

New Device Blocks Knits and Boucles At Jack Colwell's

A new device for cleaning and blocking knits and boucles, said to be capable of restoring all the original form, size and finish to any type of knitted garment, has been installed at the Jack Colwell tailor shop.

This machine, according to Colwell, is the result of the widespread popularity of knits and the demand for a device that would perform the difficult task of restoring the correct form and size to this particular material.

Known as the Glover knit blocking machine, the new device has completely removed the many difficulties formerly encountered with knits, "and has enabled us to do the highest quality work on all types of knitted garments," says Colwell.

Most Epidemics Avoidable, Says Dr. George Cox

"It is a great mistake to treat even light cases of measles, chickenpox, mumps, scarlet fever, or any other of the communicable diseases of childhood as though they did not amount to much," states Dr. George W. Cox, state health officer. "Treatment of that sort makes it possible for these diseases to spread and cause serious outbreaks among children whose impaired resistance makes them easy victims to any form of infection.

"Some of the most serious outbreaks we have had of scarlet fever, as well as of other diseases in different parts of the state, have been traced to mild cases—that is, to cases too light for the doctor to be called. In some instances the children have continued to go to school and to associate and play with other children. In others, after they have been kept at home for a few days suffering from what was believed to be just an ordinary cold, they have returned to school and have scattered these germs around among their schoolmates. Eventually a group of cases—sometimes very serious ones—have developed from the carelessly-handled mild case. The result was another epidemic that could have been prevented.

"There are several things worth remembering in connection with children's diseases. Nearly all of these diseases begin with a digestive upset or with symptoms closely resembling those of the common cold. Accordingly, it is a wise thing for mothers to regard every digestive upset and every common cold with suspicion until you are sure it is not the beginning of something more serious."

Your doctor is the best judge of the seriousness of such symptoms, and you will save suffering and anxiety if you put the child to bed, send for your doctor and follow his advice.

She—"And if I refuse you, Jack, will you kill yourself?"
Jack—"That has been my usual custom."

Church of Christ Pastor

O. D. Dial is the new pastor of the Church of Christ, succeeding J. Porter Sanders, who is taking work in Dallas. Formerly pastor here, Bro. Dial has

been in Breckenridge since he left Snyder. He was in the pulpit last Sunday for both services, and will preach regularly in the future.

"Did you hear about Jackson?" asked Smith.

"Jackson? Jackson?" pondered Jones. "But that's the fellow who's been missing for three years."

"Yes, that's him," went on Smith.

"Three years ago his wife sent him to Boston to match a sample of cloth for her. Now he has just returned and says he couldn't get it matched."

Jones laughed.

"Did his wife accept his excuse?" he asked.

"No. She said he ought not to have given up so quickly," replied Smith.

Dentist—"When did you first have trouble with your teeth?"

Patient—"When I started cutting them, 25 years ago."

Mr. and Mrs. John Spears were in Abilene Saturday for the Hardin-Simmons University-Howard Payne College football game. They were accompanied home by their daughter, Faynell, a student at Hardin-Simmons, and Jean Roberts of Breckenridge, also a student in the Abilene school, both of whom were week-end guests of the Spears here.

"Who's the swell guy you was just talkin' to?" asked Tony the bootblack.

"Aw, him and me's worked together for years," answered Mickey the newsboy. "He's editor of one of me papers."

Safety "Don'ts" On Fires Given By Commissioner

Marvin Hall, Texas fire insurance commissioner, this week called attention to the number of unusual fire hazards which should be guarded against during the festivities of the approaching holiday season.

"A destructive fire is the sworn enemy of the peace and happiness that Christmas should properly bring," Hall explained. "It is important, therefore, to be familiar with the hazards common to the month of December which have in past years caused wasteful loss of life and property."

- 1.—Don't decorate evergreen trees with highly inflammable materials.
- 2.—Don't place cotton or lighted candles on the Christmas tree.
- 3.—Don't carelessly smoke or get near an open flame when wearing a cotton Santa Claus beard.
- 4.—Don't place a lighted candle in the window near curtains or other inflammable material.
- 5.—Don't allow small children to handle fireworks.
- 6.—Don't use pennies or copper wire to replace blown-out electric fuses.
- 7.—Don't use kerosene or gasoline to start or quicken a fire.
- 8.—Don't permit children and other members of the family to get too close to stoves and open fireplaces.

"Among the many things the people of Texas have to be thankful for this Christmas," Hall said, "is the exceptionally low fire loss of the last 11 months. The first six months of 1937 showed a lower fire loss than any six-month period during the last 20 years. It is doubly important during this last month of the year, then, to think of the fire dangers to life and property which continually threaten to blight rejoicing because of a careless act or the use of an unsafe article.

"If we Texans will but observe diligently all safety rules, particularly those pertaining to fires," Hall concluded, "this Christmas will be one of joy and happiness for all."

Roscoe - Wink in Regional Battle On Odessa Field

The Odessa country is keyed up over the Class B regional battle that will be staged there Friday afternoon, 2:30 o'clock, between the Roscoe Plowboys and the Wink Wildcats, bi-district champions.

Wink, almost perennial champions in their area, defeated Iraan, 39 to 6, to take their bi-district title. Roscoe, in the meantime, was whipping Brownfield, 21 to 6, on the Plowboy field last Friday afternoon.

Snyder's showing against Roscoe is looking more impressive as the Plowboys' progress continues, for it was the local Tigers who scored 13 points against the 6-B champions.

Wink's impressive record reads like this, with the Wildcats on the winning end of each score: Big Spring, 13-2; Hobbs, New Mexico, 12-0; Fort Stockton, 68-7; Kermit, 72-0; Stanton, 75-12; Midland, 46-0; Odessa, 33-6; Monahans, 41-7; Crane, 33-0; Pecos, 32-19; Iraan, 39-0.

"May I take your order?" the sprightly waitress inquired.
"Yes," he replied. "Two eggs and a kind word."
The waitress brought the eggs and was moving away when the American stopped her. "What about the kind word?" he asked.
The waitress leaned over and whispered, "Don't eat the eggs."

Judge—"Sam, can you tell if the defendant was expensively garbed?"
* Sam—"Deed she was, Judge. Ah knows expensive garbage when Ah sees it."

A GENERAL MOTORS VALUE

LOOK the whole length of Motor Car Row, and you won't find a car anywhere that offers you what this stunning new Buick does.

No other car, for instance, has its DYNAFLASH engine, squeezing more useful power out of every drop of gasoline you burn.

No other car has TORQUE-FREE SPRINGING — or can match the smoothness-with-safety this new coil-spring rear suspension provides.

No other car combines such features as Silent Zone Body Mounting, Valve-in-Head efficiency, Torque-Tube Drive, Tiptoe Hydraulic Brakes, Knee-Action comfort and safety—in a package so big and handsome.

All that plainly says "Better buy Buick!" But just by way of completing the story, we'd like to point out this:

The Buick SPECIAL is the lowest-priced straight-eight of its size on the market. At least two sixes carry higher list prices, and others are priced so close that a dollar or two a week covers the difference.

Cotton Meeting at Courthouse Will Claim Interest of County-Wide Area

A cotton meeting of county-wide interest will be held at the Snyder courthouse Saturday evening, December 12, at 2:30 p. m., to discuss the seriousness of the present cotton situation, and the use of one variety cotton as a market stabilizer.

F. E. Litch, Extension cotton gin specialist, E. A. Miller, Extension agronomist, and possibly D. T. Kilgough, cotton breeder, Texas agricultural experiment station, will attend the Snyder cotton meeting to discuss the cotton improvement program.

The main object of this cotton meeting is to acquaint people of Scurry County with the seriousness

of the present situation, and how the cotton market can be stabilized by one variety communities of good quality cotton.

This meeting, County Agent W. R. Luce points out, will be of interest to ginners, oil mill managers, editors, bankers, vocational teachers, and of course will be of prime importance to farmers.

Just how serious the present cotton situation may be gleaned from orders placed by cotton spinners. Texas cotton has deteriorated to the point in quality that many spinners, in placing orders, specify that no cotton from Texas or Oklahoma be included in shipments to their mills.

H. H. Williamson, director of Extension work at Texas A. & M. College, reports that Texas farmers should do everything in their power to correct the present cotton situation, since the biggest part of our present farm revenue is derived from cotton.

Community committeemen, who were selected at recent agricultural meetings in the county, are urged to attend this cotton meeting December 12. A similar meeting will be held at Roby Monday, December 20, at 9:30 a. m., for the benefit of Fisher County farmers.

First Methodist Church

Scores of people were in the prayer service Wednesday evening of last week. After the service they presented to the undersigned and his family an old fashioned pounding. Many others who could not be there had sent their gifts. It was a wonderful display of good things. The total value represented a considerable sum. We are most grateful.

Each gift is appreciated for its worth. Then for us, their value is increased many times over because we accept them as tokens of friendship and esteem.

Our deepest desire is to be worthy of such kindness, and to prove our sincere regard for all who have so generously considered us.

Help others and secure a blessing for yourself by attending all services of the church next Sunday.—H. C. Gordon, pastor.

Dr. Grady Shyles, surgeon at Snyder General Hospital, and Mrs. Shyles have returned from New Orleans, Louisiana, where the local surgeon attended sessions of the Southern Medical Association convention.
