SCOUTS ENJOY CAMPOREE AT FARRAR PLACE

Nearly 90 Boys of Snyder District
Participate in Overnight Outing
Last Week-End at Dunn

Staging of a "commando raid" Friday evening, by the light of the moon, and demonstration of cooking Saturday morning by the Hawaiian hole-in-the-ground method constituted highlights of the Snyder Boy Scout District Camporee, held Friday night and Saturday morning on the FARRAR place, where Deep Creek runs into the Colorado River.

Approximately 90 Boy Scouts and Scoutmasters, representing seven Boy Scout troops in the county, were attracted to the conclave, one of the most successful, according to district leaders, yet staged in the district.

For Friday evening's "commando raid" each troop was divided into halves and Scoutmasters enjoyed the raid, it is reported, as much as the Scouts.

Scouts and Scouters who attended the camporee wish to express their thanks to Snyder merchants for flour furnished for the commando activities.

Jim Polk, Buffalo Trail County executive, assisted E. L. Farr, district chairman of camping and activities, and other officials in planning the overnight camp. Mr. Farr assisted Saturday morning in furnishing transportation of some of the Scouts on their return to Snyder.

Saturday morning's demonstration of hole-in-the-ground cooking was directed by Ben W. Newhouse, Hermleigh Scoutmaster.

Proceeding conclusion of the camp, Scouts and leaders enjoyed an archeological expedition in search of arrow heads, scraping knives and other Indian artifacts.

Troops represented at the conclave included: Snyder Troop No. 35, Poy Wade in charge; Snyder Troop No. 36, Jesse Clements; Snyder Troop No. 38; Fluvanna Troop, John Covey; Hobbs Troop No. 75, Clyde South; Hermleigh Troop, Ben W. Newhouse; and Dunn Troop, Rev. A. B. Cockrell in charge.

Rev. Shahan Attends State Baptist Confab

Rev. Roy Shahan, pastor, is representing Snyder's First Baptist Church at the Baptist General Convention of Texas, which opened Tuesday evening in Dallas.

The state convocation, which will continue through today (Thursday), will feature state and national Baptist leaders. Work of Baptists in war-time especially will be stressed.

Rev. Shahan is scheduled to return Friday.

W. P. Simpson Back From Aleutian Area

W. P. Simpson, aviation radio man second class with the U. S. Navy, and his wife arrived Tuesday night on a 30-day leave to visit relatives and friends.

W. P., son of Mr. and Mrs. J. A. Simpson, has been in the navy 20 months and has been stationed in the Aleutian Islands 11 months.

Reluctant about discussing operations he has engaged in, W. P. nevertheless has plenty of memories he can draw on to relate to relatives and friends about the splendid job "Uncle Sam's boys are doing in smothering out the enemy."

W. P. and his wife came here from Seattle, Washington. The tall, blue-eyed sailor declares the enemy will pay—and pay dearly—for all the treacherous acts committed against the Allied Nations.

Who's New In Scurry County

Arriving at Snyder General Hospital Monday was Doris Olene McDonald, daughter of Mr. and Mrs. Lewis McDonald of Fluvanna. The young lady weighed eight pounds and a half.

Mr. and Mrs. W. C. Snider announce the arrival of a baby girl, Betty Lou, who was born Monday. She weighed at birth six pounds 12 ounces.

Eight pounds four ounces was the weight of James Harvey Carrell, who arrived last Friday. Young Carrell is the son of Chaplain and Mrs. Harvey Carrell.

Mr. and Mrs. Jesse Browning of Fluvanna announce the arrival of Jessie LaVerne. Miss Browning was born Tuesday, and weighed nine pounds.

Samuel Bruce Teagarden, who arrived Tuesday night, weighed seven pounds. The infant is the second son of First Lieutenant and Mrs. Frank J. Teagarden, and second grandson of Mr. and Mrs. Sam Williams of Snyder. Lieutenant Teagarden is now stationed at Tucson, Arizona.

Make Way for (Miss) Casey Jones

Railroading has always been a man's job, but since the war some of the toughest jobs in the game have been taken over by women. Among the scores of workers on the Santa Fe, Nell Arkie (lower left) is a locomotive supplier; Georgina Leiker (top) repairs typewriters, and Aurora Ortega operates a drill press in one of the railroad's busy shops.

Methodists Go to Annual Meet at Lubbock Tuesday

Snyder and Scurry County Methodist churches were well represented Tuesday and Wednesday at the Annual Northwest Texas Methodist Conference, which opened in Lubbock Tuesday morning.

Averitt B. Cockrell of Dunn was one of six ministers ordained at Tuesday evening conference services.

Rev. Cal C. Wright of Stamford, former Snyder Methodist pastor, was elected secretary for the sixteenth consecutive time.

Record salaries for pastors another year are in the bag, Bishop Ivan Leo Holt of Dallas said in opening conference sessions Tuesday.

Despite efforts to curb shifts in pastors, prospects were Wednesday that many important changes will be announced today (Thursday) before the thirty-fourth annual convocation draws to a close.

In addition to Methodist pastors of other Scurry County churches and lay delegates, attendants from Snyder include: Rev. I. A. Smith, Snyder Methodist pastor, R. G. Deffebach, Lyle Deffebach, L. A. Chapman, J. P. Billingsley, E. L. Farr, Guy Glenn, Mr. Hayley, R. H. Odom, J. P. Nelson, Rev. M. W. Clark and others.

New Reduction In Cotton Yield Forecast in U. S.

As Times readers have surmised for the past several days, the U. S. Department of Agriculture Monday estimated the 1943 cotton crop at 11,442,000 bales, a reduction of 36,000 bales from the estimate a month ago and 1,346,000 bales under the 1942 crop.

The department said conditions on November 1 included an average yield of 253.4 pounds of lint cotton per acre, considerably above the 1932-41 average of 217 pounds but below last year's record yield of 272.5 pounds per acre.

Texas, for 1943, will yield 2,825,000 bales, compared with 3,038,000 bales made in 1942.

Cotton ginnings to November 1 totaled 9,961,252 bales, compared with 9,713,354 bales to the same date of last year.

The slight reduction in production prospects during October were the result largely of mid-month killing frosts in North Carolina, Tennessee and Missouri, the department said.

Wrong Food Stamps Being Passed Report

Snyder and Scurry County consumers were warned this week by the Office of Price Administration to mind their A's, B's and C's from the new War Ration Book No. 4.

Regional OPA officials at Dallas reported Tuesday that instances had been uncovered where retailers were accepting the blue A, B and C stamps from the No. 4 book—instead of the green A, B and C stamps which are now valid.

OPA officials ask that consumers help stop the mistaken practice immediately—list households of Snyder and the county and themselves short of stamps next year with which to buy processed foods.

GIRL SCOUTING ORGANIZATION SET UP IN AREA

Regional Advisor Outlines Program
At County-Wide Meeting Here
Tuesday at Legion Hut

Snyder's senior Girl Scout troop served as hostess Tuesday evening for a county-wide meeting at the American Legion Hut, at which time the Scurry County Girl Scout Association was formed.

The meeting, well attended by a representative group of citizens, was directed by Mrs. Gretchen Kidd, Girl Scout field advisor, who is headquarters in Snyder this week.

Following singing of "America," the pledge of allegiance to the flag was given. Members of the town's senior Girl Scout troop presented a skit that outlined Girl Scout activities.

Prior to the Tuesday evening convocation, Mrs. Kidd had met with children in Snyder Schools, and 29 girls signed up for the Brownies and 105 girls for intermediate Girl Scouts.

R. H. Odom, county chairman of Girl Scouting activities, appointed E. O. Wedgeworth, Mrs. Gaston Brock and Mrs. P. W. Cloud as a nominating committee to select a sponsoring committee. Members of the committee were announced by the trio as follows: R. H. Odom, president; Mrs. Gaston Brock, secretary-treasurer; Mrs. Lucille Dougherty, Mrs. P. W. Cloud, Mrs. W. D. Lee, Mrs. P. G. Sears, W. J. Ely, Elmer Taylor, Mrs. Johnson, E. O. Wedgeworth and Willard Jones.

Following Tuesday evening's convocation, a meeting of troop leaders and committee members will be held Friday evening, it was announced. Mrs. Kidd will give the training necessary to get the troop underway.

All persons interested in the Girl Scout movement in Snyder are extended a cordial invitation to attend Friday evening's gathering.

Two Schools Go Over Top in Goal Of Quack Drive

Turner became this week the first county school to go "over the top" in the state-wide Quack campaign, with \$110 reported against a quota of \$80.

The county and nation-wide Quack campaign is very similar to the jeep drive conducted through the schools last year. Proceeds derived through students buying war savings stamps will be utilized by the government to purchase amphibious jeeps—vehicles capable of transporting troops on both land and sea.

So reports Mrs. Gaston Brock, county superintendent, who states Pylon School copied second place honors in the drive. Pylon collected \$543 against a quota of \$394.

In the Quack drive, Scurry County schools are assessed \$2 for each scholastic. The county quota, counting 2,497 scholastics, amounts to \$4,994.

The contest, which started November 1, will continue through December 17.

Most Business Firms Closed for Armistice

Virtually all Snyder's will lock shop today (Thursday) in observance of Armistice Day, it was revealed late Wednesday.

Local drug stores, it was disclosed, will be open a short time this morning, and service stations will probably remain open.

All dry goods and grocery stores will be closed, as will appliance firms and parts stores.

Snyder National Bank and Snyder post office will be closed in observance of the event, and indications point to a quiet, peaceful day within Snyder's city limits.

Snyder and Fluvanna Schools will be dismissed for the day, while the Hermleigh Schools will dismiss at noon. Most rural schools of the county will have classes Armistice Day.

Available Rentals to Be Listed at C. of C.

A listing of every available house, room and apartment in Snyder is urgently needed by the Scurry County Chamber of Commerce.

Odd as it may seem, Snyder at the moment has a critical shortage of available rooms, houses and apartments, and listing with the Chamber of Commerce will be warmly appreciated.

Those who have rooms, apartments or other living quarters for rent are urged to contact the COC office immediately. On the other hand, those who rent rooms or apartments are requested to so advise COC personnel so their property may be removed from the "available" classification.

800 More Soil Checks Up Total to \$155,000

With arrival of 800 more checks, Scurry County producers have received to date \$155,000 in 1943 conservation program funds, Johnnie M. Ammons, county AAA administrative officer, announced Wednesday.

Payments so far on the 1943 program are being made at a rapid rate, Ammons states, and county farmers are receiving checks almost daily.

Congratulation

On behalf of Scurry Countians, The Times wishes to be among the first to extend congratulations to Scurry County's War Price and Ration Board on moving to a new home.

The County War Price and Ration Board, nerve center for all rationed goods and products, is manned by an unusually competent staff, and members of the board panels—who serve without pay—are rendering a patriotic service to their country of the first magnitude.

Make no mistake, personnel of the County War Price and Ration Board and officials of board panels need a few flowers thrown in their path—need thanks for doing difficult jobs, for the board is under orders from Washington to carry out rationing to the best interests of all concerned.

There are many things AAA committees can and will do now and in 1944 to help win the war," Johnny M. Ammons, county AAA administrative officer said. "They can increase production of vitally needed war crops and livestock on their own farms by carrying out practices that conserve and improve soil fertility and increase yields.

"They can help to inform their neighbors of the 1944 farm goals and the provisions of the 1944 agricultural conservation program. This will enable every farm family to use the program more effectively.

"The committees can also help other agricultural workers to determine neighborhood and community needs for planting seed, farming equipment, needed supplies and labor requirements.

"The committees in some communities," Ammons declared, "have taken the lead in organizing farmers to do more terracing, obtain phosphate, secure seed and in other ways to carry out needed practices on their farms."

As soon as the provisions of the 1944 agricultural conservation program are approved, this information will need to be carried to the farmers in their home communities. The committees will attend county training meetings for local leaders, help work out schedules for community meetings and encourage farmers to attend these meetings.

AAA Units Lead In War-Time Crop Production Goal

County and community AAA committees in Scurry and other Texas counties, elected by other farmers, form one of the important groups of agricultural workers who will help farmers to obtain maximum wartime production in 1944, Scurry County AAA officials stated this week.

"There are many things AAA committees can and will do now and in 1944 to help win the war," Johnny M. Ammons, county AAA administrative officer said. "They can increase production of vitally needed war crops and livestock on their own farms by carrying out practices that conserve and improve soil fertility and increase yields.

"They can help to inform their neighbors of the 1944 farm goals and the provisions of the 1944 agricultural conservation program. This will enable every farm family to use the program more effectively.

"The committees can also help other agricultural workers to determine neighborhood and community needs for planting seed, farming equipment, needed supplies and labor requirements.

"The committees in some communities," Ammons declared, "have taken the lead in organizing farmers to do more terracing, obtain phosphate, secure seed and in other ways to carry out needed practices on their farms."

As soon as the provisions of the 1944 agricultural conservation program are approved, this information will need to be carried to the farmers in their home communities. The committees will attend county training meetings for local leaders, help work out schedules for community meetings and encourage farmers to attend these meetings.

Fluvanna Stages All-Day Carnival At School Today

Attention of people in Fluvanna and adjacent communities is called to the annual Fluvanna School carnival, which will be staged today (Thursday) and this evening at Fluvanna High School.

Concessions a-plenty will include bingo, country store, goat roping, penny board, doll and cat rackets and other attractions.

Of wide interest to county sports fans will be the football game this (Thursday) afternoon, 2:30 o'clock, that will be played between the Fluvanna Buffaloes and the Hermleigh Cardinals. Basketball games will start at 6:30 p. m.

John R. Covey, Fluvanna superintendent, reports a motion picture show will be presented at 10:30 a. m. and again at 5:30 p. m.

Climax of the annual Fluvanna school carnival will be the crowning this evening, 8:00 o'clock, of a carnival queen.

People of Fluvanna and neighboring communities are invited to attend the day-long festivities.

Snyder Attaining Fame as Health Resort of Region

Say what you will, but the fame of Snyder as a general all-around health resort has spread to such an East Texas city as Henderson.

"Believe it or not, but a Henderson couple brought their little girl here Tuesday in a higher, drier point of Texas because they heard Snyder offered plenty of sunshine and fresh air for health—and became so thoroughly convinced on attractions of the county seat the woman and girl will remain here for several weeks.

"It's certainly a relief to find a place like Snyder, with such friendly people they make you feel immediately at home," the couple stated. "Snyder is the type of community anyone would be proud to call home."

Soil Erosion Costs United States \$430,000,000 Each Year, Beard Tells Lions in First Vocational Talk

"Soil conservation is the basis of all civilization, and you will be surprised to learn that soil erosion is annually costing the United States \$430,000,000," Haskell O. Beard, work unit leader for the Soil Conservation Service, told Snyder Lions Tuesday.

Beard's talk, made at the club's weekly luncheon in the Manhattan Hotel as the first in a series of vocational lectures, carried these volatile points:

"The Mississippi River each year carries away enough soil equal to the seven top inches of Scurry and Borden County soils. Moss forest, the need of soil conservation, the Scriptures reveal.

WINTER COMES TO COUNTY IN REAL EARNST

Three Days of Below Freezing Give
Section First Reminder That
Summer Days Are Gone

Old Man Winter hammered at Snyder and Scurry County over the week-end with a biting, dry norther that sent the temperature down to 25 degrees Sunday and 23 degrees Monday—a new low for the fall and nine degrees below freezing.

Week-end plunge of temperatures brought a light frost over the county—light because no rain had been received in the county during the past few weeks—that killed considerable vegetation.

Crop observers expressed the opinion Wednesday that below freezing temperatures marked up Sunday through Wednesday morning will dry out remaining cotton bolls and cause all late cotton to open within the next few days.

Temperature Tuesday morning climbed to the 24-degree mark, eight degrees below freezing, according to records kept by Mrs. Poy Wade, government weather gauger.

Reading Wednesday morning at 8:00 o'clock placed the mercury at the 25-degree mark.

Plenty of ice on watering troughs, on chicken feeders and shallow ponds of water was evidenced each morning this week.

Dry freezes marked up here remind county farmers that hog killing time is indeed here—a time when home slaughtered meat can save rural families precious ration points and cut down feed expenses on a major scale.

Bruce Murphy Gets Pair of Silver Wings

Right to wear a pair of coveted Silver Wings and fly one of Uncle Sam's swift and deadly fighter planes against our Axis enemies has been won by Bruce Murphy, son of Mr. and Mrs. William E. Murphy, commissioned a second lieutenant this week at Craig Field, Selma, Alabama.

Award of the wings and commission came after the new flying officer completed his advanced flight training at the Advanced Flying School in the Alabama city. Bruce, a former associate of Snyder National Bank, was given every phase of combat instruction.

Lieutenant and Mrs. Murphy, the former Helen Cauble, arrived here last Thursday for a week's visit with relatives and friends. Murphy, who has been in 13 states since entering the air corps, leaves today (Thursday) for an army air base at Columbus, Ohio.

Revival Continues at Church of Nazarene

People and Snyder and surrounding communities are cordially invited to attend Snyder's Church of the Nazarene revival meeting, which will continue through Sunday at the church in East Snyder.

Rev. C. M. Whitney of Electra is conducting preaching services, and song services are being directed by the Vardeman Sisters of Lamesa.

Rev. Doyle Wilson, pastor, states services begin each evening at 8:00 o'clock. "Come this way and we will do thee good," the pastor states.

34 Draftees Inducted Into Armed Services

From the group of Scurry County registrants examined Saturday at Lubbock, 34 passed examination for induction into military service.

Total of 15 county registrants were induction oaths into the U. S. Army, 16 were accepted for the U. S. Navy and three were accepted for the U. S. Marines.

Lions Slate Ladies' Night Affair Nov. 23

Thanksgiving will be the theme of the forthcoming Snyder Lions Club ladies' night, which will be held here in the form of a banquet and fellowship gathering Tuesday evening, November 23.

So announced Lions Club directors, following a meeting Tuesday afternoon after the regular weekly club luncheon was staged in the Manhattan Hotel.

All Lions and their ladies are notified of the forthcoming ladies' night, which is expected to be marked by unusually heavy attendance.

Kincaid Son-in-Law Dies of Coast Injuries

F. E. Smith, son-in-law of Mr. and Mrs. A. C. Kincaid, died Tuesday night at Long Beach, California, following injuries received Tuesday afternoon. No additional details were available late Wednesday.

Smith, employed by Douglas Aircraft Company plant in the communications division was manager of the Snyder Western Union office in 1933 and 1934, and is known to a number of Scurry County people.

Smith married Dell Kincaid, daughter of the Snyder couple. They have a son, Tommy. Funeral arrangements were still incomplete Wednesday.

Wins Wings

Second Lieutenant Bruce Murphy, who has won his coveted wings at Selma Field, Alabama, and his wife are here this week visiting relatives and friends. Bruce, former associate of Snyder National Bank, leaves this week-end for the U. S. Air Corps base at Columbus, Ohio.

Increase in Price Of Milk Sought as Relief to Dairies

Securing of immediate relief for Snyder dairymen—lest the City of Snyder face a crucial milk shortage—marked the Chamber of Commerce monthly directors' meeting Monday evening at the CO office.

Chamber of Commerce directors adopted a formal resolution asking for relief here for dairymen, and is forwarding the document to regional OPA offices in Dallas. In renewing its fight for local relief on the milk front, CO officials declared Snyder could have a critical milk shortage overnight if relief is not secured.

Milk sells in Snyder for 13 cents per quart, retail, whereas Big Spring and Sweetwater dairymen get 15 cents per quart. Higher cost of feed, plus shortage of labor, make it necessary that Snyder milk prices be increased.

The Chamber of Commerce was joined Tuesday by Snyder Lions Club, at the organization's weekly meeting, in pressing for local dairymen's relief.

B and C Gas Book Holders Urged to Seek Renewal Early

Applications for renewal of B and C gasoline rations should be made at least 10 days before expiration dates of the old book, Joe Caton, chief clerk of the Scurry County War Price and Ration Board, announced.

When motorists put in application for renewal of B and C gasoline rations in ample time, the board not only can give fair consideration to the applicant but can issue rations without delays.

Many Scurry Countians will be applying for renewal of gas rations within the next 30 days, even though expiration dates have been staggered. Expiration dates for supplemental gasoline are printed on the cover of each book.

Applicants for renewals may obtain blanks at the new headquarters of the County War Price and Ration Board, former Wade's Bakery location, south side of the square.

Salvage Paper and Rags Still Needed At Collecting Depot

Scurry County's Paper Salvage Depot is still urgently in need of your discarded newspapers, magazines, rags and cardboard.

So announces the Chamber of Commerce, which points out a national call has been issued for salvage of every paper, magazine and waste rag during the coming weeks.

Scurry County has rung up an enviable record in this regard, since a continual flood of paper, cardboard and rags has been going to the American Paper Stock Company the past several months.

J. M. Barrett, county collection chief, has a truckload of papers, cardboard and rags ready for shipment that will go out this week. Despite the shipment on hand, Barrett will be happy to receive contributions any day the salvage depot, back of Jack Owell's Tailor Shop, is open.

County Soldier Boys In Company G Safe

"All Snyder and Scurry County boys in Italy, insofar as I know, are doing o. k. and have been exceptionally fortunate in Allied battle underways," Sergeant Doyle Blakeley, with U. S. forces in Italy, writes his mother, Mrs. Sherman Blakeley.

Doyle, from the lone of his letter, has been able to contact a number of Scurry County boys during the past few weeks and reports the "boys are in his part of Europe to win—to get the job over with as soon as possible."

Wants Times

The Times is warmly appreciated by readers who move away from this territory, take it from J. J. Woelert, who now lives in San Francisco, California.

When he missed the October 21 issue of "Your Home County Paper," Woelert promptly set down and ordered an extra copy in order that he might keep posted to the inside on county happenings.

The WOMAN'S Page

Bride Honored at Shower Friday

Mrs. Pearl Shaw was complimented with a bridal shower last Friday, 3:00 o'clock, in the home of Mrs. Horace Hull. Mrs. Shaw is the former Pearl Dixon.

Games were enjoyed prior to the hostess serving hot chocolate with marshmallow dip and doughnuts. After-dinner mints were also served.

The honoree received many lovely and useful gifts. Those present were Misses Willie White, Tom Lay, T. O. Dixon, Hall Higginbotham, Sullivan, Clyde Brown, J. S. Knight, Calvin Helms, Afe Hudnall, Skinner, Perry Alford, Marvin Snowden, Don Snowden, Della Howell, E. P. Dixon, Roy Stewart, Grady Williams, Kitchens, Raymond Tucker, Andy Jones and Frankie Walls; and Messrs. Thomas Dixon and Clyde Garrison; Misses Merle Stansell and Doris and Junia Dixon.

Guild Meets With Mrs. Wedgeworth

Mrs. E. O. Wedgeworth was hostess recently to members of the First Presbyterian Church Guild for a study on "The Jehovah's Witness Movement," which was discussed by Mrs. I. C. Mowery.

Frances Boren, president, presided over the business program, and Mrs. Armer McFarland, director, led the devotional.

The following members and one guest during the social hour: Misses Dorothy Jerrill, guest, Mowery, Oscar Maples, Horace Ros, Hubert C. Travis, W. W. Leslie, McFarland, Leland Herd, A. D. Dodson Jr., Gerald Gordon and Miss Boren.

Next meeting will be held Monday evening in the home of Miss Boren.

Will Marry Kansan November 23

Shown above is Wynona Keller, elder daughter of Mr. and Mrs. John Keller of Snyder, who is to be married November 23 to Horace Greeley Adams III of Maple Hill, Kansas. Honoring Miss Keller in her approaching marriage are a number of pre-

Camp Council Still Needs Articles

Camp Barkeley Camp and Hospital Council will meet at Camp Barkeley, Abilene, Wednesday, November 17, and the Snyder and Scurry County committee members want your help in taking care of their wants. They need comfortable chairs and a couch, card tables, writing tables, costumes for their theatre, shoes, make-up material, magazines, books, games, playing cards, puzzles, detective stories, 8 1/2 balls and stielis, radios and victrolas. Anyone who will furnish the above articles will please contact at once either one of the following committee members: Misses H. G. Towle, Sam Williams, Joe Stinson or Ross Blanchard of Snyder, Mrs. M. U. Vernon of Hermleigh, Mrs. H. C. Flournoy at Fluvanna or Mrs. John S. Brom at Dunn.

Claude (Shot) Allen arrived in Snyder Tuesday night from Portland, Oregon, and Vancouver, Washington, to spend several days with his mother, Mrs. May Allen, and other relatives and friends. Allen has been employed in defense work since he left here about 15 months ago. Most of his time has been spent in the Kaiser ship yards in Vancouver. He has been inducted into the service is awaiting call.

Mrs. James R. Hutcherson of 2627 San Angelo street last week in Snyder with her grandmother, Mrs. Ed Darby. Mrs. Hutcherson was formerly Wanda Sims.

Mrs. Porter Hosts Esrudoma Class

Mrs. Roy Porter was guest Monday evening, 8:00 o'clock, when members of the Esrudoma Sunday School Class of the First Baptist Church met at her home for their annual Thanksgiving dinner. The associate members were: honor guests, Nellie Powell was assistant hostess.

Members in charge of the gathering were Alice Clark, who had charge of the food committee; Tommie Joyce, who made decoration arrangements; and Claribel Rylander and Madie P. Pope, who were in charge of the program.

Decorations for the affair were carried out in the usual Thanksgiving motif. The dining table, in a T-shape, was laid with a gay colonial cloth with matching napkins. Down the center of the table were placed shocks of corn, pumpkins, pilgrims, corn and other Thanksgiving decorations. Plate favors were made of hand-made pilgrims for each individual.

Venita Browning, new class president, opened the program with a welcome, followed by Thanksgiving prayer by Lucy Mae Inman. Mrs. Jess L. Lewis gave "Thanksgiving Remembrances," and last was an interesting farce titled as prelude to a cup towel shower for Mrs. Clark, outgoing president.

Those included on the guest and membership list were: Mrs. Jesse Levens and Mrs. B. B. Lemons, guests; Melvina Nelson, Floy DeShazo, D. P. Collins, George Lloyd, Estella Turner, Alice Eiland, Martha Thompson, Annie Mae Sears, Mrs. Clark, Mrs. S. Joyce, Fritz McGofford, Mrs. Ryland, Lillian Wade, Venita Browning, Ma Stanfield, Mrs. Clawson, Madge P. Pope, Grace Stevenson, Lucy Mae Inman, Vergie Harris, Mrs. Fargason, Oline C. Orrod, Irene Newton, Zada Taylor, Dimple Stols, Ethel Harrel, Winnie Boren, Mrs. Terry, Mrs. Kelly, Eunice Weathersbee, Willie Mae Newton, Mrs. Roy Shahan, Janie Graham and Myrtle Evans, members.

Jean Longbotham Manages Radio Skit

Jean Longbotham, daughter of Mr. and Mrs. Vicor Longbotham of Hermleigh, managed and announced the first program on the radio recently by the Radio Workshop Players at the Texas State College for Women, Denton. Miss Longbotham is a junior speech major.

Highlight of the program was when Miss Longbotham interviewed the manager of the Seigmund Romborg world famous orchestra which was giving a concert in the auditorium that evening. She also reported on an interview held backstage with Ma stro Romborg and chats with several of the musicians. Jean will give book reviews, news reports, fashion reviews and movie tips on following programs.

Seven junior and senior speech majors, who are members of the Radio Workshop Players, are taking turns managing each day's program. Miss Longbotham plans for her next program an experiment with a dramatic sketch. Dr. Talley tells her what she is planning is a big order, but she insists she wants to try it.

T. E. L. Class Meets With Mrs. Isaacs

T. E. L. Sunday School Class members of the First Baptist Church met in the home of Mrs. J. D. Isaacs last Wednesday.

Presiding was Mrs. G. B. Clark Sr., and Mrs. J. R. Parsons presided the devotional. Committee members gave interesting reports. During the social hour 15 members enjoyed refreshments served by the hostess.

Guests of Mr. and Mrs. W. H. Cauble for the week-end were Mr. and Mrs. Clyde Bingham and daughter, Helen D. an. of Spur, Aviation Cadet and Mrs. Bruce Murphy of Selman, Alabama, and Mr. and Mrs. W. H. McMullan and son, William Lee, of Brownwood. Mr. and Mrs. McMullan also visited in the home of Mr. and Mrs. R. L. McMullan while here. Cadet Murphy received a few days' furlough before being transferred to another location. Mrs. Murphy plans to stay here until he is located.

Mrs. Curtis Henley and Mr. and Mrs. Gary Henley and children recently visited in Loraine with Mr. and Mrs. George Henley.

Raymond Wilson, carpenter's mate third class, of Camp Endicott, Davisville, Rhode Island, leaves today (Thursday) after spending several days in Snyder with his wife and other relatives. Wilson was inducted into the navy September 1, and was sent from here to Camp Peary, Virginia, where he received boot training before being transferred to Camp Endicott. He was engaged here in carpentering and radio repair work.

Relative Matter. A woman purchasing war bonds told the clerk: "I've been saving this money to divorce my husband, but I can stand him better than I can Hitler."

Floral Applique

Just the right touch to individualize this classic jumper of green cotton velveteen is the colorful floral applique. Cleverly placed in the square pockets and the suspender top, these colorful ready-cut pieces are just the thing to revive last year's outfit or give a professional finish to the one you make yourself.

Mary Rogers Weds Washington Soldier

Of interest to Snyder people is the marriage of Private Jack Boyd Love and Mary Rogers, who were united in marriage last Thursday evening in the study of the officiating minister, Rev. Roy Shahan, Snyder First Baptist Church pastor. Mrs. Love is the daughter of Mr. and Mrs. W. S. Rogers of Snyder. Private Love is the son of Mr. and Mrs. Oscar Love of Washington, D. C.

The bride was attractively dressed in fall clothes. The couple was attended by Mrs. Shade McGinty and Annie Plyd of Snyder. They will make their home at Dalhart, where Private Love is stationed.

Mr. and Mrs. Jeff DeShazo and baby of Sweetwater visited with their parents, Mr. and Mrs. Tom DeShazo and Mr. and Mrs. Arthur Faulkner, in Snyder early part of this week.

Mr. and Mrs. John Martin and baby have moved back to Snyder after spending several months in California, where Martin was in defense work.

Accompanied by her friend, Billye Lacy, Sammie Marie Williams spent the week-end with her parents, Mr. and Mrs. Sam Williams of the Dunn community. Sammie Marie and Billye are both attending Abilene Christian College at Abilene, in their first year of college work.

Ohio Jury with eight women on it returned a verdict in two minutes. Wonder where the sale was.

Mrs. Earl Pollard and brother, Leonard V. Gill, of Lubbock were week-end guests in the home of their grandmother, Mrs. Mabel Y. Gerpillard is the former Eloise Gill.

Mrs. Walter Norman and daughter, Mrs. Gorman Jones, of Weatherford arrived in Snyder Saturday to be with their mother and grandmother, Mrs. C. M. Fish, who died Wednesday.

Minor Family in Annual Reunion

Total of eight children, 18 grandchildren and three great-grandchildren were present Sunday for the annual Minor family reunion, staged at the home of Mrs. S. T. Minor Jr. of the Mount Zion community.

At the noon hour, abundant dinner was served picnic style to reunion attendants. Those present for the day-long festivities included: Mr. and Mrs. R. C. Walton and sons of Snyder, Mr. and Mrs. Marcus Reep and daughter of Lloyd Mountain, Mrs. Joe Reep and daughters of Sweetwater, Mr. and Mrs. Travis Inman and son, also of Sweetwater, Mr. and Mrs. Bryan Etheridge of Sylvester, Mrs. Clyde Beck and children of Snyder, Mr. and Mrs. Fred Minor of California, Mr. and Mrs. Dock Martin and daughter of the Plainville community, Mr. and Mrs. Gerald Walton and daughter and Mrs. S. T. Minor Sr. of Snyder, Mrs. Will Caffey of Hermleigh and S. T. Minor Jr. and family.

Only grandchild absent was Larry McKen, former J. C. Penney Company associate, who is now with the U. S. Air Corps at Santa Ana, California.

Get-Together Club Meets with Mrs. Cox

Friendly Get-Together Club members met Tuesday afternoon in the home of Mrs. Edward Cox.

Roll call was in order, with those present answering with an interesting clipping on some household hints and tips. Following the roll call, members spent part of their time in sewing for the hostess.

At the close of the afternoon meeting the hostess passed refreshments to the following: Misses Alma Deere, Grace Daniels, Opal Wilson, Irene McCown and Fay Clements.

Sponsor for the club is Mrs. H. A. Mullins, co-sponsor is Mrs. Olen Gerrard, and Mrs. Cox is reporter. The club plans to meet next Tuesday afternoon.

Wesleyan Guild Heets in Odom Home

Members of the Wesleyan Service Guild of the Methodist Church met Monday evening in the home of Mrs. R. H. Odom with five members present.

Mrs. T. J. D. Shayer opened the meeting with prayer, followed by a short program on an interesting subject.

The meeting adjourned to meet next time in the home of Mrs. W. P. King November 22.

Annie Schulze of Sweetwater is spending this week with her sister, Lily Mae, in Snyder and other relatives at Hermleigh.

Mrs. Leonard Spence and daughters, Margaret and Peggy, of Emory are in Snyder visiting with relatives and friends.

Neil Verna LeMond of Abilene was a week-end guest of her parents, Mr. and Mrs. J. E. LeMond, and sister, Johnnye Jean.

Enough for a Long Time. "I'm sorry I haven't a dime," said the lady as she handed the street car conductor a 10 cent piece. "Don't worry, madam," he replied politely, "you're going to have 99 of them in a couple of minutes."

Lives in Florida

Pictured is Mrs. Carroll Taylor, who before her marriage recently was Zanalee Jones, daughter of Mr. and Mrs. Clyde C. Jones of Lubbock. Her husband, who is a lieutenant in the air corps, is the son of Mr. and Mrs. Sterling Taylor of Snyder. Lieutenant and Mrs. Taylor are making their home in Jacksonville, Florida, where he is stationed.

Mrs. Murphree Hosts S. S. Class

The Alathen Sunday School Class of the First Baptist Church met last Thursday in the home of Mrs. W. T. Murphree.

Mrs. Murphree presided for the gathering, which featured devotional by Mrs. A. C. Alexander and songs led by Mrs. H. L. Wren.

Total of 21 members and two visitors, Mrs. J. C. Day and Mrs. J. L. Fargason, were served hot chocolate and cake. Mrs. Owen Miller and Mrs. Blanche Tompkins assisted the hostess in serving refreshments.

Methodist Women Study Immigration

Women's Society of Christian Service members of the Methodist Church studied lesson three, which proved to have been planned wisely, and enjoyed when they met Monday afternoon in the basement of the church.

"America in Review," a dramatic story of the various waves of immigration which have helped the United States, was studied. These taking part were: Mrs. Warren Dixon, who led and was assisted by Misses L. M. Hardy, I. W. Boren, R. M. Stokes, P. W. Cloud, Herman Dock, J. W. Burgeson, J. O. Littlepage, T. M. Howie and M. W. Clark. Following this part of the program a "true and false" questionnaire was enjoyed.

Mrs. Hayley closed the program with a prayer. Eighteen women were present.

Mrs. Harry S. Lee will be leader for next Monday's meeting of the society, when it meets again at the church basement. A cordial welcome is extended by these members to all Snyder women to attend the meetings.

Eastern Star to Meet Friday

Members of the Order of Eastern Star will meet Friday evening, 8:00 o'clock, at the Masonic Hall. Visitors are welcome, and all members are urged to be present—Amy Glen, W. M., Oma Wren, Secretary.

Baptists of Area Study Salvation at Region Meeting

"Salvation" will be the theme of the November Workers' Conference of the Mitchell-Scurry Baptist Association, which will be held Tuesday with the Wastella Missionary Baptist Church.

Rev. E. E. Barber, host pastor, reports pre-conference indications evidence excellent attendance from Scurry and Mitchell County churches for the convocation.

Program for the workers' meeting follows:

10:00 a. m.—Devotional and song service, Joe Williamson.

10:20 a. m.—"The Beginning of Salvation: Regeneration," Rev. G. A. Elrod.

10:50 a. m.—"The Development of Salvation: Sanctification," Rev. Fred Porter, pastor Lamar Street Church, Sweetwater.

11:20 a. m.—Announcements, recognition of visitors, etc.

11:30 a. m.—Sermon, Rev. J. M. Sibley, pastor First Baptist Church, Sweetwater.

At noon lunch will be served by the host church.

1:30 p. m.—W. M. U. and executive board meeting.

2:30 p. m.—Song service and testimony meeting.

3:00 p. m.—"The Consummation of the Christian Life: Glorification," Rev. C. J. Smith, Dunn.

Scouting Grows

Somewhere in Scurry County today there is a girl whose community can make it possible for her to become the millionth Girl Scout, according to Mrs. Gretchen Kidd, Girl Scout representative here this week to help expand Girl Scouting in the county.

Growth of Girl Scouts in America is shown by the fact only 650,000 were in the organization at the time of Pearl Harbor.

Mrs. Lee Stinson Dies Saturday of Brief Sicknes

The death angel entered a local hospital Saturday morning, 7:00 o'clock, and called Mrs. Lee T. Stinson, 57-year-old Snyder club woman, civic leader and church worker, away from the earthly walls of people following a two-day illness.

Born June 22, 1885, in Richmond, Mrs. Stinson had resided in Scurry County 24 years. She married Lee T. Stinson upon his discharge from the army in 1919.

Funeral rites for Mrs. Stinson were held Sunday afternoon, 3:00 o'clock, at the Snyder Methodist Church. Friends and acquaintances from a wide area of West Texas crowded into every available seat at the church for the services, and many were unable to find room inside the church.

Rev. E. E. Jameson of Carlsbad, New Mexico, assisted by R. V. I. A. Smith, pastor, Rev. Roy Chahan, Snyder Baptist pastor, and Rev. Hubert C. Travis, Snyder Presbyterian pastor, officiated.

Active pallbearers were Harry Ward, Dr. J. G. Hicks, W. P. King, A. C. Preuit, Sam Williams, Rob Strayhorn of Rotan, Hugh Taylor and D. M. Cogdill.

Margie McClintock, Mrs. Ruby Wade, Mrs. Susan Sprott and Mrs. Lilla Mae Schulze were in charge of floral offerings.

Honorary pallbearers were named by the Stinson family as follows: A. W. Arnold, C. E. Fish, D. A. Cochran, Elmer Taylor, Edgar Taylor, J. P. Billingsley, Sterling Williams, John A. Williams, Dr. R. D. English, N. W. Aury, W. E. Doak, William Fuller, Pat Brown, W. M. Scott, J. W. Scott, Elmo Crowder, Tom Boren, W. D. Beggs, J. C. Dorward, W. H. Caudle, C. M. Wellborn, Ernest Taylor, Joe Graham, Willard Jones, F. G. Sears, A. C. Kincaid, W. L. W. Patterson, John Irwin, H. J. Brice, Charles White, W. E. Holcomb, A. D. Erwin, W. D. Harrel, W. R. Bell, P. L. Fuller;

L. N. Periman, P. W. Cloud, W. J. Ely, A. C. Martin, H. P. Rogers, Harold Brown, C. M. Boren, Harrie Winsten, Joe Caton, J. O. Sheid, Wayne Boren, J. E. Blakey, H. L. Wren, H. L. Vann, Jack Imman, E. J. Richardson, Hugh Boren, Wade Winsten, Herman Doak, Henry Rosenberg, Vern McMullan, J. C. Ezell, E. E. Wallace, E. L. Farr, Joe Monroe, Lyl Deffebach, John Spears, O. D. McClain, R. C. Miller Jr., Ixon Joyce, Amos Joyce, G. B. Clark, H. H. Elland;

Maurice Brownfield, Marcel Josephson, Allen Bead, C. F. Sentell, R. J. Randals, Melvin Blackard, J. O. Stinson, Melvin Newton, N. M. Harpole, R. L. Gray, E. M. Deakins, Dr. W. R. Johnson, Dr. H. E. Rosser, Dr. C. R. Coker, Dr. H. G. Towle and A. C. Alexander.

Besides her husband, Mrs. Stinson is survived by a son, Billy Joe, a student at John Tarleton Agricultural College, Stephenville; four brothers, Harmon Ladwig of Granbury, G. A. Ladwig of Ballinger, Jene Ladwig of Meridian and Charles Ladwig of Meridian; and a sister, Hattie Ladwig of Austin.

Abilene attendants at funeral services included Mr. and Mrs. J. P. Stinson, Mr. and Mrs. E. W. Ledbetter, Mr. and Mrs. E. T. Brooks, Mrs. May White, Ethel White, Mrs. Lena Ries, Lillie B. Scott and Cecil Fitch; Mr. and Mrs. F. Z. Huff of Brownwood.

Odum Funeral Home directed arrangements, with interment in the Snyder Cemetery.

Scurry County Still Has Fair Supply of Canned Food Here

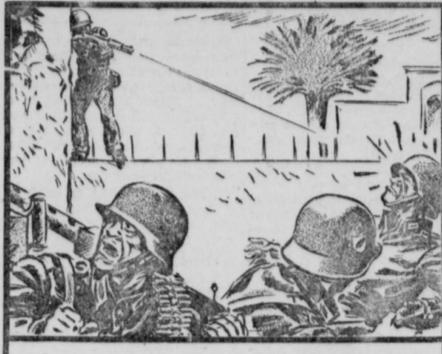

Rationing has not emptied the shelves of Scurry County residents of canned foods, it was revealed this week, a total of 77,928 cans being used monthly, according to A. H. Nugent, general sales manager of the American Can Company.

Mr. Nugent based his figures on the government's compilation of 11,545 ration book holders in the county and the statement by the U. S. Bureau of Agricultural Economics that the per capita consumption of canned goods so far this year a 225 cans a day. On the basis of the average size pre-war can, approximately 188 pounds of pure metallic tin is reclaimable for the war effort from these cans, he explained.

Men in service eat 8,000,000 cans of food a day and millions of pounds of canned items are being shipped abroad for lend-lease, he said.

Many foods strange to American palates are being packed in cans for shipment overseas. One of these is "ushonka" for Russian consumption, this product being highly seasoned pork packed in lard. Squid, a variety of oysters, is being canned for Italian consumption. Canned foods for England are usually seasoned quite differently to those intended for American use, Mr. Nugent said.

AMERICAN HEROES

Because he scaled the walls of the fortification at Kasba-Mohida, French Morocco, and from that hazardous position diverted the attention of the enemy with his rifle fire, enabling our troops to enter through the main gates of the fort, Pfc. C. L. Mohler was awarded the Distinguished Service Cross. He risked his life for you. How many more Bonds and Stamps can you afford, to help him? Figure it out yourself.

Her Mistake.
"If there be anyone in the congregation who likes sin let him stand up. What's this, Sister Virginia, you like sin?"
"Oh, pardon me, I thought you said gin."

Too Bad.
"The current was too swift for my brother-in-law, and he died."
"But he was a wonderful swimmer."
"Yes, but you can't swim in the electric chair."

Ginnings for County Estimated at 15,500

Cotton picking continued to slow down in Scurry County this week, as reflected in tabulations of ginnings for the 1943 season thus far. Check Wednesday afternoon revealed that county ginnings stood at approximately 15,500 bales.

With the frozes of first of the week most of the county in the county is open, and straggling ginnings from here on out will be caused only by lack of labor to gather the balance of the crop—which is still expected to run slightly above 18,000 bales, county cotton guessers believe.

Bud Shuler Officially Reported as Wounded

Confirming a story carried two weeks ago in The Times, the War Department officially announced Monday, through an Associated Press dispatch, that First Lieutenant William H. (Bud) Shuler was wounded in the Mediterranean area.

Lieutenant Shuler's parents are Mr. and Mrs. Harvey Shuler. He is reported to be out of the hospital in which he was convalescing at an Italian point and back in service.

Arlie Sneed Is Given Good Conduct Medal

Technician Arlie Sneed, a Pluvanna community youth in training at the Tank Destroyer Replacement Center, North Camp Hood, this week was awarded the Army Good Conduct Medal by Brigadier General Walter A. Dumas, commanding general of the tank destroyer center, his parents were informed Tuesday.

The Good Conduct Medal is given on recommendation of unit commanders to those enlisted men who have demonstrated exemplary behavior, efficiency and fidelity in performance of their duties.

The state constitution of Texas is about five times as long as the federal constitution.

Holbrook Postpones County School Visit

In a message Wednesday to the county superintendent's office, G. D. Holbrook, deputy state superintendent with headquarters at Abilene says he will be unable to inspect Scurry County schools this week.

Holbrook, due to previous engagements, says his trip to Snyder and Scurry County is not yet determined. He will advise the county superintendent's office at least a week before he is slated to be here.

Drain of Used Cars May Cause Ceilings

Drain of used cars from the Snyder area and other parts of the country to more profitable markets has brought demands for price ceilings from dealers left without cars, Office of Price Administration officials reported Tuesday.

Many car dealers in various parts of West Texas feel price ceilings on used vehicles must be established—if they are to stay in business at all—OPA officials said.

Indications were Tuesday at OPA headquarters in Washington that dealer opposition to ceilings, taken as a whole, still outweighs support for establishing strict used car ceilings.

Meat Pools May Be Continued by Rural Families Says Agent

County rural families who have been operating as a "meat circle" or club can continue to slaughter their own meat without obtaining a farm slaughter permit and without exchanging points among themselves.

So advises Edward S. Hyman, county agricultural agent, who reports it is still necessary to keep records of the division of meat. And it is mandatory that one in the group or "circle" raise the animal which is killed.

These families or others who slaughter animals they raise themselves can store this meat in freezer lockers without giving up ration points to the locker operators. The same is true if their own animals are custom slaughtered or if their own meat is cured, ground or made into sausage for use at home—no points need be given up.

Families also may consume meat without giving up ration points if they owned the livestock for a period of 60 days prior to slaughtering it or if the weight of the animal increased at least 35 per cent between the time it was acquired and the time it was slaughtered. Another requirement the producer must meet is to have resided on the farm which he operates for more than six months of the past year.

Merritt Brothers See Each Other on Island

One can hardly imagine the joy which Jimmy Merritt, U. S. Navy, and D. V. Merritt Jr., with U. S. Army Fliers in New Zealand, greeted each other when Jimmy was transferred to the same island D. V. was stationed on.

Mr. and Mrs. D. V. Merritt Sr., parents of the two boys, learned of the brotherly reunion this week through a letter from Jimmy.

While visiting with D. V. Jr., Jimmy got to read some of the back issues of The Times, which he said he enjoyed "like a whole raft of letters from home."

Sailor in Australia Craves Cotton Fields

Expressing one of the most unusual desires yet evidenced by a boy in service, Seaman First Class T. W. Withers, son of Mr. and Mrs. W. B. Weathers of Route 2, Hermleigh, says he wishes he "could be in the cotton fields this fall."

"I am proud," T. W. writes, "that I can help win this war because if we win this war we can have everything we want—and have been planning for so long."

Seaman Withers, writing from "somewhere in Australia," says he knows beyond a doubt he will come back and be glad to fit back into Scurry County's civilian life.

Trash Fire Quickly Quenched

Members of Snyder's Volunteer Fire Department answered a call Tuesday afternoon, 3:00 o'clock, to the Dr. T. M. Howle residence in East Snyder, when a trash pile near the Howle garage ignited and threatened the garage. Prompt work by firemen resulted in no damage being done to property.

You need several pair of these nice high quality pants to wear for occasions that do not call for a suit. Don't wear out the pants to your suit and throw away the cost. Buy some of these pants that look well and wear well. Reasonable priced.

No Extension Posted For Sugar Coupons

According to the district Office of Price Administration, Lubbock, announcement this week from Washington that no extension has been granted on sugar stamps No. 15 and 16 punctures widespread rumors that those stamps are still valid.

Scurry County consumers who did not use stamps 15 and 16 may take their books to the County War Price and Ration Board, where certificates can be issued for sugar up to 10 pounds per person on the basis of unused stamps. Sugar for canning was set up on annual basis of 25 pounds, with the fiscal year ending February 29.

Plans to Rebuild Methodist Church At Ira Postponed

Plans for construction of a new church edifice for the Ira Methodist congregation have been dropped for the time being, according to leaders of the denomination in the southwest Scurry County community. Delay in the construction plans was occasioned by the war conditions which have made the securing of materials and labor for the erection of the church impossible.

Ira Methodist Church was destroyed by fire in March from undetermined causes. Campaigns for raising funds for rebuilding the Ira church which have been underway for several months, have been dropped for the time being, church leaders state, and will be resumed after the present emergency.

Contributions from the following Snyder business firms and individuals have been acknowledged by Ira Methodists: Bryant-Link Company, J. C. Penney Company, John Mills Economy Dry Goods Company, Irwin Drug Store, Blackard Grocery Company, Nathan Rosenber, Odom Funeral Home, J. P. Billingsley, Edgar Taylor, Sterling Williams, Stinson Drug Stores and McClinton & Noble Feed Store.

Valid Dates for Meat Stamps Announced

Dates when four sets of brown stamps in War Ration Book No. 3 will be good for rations of meats, fats, oils and dairy products, as announced Tuesday by the Office of Price Administration, will prove of value to Snyder and Scurry County consumers.

The sets become valid on successive Sundays, as they have in the past. All stamps, it was announced, expire January 1, 1944. The brown stamps and their validity dates are as follows: L, November 21; M, November 28; N, December 5; and P, December 12.

Brown G, H, J and K stamps, the first two of which already have become valid and the latter pair which will become valid November 7 and 14, will expire December 4. OPA officials state.

COTTON QUIZ

Subsidy Payments Being Made to Dairy Producers in Area

Daily dairy subsidy payments are now being made to Scurry County producers eligible for the federal help, S. L. Herry, chairman of the Scurry County Farm Committee announced this week.

Rates on daily subsidy payments are as follows:

Fifty cents per cwt. on whole milk, six cents per pound on butter fat, and a payment for butter sales.

Payments are being made county producers by a draft, direct to the individual producers, by the county AAA committee.

All producers of the county eligible for subsidy payments are urged to present receipts or sales slips. In case the receipts or sales slips are lost a statement from the dealer for a total of October sales will be sufficient.

Payments, Terry states, will be made in January for total sales in the months of November and December.

Proposal Would Up Postage on Mailings

If Congress enacts into law a revenue raising bill approved by the House ways and means committee, Times readers are informed, your postage bill, Scurry County, for invitations and account statements is going to be upped appreciably.

The red two-cent stamp which you used to reach Mr. and Mrs. John Public locally just won't carry your statements or invitations. Three cents will be required.

A four-cent increase in air mail stamps, from six cents to 10, as proposed in the committee approved bill, would increase postal receipts considerably, Postmaster Warren Dodson of the Snyder post office states.

Herds Trimmed To Feed Supply May Solve Pinch

Current deficit in the supply of protein supplements makes it imperative, in view of the fact Scurry County has 7,550 head of dairy cattle, for dairy and livestock men in general to get full value from every pound of feed fed.

So advises Edward S. Hyman, county agricultural agent, who declares it is false economy for a dairyman to spread a limited amount over a herd too large for each cow to receive its maximum. The profitable and sensible thing to do is to cull the herd to fit the feed supply.

Best way, the county agent says, to pit the finger on the low producers is to keep records or become a member of a herd improvement association. The Hobbs community Jersey cattle improvement circle is an example of economical and efficient herd improvement progress.

It has been found, in testing, that some cows thought to be the best in a herd have proved to be the most unprofitable. Likewise, some considered not so good have turned out to be the most profitable. Dairy cattle owners who cull cows by the guess method may make some costly mistakes.

Bobby Sims Awarded Coxswain Promotion

James R. (Bobby) Sims, son of Mrs. Madge Sims, former Snyder resident who now lives at San Angelo, and a former student in Snyder Schools, received promotion this week to rank of coxswain with U. S. Navy forces at Dutch Harbor, Snyder friends learn.

Bobby, who has been stationed at Dutch Harbor since December of 1942, declares plenty of excitement has been unfolded in the Alaskan theatre of operations since U. S. forces "took over for freedom and humanity."

Veteran Claims to Be Filed With Mitchell

Members of the Will Layne American Legion Post No. 181 announce that J. H. Mitchell, field representative of the veterans' state service office, with headquarters in El Paso, will be in Snyder Friday, November 19, to handle pension and other claims for veterans of the first World War or those of the present conflict.

Mitchell may be contacted by seeing him at the Economy Dry Goods Company or John DeShazo at Bryant-Link Company.

Poor Daddy!

One day Mary came to her mother with a very serious look on her face.

"Mummy," she said, "heaven sends our daily bread, doesn't it?"

"Yes, dear," mother replied.

"And Santa Claus brings my presents?"

"Yes, dear."

"And nurse brings our babies?"

"Yes, dear."

"Then what's daddy here for?" she demanded.

Price Control of OPA Has Curbed Soaring of Values in Present War

Essentials of living may be high, John Spears, chairman of the Scurry County War Price and Rationing Board, agrees, but he suggests a review of World War I prices in a comparative period. Such comparison, he said, would reveal only a 27.2 per cent rise in general living costs now, where it was a 63 per cent boost 25 years ago.

"I remember paying as much as 37 cents a pound for sugar then," he said today, "but today I paid only seven cents a pound."

Eggs sold some 25 years ago for 90 cents a dozen, the same grade that today is 54 to 56 cents, he said.

Without the protection of ceiling prices, lamb chops now might be 90 cents a pound and rib roast \$1.35 a pound, he estimated.

Food prices have increased 51 per cent now, he said, compared to 73 per cent in the last great war; fuel, light and ice, 5.4 per cent; rent, six per cent rather than 16.5 per cent.

Home furnishings average only a 24.7 per cent increase, Chairman Spears said, but back in the year of 1917-18 prices had shot up 90 per cent. Clothing then had a 98.5 per cent increase, where now it is 28.2 per cent higher.

The chairman praised price control as the effective restraint.

"Last year the cost of the OPA was less than \$1 each for every person in the United States," Chairman Spears asserted. "It is estimated each person at the same time was saved \$550, considering the comparative war-time costs of living."

"That looks like a pretty sound investment."

The principle of rationing now is acceptable to virtually everyone, he said, and called attention to the volunteer service administration of the program here.

"I think most people have quit scolding the OPA for little nuisance troubles," he commented. "Some praise it as the force which has retarded inflation and most of all realize rationing gives all an equal chance for scarce commodities."

Chairman Spears also said it was

Monoxide Gas May Be Controlled with Simple Precautions

Safeguards to offset the carbon monoxide hazard are outlined in a letter to employees of the Lone Star Gas Company from A. W. Breeland of Dallas, safety supervisor for the company. Mr. Breeland points out that carbon monoxide is tasteless, colorless and odorless, and the most likely source of carbon monoxide is from the exhaust of automobile engines and improperly designed and improperly adjusted heating appliances, resulting from incomplete combustion of the fuels.

An ally of carbon monoxide is the tightly closed room; the defense against it is proper maintenance of equipment—and ventilation. Never use an open flame heating appliance in a room that is tightly closed.

To avoid exposure to carbon monoxide poisoning:

Do not allow an automobile or truck engine to run in a closed garage.

Have exhaust system on car or truck checked for leaks.

See that all cooking, water heating and heating appliances requiring venting are adequately vented.

See that all gas-burning appliances are properly adjusted.

First aid for carbon monoxide poisoning: Get the victim out of the contaminated atmosphere to fresh air quickly; keep the victim warm to stave off the threat of pneumonia; apply the prone pressure method of artificial respiration if breathing has stopped—and continue it until normal respiration is restored or a physician pronounces the victim dead.

Employment Office Closed as Work Slows

Roundup of Scurry County's 1943 harvesting season was reflected this week in transfer of B. B. Winkels, U. S. Employment Service and War Manpower Commission representative here since September 28, to Sweetwater, where he will be associated with the Sweetwater USES and TMC offices.

Winkels has rung up a good record, while here, in working with Edward S. Hyman, county agricultural agent, to place harvest hands in sectors of the county where most urgently needed.

Winkels, who came here from the Waco area, has had wide experience in dealing with migrant Mexican and white laborers, and was transferred to Sweetwater only after crop experts estimated around 90 per cent of this year's crop was moved to gins.

Let The Times do your printing.

Not Contented

An old man, moved off his farm by a war plant, found work in the plant at \$4.50 a day, but bemoaned the loss of his farm.

"Uncle John," said a neighbor, "why don't you forget farming? Don't you know you'll make more money now than you'll ever make on a farm?"

"Boss," replied the negro simply, "money don't mean nothin' to a man that wants to farm."

Distance is Advantageous.

General (on telephone)—"Do you know to whom you are talking?"

Private (on other end)—"No, and I don't care!"

General—"I'm the general."

Private—"Well, do you know who I am?"

General—"No!"

Private—"Thank heaven for that!"

Truett Barber to Be At Texas Air Station

Lieutenant (junior grade) Truett Barber, former 32nd District attorney, has just completed a two-month training course at Guinnett Point, Rhode Island, and will be stationed at Corpus Christi Naval Base, Snyder friends learned this week.

Lieutenant Barber, a Colorado City attorney who rose to recognition during tenure of office as district attorney, is the son of Mrs. Bertha Barber, 2540 Simmons, Abilene.

Barber's wife and two children, Jud and Ann, who have been living at Winters recently, are moving to Corpus Christi.

Reform.

Government Agent (to housewife)—"Are you affiliated with any reform organization?"

Housewife—"Yes, I'm married to a man who thinks he should be allowed to make creation over."

Ad Man's Dilemma

When we strolled into Joe Graham's Tailor Shop and asked about advertising, Joe said he wanted to advertise men's tailor-made suits. About that time Janie opined that she wanted to advertise those ritzy tailor-made suits for women.

Well, we've run away from arguments ever since we lost a big one back in the middle twenties... so here's what we decided to do—we'd have an advertisement for both of the Graham's...

Overweight Motor Oil Proved Non-Essential

See how safe and economical a surprisingly Light grade can be with your engine Winter OIL-PLATED

A motorist who kept a record for a month averaged only 2.7 miles between stops. Maybe you average twice that. Yet the "coupon shortage" means short runs—lots of stopping and starting. That's extra bad for your oil. The first hardships of Winter will find it unfit. This year, of all years, the height of economy is to change your oil promptly.

The lightest suitable oil you can use is best for your engine—your battery—your gasoline economy...best for lengthening your car's future! You needn't risk any overweight grade...not when you have your engine OIL-PLATED for Winter by changing to economical Conoco Nth motor oil.

The "magnetic attraction" that seems set up by a certain synthetic in Conoco Nth oil—patented—enables it to OIL-PLATE. All good plating forms a staunch protective surface, and that gives you the idea of OIL-PLATING. Now think of any OIL-PLATED part in your engine facing another OIL-PLATED part...double OIL-PLATING in between—plus Conoco Nth oil's regular-type liquid film that's extra strong! You can't get more protection than that, while with overweight oil you'd only invite needless drag and dangerous "absentee" lubrication in starting cold. Don't risk it. Consult Your Conoco Mileage Merchant for your lightest grade of Nth, and face Winter fully confident, with your engine OIL-PLATED. Continental Oil Co.

Mrs. C. M. Fish Dies Wednesday At Snyder Home

Mrs. Cyrus M. Fish, 73-year-old Scurry County resident and member of the Methodist Church 64 years, succumbed Wednesday morning at her residence in Southwest Snyder, 1909 Thirtieth Street, following an illness of a year and a half.

Born July 16, 1870, in Louisville, Kentucky, Mrs. Fish had made her home in Scurry County since 1918.

A member of the Methodist Church since she was nine years old, Mrs. Fish's father, the Rev. T. M. Collier, was a pioneer Methodist minister in the Cisco area.

Survivors include the husband, C. M. Fish; five sisters, Mrs. Frank Morrow of Gorman, Mrs. A. M. Allen of DeLeon, Mrs. J. E. Walker Jr. of Gorman, Mrs. Thomas Haley of Eastland and Mrs. Nickles Reece of Dallas; five brothers, Wilbourne Collier, former state senator of Dallas, Walter, Tommie Collier of Lubbock, Melbourne Collier of Austin and Turner Collier of Eastland; two daughters, Mrs. Pearl Norman of Weatherford, Mrs. John T. Dix of Coleman; and three sons, Earl C. Fish, Wala D. Fish and J. Collier Fish, all of Snyder.

Funeral services were held Wednesday afternoon, 4:00 o'clock, at the Snyder Methodist Church.

Some people are fenced off from success by their own railing.

Sold on 15 days' trial. Ask for "Willard's Message" which fully explains this treatment—free—at STINSON DRUG COMPANY

Newspaper Story Praises Record of 36th at Battlefront

The following article, carried in a recent edition of the Palmouth, Massachusetts, Enterprise, is a well deserved bit of praise for Scurry County boys and others in the 36th Division. It is an article that will interest all Scurry County people with boys in Company G and other 36th Division units:

"A few months ago we were wondering when the 36th Division would go overseas, speculating why this long-trained outfit remained at Camp Edwards while transports carried thousands of other men to the battlefronts.

"We enjoyed many of the officers and men and their families who lived in the villages with us. We profited by the number of them who patronized our stores.

"Now, Germany tells us the 36th landed at Salerno. American news dispatches tell us Texans have distinguished themselves in hard fighting on the beachheads. We can all say 'I told you so.' We never doubted but that the 36th Division would hold its own in any kind of rough-housing.

"Of course, we're all interested in news of the 36th from Italy. Of course, we watch its fighting progress. Many of our Texans said they'd come back after the war and we want to see them back!"

Cotton in Santa Fe Area Nearly All Out Says Month Review

In its November 1 report of agricultural conditions in Scurry and other counties served by its railroad, the Santa Fe releases the following highlights that will prove of interest to Times readers:

"Receipt of moisture in early October in some parts of the state relieved the drought situation to a considerable extent—but no appreciable moisture has been reported recently to fill cisterns and surface tanks in the Snyder area.

"Picking of cotton has been virtually completed, and not more than 10 per cent of the crop remains in fields. The crop declined 425,000 bales alone during August and September.

"Grain sorghum production has been placed at 59,475,000 bushels and peanuts at 423,200,000 pounds—both slightly under last year.

"The present wheat outlook for the Snyder and South Plains zone is poor on account of the drought that has hung on consistently since mid-summer," the report concludes.

Oatmeal helps save meat points. Use it in soups and stews as a meat stretcher.

Procrastination Is Dangerous in Handling of T. B.

"It has been well said that procrastination not only is the thief of time, but frequently the thief of health and life." Dr. George W. Cox, state health officer, said this week.

"Indeed, medical records in doctors' offices and hospitals prove that many persons die not because they are victims of disease, but because they do not receive early diagnosis and prompt treatment for their condition. An outstanding example of this fact is the great number of deaths from tuberculosis that could have been prevented.

"Tuberculosis is a powerful enemy, no matter what its stage, but the fact remains that early discovery and adequate treatment offer the best opportunity for cure. If the patient upon being told that he has tuberculosis cooperates fully with the regimen and discipline outlined for him, the disease can usually be overcome."

Dr. Cox said that in line with some of the other major killers, tuberculosis is insidious in its approach. Acute pain and discomfort are absent usually, and the symptoms are so comparatively mild that the patient is thrown off guard and considers them of little importance.

Herein lies the little slaying ability of tuberculosis.

"The symptoms which, singly or in combination, demand an immediate check-up by the doctor are easy tiring, a persistent cough and continued loss of weight.

"While it is true that any of these symptoms can be present without the patient having tuberculosis, there is no reason to imagine that such is the case. Therefore, if one is suffering from any of these manifestations, the only sensible and thing to do is seek the advice of the family physician at once," Dr. Cox warned.

"If such a course is pursued, and the condition turns out to be not serious, nothing has been lost. On the other hand, if tuberculosis is discovered, the patient by doing the wisest possible thing has probably saved his life."

Midwest Firemen's Group Chaplain to Northwest Church

Dr. Harrison H. Black, Midwest Firemen's Association chaplain since last April, and a minister who has spoken in Snyder a number of times during the past four years, has accepted a call as associate pastor of St. Paul's Church in Seattle, Washington, Snyder members of the Midwest association learned Tuesday.

Dr. and Mrs. Black will leave next Monday for Seattle.

Dr. Black came to Colorado City in 1939 as general missionary of the Colorado City field of the North Texas Diocese of the Episcopal Church. During his stay in the Mitchell County seat he has held services in Scurry and 12 other counties of the vicinity.

Early Mailing Still Urged by Postmaster

Maybe it still sounds odd to you, but it's a good policy to mail your Christmas packages during November.

It's far better, Post Office Department officials point out, to mail parcels early and attach a "Don't Open Till Xmas" label than to have the packages delivered in January.

Unusually heavy volume of domestic and foreign mail now going through U. S. mail channels will make it impossible to deliver Yuletide packages to points hundreds of miles from you—if they are not mailed early.

Pappy to Broadcast Sunday. Snyder and Scurry County supporters announce that U. S. Senator W. Lee O'Daniel will broadcast Sunday afternoon, 1:00 to 2:00 o'clock, over the Blue Network on the Wake-Up America program. Senator O'Daniel will debate on "Limiting to Six Years Tenure of Office of President and Vice President and Members of Congress."

Farm Workers To Be Given Work in Essential Industries

Details of the WMC stabilization program for Scurry and other West Texas counties, how farm hands of this area, in full seasons, can work in essential business industries and how the WMC replacement schedule operates constituted a few highlights of an informal War Manpower Commission meeting in Sweetwater last Wednesday evening that attracted four Snyder representatives.

E. O. Wadsworth, Scurry County Chamber of Commerce manager; B. B. Winkels, local U. S. Employment Service and WMC representative; Leon Guinn and Julius W. Barrett composed the Snyder group.

L. C. Logsdon, area War Manpower Commission chief, with headquarters at Abilene, presided at the conclude that attracted employers and business men from a number of West Texas towns.

Attendees voted unanimously to have the War Manpower Commission work with S-selective Service Boards in this area in arranging for hands to work in gypsum mills, oil mills and other essential business firms—during off periods of farming—without employees losing their 2-C classifications. Replacement schedules, statements of availability for employees and other problems peculiar to this immediate trade zone were fully covered by Logsdon.

Mining Concern Gets Charter This Week

With metal mines in several West Texas counties and headquarters at Snyder, Great Western Mining Company this week received charter from the secretary of state.

Great Western, outgrowth of the parent firm Defense Industries, in addition to metal mining, has a tank-seal that is proving excellent in stopping water seepage of surface tanks and ponds on farm and ranch.

Officers of the firm are: Julius W. Barrett, Snyder and Dallas, president; E. E. Low Sr. of Dallas, vice president; Leon Guinn of Snyder, associated with The Times the past seven years, superintendent and general manager; Ernest E. Low Jr. of Dallas, with North American Aviation, secretary-treasurer.

When choosing berries, color is a better maturity guide than size. Make sure they are of uniform size so they will cook evenly.

Snyder General Hospital

In Snyder General Hospital this week for medical treatment are: Mrs. Willie B. Rogers of Pecos, Verna Jane Caldwell, Mrs. Alvin Koonsman and small son, John Billy, J. D. Hammit, Mrs. Roy Elkins, Mrs. F. L. Hunter due to burns, and James Michael Keenan, six-month-old son of Mr. and Mrs. F. P. Keenan. Young Keenan's father is in the service.

Only surgery patient this week was Mrs. A. C. Martin.

Patients remaining in the hospital since last week's report are M. C. W. Roberts, Mrs. Wristin and Sandra Leach.

Dock Kelly was carried home Wednesday. Mrs. Clarkson was carried home early this week.

Tonsillectomy patients this week were J. L. Bruton and Bobbie Jean Hataway.

A shy girl sat next to a bishop at a formal dinner. Seeing some bananas passed, she seized on this as a topic of conversation.

"I beg your pardon, but are you fond of bananas?" she asked.

The bishop, who was slightly deaf, replied, "Pardon me, but what did you say?"

The girl blushed furiously. "I said, do you like bananas?"

The bishop pondered a moment, then answered, "It is a curious question, but I have always preferred the old fashioned night-shirt."

Christmas Cards to Overseas Should Be Mailed Right Away

Time for mailing Christmas cards to boys overseas is now here. So advises Warren Dodson, Snyder postmaster, who urges people to mail all Yuletide cards and greetings—overseas points—in the mails at once.

All Christmas cards mailed overseas this year will have to have first class postage. The cards should be sent in sealed envelopes, with regular first class postage attached thereto.

"We take this means of warning people to mail overseas Christmas cards early, because we do not want to see our boys disappointed in foreign lands. All Christmas cards mailed after December 1 will probably not be delivered until late in January—if then."

Domestic Yuletide cards, as in past years, can be mailed for the one and one-half cent rate, unsealed, and will have no connection with mailing of greeting cards to overseas points.

Investigators Sought. Top ranking eligibles resulting from the current civil service examination for investigators will be considered for various investigator vacancies in the district OPA office, Lubbock, J. O. Littlepage, Snyder civil service secretary, reported Tuesday. Salaries for these jobs range from \$2,000 to \$3,200 per year.

How to conserve eyesight and light!

Eyesight and light are both vital to the winning of the war. Conserve both by following these six easy suggestions:

1. Clean lamp bulbs and reflectors regularly with a damp cloth. Dry thoroughly before using.
2. Use shades with white linings to reflect light instead of absorbing it.
3. Keep all lights properly shaded to avoid glare.
4. Arrange furniture so one lamp serves two or more people if necessary.
5. Always turn off lights in unoccupied rooms.
6. Have eyes examined regularly by a competent eyesight specialist.

Don't waste Electricity just because it isn't rationed—use what you need, but need what you use.

Mrs. Sam Adams, Correspondent

Mrs. Hoyle, Mamie and Henry visited Mr. and Mrs. Carlos Ford at P-lar.

Mrs. E. L. Newsom and children are spending a week with Mr. and Mrs. R. C. Hoyle.

Mr. and Mrs. Homer Huddleston and son of Ira visited Mrs. J. W. Layne and family.

Our United War Chest drive went "over the top" this week. We want to thank all folks who came and helped us carry out our program.

We especially want to thank the merchants of Snyder who donated merchandise to help us raise our quota.

Those visiting Grandie Adams are Bobby, Tommy and Beverly and Guinn Adams of Shallowater, Mrs. Roy Taylor and Patsy of Andrews, Pearl Laverne and Sam Angil of Snyder.

Annie Clyde Thomas of Dallas visited Mr. and Mrs. Clifton Thomas and Mrs. Edith Swann and family of Bison Sunday.

Mr. and Mrs. Pat Adams and children of R-tan visited Mr. and Mrs. Sam Adams Sunday.

Folks, don't forget your correspondents want to handle your subscriptions to The Times and your favorite daily.

Flourine Poisoning Reported in Animals

"I believe farmers should be warned against flourine poisoning of livestock through using substitute minerals in replacing war shortage ration ingredients," says Harry O. Asplund, director of farm service for the state of Minnesota.

Investigations of poisoning over the country have brought about the release of the following information for benefit of livestock growers:
Uninformed mixers of mineral supplements might use flourine bearing rock phosphate which results in flourine poisoning of livestock. Flourine is toxic to all forms of animal life. When it is considered that raw rock phosphate may contain as much as four per cent of flourine, it becomes apparent that use of small amount of this source of phosphorus may lead to disaster.

Ubiquitous Smith.
Two men worked side by side in a War Production Board office in Washington. They never spoke, but each watched the other. One man quit work daily at 4:00 o'clock. The other told until 6:00 or later.

Some weeks passed. Then the harder working of the two approached the other.
"I beg your pardon," he said. "Do you mind telling me how you clean up your work every day at 4:00 o'clock?"
"Not at all," said the other man. "When I come to a tough piece of detail, I mark it, 'Refer to Commander Smith.' I figure that, in an outfit as large as this, there is sure to be a Commander Smith. And I must be right; none of those papers comes back to me."

The harder worker started to remove his coat.
"Brother," he said, "prepare for action. I'm Commander Smith."

Cecelia—"I had a date with a general last night."
Marty—"Major general?"
Cecelia—"Not yet."

Brothers Brought Together by Red Cross in England

Mrs. Buddy Crowder, Correspondent

Type of joyous reunion between two brothers that occurs only once in a life-time happened recently at the Swindon, England, Red Cross office when Private First Class Alvin F. Goebel and Private Alfred Goebel, sons of Mr. and Mrs. Walter Goebel of the Hermleigh community, met and spent the week-end together.

Behind the meeting of Alvin and Alfred lies this story:
Neither of the boys knew where the other was stationed overseas. Their mother, when she found both boys were in England, got in touch with Red Cross officials and soon arranged a week-end reunion.

Both Goebel boys met at the Swindon, England, Red Cross offices Saturday at 4:00 o'clock and were with each other until Monday morning.

Private First Class Alvin Goebel has been overseas a number of months, and Private Alfred Goebel has been overseas the past several weeks. Both are well known in the Hermleigh community.

"X" Marks the Spot.
A little boy who had been to Sunday School had heard the story of Adam. Returning home, he asked his mother what he was made of, and she replied:
"Dust."
The little fellow was absent for quite a little while and came to his mother with a handful of dust he had gathered from under the bed, and said:
"I wonder who this guy is."

Selene's Masterpiece.
A group in the signal corps was discussing the trend of the present war. It was generally agreed that the research chemists would play an important part in the future.
"Bah!" granted an old soldier, "chemists will never produce anything more dangerous than what they've already."
"What's that?" asked the recruit.
"Blondes."

Flourine Poisoning Reported in Animals

"I believe farmers should be warned against flourine poisoning of livestock through using substitute minerals in replacing war shortage ration ingredients," says Harry O. Asplund, director of farm service for the state of Minnesota.

There's a crowd on the lines

It's always a big crowd in these war days. But the Long Distance operator keeps the calls moving quickly unless they just get too many for the circuits. If she says the circuits are busy, you can help by canceling your call if it isn't really important. But if you can't cancel, the operator will request—"Please limit your call to 5 minutes." It's the work of war we are trying to speed over the wires.

COTTON QUIZ
WHAT WAS THE VALUE OF AMERICA'S FIRST EXPORT OF COTTON?
In 1728, SEVEN BAGS OF "COTTON WOOL" WERE SHIPPED FROM CHARLESTON, S. C., VALUED AT \$16, EACH.

Dermott News
Tish Sullenger, Correspondent
Two of Dermott's boys in the service have been here on furlough. They are Pat Boss and J. T. Sullenger Jr. Both are in the navy and are seamen second class. Mrs. Boss, who has been in San Diego, was here with her husband.

Mrs. J. C. Anderson of Dallas spent Sunday here visiting her family and her brother, J. T. Sullenger Jr.

Mrs. Roy Elkins, who has been in the Snyder General Hospital with blood poisoning in her teeth, was able to come home Wednesday.

Wich Scrivner has had his family at Marlin Wells for surgery. Shirley Ann and R. yee had tonsillectomies and are at home now. Mrs. Scrivner underwent major surgery and is still in the hospital. Her mother, Mrs. Trussell, is with her.

Jettie D. Elkins left last week for Amarillo, where she is working at Pantex Shell Lading Company.

Armistice Day... 25th Anniversary

World War I was to end all wars, but terminated in an armistice. Now, after a quarter of a century, great nations are again in mortal combat.

And victory will be barren unless permanent peace is assured. Future security must come from within. We must become so great and so powerful that aggressor nations will be held in check, knowing that our might will ever be exerted in the cause of right. We honor our combat forces of 1918 and of today, and may this war end... not with an armistice, but with a peace that will be lasting.

HOW TO PRODUCE MORE EGGS for VICTORY

- PROVIDE ENOUGH ROOM.** Every pullet needs 3 to 4 square feet of floor space in the laying house. Make sure, too, that they have plenty of nests, roosting space and water space. Birds must be comfortable to give top production.
- CLEAN LAYING HOUSE.** Before you put pullets into the laying house, clean the building thoroughly and spray with a good germ-killing disinfectant. Birds from the range are usually healthy. A clean house will help keep them that way.
- WORM IF NECESSARY.** You can prevent worm infestation by growing birds on clean ranges. If birds have worms, treat them when you put them into the laying house. Use a worm expeller that goes into the mash to save time and labor.
- CULL BIRDS.** Practice continuous culling, removing all birds that are sickly, weak, inferior and not up to standard. Don't waste feed on birds that stand no chance. Each non-producing hen wastes 64 pounds of feed a year to keep alive.
