50 SENIORS TO GET DIPLOMAS AT SHS FRIDAY

Graduates Will Present Program as Prelude to Final Rites at High School Auditorium

Doors of Snyder Schools will close on the 1942-43 school term Friday evening, when 50 members of the senior class receive their diplomas from high school.

Commencement exercises Friday evening will get underway at 9:00 o'clock, E. L. Farr, school superintendent, states.

Student participant type of program will be followed Friday evening, and processional by Polly Harpole will precede invocation by Rev. Earl Creswell, Snyder Tabernacle Baptist Church pastor.

Eddie Richardson, class salutatorian, will talk on "Sacrifices of the Allied Nations," and Douglas Witherspoon, Jimmie Randalls, Billy Bob McMullan, Burgess Wilson and Forrest Bruton will offer a song.

Mayme Lou Stokes will discuss the subject "Am I Making a Sacrifice?" and Bonnie von Roeder Thompson will sing "The Bells of St. Mary's."

Bobby Vann, valedictorian, will speak on "The Sacrifices of the American Armed Forces." Ben W. Newhouse, Snyder junior high school principal, will direct "The Star-Spangled Banner."

E. L. Farr, school superintendent, will present diplomas to graduates and Almon M. Martin will pronounce benediction.

Baccalaureate services for members of the school's 1943 senior class were held Sunday evening in Snyder School auditorium.

Processional by Polly Harpole was followed by invocation from Rev. Roy Shahan, First Baptist Church pastor. Willard Jones directed the choir in a number, after which Mrs. James K. Polk gave "Hold Thou My Hand."

Rev. I. A. Smith, Snyder Methodist pastor, gave the principal address of the evening, and Rev. Herbert C. Travis, Snyder Presbyterian pastor, gave benediction.

Commencement exercises for junior high school students will be held Friday morning, 11:30 o'clock, in the high school auditorium.

Harold Lewis Wade will give the processional, welcome and a piano solo. The class will be to be read and Harlan Birdwell will give a cornet solo. A reading and song will precede the valedictory address.

Autoists with B Gas Cards to Get Tires Inspected by May 31

Snyder and Scurry County holders of "B" ration cards are advised by Scurry County War Price and Ration Board that May 31 has been named the official deadline for filing renewal applications.

Since practically all "B" card ration expires June 1, anyway, county motorists are asked to secure renewal blanks for "B" rations and file them immediately with the county ration board.

All county holders of "C" ration books are reminded that May 31 will be the deadline for tire inspections. Tires for "C" book holders must be inspected every three months.

Scurry County holders of "T" books must have tires inspected each 90 days, or every 5,000 miles, whichever occurs first. Next tire inspection deadline for "T" holders has been set for June 30.

Boys Lead Snyder High Seniors

It's unusual for two boys to lead the senior class in high school, but such happened to be the case this year in Snyder Schools. Left is Bobby Vann, valedictorian, son of Mr. and Mrs. H. L. Vann; and right is

Eddie Richardson, class salutatorian, son of Mr. and Mrs. E. J. (Doc) Richardson. Both Bobby and Eddie have completed four years of high school work with an average A grade. They have been active in all school affairs.

Negro Minstrel Staged by Lions Grosses \$418 Gate

Snyder Lions Club sponsored Dixie Land Negro Minstrel, presented last Thursday evening to a capacity crowd in Snyder School auditorium, grossed \$418, members of the club's minstrel committee announced over the week-end.

Proceeding the minstrel, Snyder Tiger Band directed by A. M. Martin, presented a brief concert that drew hearty applause. The band concert was one of the last for the 1942-1943 school term to be given for Snyder and Scurry County people.

Feature of the minstrel production was "Harlem on Parade," presented in two hilarious acts. "How We Hunted a Mouse" and "Why Don't You Do Right?" were between-acts numbers.

The original Dixie Land chorus, composed of 35 colored gals and guys, opened the evening program with a wide variety of jokes and the type of folk songs people of this trade area thrilled to in years gone by.

Second part of the program carried a patriotic theme, and gave keen encouragement to all county war bond and war savings stamp buyers. Peanut sales between the first and second part of "Harlem on Parade" carried along a Harley Sadler trend, witnessed a complete sell-out of peanuts and award of prizes to numerous Snyder people. Particularly nice prize awards went to Alfreda Schulze, John Blum and others.

Such excellent performances were given by members of the Dixie Land chorus, club representatives declared it would be almost impossible to single out individuals for minstrel honors.

The following letter of thanks to the entire troupe was released Wednesday by Lyle Deffenbach, Lions Club president, and E. O. Wedgeworth, director general of the show:

"We want to publicly express our appreciation to the entire Dixie Land chorus, end men, members of the ticket and make-up committees, box office, stage, lighting and concession committees for the splendid production shown in staging the production for benefit of the Snyder Lions blind fund.

"That the Dixie Land minstrel accomplished a worthy objective is reflected in the gross take of \$418. Net proceeds will go a long way toward taking care of urgent cases in Snyder and over the county.

"The minstrel has gained a niche in local entertainment circles, in that it will be presented in Retan the evening of June 1, and we want every person who helped in any way with the show, to know such efforts are warmly appreciated."

Rains Slow Work on Highway 15 Bridge

Intermittent rainfall, which began over the week-end, and continued throughout the week until today (Thursday), slowed down construction work considerably on the Highway 15 concrete bridge across Deep Creek.

J. S. Gorman, resident engineer for the State Highway Department, reports form work, with weather taken into consideration, is going forward at a satisfactory rate.

Total of three sets of columns for 35-foot bridge spans has been finished, and only three more sets of columns remain to be erected, engineers report. Completion of column work will mark a signal for slab work on the \$38,000 bridge to begin.

Dick Leslie Promoted. Dick Leslie returned this week from a six-week stay in the Aleutian Islands, where he has been engaged in U. S. Navy construction work. Recently promoted to the rank of lieutenant, senior grade, Dick will go to Norfolk, Virginia, to attend officers' training school.

NINE SCHOOLS TO END TERMS THISWEEKEND

Snyder, Pyron, Fluvanna, Plainview, Bison, Martin, Crowder, Lloyd Mountain and Ennis Creek

Nine Scurry County schools will close their doors this week-end for the 1942-1943 term, and will make a total of 12 county schools which close prior to the last week in May for the current year, the county superintendent's office reported Tuesday.

Snyder Schools, Pyron, Fluvanna, Plainview, Bison, Martin, Crowder, Lloyd Mountain and Ennis Creek are schools whose terms will be out this week.

Bethel, Ira and Turner Schools concluded current school terms Friday, with appropriate exercises, the superintendent's office discloses.

Story on closing exercises of Snyder Schools will be found elsewhere in this issue of The Times, and exercises at Plainview School, for instance, will be held this (Thursday) evening.

Concluding program at Ennis Creek was held Wednesday evening, and final exercises at both Martin and Lloyd Mountain Schools will be held Friday evening, The Times learns.

Mrs. Eupha Shield and Treasa Williams are teachers at Plainview; Earl Horton and Mrs. Cliff Bird, all at Ennis Creek; Mrs. Ivan Martin and Jessie Mae Clark at Martin and Mrs. Lida Rhoades and Agnes Evans are teachers at Lloyd Mountain.

Fathers Will Be Drafted for Army Duty by August

Drafting of fathers in Scurry and other counties of the nation cannot be held off beyond August, Major General Lewis B. Hershey, national Selective Service director, declared Tuesday in a special message to people of this trade area and the nation.

Drafting of fathers for Scurry County would mean the loss of at least 800 "family men" from the county—and widespread disruption of home life—it was indicated.

"The only reason we will take fathers is because men in other categories are about exhausted. We expect to reach that point in the next two or three months—probably August," Hershey warned.

"We are preparing to risk," Hershey continued, "being 30 days or so short in filling quotas in order to be sure that we do not dip into the pool of fathers until there is no other course to follow."

Hershey expressed caustic and bitter disapproval of the Kilday bill, now pending in Congress, which would require that the pool of single men and those without dependents be exhausted on a state-wide basis before fathers are summoned to the colors.

Hershey expressed the opinion Tuesday the pool of single men without dependents would never be completely exhausted. About 3,000 men become 18 years of age daily. Local boards would be put to a great deal of labor to get details which would enable them to determine who is a non-deferable father and who is not.

Good Response Seen About County Rodeo

Scurry County Rodeo Association directors this week received enthusiastic responses from many sources of this trade area on decision to stage the county's Seventh Annual Rodeo here July 1, 2, 3 and 4.

This year's boots and saddle round-up, despite war-time up-heavals, will be carried along a patriotic theme, with all prize awards to be in the form of U. S. war bonds and war savings stamps.

J. C. Dorward, president of the association, and other officials will have more details concerning the rodeo ready for release at an early date.

ACC Official Speaks At Church of Christ

W. R. Smith, who as vice president is helping direct the destinies of Abilene Christian College, Abilene, will occupy the pulpit of the Snyder Church of Christ at morning and evening services Sunday, church leaders announced.

Bro. Smith will bring the morning and evening sermons in absence of the regular minister, Raymond C. Keley, who is this week at Vinita, Oklahoma, in a revival meeting.

Smith, a graduate of ACC, is the founder and former president of Lee Junior College at Goose Creek. People of this trade area are urged to hear Bro. Smith speak Sunday.

Dorothy Crosslin to Take Cochran Place

Dorothy M. Crosslin, home management supervisor for the Farm Security Administration in Scurry County the past several months, tendered her resignation this week to accept a position at Morton as county home demonstration agent for Cochran County.

Miss Crosslin's resignation as county FSA home management supervisor here becomes effective Friday. She replaced Mrs. Ida J. Crosby by here as chief of management plans in homes of FSA borrowers.

Ninth Yoder Child To Get Diploma at School Graduation

Mary Yoder, daughter of Mrs. D. P. Yoder, who graduates from Snyder Schools Friday, will be the ninth child of the Yoder family to finish at the same school—a record that is unusual for the Snyder community.

Eight Yoder children before Mary who have graduated from Snyder Schools have attended college, in all, a total of 26 years. Their father, the late D. P. Yoder, was prominent in Methodist Church work in this area, and was district Methodist lay leader for years.

In addition to Mary, other Yoder children who have completed high school work here are: Theodore, Margaret, Hal, Fred, Ruth, Virginia, Lynn and Genevieve.

School at Dunn Safety Approved By State Board

Dunn School, insofar as the State Department of Education was concerned, remained safe this week for class room activities and normal school work, according to reliable sources.

George P. Hook, Dunn School superintendent, reports the Dunn brick plant, damaged Sunday evening a week ago by a cyclone, remained on the "clean bill of health" side of the ledger this week—despite toll high, twisting winds took in the southern county community.

Commencement exercises for Dunn High School seniors will be staged Friday evening, beginning at 9:00 o'clock, in the Dunn Methodist Church.

Principal speaker at graduation exercises will be E. O. Wedgeworth, Scurry County Chamber of Commerce manager, and school chief for a number of years at Fluvanna. The general public is invited to attend the concluding school ceremonies.

Program for the evening follows: Invocation, Mrs. A. B. Cokerrell; "God Bless America," salutatory, Mrs. Ann Weir; valedictory, Billie Carroll Davidson; address, E. O. Wedgeworth; presentation of diplomas and awards by Superintendent Hook; and benediction by Rev. A. B. Cokerrell.

L. B. Worley Made Chief of Rangers at Carlsbad Caverns

Promotion for L. B. (Bernice) Worley, son of Mrs. T. S. Worley of East Snyder, to a highly responsible position with the National Park Service was announced this week with appointment to position of chief ranger at Carlsbad Caverns National Park, Carlsbad, New Mexico.

Bernice began work with the National Park Service in 1929 at Yellowstone National Park in 1929 while attending Texas Tech College, Lubbock, working during the summers.

Bernice finished at Texas Tech in 1931 and went to Grand Canyon National Park in 1932. He has progressed, respectively, from laborer to temporary ranger, permanent ranger, district ranger and this week to chief ranger.

Worley, who at present is on vacation, will report for duty at Carlsbad National Park June 1.

Assembly of God to Continue Meet Week

Revival meeting now in progress at Snyder's Assembly of God Church, 1911 Avenue S, will continue through next week, Rev. C. L. Hundley, pastor, announced Wednesday.

Rev. Hundley will preach Saturday evening on "Who Is the Anti-Christ?"; Sunday morning on "The Highest Calling of Cross Bearing"; and Sunday evening on "The Great Judgment."

The general public is cordially invited to attend the Assembly of God meeting.

CLUB BOYS TO GET PRIZE PIGS AT LUNCHEON

Blooded Stock Given by Sweetwater Concern to Be Awarded Essay Winners in Friday Affair

Nine Scurry County members, winners of the recent Sears, Roebuck & Company essay contest in the county on the Cow-Hog-Hen Plan of farming, will be awarded registered pigs Friday afternoon, following a luncheon at the Manhattan Hotel, Edward S. Hyman, county agricultural agent, has announced.

Luncheon Friday for the nine county 4-H Club essay contest winners, and their fathers, will be staged in the Manhattan at 1:00 p. m. by Fred Howard, manager of the Sweetwater Sears, Roebuck store.

Essay contest winners, as announced this week by County Agent Hyman and the county essay contest committee, follow: Bobby Head of Bethel, Ira Riggs Jr. of Dunn, Garland Morrow and Glenn Morrow of Turner, G. B. Wright of Ira, Jimmie L. Prieze, E. L. Vandiver Jr., Dale Stuart and Henry Banta, all of the Hermleigh community.

Following Friday's luncheon for the essay winners and their dads, the nine-county 4-H Club boys will draw for a registered Duroc boar, a registered Hampshire gilt and seven registered Duroc gilts.

Inaugurating a new custom for the county, Hyman states the pigs will be brought to the square and given winners immediately after the drawing.

May Bond Quota In Scurry County Is Set at \$36,900

Scurry County Series E War Bond quota for May has been set at \$36,900, E. O. Wedgeworth, county war bond chairman, announced Wednesday.

"It is anticipated," Frank Scofield of Austin, state war bond administrator, writes Wedgeworth, that a substantial carry-over from the April Second War Loan will be included in the report of the war bond sales for Scurry County during May.

"You, your committee members and the citizens of Scurry County," Scofield declares, "achieved an outstanding accomplishment during the month of April in successfully putting over the Second War Loan Drive, and we want to urge each person in the county to continue, at a consistent rate, purchases of U. S. war bonds and war savings stamps."

"We believe," Wedgeworth states, "that Snyder and Scurry folks realize the tremendous task ahead of us and that they will continue to purchase war bonds and war savings stamps each week as regularly as they make purchases of groceries and other essential commodities. Let us keep our eyes on the goal I ahead and buy an extra war bond every week we possibly can spare the funds," Wedgeworth concludes.

Idle Machinery on Farms to Be Resold For Peak Production

Idle farm machinery in Scurry County will be requisitioned before the summer ends, for re-sale to individuals who will put it to immediate use, county agricultural officials predicted Wednesday.

Wednesday's prediction was released on the heels of an announcement from Chester C. Davis, War Food Administration administrator, that a program is already being pushed to requisition all idle farm machinery in the immediate future.

Scurry County War Board officials estimate that such order, if issued, would put a minimum of 200 idle farm machines in Scurry County in full-time cultivation and harvest work this year.

Indication that every idle piece of farm machinery will be utilized before the war ends was seen this week in announcement from Washington that the War Production Board has been asked to authorize for next year 80 per cent of the 1940 production of all farm implements.

New School Plant at Ira Inspected Sunday

Numerous people from Ira and nearby communities were attracted to Ira School Sunday afternoon, 4:00 to 7:00 o'clock, for open house festivities staged for the southern county school.

Silas Devoport, school superintendent, and faculty members were on hand to show visitors and patrons rooms of the new plant.

Ira School's new plant was erected at a cost of \$30,000 to replace the old structure destroyed by fire last spring.

Some Weather

Lay it to the war, or whatever you may care to, but Scurry County, according to old time residents, is getting in a class by itself when we have winter, spring, summer and fall weather here within the borderline of one month—May.

Long-time county citizens say it is very unusual to witness county people wearing top coats and buckets part of the month, and touching the spark of warmth to fires again—then having to suddenly shed coats and seek the refreshing coolness of ice and cold drinking water.

"It seems," one veteran weather observer said Tuesday, "that all kinds of weather, like love, is fair in time of war and uncertainty."

Seven Draftees Called for Local Exam by Board

Scurry County's Selective Service Draft Board, in regular weekly session Monday evening, placed seven registrants in class pending local physical examination, one each in Class 1-A and Class 3-C, respectively; three in Class 1-C, three in Class 2-C, four in Class 2-B and 12 in Class 4-F.

Placement of registrants in the class awaiting local physical examination showed an increase over previous weeks, while those put in Class 1-C, because of military service, showed a decided decline.

Classifications made Monday evening follow:

Pending local physical examination—James A. Clark Jr., order No. 188; Elmer J. Armstrong, 297; Earl E. Rinehart, 278; W. S. Goodlett Jr., 841; Earl E. Gallagher, V-1074; Travis Rhoades, 1175; and Albert R. Martin, 11,008.

Herman L. Moffett, order No. 10,947 was placed in Class 1-A; and Charles C. Laurens order No. 952, was put in Class 3-C.

Class 1-C—Willie Hardrick (colored), 433; Leroy R. Way, V-10,869; and James E. Pearson, V-10,923.

Class 2-B—Arthur B. Corley, 282; Albert H. Morton, 311; John R. Joyce, 1058; and Morris D. Sanders, 131.

Class 2-C—Leonard C. Bryant, 10,038; Ross O. Belew, 10,134; and Claude Wilson Jr., 10,982.

Class 4-F—Rudolph B. Richter, 10,189; Kent C. Baggett, 607; Curtis O. Sheppard, B-791; Harold S. McCormack, 849; Oran L. Guinn, 1,037; Ray L. Garrard, 987; Jesus Cadena, 10,663; Kiah D. Bayless, 10,820; Burnice D. Johnston, V10-832-A; Elvin D. Ball, 10,877; Coy L. Thompson, 10,902; and James R. Gregory, V10,915.

Dr. Cockrell Arrives At Hospital Position

Dr. C. R. Cockrell, now chief surgeon at Snyder General Hospital in place of Dr. Grady Shytle, resigned to enter foreign service, states he likes "Snyder better day by day. I have always been highly impressed with the good people found here, and see in the community a mighty fine place for a home."

Dr. Cockrell, who comes here highly recommended, has been associated the past 10 years at Baird with the Callahan County Hospital.

The new hospital chief's wife and children plan to move here when school at Baird is out.

Primitive Baptists to Gather at Fluvanna

Primitive Baptists of this trade area are extended an invitation to attend fifth Sunday services, which will be held Saturday and Sunday at the Fluvanna Baptist Church.

The new hospital chief's wife and children plan to move here when school at Baird is out.

Four Go to District Lions Club Sessions

Lyle Deffenbach, L. A. Chapman, Sam Williams and E. O. Wedgeworth composed a delegation of Snyder Lions Club representatives who were in Lubbock Sunday and Monday to attend a Lions District 2-T "war conference."

Discussions at the two-day conference centered around the county's all-out war effort, and how Lions Club units in Central West Texas counties can help in the crucial days ahead.

Jack Griffith of Panhandle was named new Lions District 2-T governor to replace Murry Fly of Odessa, past district governor. The Snyder delegation reported suggestions offered at the Lubbock gathering will be adopted, insofar as practical, by the local club.

ROOSTERDAYS TO RID FLOCKS OF EXTRA COX

Campaign to Improve Market Prices For Area with Infertile Eggs Offers Special Awards

Friday, Saturday and Monday have been designated "Swat the Rooster" dates for Snyder and Scurry County, and plenty of the fine feathered birds—ranging from bantams and Cornish Game to Rhode Island reds and minors—are due to be enclosed during the three-day drive, reports released Wednesday reveal.

Elimination of roosters from poultry flocks, in order that infertile eggs may be produced for the war effort, assumed such a mass of importance this week a proclamation by the county judge sets Saturday aside as official "Rooster Day" for the county.

Scurry County's Chamber of Commerce announced Wednesday a prize of \$2.50 for the person who brings in the biggest rooster Friday, Saturday or Monday. The Chamber of Commerce will also award a prize to the person who brings in the largest number of male birds during the drive.

Snyder Lions Club joined the rooster "razoo" Wednesday with announcement of a \$2.50 prize award for the person who brings in the second largest group of roosters.

With summer just around the corner—we hope—county agricultural officials and all Scurry County produce dealers are urging poultry owners to cull the roosters from flocks. Production of infertile eggs is vital during summer months, if chicken owners realize the highest returns from produce, it is pointed out.

Friday—Saturday—Monday "Swat the Rooster" campaign will be carried on in earnest to every county farm home.

Dean Cochran will handle roosters Friday, Saturday and Monday at a no-profit basis, as will Henry Birdwell, operator of Banner Produce House.

Doc Bynum, it is reported, will give a \$25 U. S. war bond to the person selling the largest number of roosters. The Wilson & Company produce house will cooperate to the fullest extent in handling male birds and giving Scurry County people excellent returns.

Those who desire to can male birds for home consumption will find an enlightening article on chicken canning, given by Estella Rabel, county home demonstration agent, in this week's Times.

Sugar Rationing Plan Remains Unchanged

Current sugar rationing now in effect will remain unchanged in the next rationing period beginning June 1, Scurry County's War Price and Ration Board announced Tuesday on behalf of the Office of Price Administration.

Sugar stamp No. 13 in Ration Book No. 1 will become valid June 1, and will be good for five pounds of sugar through August 15. This maintains the current ration of five pounds of sugar for a period of two and one-half months. Stamp No. 12 expires May 31.

Hermleigh Seniors Take Christoval Trip

Accompanied by A. C. Bishop Jr., Hermleigh School superintendent, and other chaperones, members of the school's 1943 senior class returned Sunday from the annual senior trip which took members this year to Christoval.

In addition to Bishop, Mrs. A. C. Bishop Jr. and small son, Don, and Mrs. Myrtle Bowen, senior class mother, made the Christoval trip. The entire group reported an enjoyable and trouble-free time.

Calendar of Point Rationing Given as Benefit of Citizens

Scurry County's War Price and Ration Board issues the following ration calendar for benefit of Snyder and Scurry County people who want to know exactly when the most important stamps expire:

May 21—Gasoline coupon No. 5 in A book expires.

May 30—Stamp No. 23, good for one pound of coffee, expires.

May 31—Deadline for second tire inspection for C book holders.

May 31—Sugar stamp No. 12, good for five pounds, expires.

May 31—Expiration date for red food stamps E (valid from April 25); F (valid from May 2); G (valid from May 9); H (valid from May 16); and J (valid from May 23).

May 31—Expiration date for blue food stamps G, H and J.

June 1—Stamp No. 13 good for five pounds of sugar, valid until August 15.

June 15—Shoe stamp No. 17 expires.

Who's New In Scurry County

Mr. and Mrs. A. V. McCowen of East Stanwood, Washington, D. C., announce arrival of a baby daughter, Carolyn Jeanette, born May 7 at a hospital in East Stanwood. She is the granddaughter of Mr. and Mrs. W. I. Wilson and Mr. and Mrs. S. E. McCowen of Snyder.

Margaret Ann is the name of the new young lady who has come to live with Mr. and Mrs. Morris Miller of the Fluvanna community.

Reason Mr. and Mrs. Owen Nail of the Canyon community are all smiles this week: A baby girl is the newest addition to the family.

Born to Mr. and Mrs. Lloyd Reeves of Hermleigh, a daughter, early part of last week at Texas Hospital.

There's a new road builder at the G. E. Finley house in the Crowder community. He arrived first of the week. The father is driver of the maintainer in Precinct 3.

Mr. and Mrs. W. D. Sanders are announcing the arrival of an eight pound 10 ounces girl. The infant arrived May 17 at Snyder General Hospital.

Mr. and Mrs. H. T. Copeland have a baby boy. He arrived May 17.

The WOMAN'S Page

Baptist Y. W. A. Enjoys Twin Party

Philantrous Y. W. A. members of the First Baptist Church met in the home of Mrs. J. W. W. Patterson for a "twin" party Monday evening.

Games, under the direction of Misses Patterson and D. V. Merritt, assistant hostesses, were enjoyed by the group.

Following the games, sandwiches, olives, cookies and punch were passed to Daurice Worley, Maxine Jones, Faydawn Noered, Helen Joy Taylor, Mary Frances Sheid, Evelyn Clark, Nan Blakey and Mayme Lou Stokes.

Methodist Women In Mission Study

Members of the Wesleyan Service Guild of the Methodist Church met in the basement of the church Monday for a study on "The Ways in Which the Woman's Division Functions through Its Missionary Activities at Home and in the Foreign Fields."

After an appropriate worship period, conducted by Mrs. Warren Dodson, Mrs. Wayne Boren reported particularly on the missionary educational institutions in the home fields, which related to the largeness and importance of this work.

Following this Mrs. Harry Lee gave several high points from "The Bureau of Deacons' Work in the Home Fields," which covers endeavors in the realms of social service, spiritual life and education for all the needs in a human life.

Mrs. T. M. Howie, leader for the meeting, presented a world map showing and explaining the work and classification of all the foreign fields.

Next meeting will be regular business, program and social day, with Mrs. I. A. Smith as hostess, at 3:00 o'clock. Misses E. L. Parr and W. O. Britton will assist Mrs. Smith.

Theme for the hour will be "In Concern for the Children." Mrs. A. M. Curry will be leader, and a talk, "Children," will be given by Mrs. Dodson.

Recent Bride

Pictured is Mrs. W. T. Thompson, who before her marriage May 1 was Bonnie von Roeder, daughter of Mr. and Mrs. C. N. von Roeder of Knapp. Mr. and Mrs. Thompson will graduate from Snyder High School Friday evening with the rest of the 1943 senior class when graduating exercises will be held at the high school auditorium.

Marshall Williams Weds San Antonian

M. B. (Marshall) Williams and Frances Innes of San Antonio were united in marriage May 15 at the home of Mr. and Mrs. C. S. Niedeken in Snyder.

Williams, son of Mr. and Mrs. W. W. Williams of San Antonio, formerly of Snyder, has been in the United States Navy for the past three and one-half years. The bride is the daughter of Mrs. M. B. Innes of St. Louis, Missouri.

Those attending the ceremony were W. W. Williams and David and Donald Williams, twin brothers of the bridegroom, of San Antonio, Messrs. and Misses Pete Brooks and Tom Brooks and Mrs. C. S. Niedeken, all of Snyder. Mrs. Niedeken is a sister of the bridegroom.

The bride plans to make her home in San Antonio for the duration.

Wesleyan Guild Meets at King Home

Wesleyan Service Guild members of the Methodist Church met Monday evening at the home of Mrs. W. P. King.

The program was opened with a devotional by Mrs. M. W. Clark, and Hattie Herm brought the lesson for the evening. Nine members were present.

The next meeting will be held at the home of Mrs. I. A. Smith.

Lula Mae Patterson And Roy Keel Wed

Lula Mae Patterson, daughter of O. E. Patterson of Hermleigh, became the bride of Roy Keel Saturday at Comanche in the home of the bridegroom's parents, Mr. and Mrs. G. W. Keel. Rev. George H. Lloyd of Snyder officiated for the ring ceremony.

Mrs. Keel is a 1941 graduate of Hermleigh High School where she was outstanding in school sports and social activities.

The couple was attended by Bernice Dean, niece of the bridegroom, as maid of honor and Charles Bowman as best man.

Other attendants were: Mr. and Mrs. V. O. Keel of Comanche, Mr. and Mrs. A. B. Couch and children of Abilene, Rev. and Mrs. George H. Lloyd and children of Snyder, Mr. and Mrs. John Dean and children of Comanche, Mrs. Lizzie Robbins of Brownwood, and Wanda Gay Reid of Comanche.

The newlyweds will be at home at 405 East Grande in Comanche, after a short honeymoon at Brownwood.

Rube Lee Hostess To Duce Bridge Club

Johnnie Mathison won high prize of war savings stamps Friday evening when members of the Duce Bridge Club met at the home of Rube Lee.

Mrs. Ed J. Strout, former member, was a guest at the affair. Following the bridge games the hostess passed a salad plate to the following: Misses Strout, Alden Bunge, R. C. Miller Jr., Bruce Murphy and Lee Smyth; Misses Frances Boren and Mathison.

Friends Surprise Honoree at Party

Mrs. Edward L. Cox was pleasantly surprised last Thursday afternoon when friends honored her with a house-warming party at her newly established home in North Snyder. Mrs. John Smyth and Olan Gardner were hostesses for the affair.

Guests called at 2:30 o'clock. Games were played prior to the honoree opening many nice and useful gifts. The following guests were served: Mrs. Alton Wilson, Zipha Holden, W. B. Cox, H. A. Mullins, Earl Creswell and John Humnicutt, Misses E. B. Bolding, Elizabeth Amos and Ray Amos of Dunn were present also.

Esther Bearden Takes WAAC Course

Esther J. Bearden has recently completed a six-week course at the Army Administration School, WAAC Branch No. 4, located on the Texas State College for Women campus, Denton. She was a member of the second class of auxiliaries May 5.

Miss Bearden was trained in every phase of army business procedure. The members of this class have been sent to posts, camps and stations throughout the United States.

Miss Bearden is the daughter of Mrs. C. C. Bearden.

Pierce-Pickens Rites Said Sunday

R. B. Pierce and Mrs. Edith Pickens were united in marriage Sunday morning at 10:00 o'clock at the home of Justice of the Peace P. E. Devenport.

Mrs. Pierce, who was dressed in a navy blue crepe dress, arrived here by train Sunday morning from Ennis.

Those attending the ceremony were Mr. and Mrs. John Midding. They will make their home on the Pierce farm, just outside the city limits east of Snyder.

Warm Cotton

A cotton coat warm enough for the four-degree weather of a Texas norther has been designed and constructed by students participating in a special "cotton wardrobe project" at Texas State College for Women. Warm here by Miss Jo Ann Wakefield, the coat is of a medium brown upholstery material lined with layers of cotton and quilted sateen fabric.

Demonstration Club Notes

Estella Kabel, County Agent

Camp Springs Club Meets

Members of the Camp Springs Home Demonstration Club met last Wednesday with Mrs. M. W. Bavousett.

Estella Kabel, county home demonstration agent, gave a talk on how to care for baby chicks. She advised club members to get rid of roosters in flocks and keep all hens culled.

Mrs. Mary Simpson and Mrs. J. T. Trice wore dresses made of feed sacks. Mrs. James Simpson, clothing demonstrator, showed a very attractive bonnet she had made.

The hostess served home-canned peaches, coffee and cake to the following: Misses James Simpson, Jim Groves, Willie Simpson, M. C. James, Andy Jones, Clay Sullivan, W. H. Groves, W. H. Simpson, M. C. James, James Davidson and M. W. Bavousett; Mary Simpson and Miss Kabel.

Canning Suggestions

Below are some food preservation tips given by Estella Kabel, county home demonstration agent, that should prove helpful to every Scurry County housewife:

Since you have greens to can, try this method: Trim stems and wash, simmer with small amount of water for five minutes. Pack loosely, cover well with liquid in which greens were cooked. Pressure at 15 pounds for glass jars, 60 minutes for pint jars, and 65 minutes for quart jars; for 55 minutes using plain No. 2 tin cans.

For canning shelled English peas: Add hot water and boil five minutes; use 10 pounds pressure for pint glass jars for 45 minutes; for enamel or plain No. 2 cans for 40 minutes.

There are two methods of canning that we recommend as being most reliable to keep food from spoiling and safe for eating, and to preserve the maximum food value, flavor, color and texture. The pressure cooker is used for vegetables and meats, and a water bath is recommended for fruits and tomatoes, Miss Kabel suggests.

Marianne Randals Presented in Recital

A colorful array of spring out flowers formed a pretty setting Friday evening when Mrs. R. J. Randals entertained in honor of her daughter, Marianne, with an intermediate recital at their home.

Miss Randals, who was presented by Mrs. Lucille Dougherty, her teacher, was dressed in a floor length frock of sky blue organza and sweetheart roses in her hair.

As the guests arrived the hostess, with the assistance of Joe Dave Scott and Dewey Faye Everett, showed them to their seats and presented them with programs.

(The following numbers were presented: "Finlandia" by Jean Sibelius, "Für Elise" by Beethoven, and "Fragrant Mignonette" by Scialoja by Miss Randals; a vocal solo, "Coming in on a Prayer," was rendered by David Lynn Headstream; followed by "Chickadee" by Fiddler and "The Zep with His Fiddle" by Anthony, by Miss Randals; and David Lynn presented another vocal solo, "For Me and My Gal;" Miss Randals concluded the recital with "Minuet in G" and "German Dance" by Beethoven.

Punch, sandwiches and cookies were served to the guests immediately following the program.

Mrs. Chapman to Present Music Pupils

Pupils of Mrs. L. A. Chapman will be presented in a piano recital Tuesday, May 25, at the Methodist Church.

The following pupils are included on the list of those to play: Billie Jean, Laura Mary and Bud Conrad, Franklin and LaVerne Arnett, June Jones, Charlotte Faver, Elizabeth Carter, Bobby Evelyn Weaver, Betty Lynn Gallin, Norma Lee Collins, Wayne Pitzer, Eida Jean Littlepage, Willie Roy Boss, Jerry Crumley, Mildred Glynn, Carolyn Bird, Corrie Jean McMillan, Frances Billingsley, Cornelia Wilson, Billy, Wallace, Don and Janie Jones, and Bobbie, Billie and Verna Reid.

Engagement of Milton Joyce Told

Mr. and Mrs. R. E. Joyce are announcing the engagement and approaching marriage of their daughter, Milton Louise, to Lieutenant George Thomas Victory, son of Mr. and Mrs. Ward Victory of Big Spring. Plans for the wedding are for early June.

Eastern Star Elects New Year's Officers

New officers were elected and plans were made for the incoming year's work when members of the Snyder Chapter 450, Order of the Eastern Star, met at the Masonic Hall Friday evening. Mrs. Jessie Eva Scott, worthy matron, presided.

Officers elected include: Mrs. Amy Glen, worthy matron; Lynn Henderson of Hermleigh, worthy patron; Mrs. F. M. Roundtree, associate matron; F. M. Black, associate patron; Mrs. Oma Wren, secretary; Mrs. Nelson Dunn, treasurer; Mrs. J. A. Powell of Camp Springs, conductor; and Mrs. Horace Roe, associate conductor.

Evelyn Heard, who visited here for several days with her aunts, Mrs. M. Trimble and Mrs. Mary B. Shell, returned Sunday afternoon to her home in Pecos. For the round-trip she accompanied her cousin, Mrs. Charles Cayne and three-year-old son, Johnny Cayne, who visited with Charles Cayne, a geophysicist, who had work for the week near Snyder.

Dorothy Sprout of Fluvanna is the new girl working at Stinson Drug No. 1. Miss Sprout assumes the place formerly held by Frances Cochran, who left last week for McAllister, Oklahoma, to live.

Are You Backing Up That Boy on Front by Helping the Red Cross?

Could you, Mrs. Snyder and Scurry Countians, face a wounded soldier with a clear conscience?

How would you like to make the following confessions to a grimy, weary soldier in North Africa, chairman of the Red Cross surgical dressing program of Scurry County ask:

"No, I'm not denying myself anything to put money into war bonds. I'm buying things with my money. After all, you never know what's going to be rationed next and I don't intend to be caught short."

"Sure, I'm having fun as usual. Why not? You might as well have fun while you can."

"No, I'm not spending any of my time on volunteer war work. It is all right for the people who need some busy work to keep them happy and for those who have nothing else to do; but I don't have time for such work."

You would feel a little ashamed if you had to make any of these confessions to a young man who is risking his life fighting. Yet these confessions are being made daily by many complacent American women. It might not be a bad idea if once in a while we all take a good look at ourselves and our attitudes and see if we would be ashamed to have a soldier on a fighting front to pass judgment on us.

The chairman further state that there isn't anyone who has more right to judge what we civilians are doing with our spare time, our money, our energy and our influence than the man who has given up everything to fight this war, not just his spare time and his spare money—but himself.

All women are offered the opportunity and the privilege of the American Red Cross to give their spare time by assisting others in folding bandages to be used by those men in uniform.

The Red Cross surgical dressings rooms are open on afternoons Monday through Friday from 2:00 o'clock until 5:00 o'clock, with night sessions on Monday and Tuesday from 7:30 o'clock until 10:00 o'clock.

Number of volunteer workers at the unit has been decreasing lately—yet the war is still going on in spite of the victory in Africa.

The chairman state that club women who have put aside their club activities for the summer are putting in extra hours at the room lately in order that their consciences will be clear during the summer months. They feel that it is their privilege and duty to put in at least three hours a week at the unit. Others, and especially those planning vacations, are invited to follow the excellent example set for them.

Mrs. Keller Returns Home

Mrs. John Keller and daughter, Wynona, returned home Sunday from Lubbock following an operation for Mrs. Keller at a Lubbock hospital. The two Snyder women have been in Lubbock for the past two and one-half weeks.

Nell Verna LeMond of Abilene was a week-end guest of her parents, Mr. and Mrs. J. E. LeMond. She is a student at Hardin-Simmons University.

Presbyterian Guild In Monday Meeting

Presbyterian Guild members of the Presbyterian Church met at the home of Frances Boren Monday evening at 8:30 o'clock.

The meeting was called to order by Miss Boren, president, and the roll was called and minutes for the previous meeting were read by Mrs. H. C. Travis, who also conducted a portion of the program to a Bible quiz.

Refreshments were passed by the hostess and her mother to the following: Misses A. D. Dodson Jr., Charles Manning, G. L. Autry Jr., Clara Smith, Travis, Horace Roe, Armer McFarland, Woodrow Leslie, Irwin Mowery and Bruce Murphy.

Mrs. Ed Stahl Honoree on Birthday

Mrs. Ed Stahl was honored with a birthday get-together Sunday when her parents and brother, Mr. and Mrs. R. L. May and Finis, of Lorraine and other relatives and friends spent the day with her in Snyder.

Following a birthday luncheon, games and other entertainment were enjoyed by the guests. During the afternoon Mr. and Mrs. Carl Charley and daughter, Joy, and Mrs. Doroth, Gail and son of Stanica called to express their returns of the day.

Others there were Mr. and Mrs. John Lambert of Snyder and Mr. and Mrs. Herman Wemtschlaeger and son, Billie, of Hermleigh.

CAR COLLISION TAKES LIFE OF JOHN M. LYNCH

Auto Driven by Alfred Browning Hits Victim's Machine at Street Intersection Saturday

Unavoidable automobile accident in East Snyder Saturday evening, 7:15 o'clock, at the intersection of 26th Street and Avenue I resulted in fatal injuries for John McKinley Lynch, 46, Scurry County fruit stand and service station operator the past decade.

Lynch, who was rushed to a local hospital, succumbed Sunday night, 10:15 o'clock. He sustained a fractured skull, critical internal injuries on the left side and a broken leg.

The accident occurred, witnesses report, when Lynch, en route to a pool south of town on a fishing trip, pulled out in the street immediately in front of Alfred Browning, Pflugina stockman and cattle buyer, who was driving west.

Vehicle of Lynch was hit from the left side, and was scooted to the curb. Lynch was thrown clear of the car, and was unconscious when a group of pedestrians reached him.

Mrs. Browning and Mrs. Edna Glaze, who were riding with Browning, sustained severe injuries, and remained in a local hospital Wednesday. Alfred received a badly cut lip; Mrs. Browning a broken breast bone; and Mrs. Glaze sustained a critical head injury.

Lynch was born October 2, 1896, in McLennan County, near Moody. He moved to Haskell County in 1923, and to Scurry County in 1929. He had been in the fruit and service station business since moving to the county.

A member of the Church of Christ a number of years, Lynch married Miss Ethel Bowen in Stamford in 1921. He joined the church as a young man.

Funeral services will be held this (Thursday) morning, 10:00 o'clock, at Maples Funeral Home chapel.

Bro. Ben W. Newhouse of Snyder officiated.

pallbearers will be Frank Bayouth, Clem Sirock, Johnnie Moore, Jack Inman, W. R. Bell and Roswell Rishby.

Flower bearers will be Ruby Simpson, Ruby Crowley, Mildred Watkins and Leona Tarkenton.

Surviving are the widow, Mrs. John McKinley Lynch; three daughters, Mrs. Ruth Morrow, Mary Helen Farmer and Johnnie Lynch, all of Snyder; a son, Kenneth Ray, also of Snyder; three brothers, Edgar Lynch, Euell Lynch and Ralph Lynch, all of Bakersfield, California; two sisters, Mrs. Mabel Robinson of Bakersfield, California, and Mrs. Gertrude Griffin of Moody; and the mother, Mrs. Maria Lynch of Bakersfield, California.

Maples Funeral Home directed arrangements, with burial in Snyder Cemetery.

Mrs. Claudia Duncan will go to Sweetwater Friday, where she will attend Sweetwater High School graduation exercises in which her son, Jimmie, is a senior. Mrs. Duncan is a nurse at Snyder General Hospital.

To Speak Here

W. R. Smith, vice president of Abilene Christian College, Abilene, will occupy the pulpit of the Snyder Church of Christ Sunday in absence of the regular minister, Raymond C. Keley, who is in a revival meeting this week at Vinita, Oklahoma. People of this area are invited to hear Bro. Smith Sunday morning and evening.

FFA BOYS PUT ON STOCK SHOW AT HERMLEIGH

Eugene Glascock Shows Prize Boar and Fred Campbell Cops Award For Best Sheep Friday

Eugene Glascock showed the best breeding boar and Fred Campbell the best breeding sheep at Hermleigh's annual Future Farmers of America livestock show, staged Friday at the southeast county community.

A. B. Copeland, Hermleigh vocational agriculture instructor, reports approximately 30 entries were attracted to the Hermleigh show—only one of its kind staged in the county school as a finale to the 1942-43 school term.

"Despite war-time conditions, we are happy that Hermleigh FFA boys are able to carry on show project work, and stage a show in times of stress and economic upheaval," reports Copeland.

Ray J. Porter, Snyder Community Natural Gas Company manager, who judged the Hermleigh show, reports an unusually high quality of good blooded animals was exhibited at the county exposition.

E. O. Wedgeworth, Scurry County Chamber of Commerce manager, accompanied Porter to the Hermleigh show.

Places, as announced by Copeland, follow: Eugene Glascock, best breeding boar; gills, Owen Davis, first; Glascock, second; Varlin Corbell, third and Joe Doris Roemisch, fourth.

Fred Campbell, best breeding sheep; ewes, Charlie Chorn, first; Fred Campbell, second and third places; and Charlie Chorn, fourth.

Bill Don Kimzey showed the best mutton lambs, and copped first and second places with this class of animals.

In the parker division, animals exhibited by Walter Ammons placed first, those by Truman Wenken second, and entries of D. H. Martin were third. H. B. Lewis placed fourth and Fred Bowen fifth.

Hermleigh FFA members who had entries in Friday's show included: Walter Ammons, Fred Bowen, E. C. Crabtree, Kenneth Dacus, Billy Ray Vernon, H. B. Lewis, D. M. Martin, Truman Wenken, Varlin Corbell, Joe Doris Roemisch, W. L. Wenken, Billy B. Bayless, Henry Grady Gafford, Sterlon Herley, Fred Campbell, Eugene Glascock, Billy Don Kimzey, Jimmie Charles Chorn and J. P. Hale.

Copeland reports several members of the Hermleigh FFA chapter are disposing of their show projects, due to the fact they will be inducted into military service in the near future.

Safety Suggestions For Field and Lot Offered by Agents

Farm workers, Scurry County's 1,427 strong, are war workers and should learn to protect themselves just as soldiers do.

For this reason Edward S. Hyman, county agent, and Estella Rabel, county home demonstration agent, of Texas Extension Service, offer this week some safety suggestions to the persons who will help this year in fields and lots.

One phase of working safely involves the handling of machinery, and in this case women are urged to read and follow instructions, to stop the machine when adjustments and repairs are being made, and to give machines a check-up before putting them in operation. Wearing clothing with no loose parts to catch in a machine also is important.

In the handling of animals, safety authorities recommend speaking to animals quietly when approaching them. Another safety rule concerns dressing for the job. Hats or bonnets and long sleeves give protection from sun and wind, while gloves are advisable for rough work. Protection for the nose and throat is necessary in dusty jobs. Sometimes dark glasses are helpful. Farm work also demands well-fitted, low-heeled shoes.

Women or girls unaccustomed to work in the fields would be wise to get a physical check-up to be certain they can do heavy work safely. One other safety "must" is a handy first aid kit for the family. Workers can help keep fit by eating according to the Texas Food Standard, stopping for mid-morning and mid-afternoon snacks if their hours are long and hard. Eight or nine hours of sleep each night cut down accidents also.

Raymond Moore Reported Safe.

Uneasy hours over the safety of their son was relieved this week when Mr. and Mrs. George Moore received word that Raymond, who is in the U. S. Navy, is safe and on active duty with the fleet. Raymond, who attended Snyder Schools, had been unable to get word to Mr. and Mrs. Moore for the past few months.

Mr. and Mrs. Edgar Taylor and daughter, Helen Joy, and Taylor's parents were in Abilene Sunday as guests of Mr. and Mrs. O. M. Bantau and children. Mrs. Bantau is a sister of Taylor.

Some Restrictions Amended on Home Slaughtering of Livestock for Meat

The Office of Price Administration Announced Tuesday, through Scurry County's War Price and Ration Board, that meat rationing regulations have been amended to wipe out certain restrictions on custom slaughtering of home produced livestock for consumption on the farm and changed details of rationing which apply to other situations involving home produced meat.

John Spears, general chairman of the county board, states under regulations originally drawn a farmer who brought his own cattle to a custom slaughtering plant for slaughter and dressing had to surrender red point stamps for the resulting meat. This situation is now eliminated and other meat rationing rules are clarified as follows:

OPA regulations now provide a farmer and his family may consume meat raised on any farm he owns or operates and may transfer meat from one of his farms to another to provide food for members of the household without giving up ration points. However if the farm owner lives in a city, or any place other than a farm, he must give up ration points for the meat he consumes off the farm, although he need not necessarily pay for the meat in money.

At the same time feeding of employees on farms and ranches was simplified by an amendment to general ration order 5—food rationing for institutional users. As a result of the change, a farm or ranch employer who feeds his employees in a bunkhouse or dining hall—operated apart from the employer's household—is no longer required to register as an "institutional user" such as a hotel, restaurant or similar commercial eating place. He may use meat and other rationed food from his farm's production on the same basis as employers who feed their employees in the household.

By allowing farmers to use custom-slaughtering facilities without surrendering ration points for the meat acquired, OPA recognizes that the slaughtering done at an abattoir by a person regularly engaged in the business, is generally done under improved sanitary conditions, Spears said. Use of these facilities also will result in a greater saving of slaughtering by-products for which there is now a great demand, and which meat farms are not equipped either to salvage or market.

A farmer who acquires meat from a custom slaughterer without surrendering ration points must provide the slaughterer with a certification intended to establish the fact that the meat he acquires is primarily for food for his family and was produced from livestock raised on his farm.

One copy of the certification is filed by the slaughterer with the livestock producer's local ration board within five days after the meat is transferred, and the second copy is retained by the slaughterer.

The certification signed by the farmer who raised the livestock must contain the following information: His name, address, the address of his local board, and the date on which he acquires the food from the slaughterer. He must also state that the animal was kept at the place where he regularly lives or at a farm he owns or operates, prior to slaughtering, and must show that—

He raised the animal from birth to the moment of slaughter; or

He fed it for a period of at least 60 days immediately preceding slaughter; or

He was in possession of the animal for a period immediately preceding slaughter during which he increased its weight by at least 35 per cent of the weight it had at the time he acquired it.

A farmer who sells any meat pro-

Stanley Pavlas Gets Training in Aircraft

Stanley L. Pavlas, 19, son of Mr. and Mrs. Edward F. Pavlas of the Hermleigh community, graduated this week from a course in aircraft engines conducted by the Army Air Force Technical Training Command at the Wright Aeronautical Corporation, Paterson, New Jersey, his parents learned Tuesday.

While at the Wright plant, young Pavlas received specialized training in repair and maintenance of Wright airplane engines. A 1941 graduate of Hermleigh High School, Stanley was employed in general assembly work for North American Aviation Corporation before he enlisted in the Army Air Forces on November 14 of last year.

LeRoy Garner left Wednesday for Big Spring and points farther west. Young Garner has been visiting in the home of his grandparents, Mr. and Mrs. C. R. Garner, for the past month. He is formerly of Fort Worth.

deced from livestock raised on his farm, whether he slaughtered the animal himself or had it custom slaughtered, must collect ration points for every sale he makes, the county war price and ration board concludes.

Trio Attends Albany Chamber Banquet

Total of 250 persons from West Texas Towns and cities, including three representatives of the Scurry County Chamber of Commerce, were attracted Tuesday evening to the annual Albany Chamber of Commerce banquet.

Lieutenant Robert E. Nail, now stationed at Dallas with the U. S. Army, and who won recognition at Albany as a book author and author of plays for high school adaptation, was principal speaker at the gathering. Nail formerly was in the school teaching profession.

Willard Jones, president; E. O. Wedgeworth, manager; and L. A. Chapman represented the Scurry County Chamber of Commerce at the Albany banquet.

Sealy at Anti-Aircraft School. Corporal Don L. Sealy, a Snyder boy who is doing his part for Uncle Sam, is at present attending the Anti-Aircraft Artillery School at Camp Davis, North Carolina. Snyder friends were advised this week. The anti-aircraft school at Camp Davis is said to offer one of the most intensive courses of training at any army air force school in a matter of two states.

Kinney M. Roe Dies Of Injuries Suffered While on Navy Duty

Father-son team in military service for Uncle Sam was broken Sunday when Kinney Melvin Roe, 17, son of Mr. and Mrs. G. M. Roe, former Scurry County residents who now live at Garland, died Sunday in a Dallas hospital.

Kinney Melvin, who spent his boyhood days in the Camp Springs community, was in the U. S. Navy, Great Lakes Naval Training Station, Great Lakes, Illinois, when injured while "in the line of duty."

The Roe youth was a nephew of Mrs. John E. Bryant, Snyder; Mrs. J. O. Guinn, Camp Springs, and Mrs. John Reed, Hermleigh.

Funeral services were held Tuesday afternoon at the First Baptist Church, Garland, with interment in Rowlett Cemetery.

Survivors include the parents, G. M. Roe, U. S. Army Air Corps, stationed at Gatesville; Mrs. Roe, a brother, Cecil, and a sister, Charlene, all formerly of Scurry County; and the grandparents, Rev. and Mrs. R. W. Roe of Wiley, former Scurry County residents.

APPROVALS TO BUY TIRES GO TO NEEDY ONES

Increase in Certificates Issued Seen in Latest Action by Tire Panel in This Week's Sessions

Issuance of approval certificates for Grade I passenger tires picked up sharply, over previous weeks, at Tuesday's meeting of the tire panel, Scurry County War Price and Ration Board.

Nice volume of approval certificates was also issued for Grade III passenger tires, and issuance for tractor tires and tubes is expected to care for all urgent needs for the moment.

Approval certificates issued Tuesday went to the following:

Passenger tires and tubes, Grade I—Mrs. Myrtle Pieper, two 6.00x16 tires and one tube; Joe B. Morris, one 5.50x17 tire; W. S. Gillum, one 6.00x16 tire; J. E. Hudson, one 6.00x16 tire and one tube; R. C. Pappoe, one 6.00x16 tire; Glenn H. Holladay, two 6.00x16 tires; W. E. Prince, one 4.40x21 tire; J. E. Walton, one 4.75x19 tire; Robert N. Flowers, one 5.50x17 tire; C. U. Bishop, one 6.00x16 tire; Alf Huddleston, one 6.00x16 tire; W. C. Bolding, one 6.00x16 tire; W. E. Bentley, one 5.50x17 tire; W. H. Flippin, two 6.50x16 tires and three tubes; R. O. Beeks, two 5.50x17 tires and two tubes; George Wright, one 6.00x16 tire; Ava Watson, one 6.00x16 tire and tube; Mrs. Goldie West, one 6.50x16 tire; Oliver E. McCormick, one 6.00x16 tire; D. L. Moffers, one 5.50x17 tire; Mrs. G. D. Stewart, three 6.00x16 tires; Clarence E. Moore, one 6.00x16 tire and tube; Clyde South, one 6.00x16 tire; C. B. Henderson, two 6.00x16 tires; W. T. Edwards, one 6.00x16 tire; J. G. Snowden, one 5.50x19 tube; Jessie W. Young, one 5.50x17 tire and tube; J. A. Dave, one 5.00x19 tire.

Passenger tires, Grade III—W. H. Flippin, one 6.00x16 tire; Joe Wisheart, one 6.00x16 tire; Jim Wilson, two 6.00x16 tires; Ira Wilson, two 6.00x16 tires; C. A. Stone, one tire; M. A. Hale, two 5.00x16 tires; C. C. James, two 6.00x16 tires and one tube; Gilbert Fields, two 6.00x16 tires; J. A. Dever, one 4.40x21 tire; Leo Huddleston, one 6.00x16 tire; C. A. Moon, four 5.50x17 tires; Marshall Ghephart, three 6.00x16 tires; Earl Lewis, two 6.00x16 tires.

Tractor tires and tubes—F. J. Grammebar, two 13x36 tires; N. L. Beaver, one 6.00x16 tire; A. A. Sturgeon, two 5.50x16 tires; M. A. Freeman, one 6.00x16 tube.

Truck and bus tires and tubes—Turner Forest, one 6.00x16 tire; G. E. Pindley, two 5.50x16 tubes; Bruce Evans, one 5.50x17 tire; J. M. Middleton, one 5.25x18 tire and tube; Emmitt Rosscoe, two 7.00x16 tires; M. S. Jones, one 6.00x16 tire; O. W. Rieberg, one 6.00x20 tire, one ready; Sam Wooten, one 30x5-20 tire; W. J. Beavers, one 6.00x16 tire and one 6.00x16 tube.

Drive to Eradicate Prairie Dogs Can Be Brought to County

County-wide prairie dog eradication campaign will be extended to Scurry County in the near future. If a sufficient number of county farmers and ranchers show interest in the eradication drive, E. G. Polk of Lubbock, head of the federal control program for the U. S. Department of Agriculture in this area, informs The Times.

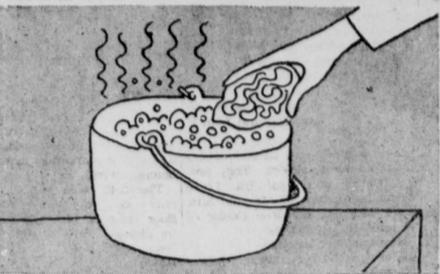

Polk, who has crews working now in Dawson and Borden Counties, states east of prairie dog elimination work in Scurry County will only be actual cost of materials needed to poison the rodents.

Cost of prairie dog eradication work is expected to amount to only two or three cents per hole.

Scurry County farmers and ranchers interested in such work are asked to file names and addresses with Edward S. Hyman, county agricultural agent, in the courthouse basement immediately.

"This will doubtless be our only chance to clear the county of prairie dogs for months to come," Hyman said Wednesday, "and we want all persons who want such work done to let us know at once."

Cook Vegetables Fast for Flavor

Cook vegetables quickly, if you cook them at all, advises Estella Rabel, county home demonstration agent with Texas A. & M. College Extension Service. Put them in as little water as possible, and be sure the water is

boiling when you put them in. Adding salt will help save vitamin C. Bring the water to a boil quickly; never add soda and never overcook. Save and use every ounce of vegetable water and juices.

If You Want to Can Roosters in Ridding Flocks, Here Are Tips

Since Saturday has been officially designated as "Rooster Day" in Scurry County, Estella Rabel, county home demonstration agent, gives helpful hints to county housewives in canning chicken that will prove helpful in conserving every pound of chicken meat.

Suggestions given, which should be clipped and saved for future reference, follow: CONTAINERS—Enamel cans are best when packing chicken raw. Plain cans sometimes cause poultry meat to be a little dark. Glass jars may be used; but due to slower handling, the meat canned in glass is sometimes over-cooked. It is better not to use jars larger than pints for chicken canning.

PREPARE MEAT—Clean and cut chicken as for cooking. Remove bones from the thigh, leg, breast and large joint of the wing. The bony pieces could be used for broth and ground chicken. The chicken may be packed with bones if desired.

SALT—Put salt in container first. Use one-half teaspoon salt for No. 2 cans and pints; add one-fourth teaspoon for No. 1 cans and half pints; and if No. 3 cans or quarts are used, add one teaspoon salt.

PACK—The raw meat may be packed in tightly, leaving about one-half inch above the rim of the can or one-half inch above the jar. After steaming, the meat is pressed down below the rim of the can or jar.

STEAMING BEFORE SEALING—This may be done in either water bath or pressure cooker. The water should be about two inches below the top of the cans, and it should not be allowed to boil so rapidly as to bubble into the container. The water may be boiling hot if steaming is done in cans, but for jars the water should be warm to start with. A lid should be used on the water bath container to keep the steam in. If

Mr. and Mrs. Horace Williamson and son, Horace Gene, arrived home Wednesday evening after spending the first part of the week at Denton.

J. C. Witherspoon and son, Douglas, left Monday for Fort Worth on business. They expect to return today (Thursday).

George H. Lloyd and family were in Comanche over the week-end visiting relatives. They were accompanied by Mrs. A. B. Couch of Abilene.

Mrs. A. R. Norred arrived home over the week-end from Abilene after spending the past two months with her daughter, Mrs. Wimpy Pierce, and family.

Effie McLeod left over the week-end for Florence, where she will spend the summer months. Miss McLeod is a teacher in Snyder High School.

Staff Sergeant and Mrs. N. R. Clements of San Antonio visited in the homes of their mothers, Mrs. W. H. Clements and T. L. Lollar.

Canning Sugar May Be Secured On Special Order

Snyder and Scurry County persons who cannot wait a few days or a week or two, for their canning sugar may use a coupon from Ration Book No. 1 for that purpose rather than have to wait in line at the county ration board to secure a special certificate for canning sugar.

So advises Scurry County's War Price and Ration Board this week, members of which say OPA shortly will declare a stamp in War Ration Book No. 1 valid for 10 pounds (or less at applicant's option) for home canning.

This stamp will be presented directly to a dealer, a move that will greatly convenience members of the county rationing staff.

In the meantime, the county ration board is issuing certificates for 10 pounds, or less, where the applicant already has on hand fruit to be canned.

Office of Price Administration officials announced this week that Stamp No. 13 will be the next stamp to use for regular purchases of sugar. Its period of validity will be from June 1 to August 15, and will be good for five pounds. Stamp No. 23, good for five pounds, will be valid until May 31.

Donald Ray Scotts Visit

Donald Ray Scott, son of Mr. and Mrs. J. W. Scott, who has been employed at the Bethlehem Steel Corporation, and his wife arrived here this week for a two-week visit with relatives and friends. Donald Ray, a graduate of Snyder Schools, will be inducted into military service at Johnston in June. Their small daughter, Donna Jean, remained in Johnston with kindred of Mrs. Donald Ray Scott.

Nathan Rosenberg was in Dallas last week to attend mid-summer market.

Mrs. E. J. Davis and Mr. and Mrs. Lester O. White spent the week-end with Mr. White's mother, Mrs. J. P. White, in Dallas.

State Health Officer Warns Public About Danger of Common Housefly

Leaving behind wherever it goes a trail of sickness, suffering and death, the common housefly has made its annual descent upon this community and is at present trying to force its unwelcome presence into every home and business establishment.

Advice received from Dr. George W. Cox, state health officer, as to how best to combat this menace to public health among our citizens, states that complete elimination of houseflies is imperative because typhoid fever, tuberculosis, summer complaint, cholera, intestinal diseases and many other serious ailments are spread from person to person by the visit of the housefly.

"The most effective measure for control is to prevent breeding," Dr. Cox said. "Flies breed in filth, and the removal and destruction of all waste matter will deprive the fly of a breeding place. One female fly lays from 600 to 1,000 eggs during its lifetime, and in a season which begins in spring and runs through into the fall of the year she and her descendants will number countless thousands."

"Destroy all breeding places for flies," Dr. Cox advised. "Manure piles, garbage and other organic filth furnish the required warmth

and moisture necessary for the propagation of the fly. Inasmuch as they not only breed in filth but frequent such unclean places as open privy pits, it should not be necessary to urge that flies be kept from contact with food, drinks and kitchen utensils."

The state health officer urged that all windows, doors and porches be screened so that flies cannot gain entrance to homes and business establishments. The destruction of breeding places and proper screening can eliminate the danger of the fly in homes and public eating places.

Mrs. M. H. Fox is the guest of her daughter, Mrs. Willard Jones, and family.

Lieutenant Hugh "Bud" Boren Jr., U. S. Air Corps, returned Monday to his post of duty at Stuttgart, Arkansas, after spending a 15-day furlough with his parents here. Bud, formerly associated with his father in the insurance and loan business, is an administrative officer in the air corps.

Mr. and Mrs. Horace Taylor and children of Midland visited in the homes of relatives and friends here Saturday.

Fluvanna School Issues Paper

As a concluding gesture of a successful school term for 1942-43, students at Fluvanna High School this week published an eight-page issue of The Stampede, school publication at Fluvanna the past several years. The school paper turned out in The Times plant, contained pictures of 1943 school graduates and a considerable volume of timely school news.

Jack Crawley Gets Discharge

Private Jack Crawley, U. S. Army, who has been stationed at Camp Phillips, Kansas, for the past four months, received an honorable discharge from military service last week and has returned here to civilian activities. He and Bud Crawley are associated in cattle and livestock buying. Mrs. Crawley has remained here while Jack has been in uniform.

Former Produce Man Passes Wednesday

Arthur D. Moore, 46, Snyder produce operator in Snyder for a number of years, died last Wednesday in Research Hospital, Kansas City, Missouri, following a brief illness.

Moore, who left the Snyder produce business in 1933, is survived by the widow, a son, five sisters and two brothers. Funeral services were held last Thursday at St. Joseph, Missouri, with burial in Memorial Park Cemetery.

Mrs. Edna Bralley, who is employed at Ben Franklin Variety Store, arrived home Monday afternoon after spending the week-end at Del Rio, where her husband is stationed. Mrs. Bralley was accompanied to Del Rio by Mrs. Allen Armstrong and Vivian Lane.

Lions to Present Negro Minstrel June 1 at Rotan

Final arrangements were mapped Wednesday for presentation, by request, of Snyder Lions Club sponsored Dixie Land Negro Minstrel in Rotan Tuesday evening, June 1, members of the minstrel committee reported Wednesday noon.

Considerable interest in presentation of the minstrel at Rotan was evidenced Tuesday, when a Snyder group gave a brief skit of the production at the Rotan Business Men's Luncheon Club.

The Snyder Lions drew hearty applause with presentation of minstrel highlights in Rotan High School auditorium.

Advertising material for presentation of the show at Rotan was distributed this week, and advance tickets are being placed on sale in several Rotan business firms.

Arrangements were also made in Rotan Tuesday, a spokesman for the Snyder Lions Club stated, to put a newly named committee to work selling advance tickets, and a committee was appointed to assist with stage details.

The minstrel will be staged in the Rotan High School auditorium, with a concert by the Rotan High School Band to begin at 9:45 o'clock. Curtain on the minstrel is scheduled to rise at 9:00 o'clock.

As presented here, the minstrel at Rotan will feature "Harlem on Parade" and a 35-voice chorus of colored gals and guys. Funds received from the Rotan presentation will go to the local club's fund.

"Can you afford a fire loss in your home, or can you afford to be without employment if your business or place of employment goes up in flames?" asks Marvin Hall, state fire insurance commissioner.

Wallace Smith Gets Wings and Instructor Place in Air Corps

Wallace Smith, son of Mr. and Mrs. W. W. Smith, former long-time Snyder residents who now live at Mineral Wells, graduated from the Naval Air Training Center at Corpus Christi and has been commissioned a second lieutenant in the U. S. Marine Corps Reserve, The Times learns.

Lieutenant Smith is now stationed at Rood Field, Corpus Christi, as an instructor in advanced flying. A former student of Snyder Schools, Wallace attended Texas Tech. College, Lubbock, and volunteered for flight training in June of 1942. He received preliminary instructional work at the naval reserve aviation base at Dallas.

At the Corpus Christi center, largest in the world, Smith passed rigid requirements of basic training and received specialized instructions in heavy observation scout planes.

Funeral Held at Ira For Mrs. John Brocat

Mrs. John Brocat Jr., 31 year-old daughter of Mr. and Mrs. D. E. Clark of the Ira community, died Tuesday morning in Odessa following a month's illness.

Body of Mrs. Brocat was brought Tuesday to the East Snyder home of Mr. and Mrs. N. W. Aubrey. Aubrey was an uncle of Mrs. Brocat.

Funeral services were held Tuesday afternoon at Ira, with Rev. J. W. McGaha, Canyon Baptist minister, officiating. Interment was in Ira Cemetery.

Survivors include the husband, a one-year-old daughter; Mrs. Sam Smallwood of the Ira community and Mrs. Annice of Odessa; and two brothers, J. L. Clark of Ira and Jack Clark of Dallas.

Cemetery Working at Hermleigh Reslated

Rainy weather stepped in last Thursday to force cancellation of the annual Hermleigh Cemetery working members of the Hermleigh Cemetery Association report.

In view of this fact, Thursday, May 27, has been designated as the new date for complete working of the city of the dead. People of Hermleigh and adjacent communities are urged to keep the new working date in mind and bring basket lunches.

We're disturbed and worried more often than we admit.

EVERY DRIVER CAN HELP

KEEP 'EM ROLLING

WAR, 1943 style, is war on wheels. Men, weapons and materials vital to victory must be moved swiftly, safely and without delay.

But each day accidents at grade crossings in America injure or kill 19 motorists and delay 36 trains a total of 22 hours—a drain on manpower and time that a nation at war simply cannot afford.

Will you, as a patriotic driver, enlist in the nationwide campaign now under way to stop these accidents? Here's how you can help:

1. Be extra careful—warranty careful—in all your driving.
2. Be especially alert when approaching a grade crossing.
3. Be sure the way is clear before you cross the tracks.
4. LOOK, LISTEN and LIVE!

Help keep 'em rolling for victory!

NATIONAL SAFETY COUNCIL

Maximum Food Production Goal For U. S. Farmer

Scurry County farmers and ranchers have the War Food Administration behind them this week, as they continue plans for maximum production under the Food-for-Freedom program.

With sights trained on production of more food and feed crops than ever before, county farmers and ranchers find themselves confronted with an acute labor shortage—a labor shortage that could be corrected with employment of at least 300 more farm and ranch hands in the county.

Reports received Tuesday by the Scurry County U. S. Department of Agriculture War Board from the state war board office, College Station, indicate some relief may be in sight—if Selective Service will let up on drainage of farm and ranch hands to channels for military service.

While the county war board can offer no suggestions as to immediate relief on the county farm machinery front, information received Tuesday reveals 80 per cent of farm implement production of 1940 will be authorized for 1944.

A Sure Sign.

The newlyweds had just gotten off their train.

"John, dear," said the bride, "let's try to make people think we've been married a long time."

"All right, honey," was the answer, "you carry the suitcase."

Farmers Urged to Plant to Limit in Foods and Feeds

Scurry County's ranchmen and farmers were urged yesterday by the Scurry County U. S. Department of Agriculture War Board to plant to the limit critical war crops and feed crops for livestock this year.

With spring planting well underway in the county, S. L. Terry, chairman of the board, declares, "this is the most important planting season in American history—a planting season in which 1,000 extra acres of peanuts for the county, 5,000 more acres of grain sorghums than at first planned, or 2,000 acres of peas and beans can well make a valuable contribution to the nation's war effort."

Asking farmers to "take an extra degree of chance and plant in the acreage that would be handled under the most favorable circumstances," he said the War Food Administration at Washington already was working on plans to organize latent labor resources to harvest this year's crops, that plans for more harvesting machinery were being drafted and that continued price supports at fair levels to minimize risks in the market places were being planned.

He explained that the recent Food-for-Freedom sign-up campaign in which increases in oil crops were stressed in no way minimized the importance of other essential crops, such as feed grains and hay.

Pressure Cookers for Group Use Available

Snyder and Scurry County people who plan group usage of pressure cookers this summer, and will in this manner be eligible for new cookers, may make application for the cookers at the county AAA office, officials said this week.

Issuance of approval certificates for new pressure cookers will be on a cooperative basis, AAA officials report. Where a person plans to use a cooker, in cooperation with another family or two, such person will be sure to obtain a new cooker—if any at all are available.

Snyder and Scurry County residents who have good, used pressure cookers they wish to sell are asked to list cookers with the county AAA office. A keen demand is anticipated this summer for all types of used cookers and canners.

AAA Helping Labor Problems for County

Continuing a policy of several weeks' standing, Scurry County's AAA office is endeavoring to help farmers and ranchers of the county secure help in every instance possible, Johnnie M. Ammons, county AAA administrative officer, announced Wednesday.

Farmers and ranchers of the county who will need help during the next few weeks are urgently requested to file their names and addresses with Triple A officials.

Farm and ranch workers, also, who wish placement in the county are asked to visit the AAA office, southeast corner of the square, and leave information as to the types of farm or ranch work they do.

Brownings Back with Proof of Fish Success

Proof of a highly successful fishing expedition to the Buchanan Dam, near Austin, for Jesse Brownings and his father, B. M. Brownings, was in plain evidence this week when a channel cat, weighing 36 1/2 pounds, went into the cold storage locker at Piggly Wiggly.

Jesse and his father were included in a fishing party that went to the big time fishing spot to really bring home the goods, friends say.

In the cache of fish Jesse and his father brought back were fish ranging downward from the 36 1/2-pound catfish to channel cats weighing around 20 pounds.

The first telephone line in Texas extended from the editorial rooms of the Galveston News to the home of Colonel A. H. Belo, publisher of the Galveston News and its successor, The Dallas Morning News.

Bullock Race for Superintendent Is Capital Question

One of the questions for next year's state political campaign, left unanswered when the Texas Legislature adjourned, is whether Senator Pat Bullock of the 24th District will be a candidate for state superintendent of public instruction.

Senator Bullock, who returned to Snyder over the week-end to visit relatives and friends, in the regular session sponsored numerous measures relating to education. His committee appointments gave him the broadest contact with all major legislation of any in the state.

Senator Bullock was author, sponsor of among leaders for the measures which increased rural aid support for schools and provided for a \$10 monthly increase in pay of rural school teachers; the measure which raised the statutory limit on the school apportionment which will permit at least \$1,500,000 more state school funds to be distributed each year. He supported the measure to permit paying increased old age assistance without increasing the state tax; and the measure to reduce the confederate pension tax, while increasing the pension allowances to the remaining veterans. He took an active part in passing the economy appropriation bills which averted the need for additional taxes, and which Governor Coke Stevenson estimates will improve the state's financial condition at least \$4,000,000 a year, after taking into account the more adequate support of rural schools and public school system.

Bullock was senior author of a bill to substitute multiple text adoptions for the basal adoption of textbooks in the grade schools. This measure failed to get a vote in the Senate, where Senator Bullock said it was sure of passage, due to the form of a ruling made by Lieutenant Governor John Lee Smith, whom Bullock succeeded as senator. A bill, with a different provision for creating a textbook committee, had lost by a few votes in the House.

The lieutenant governor ruled out the multiple text bill in the Senate on the ground that "the same subject matter had been defeated" in the House.

Fast Feathering Chicks Make Best Meaty Broilers

Chicks which grow feathers fast provide an excellent guide in selecting breeding stock to produce better broilers, Edward S. Hyman, county agricultural agent, advises Scurry County poultry raisers this week.

According to the county agent, chicks which grow feathers are the ones which reach market as broilers free of pin feathers.

Fast feathering birds, as any county poultryman can discover, may be identified by a simple check of the number and size of the wing feather quills on day-old chicks.

One with a wing showing seven well developed primary and seven well developed secondary feathers will feather out with wing and tail feathers long before the chick with shorter quills and only a few short secondaries.

Flesh being a primary factor in broilers, the meatier birds should be selected when the fast feathering chicks are four to six weeks old. At that age they have made their best gains and it is easier to differentiate between the fast and slow growing ones than it is earlier.

Breeding stock may be selected from the meaty, fast feathering chicks when they are six to 12 weeks of age. This is done by the simple rule of measuring the width of each chicken's breast between the producer's thumb and finger. Breast meat is the most valued part of a broiler, so it is important to choose breeders well provided with meat on that part of their bodies.

These steps in selection of breeding stock for broiler production applies to both male and female, although it is not necessary to choose the females as carefully, Hyman concludes.

WAAC Unit Will Be Started at Sul Ross

Sul Ross State Teacher's College, Alpine, which has attracted through the years a number of students from Snyder and Scurry County, will host a WAAC unit at the college, effective Saturday, college officials reported Tuesday.

Brigadier General H. C. Holdridge will be principal speaker at the inauguration of the WAAC unit, which will have its own faculty and instructional staff, H. W. Morelock, Sul Ross president, states.

Here's Amazing Way to Gain New Strength

IF YOU frequently feel tired; inclined to be nervous and irritable—appetite poor—this message is intended for you.

A new preparation called Purin now supplies iron and precious Vitamin B₁₂ and C, often found lacking in weak, tired people—who are suffering from a nutritional deficiency of these needed elements. You know how important it is to have a sufficient supply of iron. The vitamins help stimulate appetite and aid digestion so you eat more and get more good from the foods you do eat.

If you are feeling below par because your body lacks sufficient iron and Vitamins B₁₂ and C, do this. Get Purin from your druggist today. Take it regularly and see if it doesn't help you feel joyfully alert again. A McKesson Product.

Edison Drug Co. 1

Snyder General Hospital

James Beavers, young son of Mr. and Mrs. Leo Beavers, entered Snyder General Hospital this week for (lockjaw) treatment.

Those entering the hospital this week for medical treatment are Misses. Alfred Browning and W. L. Glaze, accident patients, and John F. Cox.

Several have come in for surgery since last week's report. They are: Mrs. Carter, James of Ira, Loece Mitchell, daughter of Mr. and Mrs. R. H. Mitchell, Rosalene Duster of Ira and Mrs. P. H. Crockett.

Misses. J. W. Templeton and C. P. Shafer are still receiving medical treatment.

First Baptist Church

Sunday, May 23, is Victory Day in our church. This is the day we have set aside to pay the entire debt on our church building. This amount is \$1,436.20. This will be no easy task. It will take the full cooperation of each member. May we count on you?

To make this a real Victory Day it must also be church loyalty day. That means you must attend the services and bring an offering on this worthy cause.

The pastor will bring the messages at both services during the day. The ordinance of baptism will be observed at the evening services.—Roy Shahan, Pastor.

Blackeyed Peas to Be Raised in County As Plan for Food

A considerable number of Scurry County farmers will produce black-eyed peas this year for Uncle Sam.

Assured a floor price for this year's crop under the Food-for-Freedom program if certain conditions are met, the Scurry County AAA office is this week collecting data which will be used to assist farmers in making marketing arrangements before harvest time.

The 1943 price support program, announced only recently, places a floor price of \$5.75 per 100 pounds for cleaned and bagged U. S. No. 1 peas; \$5.60 per 100 pounds for U. S. No. 2; and \$5.35 per 100 pounds for U. S. No. 3 grade peas.

Since most producers of the county are planting only small acreages to peas this year, pooling arrangements between producers, or shipment of peas to concentration points will be encouraged, the county Triple A office declares.

Rufus Davis at Furniture Store.

Rufus Davis, former Snyder furniture dealer, is managing the local Marshall Furniture Company store, south side of the square, this week in absence of the Snyder manager, Bryant Taylor, who is away on vacation. Rufus, who is associated in Sweetwater with the Nolan County Furniture Company, and who operates a cafe in addition, says he is glad to be back in Snyder—for even a brief stay.

Raymond D. Hull Dies Saturday at Home Near Ira

Raymond D. Hull, 39-year-old farmer of the Ira community, died Saturday at the Hull residence three miles east of Ira following a brief illness.

Hull, well known for community and church work, was born October 16, 1903. He had resided in Scurry County a quarter of a century, and had been a member of the Church of Christ a number of years.

Funeral services for the Dunn farmer were held Monday afternoon, 4:00 o'clock, at the Ira Church of Christ. Bro. W. H. Harvey, Big Spring Church of Christ minister, conducted final rites.

Palbearers were Perry Echols, Burton Kelly, Ralph Payne, Paul Davis, George Bishop and Richard Harvey.

Surviving are the mother, Mrs. Dora Hull of Snyder; the widow of Ira; six children, Lowell, Imogene, Carol, Leslie, David and Leona, all of Ira; two brothers, Alton Hull, Snyder garage operator, and Sterling Hull of the U. S. Army, New Orleans, Louisiana; and two sisters, Mrs. Vera Crabtree of Beaumont and Mrs. Syble Wiley of Ira.

Olson Funeral Home directed arrangements, with interment in Ira Cemetery.

Canning?

HERE'S HOW TO HANDLE YOUR MODERN Gas RANGE

ARE YOU TAKING EXTRA CARE of your Gas Range, to make it feed your family till we win this war? If it's a modern automatic, it can serve with a flourish for years and years (war or no war), if it has good care.

1. Don't burn out the oven enamel with prolonged high heat. (Only a few oven dishes call for high heat; and roast meat tastes much better with a definitely LOW heat).
2. In canning jars of food in the oven, don't prop heavy loads on the open door; it might warp the door.
3. Notice the jar-pan in photograph below.
4. In canning on the top burners, handling pressure cooker, water bath, or open kettle, do not set anything hot or wet directly on the enamel spaces. Use cork mats, or asbestos mats.
5. If anything drips on the range, wipe it off immediately with a DRY cloth. (The damp cloth comes later when the range has cooled).
6. Your low-cost natural gas is very rich in heat units, so that a little of it goes a long way. But use it wisely; do not waste it.

Shallow pan protects the oven floor, in case of boil-overs

News About Folks You Know

Hermleigh News

Ninnie Lee Williams, Correspondent

Mr. and Mrs. W. P. Martin of Lubbock spent Wednesday of last week with his uncle, J. H. Lynde, and Mrs. Lynde.

Guy Joyce Adams, who is serving his Uncle Sam in the air corps at Bryan, is enjoying a 15-day furlough at home.

The 1943 Hermleigh High School seniors returned Sunday from a much-enjoyed trip to Christoval, which was made in Robert Martin's truck. They were accompanied by Superintendent and Mrs. A. C. Bishop Jr. and son, Don, and Mrs. Myrtle Bowen, class mother.

There will be a Sunday School rally held at the First Baptist Church Sunday, with dinner on the ground. Plan to attend with a well filled basket.

Messrs. and Mmes. W. H. McQuaid, J. P. Drennan and Herman Ritzburg, Gary Quaid Ritzburg and J. T. Adams enjoyed a picnic and all-day outing on the creek near Dunn Sunday.

Mrs. J. G. Reed received word Sunday of the death of her nephew, Melvin Rowe, age 17 years, who had just completed his basic training at Great Lakes Naval Training Station and started home on a furlough but lost almost complete consciousness before reaching his home at Garland. He passed away just before noon Sunday in the Perryville Hospital. He was the son of Mr. and Mrs. Miller Rowe, formerly of the Camp Springs community. We extend sympathy to Mrs. Reed and all other relatives in their time of grief.

Mrs. Lloyd Reeves and her young daughter came home Thursday from the Young Hospital at Roscoe, where the little girl made her first appearance earlier in the week.

Mrs. Willie Smith left Saturday to make her home with a son, August, and family in East Texas after visiting her son, Roy Smith, and family here. It will be remembered that her husband passed away only a few weeks ago.

Another nice rain fell Friday night on the heels of a week of almost continuous cool, misty weather.

Mt. Zion News

Mrs. Hugh Robinson, Correspondent

Mrs. Hugh Robinson, correspondent Mrs. S. T. Minor Jr. is visiting her mother in New Mexico.

Grandmother Morion of Snyder spent several days last week with Mrs. S. T. Minor Jr.

Mrs. D. N. Garner left last week for an extended visit in Abilene with her son, Rev. P. O. Garner, at Caddo.

Private John O. Stuard left Saturday for Dawson Creek, Canada.

George Maule returned to his post of duty at San Francisco, California, last Thursday.

Mrs. Thaddeus Morrow of Pampa visited her parents, Mr. and Mrs. J. E. Maule, and children last week.

Mr. and Mrs. Willie Lapour took his mother to the doctor in Roscoe Sunday.

Rev. Sifford filled his appointment here Sunday, even if his throat was so sore he could not preach. He made a good talk and will be back the fifth Sunday in this month to preach for us at 10:00 o'clock.

We had a few new members in our Sunday School and were so happy to have them. The Sunday School needs you and you need the Sunday School, so be there next Sunday at 11:00 o'clock and bring your neighbor.

10 Fluvanna Seniors Get Dipomas Tonight

Total of 10 senior class members will receive diplomas of graduation from Fluvanna High School, in graduation exercises to be staged at the northwest county school this (Thursday) evening. H. L. Miller, school superintendent, states.

Rather than a conventional program of the type formerly found in many schools, members of the Fluvanna senior class will be presented in the form of a radio program entitled "The Cavalcade of Youth."

The general public is extended an invitation to attend the concluding events of the 1942-43 Fluvanna School year.

day after visiting a few days in Merkel.

Mrs. Robert Jones was brought home Sunday after being in the Young Hospital for several days.

Mrs. Robert Warren has been quite sick but is improved.

Congratulations to Mr. and Mrs. Morris Miller on being the parents of a daughter, Margaret Ann.

James Beaver is very ill this week with lockjaw, caused by stepping on a nail several days ago.

GREEN YOLK!

SEE 'EM AT OUR STORE

FOLKS, have you ever seen a hen lay an egg with a green yolk? Ours are doing it every day! Drop in and we'll break one open for you.

We're putting a special substance in the feed for these hens—and this makes the yolks green. We do this to show you that whatever goes into a mash—whether it's a protein, mineral or vitamin—has a tremendous influence on the eggs you get.

That's why we think you'll find Purina laying chows so outstanding for your own hens. Purina feeds don't make green yolks, of course, but they are built right to make all the eggs your hens are bred to lay.

The 1944 Farm Program

State and national Agricultural Adjustment Administration leaders are getting underway this week in earnest with groundwork plans for next year's AAA farm program—at a time when it's still indefinite to plan too much on the future. We believe, of course, in planning ahead for agriculture, but in this time of war we believe it might prove the part of wisdom to make any farm program—outlined this far ahead—subject to revision and flexible changes.

Since the 1944 farm program is in process of being drafted now, those who feel changes should be made should put in their suggestions now—or the rest of this and all of next year hold their peace. Unless farmers let their wants be known relative to farm programs, governmental leaders will take it for granted that federal representatives will have to draft a program that will prove adequate and all-around satisfactory in these days of war and economic upheavals.

Still More War Goods

Officials of the War Production Board revealed this week that the country's war effort would have to be speeded up by 10 or 15 per cent yet before America reaches the peak in war production output. Increase in vital war goods not only will mean more tanks, planes, guns and other weapons of death, but more eggs, more sweet cream, more beef cattle for the armed forces, more feed crops and more cotton to supply the mills with materials to keep in the production line.

Still more war goods will probably mean more U. S. war bonds and war savings stamps to be purchased each month, more sacrifices on the home front of rationed commodities and more bending to the grindstone to insure the priceless goal of complete victory—and peace. That every sacrifice will be worth many fold the cost is evidenced by the literal hell all Europe the Nazis, Italians and Japs have trampled has been turned into. The American people are determined that the tramp of Nazi doom shall never ravage across one small portion of our unspoiled, unravaged empire.

Editorial of the Week

NO NEED TO BE GYPPED.

Automobile owners, desirous of keeping their cars in good shape for the duration, find easy prey to variations of old gadget rackets. Fancy devices that reputedly make two gallons of gas go where there was only one before are selling by the thousands. No one has ever been able to prove that these devices really did the job they were supposed to do.

In some cases items are sold that actually cause harm to the motor. Most notable of these were the quantities of anti-freeze solutions offered for sale this winter. The "substitute" solutions didn't freeze, but they did eat into important parts of the motor mechanism, causing permanent injury.

The "pills" sold to give added power to gasoline and "double mileage" are usually nothing more than mothballs and more often than not actually reduce mileage.

Restricted driving throws a greater strain on batteries. This is already causing an increase in the number of battery "dopes" offered for sale. These compounds are supposed to rejuvenate worn-out batteries, to give them new power and life. They are usually nothing more than epsom salts, and the United States Bureau of Standards has reported for years that they have no value whatsoever as battery rejuvenators.

Puncture-proof compounds have gone strong since tire rationing began. Usually these consist of some kind of powder which is pumped into the tire. The powder is supposed to fill in any punctures. No one, however, has discovered a salesman of this type of product who ever furnishes the required pump. Even if the concoction could be pumped into the tires, there is no evidence that it ever cured punctures.—Texas Parade.

In no previous period of American history were changes made more rapidly than today. . . . Up until three or four years ago, we considered the United States as a nation of surpluses, but we have switched our viewpoint to realizing that we are, right now, a nation of shortages—shortages which cannot be alleviated because of the lack of machinery and manpower. . . . Despite our excellent supplies of wool and cotton, for example, the clothing situation cannot be remedied, much, because there remains an acute shortage of vital textile mill machinery.

Here's an interesting item from the current issue of The Cattleman, publication for ranchers, that will prove timely: "A steady increase in the number of long-term land bank farm mortgage loans paid off in full in Texas this year is reported by the Federal Land Bank of Houston. . . . Last year, one loan out of every 10 was paid out completely and the first part of 1943 brought a doubling of the number of pay-offs in the same period for 1942. . . . Getting farmers and ranchers out of debt is one of the biggest accomplishments of the land bank system, the president, Sterling C. Evans, says. . . . The land bank system is one of the few institutions which permits the borrower to pay on or before maturity of the debt. . . . And, we might add, ranchers and farmers of this trade zone are at the head of the parade in paying off farm and ranch land obligations, thanks to thrifty management and progressive financial arrangements.

Current Comment

By LEON GUINN

Editor's Note—Expressions of opinions contained in this column are those of the writer and do not necessarily reflect the opinions or policies of The Times. Current Comment is merely carried as a feature column.

Since the U. S. treasury is pushed almost to the point of distraction in finding money to keep the government circulating and keep the war successfully prosecuted, one may look for the agency to again push a spending tax—arguing that a general sales tax, after allowances are made for vital necessities and government purchases—would yield only a small revenue. . . . Even though the process may prove costly, the treasury was given an additional worry this week when the Senate's committee on post-war planning urged that war contracts, even though the war ended by autumn, be continued for an indefinite period to minimize economic disturbances.

Civilians in all parts of the country, and especially along seaboard cities can expect recurring "fits" of meat and staple grocery shortages—even though temporarily—for the war's duration. . . . Whenever a good sized convoy, particularly one including troop transports, sails from a port, huge quantities of meat and other foods must provision the ships, and such demands in wholesale and retail food supplies make it impossible to offset such drains by "pre-stocking," since sailings of all ships from American ports is of a secret nature. . . . We are learning, day by day, that even though we have ample supplies, Old Man Distribution is still a major American bottleneck.

Say what you will, the war-expanding plastics field continues to attract companies in many fields of endeavor. . . . A number of major manufacturing firms are considering plastics as a definite post-war possibility, and only recently a Texas firm went on large scale production of pre-fabricated "victory huts" and temporary places of residence for war and defense workers. . . . Impartial observers see some attractive possibilities in the field of plastics for the next decade, but those who have witnessed the mushroom growth of the business declare, with reservation, that use of plastics will be limited to certain uses. . . . Plastics, even with light weight advantages, can never replace metals for the most of our month-by-month needs.

Those who sometime find it difficult to follow the trend of Washington planners should keep the fact in mind that war planning is done from six months to a year in advance, and some things we might think foolish at the moment turn out to be well-time actions taken by forward-looking officials. . . . Apparent conflicts in public statements, naturally, result quite often because they refer to different future periods. . . . For example forecasts that the war demand will taper off leaving more raw materials more, manpower and plant capacity for production of essential civilian supplies are in the same "sack." . . . Indications that war demand will taper off have been entirely overstressed, and no probability exists that war demand easements will allow civilian goods to be made at an increasing rate for the remainder of this year.

First of all, war industries will need and get more raw materials, more plant capacity and more manpower to rush production to the point where the armies get all necessary weapons—regardless of costs. . . . We still have many hills to pull up before we get war production to the level of security against our enemies, and will need to keep production at a high pace many years after the war. . . . As a nation we allowed our national stockpiles of raw and finished materials to fall to such low levels that we must make up, in months, what the Axis powers built up in years.

It even appears likely now, believe it or not, that civilian supply people must bid against the military for supplies for some time to come. . . . This constitutes one reason why you will hear less about civilian supply, but a lot more about "indirect military" goods. . . . "Indirect military" goods will include railway equipment, some types of public utility supplies and farm machinery—all of which will be urgently needed to keep the home front machinery operating at a smooth level—and a level which must insure security here as well as victory on the actual battlefield. . . . Production of some essential civilian goods, like alarm clocks and baby buggies, will be allowed as the need for such becomes critical, Washington observers declared Monday.

As gleaned from numerous sources early this week, the civilian supply outlook for the remainder of the year stacks up like this: One can say, with assurance, there will be an adequate over-all supply of food, less for people in higher brackets and more for those in the lower brackets; extremely "tight" shelter and clothing situations, small chance of increasing the supply of household appliances and no synthetic tires for civilians this year. . . . We hate to say so, but supplies of gasoline will become shorter because of increasing military demands. . . . It appeared this week that there will be plenty of coal, for fuel, some stocks of repair parts and materials but a considerable number of gaps here and there. . . . Shortages, despite what you may hear, will continue to grow worse, with many store shelves due to become vacant and bare. . . . What few new items appear for retail usage will be stripped of all frills and down to bed-rock utilitarian needs.

Labor Situation For Food Needs Topic at Confab

Local needs will determine Scurry County's participation in a new farm labor program aimed at reducing the manpower shortage which threatens success of the 1943 food producing program, Edward S. Hyman, county agent, and Estella Rabel, county home demonstration agent, said Tuesday evening following their return from Amarillo, where they attended a Monday-Tuesday conference of Texas A. & M. College Extension Service workers.

County plans for registration and placement of farm labor will be worked out by local farm men and women who are members of the County Agricultural Victory Council, Hyman said. Members of the council's executive and labor sub-committees likely will be called in to discuss the new program.

At the Amarillo conference, county workers of the Texas A. & M. College Extension Service learned that the college recently had agreed to accept supervision of the program upon the request of Chester C. Davis, war food administrator. Funds for conducting the program in Texas will be apportioned to the college under legislation recently enacted by the 78th Congress. The agreement between the extension service and the office of the national food administrator relates only to the recruiting and placement of farm labor within the state and the various counties and does not apply to the movement of farm labor across international boundaries or state lines.

"We realize that farmers and ranchers in Texas will not be able to obtain the quantity and quality of labor to which they are accustomed, but we hope to be able to help them get enough workers to prevent the wasting of crops in the field and the dispersal of livestock," the county agricultural agent said.

Crops in Santa Fe Region Look Good, May Survey Shows

"After a varied start which saw considerable planting delayed, farm work in the immediate trade area served by Snyder is now progressing under favorable circumstances," the May 1 agricultural report issued by The Santa Fe Railway Company states.

"Moisture situation, generally, is satisfactory and farmers are beginning to plant a large acreage to peanuts. Nearly all cotton and grain sorghum land is well prepared and more than 5,000 acres of potatoes are being planted in the shallow water areas of the Panhandle and South Plains.

Howard Turner with Fleet at New York

Howard J. Turner, 18-year-old son of Mr. and Mrs. A. R. Turner, who has been in the U. S. Navy since last summer, is now stationed with the navy fleet at New York, Scurry County friends learn. Howard, who graduated last spring from Snyder High school, is an aerial ordnance mechanic, third class, and attended navy school until the past few weeks.

The Turner youth, who has finished two courses of study with the navy, took a portion of his training at Norman, Oklahoma, and at Dalgren, Virginia.

Mrs. Joan Turrell Lynch returned to Snyder Wednesday after spending the past two weeks on vacation at San Francisco, California, with her husband. Mrs. Lynch is employed with the Scurry County Selective Service Board at Snyder.

Mr. and Mrs. Ed Stahl left today (Thursday) for Dallas, where they will be gone a few days on business.

Nadine Sumruid of Abilene was a week-end guest of her parents, Mr. and Mrs. Van Sumruid. Miss Sumruid is associated with the dental clinic at Camp Barkeley.

New for Nurses

The traditional white uniform for army nurses on field duty will give way soon to this brown-and-white striped cotton seracruker suit. Designed to give nurses greater protection because the colors fade into the background at a distance a new addition to the uniform is the jacket for street wear. The cap shown in this photo from the Philadelphia Quartermaster Depot is also new dress for army nurses.

Eighth Grade Exam Taken by 30 County Students Saturday

County-wide eighth grade examinations, given Saturday by Mrs. Gaston Brock, county superintendent, in Snyder Schools, attracted such keen competition that less than one point's difference decided third, fourth and fifth place students in the examinations, the county superintendent's office reports.

Total of 30 students from county schools took the examinations, which decided whether or not they would be given promotional certificates into high school.

High place student in the examinations was Jose V. Norris, 13-year-old daughter of Mr. and Mrs. Joe Norris of the Martin community. Jose V. scored a rating of 90.4 per cent—a rating which gave her an adult's score.

Second high place student in the examinations was Helen Shield of Plainview, daughter of Mrs. Eupha Shield, Plainview teacher.

Third, fourth and fifth place students in the exams—decided after regrading—were: James Hilton Powell, son of Mr. and Mrs. Leck Powell of the Martin community, third; Mary Beth Hunter, daughter of Mr. and Mrs. F. L. Hunter of Equis Creek, fourth; and Bobby Sims, son of Mr. and Mrs. Waymond Sims of the Lloyd Mountain community.

"We are highly pleased with results of Saturday's examinations," Mrs. Brock states, "and feel that the 30 eighth grade students who took the tests will prove excellent students in high school. Faculty members of county schools cooperated with us 100 per cent—a fact we appreciate a great deal."

Johnson Takes Photo Course in New York

Curley A. Johnson, operator of the Curley Studios in Snyder and Sweetwater, is now attending the New York Institute of Photography in New York City, the institute announced Tuesday.

Curley, who is attending an institution which has been headquarters for photographic training for 33 years, is taking a course in professional photography that will embrace commercial, advertising, news, industrial and portrait photography—as well as other branches of the work. Johnson plans to bring people of this area the most improved methods of photography.

Mrs. S. D. Hays Jr. returned Wednesday from San Diego, California, where she spent the past two weeks with her husband, seaman second class in the U. S. Navy. Mrs. Hays is the former Julia Mae McDonnell, daughter of Mr. and Mrs. T. J. McDonnell.

Questions and Answers Tell How to Obtain and Use Sugar for Canning

Since home canning will be more important to Snyder and Scurry County housewives this year than at any time in history, Scurry County's War Price and Ration Board Tuesday issued a set of questions and answers on how to get and use sugar for canning purposes that will prove helpful.

Set of questions and answers on canning sugar, as approved Tuesday, follows:

Q—Does the sugar allowance of "one pound of sugar to each four quarts of finished fruit" mean that I must can all fruit with the same weight of syrup?

A—No, but you must make an average of four quarts of finished fruit for each pound of sugar you get. You may, if you wish, put up some of your fruit or fruit juices with no sugar at all, and make a heavier syrup for certain others.

Q—Must I declare the number of quarts of fruits and vegetables I have on hand when I apply for sugar for home canning?

A—No. However, the available supply of sugar for home canning is limited, and local boards may ask for information about your supplies and needs of home-canned fruit in deciding how much sugar you will receive for this season's canning.

Q—Why are sugar purchase coupons being issued in a small denomination of 1, 3, 5 and 10 pounds?

A—To encourage consumers to buy sugar only as they are sure they need it. This will help save limited supplies of canning sugar, and at the same time make shopping easier for women who can and preserve in small quantities.

Q—May I ask a friend who has a pressure cooker in her kitchen to do my canning for me, if I supply all ingredients, and get back all of the finished fruit she puts up, without surrendering ration points?

A—Yes. If you contribute either the ingredients or the equipment or part of the labor required to can fruits and vegetables, you may acquire them without surrendering ration points.

Q—Must I give up ration stamps for canned foods which the local cannery processes for me, if I supply the ingredients?

A—You may acquire 100 quarts of such foods point-free for each per-

son in your family if you or your family raised the fruits or vegetables. However, these foods are considered commercial products, and if you acquire more than 100 quarts per person, or if you wish to sell them, you must pay and collect points for them at the point value of commercially canned foods—as given on the official table of point values for processed foods.

Q—May I give away as many quarts of home-canned vegetables as I wish if they require no sugar in canning them?

A—No. But each person in your family may give away not more than 50 quarts of home-canned fruits and vegetables without collecting ration stamps. If you wish to give away more than that, you must collect ration points from the person to whom you give them, although you need not ask for money payment for this food unless you wish.

Q—How many jars of jams and jellies may I give away?

A—Jams, jellies and preserves are not rationed, and you may give away as many jars as you can spare out

of your allowance of five pounds of sugar.
Q—What is the point value of home canned food?
A—Home canned food has a point value of eight points per quart and four points per pound or per pint.
Q—May I sell canned fruits which someone else puts up for me?
A—Yes. But you must collect ration stamps at the rate of eight points per quart for every sale you make, regardless of who does the canning.

Clarence Price from Puerto Rico. Master Sergeant Clarence E. Price arrived in Snyder Thursday night to spend a furlough with his wife and children. Mrs. Opal P. Price, Larry and Bo. Sergeant Price has been stationed in Puerto Rico, but will report to Florida for duty within a few days. Mrs. Price and sons came to the United States 11 months ago.
