'BROTHER' McGAHA WILL PREACH "For What Shall It Profit a Man?" HIS 60TH ANNIVERSARY SERMON!

Sowing the seeds of the gospel for 60 years has been the experience of Rev. J. W. McGaha of the Canyon community. He has preached in pulpits from Alabama to Texas and in practically every community in Central West Texas.

This long period of service will be celebrated Sunday morning, when the pioneer preacher will preach at his home church in the Canyon community on "For What Shall It Profit a Man." This sermon subject, based on Mark 8:36, was the one Rev. McGaha chose back in Alabama when he arose, at 21 years of age, to preach his first sermon. He is 81 now.

For 39 years, except for a little "furlough" eastward, "Brother" McGaha, as folks of every creed know him, has been living in Scurry

County. He settled in the Canyon community, then the most densely populated area of the county, and has continued to live there.

"Brother" McGaha has married so many couples, buried so many dead and preached so many sermons that practically every family in the county that has been here 20 or more years can recall incidents in which the sympathetic preacher has been "a very present help in time of trouble" for them or their friends and relatives.

The public is invited to Canyon for the sermon at 11:00 a. m. Still alive, still a student of the Bible and of human nature, "Brother" McGaha promises a sound old-fashioned gospel message that fits his neighbors today as aptly as that first sermon fit his Alabama congregation 60 years ago.

PARTS OF FIVE COUNTIES GET NEW REA LINE

Scurry to Be Heart of One of West Texas' Largest Projects as Uncle Sam Approves

One of the largest REA projects in West Texas was assured for a six-county Central West Texas area Friday.

W. A. (Andy) Jones, manager of the Midwest Electric Cooperative Inc., announced receipt of a telegram from Washington that indicated a \$107,000 loan has been approved for 142 miles of line.

This 142-mile project will be added to a 155-mile project that has been partially completed in Scurry and Fisher Counties. The new lines will cover portions of Fisher, Scurry, Mitchell, Borden, Nolan and Jones Counties, with Scurry having the lion's share.

On the 142 miles of line 421 members have already been signed, while 352 members are on the first project of 155 miles. Thus, at least 773 members will be served by the two projects. Jones believes the membership will increase on both projects as sections of the lines are completed and "juice" is turned on.

Office of the cooperative is at Rotan in Fisher County. First power for the original Rotan and Camp Springs REA line will be turned on for the east segment of the project as soon as transformers are installed and connected. REA engineers reported this week.

The new project will go through the heart of Scurry County, running from the Fluvanna area in the northwest, which includes a corner of Borden County, through Dermott, around Snyder and Hermleigh to within six miles of Roscoe in Nolan County. In the southern area it will go into ... then it will go eastward into Fisher and Jones Counties.

Pulpit Pioneer

Rev. J. W. McGaha, pioneer Baptist minister, will observe his 60th anniversary as a minister Sunday morning. He will preach at his home church in the Canyon community on "For What Shall It Profit a Man." The public is invited to hear the anniversary sermon.

SHARON FIELD GETS INCREASE IN ALLOWABLE

Contracts Let for Drilling of Many More Wells in County Pool as Production Grows

Daily production allowable for Southwest Scurry County's Sharon Ridge oil field was increased from 435 to 1,435 barrels Tuesday by the Texas Railroad Commission at Austin at the request of Col-Tex Refining Company of Colorado City for road oil and gasoline demands.

Lou A. Smith, chairman of the Railroad Commission, stated the Sharon Ridge field was one of 13 fields granted special allowable increases to relieve a market so tight that refiners in some instances said a curtailment of operations was threatened, due to a shortage of crude.

Special daily allowable increases granted the 13 fields totaled 10,236 barrels. The commission rejected pleas for increases aggregating 33,000 barrels daily in 19 fields.

Robinson Continues Flow.

Robinson Oil Corporation's No. 1 A. C. Woodward, a west offset to H. C. Wheeler's No. 1 M. J. Sims, flowed 157 barrels of oil by heads drilled last Friday. The producer, which became the second flowing well for the Sharon Ridge pool, was connected this week to Coffield & Guthrie's four-inch pipeline.

D. & R. Oil Company's No. 2 R. O. McClure, located 660 feet north of the D. & R. No. 1 McClure, became the pool's third flowing well when it flowed 195 barrels of oil during potential test. Location is 990 feet north of south line and 330 feet west of the east line of the south one-half of southwest one-fourth, Section 142.

D. & R. Moves Outfit.

D. & R. Oil Company has moved drilling rig to the No. 3 R. O. McClure location, 660 feet due west of the D. & R. No. 2 McClure, with test to be spudded over the week-end.

Drilling-in operations for Ordovician Oil Company's No. 4 W. P. Thompson, in which six-inch casing was cemented at 2,215 feet, will start today (Thursday). The Ordovician No. 4 Thompson is located 820 feet west of Ordovician's No. 2 Thompson.

Mudge Oil Company's No. 1 Dorrler test, located in the southwest corner of the northeast one-fourth of northeast quarter, Section 142, was drilling at 340 feet.

Ten-inch casing will be set this week-end in Coffield & Guthrie's No. 1 Reiter test, located in the southwest corner of Section 115, which was drilling late Wednesday night at 450 feet.

Contract for 15 Wells.

Kent & Preston, Wichita Falls drilling contractors, have secured a drilling contract from J. B. Stoddard of Dallas for 15 wells, and have moved two spudders to the Sharon Ridge pool.

Kent & Preston have started drilling.

Stores to Close

Snyder business houses will close shop Friday morning at 10:30 o'clock, and remain closed until 1:00 p. m., as a gesture of the city's 100 per cent cooperation with officials of the second annual Scurry County Products Show.

Employees of business houses around the square will thus be given ample time to view community booths and other exhibits at the 1939 show.

People of the trade area who desire to shop Friday are kindly requested to bear the above-mentioned closing hours in mind.

Baptist Men In Snyder Tuesday For Brotherhood

One hundred church workers from Scurry, Mitchell and Nolan Counties attended the Mitchell-Scurry Association Brotherhood meeting at the First Baptist Church Tuesday night.

Opening song services were led by Willard Jones, with Mrs. Ira Harrison as pianist. The Brotherhood meeting was presided over by Joe Williamson of Wastella, president.

A barbecue supper with all the trimmings was served cafeteria style in the church basement preceding the formal program.

The official program follows: "Why the Layman Should Be Interested in the Brotherhood," Joe Williamson; "Why I Am for a Brotherhood in Every Church," H. L. Wren; "Why the Pastors Should Be Interested in the Brotherhood," Rev. Elmer Dunham, Big Springs, district missionary; and two-minute testimonies on why attendance with a Brotherhood in their churches.

Special songs were given by a male quartet composed of Jack Ingram, J. T. Patrick, C. T. Burnett and Willard Jones.

The next Brotherhood meeting is to be held at Westbrook in January, 1940.

ALL FEATURES OF BIG EVENT "READY TO GO"

Tent and More Pens Provided for Entertainment and Exhibit Space This Season

Plans were rounded out this week by Products Show committee members to stage the greatest county event of its kind here Friday and Saturday, when Scurry County's second annual Products Show is held at the show grounds one block north of the square.

Entries received by Products Show officials through Wednesday indicated from 150 to 200 head of beef cattle, 100 head of horses and mules, 100 pens of chickens and 25 pens of turkeys would be exhibited at the two-day show.

Members of boys' and girls' clubs in the county and others are busy as the Times goes to press this (Thursday) morning placing initial exhibits in booths on which construction work has been completed.

People of Scurry and Borden Counties, as well as Polar and Hobbs community residents, began bringing in numerous farm products and canned goods for placement in community booths this morning. Community and farm crop exhibits were slated to be in place by 5:00 o'clock this (Thursday) afternoon.

E. J. Anderson, general show chairman, states 72 boys' and girls' club, community and farm crop exhibit booths—greatest number in the history of county fairs or shows—are being prepared, with everything scheduled to be in place by the time the second annual Products Show opens Friday morning at 10:00 o'clock.

The large Harlow ... entertainment program will be staged, was put up early this week, and seats secured to assure visitors of ample seating facilities.

E. O. Wedgeworth of Fluvanna, director general of the free entertainment program, slated Wednesday this outstanding feature of the 1939 Products Show will start Friday morning at 11:30 o'clock and run continuously until 10:30 p. m. The same schedule will be followed with Saturday's free program.

The two-day free entertainment program, featuring home talent entertainers exclusively, is being made possible by 44 Scurry County merchant and business firm sponsors.

Deputized National Guard members of Company G will be on hand both days of the show to protect exhibits and valuable articles of any nature from possible theft.

Ray Dickson, secretary of the 1939 Products Show, stated Wednesday: "Community, farm crop and club exhibits, as well as commercial booths, will be packed to the brim with the greatest array of products and goods ever assembled for a county event of this kind."

Superintendents of the various departments are requested to be on hand with their assistants not later than 8:00 a. m. of the day on which their departments are to be completed. A special record book will be furnished each department, in order that accurate records on show entries can be kept.

No provision was made in the general Products Show catalog for exhibits of mare and colt mules, but members of the mule committee request all who have mares and colts to bring them in.

Permanent shed room at the show grounds has been completed, and extra panels constructed for hog and sheep exhibit. An unloading chute will greatly facilitate the handling of livestock and other entries, show department superintendents state.

TIMES SHOTS

As a result of releases sent by The Times several days ago to every major daily in Texas, and publication of the dispatches in regard to the army of transient farm workers passing through here on their way to the short yielding cotton fields of the Plains, local ginners and others report a notable decrease in the number of transients going through Snyder the past few days.

The article dealt at length with the acuteness of the transient worker problem, especially the worker's plight when harvest days are over.

"Advertising in The Times sells the goods," writes the Creomulsion Company, makers of Creomulsion, one of the largest selling cod medicines on the market today, in releasing a new series of ads on their product.

SNYDER GETS NEXT MEET OF AREA FIREMEN

Two Second Places Fall to Local Fire Fighters at Last Thursday Gathering at Baird

Two second places in fire department contests and selection of Snyder as the next semi-annual meeting place the first Tuesday in April, 1940, placed Snyder Volunteer Fire Department in the position of No. 1 attention center last Thursday at fall sessions of the Mid-West Texas Fireman's Association at Baird.

Members of the local six-man hose hook-up team, who placed second with a timing of 20 1/2 seconds, were nosed out for first by Albany with time of 19 seconds flat. Cisco placed third, and Colorado City fourth.

Snyder placed second in the cart and reel race with 31 seconds flat. Colorado City's time of 30 seconds for first place beat the local boys by the narrowest margin recorded in department contests. Cisco copied third place, and Albany fourth.

Approximately 300 firemen, their wives and friends attended a banquet given for attendants Thursday evening. Principal speaker at the business session, held in the district courtroom, was Kelley Dalton, Coleman fire department chief. Two new town members, Loraine and Anson, joined the Mid-West Association.

Snyder attendants included Rev. C. H. Ward, local fire department chaplain; J. T. Campbell, Buddy Martin, Doc Bynum, Ed Griffin, Emmett Butts, Ivan Gatlin, Joe Brown and Mmes. Campbell, Ward and Butts.

Grass, Small Grain Reap Most of Benefit as Most of Territory Receives Moisture

A highly beneficial rain from the southwest late Sunday afternoon and Sunday night that blanketed virtually the entire county—first precipitation on record since August 16—gave the county from one-half to one and one-half inches of moisture.

The rainfall, scattered in sections, ranged from a half inch at Camp Springs and 3/4 of an inch at Snyder to slightly better than an inch at Fluvanna. Dunn and Ira registered an inch, with three-quarters reported at Canyon and well over an inch in some areas west and northwest of Snyder.

County ranchers report the August rainfall (Snyder's last recording was 3/4 of an inch August 16) resulted in grass and range holding up fairly well until the latter part of the summer. Grass has become very poor in most communities, but the Sunday moisture will help bring it back to par although it is far from enough.

County grain raisers in most areas said the October rain permits sowing of small grains, although more rain will be needed to bring up a good stand. Small grain that was planted before the rain is in good condition.

Mr. and Mrs. Claud Cotten of San Angelo is a guest of the Frank Farmer family. Mrs. Farmer and daughter, Eugenia, visited in the Cotten home at San Angelo early this month, returning last week.

COUNTY GETS FIRST RAIN IN SEVEN WEEKS

Drilling-in operations for Ordovician Oil Company's No. 4 W. P. Thompson, in which six-inch casing was cemented at 2,215 feet, will start today (Thursday). The Ordovician No. 4 Thompson is located 820 feet west of Ordovician's No. 2 Thompson.

Local Palomino Pair Takes High Abilene Laurels

Two Palomino horses shown by Bill Taylor and Dr. Grady Shytles of Snyder won high places in the Palomino show at Abilene last week—the show that was often described as the best Palomino show ever held.

Saddle Mae, the local mare, was second to the grand champion of the show, and she was first in her class. Rio Rita, champion of the show, was bought by W. A. Johnson, owner of the motor freight line that goes through Snyder, for \$1,400.

In the cutting horse contest, Taylor placed second on the stallion he showed, fourth on the mare. And the stallion ranked sixth out of 57 entries in his division when shown to the halter.

The only Palomino fine harness mare in the world was shown at the show by Frank Kelley of Colorado City, veteran official of Magnolia Petroleum Company, and one of the first oil operators to visualize the possibilities of Scurry County oil fields.

The two-year-old filly shown by Kelley, Lady Diana, is by Anacho Reuban, owned by C. T. McLaughlin of the Diamond M Ranch, Scurry County. Lady Diana is a granddaughter of Edna Mae's King, an undefeated show mare that sold for a six-figure price.

SECOND TITLE MELEE BRINGS ROBY TO TOWN

Coach Hill Not Too Certain That Lions Will Be Easy Pickings For Fighting Tigers

You won't find Coach Red Hill of the promising Snyder Tigers giving vent to bursts of optimism this week. He is proud of his boys, and all that, for their last three top-flight victories, but he sees Roby Lions, which will play here under the lights Friday night, 8:00 o'clock, as anything but pushovers.

There's some reason in Red's outlook. In the first place, Roby has 11 letters from last year's squad that "eat the socks off Snyder." In the second place, Red considers one of the Lion backfielders on a par with any ball totter in the district. True, the Lions haven't been clicking any too well, but their inconsistent record, in itself, proves they have the makings of an above-average ball club.

Line-Up Is Changed

Hill has changed his line-up to show extent over last week's stack-up against Loraine. Snyder, who has been regular center, has been shifted to right end. Crowley, who did a sweet job of centering against Spur while Snyder was alling, goes back to that slot. And Walton, who showed some stuff against Spur and at odd times elsewhere, goes to the Crowley slot at right tackle.

The full line-up will read like this: Duncan, left end; Walls, left tackle; Line, left guard; Crowley, center; Walls, right guard; Walton, right tackle; Snyder, right end.

Large Group of Citizens Receive Local Glad Hand

Nearly 40 newcomers were greeted in Snyder during September by Mrs. Roy Stokes, ... for the local "Welcome to Snyder" Association, and association members. The newcomers included five new oil men and their families.

Welcomed were the following heads of families: Ross Blancher, Charles Dunn, Carol Chesbro, Bryan Jordan and M. F. Kennedy, oil men; R. E. Prichard, Retail Merchants Association; R. G. Dillard, junior high school principal; Thurman Branum and L. E. Corbell, owner and meat cutter, respectively, at Branum's Food Store; Whit Melton, The Fair Store; Herman Trigg, band director.

Wilma Overfelt, nurse at Snyder General Hospital, Ruth Gold, commercial teacher in the local high school, and Mildred Snow, Polly Ann Beauty Shop operator, and her mother were the single women welcomed by the association.

New single men included in the September welcoming are Earl Thompson, State Highway Department, Robert Patterson, lawyer, and O. W. Cathey, Graham & Martin tailor shop.

October 15 Is Final Time on Wheat Loan

October 15—which really means Saturday, October 14—has been set as the closing date for obtaining wheat crop insurance loans, the county agent's office reminded yesterday.

Those desiring to obtain insurance loans of this nature on their 1940 wheat are reminded that insurance must be taken out before wheat is sown—and before the October 15 deadline set by the federal government.

CITY TAX COLLECTIONS OFF TO GOOD OPENING

Collections of 1939 city taxes up until noon Monday amounted to \$469.35, City Secretary J. S. Bradbury reported. City taxes collected the first eight days of October are said to compare favorably with taxes collected for the same period in 1938.

No split payments will be allowed in the current payment of city taxes, nor a discount given for early tax payments, Bradbury said. January 31, 1940, has been set as the deadline for paying current taxes before penalty provisions go into effect.

ARILENE VISITORS.

Pauline Coe, teacher, who sponsored Pylon's first place entry in the Abilene Reporter-News school scrapbook contest, last spring, and Superintendent and Mrs. M. H. Greenwood took the four girls who did most of the scrapbook editing to the West Texas Fair at Abilene last Wednesday. The girls who made the complimentary trip are Editor Velda Clark, Mable Glass, Viola Schwarz and Mary Frances Glass.

County Convention Of Singers Goes to Hermleigh Oct. 22

Attention of singers and song lovers in Scurry and adjoining counties will be focused on Hermleigh Sunday, October 22, when that town plays host to fall sessions of the Scurry County Singing Convention.

J. P. Tate, convention president, said Tuesday that opening sessions will begin promptly at 10:00 a. m. Acceptances received from a number of leading West Texas singers indicates an outstanding gospel song program will feature the fall convocation.

County singers are requested by Rufus Mize, vice president, to bring basket lunches for a noontime "dinner on the grounds," with all the trimmings.

Soil Group Attends Hearing at Colorado

Members of the county soil conservation committee, County Agent X. R. Cox Jr., and others interested in a soil conservation district for this section of West Texas are slated to attend a public hearing that will be held at the Mitchell County courthouse, Colorado City, Friday afternoon, October 20, 2:00 o'clock, for the purpose of discussing a five-county soil conservation district.

Portions of Scurry, Mitchell, Nolan, Coke and Sterling Counties would be included in the proposed district. Watersheds would be on the following creeks: Lena Wolf, Champion, Silver, Doyle, Morgan, Ross, Beals and Willow. The south-east corner of Scurry County would be included in the Lena Wolf portion of the project.

School Inspections To Be Made Later

Due to the fact a number of schools have been closed for election picking, County Superintendent Roy O. Irvin announces the inspection tour of Scurry County schools that was scheduled by R. N. Sandlin of Abilene, deputy state superintendent, for this week has been indefinitely postponed.

Sandlin, who said Tuesday he will announce his inspection trip members of the school mule committee request all who have mares and colts to bring them in.

Permanent shed room at the show grounds has been completed, and extra panels constructed for hog and sheep exhibit. An unloading chute will greatly facilitate the handling of livestock and other entries, show department superintendents state.

Bank Reveals GOOD FIGURES

The condition of Snyder National at the close of business October 2 was exceptionally good for this time of the year, and slightly above figures of the report for June 30. So reveals the official statement that appears in this week's Times.

Total assets are \$1,143,660.02. In comparison with \$1,404,869.02 three months earlier and \$1,445,540.41 six months ago. Total deposits for the current report are \$996,830.51, June 30 figures having been \$1,261,141.02. Loans and discount show an increase over the last report, the new figures being \$327,879.04, in comparison with the previous figures of \$310,675.08.

Plans Being Made For Newcomers Tea

Plans are being formulated by the Alpha Study Club for its annual newcomers' tea, a traditional welcome to new women of the town, to be held next Tuesday evening at the home of Mrs. Alfred McGlaun. The club will visit nearly 30 newcomers this week in preparation for the event.

Mrs. Wade Winston, fine arts chairman, Mmes. T. M. Howie and Egon Joyce, committee women, and Mrs. McGlaun are in charge of arrangements. Federated club women and other guests will be invited.

Mrs. Maurice Brownfield was hostess Tuesday afternoon at regular meeting of Alpha Study Club. Mrs. C. F. Seitel was leader for the book review program, giving something of the life of Geoffrey Household, author of "Rogue Male". Mrs. Wayne Boren conducted the book review from questions handed out at a previous meeting.

"Rogue Male," now heading reading lists of literature groups, is a mysterious adventure story told in the first person. An English gentleman in the story is supposedly a spy, and his many adventures furnish good reading, club members say of the story which is given in current Atlantic Monthly.

Mrs. Brownfield passed a plate of salad, potato chips, pickles, hot rolls, cake and coffee to the members present.

Mrs. Alexander Is Program Director

Mrs. A. C. Alexander was director for a program on "Practical English" Tuesday afternoon at a meeting of the Women's Culture Club. Mrs. W. A. Morton was hostess at the home of Mrs. E. J. Richardson.

Following individual roll calls, Mrs. Alexander talked on "Effective Speech" and Mrs. H. T. Sefton conducted an interesting English drill called "You Don't Say, or Do You?"

Lovely refreshments were passed to the following members: Mmes. Alexander, R. W. Cunningham, J. R. Huekabee, Richardson, E. F. Sears, D. P. Strayhorn, Sefton, H. L. Wren, E. E. Weathersbee, J. A. Woodfin and A. A. Bullock. Mrs. Sefton will be hostess at the next meeting.

Johnnie Mathison Is Hostess to Club

Duce Bridge Club members, including new ones, were guests of Johnnie Mathison last Thursday evening. The new members welcomed by the club were Mrs. Sam Joyce and Evelyn Erwin.

Bouquets of giant dahlias were on the mantel and centering the dining table for the party. The traveling prize was awarded to Mrs. R. C. Miller Jr. and Allene Curry took the high score award in bridge play.

The hostess served a sandwich plate with bottled coca-colas and cookies to the following: Mrs. Joyce, Mrs. Miller, Misses Erwin, Curry, Vestia Green, Frances Boren, Ruby Lee, Frances Chenault, Margaret Deakins, Mrs. Loy Logan, Mrs. Buster Curtis and Mrs. R. E. Boyer Jr.

Next meeting will be held tonight (Thursday) at the country home of the John L. Webbs, six miles southeast of Snyder, with their daughter, Mrs. Logan, as hostess.

Crusaders Class in Meeting Tuesday

Crusaders Class of the Methodist Church held a steak fry in the church basement Tuesday evening with a good attendance. Main project of the class for several years has been clothing a young girl at the Waco Methodist Orphanage, and the fall box of clothes was exhibited at the meeting Tuesday.

In the business session 23 visits were reported to sick people and newcomers. New officers this year are: Mrs. H. T. Sefton, president; Mrs. L. H. Butler, vice president; Mrs. Sterling Williams, secretary-treasurer; Mrs. Guy Glenn, assistant secretary. Mrs. R. H. Odum is the class teacher.

Present for the evening's class meeting were: Mmes. Edward S. Hyman, Howell McClinton, Jay Ramsey, L. H. Butler, A. P. Biggs, L. C. Rennals, A. E. Schmidt, A. W. Harvey, Harry S. Lee, Sefton, G. V. Morris, J. V. Robinson, O. M. Bell, Odum, Williams; Misses Hattie and Gertrude Herm, Neoma Strayhorn, Nellon Minix, Ruth Gold and Colleen Morris.

Towle's Jewelry is offering a new, distinctive line of inexpensive gifts for all occasions.

VIRGINIA YODER TO BE WED SOON

Mr. and Mrs. D. P. Yoder are announcing the engagement and approaching marriage of their daughter, Virginia, to Dr. A. V. Johnson Jr. of South Charleston, West Virginia. The wedding will take place at the home of Miss Yoder's brother, Fred A. Yoder, and Mrs. Yoder in Middletown, Ohio, late in October.

Both Dr. Johnson and Miss Yoder are June graduates of the Illinois College of Chiropractic and Foot Surgery, Chicago, after three years of work at the school. Dr. Johnson is well known in Snyder. The couple will live in South Charleston after their marriage.

Local Girls Pledge Tech Social Groups

Two Snyder girls, Dorothy Winston and Milton Joyce, who are students in Texas Technological College, Lubbock, this fall, recently pledged outstanding Tech social clubs. Both were at the school for rush week just before school opened, and 104 co-eds were accepted by five social organizations.

Dorothy, daughter of Mr. and Mrs. Wade Winston, has pledged Las Chaparritas, and Milton, daughter of Mr. and Mrs. E. E. Joyce, is a pledge of Ko Shari. Both girls are members of prominent local families, and both are arts and sciences students at Tech. This is Dorothy's first year there, but Milton studied at the school last year.

Each of the social groups has already planned its major social activities for the year. First for Ko Shari was an annual barbeque given members, pledges and their guests Saturday evening by patrons and patronesses at the home of the Robert J. Allens. Miss Joyce was among the pledges present and later attended the Tech-Gonzaga football game with the group.

Candlelight Service Installs New Officers

New officers of the Estrudoma Class of the First Baptist Church were installed last Thursday evening in an impressive candlelight service at the home of Mrs. Wayne Williams. The group gathered for a regular monthly business and social meeting, and Mrs. Raymond Sims conducted the installation.

Taking part in the service were the following: Mrs. John E. Seitel, teacher; Mrs. John DeShazo, assistant teacher; Mrs. W. W. Hull, president; Mrs. Howell Harpole, vice president; Mrs. M. E. Stanfield, secretary-treasurer; Mrs. Sims, assistant; Mrs. Horace D. Seely, social chairman; Mrs. Williams, stewardship chairman.

Mrs. Waddill Hostess To Forty-Two Club

Mrs. A. W. Waddill was hostess Friday afternoon to the members of El Peliz Club and guests for a forty-two party. After the enjoyable games the hostess passed a delightful salad plate with coffee to Mmes. A. J. Towle, John R. Williams, J. C. Dorward and George W. Keller, guests, and members.

Members attending were: Mmes. A. J. Cody, Sidney Johnson, Joe Strayhorn, P. C. Chenault, J. W. Scott, J. E. LeMond, W. E. Doak, H. T. Sefton, R. H. Odum, I. W. Boren, G. H. Leath and Sterling Williams. Next meeting of the club will be with Mrs. I. W. Boren.

Committees Named For Welfare Booth

IngleSide Study Club's president, Mrs. Clyde M. Boren, named committees to preside over the club's child welfare booth at the Scurry County Products Show this weekend at a meeting in the home of Mrs. Tom Boren Tuesday afternoon.

Posters will give visitors an insight into the work of local child welfare workers, which are headed by IngleSide Club, a barrel for used clothing will be placed in the booth, and souvenirs will be given the children. The local Child Welfare Association is cooperating and assisting with the fair booth.

On program for the afternoon, led by Mrs. L. C. Rennals, members answered roll call with miscellaneous topics of interest. A book review by Mrs. Harold Boren was made more interesting because of her vacation visit at the setting for the story, 30 miles west of Santa Fe, New Mexico. "The Delight Makers" by Adolph Bandelier, reviewed by Mrs. Boren, deals with the Pueblo Indians, and she obtained the book while in New Mexico as well as spending delightful hours delving into the habits of the Indians.

Members present at the regular Tuesday afternoon meeting were: Mmes. Clyde Boren, Brown, Jim Cloud, W. F. Cox, Carl England, Hal A. Lattimore, G. H. Leath, Earl Louder, W. W. McCarty, J. M. Newton, T. W. Pollard, R. J. Randals, H. P. Redwine, Rennals, W. W. Smith, H. L. Vann and the hostess.

E. W.'s Meet for Sewing and Social

E. W. Class of the First Christian Church met with Mrs. J. O. Temple last Thursday afternoon for a social hour and sewing. Mrs. Temple served refreshments to these present.

They were: Thana Benbenek, a guest, Mmes. A. J. Cody, Gale Smith, Tom A. Boren, Boss Baze, Hugh Boren, Hugh Taylor, Ross Blancher, Pete Benbenek and Carl England and Miss Vita Wasson.

April 2 Marriage Announced in Snyder

Mr. and Mrs. Billy Wilsford are announcing the marriage of their second daughter, Billy Jean, to E. (Sonny) Slovacek Jr. The marriage took place April 2 in Albany, with Rev. W. M. Josin, pastor of the First Baptist Church there, officiating. The couple will live in Priona.

Only attendants were J. W. De-wees, cousin of the bridegroom, and Mr. and Mrs. DeLong, all of Stamford. Mrs. Slovacek wore a Wallace blue knit suit with white accessories and white gardenias for the spring service.

Billy Jean is a junior in Snyder High School, and she will leave tomorrow to join her husband at Priona. She is one of the three pep leaders this year. A dance student for years, Billy Jean and four other dancers recently won first place in a Big Spring amateur contest. Last spring, just after her secret marriage, she was a featured entertainer at the state homemaking rally in Galveston, receiving statewide acclaim with her cowgirl tap dance and rope-twirling act.

Slovacek has for the past three weeks been connected with the Reeve Chevrolet Company in Priona in the body works department. He received his training under his father, who is the shop man at Yoder Garage here. The Priona company is owned by F. W. Reeve, father of Snyder High School Principal Hadley Reeve.

Queen's Wreath Is Setting for Party

Bouquets of queen's wreath in entertaining rooms and to center four-some bridge tables at the tea hour made a pretty setting for four tables of players this week when Mrs. J. C. Dorward was hostess to the Tuesday Afternoon Bridge Club and guests at her home.

Mrs. H. G. Towle, guest, and Mrs. W. R. Johnson, member, were high score winners, and Mrs. Ernest Taylor, guest, retained the traveling prize.

A fruit salad plate with coffee was passed by the hostess to the prize winners and the following: Mmes. A. J. Towle, H. Rosenberger, Mrs. Stinson and R. L. Gray, guests; Mmes. A. C. Preuitt, Sidney Johnson, Joe Strayhorn, H. P. Brown, T. L. Lollar, John R. Williams, H. J. Brice, W. H. Cauble and E. M. Deakins.

ERROR LAST WEEK. In last week's paper The Times was in error when it stated that Mrs. Gerlie Stanfield Smith, owner of the Orchid Beauty Salon, was absent from a Tuesday morning breakfast at Wilsford's Coffee Shop for the local beauty shop owners.

"Miss" Gerlie was hostess for the breakfast and was "among those present."

While you are visiting the Products Show, make a point to look over the new, inexpensive gifts and bridge prizes at H. G. Towle Jewelry Company.

Susanna Wesleys Meet With Chairman

Members of the Susanna Wesley Circle of the Methodist Woman's Missionary Society met with Mrs. I. W. Boren, circle chairman, Monday afternoon at 3:00 o'clock. Mrs. M. W. Clark, study leader, was in charge of the lesson, the first in the group's new mission study book, "From Tragedy to Triumph."

The program opened with group singing, followed by the devotional given by Mrs. R. M. Stokes and the Lord's prayer. Mmes. I. A. Smith and H. P. Brown presented the second chapter of the book, "Serving the World." Mrs. Clark made comments from the parable book of study on "Faith on Which the Church Lives." Discussion of the world council meeting at Madras, India, was by all of the women concerning the 69 nations represented at the session with three-fourths of the representatives colored people.

The 11 members present at the meeting made plans for the Week of Prayer, the first week in November.

Ruth Anderson Group Hears Fall Lesson

Our Jewelry Is Valuable . . . but — Our Customers Are More So

Jewelry can never be sold as just another commodity. It's quality must be definite and concrete, and of equal importance is the integrity of the firm behind the sale.

That is why we say our customers are more valuable than our jewelry. Year in and year out the same customers trade with us. Once they have received our service we know they will be back, because we satisfy.

Since we established our stor back in 1905 we have stood unreservedly behind every sale we have made. No matter how small the item you may be certain it is always exactly as represented.

Our business has grown because the public knows it can buy with confidence at Towle's Jewelry Store.

FIRE PREVENTION WEEK—OCTOBER 8-14, 1939

NATIONAL FIRE PREVENTION IS WEEK'S THEME

Program of Education Being Pushed This Week in New School That Replaced Fire Victim

Snyder this week is in the midst of its annual observance of Fire Prevention Week, with the interest and action, as usual, centering in the schools.

This city's program coincides with the dates of National Fire Prevention Week—the week always set to include October 9 as the tragic anniversary of the Chicago fire that claimed millions of dollars of property and hundreds of lives.

Fire Prevention Week throughout the nation is each year given more attention, not only for the purpose of preventing such major conflagrations as Chicago experienced, but to reduce the composite conflagration that each year amounts to loss much greater than that city experienced.

Loss Is \$5.60 per Person.

The per capita fire loss in the United States now amounts to \$3.60 per person. N. W. Autry, Snyder fire chief, has emphasized, pointing out that no one knows the day or the time when carelessness or some other cause may bring fire loss home to any citizen in much greater amount, not to mention human suffering.

Mayor H. G. Towle has officially proclaimed Fire Prevention Week for Snyder.

Extensive Fire Prevention plans are being carried out at the local schools, with emphasis placed on fire drills, poster making and other activities.

Snyder Has Memories.

Snyder citizens have a particular horror of fire since the red-handed demon turned the major portion of their school plant to ashes during March of 1937. Thus, Fire Prevention activities at the schools have double significance.

The school fire not only caused tremendous property loss and inconvenience in conducting school for more than a year. It also was the big factor in giving Snyder insurance rates a jump to one of their highest points in history, for rates are partially based on insured losses from year to year.

"Although preventing fires is our aim 52 weeks in every year, we want to reemphasize the importance of Fire Prevention this week to the point that no person, young or old, will be ignorant of the hazards which may result in the loss of life, property or home," said Chief Autry.

ALADDIN LAMPS

Bryant-Link Company recently added a complete line of Aladdin lamps and parts, and word from the hardware department indicates that there has been a steady demand for the widely-advertised lighting fixtures. Just now the local company has a "swap" deal by which a liberal allowance is made on any old lamp toward an Aladdin.

NOTICE BY PUBLICATION

State of Texas, County of Scurry: In the matter of the proceedings by the State of Texas for the condemnation of certain property of the heirs of John Belle Dodson, et al.

To the Honorable Sterling Williams, County Judge; Hubert Robinson, Commissioner of Precinct No. 1; Jake E. Huffman, Commissioner of Precinct No. 2; H. M. Blackard, Commissioner of Precinct No. 3; Joe E. Hairston, Commissioner of Precinct No. 4; the petitioners, and to all of the unknown heirs of the estate of John Belle Dodson, deceased; the Federal Land Bank of Houston, Houston, Texas; and Luther Vaughn and Mrs. Luther Vaughn.

You are hereby notified that on the 7th day of November, 1939, at 10:00 o'clock a. m., and in the courthouse at Snyder, Texas, in said Scurry County, the undersigned special commissioners appointed by the judge of the County Court to assess the damages occasioned by the condemnation of the following described property, to-wit:

A strip of land varying in width off of the south side of the south-west one-fourth (SW 1-4) of Section No. 249, in Block No. 97, H. & T. C. Ry. Co. Survey, Scurry County, Texas, containing 2.70 acres of land, more or less, of which 1.87 acres are within the limits of the present highway.

For the purpose of directing, constructing, reconstructing, and widening State designated Highway No. 15, all of which more fully appears in a certain written statement filed by the said State of Texas, acting by and through the Commissioners' Court of said Scurry County with said judge, on the 4th day of October, 1939, to which reference is here made for all purposes; having heretofore duly selected such time and place for hearing as required by law, will proceed to hear said parties and said written statements, and to act thereon in the manner directed by law.

Witness our hands this 4th day of October, A. D. 1939.

W. B. LEMONS,
J. O. LEECH,
M. A. GLASS,

Special Commissioners. 18-16

Stop Fire! Stop Loss of Life! Stop Property Damage!
Let's Cooperate to Reduce the Annual \$500,000,000 Loss

The preservation of human life and the reduction of huge monetary losses incurred by fire are the paramount purposes in proclaiming National Fire Prevention Week—October 8 to 14. Approximately 6,000 lives are lost each year because, in many instances, some one person was careless! Precautions were disregarded. Perhaps it was thought that safety measures meant unnecessary expense and wasted effort.

DON'T WAIT FOR DISASTER!

When fire strikes home . . . a lifetime's earning might be lost . . . A dear one might be disfigured—horribly burned. Tragedy. Don't wait for things to happen before awakening to what must be done . . . what should have been done years ago.

During Fire Prevention Week see to it that proper steps are taken to limit the possibilities of conflagration. The safety of your home depends upon the precautions taken by your neighbors as well as yourself. Remember, even though you yourself have not been directly affected by fire, you eventually pay for fire losses—directly or indirectly, through increased insurance rates and in many instances increased taxes.

40 PER CENT PREVENTABLE

Records reveal that there is a fire every minute. Four out of every ten of these fires were—and are—preventable! It is up to us to clean up fire hazards. Instruct your family and employees in the latest safety measures. Let's start a campaign and request that all residential public and office buildings conduct a general and thorough cleaning up. Let's stem this huge drain on individual and national resources.

This is
National Fire Prevention Week

PRELIMINARY SHOW TO COUNTY EVENTS CARRIES FINE EXHIBITS

A two-day community exposition, that proved highly successful from every angle was Hermleigh's Friday and Saturday Community Fair, held at the city tabernacle.

A Snyder delegation, 50 strong, left the square early Friday afternoon to view the fair and to witness the football game between Flannan Buffaloes and Hermleigh Cardinals, feature entertainment program during the event.

The fair drew top-ranking livestock, farm crop, hog, feeder lamb, milk goat and poultry exhibits, as well as outstanding exhibits of handicraft, paintings, canned foods and quilts.

Mize Pants Featured

One fair highlight that attracted much attention was a pair of small boy's pants, worn by Rufus Mize, one of the fair organizers, in his younger days—before he began to think of going to school and one day becoming a teacher.

Jacob Brown exhibited what probably was the fair's outstanding oddity—porcupine eggs. Several people became interested in buying the oblong objects at \$1 each until it was discovered the "eggs" were cockle-burs.

Commercial exhibits included an array of new tractors—John Deere, Farmall and General tractors—as well as a McCormick Deering feed mill.

One-Act Plays Given

A highlight of the entertainment menu was two one-act plays, presented Friday night at the auditorium of Hermleigh School by Flannan School. Saturday afternoon's program included vocal and instrumental numbers, and a 45-minute concert by the Snyder High School Band.

Winning entries in the livestock division follow, with placings: Hereford steer calves—Don Snowden, first; Guy Joyce Adams, second.

Hereford bulls—Doyle Wenken, first; Don Wenken, second; Jimmie Charles Chorn, third.

Hereford heifers—Weldon Longbotham, first; Guy Roemisch, second.

Horse Division Winners

Draft horses—George Wenken, first.

Draft mares—Joe Roemisch Jr., first; George Wenken, second; J. H. Myers, third.

Mule colts—J. H. Myers, first; George Wenken, second.

Horse colts—Bill Eheredge, first. Saddle stallions—Eugene Smoot, first. Draft stallions—Roy Spykos, first.

Dairy bulls—Garland Gannaway, first. Dairy heifers—Herman Seale, first.

Poland China hogs—Garland Gannaway, first. Gilts—Wilburn Ellis, first; Floyd Mize, second; James Vaughn, third.

Sows—James M. Bralley, first; Weldon Longbotham, second. Feeder lambs—Tommy Cary, first; Victor Longbotham, second; Tommy Cary, third.

Milk goats—E. J. Stevenson, first; Max Kinzey, second.

Farm Crop Exhibits

Farm crop exhibit winners, who had an excellent array of products, follow:

Milo maize—W. L. Spykos, first; Frankie Kubena, second; Victor Goebel, third.

Cotton, 20 open bolls—Bobby Watson, first; Joe Kuss, second and third.

Cotton, one stalk—W. A. Voss, first; Joe Kuss, second; E. Simmons, third.

Cowpeas—R. L. Vaughn, first. Peanut—Joe Kuss, first; A. W. Clift, second.

Bundled cane—Joe Kuss, first; D. R. Layman, second.

Bundled kaffir—Joe Kuss, first; A. W. Clift, second; D. R. Layman, third.

Kaffir heads—Stanley Pavlas, first; M. Sheppard, second; J. J. Henry, third.

Pumpkins—Sylvia Glyn Bentley, first; Mrs. J. M. Pagan, second.

Poultry—Meat breeds, old pen, W. A. McFarland, first; Garland Gannaway, second. Laying breeds—Mrs. Thelma Haeker, first; Garland Gannaway, second.

Miscellaneous Results. Judging of booths, quilts and needlecraft was a difficult task, due to the many excellent entries received. Results follow:

Cotton quilts—Mrs. Herbert Ward, first; Mrs. Ray Patterson, second; Mrs. J. L. Fargason, third.

Silk quilts—Mrs. Herbert Ward, first; Mrs. W. H. Ward, second.

Afghans—Mrs. J. L. Fargason, first; Mrs. E. J. Ely Sr., second.

Quilt tops—Mrs. L. B. Parmet, first; Mrs. C. B. Bentley, second.

Crocheted spread—Mrs. E. J. Ely Sr., first; Mrs. H. C. Campbell, second; Mrs. C. B. Bentley, third.

Novelty quilt—Mrs. Elvis McMillan, first; Mrs. Bill Kinzey, second.

Silk quilt top—Mrs. E. J. Ely Sr., first; Willow Deane McMillan, second.

Mrs. Frank Zolman placed first with wool hooked rugs and "Grandmother" Harkins first with string hooked rugs.

More Women's Exhibits. Fruits—Mrs. Ed Mraz, first; Mrs. T. J. Weaver, second; Mrs. Adala Drennan, third.

Other products—Luther Fargason, first; Mrs. J. J. Henry, second; Mrs. Bill Kinzey, third.

Needle work—Mrs. C. R. Robertson, first; Mrs. J. L. Breeden, second.

Scarves—Mrs. Orville Beeks, first; Mrs. Vertha Lee, second.

Aprons—Mrs. Adala Drennan, first; Mrs. Albert Kuss Jr., second.

Lunch cloths—Mrs. W. H. Ward, first; Mrs. C. B. Bentley, second; Mrs. Shordie Hendrix, third.

Mrs. Luther Fargason placed first with crocheted baby garments, first and second with crocheted caps and scarfs.

Eunice Lewis placed first, second and third with quilt tops in the Hermleigh School exhibit. Eva Nell Goebel exhibited aprons, Sylvia Glyn Bentley pajamas, Bettie Ruth Reas scarfs, Margaret Jane Ferr pillow cases, Nelda Haeker cup towels and Frances Lewis quilts.

Exhibits From Pyron. Pyron booth exhibitors included Mrs. Clifton, feather comforts; Mrs. Orville Hess, wool comforts; Mrs. Clifton, quilts; Mrs. Herman Seale and Mrs. Clifton, rugs; Mrs. Rogers, afghans; Mrs. Olen Culp, first in paintings, and Mrs. Clifton second and third.

Mmes. Dale and Clifton, canned fruits; Mrs. Olen Culp, crocheted table cloths; Mrs. Boyd Moore, birds; Mrs. Culp, pillow cases; and Mrs. Joe Adams, hand-painted vase.

Citizens of the Hermleigh community want to convey, through The Times, their "appreciation and sincere vote of thanks to the Snyder people for the help given during our Community Fair. We especially appreciated the Snyder delegation that attended the Hermleigh-Flannan football game Friday afternoon."

WINTER PASTURES

By T. C. Richardson, Associate Editor, Farm and Ranch Breeder-Feeder Section

The Southwest is particularly fortunate in the variety of pasture crops which can be grown for fall, winter and spring grazing. Of course, pasture crops are of little interest to a farm without livestock, but a farm without livestock and poultry is not a complete farm anyway. Away back in 1924, when cotton had been twice to four times the price of recent years, an Oklahoma investigation showed that farmers who depended on cotton for less than 40 per cent of their income had accumulated property three to four times as fast as those who depended on cotton for 71 per cent or more of their income.

"As the percentage of income from livestock increases the annual saving of wealth increases," and "the farmer who had less than 40 per cent of his income in cotton and more than 25 per cent of his income in livestock and livestock products made the most money on the average." There are perfectly logical reasons why this was true then and is true now, which has been touched upon in these articles before.

In 1924 and for a long time afterward there were no government "benefits" for doing a good job of farming. Now the government actually pays farmers to do what good farmers were already doing. But the "benefits" from cotton, wheat, etc. will not make prosperity for those who do not follow through and capitalize the land and labor released from cotton growing, by using both in some other profitable manner.

There is nothing wrong with trying some new "cash crops" or looking forward to "industrial crops" of which we hear so much since the "farm chemistry" idea has been so highly touted. In the meantime it is within the immediate ability of every Southwestern farmer to improve his own condition by practicing the well known and long proven principles of balanced farming outlined in the Breeder-Feeder program.

Crops and livestock belong together on the farm, and as shown above, offer greater promise for independence and farm prosperity than any new-fangled theory that has ever yet been invented. Now pastures, winter and summer, are the foundation of a balanced farm program in which man-labor is better distributed and better paid, by turning more of the work over to

the animals. And winter grazing depends on planting the right crops at the right time.

It is a common expression among practical farmers that wheat, oats or barley will pay for the seed and labor in the grazing alone, in most years. The grain crop is that much to the good. Says the Texas Experiment Station "for fall and early winter, barley is the best producer; wheat, oats and rye produce most grazing for winter months; while rye grass gives the most grazing for March and April."

"Winter legumes offer another good use for the land and labor during the winter months. Crops such as vetch, winter peas and some of the clovers grow well in many sections during the winter and early spring, and when plowed under in the spring improve the soil. Substantial increases in the yields of cotton have consistently resulted in East and Central Texas when legumes are grown in winter and plowed under in early spring before planting the cotton.

This holds true also in Eastern Oklahoma, Louisiana and Arkansas, as thousands of farmers have proven by their own experience in recent years.

Winter pasture crops may be sown from now until November in the Southwest, but naturally the earlier they get started the more grazing they will provide.

Air Has Leading Role In Pushing Of Sharon Field

(Editors' Note: Following is the conclusion of an article, recently published in The Times, concerning the "free" air with which oil wells are pumped in the fields southwest of Snyder.)

Average air pressure for the field is about 300 pounds, but one well was tested to gauge 500 pounds of pressure, then released. Although the volume has never been gauged, it is estimated as high as half a million cubic feet per day, with pressure estimated at a top of 750 pounds.

While the supply of free air is believed inexhaustible, a few of the operators have hinted at possible conservation of pressure. Little of it is allowed to waste, except when it is blown through the open hole in drilling.

In the Ira field, south of the town of Ira in Scurry County, half a dozen old producers have been pumping a small amount of oil for 17 years without any apparent diminishing of the air pressures. It is a moot question whether they would have been profitable had the free air not been available. The Ira pool production is found near 1,900 feet.

Besides the free air, the field has on its credit side of the ledger a broad expanse of territory already proven commercial and an unestimated amount of unexplored acreage. With 12 wells producing, already a large portion of four sections has been included within the limits.

The discovery well, Coffield &

Guthrie No. 1 First National Bank of Snyder, first showed acid to be of little value. Its reaction is to congeal the crude, giving it the characteristics of good "axle grease."

Nitroglycerin shots of 500 to 700 quarts are usually administered, but one test was given as high as 1,330 quarts in the 200-foot pay section.

The Beckman reverse circulation process is employed widely to clean out after the large shots, but the sometimes shaly character of the lime pay pumps the problem back in the lap of the operator after a short time on production. Swabbing to increase production and aid in cleaning out has been found to open water intrusion in several wells.

The field has as allowable per well of 35 barrels, and all but two are credited with a four-inch line to the Westbrook field in Mitchell County, where the crude is taken by Col-Tex Refinery.

Former Local Youth Makes Good on Grid

From a Clarendon newspaper comes a report on Carlton Gordon, former local youth, who is playing sensational football on that Plains city's squad this year. Carlton has "grown up" since his father was pastor of the Snyder Methodist Church.

"The swivel-hipped halfback is a great player," relates the Clarendon paper. "Chick" can run like an antelope and dodge like a jackrabbit. Catching passes is his hobby (he plays end part of the time). We are going to expect a lot from 'Chick' this year, and he's not the kind of a boy to disappoint us."

The paper also reports that "Chick" is the official punter, and that he made tremendous gains in one of his squad's early games, with Claude as the opposition.

Six-Year-Old Wins Rating in Lubbock Contest This Week

Billye Arlene Biggs, six-year-old daughter of Mr. and Mrs. A. P. Biggs, clicked again with West Texas audiences Monday night when she was named one of the four top-ranking amateurs in a Lubbock contest, "Texas Stars on Parade," sponsored by the Lubbock post of the Veterans of Foreign Wars.

First prizes of \$10 each went to Billye Arlene for her adagio acrobatic dance, to Archie Swann, Baylor University comedy impersonations artist, T. E. Landreth of Abilene, top spinner, Johnnie Puts of Lubbock, six-year-old "Fred Astaire" dancer, assisting with the adagio were Johnnie Stavelly, Hilton Lambert and John Elburn Biggs.

Other Snyder numbers entered, all dance pupils of Elaine Lambert's School of Dance and Drama, included: Armin Moffett, specialty tap dancer, Cowgirls of the Golden West, dance team composed of Eleanora Spear, Billy Jean Slovacek, Forrest Crowder and Frances Stavelly; military tap team, the Cowgirls and Patsy Snodgrass, Margaret Dell Prim is the accompanist.

Others making the Lubbock trip were: Mr. and Mrs. Biggs, J. O. Sheid, Mrs. H. E. Rosser, Mr. and Mrs. Herman Galysan and Mrs. Lambert.

Mr. and Mrs. Gordon B. Towle and daughter, Yvonne, of Trenton, Nebraska, were week-end guests of the H. G. Towles and Mrs. A. J. Towle.

ing operations on J. B. Stoddard's No. 2 R. O. McClure, located in the northeast corner of the north one-half of southwest one-fourth, Section 142, and are rigging up for the Stoddard No. 3 McClure, which will be a northeast diagonal offset to D. & R.'s No. 2 McClure.

J. M. Partin of Big Spring, who has taken over the old Bristow & Cantrell No. 1 S. G. Tomlinson well, located in the northeast corner of the southwest one-fourth, Section 122, cemented seven-inch casing Wednesday at 1,550 feet. The Tomlinson test, which will be shot in the lower pay horizon from 2,922 to 3,125 feet, was reported Wednesday night to have 1,500 feet of oil in the hole.

Heinzelmann Makes Deal. A development headliner for the Sharon Ridge field was provided this week with the announcement that Helmerich & Payne of Tulsa, Oklahoma, had concluded a deal with G. M. Heinzelmann to start drilling operations in the southwest one-fourth of Section 141, Walter Martin tract, and the east half of Section 147, fee owners of whom are the Doak McFarland family.

Helmerich & Payne, who are expected to arrive with their first load of equipment Friday, are well known as the discoverers of the Hull Silk pool near Wichita Falls. They are moving in the latest in portable rotary equipment, a machine capable of drilling to 8,000 or 10,000 feet. The Helmerich & Payne rotary equipment, distinguished by the jack knife derrick used, was first designed for core testing work in Russia.

Sharon pool visitors this week included S. G. Hodges, Abilene drilling contractor, and John Hancock of Dallas. John's father, James D. Hancock, is a member of Brown, Hancock & Hines, who have production in Upton, Crane and other counties.

Mr. and Mrs. Frankie Hall and small daughter, Carolyn, arrived Friday for a five-day visit with their parents, grandparents and other relatives here. They were guests of the Lando Halls and E. L. Darby.

FSA LOANS IN COUNTY TOTAL OVER \$300,000.00

Government Farmer Aid Program Shows Good Payment Record During Past Four Years

A report released Monday by Horace D. Seely, FSA supervisor for Scurry County, reveals the fact the local farm Security Administration has made loans amounting to \$259,697.06 in the county since July 1, 1935.

Prior to July 1, 1935, slightly over \$60,000 was loaned to county farmers by the government agency, which with the amount loaned since July 1, 1935, makes more than \$300,000 loaned to county clients since the FSA program was inaugurated in Scurry County.

FSA loans made during 1939 total \$59,114.90, according to Seely. Maturities on this year's loans will be \$47,378.17, of which \$20,123.18 has already been paid back. Collectors made up to October 1 on FSA loans leaves slightly over 44 per cent in currently maturing loans to be collected before the crop year ends.

"Since the sale of farm cash crops is just now starting in the county, we feel collectors will surpass maturities," Seely said Monday.

"Only 53 repossessions have been made since July of 1935, a portion of which were made due to clients abandoning their chattels and moving to some other county. This has forced us to dispose of their chattels at public sales. Others have quit farming and turned their chattels back to us, but foreclosures in the county have been comparatively small," attaches of the local FSA office state.

Names Expected on Fair Potted Plants

Altrurian Daughters Club, sponsors again this year of the flower booth and exhibit at the Scurry County Products Show, is asking that owners of the pot plants exhibited this year please place their names and addresses on their entries before they are left at the fair grounds. The committee in charge is anxious that the flower display be representative of the entire county.

At a meeting of Altrurian Daughters Monday evening at the home of Mrs. Herman Darby, initial plans were made to gather magazines and books to supplement the local school library. People of the community who have contributions are asked to call any member of the club, and they will come to the home for the literature.

Dorothy Strayhorn, president, was featured on the club program Monday evening, in a review of "Aristic Adventure," a story based on the life of the Eskimos in Canada, Alaska and Greenland.

Members present for the evening were passed a salad plate at the close of the program. Present were: Misses R. E. Boyer Jr., Harold Brown, Paul Cates, Joe Caton, P. W. Cloud, Herman Doak, Clyde Murray, J. D. Mitchell, J. D. Scott and Harry Ward; Polly Harpole, Thelma Leslie, Vera Periman, Katherine Northcutt and Dorothy Strayhorn.

Faye Huey of Snyder was among the high ranking students of Draughon's Business College, Abilene, who was given a place on the school's honor roll the past term.

Dr. and Mrs. Joe E. Busby of Abilene were week-end guests of Dr. and Mrs. R. D. English in Snyder.

Sheriffs of 20 West Texas Counties Adopt Standard Anti-Rustling Plan

Fifty sheriffs and other officers from 20 West Texas counties attended a meeting of the West Texas Peace Officers Association at Gail Tuesday. Counties to the New Mexico line and as far north as Amarillo were represented at the session.

Adoption of a standard livestock report card, to be used by sheriffs and deputies in checking shipments of livestock from county to county, was a highlight of the conference.

Sheriff V. L. Parker of Lynn County, president of the West Texas Peace Officers Association, reported livestock thefts in 38 counties had dropped from 22 head reported stolen in July and 21 head in August to unofficial reports of one animal lost in September.

Sheriff Sid Reeder of Borden County was assisted in feeding the visitors at noon by Sheriff John Lynch of Scurry County and Ray Hardin, constable. Meat for the occasion was furnished by A. M. Clayton of Johnson & Clayton Ranch, west of Gail.

Next meeting of the organization will be held at Brownfield the second Tuesday in December. Delegates at the Gail meeting voted to hold meetings henceforth every two months, instead of monthly.

Since only two cattlemen attended the Gail meeting, Sheriff John

Lynch strongly urges county ranchers to attend the December session at Brownfield, since current sessions are held especially for the livestock owner's benefit.

Heien Cagle, for several months head stenographer in the local Farm Security Administration office, has been transferred to the Mitchell County office at Colorado City. She will be working with two other former Snyder people, Mrs. Jack Patrick, the former Willie Lock, who is home management supervisor there, and Kenneth Alexander, stenographer. Mary Bryan is returning to the local office from Colorado City.

Scout Leader Is Proud of County Boy Leadership

Principal speaker at Tuesday's Lions Club luncheon in the Manhattan Hotel was Jack Penrose of Big Springs, Boy Scout field executive for the Buffalo Trail Council, who gave a highly interesting talk on Boy Scout work in the Snyder area.

"Altogether, 8,000,000 American boys have passed through the portals of scouting," Penrose said, "and I think it is a very significant fact we today have a scout membership of 1,250,000."

"We are rather proud of the fact that we have seven active Boy Scout troops in Scurry County. They are at Snyder, Turner, Fluvanna, Dunn, Ira, Pyron and Hermleigh." Penrose announced that Lion H. L. Wren had been named to replace W. J. Ely, resigned, as Boy Scout chairman for the Snyder District.

A brief football quiz revealed the fact that Lions Club members are showing an increased interest in sports.

Leon W. R. Bell spoke briefly on flood control work in Scurry County. County Judge Sterling Williams gave a summary of road construction work in the county, and announced that bids for construction work on Highway 15 in the east part of Scurry County are advertised to be let October 24.

Mr. and Mrs. Forrest Wade and children, Charles Wade and Adna Laverne Saylor, of Clovis, New Mexico, former Snyder people, spent the week-end with Mrs. Wade's mother, Mrs. Lora Miller, in Snyder. Mrs. Miller joined the New Mexico family for an overnight stay with another daughter, Mrs. Melvin E. Stoker, in Abilene Sunday.

Tough Tigers to Be Title Threat After 48-0 Frolic

Piling up touchdowns and running extra points in every period, Snyder's rampaging Tigers crushed Lorraine Bulldogs Friday night on Tiger Field, 48-0.

The Bengals went to work early in this first conference meet, pushing across the first touchdown on the second play after they took over the ball. Lorraine received the kickoff deep in their own territory, failed to gain, and then let Snyder pounce on a fumbled punt. Shield, who plugged through during the evening for four touchdowns and three extra points, pulled two or three tacklers with him as he made the first marker.

Although Reed, shifty quarterback who formerly played end, accounted for only two touches and one extra point, he made more yardage during the evening than Shield. Neal also gained plenty of ground, making one touchdown and one extra point.

Taylor made the other extra tally. All the points were either plugged across or carried around end, Neal's kicking toe never having been called into action.

Lorraine was not beyond the Tiger 45-yard line except toward the end of the game, when they reached the 30 on desperate passes with several local second stringers in the line-up. Albright and Simmons in the backfield, Albritton at left end and Captain Letty Hall at center looked good, but the team as a whole could not stop the Tiger stabs.

Score by periods:
Snyder 14 7 6 21—48
Lorraine 0 0 0 0—0
Penalties—Snyder 70 yards, Lorraine 5 yards.
Passes—Lorraine attempted 12; 3 completed for 26 yards; 2 intercepted. Snyder attempted 7; 3 completed for 21 yards.
First downs—Snyder 17, Lorraine 4 (only 1 in first half by Lorraine).

Mother of Teacher, 83, Dies in Harper

Mrs. A. E. Glass, 83, mother of J. M. Glass, died Friday afternoon at the home of a son, J. T. Glass, in Harper. Mrs. Glass, who was an early settler in Navarro County, was ill one week.

Final rites were held Sunday afternoon at Kerens. Mr. and Mrs. J. M. Glass, Scurry County teachers, attended the services. The elder Mrs. Glass spent several years at the home of the local people and was known to many Scurry Countians.

Survivors besides the local man and J. T. Glass of Harper are three other sons, C. W. and H. J. Glass of Kerens and E. M. Glass of Giles, and two daughters, Mmes. Janie Ayers and Maude Wright, both of San Juan.

Legion Committee To Report on Hut Funds

A feature of the Will Lavne American Legion post meeting at the courthouse Thursday night, October 19, will be a committee report on the progress made toward obtaining funds for rebuilding the Legion Hut destroyed in June, Henry Rosenberg, post commander, states.

Members of the Legion Auxiliary will also meet the same night at the courthouse. Legion and Auxiliary officials urge all members of both organizations to attend the October 19 meetings.

Church of Christ

Sunday morning at 9:45 in the adult Bible class, Le Moine G. Lewis, minister of the church, will give the third lesson from the series on "The Church." Subject of the morning sermon at 10:50 will be "Some Lessons from the Offerings of the Old Testament." The evening theme at 7:30 will be "The Power of God's Word." At 7:30 Wednesday evening the minister will deliver the third lesson on "The Books of the Bible," giving a summary of the book of Leviticus.

A hearty welcome awaits you at each service.—Reporter.

Book Covers for Schools Given by Phillips, Snyder

School book covers at Snyder and Hermleigh are being furnished this year by Phillips Petroleum Company, according to the superintendents, C. Wedgeworth and E. L. Farr. Snyder uses 4,500 covers from Phillips; Hermleigh, 1,500.

Book covers for other schools of the county are furnished by Snyder merchants, 15,000 of the covers having been printed by The Times recently for distribution through the county superintendent's office.

State law requires that all textbooks be covered adequately. The need for these school book covers has caused Phillips Petroleum Company to furnish covers similar to these to schools throughout West Texas, the requirements amounting to over 500,000 covers.

Wholesale agent for Phillips in Nolan, Scurry, Mitchell and Fisher Counties is Roy Patterson, formerly of Fluvanna and Snyder. He serves two stations each in Fisher and Mitchell, four each in Nolan and Scurry. The local stations are operated by Jewell Moffett in East Snyder, A. B. Eicke in West Snyder and Carden's Camp just north of the square. B. Wasson is dealer at Hermleigh.

Rev. and Mrs. James E. Spivey of Denison were brief visitors with Snyder friends early this week. Formerly pastor of the local Presbyterian Church, Rev. Spivey is now pastor at Denison.

FULL STAGE PROGRAM FOR BOTH SHOW DAYS

The most unique feature of last year's Products Show—hour after hour of on-the-stage entertainment directed by E. O. Wedgeworth of Fluvanna—has been reborn this year into the greatest array of organized talent Scurry County has ever seen.

Every nook of the trade area is represented on the programs, which begin at 11:30 a. m. and continue until 10:30 p. m. each day. And just about every type of talent that can be put through a broadcasting system has been placed on the menu by the director, who has spent days in arranging the details.

Each 15-minute program this year has a sponsor, merchants and others in all parts of the area having accepted this plan wholeheartedly. Thus, a small amount of advertising for these sponsoring firms will accompany the various programs.

Following is the complete two-day program, with the time, name of program and sponsor given in order:

FRIDAY'S PROGRAM.

Judge Will Speak At Hobbs Scout Meeting

Due to the fact Hobbs School is temporarily without electricity while REA connections are being made, scout officials this week set Sunday night as the date to hold a court of honor at the Western Fisher County school for Hobbs Boy Scout Troop No. 75.

One of the principal speakers at court of honor proceedings will be Judge A. S. Matzey of Sweetwater, Judge of the 32nd Judicial District.

Thirty Rotan and Hobbs scouts were recently given their test for badges in a joint meeting at Curb Hole, four miles northwest of Camp Springs, most of whom will be in line for badge awards Sunday night.

The program will begin promptly at 8:00 o'clock, troop leaders report.

Neal, left half; Taylor, right half; Shield, fullback; Reed, quarterback. The boys say scrimmage sessions are tougher this season than ever before—as well as other practice sessions. But this strenuous afternoon menu is showing up in the best tackling, the cleanest blocking and the most never-say-die spirit that the Tigers have known in some years.

Hill and many of the fans—and most of the boys, too—are guarding against the sort of cockiness that has lost Snyder several crucial games in recent years. It is said that the Tigers are determined to put out their best in every game, and they have assurance, with plenty of good material sitting on the bench, that they will be pulled in double quick time if they fail to "put out."

The all-round development of the backfield is probably the most encouraging symptom that hits the eyes of most fans. With Reed at quarter turning in an all-out sensational game, with Shield at full turning out far shifter and head-up ball than he did last year when he was all-district full, with Neal getting his red head into most of the plays, and with Taylor, Spikes, Merritt and other good boys in that backfield—operating behind a line that snaps like a dry-land turtle—well, the fans see nothing less than a district flag if that disastrous cockiness is kept under lock and key at every game.

Fluvanna Gets Next Church Singing Meet

A good crowd of singers from all parts of Scurry County convened at Ira Sunday, when the Ira Church of Christ acted as host at a songfest given for the Churches of Christ in the county.

Following regular Sunday morning church services, a basket lunch, replete with trimmings, was spread at noontime. A full afternoon of class and special singing began at 2:30 o'clock.

Fluvanna was successful bidder during the business session to act as host to the Churches of Christ in Scurry County at their next regular songfest the second Sunday in November.

CARDS PLAY TWICE.

Hermleigh Cardinals are taking on a double header this week. They are slated to play Post at Post tonight. Then they meet Colorado City Junior High Friday afternoon of this week on the Hermleigh grid.

FFA Members Take Prizes at Hermleigh

Thirty Future Farmers entered exhibits at the Hermleigh Community Fair October 6-7. Almost half the entries won awards. The entries included calves, gilts, cotton, grain sorghum, feeder lambs, mule colts.

Among the ribbon winners were Don Snowden, first on beef calf, W. L. Spyles, first on mule; Bobby Watson, first on cotton, and Wilburn Ellis, first on gilt. Tommy Cary won a first and a third on lambs.

The chapter had an educational exhibit on seed treatment. Herman Seale from the Pyron FFA took the blue ribbon on a Jersey heifer. Guy Joyce Adams, also from the Pyron chapter, won second on his Hereford steer.—Reporter, Hermleigh FFA.

TAX PAYMENTS BEGIN TO ROLL IN FOR COUNTY

Assessor-Collector Explains Increase In Rate Takes Care of Added Expenses of State, Bonds

In common with property owners of other Texas counties, Scurry County citizens began last week paying current county and state taxes, and purchased a number of 1939 poll tax receipts.

In reply to the many inquiries received by the county tax assessor-collector's office in regard to increased county and state taxes for 1939, the following picture of the tax situation is given by Assessor-Collector Herman Darby:

The county and state tax rate for 1939 of \$1.38 on the \$100 property valuation is 34 cents higher than the 1938 rate of \$1.04, of which amount a 28-cent increase—from 49 cents to the constitutional maximum of 77 cents—was set by the automatic tax board at Austin. An additional six-cent levy on the county rate was added by Scurry County voters to take care of bonds voted for Highway 15 improvement.

The automatic tax board was composed of Governor W. Lee O'Daniel, George H. Sheppard, state comptroller, and Charley Lockhart, state treasurer.

No increase in property valuations or county or state taxes was made this year, except in cases of new or additional improvements, or to equalize valuations, or in cases of increased personal property.

The three per cent discount on state ad valorem taxes, plus the three per cent discount allowed for early payment of taxes in the Dunn, Canyon and Ira independent school districts has doubtless resulted in increased payments of 1939 taxes, assessor-collector office attaches report.

Darby reported Tuesday last week's collections of state, county and common school district taxes amounted to \$3,824.70. Independent school district collections were \$245.83. Sixty-two poll tax receipts had been issued up to Monday morning.

The combined county and state tax rate of \$1.38 on the \$100 valuation, when compared with other years, is nine cents lower than the \$1.47 rate set for 1933-34 in Scurry County. County and state rates in 1935-36 amounted to \$1.52, for 1937 \$1.39, and \$1.34 in 1938.

Elementary Honor Roll Complete Says Principal E. Horton

Ira's elementary school honor roll for the first six weeks is being announced this week by Earl Horton, grade school principal. Students named on the scholastic honor roll by grades are given in the following paragraphs.

Seventh grade—Olen Ray Sterling, Billy Joe Falls, Howard Sterling, Marshall Cook, Melvina Dixon, Jack Taylor and Patsy Hardee.

Sixth grade—Truett Thompson, Betty Sue Dunn, Patsy Moore, Erwin Davis, Betsy Lou Childress.

Fifth grade—Wanda Sterling, Billy Bob Hardee, Jean Taylor, Bobby Jack Hodges, Billie Jean Cary and Corky Kruse.

Fourth grade—Billy Holley, Iris Floyd and Billy Jean Childress.

Third grade—Donald Ray Baldwin, Tommie Rea Falls, B. D. Kelley, Bill Moore, Neal Smith, Georgene Lewis and Helen Sterling.

Second grade—Billy Echols, Billy Dean Ruth, Betty Jean Ruth, Emogene Erwin, Dorothy Marie Favors, Elma Jean Floyd, Evelyn Swan.

First grade—Martha Jo Hardee, Lola Faye Madison, Rebecca Rose Coble, A. P. Snider and Joe Bob Flowers.

James T. Johnson, brother-in-law of Mrs. H. G. Towle, visited the local family over the week-end. His home is in San Diego, California.

Mr. and Mrs. R. H. Odom were visitors Sunday in Lamesa, where they viewed, along with hundreds of others, the new Higginbotham-Bartlett Funeral Home.

Visiting, Spivey Has Full Round Of Activity Here

Christening of two babies, family night church supper and informal visiting among attendants furnished a full evening of reverence and enjoyment at the First Presbyterian Church Monday evening. Rev. James E. Spivey of Denison, former local pastor, and Mrs. Spivey were present.

Assisting Rev. Spivey in the christening service was Pastor C. H. Ward of the local church. The babies were Fred Armor McFarland, six and a half month-old son of Mr. and Mrs. Armor McFarland, and six-week-old Harry Phil Curtis, son of Mr. and Mrs. Buster Curtis. Both were presented cloth-bound certificates and testaments with names engraved in gold by the officiating minister.

Mrs. F. W. Wolcott, mother of Mrs. McFarland, was at the piano for the opening songs Monday evening. Mrs. Wolcott has charge of music in the local church, and served for her only grandchild's christening.

Special guests for the christening of Harry Phil Curtis included one set of great-grandparents, Mr. and Mrs. E. B. Baugh; three grandparents, Mr. and Mrs. J. S. Curtis and Mrs. Bert Baugh; Mrs. W. R. Hudson, Jo Evelyn Hudson, Marva Nell Curtis and Fred Curtis and Allen Curry. The baby's father, who recently established a grocery store in Colorado City, was over, and Mrs. Curtis and Harry Phil will move to Colorado City probably before the first of the year.

Welcome was extended at the church supper by Rev. Ward, who with his wife, were official hosts in honoring Rev. and Mrs. Spivey. The tables were centered with bouquets of fall flowers, trailing ivy was entwined with holders for the burning white candles. Former members of the Pioneer Boys, group formed by Rev. Spivey here, were also present.

Dr. and Mrs. Henry O. van der Hoff and small daughter, Ruth Armetta, of Vernon were week-end guests of Mrs. van der Hoff's parents, the D. P. Yoders. The Vernon man returned home Monday, but Mrs. van der Hoff, the former Ruth Yoder, and the baby will spend several weeks in the Yoder home at Snyder.

Products Show Well Financed, But It's All Free to Those Who Attend

A unique feature of Scurry County's second annual Products Show here Friday and Saturday that is attracting a considerable amount of interest from other Central West Texas counties concerns the financing of the two-day show here without resorting to entrance admission tickets.

Financing of the 1939 Products Show without necessity of charging entrance fees to the grounds is being made possible by Scurry County merchants and business firms who sponsored advertising in the 56-page Products Show catalog, with the biggest volume of advertising in a county exposition catalog since 1936—by commercial booths and by the 44 broadcast sponsors who are backing the two-day free entertainment program, and by donations from leading Scurry County ranchers.

Commercial booth sponsors have assisted in a fine way with booth construction costs for the entire Products Show by reserving booth space for a parade of exhibits that will interest every visitor at the two-day event.

Broadcasting of the free entertainment program both days of the Products Show is being made possible by 44 home county business firms and merchants, each of whom is paying for a 15-minute broadcast. A sponsoring merchant or firm has been limited to sponsoring a 15-minute broadcast each day of the show.

Commercial announcements will be made at the beginning, in the middle and at the end of each 15-minute broadcast.

Son of Local Couple, 12 Days Old, Is Dead

Death claimed Jerry Charles Hill, 12-day-old son of Mr. and Mrs. C. I. Hill, early Wednesday morning, following a brief illness. Funeral services were conducted Wednesday afternoon, 5:00 o'clock, at the family residence by Rev. M. W. Clark.

Survivors include the parents, Mr. and Mrs. C. I. Hill; grandparents, Charles Hill, Mota, and Mr. and Mrs. C. M. Cary, Hemleigh; and Mr. Cary, a great-grandfather.

Palbearers were Herman Darby and Lee Stinson. Misses J. B. Pierce and Jack Inman were in charge of floral offerings.

Odum Funeral Home was in charge of funeral arrangements, with interment in Snyder Cemetery.

Mrs. Mattie Justice and Bennie Condon of Post spent Monday in Snyder with Mrs. Justice's daughter, Mrs. W. G. Williams, who is ill, and with the Wayne Williams family.

Wren Made District Boy Scout Chairman

H. L. Wren was named district Boy Scout chairman of the Snyder District at a committee meeting of scout officials Tuesday morning in the Manhattan Hotel. Wren replaces W. J. Ely, who recently resigned from the position after serving about three years.

Jack Penrose of Big Spring, field executive for Buffalo Trail Council, Boy Scouts of America, presided at the session, which attracted a number of committeemen and other scouts. Scurry County has seven active Boy Scouts troops, Penrose said.

Victor Drinkard of Odessa spent the week-end with his parents, Mr. and Mrs. J. G. Drinkard.

Frances Stinson was home from Howard Payne College, Brownwood, for the week-end.

Mrs. Mattie Justice and Bennie Condon of Post spent Monday in Snyder with Mrs. Justice's daughter, Mrs. W. G. Williams, who is ill, and with the Wayne Williams family.

Extension Work to Be Offered by Tech

The county superintendent's office announced yesterday that Professor J. F. McDonald, head of the extension service department at Texas Tech, Lubbock, will again offer extension work in Scurry County this fall—if enough people express interest in this type of work.

Those interested should contact Roy O. Irvin at once.

CITATION BY PUBLICATION

The State of Texas. To the sheriff or any constable of Scurry County.—Greeting:

You are hereby commanded to summon H. E. Favor by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper in the nearest county where a newspaper is published, to appear at the next regular term of the 32nd District Court of Scurry County, to be holden at the courthouse thereof, in Snyder, Scurry County, Texas, on the fourth Monday in November, A. D. 1939, the same being the 27th day of November, A. D. 1939, then and there to answer a petition filed in said court on the 18th day of September, A. D. 1939, in a suit, numbered on the docket of said court as No. 3212, wherein Cora D. Favor is plaintiff and H. E. Favor is defendant, and said petition alleging:

That the plaintiff is and has been an actual bona fide inhabitant of the State of Texas for a period of more than 12 months next preceding the exhibiting and filing of this petition and has resided in Scurry County, Texas, for more than six months next preceding the filing of the same; and that the residence of the defendant is unknown to the plaintiff.

That the plaintiff and defendant were duly and legally married in Brown County, Texas, on or about October 11, 1923, and lived together as husband and wife until on or about February 24, 1939, at which time they separated under the circumstances hereinafter set out.

That the plaintiff has at all times been a dutiful and loyal wife to the defendant, mindful of her marital vows, but, notwithstanding, the defendant on and during the year 1936, began a course of harsh and cruel treatment of the plaintiff which finally resulted in their separation as aforesaid in this to-wit: That the defendant failed and refused to properly care for and support the plaintiff and the children hereinafter named, subjecting them to privations and want; that the defendant would quarrel with and nag the plaintiff; that he on occasions has used physical violence against the plaintiff, striking her with his fist and placing her in fear of her bodily safety; that he would often fly into a rage applying to the plaintiff insulting and vile epithets; that the defendant often told the plaintiff that he no longer cared for her and asked her to return home to her parents; that such conduct and treatment of the plaintiff on the part of the defendant grew steadily worse until their separation as aforesaid, which cruel and harsh conduct renders their living together insupportable; that the plaintiff and defendant have not lived together as husband and wife since their separation on February 24, 1939.

In any event, plaintiff alleges that the defendant is guilty of excessive, cruel treatment and outrages toward the plaintiff, which excesses, cruel treatment and outrages are of such a nature as to render their living together insupportable.

That there were born to the marriage herein sought to be dissolved four children, to-wit: Larry D. Favor, a boy now 14 years of age; Lawrence Clifton Favor, a boy now 10 years of age; Dorothy Marie Favor, a girl now seven years of age; and Anita Joyce Favor, a girl one year of age, and plaintiff would show that she is in all respects a fit and proper person to have the permanent care, custody and control of said minor children.

That there is no property, and no property rights to be adjusted between the parties.

Wherefore, the plaintiff prays the court that the defendant be duly cited in terms of the law to appear and answer herein and that upon trial heretofore existing between said parties be dissolved and held for naught, and that the plaintiff, Cora D. Favor, have her judgment of divorce of and from the defendant, H. E. Favor, and plaintiff prays that she have judgment awarding to her the permanent care, custody and control of said minor children above named, and for all costs of this suit, and plaintiff prays for relief whether general or special, legal or equitable to which she may be entitled under the law and the facts.

Herein fall not, and have you before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Snyder, Texas, this 18th day of September, A. D. 1939.—J. P. Billingsley, Clerk, District Court, Scurry County. 16-4c

The Show of the Year

"Where city streets run into country lanes" is one of the aptest slogans yet suggested for Scurry County's Second Annual Products Show . . . the show that is believed by exhibitors and members of the Products Show committees to promise more than any other event of its kind ever planned for this trade area.

The Friday-Saturday show here, bringing together the people of Scurry and Borden Counties, as well as Hobbs and Polar community residents, will truly be "the show of the year," considered from any angle.

It will be one of the few expositions of its kind in Texas financed entirely by home resources, without heavy drawing on business men and without entrance charges. Too, it will be unique and outstanding in the entertainment programs that will bring talent from every corner of the trade territory. As many as 72 community boys' and girls' clubs and farm crop exhibit booths are seen by committeemen. As Amos and Andy would say, "Am't that sumpin'?"

Points of difference seen in years past at county fairs have been erased because the town folks have at last seen the light—that such exhibitions should be largely of, by and for the farmers and ranchers. It is in every sense of the word an exhibitors' show—a show window of what we produce.

Products Show days will be happy days, with the first fruits of harvest exhibited in a grand array of products from a great farming and ranching country. The superior quality of our beef and dairy cattle . . . the value of our horse and mule breeding . . . the increase of better goats, sheep and hogs . . . the increasing value of "the cow, the sow and the hen" . . . These and other facts will be emphasized as visitors by the thousands look through our show windows this week-end.

This Products Show will be a lasting testimony to the slogan: "Where farmers ranch and ranchers farm."

In many respects, these will be the two greatest days Scurry County and her neighbors have seen. May they help make us a happier, more prosperous people!

Bring all the kids—and let's have a big time!

Fires Still Happen

It is unfortunate, from one standpoint, that Fire Prevention Week falls, in part, at the same time as our Products Show. The special week, nationally observed, cannot receive the recognition it deserves in Snyder.

But, led by Fire Chief N. W. Autry and other city officials, the entire community can become so "anti-fire-minded" that our yearly loss from fires can be largely avoided. As indicated in a daily paper cartoon this week, the demon Carelessness is the cause of most fires. All of us, youngest to oldest, can observe the simple anti-fire rules, breaking of which causes most of our fire losses.

An exchange, calling attention to Fire Prevention Week, makes these timely suggestions:

"The day of conflagrations is not past," says F. D. Layton, president of the National Board of Fire Underwriters. And he has plenty of evidence to support his statement.

"The threat of great fires is present in most cities and towns," Layton said. Inadequate or outmoded building codes—the existence of ancient firetraps—poorly organized fire fighting facilities—unstable water supply—these are a few of the hazards that may, at any moment, produce a hell of smoke and flame which will leave death and destruction in its wake.

The conflagration danger is not confined to the larger cities. A quarter-mile fire such as that which occurred in Chicago last May is soon forgotten in a metropolis—a fire of similar size in a small town would destroy it completely. In many of the smaller communities (remember the theatre fire on the east side of the Snyder square?) it would be difficult to stop a fire that started in an unfavorable fire-fighting location.

Here is where the cause of fire prevention comes straight home to us all. To help prevent fire is a personal job.

Change in Europe

Pessimism Pete says the tremendously brave people of Poland will probably be changing the name of their capital soon from Warsaw to Saw-War.

Hermleigh Noses Out Fluvanna In Feature B Game

A feature of the Friday-Saturday Hermleigh Community Fair was the closest Class B game of the season, the Cardinals whipping Fluvanna Buffaloes, 6-0, Friday afternoon.

The lone touchdown came at the beginning of the third quarter when Weldon Morgan, Hermleigh fullback, passed from the 30-yard line to Ira Layman, left end, who caught the pigskin on the five-yard line and stepped across.

Layman, playing a brilliant game, was taken out of the game with a broken leg just a few minutes after he caught the touchdown pass. The senior end, a two-year letter man in football and basketball, suffered a clean break just above the ankle, according to doctors at Snyder Central Hospital, where he was rushed after the injury. Coach A. C. Bishop Jr. considers his loss a severe setback to Hermleigh possibilities this year.

The game brought only two first downs for each team. Fluvanna attempted 21 passes, with four completions. Out of 10 attempts by Hermleigh, two—one of them the touchdown pass—were complete. Of the eight other Hermleigh aerial attempts, Left End Joe Landrum of Fluvanna intercepted two.

Game line-ups follow: Hermleigh—Layman, left end; Vernon, left tackle; Willie Joe Nachlinger, left guard; Spycy, center; Stevenson, right guard; Mobley, right tackle; Hale, right end; Vaughn, left halfback; Knight, right halfback; Morgan, fullback; and James Casey, captain, quarterback.

Fluvanna—White, right end; Landrum, left end; McDonald, right tackle; Lilly, left tackle; Sims, left guard; Stavelly, right guard; Jones, left halfback; Squires, center; Turner, fullback; Rhodes, quarterback; Brown, right halfback; Rucker substituted for Jones in the second quarter.

Snyder General Hospital

Medical patients for several weeks at the local hospital, Mrs. Julia House of Gail, E. A. Eubanks of Ira and Marion Newton of Snyder are still in the hospital. Rev. Ira Harrison, local Baptist minister, who underwent surgery there last week, is also remaining this week. Mrs. W. G. Williams, operated last week, was moved to her home here Wednesday afternoon.

New patients include: Mrs. Johnny Jacobs, observation; Mrs. Noah A. Smith of Justiceburg, Mrs. O. H. Bowers and Ava Turner of Roscoe, surgeries.

BASKETBALL GAME! Probably the first real girls' basketball game of this area for the season will be played at Highland Friday at noon, with the Pryon girls as opposition for the Nolan County school.

Four Locals Will Go To Legion Sessions

H. A. Lattimore, Will Layne Post adjutant, Mrs. Lattimore and Mr. and Mrs. Frank Arnett are scheduled to represent the local American Legion unit at a 19th District American Legion meeting in Plainview tonight (Thursday).

The Plainview meeting was arranged for after State Department Commander Lou Roberts requested recently that every district in the state have a cracker jack good Legion meeting at least once each month.

Legion notables who will attend include Roberts, state department commander; Charles Whitacre, 19th District commander, and others. Program features will include beautiful speaking, eating, and a well-rounded entertainment program.

Jonisse Cogdell, who transferred from Southwestern University, Georgetown, this fall to Texas Tech, Lubbock, was home last week-end.

Calls promptly answered by competent persons at all hours of the night and day.
