"YOUR HOME COUNTY PAPER"

VOLUME 51 NUMBER 11

SNYDER, TEXAS, NOVEMBER 3 THURSDAY AFTERNOON 3 NINETEEN HUNDRED AND THIRTY-EIGHT

ISSUE NUMBER 22

SCHOOL WORK MUST BEGIN IN THREE WEEKS

Demolition and Foundation Bids to Be Opened November 17; Seven-Day Deadline

Snyder's school plant, virtually destroyed by fire last spring, is set for rebuilding before next school year.

Bids for demolition of the fire-gutted structure and for building of the new building's foundation will be opened and the contract let Thursday, November 17.

Actual work must then start not later than Thursday, November 24. Contract for the new building will be let before the preliminary work is completed, PWA officials have advised.

Ready by September 15. September 15, 1939, has been set as the final completion date.

The first contract is to be completed in 90 calendar days, or about mid-January.

The total PWA grant, made last month, was for \$65,554.45 per cent of the total construction and equipment cost. Equipment, to cost about \$14,000, will be contracted at the time the super-structure contract is let.

Bidders' Notice in Paper. Advertisement for bids is published in full in this issue of The Times, and wages of various workmen may be learned from reading it on page seven.

A paragraph was inserted in contract specifications that called for use of local labor, where possible, and preference for local services of other natures, including insurance. PWA rulings prevented this specification, however, as indicated in the following letter to Secretary A. C. Preullitt from S. B. Haynes, one of the local board's architects.

Pyron Barely Licks Blackwell, 14 to 12

Pyron maintained his average standing in Class C circles Friday afternoon on the Pyron field by defeating Blackwell, 14 to 12. A drop kick from the toe of Quarterback Price after Pyron's second touchdown was the margin of victory.

Blackwell's big fullback passed for 30 yards and a touchdown in the first quarter, which gave the Nolan Countians the lead until Price tallied in the third period on an end run. Miller made the second Pyron touch in the fourth quarter on an eight-yard end run after a long pass. Price to Schatell, put the ball in scoring position. Blackwell's last tally came late in the last quarter.

IVISON REBUILDS

ELECTION DAY NEXT TUESDAY FACES VOTERS

Lightweight Ballot Contrasts With Full House Offered in 1936; "Vote" Says Preullitt

A full Democratic ticket, plus a partial ticket for other parties, will greet county voters next Tuesday, which is general election day. Election supplies have already been distributed by the Commissioners Court.

They're calling all Democratic voters out next Tuesday," County Democratic Chairman A. C. Preullitt stated Wednesday. "Besides helping support the Democratic party, a good vote Tuesday will revert to this county, since delegates to the state Democratic convention in 1940 will be based on the number of ballots cast in the general election."

A full state, district and county Democratic ticket; Republican candidates for state and one county (E. J. Anderson for county chairman) offices; and a few state candidates on the Socialist and Communist columns will face voters.

Hermleigh Wallops Colorado's Juniors

The Jackrabbits of Colorado Junior High School were thoroughly walloped by the Hermleigh football squad Friday afternoon at Colorado, 52-0.

All the Hermleigh boys played during the rout, but it was the starting backfield that did most of the touchdown damage. Longbotham tallying five, Layman, Casey and Anderson one each. Vaughn at tackle, Spikes at center and Hale at right end also looked good for the visitors.

Hermleigh plays Roscoe a second game Friday afternoon of this week at Roscoe, then meets Pflugerville November 11 during the Hermleigh exiles' homecoming celebration.

About 20,000 Bales Ginned Before Rain

A steady climb in ginnings during the last week caused county ginnings to hover near the 20,000 mark early Wednesday night, as farmers continued to bring in the fleecy staple.

Snyder's five gins had turned out 10,300 bales up to 5:30 o'clock Wednesday afternoon. A steady, driving rain Wednesday night will slow ginning up considerably the rest of the week.

OWLS-TIGERS MIX IT FRIDAY ON LOCAL GRID

Dunn's Fast Class C Eleven Meets Snyder's Improved Class B Powerhouse Boys

The football "natural for which the fans have been clamoring will come to pass on Tiger Field Friday night, 7:30 o'clock. It will be Dunn Owls against Snyder Tigers.

When Dunn whipped Pflugerville by a two-touchdown margin recently, to cry immediately started for the Owls and Tigers to match punts, passes and plunges. Thus, the Friday night affair, the first regular meeting between Snyder and a Scurry County Class C squad, will probably attract a capacity crowd.

Dunn Won Early. In an early-season session one afternoon on Tiger Field, the visiting Owls roundly outplayed the local boys.

After that, until two weeks ago, the Dunnsters won victory after victory, including an easy win over Loraine, 1937 champion of District G-B. Snyder, on the other hand, lost five games in succession, finally breaking into the win column in their last two games with Loraine and Merkel.

Coaches Red Hill and Glen Berry of the local eleven plan to leave their seniors out of the Friday night mix-up—not, they hasten to say, because they are confident of a win without their upper classmen, or with them either, but because they want to give the under-classes a chance to strut their stuff.

The Tigers this month have added a fast back to their line-up Truman Pherigo, who is expected to give the fast-working Dunn ends some Friday night trouble.

Tigers Win No. 2

The Tigers won their second conference game—and their second game of the season—Friday afternoon by whipping the Merkel Badgers, 14-6. Two blocked punts led to the Snyder scores, Captain Hargrave making the first tally after Riley did the blocking, and Shie's plunging across for the second tally following a partially blocked punt. Merkel, using mostly line plays, scored in the third quarter on their only serious scoring threat, although her Badgers gained much midfield yardage.

Sale of Poppies Saturday Honors Dead and Living

When the sale of red poppies begins Saturday morning at convenient locations around the square, it will mean the American Legion Auxiliary is again taking the lead in honoring the World War dead and contributing to the welfare of the living.

For the thousands of disabled veterans who have been making poppies the past three months, it will probably mean the last red flowers left in their hearts. For the annual poppy sale means a livelihood for good soldiers who must carry on today without legs and arms in many instances.

"My message is remembrance," says Sara E. Faber of poppy day, "the words that I would say: 'Let us forget, please buy and wear, the bloom of poppy day.'"

Whether you contribute a dime or a dollar, be sure to include poppies on your Saturday want list. The symbolic poppy will not only give you a sense of patriotic help, but will lift a load the disabled war buddies who carry on cannot bear by themselves.

OFFICIAL TEST FOR OIL TODAY

An official potential test of Coffield & Guthrie No. 1 Spears & Brownfield is being made today (Thursday), and is due to be completed late this afternoon. Oil scouts and lease brokers are anxiously awaiting test data.

The reported depth early Thursday morning of the W. L. Callahan-First National Bank No. 1—a diagonal offset to Spears and Brownfield No. 1—was slightly below 600 feet. Casing is being set on the Callahan test, and operations are progressing nicely.

Negro Women's Knives Hold City At Bay Tuesday

Elmo Hammit, operator of the Gulf Filling Station just west of the R. S. & P. tracks, had his wallet, containing \$35, "lifted" by two negro women about 7:15 o'clock Tuesday night.

Hammit, who gave immediate chase, soon attracted attention, local officers Earl Strawn, Pop Galvan, and Tom Deshazo joining in the chase.

As the quickly formed posse followed the strange negro women who had just "blown" into town across the business district, complications arose, which was due to possession of rusty "bear knives" by the hijackers.

In less than an hour after the wallet lifting, both negro women were locked securely in the county jail, with the \$35 returned to the original owner.

Average Turkey Crop and Prices Seen for County

Reports from county turkey growers early this week provide a hearty second to information gathered by Snyder's poultry houses to the effect quality of Scurry County birds is above that of last year.

Snyder's five poultry houses will start buying turkeys for the Thanksgiving market the first week in November, market reports indicate.

Information gathered late last week by the U. S. Department of Agriculture gives a summary of this year's turkey crop, with the notation Texas birds are in better trim than this time last year.

It is pointed out, however, the Texas turkey crop does not yet come up to quite the quality of birds grown in the North and East.

Less turkeys are on cold storage this fall, which is an encouraging factor. Thanksgiving prices will doubtless be in the neighborhood of last year's prices.

Superintendent for Perry Bros. Visitor

Roy Spears of Lufkin, general superintendent of the Perry Brothers group of 72 stores, and I. W. South of Stamford, district superintendent, were visitors in the local store Wednesday morning with Manager Clyde Murray and his associates.

RED CROSS TO BEGIN SOON ON 1938 ROLL CALL

New Local Chairman Sam Nations Says Prospects Are Bright for Large County Enrollment

"A larger Red Cross membership that is more in proportion to the population of Texas is necessary for expansion of services within Texas during the coming year," Sam O. Nations, County Roll Call Chairman, stated Tuesday.

Nations, who plans an extensive membership drive, says "prospects for a larger Scurry County Red Cross enrollment this year are brighter."

Mrs. Carrie Line, chairman of the Scurry County chapter, give some definite reasons why Red Cross membership is out of proportion to help received.

"Our county has received many benefits from the Red Cross in the past 10 years," Mrs. Line further stated, "but county membership in the Red Cross has been small the last few years. Texas Red Cross membership now represents 2.9 per cent of the population, while National enrollment has risen to 4.38 per cent."

All county chairmen are expressing confidence that an increase of more than 50,000 members will result when the 239 Texas chapters start the annual Roll Call.

The membership drive will start Tuesday, November 15, and last through Thanksgiving.

In the 1937 roll call, 172,067 Texans were enrolled, which was an increase of 36,000 over the preceding year. Local chapters are dependent upon membership enrolled for volunteers, as well as disaster and other funds.

"National fund allotments of the Red Cross," Mrs. Line said, "always reverts back to the individual communities. Since the latter part of 1935 the National organization has made \$253,773 available to supplement the \$172,148 raised in Texas for emergency and rehabilitation work."

"During the first nine months of 1938 the Red Cross assisted 3,029 Texas families, which included 13,000 persons who suffered flood and tornado losses. The National chapter contributed \$120 for every dollar raised in Texas for relief work."

It is the Nation-wide aspect of the Red Cross that makes it possible to render immediate and effective aid to communities stricken by major disasters, such as the recent New England hurricane and last year's Mississippi floods.

"Texans," the Saint Louis Red Cross headquarters states, "have shown willingness to assume responsibility when disasters have occurred, and have worked through the Red Cross in contributing when major disasters have occurred. Assistance given last year when the San Saba River got on a rampage was a case in point."

Lloyd Mountain Set For Friday Supper

A combination box and pie supper will be sponsored by the Lloyd Mountain School Friday night to raise funds for purchasing necessary equipment incident to standardization.

A brief, snappy program of play and song will begin at 7:00 o'clock, featuring a one-act play and novelty stunts. The public is cordially invited to the supper fest, with plenty of eats promised for auctioning.

AREA FARM MEET.

J. H. Jean, county agricultural chairman, Perry Echols, C. B. Thompson Sr., Ben Brooks, Luke Ballard, county agent, Edward S. Hyman, assistant, Mrs. Guy Stoker member county home demonstration council, and Estella Rabel, home demonstration agent, were in Big Spring Wednesday and Thursday attending a district AAA and home demonstration agent meet.

"WELCOME TO SNYDER" NOW ONE YEAR OLD

The "well done" phrase was being applied this week to the "Welcome to Snyder" Association by 40 or more local merchants who joined the organization exactly a year ago.

Through Mrs. Roy Stokes, official welcome, the group of merchants has said "Howdy!" to several dozen families and single persons that have moved to Snyder during the past 12 months. Letters, business cards, special "welcome" merchandising orders and personal contacts have been among the salutations extended by Mrs. Stokes. She has also sent special letters to out-of-county patients in local hospitals.

Two families and eight other persons were greeted during October, as follows: Mr. and Mrs. Ellison Carson, Mr. and Mrs. E. W. Graves, Mrs. Nellie Hudnall, Mrs. Hazel Wright, Mrs. C. Titus; Misses Melba Parchman, Jeanette Snider and Frances Henderson; Thomas Wright, George Brown.

RAINFALL HITS MOST OF AREA

A drenching rain that at times amounted to a downpour in sectors gave Scurry County from 71 of an inch precipitation to 78 of an inch in the northern part of the county Wednesday night.

Mrs. Perkins' 22 Rifle Kills Pair Grown Coyotes

A 22 rifle in the hands of Mrs. Bessie Perkins of Dermott several days ago brought death to two full-grown coyotes that were scampering at full speed. Mrs. Perkins was shooting from a pick-up driven in her pasture by Joe Seago.

It was a real thrill for the former Oklahoma woman, who purchased the Allen Ranch on the edge of Dermott last year. Mrs. Perkins has had several such thrilling experiences since she moved to West Texas, and says she is thoroughly enjoying life in this area.

COUNTY FARM INCOME GIVES EDGE IN AREA

Although early year hail and drought, washouts and scant moisture periods have given Scurry County a patchwork agricultural outlook, indications are that county farm and ranch income will total more than \$3,000,000 this year.

Figures obtained from Luke Ballard, county agent, and Edward S. Hyman, assistant county agent, show that 1938 AAA payments will total \$318,000.

Scurry County is not usually considered in the grain belt, but showings made by shipment of 147 cars of wheat in 1937 and 109 cars in 1938 offer proof most of the county will grow grain for bread.

Of the 78,000 acres in cotton, a probable yield of 25,000 bales will mean \$1,000,000 for lint cotton and \$200,000 for cotton seed in county income.

A summary of the 1938 feed crop is interesting. Approximately 70,000 acres are in maize, kafir, and other grains; with 50,000 acres in cane. At \$8 and \$5, respectively, per acre, the 1938 feed crop has a value of \$810,000.

Sam Jones Accepts Place at Littlefield

Sam Jones, former J. C. Penny Company employee, left Sunday for Littlefield, where he assumed new duties Monday as assistant manager of the Perry Brothers store there.

Conceded to be one of the most modern stores in the Perry Brothers lineup, the Littlefield store has one of the largest employee staffs of any variety store in the Littlefield vicinity.

NEW FORD FRIDAY.

Earl Louder, local Ford dealer, said when he returned from Dallas last night that he will have some of the new 1939 Fords on display in his showrooms Friday. "They are beauties," he declared. "They are L. Alderman of Ft. Green, Florida; W. H. Stuart and J. K. Stuart, brothers, and G. W. Mann, Bartow, Florida."

Polk County, Florida, from which all of them come, produces about one-third of the state's citrus crop, in addition to its growing cattle herds. The four men are among the state's leading citrus-cattle producers.

Quite Southern in mannerisms and speech, the visitors are natives of Florida. Although their state is generally considered entirely different from most of the South because of its tourists and many Eastern inhabitants, the four men declared they are amonipure products of the Old South, along with the majority of folks in Florida.

Hermleigh Carnival Said to Be Best Yet

Monday night's Hermleigh School carnival was declared by people of the community to be the most successful ever held in the history of the school. More than \$200 was cleared on the affair, according to Superintendent E. L. Parr.

People of the community cooperated with the school in sponsoring the carnival at the school building Halloween night.

Climaxing the evening was the election of small Louis Rex, fifth grade student, as carnival queen over candidates from all other classes in school. Friends of the 11½ candidate brought in \$70 at the last minute to elect her to reign over the annual fun fest.

The WOMAN'S Page

Marriage Vows Said by Alta Bowers And Paul Cates Sunday Afternoon

Friends in Snyder are this week receiving announcements of the Sunday afternoon marriage of Alta Bowers, teacher in the local grade school, to Paul Cates of Falls. The ring ceremony was read by Rev. W. F. Ferguson, long-time friend of the bride's family, at his home in Slaton at 2:00 o'clock.

Attending were the bride's sister, Louise Bowers, Melba Ann Odum, Mr. and Mrs. H. S. Darby, and Mr. and Mrs. H. E. Doak of Snyder; Bonnie Gary, Lawrence McCrory, Mr. and Mrs. R. S. Epperson, Mr. and Mrs. S. M. Meeks and sons and R. B. Myles, Lubbock, Mr. and Mrs. Jack Bailey of Brownfield, Mrs. W. F. Ferguson and daughter, Marion.

For her marriage Mrs. Cates was dressed in a teal blue crepe dress with matching full-length coat, teal blue hat and other accessories of burgundy. She wore a shoulder corsage of white pom-pom crysanthemums tied with silver ribbon and a hand bouquet of tallman roses.

The bride's parents are Mr. and Mrs. Giles Bowers. She graduated from Snyder High School and in the summer of 1936 took her degree from Mary Hardin-Baylor College, Belton. At Baylor she served as president and vice president of the student body and held membership in the Junior Scholarship Society and the Royal Academic Literary Society at the school. She has taught six years in Scurry County schools, the last three in Snyder schools, where she will continue her work through the year.

The bridegroom is the son of Dr. W. R. Cates of Ackerly. He received his high school education at Lamesa and graduated from East Texas State Teachers College, Commerce, in 1932. Outstanding honors received there included membership in Pi Kappa Delta fraternity, serving as grand chancellor of De Legibus, a pre-law fraternity, and secretary of the student council.

Cates' graduate work was done at Texas Technological College, Lubbock, in the field of archaeology and anthropology. Following his graduation, he was for several years with the statistical department of the government. He is now employed by R. B. Myles in the drilling division of the Humble Oil & Refining Company. He was stationed in Snyder several months.

Intermediates Are Guests at Party

Nearly 30 members and guests of the Intermediate League of the First Methodist Church were present in the church basement Friday night for a cleverly planned Halloween party.

They arrived in costume to be greeted by an icy fingered spook. Other features of entertainment included fortune telling by Gwen Gray, apple bobbing and various other Halloween games.

The Intermediate group is holding interesting Sunday evening meetings, with an average of 20 members present each Sunday.

Guest Artists Are Presented at Coterie

Guest day for the Musical Coterie, Snyder's only women's music study club, featured a violin-piano program presented by guest artists. Coterie members invited guests to the First Presbyterian Church last Thursday afternoon for the musicale and for tea.

The guest artists were Virginia Belle Gambell of Lubbock, pianist, and Margaret McClure of Sweetwater, violinist. Out flowers formed a lovely setting for the musicians.

Mrs. W. C. Hooks, president of the local club, extended greetings and introduced the artists. Both girls gave several numbers, Miss McClure accompanied by her mother, who was a guest for the affair. Mrs. A. N. Gambell, mother of the Lubbock pianist, was also present.

At the close of the program the group was invited into the church parlors, where they were served refreshments from a flower decorated tea table by Musical Coterie members.

MARRIED SATURDAY.

Miss Lois Marie Chaney, who has been attending Snyder High School, and Mr. Frank Briles of Post, formerly of Snyder, were married Saturday evening, 8:30 o'clock, at the Presbyterian manse by Rev. James E. Spivey. They were accompanied by the bride's brother and a friend. The newlyweds will make their home near Post.

SPOTLIGHT ON THROAT.

"Beauty stems from a proud young throat, and the spotlight is on your throat this fall," says special promotion advertising for Charles of the Ritz throat cream this week. Throats are more in the spotlight than ever before, because style emphasis is placed on necklines. Ritz throat cream is the foundation for a good throat treatment that will work wonders. Special promotion prices are being placed on the cream all next week by J. H. Sears & Company.

Less Monthly Discomfort

Many women, who formerly suffered from a weak, run-down condition as a result of poor assimilation of food, say they benefited by taking CARDUI, a special medicine for women. They found it helped to increase the appetite and improve digestion, thereby bringing them more strength from their food.

Naturally there is less discomfort at monthly periods when a system has been strengthened and the various functions restored and regulated. Cardui, prated by thousands of women, is well worth a trial. Of course, if not benefited, consult a physician.

TOP CARNIVAL UNREELLED FOR LARGE CROWD

Colorful Parade Sets Off Monday Hallow'en Fete; Sponsoring P.-T. A. Nets Profit

"The best annual P.-T. A. carnival ever staged in Snyder," was the unanimous verdict rendered by 1,500 people who followed the parade of spooks, witches and funsters from the time they circled the square in a colorful parade at 5:30 o'clock Monday afternoon to the time even the bingo games closed at the fair grounds.

When the curtain of night wore flims to a Monday evening filled with enjoyment and pleasure, a total of \$166.48 had been made in one of the most carefully planned Hallow'en carnivals yet staged by the Snyder P.-T. A.

Prizes awarded for the cleverest and best in the parade around the square, which was led by the Tiger Band and its drum major, Lela Gay Hartman, went to the following: Best decorated bicycle—first, Jean Davies and second, Lewis Gore; best pet, a Scottie pup owned by Gerald Heintzmann; cleverest costume, Estella Wilson (dressed as witch); and the smallest girl, Little Miss Burdett, who was downright cute.

Charles Wade, who was dressed as a white rabbit, copped the prize for animal costume. A fishing booth poster which was made by Dorothy Strayhorn room, was judged the best, with Eleanor Erwin given the title of cleverest clown.

The Parent-Teacher Association received 10 per cent of amounts taken in by other booths besides the P.-T. A. booth and queen coronation. The Parent-Teacher Association wishes to thank the judges, teachers, rooms, Snyder merchants who made the carnival possible, and the public for the splendid cooperation shown at this, the P.-T. A.'s most successful annual carnival to date.

TRIBUTE FEED FOR "TEXACO" GAY McGLAUN

Texas Company Officials Here to Help Local Agent Celebrate Silver Anniversary

Gay McLaughlin and "Texaco" have become synonymous in the minds of many Scurry County folks. The Texas Company, Gay's agents and a few other friends recognized the veteran commission agent's services Friday night at the Manhattan Hotel. They gave a big banquet for the business man and civic leader—a banquet that came at the close of 25 consecutive years as local Texas Company agent.

After a program of food, entertainment and speech-making, one of the company's oldest agents in point of service was called before the "court." L. A. Chapman was judge and Foy Wade was the arresting officer. Both men are local Texas Company dealers.

Gay Pleads Guilty. "You are charged," the judge quoth slowly, "with selling Texas Company products for 25 years. Guilty or not guilty?"

Said Gay, "Guilty, your honor." "This court finds you guilty, and hereby sentences you to 25 more years of service with the Texas Company," decreed the court. "And, to keep your body and heart warm during the coming winter, we decree that you must wear the contents of this package."

Whereupon, the judge unwrapped a brand-new overcoat, gift to the veteran agent from his retail dealers in this territory.

In addition to several dealers and their wives, a few friends, Alfred McLaughlin, who is associated with his father in the local agency, Mrs. McLaughlin, and a group of entertainers presented by Mr. and Mrs. Hilton Lambert, the banquet guest list included:

Texas Officials Attend. W. H. Noble, Dallas, former district manager, now assistant to the territorial manager of the Southern states; L. M. Green, Dallas, district manager of an area that includes Oklahoma, New Mexico and the northern half of Texas; H. A. Turner, zone manager, Abilene; A. B. Hubbard, zone manager, Lubbock.

One Cent Sale Goes Through This Week

Stinson No. 1 is joining the parade of Rexall dealers this week in sponsoring a Wednesday through Saturday one cent sale. The idea of selling two regular first line Rexall articles for the price of one, plus one cent, originated with Rexall dealers.

People in the trade territory are reminded that numerous articles of first class Rexall products can be purchased at a great saving during this good will sale that is annually offered by local Rexall dealers.

A correction of ribbon winners in the registered whiteface Hereford division. Products show, reveals that Raymond Lloyd placed second with cows over two years, and second with cows under two years.

R. B. Leach, Abilene's commission agent. Noble, who has been with the Texas Company 29 years, commended McLaughlin for the outstanding record he has made, and recalled some of his early experiences in coming to Snyder.

"You had a one-horse wagon in those early days," the "daddy" of many present Texas Company employees recalled. "And your principal products were kerosene and axle grease. Along about that time our state manager had so much gasoline and distillate on hand that he ordered it dumped in the Gulf—for there was little demand for either fuel."

Other visitors also spoke briefly. The entertainment program presented by pupils of Mrs. Lambert was highly commended by the visitors. At the conclusion of the program, Dealer Chapman led the group in singing "The Men of Texaco Are With You."

Powerful Plowboy Outfit Whips Owls

Roscoe's powerful Plowboys, ineligible to compete in District 6-B this year, proved again Friday afternoon at Dunn that they would have made matters tough for even Rotan and Colorado had they remained in the playoff.

They tromped over Dunn Owls, 26-0, with a combination of power and passes and airtight defense. The Owls threatened several times, plowing to the two-yard line in the third quarter, but they could never dig into pay dirt. Johnston and Martin, as usual, stood out for Dunn, but the Owl line as a whole just couldn't stand the gaff.

On the previous week-end, Dunn won from Coahoma, 33-0, using much of their second team. The Owls play Snyder here Friday night of this week.

Gets the Job Done!

First Baptist Church

Since October 23 I have been here in Albuquerque holding a revival meeting at the First Baptist Church. The meeting has been going rather slow, but I'm surely enjoying the New Mexican sunshine. Expect to be home late Friday, and will be in the pulpit for both morning and evening services Sunday. I'm looking forward to getting back.—Ira Harrison, pastor.

A. J. Carnes, 3011 Avenue U, was in Fort Worth Wednesday morning to attend the funeral of his son-in-law, W. R. Phenix, who died there Monday night after a lengthy illness. Funeral services for W. R. Phenix were held at the family home at 10:00 o'clock Wednesday morning.

Slight damage was done Saturday morning when Snyder Volunteer Fire Department answered a call to Robinson's Dairy at 10:00 o'clock. Explosion of a small upright boiler hustled the fire boys out, but prompt fire department action saved part of the boiler room.

Mrs. C. Karnes of Hermleigh Dies in Roscoe This Week

Funeral services for Mrs. C. Karnes, long time Hermleigh resident who died in a Roscoe hospital Sunday night at 8:00 o'clock, were held Monday afternoon at 3:00 o'clock at the Central Baptist Church, Hermleigh.

Rev. G. W. Parks of Roscoe conducted final rites. Mr. Karnes, who retired last year as R. S. & P. agent at Hermleigh, came to Hermleigh in 1907 and took over the railroad agency shortly thereafter, holding the job continuously until his retirement.

Funeral arrangements were in charge of Adams Funeral Home, Roscoe, with interment in Hermleigh Cemetery.

Long-Time Citizen Of Gail Succumbs

Death claimed T. A. Holly, 85-year-old Gail store keeper and a decade-long Borden County resident, Monday afternoon.

Mr. Holly, who was one of the oldest merchants in this territory, was born in 1853. Survivors include a daughter, Mrs. Arobel Stewart of Los Angeles, California.

Funeral services were conducted at the graveside Tuesday afternoon at 3:00 o'clock by Rev. Forest Huffman, pastor at Gail.

Funeral arrangements were in charge of Odum Funeral Home, with interment in Gail Cemetery.

Mrs. Sterling Williams and J. D. Mitchell are visiting in Hot Springs, Arkansas, spending several weeks with Mrs. Earl Wilson.

The Winston Sale

The Winston Brothers sale of Domino Return Herefords next week will be one of the most important events of the year in Scurry County. It will mean not only the bringing of tens of thousands of dollars into the community. Most important of all, it will be another of the many milestones that have put the Winston Herefords in the forefront of the Hereford breeding industry.

Too, it will mean the bringing to Snyder of one of the most distinctive groups of cattlemen in the country. Hereford breeding has become a giant industry, and it has attracted the time, money and brains not only of many an old-time cowman but also of oil men, industrialists and business men.

Thus, the Winston sale will attract dozens of figures well known in the cattle business and in financial circles—figures from all parts of Texas and from several other states.

Few Scurry County people realize that the Winston Herefords are one of the largest and one of the most noteworthy herds of registered Herefords in Texas and the entire union. Harrie Winston and Wade Winston own much to the older herds on which their great Domino Return Herefords were founded. But their own efforts, directed along scientific breeding lines, are the power behind the throne, so to speak.

If you want to see a great Scurry County industry in thrilling operation, visit the Winston sale ring Wednesday of next week. The visit will give you some idea of the magnitude not only of the Winston's and Scurry County's Hereford breeding activities, but also of the nation-straddling business of making more and better beef—the ultimate purpose of scientific Hereford breeding.

First Monday Again

Mule-barn jockeys are not the only folks who are getting their trading clothes on in preparation for First Monday. Most Snyder merchants are doing the same thing, and some of the bargains they offer will make it worth while for any shopper to travel many a mile.

It will be First Monday Dollar Day—the second event of its kind held in Snyder this fall. The October event attracted hundreds of extra folks to Snyder, and left not only shoppers but merchants as well satisfied that the combination event once a month is worth plenty of time, effort and merchandising.

There's another attraction, too. The Times is offering \$5 in cash again for the two subscribers who find the most misspelled words in the First Monday Dollar Day ads in this issue. A few minutes of word-finding meant \$3 to a Hermleigh woman and \$2 to a Snyder woman the First Monday in October. Come to Snyder for First Monday Dollar Day! It will save you money on merchandise you want and need for the cold winter months ahead!

Plainly Speaking

President Roosevelt has again proven that he and his cabinet associates are equal to Europeans matters when it comes to striking at the right time and place in international affairs. Many of the president's domestic programs, generally herded under the New Deal title, have brought down the wrath of the people upon his reform-seeking shoulders. But his international utterances and actions, climaxed by his historic warning to European dictators last week, have placed him on a par with the greatest of the United States' diplomats.

Editorial of the Week

SOUTH AMERICA LEARNS

South America has accomplished what Europe could not do. It has peacefully adjusted its most troublesome boundary dispute, a dispute as acrid as any Europe has seen. It has adjusted it in a simple, civilized manner.

Europe, boasting of itself as the center-point of civilization, may well watch this example in wonder and envy, for Europe has been able to do no better than arm to the teeth, glower, and adjust Czechoslovakia's boundaries by pressures that were scarcely less a war than if fighting had really begun. Nothing has been really settled. Czechoslovakia is dismembered, resentful, helpless. No party to this sacrifice for peace is satisfied that justice has been done, or that lasting peace has been achieved.

Yet in South America the century-old dispute between Bolivia and Paraguay over the Grain Chaco territory has been laid to rest forever.

The presidents of Argentina, Brazil, Chile, the United States, Peru and Uruguay have sealed four years of difficult peace negotiations by delineating the boundary between the countries. During the next two years it will be finally surveyed and marked, while troops of both countries are kept away from the new frontier.

Natural recognition of the futility of all this by the people of both countries was aided by kindly and impartial offers of other South American countries to mediate. The Pan-American Peace Conference at Montevideo helped. The patient, tactful services of American diplomats, Spruille Braden in Colombia and Alexander Weddell in Argentina, helped.

It is doubtful if American diplomacy can show anything more to its credit in many years than this victory of peace.—Del Rio Evening News.

Current Comment

By LEON GUINN

Sunday afternoon's program of gospel song at Canyon proves conclusively that singing conventions in Scurry County are again coming into their own as really worthwhile institutions; living institutions that make for better communities and more spiritual people. Lest oversight creep in unawares, let's give three cheers for the Snyder people who have been attending local singing conventions recently in increasing numbers.

About the choicest find of the month is an article in The Reader's Digest on Albert Einstein, with the notation it is "condensed from The Nation." Only hitch is that the article is exactly 468 words longer than The Nation print. The explanation, of course, is that both magazines had the article at the same time, with press deadlines within a few days of each other. Editors of The Nation weeded the story down more than they first stated, however.

Although one will hear a great deal in the near future about a new ginger ale containing Vitamin B-1, a substance which confirmed drinkers are supposed to be minus in, don't believe too much about the pick upper. In truth, an impartial laboratory source indicates one would have to guzzle down two gallons of ginger ale to replace lost vitamins after a big spree. Entirely too much ginger ale—usually the most lacking thing with heavy drinkers is common horse sense.

Historical scholars at Emory University, Atlanta, don't want too much said yet about a quartz stone found last year near the Chowan River in North Carolina, signed "E.W.D." This, plus a 17-line inscription, is supposed to reveal the fate of Sir Walter Raleigh's Lost Roanoke Colony, a colony that was abandoned for three years when the Spanish Armada tied up British shipping, and a colony that had completely disappeared when aid was forthcoming.

The initials "E.W.D." are assumedly those of Eleanor White Dare, mother of the first white child born in America (if you remember the old history paragraphs), and further study of the inscription leads one to believe all but seven of the 24 colonists were massacred by scalp hungry Indians; with the other seven having died a short time later.

Authenticity of the find has not been established at the moment, but the story as it is should be good copy in anybody's historical publication. Sir Walter Raleigh's Lost Colony, the unknown burial place of LaSalle, that famous "Lost San Saba Mine" in South Texas, and the actual amount of treasure buried by Jean La Pitte in the sands of Galveston Bay make up the elusive trail of history that makes the subject a living theme.

When fall turns to spring weather, and dying autumn leaves are kissed goodby by April mists, it's getting to be a pretty nice world after all (so far as weather is concerned). Not in a decade has Scurry County witnessed such lovely bright blue weather as we are having now; a type of natural phenomena when it does change. Farmers will have very little excuse this fall for not having all their feedstuff and cotton safely taken care of when frosty nights do hit.

Even from this distance, the preparations being made now for "de-sousing" machines at New York's World Fair next year seem to us a lot of downright hokey. These machines, which are sobering-up stations, use 90 per cent air and 10 per cent carbon dioxide to burn up in two hours, via an inhaler tube, all the alcohol guzzled by addicts during the night or day.

Hundreds of these sobering-up machines, costing \$50 each, are being built for the firewater brigade boys who just can't resist the bottle. It seems that common sense would make toddies and firewater unobtainable at the World's Fair, rather than machines to bring "sots" back to their senses after going on an expedition of liquid revelry.

It's in the Air!

The Times just can't refrain from calling attention to the fact that success is in the air for Scurry County.

It's easy enough to find dark shadows cast by below-average crops and below-average prices for farm and ranch products. But the silver lining is seen when one considers the human elements—the elements of cooperation, community pride and the desire to succeed in the face of setbacks.

These elements have never before been so prevalent in Scurry County. The Products Show success was due to these elements. So was the rodeo success, the county-wide public-works success, the Scurry County Chamber of Commerce success, and the success of carnivals, box suppers, plays, ball games and other such county offerings this year.

It's in the air! You can't keep a good county down when its folks get it into their noddles that they want to get the job done!

Responsibilities gravitate to the man who can shoulder them; power flows to the man who knows how.—Elbert Hubbard.

Collier and Moore To Training School

Morris Collier and Claude Moore of Graham & Martin, local tailoring firm, were in Fort Worth Sunday for a one-day short course training school given by the Dixie Supply Company. Demonstrations and lectures were held at the Cascade Laundry building.

Newest methods of cleaning and finishing were brought from the school by the two to the local plant, which keeps up-to-the-minute in such lines by taking advantage of learning these new methods. Collier and Moore were particularly interested in new ways of finishing velvets, knit suits and leather jackets.

DOUGHTY COMING.

W. E. (Billy) Doughty, who has been calling on the tailoring trade in this area for 30 years, will present a showing of new suitings at Graham & Martin Thursday and Saturday of next week.

Methodist Women Give Friday Supper

Woman's Missionary Society of the Union Methodist Church is observing the 60th anniversary of organized women's work in the church Friday night by sponsoring a community pie supper. Friends of other communities are also given a cordial invitation to attend.

A program has been prepared by Mrs. H. B. Patterson, president, and her helpers for the evening. Coffee, cake and pie will be served those who wish it. Women of the community are requested to bring pies. Proceeds from sale of the food will go toward painting the church.

LaFrances Hamilton, Johnny Watson of Sweetwater, J. B. Duvall and Bernard Williams of Abilene, all students in McMurry College, Abilene, were Sunday guests of Mrs. Hamilton's parents, Mr. and Mrs. W. W. Hamilton, of Snyder.
