

CHURCH WOMEN ARRIVE TUESDAY FOR 1938 CONFERENCE Chamber Of Commerce Charts Active Program

NEW INTEREST SEEN AS MANY OUT TO RALLY

Meeting Termed by Some as One of Most Vital in County History

In a Monday night meeting described by some attendants as one of the most important in Scurry County history, more than 100 business men pledged themselves to re-establish the Chamber of Commerce as a vital factor in the county's forward march.

Springing into action while "the iron was hot," the community leaders got many thoughts off their chest, considered the possibilities of a friendly area-wide Chamber of Commerce, and elected nine directors to guide the rejuvenated organization.

Someone said: "It was like an old-fashioned camp meeting."

Directors Meet Friday.
The nine directors announced Tuesday that they will meet Friday night outlining a plan of action, based on suggestions at the Monday night mass meeting.

Selection of officers and committees will also be considered by the directorate.

These directors were named: Forest Sears, R. C. (Bud) Miller, Warren Dodson, N. R. Clemens, Wayne Boren, W. R. Bell, E. J. Anderson, O. D. McGlaun and J. C. Smyth.

Officers Had Resigned.
The mass meeting followed last week's meeting of old directors, at which resignations of Forest Sears, president, and J. W. Scott, secretary, were accepted. Sears had served two years, while Scott had served more than nine years.

Scott had been employed for some time on a part-time basis. Only woman at the meeting was Estella Rabel, new county home demonstration agent, who expressed her thanks for the warm reception she has been given in Snyder and Scurry County.

County Agent Speaks.
One of the most forceful talks of the evening was made by County Agent Luke Ballard. He declared that Snyder and her trade territory are loaded with opportunities for community and individual advancement, awaiting only cooperative effort of farmers, ranchers, business men and other citizens.

Among other impromptu speakers were Forest Sears, R. J. Anderson, Melvin Blackard, Alton Rogers, Rev. James E. Spivey, Rev. H. C. Gordon, R. O. von Roeder, H. J. Brice and several others.

All speakers stressed the importance of county-wide cooperative action through a Chamber of Commerce or a similar organization.

Projects Suggested.
Ely occupied the chairman's chair because he was second vice president of the old organization (First Vice President H. L. Vann has been

See C. OF C., Page 8

The Chairman

\$5,000 Station Recently Completed

This \$5,000 service station is the latest addition to a rapidly improving Snyder business district. It was opened recently a block north of the square as the Magnolia Service Station, same name used by the old station at the location. Earl Hicks, proprietor of the old station, is in charge of the modern station.

NEW MARSHAL REQUESTS ALL TO PARK RIGHT

Makes Suggestions to Help Correct Traffic Evils In Business Area

Regulation of parking in the business district of Snyder is being sought by Simon Best, new marshal, who believes the problem can be remedied only through the full cooperation of local people.

Double parking presents one of the worst problems, Best declares. "If you just must double park for a few moments," he requests, "it will help the other fellow a lot if you observe the other rules:

1. "Don't double park at any time in such a way that you block out a parking space at the curb."
2. "Never leave your car locked when it is double parked."
3. "Park as near the car at the curb as possible."
4. "Don't 'double' double park, especially on the highway streets."
5. "Park between the curb marks, and that will give more parking room for the other fellow."

Another parking problem that demands solution is center parking, says Best. Cars that park far off center congest traffic to a great extent on busy days, he declares.

New paint markings on curbs and in the center at an early date will help remedy some of the parking problems, Best believes.

TEACHERS FOR SNYDER NAMED

In a session of the local school board several days ago, King Sides was named as high school principal for a third year, and Hadley Reeve, grammar school principal, was reelected for a second term in that capacity. Reeves taught in the local schools one year before he became principal.

Another meeting of the board this week resulted in announcement that all teachers were reelected, with one exception.

The single exception is Mrs. Herman Darby, who did not make application for reelection.

C. Wedgeworth, superintendent, was recently reelected for a new two-year term. The elections within the past few days bring the total teachers named for next year's work to 35.

Buffalo Gap Scene Of Hermleigh Fete
Buffalo Gap will be the scene April 17, Easter Sunday, of the third annual picnic for old settlers of Hermleigh. Will Caffey, who is in general charge, says attendants will bring their lunches and have old-fashioned "dinner on the grounds."

H. E. Brock will go to the grounds Saturday, barbecue meats and arrange for plenty of coffee.

The annual picnic was started in 1936 by George Holliday, deceased. Sixty-one persons attended in 1936, 58 last year.

Dial in Bison Service.
O. D. Dial, minister of the Snyder Church of Christ, will preach at Bison Sunday afternoon, 3:00 o'clock, community leaders have announced. All people of the Bison community, and others, are cordially invited.

MUSIC LOVERS WILL OBSERVE EARLY EASTER

Musical Coterie and Knights Templar Plan Annual Joint Service

Traditional sunrise Easter service will begin the day aright for hundreds of music lovers in Snyder and surrounding communities as they gather Sunday morning at 7:00 o'clock at the local First Presbyterian Church for the annual worship hour.

All churches of the town will cooperate in the affair.

Sponsored each year jointly by the local Knights Templar and the Musical Coterie, this year's service will consist of the regular ritual given by the Masons and "The Dawn," an Easter cantata by William Balnes.

J. C. Stinson, eminent commander of the knights, will be in charge of their part of the service, and Margaret Williams will direct the singers in the cantata, with Mrs. King Sides accompanying.

The program, beginning promptly at 7:00 o'clock Sunday morning, will be as follows:

Professional—Mrs. King Sides. Congregational song. Prayer—Rev. Ira Harrison, pastor First Baptist Church. Knights Templar response. Scripture—Rev. James E. Spivey, pastor of the host church. The Cantata—Musical Coterie. Benediction—Rev. H. C. Gordon, Methodist pastor. Recessional.

"The Dawn" is an Easter cantata telling of the burial and resurrection of Jesus, according to Mrs. John E. Sentell, Musical Coterie president, who will be one of the soloists. Others to be presented in solo parts include Mrs. Grady Ferguson, guest, Mmes. F. W. Wolcott, W. W. Smith, J. R. Sheehan and Homer Snyder, Musical Coterie members. Duets are composed of Mmes. W. C. Hollis and Novis Rodgers and Mmes. Sentell and Snyder. A trio selection will be by Mmcs. Ferguson, Rodgers and Hollis.

Sir Knights are requested to be at the Masonic Lodge at 6:00 a. m. Easter morning, where they will be served coffee. Every Sir Knight is urged by leaders to attend the early morning meeting and assist with the service at 7:00 o'clock.

Pyron Will Be Host To County Singing Convention In April

Pyron will be host the fourth Sunday in this month to the Scurry County singing convention, President L. M. Iron, announced Wednesday. There will be no Saturday night session, but the Sunday session will begin promptly at 10:30 o'clock.

Program features will include the Snyder and Deavers quartets, the Williams quartet of Hobbs, and the "Friendly Four" quartet of Hamlin. If present plans go over, all singers and song lovers are invited to bring a basket lunch and plenty of books, since no dinner has been made to have dinner "on the grounds."

All singing class delegates in Scurry County are urged to attend the Pyron convention, since the principal business item will be selection of a site for the next session of the Scurry County convention.

Hobbs V. A. Team Enters Tech Contest
The Hobbs vocational agriculture team, whose members were taken to Lubbock Friday by C. Littlepage, placed second in the Texas Tech beef cattle judging contest. Jerry Beavers, Roy Moffett, and Mark Cave, who composed the judging team, placed second as a team. In the individual fifth place went to Roy Moffett, a Camp Springs boy who has been making a specialty of livestock projects.

Saturday the Hobbs home economics girls went to Lubbock, attending open house days at Texas Tech for home economics girls of the Plains and South Plains territory. The home economics class returned Sunday, reporting a nice trip. Miss Taulhite Rice, Home Ec teacher, was trip sponsor.

Friday high of 37 degrees, while the temperature Friday night nosed back down to 25 degrees, these figures being government gauge figures supplied by Mrs. B. G. Johnson.

The county fruit crop, with a possible exception of grapes, was a total loss. Clemens and Nolan von Roeder reported Tuesday total fruit destruction to their peach and plum orchards in Scurry and the edge of Borden County.

Reports from Fisher, Nolan, Mitchell, and other counties indicate the fruit crop elsewhere was a total loss. Much early garden stuff in

15-Year-Old Boy Kills Stepfather

Snyder Boy Well Congratulated

Lovely Kathryn Spence, University of Texas senior, congratulates Fred Wolcott, Rice Institute flyer from Snyder, as she presents to him the trophy symbolic of high point honors in the Texas Relays 12 days ago. The former Snyder High School athletic star raced to an official world record of 12.9 seconds in the 120-yard high hurdles, and followed this startling performance in 15 minutes by winning the 100-yard dash in 9.8 seconds.

Tyler Woman Speaks Wednesday

Mrs. W. B. Landrum of Tyler, above, who will address the Methodist Women's Missionary Conference group and the public Wednesday evening at 8:00 o'clock, is said to always fashion her talks so they are equally beneficial to all. The general public is especially urged to hear Mrs. Landrum at the First Methodist Church next Wednesday. The speaker, a member at large in the Woman's Missionary Council of the Southern Methodist Church, is chairman of the council committee on citizenship and law observance, and a member of the executive and the finance and estimates committee. During her residence in Ft. Worth, she served as secretary and president of the Central Texas Woman's Conference. A council visitor to the North Mississippi meeting recently, the Tyler woman was in Marlin last week for the Texas Conference.

Crazy-Quilt April Weather Is Climaxed By One Of Area's Worst Late Freezes

Originating in the Canadian Rockies, the bitter norther that struck Scurry County last Wednesday afternoon about 4:00 o'clock was followed Thursday and Friday by a two-inch snow that wound up as one of the worst April freezes in county history.

Wednesday night temperature of 53 degrees was followed by a Thursday high of 82 degrees, while Thursday night the temperature took a tailspin to a low of 25 degrees, accompanied by a bitter north wind of almost cyclonic proportions.

The snowfall late Wednesday night and early Thursday was followed by

VISITORS WILL CONDUCT 1938 SESSION HERE

At Least 250 Delegates and Others Expected for Three-Day Event

Snyder will welcome at least 250 delegates and numbers of visitors next Tuesday, Wednesday and Thursday when the Methodist Women's Missionary Societies of Northwest Texas convene here for annual conference. All meetings during the three days will be open to the public.

Theme for the conference will be "Come Ye Apart," with special emphasis placed on observance of the 200th anniversary year of John Wesley's Aikensgate experience.

Tyler Woman To Speak.
Mrs. W. B. Landrum, Tyler, member at large of the woman's council of the Southern Methodist Church, will be principal speaker on program.

Lela Putnam, a returned missionary from Brazil, will also be a featured speaker, and other outstanding women of Northwest Texas will appear during the conference.

They include officers of the nine-district conference as follows: Mrs. C. M. Randall, Seymour, president; Mrs. C. A. Bickley, Abilene, vice president; Mrs. J. O. Merritt, Colorado, conference secretary; Mrs. Joe Shields, Amarillo, recording secretary; Mrs. J. M. Simpson, Amarillo, treasurer. Mrs. Nat G. Rollins, of Abilene, honorary president, will not be present, according to local leaders.

Nine Area Secretaries
Besides conference officers, nine district secretaries will take part on program. Reports will be given by secretaries as follows: Wednesday morning—Mrs. J. Frank Graham of Chilothe, Vernon district; Mrs. R. H. Odom, Snyder, Sweetwater district; Mrs. J. B. Dodson, Stamford district; Mrs. S. A. Duckett, Tulsa, Plainview district. Thursday morning—Mrs. C. E. Forbes, Perryton district; Mrs. J. D. Peters, Lubbock district; Mrs. C. A. C. Geyer, McLean, Clarendon district; Mrs. J. O. Haynes, Amarillo district; Mrs. E. E. Traweek, Abilene district.

Mmes. Odom, Bickley, Randall and Traweek compose the conference program committee.

Local women will be joined by Methodist women from all Scurry County churches in entertaining the conference group. Wednesday's luncheon will be a courtesy of women from Buford, Dunn and Ira churches, and those from Fivumina, Hermleigh and Union will serve Thursday noon.

Several Arrange Music
Mrs. H. C. Gordon is in charge of furnishing music at the church during the conference; music at Tuesday evening's banquet will be arranged by Mrs. W. W. Hamilton; and Mrs. A. C. Preuit will be in charge of the musical program at the tea Wednesday afternoon.

All conference and district officers will be expected to take part in the retreat Tuesday morning at 9:00 o'clock. The group will be guests of Mrs. Odom for lunch Tuesday. The opening conference spiritual retreat from 1:00 to 3:00 o'clock will be conducted by Mrs. H. A.

See CHURCH, Page 8

Dunn 4-H Boys Go On the Air Monday Big Spring Station

Sponsored by County Agent Luke Ballard and Agriculture Teacher T. B. Hicks of Dunn, a group of Dunn 4-H Club boys gave a program over Big Spring's KBST station from 11:00 o'clock to 11:15 o'clock Monday morning.

Theme of the Dunn boys program was "The Principles and Practices of 4-H Club Work in Scurry County." Billy Brown, James Casey, and Othel Ellis discussed the ravages and control of hog cholera, Don Hansen presenting a reading entitled "Be the Best of Whatever You Are."

The Dunn 4-H orchestra, composed of Orvil Martin, Irvin Martin, Roy Allen, Othel LeRoy Brinkley, and Leavel Brown, gave several musical numbers. Superintendent Cleo W. Tarter reports the program was well received in the Dunn school auditorium by the students and faculty. Many patrons were at the auditorium to hear the broadcast.

After the broadcast, the Dunn club boys, accompanied by Ballard and Hicks, toured through the Mountain Top Park, returning to Dunn in time for afternoon classes.

The WOMAN'S Page

MRS. SIMS ON NEW BOARD OF DISTRICT PTA

Mrs. Wraymond Sims, president of the Snyder Parent-Teacher Association, was elected to the 1938-39 district board at the two-day convention of District 14, Texas Congress of Parents and Teachers, held in Floydada Friday and Saturday. The local woman is a newly elected vice president.

Scurry County parent-teacher organizations were represented at the convention by Mrs. Sims and P. C. Chenault, member of this year's board, from the Snyder P.-T. A., and Mrs. Perry Echols, Ralph Payne and Lewis Dunn, from the Ira body. Two hundred delegates attended. Mrs. W. R. Weaver of Spur was re-elected district president.

Crosbyton invited the convention for next year, but definite plans for the 1939 meeting will be made by the executive board.

Theme for last week's meeting was "New Frontiers in Parent Education," and Dr. J. O. Ellsworth of Texas Tech, Lubbock, was principal speaker. His subject was "Give Our Children the Advantage of Our Experiences." Another outstanding speaker, according to the local women, was gracious Mrs. Lon Smith of Floydada, who was main speaker Friday. She also spoke at the dedication service Saturday.

The Ira P.-T. A., represented by its president, Mrs. Echols, president-elect, Mrs. Dunn, and finance chairman, Mrs. Payne, won second place on reports and yearbook, two firsts and a second on posters. As a result of these winnings, Ira took the honor of "Outstanding Rural School P.-T. A." for the 25 counties of the district.

Former Resident Receives.

Mary Alice Whitmore, daughter of Mr. and Mrs. John Whitmore, former residents of Snyder, was in the receiving line when the Ft. Worth Harmony Club featured young talent at its final tea for the year last Wednesday. Mary Alice, an accomplished musician, is president of the Junior Harmony Club of Ft. Worth. The young musician was a member of local music circles during her residence in Snyder.

President of Northwest Women

Mrs. C. M. Randal Seymour, is president of Methodist Women's Missionary Societies of Northwest Texas. She will be presented Wednesday morning, 9:00 o'clock, in her president's message. She will also preside

over all business sessions and will take a leading part in other portions of three-day conference here next week. Mrs. Randal is one of the most charming women ever to be head of the district group, local leaders say.

Easter Idea Is Featured Tuesday

The Easter idea was featured in hand-painted tallies and score pads Tuesday evening at the party given by Gertrude Kern for the San Souci Club. Tulips and other spring flowers were arranged about the rooms.

Mrs. J. G. Hicks, guest, and Hattie Kern, club member, took the high score prizes, and Neoma Strayhorn kept the traveling prize at the close of contract bridge games. The hostess passed a delicious salad course with iced tea to Mrs. Hicks and Helen Ruth Reeves, guests, and the following members: Vera Periman, Edith Grantham, Alta Bowers, Hattie Kern, Neoma Strayhorn, Wanda Newman, Margaret Williams, Annie Fannie Sewell, Mmes. W. C. Hollis, E. J. Anderson, Herman Darby, Forest Sears and Wayne Boren.

Pre-Easter Party Compliment to Club

Mrs. A. J. Towle entertained members of the Sine Cura Club and guests last Wednesday afternoon with a beautifully appointed and delectable pre-Easter luncheon at her home on Avenue T. Place cards and tallies were in the living room.

The entertaining rooms were decorated with spring flowers—one entirely with red roses and others with deep yellow ranunculus and sprays. An artistic arrangement of ranunculus graced the center of the lace-covered dining table. Smaller tables, covered with green tarleton over madras linens, were laid with crystal and Dresden china. Vases of sweet peas centered each of these small tables.

The three-course luncheon menu included fruit cocktail with fritos, creamed chicken in pastry baskets, whole kernels in green pepper rings, congealed salad, hot rolls, jelly, coffee and orange ice cream with devil's food cake. Even the butter was in flower-like molds to carry through the spring motif.

Mrs. Towle honored four guests, who played forty-two. They were Mrs. R. J. Randal, Grady Shytles, Joe Hendricks and Lee T. Stinson. Bridge guests, all of whom are members of Sine Cura, were: Mmes. H. G. Towle, A. D. Erwin, W. D. Bergs, T. L. Lollar, Hugh Boren, H. Rosenberg, Vern McMullen, Wayne Boren, Joe Stinson, John R. Williams, Ernest Taylor and W. R. Johnson.

At the conclusion of the afternoon's games, Mrs. Randal was awarded the prize of forty-two. Bridge prizes went to Mrs. Rosenberg, high score, Mrs. Wayne Boren, low, and Mrs. H. G. Towle, traveling. Next club meeting will be with Mrs. Bergs.

Start Your Sewing Now!

Start to sew your Easter dress and others in your spring selection now! New fabrics, prints and solids, in every color under the sun, make the choice of materials so wide that the imagination and originality of the woman who can make her own may run riot. Don't put off making that dress until it's time to wear it!

Two Entertain at Monday Class Meeting

Mmes. J. D. Scott and Earl Hicks were hostesses last Monday evening at regular monthly meeting of the Susanna Wesley Class of the First Methodist Church at the Scott home. Cut flowers decorated the house.

Mrs. J. P. Nelson is teacher of the class, and a member, Mrs. R. L. Reschar, was named honoree for the evening. Mrs. P. W. Cloud, class president, was in charge of the business session, and Mrs. W. C. Hollis directed entertainment.

The hostesses passed a dainty ice course to the following: Vada Mae Burleson, Betty Hollis, Eva Nelson, Martha Cloud, Owen Gray, Wauvonia Strayhorn, Mary Gray, Kathryn Reschar, Beryl Birdwell, Margaret Williams, Juanita Louder, Opal Darby, members, and Mrs. A. B. Davis Jr. of Lubbock, a guest.

Trio Hostesses To Esrudoma S. S. Class

Clarabelle Clark, Mrs. G. B. Clark Jr. and Mrs. Ira Harrison were hostesses to the Esrudoma Class of the First Baptist Church, of which Mrs. Harrison is teacher, last week at the G. B. Clark Sr. home. The Easter motif was cleverly employed in the refreshment plate.

"Women of the New Testament" were named in answer to roll call by class members preceding the devotional, "The Three Marys," given by Mrs. Wayne Williams. Easter poems were read by Mrs. J. C. Smyth.

Those present were: Rev. Harrison, Mmes. Wraymond Sims, Williams, Gaither Bell, Jim Cloud, Hollis Browning, Oscar Maples, Roy Stokes, Smyth, John E. Sentell and the hostesses.

Grant-Robinson Marriage Solemnized

Helen Grant became the bride of Raymond Robinson at an early evening ceremony last Saturday at the home of Rev. James E. Spivey, pastor of the First Presbyterian Church, and Mrs. Spivey. Rev. Spivey read the service in the presence of Mr. and Mrs. Travis Allen, friends of the couple.

The bride wore a white suit trimmed with adriatic blue. Her flowers, arranged in a shoulder corsage, were white rosebuds. Mr. and Mrs. Robinson will be at home to their friends at 216 25th Street.

Members of the Amosia Class of the First Baptist Church entertained last Wednesday afternoon to honor Helen Grant, bride-elect, who was married to Raymond Robinson Saturday evening. The affair was in the form of a bridal shower held at the home of Dorothy Winston.

A brief program preceded the presentation of gifts. Loraine Todd read "A Friend's Thought to a Bride," and "To the Bride was the title of a reading by Daurice Worley. Dainty refreshments were served to those present.

Easter Party Given Tuesday Club

Easter decorations, featuring centerpieces of chickens filled with mints at the refreshment hour, were pretty when Mrs. A. C. Preull was hostess to the Tuesday Afternoon Bridge Club this week. She passed a plate of cake, nuts and coffee at the close of bridge games.

Mrs. H. J. Bricke took the high score prize, and Mrs. J. C. Dorward retained the traveling prize. Other members present were: Mmes. Joe Strayhorn, W. R. Johnson, W. J. Ely, R. L. Gray, H. J. Brown, W. H. Cabbie, John R. Williams and E. M. Deakins.

Mrs. T. L. Lollar was hostess to the club at last meeting, entertaining at her home on Avenue U.

El Feliz Meets Friday.

El Feliz Club will meet with Mrs. W. E. Doak at her home Friday afternoon at 3:00 o'clock. All members are expected to be present for the afternoon's forty-two games.

Wynona Keller and Tisbe Whatley, students at The Eockaday School in Dallas, are spending their Easter holidays with their parents, Mr. and Mrs. John Keller and Mr. and Mrs. Dan Whatley.

Junior Favorite

Martha Jane Bryant, above of Stamford was recently chosen junior class favorite at McMurry College, Abilene. Her picture, along with other school favorites, will appear in the 1938 Totem, college yearbook. Daughter of R. B. Bryant of Stamford, general manager of West Texas as Bryant-Link stores, Martha Jane is also a member of Wah Wahaysee Drum Corps and T. I. P., girls' social club.

Local Women Plan To Attend Review

Evelyn Oppenheimer of Dallas will be presented in a review of "The Citadel" by A. J. Cropp in the Colorado High School auditorium tonight (Thursday) at 8:00 o'clock. A number of local women plan to attend.

Miss Oppenheimer has been heard by Snyder residents in Dallas, Ft. Worth and Abilene, and her reviews are outstanding, they say. Club women and others from this section will gather in numbers to hear Miss Oppenheimer.

All Alpha Members Attend.

All members of Alpha Study Club were in attendance last Tuesday afternoon when the club met at the home of Mrs. Maurice Brownfield to make plans for next year's study. Mrs. J. C. Smyth was in charge of the meeting. The hostess passed a salad course with coffee at the close of the meeting.

Dr. A. C. Leslie has been on the sick list for the last few days, and has been unable to be in his office. Latest reports indicate Dr. Leslie is slightly improved.

Winice Pollard, who has been confined at home since last Friday, and who has been quite ill, was reported Wednesday to be gradually improving. Pollard has been unable to be at his place of business, the Snyder Garage, this week.

Mrs. German Directs Program on Music

Mrs. Mabel Y. German directed a program on "Music" at the Tuesday afternoon meeting of Woman's Culture Club at the home of Mrs. E. E. Weatherbee. A paper presented by Mrs. R. W. Cunningham and a short debate were featured on the program.

"Music in the Public School" was the subject of Mrs. Cunningham's paper. Mmes. J. A. Woodfin and Weatherbee took sides of the question, "Resolved: That the Radio is an Aid in Musical Education."

At the close of the program the hostess served frosted rainbow salad, devil's food cake and iced tea to the following club members: Mmes. Cunningham, German, J. R. Huckabee, W. A. Morton, E. J. Richardson, E. F. Sears, H. T. Sefton, D. P. Strayhorn, W. G. Williams, Woodfin and H. L. Wren.

Holmes and Works Studied by Ingleside

Oliver Wendell Holmes, his life and his writings, were interesting study for Ingleside Study Club at regular alternate Tuesday meeting this week. Mrs. L. C. Rennals was hostess to the club, and Mrs. J. T. Johnston directed the program.

Mrs. Clyde Boren gave the life and works of Holmes, and Mrs. W. W. McCarty told of Holmes' contribution to medical science, "The Wonderful One-Horse Shay" was read by Mrs. King Sides.

An Easter motif was given emphasis in the refreshment plate, salad with iced tea, served to the following: Mmes. Jim Cloud and Willard E. Lewis, guests; Mmes. Boren, Harold Brown, Johnston, Hal A. Lattimore, G. H. Leath, McCarty, Sides and W. W. Smith, members.

Mr. and Mrs. Doc Reed of Aspermont were week-end guests of Mr. and Mrs. Joel Hamlett. The Aspermont couple, former residents of Snyder, was accompanied by Hardy Mitchell, who visited with local friends and relatives.

Homer Cook, Jr., of Crosbyton returned home Sunday after a several-day visit with his grandparents, Mr. and Mrs. W. T. Cook. He was accompanied by his grandfather and Mrs. A. M. Curry and daughter, Alene, who visited in Crosbyton and Floydada.

Billie Arlene Biggs, daughter of Mr. and Mrs. Arlie Biggs, returned home Saturday from Sweetwater, where she was a guest last week of Mozelle Roach, former Snyder resident.

Emergency Hospital

Dorothy Dell Ball of Ft. Worth was back in the Emergency Hospital for two days early this week as a medical patient.

Mrs. W. R. Holman, who lives six miles south of Snyder, underwent minor surgery Tuesday.

Health-Wrecking Functional PAINS
Severe functional pains of menstruation, cramping spells and jagged nerves soon rob a woman of her natural, youthful freshness. PAIN lines in a woman's face too often grow into AGE lines!
Thousands of women have found it helpful to take Cardul. They say it seemed to ease their pains, and they noted an increase in their appetites and finally a strengthened resistance to the discomfort of monthly periods.
Try Cardul. Of course if it doesn't help you, see your doctor.

Mrs. Rollins

For the past 42 years Mrs. Nat G. Rollins of Abilene has been an officer in the Woman's Missionary Council, an official of the conference and on the home board of missions in the Northwest Texas district. She is honorary president of conference women, who will hold annual convention in Snyder next week. Member of general board of missions, delegate to four general conferences, trustee of Scurry College at Nashville, Tennessee, are other outstanding places among Methodist women filled by Mrs. Rollins. (Picture courtesy of Abilene Reporter-News).

Sweetwater Attorney Is Guest Speaker

Zolie C. Steakley, Sweetwater attorney, was guest speaker on the Altrurian Club program Friday afternoon, when the club met at the home of Mrs. Lee T. Stinson with Mrs. R. D. English as hostess. Mrs. Earl Louder was guest musician for the afternoon.

Words of Steakley were interesting on the subject of "Feministic Trends in World Politics." Mrs. Louder presented a group of piano-accompanied numbers, and Mrs. F. W. Wolcott, club member, sang "Roses of Picardy," accompanied by Mrs. A. C. Preull. The program was sponsored by the civic committee of Altrurian Club, and Mrs. Stinson directed.

The hostess, passed refreshments at the close of the program to the guest speaker, Mrs. Louder and Mrs. J. C. Smyth, guests, and to the following club members: Mmes. E. J. Anderson, W. R. Bell, Hugh Boren, H. P. Brown, J. C. Dorward, R. L. Gray, W. W. Hamilton, W. P. King, J. W. Leftwich, Preull, J. C. Stinson, Woodie Scarborough, H. G. Towle, Lee Stinson, Wolcott and John R. Williams.

FIND MYSTERY SCHOOL VOTES

A little touch of mystery concerning the Ira election returns was ironed out Monday afternoon, when Ira returns were found to have been placed inside the ballot box. With six candidates running, the two successful ones were G. S. Cook, with 25 votes, and G. R. Newman, receiving 21 votes. Canvassing of election returns by commissioners court Monday gave Joe Cato a vote of 311 to C. H. Wellborn's total of 238 for trustee-at-large. Official canvass returns gave Ben Hamilton a total of 140 votes in Precinct 1 for board member; Giles Bowers receiving 80 votes. Sam Head defeated Aris Haynes, 70 to 43, in precinct 2.

Monday Rites For Infant Of Sherrods

Funeral services for Jimmie Chapman Sherrod, two-day-old son of Mr. and Mrs. John R. Sherrod, were held at the First Methodist Church, Dunn, Tuesday morning at 10:30 o'clock. An only child, the infant died in a local hospital Monday. Survivors are the parents, and grandparents, Mr. and Mrs. M. O. Nail, and Mr. and Mrs. R. D. Sherrod of Dunn. Rev. C. D. Damon officiated. Funeral arrangements were in charge of Odum Funeral Home, with interment in Dunn cemetery. Pallbearers were George Bowers and Boyce Johnston. Flower girls were Eva Nell Quiet and Wonnie Brooks.

Motorist: "I had the right-of-way when this man ran into me, yet you say I was to blame." Cop: "You certainly were." Motorist: "Why?" Cop: "Because his father's the mayor, his brother's the chief of police, and I'm engaged to his sister."

Lace, Spivey and Poe Take Active Presbyterian Roles

Alexander M. Warren of New York City, member of the national board of missions of Presbyterian churches, was the outstanding person on the two-day program of the Abilene Presbyterian last Wednesday and Thursday at Albany. Rev. James E. Spivey is stated clerk of the district group, and attended the sessions. Of interest to local people was the election of W. R. Lace, former Scurry County agent, as moderator for the next six months. Lace, now of Breckenridge, is an elder in the First Presbyterian Church there. I. X. Poe, former Snyder resident, who is now a junior student at Trinity University, attended the two-day meeting to address the assembly. "Evangelism" was the theme for the New York City man's words during the meeting. He preached an inspiring sermon Wednesday night, the local pastor said. Rev. F. L. Wear, president of Trinity University, was also an outstanding speaker. Leaders on the program included Rev. S. P. Collins of Cross Plains, moderator, and Rev. J. A. Owen, host pastor.

Soil Conservation Projects Checked By Area Official

District 6 Agent J. D. Prewitt of the Texas Extension Service, College Station, was a Scurry County visitor Wednesday, checking with the County Agent's office on soil conservation projects in the county, and 4-H Club work. Prewitt, who left late Wednesday afternoon, stated that "District 6 is bounded on the north by Scurry County, on the south by Del Rio, and by El Paso on the west. The extension service is particularly interested in soil conservation projects and 4-H Club work in this area. "We have 24,000,000 acres of cotton land and 32,000,000 acres of range land in this area covered by district 6, and feel that by working through the county agents we can give experiment station results that will be of benefit to all farmers and ranches." The extension service agent pointed out that 900,000 cattle are to be found in district 6; while of the 7,000,000 sheep in Texas, 4,000,000 of this number are to be found in the area bounded by Snyder, Del Rio, and El Paso.

OFFICIALS SAY FAIR PLANNED

It takes months of preparation and planning to put over a successful county fair, livestock or poultry show. A canvass of the newly elected board of directors of the Scurry County Chamber of Commerce reveals that they are with one accord in favor of holding these exhibitions at their proper time in no uncertain way. This preliminary survey is made even before any other activities are begun so that exhibitors may begin to think and prepare. Judging from the sentiment of the directors, entry requirements and premium lists will appear in these columns later in the year.

CLEAN-UP WEEK NOTED IN TOWN

State Clean-Up, which officially closed Sunday, left its mark on Snyder in the form of cleaner streets, less rubbish and junk in back alleys, and greatly improved yards. Mayor H. G. Towle expressed himself Wednesday as "well pleased with the local results of Clean-Up week in Snyder. "We note," the mayor continued, "the results of State Clean-Up Week in all sections of the city, while there are still a few rough spots left that need attention." Proclaimed by Governor Allred as the week "when all good citizens should come to the rescue of a cleaner city," the period of April 3-10 was designated as the time to remove cans from back yards and weeds from the front, and to remove all inflammable trash.

Snyder Pastor In Featured Place on Workers' Program

When the Baptist workers conference convened at Lorraine Tuesday one of the largest workers groups in local conference history was present for the workers meeting. Rev. Ira Harrison, attired in the costume of an African man, appeared on the morning program. The costume was borrowed from a returned African missionary, Dr. Pool. Rev. Clyde Campbell, a student preacher attending Hardin-Simmons University at Abilene, delivered the 11:00 o'clock sermon of the morning session.

Fluvanna Presbyterian Church

Rev. James E. Spivey will fill his regular third Sunday appointment at the First Presbyterian Church of Fluvanna next Sunday. The services of the day will be appropriate to Easter and in the morning the sacrament of the Lord's Supper will be administered. Everyone is cordially invited to attend.—James E. Spivey, pastor.

Civil Service Exams.

The U. S. Civil Service Commission has announced open competitive examinations for the following positions in the Department of Agriculture: Junior agronomist, junior in animal nutrition, junior biologist, junior entomologist, junior entomological inspector, junior plant pathological inspector, junior poultry physiologist, and junior soil surveyor. Unknown to the fat lady, the weighing machine was out of order. She clambered on and inserted a penny. Among the curious bystanders was a gentleman in his cups, who eyed the dial curiously. It registered 75 pounds. "Well, I'll be damned," he belched. "She's hollow."

Fight on Hopper On County-Wide Basis to Be Made

The County Farm Council has appointed a county-wide grasshopper control committee composed of D. M. Page, Charles Bley, Schley Adams, Bennie Harless, H. A. Wimmer, Wright Huddleston, Garrett Harrell, John Brown and Welch Scrivner, to see that grasshopper control has a place in the 1938 farm program of the county. Since the unprecedented April freeze of last Thursday and Friday, the committee is making a survey of insect egg destruction, to determine how serious the early grasshopper crop will be. Congress has made appropriations this year to assist supply poisoning materials to sections heavily infested by grasshoppers in either the Midwest or the South. "It is the opinion of the grasshopper control committee," a member stated Wednesday, "that grasshopper control can be most effectively put across now, one pound of poison now doing more good than 10 pounds probably will later on." Since the county agent's office reports a supply of grasshopper poison left over from last year, the county committee plans to start hopper eradication at once, if enough grasshoppers have hatched out to justify poisoning at this time.

TIGER BAND TO CONTEST SOON

Tiger Band, about 40 strong will compete in the state contest held in San Angelo April 20 and 30, according to Director H. L. Reischer. The local music group will be in full uniform and will be led in marching maneuvers by Drum Major Irene Taylor and Band Sweetheart Wanda Jean Sims. The announcement that the group would be in San Angelo was made at a meeting of the Band Parents Association Tuesday evening at the gymnasium. Mrs. D. P. Yoder, association president, presided for the meeting. Next year's band sweetheart will be selected from four nominees chosen for the contest from the junior class of the local high school on April 21 and 22, when students will conduct a "chicken day." Each student will be allowed as many votes as the totaled value of the chickens, eggs and cost hangers they bring to association leaders on those two days. Members of the Band Parents Association will chaperone the band on the San Angelo trip, when girls will make the trip in cars, and the boys in a school bus.

Colorado Lions Visit.

A dozen Lions Club members from Colorado were guests of the local club Tuesday at noon to present "the granite lion," a fellowship trophy that is being passed from one Lions Club to another. Jack Helton, president of the visiting club, stated that the trophy has been carried in this manner to more than 50 clubs in Missouri, Kansas, Oklahoma and Texas. The Carthage, Missouri, club originated the fellowship plan and carved the trophy out of solid marble. Mr. and Mrs. J. C. Card and small son have returned to Snyder after an absence of several years. Card has been working with the Abilene division of the State Highway Department.

Odum Adds Grillwork.

Screen doors with ornamental grill work have been added to the front of Odum Funeral Home recently. They add quite a bit to the appearance of the funeral parlor, located at 1709 Twenty-sixth Street. Ralph Odum has been planting flowers the last few days, which will soon add to front-end appearance. John W. King, who underwent eye surgery in a Dallas hospital recently, is showing improvement, according to his daughter, Mrs. E. M. Deakins, who returned home Monday after a two-week stay in Dallas. Mr. King has been removed from the Medical Arts hospital to the home of his son, Bert King, and wife in Dallas.

Politics Poetry

The city marshal's race aroused several poetic fires. Not the least of these was in the soul of C. A. Snyder, who says any of the five men in the race would have suited him just fine. His brain-child, if you prefer to sing it, would be to the tune of "Redwing," like this: "Oh, the sun shines bright on Mr. Simon, Sid Bruton's sighing, Arlie Biggs' a-cryin'. Far, Oh, far beneath the sky Earl Strawn is sleeping, Papa Woodfin's weeping His heart away." An old-timer who once wrote under the pseudonym of "Lucky Bill" insists that "we may not have a Simon pure marshal, but we have the Simon Best." And even those who did not vote for the new marshal are admitting that he's the "Best" in the West!

District 5 League Contests Will Be Held This Week

Due to wintry blasts last week, the District 5 athletic and literary events will be held at Sweetwater Friday and Saturday this week, with a number of Scurry County school students taking part. These 13 counties will take part in the annual Interscholastic League meet: Borden, Scurry, Fisher, Stonehall, Kent, Jones, Taylor, Nolan, Mitchell and Howard. Scurry County track and field entrants are as follows: Snyder—Jesse Sorrells, Fred Bullard, J. C. Pinner, J. R. Popejoy, Carroll Taylor, J. M. Sterling and Thane Mebane; Fluvanna—Joe Sam Truss, J. R. Brown, Howard Taylor, Billie Lightfoot, Ross Belew and Howell Moore; Dunn—Leroy Brinkley, Arvil Martin, Malcolm Hanson and Bobby Johnston. It is probable that other schools that won places in the athletic events 10 days ago may send representatives, but their names had not been filed with district officials last week-end. According to Director General Ross S. Covey of Sweetwater, his Mustangs have the largest number of entries in the district meet. The top place winners are slated to compete in the regional meet at Abilene April 23.

Fishing Tackle Display.

Snyder Hardware & Implement Company is budding forth this week with a complete line of Heddon fishing tackle in their display window with lures and baits that are calculated to attract the most ardent rod and reel fan. Fishing supply displays include all types of hooks and lines.

HUMBLE CREWS AT WORK AGAIN

A total of 12 families were added to Snyder Tuesday, when the geological department, Humble Oil Company, under the supervision of party chief Earl M. Walters, moved to various apartments and rooming places. The Humble seismograph crew expects to spend about three months in Scurry County doing extension geological work on Humble leases in the county. Seismographical work will include core testing, and filling of sub-surface formation data. Earl M. Walters will make his headquarters at the Manhattan Hotel, as chief, while other members of the Humble seismograph crew have rented apartments and rooms near the business district.

Do you want to SAVE MONEY?

The Standard Ford V-8, with 60-horsepower engine, gives you a lot of car for a little money. 300,000 new owners acclaimed the "thrifty 60" last year. Hundreds a day are buying it in 1938. Why? Because it is priced low—includes essential equipment without extra charge—and goes farther between filling stations than any Ford car ever built. Owners all over the country report averages of 22 to 27 miles on a single gallon of gasoline. But economy isn't all the story by any means. The Standard "60" is built with the same precision as the De Luxe "85," and has the same 112-inch wheelbase chassis. It is easy to look at and ride in—as well as easy to buy and run. There's a Ford dealer near you.

NEW IRA TEST HAS INTEREST OF OIL SCOUTS

Coffield & Guthrie's No. 1 Spears & Brownfield Will Spud Soon

A good deal of interest is being shown by oil scouts in the Coffield & Guthrie No. 1 Spears & Brownfield test, which is located about three miles west and a half mile north of Ira. Scheduled to be spudded in a few days, the test is located 330 feet from the west, 2,130 feet from the south line of section 130, Block 97, H. & T. C. survey.

The location of the Coffield & Guthrie No. 1 Spears & Brownfield test places it two and a half miles southeast of the Robinson Brothers discovery.

J. C. Ziegler Sees U. S. Army Action While in Honolulu

J. C. Ziegler, the Scurry County man who went with his wife several weeks ago to visit a son in Honolulu, Hawaii, writes that he witnessed maneuvers of 20,000 U. S. Army troops late in March, and that this spectacle, combined with Navy and air force maneuvers, "was something to remember for a lifetime."

He says further: "One big bomber crashed into the water near Pearl Harbor. Two got to shore alive, five were killed. Another with six men is missing."

"This is a fine country, but it is not Texas. Neither is Texas Hawaii—but I would like to see any old friends in Texas, the wide-open spaces, even the sandstorms of summer or the northerly and snow storms of winter at least for a time."

American Tourist (to Canadian Northwest Indian): "White man glad to see red man. White man hopes big Chief is feeling up top this morning."

Indian (calling): "Hey, Jake, come here and listen to this bozo, he's great!"

Carrell Reports Members Gained In Cotton Group

J. L. Carrell, Snyder director of the West Texas Cotton Growers Association, who attended a meeting in Abilene Tuesday of association directors, reports a membership gain of 2,400 members the past year in the WTCCA.

O. M. Lowery of Dallas, Texas Cooperative News editor, was one of the principal speakers at the meeting, other speakers being J. L. Wilkinson of Coleman, president, and association manager L. Dorn. Wilkinson was re-elected as president, E. L. Dorn as manager and secretary, while L. B. Patterson of Munday succeeded G. A. Branton of Knox City as a director.

Other directors, besides Carrell, who attended the meeting were: J. C. Simpson, Roby; E. Barber, Colorado; B. Walters, Rufe; G. Y. Lee, Edley; and Ed Gist, Abilene.

WTCCA Manager E. L. Dorn reported that the membership in the association now stands at 10,300, with the cooperative cotton growers association having handled 52,000 bales of cotton the past season.

SCOUT LEADER COURSE AHEAD

All Boy Scout leaders interested in taking the spring leadership course in scouting are urged by E. E. Weatherbee, chairman of leadership training in the Snyder district, to remember the course starts Monday, April 13, at Boy Scout hall, over Winston & Clements.

An invitation is extended to all scout leaders in this territory to attend the course, said Weatherbee—and others interested in scouting are also invited.

About two hours each Monday night, for six weeks, will be devoted by Field Executive Ed McCurtain of Big Spring to training course pointers for scouting adults.

Honor certificates will be awarded all leaders who successfully finish the course.

Business Men Will Be Offered Service
W. A. Trambah, Lubbock district manager of the Texas Associated Credit Service, has sent P. B. Wright, Adrain James, and Jack Tiner to Snyder this week to explain details of the service to local merchants.

The purpose of the credit service is to supply to the local business man and merchant what Dunn and Bradstreet have been supplying for years to manufacturers and jobbers. The Lubbock office is district headquarters of the service for a 26-county territory.

SHORT STAPLE EVILS FOUGHT BY GIN GROUP

Cotton Laboratory Sought by Texas Ginners for Some Part of State

Overcoming the short staple evil and working for location of a cotton research laboratory in Texas were the two main program points stressed at the annual three-day session of the National Cotton Ginners Association, held at Dallas last Wednesday through Friday.

This word was brought back to Snyder by the local delegation, composed of W. J. Ely, Amos and Ixon Joyce, J. T. Browning and A. W. Arnold. They were among 5,000 ginners at the convention. Mrs. Ely, Mrs. Arnold and daughter, and Mrs. Browning also made the trip.

Several groups included. The National Cotton Ginners Association included the West Texas Ginners Association, of which Ely is president, and a group of A. & M. Extension Service experts.

High points of the Dallas meeting were as follows:

Figures released by the staple and grade division, U. S. Department of Agriculture, show that 66.6 per cent of the 1937 cotton crop in Texas averaged less than 15-16 of an inch in staple length. This is an alarming plight for Texas farmers, since we export about 90 per cent of our cotton crop.

Cotton ginners the state over will stress the necessity for longer staple length varieties for 1938, since it is becoming increasingly difficult to sell short staple cotton, especially to spinners.

Laboratory Is Sought.

The second program feature that particularly interests West Texas is location of a cotton research laboratory in the South. "Every chamber of commerce and civic organization in Texas should get behind a movement to encourage Secretary Henry A. Wallace to locate this laboratory in Texas," believes West Texas President Ely.

"Although Mississippi is offering a \$250,000 inducement for Mr. Wallace to locate the research laboratory in that state, Texas has a good chance, by pulling together, to get the new institution."

Department of Agriculture researchers state that possible new uses for cotton will stagger the layman's imagination, once new uses for the South's ailing staple are considered. And it is in the research field Secretary Wallace stated last week. "The American farmer can look to a solution of his surplus ailments."

The West Texas Ginners Association has as one of its 1938 goals the location of the laboratory in Texas, if at all possible. Wherever established, the laboratory will seek new uses for wool, mohair and other agricultural products.

Snyder General Hospital

Skeeter Smith of Justiceburg, Mrs. Sidney Johnson of Snyder, Mrs. W. Landfried of Roscoe and Jimmie Lee Woodard of Justiceburg are the new surgical patients in the hospital last week. Surgeries remaining from previous weekly reports this week are: Mrs. J. A. Wilson, Snyder; Mrs. N. M. Agnew, Big Spring; Mrs. H. C. Shook, Knapp; and Mrs. W. F. Cox, Snyder.

C. Wedgeworth, Snyder school superintendent, who is an accident victim, was also still in the hospital this week.

Medical patients this week have been the following: Mrs. J. R. Sheehan, Hermleigh; Dr. A. C. Leslie, Snyder; Mrs. Caleb Trousdale, Odessa; Mrs. Johnny Hoyle, Poliar; and small Gene Ponder of Rochester, who suffers a broken arm.

Pioneer Resident Of County Passes At Snyder Home

Death claimed Mrs. Frances Virginia Powell, 87-year-old Scurry County resident, at the home Friday of her daughter in East Snyder, Mrs. C. E. Tarter. Mrs. Powell had been a Scurry County resident for 13 years.

Mrs. Powell, whose husband preceded her in death a number of years ago, had been a member of the Methodist Church for 71 years, having the distinction of being one of the oldest church members in the county.

Survivors are one daughter, Mrs. C. E. Tarter, one nephew, Arval Fields, Byers, Texas, one brother, J. L. Fields, Lawton, Oklahoma, 21 grandchildren including Cleo W. Tarter, superintendent of Dunn Schools, and 17 great-grandchildren. Funeral services for Mrs. Powell were held at the First Methodist Church Saturday afternoon at 1:30 o'clock. Funeral arrangements were in charge of Odum Funeral Home, with interment in Fluvanna Cemetery.

Burialbearers were H. G. Carmichael, Harrison Durham, J. B. Coston, John Truss, Martin Murphy, and W. F. Mathis. Those in charge of floral offerings were Mmes. J. E. Shipp, Emmitt Butts, Evelyn Murphy, and Lela Carmichael.

EIGHT COUPLES ARE DIVORCED

When district court proceedings officially came to a close last Saturday, a total of eight divorces had been granted on the civil docket. One case was dismissed, with one trial resulting in acquittal, while in another trial the defendant was sentenced to two years in the penitentiary.

Two cases were continued, with one indictment being returned. District court is being held this week at Gail, with a light docket, on hand. A heavy docket is expected to result when district court is resumed here in June.

District Clerk Jimmie Billingsley reported an orderly procedure in all cases that came before the court. The Court of Civil Appeals at Eastland last week affirmed the decision for the plaintiff in the case of Jim Adams vs. U. S. Fire Insurance Company.

"We have set 100 Chinese elms in the form of a windbreak and shade trees in the yard," states Mrs. John McCombs, 1938 yard demonstrator for the Hackberry Home Demonstration Club, Fisher County. "Tress add so much to the beauty and protection of the home and grounds."

COUNCIL BUYS NEW HOSE FOR FIRE FIGHTING

\$100 Extra Voted Volunteer Department for Work On School Fire

At last Wednesday night's meeting of the City Council, held in lieu of Monday night's postponed meeting, a bill was allowed to purchase Snyder volunteer fire department 900 feet of regulation two and one half inch fire hose. This purchase of fire hose will enable the fire department to meet standard equipment requirements.

In view of the valiant work done answering the school fire call March by Snyder fire department in 10-fighting for long hours the unyielding flames—the City Council voted the fire department \$100 extra.

March building permits totaled \$2,150, with building permits for the year (1938 to date) totaling \$5,350. March water collections amounted to \$1,340.76, while tax collections for the month totaled \$734.04. Total bills allowed amounted to \$1,761.40.

City election returns were canvassed, with council members reporting substantially the same number of votes for candidates as was stated in last week's issue of The Times.

Earl Strawn was elected a special officer to fill the vacancy created by Simon Best's election to city marshalship.

Slime Keller was appointed sanitary man for the city to replace W. I. Wilson.

Olds Service Improves.

Olds Service Station is this week improving considerably under the guiding eyes of E. F. Sears, owner of the building, and Bud Miller, station owner. Partition between the station and the former cafe location to the east has been removed, the added space is being concreted, wash-rinse rack is being moved near the front, and office space is being tripled.

Says Bad Dental Conditions Add to Taxes of County

Scurry County is paying more than \$9,955 annually for school grade repeaters due to dental conditions. Taxpayers of Texas are paying more than thirteen million dollars annually for school grade repeaters.

"These figures are based on information by the State Department of Education and computed by the State Department of Health."

"This estimate can readily be accepted as conservative," according to Dr. George W. Cox, state health officer, "when the high incidence of dental disease and its intimate relationship to other diseases and the general health of the body is taken into consideration."

"Reliable sources tell us that more than twenty-three million school children are in urgent need of dental care. This means that approximately one and one-half million Texas school children are in urgent need of dental care, and that is to say nothing of the infant, pre-school and adult groups."

"The health of the mouth and the teeth is most important since they form the doorway to the body. It is through the mouth that all nutrition must pass, and there the first stages of digestion take place, and it is through the mouth and nose that most of our diseases enter the body."

"Prevention is the only equitable solution to this alarming health condition which is seriously menacing the welfare of our people."

"Realizing the enormous health problem dental health presents and the staggering cost of its neglect, the dental division of the State Department of Health joins other state agencies concerned with child health in the May Day-Child Health Day program to make the state of Texas conscious of this phase of health work," Dr. Cox said.

David C. Pawcett was called last Thursday morning to Littlefield, where he attended final rites for the wife of his eldest brother.

County Tabulations Of Cotton Allotment Begins Next Week

Tabulations for cotton allotments within the county will begin next week, with farms not covered by work sheets or Bankhead numbers being ineligible for allotments, according to a report from the county agent's office.

The state AAA office at College Station warns that farms without either work sheets or Bankhead numbers will be subject to the penalties listed under the cotton marketing

quota ruling, besides being deprived of subsidy or other payments. The county agent states every effort has been made to include all tillable land within the county accountable for by work sheet information, in order that each farm within the county will receive its just allotment.

The county committee members urge that each farm and ranch operator check with his neighbor to be sure complete coverage has been made. Farmers who wish to sign work sheets should notify the county agent at once, since the final allotment for 1938 will soon be made. It will not be changed.

Neither flood nor storm can silence your telephone long

We depend upon Western Electric... Bell System supply unit... to pour material into wrecked areas AT ONCE!

Floods and storms in Arkansas and Oklahoma took heavy toll of telephone lines in February. Yet almost all the silenced telephones were back in service within a few days.

One reason: Western Electric warehouses, spotted so no Southwestern Bell town is farther than an overnight jump, poured material into the wrecked areas AT ONCE.

Without Western Electric supplies, instantly available, our job of giving you good telephone service at low cost would be vastly more difficult. And Western Electric prices are moderate. Over the last 20 years its earnings have averaged less than 7%.

SOUTHWESTERN BELL TELEPHONE COMPANY

IT SEEMS IT'S A CAR FOLKS WON'T DO WITHOUT!

WE were pretty sure we had a great car when some months ago we checked the final blueprints on the 1938 Buick.

It had the new and mighty DYNAFLEX engine for sparkling action—the sensationally desirable TORQUE-FREE SPRINGING for a lullaby of a ride.

Looking ahead in that promising day, we figured we had every chance of getting our sales share by reason of what this car gave the buyer for his money.

Now, when times are sterner, it appears we built better than we knew—we've got a car folks just won't do without!

This great new Buick was first introduced to the public last fall. Through September, October, November, it sold in steadily increasing volume.

In a period when sales of other cars were sliding off it went ahead, in one month actually outselling one of the Big Three of the lowest-priced field.

It's still going ahead—not car Number Seven or Eight, as one might expect by its price-class, but one of the season's Four Best Sellers!

There is only one explanation of such a record when made by a car in the thousand-dollar bracket.

Such a car is so good—has so much of value in it—people just won't do without it!

They buy it not only in preference to other cars—they buy in preference to waiting for easier times and readier money-to-spend!

That's the convincing sort of car you're about to drive when you first take the wheel of a 1938 Buick.

If you haven't yet handled a new Buick, you ought to—just to see what such a car is like!

"Better buy Buick!"

COMPANY G TO BE INSPECTED

Col. Farley D. Parkinson, Regimental Instructor of the 141st Infantry, Waco, will have charge of Company G's fourteenth federal inspection, which starts tonight (Thursday) at 8:00 o'clock. Captain Tim O. Cook reported Wednesday that Company G officers, Sweetwater, will be Company G guests at tonight's inspection.

Captain Cook states that around 65 guard members will be at Company G armory, with the federal inspection to cover various phases of training, both army and field. First Lieutenant Roy O. Irvin states that Snyder's National Guard unit is in fine shape for tonight's federal inspection, having received in the past one of the highest ratings of any unit in the 142nd Infantry.

Smut Treatment for Sorghum Seed Will Be Free to Farmers

The Hobbs FFA boys, under supervision of Vocational Agriculture teacher C. Littlepage, are offering free smut control treatment of grain sorghum seed to all farmers in the Hobbs and Camp Springs communities, who put in their application for seed treatment in the near future.

Using copper carbonate or Ceresan, whichever farmers prefer, the Hobbs FFA chapter is making a specialty of seed treatment for smut. "Now is the time," Littlepage stated Wednesday, "for farmers who wish to have their planting seed treated free to bring their seed to the school house. The only charge will be for the chemicals used."

Having complete equipment for smut control treatment, Hobbs FFA boys expect to treat around 200 bushels of feed seed by May 15.

Law's Long Arm to Alabama by Sheriff

The long arm of law enforcement reached to Alabama this week. Sheriff Clyde Thomas having left Sunday morning for Florence, Alabama, to return a prisoner to the county on an old charge. In getting his man the sheriff made a 2,200 mile trip to Florence, where the prisoner was held in jail.

Thomas returned late Wednesday. He reported severe crop damage in East Texas, Arkansas and Alabama.

100 RANCHERS LEARN OF NEW RANGE RULING

This Saturday Set as Final Day for Signing 1938 Applications

More than 100 ranchers gathered in the courthouse Saturday night to hear County Agent Luke Ballard and Assistant Agent Edward Hyman explain administrative rules of the 1938 range program, so far as data was obtainable from the state board at College Station.

John Koonsman, Pat Jones and Jasper Helms were selected as a range inspector committee, the re-appointment of Harrie Winston and the appointment of Pat Jones being subject to approval by the state board.

Saturday, April 16, was set as the final date to sign applications for participation in the 1938 range improvement program. More than 40 applications have been signed to date.

The county agent listed deferred grazing, building of tanks, revamping of springs for better water supplies, eradication of prickly pear and cacti, mesquite and cedar as the main practices for which payments may be made, if not exceeding the total range building allowance for any individual range.

Ballard and Hyman announced the receipt of a telegraphic ruling, effecting the planting of neutral acres on the farm program in sudan and cane. The new ruling allows either crop to be cut for hay, when it is used on the farm. This ruling, it is felt, will do much to simplify feed requirements under the 1938 allotment act.

Former Missionary To Indians to Preach

Rev. J. L. Glenn of Brownwood will preach at the First Presbyterian Church next Sunday morning at 11:00 o'clock. He is the Sunday school missionary in the Abilene and Brownwood Presbyteries, having recently come to that work from Florida, where he labored among the Indians. Pastor James E. Spivey, who will be at Pluvanna, and other members of the church, invite all to worship with the congregation.

At the close of the Sunday school hour, the children's department of the school will present a short Easter play in the main auditorium. There will be no Sunday evening service at the church.

Little Sulphur

Mrs. J. E. Coles, Correspondent

Jessie Hanson of Pampa is visiting her parents, Mr. and Mrs. J. E. Hanson, this week.

Reginald and Harley Bolding spent Saturday night and Sunday with Hollis Ellis of Colorado.

Mr. and Mrs. J. T. Clay and children visited Saturday with Mr. and Mrs. W. B. Clay of Pleasant Hill community.

Mr. and Mrs. F. N. Bolding spent Sunday in the home of Mr. and Mrs. E. B. Ellis of Colorado.

Eril Bolding spent the week-end with Leona Jones of Buford. Mr. and Mrs. T. A. Martin and children of Canyon spent Sunday in the home of Mrs. A. H. White.

Mr. and Mrs. Linley Webb and Doris Marie Webb, Mr. and Mrs. Orland Ellerd of Buford spent Sunday in the H. H. Grubbs home.

County Wildlife Committee Plans Game Protection

Growing interest in the conservation of the county's game supply has resulted in the appointment of a county wildlife committee by the Scurry County Farm Council, Luke Ballard, county agent, said Wednesday.

The committee is composed of Harrie Winston, W. V. Jones, D. Z. Hess, Hoyt Murphree, Sid Johnson, Ben Brooks, Joe Adams, Hugh Taylor, Anton White, Jasper Helms, J. F. Koonsman, Tom Sterling, J. E. Walker and Buford Browning.

The agent further reports that agreements are being signed by interested land owners and operators, whereby the wildlife of the county may find refuge. When a sufficient number of signers are obtained, a permanent organization can be formed with a constitution and by-laws. Game preserve demonstration posting signs can then be put up on the land devoted to wildlife conservation.

"The basis of the program," Ballard points out, "will revolve around a cooperative effort to provide food, cover and protection for all desirable wild game. Wild house cats and stray dogs, as well as other predatory animals, including turtles, will need to be eradicated."

The county wildlife committee will hold a series of meetings in the near future to explain full details of the game conservation program. Each landowner, or each lease operator, who controls one acre or over will be eligible to go into the wildlife conservation program.

Polar News

Mrs. H. Randolph, Correspondent

Old King Winter made other visit to Polar last week and brought plenty of snow and cold wind along.

Bro. Lester Clanton of Lather filled his regular appointment here over the week-end. His family accompanied him here.

Mr. and Mrs. John Tucker of Oklahoma City visited last week with relatives here.

Mrs. Johnnie Hoyle was badly burned on the arm last week. She is in the Snyder General Hospital.

Mrs. Lizze Ford is visiting with Mrs. Alma Surratt this week.

Mr. and Mrs. W. D. Sanders of Snyder and Mrs. A. C. Cargile visited relatives near San Angelo this week.

E. L. Peterson made a business trip to Lubbock Saturday.

Mrs. G. O. Yeatts is preparing an Easter program for next Sunday. Sunday School will start promptly at 9:30 o'clock. Be there.

BORDEN COUNTY FARM NEWS

By E. B. McLeroy, County Agent

4-H BOYS BOYS PROFIT.
Nine beef calves were exhibited and sold by Borden County 4-H Club boys at the South Plains Junior livestock show at Lubbock April 4-6. This represented the largest number of 4-H club calves that have ever been fed in Borden County.

Weldon Street of Mesquite community sold four calves for a total of \$326.16. One of Weldon's beef calves, a heavyweight from the A. M. Clayton herd in Borden County, won \$5 in prize money as thirteenth place animal in his class. Weldon also won \$5 in prize money for fifth place in the group of three calves fed by one boy.

Clarence Simpson received \$38.37 from a 9-R (N. B. Reynolds) calf. This animal weighed 870 pounds.

Roddie Rogers of Gail, Boyd Freeman of Pluvanna and Casner Dulin of Mesquite also sold their light-weight 4-H beef calves. Prices received were \$61.44, \$54.27 and \$57.04, respectively. Carner Dulin also sold a grade beef calf for \$52.37.

The nine beef calves sold by Borden County 4-H boys brought a total of \$639.65 or an average of \$71.07 for each animal.

RANGE APPLICATIONS.

Borden County ranch operators are now filing 1938 range applications at the county agent's office. The sign-up period for this program extends from April 11 to April 23 in Borden County. With all 1937 payments cleared for Borden County for a total of \$37,636.02, under the previous program, there is considerable interest in the 1938 program which has already gotten underway with completion of 15 tank dams involving 57,000 yards of dirt in earthen dams.

L. E. (Elmer) Long and L. A. Pearce have been re-appointed as range inspectors in Borden County.

Thursday Is Intake Day at Old Age Office

Jim Cloud, supervisor of old age assistance in Scurry, Mitchell, and Garza Counties, announced Wednesday that the third Thursday in each month will be intake day for new applications. Cloud will be located at the courthouse Thursday, April 21, to take new applications for those needing old age assistance.

Since the third Thursday in each month will be designated as application day, Cloud requests all those wishing to fill out blanks contact him at the courthouse. Cloud, who was Dickens County judge from 1933 through 1936, reports a number of new application from the territory being received.

Quartets Feature of Tuesday Singing

The Higgins Sacred Heart quartet, the Snyder quartet, and the Tate quartet were program highlights at the Tuesday night singing at First Presbyterian Church, a duet by the Warner Sisters adding to the enjoyable song program. About 600 singers from Scurry, Borden, Mitchell, and Fisher Counties were present.

Talks by Rev. James E. Spivey and John Brown of Rotan were succeeded by brief talks from other singers. Secretary Doc Byrum reports that more and more Snyder people are coming out each Tuesday to the sing song. Those on program next Tuesday night include the Hall Sisters quartet, Sweetwater, the Roscoe quartet, and a duet by the Elkins Sisters.

First Baptist Church

Our Sunday school goal for today morning is 400. You can help us reach it.

At the 11:00 o'clock hour the pastor will bring a message in keeping with the theme, "The Greatest Question Facing Snyder." The Snyder high school chorus, directed by A. W. Yeats, will sing for us at the evening service.—Ira Harrison, pastor.

Sharon News

Kathlyn Trevey, Correspondent

Editors Note—We are happy to welcome Kathryn Trevey as a correspondent, and trust that folks of the Sharon community will support her by furnishing news of their activities.

A group of girls and young married women organized a baseball team Sunday. They are planning to play their first game Sunday, April 17. We wish for them luck in their first game.

Mrs. L. S. Trevey is visiting her daughter, Mrs. Irene Shuler, and children of Borger.

Folks, remember to hand me your news not later than Monday.

Bethel News

Marian Jones, Correspondent

Those visiting in the R. H. Mitchell home Sunday were Mr. and Mrs. W. M. Richards of Seminole, Hardy Mitchell of Aspermont, L. A. and Howard Crenshaw of Snyder, Robbie Mitchell and Carolyn Henderson of Snyder.

Mrs. Leo Heath is visiting part of this week with Mr. and Mrs. Holly Caston at Blackwell.

Mrs. Alice Wade of Hermleigh was a visitor in the J. E. Huffman home Sunday.

Don't Sleep When Gas Presses Heart

If you can't eat or sleep because gas bloats you up try Adierka. One dose usually relieves stomach gas pressing on heart. Adierka cleans out BOTH upper and lower bowels. For sale by Stinson Drug Company.

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the management.

Entered at the post office at Snyder, Texas, as second class mail matter, according to an Act of Congress March 3, 1879.

SUBSCRIPTION RATES
In Scurry, Nolan, Fisher, Mitchell, Howard, Kent, Borden and Garza Counties—
One year, in advance \$2.00
Six months, in advance \$1.25
Elsewhere—
One year, in advance \$2.50
Six months, in advance \$1.50

Welcome, Oil Play!

Unless all the signs are wrong, Scurry County is in for the most active period of oil development she has ever known.

Check the leases, the number of oil men of various kinds that have been in Snyder recently, the interplay of royalties during the past year, and the showings that were made in wells drilled within the past 12 months, and you have a lively miniature picture of what to expect within the next 12 months.

Seismograph crews, alone, have brought thousands of dollars into the county within the past year—and one of the crews returned this week to enlarge its work.

The Scurry County Chamber of Commerce would do well, as it maps a new program of work, to consider a day-after-day plan of welcoming oil people and advertising the area's oil possibilities.

We Eat Snyder Bread

Last week's front page editorial on buying Snyder bread did just exactly what The Times hoped it would do . . . it set a lot of folks to thinking.

In view of the fact that The Times carried an ad for an out-of-Snyder bakery in the same issue, the publishers came in for a lot of good-natured kidding. Of course if the Abilene bread seller were to walk into a Snyder store and ask to buy a suit of clothes, the sale would have been a feather in the store's cap. Or if a service station man had sold the bread seller a set of tires, that would have been well and good.

Here's the point: Advertising columns of The Times are the paper's merchandise, so to speak. As long as advertising is legitimate, and does not interfere with the paper's moral principles, it is acceptable . . . just as an Abilene, a Sweetwater or a Ft. Worth customer is acceptable at any store in Snyder.

The sellers of Abilene bread were advised before their ad was inserted that the editorial would run. They ran the ad solely because they believed it would pay to thus present their product before the Scurry County public.

Yep, the Times publishers eat Snyder bread, like Snyder bread, and believe in Snyder bread! How about you and your son John?

Consider the Future

Three things were brought forcibly before more than 100 men who gathered in the courthouse Monday night to consider a hard-hitting Chamber of Commerce for Snyder and Scurry County:

1. No organization will be successful unless it considers every family in the trade area as a friend and neighbor—not merely as a customer.

2. The Chamber of Commerce must be aggressive all the time, with the whole town and county of it, by it and for it.

3. The jealousies, the failures, the bitternesses, of the past must be forgotten—only the future lies ahead in which to build a more friendly and prosperous community.

Of these three points, the third is probably the most important. Human values, after all, are the most important and the most lasting values. If we cannot be friends and neighbors, what's the use of living and toiling, after all?

But Snyder's failure to support an active Chamber of Commerce in recent years is no indictment against our hearts. It is merely an indictment against minds and bodies sapped by depression and drought—minds and bodies that did not jump to all their opportunities as quickly as they might have done.

You would be a poor prophet, indeed, if you failed to see for Snyder and her trade territory, in the immediate future, an unparalleled era of cooperation and friendly progress.

Editorial of the Week

WHAT, NO MORE FLOWERS?

Heretofore, at this time of the year, the range is resplendent with beautiful wild flowers. While this has been a remarkably seasonable winter and spring, one sees but few flowers over the range.

Why is this? You don't have to seek far to find the cause. Every time a flower plant grows to be an inch high, there is a sheep to nip it. The cycle of plant life can begin only with the blossom. The blossom is the forerunner of the seed, the seed produces plants and the plants produce seed and so on around the cycle.

Without flowers there can be no seed. Without seed there can be no plant. Without plants the earth becomes a barren waste which cannot sustain animal life.

What will become of the stock industries of West Texas if this wasteful overstocking continues? Who will say that the ranges will continue to produce grass and other forage for the millions of animals that flourish on them now, unless there be some way to seed the ground.

A farmer has long since learned that he must have seed to raise a crop. He knows what will happen if he allows his stock to eat the plants that grow the seeds. The rancher might well go to the farmer, consider his ways and let some grass and weeds go to seed that his range may not perish from the earth. —Uncle Bill in The Sterling City News-Record.

Your Own Funeral

If you fail in business, it's your own funeral. Competition, from chains or other stores, is an insignificant factor in the failure of independent merchants. That statement goes against popular conception, according to the current issue of Industrial News Review, but it is buttressed by impressive statistics.

The same sentiment applies to towns and cities . . . if they drop out of the picture from a trade standpoint, it's usual their own funeral, not competition from good roads or changing conditions.

Of business failures, Dr. Julius Klein, the well-known economist, says 33 per cent are due to lack of capital, 30 per cent to lack of experience, 34 per cent to miscellaneous causes, and only 3 per cent to competition.

Dr. Paul H. Nyström, another noted authority on merchandising, estimates that 75 per cent of all business mortality may be attributed to incompetence, inexperience, and lack of capital.

The U. S. Chamber of Commerce attributes 37.2 per cent of failures to lack of capital, 31.4 per cent to incompetence, 4.9 per cent to inexperience, and but 3.9 per cent to competition, with extravagance, unwise credits, natural disasters, etc., accounting for the balance.

The Federal Trade Commission recently investigated the underlying causes for the failures of 167 stores in 30 communities, and found that it had been the result of competition in only 8 cases. "It cannot be a coincidence," declares the Industrial News Review, "that these four independent surveys reach almost identical conclusions. The adequately-financed, thrifty, efficient and experienced merchant need have little fear of competition, or of failure from any other cause."

Current Comment

By LEON GUINN.

Every West Texas officer of the law is this week hoping that the brutal slayers of Mrs. Weston G. Frome, and her daughter, Nancy, will be brought to justice in the near future; for Texas will soon be feared as a "crime" state if a few more such instances are blazoned across the nation's daily papers. . . . Not to mention a hundred other ways in which the state will be blacklisted.

Whoever the perpetrators of the torture slayings may turn out to be, it's high time we were making once and for all an example of what will doubtless be termed criminally "insane" mugs or molls. Ordinary "burning in the hot seat" doesn't seem to impress our criminal element very much; but a boiling in oil, or literal eye for an eye, torture for torture, and tooth for a tooth might. . . . Due to the sensational aspects of the Frome case, look for our literary vultures to soon flood the newsstands with pulp stories based on pickings from the Frome bones.

One stimulant to crime in America, seemingly taken for granted, is the muddy river of pulp magazines relating each and every gory detail of sensational crimes; gathering in the rising tide not only sensible, law respecting readers, but a host of reform school and penitentiary inmates. . . . Crime, rearing its hydra-head in every state, is difficult enough to curb without letting our newsstands become blood stained with the "urpings" of yellow journalism throughout the nation.

Last week was the twenty-fourth annual National Negro Health Week in America, but the Southern press failed to get mad about the situation just because it was "nigger" week. . . . Started by that profound negro scholar, Booker T. Washington, founder of Tuskegee Institute, this week was set aside by colored folks for racial observance, just as Clean Up Week, or any similar occasion is observed by white races. . . . It seems as though the chief point of concern right now revolves around whether to say colored folks, "darkies" or "niggers." Niggers is the Yankee rendition . . . but most Southerners lean to the same expression, along with "rosies years, punkins and "taters."

It seems as though some California Indian healers made the Ira community their camping grounds last week for a short while, bringing along trailer house teepees. . . . After much pow wow, and a dash of heap strong medicine, it seems the brave chief medicine man went pocket book scalping; blessing 'um Ira folks' wampum, along with their aches and pains, if any. . . . Some Ira palefaces no trustum Indian healer, and lookeeth to 'um pocketbooks to discover much wampum disappeared. . . . Result, an ache that 'um Indian thunder man no can cure.

In going on 'um wampum path, it seemeth that chief hocus-pocus dealer getteth too lush with blessings for 'um paleface wampum; in fact, one family discovereth that ye Red Man not only blessum body and mind, but taketh wampum out of ye Jean pockets. Paleface arguing no can convince, so ye boom boom gun is called into play, whereas ye Indian healer vomiteth up from the depths of his buckskin long handles much more wampum than white man deemeth fair even to the TVA.

After much hurried pow wow, ye Indian givers decideth ye Ira folks are heap bad medicine, running around with bang bang thunder rods, and hitcheth 'um gaswater hoses to 'um trailer teepees, giving out yells of Comanche relief when 'um palefaces are two suns out of sight. . . . Ye Indian healer sigheth, because instead of wampum in 'um belt, there no notches on 'um Ira palefaces go boom gun stocks, giving mute evidence much Indian plans bit ye choekum trail dust!

Fire Razes Two Homes Just Out Of Town Limits

In a fire of undetermined origin, Friday morning at 10:00 o'clock the old Smith home one mile north of the Santa Fe depot was totally destroyed. Snyder volunteer fire department answered the call, but practically nothing was saved because of lack of water. Cannon Budsette lived at the Smith home, which was one of the county's oldest landmarks, having been built in 1888.

The razing of the old Smith home by fire cut down one of the last frame houses in the county that was built in the eighties. According to old timers, the Smith residence was for a number of years after Snyder was founded one of the city's "social centers."

The second fire over the week-end occurred Monday morning about 8:00 o'clock a mile and a half west of the city near the Gail road. A rent house belonging to Edgar Wilson was destroyed by fire. Snyder fire department members could not check the flames, but kept the blaze from spreading elsewhere.

Local Leader

Mrs. H. T. Sefton, president of the local Methodist Missionary Society, will be in charge of registration during the three-day conference here next week. Approximately 250 Northwest Texas women are expected to attend as delegates. Mrs. Sefton is one of Snyder's best official voting delegates. (Picture by Miles Studio).

American Legion To Talk Summer Plans

The semi-monthly meeting of the Will Layne Post, American Legion, will be held tonight (Thursday), at the legion hut, Legion Commander Boss Baze announced Wednesday. "All Legion buddies in the county are urged to attend this meeting," Baze pointed out, "since we want to get all members interested in the summer program."

Letter Filing Cases. The Times has just received some new-style letter filing cases, single drawers, steel and semi-steel. Ideal for storage or every-day filing. Look 'em over at your office supply headquarters.

Thanks, Friends...

—With installation of two new Hammond Electric Organs in Snyder last week, we are leaving with gratitude in our hearts for the opportunity of serving such fine people.

—Our sincere hope is that people of the community will receive the many years of enjoyment from the unmatched music of the Hammond Organs which they have a right to expect.

—Especial thanks are due the First Baptist Church and the First Methodist Church for their pleasant reception of our services in their installations.

Marvin C. Lucke

Representative

CHURCH

CONTINUED FROM PAGE 1

Longo of Monday. Conference committees will meet between 3:00 and 5:00 o'clock.

A fellowship dinner will be served in parlors of the church Tuesday evening at 7:00 o'clock, with all conference delegates and visitors as guests of the local society. Mrs. J. G. Merritt of Colorado will preside. Scurry County women are urged to attend the dinner, paying for their own plates at 50 cents. Mrs. Joe Stinson, chairman, and Misses Joe Strayhorn and J. G. Hicks are in charge of food for the banquet for possibly 400 women.

Wednesday's Program

On Wednesday morning's program, which will be outstanding in the three-day meet, will be the presentation of officers, the president's message, worship program led by Mrs. Landrum, election of new officers, the secretary's hour, reports from four district secretaries and an address by Miss Putnam, returned missionary.

Melba Ann Odom, soprano, will sing "Thanks Be To God" to open the Wednesday afternoon session, when a service of remembrance, recognition of young women's circles by Mrs. E. B. Bowen of Stamford, reports of superintendents and invitations for 1939 conference will be featured.

Most important social event of the conference will be a tea for all delegates and visitors at the home of Dr. and Mrs. H. G. Towle Wednesday afternoon at 5:30 o'clock. Main speakers and officers will compose the receiving line.

General Public Invited

The general public is especially urged to attend the Wednesday night session, when Mrs. Landrum will be the chief speaker. Rev. C. A. Bickley of Abilene, who is in charge of conference Aldersgate observance, will speak briefly, beginning at 7:30 o'clock, and later he will introduce Mrs. Landrum.

Mrs. D. P. Yoder will open Thursday morning's meeting at 8:20 o'clock with a vocal solo. On that program will come the conference pledge for 1939, in charge of Mrs. J. M. Simpson of Amarillo, treasurer, reports of five district secretaries, worship led by Mrs. Landrum and council report by Mrs. Merritt. Luncheon at 12:30 o'clock closes the conference.

Chairmen of local special committees are as follows: Mrs. Odom, general chairman; homes, Mrs. Lee Stinson; transportation, Mrs. T. W. Pollard; publicity, Mrs. R. L. Reschlar; luncheons, Mrs. Joe Stinson; decorations, Mrs. D. P. Yoder; pages, Mrs. Herman Doak; registration, Mrs. H. T. Sefton.

Mrs. Sefton is local delegate from the Ruth Anderson circle, and Mrs. I. W. Boren will cast the official votes from the Susanna Wesley circle.

Reelection This Week for Hobbs School Teachers

At the Monday night meeting of the Hobbs school board, the teachers who are to wind up this year's school term were re-elected for another year.

Those who applied for teaching positions next year, and were re-elected, are: Mrs. O. Z. Porter, primary; Mrs. Mabel Day, second grade; Mary Rose Black, third; Mrs. Roger Murff, fourth; Edith Engle, fifth; Bert Milam, primary principal; C. Littlepage, vocational agriculture teacher; Tauchee Rice, home economics; and Supt. and Mrs. N. J. Guillet, who have two-year contracts with the Hobbs board.

Superintendent Guillet reports that "Hobbs can look back to a very successful school term this year. The home economics building has been added, the school library re-arranged, and the teaching force has proven to be well qualified."

Each boy and girl in high school who makes a passing grade this term, and meets other qualifications, will be taken by bus this summer on a trip to Arizona's far famed Grand Canyon. The Hobbs board members are anxious that each high school boy and girl, who makes satisfactory grades, gets to go on the summer excursion tour.

CONCLUDED FROM PAGE ONE

ill, and could not serve). Ely cited bettering of cotton grade and staple, helping to secure a government cotton laboratory for West Texas, and early completion of Highway 15, as immediate projects that might be taken up by the Chamber of Commerce.

Projects suggested by other speakers included: Sponsorship of boys' club work; assistance of farmers and ranchers in living more happily and prosperously; greeting newcomers; advertising the merits of the county and town.

The Times has a complete line of office supplies.

Mrs. Bickley

Mrs. C. A. Bickley, Abilene, vice president of the Texas women's conference, is pictured above. Mother of Mrs. King Sides, local teacher, Mrs. Bickley is an outstanding figure among West Texas Methodist women. Both she and her daughter will have active part in the three-day conference in Snyder next week. (Picture courtesy of Big Spring Daily Herald).

Correction

The Times mistakenly said last week, in the article concerning Fred Wasson's death, that Charley Miller, Wasson's companion, was horseback. Miller was afoot. He declared that if he had been horseback he could easily have averted the tragedy. Wasson, at larri's length, was dragged behind his horse for a half mile.

Major Sentell Goes to Amarillo Inspection

Major John E. Sentell, commander Second Battalion, 142nd Infantry, was in Amarillo Monday night for an inspection of Company H, which is the machine gun company of the Second Battalion.

Major Sentell, who returned Tuesday, reports that Company H members "acquitted themselves very creditably, and made a good showing in inspection routine."

Browning Food Market recently added one-fourth to its floor area by moving the meat market to the east part of the store. New grocery display shelves were added, along with a vegetable spray for the fruit and vegetable department.

Give Thought to Spring Wardrobe Says Mrs. Caton

"Whether your thoughts are turning to sunny vacations, days at the office or gay times at home—turn first to the selection of your new spring wardrobe so that you'll be ready with a distinctive costume for whatever the occasion," suggests Mrs. Joe Caton, a veteran in the field of selecting ready-to-wear for her department of Bryant-Link Company.

"Make each of your daytime and nighttime occasions an event by whisking out of your wintry ways and slipping into spring!" she gayly remarked this week, just as the sun came out with a new brightness to herald the arrival of Easter.

"Step out in Nelly Don frocks, cut so deftly to assure perfect fit, in gay and daring colors that are so important this spring, or in the new Mayfair Junior styles that are simply tops for summer. Mayfairs are smooth, demurely sophisticated, with definite emphasis on 'youth appeal and figure flattery,'" Mrs. Caton continues. Stunning frocks in Bryant-Link's better lines—LeVine and Franklin—are perfect for all occasions.

Accessories, too, are even more important this spring, Mrs. Caton says, and Gossard manufactures just the foundation garment for local women, whether average tall or short in stature. Fresh from their tissues come Bryant-Link's display of "Patricia" and "Catalina" hats in a wealth of different and new styles for wear with the Easter frock. There are cartwheels, sailors, bretons, off-faces, pillboxes, with veils and flowers galore.

Largest selling linen blouse in America as advertised in Vogue is the Linen Lady, offered to local women by Bryant-Link. New in the blouse line is the Troydon shirt, also advertised in Vogue and in Harper's Bazaar, in the finest quality rayon fabrics with that so-correct man-tailoring. Both are famed for their fit, durability and easy laundering.

The local store shows smart children's frocks, moderately priced and in new materials, that will be helpful to thrifty mothers. Shoes, also, in the spring trend, from Bryant-Link, will go well with the Easter costume for men, women and children, suggests Manager A. C. Kincaid of the dry goods department.

In men's wear the store offers a good spring line, including Hart Shaffner & Marx and Rose Brothers suits, Laudenberg hats and the ever-popular Arrow shirts, all in the largest spring showing of recent years.

The Times handles office supplies.

Every Woman's Beauty Shop

Mrs. Woodie Scarborough

FEMININE HAT TREND IS HERE

Hats have gone in for feminine whimsy for the spring fashion showing. And if you must go barehead, tuck a flower in your hair or tie a gay ribbon among your locks. . . Then you'll have a head start into this fashion situation!

Flowers and ribbons and veils bedeck last year's brimmed bonnets, sailors, cartwheels and pillboxes. Perched atop a slick little straw hat, a flower will make a woman feel dressed up even more than a clean pair of white gloves. The new rough straws in 1938 styles are enchanting.

Veils are rampant this season, which means that they are there—they flow, they flutter, they trail and they perch on and over the hats. A pink veil with a navy hat, a blue veil with a dark hat or a black veil with confetti dots—it simply doesn't matter what sort, just so you wear one. Suggestively screened, any face becomes sweeter and more feminine, eyes glow and skin looks clearer and more delicate—those are reasons.

Now It's Mask Time.

Mask time for women who guard their complexions comes with the spring, taking care of them as the seasons and weather change. They look to beauty authorities for advice when winter's chill turns into spring sun and winds filled with sand irritate the fresh clear skins. Masks are stimulating and remove the faded look from the skin after winter. Your skin must enhance your Easter costume.

"It matters not on what plane of life one labors nor how large or small the number of his acquaintance, the man who toils, and yet knows that in the circle of his influence there is at least one life in which there is sunshine where, but for him, there would have been a shadow; that there is at least one home in which there is cheer where, but for him, there would have been gloom; that there is at least one heart in which there is hope where, but for him, there would have been despair—that man carries with him, as he goes, one of the richest treasures on this earth."

Alluring Is Word For Hollywood's Spring-y Frocks

Alluring is the word for new spring creations found at the Hollywood Shop . . . frocks for Easter wear . . . for the little affairs . . . frocks that are perfect for all occasions . . . and what a fashion story they tell!

"Totally new designs, fascinating new fabrics and patterns, and interesting details, all, mark the 1938 styles distinctly more feminine," says Mrs. John Keller, manager of the Hollywood Shop. "As Spring comes slyly over the threshold, it's a flower here and a ribbon there," she says in true style of a seasoned stylist.

Lovely new Ellen Faye frocks and the smart College Campus dresses at the Hollywood Shop are examples of modern distinction for frocks that will take part in the Easter parade. Spring numbers in two entirely new lines of stunning frocks—one created by Jeanne Durrell for the "Glamour Girl" and the other the original Smartleigh fashions—are exciting. Demure little wash dresses by June Arden are shown at the shop in batistes, sheers and powder puff muslin.

Kate Greenaway frocks, "choice of girls who set the fashion," have taken the place of Shirley Temple dresses of last spring at the Hollywood Shop. They are sure to delight the youngsters.

Accessories for these Easter frocks attractively displayed in windows and cases include needs from the skin out—Vanity Fair underthings, one of the large selection of frocks or suits, a new bag, with matching or contrasting gloves in pigskins, buck or kid (wrist length, too), Rollins runstop hosiery or NoMend hosiery, one of our chic spring bonnets . . . adding the lovely clips, pins or necklaces, so popular this season . . . and milady steps out in the Easter parade.

California tailored playsuits will make playtime more fun than ever before. Slacks and shorts with matching shirts and bright scarfs and kerchiefs are both comfortable and attractive.

AIRMAID SOLD BY STINSON'S

Manufacturers of Airmaid hosiery and Airmate sox, handled in Snyder exclusively by the two Stinson drug stores, invite local people to wear their hose and sox, and compare them with their former hose expense. The two stores are displaying a completely new stock in Airmaid and Airmate, old stock having been sent back to the factory and new stock only put on sale.

Hose are an important part of the Easter costume, the local dealers say, and they assure customers that they will get fresh new colors that will blend with any color of dress and shoes. "More miles per pair" is the slogan for the sky clear ringless hosiery.

Newest spring hosiery shades in Stinson's stock include stroller, aloha, French mist, tropic, vagabond and exotique. Airmate sox are shown in black, navy, white, gray, nubrown and French tan.

Playing Up Pleats.

Your Easter dress . . . will you choose one of the lovely color combinations, all one color, a gay printed dress topped by a smart plain jacket, a dress with the new pleated skirt? The newest version of the pleated skirt frock is the printed skirt with plain top or pleated plain skirt with printed jacket.

Author: "This is the plot of my story. A midnight scene. Two burglars creep stealthily toward the house. They climb a wall and force open a window and enter the room; the clock strikes one."

Sweet Young Thing (breathlessly): "Oh, which one?"

Spring's Arrival Signal for Every Woman's Special

"Arrival of spring," says Mrs. Woodie Scarborough, manager, "is always a signal for Every Woman's Beauty Shop to feature a reconditioning scalp treatment to prepare the scalp and hair for new permanent waves and coming sun and wind.

"Our Zotos machineless permanent wave, featured in Harper's Bazaar and Vogue, is precision-timed with the new guardian eye, the modern way to soft lustrous hair beauty. Zotos waves look and act like naturally curly hair, and for that reason they're the choice of smart women. Both spiral and croquignole in Zotos are given with utmost comfort, and result is superior beauty over ordinary waves."

Prepare your skin and your hair to enhance the Easter costume, is Mrs. Scarborough's suggestion to women and girls who will join the Easter parade. "We are prepared to give advice in the care of the skin and hair, both of which require special care this season."

Mrs. Brown: "Do you know, dear, I was reading the other day that an ostrich can see very little, and can digest anything."

Mrs. Smith: "What an ideal husband!"

Mother: "Stop using such terrible language, Johnny."

Johnny: "Shakespeare uses it, mother."

Mother: "Then don't play with him. He's no fit companion for you."

QUALITY MERCHANDISE

Skin Correction Should Be First Step for Beauty

"First step in looking your lovely best," remarks Mrs. C. J. Sims of J. H. Sears & Company, "is to correct and freshen your skin, so that it will be in condition to enhance your spring wardrobe." She suggests trial of Charles of the Ritz beauty preparations to glorify your natural skin beauty. The local store offers a full line of the products.

At Sears, one of Snyder's leading department stores, new spring styles in dresses, hats, shoes, men's and children's wear, are featured. Accessories from Sears' complete stock of scarfs, belts, collars, buttons, buckles, corsages and lovely hand-made linen handkerchiefs will brighten up the old frock.

Complete line of Lorraine underthings, perfect fitting, has been recently stocked at Sears, and they make smooth foundation for outer garments. Nationally advertised Allen-A hosiery in the newest colors add to the attractiveness of one on fashion parade.

"Fashions have gone feminine, even in sports wear," comment the salespeople at Sears. Bags, gloves and hats to harmonize with each frock in the large collection found at Sears in silks and cottons may be had, each just to suit the Easter shopper's fancy, and at prices you like to pay.

These new spring bonnets may look strange atop a hat rack, but when perched smartly on well-groomed hair and with fresh smooth skin to set them off, you'll find they are really devastating.

Prints Are Popular For Dress Fabrics

Printed dresses this season are examples of life and movement. Small, spaced patterns are the fashion favorites, and this is a lucky break for the boys, as that is the way the man of the species usually likes his lady in prints.

A scroll print of pink on navy will play up the enviable, fresh complexion, which is the inheritance of the plump miss or matron. A pleated apron front guides the eye from the hem to the shoulder line, and minute turned-back lapels soften the open neckline for those gals, who will hear such pleasing adjectives as "smart," "charming," "handsome" and "beautiful."

Sweet womanliness has returned to favor and with this welcome revival comes the softer and more feminine clothes which appraise curves as assets rather than liabilities to womanly chic.

PLAY CLOTHES FOR PLAYTIME

Fashion depicts play clothes designed this season to make playtime more fun than ever before. The public is more accustomed to play clothes, and shorts and slacks will be seen this year more than ever before, because they make playtime more fun!

Play clothes of the season are gay and as smart as clever designers can make them. Shorts and skirts in solids and shepherds' plaids, in which sharkskin or washable cottons are adaptable for terrace wear, sailing, beach sports or picnicking.

The slack suits of the season feature two-tone costumes, with blazers and jackets or longer fitted coats and a soft scarf tucked in at the neck. Newest in the culotte family is the pair with turned-up cuffs, like a man's trousers, worn with a matching shirt. Shorts and a matching shirt may be turned into an attractive street costume with the addition of a wrap-around skirt.

New Foundations Garments.

Carry yourself in slender smartness. Go places in style with the proper foundation garments, stylists tell modern women. These new foundation garments are sheer and cool, and the modern woman can find no good excuse for not smoothing out the lines of her figure before donning youthful spring clothing.

Vital Need for the Skin.

Keep moisture in your skin and beauty will never leave it, say beauticians everywhere, repeating the age-old idea and emphasizing it for the modern generation. Cleanse and condition your skin every day, and watch the dust and impurities float away. Your favorite creams recharge your skin with the oils that West Texas wind and sun dries out.

"Fairest One of All."

"Fairest One of All" in the new spring wardrobe are the very, very feminine frocks, very feminine, madly becoming frocks that fascinate your public! Dresses with moulded bodices, slim waists, perky sleeves, full swirling, Ballerina and pleated skirts are all in league to make you look your loveliest. These frocks may be found in sheers, crisp paper taffetas, laces and crepes.

If when climbing up life's ladder You can reach a hand below Just to help the other fellow Up another rung, you know: It may be that in the future, When you're growing weary, too, You'll be glad to find there's some one Who will lend a hand to you!

Spring Fashions Give Pre-War Note To Feminine Touch, It Is Revealed

It's a ribbon here and a posy there, a bug on the lapel or a veil over the eye that make spring fashions for 1938 more femininely appearing than since pre-war days when pink camisoles showed through georgette blouses. Dame Fashion is "cutting up" this spring! Even the men are wearing gadgets on their hats!

Real flowers are ideal to tuck into an unexpected curve of the coiffure, but if they are not available, field flowers or other similar artificial blossoms will do. Tuck a bit of bright floral decoration into the hair, wear another at the shoulder or put a couple of clusters on the suit lapels. Break the waistline with a big cluster of white violets or wear a large bunch of purple ones to give color contrast to the afternoon party frock.

Another of the mad fashions of the season is the vogue for lapel ornaments, which range from rhinestones to gold and jeweled bugs. There's no limit to what one may

find to pin on a costume, and the more original the better!

Certainly no longer new, but just as smart as Gibson Girl frocks, are kerchiefs to wear over the locks, around the neck, tucked into a V-neckline of a dress or tied around the waist as a sash. These squares of saucy print in patterns which range from movie autograph facsimiles to your favorite brands of cigarettes are loved by young and old.

The bright prints are preferred by the young, and the solid chiffons are delightful with the older women. A pair of hankies make different sashes, and a single one in a dashing color is just what the shirt-waist frock needs in the pocket.

The men probably won't admit it, but they will be sorry when they see a daring neighbor join the Easter parade with a gadget of glossy leaves and tiny fruits tucked in the hat bands. They're all the rage, these ga-ga spring decorations for John Doe's hat!

Need office supplies? Phone 47.

SHORTER HAIR SEEN BY CAVE

Permanent waves from the Cave Beauty Shop's Du-Art machine or the Nu-Ray machineless, which fit in the sets of new highs in beauty, are suggested by Lil Jo Colwell, manager, and Dollie Clements, operator, to make the Easter coiffure distinctive. New spring hair styles feature shorter hair and curls going upward, Mrs. Colwell says.

With manicures The Cave gives shades of Revlon, Petty Sage and LaCross polishes that blend with the most difficult colors of spring costume, even the dull navys and grays.

In the cosmetic line "Beauty by Fitch," headlined at The Cave, carries every preparation to the fullest detail, including a plastic mask, which is so highly recommended to tone the skin for spring winds and sun.

Judge: "How do you know that you were driving less than 25 miles an hour?"

Defendant: "I'm positive—I didn't hear a word from the back seat."

Details, Fabrics Are Featured in Penney Dresses

"For current engagements on your social calendar and Easter prospectives we present the sort of dresses every woman covets—those with discriminating restraint of detail and fabrics that are a joy to wear," Mrs. Gus McClinton, head of J. C. Penney Company's ready-to-wear department in Snyder, declares. "You'll be delighted to join the Easter parade in these triumphs of simple perfection."

With large Easter stocks now ready, it would prove interesting to thrifty buyers to pay a visit to Penney's store. There you'll find that newest and smartest costume, from hats down to shoes, including details of bags, handkerchiefs, hose, dresses and underwear.

Those little Glen-Row jacket frocks at Penney's are interesting, so inexpensive, and yet so smart in appearance and long wearing. Bolero dresses are flattering and comfortable in these bewitching Glen-Row garments.

If you make your own Easter frocks and others in your spring and summer wardrobe, Manager H. L. Vann suggests that local women look over the array of delightful prints in both cotton and silk to be found at Penney's. Novelty cottons and silks cleverly fashioned will put you toward the front in the Easter parade.

Hats in the ready-to-wear department are in the newest modes—with flattering straws in various styles with veils and flowers—to add attractiveness to the Easter frock.

Good selections of men's hats, shirts, suits, underwear, ties, socks and shoes may be found in the new shipments of each which arrived at the local store recently. Fashions for men are new and dashing.

Moffett & Rogers Say Spring Brings Outstanding Suits

"Men are buying more suits made from all-wool materials in light weights this spring," says Abe Rogers of Moffett & Rogers Tailoring Company. "The preference for woollens results in spring and summer suits that will hold their shape and crease under hard wear."

"Now, as to styles for men," he continues, "the fellows are leaning toward the broad shoulder effect or the drape model. Closely fitting waists and trousers with pleats, called Hollywood slacks, are preferred by men. Just as Hollywood determines the latest in women's styles, so it sets style paces among men."

In color men favor pastels in greens and browns with two-tone effects this spring. Tall gents will wear the Balmoral plaids, and the men shorter in stature will like the Questra stripes.

Moffett & Rogers' up-to-date dry old clothes which need re-conditioning, cleaning plant will take care of those ing, too, the owners say.

Girls At University Check Hose Mileage

Three Denver University girls have been stepping out, and now they have decided, "Never again." The stepping hour was mathematical, and the never again applies to stockings.

The girls thought their stockings were too short lived, so they got a pedometer and took turns clocking their walks. One walked nine miles a day, another eight, and the third averaged seven and one-half.

"But," said the girls, "the surprise came when we wore the pedometer to dances. Each of us covered from seven and one-half to nine miles at one dance. We would never have believed a person traveled that far in one evening!"

So, the three girls decided stockings lasted pretty well after all.

Frills Feature New Dresses For Spring

Whipping through the dress shops in Snyder, where spring-wise dress collections are now at their peak, we might mention that from the feminine standpoint, it is a joy to buy dresses this season.

Daytime fashions are so frankly sensible and the elegants who is always a detail fiend will find them to the nth degree desirable. Fine tucks, shirring and other handwork of the most painstaking kind are to

Vacation Time for Feet.
Relax! From now on it's a vacation for your feet . . . a vacation from foot-straining so that you may walk in easy grace. Wear your high heels to parties and to church, but leave them home when you do your walking. Foot specialists advise. Low heeled walking shoes are necessary part of spring fashions. Now you can be smart in walking shoes!

be seen on every side. And it is miraculous to view the hip control that goes hand in hand with a profusion of pleats.

Duchess of Windsor Selects Modern Hat

The Duchess of Windsor's newest hat has been ordered at her favorite hat shop in Paris. The small crown is of black tulle, held together in front with a simple rose ribbon.

Other hats chosen by Paris society leaders include an Egyptian bonnet with large "ears" of gros-grain ribbon, a high straw stitched with a large butterfly and several large turbans with petals of bright shades scattered on the crown.

Big Lot of Misfit Pants Priced Right

"New" Password This Easter For Economy Frocks

New colors, new materials and new designs in smart Easter frocks came out of their tissues in the ready-to-wear department of the newly located Economy Store, following recent visits of Manager Henry Rosenberg and wife to spring markets in Dallas and Lubbock. Spring fashion with all its interest is illustrated in the brand new lot of lovely dresses and hats at Economy.

These delightfully gay spring frocks, in Claire and Boulevard's stunning models, future festive nosegays scattered on dark and light backgrounds and fashioned with so many feminine touches—saucy little jackets, flattering sleeves, slim waists.

A shipment of specially designed new straws are in colors and types to flatter the spring dress. Last year's plain types are dressed up with 1938 flowers, veils and ribbons . . . but definitely new. Better hats at Economy are shown in the Variety, Asbury and Berger millinery lines.

Selections from our new stock Suzette lingerie will delight the modern woman, as would a box of lovely sheer hosiery, "as fresh in tone as the fragrance of spring flowers," when presented on Easter morn. "For the love of Easter" she might appreciate one of Economy's pretty chiffon blouses to brighten up the old suit or to wear with the new spring tailleur.

Every style of shoe imaginable may be found at Economy, shoe department of which features Golo, Williams, Brown and Graham-Brown for women.

Easy-to-follow Simplicity patterns from Economy will assist style seekers in planning a fashionable home-made wardrobe. For those who

LEARN GRACE, SAY STYLISTS

Stylists tell women of the world that grace is required for genuine beauty. And grace, they add, is that something which changes mere cold beauty into living loveliness.

The immortal Emerson has said, "Beauty without grace is like a hook without bait." We have well learned that the beauty of new clothes or old clothes depends on the moulding of the body. We, too, are reminded that the body moulded by activity is as much superior to the one formed by diet as the bloom of health is preferable to the pale anemic.

Clothes models have the most graceful movements of any class of women, and their grace, although partly natural, is to a great extent acquired through practice. These girls urge women to acquire grace in walking, in standing, in sitting and in hand movements. Become grace conscious, they say, and the women of America will be classed as the most beautiful on earth.

No Easter Problem Offered At Towle's

Easter gifts cease to be a problem when wise shoppers visit the H. G. Towle Jewelry store. The very, very new accessories so necessary to complete the Easter costume are there in numbers.

Towle's line of exclusive pins, clips, earclips, bracelets, jeweled bugs, belt buckles and necklaces are veritable delights to the style conscious woman and girl. The new shipments of costume jewelry contain everything the heart would desire.

Diamonds and watches, china and glassware, odd silver pieces and ovenware are other valuable gift suggestions to please women who know.

His first day on the job, the colored hallboy dashed excitedly up to the register desk.

"De man in room seven has done hang himself!"

Clerk: "Hanged himself? Did you cut him down?"

Hallboy: "No sah! He ain't dead yet!"

sew the display of engaging materials in silks and cottons will be a delight. Trimmings won't be difficult to plan when buttons and buckles are selected at Economy Store.

LET'S TALK ABOUT CLOTHES

By a Young Modern

Earthly fragrance of grass and flowers, whispering breezes, mellow sunshine with just a hint of crispness in the air—summer has definitely made an early start, and most of us are eager to do likewise in collecting our warm weather play clothes.

Decide before you begin a shopping tour that you're going to get something different—something exciting and new and youthful. Then look around. Designers have gone on ideas without sacrificing comfort.

In the peasant corner a dark green crash shirt may catch your eye. It's bordered with red to match the flowers in red and green on the white challis blouse. You'll think, "No, that's too crazy for conservative me," but at least try it on—the swirling skirt may make an enthusiastic Hungarian peasant out of you.

Then there are the guimpe dresses that give you just enough of the little-girl feeling to make any outing successfully carefree. If memories of ice-skating still linger, try one of the above-the-knee princess types that serve as well for sand play as ice play.

Even slacks have been worked over, so be sure to see the new wool and silk mixtures and don't overlook the possibilities of shark skin. All these togs can be worn right now, if the weather happens to turn a little chilly.

New Bonnets Feminine.

New Easter bonnets are brimful of femininity. Two interesting Easter models, with the trends running away from last year's "crazy" hats and returning to the more feminine types, are the cartwheel brim and the straw pillbox. Though larger than many spring hats, the cartwheel indicates the season's return to brims. The ordinary pillbox is always smart in the hat line, but 1938 models of this favorite style of hat say that it is worn with a festive Easter touch of veils or sprays of flowers.

Enchanting Lingerie.

The sort of glamorous lingerie you've always dreamed of owning is shown in Snyder stores this spring. Exquisitely made of satin and crepes, and fashioned on beautifully fitted lines are found gowns, pajamas, robes, slips. All make lovely gifts for Easter.

NEW VIVITONE FOR VANETTES

The new vivitone finish, exclusive with Vanette hosiery, is the greatest achievement in hosiery making history, declares Nathan Rosenberg, manager of Ben Franklin Store, dealers for Vanettes in Snyder. The finish means that hose for 1938 are new!

Vivitone finish means that Vanette hosiery is splash proof, snag resistant, longer wearing and sheerer this spring than ever before. The brightness and life of fresh silk is retained in Vanettes by the new finish, and the new spring colors are delightfully flattering with the Easter costume.

Glow, flamingo, carnival, bubble, sunny, santan, hit and revel, the new colors, describe themselves in fresh, glowing spring terms.

The Charm of Lace.

Vogue says, "Get lace into your wardrobe somewhere, whole dresses, shawls, veils, or something!" Lace is a fabric of so many moods that it is adaptable to use for all hours of the day or night, and at least two lace dresses should be included in spring and summer wardrobes.

Movie Actor: "People will gaze at my next picture with open mouths."

Girl Friend: "Yes, I guess it is hard for them to yawn with their mouths shut."

Graham & Martin Featuring Spring Suits With Color

"We say with no degree of modesty that we have the prettiest new spring suits that we have ever had," said Joe Graham and Jack Martin this week. "These suits are now ready for thrifty Easter buyers in the new blues, greens and grays, so popular with men this spring."

These two tailors show samples for new made-to-measure suits, for which a strong demand for spring styles has already been shown. Fine woolsens, expert needlework and outstanding values are the fundamentals on which Graham & Martin's suit business is built.

Dri-Sheen, the famous method of dry cleaning used at the shop is sure to please every man and woman who care how their clothing is cleaned. Should your new suit not arrive in time for Easter parade, the local firm invites local men to dress up last spring's suit with a trip to their recently remodeled shop.

Politician (shaking voter's hand):

"You'll vote for me I hope!"

Voter: "Well, the last man I voted for went blind."

Politician: "What?"

Voter: "Yes, he went stone blind; couldn't see me the day after election."

Gay New Prints Headline Search For Fair Frocks

Gay new prints headline milady's spring selection of frocks at The Fair Store, and the Easter shopper may be assured of being thrifty when she selects one of these frocks for wear on Easter morning, and others to wear all summer.

"Be gay in these smart bright colors in spring fashions," urges Margaret Chandler, new head of The Fair's ready-to-wear department.

New shipment of Easter millinery has arrived at The Fair. "The Janice" hat in one of the many styles will be just the thing to wear with the Easter dress. "Shoes make the costume," says Doc Richardson, manager of The Fair, as he shows white, black, two-tones, shades of copper and bright color in the well-known Dr. Austin's brand for both men and women, Bob Smart for men, and other dress shoes for men, women and children.

Should Easter shoppers decide to make their own and the children's spring clothing, The Fair displays a wide variety of cotton and silk in solids and prints as well as novelty buttons, belts, etc., for the trimming.

Interesting at The Fair to local women are the cool-looking little printed silk and cotton gowns, some so lovely that they might even be worn for evening dresses, to follow the precedent begun at some of our Texas colleges. Crepe and satin slips, lace-trimmed, will fit snugly and smoothly under the Easter costume, if selected from the group at The Fair.

Three of the most widely advertised men's hats are found at The Fair. New spring styles in Stetsons, Davis and Bancroft hats will give buyers that jaunty air when they join the Easter parade.

"HEAD START" IS SUGGESTED

For that so-important "head start" into the fashion situation, the hair is swept upward, youthfully revealing the ears and the nape of the neck, says Mrs. Lovell Baze, who owns and operates Snyder's newest beauty salon.

A variety of special approved modes of hair styling to suit the individual personality is offered by Mrs. Baze. Other specialties at the shop include soft lustrous permanent waves, shampoos, sets, manicures, dyes and tints.

Mrs. Baze's shop is located at her residence, 2608 Avenue Q, and her telephone is listed 487W.

SPRING STYLES

Latest styles for Spring and Summer hairdresses call for plenty of graceful curls that will not interfere with active outdoor days. We can give you the correct hairdo.

In step with SPRING

Spring and Easter bring a jolly, dress-up time in the lives of all of us. The balmy weather, sprouting greenness on the ground, and trees make us want to also blossom out in new colors and new ideas. The Fair Store is several jumps ahead of the season with new things for all the family.

LADIES' SPRING DRESSES AND SUITS

You will find Spring exemplified in the beautiful showing of Ready-to-Wear for Spring and the Easter season now at the Fair Store. Dress yourself up—for you can step out in gay style and color for less than you probably had counted on.

Silks, Linens, Piques and Linens find popularity with the well dressed young lady and madam. Patterns are clearer, more spaced, more brilliant. And the fabrics are of finer quality, assuring you of desired wear. They're worthy of fine workmanship.
