America's Foremost Magic Artist Will Appear Thursday Evening Under H. E. Sponsorship

Announcement was made Tuesday that Birch, America's foremost magician, with his company of assisting artists will play an engagement in Snyder Thursday, February 22, in the Snyder High School auditorium. The homemaking department of the school is sponsor.

The Birch show is the largest magic production now on tour in this country. Equipment, scenery and effects, valued in excess of \$25,000, are carried and will be seen at the local performance.

Of the entire remarkable array of illusions, perhaps the most baffling is the famous Hindu rope trick. For centuries this has been the most talked-of and colorful of greatest single item in Continental all feats of legerdermain. An ordi- Oil Company's 1940 advertising nary piece of rope is tossed into the budget," A. J. #### Tarleton Student Is **Getting Learning In** Non-Book Courses

"There is more to an education John Tarleton College, Stephenville. where he is learning to do the ordinary jobs around a ranch or farm, whether it be sharpening a sweep er building a barn.

"If a farmer has to pay for having his harness mended, his plows cannot make a success in agriculture," said J. W. Sorenson, Tarleton professor, who is teaching the course. This teacher is being credited by leading ranchers and farmers over Texas as a leader in bringing practical farm knowledge into college courses

Ellis in the course has made lariat rope, two belts, a dog collar, six feed scoops and had done cement and soldering work.

Ellis is well known on the Tarleton campus as a participant in intramural basketbali and softball.

Mr. and Mrs. Geral Greene and son, Misses Johnnie Greene and Billie Henderson, all of Lubbock and Mr. and Mrs. Jake W. Greens and sons of Anton were week-end guests of Mr. and Mrs. J. L. Greene and Mr. and Mrs. Roy Merket.

action of the City of Snyder elec- Major in National Guard Declares Country Is Not Prepared for Emergency Defense

> A fact-studded talk on "National Defense" by Major John E. Sentell, second battalion commander of the 142nd Infantry, Texas National Guards, highlighted the program given at Tuesday's regular Lions Club luncheon in the Manhattan

"As a nation, we are very inconsistent in matters of national deaction of the Democratic Primary, fense," Major Sentell stated. "Due to unsettled world conditions, we need large appropriations at this time for defense to back up our national policies, rather than making a national policy to follow appropriations."

"The United States has found its defense program in the South Pacific to be inadequate for peacetime needs, for instance. As a nation, we have found the Monroe Doctrine alone insufficient if we are to be good neighbors with Central and South America," Sentell

"Our part in the World War was not a mistake," Major Sentell pointed out, "for it is always better to help friends fight their enemies on their soil, rather than meet the enemies after our friends have been

### They Did the Job!

If you have not already done so, switch this paper to page one and read what the Chamber of Commerce did last fiscal year. The organization set a goal of accomplishment that will be difficult to equal in 1940.

Under the guidance of President Ollie Stimson, however, the directors have been bold enough to set ness barometer by economists, the Bell report is conup a program that will surpass even the past year. sidered a shadow of forthcoming events that will re-As they look back over 12 months of forward moving, directors and members alike are thanking their lucky tention given to expanding business and industrial unvented heating equipment such contacted relative to a livestock stars that they had a man like Roland Beli at the helm-a man who is conservative enough to keep a steady hand on the throttle, radical enough to want records the past five years. to get the job done quickly and properly when once the straight course was decided upon by the directors

All Scurry County will join President Stimson and the eight other directors in trying to better that enviable 1939 record. For last year, as never before, the Chamber of Commerce reached its hand of service into every nook and corner of the county . . . helping farmer and rancher, merchant and housewife, men and women, boys and girls.

More power to an organization that knows no favorites, plays no prejudices and recognizes no such phrase as "It cant be done!"

### The Women Do the Work

Largely through the efforts of home demonstration agents in Scurry, Fisher, Nolan, Dawson and 12 other West Texas counties in District 6, Texas Extension Service, meat and meat products grown in the vast area are finding their way to farm markets and riots and labor conditions in the British West Indies. of cotton," the county agent's office dirt was tamped into molds and the family table.

According to Ruth Thompson, District 6 agent, 52,538 hogs, beef animals, lambs, goats and poultry it is considered too explosive for release. . . . Great spinner can get from the cotton he they could be used. The adobe to satisfy.—Irwin's Drug Store. were produced on farms and ranches for home use Britain is having enough trouble keeping her lifeline during 1939 in this district. Although many farm fam- of defense intact at home, without getting the people ilies do not yet process enough meat products at home in her colonial possessions stirred up over their overto tide them through the year, Miss Thompson notes exaggerated cries of being ruled too harshly by the requests for unbiased standards on help hold them in place. an increased interest in raising hogs and keeping more lion of Old World monarchism. chickens-a positive sign that many farmers are get-

The campaign to use more cotton in rural homes was given a boost in District 6 when 174 cotton mattresses were made at home and 271 factory-made mat-

tresses were purchased. General home improvement in this Extension Serv-664 kitchens having been made more convenient and comfortable through practices recommended by home demonstration agents.

Probably the most interesting thing about the women's work in this district, aside from the regular routine of 4-H Club work, is the increasing interest being shown in chevon (goat meat) and chevon chili. Menard County club women, for instance, recently received an order for 3,000 No. 2 cans of chevon meat from a Norfolk, Virginia, sheep and goat buyer.

### The Safety Program

Have you committed murder today? late-winter day. But maybe it will serve its purposeto get your eye on this important editorial.

Have you driven your powerful automobile too speed- the grocery store flavor. ily, too recklessly? If so, you are a potential murderer? If you happened to strike human flesh with that juggernaut of steel and rubber, you might be in the statement last week that non-agricultural emconvicted of negligent homicide or some such legal infraction.

If you stop to think, you will realize that several traffic deaths have occurred in Scurry County in recent years. We averaged almost a death a month in 1938. What about 1940?

The new county-wide safety committee has a tremendous job on its hands. Boiled down, it appears that its chief function will be to educate the younger generation to be safety conscious . . . most of us adults are so hard-headed that we won't yield to safety education without tremendous pressure.

#### Warming the Heart

"A cold winter," someone has written, "warms the heart." Perhaps it is not merely accidental, then, that Scurry County and Snyder are exemplifying more cooperation, more friendliness, more cheerfulness than they have known in a long while. We have cause to be thankful in many ways that snow-white is the most stylish winter color.

#### The Groundhog Lies

The Groundhog lied-thank goodness! that critter of the underground world was greeted with a dank day in Scurry County. But it somehow didn't influence him to keep the balance of February weather from being boisterous. Let this be a lesson to you folks who still believe that any kind of signs have anything to do with West Texas weather!

The success of tomorrow depends upon the preparation you are making today.—George Wesley Blount.

A good deed is never lost. He who sows courtesy, reaps friendship, and he who plants kindness, gathers | Escadrille, made final preparations this week to sail love.-Richard Brooks.

Virtue and truth are one. Look for the truth in everything, and follow it, and you will then be living justly before God.-George Meredith.

In Scurry, Nolan, Fisher, Mitchell, Howard, Kent,

BY LEON GUINN.
