## Times to Use Santa Letters

Yes, this is the beginning of the season when all good boys and girls will write letters to old Santa Claus.

As usual, The Times will print dozens and dozens of letters to the jolly old fellow. But the letters must be mailed not later than Saturday, December 13, if they are printed.

The Times wants to print more letters this year than ever before in its history. This means, of course, that boys and girls must get busy, put their "wishing caps" on, and tell Santa just what they want most of all.

Parents are urged to help children with their letters in order to be certain that names and addresses, especially, are correct. It's a big disappointment to a youngster if his letter comes out in the paper with his name wrong.

All right, boys and girls, if you want Santa to get your letter in plenty of time, you'd better sit down right now and tell him what you want!

## OWLS CLIMAX HOME COMING WITH VICTORY

Informal Affair Wednesday Night Features Presence Of All Past Captains.

The Dunn Owls, who were barely nosed out by Hermleigh for the county Class C title, climaxed a home coming program Wednesday night of last week with a Thanksgiving football victory over the Fluvanna Buffaloes. The score was 33 to 7.

Many ex-students and ex-teachers, present students and present teachers, with a number of townspeople, gathered at the gymnasium Wednesday night for an informal program that featured a talk by Will Johnston, 1893 graduate of the school.

Early school-day experiences were explained by the veteran school friend, and Bay Dunn, who also attended the Dunn school back in 1893, seconded everything Johnston said.

All football captains at Dunn were present for the program: Reubin Goodlett, 1935; Melvis Ellis, 1936; Orville Martin, 1937.

Mrs. Susie Wright, daughter of Will Johnston, and a graduate of the school, formed a father-and-daughter graduating pair. She now lives at Coahoma.

The pep squad sponsored the home coming program and a giant pep rally. Miss Sybil Cope is pep squad sponsor, and Dorothy Merket and Fern Woody are the leaders. A slow-motion football game in the gym, with grade school and eighth grade students as opponents, representing Dunn and Fluvanna teams, was the comic event of the program.

In the Thanksgiving Day football game Damon's passing spree to Martin, Ellis and Harrison featured the top-sided win by the host team. Most of the games scores were directly on passes.

## Transport Pilot Is Here With Airplane

Fred Gray, transport pilot, and Joe Hall, mechanic, are spending this week in Snyder with a smart Waco airplane, powered by a Wright whirlwind engine. The plane is government licensed, and local aviation followers say it is one of the best ships that has carried passengers in this area.

The visitors are from Denver, Colorado. Gray has demonstrated his ability to handle the ship with day and night flights over Snyder since Monday.

The plane will remain in Snyder for Thursday, Friday, Saturday and Sunday flights.

## FEW COME OUT FOR MEETINGS

Not many farmers have been attending the community meetings that are being held this week for the purpose of selecting committees for the new year, County Agent W. R. Luce reported yesterday.

The turnout was so light at Dunn Tuesday afternoon that another session is being planned there for Monday night.

Meetings today (Thursday) are planned as follows: Camp Springs church house, 2:00 p. m.; Plainview school house, 7:30 p. m.

Friday meetings will be: Snyder, courthouse, 2:00 p. m.; for East Snyder, 7:30 p. m.; for Ennis, Lloyd house, 7:30 p. m.; for Ennis, Lloyd Mountain and Cottonwood.

## JURY RETURNS 6 INDICTMENTS IN AREA COURT

Three Carryover Criminal Cases Also On Docket; Seven Divorces Are Granted.

Six indictments were returned late Tuesday by the 32nd District court grand jury, and all except one of the seven men who were charged were in the county jail late Wednesday.

Three carryover criminal cases from the summer term of court hoist total cases on the criminal calendar for the week of December 13 to nine. Vying with the criminal indictments for interest in early days of the four-week term of court were eight divorce grants.

Two for Drunk Driving.

Two of the indictments charged drunken driving. Wessie Mae and Albert Page faced these charges. In the recent session of the court at Sweetwater, Judge A. S. Mauzey was faced with about 25 drunken driving cases, and all the defendants were found guilty.

Buddy Manogin, negro, is charged with assault to murder, James Collins faces a forgery count, and Carl Crockett is charged with car theft. Another theft indictment was also returned, but the defendant had not been arrested late Wednesday.

W. R. Swain, court reporter, is at the bedside of his wife, who is in a Temple hospital. His absence may force delay of one or two technical civil cases that face the court.

Three Carryovers.

The carryover criminal cases are: Edgar Turnbow and Melvin Turnbow, burglary; Raymond Way, theft. The Turnbow cases were not tried during the last term, and the Way trial resulted in a hung jury.

Divorces were granted early this week as follows: Modena Galloway from Jess Galloway; Lora Bryan from Bill Bryan; Velma Burt from Grady Burt; Beulah Huffman from Cole Huffman; Robert Collier from Lila Collier; Alma Boyd from Warren Boyd; H. A. Buttrill from Daisy Buttrill; Willie Hunter from Wanda Mae Hunter (colored).

## \$173,859 Is Spent By WPA In This County 1935 - 37

Scurry County's dividends from WPA during the past two fiscal years totaled \$173,859, according to a report just released by J. O. Jones, administrative officer of the Lubbock district office.

Scurry ranks fifth in total expenditures among the 23 counties of the district. Lubbock County is far in the lead, with \$551,330 furnished by WPA, \$152,493 by sponsors. Scurry County political subdivisions furnished \$49,518 to match the government's \$173,859.

The three other counties ahead of Scurry were: Hale, \$233,536 by WPA, \$103,208 by sponsors; Jones, \$195,045 by WPA, \$79,412 by sponsors; Crosby, \$190,091 by WPA, \$47,342 by sponsors.

Other county receipts from WPA included Fisher \$191,354, Borden \$9,536 (sponsors \$3,821), Dawson \$108,458, Dickens \$102,632, Garza \$69,545, Kent \$35,045, Lamb \$155,465, Lynn \$87,100.

Local political subdivisions in the district have expended \$1,061,901 or 29 per cent of the total of WPA projects, said Jones. The federal government has contributed \$2,756,365 in the 23 counties.

Jones explained that the amount of money expended by WPA in each locality depends upon the number of available certified workers and upon the amount of money which can be provided by the sponsors of projects.

## Lomax Farmers to Use Texas Mammoth

A second Howard County community this week selected Texas Mammoth cottonseed, bred by Von Roeder Seed Farms, Knapp, as the standard planting seed for 1938. Vincent has been using Texas Mammoth almost exclusively in recent years, and Lomax used a large amount of the seed this year.

The Borden-Scurry seed farms this week sold out their 1937 supply of Western Profit, a new seed that was placed on the market in quantity this year.

Exhibit Through Snyder.

Snyderites craned their necks last Friday to catch some glimpses of the General Motors' Parade of Progress. The "science circus," making a nation-wide tour, was en route to Abilene. It was composed of a number of large modern trucks. When arranged at the Abilene Fair Park, they made up a novel and thrilling exhibit of recent scientific achievements.

## A Quartet of Winston Winners

This group picture appears in the 80-page Winston Brothers sale catalog that was mailed last week to breeders in many states. The hefty Hereford bull on the

right placed second at Amarillo, his first show, later was reserve champion at Roswell, New Mexico, and has also taken other high show placings. He is Dom-

ino Design 7th. The Winston Brothers' first auction sale will be held here Thursday, December 9. More than 100 animals will go on the block.

## Cotton Warehouse Has Been Busiest Spot in Area Recently

### GINNERS FACE WORM THREAT

Scurry County's fight to keep the pink boll worm out of her cotton lies squarely at the doorstep of the ginners, said the county agent this week. He echoed the sentiment expressed here last week by two representatives of the U. S. Department of Agriculture.

No pink boll worms were discovered in the county last week, but the greatest possible care by ginners and others who handle cotton will be necessary if this county is to be protected in the future, believe the government authorities. In counties where the pink boll worm quarantine has been placed, each bale that is ginned must be fumigated, and the cost of \$3 must be borne by the farmer.

Bailey, Lamb, Hockley, Terry, Ector, Dawson, Gaines, Martin, Youcum, Andrews, Midland and Glasscock counties have been entirely quarantined, and the cotton on the yards at O'Donnell, Lynn County, is under quarantine.

### Miss Stanford Has Visited in Schools

Miss Madge Stanford, deputy state superintendent for the Abilene area, has been in county schools last week and this week to check them preparatory to making recommendations for the new fiscal year.

Since the forms that must be filled out this year are more complicated than usual, County Superintendent Frank Farmer, his office assistant, Miss Bonnie Miller, and Miss Stanford, have been working overtime on the reports.

The congregation has been meeting in the courthouse since the union church building was burned about two years ago.

### Operators of Local Beauty Shops Meet

Operators of Snyder beauty shops met Wednesday night at the home of Mrs. Gertie Smith, with a 7:30 o'clock dinner as the feature attraction.

Similar meetings are to be held in the operators' homes on the first Wednesday evening of each month. Attending the meeting last night, in addition to the hostess, were Lil Jo Colwell, Woodie Scarborough, Ethyle Little, Clara Drum, Hattie Hargroves and Ida Mae Baze.

### Laymen's Program Slated by Baptists

President J. R. Reeves of the laymen's organization of the First Baptist Church, announces that a program has been planned for Monday night, December 13, with the new pastor, Rev. Ira Harrison, as principal speaker.

Rev. Harrison will speak on "What We Expect of the Laymen," and H. L. Wren, district laymen's leader, will talk on "What We Expect of Our Pastor."

Refreshments and special music will be arranged, says President Reeves.

On College Rifle Team.

R. C. Goodlett of Dunn, son of Mr. and Mrs. W. S. Goodlett, who is a senior at John Tarleton Agricultural College, Stephenville, is practicing with the college rifle team. A second-year man with the squad, Goodlett and his teammates are expecting to compete successfully this year.

### TURKEYS SELL FOR 15 CENTS

The Christmas turkey market opened in Snyder Tuesday with the No. 1 price at 15 cents per pound, same as the Thanksgiving opening price. Wednesday's quotation was maintained at 15 cents. Most of the Thanksgiving turkeys were sold on a 14-cent market.

Local produce buyers are not enthusiastic over the Yuletide crop, although they expect a rapid turnover for a few days. Snyder Produce Company is operating its picketing plant, as in the past, with a number of hands at work getting the birds ready for shipment to eastern markets.

### Foundation for New Gail Baptist Church Is Started Tuesday

Members and friends of the Gail Baptist Church Tuesday began construction of a foundation for a new church building for the Baptist congregation. The men worked on the concrete foundation for the structure, and the women served dinner at noon.

The new building will be constructed with cement tile bricks, which are being made by the members and friends. Practically all the work will be donated. Rev. Forest Huffman, pastor since September, says donations of time and funds are solicited from friends of the church.

Size of the first building will be 28x40, and it is hoped that classrooms may be added in the near future.

The congregation has been meeting in the courthouse since the union church building was burned about two years ago.

### Tartars Here From Dunn.

Mr. and Mrs. C. E. Tarter, who have resided at Dunn for three years, moved this week to Snyder, where the new citizen is employed in the county agent's office. Prior to moving to Dunn, the Tartars lived in Fluvanna 10 years. They are parents of Cleo W. Tarter, superintendent of Dunn schools.

### Delivers New Car Sunday.

J. R. Hicks, local Hudson-Terraplane dealer, delivered a 1938 Terraplane today to Spikes Curry at Ennis, New Mexico, Sunday. Hicks was accompanied on the trip by his wife and Curry's mother, Mrs. A. M. Curry.

### Best Basketball Team on Record May Brighten Local Gymnasium This Year

Unless Basket Coach Glen Berry's eyes fool him, the Snyder gymnasium will be the proving grounds this season for one of the best basketball teams that has ever worn the Tiger label.

The boys have been doing considerable working out for several weeks, but it was just this week that Coach Berry has been turning the real workout screws down on them.

This year the game will be speeded up considerably, for there will be no center toss-up after goals as in the past. For this reason—and because he knows not too many basketball games can be won anyway unless the players are in excellent condition—Berry says there will be plenty of strenuous workouts from here on out.

First real games of the season will come Friday, December 10, when the Tigers will play in a tournament at Peacock. Two or three match games will also probably be played before the Christmas holidays.

## WINSTONS GET READY FOR BIG CATTLE EVENT

Visitors From at Least 10 States And Old Mexico Planning to Be Here December 9.

Buyers from at least 10 states and Old Mexico will attend the Winston Brothers Hereford auction that will be held on the southwestern outskirts of Snyder next Thursday, December 9.

Bulk of the visitors, of course, will come from Texas and New Mexico, where Winston bulls head some of the best herds in the two states. Iowa, Louisiana, Oklahoma, Arizona, Colorado and other states will furnish their quotas.

This group of buyers will be attracted not alone by the fact that the Winston herd is known far and wide for its quality, but also because it will be the first auction sale ever staged by the local breeders, Harrie and Wade.

Earl Gartin, nationally known auctioneer, will be in the chief role. Also assisting in the sale will be Frank Farley of the Hereford Journal, R. O. Peterson of the Drovers Telegram, H. J. Kinzer of the American Hereford Association and Fraser Biggs of Western Livestock.

The sale will be held under a large tent that has been secured from Harley Sadler. The noon meal will be served to all visiting buyers. Harrie and Wade Winston are long-time far fair weather, of course, but in case of rain, snow or severe cold they are prepared to conduct the auction at full blast in the big tent, which will be heated.

More than 400 catalogs advertising the sale of 111 animals were mailed last week to prospective buyers.

## Wife of Pioneer Baptist Minister Dies Wednesday

One of Scurry County's first settlers, Mrs. C. H. Kelley, 77, wife of a pioneer Baptist minister, died Wednesday morning at 11:40 o'clock, victim of a two-day illness. Death came at her home three miles southeast of Snyder, where she resided with a daughter, Mrs. W. J. Ross, and family.

Funeral arrangements, in charge of Odum Funeral Home, have not been completed.

Mrs. Kelley was born in Tupelo, Mississippi, on April 16, 1860. She came to Scurry County with her husband, one of the earliest and best known of the county's preachers, more than 44 years ago. They formerly resided in Johnson County.

Surviving are four daughters, Mrs. Oscar Davis, Mrs. Earl Patrick and Mrs. W. J. Ross of Scurry County and Mrs. W. T. Brooks Jr. of Dos Palos, California; two sons, Dock Kelley of near Snyder and Henry Kelley of the Ennis Creek community; one stepson, J. E. Kelley of Wichita, Kansas; 19 grandchildren and 14 great-grandchildren.

## Brownfield-Stavelly Return With Bucks

A late week-end trip into the Balmorea country netted a buck apiece for Maurice Brownfield of Snyder and Bos Stavelly of Fluvanna. It was the second joint into the deer territory for the local group.

The hunters returned, also, with a big hunk of bear meat, portion of a few fellow killed in the ranch country by the 14-year-old son of the ranch owner.

## L. A. Chapman Has Lubricating Course

L. A. Chapman, who operates the Texaco Service Station a block east of the square on 26th Street, was in Abilene Monday, Tuesday and Wednesday of last week to attend a some lubrication school conducted by the Texas Company.

Principal feature of the three-day course, says Chapman, was learning of the high points of lubricating the new car models, some of which have entirely different systems of lubrication.

## J. Frank Norfleet Brief Visitor Here

J. Frank Norfleet of Hale Center, whose criminal hunting exploits have received national recognition since the early twenties, was a brief Snyder visitor Monday.

He had no official business locally, but he visited the sheriff's department in the courthouse. He was en route to San Angelo, whence he had received a report that his son had been poisoned.

Despite his advancing age, the veteran rancher-investigator continues at his sleuthing job most of the time.

## Santa Coming To City Soon

### Stinsons Gather At Camp Springs For Turkey Feed

Annual Thanksgiving Day reunion of the four Stinson brothers and their only sister, Mrs. Guy E. Casey of Camp Springs, was held at Mrs. Casey's home last week.

Joe and Lee Stinson, Snyder drug men, Judge Jim Stinson of Abilene, George Stinson of Coleman and Mrs. Casey sat on the old wooden bench they used when they were children as they ate the delectable Thanksgiving-reunion dinner prepared for them and their children.

Mr. and Mrs. Joe Stinson, Mr. and Mrs. Lee Stinson and son, Billy Joe, Mr. and Mrs. J. D. Scott and Joe Dave, Judge and Mrs. Stinson, and Mr. and Mrs. E. W. Ledbetter of Abilene, and Mr. and Mrs. George Stinson and son, Weldon, of Coleman, along with the Guy Casey family, enjoyed the day together.

Dr. Grady Shyles, a long-time friend of the family, visited with them in the afternoon.

## COUNTY RANGE PROGRAM WILL GET APPROVAL

Seventy-one Applications for 9,052 Animal Units Have \$50.55 Average.

Approval of a county range program that includes 71 applications, with 171,994 acres and 9,052 animal units, was seen this week by the county agent.

Average per section will be \$50.55, less administrative expense of the range association. Each animal unit includes one cow, one horse, or five sheep or goats.

The official Scurry County grazing limit set up by the state committee is one animal unit to 19 acres of range land. Recommendations of the county range inspectors and county committee exceeded this official grazing limit by a small percentage, and the county committee is therefore making an adjustment of about 18 per cent from the county recommendations.

Applications have until December 31 to complete their range practices (such as construction of earthen tanks).

## Final Contest Plans To Be Announced

Final announcements and rules governing the holiday beautification contest being sponsored in Snyder during December by Woman's Culture Club, will be made in next week's Times, club leaders announced yesterday.

The sponsoring group urges local people to clean up their yards, trim the shrubbery and trees, to offer a more attractive natural background for Christmas decorations and gay holiday lighting.

Prizes for the contest will be given in three zones—north, west and east—one prize in each section for the prettiest out-door holiday decorations. "Let your neighbor enjoy your Christmas spirit," Woman's Culture Club urges people of Snyder.

## "Zotos" Permanents At Every Woman's

Zotos, new machineless permanent wave arranged for by Every Woman's Beauty Shop late last week, is among the first of its kind to be introduced in West Texas beauty shops, says Mrs. Woodie Scarborough, owner of the local shop.

The franchise recently received by Every Woman's authorizes local use of Zotos permanent waves, which are advertised for smart women in Vogue and Harper's, favorite women's magazines in the United States.

## School Sign Put Up By American Legion

The American Legion recently put up a sign, about four by five feet, on the vacant lot just to the northeast of the school grounds—a sign that helps carry out the organization's plan to help youngsters of the community in every way possible.

"Drive Carefully—Help Us—We Love Our Children—American Legion." So reads the sign, which was painted some time ago, complimentary, by E. B. McLeroy, now Borden County farm agent.

A similar sign was placed northwest of the school grounds last year.

## SATURDAY SET AS 'LIGHT' DAY

Santa's coming to town! Chamber of Commerce officials said this week that the annual visitor, whiskers, red-and-white suit and all, will be here Saturday afternoon, December 11.

Old Santa will have so much candy—thousands and thousands of pieces—that he will have several assistants to help him toss it from the top of the courthouse to hundreds of kiddies from all parts of the trade territory.

Lights on This Week.

The streamers of colored Christmas lights will be put up this week, and will be ready to greet Saturday night Yule shoppers. As usual, the lights will bedeck the top of the courthouse, and long streamers of them will be stretched groundward from the four corners of the central building.

Santa Claus is being brought to town on Saturday this year in order that all the school kiddies of the county may have an opportunity to see the jolly old fellow.

Merchants Get Ready.

Most Snyder merchants are ready for Christmas shoppers with an array of gift goods that reminds folks of "the good old days" back in the twenties.

Practically all stores have most of their Christmas goods on display, and show windows are freely decorated with gift items, holiday colors and colored lights.

Anyone who watches the windows and displays will tell you that dolls for the youngsters, neckties and such every-day needs for dad and brother, and those personal gifts for mother, sister or sweetheart are, as usual, the most wanted items in the gift line.

## BROWNFIELD IS PLOWBOY FOE

Brownfield, District 5-B winner, will play the Roscoe Plowboys, champions in 6-B, Friday afternoon at 2:30 o'clock on the new Roscoe High School field. A number of Snyder fans are planning to make the trip.

Brownfield accepted a \$200 guarantee to play in Roscoe. Seating accommodations have been made for 1,200 persons.

Roscoe has not been scored on in the district this season except by Snyder, the Tigers having been defeated, 31 to 13. No other team in the district came so close to the Pitts-and-Gray tribe. The Plowboys have been defeated only by the Class A Olney squad.

The football player in the district was saddened on Thanksgiving Day, when Carl Preston Wilson, Roby player, died in a Sweetwater hospital as a result of injuries sustained in the Lions' defeat of Colorado the previous week. Taken to the hospital when his leg was broken, young Wilson developed pneumonia.

## Ginnings in County Climb Past 40,000

Although slowed down considerably by cold, cloudy weather, ginnings in the county during the past few days have climbed past the 40,000 mark.

The Snyder total at mid-afternoon Wednesday was 20,300 bales. Adding the county-wide total, the full county ginnings through this week will probably run about 42,000 bales.

### Study for Program Proves Interesting.

"Italian Literature" as studied by the Alpha Study Club at its meeting Tuesday afternoon with Mrs. Wade Winston as hostess at her home in West Snyder, proved interesting. The house was decorated with gay red and white berries.

Gertrude Herm directed the discussions, opening the program with a general review of "Italian Literature." Hattie Herm gave selections from the "Autobiography of Cellini."

Mrs. Joe Strayhorn assisted the hostess in serving a salad course to the following club members: Misses Hattie and Gertrude Herm and Neoma Strayhorn; Meses Melvin Blackard, Wayne Boren, Maurice Brownfield, G. B. Clark Jr., Alfred McClain, J. P. Nelson, Forest Sears, C. F. Sentell, John E. Sentell, J. R. Sheehan, Wraymond Sims, W. C. Hollis and G. M. Heinselman.

### Birthday Party Is Compliment Friday.

Forrest Crowder was honored on her 14th birthday at a party at 7:30 o'clock Friday evening, with her mother, Mrs. H. L. Galyean, as hostess.

Wieners and marshmallows roasted out-of-doors, and outdoor games furnished amusement for the young social set until 12:30, when the group bade the honoree and each other goodnight.

Graham Lee Kendall of Oklahoma City, cousin of the honoree, was an out-of-town guest for the party. Others present were: Vivian Nell Wilsford, Mary Ellen Brown, Carolyn Dunn, Juanita Sanders, Juanita Beau-champ, Billie Jean Wilsford, Elwanda Spear, Lola Jo Rogers, Evelyn Terry, Mary Jo Shield, Carroll Taylor, Lance Mullins, Elton Thompson, James Lamar Kent, John Hillborn Biggs, Garland Mustian, Charley Dunn, Helen Kay Shield and the honoree.

### Local Girl Wins Bryan Art Prizes.

Grace Avary, daughter of Dr. and Mrs. J. P. Avary, won prizes in the art exhibit of the Brazos County Fair held in Bryan last week. The local girl, graduate of Snyder High School, is an office employee of the gas company in Bryan.

Miss Avary's two pictures, still life, which hung in the modern bedroom exhibition room prepared by Four-H girls, took first and second prizes in the art division at the fair.

During her last several years' residence in Snyder, at which time she was cashier for the local gas company, Grace was associated with local art groups. Several of her paintings were among those exhibited at the recent Art Guild reception.

### Polar Couple Wed Saturday.

Miss Melva Keye and Elmer Sellers, both of Polar, were married in rites held at the manse of the local First Presbyterian Church Saturday afternoon at 4:00 o'clock. A number of relatives and friends were in attendance for the service, read by Rev. James E. Spivey, pastor of the local church. Mr. and Mrs. Sellers will make their home in the Polar community.

### Nibs Warrens Have Girl.

Mr. and Mrs. Nibs Warren of Sudan are announcing the arrival of a baby daughter, Marylyn, two weeks ago. The child is a great-granddaughter of Mrs. J. W. Warren of Snyder. Guest of the Warrens in Sudan this week is Mrs. Allen Warren of Snyder, great aunt of small Marylyn. Warren is a graduate of the local high school.

### Dinner Party Honors Officers and Teachers.

A dinner party Tuesday evening at the home of Mrs. W. R. Bell was a compliment to officers and teachers of the young people's department of the First Baptist Church.

Mrs. English hosted Mrs. Bell, who is departmental superintendent, with Edgar A. Guest's poem, "Folks Like You." All those present answered roll call with "One thing that will help our department during the coming year." Plans were made for a Christmas party for the entire department, and for a box for Euckner's Orphans Home.

Teachers and officers reelected for the coming year were as follows: Teachers, Meses English, B. M. West, Graham, Jones; Messrs. Wren and Kelly; Vera Periman, associate superintendent; Thelma Leslie, secretary; Mary Nel Morton, pianist; J. T. Patrick, chorister.

Those present were: Dr. and Mrs. R. D. English, Mr. and Mrs. Joe Graham Mr. and Mrs. Leon Wren, Thelma Leslie, Vera Periman, Mary Nel Morton, Mrs. Ethel Eiland, J. T. Patrick, Leslie Kelley, Mr. and Mrs. Fred Jones, Dawson Moreland, and the Bells.

### Mrs. Stokes Hostess In W. Winston Home.

Mrs. Aubrey Stokes was hostess to Altrurian Daughters at the home of Mr. and Mrs. Wade Winston Monday evening. Meeting time for the group has been changed to alternate Mondays, with the next meeting, the club's Christmas party, falling on December 13. Mrs. Don Hilton will be hostess for the affair.

At Monday's Altrurian Daughters meeting, Mrs. Herman Doak was director for a program on "Practical English and Effective Speaking." Mrs. William Fuller discussed "Grammar and Effective Expression," and Dorothy Strayhorn's subject was "Elimination of Speech Faults, Pronunciation and Vocabulary Development."

The hostess served a dainty sandwich plate with hot coffee at the close of the program to Mrs. Winston and Mrs. Byrdie Griffin, guests, and the following club members: Kenneth Alexander, Marie Casey, Dorothy Strayhorn, Meses P. W. Cloud, Herman Darby, Herman Doak, William Fuller, Don Hilton and J. D. Scott.

Relatives and friends gathering at the J. E. Falls home at Ira for Thanksgiving dinner included the following: Mrs. Ethel Eiland and son, Royce, Billy Jay Eiland and J. R. Meadow, all of Snyder; Mr. and Mrs. W. W. Eiland and Mr. and Mrs. Guy Eiland and two sons, all of Stanton; Burns McKinney of Wichita Falls, Hardin-Simmons University student; and Georgene Falls, daughter of the Falls, who was spending the holidays at Ira from West Texas State Teachers College.

### New Frigidaires for 1938 Put on Display in Snyder

In 1938 many people will be imitating their friends and neighbors by going in for one of the new developments of the Frigidaire laboratories at Dayton, which this year reaches a sensationally new low figure in

operating costs. Above is one of the new model Frigidaires which incorporate every worthwhile feature known to the refrigeration business, including Frigidaire's patented silent meter-miser, and the double-easy ice

cube release. Engineers say they designed this model so that it would save several times what it costs. King & Brown are local dealers. They have some of the new models on their floor west of the square.

### Sports Club Girls Get New Sweaters.

Members of Lucky 13 Sports Club, girls' social club of the local high school, are proud of their new white sweaters, received recently. These sweaters with their green emblems, which will arrive soon, together with green flannel skirts will make attractive club costumes for the 13 girls and their sponsor, Miss Vera Periman.

Annual Christmas party for Lucky 13 will be held the middle of December, and a full calendar of entertainment will come during the Christmas holidays. Mattie Ross Cunningham, former sponsor, will be complimented at the holiday affairs.

Estine Dorward, one of Snyder's two representatives in Southwestern University, Georgetown, spent the holidays in Snyder with her parents, Mr. and Mrs. J. C. Dorward.

### El Feliz Party Is Given at Strayhorn's.

Mrs. Joe Strayhorn was hostess to El Feliz Club members and guests at her home Friday for an afternoon of enjoyable forty-two games, at the close of which she served delicious salad with hot coffee to those present.

Guests were: Meses L. G. Ely, W. R. Lacey, R. J. Randalls, Roy Strayhorn, H. E. Rosser and R. W. Cunningham. The following members were present: Meses W. J. Ely, Lee T. Stinson, Sidney Johnson, Wade Winston, H. J. Brice, C. F. Sentell, A. J. Cody, I. W. Boren, J. E. LeMond, R. H. Odum, H. L. Vann, Warren Dodson and G. H. Leath.

Christmas party for El Feliz will come December 10, with Mrs. Vann as hostess.

Charline Ely of Gorman was a week-end visitor with her parents, Mr. and Mrs. W. J. Ely, in Snyder.

### Duce Club Party Is Delightful.

"Such a delightful party," was the expression used by Duce Club members of the Monday evening affair for which Vesta Green was hostess at her home.

High score prize in bridge play was won by Allene Curry, and Frances Stinson took the traveling prize. Delicious home-made candy was passed during the games, and at the refreshment hour the hostess served a salad plate with coffee and sweets to Mrs. R. S. Epperson, the only guest, and the following members: Frances Stinson, Ruby Lee, Johnnie Mathison, Margaret Deakins, Gwen Gray, Bonnie Miller, Mavis Webb, Mrs. Buster Curtis, Mrs. R. C. Miller, Mrs. Willard Lewis and Allene Curry. Miss Lee will be next club hostess, December 9.

Yep, that's the name; or, if you prefer the name by which she will probably be called, let it be Lela Beth. The little lady was born Friday afternoon of last week to Mr. and Mrs. Herbert Smith. Daddy Smith, Snyder Transfer Company employee, says the newcomer is just about to get her schedule straightened out.

## Beware Coughs from common colds That Hang On

No matter how many medicines you have tried for your cough, chest cold, or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel the germ-laden phlegm. Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained from the very first bottle. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

## Beware Common Colds Warns Dr. George W. Cox

"Beware of the common cold," Dr. George W. Cox, state health officer, cautions the people of Texas. "This is the season of the year when colds are most prevalent, and their consequences more far reaching. The organism causing the disease is not known, but every individual is acquainted with its effects.

"Not a little of the susceptibility of catching colds can be overcome by a gradual acclimating to lowering temperatures and inclement outdoor weather. This hardening should begin now, and consist of regular exercise—walking is good—to be continued throughout the winter in weather of every kind. One should be careful to avoid wet stockings drying on the feet, over-heavy clothing and over-heated rooms.

"There are two broad principles to observe in the treatment and prevention of colds. The first says: 'Let every person with a cold consider it seriously.' Every cold should be regarded as the possible beginning of a serious illness. That means seeking a physician's advice and explicitly following his directions. If he orders bed, then bed it should be. Complete rest is a fine way to overcome a cold in short order.

"One's resistance to many diseases, including colds, can be raised by increasing one's vitality through observing the fundamental rules of health: Plenty of fresh air, good wholesome food, neither too much nor too little, sufficient rest and the avoidance of habitual over-indulgence of de-vitalizing stimulants, including alcohol, tobacco and the like.

"The cold is a common disease," Dr. Cox repeated, "but every cold is important enough to justify careful attention and treatment for its immediate cure. Death-dealing pneumonia and tuberculosis may begin with colds that do not receive care and attention."

## Poultry Show Will Be Staged at Anson

## LET'S TALK ABOUT CLOTHES

By a Young Modern

How is your rainy weather beauty? When the landscape puts its worst foot forward with a dripping, bedraggled exterior, do you follow suit?

Or do you follow those smart women who have discovered there is a way to dodge the usual shabbiness of rain clothes? A few years ago no one could escape it—rain-coats were made of stiff, awkwardly heavy cloth, hats were a trifle queer, and rubbers were the horror of one and all.

Now you have your choice of several happy solutions. If you're just going to be out in the rain occasionally, your best bet is an all-covering cellophane hooded cape. With it you can just wear whatever you originally intended to and have it well-protected. For practicality a natural-colored one is best, but for frivolity a bright red or blue is tops.

Then you need not ruin your cheerful cellophane appearance with a pair of clumsy, box-car rubbers. Manufacturers have made gushers into works of art, and well dressed women are trying out every style.

For long walks in the rain or dashing around town during the day try the sporty ones with alligator toes and heels. For all-round wear (these are the best if you can just have one pair), look over the new ones with suede finish and patent leather trim. Since evening sandals often have to tread muddy paths too, there are some dainty fur-trimmed velvet ones that can be brushed.

If you have the passion for complete outfits you may wish to invest in a rainproof coat that looks like an ordinary sport coat. Combine it with an attractive brimmed hat of the same material and you will have left that rain-tacky feeling behind forever.

## Duck Hunters, Here Are Some Pointers For Your Guidance

Now that the duck season has opened (it continues from November 27 through December 26), hunters in and around Scurry County would do well to keep a few pointers carefully in mind.

Federal duck hunting regulations provide that all persons over 16 years of age must have on their person an unexpired federal migratory waterfowl hunting stamp (commonly known as the duck stamp) when hunting ducks and geese, regardless of whether or not they are hunting on their own land.

All pumps, repeating or automatic shotguns must be plugged so as to hold only three shells at a loading. The bag limit is 10 ducks in one day; geese or brant, five in aggregate of both species in one day; jack-snipe or Wilson snipe, 15 in one day. Ducks and geese may be legally taken from 7:00 a. m. to 4:00 p. m., November 27 to December 26, inclusive.

## Snyder General Hospital

Mr. and Mrs. W. P. Freeman of Pivanna are announcing the arrival of a six-pound baby girl Monday, shortly after noon. Mrs. Freeman and daughter were still in the hospital yesterday.

Three persons have entered this week for medical attention: C. F. Robertson of Snyder, Ross Bowers of Dunn and Orle Tarter of Dunn. Tarter was still in the hospital Wednesday.

neady, as were Mrs. Leo Huddleston of Arab, surgery, and O. D. Snider, accidental burns.

When the pipe band of a certain regiment of Scots played for the first time on Church Square, Pivanna, a kaffir listening to the band was asked what he thought of it. After a few seconds' consideration he replied: "Plenty no good, boss. No beginning, no middle, no finish. All one like."

## TWO NEW FORD V-8 CARS FOR 1938

You'll want to know all about these two great new Ford V-8 cars right away. The new Ford line is the big automobi'e news of the year—new luxury, new design, greater comfort, AND TWO DISTINCT LINES. New 1938 De Luxe models are larger, roomier—the most luxurious cars Ford has ever built. This year, America's most popular car gives you a wider choice than ever before. You are cordially invited to come in and get full information first hand at our premier showing.

## LOUDER MOTOR COMPANY

AUTHORIZED FORD DEALER

# Announcing TWO NEW FORD V-8 CARS FOR 1938

### THE DE LUXE

85 HORSEPOWER

DE LUXE FORD V-8... 112" wheelbase; 85-horsepower engine; Improved Easy-Action Safety Brakes; Center-Poise Ride; All-steel body; Mohair or Broadcloth upholstery; Walnut-finished trim; Twin horns, tail lights, sun visors; Clock; 60" black tires, white side-walls are extra; 8 body types; 6 colors.

### THE STANDARD

60 OR 85 HORSEPOWER

STANDARD FORD V-8... 112" wheelbase; 85 or 60 horsepower engine; Improved Easy-Action Safety Brakes; Center-Poise Ride; All-steel body; Broadcloth or Mohair upholstery; Mohair extra in "60"; Mahogany-finished trim; One tail light, sun visor; Twin horns; 8 body types; 3 colors.

FORD offers two new cars for 1938—the Standard Ford V-8 and the De Luxe Ford V-8. They are different in appearance—but built to the same high standard of mechanical excellence—on the same chassis.

Because people liked our 1937 car so well, they bought more than of any other make. They liked its looks, its smooth performance, and the way it handled. We have improved on that car in the newly styled Standard Ford V-8.

But some folks wanted still more size and style, with the same Ford advantages. For them, we designed a new De Luxe line.

The De Luxe Ford V-8 Sedans are longer with more room, larger luggage space, and finer appointments all around.

De Luxe cars are equipped with the 85-horsepower engine only.

The Standard is even lower priced than the De Luxe. It has graceful new lines and well-tailored interiors—with a choice of engine sizes—85 or 60 horsepower.

Before Ford made V-type 8-cylinder engines available to every one, they were used only in expensive cars. Since then, four million Ford owners have learned the genuine enjoyment of driving an eight-cylinder car with all-around economy.

The thrifty "60" engine, especially, makes possible in Standard models a very low first cost and equally low operating cost. With two distinct designs, two engine sizes and two price ranges, you'll find a 1938 Ford car to fit your needs exactly.

### PRICES FOR CARS DELIVERED IN DETROIT—TAXES EXTRA

Standard Ford V-8 (60 hp.)—Coupe, \$599; Tudor, \$644; Fordor, \$689. Standard Ford V-8 (85 hp.)—Coupe, \$629; Tudor, \$669; Fordor, \$714. De Luxe Ford V-8 (85 hp. only)—Coupe, \$689; Tudor, \$729; Fordor, \$774; Convertible Coupe, \$774; Club Coupe, \$749; Convertible Club Coupe, \$804; Phaeton, \$824; Convertible Sedan, \$904.

Standard and De Luxe cars equipped with bumpers, bumper guards, spare wheel, tire, tube, tire lock and band, cigar lighter, twin horns, and headlight beam indicator on instrument panel, at no extra charge.

In addition, De Luxe cars are equipped with extra tail light, windshield wiper, sun visor; also de Luxe steering wheel, glove compartment lock, clock, and chrome wheel bands, at no extra charge.

### Two 1938 Ford V-8 Cars Are Displayed

Two distinct lines of Ford V-8 cars are now being displayed in Louder Motor Company's showrooms. One is a newly-styled standard Ford line in three body types, the other a de luxe Ford line in eight body types. The de luxe tudor sedan is pictured above. The de luxe sedans are larger in appearance, with longer hood and sweeping lines. The de luxe cars are powered with the 85 horsepower V-8 engine, the standard cars with either the 85 or the 90 horsepower engines. Newly-styled interiors are pictured at right. New instrument panel has instrument cluster in front of driver, flanked by engine controls and cigar lighter, in center, flanked by engine controls and cigar lighter, the compartment at right. In the de luxe cars, the compartment locks, and a clock is recessed in the compartment door. A headlight beam control is fitted on the toe-board, a full-tail light on instrument panel indicates whether the headlight beams are raised or depressed.

### Huffman Killed in Oklahoma Accident; Browning to Rites

Tom Huffman, 56, who was in the cattle business in Snyder and Scurry County for more than 30 years before he moved to Vinita, Oklahoma, five years ago, was killed Friday morning, November 19, in the freight yards of the Vinita stock yards, where he was employed.

A fast freight train struck a light plant truck that was being operated by Huffman, carrying the truck and driver several hundred yards, crushing the body and amputating one leg below the knee.

Final rites were held at Vinita the following Sunday afternoon, and burial was in Vinita. The rites were attended by John Browning of Pluvanna, brother of Mrs. Huffman.

Survivors are Mrs. Huffman and two daughters, Mrs. Nina Robison and Miss Elva Leo Huffman; three brothers, Alex Huffman of Boise, Idaho, Ernest Huffman of Amherst, Harry Huffman of Ada, Oklahoma; one sister, Mrs. H. A. Stacy of Hamlin.

Sam had been carpenter at a provincial theatre for half a century and the proprietors thought it was time he was retired on a pension. But Sam chose to consider himself insulted by the well-meant offer.

"I wouldn't 'ave took the job at all," he grumbled, "if I adn't thought it was going to be permanent."

Sound Lending Profits Both Parties—

In 1492 Columbus had a business venture that required the borrowing of money, received, in his case, through the sale of the royal jewels.

Today, business concerns and individuals still require loans in the conduct of their affairs—a procedure which is carried out thoroughly and satisfactorily through the facilities of this bank.

WOLVES LOSE TO BENGALS IN SEASON FINAL

One of Best Games Seen in Recent Years Climaxes 50-50 Schedule.

With most of the Tigers playing their last game of high school football, the 1937 season was climaxed Thanksgiving afternoon on the home field with an outstanding game that sent the Colorado Wolves home with a 7-0 defeat. This thriller, which was fast, clean and well-played on both sides of the line, left the Tigers with a fifty-fifty standing for the conference year. They losted Roby, Merkel and Colorado; lost to Rotan, Roscoe and Loraine. Quarterback Strayhorn with his signal barking and ball carrying, Head with his off-tackle slicing and tackling, and Jay Rogers with his hefty blocking, left a particularly good taste in the fans' mouths from the backfield. Hargrove was particularly good as a defensive end.

Jackson Is Wolf Threat. from his fullback slot, with Chadwick, half, a good ground gainer, and King and Smallwood good in the line. It was a smart, hard-hitting defensive battle, with the Tigers running up 16 first downs, and the Wolves 11. The visitors' passing attack was practically nullified as the locals threw up the best pass defense of the season. Colorado ploughed the ball to the 15-yard line in the first quarter, but that was their last serious threat. Jackson was stopped by Head on the 30-yard line in the final quarter, after a 30-yard run, but the Wolves couldn't budge from there. Snyder went just inside the Colorado 20 as the first quarter neared an end, thanks to a spot lateral from Autry to Strayhorn, but the ball was lost on downs.

Tigers Strike Pay Dirt. After the half rest period, the Tigers took the ball on the kickoff and did not halt until they had scored. Strayhorn's 35-yard right tackle plunge and cutback featured a drive that included mostly off-tackle plays and reverses. It was Strayhorn who scored and Smith who kicked the extra point. As the game ended, the Tigers had possession of the ball on the Colorado four-yard line, with four downs to go. Starting line-up for the Tigers was as follows: Autry, left end; Riley, left tackle; Mebane, left guard; Hargrove, center; Scarborough, right guard; Woolever, right tackle; Sorrells, right end; Strayhorn, quarterback; Smith, left half; Jay Rogers, right half; Head, fullback; Gordon Rogers substituted part of the game for Woolever, and Tate alternated with Head at fullback. Of those who played in this Colorado game, only Riley, Nuel Mebane and Hargrove will be back next season. Vernon Moffett and Ervalce Keller, also lettermen, will be back. Two other squadmen, Bill King and Baugh, will graduate.

MY THANKS Lord, here's my thanks to thee: A well kept house; a smile For those I love; a tear For one in sorrow; A helping hand to all Who reach to me; A hope to them who fear; A courage strong to face tomorrow. —Annabel Parks, Lancaster

W. S. Darrow Is Death Victim in Del Rio Hospital

Death came Friday afternoon to W. S. Darrow, 70, retired Scurry County farmer, in a Del Rio hospital, where he had been confined 20 days. An Odum Funeral Home coach returned the body to Snyder, with Gay McClain accompanying.

Friends gathered at the First Methodist Church for final rites Sunday afternoon, 3:00 o'clock, with Rev. H. C. Gordon, pastor, and Rev. M. W. Clark, officiating. He was a member of the First Methodist Church. Burial was in Snyder cemetery.

Since the death of Mrs. Darrow in February, 1936, Mr. Darrow had resided in West Snyder. Prior to that time, for more than 20 years, he farmed west of Snyder. He came to Scurry County from Ellis County.

Two daughters and two sons reside in Big Spring. They are Mrs. Oma Womack, Mrs. Joe Seabourne, E. P. and R. W. Darrow. Also surviving are two sisters, Mrs. Pearl Chenorth, Italy, Texas, and Mrs. Laura Vaughn, Carlsbad, New Mexico; four brothers, John, Oscar and M. P. Darrow of Mangum, Oklahoma, and Roland Darrow of Shamrock.

Pallbearers for Sunday rites were Al Simpson, J. T. Biggs, J. L. Carroll, Wray Huckabee, John Watts, J. E. Huffman, W. B. Lemons and Joe Caton. Mrs. Al Simpson, Mrs. Henry Shuler, Mrs. Howell McClinton and Miss Maxine Huckabee were in charge of flowers.

TIGER BAND ON LION PROGRAM

Snyder High School Band, under direction of R. L. Reschar, gave several band numbers on the Tuesday luncheon meeting of Snyder Lions Club as chief entertainment for the day. It was the first time the newly-uniformed musicians had appeared on the organization's program.

Mrs. D. P. Yoder, president of the band parents' group at the local school, spoke on the value of the band to the school and the town, and pointed out its immediate needs. She stated that 12 or more new uniforms for newly recruited members of the band were needed.

Twenty-nine members were present to partake of a venison steak treat, furnished by Lion B. W. Warren, who killed the buck on a last week hunt.

Other guests for the day were Ed McCurtain, field Boy Scout executive, of Sweetwater; Miss Madge Stanford, district school supervisor, of Abilene; A. S. Legg, district manager of Texas Electric Service Company, of Sweetwater; W. B. Young, connected with the International Harvester Company of Sweetwater; A. C. Folks Are Funny

Children who demand the proper cave facilities for playing "pirate" can easily find them in Texas. The eight principal caverns include Austin Cave, Cascade Caverns near Boerne, Longhorn Cavern near Marble Falls, the third largest cave in the United States, and Wonder Cave at San Marcos. Unexplored ones are Devil's Sink Hole in Edwards County, Jeff Davis Caves in the county of that name; Robber Baron's Cave near San Antonio, which has one known channel two miles long; and Treasure Cave near Richland Springs, which is said to be the location of buried treasure. Page Robert Louis Stevenson!

"Well, dad, I just ran up to say hello." "Too late, son. Your mother ran up to say good-bye and got all the change."

Marriage to a man without a job is like a wedding without a groom.—E. V. White.

A two hundred million dollar industry is not to be sneezed at, and that's what speeded up the pulses of Texas business men when the possibilities of large scale newsprint production in this state became known. The discovery that young slash and yellow pine had no resin and was therefore suitable for manufacturing into newsprint opened the way for predictions that the huge industry now centered along the Canadian border will move southward eventually. The Southern pine belt extends through East Texas and along the entire gulf coast to the Atlantic, and the growth of trees is much more rapid than in the north.

THE SINNER

His sins were many and grievous. You knew about them all. They were open so man could read them. Like posters on a wall. You were loud in your condemnation— I gave no answer to you. I knew of his sins for I saw them. But I saw his suffering, too. I saw him struggling in darkness Beneath a thick black pall. He sinned, but, Christ, how he suffered. But you did not see that at all.

"What can you do as fullback?"

"The captain of a football team asked a new member of the club. "Oh, passable," was the modest reply. "Well, you won't do. We already have a fullback who's passable. What we are looking for is one who is not."

## Scurry "Gets Hers."

The handful of critics who have been bewailing the fact that Scurry County did not "get in there and get hers" when federal government funds were being dished out as an artificial aid for recovery, will find small consolation in the fact that this county secured more WPA money during the first two years of that agency's operation than any of the 23 counties in the Lubbock district, with the exception of Lubbock, Hale, Jones and Crosby.

Scurry's share was \$173,859. Other counties in her population range—such as Lamb, Lynn, Dawson, Fisher, Dickens, Terry and Floyd—were well behind Scurry. No one would brag of this accomplishment too much. For it was artificial respiration, to say the least. But it reflects the fact that Scurry County and Snyder's school, city and county officials were on their toes to get as much assistance as possible—financial assistance that had been definitely set aside by Uncle Sam for just that purpose.

The Times says now, as it has said several times in the past, that few, if any communities have received as much return per dollar from government funds as Scurry County and Snyder.

## Ford's Word for It.

Despite newspaper headlines, stock market walls and other current trends, Henry Ford arose last week to say: "The present slow-down is not a set-back; it's the pause before another climb. Two things helped bring it on just now and one of them was the uncertainty of business regarding political interference, but Congress is taking care of that. The other was the stock market fluctuation. . . . The stock market has no more real effect on American business than the results of a dog race in California."

We'll joyfully take Ford's word for it . . . and we sincerely believe he is right. If cotton were to take a hop up to 15 cents a pound day after tomorrow, we'd know for sure that the great Ford builder was correct. Summing up the attitude of business toward Congress . . . and the attitude of Congress toward business . . . the Abilene Reporter-News aptly says: "Business is greatly in need of a breathing spell, and it can't get it while under constant assault in Congress."

## Rural Cemeteries.

Contrasting pictures of old and new ideas in cemeteries are given by T. D. Gray in an article in The Progressive Farmer, from which we quote:

My first impression of a country graveyard was in an old parish in southern Maryland. It had high monuments, large headstones, smaller footstones, and mounded graves. Surrounding it was a beautiful bit of natural woodland, but the two were as separate as day and night. Because of the mounded graves, lawn-mowing was well nigh impossible, so the weeds grew until someone cut them with a sickle.

"The description fits all too many of our rural cemeteries. It is encouraging to note, however, that many rural communities are showing interest in improving their cemeteries. Effective organizations have a board of trustees or directors to formulate rules and regulations; rural cemeteries should follow their example.

"More modern cemeteries are doing away with large monuments and many headstones and footstones, and prohibiting mounding the graves. The graves are marked, but the markers are set flush with the surface of the ground, and the mower goes over them. This permits the development of more parklike effects. It may not be possible to obtain permission to abolish mounding and monument-building all at once. It might be tried first in one part of the cemetery; the rest will almost surely follow, since that part will look so much better.

"There is little excuse for rural cemeteries not having trees and shrubs within their boundaries; native trees and shrubs are plentiful and appropriate and can be had for the collecting. Groups of trees may be used at the entrance, at the triangles formed by road intersections, on top of a hill, or at other strategic places. The cemetery should look natural and restful, and nothing else creates this appearance quite so well as trees."

## American Freedom.

Odesa News-Times: One of our leading citizens is reported to have refused to sign his unemployment census slip this week. He says things have come to a pretty pass when a fellow can't loaf without the federal government butting in on his business.

## J. Frank Norfleet.

J. Frank Norfleet's brief visit in Snyder Monday might have been the subject for two good editorials. The first might be: "In the final analysis, laws are only as good as the men who are elected to enforce them." The second: "Neither age nor previous experience are of much importance when a hard-headed West Texas rancher sets his head to do a thing."

## Tillie Queries.

Talkative Tillie, who often ponders what fools these mortals be, wants to know why so many other sensible men will drink hot coffee in hot weather, and so many other sensible men will drink cold cokes in cold weather. And if you can solve that one, continues Tillie, maybe you can figure out how some professional coffee-deadbeats seem to always be on hand at the nick of time to save a dime.

## A Mule Farmer's Soliloquy.

Most of our readers have probably heard "A Mule Farmer's Soliloquy." But it is so applicable to the problems of the times that it is presented again. Read it and laugh . . . and ponder!

Over the hill trailed a man behind a mule drawing a Dixie plow. The clothopper was "broadcasting." Said the man to the mule:

"Bill, you are a mule, the son of a jackass, and I am a man made in the image of God. Yet, here we work, hitched up together year in and year out. Often I wonder if you work for me or I work for you. Verily, I think this is a partnership between a mule and a fool, for surely I work as hard as you, if not harder. Plowing or cultivating, we cover the same distance—but you do it on four legs and I on two. I therefore, mathematically speaking, do twice as much work per leg as you do.

"Soon we'll be preparing for a corn crop. When the crop is harvested, I give one-third to the landlord for being so kind as to let me use this small speck of God's universe. One-third goes to you, and the balance is mine. You consume all of your portion, with the exception of a few cobs, while I divide my one-third among seven children, a dozen hens, two ducks and a banker. If we both need shoes, you get 'em. Bill, you're getting the best of me, and I ask of you, 'Is it fair for a mule, the son of a jackass, to swindle a man, the Lord of Creation, out of his substance?' And, come to think of it, you merely help plow and cultivate the ground, while I alone must cut, shock and husk the corn while you look over the pasture fence and hee-haw at me.

"All fall and most of the winter the whole family, from Granny to Baby, work from morning to night to help raise money to pay taxes and buy you a new set of harness and pay the interest on the mortgage on you. And, by the way, what do you care about the mortgage? Not a damn! You onery cuss, I even have to do the worrying about the mortgage on your tough, ungrateful hide!

"About the only time I am your better is on election day, for I can vote and you can't. And after election I realize that I was fully as great a jackass as your papa. Verily, I am prone to wonder if politics were made for men or jackasses—or to make jackasses out of men.

"And that ain't all, Bill. When you're dead, that's supposed to be the end of you. But me? The parson tells me that when I die I gotta go to hell forever. That is, Bill, if I don't do just as he says. And most of what he says keeps me from getting any kick out of life.

"Tell me, Willyum, considering these things, how can you keep a straight face and look so dumb and solemn?"

## Editorial of the Week.

WIND.

Our mutual friend, E. C. Ralston, has written this essay on wind. The Times presents it as a worthy "Editorial of the Week."

Wind has always seemed wonderful and beautiful to me.

Invisible as it is, it pervades the whole world. It has the very quality of life. Without wind, how dead and still the world would be! In autumn the wind shakes the leaves free and sends them flying gold and red. It takes the seeds of many plants and sows them over the land, it blows away the mists and sets the clouds to voyaging, brings rain and fair weather the year round, builds up snow in fantastic palaces, rolls the waves high, murmurs a fairy music in the pines and shouts aloud in storms.

Wind is the great adventurer of nature. Sometimes it is so fierce and terrible that nothing can stand before it—houses are torn to shreds, trees are felled, ruin follows where it goes. At other times it comes marching wet and salt from the sea, or dry and keen from the mountains on hot summer days, bringing ease, rest and health.

Keen as a knife it whips over the frozen ground in winter and screams wildly around the farmhouse, taps the panes with ghost fingers, and whistles like a spirit in the chimney. It brings sails from land to land, turns windmills in quaint foreign places, and sets the flags of all the countries of the world fluttering on their high staffs.

After each storm there is a calm. This is benediction day. The placid air of the day seems to shed a new tranquility over the consoling landscape. The heart of the earth seems to taste a more perfect repose than that of common days.

## "Trust Thyself."

The world is his who can see through its pretension. What deafness, what stoneblind custom, what overgrown error you behold, is there only by sufferance—by your sufferance. See it to be a lie, and you have already dealt it its mortal blow.

It is a mischievous notion that we are come late into Nature; that the world was finished a long time ago. As the world was plastic and fluid in the hands of God, so it is ever so much of His attributes as we bring to it.

Man is timid and apologetic; he is no longer upright; he dares not say "I think," "I am," but quotes some saint or sage. . . . We are afraid of truth, and afraid of each other.

Trust thyself—every heart vibrates to that iron string. Act singly, and what you have always done singly will justify you now. Be it how it will, do right now. Always scorn appearances and you always may. —Ralph Waldo Emerson.

## SPEAKER SAYS GIVE STUDENTS SKILL OF HAND

State Teachers Warned That Schools Must Strike Down Propaganda in Curricula.

Importance of vocational and industrial training to meet the needs of the changing educational world, was stressed by Dr. Bradford Knapp, president of Texas Technological College, Lubbock, in an address before the Texas State Teachers Association convention at Houston last week-end.

"More youngsters must be given an opportunity to work with their hands, with machinery, with tools, which will give them skill of hand with confidence that this skill will be readily adapted to any job which may be theirs," he said.

### Hits at Propaganda.

Dr. Sam H. Witley, president of the East Texas Teachers College at Commerce, warned the 15,000 Texas school teachers in annual convention that state schools must strike down propaganda which is gradually creeping into curricula. "The schools should never be used by the government as an agency of propaganda," was the ominous note he sounded.

Dr. L. A. Woods, state superintendent, said there is a definite trend toward the 12-year system in the schools. "There is a trend," he said, "toward more state support." The delegates urged by resolution an active campaign for teacher tenure, making the state superintendent's job appointive instead of elective, keeping the \$22 per capita apportionment as a minimum, and a number of other widely discussed measures.

### Brister Named Leader.

R. H. Brister of Waco was elected president of the state association, George P. Wilcox of College Station, first vice president.

Snyder was represented by City Superintendent C. Wedgeworth, County Superintendent Frank Farmer; rural schools by Mr. and Mrs. Roy O. Irvin, and Misses Polly Harpole and Katherine Northcutt.

Hermleigh was represented at the convention by Superintendent and Mrs. W. T. Hanes, Principal and Mrs. A. C. Bishop Jr., Mr. and Mrs. S. L. Morgan, and Miss Violet Bradbury.

## Hirsute Growth to Decorate Ansonites

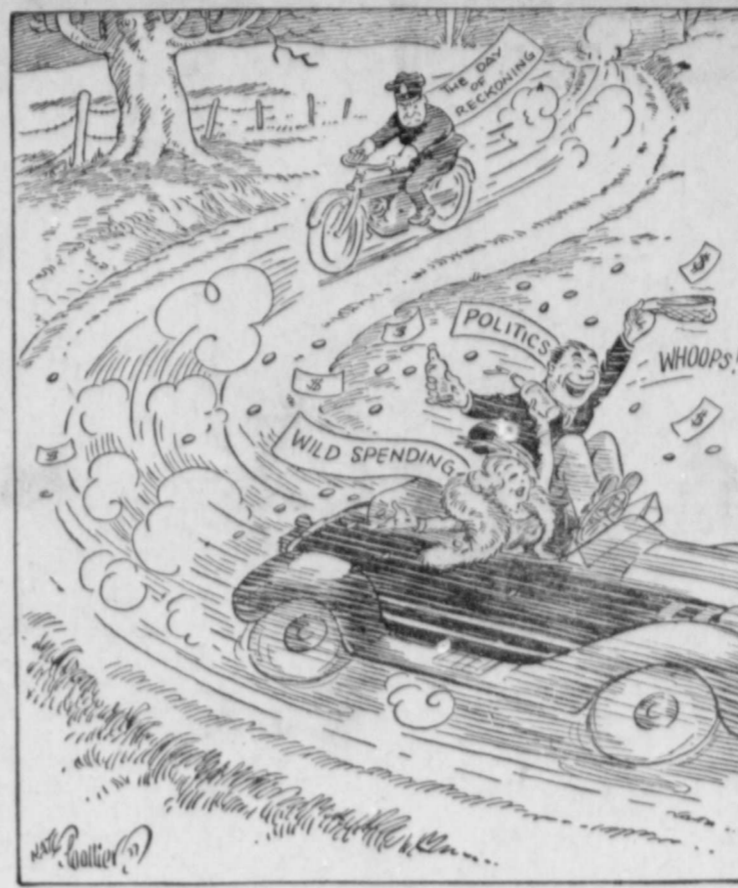

There'll be goateers, mustaches and whiskers decorating numerous faces in Anson during the coming month as men of the town begin now to grow these facial adornments, and it is all to help lend an old-time air to the cowboy's Christmas ball, held annually. Ladies will be decked out in flowing blouses, ruffled skirts, and quaint basques as were the women of the eighties.

Dates for the ball this year are December 20, 21, 22 and 23, with the ball to begin each night at 8:00 o'clock at the high school gymnasium.

## Safety Hints for Gas Users Given By Officials Here

Hazards to health from careless use of natural gas and also fires and accidents can be avoided by observing a few simple precautions, according to gas company officials. They explain that natural gas, with all the safeguards the gas companies have placed around it through their modern service, is perfectly safe under any reasonable handling.

Several gas company officials were here last week to test, with Local Manager B. G. Johnson, the presence of the new odorant that has been placed in gas mains to help detect leaks more readily. Several witnesses to the test discovered that a small fraction of the amount of gas that would be dangerous is easily discovered through its unusual smell.

Open flame heaters can give excellent heating service when properly adjusted and protected, but they can also cause unhealthful conditions as well as accidents. Families who huddle in one overheated room lay themselves liable to colds and even more serious diseases. If the open flame heater is turned up too high it will cause bad air in the room. Such heaters also should be protected with screen guards to prevent clothing from swinging into the flame and to protect small children.

Keep curtains, draperies, and similar inflammable materials away from heaters and do not dry clothing near the heater. Wind may blow the material into the flame, or it may become overheated and ignite. Do not use gasoline, naphtha or benzine for cleaning. Use some of the safer solutions now obtainable and these out of doors during the day.

All heating equipment should be inspected and adjusted by reliable firms or individuals known to be qualified experts. No one but licensed plumbers and gas experts should connect gas appliances.

### New Neon for Leath's.

Leath's cafe, north side of the square, last week took another modernization step when a large red and blue neon sign was arched across the front. Previously, the word "Cafe," in red neon, was placed above the awning, bordered with blue neon.

## Three Fire Calls Past Few Days; Damage Is Light

Three fire calls have been answered during the past few days by Snyder volunteer fire department, but total damage was slight.

The first call came Saturday morning about 3:00 o'clock, at Browning gin. Sparks from the burr burner evidently flew to the loading platform, lighting some of the cotton there and on the ground. The fire was put under control before it spread to the gin proper, after serious damage to only two or three bales of cotton.

A Monday morning fire at Leath's cafe, north side of the square, was caused by some grease on the kitchen stove. The damage was slight, although the smoke was heavy for several minutes. An extinguisher was used by the fire department.

A third call was to Louder Motor Company Monday afternoon. O. D. Snider, mechanic, was painfully but not critically burned on the chest when his clothing became ignited. When some rags in the shop were fired, Snider grabbed a bucket which he thought was filled with water, but he noticed it was gasoline just as he started to throw it on the rags. J. B. Early grabbed Snider as he ran toward the front door, extinguishing the blazing clothing.

Fire Chief N. W. Aury reports that Snyder's insured fire loss for 1937 has been only slightly more than \$1,000, assuring the town of a substantial fire credit, in addition to the 15 per cent given last year, unless heavy loss comes during December.

## OFFICIAL YIELD PASSES 36,000

Official Scurry County yield prior to Sunday, November 14, was 36,329 bales—almost three times the yield of 12,711 bales at the same time in 1936.

The entire state had ginned 4,120,417 bales as compared with 2,523,478 bales a year ago. Lubbock County, with 80,949 bales ginned, threatened to overtake the leaders in later reports. Ellis had turned out 99,698; Nueces, 91,475 bales; San Patricio, 83,598; Collin, 82,624.

In West Texas, Dawson had 67,919; Fisher, 36,890; Garza, 22,428; Haskell, 37,115; Howard, 33,352; Kent, 7,610; Jones, 55,658; Lamb, 50,119; Lynn, 77,296; Mitchell, 24,637; Nolan, 24,343; Taylor, 29,682; Runnels, 58,624.
