TIGERS OF '38 IN SPRING TILT FRIDAY AT 8:00

New Footballers and Former Squad Members to Tangle In Night Game

Tigers of 1938 will have a chance Friday night at 8:00 o'clock to strut their stuff against a mixed squad of former Tigers.

It will be the first regulation spring game ever to be played here. This melee under the lights of Tiger Field will rate an admission charge of only 10 cents per person, receipts to be used for worthy school improvement.

GRID SCHEDULE

Following is the Snyder Tiger's 1938 conference schedule:
September 30, Rotan at Snyder.
October 14, Roby at Roby.
October 21, Loraine at Snyder.
October 28, Merkel at Merkel.
November 24, Colorado at Colorado.

Coach W. W. Hill is as anxious about the game as anybody, for it will give him an opportunity, at the end of a successful spring practice season, to see what his squad might do in action next fall. He anticipates a "salty" time for his green team, composed of only four lettermen and several youngsters who have never seen action in a regular game.

Most of the "Alley Rats" line-up, as the older players have been affectionately dubbed, will include squad members of 1937. Glen Berry, assistant football coach and head basketball coach, will be this team's sideline jockey.

Following is the prospective line-up of old Tigers:

Sorrells or A. C. Alexander	right end
G. Rogers	right tackle
Scarborough	right guard
Autry	center
C. Boren	left guard
Woolver	left tackle
J. Boren	left end
W. Smith	left half
J. Rogers	right half
W. Strayhorn	quarterback
A. Head	fullback
Baugh, Watkins, Sterling	subs

And the young Tigers will include:
Richardson right end
Riley or Hicks right tackle
Belk right guard
C. Hargrove center
N. Mebane left guard
T. Mebane or Higgins left tackle
Popejoy left end
D. Clark right half
Reed left half
Keller quarterback
Moffett fullback

Yoders, Brownings Report on Southern Methodist Meeting

Mr. and Mrs. D. P. Yoder and Mr. and Mrs. J. T. Browning, who returned Saturday from the quadrennial conference of the Methodist Episcopal Church, South, at Birmingham, Alabama, reported an outstanding trip from every standpoint.

In the local church's Sunday night services, the two men gave reports of the trip and conference, and Mrs. Yoder and Mrs. Browning reported Wednesday night. The conference adjourned Thursday of last week.

Most remarkable accomplishment of the conference was taking of the final step toward union of the M. E. Church, South, the M. E. Church, North, and the Methodist Protestant Church. Approximately 8,000 United Methodists were thus united under one organization. Seven new bishops were named at the conference.

Yoder, a lay delegate from the Northwest Texas conference, is also lay leader for the Sweetwater District.

Mr. and Mrs. W. T. Cook returned home Sunday from a two-week visit with their children in Midland, Odessa and Crosbyton.

FOUR LIONS GO TO AREA MEET

Four members of Snyder Lions Club were in Lubbock Monday and Tuesday for annual sessions of Lions International, District 2-T. The trippers are A. C. Preuit, president, Frank Farmer, Billie Lee Jr., and W. T. Hanes of Hermleigh.

Omaz Burison of Anson was the unanimous choice for president, and El Paso, assisted by an invitation from Juarez Lions Club, was named as next convention city. Principal address was by Superintendent Dexter of California public schools.

Snyder's report for the fiscal year showed up nicely beside reports from other clubs of the large district, according to President Preuit.

FINAL SCHOOL DAY IN SNYDER TO BE MAY 30

High School Classes Will Continue Until Day Before Baccalaureate

Commencement program for Snyder High School will come Monday night, May 30, Principal King Sides reports. This will be the final gesture of the 1937-38 school year in Snyder.

High school classes and examinations will continue through Friday, May 27, all possible time being necessary to complete the year's work because of delay occasioned by the recent fire.

Baccalaureate services will be held Sunday night, May 29, with O. D. Dial, minister of the Church of Christ, in the pulpit. This service will be held at the First Methodist Church. The commencement service will be held at the First Baptist Church.

Final plans have not been made for junior high school closing exercises, but they are tentatively set for Friday, May 27. Last class day will be Wednesday, May 25, according to Principal Hadley Reeve.

The senior play has been cancelled because of the inconvenience of staging it since the school auditorium burned. The seniors last month went to Carlsbad Caverns on their senior day trip.

Three Fire Calls Answered Within Past Seven Days

Three fire calls within 48 hours, all of them resulting in damaged property, give Snyder's 1938 fire record another downward swing.

The first call came at 1:00 o'clock Friday afternoon. A feed stack and barn at Jack Burison's place in East Snyder went up in flames and heavy gusts of smoke.

Two of the calls came Sunday morning. The first was at 8:00 o'clock. A brooder on the Bob Terry place in Southwest Snyder became ignited, burning the brooder, about 80 baby chickens and the chicken house.

Jack Inman's garage and Model T pick-up were destroyed by fire in West Snyder at 11:50 o'clock, while Inman and family were attending church. No cause has been advanced for this fire nor for the Burison fire Friday, according to Chief N. W. Autry.

Between fire calls, the volunteer department has been practicing on drill-team work, in which they will compete at the state firemen's meeting in Amarillo, June 14-15-16. The latest practice session was Monday night, when good hose-connecting time was made by the firemen.

Wheat Suffers, But Only Showers Visit

Light showers during the week have given wheat growers high hopes for good rains that would save thousands of bushels of grain. But so far the needed moisture has not arrived. Snyder rain was .02 Sunday night, .07 Monday night.

Some parts of the county are in excellent condition, on the heels of regular showers in recent months, but wheat on spots where excess moisture is required is feeling the pinch of dry weather.

Cotton planting has gotten well underway in most communities, and plenty of moisture for this purpose is reported everywhere.

Get-Together Song Fete at Ira May 22

A get-together singing is slated to be held at the Ira Church of God at 2:30 o'clock on the afternoon of Sunday, May 22. L. M. Irion, county president, and other well-known county singers, are on the program.

All singers are invited by community singing leaders to be present with song books and special numbers.

Farmer Broadcasts.
Frank Farmer, county superintendent, gave a three-minute broadcast early Wednesday afternoon concerning Scurry County Schools. Each county superintendent in the Abilene district of Madge Stanford, deputy state superintendent, gave a similar talk. Farmer was accompanied to Abilene by Mrs. Farmer and their daughter, Eugenia.

Bill Harral Has Moved.
W. D. (Bill) Harral and family this week moved into their new home on Avenue U, just south of the Pat Brown home. The family has been living in the "Chunk" Smith home, which is now being occupied by Mr. and Mrs. Grady Ferguson. Harral is manager of Higginbotham-Bartlett Lumber Company.

Visit Hospital

This (Thursday) is National Hospital Day, and if you don't visit your favorite hospital you will be missing the spirit of the nation.

Snyder General Hospital is staging a special program at 2:00 o'clock this afternoon, on the lawn, with Dr. H. E. Rosser, county health officer, speaking to school children. Other leaders will also take part. Emergency Hospital is also cooperating in observance of the birthday of Florence Nightingale.

Hospital staffs are anxious to show visitors from Scurry and adjoining counties just what they offer in the way of equipment, service, courtesy, comfort and genuine West Texas hospitality.

TRAFFIC SIGNS SHOULD REACH SNYDER TODAY

City Council, in Special Session Monday, Names Traffic Officer

Electric traffic signals, authorized some time ago by the City Council, in conjunction with the State Highway Department, are due to arrive in Snyder today, and installation should start within a few days. In order to acquaint local citizens with new traffic regulations that will be necessary in connection with the lights, F. D. (Sid) Bruton was named, in a special session of the City Council Monday night, as a special traffic officer for a 30-day period.

The lights will be installed at the northeast and northwest corners of the square—where the highways enter and leave the principal business district.

W. H. Grant, who has worked for some time on the city grader, was named a regular city employer for any duties, at a salary of \$80 monthly.

Texas Electric Service Company's bid of \$100 for installation of the two traffic signals was accepted by the council Monday night.

Two ordinances were passed for the purpose of ironing out technicalities in a recent refunding action.

Authority was granted for addition of four blocks of paving on the west side, in addition to projects already approved.

FSA HEAD HAS CHANGED JOBS

Promotion to a state position came several days ago to Vernon Slocumb, head of the local Farm Security Administration office for some time. Slocumb and his wife, the former Juanita Burt, left Sunday for Dallas, where the FSA man will be stationed.

Slocumb will work out of Dallas as one of three supervisors-at-large. Successor to the former supervisor here is expected this week. No other changes have been made in the local personnel.

No Railway Box to Help Night Mailers

Postmaster Warren Dodson reports that his request for a mail box at the Santa Fe Railway station, for the benefit of night mailers, has been denied by the post office department. The request was suggested by a number of local business men.

Efforts to make some other postal arrangements for those who must dispatch mail at night are being made. Several business men are "chipping in" just now to have their mail placed on the midnight train by a non-postal worker.

Equalization Work Started by County

Initial lap of its work as a board of equalization was started by the Commissioners Court, in regular session Monday and Tuesday. Definite days for equalization hearings will be set later, according to the commissioners.

Surplus funds from the 1918 road and bridge sinking fund were invested in Scurry County funding warrants of 1938 in the sum of \$3,000.

Pyron Play Next Week

Pyron seniors next Tuesday night at 8:00 o'clock will present their annual play, "The Blue Bag," in the school auditorium. The comedy-drama is a howling laugh-fest, according to teachers and students, who expect a heavy turnout of their families and friends.

GRASSHOPPER EGGS HATCHED OUT IN COUNTY

Field Inspector Says Control Program Being Carried Out Effectively

The grasshopper control program in Scurry County is being handled efficiently and effectively, declared W. Dickson, field inspector for the federal grasshopper control, who made a thorough check throughout the county last Friday.

"My report will indicate to our headquarters that all grasshopper eggs are hatched 100 per cent in Scurry County," the visitor said.

The grasshopper control program in the county is administered by a farm committee appointed for this purpose, led by County Agent Luke Ballard.

Now is Fighting Time.

Now is the most effective and economical time to eradicate the grasshopper with the least amount of poison and labor, rather than wait until the millions that are here grow up and destroy our crops, the field inspector told the county committee.

"The producers must scatter the poison as in sowing oats broadcast in order to comply with the program and continue to receive bran and sodium arsenate from the federal government," Dickson declared.

"When the poison bait is spread as directed, no one need fear loss of poultry, birds or livestock."

Mixing Plant Operates

The grasshopper poison mixing plant is now located in the Harrell Building on West 25th (Bridge) Street, with W. S. Goodlett in charge of the mixing. Delivery hours are from 2:30 to 5:30 o'clock each afternoon except Saturday and Sunday.

Detailed information is available at the office of the county agent, according to D. M. Poage, chairman of the county grasshopper control committee.

Scurry was included in a highly infested area according to early grasshopper maps, but quick action throughout the county has changed this situation almost overnight, judging from the federal field inspector's report.

Softball Attempting To Stage Comeback; Grocery Teams Play

The lively game of softball, which missed a beat last season as far as local business men and surrounding communities were concerned, is attempting to stage a comeback this spring.

Lack of an appropriate place to play is handicapping the sport, but softball leaders hope to work out arrangements for night play during the summer. The school campus is being used for late-afternoon games.

Chief contestants on the business front are teams from Piggy Wiggy and Pick and Pay Store. The food store operators, Marcel Josephson and Maurice Brownfield, put their clerks—and themselves—on the field, supplemented by a few outside players. So far, the spud-toting squads have turned out just about even in a series of several abbreviated tilts.

Edgar Taylor at Work.

Edgar Taylor, who has been assessing Scurry County property for some time, has just about completed his job outside Snyder. He is this week completing local assessments, which was halted temporarily when Herman Darby, deputy assessor-collector under Bernard Longbotham, underwent an operation at Snyder General Hospital.

CHECKS FOR \$66,334 ARRIVE IN COUNTY ON '37 PROGRAM; MOST OF THEM DELIVERED

Checks for \$66,334—a sizeable part of the county's return from the 1937 agricultural conservation program—have been received at the offices of the county agent within the past week.

All of the 537 producer checks except 27 had been distributed Wednesday morning. The payments go to producers on both range and cultivated land.

A list of the checks has been posted on the bulletin board at the county agent's office. Notices are mailed to the individual producer the day the checks arrive. "If a notice has not been received, the check has not been received or a change of address has taken place and such change should be corrected immediately," points out Luke Ballard, county agent.

"If the producer will carefully study the 1938 program on the basis of conserving soil fertility and rainfall, compliance will be much easier," Ballard continued.

"When conditions bring about a need for changing the crop plan, consult the county agent's office for any changes or revision of rules. In this way the program in terms of cash grant payments will be much more satisfactory."

The closing date for signing 1938 work sheets on cultivated land, and application for the range program, has been officially set for May 15, according to W. C. Slaughter, chairman of the state agricultural conservation board, College Station.

Dunn Seniors of 1938, With Their Sponsor

"One's Hoot." Dunn's school paper, features these 11 attractive pictures in its final issue of the year, published by The Times Tuesday. In the top row, left to right, are: Malcolm Hanson, president of the graduating class of 1938, to which diplomas will be given in commencement exercises May 24; Lucille Ryan, vice president; Otha McFarland, secretary; Velma Welch and Leo Ellis. Bottom row: Dortha Merket, Clara Haynes, Roy Lee Merket, Thelma Welch and Laura Murphy.

In the lower photograph is Cleo W. Tarter, superintendent, who is sponsor of the 10 graduates. He has led this class and the entire school in a year of aggressive progress. Featuring the graduating class is a set of twins, Thelma and Velma Welch.

(pick 'em out!) Seniors' activities include a trip to Carlsbad Caverns April 22, and the senior play, "Sitting Pretty," which will be staged Friday night of this week. Other closing exercises: Senior exams, May 17-18; other exams, May 18-20; baccalaureate services, May 22; commencement exercises, May 24; "goodbye, teachers," May 25.

Rev. Haley, pastor of the First Christian Church, Colorado, will preach the baccalaureate sermon, and Truett Barber, Colorado attorney, will deliver the commencement address for combined seventh grade and high school exercises. Players in the senior drama Friday night include all the seniors, plus Bobbie Johnston and E. H. Moore.

PRISONERS TO PENITENTIARY

"Uncle Bud" Russell's black barred truck picked up two prisoners in Snyder Tuesday. It was bound for the state penitentiary.

Prisoner No. 1 was J. C. Allred, given two years on a forgery charge in district court recently. Allred was serving a term in the penitentiary on a similar charge from Big Spring when he was brought to Snyder.

No. 2 was James Brown, alias Jesse Lee Harris, colored. He was taken from a freight train here on suspicion more than two months ago by Deputy Sheriff "Pop" Galvan. His fingerprints were identified as those of a negro who escaped from a state prison farm in July, 1936. The local sheriff's department will receive \$25 reward for the capture.

Lucky 13 Sandwich Shop Opens Friday

Lovell Baze, who is opening a new sandwich shop just north of Browning Food Market this week, says he will have plenty of four-leaf clovers and horseshoes on hand.

Known as the Lucky 13 Sandwich Shop, the new place of business will open Friday the thirteenth, and Baze announces that each thirteen tray will be served free of charge on opening day.

Just about anything wanted in the prepared eats line, as well as drinks and confections, will be handled by Baze, who until May 1 was associated with Pollard at Snyder Garage.

C. C. Directors Hot on Trail of Local Secretary

The nine directors of the Scurry County Chamber of Commerce—they have met five times since they were elected the middle of last month—have written a number of letters and conducted several interviews in their search for a full-time secretary.

They will meet again Friday night of this week. At least one applicant will be interviewed at that time, and several others will be considered in view of investigations conducted by the secretary-seeking committee.

The directors hope to name a secretary before June 1, President Forrest Sears said yesterday. "But in view of the importance of the secretary, we do not plan to select a man without careful investigation of all possibilities," he declared.

Half of the building occupied until May 1 by Maples Funeral Home has been rented for the regular office of the Scurry County Chamber of Commerce. Equipment of the old office is being repaired, and new furniture is being added.

Varying Luck Comes To Area Fishermen

Luck in varying degrees has come to Scurry County fishermen who jumped to lakes and streams when the principal season opened May 1.

Since it is a fairly truthful newspaper, The Times has no desire to give mere reports from fishermen. Nor will this paper attempt to cover all the fishy meanderings of anglers from this area.

But when Mr. and Mrs. R. O. von Roeder, accompanied by Mr. and Mrs. Jim Hassell, displayed the head of a 13-pound, 29 1/2-inch catfish that they took off a trotline in Brownwood Lake early last week, that was no mere wordy report.

Principal attraction for local fishermen is Sweetwater Lake. Others have hied themselves to the Concho and other rivers, and a few have wandered much farther afield.

DUNN BOYS TO STAGE ANNUAL 4-H PIG SHOW

Friday Set For Exhibit of Pigs, Chickens, Sheep, Calves at School

Friday, May 13, was the time set Tuesday for holding of the annual Four-H Pig Show at the Dunn School. The date was set at a meeting of the club boys in the agricultural rooms of the Dunn School.

E. B. McLeary, Borden County agent, will do the judging. "Pigs, chickens, sheep and calves, used in the club boys' demonstrations, will be on exhibit all day, and these young men are rightfully proud of them," declares County Agent Luke Ballard. "Among these exhibits will be a number of registered gilts, the backbone of Scurry County's greatest need—food to feed itself."

Two classes in the pig competition and one grand champion pig award have been announced. The winners of these two classes will be entitled to a free trip to the Farmers Short Course for Four-H Club boys and girls to be held at College Station July 5, 6 and 7. Other prizes will also be given for other exhibits.

T. B. Hicks, club leader and sponsor, says all of the other 125 Four-H Club boys in the county, their parents, and others interested in agriculture, are invited to visit the show. "We are sure the visitors will be glad to note the progress that is being made by these young men," he stated.

Entrants in the show are as follows: Roy Allen, Billie Brown, N. A. Billingsley, Leroy Brinkley, James Casey, Mayne Cotton, Ployce Dewey, Harold Denson, Ather Ellis, Eunice Goodlett, Don Hanson, Elmo Jordan.

Heavy hail that pummeled the county three weeks ago is resulting in payment of possibly as much as \$20,000 in insurance claims, according to local insurance agents.

Some of the outside adjusters are just now completing their work here. Carpenters, lumber yard men and insurance men continue with their work of adjusting losses and repairing roofs of homes and business houses.

The hail created a mild repair boom, since a number of home owners have taken advantage of the insurance adjustments, added some of their own money, and arranged for quite a bit of extra repair work on roofs and other parts of their homes.

This work, plus an unusually large amount of remodeling and repairing for this time of the year, and a few new jobs, is giving lumber yards, carpenters, painters and other builders a good run of spring business.

Hermleigh Vicinity Wreck Injures Trio

Three residents of the Lone Star community were painfully injured early Sunday evening in a two-car crash eight miles east of Hermleigh. Alton Winbourne's and Hancock Campbell's cars were involved in the wreck.

Alton and Madeline Burkiow, occupants of the Winbourne's car, suffered lacerations and bruises. Hancock Campbell, with chest and neck injuries, was most seriously injured. All the injured persons were taken to a Sweetwater hospital, all except Campbell returning a few hours after the crash. Campbell was returned home Monday.

Jewell Stone, John Wilkerson and four-year-old Junior Stone received minor injuries.

J. R. Joyce III at Santa Anna Hospital

J. R. Joyce, veteran Snyder gunner, is seriously ill in a Santa Anna hospital, where he has been confined for several days. Reports from his bedside this morning indicate that little hope is held for his recovery.

Mrs. Joyce and all the children and their families are with the local business man at Santa Anna.

Bandstand Moves Along.
Construction of the native rock bandstand on the courthouse lawn, under direction of J. A. Crabtree, is moving along this month. The work was laid out and "architected" by County Agent Luke Ballard. Sidewalks, drinking fountain and other improvements will be added later on the northeast corner of the lawn.

Ten-Month-Old Marriage Announced

Marriage of Gladys Bullard of Post, daughter of C. B. Bullard of Snyder, to Tommy Gressett of Colorado, which took place 10 months ago, was announced Saturday morning in Post at a breakfast given to compliment Mrs. Gressett, teacher in the Post school.

Mrs. Gressett, sister of Mrs. O'Dell Ryan, teacher in local schools, attended Texas Technological College, Lubbock, and West Texas State Teachers College, Canyon, following her graduation from the local high school. Breakfast Given to Close Class Contest

Reward of the winners in a contest for new members, daily Bible reading, visiting and telephoning came to climax Saturday morning for the Fidelis Class of the First Baptist Church, of which Mrs. R. D. English is teacher. The losing side was hostess to the winners at a delightfully appointed breakfast at the home of Mr. and Mrs. Billie Lee Jr.

Members of the winning group gathered at 7:30 o'clock, the losers much earlier, where places were marked with clever place cards heralding "The Winnah" at a long table centered with a bowl of lovely spring flowers. Other smaller tables were also centered with flowers.

Mrs. Lee was toastmaster for the humorous program, which came at intervals during the three-course meal. Banquets for Two Senior Classes of County Climax School Social Affairs

Annual junior-senior banquets given in Snyder and Dunn the past week climaxed the year of social events for graduating students. Clever appointments and decorations were features of the affairs, as juniors were hosts to upperclassmen for the last time before graduation.

Banquet for the local students was held Friday evening at the Manhattan Hotel, and the Methodist Church at Dunn was the scene for Dunn's traditional high school affair Tuesday evening. Programs at both were headlined with main addresses by Rev. James E. Spivey, pastor of the local First Presbyterian Church.

"Tiger's Lair" Theme Used

Seniors of 1938 were honored by members of the Snyder High School junior class at the annual junior-senior formal banquet Friday evening at the Manhattan Hotel. "Tiger's Lair" was the keynote for unique setting, decorations and program at the affair, attended by 104 students, teachers and guests.

The honored class and senior sponsors, Effie McLeod and Glen W. Berry, were invited into a cave-like setting, fashioned of framework and covered with vines, grass and tree branches, which was in keeping with the name of the first yearbook published by the local schools this year since 1929. The yearbook, too, is called "Tiger's Lair."

Centerpieces were rocks with trailing vines from one to another. Souvenir programs and place cards each bore a Tiger's head, symbolic of athletic prowess of Snyder High School. "Trek to the Lair" was the accordion number, "Tiger Rag," played by Mrs. Earl H. Louder, who also gave a group of selections early in the program.

Roy Allen Baze, member of the junior class, made a clever toastmaster for the program, which was as follows: Invocation, F. H. Patterson; welcome, A. C. Alexander Jr., junior president; response, Glen Nations, senior president; toast to the seniors, Dorothy Winston; reading, Irene Taylor; main address, Rev. Spivey; farewell to the seniors, Joann Strayhorn; song, junior class.

Annie Fannie Sewell and W. C. Hollis are faculty sponsors of the host juniors.

Tuesday Evening Is Enjoyable.
Annual banquet for the juniors and seniors of Dunn High School Tuesday evening in the First Methodist Church basement was a gala occasion for the students and other

guests. Superintendent Cleo W. Tarter is sponsor of Dunn's senior class.

"Farmers" was the theme featured in decorations, program and banquet menu. "Old Man Moon" smiled cheerily at the group from behind a tree in the corner. The owl, Dunn's athletic emblem, was on one of the tree limbs, and a farm scene was arranged about the tree. Table decorations were wild flowers and miniature kerosene lamps.

Seniors attending the banquet were: Malcolm Hanson, Roy Lee Merket, Thelma and Velma Welch, Otha McFarland, Laura Murphy, Dortha Merket, Clara Haynes, Lucille Ryan and Leo Ellis.

Other special guests included: Messrs. and Mmes. James E. Spivey, T. A. Echols, C. D. Damron, Cone Merritt, Harry Sanders, C. B. Connally, Cleo W. Tarter, T. B. Hicks and Ben W. Newhouse, Mrs. Erdice Stock, Vivian Beane, Nannie Marie Pearson and Sybil Cope.

Members of the junior class present for the banquet are the following: Frazier Damron, Surry Gillum, Evelyn Hanson, Eleanor Thomas, Margaret Wilcher, T. C. Bills, Althea Stovall, Bobby Johnston, Wanda Nail, Ethridge Strickland, Hoyle Brinkley, Lee Royal Brinkley, H. J. Gill, Lavern Cotton, E. A. Moore and Arvil Martin.

Proceeds go for Piano.

Proceeds from the sale of the quilt last Thursday evening at regular meeting of the American Legion auxiliary will go toward buying a piano for the Legion hut. Mrs. Tollie Faver received the quilt. The auxiliary members wish to express appreciation to all local people who assisted with the quilt sale. Mrs. Boss Baze, publicity chairman, said yesterday.

Strength During MIDDLE LIFE

Strength is extra-important for women going through the change of life. Then the body needs the very best nourishment to fortify it against the changes that are taking place. In such cases, Cardul has proved helpful to many women. It increases the appetite and aids digestion, favoring more complete transformation of food into living tissue, resulting in improved nutrition and building up and strengthening of the whole system.

Mrs. Preuit Gives Convention Report

Discussion of the 1938 annual convention of seventh district, Texas Federation of Women's Clubs, in Childress recently given by Mrs. A. C. Preuit, Altrurian Club president and delegate from her club to the convention, was the feature of Art Guild's regular meeting in the home of Mrs. W. P. King last week.

Rayolene Smith, director, told briefly the values of being associated with the state federation, and introduced Mrs. Preuit, who gave an interesting report of the recent two-day club affair.

Mrs. King was assisted by her daughter, Kathryn, in serving delicious refreshments to Mmes. J. P. Avery, Jess Rogers and J. D. Mitchell, guests and the following club members: Vera Periman, Annie Fannie Sewell, Rayolene Smith, Quata Barrow, Effie McLeod, Jewell Foster, Alta Bowers, Ruth Boyer, Edith Grantham, Saxton Lee and Omah Ryan.

Olgie Thurman was a Tuesday visitor in Abilene.

LOCAL RUNNER GOES TO FINAL

Carroll Taylor, 15-year-old son of Mr. and Mrs. Sterling Taylor, placed second in preliminaries of the 880-yard run at Austin last week-end, but the grind of the interscholastic League event shoved him back to sixth in the Saturday final.

First-place regional winner, the slender runner, a sophomore in Snyder High School, put out all he had to place first in one of two preliminary heats Friday. Four men in each of the two heats went to the final run.

Coach W. W. Hill, who accompanied young Taylor, said the boy ran exceptionally well both days, but that he was handicapped the second day because of near-illness from the strain of the first day's run. Hill believes that with another year of experience and age, Carroll will be able to place higher in the half-mile event.

The young runner's expenses to Austin were financed by a roaring faculty-Lions basketball game last Tuesday.

Frame gardens are necessary in West Texas to protect vegetables against hail and sandstorms. Estrella Rabel, Scurry County Home Demonstrator, told the women of the Dermott-Martin Home Demonstration Club at their meeting May 4th at the home of Mrs. Albert Smith.

Mrs. Smith volunteered to plant a frame garden. Before and after the business hour the members worked on a hooked rug.

Miss Rabel gave two readings "Nobody Knows but Mother," and "A Man's Mother," which was enjoyed by 15 members.

The club meets Wednesday afternoon, May 18th with Mrs. Marie Scrivner.

Seniors Visit Postex Cotton Mills at Post

The seniors chose as their required trip to some kind of a factory that of going to the Postex Mills at Post. The trip was made during the first week in April, and they were accompanied by Mr. and Mrs. Connally.

They left the school house at noon and stepped in Snyder only long enough to buy their lunch. Although they were hungry they didn't stop until they got to the road-side park, about two miles from Dermott, to eat their lunch.

They reached the Mills about two o'clock, registered, and were given a guide who was to accompany them through the factory. The next two hours were spent in observing how Garza sheets were made, from start to finish.

The remainder of the afternoon was spent on the Caprock, climbing hills. Everyone had a very enjoyable as well as educational trip.

Many Improvements During Recent Days

Many improvements have been made in Dunn School the past week. Many library books have been re-bound, and replaced in the library. These greatly add to the beauty of the library, and may everyone aid in keeping these books new.

The Spanish room has been greatly improved by the addition of several Spanish pictures. A flag of Mexico and one of Spain are arranged at the front of the room. Also, several colored maps are placed at intervals around it.

The science and biology room have an aquarium. It aids the science students as they have placed fish, crawfish, frogs, tadpoles, and a waterdog in the aquarium with their natural environment.

The agricultural room has a new book stand which is a great improvement over the old one. They also have a number of new books, which aid them in their studies.

Seniors This Year Make Big Plans For After-School Years

Seniors of past years may have had as big plans for their future as the seniors of this year, but they certainly weren't as big. This is really a fine group of young people and it is the wish of the faculty and all of the other students that they may be both happy and successful in their future life.

Dorthea plans to go to Stamps-Baxter school of music (she says). Laura thinks that perhaps she will go to college. If not, she will work as a clerk.

Thelma would like to live in Carlisle.

Malcolm is going to Texas Tech. Otha plans to go to Sul Ross at Alpine and major in Journalism.

Velma is just undecided as to what she will do.

Leo is going to enter John Tarlton, like his brother, Melvis.

Roy Lee thinks perhaps, he will work at something.

Lucille is going to Fort Worth (we haven't found out why).

Clara plans to go to college, too.

Dunn Community Grateful for Curtains

During the whole of last year it was impossible to have any kind of entertainment on the stage because there was no scenery or curtains, but this year we have had a good looking curtain and set of outdoor and indoor scenery.

We, the school board, student body, faculty and community as a whole, want to express our appreciation to the many advertisers on the ad curtain for making our stage equipment possible.

SCHOLASTICS SHOW SLIGHT JUMP IN 1938

Pyron-Wastella Consolidation Overbalances Losses In Other Schools

An increase of exactly one in the scholastic population of Scurry County is revealed in figures just compiled by Bonnie Miller, assistant to County Superintendent Frank Farmer. The totals are 3,104 for 1938, 3,103 for 1937.

Pyron's consolidation with Wastella, giving that school an increase from 201 to 243, cared for most of the gain. Losses, most of them slight, in 14 of the county's 26 districts, were reported. One district had the same scholastic population as last year, and 11 districts showed a gain.

Snyder, largest school district in the county, kept above the 1,000 mark by moving from 1,005 up to 1,015, a gain of 10. Hernleigh, next largest school, also had a slight increase, 273 to 280.

Some of the consolidated districts, of course, have some transfers, and the scholastic figure is thus not always an accurate measurement for school enrollment.

Following is a table showing 1937 and 1938 scholastic figures:

School	1937	1938

Local People to Stanton.

The H. H. Eiland family and Mrs. Ethel Eiland, all of Snyder, Royce C. Eiland, student in Hardin-Simmons University, Abilene, Bernice Marie Birdwell of Canyon and the J. E. Falls family of Ira joined other relatives at the W. W. Eiland home in Stanton for Mother's Day.

O, Little Shoes

O little shoes with the scuffed-up toes,
That look so small in his father's hand,
Weren't you proud and big and grand
When you started this morning for
No-One-Knows?

No-One-Knows, with its belfries tall,
Its golden ramparts and shining towers,
Knights and fairies and magic powers
To tempt the heart of a traveler small!

Now dusk has come and his feet are still
Ere ever his knightly spurs are won,
For his body was broken and crushed and done
While yet he trudged to the first green hill.

O little shoes with the blood-stained toes,
O light gone out of a boyish face,
Was this the end of his splendid race?
Was this his City of No-One-Knows?

—Anne Sutherland Brooks.

Next Meeting Is May 18.

Estella Rabel, demonstration agent, will give a demonstration of frame gardens at the meeting, and all club members as well as other community women interested are invited to be present. This demonstration will be especially intended for women living in this particular part of the county.

Pyron Seniors on Trip.

Pyron seniors and juniors, 20 strong, with five chaperones, made a camping-out trip to Presidio, Texas, and Onago, Old Mexico, Friday, Saturday and Sunday. The group went in a school bus. Chaperones were W. M. Edmonds, Mildred Dunlop, W. P. Tatum, Superintendent and Mrs. M. H. Greenwood.

Midway Program at Ira.

Rev. R. E. Bratton announced Tuesday that the Midway school district will present "Farmer Brown's Conversion to the Doctrine of Stewardship" at Ira Sunday night, starting at 8:00 o'clock. In addition to the play, which was presented at Midway last Sunday night to a packed audience, special songs and preaching by Rev. Bratton will be on program.

Rosenberg Is Visitor.

Charles Rosenberg of Floydada was a business visitor in Snyder Wednesday. He said crop conditions in his "adopted" home town are not so good because of lack of moisture recently, but he anticipates another good year at his store there—"for it will probably rain."

Twice Candidate

P. Pierce Brooks, former candidate for governor, recently gave to the voters of Texas his platform for lieutenant governor. The candidate, active throughout the state in real estate development and cemetery building, said: "In my campaign I shall solicit the vote of the sound thinking man, seeking relief from the present group of politicians. I pledge to you through the businesslike program a definite saving in governmental costs of \$6,000,000 per annum."

Texas Goes Grecian.

San Jacinto is such a familiar place name to most Texans that the origin is almost never considered. The Spanish word "Jacinto" in an Anglicized version is "Hycinth", which dates back to the ancient Greek myth of Apollo and the youth who was turned into a flower by a stream. The flower-banked San Jacinto river probably reminded the early explorers of this fanciful story.

Earl Solomon of San Angelo was a week-end visitor in Snyder.

Jimmy Braden of El Paso was the week-end guest of Margaret Deakins.

Mrs. E. M. Deakins left Sunday for Fort Worth to be at the bedside of her father, John W. King, who will have a second operation on his eyes there this week.

Charline Ely of Gorman and Roberta Ely of McMurry College, Abilene, spent Mother's Day here with Mrs. W. J. Ely, C. L. Harless of Sweetwater was also a week-end guest of the Elys.

Mr. and Mrs. M. W. Moseley and small daughter, accompanied by the local man's brother and the latter's wife, Mr. and Mrs. A. T. Moseley of Lamesa, were week-end visitors in McKinney, where Mosley's parents live.

Rattlesnake Bite First Aid Given By Health Chief

Not a season passes but that someone in Scurry County is bitten by a rattlesnake. And usually the number of bites runs into two figures. In most cases serious illness, and sometimes death, results.

The prevalence of rattlesnakes in this section, especially around rocks, makes it timely for The Times to present first aid suggestions by Dr. George W. Cox, state health officer, who declares the rattlesnake, contrary to common belief, does not always rattle before it strikes.

"About 75 per cent of all bites occur on the lower extremities, and could be prevented, to a large extent, by wearing high top boots or leggings," declares Dr. Cox. "About 20 per cent occur on the hands and arms. Care should be exercised in not putting the hands in invisible places when climbing rocks, and to look before picking up anything that may be secured by vegetation, brush and rocks.

"If one is bitten, prompt action is necessary and a physician should be obtained as soon as possible. No time should be lost in removing the poison by suction. This can be done by a suction cup.

"First, a tourniquet should be applied above the wound, so as to increase congestion and assist in washing out the poison. A cross cut incision with a sharp, clean knife or razor blade should be made over each fang mark, or preferably to connect the two fang punctures. These cuts should be at least a quarter of an inch deep and at least that long. Suction should be applied for at least a half hour. The tourniquet should be released every 10 or 15 minutes for a minute at a time.

"If bitten by a snake, do not run or get overheated; do not take alcoholic stimulants; do not use potassium permanganate (which is now known to be of no value as an antidote to cauterize the wound); and do not depend on home remedies.

Sybie Burrough, member of the staff of a local hospital, returned here Monday after her second interview with the personnel manager of Transcontinental Western Airlines in Kansas City. Her name was placed on the list with several other prospective airline hostesses.

560 FEET FOR WELL NEAR IRA

The Coffield & Guthrie, Spears & Brownfield No. 1, recently started oil test in the Ira vicinity, began drilling Wednesday night at 590 feet, after being shut down since Sunday.

Casing failed to shut off the water at that depth, and a cementing job has been going forward since Sunday.

No other immediate oil activities are seen for the area, except for the three seismograph and geophysical crews that are working out of Snyder.

Mrs. R. L. Kirkendoll was a week-end guest of her daughter, Mrs. Homer McCrary, in Post.

Tramp—"Could you give a poor fellow a bite?"
Housewife—"I don't bite, myself, but I'll call the dog."

Join Hands in Program.

The Midway Church joined the Camp Springs folks "en masse" Sunday in a joint program celebrating Mother's Day that was climaxed by dinner at the water's edge of Camp Creek. A number of Fisher County visitors joined the two-Community group in rendering the morning program.

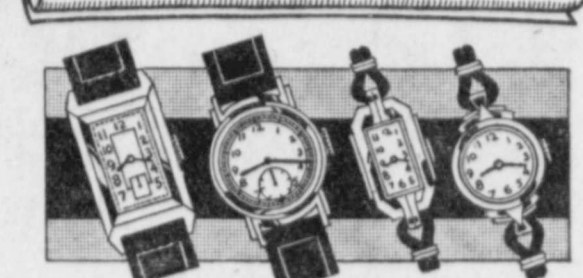

Maxey Chenault of Fort Worth and Vivian Chenault of Trinity University, Waxahachie, were Mother's Day guests of Mrs. P. C. Chenault and older daughter, Frances.

Ice Cream Social Held.

A "get acquainted" ice cream social was sponsored by the Tri-Community Club Friday evening at the home of Mr. and Mrs. Eugene Gladson. The evening was spent playing bingo and forty-two.

Those present besides the host and hostess were: Mr. and Mrs. Tom Brooks, Mr. and Mrs. Joe T. Johnson and children, Mr. and Mrs. John C. Day and son, J. C., Mrs. Howard Gibbons, Mr. and Mrs. Marvin Lemons and son, Mr. and Mrs. J. H. Myers and family went to Sweetwater Tuesday on business.

Tuesday Meeting at Brown's.

Round Top Women's Home Demonstration Club held its regular meeting Tuesday afternoon, 3:00 o'clock, at the home of Mrs. J. W. Brown. Estella Rabel, county agent, was present for the meeting and started the home food supply demonstration with work on daily menu planning. She stressed the need of frame gardens.

Members of the club agreed to visit other women of the community, encouraging them in work on their homes and in joining the club. Several new members are expected to attend the next meeting.

Two Kentucky Colonels were showing an Englishman what a wonderful country the South is. When the Briton had traveled from Baltimore to New Orleans and from the Atlantic to the Mississippi, he said, "Yes, the South is a fine country, but you have no industries here."

"No industries?" retorted Colonel Smith, with indignation. "Why, sub, Colonel Robinson in Kentucky has a dairy where he produces a million pounds of cheese a month." "Impossible!" said the Englishman.

Colonel Smith turned to his fellow for corroboration. "I don't know how much butter and cheese Colonel Robinson produces a month," said the second Englishman, "but I do know that he has twelve sawmills and he runs them all with buttermilk."

It was in the sales room, and the talk had turned to hens.

"Talking of hens," remarked one of the gentlemen, "reminds me of an old hen my dad once had on the farm in Dakota. She would hatch out anything from a tennis-ball to a lemon. Why, one day she sat on a piece of ice and hatched out two quarts of hot water."

"That doesn't come up to a club-footed hen my old mother once had," remarked the other. "They had been feeding her by mistake on sawdust instead of oatmeal. Well, sir, she laid twelve eggs and sat on them, and when they hatched, eleven of the chickens had wooden legs and the twelfth was a woodpecker!"

"Would you give ten cents to help the Old Ladies' Home?" "What! Are they out again?"
