BUSY CORNERS OF SQUARE TO HAVE SIGNALS

City Council Votes to Cooperate
With Highway Department
On Installation.

Two four-way traffic lights will be installed in the near future on the two corners of the Snyder square that are crossed by state highways. It was decided at the regular City Council meeting Monday night.

The city is cooperating with the State Highway Department in the installation. City Secretary J. S. Bradbury was instructed to communicate with the department relative to installation of the signals.

One of the lights will be on the corner of 26th Street and Avenue R; the other at the corner of 25th Street and Avenue S.

Building permits for October hit the \$4,400 mark, bringing 1937 to total, with two months to go, to \$52,475.

Bills totaling \$655.55 were approved. Fines for October were \$21.40; water and sewer collections, \$1,617.29; taxes, \$731.89.

Ziegler Wedding Fifty Years Ago In Wood County

Wedding bells rang 50 years ago, November 6, for J. C. Ziegler and his bride. It was six miles east of Wimberson, Wood County, where the ceremony was performed.

Next Saturday, exactly 50 years after, Mr. and Mrs. Ziegler will quietly observe the golden anniversary by entertaining most of their children and their children's families. The gathering will be held on the Ziegler place 13 miles northwest of Snyder.

The Zieglers have resided in Scurry County all of the time since 1914, except for a four-year stay in Borden County. They settled first on a farm south of Snyder.

Eight sons and one daughter have come into the home. All are living except Roy, who has been dead several years. The eldest son, J. C. Jr., has been a barber in Honolulu, Hawaii, since 1920.

The other children, in age order, are as follows: W. T., who lives with his parents; J. A. and Dave, Silverton; Mrs. Jim Nipp, Dallas; Walter, who lives at home; Harry (Red), Snyder; and Ector Lee, Silverton.

Mack Gideon Likes All-Along Vacation

Mack Gideon will tell you when his wife is not around that he greatly enjoyed his all-alone vacation trip that ended early this week.

While Mrs. Gideon and their son remained at home, Mack was galavanting around. The Texas Electric Company service man visited his sister, Lois Payne, and his brother, Lee Roy, a student in T. C. U., Fort Worth. He returned home for a short time during the two-week period, and was off again, this time to Wichita Falls and Mineral Wells.

Carloadings Increase

Santa Fe Railway System carloadings for the week ending October 30 were 27,746 compared with 24,680 for the same week in 1936. Received from connections were 7,532 cars, compared with 7,108 for the same week last year. Total cars moved were 35,298 compared with 31,788 for the same week in 1936. The Santa Fe handled a total of 34,085 cars in the preceding week of this year.

MASS MEETING ON CHILD WORK

A mass meeting has been called for Tuesday night, November 9, 7:30 o'clock, of everyone who is in any way interested in child welfare work as carried on in the community during the past year.

Mrs. W. W. McCarty, president of Ingleside Club, sponsor of the work, and Mrs. Raymond Sims, president of the Snyder Child Welfare Association, point out that the work should be organized on a sound footing before cold weather begins in earnest.

Last year the organization provided for dozens of children in the local school system, giving them noonday lunches, and providing clothes when needed. Some home work, aimed at helping the children, was also conducted.

Mrs. McCarty and Mrs. Sims urgently request that not only representatives of cooperating organizations, but also individuals, attend the child welfare association.

Armistice Day

Despite the heavy movement of cotton, practically all Snyder business houses, with the exception of those that customarily remain open on Sunday, will be closed all day Thursday of next week, Armistice Day.

The bank will be closed all day, and the post office will offer only a portion of regular services.

The Armistice that closed the World War was signed by the Allies and Germany at 5:00 a. m. of November 11, 1918, in the Forest of the Aigle, near Rethondes.

No special observance of the event has been planned in Snyder except school programs and Sunday sermons.

JOE ROEMISCH PERFECTS HIS GUM BUILDER

Leading Hermleigh Farmer
Placing Patented Device
On Market.

Necessity is surely the mother of invention as far as Joe Roemisch, prominent farmer of the Hermleigh community, is concerned.

Bothered with his false teeth for some time... unable to eat some of the things he likes most... always having sore, withered gums. That was Roemisch's "fix" when he came to the conclusion that he would do something about it.

Out of necessity grew the Roemisch gum developer, which has been patented, and which is this month being placed on the open market. The inventor, with the assistance of Dr. C. E. Helms of Snyder, is first planning to market the device within 150 miles of Snyder, and later in a wider territory.

The Roemisch gum developer is simplicity itself. A small valve is inserted in the dental plate. When the plate is placed on the gum, a small steel ball inside the valve automatically fills the suction tube, forcing all air from between the gum and the plate. The vacuum thus created virtually welds the plate to the gum.

Roemisch declares the suction created by the valve is a natural builder of flat, withered gum tissues. This result has been successfully demonstrated not only on his own gums but also on the gums of several other persons.

The veteran farmer realizes that marketing of the Roemisch gum developer will probably be a gradual process. But he believes the benefits of the device will become well known as its use spreads, and that marketing it will thereafter become much simpler and cheaper.

Important Meeting Of Court Next Week

The Commissioners Court will meet Monday in a regular session that will concern several matters of wide interest, probably including Highway 15 right-of-way.

At its regular session Monday of last week, the court allowed a number of bills, authorized purchase of new typewriters for the district clerk's office, and the county superintendent's office, and ask for bids for some new road machinery.

Band From Canyon To Play in Church

The band from West Texas State Teachers College, Canyon, will play Sunday night, beginning at 7:30 o'clock, at the First Baptist Church.

The public is invited by leaders of the church to hear the well known musical group in several religious numbers.

A reception will be given in the church basement, at the close of the program, for the visiting band. The Scurry County Ex-Students Association of the Canyon school will be hosts.

City Health Officer To Dallas Gathering

This state's part in the nationwide campaign against syphilis and gonorrhea was the major discussion at the annual gathering of state health officers in Dallas this week.

Dr. I. A. Griffin, Snyder health officer, attended. He said the drive against the widespread social disease scourge is making headway, especially in larger cities of the country.

The local physician went to Dallas Sunday night, returning Wednesday.

Reeves Back on Job.
J. R. Reeves, Snyder Transfer Company office man, returned Friday from Lubbock, where he had been recuperating from a severe asthma attack for about two weeks. Most of his recovery was atop the Lubbock Hotel.

START CENSUS TO DETERMINE NON-WORKERS

National Unemployment Census in
Snyder to Be Completed This
Month by Government.

Snyder and other cities and towns of the United States will be thoroughly canvassed within the next few days to determine the number of persons who are totally or partially unemployed.

Mayor H. G. Towle, requested by the state chairman of the national unemployment census to name a Snyder committee to cooperate in gathering unemployment information, yesterday made the following appointments: Chairman, J. C. Smyth; J. R. Reeves and J. P. Strayhorn.

Unemployment cards will be distributed through the post office. The cards are to be mailed before midnight November 20.

On the back of the census card is this statement from President Roosevelt:

"To Every Worker—If you are unemployed or partly unemployed and are able to work and are seeking work, please fill out this report card right away and mail it before midnight, Saturday, November 20, 1937. No postage stamp is needed.

"The Congress directed me to take this census. It is important to the unemployed and to everyone in this land that the census be complete, honest, and accurate. If you give me the facts I shall try to use them for the benefit of all who need and want work and do not now have it."

OWLS TO PLAY AT HERMLEIGH

With the Snyder Tigers resting on their oars this week-end in preparation for their Armistice Day tussle with Roscoe, gridiron splashes in the county will be provided by the Dunn Owls and the Hermleigh Cardinals at Hermleigh Saturday afternoon.

Particular interest is attached to the game, since the Cardinals nosed out the Owls early in the season by a 13-7 count. This tussle will virtually determine the Class C championship of the county. A number of local fans expect to attend.

Cotton Crop Out Early This Year In All Sections

The Santa Fe Railway agricultural report for November 1 says of Texas crops:

Favorable growing weather has matured this year's cotton crop about two weeks earlier than usual, and to mid-October harvesting was farther advanced than at the same period last year. A fine yield of 4,622,000 bales still is in prospect, and according to ginnings to date, will be fully reached. Drouth in Central Texas, with some insect damage, probably has voided the chances of a top crop for this year.

Rains, during the period October 10 to 14, have been general over the state and reached territory that has been dry and suffering from drouth for weeks. Renewed hopes have come to the ranchmen of the Southwest Texas region.

Growers in the pecan region of Texas have indicated that the 1937 estimate of the pecan crop—24,000,000 pounds—will be maintained despite some attacks by the case bearers.

A survey, recently completed, indicates a crop of 107,000,000 pounds of peanuts compared with 99,120,000 in 1936.

A slightly heavier acreage of wheat has been planted than last year. A greater part of it is up, and much of it is under pasturage.

Texas turkey crops for Thanksgiving and Christmas markets continue favorable. Quality is expected to be better than usual with only a slight decrease in the number of turkeys.

Darkness Dampens Hallowe'en Horror

Hallowe'en, already gone stazy in recent years, had its Saturday night damper turned down in Snyder.

The lights went out all over the town, with the exception of the street flickers, just as darkness had spread its Hallowe'enish talons.

Officers say practically no real damage was reported. Chief adverse result of the light-lock was confusion in the Saturday night shopping crowds, plus delay until Monday night of the major portion of the carnival at the school gymnasium.

E. B. Barnes

An old-time Snyder editor and publisher is E. B. Barnes, now of Austin, who made his newspaper debut as owner of "The Coming West." The Austin man, accompanied by B. F. Roberts, also of Austin, was meeting old friends here last Thursday.

200 BUSHELS OF MEBANE TO IRA FARMERS

Improved Acala Is Choice of
Committee, But Signers
Prefer Mebane.

Two hundred bushels of seed were ordered by Ira community after the Monday night meeting in which Mebane cotton seed from the A. D. Mebane estate was chosen by a majority of the farmers present.

Improved Acala, bred by Von Roeder Seed Farms in Borden County, was suggested for the community choice by a committee that was named for the purpose, but when the matter was put to a vote the A. D. Mebane seed was winner.

More than 40 farmers have definitely ordered the standard seed for a total planting of between 500 and 600 acres. A number of others are expected to join the movement later.

Ira is the first Scurry County community to standardize on a single cotton seed, even in a small degree.

"Little Reporter" Is Name of Publication

First copy of the "Little Reporter," news sheet edited and published by the fourth grade students of the local school sponsored by Mrs. Herman Darby, was issued last week. Students are gaining knowledge in news writing, Mrs. Darby said.

Staff of the publication is as follows: Betty Jean Joyce, editor-in-chief; Dorothy Jean Wilson, business manager; Kenneth Snyder, sports editor; Billy Jo Ramey, joke editor; Francis Jones, club reporter; John Jay Boren, chief reporter; Charlie Wade, believe-it-or-not; Johnnie Jean Leonard, society editor.

Copies are sold by the students for two cents each.

Plainview to Stage Friday Box Supper

Plainview folks are inviting their friends from other parts of the county to attend the old-fashioned box supper and the blackface one-act play at the school building Friday night, 7:15 o'clock.

The play, "What's My Pants?" staged by the Plainview Entertainment Club, will be free. Principal Roy Irvin says proceeds from the sale of boxes will be used for completion of payments on the school light plant.

Married October 23.

Miss Thelma Payne, formerly a Times correspondent, became the bride of William C. Eades in a simple service held at the Methodist parsonage in Snyder Saturday, October 23, at 5:30 p. m. Rev. H. C. Gordon, pastor, read the ceremony.

Cleaners to Lubbock.

Several local cleaners and dyers are planning to be in Lubbock November 15 and 16 to attend the annual convention of the Texas Cleaners and Dyers Association. Many cleaners from eastern New Mexico are also planning to attend.

County-Wide

"I want to call on the people of Scurry County to make the 1937 Red Cross Roll Call a truly worthy cause," County Judge H. J. Brice said yesterday. "Let us never forget, not only what the Red Cross has done for thousands of sufferers in recent months, but what it did for our own county during drouth and depression."

AVERAGE CROP OF TURKEYS TO BE MARKETED

Growers of This Territory May
Suffer Because of Bumper
Crop Elsewhere.

The Times learns as it goes to press this (Thursday) morning that the turkey market is opening today at 15 cents. Buyers point out that this is the Thursday opening price, and may not be the price for any other day. Snyder Produce Company's dressing plant is beginning operation immediately.

With the Thanksgiving turkey market opening this week-end, turkey raisers of this trade territory are preparing for sale of an average number of birds.

They are hoping, of course, that the price will be above average, but local poultrymen are of the opinion that because of heavy turkey crops in the big turkey raising areas, there is little likelihood of a better-than-average price.

Last year the price for number one birds averaged about 11 cents per pound.

County turkey shipments usually range from five to 10 cars, averaging about 23,000 pounds to the car. Thus with an average crop the total would run about seven cars, or between 150,000 and 175,000 pounds.

Condition of birds this year is said to be slightly better than usual, although growing conditions have not been ideal.

TAX BUSINESS LOOKING GOOD

Collection of all kinds of taxes—county, state, city, school and poll—promises to be far better than in any recent year, according to Bernard Longbotham, county assessor-collector, and J. S. Bradbury, city secretary and Snyder school collector.

In addition to early payment of current taxes, the collectors report extensive payment of delinquencies. Delinquent taxes for all governmental taxes are at their lowest ebb in recent years.

Poll tax payments, although comparatively slow this year, as usual, promise to go high because of keen interest in approaching state, district and county elections.

Sixteen Counties Slate Farm Meet At Abilene Soon

A farm security meeting, with the Extension Service cooperating, will be held for 16 counties, including Scurry, at Abilene Thursday, November 11. The public is invited to hear explanation of aid in buying farms which can be extended under the new Bankhead-Jones act, and other help offered by Farm Security Administration to low-income farmers unable to obtain financing from any other source.

C. M. Evans, Dallas, regional director of the Farm Security Administration, will be one of the principal speakers. The Extension Service program will be discussed by S. A. McMillan, College Station, economist in farm management. The meeting will start at 10:00 a. m. Counties to be represented are: Scurry, Mitchell, Fisher, Nolan, Taylor, Jones, Callahan, Coleman, Eastland, Brown, Comanche, Erath, Hamilton, Bosque, Hood and Somervell.

Each county will send its county agents of the Extension Service and its farm security supervisors, both men and women. Members of the county advisory boards of FSA, both rural rehabilitation and debt adjustment, are also expected.

Regional Director Evans said that FSA "is prepared to finance, among low-income farmers, the sort of program which the Extension Service has so successfully introduced among other farm groups."

H. H. Williamson, Texas director of Extension Service, said that the low-income farmers with whom FSA is dealing "have bankrupted more Texas bankers and merchants than any other group." He said Extension Service workers "have realized the need of reaching this group, but had nothing to reach them with. Their first need is financing, without which any advice and guidance is ineffective."

The meeting at Abilene will explain the plan of cooperation between the two agencies, FSA and Extension Service.

Carl England was called early this (Thursday) morning to Decatur to the bedside of his father, R. C. England, who is seriously ill.

Red Cross Roll Call Begins Wednesday

TRIPLE EVENT SET THURSDAY

This is the night. At the local school auditorium, 7:30 o'clock on a Thursday, a triple program will greet the public. This P-T. A. sponsored event, for which admission is 25 and 10 cents, will help provide funds for the P-T. A. school improvement program.

In a nutshell, the Thursday night (this week, mind you) program will include:

1.—Amateur Contest. Dancing, singing, music, comedy. All home talent, competing for places in a state contest.

2.—"Miss Texas" Competition. Snyder's loveliest girls, one to be named for southwestern contest.

3.—Shirley Temple Parade. Snyder's cutest kiddies performing as you like them.

Mrs. Aubrey Stokes is the P-T. A.'s manager for the three-way event.

Hays Will Leave Late This Week For New Church

Late this week will be moving time for Rev. Lawrence Hays, retiring pastor of the First Baptist Church, who will move with his family to San Angelo. Rev. Hays, pastor here for almost three and one-half years, tendered his resignation at the prayer meeting service nine days ago.

At San Angelo he will be pastor of the Park Heights Baptist Church. Members of the committee appointed last Sunday to recommend a new pastor said they have not yet prepared a report.

The local pulpit will be occupied Sunday morning by Rev. C. J. Childers, pastor of the Westbrook Baptist Church. Musicians from West Texas State Teachers College, Canyon, will present religious numbers at the night service, 7:30 o'clock.

Activities Proclaim That Pyron Opened Her School Monday

One has only to look at the Pyron activity chart to know that school days were on again there Monday of this week, after a shutdown for cotton picking.

The basketball girls, bedecked in new gold and black suits, have lost a game to Divis, 37 to 25, and the boys have lost to the same school, 27 to 21. But Superintendent M. H. Greenwell is looking forward to a successful basket season, despite these early losses. His players have barely started their fall workouts. Highland, Nolan County, was slated for games at Highland with Pyron Tuesday night of this week.

A good Parent-Teacher Association meeting was held last Thursday night. On Saturday night the Wiggins magic show, sponsored by the school, gave a well attended performance.

The seniors are to present a play late in November, with Mrs. Greenwell as coach and sponsor.

Special Music Will Be Singing Feature

The community sing-song at the First Presbyterian Church next Monday night will feature quartets and other special forms of music. As usual, the public has a cordial invitation to attend, as the purpose of the gatherings is primarily to revive old-time songs in the community.

The sing-songs are held each second and fourth Monday. Average attendance for previous singings has been 50 persons.

John Lynch Is Back.

John Lynch, one-armed fruit stand operator, announces that he has opened for business again, this time a block north of the square, just across the street from Dock Bynum's produce. John has been out of town much of the time in recent months.

For Humanity

"The Red Cross is the greatest agency that operates in the world today for the sole purpose of helping humanity," Mayor H. G. Towle said yesterday. "I believe our people will rally to the support of 'the Mother of Humanity.'"

How Many Now?

The Times-table reveals this week that the county's 14 gins have turned out (early Wednesday night) almost exactly 31,000 bales of 1937 cotton.

Exact Snyder ginnings early Wednesday night were 14,510 bales. If output of the other county gins was in proportion to what it was when the last government report was made October 18, the full total now would be 31,427 bales.

But the Times-table shows a slight decrease in proportion outside of Snyder; thus the 31,000 estimate.

Damp weather is damaging the grade of the crop, but will probably cut down to output little unless blustery, cold weather comes soon.

SCURRY GOES TO FRONT WITH COTTON TOTAL

County Figure for October
18 Was 16,690 Bales;
10,172 in 1936.

Government ginning totals released early this week revealed that Scurry is ahead of most of her neighbors in ginnings, and that she is gradually pulling away from practically all West Texas counties south of the Plains.

The county total through October 18 was 16,690 bales, compared with 10,172 bales at the same time in 1936. The Texas total this year was 3,122,701; last year, 2,061,900—a gain of more than 1,000,000 bales.

Mitchell, which last year beat Scurry by a small margin, promises to fall far behind this year, although her October 18 ginnings were only slightly lower than Scurry's. The Mitchell totals are: 1937, 15,887; 1936, 10,282. Nolan had 15,827 this time; 10,924 a year earlier.

Bearing in mind that the Plains crop is just now getting well under way, here are some nearby totals, with the 1937 figures first, the 1936 figures second:

Howard, 11,113, 8,153; Jones, 29,683, 25,132; Lamb, 4,778, 5,101; Kent, 3,208, 2,787; Lubbock, 15,531, 22,280; Lynn, 24,097, 15,432; Stonewall, 4,507, 2,740; Taylor, 22,490, 19,074; Dawson, 22,280, 14,627; Fisher, 20,798, 14,929; Garza, 7,487, 2,132; Haskell, 18,531, 11,777.

Texas counties that are leading to date are: Collin, 73,667; Ellis, 62,473; Falls, 51,835; Fannin, 59,272; Fort Bend, 55,302; Hidalgo, 53,346; Hill, 64,931; Hunt, 70,298; Kaufman, 51,045; Lamar, 50,989; McLennan, 64,849; Navarro, 64,636; Nueces, 91,396; San Patricio, 83,513; Wharton, 61,621; Williamson, 73,088.

Carnival Gags Will Hit Fluvanna Ears

Cries of "Hi, lookie!" "Step right up, ladies," and "See Jarko the wild man!" will be among familiar carnival gags that will be heard on Fluvanna school grounds on November 11, date of what Fluvanna folks describe as "the biggest affair ever presented in this community."

Main attractions for the day will include a free Armistice program in the auditorium at 11:00 a. m., football game in the afternoon, basketball at 7:00, the queen's minstrel, fireworks, athletic shows, and varied booths sponsored by classes and organizations.

All proceeds from the day's carnival will be used to defray expenses of the school extra-activity program, including the purchase of a loud speaking system for the auditorium.

Mrs. Josephson Better.

Last reports from the bedside of Mrs. Marcel Josephson, who has been ill in San Antonio for several weeks, say that she is improved. Her husband, Snyder groceryman, left Monday night to spend this week in San Antonio with his wife. He will return probably today.

Cotton Grade-Staple.

Cotton grades in the third Texas cotton district, of which Scurry is a part, have shown a high percentage of spotted strict middling during the past week, according to government totals. This grade is 25.9 per cent of the total; white strict middling, 27.8 per cent. Only 20.6 per cent of the staple was 15-16 and 31-32, while 61.4 was 7-8 and 29-32.

500 GOAL SET BY LATTIMORE

Roll Call Chairman Hal A. Lattimore is organizing his workers for a swift Red Cross drive throughout the county—a drive that he hopes and believes will enroll a minimum of 500 members between Armistice Day and Thanksgiving.

The drive is to start in Snyder Wednesday morning, November 10, 9:00 o'clock, with teams of local business men combing the square.

Before the week is out, similar work is expected to be done in the local school and in other towns of the county.

Lattimore points out that 50 cents out of each \$5 membership, remains in this county for the direct assistance of the county's needy.

Fluvanna Ready To Tackle Cards In Holiday Game

By Fluvanna Reporter.

Followers of class C football in this section of West Texas will have an opportunity to witness the outstanding classic of the '37 season when the Fluvanna Buffaloes and Hermleigh Cardinals clash in their annual Armistice Day battle on the Fluvanna gridiron. The Cards were victorious in the last November 11 affair, and the Buffs are going to be set and primed to avenge that defeat when they take the field for their second Armistice Day mix-up.

Probably no greater spirit of rivalry exists anywhere in West Texas than between these two teams, but it is the type of rivalry that is to be desired in all competition; the kind that makes both teams go on a clean hard game, and come off with nothing but friendliness and respect for each other regardless of the outcome of the game.

According to dope, the Cards have a little edge on the Buffs, having won two out of their four starts, while the Buffs have taken but one of four. This edge might be partially offset by the fact that one of the Buff losses was at the hands of a strong contender for the class B district crown. Another factor that will offset any advantage that dope may show for the Cards is the fact that the Buffs are hosts this time and will be entertaining the Hermleigh squad in their own back yard. To say the least, the dope bucket will be sitting on edge when these two teams get together.

In a recent edition of the local county paper a statement to the effect was noted: "Amarillo, A. & M. and Hermleigh can't win all the time." If this analogy can be made, might

International Note Features Annual Homecoming of Twentieth Century

An international theme, featuring the Pan American idea, was followed in decorations, program and menu at the annual homecoming luncheon of Twentieth Century Club Tuesday at 1:00 o'clock at the home of Mrs. I. W. Boren.

Each year the highlight of the club's social affairs, the homecoming was delightful for club members and their guests. Lovely garden flowers—roses, dahlias, chrysanthemums, marigolds, and others—in bright fall colors and Mexican serapes made a gay background for the luncheon tables.

The small tables were laid in the club colors, white and yellow—snowy covers with centerpieces of tiny marigolds. Cleverly fashioned place cards and souvenir programs, also, carried out the Pan American motif.

Mrs. W. R. Luce, Twentieth Century president, welcomed guests, and introduced the toastmistress and program director, Mrs. B. M. West. Theme for the program was "International Good Will." Mrs. H. J. Brice gave an interesting discussion of "Mexico's Attitude Toward Texas," tracing history of the feeling from early days, and her talk was followed by a piano selection, the ever-popular "La Paloma," played by Mrs. A. C. Preull, a guest. "Possibilities of the Greater Texas and Pan American Exposition" was interesting as told by Mrs. P. C. Chenuit.

Changing the setting of the travelogue, Mrs. J. E. LeMond, with the aid of a map and illustrating pictures, took the group on an imaginary trip to the Hawaiian Islands. The subject of her message was "Hawaii the Beautiful." Mrs. John E. Sentell, guest soloist, was accompanied by Mrs. Preull as she sang the Hawaiian song of farewell, "Farewell to Thee."

Menu for the three-course luncheon, which was interspersed with the program was as follows: Mexicano Flip, Pan American loaf, Hawaiian salad, Texas vegetable casserole, Snyder bread, Golden Gate coffee and Tropical garden pudding. The luncheon was served in bright colored pottery dishes, making a colorful spot on the white linens.

Guests for the luncheon were: Mmes. A. J. Towle, Wayne Boren, Clyde Boren, Wayne Williams, Wade Winston, E. F. McCarty, W. H. Caudle, Bessie Perkins, Dan Gibson, R. M. Stokes, I. A. Griffin, James E. Spivey, H. P. Brown, J. D. Scott, R. E. Gray, A. C. Preull, John E. Sentell, Fred A. Gray and Miss Alene Curry.

Members attending included Mmes. H. M. Blackard, Boren, Brice, Chenuit, Cogdell, R. W. Cunningham, J. Nelson Dunn, W. R. Luce, J. E. LeMond, C. J. Lewis, Joe Strayhorn, W. H. Ware, Allen Warren, West, and D. P. Yoder.

Members of the social committee were in charge of serving—Mmes. Warren, Boren and Cogdell.

Dermott Girl Weds Pete Davis Saturday

Christine Flippin, only daughter of Mr. and Mrs. Warner Flippin of Dermott, became the bride of Pete Davis, son of Mrs. W. N. Davis of the Turner community, in a ceremony held Saturday at Sweetwater.

The bride wore a tailored frock of black silk crepe trimmed with satin, with black accessories. Christine, an ex-student of Snyder High School, was formerly a member of The Times "family," writing as correspondent from Pleasant Hill and then Bethel communities.

Mr. and Mrs. Davis returned to Snyder early this week from a wedding trip, and are making their home in the Turner community, where Davis is engaged in farming.

Mrs. Rubye Hammond and daughter, Francine Champion, of Fort Worth were weekend visitors with relatives and friends here.

Tech Girls Active In Campus Activities

Local girls who are attending Texas Technological College, Lubbock, are taking active part in work of several organizations on the campus this year, according to publicity received from the school this week.

Imogene Birdwell, daughter of Mr. and Mrs. J. H. Birdwell, freshman student, and Juanita Sentell, daughter of Mr. and Mrs. C. P. Sentell, second year student, were initiated recently into the Sock and Buskin, dramatic organization at the school. Both girls are arts and science majors.

Hazel Pollard, senior speech major in the school, is also a member of the dramatic club, as well as the debate club and of Las Leales, campus service organization for women. She is directing a play, "Ideas of March," which was presented Tuesday by the dramatic club.

Miss Pollard and Virginia Will, both local girls members of Las Leales, were in the house party Friday night when the club was at home to more than 450 people at its annual reception in the home of Mrs. F. R. Friend, Lubbock. The affair was given in honor of 12 new members.

Birthday Party Is Honor to Couple

Mmes. Will H. Crowder and John Miller were hostesses recently at a birthday dinner to celebrate the birthdays of Mrs. W. S. Bruton, 71, and little Miss Hope Thompson, 5, at the Crowder home. Mrs. Bruton and Miss Thompson were honorees at the dinner party.

Those present were: The honorees, Mrs. J. A. Thompson, Shirley Thompson, Mrs. Media Thompson, Valdeen Keller, Mittie Idellah Crowder, Mr. and Mrs. W. P. Thompson, Mrs. A. E. Duff and the hostesses.

Hallow'en Motif Featured at Party

A Hallow'en motif was used in appointments at the meeting of El Feliz Club at the home of Mrs. C. P. Sentell Friday afternoon. Following forty-two games, the hostess passed a plate of salad, potato chips, mints and hot coffee to those present.

They were: Mmes. John R. Williams and Clyde Boren, guests; and Mmes. Lee T. Stinson, H. L. Vann, W. E. Doak, A. J. Cody, I. W. Boren, Wade Winston, P. C. Chenuit, Joe Strayhorn, Grady Shytle, Sidney Johnson, R. H. Odom, H. J. Brice, Warren Dodson, J. W. Scott, J. E. LeMond and G. H. Leath.

Bridal Shower for Mrs. Ervin Tuesday

Mrs. Leonard Ervin, who was before her recent marriage Miss Ernestine Morton, was complimented at a bridal shower given in the home of Mr. and Mrs. J. S. Bradbury Tuesday afternoon at 3:30 o'clock. Hostesses were Mmes. C. L. Banks, A. C. Martin, Arthur Forkner, Otto S. Williamson and Bradbury.

Mrs. Ervin and her husband will move this week to the apartment at Mrs. A. J. Towle's.

Twenty-five guests registered in the bride's book at the Tuesday afternoon affair, when a delightful program, with a bridal theme was heard. Blue and white were given emphasis in the color scheme, and autumn flowers decorated the entertaining rooms.

Mrs. Jack Martin gave "Letters to the Bride;" Mrs. Buddy Martin read a poem, "To the Bride;" Dorothy Pinkerton gave a toast to "The Girls Left Behind;" and Mrs. Bradbury entertained with a reading.

Following the presentation of the gifts, which came as a complete surprise to the honoree, the hostesses passed refreshments of pumpkin pie topped with ice cream and hot coffee to those present.

Browns Hosts to Friendly Fellows

Mr. and Mrs. H. P. Brown were host and hostess to the Friendly Fellows Forty-two Club and guests last Thursday night in their home.

An autumn theme in decorations featured bouquets of lovely dahlias, autumn leaves, and a Hallow'en table centerpiece. A salad course with coffee was passed to those present at the close of the forty-two games.

Guests were: Messrs. and Mmes. W. W. Hamilton, R. J. Randals, W. H. Caudle, Sidney Johnson, Mmes. A. C. Preull, Joe Strayhorn, Lee T. Stinson, Woodie Scarborough and Mary E. Banks of Plainview. The following members were present: Messrs. and Mmes. H. J. Brice, Joe Stinson, W. W. Smith, Wade Winston, R. H. Odom, R. L. Gray, Joe Caton, W. R. Bell and Fred A. Gray.

At next meeting of the pleasure club, Mmes. Bell and Brice will be hostesses at a dinner party to be held in the Brice home.

Mrs. Moore Improves.

Mrs. N. B. Moore was brought home from the Medical Arts Hospital in Dallas Saturday night, after receiving treatment for almost a week there. Mrs. Moore suffered a stroke of paralysis two weeks ago, but she was feeling "fairly well" yesterday, according to her daughter, Mrs. Jess Rogers, who accompanied her to Dallas. Also making the trip with the two local women was another daughter of Mrs. Moore, Mrs. Oran Wilson, and husband of Lubbock.

Wins Auditions

Virginia Robinson, attractive brunette daughter of Mr. and Mrs. J. L. Robinson, was picked last week as the new singer to appear with Del Courtney's band in the Century Room of the Adolphus Hotel, Dallas. This picture is used through courtesy of the Dallas Morning News.

Winning the engagement through a series of auditions staged in Dallas the past two weeks, Virginia Robinson, former Snyder girl, is now appearing each evening for dinner and dance sessions in the Century Room of the Adolphus Hotel in Dallas with Del Courtney's orchestra.

Miss Robinson, chosen by public applause over 75 other girls, will not appear at the luncheon hour, because of her work at the Dallas Little Theatre drama school. She was presented singing "Summertime," from "Porgy and Bess."

A favorite performer on numerous programs in Snyder during past years, Virginia has appeared singing, dancing, speaking and playing the piano. She is a sister of Joseph V. Robinson, Snyder abstract man. The singer and her mother spent the summer months in Snyder.

Hallow'en Party Given S. S. Class

Mrs. R. W. West was hostess to her Sunday school class, the fifth grade juniors of the First Methodist Church, last Thursday night at a Hallow'en party.

Included in the evening's entertainment was a journey through the hall of horrors, fortune telling and various enjoyable games. Favors were Hallow'en horns and all-day-suckers.

Refreshments consisted of "witches stew" and sandwiches, served to the following: Violet and Melba Shultz, guests; Allie Ivison, Douglas McClain, S. A. Taylor, Mary Jo Hulsey, Charlene Headstream, Mary Jo Burk, Flora Latrice Roper, class members.

Mrs. John Keller was a week-end visitor with her daughter, Wynona, a student at The Hockaday School for Girls in Dallas. She was a guest at a series of parties given by her daughter for friends in the school and others.

Three Are Hostesses To Crusaders Class

Mmes. Warren Dodson, Tim O. Cook and Melvin Blackard were hostesses to the Crusaders Class of the First Methodist Church last Thursday evening at the Dodson home.

Plans for the annual Christmas social were discussed, and date for the affair will be announced later. Besides the dinner party, Christmas tree and social, members plan to exhibit the Christmas box for their orphan daughter in the Waco Orphanage and also bring gifts for needy families of the community.

Refreshments were passed to the following: Mrs. R. H. Odom, teacher, Lola Biggs, Henrietta Lee, Gladys Williams, Nellon Linnix, Hattie Belk, Snowball Harvey, Jo Halley, Meryl Wilmet, Ora Pierce, Mrs. Mitchell McMath, Neema Strayhorn and Emogene Farmer.

Mrs. Walter W. Cork of San Angelo is a guest this week of her parents, Mr. and Mrs. Joe Strayhorn.

Mrs. R. C. Miller Is Hostess to Duce Club

Mrs. R. C. Miller welcomed members of the Duce Bridge Club and guests to her home last Thursday evening for bridge play, in which high score went to Gwen Gray and the traveling prize to Alta Bowers. Both prize-winners are club members.

The hostess passed a dainty salad plate with coffee to three guests, Mmes. William Fuller and Herman Doak, and Kenneth Alexander, and the following members: Margaret Deakins, Johnnie Mathison, Gwen Gray, Vesta Green, Ruby Lee, Mavis Webb, Alta Bowers, Allene Curry and Mmes. Buster Curtis, R. E. Boyer, Billie Lee Jr. and Willard E. Lewis.

Next meeting will be with Margaret Deakins, November 11.

Mrs. George W. Boswell of Wills Point, in Snyder last week for the funeral of her mother, Mrs. B. F. Hargrove, left Monday returning home. She has been visiting with relatives and old friends here.

Hallow'en Party Enjoyed

Members of the Intermediate-Senior Christian Endeavor of the First Presbyterian Church enjoyed a Hallow'en party last Thursday night in the basement of the church. Games, fortune telling, and "Mysterious Murders in the Dark" featured the evening. Eleven members and several guests enjoyed the entertainment.

Undulant Fever Reported in State By Dr. G. W. Cox

Undulant fever or Malta fever, a disease contracted from cattle, goats or sheep which are infected with contagious abortion, is being reported sporadically throughout Texas and the nation, according to Dr. Geo. W. Cox, state health officer. This indicates Malta fever to be a public health problem and the attendant need of more general recognition by the public to the disease.

Undulant fever is so called because of the wave-like variations in temperature. The symptoms include rise in temperature, loss of weight and strength, chills, sweats and joint pains. The disease has rather a low mortality rate, but important because symptoms may persist for a number of weeks and even months before normal health and strength are restored.

In Texas, the goat, horse and cows are the usual spreaders of this disease. The germs of undulant fever may enter the body through the mouth or skin. Therefore, care should be used in handling animals known to be infected and dairy products from the same sources should be pasteurized, if used. More men acquire this disease than women and adults seem more likely to have it than children. More cases are found in the rural areas than in the cities.

duets from the same sources should be pasteurized, if used. More men acquire this disease than women and adults seem more likely to have it than children. More cases are found in the rural areas than in the cities. The true prevention of undulant fever is based upon the detection of the disease in livestock and the elimination of infected stock from the herds. Dairy herds should be tested for Bacillus abortus. This is a task that cannot be accomplished quickly.

PERSONALS

Mr. and Mrs. G. L. Autry have returned home after a week's visit in Pecos.

Mr. and Mrs. E. B. Yeatts of Aspermont, formerly residents of Snyder, were visitors here this week.

Mrs. Lacy Turner of Wink spent Sunday with her parents, Mr. and Mrs. E. P. Sears, and friends in Snyder.

Clarence Walton, ministerial student at McMurry College, Abilene, was visiting in Snyder over the week-end.

Mr. and Mrs. Frank Patterson visited in Westbrook Sunday. Patterson was formerly superintendent of the schools there.

Oleka Ware, student nurse at St. Joseph's in Fort Worth, is visiting in Snyder with her parents, Mr. and Mrs. W. H. Ware.

Geraldine Shuler, student in Howard Payne College, Brownwood, was a week-end guest of Mr. and Mrs. H. L. Wren.

Mr. and Mrs. C. L. Banks visited in Sweetwater Sunday with his aunt, Mrs. W. M. Crane, who is in the hospital there.

LaFrances Hamilton of McMurry College, Abilene, was a week-end visitor with her parents, Mr. and Mrs. W. W. Hamilton.

Mr. and Mrs. J. H. Doss of Weatherford were guests Tuesday night of Mrs. Doss' sister, Mrs. W. W. Smith, and family here.

Jay Huckabee was a Sunday visitor with his parents, Mr. and Mrs. J. R. Huckabee. Jay is employed in station KGNC, Amarillo.

Mr. and Mrs. Alton Autry of Dallas, former Snyder people, are greeting old friends and visiting with relatives in Snyder this week.

Lando Hall and son, D. J., of Odessa were week-end visitors in Snyder. Clint Peasire of Odessa was also a week-end visitor here.

It was mistakenly stated in The Times last week that Mrs. Mary E. Banks has moved back to Snyder from Plainview. Mrs. Banks is here for a few days only, and announces that she will return occasionally in connection with the sale of foundation garments.

Conoco House to D. A. R.

Hospitality House, the graceful colonial mansion in which Continental Oil Company kept "open house" during the Texas Centennial and Pan American Exposition, has been presented by the company to the Dallas chapter of the Daughters of the American Revolution, which hereafter will use it as a meeting place. Presentation ceremonies included an address by Congressman Fritz Lanham from Fort Worth.

Mrs. Cloyd H. Read, president of the chapter, accepted the gift, which will be known as Continental D. A. R. House. The former Hospitality House is air-conditioned and contains reception rooms, lounges and office space. More than 900,000 persons visited it during the exhibitions, several Scurryites having been in the group.

KNOW TEXAS

By F. L. McDonald, Texas State College for Women, Denton

Meetingplace of Cultures. Within the borders of Texas may be hidden links in the history of our earliest ancestors, according to archaeologists. Texas is in the heart of a great North American triangle whose corners are the Maya-Aztec section, the Pueblo area and the mound-builder area. Since these three great cultures found a common ground in Texas, many hints as to their inter-tribal relationships are being found and studied today.

Keeping Ahead. Although most Texans know that their state leads in many ways, they may be interested in a compact list of "firsts." Texas is first in production of petroleum, natural gas, natural gasoline, carbon black, sulphur, cotton, grain sorghums, spinach, pecans, beef, mutton, wool, mohair and hides. Other firsts are in total area, total number of domestic animals, cattle, beef cattle, sheep, goats, mules and turkeys.

Dogs on the Decline. Are Texans turning back on "man's best friend"? Figures show that there are around 600 fewer dogs in Texas now than in 1935, when there were less than 1934. Counting mongrels, lapdogs, watchdogs, sheepdogs and all varieties there were only 3900 of them in 1936. Either a great number of grouchy neighbors are getting out the poison kits or owners don't rate their pets worthy of a license any more. Or perhaps their ancient feline enemies are finally getting the upper hand.

COTERIE GIVES PROGRAM FOR MUSIC LOVERS

An afternoon musicale with members of Musical Coterie presenting a delightful program was an occasion of enjoyment for a group of local music lovers last Thursday afternoon...

Formal welcome was extended the guests by Mrs. John E. Sentell, club president, and the program followed.

The program consisted of the following: Piano duet, "When Lights Are Low" by Henselmann, Mmes. King, Sides and Melvin Blackard; vocal solo, "By the Bend of the River" by Clara Edwards, Mrs. Sheehan, accompanied by Mrs. A. C. Preuit; piano solo, "Kamennoi Ostrov" by Anton Rubinstein, Mrs. L. A. Chapman; vocal solo, "Tis Morning" by Oley Speaks, Miss Williams, accompanied by Mrs. Hollis; vocal solos, "Iris" by Daniel Wolf and "In the Luxembourg Gardens" by Kathleen Manning, Mrs. Sentell, accompanied by Mrs. Novis Rodgers; piano solo, "Rhapsodien" by Dohnanyi, Mrs. Rodgers; vocal quartet, "Sundown" from Londonberry Air, Mmes. Hugh Boren, W. W. Smith, Lawrence Hays and Homer Snyder, accompanied by Mrs. Preuit; two piano number, "Fantasia" from Verdis Opera, Mmes. Hollis, Preuit, Hollis and Rodgers.

Musical Coterie's colors, yellow and white, were the keynote for decorations. The tea table, laid with lace over yellow satin, was centered with a mound of yellow fall flowers, flanked by lighted yellow tapers in crystal candelabra.

Mmes. Hollis and Rodgers presided at the silver coffee and tea services at each end of the table at the tea hour, when dainty refreshments were passed.

Out-of-town guests were Mmes. C. A. Bickley and Victor Lewellen of Big Spring and Mrs. W. P. Edwards of Dunn.

Other guests were: Mmes. Dan Gibson, R. W. Cunningham, W. W. McCarty, W. R. Lacey, Warren Dodson, Wade Winston, F. W. Wolcott, Hugh Taylor, Joe Tunt, Johnston, J. G. Hicks, William Hardy, Herman Darby, H. P. Redwine, J. D. Scott, Willard Jones, J. C. Smyth, C. P. Sentell, G. H. Leath, R. J. Randalls, J. C. Dorward, Wayne Williams, Joe Graham, H. H. Eiland, Aubrey Stokes, H. P. Brown, J. B. Pierce, Harold Brown and Wayne Boren, Misses Ethel Mae Sturdivant, Alta Bowers, Wanda Newman and Allene Curry.

Club members present besides those on program were Mmes. W. W. Hamilton, Francis Pierce and Lyda M. Hardy.

Mrs. Henderson Returns. Mrs. J. H. Henderson has returned home for a few days after attending the bedside of her mother, Mrs. V. R. Hayley, in Sweetwater, who died October 21 at the age of 82 years.

Mrs. Henderson will leave soon for Sweetwater, where she will spend several weeks.

Mrs. Rob Strayhorn and Mrs. R. W. Taylor of Rotan were visitors in Snyder Sunday. Mrs. Strayhorn visited with relatives, and Mrs. Taylor, head of the ready-to-wear department of Bryant-Link Company in Rotan, visited with Mrs. Joe Caton and other friends here.

Mmes. Brown, Gordon Lead Monday Meet.

Mmes. H. P. Brown and H. C. Gordon were leaders for the program Monday at the regular meeting of Woman's Missionary Society of the First Methodist Church.

Mrs. R. H. Curritte gave a discussion of pre-modern and modern ways of presenting Christianity to the Moslems; Mrs. D. P. Strayhorn discussed several subjects, among them doctors, church, school and social service of the Moslems; "Christian Missionaries Influence the Future of Moslem Art" was described by Mrs. R. L. Reschar as an almost impossible task for Christian missionaries.

Mrs. Joe Stinson gave the devotional, which was heard along with the rest of the program by the following: Mmes. Brown, Gordon, Curritte, Strayhorn, Reschar, Stinson, Lee T. Stinson, Joe Strayhorn, R. L. Gray, R. M. Stokes, R. H. Odum, Warren Dodson, J. E. Hardy, A. C. Preuit, M. W. Clark, R. W. West, A. M. Curry, T. W. Pollard, J. O. Littlepage, B. L. Kent, J. P. Avary, A. D. Johnson and H. V. Williams.

Discussion of plans for Alpha Study Club's traditional newcomers' tea, in which an international theme will be featured, made the business meeting Tuesday afternoon longer than usual. The tea will come Tuesday afternoon, November 16, at the home of Neoma Strayhorn.

Miss Strayhorn directed the study of Latin literature at the meeting of Alpha Study this week at the home of Hattie Kern, who was hostess for the afternoon. Mrs. J. C. Smyth was main speaker on program giving "Selections from Latin Literature."

The hostess served refreshments at tea time to the following: Mmes. Melvin Blackard, Wayne Boren, Joe Graham, Maurice Brownfield, J. G. Hicks, Ixon Joyce, Forest Sears, C. F. Sentell, John E. Sentell, Wayne Williams, Wade Winston, W. C. Hollis and G. M. Henselmann, Misses Strayhorn and Gertrude Kern.

Some reduction in pension payments during the next few months may result, although little credence is placed in the statements made while the session was on that pensions might be suspended. These are regarded as being made largely for political effect, and few believe the politicians will go so far as to cut off the only means of existence of 113,000 old people, even to carry a political point.

The bank holding the state's notes for the \$1,600,000 borrowed earlier, has indicated its willingness to work with the board of control in handling the debt on some extension basis. Meanwhile, members of House and Senate and the governor were continuing their exchange of publicity shrapnel, seeking to lay the blame for failure of the session on each other.

Senator Will D. Pace of Tyler pointed out clearly how the professed friends of needy aged are using them as a political football, when he said: "The Senate backed down from

Visit in Colorado. Elsie and Dorothy Murphree, Nell Verna LeMond, Martha Lou Holmes, Juanita Patrick and Evelyn Clark spent the week-end in Colorado with Mr. and Mrs. D. V. Merritt and sons, who until recently lived in Snyder. A party was enjoyed Saturday night, and the local girls returned to Snyder Sunday afternoon.

Mrs. Alice Bingham, Beauty Specialist from the Martha Turner Laboratories, Chicago, is in our store this week, conducting a school of instruction on the home care of the complexion.

She is having two classes each day—one at 9:00 a. m. and one at 2:00 p. m. Only a limited number of ladies are taken in these classes, as each lady receives a free facial that would cost ordinarily \$2.50.

Get your appointment in early for one of these classes. Special arrangements will be made to accommodate Snyder business women.

NOBODY'S BUSINESS

By Julian Capers Jr.

Austin.—"Who killed the Cock Robin tax bill?" was the favorite topic of conversation in Austin this week, in the wake of the special session, which ended without any action toward raising revenue.

The record is fairly clear. "The House and Senate conferees wrote an omnibus bill, increasing tax rates on a natural resources, corporation franchises, public utility gross receipts, cement manufacture, and stock and commodity exchanges, which would have yielded between \$3,000,000 and \$4,000,000 of new revenue. It allocated funds as follows:

For old-age assistance, \$300,000 from additional revenue provided the general fund, plus \$1,600,000 to pay off the loan of the pension fund from a Dallas bank.

For teachers retirement fund, \$750,000. Aid to needy blind, \$300,000. Aid to dependent children, \$750,000.

The bill would have re-allocated school funds—after this year—back to the one-fourth provided by the constitution, leaving undisturbed the larger school revenues for this fiscal year, to insure payment of the \$22 per capita apportionment.

It eliminated entirely the \$5,000,000 reduction in appropriations which the Senate had passed, and it also eliminated the provision in the House bill demanding that the ability of children to support their parents should not be taken into consideration in determining the eligibility of the old folks for pensions.

That provision proved the stumbling block that killed the bill, when the House, on motion of Bryan Bradbury of Abilene, voted to instruct its conference committee to stand pat and demand its inclusion.

Reliberalization Rejected. This would have thrown the old age pension rolls wide open again, and the Senate conferees declined to accept it. Efforts to get the House to withdraw from its position failed utterly, when the "pensions for everybody" bloc joined by the "no taxes" group, resulted in a clear majority and voted to stand pat.

A record vote was had on motion of Bond, of Fairfield, to instruct the House conferees to sign the conference report. It was defeated, 56 to 75. "No" votes included C. L. Harris of Spur.

Pension Outlook. Some reduction in pension payments during the next few months may result, although little credence is placed in the statements made while the session was on that pensions might be suspended. These are regarded as being made largely for political effect, and few believe the politicians will go so far as to cut off the only means of existence of 113,000 old people, even to carry a political point.

The bank holding the state's notes for the \$1,600,000 borrowed earlier, has indicated its willingness to work with the board of control in handling the debt on some extension basis. Meanwhile, members of House and Senate and the governor were continuing their exchange of publicity shrapnel, seeking to lay the blame for failure of the session on each other.

Senator Will D. Pace of Tyler pointed out clearly how the professed friends of needy aged are using them as a political football, when he said: "The Senate backed down from

Jones County Sets Poultry Show Time

Dates have been set for the fourth annual Jones County Poultry Show for December 9, 10 and 11, at Anson, with an increase in all prize money for the show as well as an increase in both amount and number of special prizes for the show.

Catalogs will be mailed out shortly for the show.

Besides exhibitors from all over Jones County, the show last year had exhibitors from Snyder, Haskell, Abilene, Merkel, Roby, Rotan, Munday, Sylvester, Sweetwater, Albany and other points.

Legion Meets Tonight. Commander Boss Baze calls attention of American Legion buddies to the fact that the organization will meet tonight (Thursday), 7:30 o'clock, in the legion hall over Winston & Clements.

its economy amendment that would have saved the taxpayers \$5,000,000 and provided more than \$2,000,000 for old age pensions and we had a right to think the House would take the rest of the bill. . . . Those who are entitled to pensions would receive much larger amounts if it were not for the avarice of those not entitled to them, who want the law thrown open so they can get money that rightfully belongs to the needy.

If the pension rolls were cleared of imposters, the aged who are entitled to help would get more of it and it is to their interest to be against a reliberalization of the law.

Wait for Verdict. Meanwhile, two groups were anxiously awaiting news of the attitude of the folks back home. They were the special interest lobby and the politicians. The lobby was divided in its opinion. The conference bill carried moderate in tax increases, and some of the lobbyists feel it would have been better to take reasonable tax increases. Now they feel pretty certain the fight must be waged all over again in February or March, at another session. This could have been avoided, some feel, for at least another 14 months until the next regular session, if the conference bill had passed. Others, cheered by their success in cutting down the governor's \$15,000,000 tax plan to \$4,000,000, believe they have less to fear in future sessions.

Whether Allred will seek a third term was the subject of many rumors. Some had it the governor might try it, on a unicameral legislature issue. There was even a rumor that Senator Tom Holbrook, the Galveston conservative, who led the economy fight, might be a candidate.

But the political results of the session will only be apparent when the sentiment of the folks back home is thoroughly sounded out.

Beware Coughs from common colds That Hang On

No matter how many medicines you have tried for your cough, chest cold, or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel the germ-laden phlegm.

Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained from the very first bottle. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

It is the intention of the Commissioners Court of Scurry County to issue interest bearing time script warrants in payment for the hereinbefore described machinery and the contract, therefor, in the maximum amount of \$11,000 bearing interest at the maximum rate of 6 per cent per annum and maturing serially over the period of three years with the maximum maturing date 1940.

All bids submitted will be subject to acceptance or rejection by the court.

Witness my hand this 26th day of October, A. D. 1937.—H. J. BRICE, county judge, Scurry County, Texas. 21-2tc

CITATION BY PUBLICATION

To the sheriff or any constable of Scurry County, greeting:

You are hereby commanded to cause to be published, for 10 days exclusive of the day of publication before the return day hereof, in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year in said county, a copy of the following notice:

The state of Texas, county of Scurry, to all persons interested in the estate of H. P. Wellborn, deceased.

You will take notice that R. H. Wellborn, administrator, has filed in the county court, Scurry County, Texas, final report of the condition of said estate with his application for discharge as administrator, and that his bondsmen also be discharged.

Which will be heard at the next term of the county court, commencing the third Monday in November, A. D. 1937, same being the 15 day of said month, at which time all persons interested in said estate may appear and contest said application should they desire to do so.

Herein fail not, but have you before said court on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court at office in Snyder, Texas, this 3rd day of November, 1937.—CHAS. J. LEWIS, clerk county court, Scurry County, Texas; by EDA MCFARLAND, deputy. 1tc

What About Cotton?

All farmers are interested in the price they receive for cotton, in the manner in which government regulations affect them—but are they interested enough to do something about it?

This blunt question has been put squarely up to the farmers of Texas by a special Texas cotton committee, composed of five representative farmers. After discussing basic points to consider in regard to the cotton section of the national farm bill, the committee, after a session in Taylor, Texas, and after hearing Marvin Jones, chairman of the agricultural committee of the House of Representatives, made this statement:

"If you have convictions upon items not enumerated in this outline then write these down in a letter to your congressman; or if you favor an entirely different program write your congressman just what you believe should be incorporated in the bill. This special session of Congress convenes November 15. Your congressman will soon be in Washington and will welcome your views. Yours for the protection and development of the greatest asset of the Southland—cotton."

If you think concerted action—or even sustained individual action—by farmers will not reap results, you just don't understand politics and politicians. National leaders use just folks, nothing but folks, as a sounding board for their major actions. Even President Roosevelt travels from one end of the nation to another, for no other reason than to sound out public opinion.

The big farmers' "thank you, Mr. Roosevelt" march on Washington about three years ago laid the foundation for a continuation of farm regulation. Do you like this regulation? Do you want to see it changed? Do you think it is unfair to the little farmer? Do you think it is unfair to the big farmer? Do you think the government should step entirely out of the crop control business?

What do YOU think? That's what our leaders want to know. And certainly they can never know if we merely stand around on the street corners, at the gigs and in our business houses, and discuss the farm problem, particularly the cotton problem.

Personally, the Times believes the state committee has placed entirely too much emphasis on the cotton problem as it relates to local communities, and too little on the national and international elements. Since approximately 90 per cent of the Texas cotton crop is normally exported, why shouldn't our first major step be a correction of international trade balances and United States tariff policies?

But this is merely the opinion of this weekly newspaper. What is YOUR opinion? That is what Congressman Mahon, Congressman Jones, President Roosevelt, even those dad-burned Republicans, want to know! Why not sit down this very day and write a letter or two or three? Make 'em hot, make 'em mild, make 'em cool, make 'em putrid, make 'em literary, make 'em personal, make 'em international, or make 'em like you like 'em. But write!

How can government begin at the grass roots if the grass roots do not nourish the government?

Editorial of the Week.

LIKE A SNARLING DRAGON.

Like a snarling dragon chained to anchors fastened in the darkness, a cattle train waited on the siding and shivering cattle looked through the bars of their transitory prisons as driven slaves beneath a lash. Snow whipped the walls of the red caboose and swirled in yellow light from the windows as tiny moths drifting in from the night. Steam hissed from a leaky coupling somewhere along the string of cattle cars and wind flapped the swinging gates of empty loading corrals. With a garish flare of light the passenger train roared by as a tortured giant whose heart was afire.

The cattle train moved cautiously on the cold rails stretched as two black wires over the snow toward Kansas City and presently the red lanterns on the caboose were erased by the night. A pack of coyotes howled on the far side of a mesquite thicket which lay north of the loading corrals and wind rattled the swinging gates. Snow drifted against the rails and covered cross ties in the shallow cut by the siding.

Sometimes a sunset on the plains is like an unfinished song; as if the singer might have been summoned to a loftier stage.

Needlegrass is swept before the first norther as white ripples on a lake and huddles in the cow trails to await winter's insolent monody from the postern of hammered silver skies.—Matador Tribune.

Texas Moves On.

University of Texas Bureau of Business Research: "In contrast to a current downward tendency of business in the country at large, Texas business continued during the last 30 days its strong upward trend, the gain from August to September having been almost as great as from July to August. The gain over the same period in 1936 is 14 per cent."

Baptist Pigskins.

Maybe the Baylor Bears and the Hardin-Simmons Cowboys, current big-time football sensations in Texas and the Southwest, are just reflecting the tremendous growth in recent years of the schools they represent. At any rate, Baptists who gather in the annual convention at El Paso November 8-13 will hear reports of remarkable progress financially and numerically from the two schools. And well be many of the best preachers of the state will tune in Saturday afternoon for the Baylor-Texas game, even if Dr. George W. Truett is on the program.

When Steve Hinshaw Died.

The day after the funeral of Stephen C. Hinshaw at Emporia, Kansas, his friend and neighbor, William Allen White, probably the leading small-city publisher in the United States, wrote an editorial about him, as follows:

"His life's record circles the history of this town. He was born while the town was being surveyed eighty years ago and more. His funeral services were held less than a quarter of a mile from where he was born. He has lived these four score years in this community. His life was typical of the life of the average man. He made the average number of mistakes but he lived right here with them and overcame the trouble that harassed him afterward. He had the average number of virtues. He was kindly, courteous and thoughtful, and during the last ten or a dozen years when business activities did not chain him to one place, he has been visiting around Commercial Street, a familiar and beloved, even typical, human figure—the average man resting in the twilight.

"Five sturdy sons he fathered, and two daughters—all well above the average men and women who are going forward where he would have gone had he lived in their day. God, who according to Lincoln loved the common people because he made so many of them, must have put his blessing upon Steve Hinshaw. For he knew at the end of his days through his children and his children's children that he had not lived in vain. His was the common hope, the common happiness. But his life's story, circling the history of the town from pre-pioneer days through three generations, is as uncommon history and deserves a special record here. He was almost the last of his kind who have seen the old world pass through many changes into the new!

"His eyes have seen the glory of the coming of the Lord!"

Current Comment.

By LEON GUINN.

(Publishers' Note: "Current Comment" is not necessarily the editorial opinion of The Times.)

Last week Dr. Morris Fisher, editor of The Journal of the American Medical Association, found the first major scandal in medicine in seven years breaking over the heads of American doctors. . . . For the use of a drug called Elixir of Sulfanilimide had caused scattered deaths over the U. S.; although it was noted the deaths occurred when the drug was self-administered by the patients themselves.

The press hailed this lethal drug as the "elixir of death" to the delight of news hungry feature editors, and otherwise assisted the public in gaining a distorted perspective of the uses of the drug. . . . Elixir of Sulfanilimide is used to treat erysipelas, streptococcus infections, and in all a host of diseases. . . . Overuse will result in death, which was brought to light in the death toll of 42 persons in the U. S. from careless and intemperate use of the germ killer.

A ruby red aniline dye, which is sulfanilimide's mother substance, was discovered two years ago in Germany by Researcher Gerhardt Domagk of the I. G. F. (gigantic German chemical trust), who passed his findings on to men of medicine. . . . The offspring elixir proved its worth in thousands of supposedly hopeless cases of venereal diseases, and was welcomed as one of the greatest therapeutic advances of a century in medicine.

At the time of elixir sulfanilimide's introduction, researchers pointed out the need of caution in use of the deadly poisonous drug, but since it is known best to the public under the trade name of Prontylin, few suspect the directions on each bottle mean precisely what they say.

Truly great advances in medical advances are usually marked by such backwash scandals as this "elixir of death" scare last week, but few realize that it has always been the public, and not ethical physicians, that run away with the "cure me" gravy train. . . . And it seems certain drug manufacturers might be restrained in the future from unwarranted shipments of such dangerous medicines as Elixir of Sulfanilimide, unless large shipments be authorized by registered druggists. . . . Preceding this recent death scare, a Bristol, Tennessee, firm had shipped 1,000 lots of sulfanilimide to nearly every part of America.

Since the cost of living is of prime importance to every family in every walk of life, many will welcome the news that living costs are not expected to increase any in the next few months. . . . Meat prices are due to taper downward, with clothing prices expected to dip some. . . . Fuel is about the only "grocery" that is expected to climb upward in the next 90 days.

Happy Headline.

"Sunshine Bathes Canyons of Wall Street as Stocks Soar." So proclaims a sub-banner head in Charley Guy's Lubbock Avalanche-Journal. Our surmise is that "Sharley," as he is fervently known to Plainsmen, had a wad of shekels on the markets, and was watching the sunlight shine on his own bankroll, or he could never have been so grandiloquent.

Real Prosperity.

The college farm at Texas Tech has been advertising for cotton pickers. Since only student pickers are used, there seems to be little question but that prosperity is returning to the campus as well as to other spots of the universe.

P-T.A. NETS \$90 IN HALLOWE'EN FETE MONDAY

Varied Free Attractions Are Delight to Attendants Monday Night.

Parent-Teacher Association, local chapter, netted more than \$90 on a Halloween carnival held Saturday night and continued over to Monday night in the school gymnasium and auditorium. Proceeds will go into the treasury to be used for projects during the year.

Led by the newly organized drum corps, composed of high school girls and directed by R. L. Reschlar, a parade preceded opening of the carnival gates Saturday night. About 150 students in Halloween costumes made their way through the business districts.

Monday Attractions. Free attractions Monday night included a stunt program led by Hadley Reeve, junior high school principal; numbers by a vocal quartet; floor show by the high school tumbling team and mascot, Jean Ann, and Myrtle Rae Lewis, sponsored by Wanda Newman; boxing matches refereed by Coach Glen W. Berry.

Billie Lou Hays, junior candidate, was crowned carnival queen by Superintendent C. Wedgeworth Monday night to climax the two evenings of merriment. Campaign for queen closed Friday.

Weldon Williams was escort to the queen for the ceremonies. Other queen candidates were princesses. Their names and escorts follow: Senior, Aileen Morrison, escorted by Jay Rogers; sophomore, Carolyn Dunn, escorted by Carroll Taylor; freshman, Wanda Jean Sims, escorted by Whit Thompson.

Ladies-in-Waiting. Ladies-in-waiting representing the four classes were Ruth Lane, Irene Taylor, Elwanda Spear and Billie Jean Wilsford. Their escorts were Jackie Scarborough, Vernon Moffett, Donald Clark and Jack Lane, respectively. Joe Wright, Sentell, youngest son of Mr. and Mrs. John E. Sentell, was crown bearer. Jimmy Randalls and Charles Longbottom, trumpeters, heralded the queen's coming.

Program following the coronation included the following numbers: Vocal solo, "The Carnival," Elizabeth McCarty, accompanied by Mrs. W. C. Hollis; vocal, "Whispers in the Dark," Louise Hardin, accompanied by Margaret Williams; tap dance, Flora Jane Louder; acrobatic team, Jean Ann and Myrtle Rae Lewis.

The local P-T. A. this week requested The Times to express its appreciation to each person who helped in any way to make the carnival a success. "Especially do we appreciate the cooperation of teachers and business people," Mrs. Wraymond Sims, president, and Mrs. Dudley Anz, publicity director, said yesterday.

Businesses Thanked. Special thanks go to the following local firms, who cooperated in the special advertising program: Snyder Steam Laundry, Gordon Furniture Store, Hugginbotham-Bartlett, Snyder Transfer, Frank Darby, Winston-Clements, Maples Funeral Home, Stinson No. 2, D. B. Anz, Irwin Drug, Economy Dry Goods, Ware's Bakery, Boss Baze Cafe, Jack Colwell, Boren-Grayum, Graham & Martin, D. & D. Harpole, Bryant-Linke, Yoder Chevrolet, H. L. Wren, Magnolia Service Station, Dunnam Brothers, Brown & Son, Perry Brothers, J. R. Heks, Odom Funeral Home, Winnie Garner, Cave Beauty Shop, Randalls Lumber Company, Snyder Cooperative Gin, Times Publishing Company.

Fighting Disaster

"No one can recall the flood disaster in the Ohio-Mississippi Valley in January of this year without wondering what almost 300,000 homeless and needy persons would have done without the aid of the Red Cross," President A. C. Pruitt of Snyder Lions Club said in an interview early this week. "I am sure our entire county, remembering this and other Red Cross disaster fights, will become Red Cross members during the Roll Call that begins next week."

Every Night Is Hallowe'en

State Cotton Committee Outlines Points to Consider in New Program

As a result of a conference at Taylor on October 14, of the Texas special cotton committee with Congressman Marvin Jones and other national farm leaders, the following points were submitted to Texas cotton producers as a basis for discussion for the cotton section of the farm bill:

1.—Provisions for the continuation, simplification and improvement of the present program of soil conservation.

2.—The securing for the farmer, as a matter of right—not a gift—a fair division of the national income.

Permanent Financing. 3.—The committee questions the necessity of an ever normal granary, as applied to cotton from the standpoint of protecting the consumer against scarcity, but it favors a permanent credit structure for financing the commodity loan and warehousing features, judiciously administered.

4.—Research for new uses and new markets for cotton and other farm products are approved and the urge given to producers to grow all that the markets at home and abroad can absorb without loss to the producers or the government.

5.—The committee also approves the idea of encouraging individual farming, but questions the advisability of graduated reduction of payments to large producers, as a means of accomplishing these results. It suggests that the desired ends might be reached by requiring larger diversions in order to receive the benefits of the program, believing this to be more in harmony with the principles of soil conservation, through sound farm economics, upon which the entire proposed program should be based.

6.—While the committee agrees that the rights of the tenant farmer must be safeguarded, it believes that this might better be adjusted to local customs by community and county committees who can deal with individual cases upon their respective merits.

Local Responsibility. 7.—For the above and other sound reasons the committee insists that greater responsibilities be placed in the hands of the local committees, chosen by their fellow producers, who should be actual practical and active producers, and that landlords, tenants and owner operators should

be represented upon these committees.

8.—The committee heartily endorses the views expressed by Chairman Jones, as to an industrial tariff as a factor operating against agriculture and insists that so long as it obtains as a national policy—unsound though it may be—that agriculture must be given protection. "A tariff for all, or a tariff for none."

9.—The committee agrees that parity of income is the equitable objective of the cotton growing industry, but suggests that it not be confused with parity prices. It believes that parity of income can neither be attained nor maintained through any policy that tends towards placing cotton upon a domestic consumption basis, nor that parity prices cannot be established and maintained if the spread between domestic and world prices become so great as to heavily penalize domestic consumption.

10.—In whatever method of payments that may be adopted this committee believes that they be based upon acre production.

TIGER RECORD PERKED UP AS SCORE SPURTS

Improved Bengals, Already Out of Race, Turn Power Attack on Merkel.

Rolling up eight touchdowns and extra points after two of them, the 1937 Tigers Friday night cuffed Merkel Badgers, 50-13, on the local field.

It was a merry victory for the Hill-ites, who are already out of the District 6-B race with two losses and two wins. The rout would have been even worse if two touchdowns, one by Head and one by Strayhorn, had not been called back because of penalties on the plays.

Half the Tiger lallies were made in the 1st half, and the perked up Bengals answered Coach Hill's plea for at least that many markers in the finale. With many second stringers playing for Snyder, and with Quarterback West chucking some nice passes for Merkel, the visitors rang the bell twice in the second half.

It was the most lopsided score run up by a Tiger eleven in recent years. A penalty helped Merkel get its lone first down in the opening half, and four first downs were made primarily on passes in the last period. Snyder made 21 firsts.

The Bengal attack was considerably aided by Jay Rogers, halfback-guard, whose leg was broken in the first game of the season. It was his first return to the line-up. Snyder touchdowns were made by:
