THURSDAY AND FORTY

ISSUE 23  
NUMBER 23

## FDR Gets Fine Vote in Scurry

### WILLKIE GIVEN MARGIN IN BOX AT LONE WOLF

W. N. Corry, Write-In Candidate for Agriculture Commissioner, Beats McDonald in County

Scurry County voters, 2,538 strong, added their contribution Tuesday to one of the most colorful general elections conducted in the nation in many years.

Climax of voting Tuesday in this traditionally Democratic stronghold came when one voting precinct, Lone Wolf, went for Wendell L. Willkie for president. Willkie amassed 24 votes in the Lone Wolf box, in contrast to 11 marked up for Franklin D. Roosevelt.

One New Mexico motorist added an intriguing sidelight to the county's general election Tuesday by driving around the square several times with a metal plaque above his license plates containing this wording: "Mr. Hoover promised me this car in 1932, Mr. Roosevelt gave it to me last year, so please don't let Mr. Willkie take it away from me!"

In the state races, the neck and neck contest between J. E. McDonald, veteran Texas commissioner of agriculture, and W. N. (Bill) Corry, a write-in candidate, provided interesting results in Scurry County.

Corry, former Snyder Grammar School principal, amassed 255 votes, compared to 148 tallies marked up for McDonald. State-wide results, however, gave McDonald a smashing victory over Corry.

A considerable number of county Democrats joined in with members of the party in other sections of Texas in voicing their disapproval of McDonald's support of Willkie by their write-in votes. The 44,679 counted for Corry late Wednesday was not enough to overcome McDonald's 218,496 total.

The amendment for legislative appeal was downed so far as county voters were concerned, by a vote of 395 against and 377 for.

County voters piled up 379 votes in favor of the secretary of state appointing notaries public, in contrast to 340 votes cast against this amendment.

The amendment for removing municipal appointments by term

See ELECTION, Page Eight

### Six Families Given Welcome to Snyder By Official Greeter

October newcomers to Snyder, who were officially greeted by the "Welcome to Snyder" Association, six families, a girl and the wife of an April newcomer. Unusual courtesies were extended by the association to the new citizens.

Mrs. James Beck, whose husband has been an employee in the Bryant-Link Company hardware department since April, joined her husband here last month, and Rosetta Moore is a new waitress at the Riggs Caf6.

The families who arrived here in October to live were: N. B. Giles, cattle inspector; W. S. Nelson, Murphy & Lamb Oil Company; M. E. Hutson, pastor First Christian Church; P. M. Payne, cotton loan association representative; M. C. Nelson, Trig's Band Wagon; George Lieften, D. & R. Oil Company.

### Pearce Leading In Borden Judge Race

General election returns from Borden County were not available late Wednesday night, but unofficial comment was to the effect Roosevelt was leading Wendell Willkie, in the presidential race, about eight to one.

In the much contested county judge's race, L. A. Pearce was leading Chas. Nunnally, incumbent, with 294 votes. Nunnally's total votes, incomplete, late Wednesday night were 122.

### Who's New In Scurry County

Joe Allen, nine pound son of Mr. and Mrs. Bill Dell of Pleasant Hill. Mr. and Mrs. Clarence Wade, Ennis Creek, a seven pound five ounce daughter at 1:35 o'clock Wednesday morning.

### Easy Winner

"F. D. R. Carries On" might well be the caption for this picture of President Roosevelt. The precedent breaker smashed one of America's most ancient traditions Tuesday with a dramatic and sweeping victory in his battle for a third term as President of the United States.

### Sane Hallowe'en Observed in City By Most Prowlers

Local merchants pulled their shades a little lower last Thursday night when Hallowe'en pranksters invaded the business district, and prepared to look for heavy damages early Friday morning.

Instead, with a few scattered exceptions, they found that Hallowe'en was observed here in a sane and sensible manner. Most irritating incident resulted from local high school students and others smearing store display windows with good old-fashioned tallow—the kind that is almost next to impossible to erase from windows without resorting to scraping, or an extra amount of soap and warm water.

One kerosene dealer reported that Thursday night pranksters turned on a faucet to a kerosene barrel, and let 40 barrels of oil waste. A second hand store operator, who unfortunately left a stove outside, found a side mashed in Friday morning and the doors missing.

In sharp contrast to Hallowe'en of 1939, this year's occasion was one of rejoicing so far as local school officials were concerned. Several worn-out implements of various kinds were left on the high school campus, but no great amount of tin cans or other junk was left on the playground.

E. L. Farr, local school chief, points out that "Snyder students are to be commended for the same way in which Hallowe'en was memorialized this season. We feel that the days when broken window lights and picked locks were the theme are over so far as Snyder School is concerned."

Officials of the sheriff's office and city officers maintained a close watch last Thursday night for attempted property damage and petty thievery, but had no such instances to report Friday morning.

### Teachers of County Will Meet Tuesday

Roy O. Irvin, county superintendent, announced this week that a county-wide teachers' meeting will be held here Tuesday evening. Written notices about the gathering will be sent county teachers this week-end.

Business session of the county-wide gathering will begin promptly at 7:00 o'clock. The business convales will be followed at 7:30 o'clock with a banquet for attending teachers.

An interesting program for the meeting and banquet is being arranged as The Times goes to press Thursday morning. Attorney W. F. Newsome, new Snyder attorney, will be the evening's principal speaker.

Irvin extends county teachers a cordial invitation to attend the Tuesday evening meeting, at which time Inter-scholastic League activities for the current school year will be outlined.

### SCHOOL TO HAVE ANNUAL

Work on the Tiger's Lair, Snyder High School annual, will begin as soon as subscription sales are completed. E. L. Farr, superintendent, announced Tuesday. Price of the annual will be \$2.35. The book will carry no advertising, school officials point out.

## MOST FIRMS TO CLOSE MONDAY FOR ARMISTICE

Response of Snyder Firms Indicates Desire to Celebrate Signing of Peace Treaty 22 Years Ago

Whole-hearted response to the petition circulated last Thursday by Chamber of Commerce indicates that Snyder will close shop 100 per cent Monday in observance of Armistice Day.

"This Armistice Day," Henry Rosenberg, local American Legion Post commander, states, "should mean more to Snyder and Scurry County people than any like occasion in the past 22 years. We hope that every person in the county will join with local merchants Monday in fittingly observing the occasion."

"The petition taken around last Thursday by Chamber of Commerce officials indicates that Snyder people are desirous of joining with the rest of the nation in dedicating Monday—one day in the year—to remembrance of that occasion 22 years ago when the nations of the world laid down their arms and universally acclaimed peace.

"Conditions abroad today indicate that America is mighty lucky," Rosenberg declared, "to have an Armistice Day to observe, a day in which there shall be no falling of aerial bombs here, or night alarms to make nightfall a terror."

R. G. Dillard, Chamber of Commerce manager, reports that Snyder firms will probably observe, more cooperatively than heretofore Monday as a day of peace and rest.

Local drug stores, Dillard reports, will be open Monday from 12:00 a. m.

## Clean-Up Begins In City Tuesday In West Section

Snyder people were reminded this week by S. E. Keller, city sanitation officer, and city officials of the November clean-up campaign which officially gets underway here Tuesday.

Keller states he will make a round on the east side Tuesday to gather up trash, rubbish, tin cans and other forms of refuse residents have placed in convenient containers.

"The city sanitation officer will make a round on the west side of town Monday, November 18. Since only one round will be made in each part of the city, residents are urged to cooperate 100 per cent in order that the November clean-up campaign will be successful.

"We feel," Mayor H. G. Towle stated Wednesday, "that our November clean-up campaign will be undertaken at a time when the town can be most effectively beautified from one part to the other.

"Snyder has, through a period of years, gained a reputation of being one of the state's cleanest cities, and we feel sure the citizenship of the town will cooperate with Keller on the dates he names to make Snyder a clean city in preparation for the holidays ahead."

## Locals Win in BTU Contests at Buford

Norman Inman, Tracy Bill Early and Doris Pierce emerged as junior contest winners Sunday afternoon in Mitchell-Scurry Association eliminations at Buford Baptist Church.

Lon Ward of Wastala, Mrs. W. A. Strickland of Dunn and Mrs. Jack Martin of Buford came to the forefront as winners in the adult contests.

The Scurry County east zone BTU meeting scheduled for Sunday afternoon at Hermleigh has been postponed, zone officials point out, in view of the district BTU elimination contest that will be staged at Big Spring.

The Snyder Juniors who placed first in BTU contests at Buford Sunday afternoon are slated to be in the Big Spring district competition. Tracy Bill Early, it will be recalled, went to the state meet at Austin last year, and topped second place in story telling.

## Borden County Gets First AAA Checks

Total of \$24,000 in range and agricultural conservation checks have been received to date by the Borden County ACA office, W. W. Perciful, secretary of the association, stated Tuesday.

Borden thus became the first county in Texas to receive 1940 range program checks under AAA provisions. Frank W. Medley, county agent, and Perciful were assisted whole heartedly by Borden County ranchers in seeing that Scurry's neighboring county to the west was one of the first in Texas to submit applications for range program benefits to the state AAA office.

## Senator Dog Bit

Reports received late Tuesday by The Times indicate Senator-Elect John Lee Smith, Throckmorton, of the 24th Senatorial District, and Mrs. Smith are doing fine after being bitten last week in Throckmorton by a mad dog.

Only meager details of the tragic incident were obtainable by The Times, but a Throckmorton informant states Senator and Mrs. Smith were bitten by the rabid animal at their home. After the dog was killed, an examination of its head at Austin revealed that it was afflicted by rabies.

Mr. and Mrs. Smith are remaining at their Throckmorton home for the present, and taking treatments recommended by an outstanding physician.

## MAIL ROUTE TO LAMESA GIVEN BACKING HERE

Chamber of Commerce Cooperates To Better Mail Service From Snyder to Western Towns

Scurry County Chamber of Commerce officials announce this week that they are cooperating 100 per cent with the people of Gall to obtain a Star Mail Route from Lamesa to Snyder.

"This proposed route," Chamber of Commerce officials point out, "will bring not only Gall and Lamesa much closer to Snyder, but would give the three towns involved a seven-day mail service.

"This project has been talked about for several years, and we believe that now is the opportune time to get underway with a movement to obtain this speedy mail service.

"Since the new mail route would give Scurry, Borden and Dawson County a hookup that will mean 24-hour mail service, we find that the people of both Dawson and Borden Counties are greatly enthused over the new route.

"Local business men and others have expressed the vital need for such a Star Route the past several years. It would do away with the need for mail and packages to go through the Big Spring post office, with the consequent delays often involved.

Reports received from Gall late Wednesday afternoon indicate that Borden County people are considerably enthused over the contemplated mail route. It would be a route, according to one Gall citizen, that would link the South Plains and the cap rock into one big community.

## White Rose Cafe Sold By Alma Etheredge

Purchase of the White Rose Cafe, located one door north of the Chamber of Commerce on Avenue S, from Alma Etheredge was announced Wednesday by Mae Brasfield, an experienced cafe operator, who moved to Snyder last week.

The White Rose will continue operations under its present name, the new operator reports. Mae Brasfield is specializing in short orders, sandwiches, cold drinks and coffee.

## ATTENDS SCHOOL MEET

Roy O. Irvin, county superintendent, returned late Tuesday afternoon from Abilene, where he attended District 8 meeting of county superintendents. R. N. Sandlin, deputy state superintendent, presided over the meeting, at which teachers' salary retirement and rural aid law provisions were discussed.

## Fluvanna Boy Tells About Work On Ships for Uncle Sam at Yards

Engaged since last May as a welder in the shipbuilding yards at Norfolk, Virginia, Lewis Jones, son of Mr. and Mrs. John Jones of Fluvanna, gives an interesting account of the launching of a 500-foot tanker and 250 other workmen had been building.

"The tanker," young Jones writes, "was christened Virginia, by Mrs. Virginia Ludwig of New York City, and launched sideways Tuesday into the Elizabeth River.

"Built for National Bulk Carriers, Inc. of New York City, Tuesday's launching marked the first time in history any vessel has been put in the water sideways at the particular place.

"Displacing 12,200 tons, the Virginia will probably be put in service the latter part of this week as a tanker between Gulf and North Atlantic ports.

"The tanker will carry 150,000 barrels of oil, and is one of the first

## SENTELL GETS SENDOFF FROM LIONS GROUP

Snyder Attorney Honored on Eve of Departure to Army Camp For Three-Month School

Paying high tribute to Lieutenant-Colonel John E. Sentell, Second Battalion commander leaving within the next few days for Fort Benning, Georgia, Lion Sterling Williams referred to Sentell at Tuesday's Lions Club luncheon as "a man of whom Snyder and Scurry County are proud."

"Sentell has been, since the organization of Company G here, the National Guard unit's motivating force," Williams stated, "and we can sincerely appreciate the fact Scurry County will have such a man as Sentell in a training camp for Uncle Sam."

In response, Lieutenant-Colonel Sentell stressed the fact he had been "a Scurry County resident 19 years." Sentell said: "I started out as a school principal here in Scurry County, began my law practice here, married here and have the privilege to tell you all our children were born in Snyder.

"Therefore, wherever I may be—although only temporarily I hope—I shall always cherish the things that make Snyder dear to my heart. In this three-month officers' training school we will have at Fort Benning, Georgia, we will start ready to learn the things that will make our national defense system invincible.

Herman Trig, Snyder School band director, directed his orchestra in furnishing entertainment numbers for club members. LaRue Autry and Mozelle Mitchell led the Lions in giving several peppy yells.

Otto Barbee, local high school coach, told the club members gathered in the Manhattan Hotel that "the kind of football team that needs the most backing is a losing team." The coach further stated: "We can always find plenty of backers for a winning team, but we need the type of backers who will get behind our Snyder Tigers and stay with them until they get on the winning side again."

Lion Lyle Deffebach, program chairman, pledged the Tigers better support than ever before, in speaking for the local Lions Club. Thayne Mebane and Ross Blanchard spoke on the forthcoming football game which will be played Friday night at Roscoe between Snyder and Roscoe, traditional enemies of several years' standing.

Lion R. G. Dillard was appointed by Pat Bullock, club president, to head a delegation of local business men and stage a booster rally Friday morning for the coming Tiger clash with Roscoe. Dillard states the group will attend a special pep rally at 10:15 Friday morning in the school auditorium.

## Order Number List Received by Board

Master list of order numbers for use in determining the order Scurry County men are to be called under selective service provisions were received Monday afternoon by Scurry County's Selective Service Draft Board.

Draft board members sent out the first batch of questionnaires late Wednesday afternoon to county registrants. Others are expected to go out within the next few days.

Members of the local draft board point out the urgent necessity of county registrants filling out the questionnaires and returning them within five days after they are received.

Draft order numbers from the master list of the county registrants will be published in next week's Times.

## Red Cross Roll Call to Start in Scurry Monday

### QUOTA OF 650 MEMBERS FOR COUNTY IS SET

Attractive Martha Anderson, a Texas girl who has made a successful career as an artist and photographer's model in New York, posed for this 1940 Red Cross poster, calling upon Scurry County people and residents

in all parts of the nation to join the Red Cross from November 11 to 30. R. G. Dillard, new Roll Call chairman, points out that the Red Cross membership drive will officially get underway here Monday.

### Greater Needs for Funds Prompt Increased Support for Mother of Humanity Campaign

Confronted with increased demands of the current national defense program and growing needs for widening its domestic operations, the Scurry County Red Cross chapter and other county chapters all over the nation will embark Monday on the organization's greatest membership Roll Call since World War days. R. G. Dillard, county Roll Call chairman, states.

County Roll Call officials this week set 650 memberships as Scurry County's quota for 1940.

Appealing this year for greater membership than ever, Dillard says success of the national enrollment of members will hinge upon the individual success of chapters in attaining their membership goals. The county Roll Call chairman urges that every person who can should become a Red Cross member to insure the local chapter meeting its share.

"Following the outset of 'total war' last May," Dillard continues, "the American Red Cross asked the public for \$20,000,000 to widen its war relief operations in Europe. This amount has been oversubscribed, enabling the Red Cross to ship thousands of tons of food, clothing and medical supplies to the war zone areas where it is most needed.

"Differentiating from the dire needs of Europe war relief, we hold a Red Cross Roll Call each year to support the national and local Red Cross organizations in their domestic operations. Funds realized from the Roll Call will not be used for war relief, but will be utilized to enable the Red Cross to continue its day-to-day operations in relief disaster, first aid and assistance to the U. S. military program.

"World conditions which are affecting the people of Scurry, Fisher, Mitchell, Borden and Garza Counties as much as they are in other parts of the nation, have prompted the Red Cross to set up two new programs since its 1939 Roll Call," the county Roll Call leader continues.

"During 1939 more than 100,000 persons, victims of 106 disasters in the United States, received Red Cross relief in being rescued, clothed, housed and aided in rehabilitation. The nursing reserve alone of our national organization now comprises 42,000 registered nurses.

"During the 12 months preceding June 30, Red Cross nurses made more than 1,000,000 visits in behalf of the sick in urban and isolated rural areas.

"We realize that the work of Red Cross nurses the past year made possible by the contributions from the public, and for this reason we believe the public will be vitally interested in seeing that this vital work is carried on now as never before.

"We are confident," Dillard concludes, "that from the facts listed in the above paragraphs, and from other facts with which the public is familiar, that Scurry County's Roll Call, which gets underway Monday, will result in our goal of 650 members for 1940 being easily obtained."

## Armistice Program Slated Monday For School at Fluvanna

Marking the observance of Armistice Day Monday at Fluvanna School will be a special program, which will be held in the high school auditorium, beginning at 11:00 o'clock. E. O. Wedgeworth, superintendent, announced Wednesday.

"We're planning on an unusually interesting program Monday morning," Wedgeworth announces. The theme of the program will center around "God Bless America."

Patrons of the school and community are extended a special invitation to attend the Armistice Day observances. Special songs will be given by the Fluvanna High School glee club. Gilbert Mize will act as program narrator.

Climax of the program will be a 30-second silence, to be observed in memory of the boys left in Flanders Field.

Nelda Lee and Sandra Kay Pittman, small daughters of Mr. and Mrs. D. N. Pittman of Dallas, arrived Tuesday morning by train to spend the week with their grandparents, Mr. and Mrs. H. T. Sefton.

## MUDGE FIRM COMPLETES BEST WELL ON JOHNSON TRACT LEASE

Shot Saturday at 2,240-2,450 Foot Level Pleasing to Operators—D. & R. Looking Good

Best producer yet completed on its Johnson lease in the Sharon Ridge oil field was marked up this week by Mudge Oil Company with the No. 4 Mrs. Alva Johnson (Grace Ho'comb) producer, Section 142, which is flowing and swabbing 100 barrels daily while cleaning out.

Mudge's No. 4 Johnson was shot Saturday with 340 quarts from 2,240 to 2,450 feet, and is a well that is highly pleasing to operators. Mudge had three good producers on the Johnson lease before the No. 4 was completed.

Headliner of the week in the Sharon field is D. & R. Oil Company's No. 6 W. F. Burney well, 330 feet from the north and west lines of Section 143, which went into the pay zone at 2,222 feet, and was still drilling late Wednesday night at 2,400 feet, with the hole full of oil.

D. & R. No. 6 Burney will be shot today (Thursday), and is expected to make the best well to date in the Sharon Ridge field, as well as the most western producer completed on the other side of the creek.

Westward, the Sharon pool takes the way right toward the old Landreth well, which all the big, smart

See MUDGE OIL—Page Eight

## Safety Program at School Is Effective

Excellent progress in promoting safety at Snyder Schools is reported this week by members of the school's Safety Council. During the first part of the noon hour each day patrolmen, working through the council, are on duty in front of the school building.

Motorists are reported to be showing splendid cooperation in adhering to the one-way driving plan recently inaugurated at the school. Aim of the Safety Council is to make the streets leading to and by Snyder Schools safe for students.

## Ranchers Reminded Of AAA Deadlines

Attaches at the county agent's office reminded county ranchers this week that November 30 will be, as has been stated previously, the deadline for completing soil-building allowances on county ranches.

County ranchers, who have not yet finished their soil-building practices, are urged to complete them as soon as possible, and report to the agent's office, in order that applications for benefit payments may be submitted to the state AAA office at College Station.

## Good-Will Trip

Chamber of Commerce officials are sponsoring a good-will trip to Turner School Friday evening, when this Wednesday community stages an old-fashioned bonny and pie supper for the benefit of the school.

R. G. Dillard, Chamber of Commerce manager, urges all local business men and merchants to join in the motor caravan, which will form on the north side of the square, and leave for Turner promptly at 7:00 o'clock.

"This good-will trip will be undertaken as a gesture of friendliness and the good-neighboring policy on the part of Snyder and the Chamber of Commerce. We want every business firm represented in the trek to Turner School, 10 miles west of town."

## Guardsmen May Take Families to Camp With Them

Information received this week by Tim O. Cook, captain of Company G, Texas National Guard, from state headquarters indicates that National Guard members and officers will be allowed to take their families with them, if they wish, when they entrain for Camp Bowie, Brownwood, November 25.

Major General Claude B. Birkhead of San Antonio, division commander, stated in a communication to Cook that it will be up to the men and officers as to whether or not they want to take their families with them to Camp Bowie.

Birkhead points out, however, that the government will not bear the expense of housing National Guardsmen's families, or officers' families either.

"This notice is being served to Company G members so they can arrange to take their families with them, if they wish, when they entrain for Brownwood November 25," Birkhead states. "This arrangement will be quite satisfactory, if guard members will make provisions to take adequate care of their loved ones."

## BOB ADAMS TO HOSPITAL

Gaither Bell, ambulance driver at Odum Funeral Home, received a call Friday to the Roscoe Hospital. There he picked up Bob Adams of Hermleigh, and took him overland to the Veterans' Hospital at Amarillo. Bell returned early Saturday morning.

# The WOMAN'S Page

## Ten Snyder Club Women Will Attend State Federation Meeting at Austin

Keynote and theme of the forty-fourth annual convention of Texas Federation of Women's Clubs will center on "National Defense and International Relations," according to Mrs. Joseph M. Perkins of Eastland, state president. Ten Snyder women plan to attend the four-day gathering of club women in Austin from Monday through Thursday of next week.

Mrs. Wayne Boren of Snyder, state chairman of the community, will attend the convention next week as a board member, and delegates from local women's clubs are scheduled to attend. Selected by the clubs for convention delegates were: Mmes. John R. Williams, J. P. Nelson, H. T. Sefton, R. J. Randsals, W. J. Ely, W. E. Holcomb and Miss Jeannette Lollar.

The local women are assisting in the campaign of Mrs. J. W. Walker of Plainview, Seventh District's candidate for state president. A tea will be given by the district Tuesday at the clubhouse honoring Mrs. Walker.

Mrs. A. W. Longan of Kansas City, honorary president of the National Association of Parliamentarians, will be principal convention speaker on the national defense subject, Mrs. Perkins announces. Dr. Longan is scheduled to speak Wednesday morning.

Three general federation leaders are being placed on program to direct the discussion of international situation, Mrs. Perkins says. Mrs. Frederick Bays of New Jersey, general federation chairman of international relations, will be the first major speaker Monday morning. Mrs. Carl Schrader, fine arts chairman for the general federation, will bring the lecture on fine arts evening, Tuesday.

Mrs. LaFell Dickinson of New Hampshire, second vice president of the general federation, will be the personal representative of Mrs. Sadie Orr Dunbar, national president, at the Texas convention. She will address the club women Thursday evening at the pioneer dinner.

Armistice evening, November 11, is the designated time for the convention to pay tribute to founders and patrons. These will include Clara Driscoll, who removed financial burdens from the state federation last year when she presented her

## Wesleyan Group Guests of Mrs. Pierce

Members of the Methodist Wesleyan Service Guild met at the home of Mrs. F. L. Pierce, president, Monday night. Future meetings will come on Monday night instead of the customary Tuesday nights. Mrs. W. W. Smith will be hostess at the next meeting.

Mrs. M. W. Clark presided for the week of prayer program, and Mrs. W. W. Smith was principal speaker for the evening. Her talk was on "Searritt College Built for the Future," and an offering was taken for the Nashville, Tennessee, school.

Scriptures were read by Mmes. W. P. King and Pierce; "Challenge" was Mrs. King's discussion subject; Mrs. I. A. Smith gave the meditation; a special prayer was led by Mrs. Joe Caton; and poems were read by Mmes. C. I. Hill, Martin Norred and Clark and Ida Mae Collins.

## County Couple Is Married Saturday

Dora Mae Floyd and John Rogers repeated their marriage vows Saturday morning at 10:00 o'clock, at the home of the bride's parents, Mr. and Mrs. O. C. Floyd, in Northwest Snyder. The bride's father, Elder O. C. Floyd, read the service.

Senior in Snyder High School, the bride was wearing a blue tailored suit with black accessories for her marriage. Rogers is a member of the local National Guard.

The couple spent a few days in Sweetwater, visiting with Mr. and Mrs. R. E. Huddleston and Mr. and Mrs. Ed Fussell. They will be at home in the east part of town,

personal check for the permanent headquarters building in Austin.

Seventh District has chartered a number of buses, in which to make the convention trip, but Snyder women prefer to furnish their own cars for the Austin trip next week. Largest delegation of Seventh District representatives ever to attend a state meeting is expected to support Mrs. Walker for state president next week.

## Covered Dish Meal Served To Crusaders

A covered dish dinner in the church basement was enjoyable last Monday evening for members of the Crusaders Class of the Methodist Church. Mrs. Ella Neal of Big Spring was the only guest.

Members attending were: Mmes. I. A. Smith, Harry S. Lee, T. W. Pollard, C. V. Morris, A. E. Hervey, Albin Showman, H. L. McClintock, Walter Wells, Hattie Belk, C. R. Burk, Lyle Deffenbach, Warren Dodson, Oleta Robinson, J. O. Littlepage, R. H. Odum, H. T. Sefton and Sterling Williams; Misses Gertrude and Hattie Herm, Neoma Strayhorn and Nellon Minix.

## Health Featured In Program, Eats

The idea of "Health and Safety" formed the keynote throughout the program and into the refreshment hour Tuesday evening when Ed Crandham was hostess to the Art Guild at the home of her parents, the R. C. Granthams, Mrs. C. I. Hill directed the program.

"A Survey of Texas' Safety Program" was given by Frances Boren, and Effie McLeod cited "Health Facts to Help Us Begin the Winter." Mrs. Ivan Gatlin led the parliamentary drill.

Miss Grantham passed a salad plate to the following members: Misses Boren, McLeod, Estella Raebel, Rayolene Smith and Wilma Shropshire; Mmes. R. G. Hillard, Herman Trigg, A. M. Belcher, Dill, L. H. Butler, Horace D. Seely and W. E. Holcomb was elected delegate from Art Guild for the state federation meeting in Austin early next month. Annual Thanksgiving dinner, a covered dish affair, will be held at the Holcomb home at next meeting time of the local study club.

## Nine-Year-Old Is Birthday Party Host

John Billy Claybrook, son of Mr. and Mrs. Paul Claybrook, celebrated his ninth birthday last Thursday with a party to which he invited a number of his friends. Assisting Mrs. Claybrook with the entertainment were Nell Carlton, Mrs. W. B. Carlton, Mrs. Bushy Hedges and Mrs. Alice Montgomery.

After games were played, refreshments were passed to the honoree and the following guests: Joan Johnston, Arlen Stokes, Kenneth and Gene Carlton, Clarice McGlum, Ila Ruth Newton, Patsy Ann Ross, Sandra Jean Josephson, James Littlepage, John Billy Harvey, Manuel and Ramon Hedges, Carroll, and John Chapman, David Lynn Headstream, Don Keller, Basil Boatwright, Donald York and Douglas Claybrook.

## Senior Candidate Is Hermleigh Queen

Attractive Estella Wimmer, senior candidate, was elected carnival queen of Hermleigh Schools at the close of the Halloween carnival held at the school last Thursday night. Coronation ceremonies will formally announce the selection after Christmas, school leaders announce.

Miss Wimmer was one of three Wimmer girls in the contest for Hermleigh queen the last few weeks, and she became the successful candidate. Other in the race, one from each of the other classes, were: Carlene Kimzey, Magdelaine Wimmer, Betsy Smith, Rubnell McKnight, Lillian Wimmer, Oma Nell Roemisch, Bobby LaRue Vaughn, Sammie Wall, Joan Hodnett and Johnny Mae Fargason.

Hermleigh School netted \$152 from the carnival last Thursday night. People from Hermleigh and all the surrounding communities gathered to enjoy the bingo games, fortune telling, duck ring, hoop throw and penny pitch, sponsored by the classes. Food booths were popular, and an auction sale was held.

## Mrs. Randsals Is Convention Delegate

Mrs. R. J. Randsals, vice president, has been named delegate from Ingleisle Study Club to the annual convention of the Texas Federation of Women's Clubs being held at the new permanent headquarters building in Austin November 11-14. Mrs. W. W. Smith was elected alternate delegate.

Mrs. John Cox was hostess at Tuesday's meeting of the Ingleisle Study Club, and Mrs. J. T. Johnston diverted the program on "International Good Will and Government." "Hawaii Wants a Star" was discussed by Mrs. Cox, and a round table discussion given by Mmes. Johnson, T. W. Pollard and L. C. Rennals centered on the Americas.

Members attending the meeting were: Mmes. Earl Louder, Pollard, H. L. Vann, Chas. Noble, T. H. Ray, Tom Boren, Clyde Boren, Rennals, Smith, Randsals, L. A. Chapman, Harold Brown, Carl England, Johnston and the hostess.

## Former Fluvanna Man Weds Sunday

Merle Henry, daughter of Mr. and Mrs. D. W. Henry of Plainview, became the bride of Claude Rea Jr., son of Mr. and Mrs. C. E. Rea of Hereford, Sunday, October 20, in a service held at the home of the bride's parents. Rea, grandson of Mr. and Mrs. C. L. Rea and Mrs. J. R. Willis of Fluvanna, formerly resided in the Fluvanna community.

Rev. D. W. Henry, brother of the bride, performed the ring ceremony before a group of relatives and close friends of the couple. Both were educated in Hereford schools. They are living at 1804 Pierce Street, Amarillo.

## Mrs. Winston Club Hostess Friday

Mrs. Wade Winston was hostess Friday afternoon to El Feliz Club. Her home was beautifully decorated with chrysanthemums, and at the close of the forty-two games she served refreshments to the club members who attended.

They were: Mmes. G. H. Leath, Joe Strayhorn, W. E. Doak, R. H. Odum, L. W. Boren, Lee T. Stinson, H. J. Brice, A. W. Waddill, L. D. Green, J. W. Scott, J. E. LeMond, W. J. Ely, H. L. Vann, Sidney Johnston and A. J. Cody.

## EASTERN STAR

Eastern Star will hold a stated meeting at the hall Friday evening at 7:00 o'clock. Mrs. Ena (Ted) Haney, worthy matron, will give her report of the Grand Chapter meeting in Mineral Wells. The Mineral Wells meeting closed last Thursday, and Mrs. Haney was delegate from the local chapter to the gathering.

Mary Bolin is visiting this week with her aunt in San Antonio.

"Did you count with a daisy to see if Jack loves you?" "No, indeed; it might have turned out wrong. I used a three-leaf clover."

## "Build-Up" for Women Helps Avoid Distress

Do you suffer periodically from headaches, nervousness, irritability, cramp-like pain? If so, here's good news! These may be symptoms of functional dysmenorrhea due to malnutrition, often helped by CARDUI.

CARDUI usually increases appetite and the flow of gastric juice; so aids digestion and helps build up strength, energy, physical resistance. Result for many is less periodic distress. Or you may find this also helps ease your periodic discomfort. Take CARDUI a few days before and during "the time." 50 years of use and popularity invite your confidence in CARDUI.

## Woman's Culture To Entertain Clubwomen

Plans are being made by Woman's Culture Club to entertain for other Snyder club women early in December. Club leaders said following a meeting Tuesday afternoon at the home of Mrs. J. P. Avary. Details of the planned social affair will be announced later.

Mrs. H. T. Sefton, Culture Club president, has been made delegate to the state convention, and Mrs. R. W. Cunningham was selected as alternate. One or both of the representatives will join other Snyder federated club members for the trip to Austin early next week.

Mrs. A. A. Bullock was director Tuesday for the Reader's Digest program, which centered on national defense. Mrs. E. J. Richardson talked on "Training Conscripts." Mrs. Ted Moser's topic was "Lady Fuhrer von Alles," and Mrs. W. G. Williams discussed the "Dead Hand of Bureaucracy."

The hostess passed refreshments to the following members: Mmes. A. C. Alexander, Bullock, W. A. Morton, Moser, Richardson, E. F. Sears, D. F. Strayhorn, Sefton, Williams and H. L. Wren.

## Local Couple Marry Saturday

Marriage of Mrs. Velma Bruton and W. K. Roberts, both Snyder business people, was solemnized at the home of Rev. and Mrs. Ira Harrison Saturday afternoon at 3:00 o'clock. Rev. Harrison, local Baptist pastor, read the ring vows, and the couple was unattended.

Mrs. Roberts was dressed in an all black costume, a Franklin frick worn with black accessories. Both will continue their previous business connections—Mrs. Roberts as collector for the Community Natural Gas Company at Towle's Jewelry Company and Roberts as local agent for the Great American Life Insurance Company. The two were guests Saturday night at a district banquet of Great American representatives at the Lubbock Hotel in Lubbock.

Mr. and Mrs. Roberts are living at 1700 Twenty-eighth Street in Snyder.

## Martha Lou Holmes Honored on Birthday

Friends of Martha Lou Holmes gathered Tuesday afternoon at the Walter Holmes residence, 2804 Avenue L, to surprise the local girl with a party on the occasion of her seventeenth birthday.

Following a round of enjoyable games, birthday gifts were opened and admired by attendants. Cake and hot chocolate were served at the party's conclusion to the following:

Margaret Jane Farr, Ola Margaret Leath, Mary Bell Weathersbee, Loyette Leath, Colene Morris, Jean Pitts and Elsie Bynum, and the party honoree, Mmes. Ralph Neal, Ed Watkins, Melvis Neal, Luther Holmes and Walter Holmes served the refreshments.

## Juaeise Burt and W. H. Shuler Marry

Juaeise Burt, daughter of Mrs. Valma Burt, became the bride of W. H. Shuler, son of Mr. and Mrs. Harvey Shuler, in a simple marriage service held at the Trinity Baptist Church in Dallas Friday afternoon. Rev. Dan Milley read the ring ceremony.

The bride wore a woolen frock of soldier blue with navy and black accessories for her marriage. Graduate of Snyder High School last June, Mrs. Shuler has since been a student in the University of Beauty Culture in Dallas. In the local high school she was active in all school activities, particularly in the fields of homemaking, dramatics and the Lucky 13 Sports Club.

Shuler, also a Snyder High School graduate, received his bachelor's degree from A. & M. College in 1939. He is now employed in the operations department of the Delta Air Corporation in Dallas. The couple will live in Dallas.

**SCHOOLS MAY CLOSE** if ITCH and IMPETIGO spread among the pupils. STOP ITCH or IMPETIGO CONTAGIOUS SORES at once with BROWN'S LOTION. You can't lose; this liquid-antiseptic is sold and guaranteed by STINSON NO. 1

## L. A. Scotts Hosts At Forty-Two Party

Mr. and Mrs. L. A. Scott were celebrating their sixteenth wedding anniversary Saturday evening as they invited friends to join them at an enjoyable forty-two party given at their home at Dunn. The guests arrived early, bringing gifts to Mr. and Mrs. Scott.

High score in the games was made by George Bowers, and low scorer for the evening was Mrs. Welborne Linecum. Autumn leaves, berries and garden flowers decorated the home of the Dunn couple for the party, and favors were also suggestive of the season.

Mrs. Scott served chicken salad, toast, olives, pumpkin pie with whipped cream and Dr. Peppers to the following: Messrs. and Mmes. J. B. Smallwood, Welborne Linecum, W. C. Hooks, Ollie Richardson and George Bowers and her husband.

## HAPPY REUNION

After 19 years of separation, W. T. (Travis) Burney and his daughter, Luedene, met Saturday in the home of parents and grandparents, Mr. and Mrs. W. F. Burney, in Snyder. Miss Burney is a 1940 graduate of the Floydada High School, and she will enter Texas Technological College, Lubbock, at mid term.

## Local Girl In Dramatic Group

Tissie Whitley, daughter of Mr. and Mrs. Dan Whitley, has been initiated into membership in the dramatic club at Hockaday Junior College, where she is a freshman student this year. Meetings will be held weekly in the sitting room of one of the freshman houses.

Miss Whitley was one of the honorees at the president's tea, given Sunday afternoon, November 3, by Miss Ela Hockaday, president of the college, for new members of the junior college staff, new students and their parents.

The local girl completed high school requirements at Hockaday last June.

# Record Tax Collections for October Reported by County Units

**\$36,616.18 PUT IN TILLS BY EARLY TAX PAYMENTS**

County, State and Common School Remittances Mostly Due to Oil, Early Crops, Railroads

Total collections of \$36,616.18 in county, state and common school district taxes for the month of October—an all-time record of collections for the month—was reported this week by the county tax assessor-collector's office.

State taxes paid for the month just closed amounted to \$11,183.75, and county taxes totaled \$19,821.31. Common school district taxes paid for October amounted to \$5,611.12.

Significant fact about October tax payments at the assessor-collector's office is built around the fact that slightly over \$35,000 of the grand total paid was in the form of current taxes.

"Payment of an all-time record amount of taxes during the month of October may be attributed to several facts. First and most important of all is the fact that county oil development work played the leading role in improving our tax payment picture," Herman Darby, assessor-collector, points out.

"The early gathering of cotton crops in the county, plus a general improvement in economic conditions has also played its part in brightening the tax payment photo," attaches at the collector's office state.

The two railroads crossing Scurry County, and serving as lifelines in supplying and shipping goods to Snyder and other county towns, came through with tax payments in October.

State, county and common school district taxes paid by the R. S. & P. Railroad total \$4,743.63. Taxes for state, county and common school district, paid by the Santa Fe Railway Company, total \$8,934.92.

"We should like to emphasize the fact," assessor-collector attaches point out, "that of the \$3,616.18 paid in state, county and common school district taxes paid in October, only \$860.04 of this amount was listed under delinquent tax payments.

"The many thousands of dollars in unpaid taxes is forcing county officials to take steps to force the collection of such taxes, a situation that could have been more effectively dealt with before now.

"County officials intend to work a hardship on no one, but they are vitally desirous of seeing delinquent payments coming in at a better pace than they have been during the past several months," assessor-collector attaches concludes.

## COUNTY GETS ROADS UNDER WPA PROGRAM

State Routes and Farm-to-Market Feeders Share in Federal Aid For Scurry County

"A highly encouraging situation has been brought about as a result of WPA workers having built or improved an average of almost 100 miles of roads in Scurry and the other 253 counties of the state," H. P. Drought, state administrator of the Works Progress Administration, stated Tuesday.

"Possibly one of the most direct results received by Scurry County as a part of the WPA program has been the construction of vital farm-to-market routes that not only brought thousands of dollars in new payrolls to the county, but also gave the county some badly needed permanent improvements," Drought continued.

Farm-to-market routes completed in this county by WPA workers: Sterling Williams, county judge of Scurry County, points out, include a six-mile section from Snyder north on the Snyder-Clairemont Road, an eight-mile section of improvements on the Camp Springs-Lloyd Mountain road and several sections of farm-to-market road improvements in the county.

Major project started in Scurry County with WPA assistance, and co-sponsorship with the county, is Highway 101 from the Mitchell County line north to Snyder. Road workers under the direction of highway engineer Jack Gorman were working on the project this week in Dunn. With the exception of a .51 mile strip of road, work on the Mitchell County line to Snyder is virtually complete.

Outlining accomplishments during the past five years of WPA operations, Drought emphasized the fact work has been completed on 24,062 miles of urban streets and alleys.

Dotting the map of Texas, including Scurry and other counties of this area, are 1,245 buildings which have been erected or rebuilt by WPA workers. These include 456 schools, six libraries, 16 auditoriums, 156 gymnasiums and many other public structures.

"In recent inquiries received by our state office," Drought continues, "residents of Scurry, Borden, Fisher and other counties of the immediate trade zone have shown a considerable amount of interest in the fact 11 state fish hatcheries have been built or reconstructed with WPA help."

"As a result of the inquiries received on improvement of fish hatcheries, we feel that the State Game, Fish & Oyster Commission will place a record number of fish in West Texas lakes, streams and ponds within the next six months.

"Elimination of insanitary conditions in Scurry and other counties of the state is being achieved through the construction of sanitary privies under the State Department of Health auspices. In this connection, we feel, Burney Kent, supervisor of Scurry County's sanitation project, is accomplishing a great deal of good.

"Adding to open air facilities of the state are such WPA-built edi-

## American Legion Auxiliary Slates Sale of Poppies in City for Week-End

Call for every veteran of the World War and for all other patriotic citizens to wear a memorial poppy on Poppy Day was issued this week by Mrs. J. E. Shipp, president of the local American Legion Auxiliary, Post 181.

Legion Auxiliary workers will have the poppies on sale Friday and Saturday at convenient places around the square, with every person in Snyder to be given a chance to buy the flowers that mean a livelihood for disabled World War veterans.

Poppy Day falls officially on Monday November 11, but the red-flowers will be sold here Friday and Saturday for the convenience of county residents.

Auxiliary officials are joined by local American Legion officers in urging that the flowers be worn through Monday.

The Auxiliary president's message follows: "Twenty-two years ago the American forces in France were beginning a series of great battles which brought victory and peace to the United States and to the world. In those battles 50,000 young Americans gave their lives, and many thousands more were wounded and disabled. Those sacrifices assured our country the peace, freedom and democracy we have enjoyed since 1918.

"Bright red poppies studded the fields where these men fell and were the only floral tributes on their bare battle graves. In tribute to them we wear the poppy, their memorial flower, on Poppy Day each year.

"This year when world events rages as 103 stadiums and grandstands, 12 outdoor theatres, 173 park, 165 public playgrounds, 32 golf courses, 51 swimming pools and 49 band shells.

"We feel that the Work Progress Administration has achieved a noteworthy objective in furnishing employment where possible on farm-to-market roads and sanitation projects that will pay dividends through the years," Drought concluded.

Note from teacher on Betty's report card—"Good worker, but talks too much." "I'm glad to hear that," said her father, over signature on back of card—"Come up sometime and meet her mother."

## Carbon Monoxide Poisoning One of Winter's Dangers

To minimize the danger of carbon monoxide poisoning during winter weather, motorists are urged by Dr. George W. Cox, state health officer, to check up now on the exhaust systems of their automobiles for defective connections and leaks.

"Colder weather will soon be here, and it will be necessary to drive in closed cars. Carbon monoxide may seep inside from leaky connections and overwhelm occupants of the car," Doctor Cox warned.

He said that "warming up" a car in a closed garage is the greatest cause of carbon monoxide deaths. Leaks from manifold connections, cracked manifolds, defective mufflers, leaks from loose muffler connections, and leaks from hot air heaters or connections are potential sources for release of carbon monoxide and should be checked, Dr. Cox pointed out.

"Pay particular attention to those items and remember that proper carburetor adjustment causes minimum production of carbon monoxide and that the highest proportion of this gas is produced by an idling motor."

The state health officer said that headaches which occur during long drives may be an indication that carbon monoxide is leaking into the car. "Sleepiness, dizziness, fatigue and in extreme cases, paralysis, are other symptoms of carbon monoxide poisoning. Truck drivers on long drives are particularly vulnerable," Dr. Cox stated.

Carbon monoxide is colorless, odorless and tasteless. When it is in the air it gives no sign of its presence and is taken into the blood instead of oxygen. Suffering or collapse result from lack of oxygen.

The same carbon monoxide produced from exhaust gas of cars may also be a by-product of the incomplete combustion of fuel in homes.

## Cotton Xmas

Local merchants, ginners and others are joining this week in a movement by the National Cotton Council to "make this Christmas a cotton Christmas," a survey conducted Wednesday reveals.

The slogan about the cotton Christmas is one adopted by the National Cotton Council in its recently announced campaign to increase the consumption of American cotton.

In explaining the nation-wide campaign to the people of Scurry, Fisher, Borden, Mitchell, Nolan and other counties of this trade zone, Oscar Johnston, council president, says: "We cannot urge too strongly that every man and woman give gifts of American cotton-made goods this year. With our present loss of foreign markets, it is essential that every possible effort be made to increase consumption of cotton products."

Typewriters and typewriter supplies may be purchased at The Times Office at reasonable prices.

## Ginnings for County At 15,000-Bale Mark

Total of 14,994 bales of cotton were turned out by county gins through Wednesday, figures obtained by The Times reveal.

Crop observers are still unapproachable on the subject of just how many bales of cotton the county will produce this year, due to the fact continued pretty weather would result in many green bolls opening, which otherwise would sour if hit by an early frost.

Snyder Squad Prepares for Annual Grudge Tilt with Roscoe

Loraine Held to 7-7 Tie Friday Night by Scrapy Cardinals

Strong, hard-fighting Hermleigh Cardinals proved their real strength last Friday night when they played the Loraine Bulldogs to a 7-7 dead-lock.

First score of the game came in the second quarter when Junior Vernon intercepted a Loraine pass a little past mid-field and scampered 60 yards through the entire Bulldog team to pay dirt.

Loraine scored in the third quarter on a long punt return. The Loraine man took the kick on his own 30-yard line and behind beautiful downfield blocking, sprinted 70 yards to pay. Extra point was made by a plunge over the center of the line.

Hermleigh threatened again in the fourth period when they took the ball on their own 10-yard line and by hand of Knight and Vernon, took the ball all the way to the enemy's two. The long drive was ended, however, when Vernon fumbled the ball there and Loraine recovered.

In return the Bulldogs then took the ball and marched back up the field. They were on the Hermleigh 10-yard line as the game ended and still going strong.

Hermleigh starters: Wimmer and Mason, ends; Snowden and Brown, tackles; Brawley and Ellis, guards; Werner, center; Vernon, Knight, Patterson and Vaughn, backs.

FLUVANNA vs. O'DONNELL Fluvanna's Buffaloes tangle with the O'Donnell Bulldogs tonight (Thursday) for an inter-district tilt. Some 30 pep squad girls expect to make the trip with the football eleven. The game will be played at O'Donnell.

If you want a portable typewriter call at The Times office.

Interest Kindled By Business Men In Friday Fracas

Flowboys and Tigers tangle Friday night to renew an age-old grid battle that has developed into an annual grudge game. The melee always gives promise of being one of the best on the schedule regardless of the teams' standing.

Game time is called at 7:30 o'clock, and will be played on the recently lighted Roscoe field.

A great deal of interest in this game by local business men and other school supporters indicates a large delegation of Snyderites will be on hand for the grudge tilt. The business men, led by Lion Robert G. Dillard, plan to lend their whole-hearted support toward backing the Tigers the remainder of the games this season. They will begin their spirited campaign during regular assembly period at the local high school at 10:15 tomorrow (Friday) morning.

Statistically speaking, the two teams are just about evenly matched. Roscoe's slate thus far looks like this: Roscoe 0, Munday 18; Roscoe 0, Ballinger 0; Roscoe 6, Slaton 7; Roscoe 0, Rotan 7; Roscoe 6, Colorado City 53; and Roscoe 4, Roby 7. That gives Roscoe an aggregate of 18 points to 98 for their opponents.

Snyder's scores: Snyder 0, Kermitt 12; Snyder 13, Putnam 0; Snyder 14, Roby 7; Snyder 6, Loraine 24; Snyder 6, Merkel 25; Snyder 0, Rotan 26. This totals 39 points for Snyder against 94 for their opponents. According to these figures, Snyder has a slight edge over their foes.

But any edge that the Tigers may have probably will be needed. For the first time this year all Roscoe players are reported to be in top playing condition. Presumably the squad has not been at full playing strength because of injuries suffered by several of the players.

Snyder, on the other hand, will still be minus Dale Reed in the starting lineup. Reed hurt his ankle two weeks ago in the Snyder-Merkel game and may be out of the games for the rest of the season. He is still working out, however. Other minor injuries may hamper the Tigers to a certain extent.

Starting lineup for the Tigers will probably look somewhat different to anything placed on the field thus far. Playing for his first time this season in a regular game will be a fellow by the name of Dorman, who becomes eligible for conference play this week. In scrimmage thus far Dorman has looked plenty good on tackling. He hits his men hard and low, has another year of eligibility, and will replace Thayne Mebane in the starting lineup at tackle position.

Piling end slots will be John Terrel Lynch and Sherman Merritt; tackles, Dorman and Bruton; at guards, Thompson and Keller; Glynn Curry Snyder will fill center position; and Neal, Blanchard, Spikes and Rollins will comprise the starting backs.

LOOKIN' 'EM OVER

By JAY ROGERS "Say, what seem to be the matter with this Snyder bunch anyway?" That is what a Rotan man was heard to ask at the game the other night, and he wasn't talking about the football team either. He was referring to the Tiger backers who were not in the stands lending their whole-hearted support to the down-trodden team. Roughly estimating, there were about 15 per cent Snyder people at the game, 50 per cent Rotan followers and the remainder from Roscoe, Colorado City and surrounding towns. And that isn't something to be bragging about either.

Someone says, though, that maybe Snyder people would back their team if only they had a winning team to back. Probably this is true enough, but it must have occurred to them that the thing works in reverse, too. With the backing of the town—everyone talking football, thinking football and even going a little out of their way to give the football boys a boost occasionally—a poor team might surprise you. As to which one comes first—the team winning so that the town will have something to back or the town backing the team so that they might have an incentive to win—is a matter of controversy much as is the question of which was first, the egg or the chicken. But it's a dead clinch that as long as each is waiting on the other to do the starting, there isn't going to be a football team in Snyder for years to come.

A fine start was made toward the unity of these two football-building ideals at Tuesday's session of the Lion's Club, when Tiger team representatives, Thayne Mebane and

Speaking of next year's team, at present there are some 12 players coming out for high school ball who will return. Most of these men are green at the job of football, but with a few good lettermen returning and a host of promising new recruits from grammar school, plus, of course, town backing and a shower of school spirit—the Tigers may have a team of which Snyder will truly be proud. Coach Otto Barbee has this thing in mind, seemingly, by keeping the next year men just a little longer than the others and working them hard on the basic principles of football.

"By doing this," says Barbee, "we hope to build some players who can really carry the load next year. We are not giving up on winning at least three more games this year by a long shot, but at the same time, the more experience these men get this year, the better they can be next season."

Hermleigh Meets Fluvanna in Title Game Armistice

Crucial game in the intra-county football league featuring the Hermleigh Cardinals versus Fluvanna's Buffaloes in a renewal of their "grudge" tilt, comes Monday afternoon on Hermleigh soil. The Armistice Day game will be the deciding factor in who will be Scurry County's 1940 class B football champs. If the Cardinals win as they did several weeks ago, they will automatically become the 1940 title holders; but if they lose, Fluvanna goes alongside them in first place and the deciding game would have to come later. Both teams will be represented by colorful pep-squads, and the Hermleigh junior class will be in charge of concessions. Starting lineup—For Hermleigh—Wimmer and Mason, ends; Snowden and Brown, tackles; Brawley and Ellis, guards; Werner, center; Vernon, Knight, Patterson and Vaughn, backs. For Fluvanna—Wilson and Love, ends; Johnson and Lilly, tackles; Mariner and Sullenger, guards; Squires, center; White, Brown, Landrum and Ball, backs.

For Hermleigh—Wimmer and Mason, ends; Snowden and Brown, tackles; Brawley and Ellis, guards; Werner, center; Vernon, Knight, Patterson and Vaughn, backs. For Fluvanna—Wilson and Love, ends; Johnson and Lilly, tackles; Mariner and Sullenger, guards; Squires, center; White, Brown, Landrum and Ball, backs.

Yellow Hammers Smash Tigers in Friday Spree, 26-0

A smooth-running Yellow Hammer eleven smashed the Snyder Tigers here last Friday night, 26-0, to continue their unmarred march toward 6-A conference title.

Displaying a versatile attack, the Rotan team went by air and by land in dealing the defeat. Three of the touchdowns were made on passes—one each in the second, third and fourth quarters—from Underhill to Ragsdale.

Hargrove went over in the third quarter for the other Yellow Hammer score. He also kicked two of four tries for extra points.

The Tigers showed a definite weakness on pass defenses and at large holes in the line of scrimmage. But had it not been for the long pass completions from Underhill to Ragsdale the score would not have been nearly so large. Jack Terry at end and Glynn Curry Snyder were outstanding men for the Tigers on defensive play, each doing a nice bit of tackling from secondary positions, which stopped many of Rotan's long thrusts.

Out of the game because of injuries were Dale Reed and Bill Miles, both starters in most of the games thus far. Reed has a bad ankle, which was turned in the Merkel-Snyder game, and Miles has a bad shoulder. Then, too, Red Neal came out of the game with a hurt leg, leaving only two experienced men to fill the backfield slots.

Starting lineup: Snyder—Lynch and Terry, ends; Mebane and Bates, tackles; Keller and Erwin, guards; Snyder, center; Blanchard, Neal, Spikes and Odum, backs.

Rotan—Cole and Ragsdale, ends; Sutton and Gilbert, tackles; Day and Anthony, guards; Curlee, center; Underhill, Cave, Bentley and Hargrove, backs.

Substitutes for Snyder: Leftwich, tackle; Rollins, center; Thompson, back; Burt, guard; Wilson, tackle; Merritt, end.

For Rotan: P. Underhill, end; Filenighm, end; Owens, tackle; R. Cole, guard; Strayhorn, back; Wilson, guard.

A survey of business firms around the county, conducted late Wednesday by R. G. Dillard, Chamber of Commerce manager, indicates that Thursday, November 21, will probably be observed as Thanksgiving Day in Snyder. This date, set by President Roosevelt, will be the Thanksgiving Day commemorated by neighboring towns in this area. Snyder and county schools will observe the November 21, since teachers' institute will be held in Fort Worth on this day.

Typewriter ribbons are kept in stock at The Times Office.

Merkel Crew Halts Late Rally to Beat Roby Friday, 19-12

Merkel's Badgers had to ward off a late Roby rally Friday night at Merkel to win a hard-fought District 6A football game, 19-12.

Merkel took command in the first period when Raymond Smith plunged for a touchdown after the Badgers had their scoring play set up on a Roby fumble at the 30-yard line.

The Badgers scored again in the second on a pass from Jack Melton to Elbert Hickam, the play netting 19 yards. Reynolds added the point to give the Merkel team a 13-0 lead at the half.

Melton scored in the third period, culminating a long Merkel drive. The Lions took over at this stage. Feagan, who played a great game for the losers, rammed over left tackle for the team's first touchdown late in the quarter. Clark made the second tally in the fourth quarter after a pass interference penalty was called against the Badgers on the two.

Left End Cox was outstanding in the Merkel line, while Feagan and Clark were Roby standouts. Roby made only two yards rushing and failed to pick up a first down in the first half. The Lions roared back, however, to pick up 10 first downs and 133 yards rushing in the second half.

Fluvanna Scores In Every Period To Beat Owls, 26-2

Scoring a touchdown in each period and making two extra points, the Fluvanna Buffaloes last Friday afternoon stomped to down the Dunn Owls, 26-2. The class B conference game was played at Fluvanna.

Leading the Buffaloes in their ground attack were Leroy Brown and Bud White, each scoring two touchdowns and an extra point. The touchdowns were distributed throughout the game with one being run over in each period.

Outstanding for the losing team for their good blocking and tackling were Ellis, Parker and Martin. Looking good for Fluvanna on runs and showing promise of being a big threat in the Hermleigh game Armistice Day was Joe Landrum.

Despite the fact that Landrum picked up many of the Buffaloes' yards, he failed to tally in the game. Dunn's two points came when an Owl lineman broke through to block a Fluvanna punt. The ball, already deep in Buffalo territory rolled back of the end zone where it was covered by a Dunn player for a safety.

First downs favored Fluvanna, 18 to 9. All first downs by the Fluvanna team were made from running plays while the Dunn boys took all theirs by the aerial route.

The Owls completed 10 of 20 passes thrown and the Buffaloes didn't throw a pass all game. Fluvanna punted twice for a 30-yard average; Dunn punted six times for a 26-yard average.

Mrs. W. E. Holcomb and Allene Curry were week-end visitors with Mrs. Holcomb's parents, Mr. and Mrs. W. T. Cook, the Walter Currys and Hubert Currys in Crosbyton.

Colorado City And Merkel Play Friday In 6-A Title Melee

Fireworks will break loose in District 6A Armistice Day when the Colorado City Wolves and Rotan Yellow Hammers collide at Rotan in a game that will decide the championship.

Both teams are unbeaten and untied in league competition and the two clubs have stacked up about even on paper. John Dibrell's Wolves rested last week for the big game, while Lester Edwards' Rotan eleven downed Snyder, 26-0.

## Mother of Snyder Woman Dies Friday At Big Spring Home

Death claimed Mrs. Bertie Elizabeth Shultz, 63-year-old Big Spring resident and mother of Mrs. C. E. Helms of Snyder, early Friday morning at her residence in the west part of Big Spring, following a brief illness.

Final rites for Mrs. Shultz were conducted Saturday afternoon, 3:00 o'clock, at the Eberley Funeral Home in Big Spring. Dr. and Mrs. C. E. Helms were the only Snyder attendants at the funeral services.

A native of San Saba County, Mrs. Shultz is survived by two daughters, Mrs. C. E. Helms of Snyder and Mrs. Mary Ellen Morise of Austin; three sons, W. D. Shultz of Big Spring, S. E. Shultz of Uranan, Colorado, T. T. Shultz of Montrose, Colorado; 10 grandchildren and four great grandchildren.

Eberley Funeral Home was in charge of arrangements, with burial in the Big Spring Cemetery.

Mr. and Mrs. Hugh Beebe of Hopkinsville, Kentucky, who arrived here Monday to visit their cousins, Mr. and Mrs. Ralph Odum and Mr. and Mrs. Galtner Bell, left Wednesday morning for their Kentucky home.

Wednesday-Thursday, Nov. 13-14—

### "Passport to Alcatraz"

featuring Jack Holt with Noah Beery Jr. King of the Royal Mounted serial and cartoon comedy. Family Nights. All the immediate family admitted for 20 cents.

## VARIED PLANS SET TO CARRY OUT PROGRAM

"Education for Common Defense" Will Be Theme of Seven-Day Observance Nov. 10-17

With "Education for the Common Defense" as a theme, Snyder and other schools in the county mapped plans this week for active participation in American Education Week, a seven-day period scheduled from November 10 through November 16.

E. L. Farr, superintendent of Snyder Schools, states two general assembly programs will be held at Snyder Schools next week, with the program of American Education Week observances to be woven around "Education for the Common Defense."

"It is a regrettable thing to know that 30 per cent of the American soldiers we had engaged in the World War were illiterate. J. J. Taggart, then head of the U. S. Bureau of Education, stated that such a condition as that would never exist again, if our public school systems did their part," Farr continues.

"To this end we are devoting our two assembly programs next week that we may make America strong through education for common defense purposes. We plan to emphasize the need of men being strong physically and mentally to be qualified for selective training service," Farr concludes.

Roy O. Irvin, county superintendent, states that U. S. flags will be displayed at county schools next week and programs arranged with "Education for the Common Defense" as a basis for fiscal year.

"In planning our observances of American Education Week," Irvin points out, "we realize that America has these vital things to defend: A spiritual heritage, a people's government, a great people, a vast wealth and a hopeful future."

"Education for the common defense of our people is vitally important, since it is universal, individual, practical, civic and spiritual. Had certain European nations had these things instilled in the hearts of their people years ago, the history of Europe might be vastly different today," Irvin declares.

## Huge Fire Losses in State Would Pay for Much War Material

Scurry County people are expressing a great deal of concern over the fact that the value of insured property in Scurry, Fisher, Mitchell, Nolan and other counties of the state destroyed by fire alone each year would go a long way toward solving our perennial relief problem. Marvin Hall of Austin, state fire insurance commissioner, stated Tuesday.

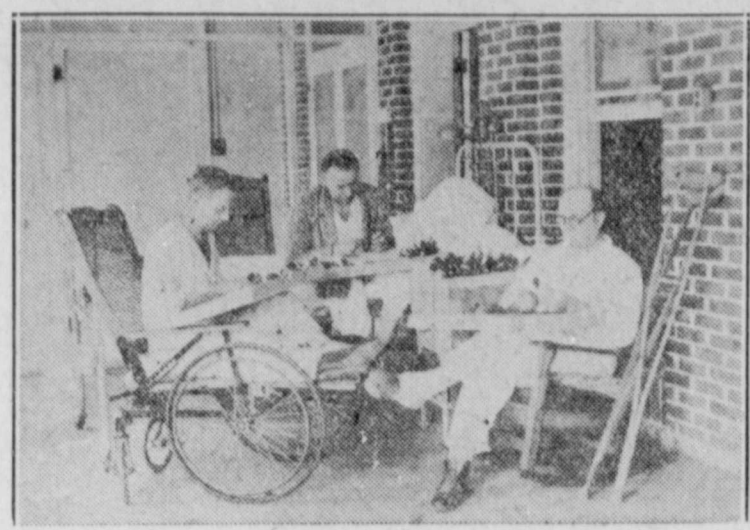

"If we consider fire losses each year in terms of national defense, according to Hall, we find the state has an annual insured fire loss of \$2,500,000. If this amount of money could be saved, it would pay for 950 war planes costing \$10,000 each, or pay one-half of the cost of one of the world's finest first-line battleships.

N. W. Autry, chief of the Snyder volunteer fire department, states Snyder has done much during the current year to reduce insured fire losses, and that the example set here is gaining the attention of the state fire insurance commissioner.

"Only by constant vigilance and rigidly approved building construction practices can we hope to achieve our objective of making Snyder one of the safest cities in the state, so far as insured fire losses are concerned," Autry points out.

Week-end guests of Mr. and Mrs. L. D. Green were their daughters and sons-in-law, Mr. and Mrs. Bob Davenport of San Angelo and Mr. and Mrs. Clyde Shull of Seguin.

## Making Poppies as Livelihood

Shown here are disabled World War veterans, whose only means of livelihood is woven around the business of making poppies—the very same flower replicas which will go on sale here Friday and Saturday. Members of the local American Legion Auxiliary confidentially expect this year's poppy sales to establish a new all-time record for Scurry County.

## Baptists Select Colorado City as Next Area Host

Good representations from churches in Scurry and Mitchell Counties highlighted Tuesday's Baptist workers' conference, held at the Loraine Baptist Church.

Revs. Arthur Travis and Scott W. Hickey of Colorado City, and Rev. E. G. Richardson of Abilene gave some highly interesting messages on the morning program.

Basket lunches, prepared by the women of the Loraine community, were served attendants at noontime. Board and WMU meetings were held immediately after lunch.

Sermons by Rev. Altie Hardin and Cone Merritt, both of Post, preceded the afternoon's main address, brought by Dr. W. R. White of Abilene, president of Hardin-Whitman University.

Using "What Do Ye More Than Others," Dr. White emphasized the need of Christian tolerance during these transitory times, and urged "that Christians be mobilized for kingdom work if they are to pave the way for a better nation in which to live when peace falls upon the world again."

Colorado City's First Baptist Church will be host Tuesday, December 9, to the Scurry-Mitchell Workers' Conference. A Sunday School meeting will also be held in connection with the December gathering.

Attendants at the December meeting will be asked to bring their own lunches, with dessert and drinks to be furnished by the Colorado City church.

## DANCE PROGRAM LATER

Georgia Ballina, noted Spanish folk dancer and singer scheduled to appear Monday afternoon, 2:30 o'clock, at the Snyder High School auditorium, will be here at a later date, E. L. Farr, superintendent, announced Wednesday night. Postponement of Miss Ballina's appearance here was made necessary, due to conflicting dates with her engagements elsewhere.

Buy your typewriter at The Times.

## New Phone Book

Snyder's new 1940 telephone directories, containing a number of new subscribers, were distributed this week by local representatives of the Southwestern Bell Telephone Company.

Eliel Mae Sturdivant, chief operator of the local telephone exchange, points out that the new directories, due to popular demand, contain ample lineage on page seven for listing new local telephone connections which may be added during the coming months, or out-of-town numbers subscribers may desire to keep recorded.

Due to the cooperation of subscribers and telephone company officials, the city's new telephone directories were issued several days earlier than was anticipated when work was started on the new listing of subscribers.

## C. Rosenberg Says Brownwood Booming

Newspapers and word of mouth have both told stories lately concerning the city of Brownwood, which is described as "booming." These stories are being circulated again this week by Charles Rosenberg, who has spent the past few months with his son, Gus Rosenberg, and family in Brownwood.

Carpenters and other workmen have already started business on the upgrade, Rosenberg says, and the town itself will continue to improve with the arrival there of the thousands of U. S. army men later this month. Snyder National Guardsmen are due in Camp Bowie, name for which was taken from the World War camp formerly stationed in Fort Worth, at Brownwood on November 25.

## Pioneer Woman Of Area Passes At Colorado City

Funeral services for Mrs. N. T. Womack, 78, Mitchell County resident for almost a half century and a woman who was well known to Southern Scurry County residents, was held Tuesday afternoon at the Cuthbert Methodist Church.

Rev. H. W. Hanks of Brownfield, assisted by Rev. R. B. Walden, pastor of the Westbrook Methodist Church, conducted final rites for Mrs. Womack.

Mrs. Womack died in a Colorado City hospital Sunday morning after a 10-day illness. She was born Ellen Elizabeth Wingo, near Tishomingo, Mississippi, on April 19, 1862.

She was married September 19, 1888, to N. T. Womack. The couple moved to Texas and lived in Hill

## Travis Cox Infant Passes Wednesday

Betty Sue Cox, infant daughter of Mr. and Mrs. Travis Cox of Ira, succumbed Wednesday afternoon in a local hospital several hours after birth.

Funeral services for the infant were held Friday afternoon, 2:00 o'clock, at the graveside in Ira Cemetery. Rev. J. W. McGaha officiated. Otom Funeral Home was in charge of funeral arrangements.

County until 1891, when they came to Mitchell County.

Survivors include her husband, N. T. Womack; nine children, Mrs. J. Lee Strain, Mrs. Don A. Strain, Mrs. C. C. Berry, J. C. Womack and W. E. Womack, all of Fairview and Cuthbert, Charley and Ray Womack of Lamesa, Mrs. T. B. Cowen of Lubbock and Frank Womack of Lamesa; 28 grandchildren; and 23 great grandchildren.

Burial was in the Teaville Cemetery.

How Winter OIL-PLATING maintains needed lubricant in advance—for Safe Quick Starts

Here's a short easy Quiz that can save you harsh starting wear all Winter... When you park, does all the lubricant drain down sooner if the cylinders slant like the sides of the letter V, or if they're straight up like the letter I?

Answer: All the lubricant DOES NOT drain down for hours—days—weeks—in any type of car engine that's OIL-PLATED by changing to Conoco Germ Processed oil for Winter.

Processed into this patented oil is the magnet-like ability to keep inner engine parts surfaced with rich slippery OIL-PLATING

...as close-fitting as other protective plating on your car... and just as drainproof! Then before you can even get near your car, the waiting engine is already OIL-PLATED against the worst Winter wear. And out goes the dread of the starting period. Do you ever read or hear of any Winter help that's more positive? Change today then—simply, quickly, economically—to this patented Germ Processed oil that OIL-PLATES, warding off excess wear to keep up mileage.

Your Mileage Merchant's Conoco station has it for you. Continental Oil Company

**T**WENTY-TWO YEARS AGO, on Flanders' shell-torn fields, a bugle's silver tone brought golden silence to still the cacophony of War . . . a silence, however, epitomized by the grim quiet of the burial grounds with endless crosses, row on row.

Today our nation labors with feverish haste that we may erect a man-made barrier against the thunderous wrath now sweeping a continent in the wake of human hatred. The torch of America is being carried to light forever the path of peace for this hemisphere.

For twenty-two years we have shed no blood in war . . . yet American motherhood trembles as children kneel in evening prayer for fear that this precious peace may not be maintained . . . that the overseas lightning may yet flash across the ocean with its blighting destruction.

Well today may we add to our pleas before the Almighty's throne our prayer for a continuation of the golden silence that came on this day in 1918 . . . and from the merest child to the tottering patriarch, add these words to our supplication . . .

"And grant us Peace . . . Amen!"

## Faculty Play Given At Fluvanna Friday

Fluvanna's annual faculty play, "Here Comes Charley," was presented Friday evening in the high school auditorium to an excellent audience.

Mildred Cornelius was starred as Charley, fresh from the hills of "good ole Arkansas." E. O. Wedgeworth played with Mildred as her good "ole" Uncle Alec, also a product of the hills.

Starring in the Ned Sparks role was E. L. Ball. Gilbert Mize acted the blue-blooded son, Miss Ott was the terrible aunt, and Miss Cook the maid. Tommy Farquhar played the part of the cop, and Cecil Boren played the boy.

The Blue Belles furnished music for the faculty presentation. Special stage setting for the play was arranged by Buford Browning, Fluvanna vocational agriculture instructor.

Among the 20 students from Parsons Beauty School, Abilene, who were accompanied to Austin early Tuesday by Mrs. Letha Parsons, instructor, for state examinations in cosmetology Wednesday and Thursday of this week, was Thelma Anz of Snyder. Mrs. Anz has been enrolled in the school for complete training in beauty culture for several months, completing her work early this week.

## New Attorney

Shown here is Winfred F. Newsome, former county attorney of Floyd County, and partner with John E. Sentell in the law firm of Sentell & Newsome, who will be principal speaker here Tuesday evening at a county-wide meeting of county school teachers. Newsome is a graduate of Baylor University Law School, Waco.

## ELECTION SET TO DETERMINE MOVE DEC. 14

### County Landowners Meet Tuesday With Soil Specialist To Discuss Proposed Colorado District

An enthusiastic group of county landowners met Tuesday morning in the district courtroom with Cezar Hohn, soil conservation specialist from College Station, and representatives of the county agent's office.

Purpose of Tuesday morning's gathering was to take up educational work on the proposed Upper Colorado Soil Conservation District, embracing Scurry and Borden Counties.

Hohn gave detailed information on the proposed district, how it would benefit landowners of both counties, and urged all landowners of both counties to vote for the new district at an election which will be held here.

The December 14 election will determine whether or not Scurry and Borden Counties are to be recognized as the Upper Colorado Soil Conservation District.

Containing 1,121,920 acres, more or less, the contemplated district will include all of Borden County and all of Scurry County except a small area lying south of the Colorado River, and now included in the Mitchell County district. Only landowners in the proposed district will be eligible to vote.

X. B. Cox, county agent, is in receipt of a pamphlet which may be termed the "official explanation" of the Texas Soil Conservation Act. The pamphlet was prepared by a joint committee representing the Extension Service of A. & M. College, the vocational agriculture teachers, the Bureau of Agricultural Economics, the Farm Security Administration, the Texas Forestry Service, and the Agricultural Adjustment Administration. The pamphlet is intended for use of those connected with these agencies who are called on to explain the act. The first part of the explanation deals with:

- 1.—What a district can accomplish.
- 2.—What a district cannot accomplish.

In "What a District Can Accomplish," it is stated that the law was passed by the Legislature because the farmers wanted it. A district, when organized, is a governmental subdivision. The supervisors, bona fide farmers or ranchmen of the district, elected by the qualified voters thereof, who are in charge of the district, can do only those things set out in the act. The question often comes up: "Can a

## Demonstration Club Notes

Estella Kabel, County Agent

To encourage the use of surplus cotton in this trade area, the Pylon Home Demonstration Clubs are preparing a radio broadcast, which will be presented over Station KXOX, Sweetwater, November 25 at 1:30 p. m. Subject of the broadcast will be "Give Cotton Gifts."

Officials of the Texas Extension Service reported to Miss Rabel, H. D. agent, Wednesday that the extension service now has 13 more bales of cotton and 710 yards of ticking on hand, with which to have more mattresses made. Part of the cotton and ticking will be shipped here in the near future.

Miss Rabel announced Tuesday that the County Home Demonstration Council will meet Saturday afternoon, November 16, at 3:00 o'clock in the agent's office.

Committees for this year's Christmas party, expansion, education, yearbook and nominating procedure are requested to meet the afternoon of November 16 at 2:00 p. m.

The home demonstration agent's schedule for the next eight days follows:

- Friday, November 8—Bison girls and women, at Bison.
- Monday, November 11—Ennis Creek women.
- Tuesday, November 12—Round Top.
- Wednesday, November 13—Dunn junior and senior girls, at Dunn.
- Thursday, November 14—Crowder, Canyon and Ira girls.
- Friday, November 15—Lloyd Mountain.
- Saturday, November 16—Committee meeting of County Home Demonstration Council in home agent's office at 3:00 p. m.

Mrs. Hoyt Murphy, China Grove home food supply demonstrator, has made yeast breads and rolls weekly for her family. She also reports in her pantry preserved and canned foods, consisting of grape jelly, one-half gallon of peach jelly, two gallons of green grapes, three

gallons of canned peaches, one gallon preserves, one and one-half gallons preserved grapes, one and one-half gallons pear preserves, seven pints of canned peas, one gallon pickled peaches, 22 No. 2 cans of corn, 17 cans of peas, 14 quarts of butter beans and 10 quarts of snapped beans.

district or the supervisors vote bonds or levy taxes? They cannot do this, because it is not provided for in the law.

It further states that under the agreements to be made "Each interested party will thoroughly understand the contributions to be made by the other, whether it be technical assistance, labor, or materials, before an agreement is entered into."

If a mutually agreed upon plan for the farm cannot be worked out, no obligations are assumed by anyone, and the matter is dropped. If there is any material or equipment that can be gotten by the district from the Department of Agriculture or any other agency, it will be controlled by the supervisors.

As to what the district cannot do, it is stated that "It cannot vote bonds or levy taxes," nor can it do the whole job for the farmer. If the farmer does not care to enter into a cooperative agreement with his district, the services of the vocational teachers and the county agent are still available to him as they have always been; however, the services of these agencies can be more efficient in cases where groups of farmers are working together.

Very often farmers think they will be forced into a cooperative agreement after a district is organized. As explained above, this is not true. The land use regulations referred to in the act would only be considered after most of the district is protected by conservation practices, and then only if a particular farmer's method of farming in considered a menace or nuisance to the others. Besides this, 90 per cent of the landowners of the district would have to vote in favor of land use regulations before it could be enforced.

FOR SALE—Used Coolers, used ice refrigerators. We also have used electric refrigerators for sale or for rent.—King & Brown, Frigidaire dealers. Telephone 18. 10-10c

## Hays Observes Third Church Anniversary

Rev. Lawrence Hays, former pastor of Snyder First Baptist Church, was joined Sunday morning by congregation members in observing his third anniversary at San Angelo Park Heights Baptist Church.

Rev. Hays, who began this week his fourth year of work as pastor of the San Angelo church, reported 356 additions since he became pastor, and gifts for all purposes totaling \$28,973.83.

He has held three revivals for his local church since he began pastoring it, and 11 for others with 407 additions reported. He has performed 72 marriage ceremonies and conducted 91 funerals.

Rev. Hays' wife, Vivian, died of Well of Midland has accepted a place with the Park Heights church as leader of the young people's work.

Mr. and Mrs. A. Johnston, Mrs. T. H. Ray and daughter, Patsy, spent the week-end in Goree, guests of Mr. and Mrs. Charlie Johnston.

gallons of canned peaches, one gallon preserves, one and one-half gallons preserved grapes, one and one-half gallons pear preserves, seven pints of canned peas, one gallon pickled peaches, 22 No. 2 cans of corn, 17 cans of peas, 14 quarts of butter beans and 10 quarts of snapped beans.

BYRON CLUB ELECTS  
Pylon Home Demonstration Club met in the home of Mrs. Wayne Rodgers recently with 13 club members and two visitors in attendance.

Miss Estella Rabel, county H. D. agent, could not be with the club at this meeting, but officers for the club years were elected. The officers include: Mrs. Farmer, president; Mrs. Andrews, vice president; Mrs. Rowland, secretary-treasurer; Mrs. McMillan, council delegate; Mrs. Mears, reporter.

A refreshment plate carrying out the Halloween theme was served to Mrs. Clifton, Farmer, Andrews, Rodgers, Bowman, Stahl, Rowland, Ammons, McMillan, McWhirter, Hess, Smith. Mrs. Smith will be the next hostess to the club on November 7.

## Nine Students From County Among Big Enrollment at HSU

With nine Scurry County students enrolled, Hardin-Simmons University, Abilene, opening the fifteenth year since its founding as a pioneer West Texas educational institution, is beginning its Golden Jubilee celebration with the highest fall semester enrollment in a decade.

Scurry County students enrolled at Hardin-Simmons include: Johnny Boren, son of Mr. and Mrs. J. A. Boren; Louise and Nell Verna LeMond, daughters of Mr. and Mrs. J. E. LeMond; Leon Autry, son of Mr. and Mrs. N. W. Autry;

Edna Murphree, daughter of Mr. and Mrs. Will Murphree; LaVohn Roberts, daughter of W. K. Roberts; W. P. Simpson, son of Mr. and Mrs. J. A. Simpson; Fay Nell Spears, daughter of Mr. and Mrs. John Spears; and Evelyn Davis, daughter of Mr. and Mrs. O. K. Davis of Dunn.

Dr. W. E. White, national figure in the Baptist denomination, is beginning his administration as the seventh president of Hardin-Simmons. One of the Golden Jubilee programs is to be the inauguration of Dr. White.

The H-SU student body this year, officials state, includes undergraduates from 111 Texas counties and 12 states.

## Box Supper Slated at Turner School Friday

An old-fashioned box and pie supper, replete with a prettiest girl contest and musical entertainment, will be staged at Turner School Friday evening, J. M. Glass, Turner principal, announced this week.

Proceeds of the box and pie supper will be utilized for the benefit of the school, Glass states. The program that will be held in connection with the food sale is scheduled to be "tops" for county entertainment lovers.

Glass is joined by school trustees and residents of the Turner community in inviting county residents to bring either boxes or pies, and the folks are asked to bring some extra dimes and quarters, along with their pennies for the prettiest girl competition.

## Snyder General Hospital

Hospital patients being kept in the local hospital late yesterday from last week include Mrs. N. C. Wilson, accident, Jack Carnes, medical, Mrs. R. B. Dodson of Post and her young son, Randall Boyd, D. T. Rollins and Bruce Montgomery, surgery. Mrs. Dodson and baby will probably be moved home today (Thursday).

Tom Angel, manager of the Snyder Cooperative Gin, underwent major surgery for ruptured appendix Saturday and was doing nicely late yesterday. Clark Sturdivant's operation for acute appendix Tuesday night left him, also, resting well yesterday.

Mr. and Mrs. Clarence Wade, Route 3, Snyder, are announcing the arrival of their seven pound five ounce daughter born at 1:35 Wednesday morning. Mrs. Wade and baby are still in the hospital, and the baby had not been named yesterday.

## Quartets Feature of Singing at Turner Sunday Afternoon

Good attendance featured Sunday afternoon's class song fest at Turner School, with visiting singers from Snyder, Independence, Union and other county points present for the occasion.

Idis Allen, president of the Turner singing class, was in general charge of the program. Rev. C. C. Evans, evangelist of Hamlin, directed several numbers and invited singers and others to his conducting revival service Sunday night in the county courtroom.

A men's quartet, composed of Emmitt Butts, Jack Patrick, T. B. Bownds and Idis Allen, proved a program feature, as did a woman's quartet, composed of Meses, Everett Clarkson, J. M. Glass and Meses Marjorie Martin and Martha Lou Holmes.

"We are greatly encouraged over the amount of interest now being shown in class singing at Turner," Idis Allen reports, "and we feel that community interest will be greatly revived as a result of the visitors we have been having at our song fests."

# SANTAFE SAYS SECTION CROPS IN FAIR SHAPE

Lack of Moisture in Snyder Area Good for Harvesting, But Small Grains Needing Rains

(Editor's Note: The November 1 report of crop conditions in this immediate area, and in adjacent areas, prepared by the Santa Fe Railway Company, is of such general interest it is given herewith for the benefit of Times readers.)

Although light, scattered showers have been received recently in the northern and central sections of Texas, moisture in Scurry, Fisher, Garza and other nearby counties, for example, has not yet been sufficient to be of material benefit.

Some winter grain has been planted in localities receiving enough moisture to bring it up, and some has been planted in dry soil. Most grain producers, however, are waiting for a good rain before sowing. Most of the vacant land is prepared but too dry for planting operations.

Dry weather experienced during the past few weeks has enabled farmers to gather a considerable amount of their cotton crop. A great deal of the cotton harvested to date has been placed under government loan and shipped to compresses and warehouses for storage.

Most of the corn crop has also been harvested. The late feed crop is doing well and is about ready to harvest. Cane, especially, is in good shape in Scurry, Fisher and Nolan Counties.

Turkeys are developing rapidly under favorable conditions, feed and range being plentiful. Feeding of turkeys is being pushed for the Thanksgiving market, which opens this week. Indications are that the Thanksgiving and Christmas movements will be slightly greater than last year.

No rain of consequence has been received lately over the livestock grazing country, and ranges are becoming dry. Cattle are still in prime condition, with feeder calves selling at exceptionally firm levels.

Cotton picking is proceeding rather slowly, due to a lack of hands in many sections, with harvesting to continue through November. Yields are not as good as first estimated.

## Dramatics Given Attention by SHS Studes This Year

Dramatics are occupying a prominent place in Snyder School activities at the present, Glynn Curry Snyder, president of the local high school's Dramatic Club stated Tuesday.

First on program, young Snyder points out, will be a comedy-mystery, "Jumping Jewels," which will be presented soon by members of the junior class. This play will represent several new ideas in school dramatization.

Members of the "Jumping Jewels" cast are Ray Martin, E. A. Birdwell, Junior Miller, Doyle Stokes, Carol Chesbro, Marvell Watkins, Vivian Bullard, Colon Higgins, Kathryn Smith, Alice Birdwell, Paydean Norred and Dorothy Murphree.

Following presentation of the junior class play, members of the Dramatics Club will announce try-outs for its first three-act play of the current season.

In addition to Snyder, a senior, other Dramatics Club officers include Donald Ray Scott, vice president; Bobby Jean Morrow, secretary and historian; Truman Plier, treasurer; Alton Duff and Donald McGlaun, state managers; Jeanne Taylor, property manager; Mayme Stokes, wardrobe mistress; Dorris Bertram, publicity manager; and Jimmy Wells, house manager.

Rose Marie Cawson, speech arts instructor, sponsors the play group.

## HERE IS MORE CONCERNING MUDGE OIL

CONTINUED FROM PAGE 1

boys said was a low well, but a well in which the brown lime section was thick and high.

Attention is called and our memories refreshed by the old original location made by Geologist All Abdaba Hassan in 1928. D. & R. No. 6 well is less than a quarter of a mile from Hassan's original location, which was never drilled.

Emmitt Trevey hauled the derrick timbers away from the Hassan location to rebuild his hog pens after a financial storm in New York City wrecked the company with which Hassan was associated.

Members of the oil fraternity like to think what would have happened had the Hassan well been drilled back in 1928 or 1929. Most county landowners, as well as oil operators, would have been rich in time to have been caught in the stock market crash in 1929.

To the north, Paul C. Teas, for the Pearson-Sibert Oil Company, is feeling ahead for the pay in their well on the old Grant tract, now owned by the Dobsons, Robinsons & Wetzel, and named by Cossey as the Goat Ranch.

Across the river to the southeast, development work is picking up at a steady pace, with several new tests scheduled for spudding over the week-end.

Magnolia Petroleum Company was setting casing late Wednesday in the No. 3 Rufe Sterling test, located in the northeast quarter of Section 130-H&TC Survey.

Several members of the oil fraternity from various Texas points were arriving in town this (Thursday morning) to witness shooting of D. & R. No. 6 Burney.

Located four miles east of Rotan, the Rotan field, in District 7B, is being permitted to continue daily production, as is the Itaan field in Eastern Howard County, under new orders issued this week by the Texas Railroad Commission.

The commission slashed production in some fields since promulgation of a 90-day order decreeing nine days of shut downs during the months of September, October and November.

## Collins Lary Moves Auto Wrecking Shop

Collins Lary, who has operated a wrecking shop for several years just north of Winston Feed Store on Avenue S, announces this week removal of his shop to a new location, one door north of Dunnam Mattress Factory on the same avenue.

Lary, who handles a line of second hand automobile parts, also handles used automobile tires and other car accessories.

Get office supplies at Times office.

## City Lot Is Secured For Erection of New Church for Baptists

Spirited services featured the week-long revival meeting brought to a close Sunday evening in the county courtroom by Evangelist Clymer C. Evans of Hamlin. The visiting minister conducted the fall meeting for the Tabernacle Baptist Church.

In bringing his final message to attendants Sunday evening, Rev. Evans stressed the need of "keeping on with the good work inaugurated here by local congregation leaders." He continued: "We feel this meeting has resulted in a blessing for the community, and believe that the Tabernacle Baptist members will soon have a new building in which to worship."

Following his regular weekly radio sermon, broadcast Tuesday morning at 6:45 o'clock over KXOK, Sweetwater, Rev. Evans left for Jacksonville to attend the state convention in progress there this week.

Walter Holmes, J. W. Prather and Oscar Davis, who compose the Tabernacle Church's building arrangements committee, state lot for a new structure has been secured, with building activities scheduled to begin on a new meeting place in the near future.

Those who would like to make contributions for the church's building fund are urged to contact the three arrangements committeemen named above as soon as possible.

## CURRY BABY DIES

Mrs. A. M. Curry, Allene Curry and Glynn Curry Snyder were in Hobbs, New Mexico, Monday of this week to attend funeral services for the infant son of Mr. and Mrs. Sykes Curry. The local people returned Tuesday.

Mrs. T. G. Deffebach of Tuscola is visiting this week with her son, Lyle Deffebach, and Mrs. Deffebach.

## CITATION BY PUBLICATION

The State of Texas, To the Sheriff or any Constable of Scurry County, Greeting:

You are hereby commanded to summon Mahlon W. Anderson by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein; but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Scurry County, to be holden at the Court House thereof, in Snyder, Texas, on the 3rd Monday in November, A. D. 1940, the same being the 25th day of November, A. D. 1940, then and there to answer a petition filed in said Court on the 22nd day of October, A. D. 1940, in a suit, numbered on the docket of said Court as No. 3298, wherein Flossie Anderson is Plaintiff, and Mahlon W. Anderson is Defendant, and said petition alleging: That on about 10th day of September, 1938, in Dallas County, Texas, Plaintiff, a single woman by the name of Flossie Whitaker, was legally married to defendant, and continued to live with him as his wife until on or about the 1st day of February, 1939.

That Plaintiff, during the time she lived and cohabited with defendant as aforesaid, conducted herself with propriety, and managed the household affairs of her said husband with prudence and economy, and at all times treated her said husband with kindness and forbearance. But that defendant, disregarding the solemnity of his marriage vows, and his obligation to Plaintiff, immediately after their said marriage, commenced a course of unkind, harsh, and tyrannical conduct toward her, which continued until Plaintiff was compelled to and did leave defendant and returned to her parents in Scurry County. That on divers occasions while Plaintiff lived with defendant as aforesaid, defendant was guilty of excessive cruel treatment and outrages toward Plaintiff of such nature as to render their living insupportable. That defendant was insolently toward Plaintiff and on or about February 1, 1939, date of their said separation, cursed and abused Plaintiff.

Plaintiff would further show the court that there is no community property between Plaintiff and defendant, Plaintiff would further show to the court that of said marriage there was born no children.

Wherefore, Plaintiff prays the court that defendant be cited to appear and answer this petition; that on final hereof Plaintiff have judgment dissolving the marriage contract now existing between Plaintiff and defendant, and that Plaintiff have restored to her name of Flossie Whitaker, and for cost of suit, and for such other further relief, special and general in law and in equity, that she may be justly entitled to, etc.

Herein Fall Not, and have you before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Snyder, Texas, this the 22nd day of October, A. D. 1940.—J. P. BILLINGSLEY, Clerk, District Court, Scurry County. 21-4c

## WPA Program Has Brought Much to Area

### DRAFT BOARD WILL CARE FOR WORKING MEN

Transients Employed Away From Home Not Required to Return Home If They Are Called

Transients who are working in Scurry or adjoining counties, particularly cotton pickers, need not return to their home counties if they are registered for the draft, members of Scurry County's Selective Service Draft Board announced Tuesday.

Those engaged in cotton picking activities who are already registered can keep in touch with their local draft boards by letting them know where they are, so they may be easily located if their registration number is called.

"It is not necessary for a man to leave his job and return to his home, if he is properly registered for the draft," local draft board members state. "He can write his board, giving his number, if he knows it, and his address. Then a person's local board can write him if his number is called for service."

"Many farmers in this trade zone have been saying the past few days that some cotton pickers, especially Mexicans, were wanting to return home. Some of them have gone back to South Texas to register, which is not necessary at all."

Members of the local draft board have sent to other counties the names of those men who have registered with the local draft board, and who have given their home addresses in other counties or states.

In turn the three members of the Scurry County Draft Board have received a number of cards from other counties with information about Scurry County residents who have registered away from home.

Local draft board members have the addresses of all men of draft age who are working or living temporarily in other towns. When and if their numbers are called for examination, they will be notified.

"It will not be necessary for any Scurry County boy away from here to come back, unless he is actually summoned for examination," local draft board members point out. "County boys away from here may continue to remain away and work so long as we have their correct and full address. They should report, however, any change of address to their home county draft board immediately. This is the one thing that is highly important."

### Scurry County to Be Well Represented at District AAA Meet

Scurry County is scheduled to be well represented at the district AAA meeting which will be held in San Angelo November 22 and 23, the county agent's office announced Tuesday.

The forthcoming Triple A gathering at San Angelo will be in the form of a joint meeting of representatives from District 6 South, and District 6 North.

Purpose of the meeting, at which a number of state and federal AAA representatives will appear on program, will be to explain details of the 1941 AAA farm and ranch program.

Those who will attend from Scurry County include X. B. Cox Jr., county agent; Miss Estella Rabel, home demonstration agent; Claud D. Cotten, junior administrative assistant at the county agent's office; Frank A. Wilson, George J. Brumley and Ross Williams, members of the county committee, and Ruth Davis, county agent's office attaché.

### Ex-Students of ACC Will Attend Homecoming at Abilene

Reports received late Wednesday by The Times indicate ex-students of Abilene Christian College residing in Scurry, Fisher and other nearby counties will be in Abilene almost 100 per cent strong Friday and Saturday for the ACC homecoming festivities.

Theme of this year's annual event will be built around a program honoring Don H. Morris, newly named college president, who took office June 1. Morris is the first ACC executive named from the ranks of the ex-students association.

Following a chapel program for their alma mater, ex-students will be treated Friday to a free West Texas barbecue, Fred Barton of Abilene, association president, states.

A homecoming football game between the ACC Wildcats and the Daniel Baker eleven Saturday afternoon will bring this year's homecoming activities to a close.

### Woman's Bureau Stresses Economy By Taxing Units

Yardsticks by which Snyder's local government may be tested by the average citizen were offered for the first time today by the National Consumers Tax Commission, of which Mrs. H. G. Towle is Snyder chairman.

Stressing the importance of economy and efficiency in local government in order to help offset the new taxes necessitated by the national defense program, the commission is showing its units in 43 states how to make friendly and helpful examinations of their communities' services, operating methods and expenditures.

In the financial department, the women have been told that debt charges in excess of 25 per cent of the annual budget is an unhealthy sign. They are advised to check whether the town lives within its budget and whether the budget is based on actual tax receipts and not on estimates.

Other significant questions are: Does the town have a centralized purchasing system? Are employees appointed on the merit basis? Are public improvements carefully planned? What is the fire defense rating and what steps are taken for fire prevention? Does the city take pains to reveal its expenditures and costs in readily understandable terms?

Mrs. Melville Muckelstone, president of the non-profit, non-partisan commission and a former national president of the American Legion Auxiliary, said, in making the "yardstick" public: "The questions will serve to reveal weak spots which must then be strengthened by citizens action. By asking them at this time NCTC women have a unique opportunity to contribute to the national defense effort."

### Grand Champion Calf at Fair

Grand champion FFA calf and champion of the entire Scurry County Products Show recently is the animal pictured above, Horace Nations, Pyron FFA boy, who exhibited the calf, is shown at the left. Sam Nations, father of Horace, is presented in the center, and Dale McWhirter, Pyron vocational agriculture teacher, is shown at the right. Young Nations also placed first with the calf shown here in the Roscoe Fair. The 740 pound calf was purchased from the R. E. Joyce herd.

Presented in the center, and Dale McWhirter, Pyron vocational agriculture teacher, is shown at the right. Young Nations also placed first with the calf shown here in the Roscoe Fair. The 740 pound calf was purchased from the R. E. Joyce herd.

### OVERQUARTER MILLION COMES TO COUNTY AAA

Cooperation by Farmers in Scurry With Federal Farm Program Brings Cash to Big Group

Payment of \$295,072.47 to Scurry County farmers through Wednesday on the 1940 AAA farm program was reported by the county agent's office.

Arrival of the federal funds in the county at this time of the year has done much to bolster farm income, and has allowed many farmers to clear up obligations that would have otherwise remained unpaid, X. B. Cox Jr., county agent, and Claud D. Cotten, junior administrative officer, declare.

Figures released by Cox and Cotten indicate that virtually all of the county's 1940 parity checks have been received. Parity payments to date total \$154,180.76.

Arrival of 408 soil conservation checks Tuesday, amounting to \$40,642, brings the total of parity payments received in the county to date to \$125,946.38.

"We feel that farmers of the county are due a vote of thanks," county agent office officials state, "in cooperation with us to the extent that their 1940 farm program benefits have been received at an early date."

"We believe that the same type of splendid cooperation will be shown by county farmers on the 1941 program, which, with a few exceptions, will be the same as this year's program. It is an encouraging thing to note that county crop producers are vitally concerned about their farm benefit payments, and are showing a fine spirit of cooperation in compliance with the AAA program."

### Praises Dems

Presented here is Myron G. Blalock of Austin, Roosevelt campaign director for Texas, who is praising Texas Democrats this week for again carrying the standards of their party to victory. "It is something of which to be proud," Blalock pointed out, "to know that Texas has maintained its position as the banner state of the Democratic party."

### COUNTY GETS MANY MILES OF HIGHWAY AID

Construction of Streets, Culverts And Sanitary Units Makes Jobs For Many in District

Construction and improvement of 73 miles of highways, roads and streets in Snyder, and 1,495 miles of roads in the 24 counties contained in the Lubbock WPA district was listed as a highlight of the federal agency in a report released Tuesday by J. O. Jones, district manager.

In addition, for example, to the 73 miles of roadways and streets improved in Scurry County with WPA assistance, Jones points out that 25 culverts have been installed under WPA sponsorship in the county, three new public buildings completed and one public building improved.

"During the past five years," Jones points out, "local and state agencies have cooperated admirably in West Texas to provide work for thousands of jobless persons on projects of permanent public value. We are justly proud of the work performed in Scurry, Borden, Kent, Fisher and other counties of the Lubbock area by WPA workers since this program was started in July of 1935."

"In public health improvement program, carried on extensively in Scurry, Fisher, Stonewall, Borden and other counties of the Lubbock area, 6,232 sanitary toilets have been built and 3,840 acres of lowlands were drained to aid in mosquito control."

"In counties of the Lubbock area, WPA employees, altogether, have built and reconstructed 42 public buildings, including 13 schools, 17 gymnasiums and recreational buildings and two office and administrative buildings."

"Thus one can readily see," Jones continued, "that the Works Progress Administration, since inauguration of its present program here in 1935, has been doing its utmost to give our unemployed jobs where possible. Naturally, we have not been able to take up all the slack, but we have gone a long way toward giving the Lubbock district the type of projects which will endure and return dividends to communities and year after year," Jones declared.

Comparative figures on WPA activities in nearby counties, indicating that Scurry County has accomplished a great deal in getting the WPA projects she has to date, are furnished by Jones as follows:

Borden County—Highways, roads and streets, 13 miles; five new bridges built.

Fisher County—Highways, roads and streets, 55 miles; one new bridge built, one bridge reconstructed, 35 culverts installed, four new buildings constructed, one building improved and one swimming pool built. Garza County—Highways, roads and streets, 55 miles; 35 culverts installed.

Kent County—Highways, roads and streets, eight miles; one public building improved.

Dawson County—Highways, roads and streets, 45 miles; one bridge constructed, 67 culverts installed and one utility plant improved. Stonewall County—Highways, roads and streets, 11 miles; one new bridge built, 30 culverts installed and two public buildings constructed.

"As a highlight of our report for the district," Jones concludes, "we should like to emphasize the fact that Snyder, with 82 blocks of paved streets, has more paving, per capita, than any city its size in Texas. This in itself is an example of what can be done when city and county officials wish to cooperate with WPA officials in getting as many unemployed as possible on some type of officials in getting as many unemployed as possible on some type of permanently beneficial project."

### Max West Gets TMC Rank Advancement

Cadet Max West, son of Mrs. B. M. West of Snyder, who is a student of Texas Military College, Terrell, was named this week Cadet Lieutenant, commanding Company B of the Cadet Battalion of TMC, military college officials report.

Young West, a first year college student at TMC, completed his high school work at the Terrell college last June. He is also student manager of the TMC football team.

The program of instruction at Texas Military College this year has been adapted to the requirements of national defense. The college is recognized by both West Point and Annapolis and provides a special course of instruction for cadets who seek appointment to these institutions.

### T. J. Clark Manages New Cleaning Shop

Newest firm for Snyder is the Cash & Carry Cleaners, opened last week next door to Higginbotham-Bartlett Lumber Company on 25th Street by T. J. Clark.

Clark has been identified with Snyder tailoring interests for a number of years, and has had considerable experience in the cleaning and tailoring field. Cash & Carry Cleaners handles suits, plain or pleated dresses, overcoats and other wearing apparel that needs the attention of an experienced cleaner.

### Scurry Girl Becomes Hockey Team Player

Marjory Stewart, daughter of Mr. and Mrs. Roy Stewart of Camp Springs, who is attending North Texas College, Denton, was named this week a member of the college's All-American hockey team. Marjory, majoring in physical education, and her sister, Helen Stewart, also attending NTSTC, graduated from Hobbs High School in Western Fisher County.

Typewriter ribbons are kept in stock at The Times Office.

## Figure the Price Figure the Features.. Figure the Savings AND YOU'LL BUY CHEVROLET!

Price is important, of course...  
But most important of all is what you get for the price...  
Your own eyes and your own tests will tell you that you get the highest quality in the lowest price field when you get a new Chevrolet... That's why people have given Chevrolet leadership in car sales for nine of the last ten years!

You'll Say "FIRST BECAUSE IT'S FINEST!"  
Again CHEVROLET'S THE LEADER!

ONLY CHEVROLET HAS ALL THESE QUALITY FEATURES

# Scurry County Motor Co.

SNYDER, TEXAS

R. D. Cope of the Cope Brothers Supply Company, Lamesa, stated in Snyder Friday afternoon, "The birds, of some species, have gone south, and leaves are beginning to fall, yet we are experiencing some of the prettiest fall weather we have seen in West Texas in the past five or six years. With all this fine winter weather we are having, we might look for some harm to be done when winter really does hit this section of the state. Even though this winter might prove a comparatively mild one, there's little to halt the force of those perennial northers when they bear down from the North-east states."

"People in this trade territory have doubtless heard so much the past six months about poultry flock improvement work that they think this becomes a dry subject about half of the time," L. A. ROGERS, produce buyer of Winkboro stated while here Monday, "but those in the produce business realized general poultry flock improvement is one of the most vital questions we face today. The entire story, after all, of the best prices the year around for eggs and produce is built around dairy herd and poultry flock improvements."

"In launching our campaign for a County-Wide Auditorium," R. G. Illard, Chamber of Commerce manager, states, "we are well aware of the fact, aside from a business standpoint, that such projects in other cities have been called the hobbies or pipe dreams of leading citizens long before they ever became realities. So we find here that the campaign for a public auditorium to house the county every year it has been something of a hobby with Snyder leading citizens for a number of years. . . . But pipe dreams, or hobbies, after all, are usually the forerunners of projects or movements which result in things that are of permanent worth to a community or county being accomplished."

The S. W. Barfoot of Hermleigh left Scurry County early this week to again spend the winter in Phoenix, Arizona, winter resort town. Mr. and Mrs. Barfoot enjoy their sunshiny, warm winters in the desert country, but their delight always hits a new high in the spring when they return to Scurry County. Mr. Barfoot, who has lived in the county 52 years and has never been without the county paper, dropped by The Times office so that his weekly copy of The Scurry County Times might be mailed to Phoenix.

"In thinking of the holidays just ahead, I cannot refrain from suggesting that it is a splendid idea this year to give as many practical gifts as possible to loved ones and friends," D. M. Johnston of Dallas stated here Tuesday morning. "Events of the past few years seem to be getting people to the point that practical things are the order of the day. Of course people still appreciate frills and ribbons, but they are more concerned now than in several years over gifts which will last throughout the year."

Just another reason why officers get wrinkles on their faces as the years go by was illustrated Tuesday morning, 9:45 o'clock, when a car approaching the stop light at the northwest corner of the square, going south, was hit from behind by a Ford V8 sedan with a bang that echoed clear across the square. City officers, busy elsewhere, were unable to do anything about the matter when they arrived upon the scene of action because the visitor in the Ford explained he was merely pushing the car ahead, because the driver discovered he was out of gasoline.

"Despite the steady movement of cattle to Sweetwater, Abilene and Fort Worth markets, because ranges in this territory are hit by a miniature drought, and surface tank water is getting low in many instances, prices for feeder calves and all classes of cattle, for that matter, are continuing at exceptionally firm levels. Steers and lightweights are bringing some mighty fine prices, with slaughter calves in favorable demand. The top quality animals, as usual, are being brought in from Scurry, Borden and Fisher County ranches," Carlos Morris of Sweetwater, cattle trader, stated Tuesday."

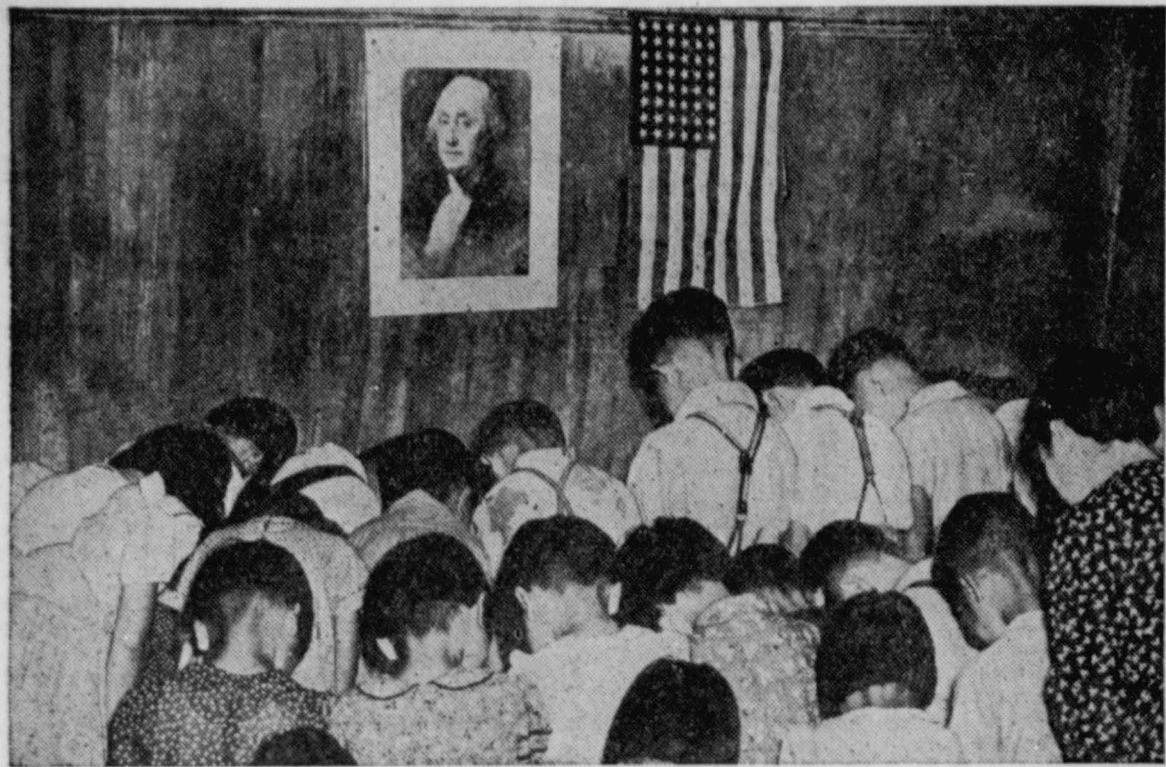

"I have greatly enjoyed my stay in Snyder," Rev. Clymer C. Evans, Hamlin evangelist, stated probably the week's revival meeting concluded Sunday at the courthouse will result in spiritual blessings for Snyder and surrounding communities for several months to come. Snyder folks are about the friendliest set of people I have encountered in many months. With a little more missionary work, people of the Snyder community could be persuaded to do some great things in church work during the coming year, which will probably be one of the most eventful years we have witnessed in a decade."

Sales at homemakers markets in Bexar, Nacogdoches, Polk, Smith and Taylor Counties increased considerably during the month of August.

# CAMERA TOPICS...

## Kennedy Says Farewell to Churchill

U. S. Ambassador to England Joseph Kennedy, left, is shown as he bids good-bye to Premier Winston Churchill at No. 10 Downing street, London, before he left for the United States by clipper plane. Following his return the ambassador conferred nearly four hours with the President. Mrs. Kennedy accompanied him to the White House.

## Shake on Pact

Heinrich Starmer, special German envoy who arranged the Tokyo end of the Axis deal, shaking hands with Japanese Foreign Minister Yosuke Matsuoka after the deal.

## New Chief of R. A. F. Takes Over

Air Marshal Sir Charles Frederick Algernon Portal, new chief of Britain's fighting air force, takes over. Sir Charles succeeded Air Marshal Sir Cyril Newall as chief of the British air staff, stepping up from his post of chief of the R. A. F. bomber command. He is shown (center) going over plans with members of his staff at an R. A. F. station.

## Bomb Inventor

Antonio Panutte of Warren, Ohio, inventor of a new bomb that can be guided to the target by radio from the plane that drops it. It has wings and a rudder.

## America's Land 'Warships'

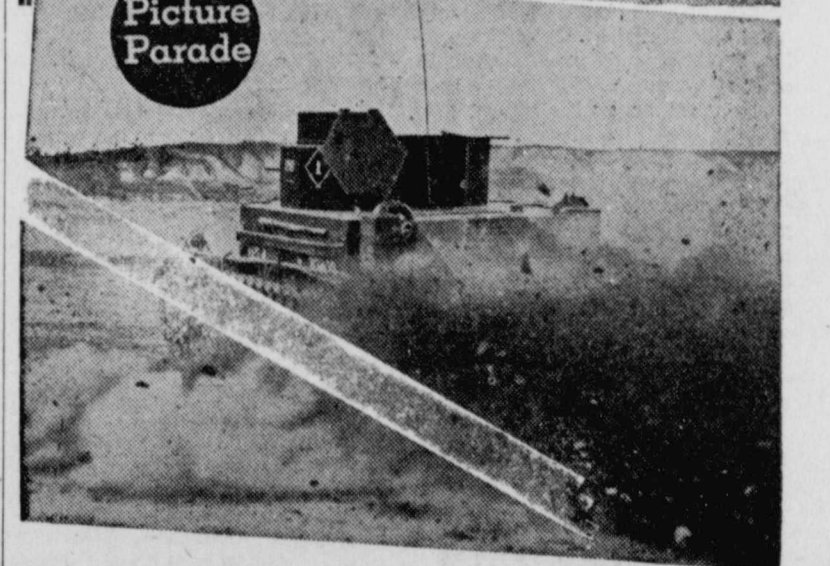

During the German blitzkrieg the tank took its place as the most deadly of military weapons in land fighting. While America has the best tanks in the world, we haven't enough of them, although we are industrially equipped to turn them out in gross lots. So let us give our army tanks—so many tanks that not even all the armies of the rest of the world combined would dare attack us. These photos were taken at Fort George Meade, Maryland.

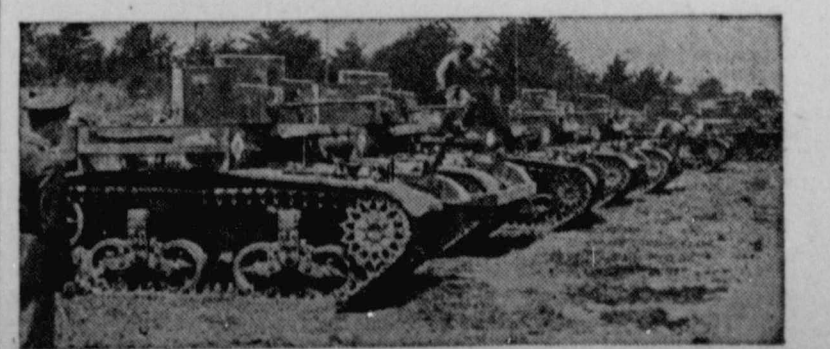

SINISTER SHADOW... Yes, it may be sinister, but we could use a lot more of these shadows on our side of the fence. This medium-size tank is climbing a steep grade.

Left: Medium tank in action in wooded terrain. Small trees are no obstacles to the juggernauts. They move them down like grass. This one has a machine gun and a small cannon. Right: This U. S. tank soldier received the gash on his face during a practice run. Tankers wear special helmets to prevent head injuries when tossed about in the steel juggernaut.

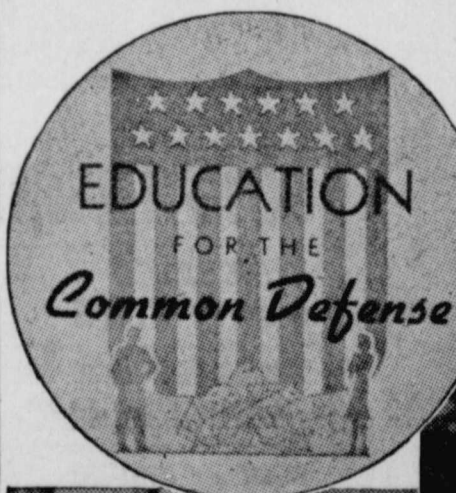

Top: This tank, armed with machine guns and small cannon, spots a "scouting plane" during maneuvers. Tanks have been found vulnerable to airplane fire in the European war. Center: Turning at high speed, this tank tossed the real estate skyhigh. This tank can hit better than 30 miles per hour in the rough. Left: Just as the cavalryman had to look after his horse, the tank soldier must care for his steed of steel. This is washday for the tank after a run through the rough at Fort George Meade.

## Pre-views

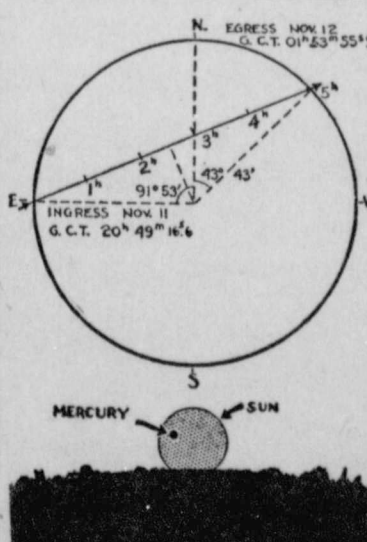

### Observe Education Week

"Education for the Common Defense" is the theme of American Education week to be observed November 10 to 16. Above are shown three important phases of education: training for a vocation, learning to read, and preparing for American citizenship. More than 8,000 persons visited public schools during this week last year.

### Transit of Mercury

STANDARD TIME ZONE	STANDARD TIME OF INGRESS
EASTERN	3 49 P.M.
CENTRAL	2 49 P.M.
MOUNTAIN	1 49 P.M.
PACIFIC	12 49 P.M.

Mercury will pass across the face of the sun along the path indicated in the above diagram on November 11 for the first time in 13 years. The planet's position at one-hour intervals after the time of ingress is also shown.

### Diseases Caused by Virus Are Very Difficult to Treat

Many human, animal and plant diseases are caused by viruses, the Wisconsin experimental station, reports that plants which have recovered from tobacco streak, a virus disease, possess immunity against further attacks of the disease. This immunity, however, is something different from the immunity obtained in germ-produced diseases. In the latter the germ producing the disease is killed and the individual affected does not become a distributor of the germ to others. The immunity acquired by the plants, Dr. Johnson reports, supplied protection to only the individual plant that has recovered. The virus in that plant structure has been brought under control and its growth prevented. Any viruses which the plant possesses can be passed on to other plants and will produce the disease in the other plants, if they do not enjoy immunity through recovery from previous attack. Plants are the best "guinea pigs" for this type of study.

## Bison News

**Mattie Shook, Correspondent**  
Rev. M. W. Clark of Snyder preached here Sunday.

Mr. and Mrs. J. H. Woody spent Sunday with Mr. and Mrs. Owen Nail and son at Canyon.

Frankie Beth Strom spent Thursday night with Clara Wells at Snyder.

Mr. and Mrs. J. B. Holcomb of Snyder visited Sunday with Mr. and Mrs. Trevey.

Mr. and Mrs. Nathan Goolsby and daughter visited Sunday with Mr. and Mrs. John Lankford at Arah.

Fern Woody spent Tuesday night with Betty Jo Teaff at Union.

Vaudean Hodges of Triangle visited Thursday night with Marseles Hickman.

The junior-intermediate class enjoyed a Halloween party in the home of their sponsor, Mrs. Wright Huddleston, Saturday night. After going through the hobgoblin house, having their fortunes told by the kysle and playing many interesting games, the group were served Halloween candy and apples. The following were present: Marion, LeRoy, Neal and Roy Barrier, Frankie Beth and Bill Strom, Marseles, Thelma Ruth and Mary Ellen, Hickman, Lucille, Elen and Jim Sorrells, Myrtle Woody, Rev. and Mrs. R. E. Bratton, son, Austin, and Mrs. Lowell Martin and daughter, Patsy Sue, Sonny and Billie Don Huddleston.

Those attending the BTU associational elimination contests at Buford Sunday were: Mr. and Mrs. Wright Huddleston and son, Ellis Wright, Marion Barrier, Myrtle Woody, Marseles Hickman, Frankie Beth and Bill Strom, Weldon Key and Rev. R. E. Bratton; and son, Austin, Oscar and Mattie Shook.

We are proud of our intermediates who placed in the sword drill. Austin Bratton placed second, Frankie Beth Strom tied for second place, and Marion Barrier placed third. We are also proud of our storytelling contestant, Ellis Wright Huddleston, who will go to District elimination at Big Spring Sunday afternoon. We have big hopes of his going to the state Baptist Training Union convention at Dallas November 22-23.

The senior BTU class enjoyed a wicker roast in the pasture of Mrs. Clark Wednesday night.

Mr. and Mrs. Charley Wellborn and children of Snyder visited in the C. V. Thompson home Sunday afternoon.

The young people of Bison will present the program, "Meet the Young People," Sunday night. All are invited to attend.

## Bethel News

**Mrs. R. L. Jones, Correspondent**  
A. V. Ball of Lamesa spent the week-end with home folks.

Mr. and Mrs. Holly Shuler visited Sunday with the Carl Foster family at Stamford.

Mr. and Mrs. Giles Garner, who came here from Plainview, are staying with Mrs. Tennie Bynum.

Mr. and Mrs. Thelma Palmer of Snyder spent the week-end in the R. L. Jones home.

We are glad to report Edgar Linecum is doing fine since his return from the Roscoe Hospital.

Ben Jones of O'Donnell visited recently in this community.

Mr. and Mrs. Ed Abbot of Lubbock were looking after business interests in this community Sunday.

Mr. and Mrs. Weldon Bills of Pleasant Hill spent Sunday with the E. E. Woolevers.

## Dunn News

**Mrs. L. A. Scott, Correspondent**  
Mr. and Mrs. J. L. Turner and two children of Sweetwater were Sunday visitors of Mr. and Mrs. W. L. Turner. Dougie Turner was also a week-end guest of his parents.

Mr. and Mrs. O. K. Davis and son, O. K. Jr., spent Saturday night and Sunday in Knox City with Mrs. Davis' parents, Mr. and Mrs. Brown. Mary Evelyn Davis, a student at Hardin-Simmons University, Abilene, joined her parents at Knox City for a Sunday visit.

Lorraine Sneath was an Abilene visitor over the week-end.

Mr. and Mrs. John Brown, Mrs. Houston Cotton and Mrs. Gene Parker spent Sunday in Hamlin with Mr. and Mrs. Joe Moser and children.

The carnival sponsored by the Dunn P-TA Thursday night was well attended and a financial success. A total of \$80 was cleared from the different booths. We wish to thank our many friends and the merchants in Snyder and Colorado City for their liberal gifts, which helped so much in putting over the carnival. We also thank the people of Dunn and surrounding communities for the pies and cakes contributed and their presence at the carnival.

## GROUND'S FOR DIVORCE!

Stimulate . . . and Hold His Admiration—Don't RISK Unhappiness—Serve Admiration Coffee!

"Grounds for Divorce." The lawyer said *Incompatibility*, but Betty knew too late that the grounds for divorce were *coffee grounds*. Such a small thing . . . yet morning after morning they had quarrelled over poor coffee at breakfast. And if Betty had only known sooner, she could have avoided this . . . if only she had served Admiration Coffee! *Heartbreak—or happiness . . . depends on you.*

So don't you risk it—not even once. Don't be known as a *poor coffee maker* . . . don't expect just any coffee to satisfy any more than you would expect just any size shoe to fit. Avoid heartbreak . . . avoid unhappiness—serve Admiration Coffee! *It's foolproof.* Remember . . . more Southwestern

housewives use Admiration than any other coffee. Admiration is so dependable!

**NO WASTE**—The special roasting and grinding processes used by Admiration, enable you to get every bit of flavor from the coffee. Remember that . . . when you buy.

**NO AFTER-EFFECTS**—Because Admiration is prepared from only the finest quality coffees and is scientifically roasted, there can be no ill after-effects! Remember that . . . when you serve.

**NO WORRY**—Admiration's scientific blending and roasting methods insure perfect uniformity of flavor in every cup. Remember that . . . for important occasions.

THERE'S HAPPINESS AHEAD . . . WITH ADMIRATION  
**Admiration \$3000.00**  
WILL GIVE **\$3000.00** IN CASH **FREE**

**A NEW CONTEST EACH WEEK!**  
First Prize \$100.00 Third Prize 20.00  
Second Prize 40.00 Next 20 Prizes 2.00

- RULES:**
- Using a plain sheet of paper, tell us in about twenty-five words why you prefer Admiration Coffee.
  - Print plainly on official entry blank your name and address and the name and address of the dealer from whom you buy Admiration. Attach one Admiration coupon, or facsimile, and mail with your contest entry to Admiration, Department C, 62 Box 2079, Houston, Texas. Admiration coupons are packed with every can, jar, and package of Admiration Coffee.
  - Send in as many entries as you wish, provided each is accompanied by an Admiration coupon or facsimile.
  - Judges will award prizes to the entries which, in their opinion, give the most appropriate reasons for preferring Admiration Coffee. The decision of the judges will be final. No contest entries will be returned and all become the property of the Duncan Coffee Company.
  - Anyone may enter except employees of the Duncan Coffee Company, their advertising agencies, and their families.
  - Entries are eligible from any place where Admiration

**Strange**  
The minister was inquiring of one of his flock why he had not attended church recently.  
"Well, you see, sir," said the man, "I've been troubled with a bunion on my foot."  
"To think," said the parson, "that a bunion should impede the pilgrim's progress."

**He Knew It**  
Never paid a doctor's bill all the time I was there."  
"So the doctor told me."

**Rolling Round**  
Dora—What kind of stone is in Jane's engagement ring?  
Norma—A rolling stone. I had it once.

**Over-Ambitions**  
He was very proud of his golf, and had brought his mother-in-law along to watch him play with a friend.  
"I'm particularly anxious to make a terrific drive just now," he told his friend. "My mother-in-law is over there, and I—"  
"Don't be a fool, man," said his friend, "you'll never hit her at 200 yards!"

**Every Land**  
An American was introduced to a Scotsman. After a while the Scotsman said: "To what country dae ye belong?"  
"To the greatest country in the world," replied the American.  
"So dae I," said the Scot, "but ye dinna speak like a Scot!"

## Quick Action for SORE THROAT

FROM COLDS NOW!

Amazing relief of painful symptoms begins in a big hurry when you use Bayer Aspirin this way

Follow these 3 steps as pictured

1. For sore throat from cold, dissolve 3 Bayer Aspirin Tablets in 1/2 glass of water and gargle. Pain is eased very quickly.
2. To relieve headache, body discomfort and dizziness, take 2 Bayer Aspirin Tablets and drink a glass of water. Repeat in 2 hours.
3. Check temperature. If you have a fever and temperature does not go down—call your doctor.

Both aches and raw throat relieved this convenient way. Saves hours of discomfort.

At the first sign of sore throat from a cold follow the directions in the pictures above—the simplest and among the most effective methods known to modern science to get fast relief.

The Bayer gargle will amaze you—easing throat rawness in a hurry. And the Bayer Aspirin taken internally quickly relieves the other painful cold symptoms.

Try this way. You will say it is unequalled. But when you buy be sure you get the fast-acting Bayer product you want. Ask for Bayer Aspirin in its full name.

By Eleanor Howe

AFTER THE FOOTBALL GAME See Recipes Below.

If you are entertaining the crowd after the game, you'll find substantial refreshments in favor; for the same crisp air that puts football players on their toes breeds keen appetites.

It's good social strategy to arrange everything buffet style and let the guests help themselves. You'll want a table that is festive, easy to handle, and yet casual. You may even want to set up card tables in the living room to make your guests comfortable after they have helped themselves from the buffet. They will appreciate this extra consideration.

Natural colored linen, or rough homespun cloth will make a smart background for your serving table. Candles are often used very effectively, when serving buffet style, because they add both atmosphere and light.

If you double as hostess and chief cook, you'll enjoy the game twice as much if you plan a menu that can be prepared beforehand. Sandwich makings and a hot steaming beverage are a wise choice. Then wind up the feast with ice cream and chocolate cake. You find it will make a big hit.

**Chocolate Peppermint Frosting.**  
2 squares unsweetened chocolate  
1 1/2 cups (1 can) sweetened condensed milk  
8 marshmallows (cut in quarters)  
Few drops oil of peppermint

Melt chocolate in top of double boiler. Add sweetened condensed milk, stir over rapidly boiling water 5 minutes, or until the mixture thickens. Add marshmallows, and stir until they begin to melt. Remove from heat and add peppermint. Cool. Spread on cold cake. This frosting covers tops of 2 1/2-inch layers or top and sides of loaf cake generously, or about 24 cup cakes.

**Frankfurter Sandwich.**  
Boil or steam large frankfurters until tender and juicy. Slice thin on white or frye bread and serve with mustard sauce and hot potato salad. Garnish with pickle.

**Hot Potato Salad.** (Serves 6)  
4 medium-sized potatoes  
6 slices bacon (minced)  
1 medium-sized onion (sliced)  
2 tablespoons onion drippings  
1/4 cup water  
1/4 cup vinegar  
1 teaspoon sugar  
1/4 teaspoon salt  
1/4 teaspoon pepper

Cook potatoes in jackets. Cool, skin, and slice. Pan broil minced bacon, then saute onion in bacon drippings until brown. Combine and heat water, vinegar, sugar, salt, and pepper. Add to mixture in frying pan, and mix with potatoes. Place in baking dish and heat in moderate oven (325 degrees) before serving.

**Egg Meringue Surprise Sandwich.** (Serves 6)  
6 slices bread  
1/4 cup butter (melted)  
3/4 pound sharp cheese  
6 eggs  
Salt and pepper  
6 slices bacon

Trim slices of bread and brush one side with melted butter. Place buttered side down on a cookie

**Better Baking.**  
The smell of baking cookies and cakes will soon be permeating the house. Fruit cakes will be baked, packed and stored carefully, until the time they are to be used for gifts. "Better Baking" includes fruit cake recipes which have been thoroughly tested in Miss Howe's own kitchens. This cook book also contains many good cookie recipes, from old-fashioned Ginger Cookies to Fudge Drops.

If you are planning on giving cookies and fruit cakes to your friends as gifts, it will be wise to write for "Better Baking" now. Start your baking early, and avoid the last minute rush. You may secure your copy of this cook book by writing to "Better Baking" care of Eleanor Howe, 919 North Michigan Avenue, Chicago, Illinois, and enclosing 10 cents in coin.

**No Excuse for Inadequate Lighting Now**

By ELIZABETH MacRAE BOYKIN

Quite a commentary for modernization progress in America is the new catalogue of a large mail order house. Two pages are devoted to lamps, half of them oil, half electric!

But just because you have the luxury of electricity, don't get smug about your lighting, for according to actual light meter tests, very few of us work by anything like adequate reading light even if it is electric. That's bad enough for the youngsters. So conscientious parents are thinking pretty seriously about study lamps these days, for school days mean study nights.

A sight for sore eyes is a new study lamp providing polaroid light, that restful non-glare illumination, at a price that really makes it easy to afford—around \$3. It's simple in design, practical, and of course very easy on the eyes. The new fluores-

# Star Dust

STAGE SCREEN RADIO

By VIRGINIA VALE (Released by Western Newspaper Union.)

MARTHA SCOTT, playing the role of a school teacher in "Cheers for Miss Bishop," amazed Director Tay Garnett by her understanding of the role. Miss Scott didn't think it surprising at all—she used to be a school teacher, you see.

She hails from Jamesport, Mo. The family moved to Kansas City, where one of her high school teachers, Miss Ida Lilly, was so convinced that Martha had exceptional ability that she lent her the money to go through the University of Michigan. Martha took to college theatricals like a duck to water.

She taught for six months after graduation, then went back to the university to become head of the property department in the college repertory company. The company's head, Thomas Wood Stevens, took an interest in her, and when he became head of the Bonstelle theater in Detroit she went along.

"If I am a qualified actress today, the credit must be given to Mr. Stevens," she says.

Afterward she went to New York, where she played in dramatized ghost stories opposite Orson Welles. More stock—the engagement for the stage play, "Our Town"—then to Hollywood for the screen version of the play. After that came "The Howards of Virginia."

Do you like stampees? Then don't miss "Arizona" if you want to see the largest and most realistic cattle stampee ever attempted in motion pictures. The 700 white-faced Hereford cattle were purchased for it and rehearsed for a

JEAN ARTHUR

month; then three weeks were spent in filming it in Rattlesnake canyon, 18 miles from Tucson. Participating in the stampee with the cattle were 150 Papago Indians and 100 American "pioneers," headed by Jean Arthur and William Holden.

Remember Ingrid Bergman, who won so many hearts when she made her appearance on the American screen? You'll see her again in "Legacy," planned as one of Columbia's most important pictures of the year. It's being produced by Robert Sherwood.

Metro has a new series under way for you; it's called "Keeping Company," with Frank Morgan and Irene Rich in the father and mother roles, and John Shelton and Ann Rutherford as the young couple who keep company. The cast includes Virginia Weidler and Gloria DeHaven.

Carol Bruce used to sell music sheets in the 5 and 10. Now she's on the air in Ben Bernie's show, a star in the Broadway musical, "Louisiana Purchase," and sings every night after the theater at the Waldorf-Cornwall room. Alas, that weren't enough to keep her busy, she's studying dramatic art.

"Back in the old days, I couldn't afford dramatic lessons, so I studied by myself," she remarked the other day. "I stood in front of a mirror and made faces to go with the dialogue." She's getting ready to go to Hollywood after Christmas, to make a picture on the Universal lot.

Horace Heidt fully recognizes the necessity for encouraging talent within his band—no kid that if you listen to his "Pot o' Gold" program. He eagerly introduces the songs composed by Frankie Carle, the pianist, and he's delighted that the recordings made by Fred Lowery, the band's blind whistler, are so successful; the record of "Tumbling Tumbleweeds" has passed the 20,000 sale mark.

ODDS AND ENDS—Rosemary Lane is breaking away from the team she's been part of with her sisters, and will freelance; she wants to have more time for radio. But you'll see her with the others in "Four Mothers" . . . Lana Turner, Judy Garland and Hedy Lamarr have starring roles in "The Ziegfeld Girl" . . . "Come With the Wind" will be available for general release at approximately half its road show prices early in January . . . Melvyn Douglas has signed a new long-term contract with Metro; he's just finished "Third Finger, Left Hand" with Myrna Loy . . . And Jack Oakie has signed to make three pictures in a year with Fox.

First thing you know, you may be going to odorated pictures. They're exactly what you'd think—pictures in which odors, as well as sounds, are reproduced. They were developed by Hans Laube and Robert Barth in Switzerland, and their company is called Odorated Talking Pictures. Recently they showed one to a very small audience; in it 37 distinct odors filled the auditorium, and each vanished immediately after it first appeared. The odors of flowers, fruit, perfume were distinct and pleasant.

# Kathleen Norris Says:

When Someone Loves You— Watch Your Step!

(Bell Syndicate—WNU Service.)

She plays about with Walter like a happy kid, and he is beginning to feel that she is the most important person in the group. If he cleans the car, Nancy is out at the garage laughing and helping. If he must run upon the she dances along.

By KATHLEEN NORRIS

"I didn't love him," sobbed the bride, "I wouldn't care when he's so mean to me!"

"If I didn't love him," mourns the mother in her stricken heart, "it wouldn't be so hard for me when he's away at night, when he marries the wrong woman, when he's shabby and tired and discouraged!"

Love is the greatest joy and the greatest sorrow in life; the deepest satisfaction, the most acute fear. The power held by those who love and who are loved is a limitless power. That's why we have to be so careful of it; why it is such a crime against love itself to misuse it.

Every mother has the power to completely destroy her children's lives, if she will, because they love her. Every child has potentialities of hurting his parents with coldness and cruelties, because they love him. Wherever love is, there is also the possibility of agony and cruelty and fear. This is true especially between husbands and wives, because of the necessary closeness of their relationship, and their dependence upon each other.

**Bliss—Misery Not Far Apart.**  
These things are so obvious as to be truisms. And yet it is a matter of great surprise to some young wives—and even some older ones—that close to utter bliss there can be complete misery. When a woman gives her heart into a man's keeping she doesn't always realize that he may break it as well as cherish it.

When a love-tone in a man's voice thrills you to utter ecstasy, remember that a little chill in that tone, a shade of indifference or criticism, can lower you to corresponding depths of despair. A wife may ruin her husband's life. A mother may ruin her son's. A son can break his mother's heart. Easily, easily, easily.

Fortunately for most of us, love begets love. The young husband forgets his anger, and in the flood-tide of a blissful reconciliation scene the bride seems to regain a surer position than ever. The son has only to say, with a sleepy kiss, "why, I was only over at Harry's playing bottle-pool, Mom. You're my girl!" to send his mother's spirits soaring to heaven again.

As for mothers and small children, thank God most mothers know their power, and use it wisely. Even disciplined children know that Mother loves them only too well.

**Domestic Triangle.**  
But used or unused, the awful force for hurting those we love remains. Here is the case of "Deedee," who lives in Pittsburgh, and whose letter has this to say:

"We've been married 14 years. I'm 36 and Walter 39. We have a boy of 12, and for the past 10 months my sister and her small girl of five have been with us. Junior adores his cousin Jo-Anne, and as I love children and housekeeping and gardening it is nice for me to have a girl as well as a boy.

"The trouble is my sister, Nancy. She is eight years younger than I, not pretty, but with a great deal of charm. She and my husband have struck up a friendship that excludes me.

"Walter defended her in her divorce suit, which was an unpleasant one. He finally secured her a good alimony and the custody of Jo-Anne. Jo-Anne admires and loves her mother, and Nancy is nice enough with her, but more like a sister than a mother. I am like the mother of the whole crowd.

**Friendship Causes Heartaches.**  
"If Nancy were ever inclined to be indiscreet, it wouldn't be with

my husband, I am sure of that. She is giddy and perhaps shallow, but she loves me. But she plays about with Walter like a happy kid, and he is beginning to feel that she is the most important person in the group.

"If he cleans the car, Nancy is out at the garage laughing and helping. If he must run upon the she dances along. She listens to him; she laughs at old stories.

"When Nancy first came both Walter and I said repeatedly that she brought life and brightness into the house. She does help me; she can't do enough for Junior; she is up and downstairs like a bird. It was a real pleasure to me to have her and darling little Jo-Anne. But when it comes to the three of them going off to movies, leaving the baby with me; Walter sprucing up in the matter of hair-cuts and neckties; telephone calls in which he would as soon have Nancy answer as have me answer; what Nancy likes to eat and do his first consideration,—then I get mad! Or rather, I get blue and diffident, afraid to ask Walter to do anything for fear it interferes with plans he and Nancy have made.

"I don't want to make a mountain out of a mole-hill. I don't want to lose my sister or my husband. Tell me how to solve this problem wisely, without hurting anyone."

**Beat the Burden.**  
Deedee, there isn't any immediate answer. This is one of the difficult times most of us have to endure, sooner or later; a time when you have to admit another woman's superior charm, beauty and opportunity, and bear it. The alternative is to quarrel, destroy the friendship that now exists among you three, and possibly lessen your husband's affection and admiration for you. He probably thinks of you as a woman with common sense. To burst out with jealousy of your sister would shock and disgust and disillusion him.

But you won't have to bear this forever. Nancy doesn't want to marry your husband. She's just playing with him to keep her hand in. In a few more months she will be free to find another mate, and then she will settle down to real business, and you will have the grateful job of consoling your husband for the change in Nancy.

"She isn't a bit like what she used to be," he will complain, "and it's all that boob. What she sees in him is more than I can work out! But if she's going to act like such a fool the sooner she marries him and settles down the better."

Your only cure, Deedee, is time. But I would like to give a hint to the husbands and wives who so cheerfully take chances with the sacred and easily destroyed thing that is married love and confidence. It would be a good idea for every married man to keep her hand in. In a few more months she will be free to find another mate, and then she will settle down to real business, and you will have the grateful job of consoling your husband for the change in Nancy.

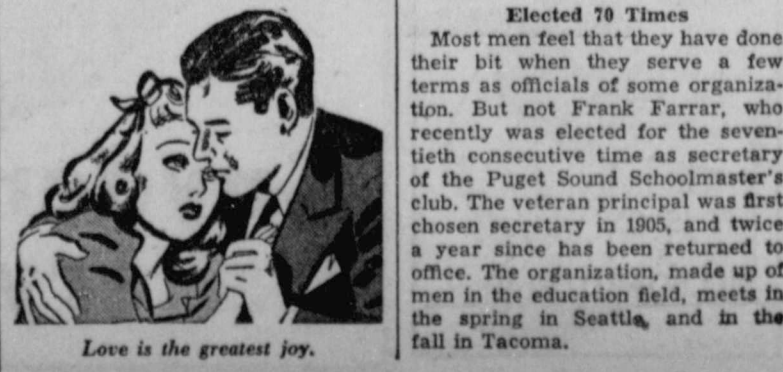

"But will all this pay?" asks Dr. Bradbury (in "The Gift of the Lesson") and answers: "Indeed it will. . . . The measure that we use in measuring out to others is the very measure God will use in measuring in to us. The reason many of us get so small a blessing from God is that we use such a small measure in our benefices and blessings to others" (see Phil. 4:19, noting vv. 15-19; II Cor. 9:8, noting vv. 6, 7; and I John 3:22, noting vv. 16-21). "One of the most fundamental conditions of prevailing prayer is generosity in giving. A stingy man cannot be a mighty man of prayer (Prov. 21:13)." Read these verses with care, and they will bring a real blessing to your life.

**Giving and Receiving**  
Give, and it shall be given unto you good measure, pressed down, and shaken together, and running over, shall men give into your bosom. For with the same measure that ye mete withal it shall be measured to you again.—Luke 6:38.

**Keep Them All**  
Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind, and with all thy strength: this is the first commandment.—Mark 12:30.

**The Supreme Test**  
Greater love hath no man than this, that a man lay down his life for his friends.—John 15:13.

**Anywhere, Any Time**  
I will not leave you comfortless, I will come to you.—John 14:18.

Love is the greatest joy.

# Improved SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D., Dean of The Moody Bible Institute of Chicago. (Released by Western Newspaper Union.)

Lesson for November 10

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education, used by permission.

**THE GOLDEN RULE**  
LESSON TEXT—Luke 6:27-38.  
GOLDEN TEXT—As ye would that men should do unto you, ye also do them likewise.—Luke 6:31.

Hiding in a dark cellar will not stop the sun from shining; it will only deprive us of its warmth and life-giving power. Likewise the failure of mankind to receive and practice the great principles of Christian faith does not alter nor weaken them, even though it does deprive humanity of their blessing.

It may seem foolish to some to observe an Armistice Sunday in the midst of a world at war; to talk about the golden rule in a selfish world where men hate one another, but the fact is that now is the time to really proclaim the solution of God for man's problems. Then too, let us remember that the failure of mankind as a whole to receive the truth of God does not hinder us from receiving it as individuals. Our relationship to God is an individual matter, even though we also belong to a race or nation. Our lesson presents

**I. A Great Christian Principle** (vv. 27-31).  
The magnificent breadth of this principle of Christian consideration has often been lost sight of in argument over the detailed interpretation of verses 29 and 30. Surely there is not in mind here any casting to the winds of those to whom we give; nor is there any thought of a self-glorifying turning of another cheek in physical combat. It does not teach that our nation may not defend itself against those who attack us. At the same time we must note that it means much more than most of us are willing to read into its words.

What does it mean? It means that in the spirit of Christian love we will give of ourselves and our substance in "large handed but thoughtful charity." It means love for our enemies—no small withholding even from unreasonable people. It means doing unto others what we would have them do unto us. It requires that we should sell to others as we desire that others sell to us; that we buy of others as we desire others to buy of us; that we talk about others behind their backs as we desire that others should talk about us. . . . Are we doing it?" (Dr. John W. Bradbury).

The Golden Rule is not the Gospel. No one is saved by living according to it; in fact, that is quite impossible apart from faith in Christ.

**II. Its Divine Foundation** (vv. 32-35).  
The so-called golden rules of men lack the divine element of grace and are all in the negative. Confucius said, "Do not do to others what you would not want them to do to you." Others spoke similarly, but Jesus, building on the divine love which does good to others and the unthankful (v. 33), gives a positive admonition of gracious consideration of others.

We are the children of the Most High God (v. 35) and are to live in accordance with His standards and, what is of equal importance, by His grace and strength. Even Christians are prone to live as their neighbors live (vv. 32-34) until they see how much better God's way is, and realize that He gives enabling grace for a daily walk in that better way.

**III. Its Practice and Reward** (vv. 36-38).  
Jesus has already admonished His followers to love and serve both friend and foe. The manner in which that is to be put into practice is further developed by urging them to be merciful, not setting themselves up to judge the conduct of others, but rather giving liberally to them in a spirit of love. This does not forbid judging on the part of those whose official duty it is to judge, nor does it set aside the exercise of sound judgment (Isa. 56:1 and I John 4:1), but it does forbid unauthorized and unkind judging.

"But will all this pay?" asks Dr. Bradbury (in "The Gift of the Lesson") and answers: "Indeed it will. . . . The measure that we use in measuring out to others is the very measure God will use in measuring in to us. The reason many of us get so small a blessing from God is that we use such a small measure in our benefices and blessings to others" (see Phil. 4:19, noting vv. 15-19; II Cor. 9:8, noting vv. 6, 7; and I John 3:22, noting vv. 16-21). "One of the most fundamental conditions of prevailing prayer is generosity in giving. A stingy man cannot be a mighty man of prayer (Prov. 21:13)." Read these verses with care, and they will bring a real blessing to your life.

**Giving and Receiving**  
Give, and it shall be given unto you good measure, pressed down, and shaken together, and running over, shall men give into your bosom. For with the same measure that ye mete withal it shall be measured to you again.—Luke 6:38.

**Keep Them All**  
Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind, and with all thy strength: this is the first commandment.—Mark 12:30.

**The Supreme Test**  
Greater love hath no man than this, that a man lay down his life for his friends.—John 15:13.

**Anywhere, Any Time**  
I will not leave you comfortless, I will come to you.—John 14:18.

## Completed With Honors

Nowhere in the history of a Democracy is there an instance of a gigantic job better done than the registering of approximately 16,500,000 men recently under our national selective service draft law. It was a job handled with a speed and efficiency undreamed of, even by the national selective service chief himself.

Without the maximum efforts of a highly patriotic people, completion of selective service registrations in one day would have been impossible. Even with the assistance mustered here in Scurry County and all other units of the nation, confusion and disorder would have been easily excusable, but with the exception of a very few instances there was no confusion and disorder reported.

The selective service registration, completed with honors to everybody concerned, just goes to show what a people can and will do when they are inspired with unity of purpose. Such action would have been impossible in any other set-up except a Democracy.

Some three weeks before registration of prospective draftees got underway, people in all walks of life realized there was a big job ahead, a job that would require the utmost in coordinated service. And when the day for registration rolled around, people volunteered their help for registration purposes gladly, without thought of pay for their work, or possible favors down the road ahead.

Thousands of draft boards had to be set up in every part of the nation. They had to assign numbers to the millions of registrants, a job within itself that was gigantic. Then arrived the history-making job of drawing names, the national lottery it was termed.

The national lottery was conducted in such a way that people in every nook and corner of the union knew within 24 hours after the first number had been drawn, thanks to our unexcelled system of press and telegraphic communications, at least the majority of the draft numbers as they would be called.

And since the registration was completed with honors, paving the way for the national lottery, residents of Scurry and every other county in the nation are due a vote of public thanks. It indicates that people of the nation can get a big job done in record time when the need arises!

## Editorial of the Week

### OUR RAMPARTS TO WATCH

Only a few days ago our community was greatly disturbed because it was thought possibly some of our prominent citizens were linked with the Fifth Columnists. The report was only a dream, but it brought a fact which the people of America should never forget; the fact that there is a Fifth Column sentiment all over the country, and that the reaction of red-blooded American citizens are greatly adverse to it. The sentiment of Fifth Columnists is scattered all over this country and it is the great business of true Americans to be able to detect it.

This creed, or organization, does not tell you they are Fifth Columnists. Far from it. They start by declaring a great belief in God and in His Kingdom, and telling you they take no part at all in civic affairs. They claim to be too close to the rules of their Maker to even cast a vote for civil officers in the country. They will quote scriptures to undermine the loyalty of citizens to their government, and they will tell you that God did not intend for man to manage things here, although he was created and left on earth to take care of things.

A sentiment is going throughout the country from the German Library of Information, 17 Battery Station, New York, to the effect that Germany would not attempt to invade America even should she win over England. Such thoughts are soothing, indeed, should the American people be able to take them for full value. But, such words are very dangerous. Field Marshall Hermann Goering is given as the author of the following words:

"America simply cannot be invaded by air or sea. That is particularly true if her armaments and national defense are appropriate to or commensurate with the country's size, population, resources and industrial production, not to mention the spirit of the people." Going farther, the Marshall declared: "Even if you don't like us, give us some credit for common sense and reason."

Goering knows that our armaments are not up to what they should be; he knows that our citizenship is far more concerned in making and building a civilization and making resources to sustain that civilization, than we are concerned about building and supporting an armament to protect a great civilization. If this sentiment can be drilled into the minds of the American people, and they assume an attitude of bolstering up their dignity that Germany is afraid to try to invade our country, it is the very thing that Germany will feel glad over. It is very interesting that the Congress of the United States to institute a preparedness program.—The Dickens County Times.

He is the happiest, be he king or peasant,  
Who finds peace in his home.—Goethe.

What is a friend? I will tell you. He is a person with whom you dare to be yourself.—Frank Crane.

The deeds of charity we have done shall stay with us forever. Only the wealth we have bestowed do we keep; the other is not ours.—Middleton.

Men of the noblest dispositions think themselves happiest when others share their happiness with them.—Jeremy Taylor.

## Current Comment

By LEON GUINN

It is a surprising fact to many that the milk from over 1,000,000 cows in the nation is utilized the year around to satisfy the longing for ice cream, whether it be in the form of nickel cones or the more subtle peach bombe. . . . People used to think of ice cream as a delicacy to be made on the back porch on the Fourth of July, or when Uncle Jim and Aunt Sue arrived to spend the week-end, but those days are gone forever, with the ice cream industry now known as a big and stable business.

Americans now eat upward of 1,500,000,000 quarts of ice cream annually, figures released this week by U. S. Department of Agriculture reveal. . . . To produce that amount, the United States now has more than 5,000 ice cream plants, devoted almost exclusively to production of our national appetizer. . . . The ice cream plants located at Sweetwater, Abilene and other parts of the nation are now using annually 192,000,000 pounds of sugar, 136,000,000 pounds of butterfat, 137,000,000 pounds of milk solids other than fats, and slightly over 4,000,000 pounds of food gelatin.

The foreign espionage agent nabbed last week by federal men on charges of obtaining certain industrial patent diagrams was evidently one of the shrewdest captures made in the United States in many months. This particular agent visited Washington every two or three weeks and obtained diagrams of interesting patents, which were sent abroad to certain foreign interests. . . . His foreign employers, unaware of the way he worked, paid him \$350 per month, while this agent obtained his patent diagrams at 10 cents each. . . . Patent data should be readily accessible to bona fide American citizens desirous of obtaining information which will help them create the new inventions of tomorrow, but some very stringent restrictions should be put on the representatives of all foreign powers demanding patent data of any kind at this troublesome time in the world's civilization.

Those leaning to the school of thought that silage, although it may be properly put in a trench silo, will sour and mold within a few years time will be interested in the fact that H. A. Nicholson of Robstown took feed out of a silo that had been there 16 years and fed it last week to cattle he is pasturing. . . . So for all the almost unlimited keeping qualities of properly farm experts saying it demonstrates once and for all the almost unlimited keeping qualities of properly cured silage.

Farmers of this trade area expressed a considerable amount of interest this week in announcement by R. E. McDonald, in charge of the pink boll worm division of the U. S. Bureau of Entomology and Plant Quarantine, that "an attachment has recently been perfected for an ordinary turning plow, easy to pull by horses or tractor, which completely cuts off the cotton plants several inches below the surface of the ground. . . . Universal use of this simple attachment, McDonald claims, will result in a thorough clean-up of boll weevils. . . . Farmers can have the turning plow gadgets made by the neighboring blacksmith from simple implements now being displayed at various places in the state.

The people in all walks of life interested in patents and inventions found cheering news this week in a report that the U. S. Patent Office at Washington that restrictions will probably be clamped down in the near future on the way in which details of patents may be obtained. . . . To date, any person who so desires may get details of almost any patent, with the exception of military inventions, for a small sum. . . . This is now showing up as one of the most troublesome spots discovered in our national defense program. . . . An indication that restrictions may soon be clamped down on every Tom, Dick and Harry obtaining patent information is seen as a result of federal men uncovering last week a prize case concerning an espionage agent employed by a foreign power to grab all industrial secrets possible.

Cleverest trick yet uncovered by Postoffice Department officials in regard to "in the velvet" rackets which cannot be touched, yet is one practiced by "skip tracer" agencies who take over the job of locating people who have "skipped" the country with a trail of bad debts behind them. . . . These agencies send out a form entitled, "Trustee Claim," to all known persons in the nation who have the same full name as a missing debtor. . . . The "trustee" from states a "sum of money" is being held in a trust account for a person of that name and requests that a number of questions be answered for identification purposes. . . . These letters are so strikingly different from a "dum" that the debtor is usually persuaded to furnish the data that identifies him as the missing debtor. . . . In order to avoid complications with Postoffice Department inspectors, the "tracer" agencies send those who fill out the forms one per cent as the amount "held in trust." . . . This so happens to be one of those smooth-working rackets that keeps postmasters and inspectors fuming.

Best Chamber of Commerce yarn heard in recent weeks has this setting: Fern P. Doty was hired last July as the new business manager of the Independence, Missouri, organization, but found on his arrival the town's male population had embarked on a whiskey growing marathon for an old-timers celebration. . . . Last week when the whiskers were shaved off, Doty couldn't identify the face of a single new friend.

## THE TIMES MARCHES ON . . .

TWENTY-EIGHT YEARS AGO  
From "The Snyder Signal,"  
November 8, 1912:

The election returns brought to us in the papers Thursday morning show the results to be not merely a Democratic landslide but an earthquake, an avalanche, tornado and cyclone combined. Published figures show that Taft carried Vermont, Utah and Idaho, a total of 12 electoral votes. Roosevelt carried Illinois, Michigan, Pennsylvania, Kansas, South Dakota with a total electoral vote of 104. Wilson carried every other state in the union with a total of 410 electoral votes. Oregon's five votes have not been reported.

The people of Snyder and vicinity turned out en masse Thursday night for a general Democratic jollification in honor of the election of Woodrow Wilson to the presidency of the United States. This celebration was a hurriedly planned affair with no set program. By 8:00 p. m. the crowds had gathered. The Cow Boy Band played a jubilation air and the people proceeded to the district court room. J. Z. Noble, one of the old Democratic warhorses, was made chairman of the meeting. During the storm of joy T. P. Baker was picked up from the audience and carried bodily to the speaker's stand, where he delivered a splendid oration appropriate to the occasion. Impromptu talks were made by J. S. Hardy, A. C. Wilmeth, Fritz R. Smith, C. C. Higgins and Uncle Ben Davis.

P. Brady, president of the First State Bank, was confined to his bed a few days last week with a light touch of the grippe.

Rev. A. B. Roberts of Plainview has been the guest of his daughters in Snyder, and he preached at the courthouse last Sunday afternoon. Rev. Roberts was pastor of the Snyder Methodist Church 11 years ago and is kindly remembered by our older citizens.

G. M. D. Garner returned a few days ago from an extended visit in Tennessee.

Judge H. B. Patterson has sold his farm south of town to Mr. Ivant and will leave with his family in a few weeks to reside near Corpus Christi.

P. Townsend left last Thursday evening for an extended business trip north and east. He goes first to Chicago and then will swing back to New Orleans. He will probably be away until Christmas.

A marriage license was issued by County Clerk Will Skinner on November 9 to B. D. Durham and Miss May Shipp.

Gay McGlaun and O. L. Jones left Tuesday morning for a prospecting trip to Tahoka.

Lee Boren and family left Tuesday morning by the Santa Fe for Visalia, California, where they expect to reside. This family has lived here almost from the founding of the county and we naturally regret to see them go from us.

A musical club was organized on Tuesday with Mrs. Allen Weaver as president. Twenty members were enrolled. The first meeting will be held with Mrs. Chas. Cooper Tuesday, November 12, at 3:00 o'clock. This city has long been in need of such an organization. With the talent of Snyder it should be recognized by the musical world.

TEN YEARS AGO  
From "The Snyder News" November 7, 1930:

A city-wide American Legion service will be held at the First Baptist Church Sunday evening, beginning at 7:30 o'clock, according to Harrie Winston. All churches of the city will cooperate with the Legionnaires in the special pre-Armistice Day program. Rev. Cal C. Wright, pastor of the First Methodist Church, will give the principal address.

## HAIL TO THE SCOUTS

ONE MILLION LOYAL AMERICAN BOY SCOUTS.

November 11 has been set as the opening date for the 1930 Red Cross Roll Call, according to A. C. Preuit, recently elected county chairman. Harvey Shuler is secretary-treasurer of the county Red Cross chapter, and Lee Stinson is vice chairman. Not less than 400 or 500 memberships will be obtained, the chairman believes.

Homer F. Springfield complimented his friends with a dinner party at the home of Mr. and Mrs. C. E. Ferguson Saturday evening. Guests were: Mr. and Mrs. J. D. Scott; Misses Mattie Ross Cunningham, Allen Powell, Maurine Cunningham, Opal Wedgeworth, Elva Lemons, Vernelle Stinson, Marilu Ross, Ella Pearl Ferguson, Loyce Clark, Hattie Herm, Jo Halley, Gertrude Herm; Messrs. Jake Smyth, E. O. Wedgeworth, Belmont Bishop, Carl England, Nathan Rosenberg, R. P. Tull, Millard Shaw, Russell King, W. W. Hill, King Sides, Tom Campbell and Herman Trigg.

Forrest Huffman of Ralls, formerly of the Union community and son of J. E. Huffman, was ordained as a Baptist minister. Rev. S. B. Wilkerson of Snyder conducted the ceremony.

ONE YEARS AGO  
From "The Scurry County Times," November 9, 1939:

A survey late Wednesday of business places disclosed only three places that will be closed in observance of Armistice Day—Saturday. Snyder National Bank, the county agent's office and the post office will be closed.

The community lost a useful citizen, close friends lost the beautiful optimistic viewpoint, and the husband and children lost a wonderful wife and mother last week at the untimely death of Mrs. R. N. Miller, pioneer ranch woman of Scurry and Borden Counties. At the same time The Times lost one of its most appreciative readers.

Two bandits walked into a Chicago bank and emptied the till of \$100,000. As they were about to dash out with the money the cashier spoke.

"Say, boys," he ventured "would you mind doing me a little favor?" The first robber paused. "Well," he growled, "what is it? We haven't got all day, you know."

The cashier nodded. "I know," he admitted, "but this will only take a minute. Outside the bank there's a sign reading 'Assets—\$20,000,000.' Would you mind changing it to \$19,900,000?"

## Wonderful Values

Buy a Suit Now!

19.50 up to 29.50

Rose Brothers fine tailored Suits give the buyer everything he expects to find in a well-fitted, fine-materialized outfit.

You really save on clothing when you buy good clothes like these at these prices.

## FREE HAT!

with the purchase of any Rose Brothers Suit at \$19.50 or up you may pick your pattern in one lot of \$5.00 Hats FREE! This offer good for only a few more days!

## More Mattresses for Low-Income Family Group Coming Soon

Good news for the low-income rural families of Scurry County who did not obtain a cotton mattress under the department of agriculture's cotton mattress demonstration program, when it was first started here, was contained in an announcement Tuesday that more mattress material will be available here in the near future.

The announcement was made by Texas A. & M. College Extension Service officials, who predict that 400,000 more cotton mattresses will soon be made for low-income rural families in the state.

Nearly 40,000 bales of cotton have been promised by the Surplus Marketing Administration for use in the program of mattress construction, which is expected to be started up again here in the near future.

Extension Service officials state the new program, however, will not interfere with the sale of mattresses prior to January 1, 1941.

WHAT'S AN ORATOR?  
A Negro met an acquaintance of his, also colored, on the street one day and was surprised to see that his friend had on a new suit, new hat, new shoes and other evidences of prosperity.

"Hey, boy," he said "how come you dressed up this way? Is you got a job?"

"Ise got somethin' better any job," replied the other, "Ise got a profession."

"What is it?"

"Ise a orator."

"What's a orator?"

"Don't you know?" replied the respondent one in surprise. "Well, I'll tell you what a orator is. If you was to walk up to an ordinary nigger and ask him how much was two and two, he'd say 'four,' but if you was to ask one of us orators how much was two and two, he'd say, 'When in de cou'se of human events it becomes necessary to take de numeral of de second denomination and add it to de figger two, I says unto you and I says it without fear of successful contradiction, dat de result will invariably be four.'"

Charles—"Pa, what's the difference between sitting up and sitting down?"  
Pa—"Well, my boy, when somebody is standing up, and he seats himself, he sits down; and when he doesn't go to bed, and sits down, he sits up."

Charles—"But, pa, if he sits, how can he sit without sitting down? And if he sits down, how can he sit up?"

Pa—"Well, you see, if he sits down, why he—I mean if he sits up—oh, go to your mother and don't ask me questions when I'm busy."

## Beware Coughs from common colds That Hang On

Cremoluson relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Cremoluson with the understanding you must like the way it quickly always the cough or you are to have your money back.

**CREMOLUSON**  
for Coughs, Chest Colds, Bronchitis

## HOLIDAY CLOSING NOTICE

Monday, November 11, 1940, Armistice Day, will be observed by this bank.

No banking business will be transacted except the preparation of CCC Cotton Loan Papers, which will be handled in the rear room of bank building.

## SNYDER NATIONAL BANK

Member Federal Deposit Insurance Corporation

IT SEEMS LIKE FOLKS DON'T KNOW HOW TO APPRECIATE BEING WELL UNTIL THEY GET SICK.

## Freidman Shelby Season's Successes

In the wide array of Shoe Styles shown in our stock are reflected patterns which have won high acclaim for their splendid adaptability to the costume requirements of the season. Won't you stop in and personally inspect these beautiful offerings?

### Lady Fashion Shoes

Captivating numbers for every occasion are yours in a full range of sizes in our Ladies' Shoe Department. New cuts, variety of heels, combinations and solid colors—

\$4.95

### The Winner!

The exacting tastes of the 'teen age Miss will find the answers in the very whims and fancies they demand. Of course, fashion's dictates in patterns, materials and colors are observed, too.

\$4.95

### Foot Fashion

### Shoes for Men

You, too, will be glad you bought them—for men who buy Freidman Shelby Shoes assume an air of care-free comfort. An array of new styles at modest prices for your selection.

\$5.00

For the Safety of Children's Feet Buy the Famous

### Red Goose Shoes

True to the slogan, "Half the fun of having feet," comes with the pleasure children find in wearing Red Goose Shoes. Sizes from 2 years up. Prices begin at

\$1.95 to \$2.95
