## SECOND FARM RALLY DAY SATURDAY

### Mexican Baptist Body Meets Here

#### TIMES SHOTS

West Texas friendliness and neighborliness were clearly illustrated in the Hermleigh community again this week. Thirty-five men of that section of the county gathered at the farm of Mr. and Mrs. Barney Kitchen Tuesday and hoed out their crop. The women came over to bring, prepare and serve the lunch for the workers. Mrs. Kitchen has been seriously ill for several years, and the couple were moved beyond words at the kindness of their neighbors.

Summertime is reunion time for numbers of families in this section. The children (all except one son) of James A. Gatlin and other relatives met Sunday at the home of a daughter, Mrs. Bunyon Evans, near Fluvanna. The gathering was the first for the family in three years. Present for the day along with Mr. Gatlin, Mr. and Mrs. Evans and son, J. V., were: Mr. and Mrs. John Stokes and children of Weleetka, Oklahoma; Mr. and Mrs. Marvin Gatlin and children and Mr. and Mrs. W. Buckner, McAdoo; Mr. and Mrs. Frank Gatlin, Mr. and Mrs. Raymond House and son, Milton, Mr. and Mrs. Ivan Gatlin and daughter, Betty Lynn, Edna Mae Gatlin and Ralph Barton, all of Snyder.

Nathan Reynolds of the 9 E Ranch in East Borden County had over 100 pounds of yellow catfish on display this week in the Stinson Drug Store No. 2 refrigerator. He caught them last week in the Burnett-Llano area. Nathan, who returned late last week from his fishing trip on the Colorado River, believes the proof of good fishing rests with the ones that didn't get away.

Mr. and Mrs. Hilton Lambert returned Friday from a two-week vacation spent in the vicinity of Eagle Nest Lake, New Mexico, where they made numbers of moving pictures of the surroundings in technicolor. A highlight of the two weeks was a 22-mile pack trip made on horseback to Blue Lake, elevation of which is 13,321 feet, over 4,000 feet higher than Eagle Nest. The technicolor pictures show the black spruce trees which surround Blue Lake and shots of the beautiful Rocky Mountain columbine, Indian paintbrush, wild larkspur and blue bells, all in bloom, at the edge of the snow. Lambert, local city mail carrier, had a couple of 20-minute tussles with two four and one-half pound native rainbow mountain trout at Eagle Nest, and Mrs. Lambert, local dance teacher, was proud of several smaller ones she caught.

Prompt action by members of Snyder Volunteer Fire Department, who answered a call to the Buck Chandler residence at 11:40 o'clock Friday morning, when an oil stove caught on fire, resulted in slight loss, with the exception of the stove, to household furnishings. Part of the Chandler residence, located north of Randalls Lumber Company, is occupied by Mr. and Mrs. Raymond Grimmitt.

"They'll be a natty looking couple of crooks," said Victor Drinkard, local man, employee of The Globe, men's clothing store in Odessa, following a unique robbery last week. Apparently familiar with good merchandise, two men seemed to have well gone through The Globe's stock of men's wear. Beginning with a couple of good gaudy bags and following two general sizes, the invaders calmly selected underwear, shoes, shirts, neckties, several suits, swimming trunks and \$27 in cash. Drinkard decided they carried a style magazine with them, since they took top stock in all lines, as they walked out the back door after entering by rope through the skylight. Drinkard, son of the J. G. Drinkards of Snyder, teaches at Odessa in the winter.

Advance notices—and glowing words of tribute from those who have seen the picture elsewhere—indicate that "Confessions of a Nazi Spy," which shows at the Palace Theatre Friday and Saturday, is probably the best picture of its kind ever filmed. Local theatre-goers, incidentally, are among the first in West Texas to have an opportunity to see the picture that is wrapped around activities of German agents.

Three hundred delegates and other visitors, San Angelo to Amarillo, Brownwood to El Paso, are expected to arrive in Snyder Friday for the opening session of Fifth Association of Mexican Baptists, to be held at the Mexican Mission in North Snyder. The three-day convention will close Sunday night.

Rev. E. P. Gonzalez, district missionary, of Snyder, announced Tuesday that meals for delegates and other visitors will be furnished by local Mexicans and their friends.

Association highlights will include election of executive committee members, presentation of officials and talks by leading speakers of the association.

Many Speakers Coming. Principal speakers will include: Rev. Julian Ramirez, Slaton; Rev. J. S. Sanchez, Roswell, New Mexico; Rev. Ira Harrison, pastor, First Baptist Church; Rev. D. Bejarano; H. L. Wren of Snyder; Rev. Pablo Flores, Big Spring; J. H. Benson and Hiram Duffer, Brownwood; Sister Juanita Hernandez, Waco; Jose Martin and Ray Gonzalez, Midland; Sister Andrea Bejarano.

Members of the Mexican Mission invite their friends of this trade territory to attend any of the services.

The formal program, in Spanish, as sent throughout the association, follows (without regular Spanish accents):

Viernes por la Noche. Registro de Mensajeros y Visitantes. 6:00 p. m.—La Cena. 7:30 p. m.—Bienvenida por el Pastor, E. P. Gonzalez. 7:45 p. m.—Contestacion por tino, Julian Ramirez, Slaton.

8:00 p. m.—Programa de los Jóvenes, a Cargo del Presidente Pedro Hernandez, Brownwood. Sabado. 6:00 a. m.—Culto Matutino por Jose Ortiz, Snyder. 6:45 a. m.—Desayuno. 8:30 a. m.—Culto Devocional por Asociacion. Presentacion de Visitantes.

Informes de Oficiales: Moderador, Vice Moderador, Secretario, Tesorero, Secretario Estadístico, y los Presidentes de Departamentos. Eleccion de Mesa Directiva.

See MEXICAN, Page 3

### RIGHTS OF WAY BEING BOUGHT

Completion of Highway 15 right-of-way purchases from Snyder west to Borden County is expected within the next few days, County Judge Sterling Williams said Wednesday. Surveyors are speeding up all survey work this week on Highway 15 in both directions from Snyder. Contract will probably be let on the road next month, if all necessary details are arranged, the State Highway Department has indicated. The section of Highway 15 west from Gall was opened to traffic several days ago, following completion of roadbed work from Gall to the Dawson County line. The entire strip in Dawson County is paved. The new roadbed from Gall west follows south of the old Highway 15 roadbed for a distance of six miles, crosses north of the old right-of-way, and continues west to Dawson County.

### White and Colored Population Rejoice As Martha Marries

Both the white and colored populations of Snyder were well represented last Thursday night at one of the biggest affairs of its kind here in recent years. The town's been buzzing with news of the big wedding since it took place at the Social Hour Cafe in the colored section of town.

Martha Holland, owner of the cafe, became the bride of Jake Hill of Slaton, with Rev. S. D. White, local colored minister, officiating. Martha's wedding dress was light green in color.

The affair was big in more ways than one, attendants said. Several hundred people attended—and the combined weight of the bride and bridegroom neared 500 pounds. Jake owns two cafes in Slaton, and he is winding up his business there this week, preparing to move to Snyder, where the couple will live.

Following the marriage the colored folks were served soft drinks and they enjoyed dancing at Martha's place several hours. The white friends there were interested on-lookers as their dark-complexioned friends made merry.

### These 10 Represent 263 Girls

Representative of the county's 263 4-H Club girls are the 10 girls and sponsor shown in the above picture, made recently at A. & M. College. The group, accompanied by Estella Rabel, home demonstration agent, attended the Short Course at Scurry County recently. They are, standing, left to right: Hazel Filippa, Turner; Fay Mathis,

Fluvanna; Mattie Beth Payne, Fyron, sponsor; Mary Brown Roberson, Hermleigh; Myrl Zo Smith, Fluvanna; Sybil Cummings, Fyron; Robbie Jo Brown, Dunn. Front row, left to right, Ignia Martin, Canyon; Margaret Davis, Ira; Marion Barrier, Bison; Lois Martin, Turner. The girls made the trip in a Dawson County bus.

### FIXTURES AND FURNITURE TO NEW GAIL JOB

Courthouse, Sponsored by PWA, Already Houses Most of County Officials; Very Modern

Practically all of the furniture and fixtures for Borden County's new PWA-sponsored courthouse at Gall arrived Monday and Tuesday of this week, County Judge Charles Nunnally said Wednesday.

Venetian blinds for all rooms of the recently-completed edifice were installed Friday and Saturday. Most of the equipment that arrived this week will be installed within a few days.

C. D. Applegate of Lamesa, who recently purchased the old frame courthouse, completed demolition operations on the ancient structure several days ago. Lumber and materials used in the wooden courthouses were moved to Lamesa last week.

County officials at Gall who have moved into their offices in the new courthouse include Judge Nunnally; Sid Reeder, sheriff-collector; F. W. Medley, county agent; and Mrs. Ruby Covey, county clerk. Miss Maggie Williams, county-district clerk, will move into her new office as soon as equipment is installed.

One of the most striking rooms in the new courthouse is the county court room. It is finished in the latest interior designs that blend well with architectural trends employed in the building. The courtroom will be lighted with butane lamps.

Contractors on the courthouse are Dunlap & Coughran, Abilene. David S. Castle Company, also of Abilene, are architects.

### Several to Lamesa Rodeo With Saddles

Bud Arnett of Fluvanna, who was one of the judges in Lamesa's two-day rodeo Thursday and Friday, headed a group of Scurry County attendants that included Ollie Stinson, Lois Adams, Richard Parks, York and family, and others. York bought back some of the prize money.

Stinson and Adams, attendants at Thursday's performances only, put out a number of posters and other advertising matter of the third annual Scurry County Rodeo August 18-19 at a number of Lamesa's business houses.

Mining engineers who visited the 274-acre deposit of volcanic ash in Scurry County Monday estimated a thorough working of the deposit would yield at least 3,000 tons of the versatile commercial cleaner and polisher.

W. R. Kelley, in charge of mining the volcanic ash (pumicite) deposits in Scurry and Dickens Counties, stated Tuesday a lowering of interstate freight rates would permit large-scale shipments of the non-metallic ore to northern markets.

Wide variance in interstate freight rates is found in carload shipments of volcanic ash to northern market terminals, Kelley said. Freight in

### FIFTH SUNDAY SINGERS WILL GO TO 'HOLLER'

Pleasant Hill Host to Quarterly Meeting of Singers From Several Counties

An outstanding afternoon program of gospel singing will be on tap at Pleasant Hill Sunday afternoon, when Scurry and adjoining county singers gather at 2:00 o'clock for the regular session of the Scurry County Fifth Sunday Singing Convention.

Dewey Niedecken of Snyder, convention president, said yesterday that outstanding singers and quartets from a wide area of Central West Texas have accepted invitations to appear on the program.

Roy O. Irvin, vice president, is joined by Niedecken and community leaders in extending a cordial invitation to singers and those interested in gospel singing to put Pleasant Hill on their singing "must" list Sunday afternoon. October singing site will be selected.

### Program Second Agricultural RALLY DAY Snyder, Saturday, July 29

- 10:30 to 11:30 a. m.—Baseball Games and Judging of Girls' Clothing Work
- 11:30 to 12:00 a. m.—Music, District 4-H Club Band
- 12:00 Noon to 1:00 p. m.—Basket Dinner
- 1:00 to 1:30 p. m.—Music and Group Singing Led by Miss Ruby Lavendar
- 1:30 to 1:35 p. m.—Introduction of Visitors
- 1:35 to 2:05 p. m.—Address, R. E. Dickson, Superintendent, Spur Experiment Station
- 2:05 to 2:15 p. m.—Recess
- 2:15 to 3:15 p. m.—Ladies' and Girls' College Station Reports
- 3:15 p. m.—Address, W. L. Stangel, Head of Animal Husbandry Department of Texas Technological College, Lubbock

SOFTBALL, WASHES AND HORSESHOE PITCHING AND OTHER GAMES — FOR ALL AGES — ALL DAY

### SPONSORS FOR ANNUAL RODEO REACH ELEVEN

Each Community May Enter One Junior, One Senior Sponsor; Many Prizes Offered

Eleven community sponsors for the third annual Scurry County Rodeo here August 18 and 19 had been recorded up to Wednesday night by Henry Rosenberg, rodeo association director, who has charge of this new community sponsors' event.

Mrs. Alvin Koonsman was selected this week to take charge of community sponsors during the two thrill-packed days of the rodeo. She will notify all sponsors within the next few days of a sponsors' meeting, at which time instructions will be issued to the girls representing various communities.

Community sponsors whose names have been reported, with communities represented, follow:

SENIOR SPONSORS. Fluvanna—Frances Stavely, Hermleigh—Opal Etheredge, China Grove—Dorthea Market, Dermott—Jettie D. Elkins, Fyron—Glady Light, Ennis Creek—Owella Pearl Goswick, Arab—Bertha Brannon, Gall—Lanelle Johnson.

JUNIOR SPONSORS.

China Grove—Bobbie Derryberry, Hermleigh—Jaquelyn Chern, Fyron—La Wanda Moore.

Rosenberg points out that each community in the Snyder trade territory is entitled to a junior sponsor and a senior sponsor. Communities that have not chosen their sponsors are requested to do so at once, and report girls' names, communities and addresses to Rosenberg or to Times correspondents, who are assisting with this task.

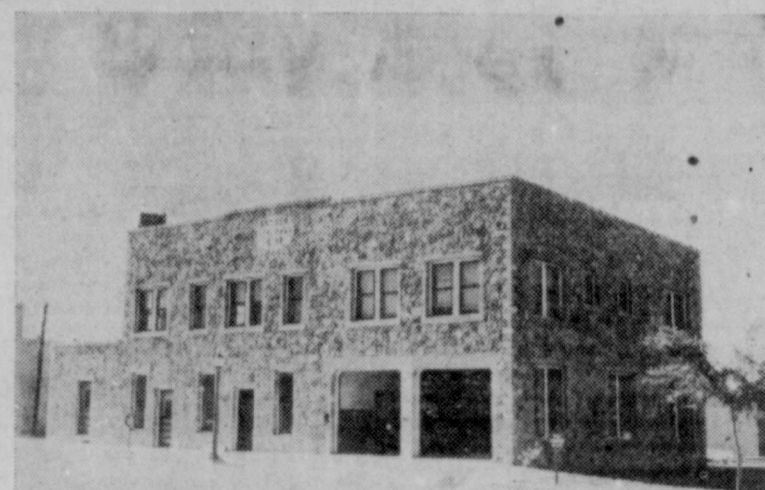

Each sponsor will receive a prize, no matter her placing in the contests, and the top sponsors will receive valuable gifts from Snyder merchants.

### Minute Inn Looted In Sunday Robbery

Hijackers who held up the Minute Inn, northwest edge of Snyder, Sunday night obtained a loot of \$500, an adding machine and a revolver, members of the sheriff's department announced Monday.

H. J. Lecher, owner of the inn, was unable to identify the looters, no trace of whom had been found late Wednesday night.

### Modern City Hall Complete

This newly-completed native stone city hall is an attractive addition to the downtown district. Downstairs are housed administrative offices, city water department offices and the fire station. The four-room apartment used by City Fireman Carl Keller and family, and Snyder Volunteer Fire Department recreation hall and office are on the upper floor.

### CITY HALL TOP W.P.A. PROJECT

#### Plans For Year Made By County Child-Aid Body

Snyder's recently completed city hall of native stone was described last week by J. O. Jones of Lubbock, WPA administrative officer, as one of the outstanding WPA projects in this part of West Texas.

Plans for the ensuing year's work were discussed and outlined by the executive committee of the Child Welfare Association last Monday evening at the Willard Jones home.

Officials of the group named recently by County Judge Sterling Williams are: Willard Jones, chairman; Mrs. Waymon Sims, vice chairman; Mrs. Wayne Boren, secretary and education committee chairman; A. A. Bullock, treasurer; and finance committee chairman; Mrs. Omah Ryan, case committee chairman; Herman Darby, recreation committee chairman; D. T. M. Howle, health committee chairman.

County-wide committees are being selected by the chairman, and will be announced within a few days.

Cooperation with school officials in feeding under-nourished children during the coming school session was discussed. Renewal of pledges from local civic and social clubs, as well as individuals and firms, will be sought, it was decided at the Monday meeting.

### DUNN AND GAIL BOYS ELECTED

Billie Brown, 15-year-old Dunn 4-H Club boy, and Weldon Street, 17, of Gall, were selected last week as the outstanding club boys in Scurry and Borden Counties, respectively. Young Brown and Street will be given free trips to the San Francisco Exposition in August.

The two youngsters and X. B. Cox Jr., Scurry County agent, will join a group of 20 other 4-H Club boys from District 6 at El Paso August 5, and go by automobile to the California World's Fair.

J. D. Prewitt, District 6 agent, will accompany the group. Other county agents who will go with the club boys are: H. C. Atchison, Sonora; W. G. Godwin, Eldorado; N. C. Fry, San Angelo; and V. G. Young, Garden City, formerly of Snyder.

The 4-H trippers, who will camp out en route to San Francisco, will take ample bedding and provisions. They will return by way of Grand Canyon and Boulder Dam.

Sale of the local product in other states, under the trade names of Texas Oil Sorb and Miracle Clean-A-H, will be possible on a large scale as soon as equitable freight rates are obtainable.

A sympathetic attitude toward the plight of West Texas shippers, evidenced by recent Interstate Commerce Department hearings in Dallas, plus policies being formulated by the present administration at Austin, offer Kelley and his associates strong hope of being able to ship the local ore deposit out in carload lots in the near future.

The mining firm, under the name of Kelley Products, has established headquarters in Snyder.

### DICKSON, TECH LEADER TO BE TOP SPEAKERS

Basket Lunch, Short Course Reports And Games for All To Feature Second Annual Event

Featuring two out-of-town speakers and an informal all-day program with basket lunch, Scurry County's second annual Agricultural Rally Day program will be held Saturday at the city tabernacle and products show grounds, one block north of the square.

Variety of the day's program will cater to all members of the farm and ranch families of this trade territory.

Last year's Rally Day attracted hundreds of farm and ranch families, and many more are expected for the Saturday all-day get-together. Congressman George Mahon was last year's featured talker.

Hosts to Each Other. The attendants themselves will be hosts to each other, the leaders say.

The program has been arranged by County Agent X. B. Cox Jr., Estella Rabel, home demonstration agent, and the county council of home demonstration women. The Scurry County Chamber of Commerce will provide ice water all day, a loud speaker and other services.

Registration, beginning at 9:30 o'clock Saturday morning at the grounds, will be in charge of the council.

Besides the addresses and music planned for the day, entertainment will include baseball games, horseshoe and washer pitching and a basket lunch at noon. Meeting with neighbors to discuss problems and enjoy the fellowship of people from all communities of the county is expected to provide interest.

Bring Basket Lunches! Everyone—including the interested business men of Snyder—is invited by those in charge of arrangements to bring basket lunches, which will be spread together in the old-fashioned manner, as they were last year.

A father-son team, particularly interesting to people of this section, will take part in the day's activities. R. E. Dickson, head of the Texas Experiment Station at Spur, who was last year named as having contributed most to agriculture in the state of Texas, will speak. His son, Ray Dickson, secretary-manager of the Scurry County Chamber of Commerce, will also be among special guests.

Another out-of-town speaker of interest will be W. L. Stangel, head of the department of animal husbandry at Texas Technological College, Lubbock. Stangel, who is known to numbers of local people, is always a welcome speaker, says County Agent Cox.

Good Music Arranged. Special musical numbers will be given by Miss Ruby Lavendar, vocalist and educational director of the First Baptist Church, and the Dunn 4-H Club string band, which gained wide acclaim at the A. & M. College Short Course earlier in July. Miss Lavendar will also direct the crowd in group singing.

Judging of girls' clothing work will be a part of the morning program, and reports from the women and girls, who attended the Short Course at A. & M. College early in July, will give their reports in the afternoon.

"Everything points toward one of the greatest agricultural rallies ever held in the county," declared Cox and Miss Rabel on the eve of the Saturday event.

Last year's Rally Day was held at Wolf Park. This year's goes to the new city tabernacle, first used at the Products Show last fall.

### BRAN IS SHIPPED

The remaining 16 tons of bran left in the county grasshopper poison mixing plant was shipped Tuesday to Brighton, Colorado, reports X. B. Cox Jr., county agent. Due to the light infestation of hoppers this year on the farms of this county, attaches at the county agent's office believe very little, if any, hopper poisoning will be necessary.

### DRIVERS' LICENSES.

A number of drivers' licenses are still being renewed from day to day at the county assessor-collector's office, Herman Darby reported Tuesday. No time limit for rubber stamp renewal of drivers' licenses has been set so far, Darby said, but county motorists are urged to get an official renewal that is good until April 1, 1942, as soon as possible.

"In a calm sea every man is a pilot."

- JULY 30—Russia ordered mobilization of troops, 1941.
- AUGUST 31—The first United States patent was issued, 1790.
- 1—The first national census was started, 1790.
- 2—The East India Company was dissolved, 1858.
- 3—Treaty of Greenville, Ohio, was signed with the Indians, 1765.
- 4—England declared war on Germany, 1941.
- 5—The Statue of Liberty was sent to the United States, 1866.

# The WOMAN'S Page

## TROOP OF GIRL SCOUTS BEING FORMED HERE

A Snyder troop of Girl Scouts is being organized by two local girls, teachers in Snyder Schools, this month. All girls between the ages of 10 and 14 are invited to join the group, whose purposes and ideals are similar to those of the Boy Scout organization.

Katherine Northeut and Polly Harpole are organizing the group of girls at the request of several girls and parents. The two leaders, who expect to receive their commissions as captain and lieutenant, respectively, this week, met with 11 girls last Wednesday for the initial session.

Suitable sponsors are being sought and plans for appointing a council are underway.

A second meeting will be held at 6:30 o'clock tonight at the school park. The girls will make a short hike and discuss details of planned work. Meetings will come each week on Thursday evening, and new members and visitors are welcome.

Initiation fee is 50 cents, and each girl must pay the fee, meet with the group four times and pass ten-foot tests before becoming full-fledged members.

## Business Women Hold July Meeting

July program for the Business and Professional Women's Circle of Methodist women was heard last Tuesday evening at the home of Mrs. Joe Caton. Each of the six members present gave a part on the program, which centered on "Extending Our Horizons" directed by the hostess.

Mrs. F. L. Pierce conducted the business session, and the devotional was the opening for the evening. On program were Grace Holcomb, Nellon Minix, Mmes. Pierce, I. A. Smith, W. W. Smith and Caton.

For the August meeting, the circle will be hostess to members of the Ruth Anderson and Susanna Wesley Circles at an open meeting. A special program is being planned for the occasion, and the business women hope women of the church will attend.

## Club Girls Guests in Home of Vesta Green

Vesta Green was hostess to the Duce Bridge Club at her home last Thursday evening at an enjoyable party. Only guest was Mrs. Buck Williams.

Others present included: Mmes. Loy Logan, R. C. Miller Jr., R. E. Boyer and Buster Curtis; Johnnie Mathison, Frances Chenault, Gwen Gray, Frances Boren and Allene Curry. Mrs. Miller's small son, Richard Erwin, was also present.

Mrs. Logan, high score winner, received a pair of chiffon hose as her award, and Miss Chenault retained the traveling prize, a pair of linen guest towels with Mexican applique. The hostess passed a refreshment plate of salad, sandwiches, sweets and iced punch to those present. Gwen Gray will be next hostess to the club.

## Outlook Program For Methodist Women

Women's Missionary Society — members of both the Ruth Anderson and the Susanna Wesley Circles — met at the Methodist Church Monday afternoon at 4:00 o'clock for a business, social and World Outlook program meeting. Eighteen members and one visitor were present.

Mmes. A. W. Waddill, T. W. Pollard, P. W. Cloud, J. O. Littlepage and W. W. Smith were hostesses for the day. Mrs. J. C. Dorward, president, and Mrs. Sterling Williams, secretary, were presiding and recording during the business session.

Mrs. Joe Strayhorn gave news from the bulletin on "Beyond National Horizons — International Friendships." The program opened with piano music by Mrs. T. M. Howle. Mrs. Harry S. Lee was leader for the program, discussing "The Basis of Brotherhood" and directing a group prayer on "Realization of Our Common Brotherhood."

Leaflet was given by Mrs. I. A. Smith and followed by special music by Mrs. A. C. Preult. "The Palms Were Sifted in Jesus' Path" was the subject for the meditation given by Mrs. Avary just before the closing prayer by Mrs. Waddill. The hostesses passed iced punch and cookies to those present.

Next regular meeting of the society will be held the fourth Monday in August. The two circles will be guests of the Business and Professional Women's Circle at an open meeting held at the parsonage August 15.

## CATON TO MARKET

Mrs. Joe Caton, head of Bryant-Link Company's ready-to-wear department, left Saturday night to spend a week in the fall markets in Dallas. She will return here Friday and will be back in the store by Saturday. New merchandise will be arriving for the department soon, and local women are invited to inspect the new styles, according to Manager E. E. Weathersbee. Mrs. E. J. Anderson, regular department assistant, is handling Mrs. Caton's work this week.

## For These Outdoor Days

For summer sports, a current magazine features the plaid seersucker dress at the left and the flannel umbrella skirt with a matching wool-jersey sweater.

## Members of Ingleside Study Club Among Most Diligent In Civic Work

Among the most diligent civic workers in Snyder are the women who make up the membership of Ingleside Study Club, which was organized here in 1932 and federated with the Texas Federation in 1934. These women truly endeavor to live up to their motto, "Give to the World the Best You Have, and the Best Will Come Back to You."

Responsibility for organization of child welfare work in Scurry County was taken by the club three years ago, and furthering the work still remains the chief objective of Ingleside members. From merger of a club project, these women have now placed child welfare ideas before the entire community. They now receive complete cooperation of the local citizenship and assistance from state workers through the Commissioners' Court.

Each member of Ingleside Club is a housewife, first, and several work outside the home, but at the end of each year an exhibit of homecraft work and hobbies at annual American Home program is inevitable.

Leadership of Mrs. W. W. McCarty the past two years has kept the club in the upper bracket among study groups of the town. Ingleside Club ranks high in civic work, in study and socially.

Mrs. Clyde Boren, last year's vice president, has been elected to succeed Mrs. McCarty as president for the next two years. Her installation and that of other new officers will be held September 12. Mrs. McCarty will be hostess at a re-assembly luncheon.

Other new officers assuming their duties in September are: Mrs. R. J. Randal, vice president; Mrs. T. W. Pollard, recording secretary; Mrs. Earl Louder, corresponding secretary; Mrs. H. L. Vann, treasurer; Mrs. J. M. Newton, reporter; Mrs. W. W. Smith, parliamentarian and timekeeper.

Remainder of the club roster follows: Mmes. Tom Borch, Harold Brown, Jim Cloud, W. F. Cox, J. T. Johnston, Carl England, Hal A. Lattimore, G. H. Leath, C. C. Mosley, McCarty, H. P. Redwine and L. C. Rennals. "Book Reviews" has been chosen as the year's study course for Ingleside.

## Guest Speakers on YWA Program

YWA of the First Baptist Church met Monday night with three guest speakers appearing on the program. Elsie Murphree from the GA, Fied Curtis from the RA and Theresa Faye Maples from the Sunbeams each spoke on the merits and ideals of their church organizations.

The meeting was held at the home of Mrs. Ethel Eiland, sponsor. Table decoration was an enlarged YWA pin, on which the five pearls were placed as the ideals were discussed by members. Ruby Lavender, educational director for the church, explained the standard of excellence to the girls.

Refreshments, angel's food cake and iced punch, served to the group carried out the YWA colors, blue, green and white.

Present were: Mrs. Eiland, Miss Lavender, Verna Price, Ruth Letcher, Maxine Jones, Lottie I. E. Welber, Louise LeMond, Elsie Murphree, Fred Curtis, Theresa Faye Maples, Jean Anz, Daurice Worley, Marva Nell Curtis and Jerry Chapman.

## Thursday Birthday Party Is Surprise

Mrs. Smith Adams and Lois Allen were joint hostesses last Thursday afternoon at a surprise birthday party, honoring their mother, Mrs. Jesse Allen, at her home, 3309 Avenue G. Bonnie Pay and Billie Ray Adams, grandchildren of the honoree, sang "Happy Birthday."

Lovely birthday gifts were received by Mrs. Allen on her anniversary, and delightful refreshments were passed to the following: The honoree, Mmes. Alice Howell, Florence Baker, Lela Todd, Eula Fields, Edna Holmes, Price Holt, Henry Camp, Lucy and Dorothy Tanner, Genelia and Bud Holmes; Billie Ray and Bonnie Pay, and the hostesses.

Several friends unable to attend the party sent gifts for Mrs. Allen.

## WILLIFORD REUNION

Over 100 Texans attended a reunion of the family of Mr. and Mrs. J. H. Williford on the Leon River, near Hasse, last Tuesday and Wednesday. Among them was a daughter, Mrs. M. H. Greenwood, her husband, superintendent of the Pryor School, and their young son from Scurry County. Basket lunch was spread there Tuesday, and a meal of fish and chicken and the trimmings was enjoyed Wednesday.

## TEACHES AT PECOS

Pauline Jones, daughter of Mr. and Mrs. W. V. Jones of Camp Springs, is returning to teach in the Pecos primary school next year, according to a news release from Texas Technological College, Lubbock, from which she graduated last in May. The former local girl first taught in Scurry County at Lloyd Mountain and Dunn—and later for two years at Pecos. She went to school all last winter at Tech to take her degree before beginning her teaching again.

Marie Casey daughter of Mr. and Mrs. Guy E. Casey, recently entered Draughton's Business College in Lubbock for a secretarial course. Miss Casey, formerly a Scurry County teacher, was previously a student at Texas Technological College there.

## H. B. ALTMAN, LILLIE FIELDS WED RECENTLY

Marriage of Lillie Fields, daughter of Rev. and Mrs. J. P. Fields, and H. B. Altman, meat cutter at the Rainbow Market Place, was solemnized last Wednesday night in Sweetwater, Rev. Smallwood, Methodist minister, officiated for the service at his home, reading the rite ceremony.

Avanella Mathews of Fort Worth was maid of honor, and Glynn Curry Snyder served as best man. Others present were: Mrs. Ed Baker of Sweetwater and Pauline Fields, sisters of the bride, Gilbert and Eugene Fields, her brothers, Mrs. Gilbert Fields and Wilson Carson. From Sweetwater the wedding party drove to Abilene for a brief visit with Altman's parents, Mr. and Mrs. H. L. Altman, returning home late that night. The couple is living in the north Carroll apartment at 1709 17th Street.

The bride, daughter of a Scurry County Baptist minister, has been living in Snyder the past six years, coming here from Mitchell County. She was employed at the Ideal Laundry before her marriage. Altman has his present place at the Rainbow Market Place three months ago, after working in several other cities, principally in his home town, Abilene.

## COUPLE COMPLIMENTED

Complimentary to Mr. and Mrs. H. B. Altman, newlyweds, Jim Adams, owner-manager of the Rainbow Market Place, and Mrs. Adams invited the employees at the market for supper Friday evening. Altman is butcher at the grocery-market. Games of forty-two were enjoyed after supper by the hosts, honorees and Mr. and Mrs. Horace Williamson, Mr. and Mrs. Smith Adams, Mr. and Mrs. Louie Minton, Glynn Curry Snyder, Dale Reed, Delbert Allen and Hubert Henley.

## MRS. ODOM RETURNS

Mrs. R. H. Odom, secretary of Methodist women's work in Sweetwater District, returned home yesterday from a two-week encampment for district secretaries at Mt. Sequoyah, near Fayetteville, Arkansas. She accompanied Rev. C. A. Bickley and Mrs. Bickley of Abilene to the encampment.

Mrs. H. V. Williams returned home Tuesday after a visit with her children and other relatives in Olney, Graham, Wichita Falls, Fort Worth, Grandview, Auburn and Maypearl. The local woman was away two weeks.

## Mrs. Sims Moves To Stinson No. 1

Mrs. Madge Sims, local beauty specialist, will take complete charge of the cosmetic department of Stinson Drug Company No. 1, north side of the square, beginning Saturday of this week. Until this week she has been with the J. H. Sears Company as special consultant for the Charles of the Ritz beauty preparations.

Exclusive distribution of Charles of the Ritz has been taken over by Stinson No. 1. Other major cosmetic lines familiar to regular customers at the drug store will also be in charge of Mrs. Sims.

Three years' experience as local Charles of the Ritz consultant has made Mrs. Sims a familiar figure to buyers of beauty aids in this trade area. She will welcome her old customers as well as new ones at the north side location.

Mrs. W. R. Lacey is spending a few days with Mrs. W. B. Winston, the Clyde Borens, the Wade Winstons and local friends. Charlie Wade Boren, son of the Clyde Borens, returned with her from a two-week visit at her home in Breckenridge.

Mrs. Max Brownfield and sons, Jimmy and Bobby Max, are visiting in Snyder with her parents, the J. W. Scotts, and other relatives and friends. The former Snyder residents were brought over last week by Brownfield from their home at Goldsmith, and he will return for them this week.

Willie Pearl Glen returned home last Thursday from a month's stay with her sister, Leola, in San Francisco, California. She took in all the notable tourist sights in that section, including the Golden Gate Exposition.

## Headachy, Breath Bad? Make This Check-Up

The Police Siren means "Look-out!" And so do Nature's signals—headaches, biliousness, bad breath, which are often symptoms of constipation. Don't neglect your sluggish bowels, for a host of constipation's other discomforts may result: such as, sour stomach, loss of appetite or energy, mental dullness. Help your lazy bowels with spicy, all vegetable BLACK-DRAUGHT. Acts gently, promptly, thoroughly, by simple directions. BLACK-DRAUGHT's principal ingredient is an "intestinal laxative." It helps impart tone to lazy bowel muscles. Next time, try this time-tested product!

## WANTED: YOUR CLUB YEARBOOK

Each study club president in Snyder is requested to leave one of her club's yearbooks in the Times office. The society editor may thus follow the work of each club, prepare the club directory and care for other work and publicity that will benefit each club. Club leaders are requested to fulfill this request within the next few days in order that the year's study club work in Snyder may be presented in detail.

## TO MEXICO CITY

Myrtle Woodfin, daughter of the J. A. Woodfins, who teaches at Littlefield, left Monday for a three-week vacation trip to Mexico City and other points of interest in Old Mexico. Miss Woodfin was traveling with a party of 11 Littlefield and Lubbock teachers in two automobiles. The group visited briefly here Monday morning when the local girl joined them.

Mrs. John R. Corey of Burleson is visiting here with her parents, the J. G. Pattersons, and other relatives.

## It takes MAN POWER to make ELECTRIC POWER

• We are some of the men whose ONLY job is to maintain electric service for YOUR USE. Electric generating machinery, transformers, automatic switches and hundreds of miles of wire must be kept in first class condition.

Were it not for our work and the work done by other employees, all this machinery and equipment would be useless. It takes MAN POWER to make your Electric Power. It takes MAN POWER to keep your electric service always available when you snap on a light or plug in an iron.

Good electric service doesn't just happen. It is the result of the constant work done by many employees whose training, experience and skill make possible this dependable service.

### LIONS HEAR OF ANNUAL EVENT

Outlines of the Scurry County Farm Rally Day program to be given in Snyder Saturday, and an invitation for the members to attend the all-day sessions, featured the Tuesday luncheon of the Lions Club at the Manhattan Hotel.

County Agent X. B. Cox Jr. and Home Demonstration Agent Estella Rabel presented the highlights as part of the program. Chairman Brud Boren of the program committee offered wise and otherwise remarks to complete the entertainment.

Bro. Raymond Kely and Minister S. L. Morgan, song leader, who are directing a revival meeting at the Church of Christ, were guests, and made brief talks.

President Willard Jones announced retirement of Brud Boren from the entertainment committee for August, and Nathan Rosenberg was added to the group. Hollis Browning is chairman, and O. D. McGlaun is the third member of the committee.

### W. A. Clift, 74, of Hermleigh Dies; Services Friday

Death claimed W. A. Clift, 74-year-old resident of the Hermleigh community, early Friday morning in a Roscoe hospital. Funeral services were held Friday afternoon, 5:00 o'clock, at the Hermleigh Methodist Church.

Rev. S. A. Sifford, Hermleigh pastor, conducted final rites for Mr. Clift, who had been a member of the Methodist Church 35 years.

Survivors include his wife, three brothers, John, Edward and Jim, Hamlin; one sister, Miss Bessie Clift, Harrison, Arkansas; four daughters, Mrs. Pearl Eubanks, Hale Center, Mrs. Edith Snellings, San Marcos, Mrs. Flossie Christopher, Fort Worth, Miss Ruth Clift, Hermleigh; three sons, Vance and Ray of Hermleigh and Hugh of Sherwood.

Mr. Clift, who died after a several-day illness, was stricken last October with paralysis, from which he had never fully recovered.

A Scurry County resident 36 years, he was born in Tennessee February 4, 1865. He owned a farm two miles east of Hermleigh.

Funeral services were held at the home of Luther Ferguson, Louise Brock, Clyde Rea, Ray Coston, Lee Nunn and Hugh Vaughn, Mmes. Opal Brock, Marvin Hankback, Ruby Patterson and Miss Salie Rea were in charge of floral offerings.

Odom Funeral Home was in charge of arrangements for burial in the Hermleigh Cemetery.

Mrs. E. M. Deakins and daughter, Margaret, spent Wednesday in Abilene. Mr. Deakins left Tuesday for a several-day visit with his son.

AT 103 SHE GETS ELECTRICITY

Mrs. Francis Charlotte Knight lived 103 years before she had the opportunity to enjoy electricity. Today she gets current from the Deep East Texas Electric Cooperative of San Augustine, and comments that "I'll live longer, now that I can enjoy some of the comforts that electricity brings." For many years, Mrs. Knight worked with her husband on Texas farms. "It was drudgery for both of us from morning till night," she puts it. "But, even now, I am not too old to realize the changes electricity has wrought. And one of the main reasons I wish I were younger is I could then enjoy electricity longer."

### FSA Leaders To College Station; Seely To Speak

H. D. Seely, Scurry County FSA supervisor, Hugh Birdwell, assistant, Miss Wilna Shropshire, home management supervisor, and Miss Helen Caudle compose the members of the local Farm Security Administration staff who will attend the annual state meeting of FSA personnel at A. & M. College from July 31 to August 5.

Seely, who is slated to appear on the program during the state meeting, will address FSA attendants before general assembly on "How We Adjust Farm Debts."

Twelve hundred FSA employees from the state, county and regional offices are expected to attend the six-day meeting.

"A number of Texas counties," Seely states, "received additional funds last week for tenant farm purchasing, but Scurry County was not included in the list. This means we will not buy any farms for county tenants through the Farm Security Administration this year."

Miss May Bryan, local FSA office stenographer, will be in charge of the local office while the other staff members are at the state FSA meeting.

### SERVICES AT MIDWAY

Annual summer revival services will start at Midway Friday night, with Rev. Leslie Parks preaching for opening services. Rev. J. H. Skiles of Stamford will conduct the meeting starting Sunday. Morning services begin at 10:30 o'clock, night services at 8:30 o'clock.

### BLACK TIGERS PLAY CATS

Sunday afternoon's game between the Snyder Black Tigers and the Tahoka Black Cats will be the first baseball game at home for the locals since May. Manager Willie Williams announced this morning. The game will be called at 3:30. Special section will be reserved at the Winston Field diamond for white customers.

Mr. and Mrs. Sam Chesney and Ernest Chesney, all of McKinney, are visiting this week with their cousins, the Coy Watkins family.

### Most Workers In County Informed On Compensation

In spite of several "blind spots," laborers in Scurry County are in general well informed on unemployment compensation. Orville S. Carpenter, Texas director of the jobless benefits program, said Tuesday.

Employment service interviewers reported this week that individuals do not confuse jobless benefits with relief. There is no connection, Carpenter said. Most workers understand that jobless benefits are the right of the eligible unemployed.

A worker in Scurry County, for instance, is probably eligible for benefits if he has earned at least \$80 during a prior 12-month period, and has earned it from a tax-paying employer. As a rule, tax-paying employers are those customarily employing at least eight workers.

"A key point," Carpenter reported, "in the jobless benefit program is that the individual must be physically able to work. The individual, formerly employed by a tax-paying employer, to receive benefits must be able to work and must be available to accept any suitable job offered."

Workers pay no part of the tax for jobless benefits, since this tax is paid solely by employers. Approved claimants should report their part-time earnings when filing claim. Failure to report accurately shortens the time benefits may be drawn and makes the claimant liable for prosecution under state laws.

### Half Mile North Pool Extension; McClure Pumps

A half mile north extension producer was on record for the Sharon Ridge oil pool this week with completion of J. B. Stoddard's No. 1 R. O. McClure well, located in the north one-half of the southwest one-fourth, Section 142.

The Stoddard-McClure well pumped 139 barrels of 30 gravity oil on initial test. Completion was from 2,498 feet, after washing in with oil circulation following a 1,100 quart nitro shot.

Spudder was moved in Wednesday on Coffield & Guthrie's No. 1-B First National Bank well located in the northwest quarter of Section 130, to drill a baller out of the hole with. Shooting of the well is slated over the week-end.

D. & R. Oil Corporation's No. 1 R. O. McClure well, a north offset to Ordovalcan Oil Company's No. 2 W. P. Thompson, was drilling at 1,980 feet.

A sign of increased activity in the pool was indicated by arrival of a carload of pipe Monday for D. & R. Oil Corporation, and a carload of pipe that arrived Wednesday for Coffield & Guthrie, Inc.

Glen O. Robinson, who is representing the Robinson Brothers in the Sharon Ridge pool, is back in the field this week to supervise firm activities.

### Snyder General Hospital

A son was born to Mr. and Mrs. R. L. Hooks of Snyder at the local hospital Monday morning at 5:30 o'clock. Mrs. Hooks and the baby are still in the hospital.

Mrs. Emmitt Butts was taken to her home Wednesday morning. She had been a medical patient at the hospital since Sunday. Last week's patients still under hospital care this week are J. W. Wade and Mrs. Hugh Billingsley.

New patients since last week, all of whom were still in the hospital late yesterday, include: Mrs. Roy Underwood of Jayton and Sydney Mae Webb of Snyder, who was going to school in Abilene, both surgeries; Mrs. Pete Wall, Mrs. G. H. Odum of Justiceburg, Mrs. E. C. Greenfield of Crane, young Eddie Carl James, all medical patients.

Mr. and Mrs. John Stokes and children, Mildred, Marie, Raymond and Johnny, of Weleetka, Oklahoma, are visiting in Snyder with the Ivan Gatlin family.

Albert Norred of Sweetwater, former local man, visited briefly in Snyder Tuesday with his mother, Mrs. W. Norred, and local friends. He was en route home from Lubbock.

### New Portable Arc Welder

# MONDAY FINAL TRANSFER DAY

Monday will be the last day for transferring county school students, Roy O. Irvin, county superintendent, reminds patrons and teachers this week.

High school students who were transferred last year must be transferred again this year, prior to August 1.

The county board will meet Friday, August 4, to act on student transfers. All who desire to file protests must do so before that date.

Scholastics whose grades are taught in their own district, and who wish to transfer to another district, must pay their own transportation. They may ride the school bus only with approval of the county board.

## Officers Chosen By Model Plane Builders of City

Genial Jerry Slovacek, who has copied major honors in recent model plane contests, was selected as a member of the local model plane builders last week to lead the gas-powered division of the local club.

Charlie Dunn was appointed to lead the group of rubber-powered model plane builders. Carl England, director of the Snyder Model Plane Club, announced Tuesday that Emil Slovacek, Yoder Garage foreman, will assist club members with their problems and kit construction.

A drive will be made in the near future by Jerry Slovacek and Charlie Dunn, as division leaders, for additional members to the rapidly growing club.

The local club is being sponsored by the Will Laine Post of the American Legion under the directorship of Carl England, who was selected by post leaders.

Members of the Snyder Model Plane Club are:

Rubber-powered division—Donald McGlaun, Alton Duff, Bobby Reynolds, Andy Reynolds, Bill Lane, Charlie Dunn, Joe Slovacek, Jerry Slovacek, J. E. Shipp Jr., Ernest Taylor Jr., James Clagarn, Allen Hargrove, Vernon Moffett and June Jones.

Gas-powered division—Jerry Slovacek, Charley Dunn and Joe Slovacek. Others plan to graduate from rubber-powered to gas-powered models in the near future.

## "Have Never Been Nearer Heaven" Is Harrison's Report

Rev. Ira Harrison, pastor of the First Baptist Church, who is in Atlanta, Georgia, this week attending the Baptist World Alliance, sent back glowing reports Tuesday of the world-wide gathering. The denominational convocation, which began Saturday, will be closed Friday of this week.

"Forty thousand people," the local pastor advised friends here, "heard Dr. George W. Truett of Dallas, president, deliver a great message Sunday afternoon. I have never been nearer heaven than now. More than 60 nations from five continents are represented here."

Rev. J. H. Rushbrooke of London, general secretary, was unanimously elected Tuesday as president of the Baptist World Alliance to succeed Dr. Truett.

Rev. and Mrs. Harrison will return Saturday. The pastor will be in the local pulpit for morning and evening services SLLGAY.

## Jerry Slovacek Has Another Winner at Abilene's Air Show

Winner again in Abilene's model plane contests Sunday afternoon was Jerry Slovacek of Snyder who made the three best hops with his Comet Clipper of any gas-powered ship entered.

Jerry logged a minute and 42 seconds on a 17-second motor run and one minute 8.5 seconds on a 16-second motor run. Two Slovacek hops were counted as delayed flights.

An object of much attention at the show was a small-bore model of a Taylor Cub, complete in detail, that was shown by Joe Slovacek. It was not sent up, due to adverse winds from the southeast.

Those from Snyder who attended the Abilene event included Carl England, Jerry Slovacek, Joe Slovacek, Vernon Moffett, Charlie Dunn, Bobby Reynolds and Emil Slovacek.

## Constipated? ADLERIKA

"For years I had occasional constipation, awful gas bloating, headaches and back pains. Adlerika always helped right away. Now, I eat sausage, bananas, pie, anything I want, and feel better." — Mrs. Mabel Schott.

ADLERIKA  
STINSON DRUG COMPANY

## THE ADVENTURES OF OZZIE

## His Bluff Is Called

## First Traffic on 27th Street Set For Near Future

First traffic on the 27th Street bridge across Deep Creek will pass over the structure this week-end, if some unforeseen hitch is not encountered, according to city officials. The bridge, washed away on the night of June 19 by flood waters, was completed last week under direction of a representative of the Austin Bridge Company of Dallas.

Steel girders and bracing were recovered by a crew of men several weeks ago from their landing in the creek bed several hundred yards down the creek. Most of the steel and flooring were salvaged.

Workmen spent several days heaving and straightening the steel, all but four girders having been repaired. These were replaced by new material. Flooring and guard rails were placed Thursday, Friday and Saturday of last week.

Approaches on each side of the bridge were badly washed, but caliche is being placed on the washed out spots. Topping for the approaches and tread of the bridge will be placed Friday.

## THE TIMES MARCHES ON!

**FORTY-FOUR YEARS AGO.**  
From The Scurry County News, July 25, 1895.

Miss Bobbie Hester was in our town yesterday. We congratulate the trustees of Bison School, who, we learn, have secured her services as teacher.

L. H. Pruitt, who was in town today, reports cattle were never fatter nor grass ever finer.

A fine singing school is being conducted this week at Bookout by Professor R. W. Bowley.

Dr. Culbertson says he will have to set his fence out and just let his crop grow. We don't wonder at that, for his farm is out at Hell Roaring Hollow.

Fred Walther was taken back to the Magnolia Ranch in Borden County, and is fast improving.

Jesse Carpenter has exchanged his cattle for sheep and embarked in the sheep raising business.

It is reported Dr. Scarborough was in his garden the other day and noticed something shaking the corn. Upon investigation, it proved to be a pumpkin. The vine was growing so rapidly it was dragging the pumpkin after it.

The News is publishing the following new 10 commandments for the benefit of readers. They relate to health entirely, and not to morals.

1. Thou shalt have no other food than at meal time.
2. Thou shalt not make unto thee any pies. Thou shalt not fail to chew and digest, for dyspepsia shall be visited upon the children to the third generation of them that eat pie.
3. Remember thy bread to bake it well for he will not be kept sound that eateth his bread as dough.
4. Thou shalt not indulge in sorrow or borrow anxiety in vain.
5. Six days shalt thou wash and keep thyself clean, and the seventh day thou shalt take a great bath, thou and thy son, thy daughter and thy maid servant, and the stranger that is within thy gates.
6. Remember thy sitting room and thy bed chamber to keep them well ventilated, that thy days may be long in the land.
7. Thou shalt not eat biscuit-wait.
8. Thou shalt not eat meat fried.
9. Thou shalt not eat thy food unchewed, or highly spiced, or just before work, or just after it.
10. Thou shalt not keep late hours in thy neighbor's house, nor with his cards, nor his glass, nor with anything that is thy neighbor's.

## NEW GRANDDAUGHTER.

Mr. and Mrs. Henry O. von der Hoff of Vernon are announcing the arrival last Wednesday afternoon, 5:20 o'clock, of a red-haired blue-eyed baby girl. Mrs. von der Hoff is the former Ruth Yoder, daughter of the D. P. Yoders here. The seven and one-fourth pound child was born in the King's Hospital at Vernon. Mr. and Mrs. Yoder, Virginia, Mary Genevieve, Lyman drove to Vernon yesterday to visit with the new youngster. Virginia will remain there for two weeks after the baby and its mother are brought home from the hospital Friday. Paternal grandparents are the H. O. von der Hoff of Wilmette, Illinois. Ruth Amerette is the young lady's name.

# H. ROSENBERG MADE HEAD OF LEGIONNAIRES

Best, Dyer, Lattimore, King, Kruse, LeMond and Hardin Also Are Elected for Fiscal Year

Henry Rosenberg, north side merchant, was elected commander of the Will Layne American Legion Post at a meeting of members in the county court room Thursday night. He replaces Sam O. Nations, who is serving as post commander this fiscal year.

Simon Baze was elected first vice commander and J. J. Dyer second vice commander. H. A. Lattimore, who served one year as post commander and twice as adjutant, was reelected adjutant.

W. P. King, who has served the post as historian for a number of years, was reelected. J. E. LeMond was appointed secretary. Amir Kruse is sergeant-at-arms and Ray Hardin is chaplain.

Retiring Commander Nations conveyed, through The Times, his appreciation to the post for the loyalty shown him. "I hope the boys will continue to show their new officers the same type of loyalty and cooperation," he said.

Definite plans were mapped to have a new Legion Hut of brick or native stone constructed by November 1. The post voted to assist each ex-serviceman \$15 as a means of starting a Legion Hut building fund.

## Bud Miller Planning To Go Cash August 1

R. C. (Bud) Miller, who is completing five years in the same location as operator of Miller Body Works and Old Service Station northeast corner of the square, announced this week he will go on a cash basis, effective August 1.

Patrons of Miller Body Works are offered coupon books that permit substantial savings on purchases of Good Gulf products, auto repairing, tires and tubes.

Coupons, redeemable with china-ware pieces, will be given with purchases, the young merchant announces.

## Former Leader of Local Band Drowns In Coastal Waters

Millard Shaw Jr. of Corpus Christi, director of the Snyder High School Band during the 1930-31 school year, was drowned Sunday during a sailboat trip into the Corpus Christi bay. Shaw entered the water to repair a broken rudder and was unable to reach the boat again, as it was swept out of his reach by sudden gusts of wind.

The Baylor graduate's parents, Mr. and Mrs. M. Shaw, younger brother, Pete, and two sisters, Dorothy Jean and Geraldine, who live in Abilene, are known to a number of local friends of the former Snyder teacher.

Shaw came to Snyder after doing graduate work at Hardin-Simmons University and a summer trip to Europe with the Cowboy Band. He took his bachelor's degree from Baylor University in 1929. He taught in Snyder one year, 1930-31, and the next year he chose to enter the University of Texas law school, from which he graduated in 1934.

Practice of law in Abilene for two years preceded his association with an insurance company in Dallas. He transferred with the company in June of this year to Corpus Christi. Funeral services for the 30-year-old man were held in Abilene at the First Baptist Church Wednesday afternoon. Several local people attended.

## Typographical Meet In Fort Worth Soon

The 83rd annual convention of the International Typographical Union, to be held in Fort Worth August 19 to 26, will include some spectacular program and entertainment features that are expected to attract thousands of delegates.

It is emphasized that the ITU is doing many of the things at the expense of its membership that are now being demanded of government at the expense of the taxpayers. Its members are surrounded by protection in employment, a refuge for tuberculars, the aged and infirm at the Union Printers' Home at Colorado Springs at no cost to the resident; a maximum mortuary benefit of \$500 and pension of \$8 per week.

The ITU at this time has approximately 80,000 members, funds in excess of five million dollars and properties in addition to the Printers' Home.

## G. M. Heinzelmann and Dickson Go to Colorado Oil Field

G. M. Heinzelmann and Ray Dickson, Chamber of Commerce secretary, headed a delegation of Snyder representatives who met with other representatives of the Permian Basin territory in Colorado City Wednesday night to map out plans for the Permian Basin 19th anniversary celebration in Colorado City August 24-25.

Plans were perfected at the preliminary meeting Wednesday night to organize a permanent association of West Texas oil men, landowners and business men into the Permian Basin Oil, Land and Business Men's Association.

Senator Tom Connally will be principal speaker at a barbecue Thursday afternoon, August 24, and other Texas congressmen will be on program during the two-day 19th anniversary celebration. J. C. Hunter, Abilene, president of the Mid-Continent Oil & Gas Association, Congressman George Mahon, 19th District representative, Texas Railroad Commission officials and others will take part in the celebration.

The initial celebration at Colorado City in August will mark the 19th anniversary of the striking of oil 11 miles west of the Mitchell County seat in what is now the Westbrook pool.

Mr. and Mrs. Perry May of Anson visited here with Mr. and Mrs. J. H. Trussell Sunday.

Gwendolyn Tanner of Olney, the daughter of C. A. Tanner, is visiting her cousin, Wanda Moffett, at the home of Wanda's parents, the B. P. Moffetts.

Laura Banks, employee of J. C. Penney Company, will return home late this week from a two-week vacation spent in Mount Vernon, Paris and Mount Pleasant.

Character must be kept bright as well as clean—Lord Chesterfield.

## Silo Contest To Be Presented At Community Rally

Formal announcement of the 1939 trench silo contest, to be sponsored by the Scurry County Chamber of Commerce in cooperation with the county agent's office, will be made Saturday afternoon during the Farm Rally Day program, Ray Dickson, secretary of the Chamber of Commerce, said yesterday.

"We expect to get the 1939 trench silo contest started the latter part of August," Dickson declared. "Any farmer or rancher who fills a silo previous to formal contest opening will be eligible for participation in prize drawings, and should register at the agent's office as soon as a silo is filled."

One of the first farmers to fill a silo in Scurry County this year is G. W. Parks, who lives seven miles northeast of Snyder. He put 180 tons of corn in a trench silo Tuesday and Wednesday. Other farmers who wish to silo early feed for month or next will be in line for contest drawings.

Over 22,000 tons of silage was reported in the 1938 trench silo contest, sponsored by the Chamber of Commerce. Of this total, 18,536 tons were officially registered by 40 farmers for 71 new silos filled.

Over 100 trench silos were filled in Scurry County last year, with a considerably larger number expected to be reported during the 1939 contest.

### MOVES TO SNYDER.

W. K. Roberts, salesman for several months for Scurry County Motor Company, moved with his daughter, La Vohn, last week to Snyder to make their home. They have been residents of Hermleigh for several years.

Mr. and Mrs. F. M. Brownfield of Idalou, former residents of Snyder, were over for a visit with the Maurice Brownfield family and others here last week.

Averil Head of Moubans, graduate of the local high school, is visiting here with his mother, Mrs. Pearl Head.

## Inner-Spring MATTRESSES

## Bottoms Up!

A BARREL ROLL!... Hard on the dare-devil air devil... Safe for his engine because it's well-oiled *upside down*. Just think: Your car would get better engine lubrication if you could always park upside down! You can see that by standing "bottoms up" your engine would stay oiled to the top! Then it couldn't start dry—oil-starved. And that worst source of engine wear would be ended.

Get this benefit without any "topsy-turvy"... Get your engine OIL-PLATED. That takes patented Conoco Germ Processed oil. Its "magnetic" power

mates it to the working parts as intimately as chromium-plating is mated to the bumpers. Chromium-plating can't drain down; OIL-PLATING can't either. All the way up in your engine—all the while it stands or runs—all the time you use Germ Processed oil—you've got durable OIL-PLATING. Then every start is well-oiled—wear-proofed—by lasting OIL-PLATING. And you're not adding oil every other time you stop, once you change to the only Germ Processed oil... at Your Conoco Mileage Merchant's. Today.

## CONOCO GERM PROCESSED OIL OIL-PLATES YOUR ENGINE

## Demonstration Club Notes

Estella Rabel, Agent

### Pyron Studies Rug Making.

Pyron Home Demonstration Club met at the home of Mrs. Lee McMillan last Thursday afternoon to hear discussion and see displays for a demonstration of making bed-room rugs given by Estella Rabel agent.

Ice cream and cookies were passed to the following members: Mmes. C. H. Stahl, M. L. Farmer, E. N. Cummings, R. J. Bauman, C. A. Clifton, Cecil Campbell, O. C. Hess, J. D. Rowland, J. B. Mears, Wayne Rogers, Link Glass, Roy Holman, W. H. Jean and six visitors.

### Bedside Accessories.

Bedside table and rug make desirable accessories for your bedroom. Miss Rabel told members of the Dermott-Martin Club at a meeting last Wednesday afternoon in the home of Mrs. Clint Reed. "The room should be restful and attractive," she continued, "and a pot plant or flowering bulb helps to make it so."

Mrs. M. A. Davis, vice president, and Mrs. Allen Stephens, secretary, were appointed representatives to the Saturday meeting of the county council in the absence of the president and council delegate.

An interesting reading, "Can You See the Ghost?" was given by Mrs. G. D. Gibson, who recently returned from the A. & M. College Short Course reporting a pleasant and profitable trip. Mmes. Gibson and

Marguerite Hobbs read the play, "Planned Happiness."

Present were: Mmes. Stephens, Elmer Bradshaw, J. W. Filippin, G. W. Filippin, Albert Martin, G. D. Gibson, W. E. Boss, Mae Brown, J. A. Caddell, Hobbs and Reed, members; Mrs. Pete Davis of Abilene, Dorothy Dale Reed of Justiceburg, Lena Feriman of Clovis, New Mexico, were guests for the day.

### China Grove to Round Top.

China Grove Home Demonstration Club women met Tuesday with the Round Top Club in the home of Mrs. Walter Brown. Miss Rabel showed several accessories for bedrooms.

For the dressing table anyone should use only what is necessary. If it be only brush, comb and hand mirror, always keep them orderly. Another useful thing for bedroom is a bedside table with candle holder and candle in it for use.

The agent also gave a demonstration in making attractive inexpensive bedroom rugs from wrapping twine.

Two clever games were enjoyed.

Dr. Sed A. Harris and Dr. Geo. W. Keller DENTISTS

Gail News

Mary Cantrell, Correspondent

Gail and surrounding community have been made sad by the sudden death last Thursday afternoon of Charles Nelson and Robert Johnson in an automobile accident near Ackerly. We have all experienced disappointments, losses and even stark tragedy, but never before have we suffered such doubled heart-breaking experience as the loss of these two most beloved youths.

Ablene, Texas, July 21, 1939. Dear Friends: It is useless for me to say that I was shocked and grieved this afternoon as I read in both the Abilene Reporter-News and the Star-Telegram of the awful tragedy near Ackerly in which both Charles and Robert lost their lives. I could hardly believe the facts.

I know that you people's hearts and souls are broken, torn, bleeding, and I know that under such conditions appropriate words of consolation are hard to say. But be sure that I sympathize with you just as tenderly and deeply as one could. Few people realize how utterly impossible it is for parents to become fully and quickly reconciled who have suffered the bitter, cruel punishment of losing a youthful son. I can only ask that you look with hope to a life beyond the grave.

Had I been called upon to select two ideal boys from my student body at Gail, I feel sure that I could have made no better choice than these. They were studious, energetic, bright, honest and noble, and I loved each of them as though he were my own.

Mrs. Mamie Wells, Correspondent Mrs. John Ammons is back with her children, James Ammons and Mrs. Calvin Bryan. She has been working in the John Boston home in Roscoe.

Mr. and Mrs. Dave Ammons and children of Armieth spent Sunday with Mr. and Mrs. Calvin Bryan. Elsie Pauline Vernon of Hermleigh spent a few days this week with Biler Adams.

Mr. and Mrs. Judge Jean and family and Mr. and Mrs. Theibert Jean and daughter of Pleasant Valley spent Sunday with their father and sister, Josh Jean and Alda.

The Methodist meeting closed Sunday night. There were several conversions and additions to the church. Fay Dunn of Crane is visiting her father.

Mrs. Ferman Kelley and daughter, Nell, of Dermott, who have been visiting in Oklahoma for the past month, have returned. They visited Mrs. Kelley parents, Mr. and Mrs. E. N. Cummings, here.

This community hopes for speedy recovery for Mrs. Grady Hambrick, who is in the Young Hospital at Roscoe. The Home Demonstration Club met with Mrs. Pearl McMillan last Thursday evening.

Dorothy Butler of Roscoe spent last week with her sister, Mrs. James Ammons. It has been a pleasure for me, Mrs. Calvin Bryan, formerly Elizabeth Ammons, to write the Inadale news while Mrs. Wells was ill.

CAR ACCIDENT CLAIMS LIVES OF YOUNG MEN

Charles Nelson of Gail and Robert Johnson of Snyder Instantly Killed in Ackerly Crash

By MARY CANTRELL

Sudden death came prematurely to two young men, Charles Nelson of Gail and Robert Johnson of Snyder, when the pick-up in which they were riding last Thursday evening at 6:30 o'clock was struck by a loaded gasoline truck.

Bonnie Wilson, which was in the front of the pick-up, and C. W. Cathey, driver, were injured. Young Wilson, son of Mr. and Mrs. Obe Wilson of Gail, remains in a Lubbock hospital. The Cathey youth, son of Mr. and Mrs. George Cathey of Gail, was less seriously injured and was released from the hospital after emergency treatment.

Crash Near Ackerly.

The crash occurred at the "Y" on the highway and crossroad at the edge of Ackerly. The truck was overturned, but the driver was not seriously injured. The two victims of the crash were riding in the rear of the pick-up, which was smashed almost flat by the nose of the truck. They were thrown from the vehicle and killed almost instantly.

The four young men were on a field trip as summer employees of the county agent's office.

Charles, 21, was the son of Mr. and Mrs. Howard Nelson of Gail. Robert, 17, was the only child of Mr. and Mrs. W. E. Johnson of Snyder. The Johnsons moved to Snyder in February of this year after having lived in Gail a number of years.

Gail School Graduate.

Charles attended school at Gail, graduating there at the age of 16 years. He then entered the CCC camp in Lordsburg, New Mexico, and was there two years. He held a high rating and was awarded several honors while there. Returning home almost a year ago, he had been farming, and a short time ago he was employed by the county agent as a field worker.

Bob attended school at Gail until last year, when the high school students were sent to Fluvanna High School. Attending there just long enough to win the friendship of the entire student body and faculty, he then entered Snyder High School, where he would have graduated the next school year.

Double Funeral Rites.

Double funeral services were held Friday afternoon, 5:00 o'clock, from the Gail Methodist church, with Rev. J. D. Tinkle of Fluvanna conducting. Eberley Funeral Home of Big Spring was in charge of final arrangements. The church held a profusion of beautiful flowers. The building was filled to capacity, with hosts of friends outside unable to get seats. Burial was in the Gail Cemetery.

Palbearers for Charles were as follows: Elmer Hollar, Bud Hollar, Sid Reeder, Frank W. Medley, A. H. Jackson and Roland Hamilton. Palbearers for Robert were: D. R. Covey, O. D. Jackson, W. W. Percifull, Murray Jackson, Bill Wolfarth and Dick Cantrell.

Six Flower Girls Serve.

The following six girls were in charge of flowers: Elmer Ruth Hollar, Claudie Mae Covey, Doris Covey, Johnson flowers; Asia McGuire, Maud Coates and Allene Nunnally, Nelson flowers.

Charles is survived by his parents and two brothers, Walter and Carbon, and his grandmother, Mrs. J. B. Coleman of San Antonio. Other relatives attending the funeral were: Mr. and Mrs. Harry Coleman of San Antonio, Mr. and Mrs. Austin Erwin of Snyder, Mr. and Mrs. George

Double Heart Features Buffalo

Part of the herd of buffalo on the Double Heart Ranch, 10 miles south of Sweetwater, is seen in this picture. Riders are to be offered added money to mount these bison during the ninth annual Double Heart rodeo August 4, 5 and 6. Ollie Cox, ranch owner, offers a thrilling show that is unique because it is staged at ranch headquarters without the backing of any city or county organization. He has his own string of 200 Brahma steers and 75 bucking horses for the show.

Hereford Tour Will Include North Area

The third tour of the Texas Hereford Association, slated for August 9 and 10, will be made in the Amarillo area. Harrie Winston, a director of the cattlemen's organization, said Tuesday.

Leaving Amarillo August 9, the motorcade will visit ranches of outstanding Hereford breeders in the Pampa and Miami territory during the two-day tour.

A quarterly meeting of the Hereford Association's board of directors will be held at Amarillo the night of August 9.

Let us have faith that right makes might, and in that faith, let us to that end, dare to do our duty as we understand it.—Lincoln.

Everything good in man leans on what is higher.—Emerson

Smith of Seagraves, Mrs. Cora Cole and daughter of Big Spring, Mr. and Mrs. Frank Berry of Snyder, and Mr. and Mrs. Walter Smith and family of Gail.

Robert is survived by his parents and by his grandparents, Mr. and Mrs. L. A. Pearce and Mr. and Mrs. C. A. Johnson, all of Gail. Other relatives attending the funeral were: Mr. and Mrs. Harold Davidson of Huntsville, Mrs. C. M. Davidson and Mr. and Mrs. Alfred Greenway and son of Snyder, Mr. and Mrs. John Johnson and children of O'Donnell, Mr. and Mrs. Jim Johnson and family of Gail, Mr. and Mrs. Wayne Pearce of Big Spring, Mr. and Mrs. John Williams and Mr. and Mrs. Leonard Petty of Abilene, Mr. and Mrs. Roy Pearce of Roscoe, Doris and Delmo Pearce of Gail.

REVIVAL TO BE ENDED SUNDAY

Preaching by Bro. Raymond Keley has attracted capacity crowds this week to the revival he is conducting at the local Church of Christ. The Lubbock minister plans to bring services to a close Sunday night.

Bro. Hobbs of Monahans and other ministers who have visited with the local congregation state "the crowds that are coming out for services this week bespeak a mighty fine recommendation for your people."

All members are especially urged by church leaders to attend both the Sunday morning and Sunday evening services. Day services for remainder of the revival will start at 10:00 o'clock, evening services at 8:30 o'clock.

Bro. S. L. Morgan, song leader and local minister, is joined by Bro. Keley in extending a cordial invitation to everyone to attend remaining services.

Mr. and Mrs. Francis L. Pierce, who left Thursday for a two-week vacation at Lampasas and surrounding fishing territory, were accompanied on the trip by Mrs. Pierce's brother, Martin "Jule" Norred. The three are guests of Mr. and Mrs. Minger Y. Lewis.

Market Completing Paint; New Pick-Up

Browning Food Market is this week completing a paint refinishing job on the outside of the store in gloss white with black trim. This improvement gives an attractive foreground for the carload of Bewley's flour and the carload of Jefferson Island stock and table salt that was received this week.

The store has added a new Ford V-8 delivery pick-up, and free delivery is being offered in the city limits.

Mrs. Vera Miles and son, Bill, spent Sunday in San Angelo, guests of Etta Mae Nicks, formerly of Snyder.

Oh, that men would seek immortal moments!—William Blake.

What's News in Snyder?

In a current national magazine, a former foreign correspondent writes, two years after his return from dictator-torn Europe: "My Home Town's a Democracy." He emphasizes this simple title of his article by saying that the United States, because of its basic democratic nature will never be ruled by a Stalin or a Hitler or a Mussolini.

The article has particular interest because the author's home town is in New York state—not in one of the states that is more or less isolated from world industrial centers. He points out that most of the folks in his home town—an industrial town, with a large foreign element—do not even know how to pronounce Nazi and Stalin and Fascism. He notes that local politics is the chief point of interest, even as the headlines of the metropolitan dailies scream about a projected madman's war in Europe.

What's news in Scurry County, more than 2,000 miles from that industrial "home town" in New York state? For one thing, our neighbors are news. And if our gossip and back-biting sidelines are sometimes too injurious, we usually forget it all when a rodeo, a products show or some other event calls for united action. Like the New Yorker, we have no class distinctions in our town—in our county. There are groups, to be sure, but they are not divided by class structures. Character and hospitality, friendliness and intelligence largely determine our little groups. We shift from one group to another, day after day, year after year. We call every man neighbor although we have lost some of the neighborliness of the Old West.

We have no reserved pews in our churches. Banker and laborer, merchant and WPAer, two-room housewife and brick-home housewife sit side by side—and enjoy it!

Truly, although we small-town folks have become somewhat cosmopolitan in our interests, in our personal whims and fancies, in our general outlook on the world of war and peace, we cling largely to the democratic ideals that have made of us a unique, a strong, a FREE nation!

Editorial of the Week

THE INDEPENDENT MERCHANTS

It's about time the old, fallacious argument that "chain stores are driving the independent merchants out of business" was relegated to the obscurity where it belongs. For, as the statistics prove, progressive independent store owners have thrived in the face of chain competition—and it's an insult to their abilities and intelligence to say they can't meet it.

The years from 1929 to 1936 were years of deep depression. Yet according to U. S. government figures, the number of independent stores increased by almost 100,000 in that length of time. And going by the latest complete figures available, independent stores do close to 75 per cent of all our retail trade.

Local studies have been made in 453 typical American communities—ranging in size from hamlet to metropolis—to find out just how independent stores are faring. Result—there are as many independent stores, and in some cases more, in proportion to population than there were before chains existed.

This doesn't mean independent stores don't fail. Thousands of them do each year—and so do many chain systems. And the reason for failure, believe it or not, is rarely competition. According to the U. S. Chamber of Commerce, 37.2 per cent of retail failures are due to insufficient capital; 31.4 per cent to incompetence; 15.6 per cent to such exigencies as flood and other natural disasters; 4.9 per cent to inexperience—and only 3.9 per cent to competition! It doesn't take an economist to realize that the underfinanced, inexperienced and inefficient store isn't long for this world—irrespective of whether chains operate in its locality or not.

Smart independents give the chains many a head ache by putting into effect novel selling ideas, personalized service, and thinking up new attractions for the consumer. The independent store operator is far from being the stupid oaf, bewildered and frightened by competition, the politicians would have you believe. —Industrial News Review.

The Flood Recedes

Although the ugly marks of flood waters and hail, wind and torrent have not been erased from Scurry County, there is a gradual return to normalcy. There is no denying that business has been stunned since the unusual weather. With the crop outlook uncertain and with other factors slightly unsteady, we cannot hope to get back on the normal trail too soon. But we still have fine feed, an increasing number of good beef cattle, and a growing belief in the ability of "The Cow, the Sow and the Hen" to help put us back on that trail.

New Dealers are so well pleased with Henry Wallace's idea of expanding the new stamp method of distributing surplus foods to needy families that key administration officials announced Saturday that relief stamps for food will be tried out in almost 100 cities within the current fiscal year. The stamp food idea, tried out as a means of bridging the gap between farm surpluses on one hand and undernourished families on the other, seems to be catching on with relief agency administrators, but may prove to be a rather costly method before it's over of lading out surplus agricultural products.

Current Comment

By LEON GUINN

Although still gripped with a hangover of Huey Longism and LSU Smithism, Louisiana has recently taken the lead among Southern states in replacing cotton acres with livestock and feedstuff. Louisiana cattlemen have paid a fitting tribute to Texas breeders during the past three years by purchasing more than 6,000 herd sires, and contemplate still further herd sire purchases from Texas if delta cottonland acres are held down to the present acreage. The Winslons of Snyder, by the way, have sold a number of their best animals to Louisiana breeders in recent years.

Forecasts last week by Department of Commerce officials of bumper corn and cotton crops this year, plus a big increase in hog production, gave AAA attaches added surplus woes, although a sharp reduction of 214,446,000 bushels in the wheat forecast was more to AAA administrators' liking. The AAA has succeeded in reducing the size of farm crops, but the problem of higher prices through increased scarcity—basic aim of the farm plan—has not been solved by several grainery bins, due to the huge crop carryovers of former years.

Although the AAA has shown every consideration toward the American farmer by paying him to limit crop acreage, the Extension Service of the Department of Agriculture has more than offset acreage restrictions by recommending the planting of high-yielding seeds. Bigger crop yields on fewer acres has long been a recognized policy of progress by the Extension Service branch of the Department of Agriculture, but unless consumption can be greatly increased both in America and abroad, there is slight possibility that farmers can dodge out from under crop surpluses this year.

In celebrating the 52nd anniversary last week of its founding, Mound Bayou, Mississippi, residents revived post-Civil War memories of the time Jefferson Davis, president of the dying Confederacy, persuaded his brother Joseph to sell their entire Mississippi plantation to their trusted slave butler, Benjamin Montgomery, and his two brothers, Thorton and Isaiah—thus making possible in the founding of Mound Bayou the first all-negro town in the South.

For 18 years after its beginning, the Mound Bayou settlement, first located at Davis Bend, 20 miles south of Vicksburg, flourished; but recurring floods forced the inhabitants to move to the present Indian mound location. When the hard times immortalized in Stephen Collins Foster's folk songs came knocking at Mound Bayou doors, closing of the \$100,000 cottonseed oil mill and other local industries heralded an area of lean living; but a complete program of rehabilitation started last week bodes a brighter future for the all-negro town Jefferson Davis believed in so firmly.

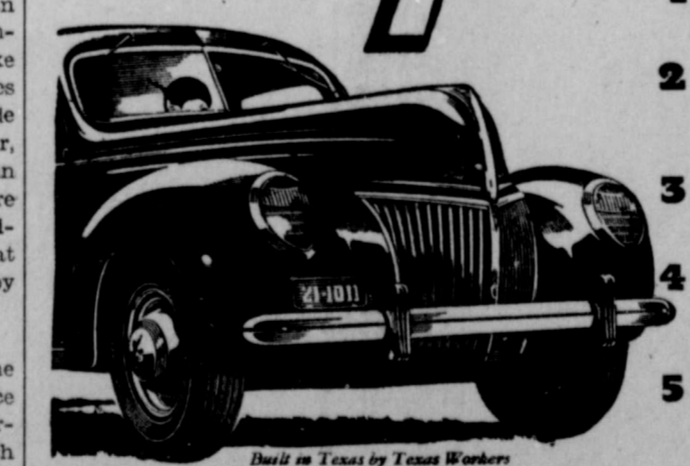

Few people who pause to buy a cone of ice cream that refreshes realize the tasty tidbit is this year celebrating its 35th birthday. Launched as a national institution at the St. Louis Fair in 1904, the ice cream cone has increased so in popularity the past 35 years that production at the present exceeds a million cones per day during the summer months. Older people, who enjoyed the peculiar flavor of hand-rolled ice cream cones, will probably say the machine-handled batter of today that is squirted into moulds and comes out a finished cone lacks some of the tang early day cones had; but progress, in its own way, has not only resulted in better ice cream cones but in more sanitary tidbits for ice cream devotees.

The 135-year-old British and Foreign Bible Society, which has published about half of the more than 1,000,000,000 scriptural volumes issued since Gutenberg's time, has this year added nine languages to make a total of 732 in which at least some of the Scriptures are now published. New tongues added include Eskime in American Arctic; Wongo, Hangaza, Nuer, Bua and Kituba in Africa; Tho, Mori and Hkum in Asia. That the words of the Christ of Galilee are winging their way to the earth's four corners is evidenced by over 11,000,000 volumes of the Bible that have been given away during the past 12 months by the British and Foreign Bible Society alone.

Through a "black bourse" source in New York, the U. S. Secret Service has recently been able to trace down one of the shrewdest cases of German counterfeiting brought to light in several years. Through this particular New York source American tourists have been able to purchase, at sharp discounts, marks smuggled here by German refugees. Mark purchasers, however, who have attempted to enter Germany recently were told all marks purchased were counterfeit, as shown by three almost invisible dots; thus bringing about confiscation by the Reich government.

U. S. Treasury engravers who checked up on the "counterfeit" marks discovered last week both the supposedly bogus bills and genuine marks came from the same engraving plant. Ace Secret Service men theorize that Reich officials had agents peddle the dot-spotted marks to discourage traffic in smuggled currency but the counterfeiting plot was not brought to light before the German government netted a nice little "nest" in foreign exchange on the dotted marks.

IT BEATS THE FIELD ON 7 BIG COUNTS!

For low-cost transportation at its best—now as always! FORD V-8

Louder Motor Company Authorized FORD Dealer

- 1 BIGGEST HYDRAULIC BRAKES! Ford gives you the biggest, most powerful hydraulics ever used on a low-priced car.
2 BEST ALL-ROUND PERFORMANCE! Ford V-8 has the only V-8 engine, and is the fastest, most powerful and best "all-round" performing car in the low-price field.
3 STEADIEST-RIDING CHASSIS! Only Ford V-8 in its price class has Torque-tube Drive and four radius rods.
4 LONGEST PASSENGER RIDEBASE! Ford's 123 inches between front and rear spring centers is longer by 9 inches than any other car's at this price.
5 TOP OVERALL ECONOMY! 85 h.p. Ford V-8 gave more miles per gallon than any other leading low-priced car in this year's Gilmore-Yosemite run. Ford owners also report no oil added between regular changes.
6 MODERN STYLING! With modern fronts, rich interiors, stream-lined, flush-closing luggage backs, Ford V-8 is the style leader of its price class.
7 OUTSTANDING ENGINEERING! Only car at the price with semi-centrifugal clutch, seat inserts on all valves, cast-steel crankshafts, and many other fine-car engineering details.
