

By ROGER W. BABSON

**RABSON DISCUSSES SAVING AND SPENDING**  
Babson Park, Florida, March 8.—I would be the last to decry the value of bank deposits. They are very useful and always will be. It should be remembered, however, that money is of no value in itself but is good only as a medium of exchange. Money is like stocks. In order to sell stocks a buyer must be found and if there are no buyers at the price you paid, then you must sell the stocks at a loss. In the same way, in order to "sell" money—that is, exchange it for stocks, commodities or land, you may have to sell it at a loss, or discount, to get what you want. When prices go up, the value of your savings in the bank goes down.

**VALUE OF BANK DEPOSITS**  
Always keep enough money in the bank to pay your taxes for a few years; also enough to buy food in an emergency. There are some other bills which you must pay in cash whether or not you have any income. Hence, I believe in always having a fair bank account. This especially applies to "oldsters." The point I want readers to understand is that money and bank deposits are no good in themselves. They are of use only when there are goods, houses and land for sale.

This means that when there is a scarcity of merchandise and when money is cheap it is a good time to store up money. But when goods are cheap and money is scarce, then we should store up goods. Today we have a half-way situation. Better now try to buy both real things for future use and keep a fair bank account. If inflation comes in full force, our bank accounts will not buy much.

#### SELECTIVE BUYING

This surely is a time for selective buying. When buying bonds today, better buy certain government issues rather than low-yielding corporate bonds. When buying stocks, better buy into the merchandise or food chains rather than the railroads. When buying a home, get a small modern house rather than a large old house. It is also advisable to look more to the land than to the house. Well-located fertile land should gradually increase in value; but any house bought today will decrease in value.

I would rather have money in the bank than poor land upon which I must spend money for fertilizer, water and accessibility. But I would rather have good land than money in the bank if the land is fertile and has a flowing well or natural irrigation. This means that it is a mistake to get "hipped" on money, bonds, stocks, land, etc. All of these are never all good or all bad. Most people lose their money by putting all their eggs in one basket.

#### CONSIDER LASTING QUALITIES

God gave us brains, eyes to see with, ears to hear with, and tongues with which to ask questions. We should use all of these when swapping money for food, clothing, shelter or anything else; or when swapping these real things for the money which we deposit in bank. Everything probably has its use in moderation; but we should not worship or become slaves to any of these things. We must be very careful not to give good money for any habit-forming drink or drug.

When spending or investing money we should consider the lasting qualities of what we buy. The value of money spent upon unnecessary drink, food or smokes has very little duration. This means that such are very poor investments. The same comment applies to many forms of entertainment. The value of money spent for clothes lasts a few months; the value of money spent upon an automobile lasts a few years but when money is spent for well-located land this value continues as long as you are able to pay the taxes! Money spent on education, which makes you an expert in some profession, art or trade, lasts during your entire lifetime.

#### INVESTMENTS AND EMPLOYMENT

In conclusion, let me say that I with labor leaders would give more thought to how their membership spends and invests money. Increased wages do workers no good unless spent upon worth-while things. Also some of these wages should be invested so as to provide work for other men. It requires an investment of about \$5,000 to get the space, machinery and working capital necessary to employ one man. Hence, the investment of money is an important factor in preventing unemployment. Our jobs are safe only as other men are fully employed. Hence, let us always invest wisely as well as save and spend wisely.

#### Army Store Shows Washing Machine

The Army Store, on North S, is now showing its new washing machine, the AutoMatic and invites the public to come in and see it. Mr. Tadlock, manager of the Army Store, also states that in the near future he will have many other home appliances to furnish the public. He will also stock the Clarion line of radios as soon as they are available.

## Trusky and Warsaw Still Going Strong in Fort Worth Contests

According to word received here last night by Dewey Everett from Milton Bennett, who is in Fort Worth as representative rider for Dewey in the Fort Worth Exposition and Pat Stock Show, the two Snyder cutting-horses entered in the world championship contest are taking some real honors. In checking up on the two fine horses Dewey sent to the big Fort Worth show, both so far have pulled down some firsts against some of the toughest horse and rider competition that has ever been demonstrated in the Cow-Town arena. Trusky, three-year-old three-quarter thoroughbred belonging to Dewey's son, Jesse, has topped two firsts up to the present time, and connoisseurs of horse flesh predict that he will go higher up the stairway to horse fame. Sunday night, Trusky took first place in preliminaries of the show and again Tuesday night he topped first place. He's the smooth worker Dewey breezed by a \$1,500 offer to keep in his string of tops in Scurry County.

Saturday afternoon Dewey's old standby, Warsaw, justified his trip to Fort Worth by taking second place, suffering a bit of off-luck, but he made a comeback Tuesday afternoon by rolling in first place. This was termed by some fans the hardest competitive battle for honors of the show. Bennett influenced Warsaw in this bout to edge out ahead of Volney Hildreth of Aledo mounted on "Flying H." and Grady Blue of Palo Pinto riding his hard-working "Badger." Hildreth and Blue tied for second and third places in the hot contest.

Finals of the cutting-horse contest will be worked off next Sunday, and Scurry County people are expecting one or both of Dewey's horses to pull some still higher honors out of the Fort Worth ring. Bennett, it may also be noted by daily reports from the show by news correspondents, is also adding some laurels to his riding ability where man-and-horse teamwork count in large figures.

## "The Funny Brats" Junior Class Play Is Given At School

"The Funny Brats," a three-act comedy, was presented in the school auditorium, March 14 at 8:00 p. m. Members of the play, as announced by Mrs. Underwood, one of the directors were Jonnie Delle Brock, Sylvia Gresham, a young widow; Donald Fish, Dick Gresham, her eldest son; Helen Jo Graham, Harriett Gresham, her teen age daughter; Mariwyn Wren, Aurora Borealis Pike, the servant girl; Dorelle Stokes, Laurelee Lynde, Tom's fiancée; Jo Ann McGlaun, Gwynette Gaddwood, an astrologist; Janelda Martin, Aunt Hettie Higginsbotham, Mrs. Gresham's aunt, and Billy Don Burk, Boogerface Boggs, a wrestler.

Setting was in a mid-western town. The story was built around the mother who wishes to marry again. Her three children are very much opposed to the idea. The two younger ones known as the "Brats" do everything possible to prevent her marriage. The results are a hilarious riot.

Romantic interests of the maid, the elder son, and the astrologist, as well as the mother's love affair gave much enjoyment. Among all of this, the sarcastic Aunt Hettie added her advice and criticism. All together the juniors gave a performance that was worthwhile to attend. The surprise ending of the play made it worth the admission fee.

## Englands Take Over Morton's Newspaper

Word received here this week by Leon Quinn, former staff writer for The Times, informs him that Mr. and Mrs. Carl England have taken over publication of the Morton Tribune, staffing the paper for Forrest Weinhold of Levelland, Texas.

Mr. England has been connected for some time with the Hockley County Herald, another Weinhold publication, going to that place about the first of the year from Hamlin.

## An Apology

The Times expresses regrets that funeral notices which were ordered printed and delivered throughout the business section of the city for Mrs. W. W. Rogers last Thursday did not appear. Copy for the notices were overlooked. Upon notice of the error, notices were printed and supplied the bereaved family for keepers of the wife and mother.

## City Council Looks For Improvement In Water Supply

Arrangements have been made for representatives from Roby and Rotan to meet with the Snyder City Council to discuss possibilities of joint construction of a lake to provide water facilities for the three towns.

W. E. Coe, of Balco Engineering, Dallas, was in Snyder, March 4, to make arrangements with Mayor Towle for this meeting of representatives of the three towns. After the discussion, Mayor Towle appointed a committee from Snyder to work with the representatives of Roby and Rotan and Mr. Coe.

N. T. Underwood, manager of the Chamber of Commerce, says, "This is a very forward step, and one in which all Snyder citizens are vitally interested. We commend the City Council and Mayor Towle for their foresightedness and interest in this concern."

## Tim O. Cook Is Cashier at Bank, Williams Leaves

At a regular meeting of the board of directors of the Snyder National Bank, held on March 8th, the resignation of Wayne Williams as cashier was accepted by the board. Mr. Williams has been connected with the bank for more than twenty years, serving efficiently in various capacities, beginning as a bookkeeper, and at the time of his resignation was cashier of the bank. His reasons for his resignation were to devote his time to personal affairs and be associated with his father in the livestock business. Mr. Tim O. Cook, formerly connected with the bank as teller, was duly elected cashier to succeed Mr. Williams. Mr. Cook has been in the armed forces for more than five years, leaving the National Guard unit of Snyder, Texas, Company G, as their captain and later transferred to another unit, and serving as lieutenant colonel with the 83rd division during their campaign across France, Luxembourg, Belgium, Holland and Germany.

## Special Services To Be In Local Church

Information conveyed to The Times this week by J. H. Mariner of Fluvanna states that special services will be held in the Primitive Baptist Church of Snyder on the third Sunday in April (and the Saturday night before) by C. E. Mariner and Bill Fox of Amarillo.

O. C. Floyd is the local pastor of the church. The general public will be invited out to the special services.

Third Sunday in April falls on the 21st.

## Two Break Out Of Mitchell County Jail

State police are still searching for two criminals, I. T. Crawford and Doyle James, who picked the lock and broke out of jail at Colorado City Sunday afternoon between 3 and 5 p. m. The two men held for burglary, are believed to have escaped in a '41 Nash automobile which was stolen from Colorado City around 8 o'clock.

The jailbreak was broadcast by short-wave and Texas police are on the look-out for the escaped pair.

## Free Barbecue To Be Given By Don Robinson Concern

A free barbecue and picture show will be given March 22, at 7:30 p. m., at Don Robinson's Tractor Company. Robinson will barbecue the reserve champion Hereford calf, which he purchased from Doug Riley at the Scurry County Junior Pat Stock Show March 2.

The two picture shows will be in Technicolor with a comedy for the children, and everyone is cordially invited to attend and bring their friends.

## Tate Sells Station Grocery to Leeper

O. P. Tate, who carries an "appreciation" advertisement elsewhere in the Times, states that he has disposed of his service station and grocery, selling the stocks to L. T. Leeper, but retaining the real estate.

Mr. Tate remarks that he has made no immediate plans for the future.

Mr. and Mrs. M. M. Clark visited Mrs. Clark's mother in Trent last week-end.

## Discharged Army Men May Reenter Army At Old Rate

Lieutenant Kesslering, U. S. Army recruiting officer for this district, has announced that discharged army personnel, even though they have been out for more than 90 days, may come back to active duty with rank corresponding to their previous MOS numbers.

The 378 different MOS ratings that come under this announcement include airplane mechanics, link trainer operators, heavy mortar crewmen, weather observers, radio mechanics, liaison pilots automatic rifleman, full track drivers, bomb sight mechanics, power turret and gunnery mechanics, finance typist clerks, tabulating machine repairmen, radar operators, control tower operators, and various others.

All men returning to the Army will be given their choice of 18-month, two-year, or three-year enlistment periods. Those enlisting for the three-year period will be given their choice of branch of service and overseas theater. These overseas theaters are the European theater, Pacific theater, Caribbean Defense, Alaskan department, China Theater, South American and Mediterranean theater. Complete information concerning re-enlistment may be obtained each Monday from 1 to 4 p. m. when Lieut. Kesslering will be at the Snyder draft board.

## Lt. Kesslering Is New Recruiting Officer

Lieutenant George M. Kesslering, new commanding officer for U. S. Army recruiting in this district, is replacing Captain Wayne Hall, who was transferred to the Abilene Recruiting office.

Lieutenant Kesslering's headquarters are in Big Spring and he will be in Snyder at the local draft board each Monday from 1:00 to 4:00 o'clock. Before taking this position, Kesslering served as a pilot-instructor at Goodfellow Field, San Angelo, and was pilot of a B-27 Fortress with the 91st Bomber group in England.

Kesslering flew 35 combat missions, was in three major battles, and was awarded the Air Medal with five oak leaf clusters for meritorious service overseas. His home is in Guthrie Center, Iowa.

## Herman Moore Gets Discharge From Navy

GM 3-c Herman Leon Moore, USNR, of Route 1, Snyder, Texas, has been recently discharged by the U. S. Naval Personnel Separation Center, San Pedro, Calif., according to a release from Capt. Frank R. Walker, U. S. N., commanding officer.

Moore, who is the son of Herman Moore of Snyder, enlisted in the Navy June 17, 1943, and participated in the battles of New Guinea, Mortila, Loyte and Borneo. He has received the Asiatic-Pacific ribbon with three stars, the Victory medal, and the Philippine Liberation ribbon with two stars. He plans to return to Scurry County where he will farm.

## Buffaloes Return To Old Home Here

W. J. Buffalo visited The Times office the first of the week, ordered the Home County Paper sent to his Clairmont Route address, and informed Times representatives that he and Mrs. Buffalo have moved back to the old home place here after 16 years on "foreign soil."

They have been living in Dallas. W. J. was here in 1929, but went astray, heeding the lure of Big D though now sees the error of his way and returns home. They are living on the old family place, and W. J. says he will spend much of his time for awhile improving the place. At present it is leased out for farming. It is better known to the old-timers as the Herren place.

Misses Billie Jo Smith and Val-larce Rummier have returned home from Springfield, Missouri, where they have been attending the Western Union telegraph operators school. They are both graduates of Hermleigh high school.

## Spring Unofficially Of Course Is Here

Although Spring, officially, is due to open March 21, Snyder and Scurry County feels that at least a good preview of the season is already here in the form of fine, sunny weather—and ideal days—even ideal after a little sand gets in our "crawls."

The weather, in fact, is causing fruit trees to begin budding, and gardeners whose fancy, in this time of year, runs to weeding hoes and spading forks are taking advantage of the weather to give the "home grocery" wagon operating.

### Local Club Woman Tells Lions About Needs of Snyder

She Spoke on "What Might Be Done to Improve Snyder"

Guest speaker at Tuesday's Lions Club luncheon was Mrs. Ray Cook, who spoke on "What Might Be Done to Improve Snyder."

She said that the younger generation should come first, starting with improvements in the public school system. These would include an active parent-teacher association, well-equipped athletic department, better designing for girls, a fine arts department to meet the necessity for public school music, such as a choral club, band and orchestra, and a systematically supervised school playground with instructors especially trained for the younger children.

Mrs. Cookrell also stressed the need for civic improvements in Snyder, particularly mentioning the renovation of the court house and landscaping of the court house lawn, street markers for the business and residential sections, a general cleanup campaign to be carried out in the city, regular city garbage collection in the residential and business sections, enforced public health laws especially in public eating places, a civic center for public meetings, a good public library, a city park to provide playgrounds for children and a place for picnics and recreation.

Following Mrs. Cookrell's speech, Lion Williams, president of the chamber of commerce, spoke to the members on the importance of the civic improvements she had outlined. And the following new Lions were given membership pins by Lion H. I. Wren. They were Dr. R. J. Kidd, Worth Sawyer, Levi Self and R. E. Patterson.

Guests at the Lions Club dinner were W. A. Griffin, guest of Lion Ralph Odum; Forrest Bruton, guest of M. E. Stanfield and State Highway Patrolman Clark, who was the guest of Lion Edgar Taylor.

## Methodists Slate Revival Services Next Two Weeks

Revival services will be held at the Methodist church March 17 through 31, according to an announcement by Rev. O. B. Herring, pastor.

Rev. W. E. Peterson, pastor of the First Methodist church of Plainview is to be the evangelist, and Rev. W. M. Culwell of Pampa will lead the singing and have charge of the young people's division, both being specialists in their fields.

Some of the subjects on which Rev. Peterson will speak are: "Fighting Another San Jacinto," "Will God Destroy the World with an Atomic Bomb," "The Great Lion Fight," "Digging For Mrs. Miller," "Our Vines Have Tender Grapes," "The Dream of the Centuries," "The Inner Circle," "Their Shouting Won't," "I Cannot Come Down," and "God Bless America."

Services will be held twice daily, at 10:00 a. m. and at 7:30 p. m., March 17 through 31. Christian people of all denominations are given a special invitation to attend.

## Don Sealy Joins Cabinet Shop Here

Don Sealy, ex-service man with four years of service to his credit on foreign soil, has joined the force at the Tate & Stanley Cabinet Shop, and will help them deliver manufactured cabinets and fixtures equipment in the future. Don was issued his honorable discharge about three months ago.

### Boy Scouts Go To Big Spring Meet

The Boy Scout Order of Arrow members and candidates are scheduled to meet at Big Spring, Friday, March 15, to organize their theme of "Service" and to administer the Orders of Ordeal and Brotherhood.

Members and candidates for membership are to meet at the Snyder High School, Monday, March 11, to discuss the trip to Big Spring. Those whose names are on the list are: Franklin Brownfield, Billy Burk, Raymond Bynum, Com Ezell, Douglas M. Glau, Jack McGlaun, Dean McMillan, Dick Sheehan, Dale Walton and Neil C. Burnett. Those whose names should be on this list, and are not, are asked to report to Roy Thurston, commissioner, and to attend the meeting on Monday.

Leaders who are listed as members of the Order of the Arrow are: H. L. Wren, C. M. Boren, Jesse Clements, D. V. Merritt, Jim Polk, O. Z. Porter of Ira, and Robert

### Boss Electric Shop Features All Kinds Wiring, Radio Work

A new business which will open in Snyder around the first of next week is the Boss Electric Shop, owned by H. W. and H. L. Boss and Doyle Bynum, long-time Scurry County residents.

The radio sales and repair and associated products division will be under the supervision of Doyle Bynum, and the electric division will be handled by the two Boss boys, who are both qualified to do REA work.

This shop will be located at 2618 Avenue S, on the south side of the Square.

### School Bus Solves Housing Problem For Kendale Clark

A recently discharged Chief Petty Officer of the U. S. Navy, O. Kendale Clark and his wife, the former Mildred Gore, have solved their housing problem by buying the body of a school bus and setting it on the Gore lot, in Snyder.

Eager to get settled and unable to engage a man with the proper equipment, Clark did the moving and dismantling himself. He drove the bus on the site and disconnected the body from the chassis. With a hydraulic jack and blocks he raised the body and drove the chassis from under it. Then he lowered the body to the permanent blocks he had ready.

The Clarks will soon have their house habitable. They have it wired and the interior painted. They plan to pipe for gas, paint the exterior and put down new floor covering, then it will be ready to move into. Their house is seven feet by 16 feet, all steel and has double walls.

### Snyder Tailoring Remodels Plant

Recent improvements in the Snyder Tailoring Company are an asphalt tiling floor and a built-in counter and desk combination. Last week the Hoffman press for ladies work and four puff irons for finishing ladies' and children's clothes.

Mr. and Mrs. C. E. Fish, owners of the tailor shop, have been in their present location for 14 years.

### Government Will Pay While Veteran Is Learning Trade

Under the apprentice training program for veterans, the government, under the G. I. Bill of Rights, will pay \$50 a month to the veteran who is married and \$65 a month to the unmarried veteran while he is learning a trade.

Besides this amount the veteran is supposed to draw sufficient wages to bring his entire monthly income up to the standard wage scale of the particular type of business for which he is training.

This means that employers who are taking advantage of this apprentice training under the G. I. Bill of Rights should be willing to pay the veterans the difference in his wages which will bring his monthly income up to the standard wage level for the work in which he is employed.

The employer should not feel that just because the veteran has this monthly subsistence allowance he can receive the veteran's service without paying sufficient wages, Bernard Longbottom, Jr., veteran's administrator, says.

Mr. and Mrs. E. Y. Thompson and daughter, LeVerne, and Mr. and Mrs. Joe Leach, returned Friday from a trip to the Rio Grande Valley and parts of Old Mexico.

The Scurry County Red Cross drive, now in its third week, is making very commendable progress with the exception of a few communities, according to the figures of N. T. Underwood, county chairman.

"The drive will continue through the month of March," Underwood says, "however, it is hoped that Scurry County will not only have reached its quota, but will have exceeded that amount before March winds have blown all the sand off the county."

The drive in the city of Snyder is practically completed, with only one small section of the business district being unsolicited and possibly a small part of the residential section, with a total of \$1,585 already raised.

The ten communities which have already gone "over the top" with their funds are: Tringle with a \$10 quota, raising \$13; Elmo Dunn, chairman; Turner with a quota of \$44, raising \$56.05, Mr. and Mrs. J. M. Glass, chairman; Woodward with an \$18 quota, raising \$23, Nathan Wade, chairman; Bison with a \$47 quota raising \$60, Mrs. Wright Huddleston, chairman; Camp Springs and Midway with a quota of \$37, raising \$46.25, Mrs. B. Huchall, chairman; China Grove with a \$30 quota, raising \$32, Mrs. Stanley Market, chairman; Dermot with a \$40 quota, raising \$53.06, Mrs. Burton Moore, chairman; Lloyd Mountain with a \$39 quota, raising \$40, Mrs. Raymond Sims, chairman; and Plainview with a \$43 quota, raising \$50, Miss Leta Woodard.

Two communities have raised their quota, Ennis Creek, \$50, Miss Cliff Birdwell, chairman, and Crowder, \$32, Mrs. H. Smith, chairman.

Bethel, Mrs. Jack Wright chairman reported last Thursday morning that they had raised their quota of \$45.0. They raised, to be exact \$51.45.

Three other communities have reported the following amounts on their quotas: Sharon Ridge, \$41 of a \$50 quota, Emmett Trevey, chairman; Canyon, \$40.50 of a \$53 quota, Mrs. Ed Taylor, chairman; and Ira, \$38 of \$46 quota, Mrs. J. E. Palls, chairman.

Nine communities—Whitley, Pyron Fluvanna, Hermleigh, Independence, Cottonwood, Dunn and Martin—have not reported to the county chairman yet.

With the \$1,585 which has been raised in Snyder—including a \$5 contribution by the Mexican Baptist Church with Reverend Gonzalez acting as chairman, and \$10.20 contributed by the colored section with Mrs. Johnnie James making the solicitations, and \$679 contributed by the various communities outside of Snyder, the total amount of funds collected in Scurry County is \$2,264 which represents 82 per cent of the county quota.

"It was hoped in the beginning that this small quota would be raised in the first week of the campaign," Underwood says, "but due to various and sundry reasons some communities were unable to work that week. With three weeks still remaining in which to raise this quota, surely all committeemen will have sufficient time to go over the top."

### Hermleigh Getting New Butane House

Leon Hammond and Aaron Du Bose have made plans to open their new Butane appliance house in Hermleigh, Friday, with everything in readiness to serve the general public.

In Snyder Wednesday for the purpose of advertising their new place and arranging for other printed matter they stated that the new firm would feature a complete service, delivering and servicing throughout their area.

Both families, Mr. and Mrs. Du Bose and their two children and Hammond and his mother, Mrs. Exa Hammond, have moved to Hermleigh to make their home.

### People Urged To Have Children Enumerated Soon

Scholastic census enumeration days are here! Mrs. Gaston Brock, county superintendent, reminds Scurry County people that all children within scholastic age must be recorded before April 1st.

All children who are six years of age before September 1st must be tallied and in case any child may be missed in his or her district they can be enumerated by the county superintendent.

The scholastic census applies, also, to high school students and the census-taker will use great care in each district to enumerate scholastics. A census blank must be filled in for each high school student.

Last any scholastic is missed, Mrs. Brock requests that any person who so desires come by her office and tally scholastics.

### Funeral Held For S.T. Elza, Former Snyder Resident

Funeral services for S. T. Elza were held Wednesday afternoon at 3 o'clock at the First Baptist Church, Rev. Roy Shahan, of San Angelo, assisted by Rev. J. Wm. Mason, officiated at the funeral. Odum Funeral Home was in charge of arrangements.

Elza, who died last Monday, is survived by his daughter and son-in-law, Mr. and Mrs. E. O. Wedgeworth, and his granddaughter, Mary Anita Wedgeworth.

Out-of-town relatives who attended the funeral were: Mr. and Mrs. E. O. Wedgeworth of Pampa, Mr. J. B. Elza of Belton, Mr. J. C. Elza of Temple, Mr. and Mrs. S. W. Buster, Mr. and Mrs. Dee Elmore, Mr. and Mrs. Charlie Atkinson, Mr. and Mrs. T. L. Hamilton, Mrs. Odie Elmore, and Mr. and Mrs. Fred Merrick, all of Abilene, and Mrs. Allan Moses of Camp Hood, Mr. and Mrs. W. H. Bannister of Lubbock, and Mr. and Mrs. W. E. Grantham of Morton.

The chick brooder should be cleaned up and adjusted several days before the chicks are to arrive.

### Inspection of Cars Reduce Accidents Reports Specialist

One of the outstanding by-products of the war has been conclusive proof of the need of periodic inspections for the safe maintenance of automobiles, according to Thomas N. Boate, well-known traffic safety specialist of the National Conservation Bureau accident prevention division of the Association of Casualty and Surety Executives.

Many states curtailed or eliminated motor vehicle inspection during the war, Mr. Boate explained, and as a result an upward trend in auto accidents due to mechanical defects was noted.

"Seventeen per cent of the nation's traffic accident fatalities in 1944 were identified with unsafe vehicles, as against eight per cent in 1941," said Mr. Boate, a former captain of the famous Pennsylvania State Police.

Recent reports received from various states indicate that regular state-wide inspection programs will soon be resumed.

Snyder visitors to the Fort Worth Fat Stock Show last week-end included Mr. and Mrs. O. L. Nichols and daughters, Jennie and Barbara, and Bobbie Miller; Mrs. W. D. Beggs and grandson, Dicky Beggs, and Mrs. Price Stell.

### SMATTER OF FACTS...

### THE IDEA IS—

People of this entire trade area should be intensely interested in the test case Texas faces on the question of whether it is providing adequate higher educational facilities for Negro students—equal to those offered white students. . . . The University of Texas, for example, rejected the application of a Negro, Herman Marion-Sweatt of Houston, for admission to its law school, pending an opinion for Attorney General Grover Sellers on the question of "whether or not a person of Negro ancestry, otherwise qualified for admission into the University of Texas, may legally be admitted as a student."

Dr. Palmer, acting president of the university, noted in his letter asking the opinion that "it has never been the policy of this institution to admit negroes as students," and that it was the first time in history of the school that a Negro has presented himself for admission."

Dr. Palmer says, further, that it has been the policy of the Texas Legislature to provide for the separation of races for the purpose of higher education as well as separating the races in the public schools."

People of West Texas will remember that the Legislature, at its last general session, took recognition of what members called increasing pressure to provide for broader educational facilities for Negroes by changing the name of the Prairie View Normal to Prairie View University. . . . The legislature also increased the appropriation for operation of the school from approximately \$400,000 to more than \$860,000.

000 in the current biennium. . . . The present test case is expected to settle the matter of admitting Negroes to higher institutions of learning, with whites, for many years down the line. . . . If we let the bars down now, we might as well prepare to witness a racial and another social revolution.

Just why the War Department needs your support is indicated in this statement from Washington, D. C.: "The military task is peace; Congress has authorized our history's largest and best-trained peace-time Regular Army. . . . With this in mind, we believe that from time to time we should read, re-read and give serious thought to what President Truman told the nation last October: 'Our Army, Navy and Air Force, in collaboration with our Allies, must enforce the terms of peace imposed upon our defeated Allies. . . . We must fulfill the military obligation which we are undertaking as a member of the United Nations Organization to support a lasting peace, by force, if necessary. . . . We must co-operate with other nations to preserve the territorial integrity and political independence of the nations of the Western Hemisphere.'"

"In fulfilling its mission as a

### Lloyd Merritt Enters County Sheriff Race

Lloyd H. Merritt, resident of Scurry County for forty years and at the present time employed by McClintock and Noble Feed Store, authorized the Times this week to announce his candidacy for the office of Sheriff of this county.

Lloyd and his family are well known here living at the present time out on Route two.

His entire platform and special message to the voters will be given at a later date to the Times for publication; Lloyd stated.

Any feed or grazing which might flavor milk should be fed after the cows are milked.

### 4-H Girls Record Is Outstanding

COLLEGE STATION, March 14.

(From Texas A. and M. College Extension Service) — The year 1945 shows record achievements of the 45,939 4-H Club girls in Texas, according to Lorene Stevens, 4-H Club specialist of the A. and M. College Extension Service. Food production, food preparation and preservation, home improvement, community recreation, home marketing, home nursing and first-aid, and wild-life and nature study are just a few of the activities they carried on "to make the best better."

Miss Stevens reports that 24,894 girls planned and served 563,443 meals and canned 1,888,007 quarts of fruits, vegetables and meats. In the sewing line, 30,922 club members made or renovated 115,201 garments, including underwear, dresses, suits, coats and accessories.

Inferior home improvement was a project of 12,302 club girls last year. Their work included repapering, refinishing woodwork and furniture, adding windows, rearranging furniture for comfort and convenience, or otherwise improving their homes by adding drapes, window shades, or bed linen. Miss Stevens says that 7,710

made nearly 25,000 articles for their homes.

The much-needed home food production was carried on by 24,459 club girls last year who helped provide their families with fruits, vegetables and poultry. Nearly 2,000 carried on phases of livestock production.

These are results that can be tabulated. The development of leadership and personality through club work is also very important, says Miss Stevens. Demonstrations, exhibits, achievement events, club publicity work and organization all contribute to these less tangible results of 4-H Club work, she concludes.

2-4-D was developed by the USDA as a hormone to stimulate plant growth but now scientists find it is more valuable to kill weeds and noxious shrubs. An overdose does the trick.

Cotton is needed in livestock production.

Any feed or grazing which might flavor milk should be fed after the cows are milked.

## RED CROSS DRIVE MUST HAVE YOUR FULL SUPPORT

March the 4th through 31st has been designated as American Red Cross month by President Truman. Americans are known the world over for their generosity and kindly help in time of need or disaster. That is one of the principles on which our American Red Cross is founded. When you think of help in time of need—think of the American Red Cross.

In this year and coming years the work of the Red Cross will be most urgently needed. In time of war this organization served the oppressed peoples of the world, and the veterans and their families. The needs of these groups have multiplied many-fold in time of peace.

It is apparent, therefore, the American Red Cross faces its most tremendous task and never before has the need for city and community co-operation been more urgent. It behooves Snyder and the neighboring communities to work to put over the drive this year. It will take the whole-hearted support of all to put over the drive.

In past years the raising of the American Red Cross quota might have been called a much simpler task because war was your stimulus to give—today it is the horrors and aftermath of war that cause you to give. These may not be so noticeable, but they are more tragic and longer lived—as long as there is life in the wounded soldiers of this and other wars and the oppressed and maimed of the world.

Today is the day to contact your local Red Cross chapter. And give, give, just a little more for those who rely on the benefits of this great organization.

## DANGER IN YOUR HOME!

We have called attention to the danger that lurks in the average American home, pointing out that the statistics show that about half of the accidental deaths in the nation are due to mishaps within the home.

One survey of a large city reveals that more than half of such deaths are caused by falls. Analysis reveals that nearly half of the falls occurred on the same level, more than one-third on stairs and about one-sixth from one level to a lower level.

The safety experts suggest that the number of accidents caused by tripping over objects and rugs on floors is of such size to suggest caution in every home. Moreover, the need for well-lighted stairways is important and everybody should exercise care and patience in using stairs.

We call attention to these things in order that residents of Scurry County may have them in mind. It will take only a few minutes to look over your home and eliminate some of the accident hazards. To do this may save your children suffering and yourselves medical expenses. In addition, they may save your own necks.—The Brady Standard.

## GONE TO TEXAS

Even now, a hundred and twenty years after the Austins established Texas as a land for the adventurous, Texas remains a fascination and lure to the outsider. Within the last few days there have been two similar examples. Little Johnny Camera, the Italian boy whom the Thirty-Sixth Division adopted, made his way to this country after hearing, we are sure, everything about Texas. Mrs. Curtis Guy Johnson, British widow of a Texas gunner, will settle with their child in Menard, heart of the Edwards Plateau, in deference to the last wish of her husband.

Thus persists the glamour of Texas. It may be the waxy richness of the Blacklands where the Salerno youth hopes to live with his friend Curly Thompson. Or the pecan-studded San Saba as it winds through the purplish hills of the Menard Country with Spanish oak dotting the uplands. It is these, and the poignant serenity of the hilllands, the breadth and clarity of the range and praries where men in an unbridled freedom ride off into the sunset at the close of day.

History is woven into it. 'Gone to Texas' originally applied to the criminal wayward. But time has given the expression more dignity; gone to Texas really signified the movement of the adventurous and those who wanted to begin again. Here was room. Here was opportunity. Here was the vast frontier where the traditional American trait of individualism could manifest itself with extra vigor.

So through the years arose certain qualities indigenous to Texas. They are as varied as a patchwork quilt, but unified in tradition and purpose. It is home to nearly seven million souls, but a fascination, and at times a mystery, to many more. Some leave. The majority return. And many, many, many more enter, lured by that indefinable something which tells a man here is still the spirit of untamed youth, here on the edged beauty of the range and cedar-pleasant refuge of independence.—The Brady Standard.

## OUT-OF-TOWN SHOPPERS FACING A DYING EXCUSE

Community building is a broad topic, and the ideal place to live is an elastic picture; usually a picture of hachured lines drawn by a lot of people. It takes a lot of people's ideas to construct a desirable town in which to live. It takes most of those people to keep a town moving forward.

During the war years an excuse, weak though it may have been at times, has appeared on the surface for purchasing things from distant places. It isn't new, but the excuse grew out of the argument, sometimes real but more often imaginary, that the local merchant didn't have a particular item. The mail order house had such an item listed in its catalog. The real fact is, at home your local merchant has been honest in his advertising; has told you plainly that he hadn't this or that, or he didn't advertise the things he didn't have and had difficulty, or experienced failure, in getting. Then, if you will check up, it can be found that hundreds of items advertised in the big catalogs were seldom available to you. Bait deluxe! They couldn't fill the orders just now, but hoped to have some soon. Your local merchant was hoping the same thing—and frankly, he did get those things about as soon as the mail order house.

The doctrine of trading at home for the benefit of your home town isn't a new idea. Maybe you've heard it somewhere before. Even the reasons for trading at home aren't new just because the war may be over (or is it over?), and you can get most everything you need in the Ole Home Town now. Anyway, Snyder needs your support. Gradual improvements you want will come from your aid in keeping "more dollars at home."

One fellow says: "Sure, I order most of my needs because I can get it cheaper." That argument was old when the Boston Tea Party took place—and as yet never satisfactorily proven. He probably saved a few cents—on cheaper merchandise. You can get "seconds" and "culs" by ordering, mostly things cut-back from reason of flaws in materials and workmanship. Where's the saving?

Money spent away from Snyder doesn't pay any of the taxes it takes to educate Scurry County's children. It doesn't pave any streets—doesn't help fix our sewer system—doesn't keep our churches in good repair. In fact, cheap merchandise isn't the only thing cheap about sending money away from home. About the same thing as asking a neighbor if he will educate your children while you send money away to build a finer school for children in Shukargo or some other city.

Rude examples exist: a merchant's wife was called to a neighbor's home when a new babe arrived—and then had to unwrap a mail-order package for some baby clothes. Maybe the parents thought that was all right, but we would venture to say the new-born babe blushed. Then the merchant's wife cooked two meals for the family that day before a relative came to take over. Of course, just to be neighborly, the manager of the mail order house came out the next day to wash the baby's diapers. Can you imagine that? — If you can, you have some imagination!

Perhaps you have often thought people doing that mail ordering think nothing of it, but they usually feel a bit guilty, appearances seem to prove. Just recently a woman entering a dry goods store here reprimanded her little daughter for taking a small mail order package from under her coat. Not very proud of it, do you think? Likely you think mail order patrons feel shame in calling for their mail packages and carrying them down the streets, but they don't—because they usually send their children for them!

## WHO SAW WHO LAST?

We notice where numerous ships are leaving the foreign ports with brides of service men coming to the United States. We suppose that is fair treatment for all, using ships for that purpose. It must be remembered that the brides have been away from the Grand Ole U. S. A. much longer than our overseas fighting men.

We planned on writing something about the shortage of houses and apartments this week, but have been so busy hunting a place to live that we failed to get around to it.

We really don't like the government's attitude in fighting private business. They're going to keep sending Russia so much of our food that you can't sell a reducing remedy for half price.

Of course we are proud of Jesse Everett's fine horse, Trusky, in the Fort Worth show. Scurry County really is the home of beautiful horses and fast—horses!!

## A HOPE FOR MARCH '46

## Insurance Policies On Cotton Crop To Run Indefinitely

Cotton crop insurance policies taken out this year will continue in effect on crops in succeeding years, Scurry County ACA Committee chairman, pointed out today.

"From now on, cotton crop insurance will work just like other kinds of insurance you buy in that the policy continues in effect until either you or the insurance company decides to discontinue it," he declared. "Congress has set up the program as a permanent institution of the government, and in my opinion crop insurance is here to stay."

Mr. Adams said that the policy will continue in effect from year to year unless either party gives written notice to discontinue by January 31, except in cases of yield or rate changes when notices must be given by the closing date for signing applications.

Six applications for insurance were received in the county ACA office last week, bringing the total number of policies in the county to 12, Adams reported. Deadline for signing applications is April 10, although the producer must sign up before he seeds his crop. Applications may be obtained either from authorized sales agents or from the county ACA office.

Mr. and Mrs. M. M. Clark visited Mrs. Clark's mother in Trent last week-end.

## GAS

Overwhelming choice for running modern kitchen

This decided preference is not surprising when one considers the homemaker prepares in one year about 1,000 meals. This represents at least 1,500 hours' work in her kitchen. So she has reason for some pretty definite ideas. She demands efficiency, speed, comfort, beauty and economy. She knows from experience gas meets her requirements. These are some of her actual statements: "I like gas for refrigeration . . . it's much quieter." "I'd rather have a gas range than any other kind." "Gas equipment is inexpensive to run . . . but I'd insist on it at any price because it works so much better."

### Hoyle-Patterson Marriage Vows Read Friday

Miss Mamie Hoyle, daughter of Mr. and Mrs. R. C. Hoyle of Snyder, and J. B. Patterson, son of O. E. Patterson of Hermleigh were married Friday evening in Snyder at the home of Rev. Clark.

The bride, who formerly lived in the Ira community, wore an aqua dress with black accessories for the ceremony. She was employed at Perry Bros. before her marriage.

Patterson served four and a half years in the army. He went overseas with the Veterinary Detachment and returned to the States last October. He received his honorable discharge November 19 of 1945.

After a short honeymoon in San Angelo, the couple returned to the Ira community where they will make their home.

## FARM FACTS WORTH KNOWING

Q. Are wood seeds normally long-lived?

A. It is hard to believe, but nevertheless true, that weed seeds may produce plants as long as forty years after the seeds ripened. For this reason, the fight against weeds must be continuous and unrelenting.

Q. What causes some turkeys to develop a crop which is excessively long, flabby, and pendulous?

A. A pendulous crop may be due to heredity, to climatic conditions, or both. Gorging water after going without it during hot, dry periods, or the consumption of coarse dry grass or other high fibrous materials are contributing factors.

Q. How much does it cost the farmer for each pig that dies?

A. Considering the feed cost to be 2 cents per pound, the U. S. Department of Agriculture estimates that the money-loss for a dead pig is as follows:  
Pig dead at birth.....\$2.80  
Pig dead at weaning..... 5.20  
Pig dead 8 weeks after weaning..... 7.20

Adding the cost of labor and overhead, the cost of each dead pig reaches an even higher total. Fortunately, scientific management and sanitation practices have substantially reduced losses from cholera and other preventable diseases.

Q. Does the feeding of wheat germ oil boost the fertility of dairy bulls?

A. No; this conclusion was reached after extensive research at the Research Farm of Purina Mills in 1936, and has since been confirmed by work done at Cornell University.

Q. Does the presence of large and numerous "milk veins" in the udder of a cow indicate that she will be a heavy milk producer?

A. Probably not, says the U. S. Department of Agriculture. These external veins assist in carrying blood away from, and not to, the udder. Moreover, the internal veins are apparently large enough to return all the blood from the udder.

Send your questions about any phase of farm management to FARM FACTS, 235 South Eighth Street, St. Louis 2, Mo. Questions will be answered without charge, either by mail or in this column, as a service of this newspaper.

Pick any one!—but get an OIL-PLATED engine

They're all good. And you can prove that you're a good chooser... by getting an OIL-PLATED engine.

Any car you buy... (or the one you still want to keep!)... will have OIL-PLATING on guard in the engine if you make it a point to use Conoco N<sup>th</sup> motor oil. It's patented oil. It includes the added OIL-PLATING ingredient. And this acts magnet-like—to make your engine's fine inner finish attract lubricant that's durably surfaced right on... joined up or OIL-PLATED.

OIL-PLATING gives surfaces a barrier against wear. And wear is the big cause of carbon and sludge. So you can see why OIL-PLATING is just about a must if your car is a veteran—crying for its Spring change of oil. ## Abercrombie-McCravey Wedding Vows Said

The double-ring wedding ceremony of Miss Mary Bess Abercrombie daughter of Mr. and Mrs. John Abercrombie; and Loyce D. McCravey, son of Mr. and Mrs. J. D. McCravey, was performed March 2 at 8 p. m. at the home of Rev. Earl Creswell.

The bride wore a Navy blue dress with black accessories and a corsage of pink carnations. For something borrowed, she wore a string of pearls belonging to the groom's mother, Mrs. J. T. McCravey.

Jessie McCravey, sister of the groom, was maid of honor and Chester Horsley acted as best man. After the ceremony the couple visited in Lubbock and Plainview for a few days. McCravey is employed at the Corden Wholesale Company here, and the couple will be at home at 1308 29th St.

## Never Too Busy For This

Iika Chase, famous for her satirical writing, radio programs and attire, finds her days hectic to say the least. But she gives her full attention to a job she knows cannot be neglected—the job of saving used fat in her New York apartment kitchen. She realizes how important it is to save and turn in every drop of kitchen grease to help make soap.

## Alturian Club Has Texas Day Program

Mrs. J. K. Dorward was hostess for the Texas Day program of the Alturian Club meeting last Friday.

The program, directed by Mrs. W. P. King in the absence of Mrs. Cogdell, included a resume of "Texas Under Six Flags," by Mrs. King; appropriate Texas music by Mrs. Fritz R. Smith; and Texas readings and poems by Mrs. Hugh Taylor.

Delicious refreshments of salads and sandwiches were served to the following ladies: Mesdames W. R. Hugh Boren, J. C. Dorward, R. D. English, W. P. King, J. W. Leftwich, Alice Northcutt, A. C. Preulit, R. J. Randals, Fritz R. Smith, Hugh Taylor and S. S. Williams.

The next meeting will be held March 22 at the home of Mrs. H. G. Towle.

**Correction**  
Mrs. M. C. Kimzey, who was taken to the Snyder General Hospital early Monday morning, is quite ill.

Mr. and Mrs. Ray Patterson attended a bridal shower Friday night at Sweetwater honoring Mrs. James R. Patterson, the former Nelle Carlton of Sweetwater. Patterson, an ex-lieutenant in the Army Air Corps, is a nephew to Ray.

Ex-Pfc Buford Parmer, son of Mr. and Mrs. T. B. Parmer, arrived home Thursday with a medical discharge received at San Diego, Calif., February 27. Parmer spent 21 months as a marine, eleven of which were spent in the Pacific. He took part in the Okinawa invasion last April, where he was wounded twice. He was also stationed in Hawaii a short time before returning home. He wears the Overseas ribbon with 2 battle stars, the Purple Heart and the Good Conduct medal. Parmer plans to enter Tech, Lubbock, this fall. He was a 1944 graduate of the H. H. S.

We are glad to report that Mrs. M. J. Haynes has returned home from the Snyder General Hospital. Her daughter, Mrs. Melba J. Burney, of near Monahans, is attending her bedside.

Mrs. M. C. Kimzey was taken to the Snyder General Hospital Saturday. We wish for her a speedy recovery.

Mr. and Mrs. C. P. Williams of Pluvanna, Bobbie Joyce and Royce Walker of Inadale, Mr. and Mrs. W. L. Jones, took dinner Sunday with the writer. Bobby Joyce and Royce are spending a few days with us due to the illness of their father, Roy Hallman. Roy was operating a one-way on his farm near Inadale last Tuesday and fell, striking his head on the farm implement. The injury is not thought dangerous. We wish for him a speedy recovery. Mrs. T. W. A nice rain fell Monday night, accompanied by some hail, a high wind and thunderstorm. The moisture will be very helpful to grazing.

The Hermleigh High School basketball team attended the Ira Invitational tournament held at Ira, March 1st and 2nd with the Hermleigh girls scoring a victory over Coahoma, 31-20. Winning this game placed them in the finals, playing Pylon for first place. After both teams battled heavily against their opponents, the Hermleigh team won the title, 15-13. Immediately after this game was terminated the trophies were given to the most outstanding teams, both consolation and championship. Our girls are very proud of their beautiful trophy and it adds much happiness to the trophy collection of the Hermleigh High School. Miss Lou-

roy Stewart is the coach.

Supt. J. T. Bryant urgently requests that the parents of this school district are certain they render all scholastics between the ages of 6 to 18 by April 1st. Its very essential the school gets the benefits derived from these children.

Miss Lela Mae Williams, daughter of Mr. and Mrs. C. P. Williams, Pluvanna was wedded to ex-Lt. Henry D. Stokes, January 11th, in the Baptist Church in Richmond, Calif. at 7:30 p. m.

The bride wore a white street-length dress with black accessories and carried a bouquet of white carnations.

Matron of honor and best man were Mr. and Mrs. Stanley Manus of Richmond.

Miss Stokes is a graduate of the Hamilton High School and Draughn's Business College, Abilene but formerly attended school here. She was employed as a stenographer in Richmond at the time of her marriage.

Stokes spent 30 months in the E. T. O. taking part in the invasion of North Africa, Italy, and Southern France with the 36th Division. He was wounded while in Italy. He was re-classified after the invasion of Southern France and was put in the M. P. Division of the Military Railway Service.

Returning to the States September 20th, he received his discharge at Fort Sam Houston December 16. He is employed in the Mare Island Navy Yard at Vallejo, Calif. The couple are at home at 604 32nd St., Richmond, Calif. He is a son of Mr. and Mrs. W. H. Stokes, who were formerly in business at Hermleigh.

Mrs. Travis Early of Amarillo has been visiting her husband's parents, Mr. and Mrs. O. E. Patterson.

Old Man Weather and the Marco Lion had a terrible chase last week and stirred up quite a bit of dust in this area Tuesday and Thursday, then the lamb crept in and brought a lovely week-end, but today (Monday) is another unpleasant, windy day.

The school lunch room supervisor of Amarillo visited our school March 4th and gave a favorable report on the lunches served here. The ladies of this community are

planning to play a basketball game in the school gym, Tuesday, March 19th, at 7:30 p. m. and the proceeds will go to the American Red Cross.

The Red Cross quota for this community is \$250.00 and with the co-operation of everybody it is hoped the full amount will be raised at this game but if not contributions will be solicited other ways to complete the quota.

Supt. J. T. Bryant, a member of the drive committee, urges that a large crowd attend the game and assures you everybody will have a barrel of fun as some of these ladies haven't played basketball in 15 years. The admissions are 25c and 50c and of course each one can make an extra donation if they so desire.

The PTA will sponsor a 42 party at the school gym Thursday, March 21st, at 7:30 p. m. when prizes will be given away and refreshments will be sold. The proceeds from this party will go to benefit the school library. Everyone is invited to be present.

A Boy Scout troop has been organized with Loy Kerby, grade school principal, as scoutmaster and a Cub Scout pack with Rev. A. T. Mason as master. Their first regular meeting will be held tonight (Monday) to elect officers and plan the programs for the summer.

A Baptist training union was organized at the Central Baptist Church Sunday evening with J. T. Bryant as trainer and director and he urges that all the young people of all faiths meet at the church with him each Sunday evening at 7 o'clock and help in this work.

Mr. and Mrs. Roscoe Williams, Mrs. J. H. Farren and daughter of the Plainview community, Mrs. J. O. Jones of Denver, Colo., Misses Izora Williams and Dortha Heatherington of Roscoe took dinner with the writer Sunday. The Misses Williams and Heatherington are nurses in the Young Hospital.

Ernest Corley and family were in Roscoe Sunday visiting his brother, Albert and family.

## One Million Home Gardens Is Goal

**COLLEGE STATION, March 14.**—(Extension News Service)—The goal of three-quarters of a million home gardens in Texas, previously announced for 1946, has been upped to a full million by C. R. Heaton, horticulturist of the Texas A. and M. College Extension.

The upward revision points out the need for home production of vegetables at a level equal to that of the war years and reflects the critical world food situation.

The appeal to Texas home gardeners to plant an additional 250,000 gardens came after M. L. Wilson, director of the Federal Extension Service, called upon Texas Director Ide P. Trotter to again put into effect war-time policies of food production.

Dr. Trotter has instructed all county agricultural and home demonstration agents to make home gardening a major activity. He said recent developments in the world food situation are such that food will be as critical an item, if not more so, than during any year of the war.

## Dunn News

Mrs. Bama Clark, Correspondent

We have had the pleasure of enduring some real sandstorms the past week, which ended with a nice shower of rain last night, which we were very glad to see.

Major Max Duncan of Fort Bliss, Texas, was a visitor with his cousin, John Brown and Mr. Brown, Sunday. Major Duncan is a graduate of Hermleigh High School and has been in service for the past six years.

Miss Mary Lou Cotton attended the Fat Stock Show at Fort Worth and was the guest of her brother, J. L. Cotton and family, and her cousin, Captain and Mrs. B. J. Johnston.

Mr. and Mrs. Claude Lloyd of Snyder were in Dunn Sunday afternoon.

Mrs. H. M. Anderson of Hermleigh spent part of the week with her daughter Mrs. R. O. Browder. Rev. R. O. Browder attended the series of lectures at Abilene last week.

Mr. and Mrs. L. E. Russell received word that their granddaughter, Helen Frances Ramsour, of Edenburg, was married February 10 to Mr. James R. Brumley. Helen Frances is known in this community as one of ten who visited here.

Mr. and Mrs. R. B. Bowlin and sons, Raymond and Mike, of Amarillo, were week-end visitors in the home of her parents Mr. and Mrs. R. D. Sherrards and other relatives. Raymond recently received his discharge from the Navy.

Those attending the quarterly at Buford from here Sunday were: Rev. and Mrs. R. O. Browder, Mr. and Mrs. Bill Davidson, Mr. and Mrs. H. P. Billingsley, Mrs. Bama Clark, Mr. Martin Murphy, Mr. L. A. Scott and J. E. Brown.

We were glad to learn that Mr. T. D. Wiman, ex-school teacher of Dunn, had purchased a farm home between here and Snyder. Mr. Wiman recently received his discharge from the Army. There were several of our boys from Dunn who attended the Fat Stock Show at Ft. Worth over the week-end with the 4-H Future Farmers Club: Dan Davidson, Ira Riggs Jr., J. B. Davidson, Max Billingsley, Don Lay. Others from here were Don Billingsley, Dale Grant, Bobby White.

## Surplus Foods Sold By U.S. Government

AMARILLO.—(USDA)—About 94 percent of all government-owned foods sold during January by the U. S. Department of Agriculture were items declared surplus by other government agencies.

Bulk of the declared surplus property consisted of butter, pineapple, pineapple juice and tobacco products, according to E. A. McBride, district director.

Smaller sales included USDA owned commodities released in regular stock-turnover and inventory reductions and those purchased originally from farmers in price support programs.

Sales for the month totaled \$3,703,849, bringing to \$77,591,225 the amount of all agricultural products sold since May, 1944, he said.

Frozen food removed from quick freezer locker and thawed should not be refrozen.

### Williams Jewelry Moving to West Side of Square

The old Towle building on the west side of the Square is being remodeled and redecorated as the new location for Williams Jewelry Store and Record Shop. Improvements on the building include a glass brick front and the installation of new modern windows, a special lighting system with drop ceilings, and two sound-proof phonograph booths.

Sam Williams says he hopes to be moved into the new location by the end of this week. He and Mrs. Williams have recently been to market in Dallas.

### Religious Census Slated in Snyder Sunday Afternoon

With churches and pastors of several different churches co-operating, a complete religious census of the city of Snyder will be taken Sunday afternoon. Plans were perfected early this week, with teams already selected and ready to start out in various parts of the city at 12:30 p. m. and wind up the census at least by 3:00 o'clock.

People are urged to be at home, if at all possible, and receive the enumerators. It will only take a few minutes of your time and will certainly be appreciated.

Many new people have moved into Snyder since the last religious census several years ago and there is a real need for this service.

### AUTO DEATHS SHOW MANY LAW VIOLATIONS

Traffic experts of the National Conservation Bureau, accident prevention division of the Association of Casualty and Surety Executives, predict that traffic laws are in for stiffer enforcement when motoring gets back to its full pre-war status.

Each year more accidents are reported in which law-violations were committed, and at present nearly three-fourths of all fatal accidents involve drivers who have disobeyed traffic laws.

The most common violation is excessive speed. Other important ones are wrong side of road, failing to give up right of way, driving under influence of alcohol, and disregarding stop signs.

The post-war traffic plan calls for stricter law enforcement for the motorist, with emphasis upon frequent car inspection and properly working mechanical equipment.

Mr. and Mrs. Haywood Moore, Jr. of Wichita are visiting in the home of Mrs. A. C. Reynolds.

You aren't getting machinery, Mr. Farmer, because...

## PICKET LINES

have taken the place of

## PRODUCTION LINES!

...so don't blame your Implement Dealer!

YOUR implement dealer had planned and expected to have his display floor filled with new implements and tractors weeks ago. And we had planned to make them—had told our dealers and our farmer customers they would have new equipment and plenty of service parts for the 1946 spring work. And we had hoped to sell these machines at no advance in price.

### Real Production Had Started

When the war ended, our organization bent every effort to increase production, with the result that in the last months of 1945 machinery was being built in very substantial quantities. Here are a few figures:

| ITEM             | NOV. 1945 | DEC. 1945 |
|------------------|-----------|-----------|
| Tractors.....    | 7,271     | 7,432     |
| Combines.....    | 2,345     | 2,526     |
| Cultivators..... | 3,482     | 3,308     |
| Hay Loaders..... | 209       | 982       |
| *Plows.....      | 6,185*    | 6,702*    |

\*Plows are made in our Canton and Chattanooga Works, which are not on strike. January production was 7,747 plows.

Both your dealer and we were encouraged by this production picture at the turn of the year. But the strike changed all that. As you know, the CIO United Farm Equipment & Metal Workers of America called a strike in ten of our plants, on January 21, 1946.

### What Is The Strike About?

Wages are a basic issue. At the time of the strike, Harvester employees were among the highest paid workers in American industry. When the strike began, the average hourly

earnings in the ten plants, not including overtime, were \$1.15½. If present wage proposals are adopted, this figure will become \$1.33½ per hour.

When the strike began, negotiations were broken off by the Union on the issue of compulsory union membership. The Company has no desire to weaken the Union. It recognizes certain reasonable needs of the Union. But the Company does oppose compulsory unionism. It feels strongly that an employee's membership should be a matter of his own choice.

### Material Costs and Price Relief

Wages and materials are the great costs of operating our business—together they consume all but a few cents of every dollar the Company takes in. Wages are obviously going to be high—and nobody knows just how high material costs will go.

In the face of rising costs of materials, the Company does not see how it can pay the wage increases recommended by a Government fact finding board until it has definite and satisfactory assurance from the Government that reasonable price relief will be granted to the Company within a reasonable period of time. This matter is of such importance that it will not be discussed here, but will be covered by future advertisements devoted to both prices and profits.

Speaking for our dealers and ourselves, we can assure you that no customer is more eager than we are to resume production. We are doing and shall continue to do everything in our power to bring about a fair settlement as soon as possible.

## American Red Cross Aids Wounded and Able-bodied

Not long ago to a Red Cross field director with an outfit on maneuvers flashed a message that the mother of a man in his unit was critically ill, and the man was needed at home immediately.

With this message from the soldier's Red Cross chapter verifying the illness, the field director called on the commanding officer who arranged an emergency furlough. While a courier sped up the line to fetch the soldier, the Red Cross man was busy arranging transportation.

Within a few hours the boy was at the Red Cross field office where furlough papers and a ticket awaited him. The field director drove him to the airport, and the boy arrived home in time—not to see his mother die, but to save her life with a blood transfusion.

Today, almost seven months after V-J Day, some 17,000 Red Cross workers are still with the GIs at home and abroad. Hundreds of clubs and rest homes overseas are in operation where men meet on leave, get home-cooked food, and that prime American favorite—doughnuts and coffee. Music and entertainment, books, magazines, and home town newspapers, lounge and writing rooms—all are popular. For men staying overnight there are comfortable beds, clean sheets, and hot showers.

More important than Red Cross services to the able-bodied are those for the wounded and ill. In army and navy hospitals the country over, professional and volunteer Red Cross workers serve in many ways.

To the hospitalized a financial or family problem may prey upon the mind and dull the will to recovery. Under guidance of Red Cross medical social workers many a problem is dissolved, and obstacle overcome. Programs directed by recreation workers help patients forget their troubles. Red Cross volunteers supplement these workers with every conceivable service.

For example, there was the blinded soldier whose face was horribly scarred, who was expecting a visit from his wife and five-year-old daughter. It would be the first meeting in two years, he told the Red Cross girl who was teaching him rummy with Braille cards.

"My little girl knows I'm blind and she's planning how she'll do things for me," he said.

But what she did not know, what had been kept from him so that it might not retard his readjustment, was the way he was scarred and disfigured.

The Red Cross girl caught her breath. "That's fine," she said. "I'll meet them at the train."

Her heart sank upon seeing the tiny girl. It would be a job to prepare her for the shock, to make sure she did not let her father suspect there was anything wrong.

Gently she told the child about her daddy's face, how it would get better, how much he loved her, and that she mustn't be afraid. Then, with a prayer in her heart, she led mother and child to where the blinded soldier waited.

The crucial moment had come. Now, upon the actions of a little girl, the future of this family would depend. For a moment the tot stood in the doorway, looking at her father across the room. Then, without hesitation, came the patter of little feet, and she threw her arms around her father's neck. "Daddy," she cried, "Daddy, it's me—we're so glad to have you back!"

A simple service, yes. But it determined the happiness of three people. Without the understanding heart, and the many who daily give of their minds and souls, the adjustment of thousands of servicemen might be seriously retarded.

The American Red Cross needs \$100,000,000 to carry on during the next fiscal year.

Because farm families have a big stake in the Red Cross they consistently support the organization. The Red Cross is confident that families in agricultural areas, the backbone of the nation, will generously support the 1946 Fund Campaign.

### Dr. George W. Cox Says Immunization Is Best Preventative

AUSTIN, TEXAS — (From Texas State Department of Health)—"Immunization is superior to all other means of communicable disease control because immunity becomes part of oneself and is always there as a defense against certain diseases."

This is the statement of Dr. George W. Cox, state health officer, who adds: "Immunization is the best and most effective means of protection against diphtheria, tetanus, smallpox, whooping cough and typhoid fever." According to Dr. Cox the ages that are best for immunization of children are: For diphtheria and tetanus, 9 to 12 months; Schick test 6 months later, re-immunize if immunity has not been established; smallpox, 6 to 12 months re-vaccination at 6 to 12 years; whooping cough, 6 to 12 months. Tetanus or lockjaw is not common, however when it does occur it is usually fatal. The tetanus germ gets into cuts, scratches, abrasions and particularly deep wounds, so that it has always been an important problem of public health as well as military medicine.

Other ways to fight disease are through good sanitation measures. The provision of safe water supplies, the pasteurization of milk, the supervision of food and other precautions have in many communities reduced typhoid fever to a minimum. Isolation and quarantine have their place and are extremely valuable, but none of them has the quality of immunity, of being a part of oneself, and consequently always available.

## INITIATIVE plus "KNOW-HOW"

THE livestock business is a typical example of American enterprise. Often a man with ambition, initiative and "know-how" starts with a small herd and increases it into a "big business" consisting of large herds and thousands of acres of land. These great ranches and their fine stock are the backbone of West Texas prosperity.

In the light and power business, men with vision brought modern electric service to growing towns and communities. Power lines were extended over wide areas to provide electricity

to urban homes, farms, ranches, stores and industries. Initiative and "know-how" of these electrical men brought to the wide open spaces the same comforts and conveniences of electric service that were found in the largest cities.

That's the way America works . . . why we've enjoyed the world's highest standard of living. Initiative and "know-how" in free America have brought to every citizen a material wealth that is the envy of the rest of the world. It is the "American Way" of life.

## USO ANNOUNCES 1946 CAMPAIGN

Army, Navy Heads Praise USO Work, Urge Continuance

REPORT REVIEWS 5 YEARS OF SERVICE

Official announcement that USO will conduct its own fund raising campaign next September and October with a goal to cover minimum service requirements through 1947 was made by President Lindsey F. Kimball at a USO Fifth Anniversary luncheon held in New York, February 4th. Similar announcements were made at anniversary luncheons in other cities.

USO came into being on February 4, 1941, when six member agencies joined hands to create one organization to care for the needs of the men and women of the armed forces. So far the American public has contributed 200 million dollars.

At the New York luncheon the speakers were Lieutenant General J. Lawton Collins, Director of Information of the War Department, and Vice-Admiral Louis E. Denfeld, Chief of Navy Personnel, who described what USO had done in its five years of operation and what it still must do for the service men here and abroad.

## Gen. Eisenhower's Message

Gen. Dwight W. Eisenhower, Chief of Staff, sent this message:

"May I earnestly count on your organization and your host of volunteers to stay with us through the dangerous and difficult period of transition to final peace?"

"We still have a pressing need for the services of USO and will be deeply grateful for your continued help in the future as in the past."

Fleet Admiral Chester W. Nimitz, Chief of Naval Operations, also sent a message of congratulation.

## Need for Fund Outlined

The need for raising a terminal fund in the fall of 1946 is due to the fact that the National War Fund will finance USO only through 1946. Tentative, purely tentative, plan for 1947 call for the operation of some 250-400 USO clubs in the continental United States, largely in connection with hospitalized but convalescent veterans. Operation of station lounges for troops-in-transit, men on leave, and families of service people must continue. Overseas clubs will carry on in Alaska, Canal Zone, Hawaii, Philippines, etc. Camp Shows will still be seen and heard in 1947 by men in hospitals and men overseas.

Coincident with the announcement of the USO fall campaign, President Kimball made public his annual report, in which he says:

"USO finds that at its peak of activity, it is serving 1,000,000 people a day in one capacity or another, run-

ning up to more than 1,100,000,000 the total served since the organization was created.

## 3,035 Units at Peak

"The number of operations, such as clubs, lounges and similar activities, reached a high point back in March of 1944, a total of 3,035. As training camps closed and the men went overseas this number declined, but the over-all volume of work increased."

## Highlights of USO Report

At peak, USO was serving 1,000,000 men a day.

During the five years (February 4, 1941-June 4, 1945) total of 1,100,000,000 served.

At peak, there were 3,035 USO operations.

Peak expenditures were \$5,800,000 a month.

Peak Overseas Units totalled 172.

Overseas Club attendance (1942-1945) was 104,819,151.

During the half-decade, Mobile Services of all sorts totalled 30,000,000.

19½ million individual services performed by 131 USO-Travellers Aid Units.

Trendelenburg attendance totalled 70,000,000.

At the height of activities 700 USO Shows were given DAILY overseas and in the United States, by more than 4,000 entertainers.

Four-year total audience for these shows was 172,886,314.

June 1943 was the numerical peak of volunteers—739,000 of them working that month.

They worked a total of 165,000,000 hours in 5 years.

American public has given \$200,000,000 to service 14 million men and women in armed forces.

HIGH EXTRA  
PAY FOR YOUR  
DEPENDENTS

## Join The Regular Army

Yes—especially if you have dependents—the Regular Army is a worthwhile career for you! Congress has extended the generous war-time dependency benefits—now they cover Regular Army enlistments as well. Nowhere can you gain greater security.

Each month your wife will receive a \$50.00 check from the Office of Dependency Benefits—of which \$22.00 is allotted from your pay. If you also have a child, the payment is \$80.00... and \$20.00 more for each additional child (all for the same cost to you of \$22.00). Generous payments, too, for dependent parents, brothers or sisters... consult the table. You can even have the total payments for wife and children plus parents, brothers and sisters—for an allotment of only \$27.00 from your pay. The first check to your dependents will be mailed right from your Reception Center!

Your family will receive advantages found nowhere else. Many Army posts will even have homes for NCO's—lovely, complete modern communities where you may live at very low cost.

You can retire after only 20 years service, at 50% of your pay and longevity—greater retirement pay possible (up to \$155 a month!) if you stay in the Army 30 years.

Nowhere else can you be guaranteed more advantages of good food, free medical care, clothing and comfortable quarters—education and entertainment—inexpensive insurance. Enlistment terms of 1½, 2 or 3 years are now possible. By choosing the 3-year "hitch" you get to pick not only your foreign theater—but also the branch of the Army you desire!

## Why Don't We Have Lumber FOR HOME BUILDING?

There are plenty of trees, plenty of lumber mills, but very little lumber for Home Building. WHY?

Here are the simple facts behind the lumber shortage these facts are stopping Home Building:

1.—Over 50 per cent of our lumber was once cut by small mills. Thousands of these mills were put out of business during the war by OPA ceiling prices. OPA still clings to wartime policies and these mills are still out of business.

2.—OPA's blind "hold the line" policies, plus lack of enforcement have led to the development of a huge Black Market in lumber. "Black Market" lumber is lumber that costs the people more money than they would pay if lumber were flowing to them through the normal channels of distribution—the retail lumber dealer.

3.—Wartime ceiling prices made it profitable for the lumber manufacturer to cut sizes of lumber suitable for war uses, but not suitable for home construction. As OPA continues this unrealistic policy, manufacturers continue to cut sizes which are unsuitable for home construction. In some cases premium prices granted by OPA encouraged production of lumber not usable for Home Building. Proper peacetime adjustments have not yet been made to encourage production of home construction lumber such as flooring, ceiling, siding, millwork, plywood—all essential items in home construction. This situation affects all lumber production.

4.—The manufacturers of lumber have been provided with a hidden premium on export lumber. The OPA has made it more profitable to produce lumber for export to foreign countries than to produce lumber for home construction.

These are merely examples from the lumber field which indicate the type of OPA action that is blocking the production of home building materials in many fields.

The fact remains that homes cannot be built by any industry or Government agency without materials.

Homes cannot be built without lumber—whether that home be wood frame, brick, concrete, or stone.

The lumber and building material dealers, and the contractors of the nation can build all the homes needed—if they have the materials. But the flow of materials must be unblocked. Only increased production of building materials can solve the so-called housing problem and the unrealistic pricing policy of OPA is the biggest present block to increased production!

Any government program that does not FIRST remove the obstacles blocking production of materials will simply add additional difficulties to the problem facing the building industry.

## amed Scotland Yard Kept Busy By Crime Wave

### Hard Pressed to Maintain Reputation of Always Getting Their Man.

LONDON.—Scotland Yard police, combating the worst crime wave in many years, are being hard pressed to maintain their reputation of always getting their man. At least six unsolved murders, all committed since V-E Day, a kidnapping and a number of large jewel thefts are among the cases on the books, says the Associated Press.

Experts said they could not remember a time when so many big cases were under investigation. Chief Inspector G. A. Somerset even had to leave his desk in headquarters to assist his detectives on the streets.

Two of the most publicized murders, both described as "gangland" killings, were committed in London under similar conditions, two weeks apart. The first victim was Frank ("The Duke") Everett, a taxi driver with what the newspapers called "a background of mystery."

The other was Reuben Martirosoff, 39, who is listed in police records as an international racketeer and black diamond merchant expelled from five countries.

The other murders took place in the provinces, where Scotland Yard does not enter cases except on request of local chiefs of police.

Crimes Varied. October was the worst month of crime in England since the first year after World War I. Crimes varied from bicycle thefts, burglaries and safe breakings to the snatching of a fortune in jewels. More than \$80,000 worth of precious gems were stolen in one of the latest store robberies. Many homes have been robbed of jewels worth small fortunes. The loot at one place included cut-glass copies of the crown jewels.

"London, Birmingham and other cities are not yet as Chicago was in the bad old days of the gang wars but the first shots have been fired," said the Sunday Chronicle, commenting on the murder of Martirosoff, who was shot in the back of the head as he was getting out of an automobile in front of a west end club.

"There are killers at large and they have guns," the paper added. This statement is quite significant in England, where many of the toughest criminals go unarmed and where the police do not carry guns or clubs except when on the trail of known killers.

Army pistols have been recovered from a large number of suspects arrested recently. Several of them were carrying German lugers.

Outbreak Expected. "A fresh outbreak of crime was to be expected following the end of the war, but it has not yet reached an alarming stage," said a spokesman for Scotland yard.

Discounting reports carried in some newspapers that "gang law is coming to London," he said there had been no evidence that many of the major crimes were linked to a central underworld gang.

However, many incidents have been tied unofficially with the "black diamond gang," the name which newspapers have given to London's leading black market racketeers. Several members of this gang are said to be aliens with international police records.

London is becoming the center of the diamond smuggling racket, according to evidence collected by Scotland Yard.

The diamond smugglers also are dealing in smuggled perfumes, foreign currency and a host of black market items.

A large number of bogus five-pound English bank notes, printed in Germany, have turned up in England during the last three months.

One of the most baffling cases Scotland Yard has had in years was the kidnapping of a small baby out of its buggy in front of a London department store more than six months ago. No ransom was demanded and few clues were ever found.

### Placement of Disabled In Jobs Rises Sharply

WASHINGTON. — Placement of handicapped workers rose sharply in October, Robert C. Goodwin, United States Employment service director, said.

Placements totaled 18,639, a gain of 24 per cent over the September figure, Goodwin reported. Of the total, 11,409 were disabled veterans, representing an increase of 30 per cent in such placements.

Ohio, with an increase of 431 placements and Michigan with an additional 226, led all other states in total increases.

### Texas Husband Refused

Permit to Beat His Wife HOUSTON, TEXAS. — The district attorney's office has turned down a request for a "wife beating" permit. A man appeared at the office recently and explained that some of his friends had told him he could obtain such a permit. "My wife can't keep house so good," he said. "She's lazy and today she burned the cornbread. What she needs is a good old-fashioned beating."

# Let's Tackle Inflation While We Can

You don't want your dollars to buy less and less and less!

You don't want your savings to melt away! Or the value of your life insurance to dwindle!

Yet that is what inflation can do to all of us. Therefore, thoughtful people everywhere are concerned with ways to smother it before it gets out of hand.

One major cause of inflation is a shortage of goods when people have money to spend for things they want.

That cause can be eliminated by the production of goods — fast — in quantity.

### BUT THERE'S A BOTTLENECK

During the war there wasn't enough labor and materials to meet the needs of war and still produce all the civilian goods people wanted and could buy.

Therefore price controls on civilian goods were substituted for competition to keep prices down.

Today this country has all the labor and materials necessary to turn out the things people want.

Yet goods are still scarce. Store shelves are still bare. The national pocketbook continues to bulge. Inflation grows.

LET'S SMOTHER INFLATION...A postcard addressed to the National Association of Manufacturers, 14 West 49th Street, New York 20, N. Y., will bring you a copy of a booklet explaining in detail why price controls cause inflation

Why? Because price controls in peacetime hinder the production of goods. Business cannot live by producing at a loss. And so, goods that can't be made to sell at the prices fixed by the government just don't get made.

Nor will the raising of price ceilings solve the problem. When costs and selling prices are subject to change at any moment by government action, production has to be on a day-to-day basis.

That means uncertainty... reduced output... more inflation.

### ISN'T THIS THE ANSWER?

Remove price controls on manufactured goods and production will step up fast.

Goods will then pour into the market and, within a reasonable time, prices will adjust themselves naturally — as they always have — in line with the real worth of things.

Competition has never failed to produce this result.

This is the way you can get the goods you want at prices you can afford to pay.

Please think this over. Then tell your representatives in Congress what you believe should be done. You owe it to yourself... and to your country's welfare.
