TIMES TABLE

Matters pertaining to Highway 15 were discussed by members of the Commissioners Court who met Monday and Tuesday in regular session. Nothing of unusual interest was reported by the court when it adjourned Tuesday afternoon.

Grady Wallace, son of Mr. and Mrs. E. E. Wallace, local ranch people, will graduate Monday from the College of Medicine at the University of Tennessee, Memphis. The local high school graduate's several-month stay in Texas hospitals in 1936 and his ill health for nearly a year failed to put a damper on his determination and ambition to be a doctor. He got his earlier training in Baylor University, the University of Texas and Texas Technological College. Mr. and Mrs. Wallace left Tuesday to spend several days with Grady before his graduation. He leaves Tuesday, following his graduation Monday, for New York City to take his intern work for surgery.

Over at Olds Service Station is Matt Brackeen, a lubrication specialist who has been associated with one firm in San Antonio for nine years. Already well equipped for Gulf lubrication in all its phases, Bud Miller's place is even better prepared now to handle this type of work. The newcomer is a former Snyder boy, son of the late C. C. Brackeen of West Snyder.

Marinello Beauty Shop is this week celebrating its first anniversary. The modernistic beauty shop in the old post office building has added several bits of new equipment since its opening day back in December of 1938. Mrs. Bes Fish, owner, long a business woman here, says it's been fun to cater to the beauty needs of women and girls these 12 months.

"Glad greetings, good wishes and the season's cheer" come to The Times this week from Mr. and Mrs. John C. Moar of Atlanta, Georgia, with a check attached to the attractive card for renewal of their paper. The Moars were formerly residents of this section.

The Highway Cafe, located just north of Maple Funeral Home on Avenue S, was leased last Wednesday by Janie Garrison, who has assumed management of the eating place that was formerly operated by Mrs. Jess Rogers. Janie invites her friends, who remember her as a long-time employee of local cafes, to drop by and eat with her since she's the "boss."

County Leaders For AAA Will Be Elected Monday

Frank Wilson, chairman of the county committee, announced Tuesday that the county court room has been selected as the voting place for Scurry County farmers to cast ballots Monday for community committee members, alternates and delegates who will serve during 1940 in administering the Triple A program in the county.

Community No. 2 voters will start voting in the county court room Monday morning at 10:00 o'clock; community No. 3 voters at 1:00 p. m.; and community No. 1 voters at 3:00 o'clock Monday afternoon.

The county agent's office states local 1939 community committee members will be in charge of the election Monday. Community members so chosen in the committee election will assume their duties January 1, 1940. Delegates selected will name the members of the county committee for 1940. Claud D. Cotton, administrative assistant, states:

"The Scurry County Agricultural Conservation Association, which has developed into the biggest county agency we have, so far as bringing cash into county farmers' hands is concerned," X. B. Cox county agent, said Tuesday, "let's have a 100 per cent turnout of farmers Monday, so that the 1940 Triple A farm program in Scurry County may be wisely administered in various county communities."

Election Monday of community committee members, alternates and delegates will be held in accordance with the provisions of the AAA provisions of 1938.

Sweetwater Man Is Found Dead in Car At Sharon Oil Pool

L. R. Cramer, 35, of Murchison-Cramer Motor Company of Sweetwater, and a resident of the Nolan County seat the past six years, was found dead in his car early Sunday morning near the Sharon Ridge oil field. Death was attributed to carbon monoxide poisoning.

Cramer left his home at Sweetwater about 10:00 o'clock Saturday morning, and was not heard from until his body was found early Sunday morning, seated in his car, about 250 yards from a drilling rig. Sheriff John Lynch, Ray Hardin, constable, and Justice of the Peace P. E. Davenport, who examined the body of Cramer, reported death was "caused undoubtedly by carbon monoxide poisoning."

Body of Cramer was brought to Snyder Sunday morning and prepared locally by Odom Funeral Home, after which it was transferred to Yates Funeral Home, Sweetwater. The body was shipped from Sweetwater to Stamps, Arkansas, where burial services were held Tuesday.

Cramer is survived by his wife and one son of Sweetwater; his parents, Mr. and Mrs. R. A. Cramer of Stamps, Arkansas; and a sister, also living at Stamps.

GORDON TO FRISCO.
Gordon Sentell, son of Mr. and Mrs. C. F. Sentell, who has been stationed at Rauldolph Field, San Antonio, the past three months, will be transferred to Moffett Field in the San Francisco Bay area effective Saturday. He has been attached with the air corps since entering U. S. Army service.

MANY TURKEYS FAIL TO MOVE

Three of the four local produce houses buying turkeys on the Christmas market brought purchases to a close Tuesday night, with No. 1 birds bringing 10 cents per pound. Purchase of turkeys for the Yuletide market by local buyers was a little unusual this year, in that No. 1 birds continued to bring 10 cents per pound from the opening of the market December 5 to its close Tuesday night. Approximately one car of turkeys was shipped by Snyder produce houses for Yuletide consumption.

Due to the abundant turkey crop raised this year and the low prices brought by the birds on the market, many local and county residents are planning on a turkey dinner Christmas. Not even two Thanksgivings this year has disposed of the 1939 turkey crop, local buyers state.

RIGHT OF WAY FOR REA LINES BEING MAPPED

Lines 142 Miles Long, Mostly in Scurry County, Will Serve At least 303 Members

Right-of-way work in the Inadale country is practically complete, and the crew will be moving toward the northern part of Scurry County soon, M. L. Anderson, who is assisting with this phase of the REA program in the county, told The Times early this week.

J. E. Morgan & Sons of Waco, with a base bid of \$66,821.69 and alternate of \$66,496.74 was declared low bidder last Tuesday morning at Rotan, when bids for construction of the "B" REA extension line that will serve the Pylon, Hernaligh, Snyder and Fluvanna communities in Scurry County were read at offices of the Midwest Electric Cooperative, Inc.

Second closest alternate bid entered was only \$21.27 above the low bid entered by Morgan & Sons. Other bids entered on the "B" extension line were by Oman Construction Company of Marshall, Tennessee; Bauman Electric Company of El Paso; Zentell Brothers, Ironton, Minnesota; R. W. McKinney, Nacogdoches; Midland Constructors, Chicago, Illinois; and Richards & Mullinix, Oklahoma City.

A total of 303 members will be served by the 142-mile REA line that will serve the Pylon, Hernaligh, Snyder and Fluvanna communities, Glen W. Yandell, superintendent of Midwest Electric Cooperative, stated.

Investment on the 142-mile rural electric line will be \$468 per mile, and \$219 per member. These figures are for construction and do not include other expenditures.

Olaf Anderson, field engineer for the Rural Electric Administration, telephoned Washington, D. C., REA officials Tuesday for administrative approval of the Morgan & Sons bid, after which a construction contract was formally executed in the presence of Midwest board members, presided by Sterling Willingham.

Scurry County attendants at last Tuesday's contract letting included Andy Jones and Jim Beavers, Camp Springs, M. L. Anderson of Snyder and W. O. Moore of Hernaligh.

DECEMBER 21 DEADLINE FOR CHEER NAMES

Fire Department Anxious to Have Names of All Needy Left at Fire Hall at Once

Thursday noon, December 21, was set this week by members of Snyder Volunteer Fire Department as the deadline for turning in the names of needy Snyder families to A. C. Alexander Jr. at the fire station so final plans can be completed for distribution of Christmas cheer packages.

Those and other Christmas cheer articles should be left at the fire station as soon as possible. Chief N. W. Autry said Wednesday, in order that they may be repaired and painted early next week.

Individuals who do not desire to help the fire department with their Christmas cheer, but who want baskets to go to some particular family, are requested to be personally responsible for baskets reaching their destinations.

Those who have names of indigent families to turn in are again reminded that Thursday noon, December 21, has been set as the deadline for accepting names.

Christmas Food Sale Saturday by Local H. E. Girls

Sponsored by the Snyder Schools home economics class, the annual Christmas food sale for the class will be staged all day Saturday in the front of the building formerly occupied by Snyder Hardware & Implement Company, Vera Periman, home economics teacher, reported Wednesday.

The home economics department of Snyder Schools is sponsoring a plan whereby competent girls desiring to earn Christmas spending money are assisting their housewives in caring for children, helping at parties and other occasions.

Housewives desiring competent and trained home economics girls to assist them with children or in giving parties are requested to contact Miss Periman as soon as possible. Proceeds from Saturday's food sale will be used to send representatives of the home economics class to the state homemakers' rally in May.

LEGION EVENT DRAWS 150 TO CITY TUESDAY

Many Posts of 19th District Are Represented at Monthly Feed in Guard Armory

One hundred and fifty ex-service men and American Legion officials from Scurry County and all parts of the 19th District were attracted to Snyder's National Guard armory Tuesday night for December's regular monthly meeting of the 19th Congressional District.

John Scott of Plainview, 19th District vice commander, one of the principal speakers on the program, was introduced by Lee Stinson. Another outstanding speaker was Harry McEnnis, district adjutant, also of Plainview.

A show of black magic and slight-of-hand tricks that lacked only a pink cotton rabbit for completeness was staged by W. E. Lavender of Lubbock.

An excellent program of entertainment, dancing and special vocal numbers was given by a group of 18 performers directed by E. O. Wedgeworth of Fluvanna. Special dance numbers were given by pupils of Mrs. Hilton Lambert.

Chow, consisting of tamales, chili-flavored beans, lettuce and tomatoes, doughnuts, bread and coffee, was served to 150 people.

Legion posts represented at Tuesday night's gathering included Lubbock, Plainview, Brownfield, Post, Littlefield, Levelland, Lamesa and others.

Henry Rosenberg, local commander of the Will Layne American Legion Post, stated "Tuesday night's convalesce of Legionnaires and others was one of the most enthusiastic meetings yet staged in this territory. We feel membership in the local post will increase after such a peppy 19th District meeting as this one was."

MAIL GIFTS EARLY!

Mail your Christmas packages early!

This advice by Postmaster Warren Dodson is seconded by employees of the local post office, who say that early mailing of Yuletide bundles and packages will insure their delivery in plenty of time for the recipients to get them before the holiday mailing rush reaches its peak.

Directions for mailing Christmas cards and greeting were given Wednesday by Postmaster Dodson.

Yuletide greetings may be mailed at the third class rate of postage provided they are unsealed and there are no written messages other than the usual season greetings. Dodson said. The rate is one and one-half cents each, but such mail will not be forwarded or returned since it will be handled as circular mail.

If mailed first class, Christmas greetings will require three cents. They may then be sealed and contain writing, and will be forwarded if necessary, or returned if not delivered.

COFFIELD & GUTHRIE STARTS WORK ON ENLARGED PIPELINE

LIGHT LOSS BY FIRE CITED BY LOCAL MAYOR

"Be Cautious Christmas" Is Towle Plea as He Points to Year's Loss of Only \$1,517

"Our fire loss this year to date has been only \$1,517," Mayor H. G. Towle reminds the people of Snyder this week. "The fire department has answered 16 calls during the year," the official continued.

"It is the duty of every citizen to watch all fire hazards, have your flues examined, especially in our flooded area. Now that Christmas is at hand, be very cautious about your fireworks.

"At present we have a heavy insurance penalty, caused by the loss of our school building last year. This was unavoidable. Our fire boys made a gallant fight to save what they did and are due commendation from every citizen. In fact, we have one of the very best fire departments in the state. Every man is alert to his responsibility to protect your property and insurance rate day and night.

"We deeply appreciate your splendid cooperation. Every time you save on a fire you have saved every citizen in Snyder some money.

"Again we thank every man, woman and child for their efficient cooperation with our splendid fire department. We are ever mindful of your efforts to hold our fire losses to a minimum.

"Remember—this is your city and the Snyder Volunteer Fire Department is yours.

"Wishing you the season's greetings.

"Sincerely,
"H. G. TOWLE, Mayor."

HIGHWAY 101 GAP TO CLOSE; FIRST 15 WORK

Contractor on East Road Moves in Six Caterpillars, Material for Starting Vital Job

Work on completing the two-mile gap of Highway 101 on the Scurry County side of the Mitchell-Scurry line was started in earnest Tuesday by a crew of workmen under the supervision of Engineer Jack Gorman, following issuance of a work order by the State Highway Commission at Austin.

Completion of the two-mile strip on the highway will be particularly welcome to a great number of Scurry County citizens, who point out the filling in of this gap will finish Highway 101 to the Mitchell County line.

Moving back of fences on Highway 15 right-of-way from the overpass east to the Fisher County line is being speeded up this week. County Judge Sterling Williams points out, in order to have all fences moved to a proper width so construction work on the east portion of Highway 15 in the county may be started in the near future.

Industrial Job to Be Done, Mayor Tells Special Committee

Committee appointed to represent Snyder on Governor O'Daniel's state-wide industrialization group has a big job to be done, according to Mayor H. G. Towle, who was requested to make the appointments.

"I feel confident you will have the full cooperation of the entire community," the mayor wrote each member of the new committee. "I know your accomplishments will reflect credit for your successful efforts in the future generations."

Added to the committee this week were Mrs. Wayne Beem and E. J. Anderson. Previously appointed were H. L. Wren as chairman, W. R. Bell and Pat Bullock.

Christmas Eve and Yuletide Delivery

Regular mail delivery for Snyder through the Christmas holidays was assured this week by Postmaster Warren Dodson, who said morning mail delivery in the business and residential districts will be made both December 24 and December 25.

Yuletide packages will be delivered Christmas Eve morning and Christmas morning, the postal force states, although incoming trains will probably be late both days. Patrons mailing packages for local delivery early Christmas are asked to cooperate with the postal force by keeping delivery hours in mind.

SHARON RIDGE LOG BOOK

From one producing well 12 months ago to 20 at the present is the record made in the Sharon Ridge oil field, one of the fastest developing fields in the entire Permian Basin. Twelve wells were drilled Thursday morning, two slated for completion over the week-end and new locations for immediate drilling are being made daily.

Several Sentences Assessed When Judge Mauzey and Associates Push Criminal Trials

Speedy disposal of a large number of cases through Wednesday featured this week's district court proceedings. Judge A. S. Mauzey, District Attorney Truett Barber and District Clerk Jimmie Billingsley made an excellent record in getting cases ready for the jury as criminal court week progressed toward its conclusion.

Eathleen Miles, tried on a theft charge, will be given a retrial Monday due to the fact a hung jury resulted from this week's trial.

W. C. Moore, tried on a forgery charge, was given a two-year penitentiary sentence. A four-year suspended sentence was given O. H. McBroom, also charged with forgery. McBroom had not previously been convicted of a felony in court.

Third Forgery Sentence.

C. W. Simpson, who pled guilty before the court on a forgery count, was given a four-year suspended sentence. He, also, had not been convicted on a felony charge.

A guilty plea before the court by W. T. Freeman on a charge of driving while intoxicated resulted in a sentence of five days in jail, a fine of \$50 and revoking of driver's license.

An agreed judgment just before the case went to trial resulted in the automatic disposal of the compensation suit of H. A. Oliver vs. Maryland Casualty Company. An agreed judgment was also returned in the suit of Lois Yingling et vir vs. Mary Jordan.

Judgment by Default.

Judgment by default was given in the suit of J. C. Reese vs. W. M. Wasson, suit on debt. Judgment by default was also returned in the suit of Snyder National Bank vs. C. T. Simmons, suit on note.

The case of John P. Green vs. Mrs. Betty Howell and others had not been disposed of late Wednesday afternoon.

Three injunction suits are slated for disposal Monday in cases against C. W. (Chicken) Green, Harold Letcher and Willie (One Eye) Williams.

Snyder Plans Drive For Permian Basin

Maurice Brownfield, G. M. Heinzmann and John Spears, representatives of the Permian Basin Association for Scurry County, announced Tuesday that the membership drive of the association in this county would be started within the near future.

H. B. Spence of Midland, secretary of the Permian Basin organization, stated initial membership drives have already been started at Midland, Odessa, Colorado City and other towns in the area of the Permian Basin. Ultimate goal of the association is a membership of 25,000 oil men, operators, land owners and business men.

Efforts are being made by county representatives to obtain as many members as possible before the next annual meeting of the Permian Basin Association at Odessa in June.

NEW FAMILY ARRIVES.

Newcomers to Snyder this week include Mr. and Mrs. Bill Biggers, who have rented an apartment at 2311 30th Street. Mr. Biggers will be connected with the State Highway Department in road construction in Scurry County.

FREE CANDY! FUN APLENTY! ALL INVITED!

Annual Event Finds Snyder Better Decorated Than Ever Before In Her History

Remember last year, when the square was decorated all the way around with Yuletide finery and Santa Claus came to Snyder in person?

Of course you do if you are a lively boy or girl, or if you are the mother or daddy of one or more of the kiddies in this trade area.

Old Santa is coming to Snyder again this year with greetings and candy direct from Santa Claus land. He will arrive Monday morning at 10:00 on the R. S. & P. train, ringing the locomotive bell and making ready to greet a large crowd of Scurry County kiddies at the courthouse lawn.

Children, as well as grown-ups, were given a special invitation yesterday by Saint Nick himself from his North Pole headquarters to meet him Monday morning at the courthouse for a hand to hand visit that "will make Scurry County youngsters realize my interest in them."

Candy to Be Plentiful.

As usual, there will be plenty of candy for the kiddies. Santa will mound to the top of the courthouse, as he has done on previous visits of other years, and throw candy kisses—pounds and pounds of them—to the crowds below.

The Chamber of Commerce, sponsor of this pre-Yuletide festival, and also of the town's Christmas decoration scheme, requests that adults and older children keep back from the courthouse while candy is being thrown down in order that the kiddies may have a chance.

Merchants Are Ready.

Merchants will be ready for the Monday visitors. Decorations are more attractive and prettier than they have been in years. Stocks of plenty of variety in number, quality and price. Clerks to care for all customer needs have been added.

Shoppers will have a chance to purchase their Yuletide needs any time between now and Christmas, since all stores are staying open as late as possible to accommodate buyers.

Welcome, children—welcome, indeed! And the date, remember, is Monday morning, December 18, at 10:00 a. m.

Visual Equipment Is Received by County School Office Here

Visual aid equipment from the Texas Visual Education Company of Austin was received Monday by the county superintendent's office for use in Scurry County schools. This equipment was obtained on the recommendation of Deputy State Superintendent R. N. Sandlin of Abilene, following his recent visit here.

The visual aid equipment, which consists of sound equipment, educational 16-mm films and all necessary fixtures, is portable and will be carried from school to school, Roy O. Irvin, county superintendent, states.

Use of the visual aid equipment, which is of the latest type, will make possible the meeting by county schools of the visual aid program outlined by the State Department of Education. Subjects to be shown the remainder of the 1939-40 school year in the county will include safety, citizenship, current events, transportation and geography.

FIVE THOUSAND IN NEW CHECKS

Arrival of \$5,366.72 in 49 soil conservation checks at the county agent's office Wednesday morning brings the total of federal benefits to date by Scurry County farmers on the 1939 farm program to \$167,246.75.

Information obtained Wednesday from local business men around the square indicates the steady flow of Triple A payments to the county during the past three weeks has done much to offset the financial reverses farmers would otherwise have suffered, due to a short crop year. A total of 1,378 Triple A checks have been received to date, attached at the county agent's office state.

A Christmas tree and chrysanthemums formed attractive decorations for the church parlors. A salad course was passed with white, red and pink carnations as favors.

Christmas Party for Friendly Helpers

Members of the Friendly Helpers Class of the Methodist Church held their annual Christmas party last Thursday afternoon. Hostesses were Mmes. H. P. Brown, Ross Pate and O. D. McGlaun, who entertained in the Brown home.

"There's a Song in the Air," group song, opened the program, and Mrs. W. W. Smith gave the scripture account of the three wise men for her devotional. Mrs. Ivan Dodson told Dickens' "Christmas Carol," the class joined in singing "Silent Night" and Mrs. J. C. Dorward led the closing prayer.

Refreshments were passed to the following: Mmes. W. W. Smith, Wayne Boren, Tate Lockhart, Dorward, Lee T. Stinson, W. W. Hamilton, Jack Gosman, Dodson, Roland Irving, R. L. Gray and little Bobby Lockhart. Mrs. Gorman, president, was in charge of the business session.

Each member brought a gift for the Goodfellow Christmas fund.

To Query Women All Over South

Touring Reporters have now asked over 1,200 women and girls of leading Southern Cities the now famous question: "Were you helped by CARDUI?" Averaging all replies so far shows that 93 out of every 100 users questioned declared CARDUI benefited them!

Users by thousands are eager to tell how CARDUI has given them appetite; helped them gain strength; has thus relieved them of the symptoms of functional dysmenorrhea due to malnutrition. Many also say that, when symptoms indicate the need, CARDUI in larger doses helps "at the time" to soothe pain.

TWO HONORS SHARED BY FOUR SNYDER HIGH GIRLS THIS WEEK

Four Snyder High School girls are in the spotlight in the local high school this week. One of them is the newly elected football sweetheart, Peggy Stephens, and the others are Carolyn Dunn, Jerry Chapman and Nell Verna LeMond, who share the same honor.

There's not one best all-around girl in Snyder High School, but the school boasts three of them according to secret voting several days ago. Vernon Moffett, senior, was voted best all-around boy.

Difficult to say just exactly what local high school students count all-around qualities, since the three girls are as different as can be. But venturing a guess, number one quality would be a whole-hearted booster for Snyder High School. Carolyn, Jerry and Nell Verna, all seniors, are all examples of a booster. Too, the three are journalism students.

Carolyn, daughter of the J. Nelson Dums, has been a representative student all through school. Last year she represented the local home-making department at the state rally in Galveston and took away high honors. This year she is president of the department.

Jerry, daughter of Mr. and Mrs. J. E. Chapman, has been leader of the high school pep squad the past two years. Although the students have given her less support than her enthusiasm and pep merited, the eyes of townspeople and visitors have twinkled at her sudden out-

bursts of temper when the girls' spirits lagged. She is a member of a girls' vocal trio that has received wide acclaim.

Nell Verna, younger daughter of the J. E. LeMonds, was voted Who's Who in music in Snyder High last year. She is serving as editor-in-chief for the Tiger's Tale, school newspaper, and the students think she's doing a good job of it. Carolyn is news editor and Jerry girls' sports editor on her staff.

For all-around qualities, we agree, it is Carolyn, Jerry and Nell Verna every time.

Mr. and Mrs. J. G. Drinkard spent the week-end in Baird and Clyde. They were guests in Clyde of Mrs. Drinkard's brother, H. C. Cotton.

Carl Hargrove, who is in the Army, stationed at Fort Sill, Oklahoma, was home Thanksgiving.

THE TIMES MARCHES ON!

News From Snyder Papers of Other Years

FORTY-THREE YEARS AGO

From The Scurry County News, December 19, 1895

Christmas is near at hand. Let everybody be cheerful and happy and attend the entertainments. It will be a pleasant recreation from the passing year's labor and business.

If you expect to forgive your neighbor and be at peace with God and mankind this year, you had better attend to the matter immediately for the year is nearing its close. Your neighbors may soon start east to spend his Christmas and the Lord may be busy casting up the accounts of others; then you will have to begin the New Year with your same old debts.

Mrs. Peary, who spent so many months in the Arctic regions with her husband, was determined that the holidays should not pass by unnoticed and although she was living in the most primitive fashion, she made hearty though simple preparations for festivity.

They spent, she says, a day in decorating the interior of their Arctic home for the Yuletide and New Year festivities. In the larger of the two rooms the ceiling was draped with red mosquito netting and two large United States flags crossed at one end of the room. A silk sledge bag was put up in the opposite corner.

On Christmas Day the Pearys had what was considered the finest Yuletide dinner ever eaten in the Arctic regions, and then invited their faithful natives to a dinner cooked by them and served by them at the Peary table. Mrs. Peary thought it would be as much fun to see the natives eat with knife, fork and spoon as it would be for them to do it.

It was amusing to see the Eskimos, queer creatures, dressed entirely in the skins of animals, seated at the table and trying to act like civilized people. It was one of the gayest holiday dinners experienced by the Pearys while in the snow-clad, ice-covered regions of the Northland.

The Coming Event

Now Santa Claus hooks up his teams Among the snow-girt dells; And happy children hear in dreams The jingle of his bells.

They watch the lofty chimney tops With eyes of eager youth; And seldom 'tis a young one drops To what is really truth.

The Scurry County News is standing great need of a load of wood. Will not some one bring us a load? Rev. Mr. Werner filled his regular appointment at Jumbo and Bookout last Sunday. He says work in the various county churches was never in better shape.

Mr. Lite of Crosby County was in Snyder Monday with a load of cotton.

Miss Birdie Greene, who is attending Simmons College at Abilene, is expected home this week to spend the holidays.

EIGHTEEN YEARS AGO

From The Snyder Signal, December 24, 1920

Christmas will soon be here again and with it is associated the desire to give and receive. It comes with pleasure to some and sadness to others. Sadness because lots of the little tots who are unfortunate will not have the pleasure of receiving a gift though ever so small.

FREE DRAMAS FOR YULETIDE

Two Christmas plays will be the attraction December 19-20 before the closing of school for Christmas holidays, December 21.

Tuesday night, December 19, at 7:30 o'clock, the third, fourth, and fifth grades will present a play entitled "The Story of Christmas" in the high school auditorium. All countries near and far and their method of celebrating Christmas will be presented. A cast of 30 with a robed choir of 100, which is under the direction of Miss Hattie Herm, Mrs. Dillard, and Miss Katherine Northcutt, will be in colorful uniform. Scenery and uniforms will be their own handiwork.

Wednesday night, December 20, at 7:30 o'clock, the Junior High School, under the direction of Miss Peggy Elliott will present two plays—Dickens' "Christmas Carol," with a cast of 30 students in full costume, and "The Story of the Other Wise Man" by Van Dyck, with a cast of 28. The latter play will be in pantomime form, while "Christmas Carol" is in regular play form. In addition to these two plays there will be a choir of 50 mixed voices.

No admission will be charged for either night's entertainment. Music will be rendered by a mixed choir of 50 voices directed by Herman Trigg.

The leading characters in the dramatizations, which are being directed by Miss Peggy Elliott, are:

received by Miss Peggy Elliott, are: Sears Sentell as Scrooge in "Christmas Carol," and Burgess Wilson as Artavan in "The Other Wise Man." The supporting casts contain approximately 60 students.—Tiger's Tale.

Eleven Children Attend Miller Family Reunion

Shown in the above picture are the 11 children of Mr. and Mrs. P. A. Miller, pioneer Scurry County residents, with their parents. They all gathered recently at the Miller home at Ira for a reunion. Mr. and Mrs. Miller

are seated in the center, with their children standing, left to right, as follows: F. M. Miller of Scurry County, C. D. Miller of Big Spring, Owen Miller of Ira, Mrs. P. L. Price of Snyder, Albert Miller of Ira, C. A. Miller

of Corpus Christi, Mrs. J. B. Green of Snyder, Mrs. Edgar Taylor of Snyder, Mrs. O. Moore of Royalty, Oscar Miller of Ira and Mrs. Rea Falls of Ira. A big day of feasting and fun was enjoyed by the group.

SHE WAS SURPRISED.

Last year a visitor who was looking over the Times Christmas card samples said: "Why, I paid twice that much in Dallas for exactly this same card!" You, too, will be surprised at the reasonable prices at which The Times sells name-imprinted cards of quality.

Safety Being Taught In All Local Grades

Safety is being taught in Snyder Public School from the first to the eleventh grades.

A safety forum has been suggested for organization in Snyder High-

RHYTHM BANDS

Margaret Dell Prim of Ira, county director of rhythm band for the spring Interscholastic League, is announcing requirements for the county contest. Each rhythm band in the contest is to play two numbers, chosen by the director. There is no restriction as to choice.

Camera Club Holds Snapshot Contests; More Prizes Soon

In the first contest held by the Camera Club, November 10, Bill Miles won the first prize of 15 cents with a picture of a windmill silhouetted against a beautiful cloud background. Donald McGlaun and Garnett McMullan tied for second place.

In the second contest, held November 24, Ernest Taylor won first place with a picture of a bear, as the required subjects were animals. The first prize money was still 15 cents and second 10 cents. Bill Miles and Garnett McMullan tied for second place. Their pictures were a prairie dog and a cat, respectively. The contests were judged by the members.

In the last meeting Donald McGlaun gave an interesting talk on high-speed pictures accomplished by stroboscopic lighting. In the next meeting the subjects for the pictures will be anything the contributor wants to enter.—Tiger's Tale.

HEAT YOUR ENTIRE HOME *and live all over it* FOR YOUR HEALTH'S SAKE

"Huddling" is the unhealthy practice of living in one or two rooms during the winter season. "Huddling" invites colds that are forerunners of many serious winter illnesses. If you "huddle", with part of the house blocked off in a shivering quarantine, sudden body chilling temperatures are unavoidable every time a member of the family leaves a heated room to go to some other part of the unheated home.

DON'T GIVE A COLD AN EVEN BREAK!

Fight the dangerous common cold this winter with these simple rules: (1) Don't "huddle" but provide comfortable temperatures in every room so that quick body-chilling changes will be avoided at all times; (2) Introduce sufficient oxygen-laden air into the home through adequate ventilation; (3) Keep connecting doors open so that a natural circulation of warm air prevails from one room to another; (4) If you should "catch cold" consult your family doctor before it has an opportunity to undermine your health.

Ideal Harvesting Weather Pushes Ginning Upward

Ideal harvesting weather in most of November and early December has pushed the county ginning total above 18,000 bales this week. The four Snyder gins that are operating reported 8,958 bales through Wednesday.

Government figures December 1 gave Scurry County 17,251 bales—a higher figure than many observers estimated a month ago for the entire season. This figure made this county one of the leaders in Central West Texas. Jones is ahead with 23,087 bales. Haskell is next with 17,097, and Fisher is next, just ahead of Scurry, with 17,202. Other nearby counties are as follows: Taylor, 16,048; Howard, 16,528; Mitchell, 16,576; Runnels, 16,853; Nolan, 9,926.

Shorty's Cafe Being Operated by Women

Shorty's Cafe, east side of the square, assumed new management this week, with Mrs. W. B. Robinson and her daughter-in-law, Helen Robinson, taking over the eating place.

Formerly operated by Shorty Halaway, the cafe has been redecorated and fixtures have been rearranged in the kitchen. Mrs. Robinson and Helen invite new and old friends to visit them in their new location. They specialize in good coffee, short orders, candies and tobaccos, as well as plate lunches.

That total ginnings will surpass the 19,000-bale mark was considered a probability by county ginner yesterday. They agree with producers in saying the unusually dry and open fall has caused many late bolls to open that would have soured had a severe freeze swept the county three or four weeks ago.

"If We Neglect" Will Be Subject Of Final Sermon

"If We Neglect" will be the subject that Harold Thomas will discuss Friday night in the closing service of the gospel meeting at the Church of Christ. One of the largest audiences to attend the meeting is expected at this service.

In the closing day services Thomas is going to discuss the missionary work of the church, stressing particularly the work in the northwestern part of the United States, where he worked last summer.

Le Moine G. Lewis, the local minister, reports that the church has had a fine meeting and that the church has been greatly strengthened. The minister said, "The attendance has been gratifying. Last Sunday morning the attendance set a new record for the church. I am particularly proud of the young people for their faithfulness in the meeting."

Sunday evening at 7:30 o'clock the Church of Christ will have as its guest speaker, Frank L. Cox of Austin, editor of three church publications.

Cox formerly served as minister of the University Church of Christ in Austin and the church in Mineral Wells. He is acting editor of Firm Foundation, The Spotlight and The Gospel Proclaimer.

Joe York Chairman Of Scout Committee After Parent School

Joe York was appointed chairman of Snyder's Cub Scout committee last Wednesday night at the concluding session of a two-night parents' training school, conducted last Tuesday and Wednesday nights in the Snyder Junior High School building.

Assisting York on the Cub Scout committee will be Jack Inman, J. R. Reeves and Walter Coonrod. R. G. Dillard, local junior high school principal, was elected temporary Cubmaster.

The Snyder Cub Pack has been divided into four dens, Dillard reports, with an active program already mapped out for Cub Scouters. Messrs. G. R. Faver, R. A. Duncan, Raymond Sims and Lyman Wade have been selected as the four den mothers.

In charge of the Tuesday-Wednesday night training school was S. F. Gaskins of Sweetwater, Buffalo Trail Council field representative, R. G. Dillard and Jack Inman. The four den chiefs selected last Wednesday night were Doyle Bynum, Charles Longbotham, Darrell Sims and Neal C. Burnett. The local Cub Scout Pack is being sponsored by the Snyder Parent-Teacher Association.

Membership in the four Cub Scout dens at present is 34. First den meeting was held Wednesday night.

AMATEURS TO DELAY FROLIC

Because of so many interferences during the holiday season, the Amateur Players have decided to postpone their first program, slated to be presented tonight. Date of the presentation has been re-scheduled for January 11, 7:30 o'clock, in the Snyder School auditorium.

Ticket sales have already begun, and those who have made the purchases are requested to hold their tickets for the later date. Those not willing to hold the tickets will have their money refunded, the leaders announce.

The organization is determined that this first program shall be a success. Continued support of the public is urged for the amateur program group, recruited from all parts of the county.

District meeting of the Future Homemakers of Texas, to be held in Rotan December 16, will be attended by Carolyn Dunn, Thadine Askins, Nell Vera LeMond, Jessie Huey, Patricia Dodson, Fern Woody, officers of the local chapter, and Miss Vera Periman, sponsor. Fluvanna Drama Group Will Stage Play This Week

A three-act comedy-drama, entitled "That Watkins Girl," will be presented at the Fluvanna High School auditorium Friday, December 15, by members of the Fluvanna Dramatic Club. Miss Rose Marie Clawson and E. O. Wedgeworth are directing the performance.

Cast of characters follows: Don Watkins, an old-timer in mining, played by Rosser Lee Jones; Sourdough Pat, an old miner, Dan's pal, played by Wilford Rhodes; Tommy, Dan Watkins' daughter, a tomboy, played by Madeline Smith; Jerry Hughes, a young mining engineer, played by Leroy Brown; Mrs. Bulwer Stratton Smythe, society lady from Boston, played by Elizabeth Miller; Thelma Smythe, Mrs. Smythe's daughter, played by Doris Davis; Carol Mariboro, Thelma's chum, played by Jewel Ray Dyess; Mr. Denton, Mrs. Smythe's lawyer, played by Donald Rucker.

Prompters for the play are Faye Mathis and H. M. Nesbitt. Stage managers are Elzie Higgins, Billy Sims and Joe Landrum. Property managers are Jerry Haynes and Bertha Brannon. Publicity managers are Donald Rucker, Alvaree Caldwell, Patsy Snodgrass and Chester McDonald.

Directors say it is a pleasing, well balanced play of heart-felt interest, brightened throughout with many delightful touches of wit and humor. It is a play one will enjoy, and you will fall in love with the homesy Dan and Pat, two lovable old miners who live far up in a lonely mountain cabin, and above all with the irresistible wild Tommy.

The play will be presented at 7:30 o'clock in the Fluvanna High School auditorium. Admission prices are 10 and 20 cents.

Fluvanna Terrace Team Takes First At District Meeting

H. L. Parks, Irving Sullenger and Hart Rea composed the Fluvanna FFA terrace team that copped first place Saturday at Pyron in the Snyder District FFA contest for evening and adjusting a farm level.

First place in public speaking went to Tom Petrus of Post, whose subject was "Living on the Farm." Curtis Noel of Fluvanna, who spoke on the 1940 Farm Program, placed second.

The Pyron FFA chapter, host for the district FFA gathering, copped second place in poultry culling and third in pest eradication. Members of the Hermleigh FFA chapter were awarded third place in animal castration.

Three certificates of merit were passed on by the district committee. Dale McWalter, host chapter adviser for the Pyron meeting, reports.

Next FFA meeting of the Snyder District will be held at Fluvanna in February. First place winners in each contest at the Fluvanna meet will represent the Snyder District at an area FFA meeting that will be held at Lubbock in March.

Mahon Returns to Capitol; Work on Farm Plan Slated

Congressman George Mahon closed his Lubbock office December 14 and stated that he would return to Washington immediately to attend the session of Congress convening January 3. The appropriations committee, of which he is a member, is now holding hearings in Washington and he will meet with the committee before the Christmas holidays.

Mahon made the following statement in connection with the forthcoming Congress:

"I am disturbed about the movement in some quarters to drastically cut appropriations for the farm program. I shall resist every effort that may be made to cut agricultural appropriations. The chief complaint which I find among both landlords and tenants and among people generally against the present farm program is that it is operating in such a way that it tends to encourage the displacement of tenants rather than the utilization of tenants. This must be worked out in a mutually satisfactory manner and the utilization of tenants encouraged or the whole farm program will be seriously threatened. I have repeatedly pointed out this fact to Secretary Wallace and his assistants. I shall support an enlargement of the farm tenant home purchase program.

"As to the war situation, I would not try to diminish the importance of domestic problems, but our greatest problem in 1940 will be keeping out of war. I am more convinced than ever that we will not be drawn into the European conflict. Both Congress and the people are determined on a course of non-involvement. But we must not neglect our national defense. I have advised the president that as a member of the appropriations committee I expect to support a strong national defense program.

"The Dies committee has done a fairly good job investigating un-American activities, and I expect to support its continuation."

Olton Giants Too Much for Roscoe In Playoff Game

All sorts of offense went in the Olton-Roscoe bi-district game at Sweetwater Friday afternoon, but Olton's went farther, with Ahlberg Reporter-News relates. The Plains boys won the wild game, 41-19.

It was almost neck and neck for three frames, Olton leading by 20-19 going into the fourth. In the latter quarter, however, with Willis Hedges scoring twice and Willard Hedges once, the huge Mustangs really went to town.

It was Willis' big day. He crossed the goal four times, as a ball carrier his feature run being for 40 paces and the last score.

R. E. Broadwell highlighted the Plowboy attack. He crashed across in the first half winding up a drive of 58 yards, and in the third period he passed to Harold Coleman on the old sleeper play for one counter, and to Taylor for another. The peg to Taylor was for 25 yards, and the receiver ran 25 more.

First downs were 21 to 14 for Olton, but there was little difference in yardage gained from scrimmage. Olton meets Pecos at Odessa for the regional Class A championship Saturday afternoon.

Duce Club to Give Yule Box to Family

Duce Bridge Club, according to its president, Mrs. R. C. The group usually exchanges gifts each year. Ruby Lee was in charge of the committee selecting the family.

Donations for the box will be brought to the next meeting, the club's Christmas party, for which Margaret Deakins will be hostess.

Dunn 4-H Club Girl Has Record Of Achievements

"I enjoy working because I am a 4-H Club member," Irene Brown, member of the Dunn 4-H Girls' Club, told Estella Rabel, home demonstration agent, Tuesday after almost two years at club work.

Irene has made 21 articles of clothing during 1939 at a cost of \$3.29. She used scraps to make small gifts and aprons. Miss Brown improved her bedroom by herself, tutted a spread and curtains for \$2.50, and built a clothes closet and dressing table of scrap lumber.

The Dunn club girl, who enjoys keeping her room clean and in order, used an \$8 Congoium rug on her floor, which she bought for \$3 because of a slight damage in the rug's end, but which is not noticeable.

Irene and her family built and planted the first frame garden in Scurry County at a cost of 50 cents. The new "Frame Garden Suggestions" C-121 put out by the Texas Extension Service. The was used for sub-irrigation and the garden made 20 feet long, five feet wide 12 inches high. This garden has supplied green vegetables the year around. Irene has canned 150 quarts of fruit and vegetables this year.

Miss Brown was given first place in her clothing work in her club for 1938 and awarded a trip to the A. & M. College Short Course. She tied for third grand champion at the district club show in Eldorado in 1938, and was given a \$10 prize by the Scurry County Chamber of Commerce as the best all-around 4-H Club girl in Scurry County. This year Irene was awarded the grand champion ribbon at the Lamesa District Club Show, bringing her ribbon winnings to 33.

Bill Shield Only Local Player on All-Star Eleven

Coaches of District 6-A last week released their "official" all-star team for the sector, placing four Roscoe gridlers, two from Colorado City, two from Merkel two from Rotan and one from Snyder on the squad.

Big Bill Shield made the all-conference rating for the second consecutive year. His fine punting and hard line plunging from his fullback slot ranked him among the top men of the district.

Snyder fans, who saw their Tiger hold Merkel, Roby, Rotan, Hassell, Loraine and Slaton scoreless, were considerably upset over the single rating given W. W. Hill's lads. The Snyder line was not scored on this season except when Roscoe recovered a muffed punt inside the five-yard line. All other tallies by opposing teams were made on passes or end sweeps. Only touchdowns against the home boys were: Two by Anson, one by Spur, two by Roscoe, three by Colorado City.

Three of the players were unanimous choices of the seven coaches casting ballots. They were Harold Coleman, Roscoe guard, R. E. Broadwell, Roscoe back, and Ross Glover, fleet halfback from Colorado City.

Others members of the all-district team are: Fleming, Rotan, end; Gilbreath, Merkel, end; Wortham, tackle, Rotan; Davis, Roscoe, tackle; Caffey, Colorado City, guard; Harry Coleman, Roscoe, center; Fraser, Merkel, back.

Hermleigh Presents First of Sweetwater Station's Programs

First in a series of weekly community programs over Sweetwater's new radio station KXOX was given by Hermleigh Sunday afternoon from 3:30 to 4:00 o'clock. E. L. Farr, superintendent of Hermleigh Schools, was in charge of the broadcast.

George Barber, secretary of the Sweetwater Board of City Development, stated Hermleigh was the first town in the Sweetwater territory to take advantage of the BCD's offer to provide time for promotional programs to communities in the Nolan County seat trade zone.

Barber announced Monday that Blackwell, Trent and Colorado City will be next, in that order, on successive Sundays. Others to follow include Hamlin, Roby, Rotan, Sylvester, Fyron and Loraine. These will carry the present series of weekly community broadcasts on through February 10. Other communities desiring time are requested to contact the Sweetwater BCD manager.

Infantile Paralysis Entertainment Will Be Held in County

Mrs. Wayne Boren, vice chairman of the Scurry-Borden County chapter, E. J. Anderson, secretary, and A. J. Cody, treasurer, will handle the 1940 campaign for benefit of infantile paralysis. W. J. Ely, chairman, who was injured early in the fall, announces that he will be physically unable to take active charge of this year's President's Birthday party.

Plans are being made to hold one benefit performance on or about the President's birthday, January 30, and avoid the general solicitation of former years. The recently organized Amateur Players are being asked to put on this entertainment. One-half the money received from the show will remain in the local chapter's treasury.

These nation-wide programs provide funds for the study and elimination of infantile paralysis. Known cases of this dread disease should be reported to officers of the local organization so that whatever possible aid can be given the sufferers.

SAVING MONEY With Cotton Bags

The peasant influence is new and interesting. One of the smartest aprons we've seen this season is in the droll manner. This was made from one large cotton bag. Use the full width of the bag but cut a strip from the length of the bag to be used for the belt and sash ends. The apron is gathered onto the tight belt and several rows of brightly colored tape or rick-rack are sewed in rows across the bottom about three inches apart; or a cross stitch design in bright colors is an effective trim. If you do not have a large cotton bag ready for use, one can be purchased for just a few cents from your grocer or baker.

Other cotton bag sewing ideas are illustrated in a free booklet. Send to National Cotton Council, Box 18, Memphis, Tennessee, or Textile Bags, 100 North LaSalle Street, Chicago.

Mrs. T. A. Boren's Father Dies at Close Of Political Career

W. S. Robinson, father of Mrs. Tom A. Boren, died suddenly from a heart attack at his home in Waxahachie last Tuesday. The 78-year-old former county clerk of Ellis County had been prominent in politics of the county for 17 years.

Funeral rites conducted at the First Presbyterian Church, Waxahachie last Wednesday afternoon were attended by Mr. and Mrs. Tom A. Boren, their daughter Frances, and Mrs. Hugh Boren of Snyder the local woman's sons, William Boren, student in the University of Texas, and Johnny Boren, student at Lon Morris Junior College, Jacksonville, were also present for the funeral.

Mr. Robinson is survived by his wife, five children, nine grandchildren and two great-grandchildren. He was well known to a number of the Borens' friends in Snyder, having visited here with his wife a number of times.

"As soon as the cold weather comes I have to stop playing billiards."
"How's that?"
"Every time the three balls get together they remind me of my over-coat."

Tax Rates Grow In 18 Counties of Western Texas

Despite Governor W. Lee O'Daniel's appeal last summer over the radio to keep the cost of local government down, Scurry County was one of 18 West Texas counties that found it necessary to increase its property tax rate to raise money to meet current expenditure and pay off bonded indebtedness. Comptroller George H. Shepherd stated Tuesday at Austin.

Raising of the Scurry County tax rate from \$1.05 to \$1.11 for the year 1939 was made necessary to care for Highway 15 road bonds, and with the exception of the increase for these bonds remains the same as for 1938, County Judge Sterling Williams said.

Fisher County's rate of \$1.95 per \$100 property valuation was the highest reported from West Texas. Excluding the road tax, however, Fisher County's rate for general governmental purposes dropped from 95 to 90 cents on the \$100 valuation.

The county tax rate for Borden County was increased this year from 72 cents to 88 cents on the \$100 valuation.

England's Indian Problem Viewed At Lions Session

Continuing the series of open forum talks being sponsored by the Open Forum group of Snyder High School, Jeanne Taylor and Kathleen Blossom gave some more highlights of Europe's international situation at Tuesday's Lions Club luncheon in the Manhattan Hotel.

"Three-fourths of Great Britain's inhabitants, or one-fifth of the world's population, is living in India. Although nine people out of 10 in India cannot read or write, they are demanding independence from Great Britain, at a time when Britain is torn by the current European war," Kathleen Blossom stated.

"This country of 222 dialects and languages is not, however, ready for independence."
Jeanne Taylor stated that the "British people fear, respect and admire the world's great little man, Mahatma Gandhi. A survey of India's population, its geographic advantages and the factors at stake show Great Britain indeed has a problem on her hands so long as an unprepared people are clamoring for independence."

Herman Trigg, band director of the local schools, issued a challenge to Lions Club members to engage in an athletic contest between club and band members, proceeds of admission of which would be used to buy additional equipment for Snyder Tiger Band. Lions Pat Bullock and Roy Irvin were appointed a committee to arrange for the contest.

Herman Darby and Ralph Odum were appointed a Lions Club committee to make arrangements for a ladies' night program in January. Guests were Herman Doak, Frank Gray of Dallas, P. G. Murray of Colorado City and Weldon Burdall and A. A. Eberle of Sweetwater.

No All-Around Girl Selected By School

There is no best all-around girl in S. H. S.—but there is an ideal boy. As a result of the questionnaire answered by high school students several weeks ago, Vernon Moffett, senior, was declared best all-around boy of S. H. S. No certain girl was named as best all-around girl, but three girls received the same number of votes for the honor. The girls are: Carolyn Dunn, Jerry Chapman, and Nell Yerna LeMond, all seniors.—Tiger's Talk.

Pyron Club Meets Thursday

The Pyron Home Demonstration Club met in the home of Mrs. Wilma Campbell Thursday of last week. Following roll call, Mrs. Hess was elected president of the council, and Mrs. Stahl was made chairman of an entertainment committee.

A report of the club's work for the year was given. A Christmas party was announced to be held at the home of Mrs. Bowman Thursday afternoon.

Refreshments were served to a good attendance. More ladies of the community are invited to attend the club meetings.—Mrs. Floyd Light, Reporter.

Ennis Creek Club Meets

Ennis Creek Home Demonstration Club met with Mrs. C. A. Wade December 11 with 12 members and one visitor present. Our president, Mrs. Roy Hargrove, named the standing committees for next year. Mrs. Wade's home was beautifully decorated for the holiday season. Each member brought a little gift which was numbered and put on the pretty Christmas tree, then after each one present drew a number, her present was presented.

We will have our first meeting in January with Mrs. T. O. Davis.—Mrs. S. L. Terry, Reporter.

Bison Home Demonstration

Members of the Bison Home Demonstration Club met at the home of Mrs. Frank Strom Friday for their annual Christmas party. The ladies arrived in the morning and made Christmas presents. Each attending brought a covered dish for the noon meal, which consisted of everything good to eat.

During the afternoon various games were played. Mrs. Ed Murphy entertained the group with a reading, a piano and vocal solo in her unique manner. Presents were exchanged.

Joint Session for Two Honor Groups

"A Gentleman's Agreement with Life" was subject of Bro. C. H. Ward's Wednesday morning address when he spoke to a joint session of the National Honor Society and the National Junior Honor Society. Bro. Ward defined a gentleman as "One who puts more into life than he gets out of it." He also stated life is never dull to a man or woman who puts more back into life than he gets out of it.

After Bro. Ward's talk, plans were made for the Christmas program. Carolyn Dunn gave a talk, "The American Way."—Tiger's Tale.

ROBY SINGERS ON AIR

The Roby Quartet, composed of Eddie Williams, Lee Hall, Preston Campbell, Willard Burk, and Miss Treasa Williams, accompanist, will be heard over Sweetwater's radio Station KXOX Sunday morning at 9:30 o'clock with a program of gospel songs, George Barber, secretary of the Sweetwater Board of City Development, slated Wednesday.

Sorrells, and the new president, Mrs. Ris Bishop, were surprised with presents from each of the members. Boxes of home-made candy were presented to Miss Rabel and Mr. Cox by the club.

Thirty-two women and 12 children spent the day at this hospitable home. Two new members, Mrs. Bill Baggett and Mrs. Earl Abercrombie, joined the club, and one visitor, Mrs. Leticia Webb, also attended the meeting.

Gleaning over their past year's work, Mrs. Nolan von Roeder, bedroom demonstrator, says: "I would never have worried so hard and finished my bedroom if I had not agreed to be demonstrator, and I'm glad I did it." She spent \$4 and has a new room. She painted the room, refinished the bed, chest of drawers and bedside table, added five new slats to her bed and made a mattress pad and protector and two pillow protectors.

Mrs. Pearl Warren, home food supply demonstrator, canned 449 quarts of food for her pantry, and plans to can at least 50 quarts of chicken, pork and beef. She traded watermelons for pears, and a neighbor gave her pears for the pickling. Her total cost was \$10.45, and her pantry is valued at \$98.10.

These club members are congenial—they enjoy working together. They say, "We'll keep on until we get everyone in our club." They have 38 members; they are all the best of friends, and want to live for their club and members so they can always say, "Not what there is in it for me, but what there is in me for it."

Council Meets Saturday

The County Home Demonstration Council will meet for their regular session the third Saturday, December 16, at 2:00 o'clock. All old and new presidents and council delegates are urged to be present, and visitors are welcome.

Trio Represent Local School In Denton Meeting

Attending the Texas High School Press Association's eighteenth annual convention in Denton December 7, 8 and 9 as representatives from Snyder were Carolyn Dunn and Jeradine Chapman, who were accompanied by Mrs. J. E. Chapman.

Informal opening of the convention was a get-together in Virginia Carroll Lodge on Thursday night. Friday morning it was formally opened by F. L. McDonald, sponsor of THSPA and director of journalism at Texas State College for Women. The morning session featured a discussion on war by Dr. Aubrey Nell Wiley, who was in England when war was declared. Live-wire illustrations of problems confronting high school journalists were given by prominent TSCW journalists.

Friday afternoon's session opened with a motion picture of the 1938 Sugar Bowl clash between TCU and Tulane University, filmed and discussed by J. William Riddings. A short political rally and sectional meetings completed the afternoon's work.

Speaker at the banquet for the approximately 450 students and sponsors was Senator Tom Connally, who expressed the belief that student journalists of today will play a big part in future developments. Music and entertainment for the banquet were given by the Campus Serenaders and Modern Dance Club of TSCW.

A student meeting, led by President Dan Caldwell, and a business meeting brought to a close the convention which the girls say, was the most informative and entertaining they had ever attended.—Tiger's Tale.

First Baptist Church

Not long ago the pastor preached on "Four Houses in Snyder." He overlooked one, and Sunday morning he will speak on "The Fifth House in Snyder." Lots of people are going to this house. Are you? An? Sunday night's theme will be "The Forgiveness of Sin."

Last Sunday was a great day as we observed our second anniversary. Remember on Sunday night, Christmas Eve, there will be an old-fashioned Christmas tree at First Baptist Church. Everybody has an invitation to come.—Ira Harrison, Pastor.

A widespread advertising campaign for this sale to help everyone with his Christmas shopping is underway.

A Christmas tea for mothers and teachers, which will be held in the newly-equipped homemaking laboratory on Friday, December 21, was discussed by Mary Jo Shield, chairman of the social committee.

The welfare committee will be in charge of a box for the needy to be assembled by December 22, Yvonne Werner, chairman, said in her report.

The class chairmen gave the class reports and a trio composed of Jerry Chapman, Edna Mae Gatlin, and Bernice Starnes rendered musical selections.—Tiger's Tale.

Song of Peace

And in despair I bowed my head;
"There is no peace on earth," I said;
"For hate is strong
And mocks the song
Of peace on earth, good-will to men!"

Then pealed the bells more loud and deep:
"God is not dead; nor doth He sleep!
The Wrong shall fall,
The Right prevail,
With peace on earth, good-will to men!"
—Longfellow.

Scurry County Industry

Appointment by Mayor H. G. Towle of a Scurry County committee to form a part of Governor O'Daniel's state-wide organization for the industrialization of Texas will, of course, meet with the quick approval of practically everyone in the county. No matter how we may feel about the governor from a political standpoint, none of us can conscientiously fail to say "Amen!" to his efforts toward building "Beautiful Texas" industrially. It is probable that most of us have missed the significance of the fact that, the same week the county committee was appointed, Scurry County was given a far-reaching magazine write-up concerning a small industry that has big possibilities. "West Texas Today," the well written and well edited publication of the West Texas Chamber of Commerce, carries in its December issue—an issue that features industry in West Texas—on this subject: "Volcanic Ash Mining Near Snyder Seen as Important Industry for West Texas." This article, with circulation running far into the thousands, will focus new eyes on Scurry County. And it might not be amiss, in passing, to remind Scurry County that she owes a debt of gratitude to W. R. Keiley for his research, perseverance, salesmanship and ingenuity in bringing this near-Snyder volcanic ash to the attention of buyers throughout Texas and at scattered points in other states.

The Lights of Snyder

Talkative Tillie says the lights of Snyder this Christmastide are the more beautiful because they reflect a community that is planning to care for its unfortunate citizens probably more abundantly than ever before. "It's easy to find your way around a-shoppin', even at night," remarks Tillie.

It's Always Greener

Humanity has little more proportion about its ramifications than a brindle cow who always sees greener grass on the other side of the fence. Here in Snyder we are wont to think of Colorado City, Lamesa, Sweetwater, Big Spring and other neighboring cities as much more prosperous than our own neck of the rolling plains. As a matter of fact, Lamesa is probably the only city within a 75-mile radius that is holding up as well as Snyder under a warm, short-crop season.

Editorial of the Week

CHRISTMAS.

It comes this year as it has come for centuries in spite of all the jarring voices that war against its gracious message. Its song of "peace on earth" rang into a world that had little welcome for it; that denied even the right to live to Him who translated its music into a human life. It was a song of faith. Drowned a thousand times by the discordant shouts of hate and war, it has not faltered in the calm confidence of the truth it was given to proclaim. Again and again as the tumult and the shouting have died away, it has been heard still flooding earth and sky with its holy melody. It is the song of the world's great optimist. There were ears that heard it even amid the darkness which fell upon that "green hill far away without a city wall." Ears there are that will hear it this year despite the clash of hostile armies and the roar of a thousand cannon. Multitudes there are who will sing it with the same confident faith as in those days of peace when they trusted reason was soon to take the place of war. To doubt the final triumph of the truth sung to the world in the "Glad Tidings" of its first Christmas Day, is to sail a sea without a bottom or a shore, chart and compass lost. We do not hesitate then to send our Christmas greeting. The things that are seen are temporal. It is in the realm of the unseen that we must seek just now that which abides in the Christmas message and which no night of war, save for a time, can dim with its primeval darkness.

If we dare not wish our readers a Merry Christmas, we do wish them all the gladness hopes and hearts may know where faith and hope and love still live. To all little children who look forward to the day with joy we send our wish for a very "Merry Christmas." Notwithstanding the pain and loss the year has brought, we shall find the Christmas joy just in proportion as we strive to kindle it in other hearts. Never was need greater since time began than each of us live out toward all men everywhere the spirit of the imperishable song, "Peace on Earth, Good Will Toward Men."—Our Dumb Animals.

Current Comment

BY LEON GUINN.

Statistics compiled by the University of Texas Business Research Bureau reveal that Texas homes, commercial establishments and industries boosted consumption of electric power during October 9.1 per cent above October of 1938. Commercial consumption increased seven per cent, industrial 12.1 per cent, residential 8.4 per cent and all others 1.9 per cent. Total October consumption of 218,507,000 kilowatt hours was recorded in residential consumption, since commercial and industrial consumption increases were . . . One of the most noteworthy advances in the more or less expected. . . The march of rural electrification on the farm is slated to increase residential use of electricity still further within the next six months.

Apple eaters of yesterday who adhered more or less to the slogan that an "apple a day kept the doctor away" have given over to the discriminating apple eaters of today who think in terms of considerably larger quantities, especially since a bumper apple crop is now on its way to market. . . . Although several Texas counties are shipping out apples such as King David, Jonathan, Red and Golden Delicious the majority of fruit devotees in the state still depend on buying apples shipped in from other states.

Miss Grace Neely, specialist in food preservation for the A. & M. College Extension Service, offers this apple-day suggestion: "Fruit which lose their shape during cooking are best used for sauce or apple butter, while apples that darken in processing are undesirable for canning. . . . Buyers are warned against purchase of dirty looking apples as possible bearers of excessive spray residue. . . . A good buyer can discern the difference between blemishes that mean waste and surface face marks that mean nothing but lower prices." . . . Rio Grande Valley grapefruit producers who have done much to revive sales of citrus fruits with their canned grapefruit juice, are bemoaning the fact they didn't adopt a catchy slogan for grapefruit that might have gotten in ahead of the "apple a day" thought.

Administration observers at Washington say the fight over Hull's trade agreement policy will grow much more intense within the next month or so. . . . It is conceded that Senator Wheeler may emerge as leader of the opposition, with most Republicans and Western Democrats behind him, with the State Department lining up its own pressure groups that include sympathetic trade organizations. . . . Key administration leaders hope to let the trade agreement fight drag along without an immediate showdown, and let the State Department revive its efforts to negotiate further treaties after the 1940 election and the present authority to make trade treaties has lapsed in June.

The U. S. Department of Agriculture announced last week that the food stamp plan it has established in some of the principal cities of the United States, under which reliefers now receive surplus commodities, will be extended to 150 areas by June with cotton goods to be included on the stamp approved list. . . . Henry A. Wallace, agriculture secretary, has been reluctant to expand the food stamp plan to every state in the union, due to the fact that there will be no stopping of the plan once it is put in operation.

While economists agree the food stamp plan will provide an ideal means of moving many U. S. surplus foods, cost of buying the products by the federal government will put a severe strain on its already overburdened relief and farm aid agencies. . . . Despite recurring waves of economy talk, federal appropriations for 1940 will go up, with relief and other costs slated for a very slight paring to balance an extra half billion or so appropriated for national defense. . . . Since agricultural benefits next year by the Triple A will probably be as big as this year, funds for expanding the stamp food plan will have to be conserved as much as possible to avoid incurring the wrath of certain opposition congressmen.

The lowly cocklebur, which has been growing all these years in every nook and corner of uncultivated land in West Texas without being considered worth a continental, may suddenly arise from its niche in the weed world as a highly desirable bed fellow to go with hay and other farm cash crops if experiments being conducted by Melvin Handley, student-professor at Sam Houston State Teachers College, are successful in making insulating material from the burrs. . . . The cocklebur has heretofore proven anything but valuable, especially where one's clothes were not thick enough to be of much insulation against the burr needles sticking right on through ordinary garments.

William J. Kelley, a real estate man of Fort Lauderdale, Florida, didn't have time last week to serve as an expert witness in a lawsuit at \$50 per day because some "certain deals were hanging fire that couldn't wait." . . . When a policeman handed Kelley a summons for jury duty in the same trial, the busy real estate found time, some way or other, to take the jury job at \$3 a day.

One of the sweetest jobs we've heard about in many a day was recorded at North Royallton, Okla., last week when Lewis Cottern wanted to show his wife a varnishing job he'd just completed on the kitchen floor. . . . With the exception of one minor detail, Cottern had finished a very good job—he had used maple syrup instead of varnish.

Tuesday Rites Held For Williamson Son

Funeral services for the infant son of Mr. and Mrs. H. R. Williamson, who died Tuesday morning, were held at the graveside in Snyder Cemetery Tuesday afternoon, 3:00 o'clock, by Rev. Ira Harrison. Pallbearers were Elmer Rhodes and R. V. Williamson. Mrs. R. V. Williamson, J. D. Boyd, Lester Minton and Miss Ethel Williamson were in charge of floral offerings. Maps Funeral Home was in charge of funeral arrangements, with interment in Snyder Cemetery.

Early frame houses of English colonists in America reproduced the Gothic half-timbered type of Tudor and Elizabethan England, over which it became necessary to place clapboards for added warmth in winter.

Sharon Ridge field operators are taking steps to conserve the pool's valuable supply of free fuel and power which is being referred to as "cold steam." A Bradford, Pennsylvania, factory is working overtime to supply the demand for "air heads" used in pumping wells in the pool with "cold steam."

Allowable of the pool has been increased to 1,830 barrels daily in order to meet the crude requirements of the Col-Tex Refining Company at Colorado City. The Sharon pool now has a proven area five miles in length and from one to two miles in width.

THREE TO ONE MARGIN GIVEN QUOTA IN 1940

Scurry Farmers Follow South and Southwest in Voting to Keep Cotton Quota Plan

By a margin of over three to one, Scurry County farmers Saturday endorsed cotton marketing quotas by the AAA in 1940. The vote was 449 for quotas, 161 against quotas.

Percentage of votes cast against AAA marketing quotas for 1940 was considerably higher than that registered in numerous other Texas counties, but on a par with votes cast in nearby Central West Texas counties.

A statement early this week by Secretary of Agriculture Henry A. Wallace revealed that southern and southwestern farmers voted heavily in favor of retaining the quotas.

Voting by Communities.
Saturday's referendum vote in Scurry County by communities follows:
