At Magdalena, New Mexico, they visited with Lon B. Faver, formerly of Snyder, and at Raton and Capulin they also made vacation stops. On the return trip they visited Mrs. G. R. Faver's sister. Mrs. A. G. New, and family at Wichita

Reward for consecrated leadership has come to Adell Watkins, daughter of Mr. and Mrs. Cov Watkins. The 1939 gradnate of Snyder High School has been awarded a scholarship with a total value of \$250, good for tuition, fees and a portion of room and board at Howard Payne College, Brownwood. The award, made annually by the WMU of Baptist District 8, was made by Mrs. J. M. White, district president, at a recent YWA house party in Colorado City. Adell is Snyder and district leader of YWA work. She was in Brownwood a few days ago to make preliminary plans for entering Howard Payne this fall.

Smiling Mrs. Mollie Pinkerton was given a royal welcome back home a few days ago. The popular county treasurer was in a hospital at Savannah, Missouri, for a month. She is doing well, and will be back to her office duties in a few more days. Mrs. Otto S. Williamson, she has been ill.

Dozens of Scurry County folks will have attended the World Fairs at New York and San Francisco before gates of the two expositions have closed. The latest New York visitor is Rose Marie Clawson, teacher at Fluvanna, who was joined in Dallas Saturday by a former Hardin-Simmons University roommate Eugenia Pauley, who teaches at Valera, for a train trip that will also include St. Louis, Washington, D. C. and Niagara Falls

Martha Frances Is Birthday Honoree

Five-year-old Martha Frances Stoker celebrated her birthday at a party given last Thursday afternoon by her grandmother, Mrs. H. J. Brice, at her home in West Snyier. Assisting Mrs. Brice with the entertaining were Mmes. H. P. Brown and W. J. Ely. Party hours were from 5:00 to 6:30 o'clock.

Novelty hair ornaments were preented to the guests as party favors, and each of them brought Martha Frances a pretty gift. Heart-shaped and square sandwiches and iced punch were served with the birthday cake.

Members of the town's very young social set and one out-of-town guest attended. They were: The honoree and her young brother, Richard Lee Stoker; Gail Grissom of Abilene, Carolyn Sears, Mary Jo Harrell, Camille Cloud and Annetta Jeanne Jones.

Canyon 4-H Club Meets.

The Canyon 4-H Club met at the hool house Tuesday and made a our of Canyon and Ira to see work being done in the communities. The girls were especially inter-

ested in Mrs. R. G. Newman's frame garden, which she had replanted two days ago and which was coming up nicely. She told the girls each family should have two frame gardens so they might be eating out of one while the other is growing. Her garden was not affected by the hail or flood, and she is ompletely sold on frame gardens

Morris Casey Is Married June 17

Announcement is being made here of the June 17 marriage of Morris Casey, graduate of the local high school, and Geraldine May, both of Lubbock. Casey's parents are Mr. and Mrs. Guy E. Casey of Camp Springs, Scurry County.

The marriage took place at the Baptist Church in Clovis, New Mexico, June 17, at 5:00 o'clock in the afternoon, with the pastor performing the rites. They are living at 1412 13th Street, Lubbock. The bride is a daughter of Mr. and

Mrs. George E. May of Amarillo. She attended an Amarillo business school following her graduation from school, and is employed by a Lub bock credit company.

Casey graduated from Snyder High School in 1933 and later attended Texas Technological College, Lubbock. He was a member of Los Camaradas Club, men's social group, at Tech. The former Scurry Countian is now working for the Behrens Drug Company in

The Billie Lees, Mr. and Mrs. and older daughter, Dawn, returned to their new home in Fort Worth early this week. Mrs. Lee and Dawn came home with Billie's mothe Mrs. W. B. Lee, early last week, and Billie was here for the week-end. They recently moved to Fort Worth from Snyder. The younger Mrs. Lee's mother, Mrs. B. M. West, also was visited here.

Sweetwater Will Come Sunday to Play Snyderites

A game that should pack a real wallop will be Sweetwater's return engagement here Sunday afternoon at 3:30 o'clock, Winston field. The local independent nine trimmed the Nolan County crew, 2-1, early in the summer season in one of the best defensive games the Snyderites have played.

"Baseball that is baseball" was the way sport fans described Sunday afternoon's whirlwind encounter between the home crew and Bronte at the Coke County town. Bronte went down, 4-2.

Superb pitching by Elbie Miller gave the Coke countians only six hits. Corley, pitching for Bronte, allowed eight hits. Tommy Winter pitched the final inning for Snyder. Outstanding defensive player was Arice Jones, who went from catcher's post to second base after slight hand injury. Mutt Herod winged four hits out of five times at bat. The box score

Clear Vision of Rows Feature of Latest Farmall

"I couldn't believe it until I saw t," said W. W. McCarty of Snyder Hardware and Implement Company, who has just attended a preview of the new Farmall-A tractor, held Friday at Sweetwater by the International Harvester Company.

"This latest rubber-tired addition to the Farmall line." continued Mc-Carty, "brings the grower of row crops something he has never had before-full vision of the work that is being done directly under the tractor. Just as television brings the radio listener something he has never been able to see, so the Farmall-A enables the man who is cultivating corn or other row crops to

to crane his neck or twist his body. "It's all in the design of the tractor," said McCarty. "The engine is cleverly placed so it does not obstruct the view of the rows. The driver rides easily in a comfortable sponge-rubber upholstered seat and watches the cultivator shovels at that same close range that is possible on a horse-drawn riding culti-

see what he is doing without having

"It's surprising," McCarty said further, "how much more power and low-cost service have been built into the new Farmall-A. It will bring power farming to the man who farms small acreage, with 40 to 60 acres under cultivation. It will also be welcomed by the big grower who needs a second or a third tractor to supplement the power of his

RAY BOLGER * FRANCES LANGFORD

Mrs. Roberts of Hermleigh Loses To Long Illness

was fatal to Mrs. W. K. Roberts of Hermleigh, 51, Sunday night, 10:00 o'clock, at her home. Operator of a variety store at Hermleigh owned by her and Mr. Roberts, for the past six years, Mrs. Roberts was a native Texan. She was born at Coleman May 23, 1888.

Funeral services were held Monday afternoon, 4:00 o'clock, at the Hemleigh tabernacle, with Rev. G. W. Parks of Roscoe, assisted by Rev. Ira Huckabee of Blackwell, officiating. Burial was in Snyder Cometery, with Odom Funeral Home in charge of arrangements.

The Roberts family moved from Bay City to Hermleigh six years ago. Mr. Roberts has been associated with Snyder automobile agencies for

four years. Surviving are the husband and one daughter, La Vohn, 15; and one sister, Mrs. George J. Hill, Pearland. Also attending funeral rites were Mr. Roberts' mother, Mrs. Mattie Luce, and his sister, Mrs. O. V. Chapin, both of San Antonio.

Mrs. Roberts was active in civic and school affairs at Hermleigh before she became ill. She was for-

merly a teacher of expression. Pallbearers were A. W. Mobley, Arlie McMillan, Victor Longbotham, K. B. Rector, L. B. Rea and Loren

Willow Deane McMillan, Sally Layman, Jean Longbotham and Elree McMillan were in charge of the floral tributes.

The cheery fellow met a friend at a dance.

"Well, well, old man," he said happily, "so you're married at last! Allow me to congratulate you!" He pauced, and then added with a sly smile: "I hear you have an excellent and accomplished wife."

The newlywed nodded. "I have indeed," he replied. "Why, she's at home in music, at home in art, at home in books, at home in science. In short, she's at home everywhere, except-"

"Yes, except what?" came the inquiry.
"Except at home," the other dole-

tered with stickers from all points lungs and other organs of the body

To County Autoists

Home Aplpiance Company became the first local firm to invade the small car field by placing on display this week one of Crosley's fourpassenger "cars of tomorrow."

"Car of Tomorrow"

Crosley Introduces

The Crosley car on display is gray sedan with convertible top. Utilizing the absolute minimum in weight, the small but sturdy automobile weighs only 900 pounds. Features of the Crosley creation

include a rear seat that can be taken out for luggage placement, a two-cylinder air-cooled airplane type motor, unusual gasoline economy and standard equipment.

Brake surfaces provide adequate oraking facilities for a car four times the Crosley car's weight. A cruising speed up to 40 miles an hour is recommended for the thrifty auto-

The Crosley Corporation, manufacturer of the small car. is widely known as builder of Crosley radios, Shelvador refrigerators, washing machines and household appliances.

Calcium, in which mi'k is especially rich, is the most enduring element in animal life. In the skeleton of prehistoric man and animals, it has survived millions of

manufacture of cheese. Four hundred pounds of milk berg and their son, Sam Bernard. are pasteurized daily in Alaska.

The average life span of a quar milk bottle is 35 deliveries.

The menu for West Point cadets ncludes a quart of milk a day. Because mi'k is a corrective for night-blindness, air-transport pilots are required to drink a quart a day. Milk is the largest single source of farm cash income in the United States. In 1938 cash farm income from milk totaled 1,430,000,000, or 20 per cent of U.S. total cash income excluding government pay-

Start Your Own "Pension Plan"-

The old age horizon has been made falsely bright of late by sparkling "pension plans" which make the future glow with Aurora Borealis display

But how many of these plans will ever get down to earth to benefit you? One thing seems certain: Hard-working citizens would never approve any scheme that would force them to earry on their necks all persons who reach a specified birthday. There would be too many undeserving in with the de-

With so much theory in the air, a growing bank account during productive years still seems to offer the best "pension plan" for the average man or woman.

Japs Dine on a Nickel

The Abilene Reporter-News editorial writer scoffs at Japanese insults, declaring that the time may come when England and the United States must join naval | chickens laying golden eggs should receive proper care forces to starve the island Orientals into submission. through the summer months, Jennie Camp, Extension

interesting comments on most world affairs, but he thoughtful housewives need not run the risk of securhas slipped a cog in this instance. "The Yellow Peril" ing inferior eggs the rest of the summer if they are is still to be reckoned with as a major power, although gathered at home and carefully handled. the direct peril to our country has probably been overemphasized for, lo, these many decades.

Most important balance wheel in Japan's favor in Asiatic waters.

The shrewd Japs have experimented for years on calorie-balanced diets that can be purchased by the average Japanese at five cents per day. Yes, that's right-three full meals, nourishing if not too palatable, for a total of five cents! The Japanese average, prior to these miracle experiments, was 15 cents daily.

This low menu cost is made possible by the use of many products that are usually considered impossible for human consumption. Water snake, properly prepared, is quite a delicacy. Guts and heads of fish are carefully preserved and eaten. Grasshoppers are soaked in soybean sauce and fried to a delicate brown. The meat of cats, dogs and horses is prepared in numerous tasty fashions.

The self-sufficiency of the Japs, therefore, is more than most Occidentals dream of. Even if the little yellow soldiers add insult to injury to English and Americans in China, we cannot forget the facts that make of Nippon a potent power in peace and war.

Big Events Just Ahead

list of big events ahead of Scurry County

Farm and Ranch Rally Day. Scurry County Fall Products Show. A bumper feed crop-and saving of this feed by

way of trench silos and other means. Completion of Snyder school building. Definite work on Highway 101 and Highway 15.

Last-and perhaps most important-possibility of one of the most profitable oil fields in West Texas. Mark up 1939 as a proftable year for Scurry County. We are going full steam ahead in spite of the proverbial hell and high water.

Editorial of the Week NOLAN COUNTY TAXPAYERS SHOULD BE CONGRATULATED

Nolan County taxpayers have reason to congratulate themselves on the manner in which tax payments have been made for the year. Collection of 90 per cent of the amounts levied is a good percentage and Nolan County can be proud that it ranks well up in front among the counties of the state in tax payments. Such a record indicates better than average financial conditions prevail and recovery from bygone depression levels. If account is taken of back taxes collected during the past year, sufficient money was paid by tax to equal almost the entire levy of \$132,804.53 for 1938.

Prompt payment of taxes to any of the governing bodies simplifies their financial affairs. Departments of government can function as planned and the whole citizenship benefits. Property values are more stable where a high percentage of taxes is paid.

Unpaid taxes can become a burden that will hamper development and progress. It is a happy situation to find that in this county tax payments are even better this year than they were in the 12 months pre-vious.—Sweetwater Reporter.

A-Visiting They Must Go

Exra has it all figured out that gasoline and oil are cheaper in the long run than beans, bacon and bread. siferous earth, satin spar and alabaster.

is only 100 years old. There are umpires who haven't Italian pilots, veterans of the Spanish civil war, when been right for longer than that .- Portland Oregonian. they reached Genoa last week. . . . Not only were Ita-

The longer war lasts, the more is the second-rate intelligence enthroned and the first-rate degraded. War protects the fool who makes mistakes and persecutes the wise man who dares to say they have been made.-James Hilton.

Differences of religion used to produce the worst wars of all, the religious wars. It was not inevitable that they should continue, for they have ceased. The feeling of nationalism need no more produce war than the emotions of religion.—Norman Angell.

A country which wants a pretext of war usually finds it, whether the occasion is the mysterious blowing up of a battleship, the assassination of a crewn prince, a trade dispute, or an insult to the national conor. When ill will exists, incidents are distorted covered this week that foreign producers can still cost of their true significance and can even be con- sell to the United States at a profit, with Japan going trived. Conversely, a country which wishes to avoid so far as to melt silver utensils, trinkets and silver war is willing to overlook a great many provocative plate in jewelry stores in an effort to build up as much ots.—Editorial, Boston Herald, August 27, 1937.

> A rather unhappy landing was in store for 2,000 lian aviators decorated by a Nationalist general when they left Spain recently, but each was given a fat envelope containing six 1,000 lire notes. . . . While the group of Italy's "skyway daredevils" were en route home Mussolini learned that German fliers who fought for Francisco Franco refused similar gifts, and ordered the bonuses confiscated last week and returned to the Spanish government. . . . Now faced with 2,000 angry but loyal pilots, Mussolini is speeding up plans to give the entire lot full time employment in Italy's rapidly expanding air force.

Although the recent posting of lower silver prices by the U.S. Treasury Department was supposed to put the "official screws" on foreign exporters of the troublesome metal, officials of the State Department dis-"emergency capital" in American banks as possible.

Hereford Herds Near San Angelo Visited on Tour

Wednesday night from the second Texas Hereford Association two-day tour that covered the San Angelo area, states the July tour was one of the most beneficial yet sponsored by the cattlemen's organization.

Included in the Tuesday-Wednesday trip were visits to the Loma Vista Hereford Ranch, owned by George Broome, a trip to the 17,000 acre soil conservation project near Broome, and inspection of the registered Herefords owned by John P.

Barbecued beef, chevon and catthe Hughes Log Cabin Village on Spring Creek, well known as a West Texas beauty spot. Inspection of the Halbert & Hoggett Ranch was one of the last made by the group Harrie, a director of the Texas Hereford Association, reports the August Hereford tour will be made f the outstanding ranches in the Amarillo territory. This Central West Texas Hereford area was in cluded in last year's tours.

Leading Singers To Attend Fifth Sunday at Rotan

Leading singers from many parts of Texas and singing classes from this section of the state are being invited to the Fifth Sunday singing at Rotan Sunday, July 30, which is expected to be one of the biggest singing events of the year in Cen-

The singers will have the use of the large high school auditorium, with a stage that will accommodate about 50 singers, and a seat-

ing capacity of 600. Plenty of ice water will be pro basket lunches. The business mer of Rotan will supplement their some other parts of the menu. For those who do not wish to

spend the entire day singing, there will be swimming in the beautiful \$36,000 pool, and a nine-hole golf course within four blocks of the school building will be available. Everyone in this section of West
