CHEERING NEWS FOR HIGHWAY DELEGATES

MILLION GOES TO COMPLETE JOB ON NO. 15

Snyder, Scurry County Send Largest Group to Road Meet at Seminole

Snyder and Scurry County went to Seminole last Friday with brilliant harbors, plenty of enthusiasm, and a concerted desire to convince all comers that they are after Highway 15 in earnest.

From the lips of Harry Hines, state highway commissioner, they learned that rapid strides are being made toward completion of the east-west route, that at least part of Scurry County has been recommended for grading and drainage structures soon, and that Hines is lending his personal influence toward building the highway in full.

Largest Delegation. With more than 80 delegates, Snyder had the largest number of persons at the annual meeting of the East-West Highway Association.

W. J. Ely of Snyder was elected president of the state-slicing highway group, succeeding Sam Richardson, of Lamesa who has been at the helm for several years.

More Than Million. Commissioner Hines told delegates the present set-up called for expenditure of \$1,062,910 on Highway 15 from the east Scurry County line to the New Mexico border.

Secretary Minter said New Mexico's portion of the road from Hobbs, by way of Carlsbad, would be completed by January 1, 1939.

Student Transfers Required August 1. Student transfers must be made on or before August 1, reminds County Superintendent Frank Farmer.

BREEDER TOUR INSPECTS HERD. The outstanding place of Winston Brothers in the state hereford breeding picture was evidenced last Thursday, when leading breeders from all parts of the state visited the local herd of several hundred registered cattle.

Bond-Tax Election At Pyron Approved. In regular session last week, the Commissioners Court approved the July 2 election at Pyron, in which a bond and tax assumption plan for the consolidated district was voted, 36 to 30.

Bring All the Kids To Election Party. Just in case you don't see the news in another section of the paper: The Times is throwing a wide-open election party Saturday night, and the publishers and force want you to bring the wife, all the kids and a few neighbors.

ABILENE VISITOR. Snyder and Scurry County were warmly congratulated Monday for their aggressive program for 1938. The congratulator was J. A. Rix, assistant manager of the West Texas Chamber of Commerce, Abilene.

NEW WELL BEGINS. Scurry County's latest oil test, on the Charley Wellborn place, 14 miles southwest of Snyder, was spudded in Monday. The Coffield & Guthrie, Spears & Brownfield No. 1, in the Ira area, has not started up following a 10-day shutdown.

Sidelights on Trip to Highway Meeting Prove Wide Interest

Widespread interest in early completion of Highway 15, from Ft. Worth to Carlsbad, is well proven if you take a few sidelight glimpses at the East-West Highway Association meeting at Seminole.

Superintendent Boles of Carlsbad Caverns was there, along with a number of other Carlsbad people. He is keenly enthusiastic about the finishing of the airline route that goes almost as the crow flies, from Savannah, Georgia, to the Carlsbad Caverns.

"Hobbs' third annual Roundup and Boom Town Days," slated for July 29, 30 and 31, was well advertised by a delegation of about 60 from the New Mexico oil town. The Roundup offers \$2,100 in prizes, and it includes such specialties as Mexican steer roping, wild stock race, steer bulldozing and old timers' roping.

E. H. Lilly, secretary of the Scurry County Chamber of Commerce, had 'em all guessing when he gave a splendid stammering demonstration when he was introduced as one of Snyder's spokesmen.

After a siege of "buck passing," County Judge C. C. Nunnally of Gall made an impressive report of Borden

County's part in the highway. Borden probably had the biggest per capita representation of any county. Among her delegates were Commissioners C. W. Burdett and W. C. Russell; cotton-watermelon specialists, C. N. and Nolan von Roeder; and the long-time druggist, D. Dorward.

The Snyder grocery business must have been the best-represented at Seminole, as far as this town is concerned. Hugh Taylor was in his young-manhood stomping grounds. R. O. von Roeder was there with his usual silent vigor.

If you had taken the Borden and Scurry County delegations out of the afternoon business meeting, you'd barely have had enough people left to make and second motions.

Several Scurry citizens outside of Snyder were at the Gaines County conclave. Jake W. Smith, south of town, and Will Merritt of the Holler were among the interested farmers.

HINES LETTER GIVES STRESS TO ROAD MEET

Says Borden to Snyder Program, Estimated at \$146,200, Recommended

Verifying and stressing facts he outlined at Seminole Friday, Highway Commissioner Harry Hines said in a letter he addressed to County Judge H. J. Brice Monday.

"I am very happy to report that I have recommended for the program from the Borden County line to Snyder, a distance of 16.3 miles, grading and drainage structures, and an estimated cost of \$146,200; and am also endeavoring to add to the program from Snyder east to the Fisher County line.

"Contract will soon be let on the surfacing of the five-mile project between Snyder and Roby (from Roby west)."

Hines' letter also carried a word of commendation for "you and Mr. Forest Sears (president of the Scurry County Chamber of Commerce) and others of Scurry County for the fine work that you have done in building the foundation and groundwork under the matter of paving Highway 15 across that portion of Texas.

"I assure you that it has been a pleasure to work with you in connection with the establishment of the proper location of Highway 15 through Snyder and east to the Scurry County line.

"The result of your labors in furnishing me with the facts makes it possible for me to carry the battle onward, for, after all, it is ammunition, and you boys furnished the ammunition, the result of which has been a saving to Scurry County of some \$15,000 to \$20,000 in right-of-way costs."

Bond-Tax Election At Pyron Approved

In regular session last week, the Commissioners Court approved the July 2 election at Pyron, in which a bond and tax assumption plan for the consolidated district was voted, 36 to 30.

The election was for the purpose of determining if the people of the district, composed of portions of Scurry, Mitchell, Nolan and Fisher Counties, desired to assume and pay off outstanding school bonds heretofore issued by Pyron and Wastella districts. The Pyron bonds total \$4,650, in two issues; the Wastella bonds, \$2,000.

COUNTY RALLY WILL FEATURE TWO LEADERS

State Farm Association and Home Demonstration Presidents Coming

Presidents of two of the most important farm organizations in Texas will appear on the program of the County-Wide Rally Day at Wolf Park July 30, the program committee reported Tuesday.

The top speakers are Cliff Day of Plainview, president of the Texas Agricultural Association, with headquarters at Waco, and Mrs. J. L. Morris of Dawson, Texas, president of the Texas Home Demonstration Clubs Association.

Congressman George Mahon of Colorado has also been invited to take part on the all-day program.

Trio Almost Ready. The program committee, composed of T. B. Hicks, Mrs. H. C. Flournoy and Perry Echols, says all other plans are practically complete for a full day of fun, food and learning.

Taking the lead in the rally will be Four-H club boys, home demonstration club girls and members of community agricultural associations. Every farm and ranch family in the county, as well as business people, and all others, are invited.

A printed program is being mailed to more than 1,600 farm and ranch families of the county.

"A Rare Opportunity." "The rally provides a rare opportunity for the producers and business people of Scurry County to get together and know each other better, thus work together better," declare County Agent Luke Ballard and Home Demonstration Agent Estella Rabel.

Plenty of food is assured for the mid-day dinner, which is to be supplied by all who attend in the form of "hot luck" lunch baskets served chuck wagon style. Plenty of ice water will be on hand, and "pop" will be available.

"Don't forget to bring that well filled pot luck basket," urges Mrs. Joe Johnston, chairman of the arrangements committee.

Softball games, horseshoe pitching, sack races, plenty of music, fat and lean softball games (men and women) will be included in the entertainment program.

School Election At Camp Springs Void

District Judge A. S. Mauzey ruled last week that the contested school election in the Camp Springs district in 1936 is null and void. The case had been before local and state courts for a number of months.

At Gulf Station. New proprietors of the Gulf Service Station, which has been operated for some time by Ralph Ross, are Lyman Wade and Elmer Rhodes, both experienced service station men. The station is located a block north of the square on the highway.

LARGE CROWDS GO TO REVIVAL

Pastor H. C. Gordon reports that large crowds are attending all services of the revival at the First Methodist Church.

"A good revival meeting is in progress," he said. "Many are hearing the messages of Rev. Clyde Smith of Amarillo, with much profit. The singing led by King Sides is fine, and cooperation from all sources is splendid."

"A cordial invitation is extended to all who read these lines. Come and share these blessings with us."

In the 16-page supplement to this edition of The Times, the statement is made that Dermott is in weicher's and Justice Precinct 2, along with Fluvanna and Arab. Dermott became a part of Precinct 1 (weicher's and Justice) several years ago.

New Secretary

Since July 1 the Scurry County Chamber of Commerce has been served by E. H. Lilly, who came from Crosbyton to serve as secretary of the organization. He has plunged into a definite program, mapped by the board of nine directors, that includes renewed efforts to build highway 15, revival of the county-wide fair or products show this fall, and other projects of county-wide benefit.

HERMLEIGH TO FEATURE RALLY

A political rally to which all candidates and the general public are cordially invited will be held at Hermleigh Friday afternoon, 3:00 o'clock, Mayor Alrie McMillan told The Times in a telephone conversation Wednesday.

The rally is sponsored by Hermleigh business men. McMillan said it will be an old-fashioned get-together at which candidates will be given time in which to speak to the people, the mayor pointed out.

"We are anxious for folks from all parts of Scurry County to join us in hearing precinct, county and district candidates discuss their races," McMillan told The Times.

Railroad Men Visit In Snyder Tuesday

In Snyder Tuesday was L. J. Cassell of the public relations department, Santa Fe Railway, with headquarters in Amarillo, and I. M. Robinson, traveling freight and passenger agent, Lubbock.

Discussing railroad wages while in The Times office, Cassell said: "Railroad wage rates in 1938 are at the highest average level in history, according to a detailed analysis of railroads and railroad wages. General business conditions and the cost of living, according to this study, do not justify the continuance of present wage levels, while the railroads, facing disaster, cannot sustain them."

REVIVAL IN AUGUST

Beginning the third Sunday of August and continuing through the week, a revival meeting will be held at Mt. Zion. Dates for the revival are August 21 to 26 inclusive. Cooperation of all people of the community is asked in the services by community leaders and the minister. There will be peaching at Mt. Zion Sunday morning at 11:00 o'clock, also. Everybody is invited. —M. W. Clark.

Three Pictures on Tap Saturday Night

Election night must have been in the back of Manager P. W. Cloud's head when he booked Palace and Texas Theatre shows for this week. If some of the folks want to go to the show while election returns are being blared on the west side, they can see "Rascals" at the Palace or "Pony Express Days" at the Texas. The Palace picture stars Jane Withers with Borrah Minevitch and his Harmonica Rascals. Bob Baker is the star of the Texas western.

At the Palace Saturday night preview, one of the year's great pictures, "Lord Jeff," starring Freddie Bartholomew and Mickey Rooney, is on the screen.

Boys and girls, men and women will make reports of their trips during the County-Wide Rally Day at Wolf Park Saturday, July 30.

These adults made the educational trip: Mrs. Joe Johnston, Mrs. Grady Williams, Mrs. Albert Smith, Mrs. Henry Kelly, J. H. Jean, Perry Echols, Whit Thompson Sr. and Ben Brooks.

ANOTHER FAIR MEETING HERE SET SATURDAY

Central Committee Hopes to Map Definite Producers Show Program

Meetings are being held in all commissioner's precincts, and a final mass meeting will be held in the courthouse Saturday afternoon in the interest of the Scurry County Fall Products Show.

Members of the central committee chosen two weeks ago, from all parts of the county, and all other interested citizens, are invited to gather in the district court room Saturday afternoon, 3:00 o'clock, to map show plans.

The proposed Fluvanna meeting was rained out Tuesday night, but an Ira meeting was held Wednesday night, a Dunn meeting is slated Thursday night, and a Strayhorn meeting Friday night.

Plans for moving and rebuilding the city tabernacle on the city block, northeast of the square, the reworked building to be used as the central show location, are practically complete, it is believed by city leaders.

The community meetings and the meeting here this Saturday were scheduled at a meeting of a number of interested persons in the courthouse last Saturday night.

"Miss Snyder," Wynona Keller, 1938 "Goddess"

Wynona Keller of Snyder was crowned "Goddess of West Texas" at the close of the fourth annual beauty revue held Friday night at Newman field in Sweetwater. Among the several thousand West Texans present for the beauty revue were numbers of Snyder people.

George O'Brien, RKO western movie star, who flew to Sweetwater for the event, placed the crown on the head of "Miss Snyder" and presented her a beautiful trophy. Further award for the winner will be a week's trip to Galveston, with "Miss Sweetwater of 1938," Joyce Whaley, who was chosen in a similar contest Thursday night.

Close second in the contest was Harriet Ann Pritchett, "Miss Colorado," and Billie Nat Pittard of Anson placed third. The parade of contestants was led by Frances Prewitt of Stamford, winner of the 1937 revue, and "Miss Sweetwater," Judges were Mrs. Sam Parker Jr., Austin; Senator Wilbourne B. Collier, Eastland; Perry Leiber, Hollywood; B. W. Allen, Dallas, and Bob Skelton of Houston, who also served as a judge in the A. A. U. swimming and diving meet Saturday and Sunday. George M. Thompson, president of the Sweetwater Lions Club, was master of ceremonies at the revue.

The 17-year-old Snyder beauty, daughter of Mr. and Mrs. John Keller, won the title of "Goddess" in a field of 27 of West Texas' loveliest girls. Five feet three inches tall, Miss Keller weighs 103 pounds. The brown-haired, brown-eyed girl won second in the 1937 revue.

Actor O'Brien and Miss Keller led the grand march at the Goddess' ball, held on the roof of the Blue Bonnet Hotel later Friday evening. Contestants in both Thursday and Friday revues and their escorts were honored at the affair.

Adelaide Elizabeth Is Grandchild No. 1

Grandchild No. 1 arrived last Wednesday to put new spring into the footsteps of M. A. Fuller, president of Snyder National Bank. Adelaide Elizabeth, the newcomer is called, but Uncle Andrew Fuller declares she will be known as Betty.

The 11-pound girl was born to Mr. and Mrs. William Fuller of Snyder in the Methodist Hospital, Ft. Worth.

Other grandparents are Mr. and Mrs. George W. Polk of Ft. Worth and Mrs. Lillian Fuller of New York.

NEW WELL BEGINS. Scurry County's latest oil test, on the Charley Wellborn place, 14 miles southwest of Snyder, was spudded in Monday. The Coffield & Guthrie, Spears & Brownfield No. 1, in the Ira area, has not started up following a 10-day shutdown.

Road Leader

At Seminole last Friday afternoon the East-West Highway Association, in annual business session, elected W. J. Ely, Snyder ginmer and civic leader, as president, succeeding Sam Richardson of Lamesa. Ely has long been a good roads booster. His election is considered a tribute by other towns and counties on the route to Snyder's and Scurry County's enthusiasm for the transcontinental route and the large county delegation to Seminole last week.

RAINY SEASON STRIKES MOST OF THIS AREA

Almost Inch Falls in Snyder Yesterday; Heavy Rain Southeast Monday

Scurry County weather continued to go haywire this week. July, a month that is generally considered none too wet, is threatening plenty of moisture—and some of the threats have already been carried out.

An area of several miles around Plainview, southeast of Snyder, received a gully-washer Monday afternoon. Water ran across the highway at the bridge four miles from Snyder.

Snyder was wet down thoroughly Wednesday afternoon, 90 of an inch being the official measurement.

Reports indicate practically every community has been hit by rain that practically assures excellent feed and cotton, as far as moisture is concerned.

Practically all the Hermleigh territory received a half inch to two inches Monday, and another soaking Wednesday. A few spots south and southeast of town were also hit Monday and again Wednesday.

Committees Named For C. of C. Work During Fiscal Year

At the regular Scurry County Chamber of Commerce directors' meeting Friday night, President Forest Sears announced appointment of the following committees:

Road and Highway—O. D. McClaun, chairman; A. D. Erwin, H. J. Brice.

Agriculture—E. J. Anderson, chairman; Warren Dodson, N. R. Clements.

Finance—Wayne Boren, chairman; W. R. Bell, R. C. Miller Jr.

Publicity—J. C. Smyth, chairman; E. J. Anderson, W. R. Bell.

Other committees will be named as they are needed for carrying on the work of the organization, said the president.

LOCAL, STATE RACES SHARE IN SPOTLIGHT

Final Ballot Could Run As High As 3,100 Before 23 Polls Closed

Political corners are being wedged out in all parts of the county. Stray votes are being corralled. Only an iron man could withstand the last-minute campaign rally.

New alignments are being made. Cliques are clicking by day and by night. Rumors are as thick as grandpa's underwear.

And behind the whole crossword puzzle of politics stands the multitudinous man—usually silent and thoughtful—the man with the ballot that talks and grows.

Folks in Voting Mood. Unless political signs are inaccurate, Scurry County will in the polls Saturday in full ballot-casting regalia.

Her citizens have paid only 2,558 poll taxes, but they may go to the 23 voting boxes 3,100 strong. "Overs," "unders" and those otherwise qualified to vote without poll taxes will make up the difference.

The campaign has probably been the most intensive, from governor to constable, of any first primary in the county's history.

Speaking Called Off. Announced plans for a rally of county and district candidates four blocks north of the square Tuesday night were called off Monday, after candidates took a secret ballot on the matter.

But the crowd heard C. L. Harris of Spur, state representative, and went home under the billowing clouds of a summer shower.

Unquestionably, despite keen interest in several county races, the governor's race continues to hold the spotlight. Most political guessers believe Thompson or McCraw will enter the runoff with O'Daniel.

But only ballots, with their scratched names and sovereign majesty, can breathe an answer—your answer and mine.

Ira Plans to Open School August 15; Name New Teacher

School at Ira will open August 15, with the same corps of teachers that conducted last year's highly successful session, minus one.

W. T. (Pat) Falls, who was elected to work in the grades, is finishing his degree work at West Texas State Teachers College, Canyon, this summer, and his place will be filled by H. V. Dosier, recently selected by the school board.

"Ira will begin work this year with a smile, since we now have a total of 19 1/2 credits in high school," says Superintendent Elmer Taylor. The final credits were granted last spring, making Ira High School one of the highest accredited in this section.

Candidates to File Expenses August 2

Final expense accounts for the first primary must be filed by county candidates not later than August 2, according to law.

A check-up at the county clerk's office reveals that several candidates did not file their second expense accounts July 15, as the law requires, because of a mix-up in dates. The first account was filed on or before June 28.

August 2 is also the first filing date for second primary candidates' expenses.

100 GUESTS AT COFFEE AFFAIR LAST TUESDAY

Wearing the smartest of summer morning frocks, more than 100 local women gathered in two groups at the H. P. Brown home, 2812 Avenue U, last Thursday for the morning coffee given by members of the Pidelis Class of the First Baptist Church. The Browns' daughter-in-law, Mrs. Harold Brown, was chairman of the hostess group.

The class presented Gene Spearman, assistant pastor and educational director of the local church, in a vocal program of sacred selections. He was assisted by Mrs. Violet McKnight, and Mrs. Ira Harrison was the accompanist.

Guests were welcomed into flower-filled rooms by the receiving group, composed of class officers, and Mrs. Gene Spearman, new member. Members in the line were: Alta Bowers, president of the Pidelis Class; Mrs. Roy O. Irvin, first vice president; Myrtle Woodfin, second vice president; Mrs. Harold Brown, third vice president; Mrs. R. E. Boyer, secretary.

Mrs. H. P. Brown, Mrs. R. D. English, class teacher, and Mrs. W. R. Bell, department superintendent, along with other members of the class, completed the house party.

The next two selections, "Teach Me to Pray" and "The Old Village Choir" were sung by Mrs. Violet McKnight and Spearman. Alta Bowers gave a review of "After the Feast" by F. M. McConnell. Concluding number by the guest soloist was "The Prodigal Son."

Guests were invited into the dining room, where the table was laid with lace and silver. The centerpiece was a basket of shasta daisies and vari-colored gladioli. Maurine Cunningham, Miss Vela Bell of Ennis and Mrs. Billie Lee Jr. poured

Wynona Keller, named "Goddess of West Texas" in a Friday night beauty revue held in Sweetwater, held informal open house for her friends all day Sunday at the home of her parents, Mr. and Mrs. John Keller, here. Miss Keller was "Miss Snyder" in the contest.

She was assisted in entertaining her guests by her mother, as local friends called along with a number of out-of-town ones. Informal entertainment during the day featured a swim in the country club pool late in the afternoon. Miss Keller jointly celebrated her victory in the contest and honored John B. Collier III of Fort Worth, who was her escort for festive festivities in Sweetwater and her guest for the week-end here.

Among the out-of-town friends in during the day were the following: Bob Jordan and Morris McDonald, Abilene; Lewis Larrimore, Jack Fuller and C. M. Jones, Lubbock; John F. Greene, Hamlin; Bobby Wright and Boone Jackson, Colorado; Rex Michael, Austin.

Mr. and Mrs. Cleve Blackard and daughter, Dawnel, of Midland, former local residents, were visitors in Snyder Sunday. Blackard, who was formerly pharmacist at Stinson Drug Company here, has the same connection with the Midland Drug Company now.

Mr. and Mrs. W. T. Cook were accompanied by their daughter and grandson, Mrs. A. L. Stevens and Don Franklin, of Midland to Sulphur, Wynnewood and Oklahoma City, Oklahoma, for a 10-day visit with relatives. The local people and Mrs. Stevens and son left Sunday morning.

Mr. and Mrs. E. F. Sears, Coach Lacy Turner of the Wink High School and Mrs. Turner, the former Enid Sears, returned home during the week-end from a vacation trip through several of the central and southern states.

Mr. and Mrs. Ralph Johnston returned Sunday from a vacation spent in New Mexico and points in Colorado state. The couple returned home by way of Amarillo, Wichita Falls and Fort Worth, where they spent two days with Mrs. Johnston's brother, Bill Hartley, and wife.

Mr. and Mrs. Tommie Banks of Lubbock were Thursday night guests of Mr. and Mrs. C. L. Banks and daughter, Laura. Mr. and Mrs. C. L. Banks returned last week from a vacation trip to East Texas.

Mr. and Mrs. Vernon Young left Snyder returning to their home in Garden City Sunday. Mrs. Young had been a guest of her mother, Mrs. R. M. Stokes, and other relatives the previous week, while her husband attended the A. and M. College short course at College Station.

Mrs. John R. Williams returned during the week-end from a two-week trip to San Antonio and Dallas. She was accompanied home by her 13-year-old niece, Jean Crews of Dallas, who will spend a month with Mr. and Mrs. Williams.

coffee from the silver services. Evanelle Arnold and Mrs. Joe Hale presided at the registry table, where goodbyes were said.

O'Brien Crowns "Miss Snyder"

George O'Brien, western movie star, is shown crowning the "Goddess of West Texas," 17-year-old Wynona Keller, who was "Miss Snyder" in the fourth annual water carnival and bathing beauty revue at Sweetwater Friday night. The local girl receives a week's free trip to Galveston early in August, as does Miss Joyce Whaley, 17-year-old red-head, who was named "Miss Sweetwater" Thursday night.

Mrs. T. J. Thompson Is 80 Years "Young"

Mrs. T. J. Thompson, for 40 years a citizen of Snyder, celebrated her 80th birthday here Monday. "I love Snyder and its people," she said Monday afternoon, "and if I have my way I'll be here the rest of my life."

But she is quite a gad-about, this 80-year-old pioneer West Texan, and she loves to travel and visit with her children and other relatives and friends. Wednesday she and her sister, Mrs. M. B. Stockton of Houston, left Snyder for Dalhart to spend a month with Mrs. Thompson's son, R. M. Thompson.

For a birthday that was supposed to be celebrated quietly, the day was quite exciting to Mrs. Thompson. Birthday gifts, cards, letters, telegrams and good wishes given in person began arriving very early in the morning and continued all day. Notable among the gifts was a lovely silk robe sent from Honolulu by a nephew, Mrs. Stockton's son.

Slumber Party Is Birthday Compliment

A slumber party last Wednesday night was a birthday compliment to Nadine Sumruld. The party was given by Laura Banks at her home. Early in the evening, the group of girls enjoyed a watermelon feast, delightful refreshments were served at midnight, and breakfast came the next morning after an almost sleepless, but pleasant, night for the group of girls.

Three out-of-town guests were present, Juanita Barton, former resident of Snyder, Mildred Whitaker and Sue Motley, all of Colorado, and local girls present were: Maxine Huckabee, Mayme Lee Gibson, Callie DeShazo, Ethel Mae Sturdivant, Wanda Shepherd, Mrs. Cecil Reynolds, Mrs. Leonard Erwin, the honoree and the hostess.

Mr. and Mrs. Joe Stacy and small daughter, Joan, and Mrs. Stacy's parents, Mr. and Mrs. Porter, all of Galax, Virginia, were guests of Mrs. M. Stacy and family here last week. The Joe Stacys, en route to El Paso and Carlsbad Caverns in New Mexico, will return from those points to their home after their vacation, and Mr. and Mrs. Porter will go to the Pacific Coast states.

Mrs. H. H. Elland, Billy Jay and J. R., accompanied by Mrs. J. B. Taylor and Fay Taylor of Upland, California, spent last week in Quanah.

My School Was Out June 3

Therefore, I did not have time to see all the voters of Scurry County. I wish to assure you that I did not miss anybody intentionally. I simply did not have time to see you all!

I have tried to make a clean, fair race, without issues or criticisms of anybody. I am very happy to be in a race with men who have been clean to the end.

To my mind the county superintendent's office is the most important office in the county. It has more to do with social affairs in the community, and neighborliness and goodwill between communities. The conduct of its affairs today will have much to do with the success of the men and women of tomorrow. Broad experience, ability to exercise the deep-thinking faculties of the mind, and ability to address the public are necessary requisites of a county superintendent.

I realize my littleness as compared with the bigness of the job. I do not promise to revolutionize school affairs, but if elected I do promise to give my undivided time and energy to the management of school affairs. I shall endeavor to promote the building of a curriculum better adapted to the needs of farm children of Scurry County. If 20 years of successful teaching

A Word From Your County Treasurer

Duties of the county treasurer's office are such that I must remain on the job at all hours, or close the office in order to make a concerted campaign for reelection to the place I now hold. I have deemed it only my duty and my pledge to give those who have business with the treasurer the service to which they are entitled; therefore, I have been privileged to do very little personal canvassing for your support.

I believe this remaining on the job is the best proof of my desire to be a good officer, and I will appreciate your considering this policy paramount in this race. Please be assured that your support at the polls Saturday will be sincerely appreciated by

J. T. "Johnnie" JENKINS

For Our Next

PUBLIC WEIGHER

We believe in HONEST and QUALIFIED office-holders, therefore we met with J. T. (Johnnie) Jenkins last Sunday and received his permission to ask you voters to scratch the names of the other candidates seeking the office of PUBLIC WEIGHER when you go to the polls to vote on Saturday, July 23, 1938, and write in the name—J. T. JENKINS.

As most of you remember, Johnnie made the race for Public Weigher in 1932 at the age of 21, against two much older men with families and was defeated by the small margin of 144 votes in the August run-off primary. Again, in 1934 he announced, but withdrew from the race to accept a position with a cotton company in the Rio Grande Valley.

Johnnie is very familiar with the agricultural programs and he is at all times in favor of the farmer. He operated an independent warehouse and cotton yard this past Fall and in the past has had experience in cotton yards, compresses and gins. Johnnie paid State, County, City, School and car taxes in Scurry County. Now, let's pull together and scratch the names of the other candidates and write in the name—J. T. JENKINS—for PUBLIC WEIGHER for Precinct No. 1 so that we may be assured of a square deal and a qualified man for the office.

Ward Gross Talks to Precinct 4 Voters

My canvas of Precinct 4 has been completed, with the exception of a few persons whom I have missed unintentionally. I come to the people now, on the eve of the first primary, with the pledge I made at the beginning of my race: Administration of county and precinct affairs in an efficient and business-like manner, always keeping in mind the laws governing a commissioner's duties.
I am thoroughly familiar with the road problems of the precinct, and I promise, if elected, to serve all communities alike in road matters. Your courteous consideration of my candidacy has been appreciated. If you think I will make you a good commissioner, I request that you go to the polls Saturday and cast your vote for
W. W. (Ward) GROSS.

Voters of Weigher's Precinct No. 1

As the close of this campaign draws near, I am asking for your consideration when casting your vote for cotton weigher Saturday, July 23.
I have tried to visit each home, and if I have failed it wasn't intentional. So I am earnestly soliciting your consideration.
If elected your cotton weigher, my motto will be honest, faithful service. I shall give, and it will be my highest aim and most constant endeavor to give, every citizen that courtesy and respect to which he is entitled. I will thank every supporter for his or her words of confidence in my behalf.
Thanking you for your consideration, I am,
WM. R. (Willie) GIBSON.

To the Voters of Justice Precinct 1

I am asking the people of this precinct to elect me constable next Saturday. I believe I can handle the job to the satisfaction of the citizens.
I am not a stranger to most of you, and I believe you who know me best know that I stand for the right regardless who it concerns.
If you feel you can trust me, then I am asking a chance to serve you as your next constable.
RAY HARDIN. Pol. Adv.

To the Voters

I just wish to say that I would appreciate very much your vote and good wishes in my race for Justice of the Peace, Precinct No. 1. I have lived among you off and on for 36 years, am qualified for the position and worthy in every way.
If you elect me I will serve you faithfully and at the end of my tenure of office I will surrender my trust with services faithfully rendered.

Political Palaver

The Times has stated several times that it has no axes to grind in state, district, county or precinct races. Its two publishers often differ on political issues, although they are usually as one on deep-rooted political principles.

"Watch the Transients"

In the following editorial from The Mission Times, one of the state's leading weekly papers in one of the state's leading small cities, Snyder and the Scurry County Chamber of Commerce might reap a suggestion of wide importance to the business life of the community.

Current Comment

In a personal interview recently, Colonel John T. Harris, Quartermaster General's Office, Washington, stated "such rapid strides have been made in the construction of AA (anti-aircraft) guns, America need not be unduly alarmed by air raids—if war comes. 345 TAXES ON AUTOS If your automobile appears sluggish, or seems to have no "pep and go," maybe you had better take a look at the tax burden with which the car is loaded down—there's just 345 taxes on autos, we are told. If the sugar you drop in your tea doesn't appear to sweeten it up, remember the 45 taxes placed on sugar enough to take a lot of sweetening out of life. And when you buy a package of cigarettes, eight cents of the purchase price represents taxes. There's twenty per cent tax on the shirts, the hats, the clothes, overcoat, hose and shoes you wear. And then there are just 201 taxes on oil and gas. And the consumer pays them all!

So, when any candidate for state offices advocates paying a pension of \$30 to every person of 65 years of age or more, just read over the foregoing again, and then try to figure out upon whom the additional burden will be placed to raise the approximately \$40,000,000 necessary to finance such a program in Texas. And if you're not dizzy, or groggy, or completely "out" by that time, then remember also that the federal government does not propose to match the state on any such proposition, but bases federal aid upon actual need. As long as voters give support to candidates advocating such wild-eyed propositions as the foregoing, you may confidently expect taxes to go up, Up and Up—"Sauce" in The Brady Standard.

About Amino Acid

"The quantity of amino acid was erratic throughout the season and did not show any definite seasonal trend." This is the first summary of a bulletin mailed to The Times this week from College Station. Any Scurry County citizen who is vitally interested in "Maturity Studies of Marsh Seedless Grapefruit in the Lower Rio Grande Valley" may have the bulletin by calling at this office before grapefruit planting time in this trade territory.

"Hot Dog Days"

Says "Barbs" in the Del Rio Evening News: "Swedish royalty knows all about public life in America now. It has been welcomed, eaten hot dogs and said good-bye to... a mode descriptive term for the kind of weather we're having now would be 'hot dog days.'"

Extra! Extra!

Remember the eight-page five-column extra that was issued by The Times on first-primary night in 1936?

Another such extra will be issued this election night, and it will be delivered free to major points in Scurry County and to Gail in Borden County.

If you want an extra, call for it Sunday morning at the Times office, at Hermleigh, Fluvanna, Camp Springs, Hobbs, Ira, Dunn, Pyron, Dermott or Gail.

Why does The Times gather election news and then issue a FREE election extra? It is a "thank you!" gesture to folks of the trade territory, who have been true friends during the publishers' nine years in Snyder.

A part of the expenses are defrayed by the advertisers who take space in the election extra, and The Times takes this opportunity of thanking each of them in advance.

The extra will contain a complete tabulation, by boxes, of all county and precinct races, and many details of state and district races.

It is yours for the asking. Ask for it Sunday morning!

ABSENT VOTES CAST BY MANY

The 1936 record of almost 200 absentee votes was not reached this year, but the total reached about 150 Tuesday, according to County Clerk Chas. J. Lewis. Tuesday was the final absentee voting day.

Prior to 1936 the highest number of absentee votes ever cast in the county was 148, the total for 1934. The heavy increase in 1936 over 1934 was recorded despite a falling off of 124 in 1936 poll taxes.

Keener interest in several local races and in the governor's race is probably the chief reason for the pick-up in absentee voting during the past three years.

Right to Vote Is Sacred Legacy Bought by Blood And Consecrated by Prayers

By PAT M. NEFF,

Former Governor of Texas and Now President of Baylor University

The right of franchise is the most sacred legacy bequeathed to us by our fathers. It was bought by their blood and consecrated by their prayers.

The Christian citizen who falters and fails in this respect throws away his noblest heritage. Voting in time of peace should be as binding as fighting in time of war. It is not only a political privilege, but a sacred duty. It matters not what position or place we take we cannot dodge the responsibility of the ballot. The man who fails to vote is a betrayer of a constitutional trust and the embezzler of a blood-bought right.

Our fathers dethroned the king and placed in our hands the ballot and on our shoulders the responsibility of every governmental wrong. Every man owes it to his country to exercise the right of suffrage on election day. He is not a good citizen who would go to the ballot box with less courage or with less conviction than he would shoulder arms to march against an invading foe.

Frequently the man who bewails the loudest and blubbers the longest about the wrongs that be, is the fellow who knows the least about the polling booth. Generally the man who never reads a party platform, who knows least about election days, who never champions a cause until after the verdict has been returned, is the one who whines the most about the unwise administration of public affairs.

It is a great thing to be governor of the state or the president of the nation, but high above him is the private citizen with snow-white ballot in hand who makes and unmakes governors and presidents.

Casting a ballot and guarding the ballot box, important as they may be, are not the only duties the Christian citizen owes his country. He should be a politician to the extent of taking an active interest in every public or political question that touches the morals of the material prosperity of the people.

He should be a man, standing four-square to all the winds that blow, and nothing that is human should be foreign to his make-up. "He alone deserves to be great, who either slaves or serves his state." Jesus Christ was

the world's greatest politician. His platform of priceless principles can be found in the glorious gospels, and the rich record His political statesmanship is chronicled in the immortal Acts.

"The bad citizenship of good men is a cutting indictment against the Christian citizenship of our civilization. There are those among us who live spotless lives in home and church, and who are honest and square in all their dealings with men, but who are dangerously derelict to all the duties of government and truculent traitors to all the affairs of state. No man should be a political drone in the governmental beehive of our people. If this country shall ever decline and decay, her doom will not be on account of the invasion of a foreign foe, but on account of the supine indifference of her own sinful sons.

Some people are so good, so extremely good, and they think everything about them is so bad, and that their country in all its governmental affairs is so low and base and vulgar that they cannot afford to soil their hands by touching it.

I look with suspicion on the man who sits down and folds his hands, wraps about himself his imaginary robe of self-righteousness and feels that he is too good to take part in the fundamental questions of the hour.

There are too many political cowards among the rank and file of otherwise good people. What right have they to sit with a sanctimonious air and whine and whimper about bad officers and worthless laws? When so far as their efforts are concerned the bums of the slums might run for them their government.

The Christian citizen who can today look out on the stormy ocean of Texas' political life and see nothing in it, behind it, over it or under it, but the struggle of men for self, place and power has something the matter with his brain.

Why should moral loonies and political lackies, senseless fops and heedless fools guide the destiny and fix the future of this great commonwealth, while the moral manhood of the country sulks, like Achilles in his tent, and refuse to fight or even lend a helping hand? Withdraw from the political affairs of the state the Christian's ballot and the Christian's influence and before many moons can wax and wane another Praetorian Guard will be seen in the land offering their country for sale to the highest bidder.

102 NAMES ON TICKETS THAT FACE COUNTY

Exactly how will Saturday's ballot read to Scurry County's 3,000 or more voters?

In the first place, it will be headed: "Official Ballot, Democratic Primary Election, Scurry County, Texas, Saturday, July 23, 1938."

In the second place, it will carry this pledge: "I am a Democrat and pledge myself to support the nominees of this Primary."

Next will come state candidates, then district, then county and precinct. In the following reproduction, home towns of the state and district candidates are given in parenthesis. On the ballot itself, only the home county will be given.

Here is an exact reproduction of the names and offices on the ballot—with the exception of the home-town addition:

For Governor:

- S. T. Brogdon of Erath County (Stephenville).
- Ernest O. Thompson of Potter County (Amarillo).
- Clarence E. Farmer of Tarrant County (Ft. Worth).
- Clarence R. Miller of Dallas County (Dallas). Note: Daily papers this week indicated Miller's withdrawal, and his support of Ernest O. Thompson.
- Thomas Self of Houston County (Crockett).
- Marvin P. McCoy of Harris County (Houston).
- Tom F. Hunter of Wichita County (Wichita Falls).
- Joseph King of Harris County (Route 5, Houston).
- Karl A. Crowley of Tarrant County (Ft. Worth).
- W. Lee O'Daniel of Tarrant County (Ft. Worth).

TIMES TO GET BORDEN VOTE

Thanks to the cooperation of S. C. Keen, Borden County Democratic chairman, and D. Dorward, veteran druggist, in whose store the Gail telephone is located, The Times will secure complete Borden County election returns Saturday night.

For the benefit of folks in and around Gail, The Times will relay state, district and Scurry County returns back to Gail by telephone. These returns will be as complete as the returns that are broadcast in Snyder, but of course they cannot be given as often.

Gail folks are invited to put up an election board, or an election table, in the Dorward drug store, filling in the vote figures as they are relayed from The Times office in Snyder.

Too, Gail will be one of the towns to receive FREE election extras Sunday morning.

Chairman

Chairman of Scurry County Democratic committee is A. C. Preuitt, who handles election supplies, instructs election judges, and helps gather election returns.

FIVE CLASSES CANNOT VOTE

Five classes of people are barred from voting in Texas elections under any circumstances, reference to election laws show.

These are persons under 21 years of age, idiots and lunatics, all paupers supported by the county, all persons convicted of any felony unless they have been restored to full citizenship, and all soldiers, marines and seamen employed in the army or navy of the United States.

All persons subject to none of these qualifications are eligible to vote if they have paid their poll taxes, are citizens of the United States, have resided in the county for at least six months prior to election day.

By the term "citizen" is meant any person born in the United States, or naturalized through the federal courts, unless his citizenship has been removed because of felony convictions.

A Canadian electrical expert says television will keep the farm boys down on the farm. Not when they see how cute the city girls are.

Democratic Chairman Asks Attention Of Voters to Few Election Pointers

In the following statement made just prior to the first primary, County Democratic Chairman A. C. Preuitt stresses some points made elsewhere in this issue of The Times.

But the pointers are so brief, practical and helpful to voters that they are published in full. Read them and be a more intelligent voter.

"There are approximately 3,100 qualified voters in Scurry County, including 'overs' and 'unders', and nearly all of these are members of the Democratic party. I hope that every qualified voter who can do so will go to the polls Saturday and vote his or her choice for the various offices.

I wish to thank every member of the executive committee for their attendance upon the meetings we have had and for their assistance in arranging for the primary. We have a fine set of election judges and clerks to assist in holding the election at the various boxes, all of whom are anxious to serve you.

"I wish to request that each election judge send or bring his returns to The Times office at Snyder immediately after the polls close, in order that results may be learned in all races as quickly as possible.

"The candidates are to be congratulated for their many courtesies to the executive committee and for the clean manner in which they have conducted their campaign. We want to hold a clean primary and to comply fully with the law in all respects.

"A few points of the law, not clear to everyone, are cited as follows:

"Voters can vote only at their own election box. Votes cast in any other than your own precinct are unlawful and will not be counted.

"Those subject to the payment of poll tax, must have paid on or before February 1, to be eligible to vote.

"Those who are 60 years of age before January 1, 1937, are exempt

from the payment of a poll tax, but those who were under 60 on January 1, 1937, even though they may now have attained that age, are required to have a poll tax.

"Those who became 21 years of age after January 1, 1937, are not subject to a poll tax.

"Electioneering is not permitted in or near the polls.

"Election judges are not allowed to suggest for whom the voter shall cast his ballot.

"Thanking you for your cooperation in making this a clean election, I am

"Yours truly,
A. C. Preuitt, Chairman,
Democratic Executive Committee."

Mahon, Collie Take Stump for Friends

Two men who serve Scurry County in official capacities have taken the stump for political friends.

George Mahon, congressman, is touring the state and speaking at many points in the interest of State Senator G. H. Nelson, candidate for lieutenant governor. Nelson lives at Lubbock, a part of Mahon's district.

Wilbourne B. Collie, state senator, is actively working for the election of Bill McCraw as governor of Texas.

IF YOU DON'T LIKE OUR GUESS WHY DON'T YOU TAKE A SHOT?

Two years ago, just before the first primary, a member of the Times staff predicted results of a few major races, under the above headline.

A check-back reveals that the lead man was missed in only two out of nine races, and that five out of nine races were guessed exactly, as to runoff candidates. The batting average was about .700 per cent.

The staff member is sticking his neck out again this year. The guesses, be it understood, are strictly guesses. They do not indicate how the guesser will vote, but merely are a reflection of how one man think the races will run throughout the state.

Read 'em, and laugh, gnash your teeth or cuss!

Governor—"Pappy, Pass the Biscuits." McCraw, second; Thompson, third; Hunter, fourth; Crowley, fifth.

Lieutenant Governor—Junction's popular Coke Stevenson, well ahead of Tahoka's G. H. Nelson.

Attorney General—Walter Woodul by a hefty margin, Gerald C. Mann nosing out Ralph Yarborough for a runoff place, with Robert Calvert a not-far-behind fourth and West Texas' Lewis M. Goodrich well back.

Railroad Commissioner—C. V. Terrell in the lead, as usual, with

Highway Commissioner John Wood giving him a battle. Stuart and Sadler—toss-up for third and fourth.

Comptroller of Public Accounts—Our neighbor, George Sheppard, should whip both opponents in the first primary.

Commissioner of the General Land Office—Bill McDonald well ahead; Bascom Giles, barely entering the runoff.

State Treasurer—It's a Scurry County affair, with E. B. Barnes maybe corraling enough votes to nose into the runoff with Charley.

State Superintendent—S. R. LeMay has a chance to force L. A. Woods into a runoff.

Commissioner of Agriculture—Just a mild breeze for J. E. McDonald, incumbent.

If you want a line-up on district, county and precinct guesses, we'll meet you at Gettysburg or the North Pole!

Three Contests For Borden First Primary of 1936

From The Times, July 30, 1936.

In a fairly warm first primary that offered only three contests in county and precinct, Borden County named Charles Nunnally as county judge to succeed L. A. Pearce, who was not a candidate for reelection. Nunnally won over H. D. Sneed, 252 to 212.

Miss Maggie Williams, county and district clerk for a number of years, won over her opponent of two years ago, T. A. Hollar, by a vote of 277 to 188.

The only precinct race, for commissioner of Precinct No. 3, found Alex O. Murphy, incumbent, losing to W. C. Russell by only one vote, 39 to 38.

Borden County polled its maximum ballot in the county treasurer's race, in which George E. Martin garnered 475 votes. Other totals were: D. R. Covey, sheriff and tax assessor and collector, 437; S. C. Keen, county chairman, 457; C. W. Taylor, justice of the peace, Precinct No. 1, 79; J. V. Burdett, commissioner, Precinct No. 1, 143; Dick Simpson, 15 (write in); Bert Massingill, commissioner, Precinct No. 2, 148; J. J. Cosby, 36 (write in); J. M. Average Borden County Interest In July Primary

Average interest is manifest in Borden County balloting, with the governor's race promising the heaviest fireworks, next to the local sheriff's race.

Two years ago Borden polled just under 500 votes, and that will probably be about the vote this primary.

Since Borden's ballot, as prepared by County Democratic Chairman S. C. Keen and his committee, is the same as Scurry's as far as state and district offices are concerned, only county and precinct names are repeated here.

Sid Reeder, present deputy, seeking the sheriff's job, is opposed by George E. Martin, veteran county treasurer.

First name on the county portion of the ballot is that of Miss Maggie Williams, who is returning to the county-district clerk's place, after a long period of service, without opposition. Next is the name of Charles Nunnally, county judge, who is also running a lone race.

The sheriff's line-up is next on the ballot. Mrs. Ruby Covey, who has served as sheriff since shortly after the death of her husband last year, is seeking the county treasurer's place, with no opposition.

In Precinct 1, Commissioner J. V. Burdett is opposed for re-election by W. M. Stephens. Bert Massingill, incumbent, is opposed in Precinct 2 by Alvin Jackson.

W. C. Russell, now Precinct 3 commissioner, is unopposed, along with Waldon Wills of Precinct 4, who is seeking the place now held by Mert Patterson.

A. J. Cantrell, who succeeded the late C. W. Taylor as justice of the peace, has no opposition for reelection.

Thomas Jefferson and John Adams both died the same day, July 4, 1826.

Times Will Stage Another of Those Big Vote Parties

The first primary election party held by The Times each two years has become an institution in Scurry County.

Folks come from miles around because they know The Times is bending every effort to get fast, accurate figures on state, district, county and precinct races.

This year, as in the past, the entire west side of the square will be roped off, and seats will be provided for the benefit of old persons.

A loud speaker will be used for broadcast of full facts and figures about all races. A huge board on the west side awning will give an eye's view of local races by boxes, district races by counties, and state races by large blocks of votes.

The Times has made special arrangements with other newspapers to secure returns on state representative and district attorney races. Full state returns will come from the Texas Election Bureau, by Western Union.

County and precinct returns, it is hoped, will all be posted before 9:00 o'clock, for every effort is being made to have precinct election judges bring, send or phone their results as quickly as they are counted.

Two telephones, complete Western Union facilities, a group of volunteer workers are at The Times' service for these every-two-year election parties.

It is all free to those who wish to make political whoopee. Come to town Saturday evening—posting of returns will begin soon after the polls close at 7:00 o'clock—and stay as long as you like. Returns will be broadcast and placed on the board until about 1:00 a. m.

Then there was a chap who started out to read aloud to his wife, "Gone With the Wind." After seven days he had to give it up as the idea was gone with his wind.

WHERE DO YOU CAST BALLOT?

Maybe it's a pretty foolish question to ask, but do you really know where you vote?

In view of the fact that several candidates in recent years have asked The Times exactly how the commissioners' and weighers' and justice precincts are divided, the following table of voting boxes is given:

Commissioners' Precinct 1—Northeast Snyder, Cottonwood, Ennis Creek, Camp Springs, Lloyd Mountain.

Commissioners' Precinct 2—Dermott, Fluvanna, Turner, Bethel, Arah, Northwest Snyder.

Commissioners' Precinct 3—Bison, Ira, Canyon, County Line, Southwest Snyder, Crowder.

Commissioners' Precinct 4—China Grove, Dunn, Lone Wolf, Pyron, Hermleigh, Southeast Snyder.

Justice Precinct 1 (justice of the peace and constable)—Northeast Snyder, Cottonwood, Ennis Creek, Bison, Bethel, Camp Springs, Canyon, Lloyd Mountain, Northwest Snyder, County Line, Southeast Snyder, Southwest Snyder, Crowder.

Weighers' Precinct 1—Northeast Snyder, Cottonwood, Ennis Creek, Turner, Bison, Ira, Bethel, Dunn, Camp Springs, Canyon, Lloyd Mountain, Northwest Snyder, County Line, Southeast Snyder, Southwest Snyder, Crowder.

Weighers' Precinct 2—Dermott, Fluvanna, Arah.

Weighers' Precinct 4—China Grove, Lone Wolf, Hermleigh.

County's Voting Strength Passes 2,558, All Told

Voters of Scurry County paid 2,558 poll taxes for the privilege of voting this year. And most of them consider the primary the most important election in which they will cast ballots.

strength of votes in Snyder and outside of Snyder, however, for several hundred persons who vote in the Snyder boxes are farmers who live outside the city limits.

And the number of poll taxes paid does not indicate the number who will vote in Saturday's election. By adding "overs" and "unders," it is found that the total voting strength of the county is between 3,000 and 3,100, based on proportions in recent years.

In order, the poll taxes paid by the 23 voting precincts are given in the table below. If you wish to determine the approximate number of votes that will be cast in each box, on the average, add 20 per cent to take care of "overs" and "unders."

Here Is 1936 Election Story from Times

HEAVY VOTING ON ALL RACES

Here is your first primary story for the election July 25, 1936, from The Times of July 30, 1936:

Clyde Thomas led in the sheriff's race practically all the way Saturday night, and J. A. Woodfin pulled ahead of S. H. Newman, present sheriff, for the runoff position in the county's most interesting election.

Thomas won in nine boxes, Newman won five and split one with Bishop, Woodfin and Wills each won three, and Ellerd won in two.

In the only other county race requiring a runoff, Chas. J. Lewis led Mattie B. Trimble, incumbent, 1,312 to 1,172, with Ben F. Thorpe trailing with 610 votes.

Other county winners and total votes in county races made official after a canvass by the county Democratic executive committee Tuesday, are:

County Results.

District Clerk—J. P. Billingsley 1,844, Mary Maude Akers 1,162.

County Judge—H. J. Brice 1,940, Guy E. Casey 1,092.

County Attorney—Sterling Williams 1,961, R. W. Webb 1,036.

County Tax Assessor-Collector—Bernard Longbotham 2,549, M. W. Bavousett 508.

Saturday's election polled one of the heaviest votes in the county's history, about 3,200. B. F. Robinson, county surveyor, running without opposition, polled the highest vote of any county candidate, 3,102.

The county gave its "sons" who were in state politics a hefty majority. Pat Bullock, candidate for state superintendent, polled 2,178 to Woods' 832. Charley Lockhart, state

treasurer, garnered 2,462 against 454 for both his opponents.

In the comptroller's race, George H. Sheppard of Sweetwater was given a lead of 2,076 to 402 for both opponents. William H. McDonald of Eastland led John W. Harkins, 1,824 to 763. Cliff Day of Hale County was given 1,133 votes against 1,491 for his three opponents.

Winning narrowly in Mitchell and Scurry Counties and by safer margins in Nolan and Borden, District Attorney George W. Outlaw was returned to the post for a second term. Unofficial returns gave Outlaw 5,590, Zollie C. Steakley 4,681, a lead of 909 votes.

Complete returns compiled in the state representative's race gave C. L. Harris of Dickens County a wide lead, placing Leonard Westfall, incumbent, barely in the lead over Joe A. Merritt for the runoff. Figures are as follows: Harris 3,400, Westfall 2,761, Merritt 2,696, and W. A. Craddock of Dickens County 954.

Voting in Scurry County, complete, in the representative race reads as follows: Merritt 1,464, Harris 636, Westfall 619, Craddock 82.

Congressman George Mahon of Colorado was returned to Washington in Saturday's primary by a margin of about three to one. His lone opponent, E. B. Speck, Townsend plan candidate from Lubbock, was behind in every county of the 19th District, and trailed by as high as seven to one in some localities.

State Senator Wilbourne B. Collier returned to his post for a second four-year term with the necessity of a runoff, returns gathered unofficially giving him a lead of 2,881 votes over both his opponents, Harry Tom King of Abilene and Y. L. Thompson of Haskell.

Following the procedure prescribed by election laws, the county Democratic executive committee prescribed by election laws, the county

PARTIES SEEK YOUNG VOTERS

Republican campaign managers are making spirited efforts to win for the November elections a majority of the 2,500,000 new voters who have become of age since the 1936 campaign.

The Young Democratic national organization is claiming a membership of 4,000,000, including many who have gone to the polls several times since they cast their first ballots. Two and a half million new voters every two years can be multiplied to five million every four years or to ten million every eight years, sums which may have a material bearing on the 1940 election.—Ft. Worth Star-Telegram.

Democratic executive committee Tuesday afternoon drew lots to determine that J. G. Landrum will enter the runoff race for county commissioner in Precinct 2 with J. E. Huffman, first place winner.

Official tabulations gave Landrum and Jean Sanders a tie for second place, with 108 votes each. Huffman led the ticket with 124 votes. Other totals in this race were: G. R. Faver, 67; J. E. Smith, 65; M. B. Noel, 51.

In Precinct 1, Forest Jones, incumbent, led the ticket with 260 votes. He will face Hubert Robison, with 201 votes, in the runoff. W. H. Grant polled 137 and Carney Popnoe garnered 90. E. M. Blackard was re-elected without opposition in Precinct 3. J. E. Hairston defeated H. E. Brock, incumbent, 564 to 443, in Precinct 4.

In the only other contested precinct race, Ather Chandler won over Buck Chandler, 951 to 599.

Candidate Relates Land Measurements In Texas and U. S.

One candidate for commissioner of the general land office is using a campaign card that presents Texas and U. S. land measurements on the reverse side.

Special U. S. land measures are listed as: The Gunter chain, 66 feet; 10 square chains, one acre.

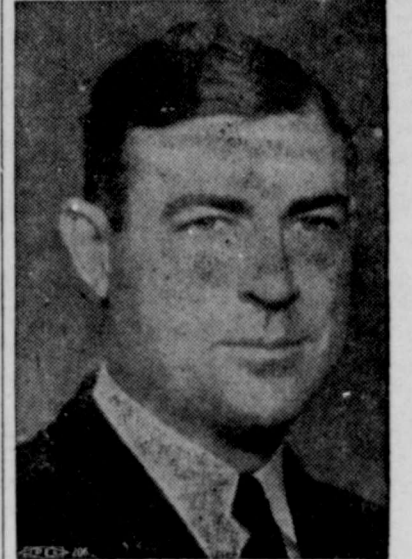

Texas land measure facts are as follows: Unit of measure, the vara, which is 33 1-3 inches; 36 varas equal 100 feet; 1,900.8 varas equal one mile, and one mile equals 5,280 feet; 5,645.4 square varas equal one acre, or 43,560 square feet.

One league equals 5,000 varas square equals 4,428.4 acres equals 13,889 feet square; one labor equals 1,000 varas square equals 177.1 acres equal 2,773 feet square; 1,900.8 varas square equals 640 acres equals 5,280 square feet; 1,344 varas square equals 320 acres equals 3,733 feet square; 950.4 varas square equals 160 acres equals 2,640 feet square.

To reduce varas to feet, multiply by 100, then divide by 36; to reduce feet to varas, multiply by 36, then divide by 100; to reduce square varas to acres, multiply by 177, then divide by 1,000,000; to reduce square feet to acres, multiply by 23, then divide by 1,000,000.

**HARMONY

EFFICIENCY**

—We, the undersigned, urge the voters of Scurry County to vote for and actively support S. R. Le May of Henderson County for the office of State Superintendent on July 23.

—A recent report of the State Auditor's office reveals gross inefficiency in the present administration which Le May will eliminate. Where uncertainty and inefficiency now exist a definite economic and efficient program will be inaugurated by Le May.

—Le May proposes to restore harmony between the Department of Education and all existing school agencies. Le May proposes to eliminate the gross extravagance now rampant in the Department of Education, and substitute an economical administration.

—Le May is the best trained man in the race holding the B. S., B. A., M. A., LL. B. and Ph. D. Degrees. Le May is opposed to the political machine built up by the present incumbent through his numerous so-called deputies and supervisors, who spend their time campaigning at the taxpayer's expense (each of them drawing handsome salaries, five cents per mile on their cars and \$4 per day for expenses out of the taxpayer's money while campaigning for their political boss).

—Cost of the administration of the Department of Education has increased from \$90,000.00 per year to \$265,000.00 per year under the present incumbent, who is asking for a fourth term on his record of economy (see State Auditor's Report for 1938).

People's Choice This Summer to be The State's 33rd or 34th Governor

The man that Texas elects governor this year will be the 33rd individual to hold that post—or possibly the 34th.

He will be the 33rd if James V. Allred finishes his present term. But if the governor resigns before January 1, allowing Walter Woodul to serve for awhile, the electee will be the 34th.

It was not Sam Houston who served as Texas' first governor. He was first president, and did later serve as governor—the seventh in line.

The complete list of governors follows:

- J. Pinckney Henderson, February 19, 1846 to December 21, 1847.
- George T. Wood, December 21, 1847 to December 21, 1849.
- P. Hansborough Bell, December 21, 1849 to November 23, 1853.
- J. W. Henderson (advancing from lieutenant-governor), November 23, 1853 to December 21, 1853.
- Elisha M. Pease, December 21, 1853 to December 21, 1857.
- Hardin R. Runnels, December 21, 1857, to December 21, 1859.
- Sam Houston, December 21, 1859 until he resigned because of the state's secession March 16, 1861.
- Edward Clark (lieutenant governor succeeding Houston), March 16, 1861 to November 7, 1861.
- Francis R. Lubbock, November 7,

1861 until November 5, 1863, when he resigned to enter the Confederate army.

Pendleton Murrah, November 5, 1863 until his administration was terminated by the fall of the Confederacy June 17, 1865.

Andrew J. Hamilton, provisional governor, June 17, 1865 to August 9, 1866.

James W. Throckmorton, August 9, 1866 to August 8, 1867.

Elisha M. Pease, appointed July 30, 1867 under martial law, August 8, 1867 to September 30, 1869.

Edmund J. Davis, appointed provisional after being elected January 8, 1870 to January 15, 1874.

Richard Coke, January 15, 1874 until he resigned to enter senate December 1, 1876.

Richard B. Hubbard (as lieutenant governor succeeding Coke), December 1, 1876 to January 21, 1879.

Oran M. Roberts, January 16, 1883 to January 18, 1887.

Lawrence Sullivan Ross, January 18, 1887 to January 20, 1891.

James Stephen Hogg, January 20, 1891 to January 15, 1895.

Charles A. Culberson, January 15, 1895 to January 17, 1899.

Joseph D. Sayers, January 17, 1899 to January 20, 1903.

S. W. T. Lanham, January 20, 1903 to January 15, 1907.

Election Bureau Is Meeting State Need To Collect Returns

Folks who do not understand operation of the Texas Election Bureau consider it marvelous that returns can be gathered so completely within a few hours after the polls close, that a race is seldom in doubt by the time voters wake up Sunday morning.

The Texas Election Bureau is a cooperative agency for gathering unofficial Texas election returns, arranged primarily by the newspapers of Texas because of the slowness of gathering official returns. Unless races are very close, candidates accept results gathered by the bureau as the decisive report of the various races.

Headquarters are in the Dallas News Building. R. L. Johnson is manager and George Waverly Briggs is treasurer. Directors are: J. Newell Johnston, Sherman Democrat; John E. King, chairman, The Dallas News; Allen Merriam, secretary, Dallas Times-Herald; James R. Record, Ft. Worth Star-Telegram; William C. Repass, Houston Chronicle.

The Times is not a member of the bureau, only the larger papers having actual memberships. But the organization sends out returns to smaller papers for a set fee, which The Times pays, plus Western Union tolls. The Times, in turn, gathers state and district returns from Scurry and Borden Counties for the Texas Election Bureau.
