles west and slightly north of Ira, was apparently lost yesterday.

The test went into good sand at 3,153 feet, and prospects for a continuation of the pay streak were good. When the drilling continued, only about one foot of the pay sand was uncovered. At this depth, operators indicate that it is not practical to pump an eight or 10 barrel well, which the showing promised.

The contract depth is 3,200 feet, and the bit was boring yesterday at 3,184 feet.

High hopes continue to be held locally, and reportedly by operators, for the Bristow & Cantrill Tomlinson No. 1, just southwest of Ira. This well has picked up good showings continuously, and is nearing the Dodson pay of 3,150 feet. It was drilling yesterday afternoon just past 3,015 feet.

The Goos-Murphy No. 1, plagued by setbacks of many kinds, has been held up for a week for repairs at 3,030 feet. It is located near the Murphy No. 1, which has been on the pump for more than seven years.

WPA, NYA Shifts Directly Effect County Projects

Closing of the WPA district office at Abilene and consolidation with the adjoining districts, and re-directing of the state NYA set-up have direct bearings on Scurry County's participation in WPA and NYA projects.

The Abilene office is scheduled to close about June 15, and Scurry will then become a part of the Lubbock district. Miss Sue Snider, formerly deputy county tax collector here, is one of 13 out of the 40 employees at Abilene who have been transferred to other WPA offices. She goes to the compensation division of District 19 in San Angelo, Lamar Cunningham, formerly stationed in Snyder as area engineer for Scurry and Mitchell Counties, also goes to San Angelo.

J. C. Kellam, state NYA director, announces that W. F. Shaffer Jr. will be transferred from the Abilene district, of which Scurry County has been a part, to Lubbock, where he will work with A. V. Bullock, supervisor there. Bullock is a brother of Pat Bullock, former Scurry County superintendent.

In a semi-monthly WPA report out of Abilene last week, Scurry was listed as having two women on relief employed on a school adequacy survey.

In Scurry County in May, \$144.50 was spent on NYA projects, 11 boys and 13 girls having been employed. Most of the girls have been working in the sewing room, and all the boys have been working on highway projects sponsored by the Texas Highway Department.

**Missing Copies of
Times Worth Cash**

The Times needs several copies of 1936 papers for its permanent files, and will pay cash for all wanted copies turned over to the office within the next few days.

Ten cents each will be paid for any full copies of each of these issues: May 7, May 21, May 28, November 5, all in 1936.

Twenty-five cents will be paid any person who brings in any two of the issues; forty cents to any person who brings any three of the issues; and sixty cents to any person who brings any four issues.

Since a limited number is needed, the purchasing policy will be first come, first served.

Sunday Is Layman's Day in M. E. Charge

Sunday, June 13, has been designated by Rev. M. W. Clark, pastor, as layman's day in the Fluvanna charge. The general topic of discussion is to be "Fellowship." The pastor requests that laymen, especially, make plans to attend.

D. F. Yoder will speak at Union, 11:00 a. m.; Herman Darby, Dermott, 3:06 p. m.; Herman Darby, Fluvanna, 8:15 p. m.

Second Half Tax Payment Is Due

Second half payments of county, state and school ad valorem taxes are due from 65 Scurry County property owners by June 30, Assessor-Collector Bernard Longboam reminds this week.

By that time about \$8,500 must be in or penalties will be assessed. First half payments under the split-payment plan were made previous to last November 30 for a total of \$8,835.92. Several hundred dollars of the second half payments have already been made.

In the past, practically all second-half payments have been made by those who made first-half payments. Notices are to be mailed in a few days to all who made first half payments and have not completed second half payments.

There is now a five per cent penalty on 1936 full payments which are delinquent. On July 1 the penalty will increase to eight per cent, plus one per cent interest. At that time both half and full payments will be delinquent, each bearing the penalty totaling nine per cent.

TENNIS COURT WORK STARTS

Work was started this week on new tennis courts on the school campus—courts that are to be topped with asphalted concrete, the material used for the local street paving job.

First court is being built on the southeast corner of the campus, the base of the old court located there being kept intact. One or two more courts will be built later on the far northwestern portion of the campus, purchased last year.

Superintendent C. Wedgeworth reports that more than \$60 was raised by private subscription and by a senior class donation. Other donors are invited to supplement this fund in order that the courts may be completely financed.

The city is to furnish labor and supervision for the work, City Engineer Buddy Johnson being in general charge.

City Refinances \$44,400 in Bonds To Aid Projects

A plan to refinance City of Snyder water and sewer bonds of 1910, with the immediate purpose of providing funds for cooperation with federal projects, was set on foot by the City Council in called session Tuesday night.

At the same session, Mrs. J. P. Morgan was named as clerk of the city water office to succeed Miss Mary Jane Beall, resigned. Nine persons applied for the place.

The refinancing contract went to Shaffer and Company, Lubbock, Tuesday night meetings of the council by C. P. Shaffer. Under its terms, \$44,400 in bonds will be refinanced at four per cent interest. The old rate was five per cent.

May building permits were reported at \$12,000, as follows: Snyder General Hospital, addition, \$10,000; G. B. Clark Jr., residence repairs, \$500; Obert Littlepage, residence repairs, \$650; Maurice Brownfield, residence repairs, \$750; Dr. J. P. Avery, garage, \$100. Other monthly reports included: Fines, \$32.10; water and sewer collections, \$1,301.53; taxes, \$341.50.

Barrett Family Has Reunion Sunday at Park Near Snyder

The roadside park 12 miles northwest of Snyder on Highway 7 is the site Sunday for a reunion of the Barrett family. Seventy-three persons attended the all-day affair, which was featured by a picnic lunch.

Members of the family attending from Anson were: Mrs. John Barrett, R. J. Barrett and family, Miss Lenora Barrett, Miss Arle Barrett, T. J. Barrett and family, Frank Barrett and family.

Others of the relatives present were: Mr. and Mrs. T. M. Britt of Wheeler; W. E. Pettijohn and family of Dallas; Mr. and Mrs. Leon Barrett of Abilene; Mr. and Mrs. J. M. Barrett, John L. Barrett and family, V. Z. Rogers and family, Mrs. Robert Moore, Mr. and Mrs. D. E. Barrett, Ernest Barrett and family, Mr. and Mrs. Eugene Barrett, all of Lamesa; and Guy Barrett and family of Tahoka.

Ritz Theatre Thanked.

The Ritz Theatre was also thanked for offering free use of its building and equipment for a safety lecture and free safety talking pictures early in the afternoon. More than 250 persons saw the educational films.

LOCAL CHURCH MEETING WILL START SUNDAY

Dr. Geo. Tucker, General Methodist
Evangelist, Will Preach
During Meeting.

A two-week revival that will feature preaching and song direction by two experienced evangelists will begin at the First Methodist Church Sunday morning.

In the pulpit will be Dr. Geo. Tucker of Memphis, Tennessee, outreach evangelist for Southern Methodism. He brings wide experience in such meetings, and combines outstanding preaching with deep consecration, according to reports that have reached Rev. H. C. Gordon, local pastor.

Dr. Tucker has never before been in the local pulpit, but he was in Colorado recently, and has future engagements for Sweetwater and Abilene.

E. H. Martin, second member of the evangelist team, has seen wide experience in his field, also. He majors on choir and congregational music direction and work among the young people.

In preparation for the meeting, cottage prayer meetings are being held this week in various parts of the town.

Morning services will begin at 11:00 o'clock Sunday, 10:00 o'clock week days; evening services at 8:15 o'clock.

Four-H Clubs in Eight Sections of County to Work

The 4-H Clubs of the county have been re-organized under the direction of County Agent W. R. Lace.

Fluvanna, under the leadership of Buford Browning, has the largest enrollment with 17, three of which are Borden County boys.

These boys are planning the feeding of beef calves, hogs, and lambs, caring for dairy calves, raising brood sows. Others are raising fields of grain sorghums, while some of the boys are going to raise the feed for their livestock projects also.

This group, along with Browning and the county agent, went out to Jones' tank last Thursday afternoon for a picnic, which was cut short by the rainstorm.

Other communities with 4-H Clubs are Ira, Biron, Dunn, Pyron, Herneleigh, Plainview, Cottonwood.

The three boys in the Cottonwood club are feeding out beef calves from cattle on the ranch where they live. Tom Frank Forrest, has two calves that would make any club boy happy. F. J. Murphy has been feeding out a calf from F. J. Helms' cattle for nearly four months, and the calf is making fine gains.

Roy Helms has been feeding a good calf from the herd of his father, Campbell Helms, that has made rapid gains during the past four months. Both F. J. and Roy are weighing their calves regularly and they know exactly what their calves gain every period.

Whit Thompson of the Bison club is feeding from his father's herd. Last week he built a self-feeder for these calves. This is Whit's second year to feed.

H. P. Wellborn of the Bison club got a very good calf from Hugh Taylor. He plans to build a self-feeder for the calf.

One Truck Driver Turns Temper Loose, But Most Folks Glad to Have Cars Checked.

Only one gasoline truck driver from the Plains gave the "Safety Lane" conductors any trouble here Thursday—and that irate gentleman went through the inspection after being sidelined for several minutes while his temper cooled.

Captain W. W. Lege of the Texas Highway Patrol, in charge of the one-day inspection, asked The Times to express deep appreciation to the public generally and to local officials for their cooperation in making the first "Safety Lane" here entirely successful.

Ritz Theatre Thanked.

The Ritz Theatre was also thanked for offering free use of its building and equipment for a safety lecture and free safety talking pictures early in the afternoon. More than 250 persons saw the educational films.

Biggest Grain Crop in County History Brings Flow of Cash

Evangelists

DR. GEORGE TUCKER

E. H. MARTIN

This experienced evangelist team will have charge of a two-week revival that will begin at the First Methodist Church Sunday morning. Dr. Tucker will be in charge of song services and young people's work.

Students From Two Districts May Come To Snyder via Bus

High school students of the Bison and Canyon districts may come to Snyder high school next school year by bus. First definite steps toward such a transfer were taken last Friday night.

Bison and Canyon school boards, meeting with the Snyder board here, expressed their approval of such a step if details could be worked out satisfactorily to all districts concerned.

Before such a plan can be put into effect, it must have approval of the county school board.

If the change becomes effective, probably 30 to 35 students from the two districts would be transported to Snyder. If the plan is carried out, a new bus would be added to the two already in use by the Snyder district.

Fifty-nine per cent of Texas' population lives on farms, and most of the other 41 per cent depends to some extent on farmer buying-power for a livelihood.

Public Cooperates in Safety Lane; Good Record Made in 978 Inspections

The squad of nine inspectors passed 978 vehicles through the lane during about eight hours of checking. Out of this total, 137 were re-checks of cars that did not originally pass inspection. Out of the 841 vehicles that were checked the first time, 288 were defective in some way. Thus, 137 out of the defective 288 returned for approval—a remarkable percentage, Captain Lege declares.

Ross Dickey in Charge.

Ross Dickey, who drives the snow white Texas Highway Patrol ambulance, was in charge of the Ritz program.

Captain Lege urges that motorists who plan vacations this summer should first check their cars carefully, and then start in plenty of time to reach their destinations without driving at excessive speeds.

Most garages and auto supply houses here were swamped with business during the day of the lane, and follow-up correction of defective brakes, mufflers, lights, horns, steering gears and windshields is also reported.

LIONS CERTIFY NEW OFFICERS

Election of officers for the new fiscal year beginning July 1 was largely a formality at the Lions Club Tuesday, since the nominations had been made two weeks earlier.

City guests for the day were Earl W. Schroeder, Dallas; Gordon Janz, Dallas, and Walla D. Fish, Snyder.

The officers will assume their duties next month: A. C. Preuit, president; Warren Dodson, second vice president; Herman Darby, secretary (re-elected); G. B. Clark Jr., treasurer (re-elected); Willard Jones, tall twister; Jack Martin, Lion tamer; H. L. Wren, W. R. Bell, directors.

Celebration for J. G. Pattersons On Anniversary

Fifty-eighth wedding anniversary of Mr. and Mrs. J. G. Patterson, for 30 years residents of Snyder, was an occasion of a family reunion held Sunday at the family residence here.

Married in Ellis County on June 5, 1879, Mr. and Mrs. Patterson resided in that section of the state until they moved west 30 years ago. Since moving to this country, they have made it their home, except for several years in Tarrant County.

The couple enjoyed the interest of friends, who called during the afternoon Sunday to pay respects to one of Scurry County's oldest couples, and having their children with them on that day. Cutting of a beautiful tiered wedding cake and sharing it with the family and friends who came was an occasion of delight to the aged couple.

Family members present were the following: Mr. and Mrs. J. M. Patterson and children of Fort Worth, Mrs. John R. Covey of Burleson, Mr. and Mrs. H. B. Patterson and children of Union community, Mrs. Harvey Carrell of Poyte, Mr. and Mrs. Frank Patterson and daughter and Mr. and Mrs. Joe Caton, all of Snyder.

Thirty-five Enroll For Summer School

Summer school enrollment has reached its highest peak in recent years, reports W. W. Hill, who is in charge of the warm weather session. Ten have enrolled for high school work, 25 for grammar school work. Others may enroll this week.

High School Principal King Sides, originally in charge of summer school, left yesterday for Austin, where he will do work toward his Ph. D. degree. His family is with him.

Teachers in addition to Hill are Miss Dorothy Egerton, Miss Alta Bowers and W. F. Cox.

Partnership Formed By Moffett-Rogers

Abie Rogers, who retired from the cleaning and tailoring business here nearly three years ago because of ill health, announced early this week that he has formed a partnership with B. H. Moffett.

The new firm, known as Moffett & Rogers, will continue to operate on the east side of the square, where Moffett has been located for some time.

In addition to cleaning, pressing and alterations, the establishment will handle tailoring lines and misfit garments for men.

Clayton Post Office Employee to Snyder

A new face (and a big figure) appeared on the Snyder post office payroll this week in the person of J. O. Morrison, who comes from Clayton, New Mexico.

Morrison takes the place held for several months by W. A. Little, who came here from Big Spring. Little and his family are moving this week to Clayton, where he will carry a rural route.

Mr. and Mrs. Morrison and four children have moved into the "post office" house in Southeast Snyder, occupied successively by four families of post office employees, most recently by the Littles.

Texas this year will harvest a record breaking popcorn crop, according to a survey recent made by the Texas Planning Board's land use committee.

Leading Lion

A. C. Preuit, civic leader here

for years, was elected Tuesday as president of the Snyder Lions Club for the fiscal year beginning July 1. He will succeed Frank Farmer.

BROOKS FEEDS FROM TRENCH

With the good moisture we have, many of our farmers are making plans to grow an early crop of feed to put away in trench silos.

Ben Brooks of the Plainview community has a crop of early corn up now that he plans to put in a trench in August. In 1935, Brooks dug a trench and filled it with whole bundles, but this year he plans to cut it up as he puts it away.

Last July, when pastures became short, Brooks began feeding out of his silo and fed until the last of August. He says that when he put his cows on this silage they came up in their milk like on fresh pasture.

He began in October again, and this silage with his small grain pasture enabled him to carry 47 cows and yearlings, 12 horses through the winter, yet sell over \$300 worth of heads and leave 10 tons in his barns. He also fattened out 12 hogs.

Pretty good record considering the short 1936 feed crop!

R. H. Brennan Has Pictorial Evidence Of California Trip

Believing that "your story in pictures leaves nothing untold," R. H. Brennan of Hermleigh has been displaying to friends in the county pictorial evidences of a recent trip to California. The south end farmer returned a few days ago from an extended visit with a daughter, Mrs. Edith Wilcox, at Los Angeles.

Particularly interesting are pictures of his catches with rod and reel off the coast at Los Angeles. A big barracuda caught on one trip brought him a prize for the largest catch in a party of anglers. Another thrill came when Brennan landed a 500-pound devil fish, considered a rarity among fishermen on the Pacific Coast.

Other pictures of interesting points visited during his visit were being shown by Brennan. He talked with Shirley Temple and other movie stars, he states.

See GRAIN, Page Four

Registered, Special Delivery, Stamped!

A special delivery package, registered at Snyder General Hospital, labeled "David Paul," and addressed to Mr. and Mrs. J. P. Nelson, was reported from the local post office Tuesday. It arrived by Stork Express at 7:00 o'clock in the morning.

Although the package was slightly overweight—eight pounds, 10 and one-half ounces—it is reported to have the full stamp of approval of Mr. and Mrs. Pope Strayhorn, who were peculiarly and happily agitated over the arrival.

Pauline Boren Takes Degree.

Pauline Boren, daughter of Mrs. I. W. Boren, received her degree from Texas Technological College early last week, along with several other local students. Graduation guests of Miss Boren in Lubbock for the round of receptions and other entertainments besides the graduation exercises included her mother, Mrs. Boren of Snyder, and her sister, Mrs. Joe Nipper, and husband of Turkey.

AVERAGE OF 12 BUSHELS SEEN

Boomed to unexpected heights by a combination of recent rains and warm weather, the grain crop in this trade territory promises this morning to net in the neighborhood of a half million dollars. Rain threats Thursday morning could change the picture quickly.

This figure was arrived at by The Times after personal and telephonic interviews Wednesday with practically every wheat buyer and shipper in the county, and with many others who have watched the crop carefully.

Most guessers believe 28,000 to 30,000 acres of wheat will be harvested, with an average per acre yield of 12 to 15 bushels. Thus, the most conservative guessers place the yield at 300,000 bushels, the average guessers at 350,000 bushels, and the ultra-optimists at something over 400,000 bushels.

Better Than Expected.

Without exception, those interviewed by The Times have found the yield to be 20 to 30 per cent better than expected three weeks ago.

Practically all wheat in the Hermleigh territory is making 20 bushels or more, some of it more than 30 bushels. On the poorer land and in communities where rainfall was lighter, practically no yields of less than seven bushels per acre are reported, and most farmers report a 15-bushel average.

Wheat Figures

Carsloads of wheat shipped out of Snyder in recent years are indicated in the following table. The figures include only wheat that went out by train, and do not include shipments from other shipping points—Fluvanna and Hermleigh. It is estimated that two-thirds of the county crop usually goes out of Snyder.

1930	0
1931	2
1932	39
1933	9
1934	13
1935	8
1936	2
1937	2667

Exact figures are not available for years prior to 1936, but R. S. & P. Agency, A. C. Preuit is certain that 1937 is slightly ahead of any other year previous to 1937.

D. P. Yoder, who probably has the largest batch of acreage in charge of one individual (about 700 acres of wheat to be harvested), believes his entire acreage will yield 15 bushels or slightly more.

Good Quality Grain.

With the exception of several hundred bushels that were combined and marketed while too green, by farmers who feared loss by hail or water, practically all county wheat is No. 1 grade. The average weight per bushel is 61 pounds, and some runs as high as 64 pounds.

After a slump over the week-end, the wheat market has been rising slightly. Eighty-five to 90 cents per bushel has been paid for most county wheat.

The WOMAN'S Page

Ila Bess Gordon Becomes Bride of Rev. W. L. Porterfield Sunday Night

Ila Bess Gordon, eldest daughter of Rev. and Mrs. H. C. Gordon, became the bride of Rev. W. L. Porterfield of Liberty, Arizona, in a wedding ceremony held at the close of the Sunday evening church service at the local First Methodist Church. The bride's father, pastor of the local church, officiated for the double ring ceremony.

Before the evening sermon, which was preached by Rev. A. W. Gordon of Higgins, uncle of the bride, Mrs. D. P. Yoder sang "Perfect Day," accompanied by Mrs. A. C. Preuit, who played instrumental selections as the late-comers were being ushered into the crowded auditorium before the wedding.

Melba Ann Odum, daughter of Mr. and Mrs. R. H. Odum, and Mrs. W. W. Smith were accompanied by Mrs. Preuit as they gave vocal solos just preceding the ceremony. Mrs. Odum's selection was "I Love You Truly," and Mrs. Smith sang "Because." The bride's mother played the wedding march from Lohengrin, and Mrs. W. W. Hamilton played "Spring Song" softly during the service and selections from Mendelssohn as the wedding party left the altar.

Decorations in the church consisted of delphinium, oleanders and roses in pastel rainbow colors. The arch, before which the couple stood, was entwined with delphinium, lilies and greenery.

The bride, who wore white chiffon over white satin, was given in marriage by her uncle, Rev. A. W. Gordon. Her dress, a floor-length model, was fashioned distinctively with high neckline and long fitted sleeves, and her finger-tip veil was caught with orange blossoms in an off-the-face effect. She carried an arm bouquet of calla lilies.

Hazel Gordon of Lubbock, sister of the bride and maid-of-honor for the wedding, wore a floor-length frock of white lace and carried a bouquet of pink gladioli.

Two other sisters of the bride were among the bridesmaids—Elizabeth, student in Weatherford Junior College, and Miriam. Others were Dorothy Brown of Seymour, roommate of the bride at Weatherford Junior College, and Oneta Roberts of Anson, a high school classmate. The bridesmaids were dressed in pastel organdy frocks of rainbow colors, styled with v-necks in both front and back and ruffled shoulders. Each carried a bouquet of pink carnations tied with white satin ribbon to match her dress.

The bridegroom was attended by Larry Taylor of Lubbock as best man, and his groomsmen included a brother, Bruce Porterfield of Lamesa; Marshall Gordon of Higgins, a cousin of the bride; Joe Patterson of Seymour and Jack Crawford of Fort Worth.

The bride is a graduate of Weatherford Junior College and has almost completed her training at schools in connection with the Methodist Hospital in Fort Worth and more recently the Lubbock Sanitarium. Her traveling costume was a navy blue suit, worn with white accessories.

Porterfield, son of the A. H. Porterfields of Lamesa, is a graduate of a St. Louis art school and has attended Texas Technological College, Lubbock. He was for three years pastor of the Robertson charge, Lubbock district, Northwest Texas Methodist Conference, and was transferred in January to

Adell Watkins New District President.

Adell Watkins, Snyder, was made president of the district Baptist Young Women's Auxiliary at a district-wide house party held by the group at Midland Saturday and Sunday.

Others from the local Y. W. A. attending the two-day meeting included Lorraine Todd, Lillie Fields, Mabel Watkins, Ruth Letcher, Annie Clyde Thomas, Ernestine Morton and Mrs. Forest Huffman, sponsor.

Program theme for the entire session was effectively carried out in all services—"Follow Me." Other new officers elected were: Juanita Barton of Colorado, secretary; and Helen McLendon of Odessa, publicity chairman.

Entertainment features came with a picnic supper served Saturday night, and the Sunday lunch, in which hostesses carried out the Y. W. A. colors, green and white.

Wayne Borens Entertain Club.

Mr. and Mrs. Wayne Borens were host and hostess to the Thursday Night Bridge Club and guests at their home last week. Lovely roses were used to decorate entertaining rooms for the party.

High score prizes for bridge went to Mrs. Marcel Josephson and Dr. H. G. Towle, guests; Mrs. G. B. Clark Jr. and J. P. Strayhorn, club members.

Delicious refreshments were served to the following: Messrs. and Mrs. Harold Brown, H. G. Towle, Marcel Josephson, W. L. Johnson, Jack Gorman and Joe Nipper of Turkey, Mrs. W. R. Johnson and Henry Rosenberg, guests; Messrs. and Mrs. J. G. Hicks, Melvin Blackard, J. P. Strayhorn, Wraymond Sims, J. D. Scott, G. B. Clark Jr. and Wayne Williams, club members.

The Blackards will be next hosts to the bridge-playing group.

Helen Guinn Marries Odell Faulkenberry.

Odell Faulkenberry of Hobbs and Miss Helen Guinn of Camp Springs were married at the home of Rev. Buster Edwards Friday morning at 11:00 o'clock, with a number of intimate friends present.

The bride was attired in blue silk, with white accessories. She is a daughter of Mr. and Mrs. J. O. Guinn, and a junior at Sul Ross State Teachers College, Alpine. Faulkenberry is a well known farmer of Hobbs community. The couple will live at Hobbs.

Patsy Moore Has Guest.

Patsy Moore of Ira had as her date a special guest here Tuesday night her father, Mike Moore of Wink. Patsy, a talented pupil of Elaine Rosser Lambert, was among the group of students presented in the spring dance revue, "Then and Now—Time Marches On," at the Palace Theatre this week.

Dana's "Grandson"!

It was mistakenly stated in The Times last week that Mrs. Pete Brigenman, visiting in Snyder from Lubbock, was accompanied by her granddaughter, Dana Tefkins. Most Snyder folks know Dana, of course, and all of them know that he is a hefty grandson. The error was just a slip in the type.

Miss Patterson to Post.

Claire Patterson, daughter of Mr. and Mrs. P. H. Patterson, has been notified of her election as teacher of the first grade in the Post school for the coming school year. Miss Patterson, honor graduate of McMurry College, Abilene, last spring, taught at Scranton, near Cisco, last year. She left this week for Canyon to take special work in primary teaching at West Texas State Teachers College.

Mrs. G. A. Hagan, who has made her home in Dallas for several months, arrived in Snyder this week to spend the summer.

Club Women Get Invitation to Dallas.

Texas Federation of Women's Clubs will have part in the program at the opening of the Greater Texas and Pan American Exposition in Dallas Saturday, June 12, it was announced to local club women this week.

Snyder's federated clubs have received invitations to be present and take part as Good Will Ambassadors. Invitations issued by Mrs. Richard J. Turrentine of Denton, president, Texas Federation, request that at least one ambassador from each club attend the exposition opening to bring greetings from her club.

Club presidents are urged to see that each club is represented or that a message from her club be brought by some other present. Club women's part will be a tree planting ceremony, at which a tree will be planted and dedicated to the honor of the state president.

Dorothy Strayhorn Is Hostess to Club.

Dorothy Strayhorn entertained the Wednesday Afternoon Bridge Club last week. For the party, the home of her parents, Mr. and Mrs. Joe Strayhorn, was graced with lovely double larkspur and other summer flowers. She served a fruit salad plate at the tea hour.

High score prize for the bridge games went to Mrs. Max Brownfield, and others present were: Mrs. Herman Darby and Frances Stinson, guests; Misses. P. W. Cloud, J. D. Scott, Aubrey Stokes, Weldon Johnson, Amos Joyce, Gaither Bell, Maurice Brownfield, Robert E. Gray Jr. and Mia Joyce, club members.

Mrs. Maurice Brownfield will entertain the club at its meeting next Wednesday.

Sammie Morton Is Seven Years Old.

Sammie Morton celebrated her seventh birthday Sunday afternoon with a party at her home here. Following the games played during the afternoon, the honoree received a tray of lovely gifts.

Refreshments were served to Faydeen, Robert, Joan and Betty Norred, Nadine Todd, Bobby Jean Pierce, Peggy Hays, Arline Cook, Essie Lee and Sally Merritt, Glenda and Junior Crawley, James Alton Holmes and Billie Ray and Bonnie Fay Adams.

Katherine Stallings Will Marry June 20.

Announcement of the engagement of Katherine Stallings, daughter of Mr. and Mrs. J. A. Stallings of Post, former Snyder residents, and Royce Durham of Post was made at a seated tea at the home of Mrs. John T. Herd in Post Saturday afternoon.

Both Miss Stallings and Durham are teachers in the Post school. Their marriage will take place at the Presbyterian church in Post Sunday, June 20. Miss Stallings, granddaughter of Mrs. J. W. McCoach, is a graduate of Texas Technological College, Lubbock.

Degree for Polly Harpole.

After completing education course by correspondence during winter months while she was teaching in county schools, Polly Harpole was in Lubbock early last week to receive her degree from Texas Technological College. She is taking special courses at West Texas State Teachers College, Canyon, during the summer.

Strength During MIDDLE LIFE

Strength is extra-important for women going through the change of life. Then the body needs the very best nourishment to fortify it against the changes that are taking place. In such cases, Cardui has proved helpful to many women. It increases the appetite and aids digestion, favoring more complete transformation of food into living tissue, resulting in improved nutrition and building up and strengthening of the whole system.

Beautiful New Trousseau Luggage

A brand new trousseau and an exciting honeymoon all scheduled mean one more "must" for the bride—namely, brand new luggage. And what fun to choose sleek and smart new pieces to take the place of the battered relics of school days, pieces to be proud of and to use for many years to come.

Fellowship Class Enjoys Meeting.

Fellowship Class of the First Presbyterian Church enjoyed its regular monthly social meeting at the home of Mrs. T. A. Faver last Wednesday afternoon.

In the absence of the president, Mrs. C. R. Robertson, class teacher, presided for the business session. A committee was appointed from the group to be in charge of cleaning and arranging the manse for the pastor and his new bride, who are to arrive here Friday.

Mrs. J. A. Farmer was leader for the afternoon, and her discussion was on the book of Leviticus, which she said is not often read as is most of the Bible.

The hostess served delicious cake and iced punch to the following: Mrs. Sam Wellborn of Austin and Mrs. Warren Sturgeon, guests; and Mrs. Woody, Shell, Farmer, Abercrombie, McPherson, Roberson and Hays, class members.

Mrs. Josephson Is Hostess Monday.

Mrs. Marcel Josephson entertained Monday afternoon with a delightful bridge party honoring Mrs. Henry Josephson of San Antonio, who with her two children are guests of the local people.

Bouquets of gay larkspurs formed a pretty setting for the bridge tables, and the tables were covered with varied colored covers at the tea hour when the hostess served an iced course. High score prize was awarded Mrs. H. G. Towle, and Mrs. W. D. Beggs took the traveling prize.

The guest list included: The honoree, Mrs. Henry Josephson of San Antonio; Misses. Phil Berman, H. I. Berman, Max Berman and M. Kirshbaum, all of Colorado; Misses. G. B. Clark Jr., W. L. Johnson, Wraymond Sims, E. B. Yeatts, E. M. Deakins, W. R. Johnson, Joe Hendricks, H. G. Towle, Harold Brown, W. D. Beggs, A. J. Towle, H. P. Brown, son, W. E. Ely, J. C. Dorward, W. W. Hamilton, A. C. Preuit, T. L. Lollar, Wayne Williams, Nathan Rosenberg, and Misses. Clarabel Clark and Neoma Strayhorn.

Misses. Grady Shytles and Henry Rosenberg were tea guests.

Mrs. Deakins Has Tuesday Bridge Club.

Mrs. E. M. Deakins was hostess to the Tuesday Afternoon Bridge Club and guests at the Manhattan Hotel this week.

Mrs. Nathan Rosenberg, a guest, was awarded both the traveling prize and the guest high score prize for her members.

The hostess passed a dainty salad plate with iced tea to the following: Misses. H. G. Towle, Joe Stinson, Henry Rosenberg and Nathan Rosenberg, guests; Mrs. W. R. Johnson, W. W. Hamilton, A. C. Preuit, T. L. Lollar, Joe Strayhorn and H. P. Brown, club members.

Tuesday Bridge will meet next four weeks from now, Tuesday, July 6.

Pagan-Jones Rites Solemnized Saturday.

Louise Jones, daughter of Mr. and Mrs. Roy R. Jones, became the bride of J. D. Pagan of the German community in a simple service held at high noon Saturday at the home of Rev. and Mrs. H. C. Gordon in Snyder.

Rev. Gordon, Methodist pastor, performed the ceremony. Attendees included several out-of-town friends, Mr. and Mrs. L. S. Blythe, Georgia Nell Blythe and Dave Blythe, all of Big Spring. Local people attending were Mrs. Aubrey Light and Nina Mae Jones.

Mrs. Pagan was a member of the 1937 spring graduating class of the local high school. She is a member of the Snyder High School chapter of the National Honor Society, and also took active part in other school activities. Pagan, son of Mrs. J. M. Pagan, long-time resident of the German community, is engaged in farming. The couple will live in the German community.

Local Girls Get Hockaday Pins.

Tissie Whatley and Wynona Keller made enviable records at The Hockaday School for Girls in Dallas the past year, each receiving a Hockaday pin and recommendations for Hockaday rings at the close of their year's work.

Mrs. Keller's mother, Mrs. John Keller, grandmother, Mrs. J. R. G. Burt, and small sister, Raymona, were her guests for the annual dance recital at the school, in which the local girl appeared in three numbers. She was elevated just after Christmas from vice presidency of West Hall to presidency. The local people and Wynona arrived home late Sunday.

Miss Whatley's sister, Mrs. Nathan Reynolds, and Mr. Reynolds were her guests during the closing days of school, and they came home from Dallas Monday. Tissie has made no definite plans for the summer, but will probably spend several weeks at the ranch home near Snyder before carrying out her vacation plans.

The two Hockaday girls will spend much of the time the next few weeks together. Wynona will be an assistant in the dancing department at Camp Waldemar for Girls, near Kerrville, the last six weeks of camp. This year will mark her sixth successive summer at Waldemar.

Approaching Marriage of Janice Erwin and R. C. Miller Announced

Announcement of the engagement and approaching marriage of Janice Erwin, daughter of Mr. and Mrs. A. D. Erwin, and R. C. Miller, son of Mrs. Lora Miller, was made at a bridge and forty-two party given by the bride-elect's mother and sister, Evelyn, at the Erwin home here Wednesday afternoon.

Marriage of the local couple will take place at the First Presbyterian Church here at 4:00 o'clock next Tuesday afternoon. Tiny acroll announcements tied to corsages of lovely summer flowers gave the wedding date.

Miss Erwin is a graduate of the Snyder high school, a member of the spring class of 1937. She was Snyder's representative to the Rainbow Assembly of West Texas beauties at the annual convention of the West Texas Chamber of Commerce held in San Angelo in 1935. Her father is manager of the Fuller Cotton Oil Company in Snyder and also manages Fuller gin interests in West Texas. She and her fiance are members of the younger social group in Snyder.

Miller, a young Snyder business man, is an active member of the local Lions Club and other civic organizations. His paternal grandfather, for whom he is named, is a prominent rancher of this section. Lovely larkspurs and roses graced entertaining rooms of the Erwin home for the announcement party Wednesday. A bridal motif in pastel shades of rainbow colors was given emphasis in decorations and appointments. The honoree was dressed in an ivory satin frock tied at the shoulders with coronation blue velvet bows.

The refreshment plate carried out the bridal motif with wedding rings molded in ice cream and sherbet and squares of iced cake. The announcement tied to corsages made pretty plate favors. Bridge prizes was awarded Mrs. Herman Doak. Guest list for the party was as follows:

Misses. Alta Bowers, Evanelle Arnold, Margaret Deakins, Estine Dorward, Dorothy Egerton, Gwen Gray, Margaret Miller, Bonnie Miller, Thelma Leslie and Ruby Lee.

Out-of-town guests included Mrs. O. G. Harris and daughter, Evelyn Hill, of Sweetwater, and Mrs. Henry Josephson of San Antonio. Mrs. Buck Burdine and Alene Curry were tea guests.

Mrs. Henry Josephson and two children of San Antonio are guests of Mr. and Mrs. Marcel Josephson and daughter, Sandra Jean.

Ten Snyder High School Graduates Take Degrees From Senior Colleges

Ten bachelor's degrees were awarded local students by various colleges and universities at the close of the spring terms of school this year. The ten graduates of Snyder high school, arrived home during the past week-end.

Names of the students receiving degrees and the school awarding them are as follows: Alberta Sturgeon, University of Texas; Cloyce Drinkard, Pauline Boren, Polly Harpole and Hood Hills, Texas Technological; Evanelle Arnold, Theo Riggsby and Buck Howell, Hardin-Simmons University; Maxey Chenaunt, A. & M. College; Weldon Alexander, Baylor University.

Numbers of other local college students are home for the summer, after spending the winter studying. Largest number is home from Texas Tech, Lubbock. Underclassmen from Tech home for the summer include Juanita Sentell, Hazel Pollard, Murray Gray; Virginia Will and Roland Bell Jr. are continuing their work there this summer.

From Hardin-Simmons, Travis Green, Irene Spears, Florentz Winston and Royce C. Eiland are home for the summer, as are the three who took degrees from the school.

Roberta Ely, Francys Northcutt, Clarence Walton and Ouida Birdwell were among the first students home from school—they are McMurry College, Abilene students.

William "Bubba" Boren and Lotise Ely, who attended John Tarleton Agricultural College, Stephenville, during the past school year, are at home for the summer.

From Abilene Christian College after a full year of studies the Beauchamp girls, J. P. Sanders and Forest Beavers are in Snyder.

State university students home for the summer are Alberta Sturgeon and Grady Shyles Jr. Edna Mae and Ruby Dunnam, students in Texas Wesleyan College in Fort Worth, had only a few days vacation between the spring term and summer sessions, so they did not visit with homefolks the past week-end. Both girls will be in school all summer.

Macey Chenaunt, graduate, and W. H. Shuler and York Murphy are local students in A. & M. College the past year. Chenaunt is in Fort Worth working, and the other two boys are spending the summer here.

Lyndal Westbrook and Dorothy Terry from Sul Ross State Teachers College, Alpine, were probably the first of college students to come home for the summer. Both plan to return to the school this fall.

Mary McCarty, who has just completed her junior year at Texas State College for Women (CIA), Denton, was brought home by her parents almost two weeks ago. Mr. and Mrs. W. W. McCarty drove to Denton for their daughter, who will take her degree from the Denton school next year.

Evelyn Erwin, elected one of the most beautiful girls at Baylor University, Waco, the past year, will spend the summer with her parents.

Mr. and Mrs. A. D. Erwin, Weldon, Alexander, who received a degree in business administration there, is now an employee of Snyder National Bank.

Estine Dorward, junior at Southwestern University, Georgetown, is

at home for the summer several days ahead of Mary Margaret Towle, who stayed for the graduation of several friends. Mary Margaret arrived home late yesterday.

Wynona Keller, daughter of Mr. and Mrs. John Keller, and Thelma Whately, daughter of Mr. and Mrs. Dan Whately, students at The Hockaday School in Dallas the past year, brought home reports of splendid work in the school. Both plan to return there next fall.

Geraldine Shuler has completed her first year's work at Howard Payne College, Brownwood; LaFrances Hamilton is home from the College of Mines, El Paso; Fred Wolcott arrived home early this week after a successful year as Snyder's solo student in Rice Institute, Houston.

Camp Springs Has Requests For Bees Since S. P. Episode

In a letter to Times Writer Leon Guinn, P. I. Townsend, poultryman and farmer of Bethel community, requests The Times to aid him in securing a colony of Camp Springs bees.

Townsend wants the same kind of Italian bees that "evidently flew down to Dallas through the circumambient ether" and stung J. J. Taylor on the beam. Camp Springs folks are planning to ship the State Press columnist some of the bees; interpreters of B. A. (see appeal).

Several requests have been received about Camp Springs bees, since Taylor accused Rev. Buster Edwards of running a windmill to keep his radio batteries charged. Rev. Edwards wonders if Taylor doesn't run a "windcharger" to "extract electricity" from the circumambient fog that hovers over Dallas.

Of the bee owners, R. T. Williams owns the largest number of Camp Springs bees.

First Baptist Church

The pastor will preach Sunday morning on "The Promise of His Presence." A duet will sing "Take Up Thy Cross." The morning worship hour is 10:30 o'clock. June will be a month of intensive preparation for the summer's evangelistic campaign. Texas Baptists propose to go afield during the summer months and win 100,000 lost people to Christ, to His church and to christian service. We express the hope that all our church family will be in the service, bringing friends and unchurched Baptists, doing our best to help them and to catch the spirit of this great campaign.

The Sunday school hour is 9:45 a. m. All departments study the 44th chapter of Genesis. The evening worship hour is 8:15. The pastor will preach on the theme, "Where Is the Lord God of Elijah?" The male chorus will sing. The B. T. U. hour is 7:15 p. m. Baptizing at the close of the evening service. Welcome, thrice welcome.—Lawrence Hayes, pastor.

Sees Layer Shortage.

A heavy shortage of laying hens, with a corresponding increase in egg and poultry prices, is in prospect for the fall of 1937 and the early part of 1938, according to George P. McCarthy, assistant poultry husbandman of the Texas A. & M. Extension Service. He said high feed costs and low prices for poultry products resulted in the heaviest culling program in recent years.

About People You Know

Fred Williams of Dallas visited in Snyder during the week-end.

Mrs. Stella Clark is visiting with relatives in Amarillo this week.

Damon Worley of Lubbock spent the week-end with his mother, Mrs. T. S. Worley.

Raynell Lightfoot and Mrs. Spencer Lightfoot visited relatives in Fort Worth recently.

Mrs. Sidney Johnson and Mary Jane Beall left early Wednesday for a several days' stay in El Paso.

Mrs. D. T. Pierce visited with relatives in Southland this week-end. Her aunt, Mrs. L. A. Dunn, returned home with her for a visit.

Polly Harpole and Katherine Northcutt left Sunday for Canyon to attend summer sessions of West Texas State Teachers College.

Mr. and Mrs. C. E. Maejden and daughter, Mary Alice, of Lubbock visited during the week-end with Mrs. R. W. Cunningham and daughters, Mattie Ross and Maurine.

Mrs. A. J. Riley was called to Ranger Wednesday morning to be at the bedside of a brother, Lee Spindie, who is seriously ill. Spindie is a former Snyder resident.

Maurice and Max Brownfield accompanied their sisters, Misses W. H. Dunning Jr. and Rubie Hammond, and Attorney Ira Butler, all of Port Worth, on a business trip to Odessa Friday.

Mr. and Mrs. C. D. Cardwell of Post were guests of Mr. and Mrs. William A. DeBolt, local Southwestern Life Insurance agents, here Saturday and Sunday. Cardwell is agent for the company at Post.

Mrs. Hal A. Lattimore, a teacher in Snyder junior high school, is attending summer school at Texas State College for Women (CIA) in Denton, instead of the teachers college there, as was stated in last week's Times.

Hal Yoder, junior economist with the Resettlement Administration at Amarillo, is in Snyder assisting his father, D. P. Yoder, to harvest his wheat crop. Mrs. Hal Yoder and children are in Clarksville, where they are visiting with her parents.

Mrs. Bythel Martin left Snyder this week for Dallas to spend the summer working in the cashiers' department at the Greater Texas and Pan American Exposition. Mrs. Martin held a similar position at the Texas Centennial Exposition last summer.

Mrs. W. H. Dunning Jr. and Mrs. Rubie Hammond and daughter, Francine Champion, all of Fort Worth, and Mr. and Mrs. F. M. Brownfield of Lorenzo visited with relatives here over the week-end. Francine and Lois Jo Rogers accompanied the Brownfields to Lorenzo early this week for a several weeks' visit.

STINSON DRUG STORE OFFERS FREE SAMPLE OF NEW HIGH BLOOD PRESSURE TREATMENT

Every high blood pressure sufferer in Snyder is urged to go to the Stinson Drug Co. and receive a free sample of Allimin Essence of Garlic Parsley Tablets for High Blood Pressure. These are the tablets used by Dr. Frederick Damrau, eminent physician of New York City, in his now famous clinical work, when he reduced the blood pressure and relieved dizziness and headaches in the great majority of all cases treated. Get a copy of Dr. Damrau's interesting report, along with your free sample of Allimin. A special new process by which these tablets are produced makes them both tasteless and odorless. A two weeks' treatment costs only 50c. 52-47c

David Jarrett of Lubbock is visiting with friends in Snyder this week.

Mrs. Mildred Nix left Sunday night for a visit with relatives and friends in Dallas.

Mr. and Mrs. Joe Nipper of Turkey, who visited for several days with Mrs. I. W. Boren and daughter, Pauline, returned home last week-end.

Lola Mae Littlepage, a county teacher last year, is leaving this week to attend summer school at Texas Technological College, Lubbock.

The 14-year-old son of Mrs. J. W. Edmonson, East Snyder, was treated Wednesday afternoon for a severe glass cut on his leg. He is reported to be improving this morning.

Francys Northcutt, who has attended Texas State College for Women (CIA), Denton, and McMurry College, Abilene, will teach at Lloyd Mountain school next year. She is attending summer sessions of McMurry College now.

Arthur Earl Gamble of Lubbock was a week-end guest of Juanita Sentell at the home of her parents, Mr. and Mrs. C. F. Sentell. Gamble was among Texas Technological College students who took degrees from the school this spring.

Mr. and Mrs. W. J. Lacroix and son, Bill Davis, of Colfax, Louisiana, and their nephew, Teal Singletary, of Alexandria, Louisiana, are guests of Mr. and Mrs. Grady Ferguson at their ranch home. The Louisiana people and the Fergusons spent Tuesday night with the C. E. Fergusons here.

Mrs. Robert H. Curmutte and daughter, Mary Vinall, who have been in Houston the past year, have returned to Snyder to live. Mary will take work in the summer school here. Mrs. Curmutte's son, Robert H. Curmutte Jr., and family of San Angelo visited with the newcomers early this week.

Mr. and Mrs. Vernon Young of Garden City were week-end visitors in Snyder.

Mr. and Mrs. Bob Corley of Abilene were week-end guests of the C. E. Fergusons.

Margretta and Jeanetta Thompson of Ira are guests of Mittle Idellah Crowder here this week.

Sunday guests of the Eilands here included Mr. and Mrs. W. W. Eiland of Stanton and Miss Dove Husbands of Greenville.

Royce C. Eiland and Georgine Falls visited in Stanton Sunday night with their grandparents, the W. W. Eilands.

Melba Clark, an employe of Southwestern Bell-Telephone Company in Lubbock, visited with her parents, Mr. and Mrs. James A. Clark, here during the week-end.

Mr. and Mrs. Harry Ward of Breckenridge are guests of Mrs. Ward's parents, Mr. and Mrs. Ollie Stinson. The Wards arrived here last Wednesday to spend several weeks visiting with relatives and friends.

Mrs. S. G. Tomlinson and daughter, Vada Belle, and Mrs. Sam Murphy of Cisco visited here with their mother and grandmother, Mrs. J. E. Murphy, last week-end. Mrs. Murphy, who has been ill for several months, is improving.

Mrs. Lawrence Christian, former resident of Snyder, and Miss St. Clair, Farmer County home demonstration agent, both of Parwell, made brief visits with friends here Friday, en route to Rotan, where they spent several days with Mrs. Christian's parents.

Mrs. Robert H. Curmutte and daughter, Mary Vinall, who have been in Houston the past year, have returned to Snyder to live. Mary will take work in the summer school here. Mrs. Curmutte's son, Robert H. Curmutte Jr., and family of San Angelo visited with the newcomers early this week.

\$25.00 REWARD Will be paid by the manufacturer for any corn Great Christopher Carr Cure cannot remove. Also removes warts and callouses. 35c at Irwin Drug Store.

Charles J. Lewis and daughter, Lottie Maude, and son, Mike, and the latter's daughter, Myrtle Rae, were Thursday, Friday and Saturday visitors in San Angelo and Coleman. They visited in San Angelo with relatives and friends, in Coleman with the Scurry County clerk's brother, Cole Lewis.

Infant Daughter of W. G. Whites Dies

Gwendolyn Lou, infant daughter of Mr. and Mrs. W. G. White of the Dunn community, died Thursday of last week, three hours after birth, at the family residence. Mrs. White is the former Miss Hazel Byars. Final rites at the Dunn Baptist Church Friday afternoon, 3:00 o'clock, were directed by Maples Funeral Home. Burial was in the Dunn cemetery. Survivors include the parents, two brothers, Bobbie and Andrew, and one sister, Eloise.

Cooler at Stinson 2.

Stinson No. 2 several days ago installed a large several-compartment cooling unit that enables the west side store to keep large quantities of ice cream and other perishables at an even temperature.

Mrs. P. R. Riley and daughter, Patay, of Clovis, New Mexico, and Mrs. B. F. Gee of Sweetwater are guests in the home of Mr. and Mrs. A. J. Riley.

FILL THE TANK ONCE and drive all day!

FORD "60" OWNERS REPORT

22-27 MILES PER GALLON

The 60-horsepower Ford V-8 is writing remarkable mileage records on American roads. Private owners and fleet operators alike report averages of from 22 to 27 miles on a gallon of gasoline.

You can fill the tank of your Ford "60" and drive all day—300 to 400 miles—without stopping again for fuel. Besides costing less to run than any Ford car ever built, it sells at the lowest Ford price in years. That's double economy!

The "60" delivers V-8 smoothness and quiet at speeds up to 70 miles an hour. It is built into the same roomy body as the famous "85"—with the same modern features of comfort and dependability that make the 1937 Ford V-8 unquestionably THE QUALITY CAR IN THE LOW-PRICE FIELD.

Ford V-8 "60"

FORD V-8 PRICES BEGIN AT \$529 at Dearborn Factory. Transportation charges, State and Federal taxes extra

This price is for the 60-horsepower Coupe, illustrated above, equipped with front and rear bumpers, spare tire, horn, windshield wiper, sun visor, glove compartment, and ash tray.

\$25 A MONTH, after usual down-payment, buys any model 1937 Ford V-8 Car—from any Ford dealer—anywhere in the United States. Ask your Ford dealer about the easy payment plans of the Universal Credit Company.

Keep

A breeze will keep you comfortably cool in hot weather. Plug in an electric fan and see for yourself how a cooling breeze will blow away heat. The cost is low, for on your low electric rate, an average sized fan operates for about 1/4 cent an hour.

TEXAS ELECTRIC SERVICE COMPANY

J. E. BLAKEY, Manager

DON'T MAKE THE SAME MISTAKE TWICE THIS TIME, USE CONCRETE

EVERY STREET—business or residential—that has developed bumps, ruts or chuckholes, cries for repaving with concrete.

Don't let the old mistakes be made again. Concrete is smooth, safe and clean—and stays that way through decades of hard service.

Concrete actually costs less than any other pavement of equal load-bearing capacity—and costs far less for upkeep. It saves motorists money by reducing car operating expense. Its non-skid surface is safe to drive on night or day, wet or dry. Its cleanliness and attractive appearance improve property values.

Urge your public officials to use concrete when they pave your streets.

CONCRETE IS THE REAL LOW-COST PAVEMENT

Debt Supervisor To Meet Farmers Here Next Week

Farmers whose land or other chattels are threatened with foreclosure should contact the local farm debt adjustment committee immediately, as even at such a late date these committees often can be of decided assistance," says Hugh F. Weaver, district farm debt adjustment supervisor, who will be in Snyder next Tuesday, June 15.

Scurry County farmers desiring financial advice should plan to meet with him and the local committee at the rural supervisor's office from 10:00 to 12:00 o'clock.

Farmers who are unable to attend the meeting should contact a committee member beforehand and give him complete information about their problems. Farmers who plan to attend the meeting should bring with them a complete list of creditors and the amount owed each, including unpaid taxes.

The FDA supervisor does not represent any lending agency, so he has no money to lend, but he does know all the places money might be secured to refinance a distressed farmer. In addition, much of his work is in getting the farmer and the creditor together to work out some plan of repayment which is fair to the creditor and fair to the farmer.

This service is without cost to the farmers, and is offered in con-

First Presbyterian Church

Next Sunday will be the first anniversary of the present pastor's service in this church, and it is hoped that all the members and friends of the church will gather for the observance of that occasion. Let us make the morning service the most important top experience of the whole year's work.

During the next two weeks we shall have opportunity of worshiping with the Methodist people in their special revival services. Let us all take advantage of these evangelistic services and make this a season of great spiritual blessing to the whole community.—James E. Spivey, pastor.

Four Snyder freshmen in Abilene Christian College returned home several days ago from the close of the thirty-first session of the school. They are Joetta Beauchamp, J. P. Sanders, Forrest Beavers and Elroy Crabtree.

negation with a volunteer county committee composed of: Ben F. Smith, chairman, Joe Caton, secretary and Giles Bowers, vice chairman, all of Snyder. If you are unable to contact either of the committee members, you may write Weaver at San Angelo, care Resettlement Administration.

Smith, who is also conciliation commissioner for Scurry and Borden Counties, announces that he will be located in the future in the Rehabilitation Administration offices over Bryant-Link Company.

Angel Relatives to Buffalo Gap Reunion

The Times overlooked last week the gathering at Buffalo Gap on the previous Sunday of 139 persons, most of them survivors of the late G. W. Angel, long-time Ira resident.

Scurry County was represented at the all-day festival, which will probably become an annual affair, by: N. W. Autry and family, Mr. and Mrs. G. L. Autry Jr., Edgar Taylor and family, Mr. and Mrs. Jack Martin, Buddy Martin and family, Onnie Martin and family, and Mrs. A. C. Martin, all of Snyder; Mrs. P. A. Miller and Owen Miller and family, Ira.

Can paper be successfully made in Texas from rice straw is one of the problems being studied by the Texas Planning Board.

Arkansas Beauties Taken in by Locals

The natural and man-made beauties of the portion of Arkansas that centers around Little Rock and Hot Springs were taken in last week by Mr. and Mrs. Fred A. Grayum, their daughter, Mrs. Violet McKnight, grandson, Grayum, and son, Bill Grayum of Amarillo.

The group returned to Snyder Saturday, Bill Grayum proceeding to Amarillo Sunday.

The local insurance man was formerly in the insurance business here with T. F. Baker of Little Rock, manager of the Arkansas Fire Prevention Bureau for 17 years. E. J. Anderson was associated with the two in the firm of Baker, Grayum and Anderson.

The biggest ideas are usually expressed in the simplest words.

Miss May McClinton has returned home from a several weeks' visit with her sister, Mrs. W. E. Galyon, and other relatives and friends in Commerce.

Overwork is a disease, underwork a fatality.

The wise give advice cautiously, the foolish give it freely.

Colorado C. C. Head, Carl A. Blasig, assistant district director of WPA at Brownwood, has accepted the management of the Colorado Chamber of Commerce, to

succeed J. H. Greene, now manager of the Big Spring Chamber of Commerce. Blasig was formerly secretary of the Brady Chamber of Commerce.

BRYANT-LINK COMPANY

QUALITY MERCHANDISE

County Agent Warns Farmers That Grasshopper War Should Be Started

By W. R. Lacey, County Agent.

Just at this time, Scurry County, along with many other counties of Texas, is faced with an outbreak of grasshoppers. This is the time for the first crop of young ones to be hatched out and usually this is the worst infestation and damage will quickly result if prompt and effective measures are not taken to check them.

It is not expected that Scurry County will have as heavy an outbreak as in many other counties, since the egg count made earlier shows a smaller number of eggs laid here than even in neighboring counties. However, those near large pasture areas should be on watch against them and inaugurate a poisoning campaign in the margin of fields before the insects do damage to cultivated crops.

Standard Formula.

The standard formula, long in use, the method of applying, and amount to be used are as follows:

Coarse wheat bran, 25 pounds; Paris green or white arsenic, one pound; high grade amyl acetate (avoid cheap grades of banana oil or bronzing liquids), one ounce; cane or sorghum molasses (avoid corn syrup), two quarts; water sufficient to make a moist mash as explained below.

Mix the bran and poison together thoroughly. Dilute the amyl acetate and molasses in about two gallons of water. Pour this liquid over the mixture of poison and bran until every particle is moist. Then make further additions of water and mix thoroughly until a mash is obtained that is quite moist, yet so it will fall apart after being tightly squeezed, and so may readily be sown broadcast.

The quantity of mash should be broadcast so as to cover about five acres. A good practice is to mix at night and sow early in the morning. It was formerly advised that about 9:00 o'clock in the morning was the proper time and this generally holds good, but only because temperature requirements are ordinarily met at that time.

It has lately been found that the reaction of grasshoppers to temperature is such that they refuse to feed on the mash at temperatures below 60 degrees Fahrenheit, or above 90 degrees. Applications of the material should be made, therefore, so as to be available in a moist condition at temperatures within this range.

If it is desired to kill hoppers in grass land, sow over the entire acreage to be protected. Where they are migrating from fence rows or pastures into cultivated crops, sow the fence row on a fairly broad margin of the pasture, and also a broad margin of the cultivated crop with the mixture.

Amyl acetate is preferable in the formula, but if it cannot be obtained, substitute six lemons for one ounce of amyl acetate. This should be diluted with water as with the other substance, but one should use both juice and rinds, grinding the latter in a fine food chopper.

Three don'ts to remember: Do not place the mash in piles; do not use lead arsenic—use Paris green or white arsenic; do not use cheap banana oil or bronzing liquids.

Student Nurse Visits.

Thelma Lee Burditt, niece of Mr. and Mrs. R. O. McClure, returned to Temple Wednesday after a several weeks' visit with friends and relatives here. Miss Burditt, who has been in the training school at King's Daughters Hospital, Temple, since September, says that she is well pleased with her work there.

Armadillo Discovered.

S. S. Austin Tuesday morning found a big armadillo on his place three and a half miles west of Snyder. The animal, whose species is now rare in this part of the state, was displayed in town just before noon.

HERE IS MORE CONCERNING GRAIN

CONCLUDED FROM PAGE 1

started in that vicinity, which includes a portion of Borden County acreage. He believes 25 to 30 cars will be shipped from Fluvanna.

Some grain is being marketed at Inadale, and a portion of the southeastern section of the county grain goes to Roscoe and Sweetwater.

With the bulk of the territory's crop marketed in Snyder, the county total (figuring 1,100 bushels to the car) could climb beyond 300 cars. But it will probably go lower than this figure because of wheat kept back for seed—and the probability of inclement weather in some areas before the crop is fully out.

18 Combines Operating.

Eighteen combines are plying in the county, if Times statistics are correct. Many of them are moving into the night, with double crews. Indications are that little grain will be threshed, but a few farmers are getting their binders in shape.

A check-up yesterday indicated that about 15 cars have gone out of the county loaded with wheat or are being loaded, and others will be ready to roll before the week is out.

Fear of hail which has wiped out thousands of acres of grain in Texas and Oklahoma, is spurring everyone connected with the harvesting to double-time action. Insurance men report that a small percentage of the crop is insured.

Figuring Total Value.

The Times bases its estimate of a half million dollar grain crop on these estimated totals: 300,000 bushels of wheat harvested, at about 50 cents, \$325,000; wheat plowed under or not harvested, \$25,000; value of oats and barley, plus value of all grains for grazing during winter and spring, \$150,000.

Grain actually sold for cash should net farmers \$250,000 to \$300,000. The staggering nature of this year's crop is grasped when these facts are surveyed: No more than three to six combines have heretofore operated in the county; Snyder's maximum carlot wheat shipment (1932) was 39, and this year's may climb far beyond 200 cars.

Maybe we've gone to seed on this grain question—but ain't it a grand and glorious feeling to have a half million dollar crop of grain in a county that is "not fit for anything but cotton and cattle"?

New Club Committee.

President Frank Sentell of Snyder County Club announces appointment of an entertainment committee composed of Frank Farmer, chairman, Mrs. H. J. Brice and Leighton Griffin. Plans are being worked out for frequent club entertainments for member families, said Farmer.

Veteran Farmer Victim of Heart Attack Thursday

Death from a heart attack came Thursday to W. Leon Blackman, Fluvanna community farmer, just two hours after he was stricken while attending to his morning chores. He was 68 years of age.

Funeral services were held Friday afternoon, 3:00 o'clock, at the graveside in Fluvanna cemetery, with Maples Funeral Home directing. Rev. Baker, Baptist minister, and J. Porter Sanders, Church of Christ minister from Snyder, officiated.

The veteran farmer was born October 21, 1869, in Lawrence County, Mississippi. He had resided in Scurry County 45 years. He was a member of the Baptist church.

Surviving are the widow and four stepsons, Riley Scranton of Waco, Oscar Scranton of Colton, Oklahoma, Jim Sculey of Glendale, Arizona, and Tom Sculey of Colton, Oklahoma; one brother, Tom Blackman of Shulster, Oklahoma; one sister, Mrs. B. O. McDow of Fluvanna.

Boss Stavelly, Ed Smith, W. G. Sims, A. T. Deere, C. M. Perry and Jim Jones were pallbearers. Mmes. C. W. Davis, H. E. King, Ed Smith and Jim Sullenger were in charge of flowers.

Porter King and Earl Brown, local Frigidaire dealers, are leaving late today for Dallas, where they will attend the midsummer meeting of Frigidaire representatives from a wide area. The sessions continue all day Friday.

The Tom Boren family left Wednesday morning for Corpus Christi, where they will visit relatives and leave William Boren to work on a summer job in which he was engaged last summer.

Snyder General Hospital

Dale Johnson, injured last week when his left arm was drawn into the path of an electric drill, is doing nicely this week, according to hospital officials. Dale, 14-year-old son of Mr. and Mrs. John Johnson, was still in the hospital yesterday.

Billy McGlaun, son of Mr. and Mrs. Alfred McGlaun, had a tonsil operation at the local hospital last Thursday, and was taken home soon afterwards.

Patients in the hospital yesterday included: Mrs. V. M. Head, who was operated Sunday; Mrs. W. T. Casey of Abilene, operated Tuesday; Gus Wayne Webb, appendix operation Sunday; Mrs. Harvey Children, surgery Wednesday; Hazel Jones, medical patient.

Mrs. J. P. Nelson and her small son, David Paul, born Tuesday morning at 7:30 o'clock, are doing nicely at the local hospital. David Paul weighed eight pounds, ten ounces at birth.

Cauble Ranch Near Aspermont Is Sold

The Abilene Reporter-News said Sunday that the Buster Cauble ranch, located six miles northwest of Aspermont, has been sold to C. E. (Jack) Boyd, Nolan and Taylor County rancher. Boyd paid a reported \$7 an acre for the 16-section ranch and will stock the place with sheep, perhaps yearling ewes.

The Caubles formerly resided in Snyder, and continue to own their home place adjoining the school campus.

Another outstanding deal of local interest was disclosed Saturday, the Kent County Double Heart ranch, owned by Bob Davis and his son, Louie, having been leased to Everett Brothers of Blackwell, and all cattle on the ranch sold.

Ray Hudson Attends Poultry Aid School

Ray Hudson of the Farmers' Exchange is in Waco attending a dealer training school being held by Dr. Salsbury's Laboratories, poultry research and service organization. The laboratories in Charles City, Iowa, are headquarters for the Dr. Salsbury's nation-wide poultry health service, of which the Farmers' Exchange is a member.

In attending the school, Hudson, along with a group of other Dr. Salsbury dealers, is taking two weeks of intensive training in diagnosis and treatment of poultry diseases. The purpose of the school is to make members of the nation-wide poultry health service of greater use to poultry raisers in their communities.

Mrs. R. W. Cunningham and daughters, Mattie Ross and Maurine, left Monday to spend the summer in California. Mrs. Cunningham and her younger daughter will spend the entire summer at Long Beach, and Mattie Ross, a teacher in local schools, will begin work on her Ph. D. degree at Leland-Stanford University, Palo Alto. It was incorrectly stated in last week's Times that Miss Cunningham would take her doctor of philosophy degree this summer, her fifth consecutive summer at the California school.

When You Need a Laxative

Thousands of men and women know how wise it is to take Black-Draught at the first sign of constipation. They like the refreshing relief it brings. They know its timely use may save them from feeling badly and possibly losing time at work from sickness brought on by constipation.

If you have to take a laxative occasionally, you can rely on

BLACK-DRAUGHT
A GOOD LAXATIVE

First Methodist Church

Revival services begin in our church next Sunday. Dr. George Tucker of Memphis, Tennessee, will be the preacher, and E. H. Martin will be associated with him as choir director and young people's worker.

All the people of Snyder and her territory are cordially invited to be in these services with us. We need your help and you will be helped by the services.—H. C. Gordon, pastor.

Mrs. Rhoades to Lubbock

Mrs. Travis Rhoades left Monday for Lubbock to attend the summer session at Texas Tech. Mrs. Rhoades will take her B. S. degree at the close of the summer term, with a major in primary education. She will resume work this fall as primary teacher in the Bethel school, a position she has held for several years.

BTU Meeting Here.

In the fifth Sunday Mitchell-Scurry BTU Association meeting at the Payne's Chapel Baptist Church, it was voted that the August session will be held in Snyder. Since this is the annual business session, plans are being made by the local church to entertain the biggest associational crowd of the year. August 29 is the date.

China Grove News

Anna Bell Krop, Correspondent

Mrs. Ola Davis and daughter, Lottie Davis, of Wichita Falls and Mrs. Henry Reeves of Snyder spent Friday night with Mr. and Mrs. Tom Reeves. They also visited Mrs. A. Krop and family and Mr. and Mrs. J. M. Allen Saturday.

Mr. and Mrs. A. T. Williams went to Sylvester to spend a few weeks.

Mr. and Mrs. Doyle Farmer and little daughter, Lancel, of Big Sulphur spent several days with Mrs. Farmer's parents, Mr. and Mrs. J. M. Allen.

Mrs. Bob Bryant and children of Ira returned home after a ten days' visit with relatives here.

Mr. and Mrs. Floyd Shepherd and children of Colorado were dinner guests of Mrs. A. Krop and family Sunday.

Folks, please send news to me each week, not later than early Monday morning.

Martin News

Mayme Lee Gibson, Correspondent

Nearly every farm in this community was damaged some way last Thursday evening by the wind and rain. W. T. Pierce's house was blown off the blocks, G. D. Gibson's barn was completely destroyed, S. H. Musgrove, Paul Collins, Marvin Lemons and others reported that their windmills were damaged, and almost every farmer had to plant cotton over.

Mrs. W. T. Pierce was hostess to the Martin Club Wednesday afternoon, June 9. The afternoon was spent in quilting. Because of bad weather, only seven members and three guests were present, as follows: Mrs. J. W. Gladson, E. W. Gladson and Henley, guests; Mrs. Tom C. Davis, Willie Gibson, Allen Armstrong, Tom Brooks, Gene Lee, G. D. Gibson and Sawyer. Mrs. Pierce was pleasantly surprised when she was presented a piece of glassware in a chosen pattern by each member and the guests. The club meets June 23 instead of June 16, with Mrs. George and Willie Gibson, in the afternoon.

Mr. and Mrs. Luster Huckabee were Lubbock visitors Saturday.

Jack Pollard of Lubbock is visiting his aunt and uncle, Mr. and Mrs. Tom Davis.

Miss Fay Rogers spent last week visiting her sister, Mrs. Brush, in the Union community.

Mrs. Gladys Sneed of Fluvanna spent Sunday with her mother, Mrs. Rogers.

Willie Gibson underwent a second sinus operation at Lubbock Sanitarium Sunday morning.

Fluvanna News

Mrs. Alvina Tatum, Correspondent

Death overtook Lee Blackman last Thursday morning. Funeral services were held Friday afternoon at the Fluvanna cemetery. Survivors are his wife and other relatives.

J. R. Wills returned to Dallas last week to receive treatment.

Mr. and Mrs. W. A. Large of Arkansas have been visiting relatives here the past week.

Willie Pylant has returned home. Mrs. Dolf Pavor and son, Maurice Dean, are spending a month in San Antonio, visiting relatives.

Mr. and Mrs. Roland Sullenger of the L. P. Ranch spent Saturday night and Sunday in the Alvin Tatum home.

Burl Belew, who has been attending school at Tech, is home for the summer.

Bro. Murray Puga will hold regular second Sunday church services at the Fluvanna Baptist next Sunday.

Mr. and Mrs. E. O. Wedgeworth are visiting relatives in Henderson.

Mr. and Mrs. Gilbert Mize left Saturday for Lubbock, where he will attend summer school.

Mr. and Mrs. Marion Tarter spent last Thursday night with Mrs. Arch Lavender and family.

Chester McDonald is spending a few days in Bangs, visiting his sister, Mrs. Truman Chick, and family.

Mrs. Tom Evans and daughter, Hazel, are spending several days in Houston, visiting relatives.

Rosa Marie Clawson and Oleta Buchanan are attending school at Hardin-Simmons University, Abilene.

A reunion was held Sunday evening for the relatives of Mr. and Mrs. L. A. Williams. Their children were all present, and a host of friends attended. Supper was served at 6:00 o'clock at Browning Park, near Dermott.

Murphy News

Mrs. W. W. Weathers, Corresp.

Bro. Huffman preached Saturday night, Sunday and Sunday night, his family being with him Sunday night.

Cliff Skelton and family from near Gall visited with her parents, Mr. and Mrs. Davis, over the weekend.

Mr. and Mrs. W. Weathers and son spent Friday with her mother, Mrs. J. H. Henderson of Snyder.

Mr. and Mrs. Loyd Murphy were Sunday guests of Mr. and Mrs. Edgar von Roeder at Plainview.

Murphy ball team went to Gall Saturday and were defeated by Gall by one score.

Nolan von Roeder was a business visitor in Midland first of the week.

Mrs. Coy Ford and baby have returned home after several days' visit with her parents, Mr. and Mrs. Davis.

Messrs. and Mmes. Edd Murphy, Clemens and Nolan von Roeder and families spent Sunday in the Jim Sorrells home at Blon.

Mr. and Mrs. Gilbert visited in this community Friday.

Mrs. Dora Franks, Earl Cary and family of Brownfield spent Sunday with Mrs. Jim Weathers and Mr. and Mrs. Alfred Weathers.

Mrs. Alvis Minton and son visited in the home of her parents, Mr. and Mrs. John Merritt. Also Mr. and Mrs. Lester Minton spent the night with relatives in Snyder.

Mr. and Mrs. Aubrey Huddleston and children of Arrah were week-end visitors of Mr. and Mrs. Walter Weathers.

Miss Vivian Beane spent the week-end in Lubbock visiting her friend, Miss Pauline Carnes.

E. A. Rosewell and wife and his son, E. A. Rosewell Jr., and family of Lamesa were here Saturday and Sunday, visiting the J. D. Chambers family.

Mr. and Mrs. Romeo Prince and two sons of Lone Wolf spent Saturday night with their mother and grandmother, Mrs. W. T. Prince.

Miss Lois Russell spent Saturday night with Miss Betty Jo Teaff of Union.

Mr. and Mrs. Dean Cochran of Snyder visited Mr. and Mrs. Homer Gannaway Sunday.

Plainview News

Muriel Woodard, Correspondent

Jobon Jones of Snyder spent Friday night with Muriel Woodard.

Mr. and Mrs. Cullar Toombs and children and H. H. Toombs of Merkel spent the week-end in the Doyle Pogue home.

Mr. and Mrs. Albert Goss and baby of Lamesa spent the week-end with her parents, Mr. and Mrs. A. M. Weller.

Mozelle Jenkins of Snyder spent Friday night in the John Woodard home.

Mr. and Mrs. Tom Toombs of Meadow and Mrs. Victor Woods of Big Spring spent Saturday night in the J. M. Boothe home.

Those who visited in the J. A. Bertram home over the week-end were: Mr. and Mrs. Claud Ritterberry, Mr. and Mrs. Frank Ritterberry and children, all of Abilene, Mr. and Mrs. J. A. Toss and daughter and W. S. Thomas, all of Lubbock.

Mrs. Charley Jones and family spent the week-end in Brady, visiting Mr. and Mrs. Dean Smith.

Clellie and Oldus Weller returned home Sunday after a three weeks' visit in Lamesa.

Mr. and Mrs. J. M. Boothe were in Rotan Sunday to see the new oil well.

Clara Nellie Fisher of Snyder spent the week-end with Emma Woodard.

Singing was well attended Sunday night. Let's all go to Mt. Zion next Sunday night.

Hobbs News

Lena Faye Faulkenberry, Corresp.

The Hobbs high school boys left May 30 for a trip to Galveston. The girls will make the same trip June 8.

Miss Mary Bryan is visiting friends in Scurry County.

Miss Laverne Smith, our home economics teacher, will teach at Rotan next year.

Mr. and Mrs. Charley Bone and son, Felix, left for California to make their home.

Mr. and Mrs. Bernon Etheredge and son, Billie Charles, of Eskati visited Mr. and Mrs. W. S. Etheredge last week-end.

Miss Lura Lou Etheredge is visiting Mr. and Mrs. S. Etheredge in Snyder.

Egypt News

Mrs. R. A. Hardee, Correspondent

Farmers are very busy fighting weeds since the rain. Lots of planting over is being done, since so much cotton was covered by the big rains.

Junior Duke, who has been working on the OS Ranch, 90 miles south of Pecos, returned home last week to make his home with his mother, Mrs. Roxy Duke.

Mary Allen Echols of Dunn was supper guest in the home of Perry Echols Saturday night.

We are glad to report the Garrard family better, after having had measles in their home for some time.

Mr. and Mrs. Perry Echols and children, James and Billy, spent Sunday with Mr. and Mrs. Thomas Echols of Dunn.

Edwena Duke was a week-end guest of Gloria Spradley of Snyder.

Guests in the R. A. Hardee home Sunday were Mr. and Mrs. G. L. Austy, Mrs. Fessire and Gloria Spradley of Snyder.

Mrs. O. D. Weir returned last Thursday from a visit with her sister, Mrs. R. B. White, in Odessa.

Singing was well attended Sunday afternoon at the Methodist church. Our next singing will be Sunday afternoon, June 20.

Miss Viah Meadows and Freddie Cox of Dunn spent Wednesday night with Mr. and Mrs. Olen Garrard.

Mrs. Jim Sykes of Eunice, New Mexico, spent Friday in the home of her brother, R. A. Hardee.

Gloria Spradley of Snyder visited a few days with Edwena Duke, returning home Tuesday of this week.

Mr. and Mrs. Booth Smallwood and children of Dunn spent Saturday night in the Sam Smallwood home.

Several from this community attended services at Dunn Sunday.

Our deepest sympathy goes to the loved ones of Mildred Bond, who was buried at Colorado Friday. She lived at Cuthbert but is well known here.

Raymond Mangrum of Sharon visited in the Cook home Sunday.

To those who have been wanting me to write the news: Please help me by handing news to me not later than Monday. Thanks.

Pleasant Hill News

Ruth Merritt, Correspondent

Mrs. Floyd Logan and daughter, Patricia Ann, and Mavis Webb were in Colorado Wednesday.

Mrs. Carl Grubbs of California is visiting relative here.

Six months, in advance \$1.50

Water, Water Everywhere!

Just now, with the heavens showering rain bounties, most of us are finding time to rejoice only over the prospects of a real crop year again.
But Snyder is blessed year in and year out with one of the most precious supplies of water that is to be found in West Texas—an underground supply that flows from under the Plains in apparently never-ending quantity and unquestioned quality.
While we are rejoicing over the water supply that comes directly from the heavens, let us not forget to consider this underground water, how it has helped make Snyder what she is today.
Read, if you wish to learn how the Snyder water rates rank alongside the rates of other towns and cities, the article in this issue of The Times that gives a mass of comparative figures.
While Abilene, Colorado and a host of other towns and cities wonder from year to year how they will turn out with their water supply, Snyder has no cause for wonder. She knows there will be water apportioned for any enterprise, no matter the weather . . . knows, that is, as nearly as we can know anything of nature for sure.
But when, oh, when, will we wake up to the tremendous asset this water supply offers small industries, many of which even now are spreading into small production units?

Editorial of the Week.

THE DENTISTS AND FREE SPEECH.
Senator G. H. Nelson writes in to us that if the "dentist advertising bill" comes up, he will vote for the bill which prohibits them from advertising. This comes naturally, as lawyers are also "ethical"—very ethical. However, we believe that when the test comes in the courts the act will be declared unconstitutional, as it appears to be squarely in restraint of free speech and free press. And we are not much of a lawyer, either. How about it, E. E.? (E. E. Hill, editor of Lynn County News)—Terry County Herald.
Well, you came to the right place for advice. However, it is not considered exactly "ethical" to give legal advice free of charge. We will assume the risk, however, and give you just a bit of chimney-corner dope absolutely free, without money and without price. Not being paid for, it may not be worth much, but our opinion is that—
You are exactly right!
We have great confidence in the integrity, patriotism, ability, and good purpose of Senator Nelson, but if he favors the bill which would forbid dentists to advertise, we believe that in this particular he is wrong. We reserve the right to change our opinion, for he may be able to show us the error of our way.
Section 8, Article 1, the Bill of Rights in the Constitution of Texas, contains this language: "Every person shall be at liberty to speak, write or publish his opinions, on any subject, being responsible for the abuse of that privilege; and no law shall ever be passed curtailing the liberty of speech or of the press."
We believe that an act which would make it a criminal offense for a dentist to advertise his professional services, regardless of the content of any advertisement he might wish to publish, would be in violation of this section of our state constitution.—Lynn County News.

Don't You Weep!

Last week was Onion Week, designated by the governor himself. The least we can wish for the onion growers of Farmersville and other vicinities is that the tears of their customers will never cry less.

A Suggestion.

Now that the merchants who paid a high premium to have their names placed on those useless and in-the-way street signals (the hit-and-cuss kind), why not throw the jiggers on the trash wagon, where they will not arise out of nowhere to present an every-hour traffic hazard?

Clean Up Again.

It's not on Scurry County farms alone that weeds are trying to take charge. A trip through the Snyder business section reveals that weeds by the millions are possessing curbstones. What has happened to that famous Snyder civic pride?

New Adage for Old.

Talkative Tillie hesitates to buy one of the 1937 bathing suits, fearing that the old adage might be changed to read: A little brevity is a dangerous thing; or, a stitch in time almost forgoes the dew-creations.

If we could open and intend our eye,
We all, like Moses, should say,
Even in a bygone radiant day.
—Cowley.

New Jersey's commissioner of education says it is all right for a teacher to call a student a nitwit if it is done in a friendly way, somehow recalling the situation in Mississippi, where you may call a man a Republican if the epithet is accompanied by a smile.—Macan (Ga.) Telegraph.

One of the surest signs of better times is reflected in the unusually large number of Snyder homes that are being repaired and remodeled.

Current Comment.

By LEON GUINN.

The immortal Burke gave newspapermen a break when he said to the members of Parliament: "Behold, gentlemen, the fourth estate, far mightier than the rest." . . . We take off our hats to the reporter princes of the daily press, who work against split-second deadlines and stock editorial taboos; for news stories are often studied with the most exotic gems of literature. . . . But the daily press often has queer story twists that give the tourists the idea West Texas is a rather mysterious place to live, love, and climb Jacob's shining ladder to the sky. . . . Instances:
*
A recent AC dispatch to The Abilene Reporter-News stated (in regards to a two-inch rain reported in Kent County): "None of the rains, however, have been brisk enough to put out any water." . . . It's intriguing, you know, when we run across a two-inch rain in West Texas that doesn't "put out any water." . . . While we are not sure how "brisk" our rains have to be to do the "putting out" in West Texas, a Kent County citizen informs me this two-inch rain wasn't unusual. . . . (Now, if the reporter had said the rain was not "brisk" enough to run in pastures or fields, well—but on with the story). . . . This citizen recalls a recent dry spell. . . . Folks were so well stocked with "toddies" it was six months before they discovered their cisterns were dry!

A Star-Telegram dispatch recited the case of a certain officer that "was disarmed in the basement." . . . An all-day lollypop that the basement is a particular place to be disarmed, although Webster doesn't mention this hitherto unknown anatomy dimension! . . . It's getting to be a sad state of affairs when officers are disarmed "in the basement." . . . Had it been however, that "Deputy _____" was disarmed in the basement of the Greg County jail, one would not have been surprised. . . . Shades of Webster, don't let mugs go round disarming officers "in the basement!" . . . A metropolitan daily recently ran these two ads together: "Gentleman-bedroom with southern exposure, private entrance, lovely, Phone 5677." And, "Girl for room mate, share expenses. Good companion. Call 2611." . . . And that's what formed the bachelor waiting line! Tsk, tsk!

Probably one of the miracles of modern science that is factually revolutionary, is a blood transfusion, wherein a donor gives his life blood to emergency cases, that the spark of life might be renewed. . . . Professional blood donors shed gallons of blood every day at \$35 a pint, having their blood tested by the deleting of a few drops from ear lobes. . . . Manufactured and replaced by bone marrow, blood falls into four groups of: O, A, B, and AB. . . . The donor's blood and the patient's must be of the same group, else the blood stream is whipped into knotty clots and death follows.

A hollow needled tube is injected in an arm vein of the donor and patient, after a complete asepsis is assured by antiseptics. . . . A glass pump draws the human blood from donor to patient, without a great deal of pain to either. . . . The idea that blood transfusions are painful and horrible belongs to the void of the dark ages, when a girl was supposed to faint when kissed (now, they faint if you don't kiss them!) . . . In Russia, scientists retain the blood of healthy corpses, and in blood transfusions the dead help the living. . . . In cases of suicide, or death by accident, dead Russians are rushed to a hospital post haste. . . . If not affected with any type of disease, the jugular vein is tapped and the corpse depleted of blood.

The blood is placed in a refrigerator and kept at a temperature of four to six degrees above zero. . . . The blood is warmed to body temperature before use, and tests prove blood over 12 days old is not viable in blood transfusions. . . . Live donors give not over a pint and a half of blood, a week being required at the least to replace the living corpuscles. Overworked blood donors soon die of t. b., for the human body only holds an average of six quarts of blood. . . . American hospitals report 99 out of every 100 blood donors are men. . . . But the idea of the dead helping the living in Russia is absorbing to scientist and layman alike. . . . The day of miracles, and wonders, is only beginning!

Slogan for 1938.

Pessimism Pete, viewing with alarm the increasing "something for nothing" attitude of the populace, proposes this campaign slogan to the candidates of 1938: "Vote for Blank, the Sucker's Friend."

Two of a Kind.

Pardon our frankness . . . but we just can't help putting the fellow who dumps cans along a public road or creek in the same category with the cow that meanders into your yard and starts chewing on your choice dahlias and shrubs.

The Santa Fe Earth: "The improved crop outlook, together with the rise in commodity prices, featured the mid-month survey of business in the Southwest, released by the Commerce Trust Company of Kansas City. . . . Livestock as a whole showed moderate gains and little change occurred in grain prices."

Although many a Snyder merchant seems to take for granted the fact that the huge chain stores will spend millions for advertising in 1937, they do not seem to be impressed with the fact that the same medicine might apply to their own businesses.

SECURITY ACT MAIN BENEFITS ARE STRESSED

Field Representative Gordon James Talks to Lions Club on Details Of Legislation.

Bringing the Social Security Act to the people affected by it, Gordon James, field representative from the Dallas office of the Social Security Board, in an address at the Lions Club meeting Tuesday at noon, explained benefits of the law and discussed responsibilities of employers and employees under the plan of federal old-age benefits.
James afterward discussed features of the act with other employers and employees in the Chamber of Commerce office.
Differentiating between old-age assistance and old-age benefits, James pointed out that old-age assistance is administered by the state, only persons 65 years old or older are eligible to apply for this aid, and the grants are made from state funds matched by federal money.

Federal Benefits.
"Federal old-age benefits, on the other hand, are administered directly to the individual by the federal government," James said. "Benefits are based solely on wages received from commercial and industrial employment. Benefits are payable from the federal treasury. Monthly retirement payments will begin in January, 1942, to qualified individuals. Lump-sum payments will be made beginning January 1, 1937, to persons who meet some, but not all of the eligibility requirements for monthly benefits."
"Benefits will be available to all qualified workers in the United States, regardless of their state of residence. The purpose of federal old-age benefits is to prevent dependency in old age among wage earners; whereas, old-age assistance is designed for relief of dependency in old age and this assistance is available only in states which make provision for their needy old people."

Describing responsibilities of employers, James said the first duty of every included firm is to file an application for an identification number on Form SS-4. These forms are obtainable from any post office or from the nearest field office of the Social Security Board and should be returned to the wage records division, Social Security Board, Baltimore, Maryland.
Employers' Duty.
If an employee fails to file his application for an account number, his employer, under treasury regulations, is required to file an application for him. The employer should never file an application on the employee's behalf, however, except when the employee has failed to do so before (1) leaving the service of the employer; (2) attaining age 65; (3) he dies before attaining age 65; (4) the end of an information period.
Some time during the month of July of this year, employers will be required, under treasury regulations, to submit informational returns. The first return will cover the period from January 1 to June 30, and informational returns thereafter will be required quarterly. The purpose of these returns is to furnish current information necessary to keep the wage records of employees posted on a current basis.

In order to have available the necessary information to properly complete the information returns, treasury regulations require that records be kept by the employer containing (1) name of each employee; (2) the account number of each employee; (3) his address; (4) his occupation; (5) his wages and the day he receives each payment; and (6) the amount of the tax withheld from his wages each pay day.
Special Fifty Cent Times Rate Goes On
Folks who live in the Snyder trade territory may still get The Times from now until the middle of October for 50 cents. Since the special offer applies from the date of subscription, the longer you wait to subscribe, the less paper you get for 50 cents.
Subscriptions for the same period of time outside the trade area are 75 cents each.
Few possess the capacity to estimate the extent of their own ignorance.

Lead Revival

Rev. and Mrs. E. W. Pickel, above, are in charge of revival services that began at the Assembly of God Church, four blocks north of the square, last Sunday. Services at 8:15 p. m. each day will probably continue another week. The Houston evangelists provide special music at all services.

Wayne Borens Bound For New York City

Mr. and Mrs. Wayne Borens left last Thursday for a three-week vacation trip to New York City, where they will be guests for a week of a cousin, Wallace Borens, and family, who visited with the local people here last fall. John Jay, son of the Wayne Borens, is spending the month with his grandmother, Mrs. J. W. Bondurant, in Fort Worth.
Cards from the New York bound couple received here by Mrs. I. W. Borens, mother of the insurance man, say that they are having a wonderful time, traveling in a new tuxedo. Places of special interest on the trip so far have been Hot Springs, Arkansas, and Memphis, Tennessee.

New Awning at Odom's.
The front awning at Odom Funeral Home was replaced last week with a brilliant covering that proposes to ward off the summer sun—when and if summer comes. New framework was erected for the new awning.

REPAIRING

Our Mr. Burnett, with years of experience in this line, is prepared to give you complete, high grade Watch and Jewelry Repair Service.

Your Business Appreciated

NEIGHBORLINESS . . .

The service of caring for those who have passed on is too intimate and sacred to be entrusted to any but a responsible member of the community who lives as a neighbor among those he serves.

The members of this organization are all local people who have resided in this city for many years. We take a neighborly interest in the welfare of all who call upon us.

BEST SERVICE STATION WILL BE REWARDED

Civic Committee of Altrurian Club Cooperates in Contest With Highway Department.

A plaque will be awarded the most attractive service station along the highways of Scurry County. It has been announced by the civic committee of the Altrurian Club, local women's study group.

Judging the stations on the basis of general appearance, cleanliness and other factors, the Altrurian committee, composed of Mrs. Woodie Scarborough, chairman, and Mrs. J. W. Leftwich and Mrs. R. D. English, began its work Tuesday afternoon.

The State Highway Department, through Gibb Gilchrist, chief engineer, is sponsoring this contest in most counties of the state, and the Altrurian Club has agreed to be in charge of the project in this county.

The following stations are being judged:

Hernleigh—King Eagle Garage, Shell Service Station, Texaco Service Station, H. D. Mason Service Station, Victor Longbottom Service Station.

Dermott—J. E. Sanders Service Station, Mrs. J. T. Dowdy Service Station.

Highway 15—West, Claude McCormick Service Station; east, Midway Service Station.

Snyder—W. F. Reed's Sinclair Service Station, Vernon Littlepage Service Station, M. C. Herod Service Station, Howard Brothers Service Station, Stinson Camp, Jack Bowling Service Station, Olds Service Station.

Heavy Hollis Hall.

Heavy Monday hail that destroyed crops in one-fourth of Harmon County, Oklahoma, and inflicted other property damage totaling more than a million dollars was of wide local interest because several Scurry County families have moved to that territory. In Hollis, county seat, J. W. Roberts, formerly copublisher of The Times, now has a weekly newspaper.
