

SNYDER SCHOOLS READY TO OPEN IN NEW "SAFETY" PLANT

Smoldering School Building—in Spring of 1938

The fire-gutted auditorium shows clearly in this picture of the east center portion of the school buildings. Smoke-clouded windows in the front of the

auditorium indicate that flames were still eating their way along the walls when this shot was taken. Shortly after the picture was taken, the upper portion of

the center east wall was pulled down to eliminate a hazard to fire fighters. Cinders and charred paper settled to earth blocks away.

CITY TAX RATE SET AT \$1.50 IN MONDAY MEET

\$1.05 of Amount Will Go to Bond Retirement, Balance to General Fund for Operation

The city tax rate for 1939 was set at \$1.50 on the \$100 valuation Monday night at a regular meeting of the City Council. Councilmen voted to apply \$1.06 on the \$150 tax rate to retirement of bonds, with the remaining 45 cents to go to the general fund.

August building permits were \$3,350, with the year's total building permits to date amounting to \$124,125.

August water and sewer collections amounted to \$2,132.11, taxes for the month were \$463.63. The unusually small sum of \$5.70 was collected in August fines. Approved bills totaled \$1,660.

The council voted to reserve three automobile parking spaces on the east side of the square, next to the courthouse curb, for officers' cars. Only the sheriff's department and city officers will be permitted to use the three parking spaces, council members said.

City Secretary J. S. Bradbury requests the public to take note of the three parking spaces on the square's east side, which will be marked off, and cooperate with city and county officers in leaving the places clear for official use only.

Snyder's New School As Seen From North Angle

This view from the north side of Snyder's new \$145,000 school plant gives an excellent view of

the entrance to the new auditorium. The three entrance doors are equipped with approved

anti-panic hardware that permits easy opening from the inside.

REGISTRATION IN ALL GRADES SOUGHT EARLY

Several Newcomers on Faculty Are Reported by Superintendent C. Wedgworth

Opening of the 1939-40 school year for Snyder Schools Monday will be featured by a public program in the auditorium of the new \$145,000 plant at 9:30 o'clock, Superintendent C. Wedgworth announces.

The superintendent is joined by the school board in extending a cordial invitation to the public to attend the first exercises in the new structure.

High school students in the ninth, tenth and eleventh grades will be given instructions at the opening program.

All students will be issued textbooks Monday morning, and they will not meet classes Monday afternoon. Classes will be organized Tuesday morning.

OPEN HOUSE

Preceding formal opening exercises Monday morning, open house for Snyder's new school plant will be held Sunday afternoon, from 2:00 o'clock 6:00 o'clock, Superintendent Wedgworth announces.

The public is cordially invited to attend the open house hours Sunday afternoon, and inspect the new plant, from boiler room to the superintendent's new office in the east wing of the recently finished structure.

Workmen have been installing furniture and equipment for several days. Information received by Wedgworth late Wednesday indicated it will be impossible to have all home economics and science equipment installed by Monday.

All high school seniors are again urged to register this Thursday-morning at the high school building. Juniors should register this afternoon, 1:00 to 5:00 o'clock.

Ninth grade students are urgently requested to register at the high school building Friday from 8:00 a. m. until 12:00 noon. Freshmen will be registered the same day from 1:00 to 5:00 p. m.

Please Register Early!

High school students are urged to register at the proper time. Some elective courses will necessarily be limited as to enrollment; therefore, in such courses the first comers will be the first served.

Old and new teachers are requested to attend the first general faculty meeting Saturday morning at 9:00 o'clock. Teaching schedules will be taken up and details of the 1939-40 work will be discussed.

Faculty for the year is complete with the exception of the combination commercial-band teacher. The following new teachers have been added to last year's faculty:

R. G. Dillard, junior high school principal; Mrs. R. G. Dillard, grammar school; Mrs. J. C. Smyth, high school English; Polly Harpole, elementary; and Mrs. Ann Pritchard, grammar school.

Teachers Who Return.

Returning members of the high school faculty are as follows: C. Wedgworth, beginning his thirteenth year as superintendent; Hadley Reeve, high school principal; Effie McLeod, Jewel Foster, M. E. Stanfield, W. W. Hill, Vera Periman, George B. Thomas, Peggy Elliott and Frank Patterson.

These grammar school teachers are returning: L. H. Butler, Mrs. Ruth Saunders, Dorothy Strayhorn, Mrs. Omah Ryan, Mrs. W. P. King, Mrs. Paul Cates, Mrs. Ruth Moseley, Mrs. M. E. Stanfield, Gertrude and Hattie Herm, Mrs. Madge Popnoe and Kathryn Northcutt.

Beginners will report Monday morning at 9:00 o'clock on the first floor, west wing of the new building, in rooms 14, 15 and 16.

Second graders will report at 9:00 o'clock in rooms 10, 11 and 12 on the first floor, west wing of the new building. Third graders will go to the second floor in rooms 20 and 21; fourth graders, rooms 22 and 23; fifth graders, rooms 24 and 25; sixth graders, in rooms 50 and 51; second floor, east wing; seventh graders, rooms 53, 54 and 55; eighth graders, rooms 44, 45 and 46.

At 9:30 o'clock first through the eighth grade students will march to the auditorium for opening exercises.

MERCHANT RETURNS.

J. H. Sears, veteran Snyder merchant, came home Tuesday from Cisco. Ill in the Brown Sanitarium there the past three weeks, Mr. Sears is back at the store this (Thursday) morning.

SPOTLIGHT ON NEW MAGNOLIA M'CLURE TEST

Four-Inch Pipeline Carrying Full Load After Lifting of State 15-Day Shutdown

The No. 1 attention getter in Southwest Scurry County's Sharon Ridge oil field this week was Magnolia Oil Company's No. 1 R. O. McClure, which was drilling into upper pay saturated sections late Wednesday night.

Equipment on the Magnolia-McClure test, a south offset to J. B. Stoddard's No. 1 McClure, was changed to cable tools after six-inch casing was cemented at 2,250 feet. Location of the test is 330 feet from the north and east lines of Magnolia's 80-acre lease, south one-half of the southeast one-fourth, Section 142.

Robinson Oil Corporation's No. 1 W. Woodard test, a west offset to H. C. Wheeler's No. 1 M. J. Sims, was drilling at 790 feet. Eight-inch casing was cemented at 525 feet after 10-inch casing, previously set at 400 feet, was pulled.

Location of the Robinson-Woodard test is 330 feet west and north of southeast corner, south 120 acres of the northwest one-fourth, Section 141.

Drilling operations were proceeding at 960 feet in D. & R. Oil Company's No. 2 R. O. McClure, located 650 feet north of the D. & R. No. 1 McClure.

G. E. Daniels, new field superintendent for Coffield & Guthrie, Incorporated, has moved into a modern five-room bungalow erected for him by the Corsicana and Rockdale oil firm. Daniels replaces D. L. Harris, who has been in charge of field operations for Coffield & Guthrie the past six months.

Coffield & Guthrie's four-inch pipeline from the Sharon pool to the Col-Tex Refining Company's tank farm in the Westbrook pool is going full blast, since the 15-day shutdown of Texas oil wells was lifted by the Texas Railroad Commission.

Primitive Baptists To Hear Bangs Man

Rev. S. L. Reeves of Bangs will preach at the Primitive Baptist Church in Northeast Snyder, according to leaders of the congregation. He will be in the pulpit Saturday night at 8:00 o'clock and Sunday morning at 11:00 o'clock.

Formerly a leader in the schools here, Rev. Reeves is well known to many old-timers as well as among his churchmen.

MORE CHECKS ARRIVE.

Arrival of \$22,615.95 in 1939 AAA parity checks at the county agent's office Wednesday morning brings the total of 1939 farm parity funds received to \$67,871.18, Edward S. Hyman, administrative assistant stated. The 357 checks received Wednesday morning follow by six days the 646 farm parity checks received last Thursday morning.

Wall Falls in This Action Shot

In this action shot of Snyder's most destructive school fire last year, a part of the northeast wall is being pulled down. Notice the giant mass of brick, concrete and steel was just leaving its flame-enveloped mooring as High School Student Bill Miles' tiny camera clicked. Center of the building is smoldering here.

crete and steel was just leaving its flame-enveloped mooring as High School Student Bill Miles' tiny camera clicked. Center of the building is smoldering here.

INDICATIONS POINT TO CROWD OF 3,000 AT SONG MEET IN SNYDER

Opening Sessions Will Be Held at City Tabernacle Saturday Night and Continue Sunday

Singers and song lovers, 3,000 strong, are expected to gather in Snyder Saturday night and Sunday for fall sessions of the Four County Singing Convention. Dewey Niedecken, convention president, reported Tuesday.

Visiting singers from the four corners of West Texas have accepted invitations to attend the song fest, Niedecken said. Opening session will start Saturday night, 8:00 o'clock, at the city tabernacle. Singers from Lubbock, Hamlin, Abilene, Sweetwater, Anson, Merkel, Roby, Rotan and other points will be on the program.

A feature of the Sunday program, which starts at the tabernacle at 10:00 o'clock, will be an old-fashioned basket lunch at the noon hour. "Home folks, especially," the leader said yesterday, "are urged to bring as much dinner as possible, since we will have a lot of mighty fine singers to feed Sunday."

Besides a special quartet from the Stamps-Baxter Music Company of Dallas, other quartets that have accepted invitations to appear on the program include the Winters, Abilene, Wienert, Haskell and Jones County quartets.

Special numbers on Sunday's song menu will be given by the Anson and Big Spring trios, in addition to numbers by local talent, Eddie Wil-

R. R. Patterson New Attorney for Snyder

R. R. Patterson, the first new attorney who has moved to Snyder in some time, established law offices Monday the first door south of the Chamber of Commerce office. Young Patterson, associated until recently with Robertson & Grinstead of Rotan, stated Tuesday he had picked out Snyder several years ago as the place he wanted to practice law in.

Patterson obtained his LL.B. degree from the Cumberland University, Lebanon, Tennessee, and attended law school at the University of Texas. Born and reared at Rotan, Young Patterson came here from Waco, where his father, Reeves Patterson, is superintendent of the Waco Children's Home. He is unmarried.

Flame of Hobbs, convention vice president, said early this week. "Principal item of business at the business session will be selection of a site for the spring sessions of the Four County Singing Convention."

Duncan Coffee Company, Houston, will furnish free Admiration coffee at the singing convention this week-end, announces Deon Cochran, who received word early this morning. Earl Corder of Big Spring, representative of Duncan in this area, will be on hand with the 107-gallon coffee urn that has been seen several times in this vicinity.

Plans for Another Legion Hut Started With Insurance Pay

Receipt of \$550 insurance on the American Legion hut that was destroyed June 19 by the county's weather disaster was announced by Henry Rosenberg, commander of the Will Layne American Legion Post, Tuesday.

"We're formulating active plans," Rosenberg said, "for the construction of another Legion hut to replace the one we lost by water and wind, and have started a building fund for the purpose of obtaining enough money to build back."

Destruction of the Legion hut meant a loss of \$2,000 to the local Will Layne Post, officials state, and the insurance received will be only a start toward rebuilding a new hut.

"If ever there was a time when we need an American Legion, it is at a time like this, when foreign conditions are so dangerously tense," Rosenberg said. "If we obtain the funds needed for reconstruction of our Legion hut, the ideals of Americans will always be first."

MRS. HERM PASSES.

Word comes to The Times as it goes to press this (Thursday) morning of the death of Mrs. R. C. Herm, who passed away at 7:00 a. m. A county resident for 32 years, Mrs. Herm had been a member of the Methodist church for a great number of years. Funeral services, in charge of Odom Funeral Home, will be held Friday afternoon, 4:00 o'clock, at the Methodist Church.

MORE THAN 20 YOUNG TIGERS

More than 20 boys—including all eligible lettermen—have reported to the Tiger training camp this week, reports Coach W. W. Hill. The six lettermen are leading the boys in stiff workouts that must put them in shape for the opening game at Anson Friday of next week.

A likely youngster, Fred Ross of the Plainview community, may put some added punch in the squad. Neither he nor Marshall Erwin, who came out last year and who has gained weight and pushability this year, were mentioned in last week's Times.

"Give us the backing of the town, and we will build a fighting team," Hill declares.

Assisting the head coach is George B. Thomas, who served in this capacity last year.

Training must be squeezed into a short period, since Interscholastic League rules this year forbid practice sessions before September 1.

FSA Aid, Oil, Show Housing CC Subjects

At a board of directors meeting Tuesday night, the Chamber of Commerce voted to cooperate with the Lions Club in paying one-half of the \$80 appropriation necessary to remodel and paint the local Farm Security Administration offices over Bryant-Link Company.

Matters pertaining to the oil business, the 1939 Products Show and the local housing situation were discussed.

Baptists Meet For '39 Event

TOP SPEAKERS WILL BE HEARD

Baptists from the four corners of Mitchell and Scurry Counties will convene at the First Baptist Church here today (Thursday) and Friday for the annual meeting of the Mitchell-Scurry Baptist Association.

Outstanding speakers on the two-day program will include Dr. R. C. Campbell of Dallas, state secretary of the Baptist General Convention, Mrs. E. F. Lyons of Dallas; Rev. Jack Cowsett of Waco, former missionary to Brazil; Dr. E. B. Atwood of Hardin-Simmons University; Abilene; Rev. Perry Evans of Buckner Orphans Home; Rev. Jeff Davis, field secretary of the United Drys of Texas, Dallas; and numerous others.

Opening association session starts this (Thursday) morning at 9:30 o'clock, Rev. Ira Harrison, host pastor, announces. Election of officers and presentation of associational letters will precede an address by Rev. Jack Cowsett.

Special music will be followed by the association sermon, to be given at 11:35 a. m. by Rev. M. H. Godfrey of Lorraine. A memorial service at 12:10 o'clock will be given by the W. M. U.

Rev. Harrison announced Wednesday that the women will serve luncheon today and Friday in the church basement. Several messengers will probably stay Thursday night at local homes in Snyder.

Theme of this (Thursday) afternoon's sixteenth associational auxiliary meeting will be "Constraining Love." Program speakers include: Mrs. B. M. West, Forest Huffman, Westbrook; A. L. Whipkey, Colorado City; Ray Richardson, corresponding secretary;

Mrs. G. A. Elrod, D. V. Merritt, J. M. Byrd, D. S. Phenix, D. W. Haralson, Lyman Wren, E. J. Worley, Tom Echols, Alvin Swearingen, J. G. Smith and J. M. White, district president.

"The Revival" will be the theme of the layman's meeting this afternoon at the First Methodist Church. Song worship and devotional will be followed by "Watchman, What of the Night?" given by Rev. C. E. Lancaster of Big Spring. Judge Welch of Breckenridge will give "What Place Men in the Revival" at 2:35 o'clock, and Rev. G. W. Park's will give "What Place Devotional Preaching in the Revival" at 3:10 o'clock.

Speakers this evening for the program at the First Baptist Church include Rev. W. A. Strickland, pastor.

Mr. and Mrs. Lee Roy O'Neal at Home Following Haskell Wedding Sunday

Mr. and Mrs. Lee Roy O'Neal arrived in Snyder Monday night, following their marriage Sunday morning and a brief wedding trip to Mineral Wells. Assistant manager of the local Perry Brothers store, O'Neal and his bride, the former Gladys Evonne Fouts of Haskell, are living in the Cunningham apartment, 2403 Avenue N.

Marriage vows were exchanged by the couple at the home of the bride's aunt, Mrs. Carl Power, and Mr. Power in Haskell Sunday morning at 8:00 o'clock in a pretty candlelight service. Robert Barnett, a ministerial student at Howard Payne College, Brownwood, officiated for the ring ceremony.

The couple stood before an improvised altar of ferns and white gladioli, flanked by lighted white tapers in floor candelabras. Other white flowers decorated the room.

Hattie Davis of Haskell sang "Because" and "At Dawning" before the ceremony with violin accompaniment by Lily Albertson of Munnsville, Miss. Albertson also played the wedding marches and piano selections during the service.

Attending the couple as maid of honor and best man were the bride's sister, Frances Fouts, and Rex Felker of Abilene.

The bride was dressed in a black velvet bolero frock trimmed with white Irish lace worn with black accessories. Her flowers, pink gladioli, were in a shoulder corsage, and for the traditional "something old," she carried a family heirloom fan. The maid of honor wore a sheer alpaca dress of black and dusty pink and a corsage of pink gladioli.

Mrs. Power was joined by the bride's mother, Mrs. E. F. Fouts, in hosting a reception honoring the couple immediately following their marriage, so which the wedding guests were invited. June Buckley and Hazel Wilson served from the

Enfield Lodge Group Local House Guests

Mrs. Robert H. Curmiste has had the past week as her house guests members of the Enfield Lodge party, including Mrs. Harold Entine, director, and members of her staff. The lodge, summer camp for girls, is located near Hollywood, California.

Staff members here included Frances Owen of the University of California, Ruth Adkins of LeLand Stanford University, Margot Lowell of Beverly Hills and Mary Cummins, daughter of the local woman, who is attending Los Angeles City College.

The party has been making a tour of the Southwest, stopping at the Enchanted Mesa to see the corn and snake dances of the Hopi Indians, the south rim of Grand Canyon, where they spent three days taking motion pictures and studying geological formations. The trip home will be leisurely and will include stops at Carlsbad Caverns and Dinosaur Forest, arriving in Los Angeles in time for school.

Robbie Enfield, son of Mrs. Harold Enfield, has been Mrs. Curmiste's guest all summer, and he returned with his mother. The Ivan Dodson family of Odessa has been included in the house party, and Mr. and Mrs. Robert H. Curmiste Jr. of Seminole joined them for the weekend.

Miss Lois Allen left Sunday morning for Plemors, near Borger, where she will teach third and fourth grade work in the Plemors High School. Miss Allen, who spent the summer with her parents, Mr. and Mrs. J. M. Allen of East Snyder, has lived in Scurry County practically all her life. She obtained her degree at West Texas State Teachers College, Canyon.

Mrs. Cleve Blackard and daughter, Daunel, and Mrs. Lewis Blackard and young son, Rodger, have returned from a week's stay in El Paso as guests of parents and grandparents, Mr. and Mrs. W. B. Rodgers. The Rodgers, former Snyder residents, were guests of their two daughters and families here for the Scurry County Rodeo and the week following. They returned to their home at El Centro, California, early this week.

Mr. and Mrs. Herman Aweas arrived at their home in Salem, Illinois, Wednesday, after leaving Snyder and progressing northward leisurely, their longest stop a several-day visit in Tulsa, Oklahoma. Mrs. Aweas, the former Maurine Cunningham, has been in Snyder two months, and her husband joined her here three weeks ago.

NANNELLE IS HOME
Nannelle Patterson, 13-year-old daughter of Mr. and Mrs. H. B. Patterson, came home this week-end from a three-week stay at Marathon with her sister, Mrs. Harvey Carrell, and Rev. Carrell. The three spent one week at a delightful Epworth League encampment at Allworth League and several days at the camp and meetings in the Davis Mountains. Miss Patterson is home just in time to prepare for school opening here next week.

BUFFET PARTY FETES BRIDGE CLUB, GUESTS

Mrs. R. C. Miller Jr. was hostess last Thursday evening to the Duce Bridge Club and guests at a buffet supper and bridge party, which was one of the club's most delightful affairs all summer. The occasion was regular meeting night for the bridge group.

The supper was served from the lace-covered dining table, which was centered with an arrangement of black pottery flower containers filled with tiny marigolds. Small bouquets of marigolds in black vases were on each of the four round tables. The tables were laid in white linens, rock crystal and silver. Bouquets of lovely giant zinnias and the tiny ones decorated the rooms.

In the bridge games following the two-course supper, both the high score prize and the traveling prize were won by Ruby Lee. The prizes were a bridge set and scarf in drawn glass linen design.

Assisting the younger Mrs. Miller with the party were her mother, Mrs. A. D. Erwin, her mother-in-law, Mrs. Lora Miller, and young sister, Eleanor, who alternately assisted with the serving and cared for the Miller's baby son, Richard.

Enjoying the evening were the following bridge players: Mrs. John F. Blum, Evelyn Erwin, Hazel Pollock, and Estine Doward, guests; Ruby Lee, Jeanne Mathison, Mrs. R. E. Boyer Jr., Vesta Green, Frances Boren, Frances Chenault, Mrs. Loy Logan and Allene Curry.

During a brief business meeting, in charge of Miss Boren, president, committees were appointed to select gifts for Mrs. Melvin E. Stoker, the former Bonnie Miller, who is the club's most recent bride, and for Mrs. Buster Curtis, whose young son was born late Wednesday before the party Thursday evening.

Louise LeMond and Adell Watkins Feted

Louise LeMond, who will return to Hardin-Simmons University, Abilene, soon to resume her college work, and Adell Watkins, who will enter Howard-Payne College, Brownwood, this fall, were named honorees at a social held Monday night. Members of the Y. W. A. of the First Baptist Church honored the two at this home of Mrs. Ethel Eiland.

Interesting games were played, and ice cream and cake were passed, carrying out a pink-and-green color note, to the following: The honorees, Mrs. Eiland, Daurice Worley, Marva Nell Curtis, Velma Lee Edmondson, Maxine Jones, Lottie Mae Weller, Ruth Letcher, Verna Price and Jerry Chapman.

M. E. WOMEN MEET TUESDAY

Business and Professional Women's Circle of the Methodist Missionary Society will meet at the home of Mrs. Joe Caton at 7:30 o'clock Tuesday evening. Mrs. Caton joins Mrs. F. L. Pierce, president, and other members in issuing an invitation to all business and professional women of the church to attend.

New Minister Is Honored by Class

Dorothy Pinkerton was hostess last Wednesday evening to the Young People's Bible Class of the Church of Christ, following regular session of the group for a get-acquainted party in honor of the new minister, Le Moine Lewis.

At the beginning of the party each of the guests was introduced to the new minister, and at the close of the party he in turn named each of them, a feat that was astonishing to the local group. After a number of games were played and the group enjoyed singing, lemonade and cookies were served to those present.

They were: Louise and Laverne Hardin, Katherine and John Terrell Lynch, Oleta Ikard, Burnelle Eicke, Dorothy, Wilma and Jack Terry, Joetta, Juanita and Walter Beauchamp, Laura Banks, Laverne Moffett, Donald Ray Scott, Truman Wilson, Oscar Edoock, Max Moleby, Wad Davis, Sam Floyd, Evelyn Kincaid, Cogdell and I. H. Spikes, Ralph Bates and the honoree, Mr. and Mrs. Ray Hardin, Mr. and Mrs. Claude Miller, Mr. and Mrs. C. L. Banks, Gay McGlaun, Mr. and Mrs. Eugene Pinkerton, Mrs. Mollie Pinkerton and the hostess.

Bill Hairstons Are Honored at Shower

Mr. and Mrs. Bill Hairston of the China Grove community, who were married August 16, were honored Friday evening at a lawn party and shower given at the Jim Merket home by Mrs. Merket, Frank Wilson and Leonard Allen and Dortha Merket. More than 100 guests were present.

Mrs. N. O. Brown and Roy Allen greeted the guests, and Mrs. Dan Hamal presided over the register, a bride's book. Miss Merket directed games for the younger set. Entertainment included progressive forty-two, checkers and other table games.

As Jack, Tindy and Bo Merket and Melton York sang "Roll Out the Barrel," accompanied by Miss Merket, Frank Wilson and Carl Hairston rolled out the barrel, presenting gifts of old shoes, worn-out clothing, dolls and a rolling pin. As the couple thanked the group of friends for the gifts, Floyd Merket and Avery Thompson brought out the real gifts.

Punch and cake were served on the lawn to the 100 friends of the honorees. Mrs. Hairston is the former Elsie Pae Holmes of Dunn, and the couple will live in the China Grove community. Both families are well known over the county.

MEETING OF O. E. S.
Stated meeting of the local chapter of Eastern Star will be held at the hall Friday night at 8:00 o'clock. All members are urged to be present by Mrs. Floy Caffrey, worthy matron, and other leaders.

Marriage Read At Minister's Home

Merlyn Green, daughter of Mr. and Mrs. W. J. Green of Fluvanna, and Eugene Pinkerton, younger son of Mrs. Mollie Pinkerton, Scurry County treasurer, were married at the home of Minister Le Moine Lewis of the local Church of Christ Saturday night, August 26.

The vows were taken before a number of close friends and relatives of the couple, with Bro. Lewis officiating. The bride wore a navy blue frock trimmed with dusty pink and navy accessories.

Temporarily the couple is living with his mother. Later they will arrange an apartment in the rear of the Bargain Center Furniture Store, of which Pinkerton is proprietor.

Poverty Party Is Class Entertainment

'Twas fun, this "poverty party" given members of the 16-year-old girls' class of the First Baptist Church Tuesday evening by their teacher, Mrs. W. D. Harral. The girls arrived, representing various types of poverty, and a feature of the evening was guessing whom each represented.

Nell Verna LeMond "brought the house down" with her demonstration of her way of living as a hobo. Forrest Crowder was the winner of the "poverty dress" contest. Various games and contests were enjoyed all evening by the girls.

"Poverty" refreshments of hamburgers and lemonade were served by Mrs. Harral to the following: Elsie Murphree, Forrest Crowder, Carolyn Dunn, Marie Sumruld, Nell Verna LeMond, Anita Kite, Avanel White, Addie Mae Lee, Helen Anderson, Martha Lou Holmes and Max Wayne Harral.

Headache, Bad Breath May Be Your Warning

The sea's thrilling S. O. S. means "Help is needed now!" And, so do most of those headaches, that biliousness, coated tongue, or bad breath which are often signs of constipation.

To disregard these symptoms may bring on a host of other discomforts from sluggish bowels: sour stomach, belching, loss of appetite. So how much better you feel the day after taking spicy, all vegetable BLACK-DRAUGHT. By simple directions, it acts gently, cleanses promptly, thoroughly. Its principal ingredient is an intestinal tonic-laxative; imparts tone to lazy bowel muscles. Next time try BLACK-DRAUGHT!

Mrs. DeBold Attends Family Reunion

Mrs. Maude C. DeBold, local insurance woman, was in Sulphur, Oklahoma, last week, returning here Friday, to attend a family reunion. Accompanying her on the trip were her parents, Mr. and Mrs. W. T. Cook of Crosbyton, formerly Scurry County residents; her sister, Mrs. Leslie Stevens, and son, Don Franklin, of Midland; and her nephew, Homer Cook Jr. of Crosbyton.

The group and other relatives were guests of Mr. and Mrs. Henry George of Sulphur. Mrs. George is Mrs. DeBold's sister, and she is well known in Snyder. From last Sunday until Friday the relatives were at the George home.

Others attending included two of Mrs. DeBold's brothers, D. C. Cook of Wynnewood, Oklahoma, and E. D. Cook of Oklahoma City; Mrs. D. C. Cook and daughter, Ann, Mrs. E. D. Cook and son, Bill Tom; Mrs. Homer Smith of Sallisaw, Oklahoma; Mrs. J. S. Nimmo and Mr. and Mrs. George Sallee, Drumright, Oklahoma; Mrs. Dick Harmon of Jennings, Oklahoma.

Also there were Mrs. Tom Nimmo and Mrs. Lige Sallee of Sallisaw, half-sisters of W. T. Cook, whom his children had never seen.

Elois McDow Is Birthday Honoree

Elois McDow, daughter of Mr. and Mrs. Earl McDow, was honored at a party Saturday afternoon from 3:00 to 4:00 o'clock to celebrate her seventh birthday. The party was given at the home of her aunt, Mrs. J. H. Trussell.

Nice birthday gifts, interesting games played during the afternoon and refreshment-time were features of the afternoon. The seven birthday candles on the cake were lighted, and the cake cut and served with iced punch, cookies and fruit to the guests.

The honoree and the following were present: Ganel and Nona Beth Darby, Patsy Ann Ross, Peggy Lynch, Billie John and Martha Voss, Arlen Stokes, Johnnie Elizabeth Cole and Travis Trussell. Grow-ups there were Mrs. McDow, Mrs. Frank Darby, Mrs. W. L. Voss and Mrs. Trussell.

NATURE AND SCIENCE COOPERATE TO GIVE YOU THIS
Ware's Bread
Good for Your Children . . . Good for You!
From the great, waving wheat fields of the Plains comes the superior grain that forms the basis of Ware's Fine Bread.
It is milled into flour, the purity and quality of which is constantly being scientifically tested to insure strict uniformity in the finished product.
We then combine it with the other essentials—milk solids, sugar, water, malt, yeast and salt, then the product is complete, needs only baking in our controlled ovens to finish it to that luscious brown characteristic of Ware's Bread!

Healthful—
because it contains minerals, salts, proteins and vitamins essential to health.
Toasts Better—
because it is smoothly textured. Better toast every time because it's uniform.
Tastes Better—
because quality ingredients are used . . . because it's skillfully blended and baked.
Stays Fresh—
because it's rushed to your dealer . . . because it's wrapped airtight in fine wax papers.

WARE'S BAKERY

SNYDER NFLA IN FINE SHAPE REPORTS SHOW

Officers Relected at Annual Session of Stockholders Saturday at City Tabernacle

Approximately 150 people were attracted to the annual stockholders meeting Saturday at the city tabernacle to the Snyder National Farm Loan Association. The meeting, which started at 10:00 o'clock Saturday morning, was described by attendants as the best yet held in the history of the loan association.

Purposes of the meeting and the importance of a strong membership attendance at each annual meet was stressed by W. V. Jones, president, who presided over the business sessions.

In his annual report, Hugh Boren, secretary-treasurer, stated the Snyder National Farm Loan Association was in excellent shape, and one of the few associations in Texas to be in Class 1.

It was brought out at the meeting that the Federal Land Bank of Houston, through the farm loan associations, was rendering a needed service to farmers and ranchers by providing long-time loans at the cheapest interest rates ever granted.

Under the set-up of the Farm Credit Administration, short time production loans are also made at a very low interest rate for the purpose of crop and stock production.

W. V. Jones was reelected president of the Snyder National Farm Loan Association during the business session. Joe A. Merritt vice president, and Hugh Boren secretary-treasurer A. P. Gannaway, A. (Pat) Johnston and W. B. Lemons were reelected directors.

Principal speaker of the day was Judge A. S. Mauley of Sweetwater, judge of the 32nd Judicial District. Judge Mauley stressed the importance of members being loyal to their organization, as well as having faith in government and in each other.

Before election to the district judgeship, Mauley was associated with the Federal Land Bank of Houston and the Sweetwater Farm Loan Association, and spoke with authority on the benefits farmers and ranchers derive from the Federal Land Bank, Houston, through the local associations.

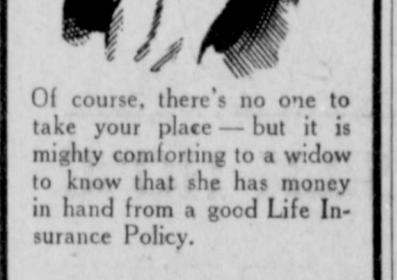

Other speakers included County Agent X. B. Cox Jr., Home Demonstration Agent Estella Rabel, Miss Willma Shores, home management supervisor of the Farm Security Administration, and Truett Barber of Colorado City, district attorney for the 32nd Judicial District.

A highlight of the farm loan association meeting was a chicken dinner, with all the trimmings, that was served to association members and guests at noon.

Start of School in New Building Stirs Memories of Horrible Fire

Probably the exact origin of the disastrous early Thursday morning fire of March 10, 1938, that left only blackened embers and molten brick of what was Snyder's \$120,000 school plant will never be known, but in the hearts of Snyder school children and patrons it will always be remembered as a black chapter day in Snyder educational history.

Lights in the neighborhood flickered for several minutes before the fire alarm was turned in, and finally went entirely out just before the fire siren sounded about 5:30 o'clock. Some school officials believe defective wiring might have started the fire.

Flames had evidently been eating their way into the center of the north wing for some time when members of Snyder Volunteer Fire Department were called at 5:30 o'clock to the biggest fire in Snyder history. Smoke was pouring forth from the entire north wing when firemen arrived.

Firemen soon saw no headway could be made against the fire in the north wing and the center portion. Hose was, therefore, taken into the high school building, and on the roof of that structure. This action, and a strong fire wall between the south wing and the auditorium, probably saved the entire school plant from destruction.

Flames were fairly well under control by mid-morning, but firemen continued their work to protect the south wing until after noon.

Some members of Snyder Volunteer Fire Department were allowed to leave the catastrophe scene at 12:00 o'clock, after having stayed valiantly on the job since 5:30 o'clock, but Chief N. W. Aultry and other fire department members stood by until 6:00 o'clock, that eventful Thursday afternoon.

Even when Friday morning dispelled the shadows of night, smoldering embers told the tale of property loss and mental anguish. Children and charred paper settled to earth blocks away.

A considerable amount of equipment was saved from the science, home economics and commercial departments, which were housed underneath the auditorium.

Boy Scouts and a number of men volunteered their services in keeping the crowd back, in moving

CARDINALS TO BEGIN WORK OF SQUAD FRIDAY

Seven Lettermen Return, Bolstered By Good Bunch of Rookies, To Give Hermleigh Hopes

Seven lettermen will be back in uniform when the Hermleigh Cardinals start their first 1939-40 football practice session Friday morning, September 8, at 7:30 o'clock. Coach A. C. Bishop Jr. stated Monday.

Lettermen who will be in line-up again this year fighting for the Cardinals follow:

Clifford Ha'e, end; Max Mobley, tackle; Ira Layman and Ollie Joe Stevenson, guards; R. L. Vaughn, tackle; W. L. Spikes, center; and James Casey, back.

Squadmen are F. A. Werner, back; Ray Travis Patterson, back; Willie Joe Nachlinger, guard; Tom Bowen and Arthur Weeks, tackles; Jim Bob Sheehan and Harold Mason, ends.

New candidates who will be out for practice September 8 are: Stanley Pavlas, end; Oscar Knight, back; Weldon Morgan, back; Ben Cary, back; Wilburn Ellis and J. W. Kinzey, backs.

The Hermleigh Cardinals' football schedule for the forthcoming football season follows:

September 22—Hermleigh at Dunn. September 29—Hermleigh at Pyron. October 6—Fluvanna at Hermleigh. October 13—Colorado B at Hermleigh. October 20—Coahoma at Hermleigh. October 27—Wingate at Hermleigh. November 3—Colorado B at Colorado City. November 10—Fluvanna at Fluvanna. November 17—Dunn at Hermleigh. November 24—Pyron at Hermleigh.

Trió from Scurry Attend State Meet of Club Women

Mrs. O. C. Hess of Pyron, Mrs. Sam Williams of Round Top and Mrs. C. R. Roberson of Plainview composed a trió of county home demonstration club representatives who left Wednesday morning for the three-day meeting of the Texas Home Demonstration Association convention at Lubbock.

Report for the Scurry County clubs will be given by Mrs. Hess. The sending of the three women to Lubbock is being financed by the County Home Demonstration Council, Estella Rabel, home demonstration agent, said Tuesday.

Principal speakers at the Lubbock conclave include Miss Mary Rohkar of Washington, D. C., extension economist in the home management service of the U. S. Department of Agriculture, Congressman George Mahon of the 19th District, and Mrs. J. L. Morris of Lamesa, retiring president of the Texas Home Demonstration Association.

NEW BUILDING DEDICATED AT PYRON THE 4th

Basket Dinner, Successful Opening of School Year Follows Dedication Program

Dedication services for Pyron's new \$37,314 school plant of white brick were held Monday morning at the 11:00 o'clock hour, following the opening of school at 9:00 o'clock by registration of students.

Principal speakers at the dedication services included County Superintendent Roy O. Irvin, C. J. Dalton, Fisher County school superintendent; Superintendent E. O. Wedgeworth of Fluvanna; Cleo Tarter, superintendent of Dunn schools; Elmer Taylor, Ira school chief; and C. B. Bentley, Hermleigh vocational agriculture teacher.

Mrs. E. H. Allen, 80, Dies Tuesday At Colorado City

Funeral services for Mrs. E. H. Allen, 80-year-old Scurry County resident who died last Tuesday at the home of her daughter, Mrs. Floyd Shepherd of Colorado City, were held last Wednesday afternoon at the Dunn Methodist Church.

Survivors include six daughters, Mrs. I. A. McGee, Mrs. Etta Wilson, Mrs. Floyd Shepherd, all of Colorado City, and Mrs. Carl Halston and Mrs. Albert Krop of Hermleigh. Mrs. H. V. Richards of Abilene; two sons, Jesse Allen of Snyder and Mose Allen of Colorado City; 32 grandchildren and 15 great-grandchildren.

A long-time Scurry County resident, Mrs. Allen lived for a great number of years in the China Grove community, and leaves behind a host of friends in Southern Scurry County and at Colorado City.

Funeral services were held at 10:00 o'clock Sunday at the home of Mrs. Allen, with the Rev. S. A. Sifford, Hermleigh Methodist pastor, officiating.

Those in charge of floral offerings, all granddaughters, were: Misses, Vaudie Brown of Hermleigh, Eula Lee Smith of Grand Falls, Edna Burnett of Colorado City, Jewel Allen of Hermleigh, Edith Cranfill of Abilene and Lois Allen of Snyder.

Kiker Funeral Home of Colorado City was in charge of funeral arrangements, with interment Dunn Cemetery.

Church of Christ

"Honor Thy Father and Thy Mother" will be the subject that LeMoine G. Lewis will discuss at the Church of Christ Sunday evening at 8:00 o'clock. Speaking of this ancient yet ever-new theme, the minister said, "This subject is one that I believe should be of vital interest to every person in Snyder."

The minister's Sunday morning topic will be "Growing Unto Salvation."

Other services at the church are as follows: Bible study, Sunday morning at 10:00 o'clock; ladies' Bible class, 4:00 p. m. Wednesday; prayer meeting, Wednesday at 8:00 o'clock p. m.

Fluvanna VA Class Starts Year's Work

Members of the Fluvanna Vocational Agriculture class have started shop work in their new agriculture building, Buford Browning, Fluvanna VA teacher, stated Monday. The agriculture building, complete with class and shop rooms, was constructed during the spring of the 1938-39 school term by members of the North Scurry County school vocational class.

The Fluvanna home economics department, under the supervision of the new home economics teacher, Miss Glynn Floyd of Rotan, is getting a mighty fine start on the year's work, Superintendent E. O. Wedgeworth reported Monday afternoon.

Keller Moves Dental Offices Over Towle's

Dr. G. W. Keller, who established dental practice offices on the west side of the square over Bryant-Link Company when he moved to Snyder six months ago, moved Monday to a new location over the H. G. Towle Jewelry Store, northwest corner of the square.

Dr. Keller is putting in modern office fixtures throughout and equipping his dental offices with the newest in dentistry tools. A graduate of Texas Dental College, Galveston, Dr. Keller has been a practicing dentist 10 years. He was located at Temple before moving to Snyder.

TIMES SHOTS

This month's most interesting sight on the square: Mrs. Wade Winston trying to stop a Model T Ford, and Mrs. J. G. Hicks, Dorothy Winston and Jansie Cogdell hanging on with all hands and feet.

Nearest face in the Snyder business district is that of Mrs. John L. Wilson, who has taken charge at the Wash-It-Yourself Laundry. She purchased the plant from Mrs. Lee Grant. All new wringers will be installed within a few days, Mrs. Wilson said yesterday.

Third place and \$10 in cash at the Midland rodeo the past weekend in the five-gated show horse riding contest went to E. Ewing, who rode Cron Anne, a Diamond "M" Ranch horse. The Diamond "M" Ranch is owned by C. T. McLaughlin, who has oil offices in Midland, his outstanding ranch in this County. Prize money for the Monday night horse show was contributed by "Blondy" Hall of the Osage Drilling Company.

Charles Rosenberg is "at home" again. For some time he has been assisting his elder son, Gus, with his store in Brownwood. But he confesses that Snyder—where folks are just a little friendlier and hospitable than anywhere else he has ever lived—is really home to him. He has just received a letter from an old-time friend, formerly a German Jew, who, with many of his other countrymen, has been driven, broken and penniless, into Lithuania. "The German people where my friend lived loved and honored him," declares the local man. "But the Hitler men who came to the town would not hear their pleas of mercy for their Jewish neighbors."

Twin quey melons freakishly joined together were brought to the Times office Saturday by Fred Martin of Canyon, who states the tangy members of the cucumber family are excellent for pickling purposes. The twin grey melons, only recently introduced to a number of county gardens, are on display at the Times office.

LOCAL MASONS GO TO CONCLAVE

Herman S. Darby, most excellent high priest of the local Royal Arch Masons, Chapter No. 286, headed a delegation of 10 Masons that attended a District 37 convocation of Royal Arch Masons in Colorado City Wednesday afternoon and night.

High officials of the masonic order who were present at the district session included Joe Pender of Denton, grand high priest of the Royal Arch chapter of Texas; J. D. Garrison of Ovalo, grand master of the Grand Council of Texas, and others prominent in masonic work.

Secretary of the local Royal Arch chapter is J. E. LeMond. John Spears is treasurer. District 37 includes Snyder, Roby, Sweetwater and Colorado City.

Motor Schedule Hearing Attended By Local Group

Mayor H. G. Towle and County Judge Sterling Williams headed a delegation of local witnesses that attended a Texas Railroad Commission hearing at Abilene last Thursday morning in regard to obtaining a daily service schedule for Johnson Motor Lines from Snyder to Gall and Lamesa.

Ollie Stinson, Chamber of Commerce vice president; Ray Dickson, Chamber of Commerce secretary; Lumberman Dick Randalls, Eunice Duff and J. R. Reeves, local Johnson Motor Lines manager, who composed the remainder of the local witnesses, were joined by D. Dorward of Gall and a large delegation from Lamesa who gave testimony at the railroad commission hearing.

Johnson Motor Lines was represented at the meeting by Senator Rawling of Fort Worth, with the railroads in general represented by Herbert Smith, also of Fort Worth. The hearing was conducted at the Wooten Hotel by Beeton Templeton of Colorado City, Texas Railroad Commission attaché.

The local delegation of witnesses was joined by D. Dorward of Gall and the 25 witnesses from Lamesa in stating a very favorable hearing was given Johnson Motor Lines in regard to establishing a daily service schedule from Snyder to Gall and Lamesa.

Following the railroad commission hearing, local witnesses were given a steak dinner at the Wooten Hotel by Reeves, local transfer agency manager.

The automobile is vital, being a supreme war facility in mobilization and transportation of armies and supplies. If a few thousand taxicabs saved Paris early in the World War, our 26,000,000 motor vehicles could, beyond a doubt, help to safeguard America in case of need.—Alvin Macaulay.

1939 FOOTBALL SEASON OPENS AT FLUVANNA

Loss of 10 Lettermen by Graduation Leaves Only Five on Team to Greet Pylon Gridsters

Loss of 10 lettermen by graduation last spring leaves the Fluvanna Buffaloes with five lettermen who are returning to try out for the 1939 football squad, Coach Gilbert Mize stated Monday.

Football equipment was issued by Coach Mize last Wednesday to prospective squad members. Three reserves, who saw service on last year's squad, are back in uniform, as are 10 new candidates.

First tilt for the Fluvanna Buffaloes will be a regular 11-man game with Pylon at Fluvanna Friday afternoon, September 15, starting at 2:30 o'clock.

Approximately 50 members of the Fluvanna pep squad, directed by Miss Glynn Floyd, new Fluvanna home economics teacher, will be at the football field attired in new scarlet-and-black uniforms.

Lettermen who are returning this year at Fluvanna are: Jack Turner, Wilford Rhodes, Chester McDonald, John A. Stavely and Joe Landrum. Billy Sims, Leroy Brown and Bud White are the three reserves who saw service last year, and who are prospective team members.

New candidates include Rue Reeder, Curtis Noel, Leslie Squyres, Jim Sullenger Jr., Dean Ball, Dvain Ball, Donald Rucker, Merl Hobbs, Harold Smith, John Walker, Alton Lilly and several others.

The Fluvanna Buffaloes won five and lost four games during the 1938 football season. Wins were made over Dunn, Hermleigh, Coahoma (defeated twice), and Post B. Games were lost to Dunn, Hermleigh, O'Donnell and Jayton.

Although the Fluvanna boys are mostly average in weight, the return of five lettermen will give the Fluvanna squad some mighty good backfield and end men. The Fluvanna football squad will bear watching, Coach Mize stated.

First Christian Church

"The Church at Antioch" will be the sermon subject Sunday morning at 11:00 o'clock. "Tell It Wherever You Go" will be the special in song. At 8:00 o'clock Sunday night the sermon subject is "The Gospel," and the special in song will be "Precious Name."

The Sunday school will meet at the usual hour, 9:45 Sunday morning. Prayer meeting is held every Wednesday night at 8:00 o'clock.

A most cordial welcome awaits everyone.—E. B. Chancellor, pastor.

Eighty-five per cent of the installed horsepower in the United States is in automobiles.

Trio of Schools To Start Monday In Scurry County

Snyder, Hermleigh and Crowder compose a trio of county schools whose 1939-40 school terms open Monday, County Superintendent Roy O. Irvin stated Wednesday.

Pylon, Dunn, Independence, Ennis Creek and Whately opened Monday for the new school year, with good attendance reported at all five schools the opening day. Cottonwood Flat, located in the northeast corner of Scurry County, was reported to have opened Monday, August 28.

The 1939-40 school term at Ennis Creek was started Monday in the new school building, speedily built back after the school plant in the northern part of the county was destroyed late last spring by fire.

Robert Taylor, Ennis Creek principal, is being assisted in teaching by Mrs. Anthen Wade.

Martin and Plainview compose two county schools whose 1939-40 school terms start Monday, September 18. Work began Monday on the Martin school, located five miles north of Snyder on the Polar road, to bring the plant up to state aid requirements. Martin teachers will be Mrs. Gaston Brock, principal, and Mrs. Ivan Gatlin.

ENNIS TO PLAY MESQUITE NINE

Ennis Creek, which recently won the six-team baseball tournament in Snyder, and Mesquite, the Howard County team that won the Gall tournament week before last, will clash at Winston Field Sunday afternoon, 3:30 o'clock, Hugh Veale Jr. announced Tuesday.

The Ennis Creek-Mesquite game, originally slated for last Sunday, will in all probability be one of the last baseball games of the season. Winner of the Sunday afternoon encounter will be—on paper statistics, at least—the best baseball outfit in about a half dozen counties, and a large crowd is expected to witness the game between the champions of two Central West Texas tournaments.

Experienced Tailor Added by Local Shop

Oscar Adcock, a cleaner, presser and silk finisher of long experience, last week became associated with Moffett & Rogers, east side of the square. He was reared in Merkel, but has seen experience in Abilene, Big Spring and Waco shops.

Mrs. Adcock, the former Loraine McCaughy of Waco, with their baby, will be here next week.

Death Comes To W. H. Lindley, 73, Early Thursday

Death claimed W. H. Lindley, 73-year-old Scurry County farmer, early Thursday morning at his home in the Pleasant Hill community. Rev. J. W. McGaha conducted funeral services Thursday afternoon, 5:00 o'clock, at the family residence.

Survivors include his wife, Mrs. Myrtle Lindley; one brother, T. J. Tickham; two sisters, Mrs. C. J. Stiles, Snyder, and Mrs. Lizzy Palmer, Indian Gap; one son, W. H. Lindley Jr.; and four step-daughters, Mrs. Luther Vaughan, Mrs. I. N. Haltaway, Mrs. E. E. Hattaway and Mrs. L. C. Lankford, all of Snyder.

Lindley, a native Texan, was born March 27, 1866. He had been a member of the Baptist church for a number of years.

Palbearers were Bill Hudson, Bob Champion, Walter Clay, H. P. Winters, Lindsey Ryan and Cecil Hall.

Misses Davena Pillion, Lillian Holt, Alberta Sturgeon, Violet Bradbury, Beatrice McCrary and Mrs. Jake Sealy were in charge of flowers at the funeral.

Odom Funeral Home was in charge of funeral arrangements, with interment in Snyder Cemetery.

HARRIS NAMED AGAIN TO POST

Dr. Sed A. Harris, veteran Snyder dentist, was reelected secretary of the West Texas Dental Society Monday at the close of the two-day dental meet in San Angelo. Dr. Harris will serve his thirty-first year as secretary of the organization, and was the first secretary when the dentists' organization was formed 30 years ago.

Dr. Guy M. Gillespie of Abilene, president-elect, was elevated to the presidency of the West Texas Dental Society, and Abilene was chosen Monday as the 1940 convention city.

Dr. J. B. McCorkle of Lubbock was named new president-elect, and Dr. F. A. Green of Crosbyton was elected vice president during the business session of the dental meet.

"The 1939 convention was one of the best held since the West Texas Dental Society was organized," Dr. Harris said Tuesday. Attendance was high and considerable interest was shown in new dental surgery trends.

J. M. Stewart, president of the Scurry County Rodeo Association, and A. E. Walton are on a month's vacation in the Western states. They are spending this week in the Yellowstone National Park.

FSA Education Rally Set for September 20

A county-wide educational meeting, sponsored by the local Farm Security Administration, will be held at the courthouse Wednesday, September 20, Horace D. Seely, local FSA supervisor, stated Tuesday.

Principal speakers at the educational conclave will include Farm Security Administration speakers from district and regional offices. Landlords and prospective FSA borrowers are especially urged to attend the meeting.

Winnie Garner has returned home after a week's visit in Fort Worth and Oklahoma City, where she visited many dress shops checking fall styles for the benefit of her local dressmaking shop.

QUALITY MERCHANDISE

Former Snyder Man, W. R. Fickas, Buried Saturday

Death claimed W. R. Fickas, 64, former Snyder resident and Lubbock druggist the past 15 years, early Saturday afternoon at his Lubbock home, 1512 Avenue N. He had been in a serious condition since he suffered a paralytic stroke last Wednesday morning.

A service was conducted Sunday morning, 9:00 o'clock, at the Rix Chapel, with Rev. C. E. Hereford, pastor of the First Baptist Church, officiating. Another service was conducted at Odum Funeral Home Chapel Sunday afternoon, 3:00 o'clock, with Rev. Ira Harrison, Snyder Baptist Church pastor, officiating.

Survivors included his wife; three daughters, Mrs. Dane Shearer, secretary in the Lubbock County sheriff's department, Mrs. J. W. Ewert, Estelline, and Mrs. T. L. Moore. Zebulon, North Carolina; his father, S. R. Fickas of Snyder; four sisters, Mrs. W. R. Bell of Snyder, Mrs. Lizzie McBurnett, Brownfield, Mrs. M. P. Fifield, Albuquerque, New Mexico, and Mrs. J. J. Taylor, O'Donnell.

A past president of the Lubbock Drug Association, Mr. Fickas was a partner with J. M. Moreau in ownership of the Lubbock Drug Company. Previous to being engaged in the drug business at Memphis from 1911 to 1925, Fickas lived in Snyder from 1899 to 1911.

Active pallbearers were J. M. Moreau, Chester Scott, Bob Bumpass, Dr. J. C. Cunningham, Sheriff Tom Angel of Lubbock and Joe Webb of Seagraves.

Honorary pallbearers were John Halsey, Mack Halsey, E. L. Robertson, Web Cammack, Pope Pool, Bert Pinson, Granville Johnson and S. F. Popejoy.

A large number of Lubbock and other out-of-the-county friends and relatives attended final rites here.

Odum Funeral Home was in charge of local funeral arrangements, with interment in Snyder Cemetery.

ABOUT FOLKS YOU KNOW . . .

Mr. and Mrs. Pat Bullock returned Wednesday night from a several-day stay at Mineral Wells.

Mr. and Mrs. Maurice Collier of Midland were week-end guests of Mrs. Collier's parents, Mr. and Mrs. Wray Huckabee.

Mrs. C. L. Verheyen of Waxahachie returned home Monday after a week's visit in Snyder with her sister, Mrs. A. M. Curry.

Jessie Huey of Snyder was one of the 16 students at Draughon's Business College, Abilene, whose names appeared on the honor roll the past term.

Prof. Dawes will teach piano, voice and organ in Snyder during the ensuing school term. For information see or phone Mrs. D. P. Yoder.

Mrs. L. B. Worley and two sons, Morris Thurane and Kemble, of Grand Canyon, Arizona, are visiting with Mrs. T. S. Worley and daughter for a few weeks.

Mrs. J. A. Leach of Abilene spent Sunday in Snyder with her sister, Mrs. N. W. Aubry, who underwent major surgery Sunday morning, and Mrs. A. C. Martin.

Venton Johnson of Sweetwater visited here with his parents, Mr. and Mrs. Basil Johnson, last Tuesday night. He was accompanied by Emmitt McDonald of Sweetwater.

Guests of Mr. and Mrs. C. J. Sims and children, Wanda Jean and Bobby, this week-end were the local man's father, Charley Sims, his brother, W. B. Sims, and Mrs. W. B. Sims, all of Will's Point.

Mrs. R. W. Lewis and daughter, Margaret, of Austin are guests of Mr. and Mrs. Basil Johnson. Mr. Lewis will arrive here the latter part of the week to join his wife and daughter, Mmes. Lewis and Johnson are sisters.

Week-end guests of Mrs. A. M. Curry and family here included her daughter, Mrs. Herman Morton, Mr. Morton of Wink and her son, Raynor C. Curry, his wife and three sons, Raynor Lewis, Al G. and Max, of Eunice, New Mexico.

Mrs. Ralph Mathison and son, Jack, who are visiting in Titestone, Minnesota, with Mrs. Mathison's mother, Mrs. Dan Drumm, will return home this week-end. Mrs. Mathison has not visited Titestone, her former home, in 11 years.

Mrs. Elgin Hodge and her year and a half old son, Gary, of Burnett are visiting with the Wray Huckabee family and other relatives and friends. Mrs. Hodge is the former Maureen Wolf of Snyder, and her Gary, with his dark brown eyes, is a charming youngster.

Mrs. C. S. Reynolds and young daughter, Bobbie West, of Houston returned home last week after spending a month with Mr. and Mrs. R. W. West. Mrs. Reynolds, the former Lura B. West, has greeted a number of old friends in Snyder, having graduated from the local high school. Mrs. West, who is recuperating from an eye operation, is feeling much better this week.

H. F. Clark, Bison Farmer-Rancher, Passes Thursday

Death claimed 66-year-old H. F. Clark, prominent farmer-ranchman of the Bison community, in a local hospital Thursday afternoon following a two-week illness. Rev. J. W. McGaha, assisted by Rev. E. E. Bratton, conducted final rites for Clark Saturday afternoon, 4:00 o'clock, at the First Baptist Church in Snyder.

Survivors include his wife, Mrs. H. F. Clark; one brother, Bird Carlie, De Leon; one sister, Miss Pearl Clark, Ina; four sons, H. F. Clark Jr., Pete, Jack and Lloyd, all of Bison; one daughter, Mrs. Marsh Springer, Snyder; and four grandchildren.

Born September 27, 1882, Clark had been a county resident 36 years. Pallbearers were Wright Huddleston, Ray Woody, Garth Berryhill, H. B. Wellborn, Claude Sorrells and Travis Allen.

Misses Estelle Wellborn, Billie Lou Thompson, Eugenia Raye Carlie and Mrs. Travis Allen were in charge of floral offerings.

Funeral arrangements were in charge of Odum Funeral Home, with interment in Snyder Cemetery.

Mrs. J. G. Whatley was brought home last Wednesday in a Maples ambulance from a Wichita Falls hospital where she had been confined with a heart ailment. The local woman is doing fairly well, her daughter, Mrs. Frank Arnett, reports.

Fred Jones Stage Open House Sunday

Mr. and Mrs. Fred Jones of Abilene, formerly of Snyder, held open house in their newly completed five-room home at 3001 South Eleventh Street Sunday afternoon. The house is in the \$3,800 class.

Colonial style, the house features a large living room with colonial maple knotty pine around the fireplace and pine book cases. Small porches at the front and back protect the doors. The house is painted white, with green shutters.

Built-in conveniences are on three sides of the large kitchen, where inlaid linoleum covers the floor, even with the hardwood floors of the rest of the house. A small dining room, bedrooms and bath complete the five-room structure.

The Joneses have only one son, Roger Wayne. Mrs. Jones is the former Nethe Lynn Rogers, daughter of Mr. and Mrs. Abe Rogers of Snyder.

Mr. and Mrs. Earl Hicks and children and Evelyn Millholland of Snyder and Rual Hicks of Colorado City have just returned from a nine-day vacation spent at Ruidoso, New Mexico, and vicinity, fishing and otherwise enjoying a rest.

Von Roeders Say Annual Show Not Slated This Year

The annual show-day and watermelon picnic staged for several years by Von Roeder Seed Farms near Knapp has been canceled this year. Cleve von Roeder stated Tuesday.

Cancellation of this year's watermelon picnic was caused by ice destroying the watermelon crop of the justly famous seed farms.

Although the acreage of state registered and certified Von Roeder seeds was cut drastically on the cotton breeding block farms of Cleve von Roeder, Ed Murphy and Nolan von Roeder, as a result of hail and wind damage in June, remaining acreage promises to average three-fourths of a bale per acre, the von Roeders state.

A yield of three-fourths of a bale per acre would be only slightly under the average yield per acre for

Crowder School Set For Monday Starting

Crowder School will open its doors to begin fall classes Monday morning, the teachers, Mr. and Mrs. J. W. Lettich, announce. The two are returning to the school leadership this year.

Trustees for the Crowder district are: C. A. Ramsey, Harley Smith and Dewey Moore.

For office supplies see The Times.

The 1938 cotton crop. Conditions of both the state certified cotton breeding blocks and feed on the Von Roeder Seed Farms is reported to be excellent.

Iverson Garage Adds New Brick Fronting

Appearance of the west side business section on 25th Street west of Deep Creek bridge has considerably improved by a complete remodeling job at Iverson's Garage, just east of Randal's Lumber Yard.

L. T. Iverson, who with his son, Truman Iverson, operates the auto parts store and garage, recently moved the garage 30 feet north of their former north side of the highway location to make room for the new Highway 15 roadbed. Front of the garage has been rebuilt with brick, two electric pumps for T-P gas erected and concrete driveways added. Iverson's handles T-P gasolines and oils.

IT'S TIME TO

Get Set  **for SCHOOL**

—School bells are ringing all over this country of ours . . . children dragging reluctantly to elementary schools . . . teen ages returning to high school, not quite so reluctant . . . young men and women going to college, anxious to complete their schooling and to set forth into business on their own!

—It's a wonderful thing, this educational system of ours, not perfect, but certainly the best in the world! And perhaps one of the first things American children learn is the habit of thrift . . . there's an early lesson that if heeded, will become more and more valuable all through life!

—Snyder National Bank is always ready to serve . . . make use of our services.

One of the finest things a parent can do for a child is to start him or her on the road to thrift . . . a single dollar starts an account!

Member Federal Depositors Insurance Corporation

SUPERINTENDENT GIVES BIRD'S EYE VIEW OF COUNTY SCHOOLS

By JOHN McALEXANDER, Resident PWA Engineer Inspector.

We are now nearing the completion of one of Snyder's greatest assets—the new high school building. Next to the church of our God and the Christian home, the school house is our greatest institution.

The Snyder school building that was destroyed by fire early in 1938 now stands resurrected—a finer and better building in every respect.

A few of the added safety features eliminating fire hazards are, in brief, as follows:

Fire Prevention Features.

Corridors are all enclosed by solid brick walls, having floors and ceilings of fireproof reinforced concrete, and with exits at both ends. The stairways are also of reinforced concrete, provided with anti-slip treads, and handrails on each side; and no closets are built under or above any stairways.

The main auditorium is enclosed within solid brick walls the main floor of which is of reinforced concrete, having eight exits, each provided with exit lights.

All windows throughout the new building are of metal sash.

Two Steam Boilers.

The building is heated by two steam boilers confined within a basement made fire-safe with reinforced concrete walls, floor, ceiling and stairs; having two fire-safe outside windows of steel sash and interwoven glass. There are two exits to this basement, leading directly to the outside. The smoke-stack is of solid brick, amply lined with firebrick.

The boilers are fired by gas, which is controlled by automatic pressure controls, thus obviating the danger of leaks and change in gas pressure.

sure; and when the gas is cut off by these controls for any reason, the gas can be turned on again only by hand. This feature eliminates any chance of gas escaping within the building.

All Wiring in Conduit.

All wiring throughout the building is in conduit.

All outside doors are provided with anti-panic door openers. The rooms within the new building are provided with hardware that may be locked from the outside; but all may be opened from the inside of each room without a key.

These are just a few of the PWA requirements insisted upon for better and safer school building construction.

Your splendid new school improvements are costing \$146,455, of which amount the PWA is contributing \$65,455 as an outright grant—free of all future incumbrances.

The architects are Haynes and Strange of Lubbock, who designed the new building, and have given most excellent and satisfactory cooperation throughout.

Contractors Are Listed.

The contractors are: Foundation, Will O'Connell, San Angelo; general, Dunlay & Coughran, Abilene; plumbing and heating, David Vickers Company, Sweetwater; electrical, A. K. Bass, Amarillo; school equipment, American Desk Manufacturing Company, Temple; stage equipment, Texas Scenic Company, San Antonio.

All school equipment contracts are most ably engineered by your own superintendent, C. Wedgeworth who, with his knowledge of the school needs and requirements, and his untiring energy, has saved this community several thousand dollars in the equipment alone.

The PWA is proud to have helped; and the writer is happy to have come this way and to have been able to take part in your splendid project.

Dunn School Off To Spirited Start; Greet Teachers

With enrollment almost exactly at last year's opening level, Superintendent Cleo W. Tarter of Dunn Schools reports a good spirit as the new year begins. Of the 288 enrolled Monday, 76 are in high school.

A brief program, featuring introduction of new faculty members, announcements and a talk by Rev. C. D. Darnon, Methodist pastor, featured the opening hour Monday morning.

First assistant to Tarter is Carl Butler, who comes from Roscoe to succeed C. B. Connally as principal. He is a June graduate of North Texas State Teachers College, Denton.

David Carroll of Brownwood, who taught at Dunn for the first time last year, succeeds Connally as boys' coach.

Coach of high school girls is Bertie Lee Robertson of Stanton, sister of last year's coach, Isa Mae Robertson. The latter goes to Lamesa's physical education department.

Margaret Dwyer of Abilene, who teaches in high school, is the other newcomer to the faculty.

YOUR NEW SCHOOL

By C. WEDGEWORTH, Superintendent, Snyder Schools.

In many respects we announce to the public the opening of a new school. Not only are we opening the doors of a brand new modern school, fully equipped with the best modern school equipment obtainable, but we are opening school this year under an entirely new organization from the standpoint of grade level division. Formerly, our work was offered strictly under the old conventional set-up, the seven-four plan—that is, the grammar school of the first seven grades, and the high school with the upper four grade levels.

The new organization will operate on the five-three-three plan. The first five elementary grades will constitute the new elementary school and will be housed in a separate and distinct unit—the first and second floors of the west wing of the new building. First and second grades will occupy the first floor; and grades three, four and five will occupy the second floor.

The new junior high school, composed of grades six, seven and eight, will be housed in the east wing of the new building, all work being done on the departmental basis and according to the newly revised state curriculum.

The junior high school is a comparatively new institution, and has been established and justified on sound educational, biological and psychological basis. It is firmly believed that the adolescent boy or girl from the age of 12 to 15 can be better cared for under this system of grouping, with special type subject matter, care and instruction, than under the old conventional plan.

Notwithstanding the school has been forced to cut its teaching force for financial reasons, we are setting our goal toward giving Snyder the best school year of her history. We earnestly plead for your cooperation to this end.

Sunday, September 10, from the hours 2:00 to 6:00 p. m., will be open house, at which time the public is invited to visit and inspect the school plant. Most all equipment will be installed ready for use Monday morning. Installation of science and home economics equipment will be delayed two or three days due to factory rushes at this time.

Formal school opening will be held in the new auditorium Monday morning at 9:30 o'clock. The public is cordially invited to attend this opening. Dedication program for the new building will be announced within the next few days, when every item of equipment has been installed.

Again, we extend greetings to everyone at the beginning of a new school year, and trust that you will look forward to and help make this a most successful school year.

THOSE OWLS AGAIN!

Although they are minus their old coach, C. B. Connally, the Dunn Owls went into stiff practices sessions this week. They are led by David Carroll of Brownwood, grammar school teacher last year, who is a former Howard Payne football player. Don Hanson and Van Meadow, linemen, and Roy Allen, back are the only three returning lettermen. The Owls' first game is with Lorraine at Lorraine Friday the 15th.

shown here. The public is extended a cordial invitation by Snyder Hardware & Implement Company to witness the Farmall demonstration Friday. The Jack Middleton place is located in the city's west edge on the Ira road.

International Harvester engineers have been testing the new Farmall models at the factory and on test farms for a number of months. Every feature of design and construction has been proved on the new tractors under tougher conditions than will be encountered on the farm.

The Farmall family was completed recently with the "Little Brother" Farmall A, which was recently

Ira's Enrollment Climbs to 266 as Work Progresses

Ira High School, which started its 1939-40 school term August 21, now has a student enrollment of 266, Superintendent Elmer Taylor stated Tuesday.

Five school buses carry scholars from eight communities to the progressive Southern Scurry County school, which has 29 affiliated credits.

High school principal is Margaret Dell Prim, and Earl Horton is elementary school principal.

Forty-three boys have been enrolled in the newly added vocational agriculture department at Ira High School. The shop has been repainted and converted into a combination class room and work shop.

Five study tables have been constructed by the vocational agriculture boys, and a department library built. Besides 2,000 government bulletins, the Ira vocational agriculture library has a complete set of U. S. Department of Agriculture year-books and 25 volumes of technical agriculture books.

Thirty-two members have been enrolled in the Ira school home-making department, Margaret Dell Prim reports, and an active organization perfected.

Twenty-four pupils are enrolled in the fourth grade, 21 in the third grade and 20 in the second. A nature unit has been started by the Ira first graders, who number 21.

Round Top News

Irene Brown, Correspondent

LeeRoy Brinkley is in Lubbock and will enter Texas Tech at the opening of the semester. He is a Dunn graduate of spring, 1939.

Mr. and Mrs. Dick Brown of Dallas visited his father and mother, Mr. and Mrs. Walter Brown, last Thursday and Friday. Dick is convalescing after a two-week stay in Baylor Hospital, Dallas, where he suffered peritonitis in his hand, caused from a fish fin. He is salesman on a Wicker fish truck going out of Dallas to southern points each week.

Mrs. Adrian Harvey has visiting her this week a sister and baby of San Angelo.

Mrs. Sam Williams plans to spend the latter part of this week in Lubbock.

We are glad to report Mrs. Jake W. Smith (Aunt Betty) improving in health. She is able to be up a part of the day. Mr. Smith remains about the same. He is still confined to his bed.

Verlyn Trevey, Correspondent

Mr. and Mrs. Aubrey Huddleston and sons of this community went to Berger Thursday night. Mrs. L. S. Trevey and small J. W. Shuler returned with them Sunday night.

Parker Thompson has returned from points of interest in South and East Texas.

Mr. and Mrs. Walter Martin had as their guests Sunday these relatives and friends: J. D. Martin and family, Elmer Martin and wife and Charley Jones of this community; Fred Martin and family, O. J. Martin and family, all of Canyon; Mr. and Mrs. A. C. Martin, Mr. and Mrs. Jack Martin, Mr. and Mrs. Albert Martin and children, all of Snyder; Mr. and Mrs. Jack Marr, Milton Marr and family, Olan Marr and children and Oliver Marr and family, all of Odessa.

Several business men from Snyder were present for shooting of the W. P. Thompson-Paul Texas No. 3 oil well last Thursday evening.

NO ONE SEEKS COUNCIL PLACE

An alderman for Ward No. 2, which is the West Ward, will be chosen in Tuesday's city election to replace Forest Sears, who recently resigned as West Ward alderman, city officials stated Tuesday.

Balloting in the city election will be held at the City Hall, City Secretary J. S. Bradbury states. Bradbury reported that no candidates' names had been filed with him up to late Wednesday afternoon.

Sears, who has served three and a half years as alderman before he resigned, previously had served two terms in the same capacity.

Silo Contest Has Started; Prizes Go by Districts

Scurry County's 1939 trench silo contest officially got underway this week, with the first \$5.00 premium to be given away Saturday afternoon, at 4:00 p. m. from the steps of The Scurry County Times office.

The Chamber of Commerce and the county agent's office, joint contest sponsors, announced Tuesday that all reports for the first drawing must be filed in the Chamber of Commerce office or the county agent's office by 3:00 Saturday afternoon. The \$5.00 premiums will be given each Saturday afternoon until the close of the contest, when a \$25.00 final grand prize will be given.

A change in prize distribution, as announced in last week's Times, will result in the weekly premium going to school districts rather than to individuals.

The number of children in each school district will be obtained from the county superintendent's office, with the weekly \$5.00 premium going to the school district showing the most tonnage per enumerated child.

Old silos refilled with feed from the 1939 feed crop will be eligible to list for prizes, along with new trench silos filled, the sponsoring agencies reported Tuesday.

FISHER GIRL ADDS TO FLOCK

Mildred Hughes, president of the Gannon 4-H Club girls' chapter in Southern Fisher County, is one of the club's outstanding members, Mamie Carol Smith, assistant county home demonstration agent for Fisher County, stated Monday. Mildred recently bought 200 Anconas and 50 White Leghorns to add to her poultry flock of 90 Anconas she had left from last year.

NEW SCHOOL BUILDING OFFERS SAFETY SAYS PWA'S ENGINEER

By ROY O. IRVIN, County Superintendent.

With the beginning of a new school year, the following summary of the county school system is given for the interest of anyone concerned.

The new capital outlay for the schools of the county reveals two new buildings—a modern brick plant at Pyron to the tune of \$37,000 and a modern frame structure at Ennis Creek costing \$2,390. Both buildings are modern in every respect and comply with state school building laws.

The permanent school fund for the county amount to \$116,000, with the following distribution: Cash on hand, \$25,000; notes on Mallet Land & Cattle Company, \$30,000; Scurry County warrants and bonds, \$61,000.

The interest from this fund is termed the county available school fund, and is distributed to schools on a per capita basis. During the school year 1938-39 the total of the available school fund amounted to \$6,102.45, which was prorated among the schools on 3,004 scholars, which gave approximately \$2.03 per capita. Receipts for the coming term are expected to approximate those of the year just closed.

As most everyone has already noted from the newspapers, the state per capita for the 1939-40 term has been set at \$22. For the county scholastic population of 3,013 the state will pay \$66,286 toward financing the schools. The county schools, excluding Snyder, Hermleigh, Dunn and Pivavara, will receive \$28,514 of this amount toward the preliminary budget of \$72,454 which was forwarded to the State Department of Education September 1.

The remainder of the budgetary need will be met by the equalization fund (state aid), which will possibly amount to \$22,000 and local taxes about \$23,000, of which some \$6,000 will be used for paying bonds and interest. Thus we see that the

state pays more than its share of the expense of maintaining our schools.

Transportation of school children to schools of the county will be handled by 25 buses during the coming year. Due to restrictions imposed by the new equalization law, routes may be changed and in some instances children will be required to walk moderate distances. Every effort is being made to operate within the funds appropriated, says Mr. Sandlin, deputy state superintendent for this district.

The German School has been transferred into Hermleigh for the next term, but the opening of Independence gives the county the same number of schools as last year. At present there are 16 schools operating through the county superintendent's office. Hermleigh, Dunn, Pivavara and Snyder operate separately as independent units, with transportation, tuition, transfers and administrative duties handled by this office.

One of the encouraging facts in connection with the county schools is the better spirit of cooperation being shown. A great many misunderstandings have been corrected by willingness of all parties to work together.

Of course some problems remain unsolved yet, but these, too, can be brought to a satisfactory conclusion with the full cooperation of students, patrons, school officials and friends all working for the best interests of our school children, our county and our state.

A busy man was using the telephone. "I want Bank double-two, double-two," he said.

"Two-two, two-two," replied the exchange girl, reproachfully.

"All right," said the man, patiently; "you get me the number and we'll play train later on."

Methodists Had 42 Additions in Revival That Ended Sunday

Forty-two additions in church membership was reported as a result of the summer revival conducted at the First Methodist Church by Rev. C. E. Hooton of Sweetwater District Methodist. The meeting, which started August 20, closed Sunday night.

"We feel the spiritual uplift brought to Snyder by Rev. Hooton with his gospel messages will last through the months ahead," Rev. I. A. Smith, pastor, stated Tuesday.

"Our summer revival did result in new soldiers being enlisted for Christ, and we want to keep the revival spirit," Rev. Smith stated. "The cooperation given by the Baptists during our meeting and theirs, which ran concurrently, was indeed wonderful."

Preceding Friday night's services a special rally for young people was held that attracted an unusually good attendance of young folks.

KEEP THE MOWER BUSY

By T. C. Richardson, Associate Editor, Farm and Ranch Breeder-Feeder Association

Late summer weeds—sun weed, sunflower, ragweed, broomweed, cotton weed and various other tribes of worthless plants which shade the grass and rob it of needed moisture—are now in the prime of blooming and seed-bearing over a large part of the Southwest. Look down under this rank growth and we find grass struggling to survive, when if it had the ground to itself it would furnish several times as much grazing for the rest of the summer and would be thickening up for next year's growth.

Just as weeds come into full flower is the best time to mow the pasture, but since there may be several species, which do not mature at the same time, the practical thing to do is to mow whenever time can be spared for it rather than not mow at all, even if some weeds are not far enough advanced and others have already made seed.

There is still time for the grass to derive a great deal of benefit this fall from the destruction of its weed competitors at this season of the year. I wish every farm operator in the Southwest could see the results of pasture mowing, as it is practiced by their fellow farmers under all conditions. It is not as easy to count the returns from a good pasture as from a cotton patch, but thousands who have had a few years' experience know by their general economic improvement that good pastures pay, without keeping books on it.

the cotton field, and we spend hours and days of sweaty labor plowing and hoeing to give the cotton all the soil fertility and available moisture. A farmer who permits the weeds to "take" his cotton is looked upon as shiftless, and gets little sympathy from his neighbors for his low cotton yields. But grass is also a "crop," and a paying crop with the help of livestock. What kind of cross-eyed reasoning, or lack of reasoning is it, that allows the weeds to rob the pastures while fighting them to the last ditch in the fields? As a matter of fact the same amount of labor and time devoted to improving the pastures and the care of the livestock to graze them, is paying many farmers more than time in the fields. A mower will kill a million weeds while a hoe is killing hundreds, and a man and team can cover several acres with a mower in the time necessary to hoe an acre of row crops. If we South-Northern critics think us, we would be using more mowers and fewer hoes!

It takes a good mower in good condition to cut hay, especially of the finer grasses. A good mower is desirable, of course, for any kind of a mowing job, but that old machine with broken guards and a dull sickle will do to cut weeds with, if a better one is not available. A good many farmers are buying second-hand mowers to use in pasture work, and I have not yet seen one who kept his mower busy from one to three times a year on his pastures who doesn't think it a good investment.

There is hardly a community in which one or more farmers are not demonstrating the value of mowing as a means of increasing pasture profits. If it isn't being done on the farms, the same sort of demonstration may be seen on the right-of-way, where the highway departments mow the roadsides once or twice in the season. There are miles of highways in the Southwest which have better grass than the pastures across the fence for no other reason than the occasional mowing which gives the grass a chance to do its best. What the highway authorities can do as a means of encouraging grass in order to check erosion, land owner can also do for that purpose and for the increased forage.

True charity is the desire to be useful to others without thought of recompense.—Swedenborg.

"What Is Right With America?" Mahon Answers

Congressman George Mahon of Colorado City addressed 206 graduates of Texas Technological College, Lubbock, who received their degrees at the close of summer school. Fifty-two of the graduates received master's degrees.

Among those receiving master's degrees were Superintendent E. L. Farr of the Hermleigh Schools, Scurry County, and his older son, Alton, who is high school principal at Bovina. Both are back home at Hermleigh, Parr introducing his son among the business people of Hermleigh and Snyder.

Snyder's 1937-38 band director, Johnnie Hensley, who is to direct the Ranger High School Band and head the commercial department at this year, was awarded a master of arts degree in the Tech services. High School Principal Gilbert Mize of Pluavanna, teacher in Scurry County several years, also received his master's.

THE TIMES MARCHES ON!
News From Snyder Papers of Other Years

FORTY-FOUR YEARS AGO
From The Scurry County News, August 29, 1895
Mrs. Warren Ware of Bookout happened to the misfortune of getting her jaw locked, holding her mouth wide open. After considerable pain, the doctor succeeded in replacing it.

A nice musical was enjoyed at the residence of Mr. and Mrs. J. M. Wood Wednesday afternoon. The guests all sociable and taken altogether it was a thoroughly enjoyable occasion.

A dozen men and boys engaged in a wolf hunt yesterday at Wheat. One wolf was killed and one scared. One horse and rider took a tumble to the ground but no serious wounds resulted.

The country boys ought to all come in and help the Snyder boys in their baseball practice. They will be very thankful, and will return the favor if an opportunity presents itself.

Scott Green, who has been spending several days with friends in Snyder, returned Wednesday to his ranch in Garza County.

We had a nice shower here Sunday, sufficient to bring up turnips. In about 10 months from now New York City will have in operation the public bathing practice, located under the direction of the Board of Health at points where they will do the most good. They are to be open the year round. The baths, it is estimated, will be maintained at an annual cost of \$5,000 each.

The West Texas Press Association is trying to revive. A meeting has been called at Colorado City next Saturday.

Hon. I. P. Skimmer spent a few days this week in Colorado City. Don't be so blind, ignorant and foolish as to think that it elevates you in anyone's estimation to voice, support, argue and lie for the infernal doctrine of the great political sharks who are seeking wealth, glory and self aggrandizement.

THIRTY-NINE YEARS AGO
From The Coming West, August 23, 1900
George Mann, who is well known here and has a host of friends in this city, was here yesterday en route to his ranch on Double Mountain.

THIRTY-EIGHT YEARS AGO
From The Snyder Signal, August 25, 1911
The Signal is authorized to announce the Snyder Schools will open September 11. The young town of Dermott is blossoming, the music of saw and hammer is a regular thing, and they have lots of prospectors.

a crew of six more men started work on the R. S. & P. depot Tuesday.

The manager of the Dermott Townsite Company has closed a contract for two brick stores to cost \$8,000. They are to be modern and up-to-date, metal ceilings, plate glass fronts and cement sidewalks.

*
ELEVEN YEARS AGO
From The Scurry County Times, August 30, 1928
According to various daily newspapers and current reports on the street, frozen water (sometimes called ice) has been having a right merry battle in Snyder during the past several weeks.

Snyder today is paying the public utility company 20 cents a hundred for white blocks at their dock in 300-pound lots.

Snyder new boasts of a sign designed to tell airplane visitors that this location is the bustling city of Snyder, since Joe Strayhorn had letters 12 feet high spelling Snyder painted on his roof, together with an arrow pointing due north.

Fisher County has set the pace for other West Texas counties on the Dal-Paso Caverns Highway route when their Commissioners Court issued an order last week for a county-wide election for the issuance of \$1,400,000 in highway bonds.

County Judge Horace Holley was elected president of the Panhandle-Rio Grande Highway Association recently in Colorado. In addition, he is a director of the Dal Paso-Caverns Highway Association and a member of the legislative committee of County Judges and Commissioners of Texas.

VA Instructor at Hobbs Awarded Tech Fellowship

Cleveland Littlepage, Hobbs school vocational agriculture teacher, was recently given a graduate fellowship of \$600 at Texas Tech, Lubbock, awarded by Sears, Roebuck & Company, Ray L. Chappells, head professor of agricultural education at Texas Tech, announced Tuesday.

Twenty-two youths at Texas Tech will receive scholarships totaling \$2,900 for the 1939-40 college year, Chappelle stated. The scholarships, including the graduate fellowship of \$600, will be given by Sears, Roebuck & Company as the mail order firm's major contribution to worthy college students.

Littlepage, who has made an outstanding record at Hobbs as vocational agriculture teacher, was recently granted a 10-month leave of absence by the Hobbs School Board to complete his master's degree work at Texas Tech.

The Hobbs FFA chapter, under Littlepage's supervision, capped first place honors last spring in a statewide terracing and pest eradication contest conducted among FFA chapters. The Hobbs chapter was awarded a \$200 Texas Terracer for having run more linear feet of terraces than any other Texas FFA organization.

Greatest length is 801 miles from southern tip near Brownsville to northwest corner of Panhandle of Texas. Greatest distance, east to west, is 773 miles. The total area is 265,896 square miles. Center of area is a point 20 miles northeast of Brady, McCulloch County. The center of population is near McGregor, McLennan County.

Lace Reports Goats Pay in West Texas

County Agent W. R. Lace of Stephens County, former county agent of Scurry County, Monday advocated goat raising in the rough sections of West Texas as a profitable industry.

During the past two years, Lace states, small herds of goats have been placed on ranches in many parts of Stephens County as an experiment. It has been discovered, the flocks in one year have paid their purchase price with two clippings of mohair.

"We need to popularize the goodness of kid meat at public barbecues in West Texas," Lace continues, "and let the world know goat meat is excellent, economical and good to serve at public dinners."

A tourist journeying from Cairo to the great pyramid thought he had at last found a place where nothing savored of Western civilization. The "Arabian Nights" atmosphere of ancient days made him sigh with delight.

Reaching the pyramids he was hailed to the back of a camel by a picturesque Arab. "Tell me, my good man," he said to his guide, "what is the name of your camel?"

"Greta Garbo, sir," came the answer.

It is estimated that the terracing done last year by Texas farmers participating in the AAA program will be worth approximately \$4,000,000 to the land over a period of three years.

Sin is the shadow of self shutting out the light of God.—Agnus C. Laut.

No water need be added to lamb roast, and the pan should be left uncovered.

NYA Quota For County Set at 28 For Coming Year

Scurry County's quota of NYA school aid jobs for the forthcoming school year has been set at 28, J. C. Kellam, state administrator, advised County Superintendent Roy O. Irvin Tuesday.

Last year's original quota was 19, with two additional assignments given later in the year. The local county NYA Placement Committee announces the distribution of NYA student jobs as follows in county schools: Snyder 10, Fuvann 3, Ira 4, Duna 3, Pylon 3, and Hermleigh 5.

Irvin said last week that the NYA aid program will operate throughout the school year in much the same manner as it did last year, with only a few minor changes in administration.

The state quota for NYA school aid jobs has been placed at 12,546, an increase of one-third over the 1937-38 quota. Kellam estimated more than 20,000 students in Texas secondary schools will be able to continue their school work through operation of the school aid program.

Our Schools Don't Raise Cannon Fodder!

In London the school children are being moved out by the hundreds of thousands, as the threat of German raiders grows with the progress of this generation's second major war.

In Berlin the young Nazi is taught only what Hitler wants taught, and he learns more about the goose step than he does about the three R's.

In Russia the youthful Stalinites follow a strictly supervised routine of work and play and study that conforms to the infamous five-year plan.

In Snyder, as in thousands of other American communities, school bells have no such sinister meanings. The bells that have been calling Scurry County children to classrooms for two or three weeks have truly called them to study, to think for themselves, to learn the God-taught difference between right and wrong.

To sum the matter up quickly, America is not raising her young men to be cannon fodder, her young

women to be war widows.

As school doors open, most Americans are convinced that there is small need for their children to become European war offerings. The first excitement of another major war in Europe has died away. With it has gone the conviction, often expressed on Snyder streets when hostilities actually began, that "The United States must get in sooner or later."

President Roosevelt's message Sunday night was more than a statement of fact. It was a challenge to American fathers and mothers—a challenge for them to use their influence for peace in this hemisphere.

So Scurry County's excitement this month grows not out of the fear of air raids, not out of the notion that war is just around the corner, not out of the belief that might makes right. Rather, we are excited because Billy and Susie and Sally and Buster are going back to school!

Ain't it a grand and glorious excitement?

Current Comment

BY LEON GUINN.

The Federal Trade Commission, which has been considering proceedings against the American Medical Association on the grounds the AMA does not fully investigate all the products it "approves" for advertising purposes, has reached the conclusion that formal action would only annoy many able physicians upon whose cooperation and testimony the FTC relies in countless drug cases.

"When one considers the plight of the public," one commission member stated Friday, "if there were no American Medical Association to approve some advertised products, the consumer would soon find himself loaded down with so many patent remedies he could not afford to take some medicines even if well."

While we admit patent medicine sellers still are abroad in almost every city and village, and admit furthermore that some patent medicines are among the most reliable of remedies, the American Medical Association has through the years sought to stamp out falsely advertised products sold by patent medicine firms, and not necessarily to yield a bluegreen over any phase of the entire drug business.

Once started, a squabble with the American Medical Association might prove to be very embarrassing to the Federal Trade Commission, especially since the FTC has to depend upon AMA medical members for most of their drug and narcotic information.

Watermelon eating time in Texas has for a number of years been recognized as a state-wide institution of enjoyment through the summer months, and may have an added tang of zestfulness next year if the seedless watermelons being tested by Michigan State College are as flavorful as predicted.

By treating unpollinated melons with naphthalene acetic acid, researchers at the Michigan educational center have grown seedless melons without noticeably changing either flavor or meat texture.

Now that the rucus over expropriated American oil properties in Mexico has about subsided, members of the State Department have a brand new worry to mull over in the utilities field.

The Cardenas administration last week quietly took over a Cuban-owned utility in Yucatan territory, and similar action against United States utilities is now feared by not only the State Department but by American utility owners as well.

Uneasy, indeed, rests the head that owns utility bonds on property in Mexico these days.

Probably the newest thing in comfort for fire department members is suggested by members of the Mount Shasta, Oregon, fire department, who are relieving the discomfort caused from chapped lips by using lipstick.

Doubtless the younger generation of men, who are not fire department members, have taken a cue if one is to judge by some of the tactics some employ in trading the girl friend out of a little lipstick.

Although six miles a minute in an automobile is considered, and is, an almost unbelievably high rate of speed to attain, John R. Cobb did just that last week on Utah's salt flats at Bonneville by driving his 2,600-horsepower Rallion Red Lion over a measured mile at an average clip of 368.85 miles per hour.

The London fur broker, who reportedly spent \$125,000 in his successful venture to break the world's speed record, was not far behind the world's speed record for airplanes, 440.4 miles per hour being the highest mark yet set for aircraft.

As Harper's Weekly put it mildly 30 years ago, "man sometimes wonders just what this speed-mad world is coming to."

Due to the agricultural trends of several foreign countries during the past few years to reach a so-called state of self sufficiency, and mechanically improved production methods for growing wheat in the Americas, the world will again face a huge carry-over of wheat this year, attaches of the United States Department of Agriculture reported last week.

The 1939 world wheat crop, estimated at 4,130,000,000 bushels, should amply take care of the normal demand for grain without breaking into the carry-over, veteran crop reporters state.

Various individuals sometimes gripe a little bit because we can raise more foodstuffs than we can consume in a year, but if the situation were reversed and a shortage of wheat, for instance, resulted, the achers might easily have something to base their complaints on.

MANY MODERN FEATURES FOR SCHOOL PLANT

Tour of Structure Reveals Modern, Safety Trend Predominates At Every Angle.

Snyder's new \$145,000 school plant has many new construction and safety features that make it one of the outstanding school structures in West Texas, so declared PWA officials who visited the newly finished plant Tuesday.

One of the most impressive rooms in the new building is the main auditorium, which has a seating capacity of 1,100 people. The auditorium has three double entrance doors on the north, a modern ticket booth, and a fire-proof picture show projection room.

The auditorium, which is enclosed within solid brick walls, has eight exits, each provided with exit lights.

Primary in West Wing.
On the first floor of the west wing one finds primary grade rooms, individual compartments in boys' and girls' toilets, and solid hardwood doors of the latest in woodwork finish.

The second floor of the west wing has the most modern of fixtures in classrooms, is complete with a ladies' lounge and has adequate rest room facilities.

Metal sash windows are used throughout the new school plant, with all wiring in conduit.

Outside doors are equipped with newly approved anti-panic openers, which permit rooms within the building to be locked from the outside, but which can be opened from the inside of any room without a key.

Office of the junior high school principal is located in the east wing of the building, and near the book room, study hall and library.

Both east wing floors are equipped with boys' and girls' rest rooms, modern steel lockers and drinking fountains with recessed fixtures.

Superintendent's Office.
The superintendent's office is located south of the administration office and the reception room. Fixtures and furniture are of the latest design.

An interesting feature of the new building is the boiler room, finished in aluminum paint. The two boilers of the central heating plant are fired by natural gas, electrically controlled.

Steam heat can be applied to the junior high school department, grade school rooms, the high school building, or the entire school plant at once. Pure copper radiators are used throughout the heating system.

All equipment for the home economics and science rooms has not been installed, but is expected to be put in within the next few days. Both the home economics and the science rooms are located in the central wing of the school plant.

Desks and other fixtures in the high school building have been repaired and painted and all lockers remodeled.

WILHELM AT RAINBOW.
Henry Wilhelm, associated with the Mack Brown Grocery at Sweetwater until Brown sold out recently, became associated this week with Rainbow Market Place. Wilhelm formerly was in the grocery business here for a number of years, and has moved his family back to Snyder.

AAA Offices Will Close Saturdays at 1:00 Starting Soon

Beginning Saturday, September 16, the county AAA office will close at 1:00 p. m. on Saturdays, according to Frank A. Wilson, chairman of the Scurry County committee. This policy is being adopted in accordance with that of the post office, the Farm Security Administration, the state office of the Extension Service and the Agricultural Adjustment Administration and other federal institutions.

"We believe that this will increase the efficiency of the employees in our office, and urge the cooperation of the producers in Scurry County," Mr. Wilson said.

Anderson Speaks to Lions About County Fall Products Show

Twenty-three Lions attended Tuesday's Lions Club luncheon at the Manhattan Hotel. A feature of the entertainment program was a group of musical numbers by Horace Leath.

E. J. Anderson, chairman of the 1939 Products Show central committee, gave an interesting talk concerning Scurry County's second annual show here October 13 and 14. "We will be swamped with entries for this year's show," Anderson said, "and will look forward to the close cooperation of the Lions Club and other civic organizations for the forthcoming two-day event."

Guests included R. R. Patterson, a new attorney who moved to Snyder Monday, and Bill Palmer. Patterson stated he appreciated the hospitality shown him by city residents, and said he selected Snyder several years ago as the place in which he wanted to practice law.

In a called directors' meeting after the luncheon, the club voted to pay one-half of the \$80 appropriation necessary to remodel the local Farm Security Administration office over Bryant-Link Company.

The other \$40 necessary to remodel the local FSA offices will be furnished by the Chamber of Commerce. President W. R. Bell said Tuesday.

HERE IS MORE CONCERNING BAPTISTS CONTINUED FROM PAGE ONE

for at Ira and Wastella; Mrs. A. L. Whipple, Mrs. E. F. Lyons, Dallas; and Rev. P. C. McGahy, former Snyder pastor, and now of Breckenridge.

Friday morning session speakers: Rev. Forest Huffman, "Benevolence"; Rev. Elmer Dunham, "District 8 missionary"; Dr. E. B. Atwood, Hardin-Simmons University, "Christian Education"; Rev. LIVESTOCK TO OVERRUN NEXT MONTH'S SHOW

More Exhibit Space to Be Provided For Increased Displays, It Is Decided Tuesday

Extensive plans were mapped Tuesday afternoon by the livestock committee of the Scurry County Products Show, at a meeting in the county court room, to make this division of the October 13-14 event the biggest and best in county history.

Discussions were led by E. J. Anderson, chairman of the central committee, and Ray Dixon, secretary of the Chamber of Commerce. Reports by farm and ranch leaders led officials to believe livestock entries will far surpass the entries received last year.

The need for more livestock space was taken up, and active plans were made for more stalls and sheds.

"We are aware of the fact," Anderson said, "that we will be swamped with livestock entries of all classes, with a number of out-of-county entries already received, and we will have to provide more sheds to care for the horses, mules, sheep, swine, cattle and other divisions of livestock."

Present at the Tuesday meeting were: J. J. Koonsman, Harrie Winston, L. N. Periman, X. B. Cox Jr., Joe Merritt, Hugh Taylor, J. W. Woods, Ben Brooks, Alfred Roggenstein, Hoyt Murphy, P. F. Harmon, J. E. Miller, Fritz Moford and Frank Strom.

Texas Kidd Bringing His Show to Snyder

The Texas Kidd frontier days show and free rodeo will be offered Scurry and adjoining county people here Monday through Saturday, with a string of 20 bucking stock to be used in bronc riding and other rodeo performances.

Riders are wanted for the free rodeo performances, an advance notice states, at which prizes from \$1 to \$100 will be given. The public is invited to obtain guest tickets from local merchants Saturday. The frontier show and rodeo roundup is sponsored locally by the City of Snyder.

PYRON GRID WORK

Complete details on Pyron's 1939 football squad, whose members began practice sessions several days ago, will be given in next week's Times. First game of the season for Pyron is slated at Ft. Huachuca Friday afternoon, September 15.

J. L. CARRELLS HAVE REUNION IN THEIR HOME

First family reunion in 15 years best describes the enjoyable meeting of the eight children of Mr. and Mrs. J. L. Carrell, long-time residents of the Union community, the past week-end. Scene of the gathering was the Carrell home, six miles west of Snyder.

Rev. Harvey Carrell, Methodist minister at Marathon, was invited to preach at the Union Baptist Church Sunday evening, and the entire family group attended the service. Several of the community attendants had never before heard Rev. Carrell preach.

One of the best known of county families, most of the eight children are graduates of the local high school, the youngest, Mary Belle Carrell, graduating here in 1931. All of the children, all except two of the in-laws and 10 of the 13 grandchildren attended the weekend gathering here. The family moved to Snyder 18 years ago from Cooper.

Present besides the parents were the following: Mrs. L. M. Bynum and children, Carolyn, Mona, Mary Lou, Donna, Janice and Stanley of San Antonio; Mr. and Mrs. Tom C. Carrell of San Fernando, California, John C. Carrell of Brooklyn, New York; Mr. and Mrs. Paris McPherson and daughter, Margaret, both of Snyder; Rev. and Mrs. Harvey E. Carrell of Marathon; Mr. and Mrs. Raymond Wilson and daughter, Patricia, of Dimmitt; Mr. and Mrs. Paul W. Carrell and daughters, Dorothy Pauline and Betty Jane, of Breckenridge; Mary Belle Carrell of Plainview.

Unable to attend were Mrs. John Carrell and children, Jean Anne, Mary Belle and John Craig Jr. of Brooklyn, and L. M. Bynum of San Antonio.

Among the many neighbors and friends calling during Sunday were the parents of Mrs. Tom Carrell, Rev. and Mrs. C. F. Carmack of Houston, and her brother and wife, Mr. and Mrs. Charles Carmack of Rusk.

On the debit side, however, is the difficulty caused by low gas pressure, the ineffectual action of acid treatment and the necessity for large shots of nitroglycerin. To these troubles are added the problem of a good cleanup after shot.

Back to School In Freshly Cleaned Clothes!

It won't be long before they'll be knocking down to another semester of studies. They're excited about it—and they'll surely want to look neat.

Snyder Tailoring Company Cleaners will restore their clothes and make them sparkle just like new!
