## Singers Coming From Wide Area SPUR AND SNYDER TANGLE FRIDAY IN '37 OPENER

### Night Game Here Will Test Chance Of Hill Crew to Win District Crown

Practically All Members of Tiger Squad Should See Action in This Initial Fracas.

In the strange manner of modern football, Bulldog will meet Tiger at the local stadium Friday night at 8:00 o'clock in the opening fracas of the season for both Class B schools.

It will be Spur against Snyder, two strong squads with plenty of experienced men on both sides of the line.

No conference game, this, but the fans are anxious to get a look at the Tiger edition of 1937, touted as the most potentially powerful that has been turned out here in several years. Besides, the Bulldogs always have plenty of clench in their jaws.

Snyder Well Balanced.  
In weight and experience, Snyder has a better "paper" team than Spur. It remains to be seen how the eleven will stack up in speed, stamina and football skill. Coaches W. W. (Red) Hill and Glen Berry are confident, although a pair of injuries may keep two of their stars out of action Friday night.

The Tiger line-up, with approximate weights, may look like this: Left end, Leon Autry, 150; left tackle, Buck Woolver, 185; left guard, Nuel Mebane, 158; center, Carl Scarborough, 180; fullback, J. P. Tate, 185; right half, Wallace Smith, 155; right half, Ardath Head, 160; quarterback, Welden Strayhorn, 160.

What, No Right End?  
No right end is in sight, just now. The assignment probably lies between Vernon Moffett, Jesse Sorrells, Roy Allen Baze and Thane Mebane.

"In fact," says Hill, "the who's line-up may look entirely different Friday night. Quite a few of the boys will be given a chance to show what they can do in a real ball game."

The lads worked out Wednesday night under the lights, just to get warmed up to the night brightness. (P. S.—Last week's Tiger schedule in The Times omitted the Roby game, to be played here Friday night, October 8.)

Among the boys who will undoubtedly see some action Friday night, not mentioned previously in this article, are: Gordon Rogers, Prentice Riley, Edwin Terry, tackles; Raugh, end; J. M. Sterling, Ray Neal, Bill King, J. R. Popejoy, Fred Boren, guards; E. J. Richardson, center; Ervel Lee, Kellar, James "Red" Neal, Rob Boren, Belk, Donald Clark, backs.

Other prospects who are working hard for place on the squad—and some of them will probably get in the line-up this week—are: Fred Bullard, Cecil Moore, Lynn Fenton, Carl Eades, Lyle Alexander.

#### New Silks Man.

Maurice Collier, formerly of Alpine, is the new silks man at Graham & Martin tailoring plant. Collier, who arrived in Snyder Wednesday, is trained and experienced in handling silk materials, Jack Martin and Joe Graham, shop owners, say. They invite friends and customers in to meet the new man.

### Highlights

Here are a few new highlights of the first annual Scurry County Rodeo, to be staged at Wolf Park Friday and Saturday, September 17 and 18:

Jack Hoey of San Antonio, internationally known rodeo announcer will announce all performances over a loud speaker outfit.

Curley Daugherty's steers, well known in rodeo circles, will be used during the two-day event.

Bill Lyons of Petrolia is furnishing the cows and calves. His stock is used annually at the Stamford Cowboy Reunion and at other big Texas and Oklahoma shows. Joe York, arena director, is in Petrolia today to make final arrangements for this stock.

The bucking horses will probably come from Fay Davis' widely publicized string at Texico, New Mexico.  
Jim Weatherly of Anson, book-keeper for the Texas Cowboy Reunion at Stamford, has been engaged to handle that phase of the local rodeo.

### NO SEED FARM PARTY IN 1937

Von Roeder Seed Farms, Knapp, are announcing this week that their annual barbecue and watermelon feast will not be held in 1937, due to early summer drought.

"Our crops and our cotton breeding blocks got off to a poor start, and our watermelon patches failed to produce their usual abundance of fine melons," say C. N. and Nolan von Roeder and Ed Murphy. "We therefore feel that it is impractical to hold our usual annual field day with barbecue and watermelon feast."

"The late rains have made everything wonderful and will make some good melons; therefore, we urge you to visit our farms at your convenience and let us show you what we are doing. It will be worth your trip."

The Von Roeder Seed Farms, on the "Scurry edge" of Borden County, have for several years bred Texas Mammoth cotton seeds, and more recently a seed that is suitable for West Texas planting. They also breed seed corn, grain sorghums, watermelons and fruits.

### Church Leader

Rev. James E. Spivey, pastor of the First Presbyterian Church, left yesterday morning for Abilene, where he is attending annual sessions of Abilene Presbytery. He was accompanied by Mrs. Spivey. The local pastor is stated clerk of the presbytery, which includes the churches of Central West Texas.

### Roscoe Man Takes Over Lumber Yard

J. C. Ross came from Roscoe several days ago to take over management of the Higginbotham-Bartlett Company lumber yard. He succeeds R. J. Randalls, who resigned effective September 1 to open a yard of his own.

Ross has been manager of the Higginbotham-Bartlett yard at Roscoe.

He and his wife and two boys, Jim, aged 14, and Bill, aged 10, have moved to the home of Mrs. Adelle Smith, Southwest Snyder.

### Big Rattler Killed By West Snyderite

One of the largest rattlers killed in the Snyder city limits in recent years was found Sunday night by Melvin Newton in his yard in West Snyder. The reptile was discovered when Mrs. Newton heard it rattling outside her south window. Five cats, near the snake, were responsible for the rattling.

Since this is the beginning of the snake hibernation season, other folks in West Snyder are on the lookout for the big fellow's mate.

#### Scotts Return Home.

Mrs. W. M. Scott of San Angelo and grandchildren, Douglas, Jane and Scotty McCoy, children of Mr. and Mrs. O. D. McCoy of Abilene, visited briefly in Snyder with the J. D. Scotts en route to their homes after spending the summer at the Scotts' cabin in Ruidoso, New Mexico. J. D. Scott and wife and their son, Joe Dave, spent last week at Ruidoso.

### CITY BUILDING PERMITS JUMP TO NEW HIGH

August Total Is \$4,850; First Eight Months of 1937 Reported to Council at \$40,175.

The City Council in regular session Monday night heard from Secretary J. S. Bradbury two sets of building permit totals that indicated 1937 will be the best building month in Snyder since 1929.

August permits, six in number, totaled \$4,850. The 1937 total through August (eight months) was reported to be \$40,175.

The six August permits are as follows: Jim A. Adams, open air store, \$500; J. R. Joyce & Sons, gin warehouse, \$500; Browning Gln. office, \$550; Perry Brothers, remodeling store building, \$3,000; L. H. Jones, residence repairs, \$300.

#### Tax Rate Set at \$1.50.

The city tax rate was reset at the old rate, \$1.50 on the \$100 valuation, after approval of the proposed budget for the new fiscal year. J. V. Robinson, new alderman from the north ward to succeed O. D. McClaun, was sworn in as one of the seven members of the council, after the official vote for August 31 was canvassed. Robinson received 34 votes.

Dwight Monroe was named as chairman of the board of tax equalization when Forest Sears, previously appointed, indicated that he would be unable to serve.

#### Water Money Climbs.

Delinquent payments upped the water and sewer collections for August to \$2,646.38. Taxes totaling \$1,427.78 were collected for the month. Fines were \$7.70. Bills totaling \$1,905.11 were approved.

After considerable discussion, the councilmen voted to collect the city license fee for a carnival that will show here in October, and then to remit the fee on a 50-50 basis to the American Legion and the fire department, who will jointly sponsor the carnival.

The fire department was authorized to make calls to neighboring towns and communities in case of necessity.

Authorization was given for use of city equipment in grading a portion of the roadway to the city farm, two miles southeast of town.

### W. M. Ford Taking Transfer Position

The local office of Snyder Transfer Company several days ago added W. M. Ford, formerly of Lubbock, to its inside force. Ford and his wife have moved to Snyder to make their home.

The newcomer plays the marimba, a table-like instrument similar to the xylophone. He was first presented locally at the Lions Club Tuesday at noon, and will be heard at the First Baptist Church, Sunday.

### Beauty Shops Set Standardized Rates

Following a visit of the state inspector last week, six Snyder beauty shops have adopted standard prices for their beauty work. These new prices, given in an advertisement in this paper, will become effective September 15, owners of local shops say.

Cooperating beauty shops and shop owners are: Gertrude Stanfield Smith, Orchid Beauty Salon; Lill Jo Colwell, Cave Beauty Shop; Ethylene Little, Pollyann Beauty Shop; Woodie Scarborough, Every Woman's Beauty Shop; Clara Drum, Clara's Beauty Shop; Hattie Hargrove, Hattie's Beauty Shop.

### DONKEY BASEBALL GAME TO MATCH LIONS-FIREMEN SOON

Night Fray Here Tuesday, Sept. 14

"Whoa, now! And if you don't whoa, dad-blamed you, I'll bust a rib!" Or maybe get a head busted. Such might be a preview of the baseball game that will be played on Tiger Field Tuesday night, September 14, 8:00 o'clock, with genuine donkeys as mounts, and members of the Lions Club and Snyder volunteer fire department as opponents.

Proceeds—10 cents for children, 20 cents for adults—will go to the charity funds of the two organizations.

The friendly rivalry between Lions and firemen, wrought to high pitch last football season, when the squads played to a 0-0 tie, is expected to burst into full flower Tuesday night. And if the rivalry doesn't burst into flower, maybe the donkeys will provide the excitement. All of the donkeys are trained to play baseball—and to make playing extremely uncomfortable to the mounted players.

Manager Frank Farmer of the Lions Club crew and Manager N. W. Autry of the firemen say no definite line-ups have been selected, for practically every member of the two organizations will be given an opportunity to play. An advertising trip is to be made Friday to Dunn, Colorado, Lorraine, Roscoe and Hermleigh.

### Hermleigh Playing Host to Business Meeting of Mitchell-Scurry Baptists

### FOURTH LOCAL SHOW COMING

Snyder will have a fourth picture show on or about October 1. Mrs. T. L. Lollar and P. W. Cloud, operators of the Palace and Ritz Theatres, announced early this week that they will open the Texas Theatre, a completely modern show-house, within a month or less.

The new show will be located on the west side of the square, in the building to be vacated by John Keller's furniture store. Approximate cost will be \$20,000.

Manager Cloud says the Texas Theatre will be equipped with 600 new air-cushioned seats, similar to those recently installed in the Palace. The Ritz has 500 seats; the Palace 900 seats.

Latest Western Electric sound equipment will be installed, and the most modern acoustical treatment throughout the building will make possible the best possible reproduction of music and voices, declares the manager. The showhouse will be new from entrance door to rear exit, he further said.

### Ginnings Held Back By Local Showers

Local showers, falling somewhere in this trade area practically every day within the past two weeks, have held back ginnings by at least 100 bales in the county. Despite this holdback, however, Snyder ginnings last Wednesday were 240 bales, and the county total is estimated at 400 bales.

Heaviest rainfall reported this week was at Hermleigh, where the Monday fall was about two inches. Most other communities have received at least one shower of a sixth to a quarter inch within the past seven days.

### Hermleigh Plans to Work Its Cemetery

Thursday, September 9, has been set aside as the day for cemetery work at Hermleigh. Dozens of men are expected to be on hand with hoes and other implements. The women are scheduled to serve lunch at noon, on the grounds.

Chairman J. O. Leech of the cemetery trustees announced early in the week that the trustees would meet in business session (this) Thursday morning at 9:00 o'clock.

### Plate Lunch at Club.

Club Cafe, east side of the square, is this week joining the line-up of local cafes that are serving plate lunches, with drink and dessert, at 35 cents. James A. Clark Jr., owner, points out that the cafe's food is prepared by a woman cook, Miss Alma Etheredge.

### OVER \$650 IN CASH FEATURE COMING RODEO

Special Match Roping, With \$100 Purse Put Up by Contestants, Is Added Attraction.

More than \$650 in cash prizes await cowhands who enter the events of the two-day rodeo that is to be staged at Wolf Park Friday and Saturday, September 17 and 18, by the Scurry County Rodeo Association.

In addition to the regular events, a special match roping, in which the contestants are putting up a purse of \$100, will be staged during the rodeo. Rodeo officials point out that this purse is put up strictly by the contestants, the association having no part in it. Raymond Berryhill and Steve Parks will compete against Aubrey Stokes and Joe York.

Rodeo Well Advertised. Big placards and circulars, along with prize lists, are being distributed in all parts of West Texas. Joe York, ring director, and George Parks, secretary-treasurer, say plenty of cowhands will be on hand. "It will be a plenty good rodeo, with top contestants," they declare. "What we want to do now is to let folks in Scurry and adjoining counties know that they may really expect a first class rodeo."

The rodeo will feature two shows daily—2:00 p. m. and 8:30 p. m. Four Leading Events. Prize money and entrance fees have been announced as follows: Wild cow milking—\$40, \$30, \$20, \$10 day money; entrance fee, \$4 each day. Bronc riding—\$25, \$15, \$10, day money; entrance fee, \$2.50 each day. Calf roping—\$40, \$20, \$10 day money; entrance fee, \$4 each day. Steer riding—\$25, \$15, \$10 day money; entrance fee, \$2.50 each day.

### High School Has Top Registration In Opening Days

Monday afternoon check-up revealed to Superintendent C. Wedgewood and Principal King Sides that Snyder High School had already registered 353 students, more than it had ever before enrolled in a full school year.

This figure was five higher than last season's full-year enrollment of 348. The school leaders expect the figure to climb well over 400 for the 1937-38 session.

Much of the increase is due to students that are being transferred to Snyder—about 20 from Blison, 25 from Woodard and Ennis Creek combined. These supplement groups that were transferred last year from Canyon, Bethel, Martin and Turner.

A small increase is reported in grammar school by Principal Hadley Reeve. The combined increases made necessary the purchase of a new modern bus, which made its first run Monday.

Most high school students were registered last Thursday and Friday, and grammar school students were registered Monday. A general assembly of all students, teachers and a number of patrons was held in the school auditorium Monday morning at 9:00 o'clock.

Elizabeth Miller, daughter of Mr. and Mrs. Clyde Miller of the Miller Bros. Ranch in Borden County, topped the performers by placing first in the sponsors' contest and thereby winning an expensive saddle.

Lanham Riley, son of Ira Riley, won first one day and second another day in the steer riding event. John Stovall, cowhand working for Frank Miller in Borden County, was second two days in the wild mare race.

Joe York of Snyder was second in calf roping the second day, and Aubrey Stokes of Snyder was second in wild cow milking the first day, with the assistance of Pies Hart.

The local delegation reports that the Scurry County Rodeo was well advertised at the rodeo near Sweetwater, and that most of the competing cowhands will be here.

John Keller Moving Store to South Side

John Keller announced early this week that he is moving his furniture store, which has been located for several years on the center of the west side of the square, to the southeast corner building, next door to Manhattan Hotel.

The event is being celebrated with a special removal sale. Keller expects to have his complete stock, with new stock added, moved to the south side building by Wednesday, September 15.

### Pierce Shop Paints.

Pierce barber shop, north side of the square, has been given the works during the past few days—have, haircut, shampoo, and all, if you please. Mostly, says E. B. Pierce, owner, it's plenty of white paint and a bit of renovating in the rear.

### Saturday Night, Sunday Sessions of Four County Convention Are Slated

### LEGION TO BUY POST HUT SITE

American Legion buddies are slated to meet in special session Friday night, 7:30 o'clock, in the legion hall over Winston & Clements, to make final selection of a site for the proposed "hut" of the Will Layne Post.

So says Commander Boss Baze, who has a location not heretofore considered to place before the veterans for their consideration. "It is vital that every buddy be present," Baze said yesterday. "This hut will concern every one of us, and we want every one possible to be present."

But several hundred of the 3,000 to 4,000 visitors that Snyder is planning to entertain will come from outside these four counties. Some of them will come from outside West Texas.

Dinner to Be Feature. Folks are coming primarily for the singing sessions, of course. These will be staged Saturday night, Sunday morning and Sunday afternoon. But the feature of the giant gathering will be the old-fashioned "dinner on the grounds" that will be spread on the west portion of the school campus Sunday at noon.

Scurry County families, at least 125 to 150 of them, are planning to bring basket lunches for themselves and out-of-county visitors. The food will be spread on long tables. "Scurry County folks who wish to help feed the many visitors are urged to bring big basket lunches," said L. M. Irion, president of the Scurry County Singing Convention, chief sponsor. Community singing classes are taking the lead in bringing baskets.

Free Coffee by Duncan. Free admiration coffee for all will be provided throughout Sunday, and that means plenty of coffee at noon, too.

This courtesy was made possible by Earl Corder of Big Spring, representative in Central West Texas for the Duncan Coffee Company of Houston. Corder will be in charge of a big coffee "kitchen," especially made for serving crowds.

T. H. Westbrook, Sweetwater, Four County president, here Wednesday to make final preparations for the convention, asked The Times to express appreciation to Duncan Coffee Company for its courtesy. The Snyder school board for use of building and grounds, and the Snyder Lions Club for sponsoring the convention jointly with county singers.

Top Singers Coming. Some of the state's leading singers will be here. Probably the best known of the visitors will be V. O. Stamps of the Stamps-Baxter Music Company, Dallas, who will be here Sunday, after a concert with his quartet in Muskogee, Oklahoma, Saturday night.

Huffstetter of the Hartford Music Company, Dallas, will also be on hand. National Music Company of Fort Worth is sending at least one representative. Vaughn Music Company will send a quartet, led by R. E. Jordan of Willis Point.

A brief business session of the convention will be held in connection with the Saturday night program.

Building Story Soon. The Times continues to gather material on residential repairs, remodeling and building in Snyder, and hopes to have a full vivid picture in next week's issue.

## Local Dancer Wins Second at Colorado.

Billie Arline Biggs, four-year-old daughter of Mr. and Mrs. A. P. Biggs, won second place in the "all-star" night program, which consisted of winning numbers of the weekly programs presented this summer, Friday night at Ruddick Park in Colorado.

## Seven Guests Are Present for Meeting.

Seven guests enjoyed the last meeting of Thursday Night Bridge Club along with members at the home of Mr. and Mrs. Forest Sears. Bridge prizes were presented to Miss Yetta Mae Slayton of Abilene and E. B. Yeatts, guests, and to Mrs. Raymond Sims and Wayne Williams, club members, at the close of the evening's bridge games.

Guests for the luncheon included Mmes. Bell and Rodgers, who appeared on the program. Mrs. Ivan Dodson of Odessa, formerly a member of the club, and Mrs. Ross Howard of Atlanta, Georgia.

Occasion for the visit was a family meeting preceding school openings all over the state. Miss Frances Lee Duckworth leaves soon to enter the University of Texas, Austin. The visiting people are well known to people of Snyder, the Dale Warrens being former residents here.

She has been associated with local school, church, club, social and civic groups here during past years.

Class Meets at McCarty Home.

New class officers elected at the meeting were as follows: Mrs. Jack Inman, president; Mrs. Anton White, first vice president; Mrs. J. C. Day, second vice president; Mrs. D. H. Goodnough, third vice president; Mrs. N. W. Autry, secretary; Mrs. D. R. Reed, treasurer; Mrs. Velma Bruton, assistant secretary-treasurer; Mrs. Marion Newton, pianist; Mrs. Clyde Boren, chorister; Mrs. G. H. Leath, reporter.

Fourteen class members were present for the meeting and enjoyed the delicious ice cream and cake served at tea time by the hostesses.

## Enjoy Week-End Trip.

Mr. and Mrs. Roy Crawley, accompanied by his sister, Miss Edna Crawley, enjoyed a delightful week-end trip to the Carlsbad Caverns in New Mexico. Leaving Snyder Sunday for the New Mexico city, the Snyder people made the inspection of the caverns Monday, returning home Monday night.

## Seven Guests Are Present for Meeting.

Seven guests enjoyed the last meeting of Thursday Night Bridge Club along with members at the home of Mr. and Mrs. Forest Sears. Bridge prizes were presented to Miss Yetta Mae Slayton of Abilene and E. B. Yeatts, guests, and to Mrs. Raymond Sims and Wayne Williams, club members, at the close of the evening's bridge games.

Other guests present were Mrs. Yeatts, Misses Hattie and Gertrude Kern, who returned recently from summer school at North Texas State Teachers College, Denton, and Mr. and Mrs. Ross Howard of Atlanta, Georgia.

A salad plate was passed to the guests and the following club members: Messrs. and Mmes. J. P. Nelson, Wayne Williams, J. P. Strayhorn, Raymond Sims, Melvin Blackard, J. D. Scott, Wayne Boren and Herman Darby. The Sims will be next hosts to the club.

## Strength During MIDDLE LIFE

Strength is extra-important for women going through the change of life. Then the body needs the very best nourishment to fortify it against the changes that are taking place. In such cases, Carni has proved helpful to many women. It increases the appetite and aids digestion, favoring more complete transformation of food into living tissue, resulting in improved nutrition and building up and strengthening of the whole system.

### School Presents New Members of Faculty Monday

In opening exercises at the school auditorium Monday morning, six new teachers were presented by Superintendent C. Wedgeworth.

Miss Jewell Foster, a graduate of West Texas Teachers College, Canyon, and holder of a master's degree from the University of Texas, teaches Spanish in high school. Second addition to the high school faculty is E. W. Yeatts of Crowell, who will teach high school English and music. He, also, has received his master's from the University of Texas.

Two additions have also been made in junior high. James K. Polk, graduate of Hardin-Simmons University, Abilene, will teach social science and coach junior high football. Woodrow M. Smith, graduate of A. C. C. Abilene, comes from the principalship of the Emis Creek school to teach junior high arithmetic.

Mrs. C. C. Mosley of Snyder is teaching in the second grade, and Miss Queta Barrow, Abilene, is teaching in the fourth grade. The complete faculty, including the superintendent and the two principals, totals 33, Wedgeworth said.

Mrs. Beryl Birdwell remains at the school as office assistant, and Mrs. W. C. Hollis returns as librarian.

### First Baptist Church

9:45—Sunday school in departmental assembly.

10:30—Morning worship; colored male quartet, Prairie View College; sermon by the pastor; Mr. Ford will give a miramba solo for the offertory.

7:00—Baptist training hour; there is a place of training for every member of the church family.

8:00—Evening worship; the pastor will preach; Mr. Deaver will sing "Deep Down in My Heart." A special invitation to all new and old friends. "Come this way and we shall do thee good."—Lawrence Hays, pastor.

Pat wanted to borrow some money from Michael, who happened to have a small boy with him at the moment. "Tis a fine kid you have there, Mike," said Pat. "A magnificent head, and noble features. Could you lend me a couple of pounds?" "I could not," replied Mike. "Tis me wife's child by her first husband."

A newspaper once offered a prize for the best recipe for making the hands beautiful. There was a deluge of answers, from which the following was chosen:

"Soak the hands three times a day in dishwater while mother rests."

## Local Happenings

June Colwell of Rotan was greeting friends in Snyder early this week, following a week-end visit in San Angelo.

Miss Kathleen Fletcher of Dallas and Rayburne W. Goen of Denver, Colorado, were Thursday guests of Mr. and Mrs. H. T. Sefton.

Roy Allen Baze, son of Mr. and Mrs. Boss Baze, returned Tuesday from Carlsbad, New Mexico, where he has been working during the summer.

Mrs. Talmage Turner of Wink was a week-end guest of her parents, Mr. and Mrs. J. C. Witherspoon. She was accompanied home Tuesday by Mrs. John Booth.

Among recent New Mexico vacationists were Mrs. R. J. Randals, her children, Mary Ann and Jimmy, and her mother, who spent several days at Ruidoso and Clouderoft.

Mr. and Mrs. W. A. Griffith, Mrs. Isla Davis and daughter, Charline, and Mrs. Fannie Anderson, Plainview residents, were visitors last week in the H. T. Sefton home.

Dr. R. M. Park of Fort Worth was a guest of Miss Ruth Yoder at the home of her parents, Mr. and Mrs. D. P. Yoder for the week-end. Miss Yoder was a Fort Worth visitor last week.

Mrs. J. G. Hicks and children, Patti and Bobby, returned home Sunday from a several day visit with Mrs. Hick's parents, Mr. and Mrs. R. M. Bailey, at Frederick, Oklahoma.

Miss Marguerite Gee of Dallas, who has been a guest of her uncle, J. W. Scott, and family here for the past two weeks, was joined by her brother, Malcolm, here for the week-end. They drove home Monday.

Mr. and Mrs. Elmo Curry and daughters, Geneva and Bonnie Vernell, of Miles were visiting with Mrs. A. M. Curry and other relatives and friends here last week. The Miles people were formerly residents of Scurry County.

Dr. C. E. Helms and family returned Saturday from a vacation into New Mexico and Southern Colorado. They visited Santa Fe, Eagle Nest Lake and Socorro. The local magnetic masseur has property at the latter New Mexico town.

Mr. and Mrs. E. W. Ledbetter of Abilene and Mrs. V. T. Huff of Plainview were week-end guests in the Joe Stinson home. They were visiting with their parents here, Judge Jim Stinson of Abilene, who has been a patient in the local hospital, and Mrs. Stinson.

Mr. and Mrs. A. E. Curry of San Angelo were guests of Mrs. A. M. Curry from Monday until Thursday last week. Their daughter, Peggy, who has been visiting with her grandmother here for the past two weeks, returned with them to San Angelo for school opening early this week.

Mrs. W. H. (Chubby) Ritzenthaler and daughter, Dorothy Ann, arrived last week to be a guest for some time of Mrs. Ritzenthaler's father, E. D. Curry. Chubby Ritzenthaler was formerly co-publisher of The Times. The family now resides in Salisbury, Missouri, where the newspaperman is associated with the Press-Spectator.

Leath. Mrs. Bibbee accompanied the visitors to Lubbock for an inspection of the Tech chemistry department in the afternoon.

### Rogers Shrine Touches Heavens

Up on Cheyenne Mountain, near Colorado Springs, Colorado, Spencer Penrose built this beautiful Will Rogers Shrine of the Sun. The picture seemingly shows Will Rogers in the heavens, smiling his approval of this memorial, which was formally dedicated last Saturday, Sunday

and Monday with a world-wide Will Rogers Memorial rodeo. This is the bronze bust of Rogers, made for the shrine by Joe Davidson, recently commissioned to make a similar bust of Rogers for the state of Oklahoma, to be placed in the national statutory hall in Washington, D. C.

### Snyder and Other State Cities Urged To Wipe Out Fires

Urging state-wide observance of the annual fire prevention week, Marvin Hall, fire insurance commissioner, has written over 425 mayors of Texas cities and towns, including Mayor H. G. Towle of Snyder, requesting their continued support of what he terms a "most profitable and worthwhile civic project." The week of October 3 to 9 has been chosen and appropriately named, Fire Prevention Week of 1937.

Adding impetus to the movement will be a proclamation issued by Governor Allred requesting cooperation and support from "every Texan interested in performing a distinct service to his state, to his community, and to himself."

"Fire uncontrolled is one of the most serious problems that confronts us today," Hall declared in his letter to Texas mayors. "For years it has taken far too heavy a toll in life and property. May we suggest that you and your city officials, fire marshal, fire chief and his department begin making preparations at once for the proper observance of fire prevention week this year?"

"Since fire losses have a direct bearing upon the fire insurance rates which the people pay," Hall explained, "there are a great many

### Adjusted Rates in Effect at Laundries

Self-service laundries of Snyder have adjusted rates this week, new prices going into effect Monday, September 20, the managers of the Wash-It-Yourself Laundry, Modern Wash House and Help Yourself Laundry say.

No free lye or paper will be furnished patrons, and pick-up and delivery service will be discontinued September 20. Wet wash will be 3 1/2 cents per pound (dry weight) and they furnish the soap. Minimum cost of wash is 35 cents for 40 minutes, increasing according to time used for the wash.

New rates will be found in a cooperative advertisement in this week's Times.

The Oldest Texans. Although the vanishing American has done a great deal of his disappearing act in Texas, there are still about 2,100 full-blooded Indians left. Estimates of the Indian population at the beginning of the white man's settlement run from 30,000 to 200,000. The only distinct settlement left is that of the Alabamas and the Coushattas on the Polk County reservation.

practical benefits accruing from effective fire prevention."

### First Presbyterian Church

The pastor will occupy the pulpit at both the morning and evening hours next Sunday. The morning service will be at 11:00 o'clock and the evening service at 8:00 o'clock. The Sunday school is at 9:45 a. m. and Christian Endeavor Societies at 7:00 p. m. Subjects for the sermons will be "Gratitude" and "Checks and Balances."

A cordial welcome is extended to all who may desire to worship in our services, especially to those who may be visiting in the city or who are just coming to make Snyder their home.—James E. Spivey, pastor.

### Emergency Hospital

Because of the inquiries of several friends as to whether I am able to do surgery again, I am giving this information:

Last September I had a car accident which almost cost me the loss of my left arm, and until the past few months I have not been able to use it very much. However, since the last operation, July 1, I have regained the use of my arm sufficiently that I am now able to do almost any kind of work I formerly did. We appreciate our friends and are glad to serve them in every way possible.

In the past two months, we have had several major operations, a number of minor operations, obstetric cases and tonsil operations.

Tuesday of this week, Irma and Paula Jean Jones of Dunn had tonsil operations.

Bobby, 12-year-old son of Mr. and Mrs. Bob Warren, Knapp, was in the hospital Wednesday morning to get a broken arm set.

Born to Mr. and Mrs. D. K. Chapman of Ira, an eight-pound girl, Sunday morning.

—I. A. GRIFFIN, M. D.

Daughters of Mr. and Mrs. Pat Johnston returned home after visiting with local relatives early this week. Mrs. T. H. Ray is a resident of Big Lake, and Miss Bess Johnston is a teacher in the Lordsburg, New Mexico, schools. Miss Johnston was accompanied to New Mexico by her brother, Delbert, who returned here by train Wednesday morning.

### Seal Bros. Wild Animal Circus at Wolf Park Soon

The blare of bands and the tooting of the callopie will be heard in Snyder Thursday, September 23, when Seal Bros. Circus comes for an afternoon and night stand at Wolf Park.

Advance agents of the circus, in town Tuesday, made final arrangements for coming of the circus. They said doors will open at 1:00 and 7:00 p. m., the performances one hour later. A street parade will precede the afternoon show.

The performance is presented in three rings and a steel arena with comfortable seats for thousands housed under three acres of rain-proof tents. New electrical and scenic effects have been added this year for presentation of the opening pageant, "Sunny Spain," featuring Senorita Dolores Gomez, Mexican prima donna.

The wild animal acts are presented by Herr Driesbeck, European wild animal trainer, with 14 jungle bred trained lions, tigers and pumas. The horse fair of high school, gaited dancing horses, are presented by Captain Fred Anderson and a dozen lady riders. Fifty champion arenic stars from six nations furnish the aerial and gymnastic feats.

### First Methodist Church

For West Texas the choicest season of the year has come. No climate is more glorious than ours in the fall. Severe weather makes it hard for some people to attend church, but there is no such hindrance now. These fine September Sundays ought to find churches filled with grateful, earnest worshippers.

We urge all our members and invite any friends who can be in the following services next Sunday: Sunday school—9:45 a. m. Preaching—11:00 a. m. Group meetings—7:00 p. m. Praching—8:00 p. m.—H. C. Gordon, pastor.

He—"It was very considerate of Jones to buy his wife a new washing machine."

### Two Batches of Celebrationeers Visit in Snyder

Two routin' lootin', high-fallutin' batches of boosters for coming West Texas celebrationeers have given Snyder flying visits within the past week.

Colorado's caravan arrived Friday morning with band booming. They invited Snyder and Scurry County to join Mitchell County in the Colorado City Frontier Roundup Friday and Saturday of this week.

Carl Blasg, Chamber of Commerce manager, and Truett Barber, attorney, spoke in behalf of the Colorado event. John E. Sentell, local attorney, welcomed the boosters to Snyder.

Abilene sent her noise-making aggregation Monday, loaded with invitations to the West Texas Fair there October 4-9. This group also stopped at Dunn for speeches and noise making.

D. H. Jefferies, president of the West Texas Fair Association, and Gray Browne, attorney, were principal speakers. They introduced Misses Eloise Ely and Marjorie Munger, fair princesses. Snyder was invited, along with other West Texas towns, to send a duchess to the fair. Forty-five boosters came from Abilene in two chartered buses.

Among the trippers was Fina Mothershead, who was covering the jaunt for the Reporter-News; G. D. Knight, chairman of the trip committee; and D. F. McCarty, advertising man on the Reporter-News.

### Adventure Is Coming In The American Boy

Readers who like adventure and the lure of far places will find plenty to please them in coming issues of "The American Boy" magazine. They'll read, for instance, of seamen and sabotage and San Francisco water-front trouble; of daring adventure in the world of pseudo-science, and of a feud aboard a plunging, rolling battleship.

They'll read, too, of excitement aboard a transport plane blaring over jungled Mexican mountains, and of stranger planes that are not bound to earth but swing through the noiselessness of space. Readers can follow a young ex-Mountie as he searches for clues in the wild northlands, and Tierney, the pieating detective, on the trail of city criminals.

A new feature in "The American Boy" is picture pages that tell stories. Pictures, for instance, that vividly show a day in the life of a coast guardsman, and how an Eskimo husky sled dog does his work. They transmit the thrill of battling a hundred pound, water-churning tarpon. Tips on how it's done are also given pictorially—ranging from how to run a broken field to how to be correct in a ballroom!

Note: Subscription prices of "The American Boy" will be raised in the near future. Send your subscription order at once to take advantage of the bargain rates now in effect: One year at \$1 or three years at \$2. Foreign subscriptions 50c a year extra. Send your name, address and remittance to "The American Boy," 7430 Second Blvd., Detroit, Mich. On newsstands the price is 15c a copy.

### KNOW TEXAS

By F. L. McDonald, Texas State College for Women, Denton

Credit for Texas' high standing as a shipping state should not go entirely to the fact that the coast line is long and jagged, for its 13 deep-water ports are all man-made. Age-old deposits of silt have made these excavations necessary.

The most man-made of them all, Houston, now ranks fourth in total commerce in the whole United States, exceeded only by New York, Philadelphia and Duluth-Superior. First in cotton exports and third in exports to foreign countries, Houston is also a major export point for crude oil and petroleum products. An enormous coastwise business, both outbound and inbound, adds to the total.

Grandfather of all Texas ports is Galveston, whose island position and land-locked bay give it qualifications which were first recognized by Privateer Jean Lafitte. In 1934, 2,569,477 tons of cotton, vegetable and animal products, wheat and flour, crude sulphur, ores, and others passed through its docks.

On the Sabine Neches waterway are Beaumont, Port Arthur, Port Neches, and Orange, all of which export crude oil and products, timber products, rice, scrap iron and steel. Texas City is concerned mainly with the exportation of petroleum and cotton, doing a large import business in raw sugar.

Freeport sends out a great deal of crude sulphur, this being the center of the largest sulphur industry in the world. Corpus Christi's principal export is cotton, and petroleum leads in Port Aransas. Two recently opened ports are Brownsville and Port Isabel.

While nations of the world vie with one another in contributing to the progress of aviation, Texas has managed to hold its position as a leader in this field.

Such factors as the great amount of open country in this state, the high percentage of clear days, and the relatively warm winters caused the national government to center its military aviation training here during the World War. Randolph Field, often called the "West Point of the Air," was established near San Antonio, and is now one of the greatest military fields in the world.

Apart from the army set-up, six commercial airlines operate regular schedules between important cities within the state. They connect with the national lines to Chicago, Atlanta, Ga., Charleston, S. C., and New Orleans, as well as with the transcontinental line from New York to Los Angeles and the international air system to Mexico City.

Airports in Texas total 133, and this compares favorably with the national total of 2,369. A general idea of this state's rating can further be seen from the 1935 statistics, which show 8,613 airplanes in operation in the United States, 449 being in Texas. The number of licensed pilots in Texas reached 728 in 1936.

The Texas Rangers have long been romantic figures in the history of the state, and for more than a century they have been actively engaged in taming the Southwestern frontier. In the state's early his-

### Friend of Daude Family Forwards Letter of Thanks

A warm letter of appreciation for the courtesies extended the Daude families during their stay in Snyder General Hospital was received this week from Rev. O. C. Rooke, pastor of the Copperas Cove Methodist Church. The minister was a local visitor while the two Central Texas families, wreck victims, were confined here.

"Arthur Daude," he writes, "requested me to write the hospital a few lines. They made the trip just fine in spite of being detained because of a heavy rain.

"Alvin Daude believes his neck is getting better right along, and I am of the same opinion. Mrs. Alvin Daude feels fine, and Frances (the four-year-old girl) is getting along just fine with her limb.

"Arthur complained that he can not sleep at nights. I believe that is due to sleeping during the day-time. Dola Mae (11-year-old girl) is doing nicely.

"Both families wish for me to express their thanks for the splendid treatment they received as patients in your hospital. Personally, I wish to express my appreciation for what you good people have done for them when they were in need."

**Some Melon Feast.** Claiming the production of the world's largest watermelon, weight 183 pounds, Cass County nevertheless stands second to Parker County in the amount of production per acre, in which Parker leads the nation. According to the 1935 census, over 3,975 melons were produced in the seventy odd counties who farm them throughout the south central part of the state. The yearly crop is valued at \$556,000.

A hopeful candidate in a Boston suburb called on an amateur gardener who was engaged in a futile search for his garden tools.

"If your neighbors in this constituency return me," he began, "it will be the first thing they've ever returned," said the amateur gardener.

An Irishman had been thrown over a fence by an enraged bull. He had just recovered when he noticed the bull pawing the ground and furiously tossing his head.

"If it wasn't for your bowing and scraping," said Mike, "I'd think yer three me over on purpose."

They put an end to the scalping raids and train robberies, and brought to justice the fence-cutters, thieves, and murderers.

When Texas became a republic, the organization was enlarged and used to patrol the frontier and to punish Indian raiders. Each Ranger provided himself with a good horse, a rifle, and a brace of pistols.

This early Ranger organization has undergone a series of changes, and although the present organization dates from a law in 1901, a Ranger force has been maintained for the protection of the frontier almost continuously since 1835. It now consists of five companies, each under the command of a captain, with the senior captain in charge of the whole force. Averaging six or seven men to each company, the entire force number about 35 in 1936.

When Texas was annexed to the United States, the government assumed responsibility for protecting the frontier, and the organization was virtually dropped. However the federal troops, largely infantry, were so unused to border and Indian warfare that the Rangers were reorganized.

When the frontier disappeared, Ranger activities were directed against outlaws of their own race. This tended to lessen their popularity, especially since more counties were organized and sheriffs represented the invasion of their territory by outside forces. Following the World War, use of the Rangers to enforce liquor prohibition also made the organization less popular, and it was allowed to dwindle. However, in 1935, the force was again reorganized, and with the state highway patrol, was placed under a new department of public safety.

**Lattimore's Vacation.** Going by way of Fort Worth, where they attended the Frontier Fiesta, to San Antonio and Laredo, Mr. and Mrs. Hal A. Lattimore enjoyed a delightful two-week trip to Mexico City by automobile recently. Crops in the central part of the state are not at all good, so Scurry County looked good to the local people when they returned early last week. The new Pan American highway to the Mexico capital is grand, they say.

**Thompsons in Accident.** The 1937 Buick tudor of Mr. and Mrs. E. E. Thompson was damaged in an automobile accident between Weatherford and Fort Worth Monday afternoon. The two, their younger son, Leslie, Mrs. Thompson's father, R. C. White and Buster Stacy were returning from a week-end visit in Fort Worth and Waxahachie. None of the occupants was seriously injured, but all sustained bruises.

Jack Colwell, Snyder business man, and his nephew, June Colwell of Rotan, are spending several days this week in Albuquerque, New Mexico.

### Rain Average Is Still Below Par, But Crops Good

Official rain figures as recorded by Mrs. Wesley Evans, who cares for the local government gauge, reveal that although Scurry County has one of the best crops in recent years, rain is yet considerably below the average for the past 20 years. The 1937 total through August was 11.47 inches. This contrasts with an average of 13.38 for the same eight months during the previous years. Thus, 1937 is almost two inches behind the average.

Even the fall and winter months of 1936, which provided much of the season for the present crop, are behind the average, with the exception of last September, when rains were heavy. October, November and December fell well behind the average.

The secret of this year's good crop, then, seems to lie in the fact that the rains have come just when they were needed most and in a manner that made them highly beneficial.

The complete rain table at the bottom of page one tells the complete story. Here are rainfalls reported for July, August and the early part of September:

July 8, .25; July 12, .18; July 20, .23; July 21, .23; July 22, .56; August 5, .22; August 12, .20; August 19, .04; August 20, .10; August 21, .25; August 22, .55; August 23, .02; September 1, .16; September 3, .05; September 5, .12; September 6, .02; September 7, .16.

He—"Fifty dollars for a hat. It's a crime!" She—"Never mind, dear; the crime will be on my head."

With a grinding of brakes the London bus pulled up. But not before it had bowled over the old gentleman.

After a moment the man sat up and looked around him. "Where am I?" he asked, still dazed. "Ere y'are, gunner!" said a smart hawker in the crowd. "Map o' London, one penny."

Persistent borrower—"Sir, I've been to the bank and won't ask you for money. They've fixed up a note, and I'll get it from them just as soon as you sign the note." MacTavish—"Ah, I'll tell you what I'll do! You get the bank to sign the note and I'll lend you the money myself!"

Two Irishmen were working together in a quarry. Suddenly one of them fell down a deep hole and disappeared from sight.

His mate, thoroughly alarmed, came to the edge of the hole and looked over.

"Arrah, Pat!" he called. "Are ye alive? If ye can't spake, tell me." "Yes, Molke, O'm alive. But O'm spachless."

### Social Security Question Box

**Editors' Note:** The Times is publishing a series of questions and answers concerning the federal old-age benefits provision of the Social Security Act. Employers who wish to have further questions answered should write to the Social Security Board ofice, 1530 Allen Building, Dallas.

**Question—**Are board, lodging and tips considered wages under the old-age benefits provisions of the Social Security Act?

**Answer—**The act states that "wages" means cash remuneration for employment and any remuneration other than cash. Board and lodging, therefore, are considered wages. A fair and reasonable cash value of board and lodging must be determined by giving due consideration to all circumstances affecting the case.

Tips, under the old-age benefits part of the act, are not considered wages when such tips are paid directly to an employee by a customer, and not in any way accounted for by the employee to the employer.

The real estate agent's car parked smoothly toward the suburbs as the farmer listened attentively. The sales talk was a glib one: "Say, these city lots will astonish you. They're immense—colossal. Paved roads. Sidewalks. Sewers all in. Electric lights. And trees—say you've got all the advantages of the city together with the freedom and beauty of the country. By the way, where is this farm of yours you want to trade?"

"About five miles back," replied the farmer. "We passed it comin' out from town."

"James," said the teacher, "do we eat the flesh of the whale?"

"Yes, sir," said James.

"And what do we do with the bones?"

"We leave them on the side of the plate, sir."

# COUNTY CLASS C TITLE HINGES ON FRIDAY TILT

## Fluvanna, Conquerors of Dunn, to Invade Hermleigh With Team, Pep Squad and Fans.

The Class C title of Scurry County will probably be in the balance Friday afternoon at Hermleigh, when the Cardinals will entertain Fluvanna's Buffaloes, conquerors last week of the Dunn Owls by a 13-0 score.

The mix-up begins at 3:15 o'clock. Fluvanna plans to bring a full-grown pep squad and plenty of fans. A number of Snyderites plan to be on hand.

Later games between the three teams could change the title, but the loser of Friday's tilt would have a difficult time getting back in the running.

**Hermleigh 1936 Winner.**

Hermleigh won the title without question last year, defeating Fluvanna and Dunn. The Cardinals won a total of seven games, lost one and tied one. Last season was the first for Hermleigh, the second for Dunn, the first for Fluvanna.

Coach A. C. Bishop Jr. has nine letters returning to his Cardinal squad, as follows: Jack Harless, Wiley C. McMillan, Weldon Longbotham, backs; Marcus Voss, Howard Etheredge, Billy Pigman, ends; Jim Layman, William Sumruid, Alton Sturdivant, tackles. The squad is scheduled for eight games this season.

**Squadmen Working Hard.**

Squadmen of 1936 who are likely to make regulars are: Ira Layman, Paul Anderson, W. P. Simpson and Clifford Hale. G. W. Parks, outstanding rural penitention man from Plainview school, is pushing hard for one of the guard berths. Bill Hansback is killing the quarterback slot quite capably.

Others out for the Hermleigh team are: R. L. Vaughn, R. B. Etheredge, W. L. Spikes, Ollie Joe Stevenson, Ed Chandler and Harold Mason.

## Hermleigh Loses Another Leading Citizen Saturday

Hermleigh community, which has lost several leading citizens within the past year, lost another Saturday morning—B. F. Caswell, 53-year-old farmer, who had lived in the edge of the town for 13 years. He died after a three-day illness in a local hospital.

Mr. Caswell had been a member of the school board, and was also active in other community enterprises.

Final rites were held Sunday afternoon, 3:00 o'clock, at the Hermleigh tabernacle, with Rev. C. E. Leslie officiating. Burial was in the Lone Wolf cemetery, with Odum Funeral Home in charge of arrangements.

Surviving are the widow and two daughters, Mrs. Ina Mae Chlensky, formerly of Snyder, now of Houston, and Mrs. Gertrude Kimzey of San Diego, California; two brothers, Noah Caswell of Lorraine and George Caswell of Glenn, Georgia; two sisters, Mrs. Cora Lee Snellgrove of Morton and Mrs. French Bennett of Arlington.

Tom Bennett, A. H. Hiler, Leonard Jones, Jim Light and Will Kimzey were pallbearers. These honorary pallbearers were named: W. A. Holman, Cleve Forbes, Frank Bates, Major Kimzey, Warren Fargason, Houston Norrell, Roy Hagerton, Elmer Louder, and Judge Beeton Templeton of Colorado.

Mrs. Adela Drennan, Mrs. Lois Vaughn and Misses Carline Kimzey and Evelyn Higginbotham were in charge of flowers.

## Revamped Fluvanna Buffaloes Whip Dunn 13-0, in Opener for West Texas

By Jay Haynes.

Playing the first football game of the season in this part of the state, the Fluvanna Buffaloes trounced the Dunn Owls, 13 to 0, last Friday afternoon on the Fluvanna gridiron.

Scoring was in the first and fourth quarters as the result of good gains by Belew, Roddy and Pylant. The first touchdown came after Belew went off tackle for 25 yards. Bobby Turner passed to Jack Turner for the extra point after touchdown.

In the fourth quarter, after a series of first downs, with big Pete Pylant carrying the ball most of the time, little John Henry Roddy, 130-pound back, carried the ball over from the six-yard line for the last counter of the game. The try for extra point after touchdown failed on a pass.

Dunn was kept on the defense most of the game, with Bobby Johnson carrying the ball for most of the Fluvanna gains.

The Fluvanna team looked like a different team from last year's season. Pylant, Brown, Belew and Bobby Turner made up the starting backfield for the Buffaloes, and all

looked good. Bobby Johnson and Martin made the best showing in the Dunn backfield. Jack Turner and Howell Moore looked good in the Fluvanna line.

The line-ups: Fluvanna—Position.—Dunn  
Jack Turner—R. Brown  
Right End.  
Poch Browning—Roy Allen  
Right Tackle.  
Moore—T. C. Bills  
Right Guard.  
Wills—Laverne Cotton  
Center  
Crumble—Irvin Martin  
Left Guard  
Lightfoot—Robert Coker  
Left Tackle  
Landrum—Malcolm Hanson  
Left End  
Belew—Bobby Johnson  
Quarterback  
Bobby Turner—Arvil Martin  
Right Halfback  
Brown—Etheredge Strickland  
Left Halfback  
Pylant—Leo Ellis  
Fullback  
First Downs—Fluvanna 11, Dunn five. Referee, Jesse Browning (Texas Tech); umpire, Marcus Johnson.

## How Many Bales

Scurry County will gin 41,607 bales of cotton this season of 1937.

That optimistic prophecy, the average of 25 Lions Club members who guessed on the bales at the Tuesday noon meeting, is probably about the average guess of the average cotton observer.

Bille Lee, cotton buyer, made the lowest guess, 32,000 bales, and was promptly fined 10 cents for his pessimism. Roland Bell, meat market man, guessed highest, 57,500 bales. Henry Brice, county judge, guessed 41,780, which was nearest the average guess.

Mrs. O'Jawish—"Well, Mrs. Murphy, I'm glad to see you. How did you like your trip abroad this summer?"

Mrs. Murphy—"Well I liked Paris, London and Rome, but the best part of the whole thing was the trip over. Don't miss that, whatever you do, if you ever go to Europe."

Mike was "down and out." The pastor of his church meeting him in the street one day looking very threadbare, took pity on him.

"Come with me, Mike," he said, "and I'll give you a shilling out of the poor box."

But Mike was on his dignity at once. "Indeed ye won't!" he exclaimed. "Sooner than accept charity, I'll beg."

Nations have recently been led to borrow billions for war; no nation has ever borrowed largely for education. Probably no nation is rich enough to pay for both war and civilization. We must make our choice; we cannot have both.—Abraham Flexner.

One who cheats another cheats himself more.

## Texas Skunk Sales

Possums and skunks may not sound very enticing, but these two animals yield a larger number of pelts to trappers in Texas than any other animals. Out of the 1934-35 catch of 912,276 raw furs, over 600,000 of them were opossums and about 120,000 were skunks. The season's fur catch was valued at \$600,000, but in past years the amount has been estimated as high as \$3,000,000.

Mother (after a vain attempt to sing small child off to sleep)—"Why don't you go to sleep, dear?"  
Peter—"Well, mummy, I was waiting for you to stop singing."

Tourist (paying his bill)—"Well, I'm square now."  
Hotel manager—"Yes, sir, and I hope you'll be 'round again very shortly."

Heroine (frantically)—"Is there no succor?"  
Voice from audience—"Sure; I paid two bits to see this show."

Political candidate—"Will you join our party?"  
Bright young thing—"Certainly! When is it?"

Education is a possession which cannot be taken away from men.—Epictetus.

## Contributors to Football Shoeing Fund Are Listed

In a statement given The Times yesterday, the members of the Snyder Athletic Association said:

"We wish to thank publicly all those who contributed so wholeheartedly toward the purchase of football shoes for the Tigers. The boys appreciate the splendid backing, and they intend to show that appreciation by giving their very best toward making this the best season in many years.

"Several of the following contributed the full amount of a pair of shoes, and all other amounts were courteously given and are deeply appreciated:

"Jesse Jones, A. D. Erwin, Dr. J. G. Hicks, Times Publishing Company, R. H. Odum, Amos Joyce, T.-P. Service Station boys, Graham & Martin, Ely-Arnold-Ely, Stinson No. 1, Stinson No. 2, Bryant-Link Company, The Fair Store, C. Wedgeworth, Earl Louder, Frank Farmer, Higginbotham-Bartlett Company, Dr. Grady Shybles, Hugh Taylor & Company, Maurice Brownfield, "Wilkinson Lumber Company, Dr. H. G. Towle, Texas Electric Service Company, Perry Brothers, Marcel Josephson, Nathan Rosenberg, N. W. Autry, Winston & Clements, Austin Erwin Jr., Warren Dodson, John Keller, Hadley Reeve, King Sides, A. C. Alexander, Brown & Son, H. H. Elland, John Spears, Bob Gray, Hande-Dande, Chas. J. Lewis Jr., Roy Jennings."

"If you added seventy-six thousand, nine hundred and twenty-three to eighty-one thousand, four hundred and twelve, what would you get?"  
"A wrong answer."

## Snyder General Hospital

Mrs. Kate Day of Snyder, surgical patient of August 27, and Ina Nell Ball of Fluvanna, August 31, surgery, were last week's entries remaining in the hospital early this week.

Judge Jim Stinson of Abilene was taken home late Tuesday following a recent operation.

For medical attention the past week the following have entered: G. G. Yeatts of Polar, Mrs. Henry Key of Justiceburg, M. E. Gurney of Colorado, all of whom had left the hospital yesterday, and Wilson Connell of Polar and G. E. Goodwin of Colorado, who were still in the hospital this week.

Mrs. Sam Etheredge of Roby, L. L. Eubanks of Ira and Ben Caswell of Hermleigh were this week's surgeries, Mrs. Etheredge and Mr. Eubanks remaining this week.

Mr. and Mrs. Jimmy Robinson, formerly of Dallas, left Snyder yesterday after several days' visit with his mother, Mrs. J. L. Robinson, and other relatives, going by way of Dallas to Detroit, where he will be employed with General Motors Corporation. Robinson was connected with the same concern in Dallas.

## A Letter to Uncle Sam.

Dear Santa-Clausy Uncle Sam:  
If you are as wise as Democrats believe you to be and Republicans hope you to be, you will continue the trend you have followed in recent months. That is, you will drastically slice the various governmental agencies that were created primarily as emergencies.  
If you don't continue to slice them with somewhat of a vigor, your head man, who has been dubbed Dr. Roosevelt, will no longer be head man; nay, nor any of his cohorts.  
This slicing business is not only the sensible thing to do. It also happens to be the political thing to do. You see, Uncle Sam, the Republicans are not as blind as they were three years ago when they tried to land on Dr. Roosevelt. They have learned a thing or two.  
For instance, they have learned that the public is beginning to believe them when they yell that your Dr. Roosevelt was elected out of a labor and government relief slush fund. But if you will persuade your head man that horse sense and politics demand elimination of most of these government-aid agencies, and drastic reduction of others, the public will be convinced that the agencies were created for an emergency, after all.  
You see, Uncle Sam, most of the emergencies have passed. Most of us are paying back a few of our debts, buying a bit of furniture, wall paper, new duds, and such. Most of your government-help clients can now pick cotton or work in factories or dig ditches or work in offices, if they wish.  
It is good to learn that the WPA in Texas is cutting its administrative expense by \$48,200, its employees by 315 per month; that Scurry County's NYA quota was cut from 42 to 17 this year; that various other slices are being made.  
Keep it up, Uncle Sam, or... well, horse sense demands it... and you'd kinda like to elect a Democratic president next year, wouldn't you?

## The Cotton Situation.

Excerpts From The Texas Weekly.  
The cotton loan of nine cents a pound offered by the government, with the optional plan of a bonus not to exceed three cents a pound on all cotton sold during the season, has a very stout string tied to it. The bonus is not to be paid until next year and only to farmers who reduce their acreage to the equivalent of 65 per cent of their "base acreage" of 1937. The "base acreage" in the case of any individual farmer is roughly equivalent to his average acreage planted to cotton over a period in the past, which period is determined by the department of agriculture.  
What this means in effect is that cotton producers must agree to cut acreage down to about the average for the three years ending with 1936. What it means in Texas is that cotton acreage next year, provided the farmers generally agree to it, will be cut from this year's area of about 12,500,000 acres to about 11,000,000 acres. The present acreage is about 5,000,000 acres, or more than 28 per cent, below the pre-depression average.  
This plan proposes that Texas shall reduce the cotton area by another 1,500,000 acres, thereby making the total area about 6,500,000 acres below the pre-depression average. During the three years ending with 1936 the average acreage harvested was 10,927,000 acres, and the average production was 2,769,000 bales. The August estimate of the Texas acreage this year was 1,338,000 acres, an increase of less than 15 per cent over the average for the three years ending with 1936, but the estimated production was placed at 4,214,000 bales, or an increase of more than 55 per cent above the average. The estimate shows an increase of 1,611,000 acres over the above average, and an increase in production of 1,543,000 bales over that average. When such a relatively small increase in acreage is accompanied by such a large increase in production, it is perfectly clear, is it not, that it was not the increased acreage that caused the increased production?  
It is foolish, it seems to us, to continue a policy which has shown such poor results after five years of trial.  
The real remedy, of course, as we have been pointing out for several years, is for the United States to adjust itself to its status as a creditor country and permit other nations to pay their obligations in this country, including those arising from the purchase of cotton and other American goods, in the only way they can pay them, which is from the proceeds of the sale of foreign goods within the United States.  
Incidentally, we have been pointing out also for several years that if we did not do this by increasing our imports above former levels, the other nations would accomplish it by reducing our exports, curtailing their purchases from us, and thus obtain a necessary balance to pay debts. That has been happening, for we are now on an import balance, but this is due to the circumstance that our exports have not been restored as rapidly as our imports. It is due chiefly to the lag in our exports rather than to the speeding-up of our imports. Foreign countries are not buying much from us that they can obtain elsewhere, and this is particularly true of cotton.  
The real remedy for this situation is to lower our tariff wall, and thus stimulate our trade with the world. But almost any plan of handling the cotton situation is better than this one of attempting to keep our production below the level of world consumption of American cotton while doing nothing to check the decline in the consumption of American cotton.  
Milwaukee Journal—We still have the old fashioned idea of earning money before spending it, but our children are modern. They like to spend it first and have that much of the work off their hands.

## Red-Hot Politics.

Politics in Texas and all its subdivisions is already warming, almost four months ahead of the customary announcement time.  
With such an array of potential public servants so far in advance of the first primary next July, what will be the result when the struggle gets into the vicious circle early in 1938?  
Unless the signs are awry, every ballot—state, district, county and precinct—will be flush with the names of those who wish to serve (or frisk) the patient public.  
As always, the men and women who are elected will be a fair cross section of the area they represent. If our office holders are immoral, spendthrift and back-boned, they merely reflect the character and ambitions of the folks back home, or the folks in their territories.  
Yes, politics is getting red-hot. It is not too soon to begin studying each candidate who announces, as with a magnifying glass. Watch him now, and throughout the coming months, and you will probably have a pretty good idea of how much last-minute propaganda to believe when the races reach their zenith next summer.

## Current Comment.

By LEON GUINN.  
The other day a Snyder business man and I walked by a young couple, two weeks wedded, who were parked on the square doing some courtship necking. . . . It's getting to be rather common lately to note young folks on the square who cannot refrain from grabbing each other. . . . Well, we used to think hand holding and necking were reserved for moonlight nights and apple blossoms.  
But it seems today this business of romance is a 24-hour industry with some folks. . . . This line-up of sweethearts on parade is always intriguing to see; for the Maytime of life blooms but once and the brief summer of youth's carefree days are a memory soon enough. . . . But couldn't we do without quite so much mushy wushy, palese walsee, lip stick sharing known as petting?  
We'd a lot rather a little would be left to the imagination, and suspect the youngsters of petting, sparring, cooling, wooing—or whatever else you prefer to call it. . . . It all falls in the category of "good old country loving." . . . But here's to romance, anyway—for some pretty goofy acts are perfectly sane when done in the name of romance!  
When the American Pharmaceutical Association met in New York for the 85th annual meeting, the chief concern of the 1,000 pharmacists gathered on Lexington Avenue was the dwindling supply of exotic wild plants in America—native flora whence come the basic raw drugs pharmacists use to compound 165,000,000 prescriptions annually. . . . These prescriptions are worth \$151,000,000.  
Heber W. Youngken of the Massachusetts College of Pharmacy, for instance, suggested special cultivation of gelsemium, the climbing jasmine of the South (yellow), which is a basis for powerful and soothing sedatives; Texas and Virginia snakeroot (which is used in typhoid fever and typhoid pneumonia), and is technically known as serpentaria.  
While ethical pharmacists go into a green rage over some patent medicine lines, the problem of insuring a permanent supply of wild plants for basic drugs is indeed a challenge to all drug supply factories. . . . No herbalist, quack, or witch doctor is the graduate pharmacist of your local drug store, in whose skilled hands human life depends—for registered prescriptions are truly life giving potions.  
One of the most promising ointments discussed at the Pharmaceutical meet was a colloidal suspension of calomel, which is 100 times as effective as previous lard base ointments. . . . This calomel ointment was used on cultures of staphylococci (boil causing microbes), other kinds of microbes with 100 per cent success. . . . The highlight of this calomel ointment is that no toxic effects are felt, as when too much mercury is introduced in the body.  
Look for this new test tube creation to play an important part in the nation's drive against syphilis, if tests meet the approval of the U. S. Public Health Service. . . . Victorian pursuits will consider it rather unmentionable, but the fact remains that 72,000 people in Texas are infected yearly with syphilis, which is factually one of the most dreaded social diseases. . . . It will be recalled a few years since city editors were fearful of offending the public, and originated "social diseases" as a substitute phrase for the whole category of venereal disease.  
The U. S. Public Health Service is bringing the fight out in the open on social diseases, for the annual toll in America is 10,000,000 infected people. . . . Did you know, that with 100 per cent cooperation from the public, social disease could be stamped out in America in two generations? . . . It is the dreaded phobia of the entire medical profession, the chief contributor to our nut houses and state and federal institutions.  
In Cameron County, the commissioners pounced on their tax budget with a vengeance, slashed all county tax rates radically. . . . It was then the astute commissioners, much to their surprise, discovered they had entirely eliminated the fund from which their own salaries were paid. . . . That's doing things the Texas way! . . . P. S.—This error was "quickly corrected."

## United Drys Set For Texas-Wide Capital Meeting

Rev. Jeff Davis, state representative of the United States Drys, in town-wide church services held in Snyder recently, called attention to the annual convention of United Texas Drys to be held in Austin September 29 and 30, and urged large attendance.  
Main speakers for the convention will be Dr. J. G. Hobbs of the First Baptist Church, Birmingham, Alabama, president of the National Anti-Saloon League, and Judge Dunford of Washington, D. C., superintendent of the league.  
In recent issue of "The Texas Citizen," a publication devoted to fighting liquor traffic in Texas, Rev. Davis pointed out reasons why attendance at the convention should be large. His points were as follows:  
"1.—We need to get our heads and hearts together on a great program for the extermination of the traffic in beverage alcohol. Conditions demand a unity of purpose and action. We need the counsel of our wisest and best."  
"2.—Outstanding speakers will be on the program, men of national and international fame. They will bring us the latest in liquor plans and movements."  
"3.—You will hear the report of what has been done during the past two years. Reports will be made of the work done, funds collected and how such funds were spent."  
"4.—The place of meeting is Austin, where our laws are made. Austin is in easy reach of every section of the state. We should have 5,000 delegates. The dates are September 29 and 30."  
"5.—Put the convention on your program and plan to come. The convention needs you and you need the convention."

## Willing Workers in Rainbow Union of Area M. E. Groups

Willing Workers Union of Methodist young people, of which Scurry County Methodist groups are members, was made a part of the Rainbow Union at a monthly union meeting in Colorado last Thursday night.  
Mrs. C. E. Jameson of Colorado was elected new union counselor, James Patterson of Union Chapel is new vice president, and Loyce Bealy of Lorraine is publicity chairman. Rilla Payne was in charge of a missionary program given during the evening last week.  
The efficiency banner was again won by Lorraine. The group has won the banner every month except one since origin of the custom. A social hour followed the program. Various games and refreshments were enjoyed.

## Marimba Music on Lions Program as Visitors Featured

Visitors, led by W. M. Ford, marimba player, featured the Lions Club program Tuesday at noon. Ford, who came from Lubbock several days ago to become associated with Snyder Transfer Company, presented two well-applauded numbers on the mellow-toned instrument.  
Coy Barksdale, coach of the Canyon Teachers College demonstration high school football team, was presented by Lion W. T. Hanes of Hermleigh. Barksdale is teaching this week at Hermleigh, substituting temporarily for Leo Jones, high school principal, who resigned last week to accept a position with the Sweetwater schools.  
Hanes invited Lions to attend the Puvanna-Hermleigh football game at Hermleigh Friday afternoon at 3:15 o'clock.  
J. C. Ross, member of Roscoe Lions Club, new manager of Higginbotham-Bartlett Company, was also a guest. J. A. "Bey" Dunn, son of the man from whom the town of Dunn was named, was also a guest. Hadley Reeve, grammar school principal, was the fifth guest of the day.  
The club was called on to support the singing convention here Saturday night and Sunday, and the Lions fireman "donkey" baseball game next Tuesday night at Tiger Field.

## Mrs. M. C. Bishop Succumbs Tuesday

Funeral services for Mrs. M. C. Bishop of Big Lake were held Wednesday afternoon at San Angelo. Wife of a former pastor of the local First Baptist Church, Mrs. Bishop was known to numbers of local people. She died Tuesday in San Angelo.  
Among the group of friends attending last rites were those from her husband's former parishes, Snyder, Post, Winters and Colorado. Snyder representatives were Mr. and Mrs. W. J. Ely.

## Lloyd Mt. Gives Full Consent To New School Plan

Lloyd Mountain voters gave 100 per cent approval on Saturday, August 28, to issuance of \$2,000 in bonds for erection of a new school building in the near future.  
The votes were officially canvassed several days ago by the Commissioners Court. Sixteen votes were cast for, no votes were cast against the issue.  
The court also canvassed returns of the recent state amendment election, revealing the following official county totals:  
Total votes cast, 293; bank amendment, 104 for, 150 against; destitute children's amendment, 135 for, 151 against; fee system amendment, 79 for, 204 against; tax amendment, 166 for, 127 against; Harris County amendment, 89 for, 168 against; blind aid amendment, 146 for, 146 against (tie).  
The court in this special session, held Thursday of last week, also approved a number of bills for August.

## Joe M. Leonard of Gainesville Visits

Snyder was visited Tuesday by Joe M. Leonard and family of Gainesville, who were on a vacation trip.  
The well known publisher of the Daily and Weekly Gainesville Register is one of the prime boosters for and sponsors of the world-famed Gainesville Community Circus, "only show of its kind in the world."  
Right now the aggressive publisher is fighting the Legislature's avowed plan to levy more taxes at the called session, and he is especially interested in defeating any sales tax measure.
