

Mrs. Maples Dies Of Heart Ailment Early This Week

Death claimed Mrs. Oscar Maples, assistant funeral home director at Maples Funeral Home, and wife of the funeral home director, at a local hospital early Tuesday morning after an illness of several weeks due to a heart ailment.

Survivors include her husband, a seven-year-old daughter, Theresa Faye; a sister, Faye Jamison of Spur; and her parents, Mr. and Mrs. B. L. Jamison of Spur.

Mrs. Maples, who held a state funeral director's license, was born Georgia Jamison February 22, 1904, at Seymour. She had been a member of the Methodist Church since joining at the age of 10 years, but she recently became a member of the First Baptist Church, Snyder.

Before her marriage to Oscar Maples September 1, 1925, Miss Jamison taught school two years in Dickens County.

Former Hamlin, Kerrville, Spur and Plainview residents, Mr. and Mrs. Maples have operated a funeral home here for more than three years. A Maples Funeral Home office is also maintained at Aspermont.

Rev. I. A. Smith, Methodist pastor, assisted by Rev. Ira Harrison, Baptist pastor, and Rev. Thurston of Aspermont, conducted funeral services for Mrs. Maples Wednesday afternoon, 3:00 o'clock, at the First Baptist Church.

The body lay in state at the First Baptist Church from 2:00 to 3:00 o'clock Wednesday afternoon.

Funeral services were: Lewis Rector, McCauley; Marvin Austin, Aspermont; Dr. J. W. McCarty and M. C. Wilson, Hamlin; J. R. Robinson and T. W. Pollard, Snyder.

Floral offerings were in charge of members of Mrs. Maples' Eudomna Sunday School Class, as follows: Mmes. Wraymond Sims, Roy Stokes, J. C. Smyth, Hollis Browning, Howell Harpole and Wayne Williams.

Interment was in Hillcrest Cemetery.

Sally—"How did you lose your job with the Swank Dress Shoppe?" Ann—"Just for something I said. After I tried 30 dresses on this woman she said, 'I think I'd look nicer in something flowing!' I asked her why she didn't go jump in the river."

Palace Theatre THURSDAY, JUNE 15—"Young Mr. Lincoln" with Henry Fonda, Albee Brady, Marjorie Weaver, Arlene Whelan and big cast. The story of Abraham Lincoln that has never been told. News and Comedy.

SATURDAY NIGHT PREVIEW and SUNDAY-MONDAY, JUNE 17-19—"Dark Victory" starring Bette Davis, with George Brent, Humphrey Bogart. The screen's greatest actress flings herself, body and soul, into the finest performance of her career—the finest performance of anyone's career. News and Musical.

HOME DEMONSTRATION CLUBS

Estella Rabel, County Home Demonstration Agent

Mrs. Kelley Elected. Members of the county council of Home Demonstration Clubs, meeting in a called session Saturday afternoon at the agent's office, selected Mrs. S. L. Kelley of Ennis Creek as vice chairman.

Two members of each club were named to serve with the Chamber of Commerce on various committees to help plan the Scurry County Products Show. The pantry was discussed, and the chairman said that it would be placed on display at the Products Show and would be disposed of at the end of the show.

Each club sending a delegate to the Short Course will send in its room reservation fee to the secretary-treasurer by June 24 so it might be sent to the proper person. What is expected of the person making the trip was summarized and given the clubs that will send someone.

A clinic for testing gauges of pressure cookers was planned for Saturday afternoon, June 17, at 3:00 o'clock. Each president is to attend or name someone in her club to be present. The council voted to buy the thermometer, and it will be used in the clubs in alphabetical order.

The home agent explained the importance of the American home economics meeting in San Antonio June 16-23. It is not often that one has a chance to attend a national meeting which she will attend on official leave for three days. She told those present that her schedule will be changed in July, but that she would meet with all the clubs.

Completed plans for Rally Day will be given by various committees. Short Course reports will be read, and three delegates to the annual convention of the Texas Home Demonstration Association, Lubbock, September 6-7-8, will be elected.

The council will meet again July 22, fourth Saturday.

Tomatoes Have Vitamins. Tomatoes are rich in vitamin C, Estella Rabel, home demonstration agent, told members of the Dermott-Martin Club last Wednesday afternoon at the home of Mrs. Albert Smith. The agent gave an interesting demonstration on canning tomatoes and making tomato soup.

Mrs. Albert Hobbs has been appointed reporter in the absence of Mrs. Ruby Greenfield. Members present were: Mmes. Marie Serivner, L. N. Periman, G. D. Gibson, W. E. Boss, Pete Bradshaw, Allen Stephens, M. A. Davis, Maxine Kelly, Albert Hobbs, J. A. Cadell and the hostess, Lena Periman of Clovis, New Mexico, Doris Davis and Mrs. Pay Gibson were visitors.

Wife-Husband Meet. Accompanied by their husbands, members of the Camp Springs-Midway Home Demonstration Club met with Mr. and Mrs. W. V. Jones Wednesday night at the Jones home one mile north of Camp Springs.

Estella Rabel, home demonstration agent, gave a tomato canning demonstration, and explained the methods employed in canning different kinds of vegetables.

Following the canning demonstration, sandwiches were passed to Mr. and Mrs. Marvin Snowden, Mr. and Mrs. Leslie Parks, Mr. and Mrs. W. O. Aucutt, Mr. and Mrs. Andy Jones of Rotan, Mr. and Mrs. W. M. Bavousett, Mr. and Mrs. W. H. Talley, Mr. and Mrs. Odell Faulkenberry, Mr. and Mrs. David Williams, Mr. and Mrs. James Davidson, Mrs. Guy E. Casey, Mrs. Jim Beavers, Betty Bavousett and W. C. Davidson.

Joint Hernalleigh Meeting. Members of the junior and senior Hernalleigh 4-H Clubs met at the home of Jean Longbotham Thursday, June 8. During the food preservation demonstration, Miss Rabel told the girls that each individual needs tomatoes or citrus daily, and that in a year that means around 75 to 120 pounds. Children need more. The tomato is America's contribution to the world, early explorers carrying it back to Europe with other "nuggets of gold." It was regarded first as a curiosity.

Plainview Club Meets. The Plainview Home Demonstration Club met at the home of Mrs. A. M. Weller Thursday, June 8, at 3:30 p. m.

Tomatoes and other acid fruits should be canned by the water bath method. Those products which are low in acid, high in protein content need a higher temperature and longer processing. Among those are such products as asparagus, string beans, snap peas, shelled peas and beans, okra, pumpkins, squash, carrots and sweet potatoes; so the pressure or steam pressure cooker method is recommended.

Pyron, Hobbs Take Part in New Six-Man Football Area, 1939

The sport designed primarily for the schools unable to maintain a regular football team promises to grow into a prominent feature of Texas Interscholastic League activities this year.

Among first teams in the state to take part in six-man football were teams in Central West Texas, including Pyron in Scurry County and Hobbs, which includes many students from this county. These two teams, with Divide, Sylvester, Blackwell, Dowell, Trent and McCauley, will compose District 14 in the new state-wide six-man set-up.

Indications point to 125 to 150 teams in the state this season.

District 12, portions of which adjoin Scurry County, includes Garden City, Sterling City, Water Valley, Ackerly, Focan, Garner, Klon-dike, Courtney and Westbrook.

Feeders' Program, Big Spring, Will Be Attended by Locals

A number of county ranchers and farmers, together with X. B. Cox Jr., county agent, are making plans to attend the feeders' day program that will be held at the U. S. Experiment Station near Big Spring Friday.

A demonstration of feeding practices carried on at the station, plus inspection of cattle, will precede a luncheon at noon. Fred Keating, superintendent, said Tuesday.

The formal program will be given Friday afternoon. J. M. Jones, chief of the animal husbandry division at A & M College, and other A. & M. staff members, will discuss problems connected with feeding out cattle.

Cox suggests that anyone wishing to go with him to the feeder day program contact him by 8:15 o'clock Friday morning.

First Christian Church

Rodney Glascock, who is home on vacation from Phillips University, will preach next Sunday at the First Christian Church. He will preach both morning and evening, as the pastor is out of town on a week's vacation.

Our past mistakes always bother us, especially at night when we sit around wishing we were young enough to report some of them.

"My wife came from a large family." "My wife brought hers with her."

To be angry is to revenge the faults of others upon ourselves—Pope.

REMINGTON Portables have been bought by five Scurry County folks from The Times (your office supply house) within the past six weeks. Don't you need one in your home, your business, your school work? As low as 10 cents per day buys a brand new machine. 36-2p

IDEAL COOLING OFF! Ideal Wash House and Laundry, a block east of the square, is moving its boiler this week-end to the rear of the building in order to bring down the temperature for the benefit of customers. The plant will be closed for this change Friday and Saturday, but it will reopen bright and early Monday morning.

Cotton is the most valuable crop grown in Texas. The 1936 crop was valued at \$217,018,000. The average Texas cotton crop covers about 12,000,000 acres, the greatest single crop in any one state, and provides a livelihood for more people than any other one Texas industry.

More than 80 per cent of our knowledge is gained through the eye. Take care of your eyes. Work safely. Think safely. And live safely.

Barronview Added To School District In Western Fisher

From across Rough Creek in the northeast corner of Scurry County to within 10 miles of the Nolan County line on the south side—an area of over 200 square miles—is included in the Hobbs School District since the addition this week of Barronview.

Addition of the school district southeast of Claytonville known as Barronview to the Hobbs area will virtually assure Hobbs of a 14-member teaching staff for the 1939-40 school term, school board members said Tuesday.

Since transportation facilities are taken up to care for the students from Camp Springs, County Line and the West Fisher County communities attending Hobbs School, school bus No. 7 will probably be added in September.

W. T. Murphree and family spent Sunday in Lubbock with her-brothers and families, Joe B. and H. L. Fondy.

Mr. and Mrs. Amel Selby and baby of Dumas were Wednesday guests of Mr. and Mrs. Clyde Murray.

Gorman Walton, son of the A. E. Waltons, is home from a two-week vacation in Carlsbad, New Mexico.

Snyder General Hospital

Remaining over in the hospital from last week are the following: Mrs. Rufus Mize of Hernalleigh, 23 years; Mrs. J. L. Webb of Ira, 62 years; Roy Shaffer of Gail, 62 years; Mrs. L. D. Harrison of Dermott, 62 years; Mrs. D. T. Hester of Post, 62 years.

Mr. and Mrs. W. T. (Pat) Falls are announcing the birth of a son in the local hospital. The eight-pound two ounce boy has been named William Thomas Jr. for his father, who is a teacher in the Ira School. The baby arrived at 6:10 last Thursday morning. Mrs. Falls, the former Lee Alvin Hays, and her son have been moved home from the hospital.

Delmus Perry had a minor surgery in the hospital the past week, and new patients who are still confined are: Mrs. Carl Odum of Justiceburg, Mrs. Alfred McLaughlin of Snyder and the year-old child of Mr. and Mrs. Pete Brooks, medical; Mrs. E. M. Pettigrew of Justiceburg, surgery.

H. L. Fondy and family of Edgerton, Wyoming, visited the W. T. Murphrees last week-end. While here they went to Carlsbad Caverns, accompanied by Elsie and Dorothy Murphree.

### Another Electric Line Planned by Mitchell County

The first major step toward bringing rural electricity to almost a dozen neighboring county communities in North Mitchell County was taken this week with organization of the Lone Wolf Cooperative Electric Association.

A proposed 200-mile REA line contemplated by the new cooperative will come within a short distance of the rural electric line built through Ira, Dunk, China Grove and Buford in 1937 by the Texas Electric Service Company, and will continue southeast across the T-P Railroad tracks.

Valley View, Lone Star, Bauman, Champion, Seven Wells, Looney, Plainview, Conaway, Cedar Bend, Rogers and Fairview are communities included in the proposed REA line.

A. K. McCarley has been elected president of the Lone Wolf Cooperative. Emmett Hale is vice president and J. H. Carlock is secretary. Lon Strain and T. W. Daugherty complete the board of five.

A membership of 60 is being sought by the Mitchell County REA unit. Project completion would bring the North Mitchell County electric line to within a few miles of the contemplated Midwest Electric Cooperative line through Hermitage, Pylon and Inadale.

J. O. Morrison, post office employee, is vacationing for two weeks from his work here. Accompanied by his family, the local man will visit at Clayton and other points in New Mexico. He formerly worked in the Clayton postal service, and the family will greet friends and visit with Mrs. Morrison's relatives there.

Sue Wilkerson of Big Spring is a guest this week of Mr. and Mrs. Buddy Martin and daughter, Lanell.

### Conoco's Chief

The story of Continental Oil Company and its rise to prominence in the oil industry is told in the current issue of Fortune Magazine. A striking feature of the article is a thumbnail sketch of Conoco's president, Dan Moran, above. In the process of climbing to the top in the oil world, Fortune reports, "he had learned something of men and something of the sweet-smelling stuff called crude."

### Another \$1 for Each Scholastic Received

The arrival of another \$1 in scholastic apportionment funds, totaling \$1,148, was announced Monday by the county superintendent's office.

Monday's installment from the State Department of Education makes a total of \$15 sent so far for each county scholastic. Roy O. Irvin, county superintendent, said:

"The remaining \$7 out of \$22 per scholastic apportionment is expected to be received throughout the summer and early fall by installments, according to L. A. Woods, state superintendent."

Professor: "Why are you tardy this morning, Mr. Jones?" Jones: "Class started before I got here."

### Southwesterner In Colorado for 1939 Convention

Agents of the Southwestern Life Insurance Company will meet for the first time in the company's history beyond the borders of Texas when the thirty-fifth annual convention of the Southwestern Life Club is held in Colorado Springs, Colorado, June 15, 16 and 17, President C. F. O'Donnell announced late last week.

Among the 300 or more agents who will attend the convalescence is the local agent, Mrs. Maude DeBald, who is accompanied in her car by Mr. and Mrs. O. D. Cardwell, agent and his wife at Post.

Southwestern Life representatives, by producing a \$100,000 volume of business during the previous year, win the right for themselves to attend the company's annual conventions with all expenses paid. The Broadmoor Hotel, resort mecca of Colorado, will be convention headquarters.

W. W. Carroll of Lubock will call the general convention of Southwestern Life Club to order Thursday morning. Convention proceedings will include the annual address of President O'Donnell.

The planned program runs the gamut of business discussions devoted to life insurance. Amusement and entertainment features typical of the state of Colorado have been planned, including trips to the Garden of the Gods, Pike's Peak, an ice carnival, and various outings available only in mountain country.

### Hobbs Scouts Raise Fund for Equipment

A total of \$14.30 was realized by the Hobbs Boy Scout troop Friday night, when members sponsored a box supper at Hobbs school auditorium to raise funds for purchase of troop equipment.

The Hobbs troop, composed of members from East Scurry and West Fisher Counties, is jointly sponsored by the school under superintendent N. J. Guillet's direction, and a council composed of Lee Williams, Sterling Willingham and Schwartz. An active summer program is being planned, according to J. O. Guinn, scoutmaster.

Sweet Young Gal (in parlor): "Mamma! Mamma! Come here and make Dick stop teasing me!" Mamma (from stairway landing): "What is he doing, dear?" Sweet Young Gal: "He's sitting on the other end of the davenport."

Neighbor: "What did you have in your garden last year?" Man: "Plymouth Rocks, Leghorns and Rhode Island Reds."

### Boll Weevil and Flea Hopper Control

It is one of the ironies of nature that soil and rainfall conditions which are most favorable for the growth of the cotton plant are also most favorable for the multiplication of insect pests. The more luxuriant the growth the better the boll weevil, the flea hopper, and the leaf worm like it. It is not uncommon for a casual observer to remark on the promising appearance of a field of cotton, in which a close examination will show that the flea hopper is destroying the fruiting buds, the boll weevil is laying eggs in the squares which escape the flea hopper, and the leaf worm moth has deposited her eggs on the lower side of the tender foliage—the more luxuriant the better she likes it.

None of these insects will attack slow-growing, drought-stricken cotton by preference, but may do considerable damage on any kind of cotton if that is all they can find to feed on. What we are here trying to say is that when cotton is growing fast it is mighty important to watch for the insects and see that they do not destroy the fruit to such an extent that "weed" is all that is left. At this stage cotton should rapidly set squares and the squares become blooms. If rank-growing cotton does not look "like a flower garden" every morning there is something the matter. Every cotton grower knows that cotton naturally "throws off" a part of the embryo fruit, but natural shedding and insect damage are two quite different things. The early and mid-season blooms and bolls are most important in the yield, and must be saved from insect damage in order to insure a normal yield. With the greatly reduced acreage in cotton under the AAA it becomes the more important to secure good yields from the acreage we have, and controlling insect depredations is one proven means of so doing. Besides, insect control which permits the "weed" to hold all the early fruit it can carry brings the main crop to maturity earlier in the season and a higher percentage of it is harvested at the first picking, when the grades are better than later. A good many people do not get excited about insect pests until the leaf worm appears, and yet the leaf worm destroys far less cotton than either the flea hopper or the boll weevil. By the time the leaf worm

### Hobbs Boys Plan Camp; Report on Pest Eradication

Final plans were made Wednesday night at a meeting of the Hobbs FFA chapter, for members to attend the district FFA encampment at Lake Cisco in August, Cleveland Littlepage, sponsor, reported this week.

New officers elected by the Hobbs FFA members during the business session Wednesday night follow: Jerry Beavers, president; D. M. Huffstutler, vice president; English Dooley, secretary; Topsy Guinn, reporter; Bob Eberedre, treasurer; Leslie Parks, parliamentarian; Dan Westfall, song leader; Clyde Garrison, historian; Alvin Bryant, watch dog.

A skating party at a local rink was given the members Saturday night by Littlepage. The losing side in the chapter's recent pest eradication contest entertained the winning side.

According to Dan Westfall and Jerry Beavers, captains of the two teams in the FFA pest eradication contest, the following were killed: Rabbits 2,236, rats 1,226, hawks 35, sparrows 646, owls 36, chipmunks 51, ground squirrels 91, prairie dogs 82, crows 31.

This record sets a mark at which other FFA chapters can shoot, state Hobbs sponsors. The Hobbs chapter includes 43 boys.

### Methodist Church

Our Vacation Bible School is now in progress, and we are delighted with the fine faculty and splendid attendance of children.

Our program for next Sunday is: Sunday school, 9:45 a. m.; preaching, 11:00 a. m. "Baptism as Taught in Old Testament, Prophecies of New Testament Baptisms, How John the Baptist Baptized;" evening hour, 8:30 o'clock, "How Was Christ Baptized, Various Baptisms of New Testament, and Buried With Christ in Baptism."

Come out to both services and hear what the Bible says about this subject.—I. A. Smith, pastor.

### LETTERS FROM THE PEOPLE

FROM G. R. AUSTIN

Editors, The Times:

I thought I would drop you a few lines from Aspermont, where I have been transferred. Of course I would rather stay at home, but as it is the policy of the State Highway Department to make these section foreman changes, it is all right with me.

While I realize that I will have to make new friends and work into a new bunch of people, I want to take this opportunity of expressing my appreciation for the hearty cooperation of the several county judges and Commissioners Courts of Scurry and Borden Counties; also to the mayor and to past and present city councilmen, to the people of each county and to the men who have so faithfully worked for me and helped me keep the good work going.

I think the State Highway Department has one of the finest organizations in the state, and I feel that the Scurry and Borden County boys are at the top of the list.

Sam McCombs of Big Spring, your new section foreman, is a mighty fine man, and everyone will like him when you get acquainted with him.

Yours very truly, G. R. AUSTIN.

Aspermont, June 9, For office supplies see The Times

### Final Plans for Cheese, Storage Plant at Loraine

Work on a new cheese plant and cold storage locker plant for Loraine is expected to start Monday or Tuesday of next week, reports Elmer Taylor of Ira, vice president of the Farmers Cooperative Association.

A 19-year lease on two buildings to be erected by W. S. Wimberly was taken this week by the association. Placing of plant machinery will start as soon as the buildings are ready for use. Building work is expected to be completed within 30 days.

J. W. King has been employed as field manager by directors of the association. Directors are: E. B. Hale of Loraine, president; Elmer Taylor of Ira, vice president; U. D. Wulfjen of Colorado City, W. M. Turner of Westbrook, Ross Hargrove of Spade, J. E. Lewis of Dunn, and Joe Hairston of China Grove.

Completion of the cheese plant and cold storage locker at Loraine—a cooperative project—will mean the realization of a several-year dream for a dairy products manufacturing plant in this trade territory. Plans call for operation of the plant to begin in September.

The first oil refinery in Texas was built at Corsicana in 1897.

Jimmie Merritt, Correspondent Those visiting in the Lynn Henderson home last week were: Mrs. Florence Gilvin of Ft. Worth and Mr. and Mrs. Glen Parker, Grand Fork, North Dakota.

Gail News

Mary Cantrell, Correspondent The ball games Saturday afternoon proved to be very interesting. The Gail men lost to Murphy again, but the women kept their reputation by winning over the Murphy team.

Water and Salt Control Grazing

Proper location of stock water ponds and salt licks is doing much to improve grassland in the Southern Great Plains. The Dean Ranch, between Snyder and Lamesa, since cooperating with the CCC camp at Lamesa, has built nine new dams, repaired five old dams, and put up several new windmills to better distribute grazing. In addition, it has built 60 miles of fence, dividing large pastures into one or two section pastures.

Don't Forget to Pay— A chap paid his telephone bill so he could talk; he paid his water bill so he could drink; he paid his grocery bill so he could eat; he paid his light bill so he could see. The next day he died, leaving his insurance bill unpaid.

Moral: Pay your insurance bill first.

Scurry County Motor Co. SNYDER, TEXAS

Legal Notices CITATION BY PUBLICATION. The State of Texas, To the Sheriff or any Constable of Scurry County, Greeting:

You are hereby commanded to summon Don Hilton by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Scurry County, to be held at the Court House thereof, in Snyder, Texas, on the 4th Monday in June A. D., 1939, the same being the 26th day of June, A. D. 1939, then and there to answer a petition filed in said Court on the 24th day of May, A. D. 1939, in a suit, numbered on the docket of said Court as No. 3193, wherein Margaret Dell Hilton is Plaintiff, and Don Hilton is Defendant, and said petition alleging:

Marriage on the 3rd day of July, 1937, separation August 8th, 1937, and praying for divorce on the grounds of cruel treatment of such a nature as to render their further living together insupportable.

Heretofore said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given Under My Hand and the Seal of said Court, at office in Snyder, Texas, this 24th day of May, A. D. 1939.

J. P. Billingsley, clerk, District Court, Scurry County. 51-4p
