## SNYDER REAPS REWARD FROM FIRE RECORDS

Total of 20 Per Cent Good  
Credit Announced By  
Commissioner

Snyder has reaped almost the maximum reward for her excellent fire records within the past few years.

Marvin Hall, fire insurance commissioner, announced late last week that effective March 1, Snyder will have a 20 per cent "fire record" credit. This is an increase of 10 per cent from last year's credit of 10 per cent.

A check of the records in various Texas cities reveals that Snyder is among the leaders in good fire credits. Not many cities have as much as 20 per cent credit, and only a handful have the maximum credit of 25 per cent.

**Good Fire Fighting.**  
City officials credit Snyder's good record in recent years to the efficiency of Fire Chief N. W. Autry and the volunteer fire department, and to the fact that the public is more concerned about fire prevention.

Commissioner Hall explains that once each year the Texas Fire Insurance Commission promulgates and publishes a fire record credit or penalty for all eligible Texas cities and towns. These fire records, effective for one year, are based on the loss ratio produced by a comparison of the fire insurance premiums written to the losses paid over a "fire record period" of five years.

An average annual net fire insurance premium volume of at least \$1,500 over the fire record period is required before fire records are promulgated.

**40 Per Cent Variation.**  
The fire record varies from a 15 per cent penalty, or "bad" fire record, to a 25 per cent credit, or "good" fire record. Credits of 20 and 25 per cent apply only to those cities and towns whose average annual fire insurance premium volume is at least \$20,000.

"It cannot be overlooked," Hall pointed out, "that when a city receives a fire record credit, every person buying fire insurance pays that percentage less premium. Texas is the only state in the Union where this system prevails—where reduced fire losses result in a corresponding reduction in the fire insurance rates."  
"Our insurance buying public can feel justly proud that here in Texas there is a real reward in dollars and cents to the policyholder when effective fire prevention and control is practiced and the losses are thereby reduced."

## MORE ACID TO BE GIVEN WELL

According to late Wednesday reports, Robinson Brothers plan to reacquire Martin No. 1.

Dowell Chemical Company engineers find an acid that will dissolve the lime section bottomed 2,465 feet.

In a previous treatment, it is reported acid left some oil almost in "cupshape" form, due doubtless to lime formations. Failure of Martin No. 1 to respond to ordinary acid treatment has oil operators and engineers alike in a guessing state.

Engineers state high gravity hydrocarbon deposits of petroleum are often encountered in sulphur, and other formations. Oil found between sulphur layers is known as sulphur oil, but oil encountered in lime that fails to respond to acidization has been dubbed in this instance "lime" as well as live oil.

## Work on No. 101

Work will begin, when weather permits, on the Highway 101 project to Dunn, County Judge H. J. Bejee said this morning.

State Highway Department and WPA engineers are here to start the project, which was definitely set up recently.

The new stretch will extend from the end of the project that was completed seven miles south of Snyder last year, to the edge of Dunn. Work will include grading and drainage structures, with culverts. A similar amount of work has been completed on the Snyder end of the road.

Contract for the short strip that will connect with the Mitchell County end of the highway is expected to be let in the near future, according to Judge Bree. Contract is also expected soon for building bridges and surfacing on the Scurry County end of Highway 101.

## Cooking SCHOOL IS New!

Advance notices concerning The Times motion picture cooking school said: "There is something new under the sun!"

The statement was proven over and over during the showing of "The Bride Walks Up" at the Palace Theatre Tuesday and Wednesday afternoons of this week.

More than 600 women and grown-up girls and about 50 men enjoyed the first two days of the unique school—250-plus the first day, 400-plus the second day.

**Last Showing Thursday.**  
Third and final showing will be this (Thursday) afternoon, 2:30 o'clock. All the shows are free.

Special guests Wednesday afternoon were several members of the Snyder High School home economics classes. H. E. girls from Hernaligh, Pyron and Ira are expected today.

Most attendants were surprised to learn that the feature length film presented an interesting story, as well as many recipes, and that the sound, clear film and natural acting are in keeping with Hollywood efforts on the best "pay-as-you-enter" pictures.

**Local Merchants Cooperate.**  
Local merchants cooperating in the school are as follows: King & Brown, H. L. Wren Hardware, Bryant-Link Company, Piggly Wiggly, Graham & Martin, Rainbow Market Place, Pick & Pay Store, Browning Food Market, Brown & Son, J. C. Penney Company, Stinson No. 1, Higginbotham-Bartlett Company.

Products featured in the film are as follows: Bananas, Knox Sparkling Gelatine, Knox Jell, Lipton's Tea, Robertshaw Oven Heat Controls, Spay, Rinsol, Lifebuoy, Lux Toilet Soap, Dodge Automobiles, Frigidaire, Pillsbury's Best Flour, Sno-Sheen Cake Flour.

## LOCAL BANKER HAS IMPROVED

Reports from the bedside of M. A. Fisher, in a local hospital since Friday night following an automobile accident near Clovis, New Mexico, state that the local man is much improved.

Fuller suffered a broken collar bone, cuts on the forehead, several cracked ribs and chest bruises Friday morning, when his Buick coupe, in which he was riding alone, skidded on snow on a long curve, went over a 20-foot embankment and overturned several times. The local banker was thrown clear of the car.

He was taken to a Clovis hospital, where four local men joined him—his son, William, A. D. Erwin, A. C. Alexander and Dr. Grady Shyles. The four returned Friday night with the ambulance bearing the injured man.

Bonnie, three year old daughter of Mr. and Mrs. G. R. Newman of Ira, who developed pneumonia last early Monday morning in a losing fight with the malady.

Bonnie is survived by her parents, a twin brother, Donna, several step brothers and sister. Funeral services were held Tuesday afternoon at 3:00 o'clock at the Ira Baptist Church. The child was born February 11, 1935, and died February 21, 1938.

Palbearers were: Grady Suter, Hubert Webb, Olan Miller, and Cliff Birdwell. Flower girls were: Olean Miller, Verna Price, Rosa Nell Holaday, and Nutzy Kruse.

**Mrs. Crowder Improved.**  
Condition of Mrs. E. L. Crowder, who is in a local hospital since a stroke Monday noon, is slightly improved Thursday morning, according to her granddaughter, Mrs. Wayne Williams. Visitors with Mrs. Crowder since Monday have been the following out-of-town people: Mr. and Mrs. J. B. Wilson and son, Wayne, of Cooper, New Mexico; Mr. and Mrs. E. T. Hall of Winters; Mrs. W. C. Crowder and daughters, Genevieve and Bertha, her son, W. C. Jr. Mrs. D. L. Grady and Dick Brady, all of Dallas; Mrs. Jim Eaves of Poolville, Oklahoma, and her daughter, Mrs. Roy Brady, of Ardmore, Oklahoma.

**Attend Garner Funeral.**  
Among out of town attendants of the J. H. Garner funeral Wednesday were four Odessa women, Mmes. Frankie Hall, Graydon Hicks, L. Williams and Herman Smith. Mmes. Hall and Hicks are former Snyder residents.

## POPULAR CAST WILL PERFORM IN OLD DRAMA

"The Hoosier Schoolmaster"  
Friday Night For The  
Benefit Band

If you haven't laughed recently until you cried, some see "The Hoosier Schoolmaster" Friday night of this week at the Snyder High School auditorium.

Such is the invitation extended by the Band Parents Club, sponsors of the classic drama, which most of us read in our early school days. Proceeds will be used for payment on Tiger Band uniforms.

Humor and pathos, adventure and romance are deftly combined in the play, which features a cast of well known teachers and townsmen.

**Concert Preceding.**  
The curtain is scheduled to go up at 8:00 o'clock. The play will be preceded by a brief band concert, directed by R. L. Reschard.

Hero and heroine of the old-time dramatic story are Hadley Reeve as Ralph, the teacher, and Mrs. Billie Lee Jr. as Hannah, his love interest.

Just to see the grammar school principal and the former Snyder High School student in action, along with High School Principal King Sade; as Bud and Superintendent C. Wedgeworth as Rev. Basaw, is worth the price of admission several times over, according to Mrs. D. P. Yoder, president of the Band Parents.

**Other Cast Members.**  
Other members of the cast are as follows: Harvey Shuler as Mr. Means; Mrs. R. L. Gray as Mrs. Means; Vera Periman as Miranda; Mrs. R. E. Boyer as Betty; W. W. Smith as Squire Hawkins; Wanda Newman as Martha H.; A. E. Schmidt as Jess B.; Clyde Boren as James P.; Herman Darby as Larkin; Jesse Jones as Von Schroeder; Hal Lattimore as Odie Singer;

E. J. Anderson as Dr. Small; Quata Barrow as Granny Sanders; W. C. Hollis as Bronson; A. C. Pruitt as Constable E. B. Barnett as Pearson; A. W. Yeats as General Andrew Jackson; Woody Halstrom as Walter; Mrs. O'Dell Ryan as Mrs. Thompson.

"The members of the cast do their parts to perfection," declare members of the sponsoring Band Parents Club.

## Advertised Brands Being Featured in Piggly Wiggly Sale

Piggly Wiggly Owner Maurice Brownfield reports, is featuring "Nationally Advertised Brands" week, being sponsored by National advertisers of food products, February 24 to March 5. Everything from Maine potatoes to California's Sunkist oranges are included in the brands featured.

Food purveyors of all kinds are joining hands to feature "Nationally Advertised Brands" week. Says the Super Market magazine editorially: "To the nationally advertised brands—may they prosper; may they continue to be the force in American industrial development that they have been in the past."

Super Market magazine, together with national advertisers sponsoring "Nationally Advertised Brands" week, traces the art of the food purveyor from the trading post and general store—antedated forms of national advertising—to the "Gibson Girl" era, when packaged goods were introduced in American stores.

**J. H. Green Visits.**  
J. H. Green, who has been in California for the past year, returned to Snyder last week for a two or three week visit with his daughter, Mrs. J. H. Buchanan, and friends here. He will return by way of Kermit and Carlsbad, New Mexico, to visit a son and daughter before going back to the home of his son, Vernon Green, and family at Hollister, California, near San Francisco. The pioneer Snyder citizen has enjoyed being on the Pacific coast, he says, and adds that his health has been better since moving out there.

**Son For Joe Nippers.**  
Mr. and Mrs. J. P. Nipper of Turkey are announcing the birth of an eight-pound son, Joe Boren, at a Memphis hospital last Sunday, February 13. Mrs. I. W. Boren, mother of Mrs. Nipper, who is the former Ruth Bell Boren, returned home from Memphis Saturday after being with her daughter and new grandson for a week.

**Methodist Children Entertained.**  
Workers in the Children's Division of the First Methodist Church gave a Valentine party Friday afternoon at the church for children in the division. Forty-five children, 11 workers and several visitors enjoyed games on the church lawn and refreshments of sandwiches, Valentine cookies and hot cocoa.

## Meet "Becky"

Daisy Nell Cavin, above, recently had the part of Becky in "First Love," a radio playlet presented over station KBBC, Abilene, by a number of Fluvanna High School students. She is a senior, assistant editor of "The Stampede," an A student member of the Curtain Club.

## "CHAIN STORE TAX" PROVIDES LESSONS HERE

Local Merchants Learn That  
They Must Pay Along  
With Chains.

When is a chain store tax not a chain store tax? Snyder merchants of all callings received a quick answer to this question early this week, when D. H. Porter of the Big Spring district of the state comptroller's department came around to collect the tax for 1936, 1937 and 1938.

Although it is called a chain store tax, the money raising measure actually applies to practically every kind of business, from the service station that sells peanuts to the nation-wide chain of retail stores.

As an example of the way the tax work, each business classed as financially independent of other businesses pays \$1.50 per year—\$4.50 for the three years for which the tax is due. The J. C. Penney store in Snyder and the other Penney stores in Texas pay an average of between \$500 and \$600 per year each.

Taxes are due for three years because they could not be collected while the tax measure was being threshed through the courts. The law has been declared constitutional, and the taxes are therefore due.

The schedule of yearly fees that follows does not include a 50-cent filing fee for each application: One store, \$1; upon a second store, \$6 additional; upon a third, fourth and fifth store, \$25 each additional; upon each additional store from 6 to 10 inclusive, \$50 each additional; upon each additional store from 11 to 25, inclusive, \$250 each additional; upon each additional store from 26 to 50 inclusive, \$500 additional; upon each additional store from 51 upward, \$750 each additional.

Let's all go to the trial—Friday night at the school auditorium—in the "Hoosier Schoolmaster."

## Founder's Day Observance Thursday Impressive as Mrs. Dunn Officiates

Fifty members of Parent-Teacher Association were present last Thursday afternoon in the high school auditorium to hear Mrs. J. Nelson Dunn, immediate past president of the local organization, pay tribute to national, state and local P.-T. A. leaders in a special Founder's Day program.

Each year in recognition of the ideal and traditions, which have made the parent-teacher movement a significant part of home, school and community life in the United States, local people join those in all parts of the nation in holding special memorial services. The occasion this year commemorated the 41st anniversary of the founding of the National Congress of Parents and Teachers.

Mrs. Dunn spoke beautifully of the courage and enthusiasm of early P.-T. A. workers as she gave the official candle-lighting service using candles in graduating sizes on a pink and white tiered birthday cake.

National Congress of Parents and Teachers was formed February 17, 1897, Mrs. Dunn said, as a result of a dream of an ardent P.-T. A. worker, who saw visions of nationwide good which might be done through cooperation of parents and teachers in the 48 states. This dreamer, Mrs. T. W. Burney, was a Washington lawyer, was made

## SNOW ADDS TO BENEFIT FROM WET FEBRUARY

Four Inches Snow Blankets  
County For Two Days  
First of Week

The seven day wet spell, lasting from Monday to Monday, gave Snyder an official total of 3.13 inches of moisture, with Scurry County receiving 3.50 inches of precipitation.

Coming on the heels of a dry, open fall and winter, the rain of last week was climaxed last Thursday with willow wisps of snow that settled down to give the county a half-inch snowfall.

The weatherman wrote finale to a wet February report Monday morning with a four inch snow, that was in the opinion of farmers and ranchers one of the wettest and most beneficial rains in recent winters.

Last week's slow falling rains, plus Thursday's snow, and the whitened Westex world of Monday's snowfall, gives Scurry County, weather prognosticators say, one of its best bottom seasons in recent years.

## Dr. Towle Conducts Examinations With Other Optometrists

Dr. H. G. Towle, local optometrist and president State Board of Optometry, returned Wednesday from Fort Worth, after sitting with five other board members, conducting five-day examinations for the State Board of Optometry.

Dr. Towle reports a total of 16 applicants took optometry examinations, with a total of seven applicants passing examinations. These examinations, conducted semi-annually by the State Board of Optometry, of which Dr. Towle is president, are based on optometry examinations conducted by Columbia University.

Columbia University, it is further reported, has the outstanding set of optometry examinations in the world. Dr. Towle and the five board members base state examinations on the Columbia course.

## ABILENE GROUP VISITS FRIDAY

A group of Abilene citizens, mostly members of the Abilene Lions Club, will visit Snyder and Hernaligh Friday morning of this week. It will be a goodwill tour to advertise the spring livestock show and rodeo, slated March 1-3.

"We bespeak for this group such courtesies and consideration as you and the citizens of Snyder have the time and the desire to extend," writes T. N. Carswell, secretary-manager of the show, to J. W. Scott, secretary of the local Chamber of Commerce.

The trippers will arrive in Snyder from Hernaligh about 10:45 o'clock. They plan to spend 30 minutes in Snyder.

Mrs. Marvin Lemons of the Martin community will be host next Wednesday afternoon at 3:00 o'clock to the Dermot and Martin Women's Home Demonstration Club. All club members are requested to be present for the meeting.

"Snyder had reached the second round by taking out Colorado with a narrow finish, 26-24. It was the most exciting game of the day. Sorrels looping the winning field goal with exactly 20 seconds left to play."

## Poultry Discussed By Disease Expert

Sponsored by Farmers Exchange, Sam Davidson of Abilene, who represented Dr. Salsbury's Laboratories of Ft. Worth, gave illustrated talks Wednesday morning and afternoon in the district court room on poultry diseases and how to treat them.

Among poultry diseases Davidson listed cholera, coccidiosis, mycotic and new diseases which started three years ago in California, and other well known poultry ailments. A posting operation was conducted Wednesday afternoon before a good sized crowd, in which a post-mortem operation on a chicken showed various worms and bacteria which were put under a microscope.

R. O. von Roeder, manager of Farmers Exchange, states Mr. Davidson will be brought back to Snyder later in the year, if poultry raisers wish another illustrated lecture, supplemented by motion pictures on poultry care.

See the "Hoosier Schoolmaster" at the school auditorium Friday night!

## Fire Threatens East Side Monday Night

### SNYDER TO BE SCENE OF TOP BASKET GAME

Slaton Oilers and Leading  
College Squad to Tangle  
Saturday Night

Two of the Southwest's leading basketball squads will see action on the Snyder High School gymnasium court Saturday night, 8:00 o'clock, thanks to Tiger Coach Glen Berry's desire to give folks in this trade territory a taste of the game as it is played in the best shooting circles.

The Slaton Oilers and the Stephen F. Austin Teachers' College quintet will tangle in a melee that is expected to pack the modern gymnasium to the rafters. Since the outstanding teams are being brought to Snyder on a non-profit basis, admission will be only 10 and 25 cents.

The Oilers, whose sensational goaling took them to third place in the national tournament last year, will be en route to El Paso, where they are seeded first in an invitation tournament.

The Nacogdoches Teachers, who won the Lone Star conference flag seven consecutive years, were last year rated as one of the top college outfits in the state, and they have the same distinction this year.

Berry is particularly interested in the performance of the Teachers, for on the Nacogdoches line-up will be three men who were coached by the local basket mentor when he guided Cushing in East Texas to the Interscholastic League title three years ago.

It will be the biggest athletic contest ever staged in Snyder, from the standpoint of the ability and prominence of the two principals. So it is that Berry anticipates that many surrounding communities outside Scurry County will join the locals in a hearty welcome.

### Carload of Farmalls Arrive

Snyder Hardware & Implement Company this week received a carload of Farmall tractors from the International Harvester Company factory. Manager Earl Brown of the local establishment says most of the machines have already been sold for early spring delivery in Scurry County.

### Pied Pipers Put Local Tigers Out Of District Race

At the District 5 basketball tournament, held at Abilene High School gymnasium last Friday and Saturday, Abilene's highly touted Eagles won District 5 championship by whipping the Hamlin Pied Pipers 40-19 Saturday evening. It was the first time in seven years the Abilene Eagles had triumphed in district tournament play.

Says the Abilene Reporter-News of Snyder Tigers: "Hamlin ousted Divide, 42-17, in a first round game Friday afternoon, and then came back Friday night to shove Glen Berry's Snyder Tigers from the running with a 40-33 decision over the Scurry club."

"Snyder had reached the second round by taking out Colorado with a narrow finish, 26-24. It was the most exciting game of the day. Sorrels looping the winning field goal with exactly 20 seconds left to play."

### George W. Ralston Visits During Week

George W. Ralston, who is a nephew of Ed Ralston, visited in Snyder this week with his step-mother, Mrs. W. G. Ralston. His father, the late W. G. Ralston, was a pioneer Scurry County citizen.

Now connected with the Reconstruction Finance Corporation in Dallas, George W. Ralston was formerly connected with Snyder National Bank. He moved to Scurry County in 1890, moved away for several years, and in 1904 came back to the county for a several year stay.

### Three Specials for Next Singing Class

Regular weekly session of the community singing class held Tuesday night at the First Presbyterian Church was attended by a large crowd of interested people. Special features of the evening were numbers by the Snyder quartet and a duet by the Werner sisters.

Three specials are on program for next Tuesday night, quartet arranged by Lawrence Dever, duet by Martha Lou Holmes and Christine Greer, duet arranged by Blanche Boarden. Everybody is invited to attend these weekly singing classes, each Tuesday night, leaders say.

### Better Cotton Is Theme of Dallas Meet This Week

W. J. Ely, Snyder ginmer, who is a member of the State-wide Cotton Committee of Texas, has gone to Dallas to attend state-wide committee meeting, being held in the Adolphus Hotel this (Thursday). This state movement is being sponsored by the East Texas Chamber of Commerce.

The Dallas meeting was called by Burris C. Jackson, Hillsboro, state cotton committee chairman. The purpose of this state-wide meeting is to discuss means of improving Texas cotton.

The general committee, of which Ely is a member, has these objectives in view for 1938: (1) to increase the consumption of cotton through new uses found by additional research of a cotton laboratory; (2) improve the quality of Texas production through encouragement of one-variety cotton communities; and (3) to promote better ginning.

Burris C. Jackson of Hillsboro is general chairman of the Cotton Committee; Hubert M. Harrison of Longview, executive secretary; Lamar Fleming Jr. of Houston, chairman, and L. T. Murray of Waco is secretary.

### WORK SHEETS VITAL TO AREA

The most important matter now receiving the consideration of County Agent Ballard of Scurry and County Agent McLeroy of Borden is in getting 1937 work sheets signed for all cropland in these counties.

Attention to this item has been given wide publicity by letter and press notices, and it is again brought to the attention of those persons in Scurry and Borden who have not previously signed work sheets on cropland for the 1937 crop year.

The information contained in these late work sheets is to be used as a foundation for the 1938 program, and any cropland not accounted for will necessarily be reflected in a reduced quota for the county concerned. This sign-up is perhaps the most important matter that has confronted farmers in this area in several years.

### Project Show Date Shifted at Hobbs; Slated This Friday

Due to inclement weather, date of the Hobbs project show has been changed to Friday, February 25, advises C. Littlepage, vocational agriculture teacher at Hobbs, who was a Snyder visitor Monday.

Entries at the show will include 12 fat steers, two Hereford bulls, 10 fat lambs, six fat barrows, three Duroc gilts and production hens. Premiums for the prize winners are assured by support from merchants of Snyder, Rotan, Roby, Hobbs and Camp Springs. "The Future Farmer Chapter takes this means of thanking each merchant for his support, and invites him to their show," says Littlepage.

### GEM THEATRE GUTTED; FIRE BOYS PRAISED

Costliest Business Blaze in  
Recent Years Damages  
Other Concerns

The costliest business-district fire in 10 years practically destroyed Gem Theatre Monday night.

Loss of this building and equipment, plus severe smoke and slight water damage in adjoining buildings, brought total estimated loss to about \$6,000.

A moderate wind swept out of the southeast as members of the Snyder volunteer fire department battled for more than two hours to keep the flames from spreading to other buildings. It was one of the coldest nights of the year, and water froze on fireman's backs. . . . on parts of the building where heat was gone. . . . on hose that stretched for hours from the big pump and the booster truck.

**Firemen Get Credit.**  
Snyder firemen are credited with saving the east side of the square from loss of several buildings and thousands of dollars worth of merchandise. Led by Chief N. W. Autry and Assistant Chief Mack Gideon, they worked five to six hours on the stubborn fire.

It was almost an hour after the firemen began their work just before 12:00 midnight that flames burst high out of the old structure in which the Gem Theatre was housed.

It was almost 2:00 o'clock before the licking red hands were brought under a semblance of subjection, firemen bending their efforts to save adjoining buildings.

More than three more hours were required to wipe out the last vestige of fire, and to protect Pick & Pay Store on the north and Strawn's Cafe and Moffett and Rogers tailor shop on the south.

Smoke was gushing from front and back of the Gem Theatre when the alarm was turned in at 11:40 o'clock. Heavy walls of concrete blocks and brick helped save adjoining buildings, and prevented extensive smoke and water damage.

The cause of the fire has not been determined, according to Chief Autry and Fire Marshall P. M. Bollin.

**Show Was Closed.**  
The Gem, which was opened here eight months ago by A. M. Morgan, had been closed less than an hour from its Monday night run when the fire was discovered.

A portion of the floor was saved, and it is probable that none of the walls will require replacing. Heaviest smoke damage was suffered by Moffett & Rogers, and Strawn's Cafe, just to the South of the Gem, and by Pick and Pay Store to the north.

(Note: A typographical error in the Abilene Reporter-News Tuesday morning totaled the fire loss at about \$45,000. At the hour when the paper went to press, about 1:30 a. m., the loss was between \$4,500 and \$5,000.)

**Von Roeders Caught.**  
Mr. and Mrs. R. O. von Roeder, who reside above their Farmer Exchange, second building south of the Gem, were caught in their apartment by the smoke. They could not descend on the steps, and were taken through a front window by firemen on a ladder.

Owner A. M. Morgan told a Times reporter late Wednesday that the Gem will be reopened in Snyder.

## English Literature Discussions Heard.

Mrs. W. C. Hollis directed study of English literature at the meeting of Alpha Study Club at the home of Mrs. C. F. Senell Tuesday afternoon. Mrs. I. H. Spikes Jr. is a new member of the study group.

Discussion of the English people as to class and description of the country as a whole was taken up by Mr. Hollis to open the program. Later she traced Shakespeare's drama and the classical movement of early English period down through the age of Chaucer. Mrs. J. C. Smyth read the ballad, "The Wife of Usher's Well."

A resume of "The Vicar of Wakefield" by Goldsmith was taken up by Mrs. Alfred McGlaun, followed by a vocal solo, "Flow Gently, Sweet Afton," by Mrs. J. R. Sheehan. Hattie Herm gave two poems by Robert Burns, "A Winter Night" and "The Plowman."

An interesting program of the club sang "Auld Lang Syne," a Burns poem. The hosts passed a salad course to the following members: Mmes. Wayne Boren, Joe Graham, J. G. Hicks, Ixon Joyce, Alfred McGlaun, J. P. Nelson, Forest Sears, Sheehan, Raymond Sims, Smyth, Hollis, Wade Winston and Heinzmann. Misses Herm and Neoma Strayhorn.

During the business hour, Alpha Study Club members pledged \$10 to permanent headquarters in Austin.

## Colonial Ladies Are Appointments.

Silhouetted colonial ladies were used for appointments at last Thursday evening's meeting of Duce Bridge Club, for which Frances Stinson was hostess, and the idea was repeated in score pads.

Gay red, white and blue covers were used at the refreshment hour, when bouquets of violets were table centerpieces. The dining table was centered with a replica of the stump of the memorable cherry tree and hatched surrounded by red, white and blue candles in silver holders, symbolic of the observance of Washington's birthday.

Ruby Lee received both traveling and high score prizes at the close of bridge games, and guests present were: Dorothy Strayhorn and Margaret Williams, guests; Margaret Deskins, Johnnie Mathison, Bonnie Miller, Gwen Gray, Alta Bowers, Mrs. Loy Logan, Mrs. Buster Curtis, Mrs. R. C. Miller and Allene Curry, club members.

Mrs. Logan will be next hostess to Duce Club members at the home of Allene Curry Thursday evening, March 3, at 8:00 o'clock.

**KNOX is the real GELATINE**

## Unique Patriotic Note Used at Party.

Patriotic motif was emphasized at refreshment hour at two parties given last week at the R. H. Odum home. Mrs. Odum was hostess to her friends at a lovely party last Wednesday afternoon, and she was joined by her husband in entertaining the Friendly Fellows Forty-two Club and guests at a 13-table party last Thursday evening.

Guests at the Wednesday afternoon party were: Mmes. J. O. Dodson, Tom Boren, P. C. Chmault, R. W. Cunningham, L. D. Green, G. H. Leath, J. M. Newton, H. E. Rosser, E. F. Sears, Allen Warren, A. W. Arnold, A. J. Cody, W. E. Doak, H. L. Wren, J. E. LeMond, D. P. Yoder, B. M. West, A. W. Waddill, J. P. Avary, C. E. Ferguson, Hugh Taylor, W. W. McCarty, C. M. Boren, C. F. Senell, F. G. Sears, W. H. Ware, Giles Bowers, H. T. Sefton, A. P. Morris, Bernard Longbottom, Dewey Everett, J. S. Bradbury and W. R. Bell.

Following games of forty-two each occasion, dainty refreshments were passed—salad, flags of the 13 colonies fashioned of delicious cake and hot punch. Table covers and napkins, also, featured the patriotic note, in keeping with Washington's birthday this week.

New officers elected for Friendly Fellows at the meeting last week are the following: H. J. Brice, president; Joe Caton, vice president; Mrs. Joe Stinson, secretary-treasurer.

Members present were: Messrs. and Mmes. W. R. Bell, H. J. Brice, H. P. Brown, R. L. Gray, Fred A. Grayum, Joe Stinson and Wade Winston. Guests were: Misses Hattie and Gertrude Herm, Mmes. D. N. ## Flags Decorate For Wednesday Party.

Decorations in a patriotic United States flag motif at the party given for Tuesday Afternoon Bridge Club and guests last Wednesday by Mrs. E. M. Deakins at the Manhattan Hotel were attractive and in keeping with the approaching birthday of Washington.

Tallies, score pads, room decorations and table centerpieces followed the flag theme. Sandwiches and cherry tarts were served with coffee at the tea hour. Bridge prizes went to Mrs. W. D. Beggs, guest, and Mrs. J. C. Dorward, club member. Mrs. Henry Rosenberg retained the traveling prize.

Those present were: Mmes. A. J. Towle, John Keller, H. G. Towle, Aubrey Stokes, P. W. Cloud, Beggs, Joe Stinson, Wayne Boren and Rosenberg, guests; Mmes. H. J. Brice, J. C. Dorward, Joe Strayhorn, W. R. Johnson, W. H. Cauble, A. G. Preuit, T. L. Lollar and John R. Williams, club members. Mrs. Cauble will be next hostess to the club.

## Davis-Rackley Marriage Announced.

Rue Rackley of Post became the bride of Johnson Davis, son of Mr. and Mrs. Oscar Davis of Snyder, in a simple service held at the First Baptist Church in Post at high noon Sunday, with the pastor, Rev. Hardin, reading the ceremony, money.

Attending the couple were Pauline Dodson of Post and Leonard Spence of Snyder. Other local people present for the marriage were: Mr. and Mrs. Oscar Davis and daughter, Ruth, Mr. and Mrs. Edgar Griffith, Mr. and Mrs. Luther Kemp and Mr. and Mrs. C. B. Davis.

The bride, daughter of Mr. and Mrs. L. E. Rackley of Post, wore an attractive tailored frock of ashes of roses crepe with royal blue accessories for the service. She is a graduate of Post High School with the class of 1933.

Davis, who received his education in Snyder schools, is connected with the Snyder Transfer Company. The couple will live here.

## Gift Party Held Tuesday Evening.

The miscellaneous shower, one of the largest affairs of its kind, given at the parsonage of the Tate Springs Baptist Church, Fort Worth, last Tuesday evening was to compliment Mr. and Mrs. Joe Goodlett, who moved recently from Dunn to Fort Worth.

Following introductions and greetings and a series of games, the honored couple was directed into the dining room, where a beautiful array of gifts was arranged on the dining table. Outstanding among the gifts was a lovely friendship quilt, made and presented by a group of 31 friends of the bride.

Feed punch and cake were served to a group of 80 guests late in the evening, and on leaving each registered in the bride's book, over which Mrs. H. T. Brannon was presiding.

Mrs. Goodlett is the former Evelyn Moore of Fort Worth, formerly of Colorado, who is the daughter of Mrs. Carl Moore. Mrs. Moore and her daughter moved to Fort Worth from Colorado nearly two years ago. Goodlett is a son of Mr. and Mrs. W. S. Goodlett of Dunn. Marriage of the couple took place recently at Dunn, with Rev. C. D. Ramon, Methodist pastor, reading the service.

## Italian Dinner is Evening Affair.

Gay bright-colored pottery dishes placed on contrasting table covers and other party details in bright colors, along with food typical of the Italian people, were featured at the Italian dinner party given for San Souci Club members and guests by Mrs. E. J. Anderson Tuesday evening.

Guests in formal attire completed an attractive picture in the Italian setting as Mrs. Anderson was assisted by Mrs. J. O. Dodson in serving the two-course dinner. Theme for combination place cards and tallies in bright tones was repeated in the score pads.

At the close of contract bridge games, played after dinner, high score prizes went to Mrs. P. V. Cloud, guest, and Mrs. Herman Darby, club member. Mrs. Max Brownfield, guest, retained the traveling prize.

Guests were: Mmes. Cloud, Raymond Sims, J. G. Hicks, J. D. Scott, G. M. Heinzmann, C. J. Sims, J. C. Smyth, Brownfield and Harold Brown. The following club members were present: Mmes. Darby, Forest Sears, W. C. Hollis, Wayne Boren and James Ralph Hicks, Gertrude and Hattie Herm, Alta Bowers, Edith Grantham, Wanda Newman, Margaret Williams, Vera Periman and Neoma Strayhorn.

## Birthday Party Honors Billie Jean.

A recent birthday party was complimentary to Billie Jean Henderson, younger daughter of Mr. and Mrs. Dick Henderson. Mrs. Henderson was assisted by Mmes. Joe Easton and Lyman Wade in entertaining.

Games were enjoyed, and refreshments of birthday cake, sandwiches and hot chocolate were served to the following: The honoree, Nancy Jo Richardson, Patsy Ruth Eaton, Frances Senell, Mary Ruth Ware, Mozell Newman, Bettye Jane Lambeth, Cleeta Beth M-Carter, Janelda Martin, Elda Jean Littlepage, Opal Ikard, John Kenneth Newton, Harold Lewis Wade, Jimmie Lockhart and Rex Milholland.

## Daughter of Former Publisher Marries.

Mr. and Mrs. W. M. Curry of Crosbyton, former Snyder newspaper publishers, are announcing the marriage of their younger daughter, Louise, to James Rafael de Cordova of Petersburg, which took place January 6. The couple will live near Petersburg, where he is manager of the de Cordova irrigated farms.

The bride, formerly a resident of Snyder, graduated from the Crosbyton High School at midyear and had enrolled in Texas Tech, Lubbock, for the spring term. In high school she was pep leader, a member of the dramatic club, a member of the high school band and senior reporter for the High Chief school paper.

The bridegroom, son of Mr. and Mrs. G. W. de Cordova, is a graduate of Ploydada High School, where he was captain of the whirlwind football team and a member of the high school band.

## Mary McCarty Active In February Socials.

Active in the February social season at Texas State College for Women, Denton, is Mary McCarty, senior student, who will assist in preparations for the Mardi Gras masquerade to be held Saturday evening. This affair replaces the all-college Valentine dance held in past years.

Prizes will be given for the best costumes, and queens have been elected to reign over both dormitories where the dances will be held. Miss McCarty will give advice on costumes to underclassmen and will assist in all activities of the evening. She is the daughter of Mr. and Mrs. W. W. McCarty of Snyder.

**3¢ a Day—to keep Sickness Away!**

THE one piece of home equipment the whole family enjoys is a Servel Electrolux—the Gas or Kerosene refrigerator. It is the only one that more than pays for itself. Ice cream every day, if you like. Delicious ices, frozen salads, frozen desserts of all kinds—yet your Servel Electrolux operates for as little as 2 or 3 cents per day!

And even more important than the pleasure is the safety it provides. Did you know that 70 per cent of all sickness is caused by what you eat or drink? Maybe you can't taste or smell the spoilage—but that doesn't mean it's not there! Can you afford to take chances, when Servel Electrolux protection costs as little as 2 or 3 cents per day?

And while it protects, it saves. Saves leftovers. Lets you buy bargains. Lets you buy in quantity. Servel Electrolux is the different refrigerator—different from all others. Its freezing unit has no moving parts. Nothing to wear. Nothing to make noise.

That's what makes Servel Electrolux an investment—one that more than pays for itself. Or—put it this way: You're paying for a Servel Electrolux now—why not own one? Why not NOW?

Different From All Others—No Other Refrigerator Can Give You All These Advantages...

(1) Any home, anywhere, can enjoy it—runs on gas or kerosene. (2) No moving parts—no wear, no noise, and constant, steady cold—no starting, stopping. (3) Defrosts automatically. (4) Plenty of ice—takes the average family's daily needs. (5) Ice tray grids of stainless steel—a flip of your thumb gets the ice cubes out. (6) One piece seamless shell—a box as good as the freezing unit.

### J. C. Maxwell's Final Rites Will Be Held At 3:00

J. C. Maxwell, 77, long-time resident of Snyder, died at his home in Southwest Snyder late Tuesday afternoon, following a six-months illness. He moved to Scurry County from his native Granbury, Texas, 37 years ago.

Retired from active farming for about 25 years, Mr. Maxwell was a familiar figure in business districts of Snyder as he attended to his property holdings in the county. He greeted voters as an election judge of the largest Snyder box for numbers of years and until his health failed he took active part in civic life here. He held membership in local chapters of the Masonic Lodge and the W. O. W.

Survivors are Mrs. Maxwell and two children, Dr. E. S. Maxwell of Lexington, Kentucky, and Mrs. G. B. Hamilton of Chickasha, Oklahoma. Final rites will be held this (Thurs-

### Farm-Ranch News Of Borden County

By E. B. McLEROY, Agent

The county agent has assisted 10 different farmers with contour and terrace lines during the first half of the month of February. Contour lines were run on 682 acres of cropland and terrace lines were run on 488 acres.

Much of the terrace work planned with the help of county machinery will be done in the Murphy community after completion of a small road job. Clements von Roeder, Nolan von Roeder, Alex Murphy are terracing their farms this year. This particular area of Borden County has one of the most productive soil types in West Texas, and as in other things, these farmers are planning to take the lead in conservation of soil and moisture in their community. Fifteen terrace lines were necessary to adequately control the erosive action of hard rains on the Murphy fields. Much topsoil has already been lost during the past few years on this field.

The first real test of the A. M. Clayton pasture demonstration project in Borden County came last week with the total of 3.6 inches of rain followed by another inch or more of moisture from snow. Minor damage was experienced at some of the outlays, and Mr. Clayton is highly pleased with present results as the amount of water involved from the watershed above is tremendous, and the terraced field near the project was thoroughly covered with water for the first time in years. The run-off water from the pasture project is used in connection with the terracing plan of the cropland near it.

Repair work and checking of weakened points in the project will be instituted at once, and it is planned to sow some kind of fibrous root plant on the pasture terraces in order to further protect them against damage from hard rains. Spillways will be constructed at points where large amounts of water were concentrated in an attempt to avoid damage from future rains.

Interest in improvement of home poultry flocks has increased considerably in Borden County in recent months. Five culling demonstrations during the past several weeks have resulted in greater returns from laying hens and sale of "boarders" in the home flocks.

Don Turner on the Waskin place increased his production of eggs in a small home poultry flock by making some minor changes in the ration being used. Turner added oyster shell to supplement his mash and grain ration, and improved his system of watering, and reported to the county agent that his egg production had taken a tremendous increase without any additional expense or other changes in the ration.

Through assistance of the Borden County Commissioners Court, the county agent's office at Gail has been undergoing some necessary changes during the past week prior to beginning of 1938 AAA programs. Eighty square feet of space has been added and other essential changes made in order to adequately handle the increasing work under the soil and range programs in Borden County. The county agent's office is still situated in the old Gail Bank Building.

Floyd Cantrell is employed as clerk in lieu of assistant in Borden County, and has been working in the county agent's office intermittently since the 1934 cattle buying program. O. D. Jackson of Gail is employed as part-time clerk and compliance supervisor in the office.

Mr. and Mrs. Fay Hankins and little daughter, Paydeen, of Crane, visited Saturday in the home of his sister, Mrs. David C. Fawcett, and family. They were accompanied home by Mrs. J. H. Hankins, of Tulla, who had been visiting here for the past several weeks.

### Band Parents Are Hosts To Members.

Band Parents Association was host Tuesday night in the local school gymnasium for a party given for members of the band. Director R. L. Reschar was a special guest. The group enjoyed a sing-song under direction of A. W. Yeats, high school music director, and Mrs. Clyde Boren directed the games. Superintendent C. Wedgeworth, in a talk urging promotion of pre-play ticket sales, said that tickets for the Band Parents-sponsored play, "The Hoosier Schoolmaster," are in the hands of band members and association members. The play will be presented Friday evening in the school auditorium.

### Birthday Party Given Sunday Noon.

A birthday dinner given Sunday noon was to honor Ebb Anderson on his 70th anniversary. Several guests were invited to the Alexander home, and several relatives were present.

Dinner guests included besides Mr. and Mrs. Alexander the following: A. nephew, Clarence Adams, and Mrs. Adams, Rotan; a niece, Mrs. Richard Ray, Mr. Ray and son, Rotan; Jack Caves, Snyder; a son, Harley Smith, and family, a daughter, Mrs. A. W. Weathers, and family, Mr. and Mrs. Ben Weathers, Mrs. J. L. Weathers and Doris Warren, Knapp.

### Husband's Evening Is Enjoyable Party.

El Feliz Club's husbands' evening Friday with Mmes. H. J. Brice and A. J. Cody as joint hostesses at Mrs. Brice's home was a gala evening for the group of forty-two players invited.

Salad course with cake and coffee was passed late in the evening to the following: Mmes. P. C. Chenualt and Joe Strayhorn, Messrs. and Mmes. W. E. Doak, J. E. LeMond, R. H. Odom, J. W. Scott, C. F. Sentell, Lee T. Stinson, Wade Winston, and Guy Stoker. Messrs. and Mmes. Neoma Strayhorn, Mrs. Bessie Perkins, Messrs. and Mmes. Frank Farmer, C. E. Fish, W. R. Bell, Joe Graham, W. R. Johnson, John E. Sentell and Joe Stinson, guests.

### Church of The Nazarene

**Mrs. W. A. Merrill Dies After Long Illness At Home**

Funeral services were held for Mrs. W. A. Merrill, 74, wife of a former Scurry County sheriff, at the First Methodist Church here Monday afternoon at 3:00 o'clock. Rev. A. W. Weddell officiated for the services, and Odum Funeral Home was in charge of burial in the Snyder cemetery.

Susan Minerva Owens was born in Ellis County, Texas, March 6, 1863, and died at her home in East Snyder early Monday morning after a lengthy illness, just two weeks before her 75th birthday. She had long been a member of the First Methodist Church.

Mr. and Mrs. Merrill have been residents of Snyder for the past 45 years.

Surviving are Mr. Merrill, whose ill health prevented him from attending his wife's funeral; two daughters, Mrs. Bob Warren of Post and Mrs. Neil Gross of Sweetwater; one son, Milton F. Merrill of Alpine; former athletic coach in Snyder High School; and an aged brother, Clint Owens of San Angelo.

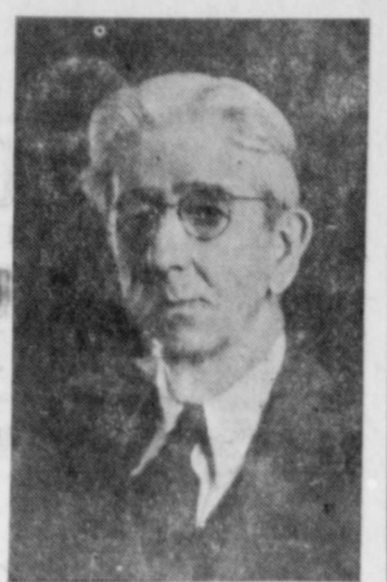

Joe Eaton, Woodson Smith, Roy Stokes, J. A. Woodfin, Joe Brown and Dwight Monroe were pallbearers. Meses. J. D. Scott, George Ellis, Roy Stokes and Miss Willie Pearl Glen were in charge of flowers.

Be sure you see "Bud," the worst fella in the District, at the school auditorium Friday night in the "Hoosier Schoolmaster."

Mrs. G. T. Latham, who lives north of Fluvanna, is spending part of this week with Mrs. Ida Hudnall in east Snyder.

**Chas. J. Lewis Is Asking For County Clerk Place Again**

Chas. J. Lewis, county clerk, whose name was placed in the Times announcement column several weeks ago, this week presents his formal announcement for reelection, as follows:

CHAS. J. LEWIS

To my friends and voters of Scurry County:

This is to announce to you that I am seeking a second term of the office of county clerk.

If you feel that I have served you faithfully I do most respectfully solicit your support for a second term.

My experience has so far better fitted me to serve you, all of which guarantees you still better service during the next term if you see fit to elect me for a second term.

Trusting that you will give me this consideration, I am sincerely,

CHAS. J. LEWIS.

**Lions Pay Tribute To Newspapers for 50 Years of Growth**

Snyder Lions Club gave tribute to The Scurry County Times, as an institution and to its publishers, by a rising vote of appreciation at its Tuesday noon luncheon at the Manhattan Hotel. Special recognition was given the recent fiftieth anniversary edition by Attorney J. E. Sentell.

Twenty-seven members and two guests attended the weekly get-together. Visitors were Herman Fink of Lubbock and A. E. Eberle of Sweetwater, both Lions.

Lion H. L. Vann was reported improved in health by a member of the sick committee. Vann is a patient in a local hospital.

Superintendent W. T. Hanes of Hermleigh reported that he was receiving the thanks of Scurry County people for the recent falling weather which his weather committee had arranged.

Frank Farmer, chairman of a committee to arrange a meeting with the Ira Schools, announced that the meeting had been postponed until Tuesday of next week because of the bad condition of roads leading to the south-end school. It had originally been planned for this week.

Long Distance calls go through while you "hold the line"

because telephone management said... "OUR JOB IS TO MAKE SERVICE FASTER"

The men who head the telephone company have always believed even good service can be better. Their aim, like that of every other telephone worker, has been

better and better service at low cost to the user. One result is that today you can call distant cities as quickly, as easily, as you telephone across the street.

A few years ago it took seven minutes (average) to make a long distance connection. Today the average time is 96 seconds!

## Young Journalists.

It is probable that no other agricultural county in Texas has as many school papers as Scurry County. It is no accident that the six larger schools in this county have papers, and that they have received wide publicity as a result of this publishing enterprise.

The fact that each of these six schools publishes a paper is merely a reflection of the spirit that has built the six schools. Scurry County for years has been a leader in school progress, not alone in the larger Snyder system but also in the consolidated districts.

But back to the journalistic idea. Newspapers, weekly and daily, have during the past few years found that high schools and colleges are turning out young men and women with practical ideas about the intricacies of newspaper work.

Merchants who advertise in the school papers are getting their money's worth. At the same time, they are helping one of the most worthy school activities.

Most of the young men and women who work on school papers will not go into the newspaper business. But even those who enter some other field of activity will have gained experience that it is impossible to gain in the classroom.

Congratulations, then, to Snyder, Hermleigh, Fluvanna, Dunn, Pyron and Ira schools for the worthiness of their papers. May these schools never fail to "follow the gleam" in this and other outstanding extra-curricula endeavors.

## Editorial of the Week.

### TEXAS PUBLIC LANDS

Texas long has been proud of its public domain and a wise group of pioneers it was that stipulated this state should keep its public lands when the Lone Star became one of the others in the upper left-hand corner of Old Glory.

Yet, this state's record of handling its lands is not so much to be proud of. Right now, political Texas is torn between two factions over the leasing of public lands for mineral purposes.

Because land was so plentiful, accurate surveying was not thought necessary. A section of land might contain several more acres than the prescribed 640. We've heard of "vacancies" in West Texas, where the land owner, after all these years of thinking the land was his own, finds it does not belong to him—after oil has been found beneath the surface. Now, the same thing is happening along the South Texas coast, with discovery of oil.

The vacancy hunter has smeared the pages of history in connection with Texas lands. Sure, there is a lot of which we are justified in being proud. An ill wind has blown, however, and in its wake has been left a lot of other things which might just as well not be passed on down to Texas school children studying the required subject of Texas history.—San Angelo Morning Times.

### Pershing Speaks.

General Pershing: "Banish the entire liquor industry from the United States. Close every saloon, every brewery; suppress drinking by severe punishment to the drinker, and if necessary, death to the seller, or maker, or both, as traitors, and the nation will suddenly find itself amazed at its efficiency and started at the increase in its labor supply. I shall not go slow on prohibition, for I know that liquor is the greatest foe to my men, greater even than the bullets of the enemy."

### Chewing Tobacco.

Douglas Meador in "Trail Dust," Matador Tribune: "Except for its grimacing effect on the romantic appeal of men, chewing tobacco is a delectable practice which warrants the consideration of those who enjoy simple pleasures. The most satisfactory application which I have been able to achieve through exhaustive experiments requires a farm and a warm afternoon in June. When the corn is knee-high and the soil mellow enough for plowing, a gentle team and good cultivator is all the equipment needed." You're half right, Douglas. When a feller chews heartily, it's right well to get 'way out in the country where only Mother Nature is around to get disgusted with stomach-careening ambeer.

### The Greatest Bankrupt.

George S. Lin, Spur: "The greatest bankrupt—he who has lost enthusiasm. Perhaps there are as many now in our great nation who have lost enthusiasm as ever in our history. Hope almost gone, satisfied with the husks of life, feeling there is no opportunity. Yet golden opportunities may be waiting if we can only see them. In all ages there have been times when men decided there were no new fields of endeavor to be tilled; no more inventions to be sought for; no improvements to be made in methods of production, manufacture or distribution; no new ideals in the realm of thought or religion. Man must have a desire to accomplish more each year and believe he can improve on his ideas and efforts in whatever undertaking has been his. Yes, all who undertake make mistakes, "fall down" in the term of the street, but shall we remain prone in the "slough of despond" or shall we rise like men and determine to walk again on more solid footing?"

The Scurry County Times is the only newspaper in world that is published of, by and for Snyder her and trade territory.

## Current Comment.

By LEON GUINN.

Now that the cloud windows of the heavens have opened up and given us a bottom season rain in Scurry County, soaking farm and ranch with life giving moisture, we notice two things that need immediate attention. . . . In the first place farmers can quit their temporary farming on the square, and square off by putting wisdom gleaned on city streets into practice by plowing new, clean-cut furrows, that their acres may grow grain for bread.

In the second immediate necessity, some of our highway maintenance engineers, who delay road dragging in order that the "job" will not play out, and who cherish dreams of paved miles unfolding on the open road, can greatly remedy things by putting the "maintainers" on the job as soon as possible. . . . By keeping "maintainers" going 24 hours a day, our state highways can be deleted of their washboarded miles, saving soul and body of each and every motorist. . . . If our highways aren't put in first class condition in the near future, that old saying about "shaking the devil out of people before they get to church so they can absorb a little religion" might be partly believed.

The fleeting phantom of death called for O. O. McIntyre last week in his Park Avenue apartment, causing one of our greatest American journalists to lay down his pen. . . . Odd McIntyre, the Gallipoli, Ohio, boy who made good in the big city, was known to millions of readers as the one columnist mirroring New York day by day, who dared take the crust of crusty New York society, and let his readers see the social pie as "she was made." . . . A total of 508 newspapers carried his daily column.

While a number of tributes will doubtless be paid McIntyre as a genius in his field, and a writer who strangled his soul with a typewriter ribbon, intimate friends remember McIntyre and his devoted wife for the success they made of marriage. . . . In this day of easy divorce, alimony rackets, and remarriage to other "squaws," the McIntyres were listed as one of the few really devoted New York couples. . . . McIntyre, the man who made Gallipoli famous, has been carried back to his beloved boyhood haunts, there to rest from the sound and fury of modern life, that makes so many old before the sunset years really live in view.

Since in some school districts throughout the nation the government is "subsidizing" vocational and home economics teachers, by paying them a separate salary where farm people are helped in various home demonstrations, it seems government might let teachers go on teaching school, and putting county and home demonstration agents in counties not blessed with either.

While there is no doubt scientists and researchers are doing a great work experimenting on monkeys, guinea pigs, mice, and frogs with new serums and vaccines, it seems entirely too strong for logic to say animal organs "function exactly like those of man." . . . We made note, recently, where one national magazine quoted a researcher as professing to work wonders on humans with frog gland extracts.

Now, if the first statement were 10 per cent true that animals and human organs "functioned" the same, we'd leave it up to a bunch of pollywogs and monkeys to produce our next human generation, since "things equal to the same thing are equal to each other." . . . And if frog gland extract is so cockeyed efficacious, our next generation will indeed start croaking, sprout some curvly hind legs, and take to the water to live.

One can take a bunch of mice, rats guinea pigs, and bullfrogs, and perpetrate some pretty gross insults in the name of science, but when it comes to saying in effect we're all a product of the same life chemistry, an unlearned peon knows there's some screws loose somewhere. . . . But on second thought, we might take some researchers at their word. . . . We might inject enough of that queer belief of "thinking you're something; and sure enough you are" to say some researchers were plain donkeys. . . . Think they have ears and tails strong enough; and sure enough they might have. . . . Donkeys, you know, do pretty well when hooked up to a Georgia stock!

### It's a Pity!

Exchange: "How unfortunate it is that the only men who know how to handle big world problems prefer to spend their time whittling on a box." Or spouting loud-mouthed opinions on the sunny corners of cities the size and shape of Snyder.

### Now Grit Your Teeth!

Whether you're a taxpayer or a tax eater, you will appreciate the dynamic simplicity of these facts: The cost of operating the state government increased 670 per cent in the last 20 years. During this same period the value of property in the state increased 43 per cent and the population increased 38 per cent. Oh, Tex, where is thy victory? Oh, Grave, where is thy pursestring?

## J. H. Garner Is Taken By Death; 19 Years of Age

Death came to J. H. (Jake) Garner, 19-year-old son of a Snyder business man, in a local hospital Tuesday morning, 2:45 o'clock, following an 11-day siege of pneumonia. He was a member of the 1937 graduating class of the local high school.

The quiet, unassuming young man was for four years a part-time employee of Snyder's Piggy-Wigly store before becoming a regular clerk about two years ago. His popularity among the younger set of the town was made evident by the numbers of friends who attended his funeral.

Born in Amarillo August 22, 1918, Jake came to Snyder with his family at the age of three years, and has lived here continuously since that time. He attended local schools until his graduation last May.

Funeral services were held in the Odom Funeral Home chapel Wednesday afternoon, 2:30 o'clock. O. D. Dial, Church of Christ minister, officiated for the rites, assisted by Rev. Ira Harrison, local Baptist pastor. Burial followed in the Snyder Cemetery.

Surviving are Garner's parents, Mr. and Mrs. Jess Garner, and one sister, Mrs. Clint Pessire of Odessa.

Co-workers in the local Piggy-Wigly store were pallbearers. They were: Buster Curtis, Junior Thompson, Leighton Griffin, Chalmar Watkins, Marshall Gibson and L. A. Berry. Hortense Ely, Dollie Clements, Katie Marie Louder, Paynell Spears, Doris Wilson and Hazel Berry served as flower girls.

The following other school and business friends listed as honorary pallbearers: Jay R. Huckabee, Jimmie Roberts, Ralph Bates, Johnny Boren, Weldon Strayhorn, A. C. Alexander Jr., Dick Sheehan, Max West, Homer Park, Lee Roy Strayhorn, Harry Chapman, L. A. Crenshaw, Joe Brown, Don Adams, Winston Pedigo, Roy Allen Baze, Jackie Scarborough, Bobby Mitchell, W. W. Hill, Clyde Boren Jr., Bob Moser, Raymond Moore, Maurice Brownfield, Max Brownfield, Joseph Robinson, J. D. Scott and Dr. I. A. Griffin.

Out-of-town people attending the funeral besides Mr. and Mrs. Pessire and their small daughter of Odessa were the following: Mmes. Frankie Hall, Reva Hicks, L. Williams and Herman Smith, Odessa; Mmes. B. L. Burditt and Homer Millhollan and Grady Burditt, Roby; Jay R. Huckabee, Big Spring; Melvin Peterson, Brownfield; Marshall Gibson, Geneva Allen and Johnnie Greene, Lubbock.

See the "Hooeer Schoolmaster" at the school auditorium Friday night!

## GOOD RESULTS FROM REVIVAL

Rev. O. W. Edwards, pastor, reports splendid results from the Assembly of God revival, now in progress at the local church, five blocks north of the square on the highway.

MRS. E. L. NEWBY

In spite of bad weather, good attendance and interest is reported by the pastor, and there have been several conversions.

The revival services will continue through Sunday, March 6. Mrs. E. L. Newby of Duncan, Oklahoma, daughter of the pastor, is preaching for the services.

Rev. Edwards and Mrs. Newby will fill an appointment Sunday afternoon, 2:30 o'clock, at the Methodist school.

Poultry Expert at Browning's. M. M. Pruitt, poultry expert from the Bewley Mills, Fort Worth, with headquarters at Browning Food Store, is offering free flock examination and culling to county poultry raisers. Pruitt is diagnosing poultry, and farm livestock, for ailments and diseases, and offering feeding suggestions. He will be at Browning's for about three weeks.

## County Boys to Enter Calves in Big Spring Show

Twelve applications for entries of baby beef calves have been made from Scurry County 4-H and Future Farmer boys through Vocational Agricultural Teacher Buford Browning and County Agricultural Agent Luke L. Ballard, at the Big Spring boys fat stock show, to be held March 1 and 2.

The Big Spring show affords competition for boys from Howard, Martin, Glasscock, Sterling, Mitchell, Scurry, Borden and Dawson Counties, representing a section that has been without a district show to date. Therefore, all encouragement possible to make this show permanent and of high rank is solicited.

The premium list covers two classes of nurse cow; steer calves, one weighing over 875 pounds and one weighing less than 875 pounds; one class of dry lot calves (no weight limits); one class champion steer calf; one class best group of five calves from one county and a class of best carload of 15 calves from one county.

Special prizes for herdsmen having the neatest and most attractive exhibits by counties is of worthwhile importance and should develop a healthy rivalry between counties for the boys exhibiting.

Borden County Agent E. B. McLeroy announces a number of Borden County entries in the Big Spring stock show.
