HALF MILLION DOLLARS SEEN FOR HIGHWAYS

County Judge Williams Says Bond Issue Only Route If People Want Road System

Fully a half million dollars will be received from the state for completion of Highway 101 and complete rebuilding of Highway 15. County Judge Sterling Williams told a group of Scurry County citizens at a mass meeting in the district court room Tuesday afternoon.

Use of this amount of state and federal road money is dependent, he pointed out, on whether Scurry secures right-of-way for the two highways.

The state recently allocated \$200,000 to Highway 15 and enough to Highway 101 to complete the strip between Dunn and Mitchell County line.

"But of course that amount is less than half of what will ultimately be spent by the state in completing the two highways, for these figures include only grading, drainage structures and other preliminary work."

Judge Presents Facts.

In concise, understandable manner, the judge summarized the condition that faces the Commissioners Court by saying:

"The only way to get the money for the right-of-way, as we see it after several weeks of investigation, is with bonds voted by the people."

Declaring that the court wants to know the will of the people, Judge Williams said that if Scurry County really wants its highway system completed, the court would like to hear from all sections of the county. The court meets in regular session next Monday.

All right-of-way on Highway 15 from one edge of the county to the other, and remaining right-of-way on Highway 101, will cost not to exceed \$35,000, according to the court's estimate, Williams said.

Funding warrants, bearing interest at the rate of five to six per cent, were issued by the county in years past for right-of-way in connection with building of Highways 7, 15 and 101 through the county, Williams pointed out.

Possibility Offered.

If \$65,000 of these funding warrants, plus the estimated \$35,000 for new right-of-way, were lumped into one \$100,000 bond issue, of two series, the judge said, the county could save in two ways. First, interest rate would be scaled down at least one and one-half per cent on the old issues. Second, if the state takes up county right-of-way bonds throughout the state, as a proposal before the Legislature calls for, the entire \$100,000 in right-of-way bonds would probably be taken off Scurry County's shoulders.

Thus, if a bond issue of \$100,000 were passed by Scurry County, the increase in bonded indebtedness would be no more, and the interest rate on about \$65,000 in old bonds would be scaled down. So said the judge in his discussion.

No More Than Six Cents.

Increase in the county tax rate would be no more than six cents on the \$100 valuation, regardless of whether the \$35,000 issue or the \$100,000 issue were passed, in the opinion of the Commissioners Court. If the state were to take up the issue, the county rate would of course be reduced even lower than at present.

"The court has no plan or policy in the matter," Williams repeated. "By a process of elimination we have found that there is no other way by which to secure the money for buying the right-of-way. We will take no action until the will of the people has been made known to us."

Several points for discussion were brought out by persons in the crowd, including members of the Commissioners Court.

Birth Party

Shown in the above picture are C. P. Chandler, left, who celebrated his 80th birthday on Tuesday of this week, and Mrs. Chandler, who will be 70 years old in August. The two have lived in Scurry County 31 years.

EXPECT GRAND JURY TO MAKE REPORT TODAY

Three New Officers in Action for Initial Session of District Court This Year

Due to the amount of work at hand, the grand jury will probably not make its first report to District Judge A. S. Mauey until late this afternoon or some time Friday.

The spring term of district court opened Monday morning for three-week session.

A trio of new officials, district and county, are serving during their first local district court term. They are: Truett Barber, Colorado, district attorney; John Lynch, sheriff; and Ben F. Thorpe, county attorney.

W. R. Swalm, court reporter, was called to Temple early in the week to visit his wife, who is very ill. It was believed Wednesday that he will be back on the job late in the week.

Grand Jury Members.

Grand jury foreman is Holly Shuler. Other jury members are H. L. McMillan, Jesse Koonsman, O. J. Martin, J. R. Newman, Fred Sorrells, Jesse V. Jones, L. J. Smith, Schley Adams, Floyd Merket, Lewis Blackard and W. C. Hooks.

Criminal court procedure, usually set for the third district court week, has been changed, with the criminal docket slated to begin next Wednesday, March 29.

First case on docket next week is that of Jess Dixon vs. Maney Gault and B. E. McWilliams. Gault and McWilliams are Texas rangers.

The docket ahead.

The docket includes: First National Bank et al vs. A. E. and Willie Jo Henry. Case of Joe Nachling vs. Alton Sumruld has been dismissed.

W. H. Oberlechner et al vs. J. T. Browning will probably be heard today (Thursday). Iona Williamson et vir vs. Marcus Boyd has been set for April 3.

The damage suit of W. J. Ely vs. J. W. Leftwich has been set for April 5, on condition that all parties are present.

Four divorces have been granted so far this week, with seven more pending. Two divorce cases will probably be contested.

Fourth Birthday of Miller Body Works

Miller Body Works, northeast corner of the square, is observing this week its fourth birthday in Snyder. R. C. (Bud) Miller, owner, states a free wash ob will be included with each lubrication job from Saturday, March 25, through Saturday, April 1.

Miller Body Works handles Gulf gasolines and oils. Firestone tires, and is agent for Plymouth and Chrysler automobiles.

NEW AT BRYANT-LINK
Arice Jones assumed duties here this week as manager of the tractor and implement department for Bryant-Link Company, taking the place of P. D. Lambeth, who was recently appointed Bryant-Link manager at Jayton. Jones was associated with Bryant-Link eight years at Hamlin. His wife will move here in the near future.

LOCAL SCHOOL CORNER STONE PLACED TODAY

Grand Masonic Lodge of Texas to Officiate for Ceremony This (Thursday) Afternoon

Corner stone of Snyder's new school building is scheduled to be laid this (Thursday) afternoon, 2:30 o'clock, with the Grand Lodge of Texas, Masonic Order, in charge of the ceremony.

Dr. E. M. Wood of Anson, grand union warden, will be in charge for the Grand Lodge. Other state officials are also expected. Arrangements are being made by Scurry Lodge No. 706, A. F. & A. M.

The Snyder School Board will be present during the ceremony. John E. Sentell, member of the school board, and attorney for the City of Snyder, will represent these two local units on the speaking program.

Superintendent C. Wedgeworth will probably not be able to attend the service because of illness.

A. S. Mauey of Sweetwater, district judge, will speak briefly. All local grades will be dismissed for the ceremony. A number of townspeople and several out-of-town school people are also expected to be present.

Work has been moving forward rapidly on the building, which requires a large portion of the local plant that was destroyed by fire in early March of 1939. Brick work has gone up several feet, and electrical and plumbing contractors are keeping pace with Dunlap & Coughran, general contractors.

Discussing highway safety with pointed phrases and clearcut vigor, Commissioner Hines declared:

"We've got to do something about this matter of human slaughter on the highways. We must do it by observing the Golden Rule when we get behind the steering wheel."

(Read the full text of Mr. Hines' remarks on safety. It will be published in The Times next week).

Refers to Allocations.

Scurry County, final unimproved link in the Louisiana to New Mexico highway chain, was recently granted \$200,000 for improvement of Highway 15 throughout the county. Referring to this allocation and to the allocation for completion of Highway 101 through the county, the guest speaker said he rejoiced with citizens along the route over prospects of early closing of the East-West Highway gaps.

Commissioner Hines pointed out that during his four years on the commission, more than \$66,000,000 has been spent on West Texas highways by the state. He said he had been able to have large amounts allocated to this section of the state by convincing other sections that the tourist trade could not be brought to them except over West Texas roads.

Valuable Tourist Crop.

"Our Texas tourist crop," he said, "is worth more than our cotton crop—\$446,000,000 annually. Let's fill the major gaps, such as Highway 15, and not only increase this tourist trade but also our economic and industrial expansion."

Sterling Williams, county judge, praised Commissioner Hines for giving Scurry County "all we've ever asked for."

W. J. Ely, president of the East-West Highway Association, was scheduled to speak, but was absent because of illness of a brother.

Forest Sears, chairman of the Chamber of Commerce highway committee, former president of the organization, introduced the Wichita Falls man as "an honest-to-goodness highway commissioner and the future governor of Texas."

Hillbilly Band Plays.

The Chamber of Commerce Hillbilly Band entertained with four numbers at conclusion of the banquet, and closed the program with "Home, Sweet Home."

In the band were the following Snyder men: J. R. Reeves, T. J. McDonald, Ellison Carson, Wilson Carson, A. C. Hammit, O. A. Buttrick, "Son" Newby and E. H. Lilly. Sweetwater, with six men, had the largest visiting delegation. Other delegations were present from Breckenridge, Lamesa, Colorado, Roby, Lubbock and all Scurry County towns. A number of county farmers and ranchers were also present. Ruth Thompson, District 6 home demonstration agent, College Station, was also a guest.

The banquet, held in the National Guard armory, was served by Worley Early and Clark Hudnell. Advance seating and other arrangements were in charge of O. D. McGlaun, and advance sale of tickets was in charge of R. C. (Bud) Miller.

As the Times goes to press, the circling spring clouds give promise of more showers in Snyder and the surrounding trade area.

Hines Paints Word Picture Of Future Highway Benefits

Tourist Crop of More Help Than Cotton, He Says

Two Records Set at Annual C. of C. Banquet Friday; 300 Attend At Guard Armory

The vital importance of Highway 15 as a transcontinental route was painted in word picture by Harry Hines, state highway commissioner, at the annual Scurry County Chamber of Commerce banquet Friday night.

Three hundred persons, including 20 from other West Texas towns, heard the commissioner as he lauded the citizenship of counties along the East-West Highway route for years of uniring work toward completion of "one of our outstanding cross-country routes of the future."

Following are the winning results. In this order—event, year, time or distance, contestant, school:

HERE ARE MARKS AT WHICH COUNTY ATHLETES WILL AIM

Results of Interscholastic League athletic events have been carefully checked recently by County Superintendent Roy O. Irvin and Snyder Coach W. W. Hill. Winning times and distances over the period from 1930 through 1938 have been compiled, and they offer marks at which county athletes will aim this week-end.

Some of the records were not complete. Thus, it is possible that the time or distance given is not the best recorded during the eight-year period. Those who have proof of better marks are urged to present them to Irvin or Hill before the week is over.

Following are the winning results. In this order—event, year, time or distance, contestant, school:

Stinson Represents City at Convention

Lee T. Stinson was Snyder's only representative at a three-day convention of the West Texas Retail Druggists Association at San Angelo last Tuesday, Wednesday and Thursday. Approximately 260 West Texas druggists registered for the three-day convention.

W. D. Holcombe, former mayor of San Angelo, was toastmaster at a banquet given Wednesday evening for the visitors. El Paso was the successful bidder for the fall session, which will be held in August.

"Sand Flu" Gets Heavy Toll Here But Siege Slows

This disease so common among local people the past few weeks is not the regular war-time influenza, according to local physicians. It is which was caused by the bad sand more a "sand flu," a great deal of and dust storm over two weeks ago.

Dr. H. E. Rosser, Scurry County health officer, urges local people to avoid assemblies when possible. There the germs are spread, he said. The ailment has about run its course in this section, however, is the opinion of the health officer.

Entire first grade of the local school was dismissed Monday because of the illness of all the teachers, two of whom, Misses Paul Cates and Mrs. W. P. King, are still ill. Superintendent C. Wedgeworth has been out of his office at the local school all this week with the flu, and Hardy Hulsey, foreman of the school plant, has also missed a few days.

Reports last week were that one-fourth of high school, a large percent of grade school students were out of school because of flu. Check-up Tuesday revealed that the numbers had decreased to 121 in grade school and 39 in high school.

Business men by the dozens have been away from their firms last week and this. Fred A. Grayum, local insurance man, has been in the hospital the past week, and another member of the firm, Hugh Boren, was in bed several days last week. Dr. J. G. Hicks, Wraymond Sims, J. W. Scott, Charles J. Lewis and Herman Darby are among other business heads missing work several days with this flu.

OIL FRONT AWAITS SECOND ACID RESULTS FROM NEW AREA FIELD

New Coffield & Guthrie Test Drills Ahead; No. 1 Acidization Completed Tuesday

A second stage 3,000 gallon acidization treatment given the Coffield & Guthrie No. 2 First National Bank rotary test Tuesday night followed a 1,000 gallon first stage treatment given the well Sunday.

Packer collapsed in the Coffield & Guthrie well after first stage acidization Sunday, making it necessary to pull and rerun tubing on Tuesday. Acid treatment was given the well at lower pay saturation found at 3,040 feet.

If the 3,000 gallon acidization treatment takes, the Coffield & Guthrie well will probably be swabbed Friday or Saturday.

Sterling Awaits Results.

The Yarborough & Wheeler No. 1 W. H. Sterling well is still shut down at 2,500 feet, awaiting acidization results of the Coffield & Guthrie rotary test.

Swabbing operations are being completed this week on the Paul Teas No. 1 W. P. Thompson well, shot last week with 300 quarts of nitro.

Considerable interest was shown in the Teas well last Wednesday when the bridge resulting from the nitro shot broke through. The Teas test cleaned itself out, spraying oil and mud over a 150-yard area.

The Coffield & Guthrie No. 2 First National Bank offset rotary test, spudded late last week, was drilling late Wednesday night at 400 feet.

An east offset to the W. L. Callahan producer, and a north offset to the original pool opener, the Coffield & Guthrie No. 2 First National Bank is located 330 feet from the south and west lines of the southwest quarter of the northwest quarter, Section 130.

Deep Test Marks Time.

Late Wednesday night reports from the Forset Development Company-Jesse Koonsman wildcat test, five miles north of Camp Springs, indicated the drilling crew has been marking time the past three weeks.

Major oil operators are showing a marked interest in the Forset Development-Koonsman test, bottomed at 5,044 feet, after encountering saturated sections with rotary equipment at 4,240-60 feet, and at 4,780-90 feet.

Forest Development Company officials at Abilene were still undecided Tuesday whether to acidize the Koonsman test, or move equipment to an unannounced location.

LITERARY AND MUSCLE EVENT INTEREST HIGH

Hermleigh Takes Early Lead, But Winner Can Not Be Picked Until Final Races

With Snyder as host and scores of students, teachers and patrons from all parts of Scurry County as guests, major events of the 1939 county Interscholastic League meet will be staged this week-end.

First scheduled event this week-end is choral singing, to be held at Snyder gym Thursday night under direction of Ben W. Newhouse, Dunn.

Several other events, as indicated elsewhere in The Times, have already been completed. So far, the Hermleigh Cardinals are in the lead for Class B honors, but the winning school will probably not be determined until the final races have been run on Tiger Field Saturday afternoon.

Gym Assembly Friday.

General assembly in the Snyder gymnasium at 9:00 o'clock Friday morning, will be the opening signal for a program that will carry out literary events that day and athletic events Saturday.

Following is the assembly program: Invocation, E. B. Chancellor, pastor, First Christian Church; welcome, C. Wedgeworth, superintendent, Snyder Schools; response, Gilbert Mize, principal, Fluvanna High School; announcements, E. L. Farr, Hermleigh superintendent and director general of county league events; Rhythm Band numbers, Ira School.

Following is the schedule for Friday literary events:

Count the Kids!

Next week is final roundup week with scholastic census takers, who are making every effort to have the county scholastics enumerated by the April 1 deadline.

"Parents who have not had their children enumerated in the county-wide census are urged to contact their local trustees at once," Roy O. Irvin, county superintendent, states.

Saturday, April 1, will also be trustee election day for school trustees over the county. In addition, two members of the county school board will be chosen.

Mrs. Dudley Anz Represents P.-T. A. At District Convention in Crosbyton

Mrs. Dudley Anz, president-elect of the local Parent-Teacher Association, was named at last week's meeting of the organization as delegate to the district convention, being held in Crosbyton Friday and Saturday, March 31-April 1.

Snyder women who hold district offices include Mrs. Wraymond Sims, local president, who is a district vice president, and Mrs. P. C. Chenault, past president of Snyder's unit, who is chairman of the motion picture committee. These two, Mrs. Anz and several other local women plan to attend the convention.

Local representatives will be joined by Parent-Teacher workers from several other schools in the county. Chapters at Pyron, Ira and Hobbs are affiliated with the state and national Congress of Parents and Teachers, and other county units plan to associate with the higher organizations this year.

Delegates from the four Scurry County P.-T. A.s will probably number more than 20. Mrs. Lewis Dunn is president at Ira, Mrs. C. A. Cliff at Pyron, and W. B. Willingham of Hobbs is one of the few men serving as a P.-T. A. president.

Approximately 500 delegates and visitors are expected to attend the 11th annual conference of the 14th district, Texas Congress of Parents and Teachers, in Crosbyton next week. The district is composed of 24 West Texas counties.

Program for the conference has been arranged to be of interest to both teachers and parents, including

Bonnie Miller Is Duce Club Hostess

Bonnie Miller was hostess to the Duce Bridge Club and guests last Thursday evening, regular club meeting. Tallies, score pads, table covers and prize wrappings introduced a St. Patrick's Day motif. The living room was decorated with cut flowers and blooming potted plants.

Mrs. Herman Doak, guest, took the high score prize, and Frances Chenault, member, retained the traveling prize. The hostess was assisted by her mother, Mrs. Lora Miller, and sister, Mrs. Forest Wade, in passing a refreshment plate of salad, cookies and iced tea.

Guests were Mrs. Doak, Dorothy Strayhorn, Mrs. Clyde Shull of Seguin, and the following club members were present: Mmes. Willard Lewis, Buster Curtis, R. E. Boyer Jr., Billie Lee Jr., R. C. Miller Jr., Paul Cates; Frances Boren, Frances Chenault, Johnnie Mathison, Margaret Deakin, Ruby Lee, Virginia Green, Gwen Gray and Allene Curry. Miss Chenault will be next hostess to the club.

Many entertainment features as well as educational talks and group discussions. Professional men and women from all over the state and district are scheduled to appear on the two-day program.

Among them will be the following: Mrs. Marguerite Hull Johnson, Austin, state representative of the organization; Captain G. E. Schauer, Texas Safety Patrol; George P. Holland, Boy Scout executive; Dr. John M. Hooper, State Department of Health; Dr. H. L. Kent, Texas Technological College; W. B. Irvin, superintendent of Lubbock Schools.

Mrs. W. R. Weaver of Spur, district president, will be in charge of the conference. Assisting her will be Mrs. J. L. Adams, president of the Crosbyton unit, and Mrs. F. A. Greene, a district vice president, who is in charge of courtesies.

Many entertainment features have been planned, beginning with a dinner honoring the board Thursday evening, preceding the official opening of the conference. At 12:00 o'clock noon Friday a new flag pole on the Crosbyton School campus will be dedicated with an appropriate ceremony, and at 5:30 p. m. delegates will be guests at a "Meal

Marriage Vows Taken March 10

Marriage vows were exchanged by Leta Gay Hartman and Billy Cauble, Snyder High School students, in Marble Falls, Friday, March 10. Rev. Buntan, pastor of the First Baptist Church there, officiated for the simple service, which was held at his home.

Daughter of Mrs. R. L. Hartman, Mrs. Cauble has served the Snyder High School Tiger Band as its drum major for more than a year. Another honor given her in the local high school this year was her election as queen of the school annual, "Tiger's Lair".

The couple will live here. Mrs. Cauble's parents are Mr. and Mrs. W. H. Cauble, prominent ranching people of this section, who are long-time Snyder residents.

Mrs. Banks Goes to State Convention

Mrs. C. L. Banks, guardian of the local Grove 1289, will leave Sunday for San Antonio to attend the state convention of Supreme Forest Woodmen Circle at the Plaza Hotel Monday, Tuesday and Wednesday. Over 300 women, including national officers, state officers, uniformed drill teams and delegates, will be present.

Among the distinguished persons present will be Mrs. Dora Alexander Talley, national president, Omaha, Nebraska; Mrs. Mamie E. Long, national secretary, Omaha; Mrs. Jeanie Willard, national vice president, Denison; De Emmett Bradshaw and Farrar Newberry, national president and secretary, respectively, of the W. O. W., Omaha.

Convention program will feature competitive team work, ritualistic demonstrations, Tau Phi Lambda and junior exhibitions, a memorial service, pageant and banquet.

Spring Flowers Motif Used At Party

A refreshing spring flower motif was followed with party details when Mrs. Vern McMiller was hostess Tuesday afternoon to the Sine Cura Club and guests. Spring blossoms decorated the rooms, appointments and table covers.

Guest prize in bridge went to Mrs. A. C. Preull, high score prize for members to Mrs. A. D. Erwin, and Mrs. H. Rosenberg retained the traveling prize. Mrs. Wayne Boren will be next hostess to the club.

The hostess at Tuesday's party passed a lovely salad plate at tea time to the following: Neoma Strayhorn, Mmes. J. O. Dodson and Preull, guests; Mmes. H. G. Towle, J. C. Stinson, W. R. Johnson, A. J. Towle, Wayne Boren, John R. Williams, Hugh Boren, Rosenberg and Erwin, club members.

of Nations," a courtesy of the Crosbyton Parent-Teacher Association. The program will end Saturday with the appearance of a massed chorus of Mother Singers from all over the district. Several Crosbyton musical artists will be presented during the two days.

Of special interest will be an exhibit prepared by the Crosbyton grade school, showing a cross section of the work done there the past year. Yearbooks and other records of local units will be judged and placed on exhibition.

MRS. LEMOND LEADS.

Mrs. J. E. LeMond was leader for the local Parent-Teacher program last Thursday afternoon at the First Presbyterian Church. Topic for the discussions was "The Citizen Goes to School." Mrs. Howell Harpole gave a discussion of "Introducing a Child to Music," and J. T. DeShazac presented an interesting talk on "First Days at School." Piano selections by Margy Brown, high school senior, concluded the program.

Plans for the district conference at Crosbyton featured the group's business session, which was in charge of Mrs. Wraymond Sims, president.

Pyron 42 Club Guests of Farmers

Mr. and Mrs. Marvin Farmer were host and hostess to the Pyron Forty-two Club at a six-table party Saturday evening. Games of state and Chinese checkers were played.

Delicious ice cream and cookies were passed late in the evening to the following: Messrs. and Mmes. M. A. Glass, W. P. Tatum, M. H. Greenwood, John Rollins, D. C. Hess, P. A. Ammons, Judge Jeans, Boyd Moore, Mmes. C. A. Clifton and Floyd Light, Misses Merle and Mable Glass.

McMurry Chanters Plan Busy Program

LaFrances Hamilton, daughter of the W. W. Hamiltons, is a member of the McMurry College Chanters, musical organization directed by Gypsy Ted Sullivan Wylie in the Abilene school. LaFrances, a senior in McMurry, has appeared in musical programs in Snyder as both vocalist and pianist.

The Chanters are presenting numbers of programs in Abilene and other points in the state and will hear two outstanding programs of the year—Marion Anderson, world-famous negro contralto, in Fort Worth March 19 and two performances of the Metropolitan opera company in Dallas April 12.

Mrs. Strayhorn Is El Feliz Hostess

Mrs. Joe Strayhorn was hostess to El Feliz Club at her home Friday afternoon. Following an interesting series of forty-two games, the hostess passed angel's food cake with strawberry ice cream to her guests.

Present were: Mmes. Alice Northcutt, H. E. Rosser, Edgar Taylor, J. Nelson Dunn and James R. Hicks, guest; Mmes. A. J. Cody, W. E. Doak, G. H. Leath, J. E. LeMond, W. J. Ely, H. J. Brice, Wade Winston, W. G. Williams, Sterling Williams, E. H. Lilly, Sidney Johnson, I. W. Boren and P. C. Chenault, club members.

Mrs. Lee T. Stinson will be next hostess to the club at her home Friday, March 31.

Maxine Doak Marries Dallas Man March 12

Announcement has been made here of the marriage of Maxine Doak of Ft. Worth, daughter of Mrs. Bernice Doak, formerly of Snyder, to Travis Griffin of Ft. Worth. Vows were taken by the couple in Dallas Sunday, March 12, at the Gastor, Avenue Baptist Church.

The bride was dressed in a powder blue costume and wore dusty pink accessories and a corsage of gardenias. Several Ft. Worth friends of the couple attended the service.

Mrs. Griffin, niece of Maurice Brownfield of Snyder, is a graduate of the Pashal High School, Ft. Worth, and both she and her husband attended Texas Christian University. She is a member of the Beta Delta Sorority.

The couple will be at home at 4915 Victor, in Dallas, where Mr. Griffin is employed.

Dress Formally for Study of "The Opera"

Members of the Blue Bell Club and guests arrived at the home of Mrs. F. L. Pierce last Thursday evening in formal evening dress for their study of "The Opera." Lorraine Todd was hostess for the evening.

Grace Holcomb, program leader, gave a vivid description of grand opera; Ethel Mae Sturdivant reviewed the opera "Aida;" and Mrs. F. D. Spain reviewed "Faust." Mrs. Pierce presided at the piano for selections from these operas, a march by Verdi and "The Soldiers' Chorus" by Gounod.

Edwin Dow Spain, eight-year-old son of the F. D. Spains, presented two violin numbers, "Sleepy Head" and "The Clock Story," accompanied by Mrs. Pierce. To close the program Nell Verna LeMond, Snyder High School's "Who's Who in Music," gave two piano solos, "Doll Dance" and "Crap Shooters."

The hostess served dainty refreshments, which also carried out the opera theme, to club members and the following guests: Glennie Moschelle and Parene Isaacs, both of Abilene, but former Snyder girls; and Annie Clyde Thomas, Nell Verna LeMond and Edwin Dow Spain.

Party Celebrates Fifth Birthday

Fifth birthday of Ethel Lynn, daughter of Mr. and Mrs. Joe York, was the occasion for a delightful birthday party given at the York home several days ago. Gifts were presented and games were enjoyed.

The birthday cake was served with ice cream to the following of Ethel Lynn's friends: Shirley Gillum, Nancy Johnston, Ann Wedgeworth, Shirley Banks, Barbara Cox, Billie Jean Conrod, Bobby Hull, Dalton Boyd, Billie Clyde Danforth and Loel Bynum.

Mrs. Lee Gives Three-Act Play

Mrs. Billie Lee Jr. was presented in "My Town," three-act play by Wilder, before the local Art Guild Tuesday evening. The club met with Mrs. Glen W. Berry.

"My Town," which has been given by Mrs. Lee before several local groups, is one of the most successful plays on Broadway. It deals with the simple, yet humorous things of life, and Mrs. Lee gives it unusually well, local people say.

Mrs. Berry passed delicious refreshments to the following members: Mmes. Lee, Earl H. Louder, Maude C. DeBold, Ivan Gatlin, Ivan Hill, Misses Jewel Foster, Effie McLeod, Wilma Shropshire, Quata Barrow, Raylene Smith, Frances Boren and Edith Grantham.

Mr. and Mrs. E. Walker and daughter of Big Spring, Mr. and Mrs. E. O. Walker of Lorraine were Sunday guests of Dr. and Mrs. C. E. Walker.

JOINT MEETING.

Members of the two Monday afternoon circles of Methodist women will meet in a joint session at the home of Mrs. A. M. Curry Monday. All women of the church are invited to be present. The Susanna Wesley Circle studied chapters five and six of "The Way of the Wives" by Shillito at a meeting in the home of Mrs. H. P. Brown Monday. Mrs. M. W. Clark directed the study, assisted by Mmes. W. W. Smith, W. W. Hamilton, and I. W. Boren. Ten members were present.

ELY'S HOSTS TO PLAYERS

The W. J. Elys were hosts to members of the Friendly Fellows Forty-two Club at its regular meeting last Thursday evening. Following the games of the evening, Mrs. Ely passed an ice course with cake to members and guests.

Present were: Mr. and Mrs. L. G. Ely; Messrs. and Mmes. W. R. Bell, H. J. Brice, R. H. Odum, H. P. Brown, W. W. Stath, R. L. Gray, Joe Caton and Wade Winston. Dr. and Mrs. R. D. English will entertain the club at its next meeting.

WILL YOU LOOK Over FIFTY—
When You Are Forty?

Grandmother did. And no wonder, after doing a big family wash for 20 years under disagreeable, old-fashioned methods and conditions.

Be up-to-date and keep youthful. Bring your washing to this well-equipped Wash House—and house your clothes out of the way in a short time—with no back-aching and jumbled nerves to remind you of the ordeal for several days.

And, best of all, the cost is surprisingly low—actually less than you can do it by home methods. Let us prove it to you.

RANGE WATER OBJECTIVE OF BORDEN DAMS

Tanking Leads All Other Range Building Practices; 20 Already Completed in 1939

Borden County ranchers are still building earthen tanks in an effort to create adequate supply of range water for livestock.

Records in the office of County Agent E. B. McElroy at Gail indicate that tanking leads all other range building practices under the government range program, in spite of the large number of dams certified for payment under previous AAA programs involving practically all Borden ranches.

The 1939 range program work in the county is progressing rapidly with a total of 20 earthen dams already completed for the current year. Total yardage of 69,351 yards of dirt in all of these newer dams shows an average of 3,467 yards per dam.

During the year 1937 Borden County ranchers built 135 earthen dams involving a total of 331,000 yards of dirt. In 1938 these ranchers built 65 tanks involving 195,065 yards of dirt in earthen dams.

A summary of tanking work indicates that Borden ranchers have constructed 220 earthen dams containing 395,436 yards of dirt since the institution of the range program in 1937.

The largest tanks built under the range programs are located on the Clayton and Johnson, and D. H. Snyder ranches.

The largest tanks built under the current range program are located on the J. H. Beal and R. N. Miller ranches.

Can Hauling.

Cans will be hauled from the west side residential district Wednesday, April 5, and from the east side Monday, April 10. In order to take advantage of this free service, citizens must place their cans, in boxes or sacks, where they can be easily picked up by a truck. Please do not place dirt or heavy rubbish in the boxes or sacks. Your cooperation in ridding the city of cans will be appreciated.—S. E. Keller, city sanitary employee.

LETTERS FROM THE PEOPLE

(Editors' Note—The Times does not ordinarily print anonymous letters; but this one has such an apt and brief message that it is published. To be certain your letter is published, please give your name and address.)

BEHIND THE UMBRELLA.

Editors, The Times: "You Can't Cheat an Honest Man," the title of Charlie McCarthy's latest picture, may be the truth about one man. But, an honest little country took one last week, and the villain with the two-by-four moustache wasn't entirely to blame.

Maybe Mr Chamberlain has finally come from behind his umbrella long enough to see what he did at Munich. Snyder, March 20.

ON ELM DESTRUCTION.

To The Scurry County Times: The apparently wanton destruction of the beautiful elm which has been growing in front of the city hall for over 30 years is on a par with the acts of small vandals who break street lights and destroy unoccupied property.

In a country where trees and green shrubs are as scarce and expensive and hard to grow as they are in Snyder it seems almost a sacrilege to destroy a tree which has attained considerable size and the ability to maintain its growth with no further help from men, than pruning.

It is a shame that it has been done and with so little excuse and no worth while reason.

Yours truly, D. P. Yoder. Snyder, March 20.

METHODISTS MEET.

Visitors from Snyder, Hermleigh, Hobbs and Sweetwater attended the quarterly Methodist conference at Camp Springs Sunday. Guest preacher for Sunday morning services was Rev. C. R. Hooten, presiding elder of the Sweetwater District. Dinner "on the grounds" at noon was followed by services in the afternoon.

JOE DAVE IMPROVES.

Joe Dave Scott, young son of Mr. and Mrs. J. D. Scott, is doing well this week after an appendix operation in a local hospital 10 days ago. He was moved home from the hospital Tuesday. Out-of-town visitors with the convalescing youngster last week-end included his paternal grandparents, Mr. and Mrs. W. M. Scott of San Angelo, and his aunt, Frances Stinson of Howard Payne College, Brownwood.

RIGHT-OF-WAY FOR REA LINE GETS STARTED

Fluvanna Meeting Postponed Until Monday Night; Pyron, Also, Wants Electricity

J. E. Morgan & Sons of Waco was announced winner of the \$87,250 REA contract Tuesday for construction of the 176-mile REA line from Rotan to Hobbs, Midway and Camp Springs.

Cecil Hawk, project engineer, will begin staking right-of-way lines next week. Farmers are requested to not move the red topped stakes, since moving will cause delays in the beginning of construction work. "It is necessary," Andy Jones, Rotan REA manager, stated Tuesday, "that all customers sign a wiring agreement in order to insure proper and safe wiring to their homes. Agreements will be signed to certify that the customer will wire his home according to accepted standards."

Due to the Monday afternoon rain that blanketed most of the county, Fluvanna's proposed mass meeting to seek an REA line for the north part of Scurry County has been reset for Monday night, beginning at 8:00 o'clock.

Numbers by the Chamber of Commerce Hillbilly Band will be given at the Fluvanna meet, which is expected to attract people of the Union, Bethel, Arah and Dermott communities interested in rural electrification.

Personal members of the Rotan REA office are slated to be principal speakers at the Fluvanna REA mass meeting. People of the Pyron community, also interested in rural electrification, will send a delegation to the Fluvanna meeting.

Drill Team Will Be Headed by Prather at W.O.W. Confab

Nine members of Snyder's W. O. W. drill team, directed by Raymond Prather, captain, will leave Sunday for the state W. O. W. convention at San Antonio as a result of the vote taken at Tuesday night's W. O. W. meet in the National Guard armory.

In addition to Prather, drill team members going to San Antonio include Herman Galvan, Buck Chandler, McClusky, Bill and Raymond Grimmer, Hallie Chastine, Wendell Duncan, J. R. Willingham and Oran Hammitt. B. S. Pitner will accompany the drill team as local lodge delegate.

The three-day state W. O. W. convention, which begins at San Antonio Monday morning, is slated to close Wednesday afternoon. The local drill team will return Thursday.

W. O. W. lodges represented at the local meet Tuesday night included Roscoe, Roby, Sweetwater and Hermleigh. Major DeHay of Waxahachie and Conde McClain, district representative, were guests of the local circle.

Council members expressed their thanks for the attendance of "Uncle" Pete Bowlin, who has been ill, and desire a speedy recovery for Sovereign Fred Grayum.

Demonstration Club Notes

Delayed H. D. News.

The Times regrets that most of the Home Demonstration Club news for the past two weeks has been delayed. A summary of recent sessions is given below, to make amends in some degree for omission of the news. Reporters will favor the publishers by having all news in by Monday if possible, not later than Tuesday.

Mrs. Brown, Mrs. Williams discussed the district meeting at Big Spring, at one of the last meetings of the Round Top Club; Mrs. Adrian Harvey was hostess. Mrs. Wilma Campbell was hostess to 15 members and five visitors at meeting of the Pyron Club two weeks ago. Mrs. Mel Andress was hostess to Union Club two Thursdays ago; Miss Rabel gave a demonstration on repair and retouching of furniture. A singing demonstration was given at the Fluvanna Club the following day; Mrs. Jessie Bley was hostess; Mrs. J. A. Martin told how she earned 21 varieties of vegetables during 1938. At the Lloyd Mountain Club meeting recently, Miss Rabel gave a furniture demonstration. Mrs. Mozell Roggenstein was voted to have made the best print dress, and Mrs. John Robinson was elected the new council delegate.

Club Party Enjoyed.
Mrs. Walter Brown entertained members of the Round Top Home Demonstration Club and their husbands Friday night with a St. Patrick's Day party. A course of green grape and green pineapple pie, with green popcorn balls and novelty design cookies, was served to Mr. and Mrs. Sam Williams and daughter, Sammie Marie; Mr. and Mrs. Ross Beeman, daughters, Nela and Reonnia; Mr. and Mrs. D. D. Smith, two children; Mr. and Mrs. Jackson Ellis and daughter, Mrs. D. D. Smith will be hostess at the next meeting, Tuesday, March 28.

Mrs. Ellis Entertains.
The Round Top Club met Tuesday of last week with Mrs. Jackson Ellis. Roll call was answered by each member with a time saver in housework. Miss Rabel gave a demonstration on refinishing woodwork, floors and walls. Two types of feather comforts were displayed. Delicious raisin cookies and other refreshments were served to 10 members and Miss Rabel. Mrs. D. D. Smith will be hostess at the next meeting, Tuesday, March 28.

Tri-Community Meets.
Mrs. Willie Gibson was hostess to members of Tri-Community Club last Wednesday afternoon at the home of Mrs. Brown in East Snyder. Miss Rabel gave an interesting talk on retouching and remodeling furniture, after which a course of sandwiches and orangeade was served to the following: Misses, Edibson, Glen, Breneman, Johnston, Joyner, Stokes, Kerley, Parker, Surratt, Gladson, Popcoe, Leatherwood, and Miss Rabel. The club met with Mrs. Guy Glen Wednesday afternoon.

Reporters Will Meet.
All reporters of county home demonstration and Four-H clubs are invited to attend a reporters' meeting in the office of the home demonstration agent Saturday afternoon, 2:00-2:30 o'clock. Mrs. Mossell Roggenstein is chairman of the reporters' meeting.

Silverware Purchased.
The Dermott-Martin Home Demonstration Club met last Wednesday afternoon, 2:00 o'clock, with Mrs. M. A. Davis.

Each old club member is donating a quilt block for a friendship quilt that will be presented new club members. Each hostess is to be showered with dish towels. A committee has been appointed to purchase club dishes and silverware for use by the Dermott-Martin club. Delicious home made candy, graham crackers and coffee were served.

Jane Gilmore of Pyron Is Second In Essay Contest

Jane Gilmore of Pyron won second prize of \$1 in Division II of the recently concluded Rural Road Betterment essay contest with the following letter to Governor O'Daniel. The contest was conducted by the county superintendent's office, with Division II covering grades nine, 10 and 11.

Governor W. Lee O'Daniel, Austin, Texas.
Dear Governor:
We, the rural high school children of Scurry County, realize the need for better rural roads in our county more nearly than anyone else.

Our roads now are practically impassable every time it rains. This, of course, is very much to our disadvantage. Rural mail carriers on many days find it impossible to make their regular routes, thus causing many people to miss important mail. School buses are often delayed, or perhaps kept from getting to school at all. Because of this, there have been many times this and many other winters when school could not go on, or the majority of the students could not reach school.

We hope you can understand what this means to children who are earnestly trying to take advantage of their chance to learn.

Sickness comes on rainy days as well as sunshiny ones, and as many of us have learned by experience, doctors cannot travel our roads in rainy weather any better than the rest of us.

Our good doctors usually try to come to us, but although they may reach the sick, it takes so long that it is often too late to be of service. Those things trouble us most, but there are many other things, both important and not so important, which would be remedied by good roads.

Governor O'Daniel, we feel that you will do all you can to help us obtain them.

HAIRPIN VALUE LARGE.
Almost \$2,500,000 worth of hairpins were manufactured in the United States in 1937 according to preliminary reports of the U. S. Census Bureau.

Building of Soil Well Rewarded In 1939 Program

J. W. Doak, field assistant for the Triple A, met this morning (Thursday) with county and community committeemen in the county agent's office to discuss phases of the 1939 AAA program.

Doak led a round table discussion of soil building practices in connection with the 1939 program, and gave an outline of soil depleting crops as revised by AAA officials.

April 15 has been set as the deadline by Triple A as the last date on which Texas farmers and ranchmen can sign work sheets for 1939 agricultural conservation payments.

Set according to a recommendation by the state agricultural committee, the deadline is set up a month earlier than last year's final sign-up date. It will apply mainly to operators who did not receive payments in connection with the 1937 or 1938 AAA programs.

"The advanced deadline is possible," Doak stated, "because acreage allotments this year have been distributed much earlier than in previous years."

Gone-glimmering through the dream of things that were.—Byron.

Former Editor Was In Snyder Briefly

Snyder was visited Friday for an hour Friday by George F. Jimmie, former co-publisher of The Scurry County Times.

Now of Dallas, the jovial former Snyderite is doing an advertising and selling job for a large East Texas concern. Except that he has gained a few pounds, he seems little different from the "Jimmie" who left here eight years ago.

"Snyder has grown up overnight," he declared. "I hardly knew the burg... with all its pavement, new homes, new store fronts and other changes."

The FHA Repair Loan Plan, easiest time payment plan ever offered to finance home repairs, expires July 1. Congress may continue it, but don't run that risk. Take advantage of it now, while you are sure. Here are its features.

- ✓ You may borrow any amount, \$100 to \$10,000.
- ✓ 5% yearly discount is the only charge.
- ✓ No down payment required.
- ✓ The average loan runs about 30 months. You may take up to 3, or sometimes, 5 years to repay.
- ✓ Loan is repaid in equal monthly installments starting 30 days after date of note.
- ✓ No collateral, co-makers, mortgage or security of any kind required on ordinary loans under \$2500.
- ✓ Money may be used to pay for all materials and labor.

You can get \$400 for instance, spend it for repairs now, and repay \$15.01 a month for 30 months. Or get \$300 and repay it \$9.59 a month for 3 years. It's the easy and sensible way to fix up the house, and may never be available another Spring. Check your house, and act now. We'll arrange your loan, quickly and easily. Call us, or come in.

Work to Begin Soon On Dickens and Kent Watershed Project

Paul H. Walsler of Ft. Worth, state coordinator for the Soil Conservation Service, announced Monday that work would begin on the Dickens, Duck and Croton Creek Watersheds areas in Dickens and Kent Counties as soon as personnel members are selected.

The Duckum, Duck and Croton Creek watershed, covering 640,000 acres, is one of seven new department of agriculture water facilities projects to be approved in projects covering 6,000,000 acres in 28 west and southwest Texas counties.

Field headquarters offices will be established in each of these project areas, Walsler stated, and field workers will begin to assist farmers in the installation and construction of small water facilities.

Von Roeder Cotton Named by Club Boys

The county agent's office announced this week that 15 Scurry County Four-H Club boys had accepted the offer of Von Roeder Seed Farms of Borden County to furnish them with state certified planting seed where cotton was decided on as a 1939 club project.

Most of the county club boys have decided on Texas Mammoth as the cotton to plant this year for a club project. X. B. Cox Jr., county agent, reports. Von Roeder Seed Farms are donating their state registered seed to Scurry County club boys who wish to specialize in cotton projects for the 1939 crop year.

Local Red Cross Spent \$529 Says Fiscal Summary

A financial statement of the Scurry County Red Cross Chapter, furnished The Times by Mrs. Carrie Line, county Red Cross chairman, indicates expenditures of the local chapter from October 1, 1937 to October 1, 1938, amounted to \$529.13.

The local chapter had \$95.37 cash on hand October 1, 1937. A total of \$452.10 was received in the November Roll Call, with \$10 being received for San Saba Flood Relief. The 3.67 received from the Old First State Bank & Trust Company makes a total of \$561.14. This amount, less \$32.10 on hand October 1, 1938, leaves \$529.13.

Expenditures from October 1, 1937 to October 1, 1938, include \$215.13 in emergency relief. Roll call expense amounted to \$19.26, while the National chapter's portion of roll call proceeds was \$206.55. Other expense items: Medical attention, \$31.14; San Saba Flood Relief, \$10; office supplies, etc., \$5.50; miscellaneous—linen for 12 quilts, cotton for 25 quilts, school supplies, \$14.30; and loans to ex-service men and families, \$27.25. Total expenditures, \$529.13.

Mr. and Mrs. Sykes Curry and Al G. Curry, all of Eunice, New Mexico, were week-end guests of Mrs. A. M. Curry and the Homer Snyders. Al G., son of Mr. and Mrs. R. C. Curry, is Mrs. A. M. Curry's grandson.

C. P. Chandler's 80th Birthday Fell On Same Day as Equinox—Tuesday

Tuesday at the same time the center of the sun was crossing the equator to form a vernal equinox. C. P. Chandler, long-time Snyder resident, was celebrating his 80th birthday at his home, 904 Twenty-fifth Street.

Few local people will believe that Mr. Chandler is 80 years old, because of his excellent health and young mind. With the aid of Mrs. Chandler, who will be 70 years old in August, the local business man attends to his neighborhood store and filling station on the east highway, from which he has made his living for 10 years. He rests briefly each afternoon, and enjoys his daily jaunt to town and back.

Even with his business he finds plenty of time to chat with his children, grandchildren, great grandchildren, neighbors and friends, who visit at the store and in the home frequently. Every visitor is welcomed by the jolly couple, who observed their 50th wedding anniversary several years ago.

English Funeral

Dr. and Mrs. R. D. English were at Cone, near Ralls, Tuesday to attend the funeral of the local man's uncle, Elisha English, 87, whose twin brother died there March 6. Both were buried on their own land, their father the first to be buried in the Cone cemetery. They moved to the community 52 years ago.

Abilene Special

A new special price on the Abilene Reporter-News brings the daily by mail for seven months for only \$2.25. In combination with The Scurry County Times from now until January 1, 1940, the full price is \$4.25. You get seven months of a daily, more than nine months of The Times for only 42¢—a rare short-term bargain.

She's In Band

Dorothy Pinkerton, daughter of Mrs. Mollie Pinkerton, was recently made an official member of the Abilene Christian College band. After learning almost overnight to handle the handle of the band's glockenspiel—an instrument played similarly to the xylophone, except that it is composed of a series of iron rods which form melodious chimes when hit with a small hammer—the local girl just recently was recognized officially. She was well known in the local high school both musically and scholastically, having been valedictorian of her graduating class.

Mrs. Maude C. DeBald spent the week-end with her parents, Mr. and Mrs. W. T. Cook, in Crosbyton.

Dr. and Mrs. R. D. English were at Cone, near Ralls, Tuesday to attend the funeral of the local man's uncle, Elisha English, 87, whose twin brother died there March 6. Both were buried on their own land, their father the first to be buried in the Cone cemetery. They moved to the community 52 years ago.

Children and grandchildren present for the day were: Mr. and Mrs. Alther Chandler and children, A. C. Revis, Buck and Elaine, of Snyder; Mrs. Lee Holladay and daughter, Barbara Ann, of Ira, Mrs. Mac Staveley and daughters, Charlene and Joann, of Post, Mrs. Enos Humphreys and son, Morris, of Lubbock, Mrs. Loy Boyd and son, Bill, of Colorado, Mr. and Mrs. Jackson Ellis of Dunn and Mr. and Mrs. Howard Graham and daughter, Billie, of Snyder.

Friends present for dinner were Mrs. Edd Allmond of Colorado, and Mr. and Mrs. C. T. Glen of Snyder.

Simple Recipe for Better Light in Your Home!
IT'S EASY TO HAVE PLENTY OF LIGHT-- AND INEXPENSIVE, TOO!
PUT LARGER GLOBES IN PRESENT FIXTURES
A quick and easy way to improve the lighting in your home is to buy lamp bulbs of higher wattages. You can get a 100-watt bulb for 15 cents, the same price as a 60-watt bulb, but it produces about twice as much light.
ADD LOW COST SCREW-IN UNITS
Inexpensive screw-in fixtures add to the appearance of the home and provide plenty of glareless light. They are ideal for families who rent.
USE PORTABLE BETTER SIGHT LAMPS
Portable lamps serve the double purpose of providing a good light for easy seeing, and also illuminate the room. Every member of the family should have an individual reading light.
INSTALL PERMANENT FIXTURES
If you own your home, perhaps you'd like to have new and modern permanent lighting fixtures installed by a local electrician. Be sure to put in plenty of wall outlets so you can make full use of your electric service in every room.

POLITICAL Announcements

The Times is authorized to make the following announcements, subject to action of the Snyder City Election, Tuesday, April 4, 1939.

FOR ALDERMAN, EAST WARD—CLAUDE E. INGRAM

Winston Herefords Headlined in Nolan County News Edition

One of the largest and most complete Hereford editions ever issued in West Texas was published by The Nolan County News, Sweetwater, recently. It was circulated, as near as possible, to every Hereford breeder in the United States.

Headlining Sweetwater as "The Hereford Center of the Southwest," the edition included many pictures and write-ups of leading herds in a wide area, including the Winston herd of Snyder. The Winstons also used a large ad in the paper.

Pictured is Harrie Winston (a note said Wade's picture could not be obtained) of the Winston Brothers, and a son of Advance Domino Return who has won a number of ribbons for the local breeders. The outstanding edition gave conclusive proof that the 50-mile area centering around Sweetwater is truly the Hereford center of the Southwest.

IT'S FRED ARMOR.

Fred Armor is the name of the young son of Mr. and Mrs. Armor McFarland, born at the local hospital Tuesday morning at 1:20 o'clock. Named for his father and uncle, Fred Wolcott, Rice Institute track star, young Fred Armor's eight and one-half pounds are quite the pride and joy of the households of his parents (his mother is the former Irene Wolcott), grandparents, Mrs. F. W. Wolcott and Mr. and Mrs. Ray McFarland of Snyder, and his three great grandparents. They are Mrs. Wolcott's mother, Mrs. G. W. Arlington of Canadian, J. P. Wolcott of South Carrollton, Kentucky, and the older Mrs. McFarland's mother, Mrs. P. H. Colwell of Houston.

PERSONALS

Mrs. Buster Curtis and Marvanel Curtis spent Tuesday in Abilene. Marie Pate was in Ft. Worth over the week-end to attend the Southwestern Exposition and Fat Stock Show.

Mr. and Mrs. Guy Eiland and two sons of Stanton were week-end visitors with the H. H. Eiland family and Mrs. Ethel Eiland. Irene Taylor of Lubbock, former local high school student, spent the week-end in Snyder, guest of Ruth Line and other friends.

Louise Ely, daughter of the L. G. Elys, spent the week-end at home. She is a student in Draughon's Business College, Abilene.

Royce C. Eiland was home from Hardin-Simmons University, Abilene, for the week-end with his mother, Mrs. Ethel Eiland.

Mr. and Mrs. Keith Price of Post were week-end visitors in Snyder with her parents, Mr. and Mrs. D. E. Reed, and his brother and family, the Merl Prices. Mrs. Price is the former Dorothy Reed.

Clint Fesmire of Odessa joined his wife, the former Allene Garner, and their small daughter, Jolene, in Snyder Sunday for a two-day visit with the Jess Garners and Mrs. Mary Fesmire. Mrs. Fesmire and Jolene spent all last week here.

Paynell Spears, student in Hardin-Simmons University, Abilene, was home for the week-end. Her mother, Mrs. John Spears, and Dr. and Mrs. O'Dell Ryan were in Abilene Saturday, and the HSU student came home with them, returning to Abilene Sunday.

Mrs. Clyde Shull of Seguin, who spent last week with her parents, Mr. and Mrs. L. D. Green, left Sunday, returning to her home. She was accompanied there by her sister, Vesta Green, and Gwen Gray, who were guests of the Shulls in Seguin for several days.

Nell Carlton of Abilene, who is studying at Draughon's Business College, came home Friday night to spend the week-end with her mother, Mrs. W. B. Carlton. Mrs. Carlton, another daughter, Mrs. Paul Claybrook, and Mr. Claybrook took Nell back to school Sunday.

Victor Drinkard, teacher in Odessa Schools, spent Saturday afternoon and Sunday with his parents, Mr. and Mrs. J. G. Drinkard. Ill most of last week, Drinkard was in Alpine for the teachers' meeting Friday and Saturday morning. He returned to Odessa Sunday.

Farene Isaacs and Glennie Moschelle of Abilene, employees in the Abilene office of Southwestern Bell Telephone Company, were Snyder visitors last week returning Friday. Miss Isaacs was visiting her mother, Mrs. J. D. Isaacs, and Miss Moschelle was a guest of Mr. and Mrs. F. L. Pierce.

Mr. and Mrs. G. L. Hartley and son, Clarence, are visiting this week with their daughter, Mrs. W. H. McCollum, and Mr. McCollum in Itasca and with relatives and friends at West and Waco. The three will return this week-end.

Mrs. J. B. Polk of Plainview was a brief visitor in Snyder Monday. She was en route with her son back to Plainview after a five-week stay in South Texas. The Plains woman, who owns farm property near Plainview, echoed words of recent local visitors to the Rio Grande Valley, saying that its climate is delightful at this time of year.

Mrs. E. R. Dean and Mrs. Mattie Minor, both of Tyler, are in West Texas this week. Mrs. Dean joined her husband here late last week and is spending this week with Mr. Dean in Gail, where he was transferred by Dunlap & Coughran from work on the local school building to similar work on the Borden County courthouse. Both Tyler women were formerly Snyder residents, and were greeting old friends here Saturday.

Interest Rates of Credit Body Are Cut to New Low

The interest rate to members of the Sweetwater Production Credit Association was reduced one half of one per cent on all money advanced, beginning February 24. O. H. Berry, secretary treasurer, announced for the Board of Directors of the Sweetwater Production Credit Association Monday of this week. "This is made possible," said Mr. Berry, "by the continued ready sale of Federal Intermediate Credit Bank debentures of the investing public bearing low rates of interest and the favorable operating results of the Federal Intermediate Credit Banks and the production credit associations during 1938." Mr. Berry explained that the association discounts the farmers' notes which it takes with the Federal Intermediate Credit Bank of Houston.

The new rate will be four and one-half per cent per year, the lowest possible interest will be charged only for the period which the members actually have the money. It should, of course, be understood," continued Mr. Berry, "that all money advanced before February 24 will continue to carry five per cent rate until paid. The reduction also is effective in all the other production credit associations throughout the country.

The Sweetwater Production Credit Association, according to Mr. Berry, last year did a business totaling \$1,041,726.00. "These loans," he said, "are made for agricultural purposes and repayments are made at the time when the member is best able to pay from the sale of crops or livestock or other operations financed."

First Aid Work for Highway Employees Of Three Counties

Around 45 Scurry, Borden and Nolan County highway department employees attended a first aid school session conducted in the county court room Tuesday night by J. H. Clements of Abilene.

Clements, who is conducting a first aid school for employees of the state highway department here, will offer class work on Tuesday and Thursday nights in the county court room.

The first course offered will be a 10-hour advanced study course, after which a standard 30-hour first aid course will be held.

The Snyder classes are being held for Scurry, Borden and Nolan County highway employees, and form a unit of the schools being held at Anson, Aspermont, Big Spring, Baird and Abilene for attaches of District 8.

Mr. and Mrs. Cecil Parks of the Avalon community in Fisher County are planning a windbreak on the south and west sides of their home that is attracting considerable attention outside the county. Miss Jewell Hipp, assistant home demonstration agent for Fisher County, reports the windbreak consists of rows composed of salt cedar hackberry, Chinese elms, cottonwood, and a final row of salt cedar.

SCHOOLS WILL BALLOT AGAIN

Unofficial returns from the consolidation election in four Scurry County school districts Friday indicate that Big Sulphur and China Grove wish to consolidate with Dunn, while Independence is against consolidation. Because the election was held as a unit, a revote is necessary if any of the districts are permitted to join the Dunn district by consolidation. Another election will be called in the near future, school leaders advised. The Times.

China Grove voted for the consolidation by an unofficial margin of 26 to 5; Big Sulphur, 6 to 1. The Independence vote went against consolidation by a margin of 23 to 5. Dunn approved consolidation of the three districts.

Mrs. Billy Moore, the former Vernell Bradbury, and her eight-month-old son, Billy Sam, of Bisbee, Arizona, arrived here Wednesday morning for a several week visit with the J. S. Bradburys.

Scurry Changes To Exporting of Big Maize Crop

The shipping of 1,250,000 pounds, or 25 cars, of maize from the Snyder and Hermleigh R. S. & P. offices in the past two weeks by A. L. McMillan put Scurry County in the spotlight as a feed exporting county again.

The shipping of over a million pounds of grain by McMillan to Ft. Worth and other points is indeed a far cry from 1934-35, when county farmers imported wheat straw and other roughage from Oklahoma and Kansas to tide through two short crop years.

McMillan has been buying the maize from farmers over the county at an average price of \$8 to \$10 a ton. Feed buyers report this coincides with prices being paid in other counties for headed grain at this time.

The transition of Scurry County from a feed importing to exporting county was largely made possible, leading farmers stated this week, as a result of the county-wide trench silo contest sponsored from last September to December by the Scurry County Chamber of Commerce.

A total of 22,000 tons of feed was put in 75 silos during the 10-week contest, and much feed was stored that was not reported.

BOYS SCORE IN PIG PROJECTS

E. M. Rogenbrecht of the Texas Swine Breeders Association announced this week at College Station that Scurry County is one of 13 counties given honorable mention by the association for excellence of Four-H Club boys' pig project work during 1938.

During 1938 5,816 Texas Four-H Club boys—1,308 more than in 1937—specialized in 6,726 pig feeding demonstrations, with many of the boys exhibiting swine at county and district Four-H livestock shows.

Other counties given honorable mention include Eastland, Martin, Crosby, Wise and Dallas.

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the management.
Entered at the post office at Snyder, Texas, as second class mail matter, according to an Act of Congress, March 3, 1879.

The Attitude That Counts

"If I thought Highways 15 and Highway 101 would not benefit practically all of Scurry County, I would not be very strong for our highway program."
So said a Snyder business man at the mass meeting Tuesday afternoon. He expressed the sentiments of most people in all parts of the county. All of us who stop to analyze the matter realize that what helps Scurry County helps Snyder; what helps Snyder helps Scurry County. We are linked together as inseparably as if we were all using our only supply of water from the same well.
A farmer at the meeting declared: "Look what Sweetwater, Colorado and Lamesa are growing to be, largely as a result of better roads. And when you see a town grow, you see the farmers around that town receive higher prices for their produce, higher prices for their land; and, when they want to work between crops, higher prices for their labor."

Water, Water Everywhere

Monday afternoon, while the rain was falling at its most pleasing tempo, the sprinklers on the court-house lawn were blaring away at the young grass shoots that are soon to make the center of the square a place of beauty.

It was just an accident, of course... but it was such an unusual sight that it prompted an editorial.

Does West Texas appreciate its water? Students of crops, moisture benefit, rainfall and other factors that determine agricultural success or failure, declare that West Texas receives ample rainfall. Our problem, as practically everyone is now coming to admit, is to save every possible drop.

Doesn't your heart almost burn within you when you see great swirls of water going down Deep Creek or Dry Creek or Bull Creek? Don't you ask yourself: "How many bales of cotton, how many acres of grass, how many tons of maize could that water grow if it were properly distributed?"

We should be thankful that such men as Dickson of Spur, and such groups of men as the West Texas Chamber of Commerce, have taken the soil and water conservation bull by the horns—and that the harvest of soil saving is being reflected in practically all farm and ranch operations these days.

Truly, Scurry County's real future revolves about the question of water—water properly distributed on acres that are saved for the thing best adapted to their fertility. Let's use our water... and our water will save us!

Editorial of the Week

100 YEARS AGO.

New York was a week's journey from Boston. No one had yet become acquainted with vitamins or calories, and a year of college study made you a doctor.

Every gentleman wore a queue and powdered his hair.

One-fifth of the country's population lived in Virginia.

Ladies took their sewing seriously and the ballot box was a dream unborn.

The whipping post and pillory were still standing from Pilgrim days.

The harness business thrived and the big man of town ran a blacksmith shop or livery.

A square meal consisted of beef, pork, salt, fish, potatoes and hominy. No one had yet thought of salads or hors d'oeuvres.

The church collection was taken in a bag at the end of a pole, with bell attached to arouse sleepy occupants of pews.

Buttons were luxuries and trousers were fastened with pegs or laces.

There were no telephones, typewriters, trolleys, railroads, planes nor motor cars.

And there were no movie contests, no free verse, chewing gum, cigarettes, zippers—nor bootleggers.

Still, a number of people in those days considered that the world was going at too fast a pace.—Exchange.

Ferdinand the Bull

Ferdinand the bull, that flower-sniffing animal that has achieved recent notoriety in song, literature and art, has nothing on several Snyder male street-corner addicts, whose bellows achieve notoriety in lies, cuttings and misinformation.

What, No Answer?

Can hauling days have been announced for early April... but still no organization has come forward to accept the Times' challenge that an honest-to-goodness Spring Clean-Up and Paint-Up be staged in Snyder. Our public faces need cleanings... if we want visitors to give us a clean slate of attractiveness, and our own people a clean slate of health and livability.

A March Conundrum

When you wake up in the morning with a feeling of resentment that you must get up and be about your business... when you smell the first blossoms of the season, and sweet peace enters your soul... when you walk without any special concentration on anything, and awake out of your reverie only when someone says "Howdy, Neighbor!"... yes, it must be spring!

Current Comment

By LEON GUINN

That highways will be happy ways when it can be said Highway 15 is a paved thoroughfare of travel from Louisiana to the New Mexico state line was forcefully brought home to Scurry County Friday night by Harry Hines at the record breaking Chamber of Commerce banquet. That Scurry and surrounding counties are proud of our recent \$300,000 allocation to complete the unpaved gap in Highway 15 was evidenced by the 300 people present.

Although Hines admitted highway construction was a process that stretched across the years, he likened the gap filling in our trunk line routes to an artist painting a picture—a thing that is difficult to visualize in its entirety until the last strokes are applied. "Highway 15," he stated, "is already considered an interstate trunk route, a route that will attract tourists from the Pacific to Atlantic Coasts."

Now that the speech making is over with, and Scurry County has assurance our east-west gap through the county will be filled in, the main task—the challenging task of making with sweat and dirt and brains a highway through the county we can appreciate more through the years—is just beginning. It is a job that can be rightfully done with 100 per cent cooperation, and a job that will not be held back by those very few who are "agin" major improvements just for dubious pleasure of being "different."

An event of the year with West Texas sportsmen will be the observance March 19 to 25 of National Wildlife Restoration week, a movement started in 1934 by J. N. Darling, who was later appointed chief of the U. S. Bureau of Biological Survey. Wildlife week has been astutely set at the beginning of spring, a time when all good sportsmen should be able to see the need of wildlife preservation. Observation of the week will find a ready response in this area, since Scurry, Borden, Fisher and nearly all adjoining counties boast thousands of acres in game management programs. Now, if we could have a week set aside to teach so-called sportsmen the danger of "road hunting," the picture would be almost complete.

Nearly ever West Texas farmer is vitally interested in the bill recently introduced by Representative Garrett of Texas to relieve farmers from deductions in future AAA payments which have been assessed to make up for errors in grading 1937 loan cotton. Especially are Scurry County farmers interested in Garrett's bill since Commodity Credit loans are being called on cotton issued through the Snyder warehouse, as well as those located at Hamlin, Haskell, Jayton and other places.

Garrett charged that "changed atmospheric conditions may have accounted for discrepancies in grading as originally done," which nearly melts down anyone familiar with cotton grading at all. Garrett's intentions were certainly good, but something more than the "atmosphere" is involved when West Texas cotton is graded at a higher level than it could possibly stand up to. The truth of the matter is that a lot of cotton was graded by classifiers who didn't understand our tricky staple lengths out here on the sandhills, which brought about general reclassification, and hence a loan recall. Even at that Garrett may get away with it by laying all "grading discrepancies" on the atmosphere. It would certainly leave cotton graders and classifiers in the clear.

Something in the nature of upholding a gentleman's code was evidenced at Superior, Wisconsin, last week when an 80-year-old pensioner testified before an investigating committee he had to write Mrs. Franklin D. Roosevelt before he could get enough old-age assistance to live on. When asked to divulge the contents of the letter he received in reply the proud old gent remarked: "I never reveal contents of any letter I receive from another man's wife."

When President Roosevelt stated in his annual message to Congress January 4 he had been over to the Eccles theory of spending our way to prosperity, he dropped a live coal in senator's laps that begin to assume the proportions of multiplied live coals. The president's words in January were recalled last week, as Old-Line Democrats led a fight to curb New Deal spending on a dozen fronts. The fight, likely to last until summer, is revolving around a budget calling for \$10,000,000,000 (billions) in appropriations.

Led by senator Harrison of Mississippi, chairman of the Senate Finance Committee, old-liners are logically contending present expenditures must be curbed, or else a sharp raise in taxes will be inevitable this autumn. It seems we've tried the spending route for six long recession ridden years, so a curbing of federal spending would be preferable, from any angle, to increased taxation.

More Than a Banquet

The Scurry County Chamber of Commerce did more than sponsor the best-attended banquet in its history last week. It also proved anew that Scurry County men and women, working together, can accomplish just about anything they set out to accomplish. There is much to be done and many able hands to do it. Why waste precious time, effort and money with the petty things that have so often thrown a monkey wrench into the machinery of progress?

PLAINVIEW ON TOP IN RURAL LEAGUE MEET

Dermott and Canyon Are Second, Third in Junior Events; Rex Woodard Best

Plainview copped rural Interscholastic League honors over the week-end with 104½ points amassed in the meet that closed Tuesday afternoon with finals in playground ball.

Rex Woodard, a Plainview boy who won rural pentathlon honors, will compete in the district rural meet at Sweetwater Saturday, April 8. Ernest Chaney Jr., also of Plainview, was named high point man in the county rural meet.

Results of the rural meet, by events, follow:
Playground ball—Girls' division, Bison first, Plainview second, Bethel third; boys' division, Crowder first, Plainview second, Canyon third.

Plainview boys, with no opposition, were declared first place winners in the rural athletic meet. The following list of Saturday events is for junior boys:

50-yard dash—Chaney, Plainview, first; Lee, Canyon, second; Eicke, Plainview, third.
100-yard dash—Chaney, Plainview, first; Greenfield, Dermott, second; Shepherd, Plainview, third.
440-yard relay—Plainview, first; Canyon, second; Ennis Creek, third.
High jump—Chaney, Plainview, first; Hardee, Canyon, second; Greenfield, Dermott, third.

Broad jump—Greenfield, Dermott, first; Hardee, Crowder, second, Chaney, Plainview, third.
Pull up, or climbing—Eicke of Plainview, first; Corbell and Shepherd, Plainview, second and third.

Plainview junior boys placed first by points, Dermott second, Canyon third.

W. F. Cox, rural athletic director, conveys his thanks, through The Times, to the umpires who officiated during the rural meet, and to the county's rural schools for their fine cooperation.

Plainview continued her winning streak Wednesday afternoon by capturing first place in rural volleyball finals. Lloyd Mountain placed second, and Canyon third. Hadley Reeve, Snyder junior high school principal, officiated.

TWO MEETINGS TO TALK SEED

A one-variety cotton meeting at Hermleigh Tuesday night, followed by one at Bison Wednesday night, will occupy the attention next week of those interested in one-variety cottons for Scurry County.

The Hermleigh meeting Tuesday night will be held at the schoolhouse, beginning at 8:00 o'clock. Everyone interested in forming a one-variety association, or in selecting one type of cotton is invited. Bison school house will be the site Wednesday night, 8:00 o'clock, of the Bison meet. A special invitation is extended east side Borden and west side Scurry County farmers to attend.

SHE IS BETTER.

Mrs. E. B. Baugh, who has been confined to her bed and seriously ill for several days, was improved late yesterday. Out-of-town visitors over the week-end were her son, Hershel Sims, his daughter, Armes, and son, Paul Gene, all of Moody. The visitors left Tuesday returning home after a three-day visit here.

HERE IS MORE CONCERNING LEAGUE MEET

Snyder-Hermleigh Win.

Two Snyder boys—Jack Stewart and Daren Benbenek—emerged undefeated in county Interscholastic League debate finals at the high school building Friday night. The Hermleigh boys placed second and Fluvanna third.

In the girls' division, Winnie Mae Ayers and Miriam Wasson won first place for Hermleigh. Fluvanna was second and Dunn was third.

Boys teams entered in debate included Fluvanna, Dunn, Hermleigh, Pyron, and Snyder. M. E. Stanfield, league director of debate, states the Snyder boys will debate against Post boys Monday and Wednesday of next week in preparation for the district meet.

Five debating teams were entered in the girls' division. Hermleigh girls, undefeated, placed first, Fluvanna second, and Dunn third.

Hermleigh placed first in volleyball Monday night, Ira second and Fluvanna third. Hermleigh ousted Pyron, 2-1, in the closest game of the volleyball event.

Ira won on a forfeit from Snyder (due to sickness), with Hermleigh defeating Fluvanna, 2-0. Ira won from Dunn on a forfeit, with Hermleigh winning over Ira, 3-0, in the final game.

WACO PLEASED WITH TURNOUT

Fifty-one Waco good-will trippers, riding a special Santa Fe train, found their welcome to Snyder one of the warmest they had found along the way, Manager L. A. Wilson of the Waco Chamber of Commerce told a group of more than 200 folks who gathered about the bandstand between 1:30 and 2:00 o'clock Wednesday.

Tiger Band, directed by L. P. Henslee, greeted the trippers at the train with two numbers; then played two more selections on the square. Waco music was in the form of two numbers by a four-piece orchestra and a vocal duet by two Baylor University students.

Gene Heard, in charge of the Gulf sound truck that broadcast the music and short talks, will be remembered by many Scurryites as former program director of radio station KRBC, Abilene.

SPOTTED RAIN HITS MONDAY; MUCH BENEFIT

First Moisture Since Early February Covers Practically All Trade Area This Week

A spotted rain Monday afternoon—Scurry County's first moisture since February 2—gave different communities of the county from one-half to one and a half inches of rain. A light sprinkle was reported in a few spots.

Snyder's rainfall totaled one inch. Turner community reported an inch and a half. Camp Springs 1 inch, and Ira 90 of an inch precipitation. North from Snyder, the rain seemed to play out in the county's extreme northern part.

Knapp's rainfall amounted to slightly over one inch, with the rain extending well into the eastern part of Borden County.

Agents Attend Soil Use Planning Meet At Angelo Monday

X. B. Cox Jr., county agent, and Miss Estella Rabel, home demonstration agent, were Scurry County's representatives at a land use planning committee at San Angelo Monday.

Principal speakers at the San Angelo meeting included J. D. Prewitt, district Texas Extension Service agent; Miss Ruth Thompson, district 6 home demonstration agent; George E. Adams, assistant state agent; and W. E. Morgan, economic agronomist in agriculture. Five counties were represented at the San Angelo conclave.

According to a report from X. B. Cox Jr., county agent, a county land use planning committee will be formed here in the near future, to assist farmers in "better usage of our soils through the years."

Cox and Miss Rabel returned from San Angelo Monday night. A meeting similar to the San Angelo conclave was held at Big Spring Tuesday to discuss land use planning committees for the area from Sweetwater to Big Spring.

EASTLAND BOY.

Announcement has been made here of the arrival Tuesday morning, 4:30 o'clock, in an Eastland hospital of a son for Mr. and Mrs. Frank Stoker, former Snyder residents. Mrs. Stoker was formerly Nelle Teague. Her aunt Mrs. W. R. Hudson of Snyder, is in Eastland.
