New Social Club Organized By Fluvanna Women

"El Colono," a new club in Fluvanna, has been recently organized. The club is composed of 14 charter members: Mesdames C. A. Landrum, president; V. A. Wells, vice-president; Raleigh Mason, secretary-treasurer; O. M. Martin, parliamentarian; and Mesdames Ray Fulford, Morris Miller, Dee Pylant, Loyd Alsworth, Moe Landrum, Jesse B. Patterson, Buford Browning, Vernon Miller, A. D. Dodson, and Burl Belew.

Meetings will be held on the second and fourth Tuesdays of each month for alternating study programs and social functions.

Members of the program committee are: Mesdames V. A. Wells, chairman; Buford Browning and O. M. Martin. Club colors are purple and white and the sweet pea is the club flower. Their motto is "Ideas are funny things. They won't work unless you do."

Gwen Tate Becomes Bride of Don Sealy In Tuesday Morning Rites

Tuesday morning at 9 o'clock, Miss Gwen Tate daughter of Mr. and Mrs. J. W. Tate, became the bride of Don Sealy, son of Mr. and Mrs. N. J. Sealy.

The couple united in marriage by the Rev. S. E. Tate, stood before an improvised altar of gladioli and fern.

The bride, given in marriage by her father, wore a white beaming dress with black accessories. She carried a white Bible topped with iris and sweetpeas. For something old she wore a ring given to her by Mrs. Sealy, she carried a blue handkerchief and wore a pair of Nylons borrowed from her sister-in-law, Mrs. S. E. Tate.

Attending as maid of honor was Miss Joy Sawyer who wore a powder blue suit with a shell pink corsage and brown accessories. Miss Maxine Bloxom of Corpus Christi was bridesmaid. She wore a teal blue dress with white accessories and a shell pink corsage. A. B.

Sealy served as best man for his brother.

Harold Lewis Wade played "Ave Maria," "I Love You Truly," and "Serenade," before the ceremony. Traditional professional and recessional marches were used.

Mrs. Sealy, a graduate of Snyder High School, class of 1944, attended Hardin Simmons University. Mr. Sealy served in the armed forces in the European theater for 18 months.

Guests attending the wedding were: Miss Margaret Gilmore, niece of the bride; Mr. and Mrs. J. N. Sealy, parents of the groom; Mr. and Mrs. J. W. Tate, parents of the bride; Mrs. B. S. Tate, grandmother of the bride; Mrs. S. E. Tate and son, Jerry, and Sam Head.

The couple left for Carlsbad, N. M., and other points immediately after the ceremony.

They will make their home at 3101 Avenue V.

FASHIONS

You need only know how to knit and purl to make the smart and serviceable knitted suit shown above as pictured in the February issue of Good Housekeeping magazine in a very short time.

Women's Culture Meets With Mrs. A. C. Martin

The Women's Culture Club met Tuesday in the home of Mrs. A. C. Alexander with Mrs. S. L. Terry as hostess. Mrs. Alice Northcutt and Mrs. A. C. Martin were principal speakers for a lesson taken from "The Reader's Digest."

A salad plate was served to one guest, Mrs. Minnie Boaz, and the following members: Mesdames Dora Cunningham, J. W. Clawson, A. C. Alexander, Henry Kelly, A. P. Morris, S. L. Terry, George Northcutt, A. C. Kincaid, A. C. Martin, E. J. Richardson, D. P. Strayhorn, Lora Miller and W. W. Cross.

El Feliz Club Meets In Chenault Home

The El Feliz Club met in the home of Mrs. P. C. Chenault Friday with the following members present: Mesdames A. C. Alexander, I. W. Boren, P. C. Chenault, W. E. Doak, E. F. Farr, E. J. Richardson, Joe Strayhorn, Warren Surgeon, H. L. Wren and Mrs. Robinson.

Guests were: Mesdames Ola Leath, Follie Fawcett, E. Floyd, R. H. Odum, A. C. Martin and Walt Scott.

Progressive 42 was played, and a salad plate with spiced tea was served to members and guests.

Art Guild Hears Talk On "India"

The Art Guild Club held its regular meeting at the home of Mrs. C. W. Popcoe. After the business meeting, Miss Estella Rable gave an interesting talk on "India."

Those present at the meeting were Miss Rable and Mesdames H. C. Michaels, Hollis Browning, Irene McFarland, Golda Thorpe, Harry Lee, Hattie Gatlin, Neil Green, Dorothy Ezell, Kay Sharp, Grace King, Maude Holcomb and Dell Smith.

The next club meeting will be held April 2 at the home of Mrs. M. H. Roe.

Woman's Society of Christian Service Meet Monday, Study Food and Peace

The Woman's Society of Christian Service met in the Methodist church Monday at 3 p. m. Mrs. H. P. Brown had charge of the worship service which opened with a special piano solo, "Abide with Me" played by Dorothea Kimpson. Following this were responsive readings by the entire group on the top, "Great Heritage," and the group sang "He Leadeth Me."

Mrs. E. L. Parr had charge of the devotional services, the subject of which was "World Order and Peace."

Speaking on the topic, Food and Peace, Mrs. Parr stated that while Hitler said that a hungry man, if hunger has gone far enough, is not a dangerous man; Jesus said, "I was hungry and ye fed me." She also mentioned the fact that the word food is used in the Bible to signify higher things, such as food for the spirit, and that food was one of the first problems tackled after the war for putting the world back on its feet.

"Trade and Peace" was the topic discussed by Mrs. Littlepage who gave facts about preserving reciprocal trade treaties and the establishment of lower trade barriers.

Mrs. Littlepage also talked on "Money and Peace," saying that the Bretton Woods Agreements are a plan to stabilize the buying power and economic securities of the world, and stressing the need for the larger countries to help the smaller one get started with their agriculture and industry.

Mrs. Strayhorn, speaking on "The World Charter and Peace," stressed the need for the building of a new world charter, an economic and social council, and a council of trusteeship. She also talked on "Free Speech," saying that in order to insure world peace, free speech world.

"It was no mere chance that freedom of speech was chosen as one of the four great freedoms in the Atlantic Charter," she said.

In discussing "Religion and Peace," Mrs. Strayhorn said that religion is a necessary requisite to a peaceful world, and that the Christian Church will have a large responsibility in maintaining world peace as in no other place can the desire for peace be generated as well as in the church.

After these discussions, Mrs. Brown gave a thought in prayer, and Mrs. Clark gave the closing prayer.

No more spoiled dough BECAUSE YEAST IS WEAK!

Mrs. Wraymond Sims Is Hostess To Alpha Study Club In Weekly Meeting

Mrs. Wraymond Sims was hostess for Tuesday's meeting of the Alpha Study Club. During the business meeting, Mrs. Forest Sears, president, gave a report on the district convention held in Amarillo, to which she was a delegate. Servicemen hospitalized in Veterans benefit.

Mrs. C. F. Sentell, program leader, gave a talk on "The Mystery of the Lincoln Log Cabin." She said that the original cabin, built in Illinois by Lincoln's father, was moved, log by log, and rebuilt at the first Chicago World's Fair of 1893. After the fair, the cabin was taken apart again and stored, and since then no one has been able to locate it.

Miss Naoma Strayhorn gave a talk on "The Legend of the Blue Willow Plate," saying that original design was Chinese and told the love story of a beautiful Chinese girl who ran away with her lover against her father's wishes. Later he was killed and the girl burned herself to death. Different parts of the story were told by pictures on various plates, until in 1870, an Englishman named Turner combined all of the pictures into one pattern, which is the one seen today on Blue Willow plates.

Mrs. Wayne Boren talked on "Early American Glass and Lamps," and showed some specimens to the group. Among the glass patterns she discussed were the wheat and

Members present were: Miss Naoma Strayhorn, and Mesdames Melvin Blackard, Wayne Boren, Mitrice Brownfield, Hollis Browning, Wilson Connell, Joe Graham, Howell Harpole, Garrett Harrell, J. M. Mason, Forest Sears, J. B. Sentell, C. F. Sentell, Wraymond Sims, David Strayhorn, Wade Winston, and a new member, Mrs. H. W. Thomas.

barley patterns, hobnail, panel thistle, and fine cut and panel. She discussed miniature lamps, fairy lamps, three-tier and decorative lamps of the Gay Nineties.

Two Tadlock Boys Home From Service

U. M. Tadlock, Jr., aviation machinist mate 2c, and William Harris Tadlock, seaman 1c, sons of Mr. and Mrs. U. M. Tadlock, are home on leave together. They have served 33 months and 24 months respectively in the Navy and both expect to be discharged soon.

U. M. Tadlock has been stationed at naval air bases at New Orleans, Norman, Okla., and Dallas; and has attended aviation schools at Mem-

phis, Tenn., and Chicago. A former student of Texas A. and M. and Hardin Simmons University, he plans to enter Texas Tech in June and major in architecture.

William Harris Tadlock has been in the Naval Air Transport Service at Oakland, Calif., until recently when he was seriously injured when an airplane tractor overturned with him. He has been in the hospital for the past few months and is on convalescent leave now. He hasn't decided what he will do on receiving his discharge.

LOCALS

Claud Weatherabee and Jack Terry spent three days last week at the Pat Stock Show in Fort Worth.

Wednesday night, the well had not been shot or skidded, but, according to observers, looked good for 890 barrels daily.

Capt. A. F. Lucas, discoverer of the Spindletop oil field, also discovered the first notable sulphur deposit in Texas, Bryan Mound in Brazoria County, in 1901.

Mr. and Mrs. Renal B. Rosson of Lubbock visited in the homes of W. T. Murphree and O. K. Rosson over the week-end. Reason is attending Texas Tech College and Mrs. Rosson is teaching English and Journalism in the Lubbock Junior High School.

Dad's right

—wanting another OIL-PLATED engine

CONOCO Nth MOTOR OIL

Motorists' Lesson I from World War II is that cars with OIL-PLATED engines don't quit easy. Though some are being traded for style's sake now, you can safely figure that the owners are repeating on OIL-PLATED engines! They make sure to get them—the same as you can do—by using Conoco Nth motor oil, with its added OIL-PLATING ingredient. This acts magnet-like, forcing engine parts to attract and hold a close-bonded surfacing of lubricant.

And that's protective OIL-PLATING—the wear-fighter!

Like a shield over the finished inner surfaces that you want preserved, OIL-PLATING is in position against wear... in position to discourage carbon, gum, and sludge—to encourage oil and gasoline economy. You want all that, and it's yours for the asking. Just ask for Conoco Nth oil in any car. In the case of an older car, you certainly need a Spring oil change now, so this is exactly your time to OIL-PLATE. Pay just a bit more for it! See Your Conoco Mileage Merchant. EARL RINEHART WITHDRAWS FROM COMMISSIONERS RACE

Earl Rinehart has asked the Times to notify the public of his withdrawal from the commissioner's race for Precinct No. 2.

The popular conception that high incomes and good eating habits necessarily go hand in hand is exploded by data recently released by the U. S. Department of Labor. Quoting from an extensive survey, the Department points out that in 1942 milk consumption per capita at the \$2,000 income level per family was fully as high as at the \$4,000 level.

Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Mrs. Martha Atnip 83-Year-Old Texas Pioneer Is Buried

Mrs. Martha E. Atnip, 83-year-old Texas, died Monday, March 11, at the Big Spring State Hospital. Funeral services for the Texas pioneer were held at the Church of Christ with Rev. Clifton Rogers officiating at the ceremony.

Mrs. Atnip is survived by her son, S. W. Atnip, and a granddaughter, Mrs. Burt Simpson, of Abilene.

Funeral services were J. C. Stinson, W. H. Jenkins, John Keller, Melvin Newton, Dwight Monroe, and W. E. Doss. Polly Creekmore, Frieda Whitehurst, Myrtle Payne Whitehurst, and Hope Thompson were in charge of flowers.

Obon Funeral Home was in charge of arrangements.

D. W. Stiles, Texas Pioneer Is Buried In New Mexico

Funeral services were held in Farmington, N. M., Friday, March 8, for Dave W. Stiles, former resident of Scurry and Garza Counties. He had lived in New Mexico at Farmington for the past 26 years.

Well known in Snyder Mr. Stiles had been one of the pioneer ranchers of this territory and was a visitor here quite often. Son of the late Mr. and Mrs. W. L. Stiles of Snyder, there are three sisters still living in and near Snyder. They are Mrs. J. S. Bradbury, Mrs. W. B. Werner and Mrs. Warren Sturgeon. Mrs. Sarah Kirkendall of Post and Mrs. Mary Burns of Leonard, Tex., also survive. Mrs. Bradbury, Sturgeon and Kirkendall attended funeral services in Farmington last week.

EARL RINEHART WITHDRAWS FROM COMMISSIONERS RACE

Earl Rinehart has asked the Times to notify the public of his withdrawal from the commissioner's race for Precinct No. 2.

Local Nurses Go To Convention At Fort Worth This Week

Mrs. Lorena B. Shelton, superintendent of nurses, and Dona Smith, business manager of the Snyder General Hospital, left Wednesday afternoon for Fort Worth, where they will attend a three-day session of the seventeenth annual meeting of the Texas Hospital Association, convening in the Texas Hotel Thursday, Friday and Saturday, March 21, 22 and 23.

Out-of-state speakers are George Bagbee, Chicago, executive director of the American Hospital Association; Dr. Frank Bradley, St. Louis, president of American College of Hospital Administrators.

Members of the local hospital staff made early plans to attend the meeting with the idea in view of keeping posted on everything that's now entering into the field of their work, availing the hospital here of the most modern methods and bringing to Scurry County the latest in hospital routines and general operation.

Discussions will center around the following problems; possible future training of a group of paid workers to perform functions similar to the Red Cross and other volunteer nurse aides; care of veterans in civilian hospitals; progress and developments of Blue-Cross plans; and survey of Texas hospital and health facilities.

Discussions will center around the following problems: possible future training of a group of paid workers to perform functions similar to the Red Cross and other volunteer nurse aides; care of veterans in civilian hospitals; progress and developments of Blue-Cross plans; and survey of Texas hospital and health facilities.

Methodist Youth Rallies To Stress Winning to Christ

"God, My Neighbor and I" is the theme for the seven rallies to be held in the Northwest Texas Conference of the Methodist Church from March 24 to 30. This is a part of the National Mission to Methodists Youth being sponsored by the church and will be centered on the special purpose of winning youth for Christ.

Mr. Hoover Rupert, Director of the Youth Department of the General Board of Education, Nashville, Tenn., will climax the program of each rally with a stirring message. The district council of each district will meet to discuss with Mr. Rupert and the conference staff traveling with him various projects and their promotion.

Mr. Rupert became director of the Youth Department on January 1, 1944. His parents were missionaries in India for several years. He was educated at Baker University and Boston University School of Theology and was serving as a minister in the Kansas Conference when he took the work with the General Board. A writer of poetry, Mr. Rupert is the author of Prayer Poems on the Prayer Perfect. He also has been a contributor to the Upper Room Testament of Faith, and an Anthology of American Religious Poetry. He has been writing a weekly newspaper column entitled, "Make the Most of Life," and has been a writer for various religious publications. He comes to share his rich spirit and experience with the young people and adults of this conference.

These rallies will include all youth from 12 through 23 years of age, all pastors adult workers with youth in local churches, and all parents interested in the progress of youth work. This week of rallies will begin a special month of evangelistic emphasis in which Methodist youth will endeavor to spread the Christ-like spirit, and win others to Christ. The project is sponsored by the Youth Council of this conference and is being promoted also.

Project for Locating Gulf Storms Being Started At A. & M.

Belying Mark Twain's famous adage, Texas A. & M. College finally is going to do something about the weather.

In the near future, a foundation research project for locating and tracking storms in the Gulf of Mexico sponsored jointly by Dow Chemical Company and Humble Oil Company, will be instituted by the college's engineering experiment station in conjunction with the electrical engineering department.

A weather station will be established on the campus and at least one point on the gulf coast, and storms and disturbances bullying their way up from the tropics will be tracked and logged by radio direction-finding equipment. When available, Radar equipment will be installed for the same purpose. Eventually it is hoped that the station can go to work on inland storms particularly the "blue northerners" that plague Texas during the cold months.

To gain more accurate information, it is planned to record weather data simultaneously at stations established by the University of Florida at coast points in that state.

Dr. A. J. Jakkula, chief of the Engineering Experiment Station, and M. C. Hughes, head of the electrical engineering department, have gone to Gainesville to make arrangements for joint study of weather with scientists at Florida U.

Kimbrells Move To Hermleigh Farm From Sweetwater

Mrs. J. H. Kimbrell visited The Times office Wednesday and gave instructions for this Newspaper to be sent to her Hermleigh address the coming year—knowing of course that The Times is a necessity in making the Scurry County home complete.

Mr. and Mrs. Kimbrell recently moved out on Route 1, Hermleigh, from Sweetwater, and will engage in farming. Mr. Kimbrell was released late last year from the Seabees. They have one small son, Donald Ross, and will also have with them a small grandson, Jimmie Prossie, both yet under the school age.

"COULDN'T SEE"
Most accidents on streets and highways at night occur because drivers can't see well enough. In one big middle western state, 2,527 street and highway accidents after dark were reported for six months of last year, of which 2,428 took place on streets or highways where there was no lighting.

Mrs. Minnie Boaz, of Hobbs, N. M., was the house guest of Mrs. W. W. Gross this week.

Sidelights From Washington

BY GEORGE MAHON

Some real progress is being made toward reducing government spending and recapturing funds appropriated before V-J day but not actually spent. This week the house passed a bill providing for the recovery of six and one-half billion dollars in unexpended government funds in the hands of the army and navy and other government agencies. This brings the total sum of money received since the end of hostilities to 57 billion dollars, a sum greater by almost one-third than we have ever collected in federal taxes in a single year.

We have not taken back from the army and navy certain unexpended funds required for rounding out the construction bases in the far Pacific, but we have called for a clearer policy and no duplication of effort in the construction of these bases. After the peace treaty is officially agreed to, it might be difficult to complete fortifications without the charge being made by certain foreign powers that we were making aggressive threats against them.

There will be further recoveries of funds from the war and navy departments and other agencies following additional investigations which are now in progress.

The reports which Senator Connally and Senator Vandenberg have made to the senate following their return from the first meeting of the United Nations Organization in London have been well received here. They talked not of war but of peace. Their emphasis was upon better understanding among the Nations. They spoke of tolerance and mutual respect, while advocating a firm and definite American policy.

The Senate has not permitted partisan politics to play a part in efforts which are being made to promote the success of the UNO. This significant fact was made clear by the report of Senator Vandenberg, the Republican leader in the senate in foreign affairs matters. We cannot afford to fritter away a victory which was won at so great a cost.

The question of whether to permit the Navy to use 90 American ships in an atomic bomb test in the Pacific was not an easy one for the house to decide. However, upon the insistence of the Navy, the House voted to permit the test.

Undoubtedly, it is very important to our security to have accurate knowledge at an early date as to just what an atomic bomb will do to naval ships. Naval officers point out that there is little comparison between the relatively fragile and inflammable Japanese cities and heavily armored ships of the Navy. The Navy insists also that a few modern ships be used in the test if necessary knowledge is to be gained. The argument was made that in the event of a future war the lessons learned from the tests might result in saving millions of dollars and thousands of American lives.

Homer Robison Asks For Public Weigher

Homer Robison authorizes The Times to announce his candidacy for public weigher of Scurry County. Robison has been a resident of Scurry County for 38 years. He has worked in various capacities and states he will issue his formal statement to the public at a later date.

MINISTERIAL ALLIANCE TO MEET MONDAY

A meeting of the Ministerial Alliance will be held Monday morning at 11:15 at the First Methodist Church, according to an announcement by Earl Creswell, secretary.

Kelton Pinkerton, grandson of Mrs. Mollie Pinkerton who has been visiting here went back to Dallas last week.

On top of Mt. Washington (N. H.), on April 12, 1934, at 1:21 p. m., there was a wind gust at the rate of 231 miles an hour.

G I LOANS...

We can make your GI loan to build a new home or buy one already built, or buy or build business property. We can make farm and ranch loans at 4 per cent and 4 1/2 per cent interest. Liberal terms and options. See us for particulars.

Fort-Burks Roping Contest Set Sunday In Hockley County

Leveland—Everything is set for the featured roping matches between Troy Fort of Lovington, N. M., and Jiggs Burks of Comanche, Okla., Sunday afternoon, March 24, in the Leveland Rodeo Arena, according to W. J. Robertson, president of the Leveland Rodeo Association.

Fort is a well-known rodeo performer, as he has appeared in the local arena many times in matched roping events and has been beaten only once.

Burks, a brother of the late world champion calf roper, Clyde

Burks, who was killed last year when a horse fell on him, is believed to be as good as his brother. He will be riding "Old Baldy," the horse that was formerly owned by his brother.

Sponsored by the Leveland Rodeo Association, the best talent in the world is being offered to rodeo fans, according to Mr. Robertson.

Fifty head of wild Brahms calves that have never been roped arrived here Wednesday night.

The preliminary match will likely be between Dee Burks, brother of Jiggs and Buddy Fort, brother of Troy Fort.

There will be jackpot ropings between Fort Worth's Pat Stock Show participants who will enter the local show, when they stop over here en route to the rodeo at El Paso.

Fluvanna News

Mrs. Bolivar Browning, Corres.

L. T. M. Greenhaw and wife and cousin Phonsine Furlong of Waxahachie left Thursday morning for Seattle, Wash., to visit Mr. Greenhaw's parents. They went by El Paso and Los Angeles the southern route.

Wallace Jones and son, Billie, went to Fort Worth and took a load of cattle there the first of the week. They spent near a week and went to the Fat Stock Show.

Mert Jones and family and Don McDonald went to the Fat Stock Show over the week-end.

Cullen Toombs and family all went to the Fort Worth Fat Stock Show this past week. Reported a nice time.

John Staveley and wife spent the day in Lubbock Sunday. Visiting Lucian, Jack Thomas and wife and new baby boy, Robert Leon.

Mr. and Mrs. Burl Belew spent Saturday and Sunday at Lubbock last week visiting her brother and the new baby boy.

Margaret Geaslin from Snyder was up Sunday visiting.

Panch McDonald made a business trip to Bangs this week. He is trucking for Dub Hughes.

J. I. Boren and Mrs. Mathers were in Lubbock Thursday visiting Mrs. Atwood, who is ill. Mrs. Boren returned home with them. She has been away two weeks.

Seaman Harley Carmichael from San Diego, Calif. is here on furlough visiting his parents, Mr. and Mrs. H. E. Carmichael and family.

Lee Roy Adams and family of Winters were here over the week-end visiting the Carmichael and Harley families.

Doris Glyn Wills and Virginia Horn from Hardin Simons was here for the week-end visiting Mr. and Mrs. J. W. Wills and family.

Mrs. Truman Chick and children, Mrs. Lela McDonald and children, and Joyce McDonald, all of Bangs, were visiting relatives here for a few days.

Mrs. W. A. Reeder, Florence Perry and Rue Reeder have been visiting in Dallas and Fort Worth. They attended the Fat Stock Show while there and visited Homer Reeder at Dallas and Glynnie Reeder in Clifton.

Pfc Foch Browning from William Beaumont General Hospital is home visiting his family, Mrs. Emma Browning and family. We are glad to report that Foch's condition seems improved.

Clayton Carmichael from Midland, Ruby Faye Carmichael from Midland, Ruby Faye Carmichael from Lubbock was here over the week to be with their brother and their parents, H. E. Carmichael and wife.

Sheriff Sid Reeder from Gall was in Fluvanna on business Monday.

Elmer Earl Sneed left for the Army Monday.

Earl A. Myrri and Bud Sneed and Geraldine Landrum visited the Sneed children's grandmother at Wingate over the week-end. She is very ill. They also visited their sister, Mrs. Jack Harrison, who lives at Winters.

Mrs. Edgar Smith wishes to thank all the men who helped in the putting up of her farm. Words cannot express how she feels.

Forrest W. Beavers Asks County School Superintendent Job

Announcing his candidacy for the office of county school superintendent this week is Forrest W. Beavers.

Beavers has been a resident of Scurry County most of his life, having graduated from Snyder schools and later taught in the Hermleigh School System.

Forrest has served for the past three years in the armed forces and at present is making his home in Scurry County on Route 3.

A formal statement concerning his candidacy will be later.

25 YEARS AGO

A public address system was first used by President Harding speaking to 100,000 people at Arlington Memorial Theatre on Armistice Day, November 11.

Bison News

Mrs. Jim Sorrels, Correspondent

Mrs. Frank Stram was hostess to H. D. Clu's of Bison March 14, 2 p. m.

Mrs. Ross Huddleston, our clothing demonstrator, showed us how to fit patterns properly. Told us to shrink material and square it, lay all of pattern and pin before beginning to cut; and to draw a straight line on material so as to help us keep arrows on patterns straight.

Members voted to have a meeting (all day) for the purpose of helping each other fit garments, March 23.

Mrs. Rabel stressed cleanliness with milk above all things, showing us what kind of vessels to use and what kind of barns we should strive for. She also said to cool milk as quickly as possible.

Mrs. A. R. Fowler gave a demonstration on table setting.

A description of Brazil was given by Mrs. Ross Huddleston. Brazil is rather thinly settled, has from 100 to 400 inches of rain a year which accounts for two-thirds of it being a jungle. It has only one dynamo which generates electricity—the water power coming from a man-made water fall.

Mrs. Pellam Ware gave a report on the last council meeting where she learned that Scurry County has 11,545 inhabitants.

She also said that when given a part on the program for our next meeting, we must not wait for Miss Rabel to send us our parts, but to find it ourselves in magazines, etc.

Club women voted to meet at 2:30 hereafter until days get short again.

Miss Rabel demonstrated three milk drinks, orange, banana and chocolate and with the help of the hostess (Mrs. Stram) served them to Ross Huddleston, Loyd Murphy, F. O. Sorrels, Pellam Ware, Bob Collins, Barney Prince, Nolan von Roeder, A. R. Fowler, Jim Sorrels.

Next meeting will be in the home of Mrs. Ed Murphy April 11, at 2:30. But don't force members and friends to come to the dress fitting demonstration by Mrs. Ross Huddleston all day March 28 at Mrs. Jim Sorrels.

The Texas Gulf Coast has 14 deep water ports: Houston, Galveston, Texas City, Beaumont, Port Arthur, Port Neches, Sabine Pass, Orange, Freeport, Corpus Christi, Port Aransas, Ingleside, Brownsville and Port Isabel.

ELECTRIC RATES are DOWN Again

\$1,142,000 ELECTRIC RATE REDUCTION FOR CUSTOMERS OF TEXAS ELECTRIC SERVICE CO.

The new, low rates become effective April 1, 1946. While the benefits of these new, low prices are widespread among customers served by the Texas Electric Service Company, wherever located, they benefit most the small and medium users of residential, commercial, industrial and rural service.

This latest rate reduction continues the Company's policy of passing on to you the savings resulting from increased sales, technical improvements, operating efficiencies, the benefits of refinancing ... and, such benefits as may result from the purchase of incidental power from governmental hydro electric projects in the area. Thus do you benefit directly from the know-how and the fair play of a business-managed, free enterprise.

This rate reduction ... this lowering of prices ... comes at a time when the trend in the cost of living is upward. And, at a time when public interest is keenly centered upon what is new in electrical appliances for the home, electrical devices and processes for business and industry. With the new and bigger buying power given the Electric Dollar by this latest rate reduction ... you can enjoy the fullest benefits of electrical living at the new low prices.

You are sharing in the total annual savings in the amount of \$1,142,000 ... spend those savings for more cheap electricity ... gain the maximum benefits for you and your family from lower prices for your electric service.

TEXAS ELECTRIC SERVICE COMPANY

J. B. THOMAS, President

TEXAS BUILDING PERMITS DOWN FROM A YEAR AGO

Building permits in Texas were seven-fold greater in January, 1946, than they were in January, 1945, the University of Texas Bureau of Business Research reports.

Statistics from 44 Texas cities show that permits totaling \$26,248,692 were issued this year, compared with 3,225,652 in January, 1945. The only one of the 44 cities to show a decline was Denison.

The value of building permits issued in January was 31.9 per cent lower than in December, 1945.

TRAFFIC SPEED-UP

A normal city street can carry 3,700 persons an hour in private automobiles exclusively. With electric trackless trolleys, as well as private cars on the same streets, more than 15,000 persons can be accommodated hourly.

Salvaging of Trash War-Time Practice Practical Habit

War-time need for salvaging much "trash" has brought many thrifty housewives to useful salvaging in peacetime, too, says Mrs. Bernice Clayton, specialist in home improvement for the A. and M. College Extension Service. Mrs. Clayton has several suggestions on what is "useful trash," and she says the rest should be collected and discarded promptly. Articles usually thrown away often can be saved and used again if there is room to keep them, says Mrs. Clayton. A drawer or a rack

may be used to hold wrapping paper and string. An upper shelf may be dedicated to jars and glasses which may prove useful in home canning. Many such wastes as papers, cartons, old clothes and rags also can be turned in for peacetime salvage. Covered storage places need to be arranged for different groups of salvage materials. A waste basket or other holder in every room will save much time. Garbage should be kept tightly covered and disposed of as promptly as possible, and other trash should be burned regularly or kept in a covered container until carried away, concludes the specialist.

Get Carbon at The Times

Food Shipments Over 2 Billion In December

Food and agricultural products delivered for shipment during December, 1945 totaled more than two-billion pounds, according to E. A. McBryde, district director. Products were scheduled for foreign shipments including UNRRA, and for domestic and territorial programs. Deliveries for foreign shipments, other than UNRRA, amounted to 1,354,788,425 pounds, or 66 per cent of the monthly total, he said. On a commodity basis, grain and grain products made up the major portion of shipments reported. Other deliveries included dairy products, cotton, fruits and vegetables and smaller quantities of sugar, meats, poultry and fats and oils.

Sidelights From Washington
By GEORGE MAHON

This column is being written on Saturday afternoon, March 9, and will be air-mailed to Texas before 6 p. m. During the war mail service between West Texas points and Washington, D. C., was quite erratic and undependable. The service is now improving. Regular mail requires about three days sometimes four, and air-mail deliveries are usually made in two days.

Recently I made some tests on air-mail service between Washington and the two towns in our district that have commercial air-line service—Lubbock and Big Spring. All of the letters were delivered within two days; a few of them were delivered overnight. The eight-cent air-mail postage rate is too high and, in my opinion, it will be only a matter of months before the rate will be reduced and the service improved.

There has been a serious breakdown in the delivery of mail to and from the Far Pacific on account of the reduction of Air Force activities. I presented a number of complaints which I had received to the adjutant general some time ago, urging that immediate steps be taken to provide adequate air-mail facilities to our men in Japan and China and other Pacific areas. Nothing short of good mail service to these areas can be tolerated.

Yesterday I had a talk with Claude Wickard head of the Rural Electrification Administration, about something which I regard as very important to all rural America. This is the question of rural telephone service. There is hardly a rural area in the United States where the telephone service is adequate to meet the need. Instead of increased coverage with the development of science there are less rural telephones today than there were twenty years ago. More rural homes have electricity than have telephones.

We have some legislation pending which would encourage the development of rural telephone service through the REA set-up. Other methods have also been proposed. There is no good reason why rural areas should be denied the advantages of telephone service. I have joined with others who are seeking

a way to help meet this important need.

This morning I joined a group of fifteen other members of congress in a meeting with Clint Anderson, secretary of agriculture. We met to discuss the cotton situation. His of our export program. Government-owned cotton is rapidly being sold. By August, the government-owned stock, instead of totaling millions of bales, will probably have been reduced to one-half million bales. We renewed our urgent request, originally made in January, when the proposal was first made, that the threat of ceilings on raw cotton be entirely removed. Again we pointed out that such ceilings would be unworkable, unjust and unnecessary, because there is no shortage of raw cotton. Since no final annual assurance has been given, we will continue our efforts against the proposed ceilings. We plan a further discussion of this subject with OPA officials.

Lee Ozburn, head of the Farm Security Administration in Texas, told me this week that funds for Farm Security loans to veterans and others who need assistance through the FSA for farming purposes have been exhausted. This has been confirmed in communications from a number of counties of our district. Mr. Lasseter, national head of the Farm Security Administration, came to my office this week to discuss plans. We are going to try to get some quick action in Congress in order to provide an additional loan authorization so that the more urgent demands can be met. Action must be taken within the next few days or else it will be too late. Chances for an additional FSA loan authorization are good.

A special delegation of Texans en route home from the REA convention in Buffalo, N. Y., stopped for a one-day visit about the city and at REA headquarters. Members of Congress from Texas joined the group—about 80 in number—for breakfast in the Capitol building. Most of the congressional districts in Texas were represented. The largest group was from our district. Our delegation sat at the same table, and Claude Wickard, head of REA, was our special guest.

Among those present from our part of West Texas were the following: Mr. and Mrs. Earl Houx, Stinson; H. G. Walker, Olton; O. B. Bryan Stanton, Frank Harris, Ackerly; Glenn Contrell, Big Spring; Joe M. Peterson, Lamesa; John A. Stavely, Fluvanna; J. J. Henry, Hermleish; M. L. Andress, Snyder; W. H. Overton, Haskell; E. R. Lowe, Haskell; C. M. Lester, Stamford; C. J. Smith, Stamford; H. L. Osment, Samford; Demp Kearney, Sweetwater; Lon R. Adams, Roby; John R. Brown, Hamlin; A. A. Aaron, Rotan; T. E. Craddock, Seymour.

CASH FARM INCOME DROPS 41 PER CENT

Cash farm income in Texas dropped 41 per cent in January under what 46 was in January, 1945, the University of Texas Bureau of Business Research reports.

Statistics from 44 Texas cities show that permits totaling \$26,248,692 were issued this year, compared with \$3,325,652 in January, 1945. The only one of the 44 cities to show a decline was Denison.

The value of building permits issued in January was 31.9 per cent lower than in December, 1945.

FROZEN FOODS

Changes in American eating habits are indicated by the fact that there are now 300 companies packing frozen foods, according to a recent estimate. The same survey estimates that there are 40,000 stores selling frozen food and 2,000,000 families using it.

The first electric power plant in Texas was built in Galveston in the early 1890's.

Kitchen design by Serval, Inc.—Maker of famous gas refrigerators.

"Conversation Piece"

In groups large or small talk centers on New Freedom Gas Kitchen

Embodying such beauty, convenience, efficiency and comfort, it is little wonder that New Freedom Gas Kitchen designs are the talk of Homemakers everywhere. Here's what they are saying: "The new gas equipment is certainly up-to-the-minute!" "I'm sold on flame cookery with gas—it's fastest, cheapest and easiest to regulate." "My new refrigerator will be run without troublesome moving parts, it will run with gas." "I prefer gas for everything. I've always found it satisfactory because it gives uninterrupted service." And on and on the talk goes. Make your plans now for a New Freedom Gas Kitchen.

LET'S WORK FOR INDUSTRIAL PEACE

Men want to work.

Management wants to produce.

The public wants to buy.

The country wants prosperity.

Yet good times have been held up by an agony of strikes.

Strikes breed bitterness... hunger... and economic stagnation.

For the sake of our country, let's change this! Change it fast. Time is running out!

Let's work out a way to get — and keep — industrial peace and prosperity.

THE FIRST STEP

Isn't a sound national labor policy... one that treats workers and management exactly alike and above all one that is fair to the public... the first step toward that peace?

Sincerely believing this to be so, we offer this program for peace and production and prosperity:

1. Make employers and unions equal in responsibility under the law.

2. Let Congress set the rules for genuine collective bargaining, free from coercion and violence, and then let government enforce these rules with strict impartiality.

3. Provide safeguards for the public against strikes or boycotts arising from disputes between unions.

4. Insure against strikes until all orderly procedures for settling disputes have been exhausted.

Your representatives in Congress have the power to establish this pattern for an enduring and a fair labor peace. Let them know how you feel about it. Urge them to act promptly on legislation to include these four points.

Time alone won't bring industrial peace. Doing nothing won't bring it. Positive action is the only way. For your own sake and for the future of our country, let your voice be heard!

FREE! A timely, authoritative booklet entitled "The Public and Industrial Peace," gives full details of this program, including specific suggestions for legislation. It is a useful handbook for every citizen, program chairman, or group leader. A postcard brings it. Address: National Association of Manufacturers, 14 West 49th Street, New York 20, N. Y.

For a Better Tomorrow for Everybody

HEAT WITH FANS

Portable electric fans can be a great help in keeping rooms uniformly comfortable. By placing the fan so that it blows directly in the radiator coils the warm air is circulated more rapidly and evenly about the room, thus avoiding cold air pockets, putting full value of the furnace heat to work.

The sun sends out 400,000 times as much light as the moon.

WELDED HOUSE

One of the most interesting examples of a "modern" house was made principally of steel and electrically welded throughout. The main frame, walls, stairways, furniture, coal bin and all supports for water, gas and air conditioning pipes, as well as supports for electric switches, awnings, curtains and Venetian blind were all welded. The house was constructed in 1937.

I Give You Texas

BY BOYCE HOUSE

Back during the depression, a business man who received an insistent letter from a creditor replied: "I want to pay this bill but if Gabriel were to blow his trumpet now and I were no better prepared to face my Maker than I am to pay this account, I'd go to hell—as sure as shooting!"

There used to be a great baseball player—I think, the greatest of them all—by the name of Ty Cobb. But when you say "Ty Cobb" in the Lower Rio Grande Valley, you mean the newspaperman—radio commentator of Westco who has become a Valley institution. He writes and talks in a folksy sort of way about people and events and it goes over because it is sincere.

Ty took this observer for a drive one afternoon that ended at Brownsville. Returning, we came over the military highway, which used to be traveled by Robert E. Lee. My host pointed out an old cannon which he said marked the spot where the last battle of the Civil War was fought. Of course, the Texans won it!

Off to one side was an old church; it looked like a chapter of history waiting to be written. A little way farther was a long, low stone building which was an old fort but is now used as a residence. There are lots of stories lying around down there in the Valley.

A city detective of Houston had not been to church in years and when at last his wife prevailed on him to attend and the collection plate was passed, he drew back his coat and flashed his badge!

A commissioners' court once passed the following resolution: "Be it resolved, first, that we build a new jail; second, that we build the new jail out of the material from the old jail and, third, that the old jail be used until the new jail is finished."

No telephone pole ever struck an automobile except in self-defense.

Abraham Lincoln was writing a right-from-the-shoulder when he penned this letter to a ne'er-do-well relative:

"When I came into Charleston day before yesterday, I learned that you are anxious to sell the land you have and move into Missouri. I have been thinking of this ever

since and cannot but think such a notion is utterly foolish.

"What can you do in Missouri better than here? Is the land any richer? Can you there, any more than here, raise corn and wheat and oats without work? Will anybody there, any more than here, do your work for you? If you intend to go to work, there is no better place than right where you are; if you do not intend to go to work, there is no better place than right where you are. If you do not intend to go to work, you cannot get along anywhere.

"Squirring and crawling about from place to place can do no good. You have raised no corn this year; and what you really want is to sell the land, get the money and spend it. Part with the land you have and, my life upon it, you will never after own a spot big enough to bury you in. Half you will get for the land, you will spend in moving to Missouri and the other half you will eat, drink and wear out and no foot of land will be bought. "Now do not misunderstand this letter; I write it in order, if possible, to get you to face the truth, which truth is, you are destitute because you have killed away your time. Your thousand pretenses for not getting along better are all nonsense; they deceive nobody but yourself. Go to work is the only cure for your case."

Did you know that the wind in the center of a tornado sometimes reaches a velocity of 500 miles an hour? And that coffee is the berry of a bush found originally in Arabia and Abyssinia and that the beverage, coffee, was introduced into Europe in the 16th Century? And that the cassowary is a member of the ostrich family, has three toes, lives in New Guinea and Australia and can outrun a horse? Did I hear you say, "So what?"

HOUSEHOLD BOTTLENECK

Checks made to test the efficiency of electric appliances plugged into adequate and inadequate wiring systems indicate that appliance efficiency is reduced as much as 28.6 per cent when inadequate wiring forces a voltage drop of 10 per cent.

In checks on electric toasters adequate wiring saved 28.6 per cent in the amount of electric energy consumed; in coffee makers 4.09 per cent, and in the case of an electric toaster 19 per cent.

Christmas and New Year's are observed the world over.

First Christian Church

L. Guy Ament, Minister
At 11 a. m.—Next Sunday we will have a recognition service, since the parsonage is now occupied by the minister and family. Why should we not dedicate the parsonage as it is on God's acre? You will enjoy the service. Then will follow the dedication program. We invite our friends and neighbors to attend. We will have special music, old hymns and dedication features. Sunday afternoon our men and women too will attend Laymen's League meeting at Lubbock, program at 4:30 p. m. Free luncheon at 6 p. m. and evening program. Be sure to go.

NOTICE to REA Customers

FREE—information for correctly wiring or re-wiring your home to meet R E A specifications.
OR—will be glad to contract your job. We have plenty of materials for your work.
ALSO—sell appliances: Refrigerators and radios. Mix Masters, Toasters, Roasters, and many others.
Come to see us at 1001 25th Street, on east highway, formerly Vaughn's Food Store, or call for information.

IT'S SPRING AGAIN...And... Time To Redecorate With COOK'S PAINTS

USE COOK'S COROC THE WONDER WALL FINISH
COROC—the perfect water-mix finish—dries in an hour—and adds soft, glare-free color to any room—at an economical cost.
Only \$2.98 GAL.
Easy Way to Lovely Walls!

COOK'S RAPIDRY ENAMEL
"RE-NEWS" OLD, WORN FURNITURE AND WOODWORK
Rapidry's rainbow of gay colors can meet every need of woodwork, furniture, and even floors! Fast drying—and retains "new-looks" regardless of harsh washings!
Only 15¢ FOR 2 OZ. JAR AND UP

COOK'S SCUFF-PROOF FLOOR ENAMEL
Inside or out... Scuff-Proof withstands the hardest wear. Use it where ordinary enamels can't "take it"
It's so durable on interior and exterior floors of concrete, linoleum, or wood. Dries overnight.
\$1.09 Quart

VELVAY SEMI-GLOSS BEAUTIFIES YOUR HOME
For Matching Walls and Woodwork
Select one of the many lovely pastel colors of Velvay Semi-Gloss for use in any room in your home. It's semi-lustrous sheen will withstand repeated washings, even on kitchen walls and woodwork. Brushes easily without showing brush marks. Dries quickly.
\$1.04 Quart

FOR EASIER HOUSE CLEANING! POLISHES AND CLEANERS

COOK'S Waterproof Wax
Waxes & Polishes in 1 Easy Operation
Pint 63¢ Qt. \$1.09

COOK'S Furniture Polish
Cleans, Polishes at once with ease.

COOK'S Linoleum Finish
PROTECTS & PRESERVES
\$1.53 Quart

COOK'S Glass Cleaner
Easy way to clean mirrors & windows
8-Oz. Bottle 15¢

COOK'S PASTE WAX
HARD, BRIGHT FINISH
1-lb. Can 63¢

COOK'S Hand Cleaner
Quickly Removes Paint, Grease, Ink, Etc.
1/2-Lb. 39¢

CLARK LUMBER CO.

Let's Face the FACTS about HOME BUILDING

In the confusion created about the shortage of homes in America, one point stands out clearly:

YOU CAN'T BUILD HOMES WITHOUT MATERIALS!

Lumber and building material dealers and contractors obviously have a vital interest in obtaining materials for home building.

They report, nevertheless, that such materials are not flowing through the yards; that they have not been able to get them. Therefore, the Government's HH priorities offered to enable veterans and others to obtain homes, are simply home hunting licenses—for materials in quantity are not available.

As long as OPA continues its wartime control policy rather than a policy of adjustment to aid reconversion, it will neither be able to prevent an inflation or a deflation; it will only be able to prevent reconversion by discouraging production of needed home building.

Here, for example, is an instance of OPA action that has resulted in increased production. After 6 months' delay, OPA granted a four to 10 per cent price adjustment that allowed 125 of 400 closed brick and tile plants to reopen. This price adjustment allowed these plants and 400 others that had been operating, to hire needed labor. As a result, in the next quarter production rose 35 per cent.

But in hardwood flooring, siding, plywood, millwork, and construction lumber, OPA clings to its wartime formulas. In-

stead, OPA follows the unrealistic policy of allowing premium prices to mills for producing lumber for such things as export to foreign countries, and for items that were needed in wartime industry.

Today's question is not essentially one of price control—if there were plenty of homes, no price controls would be necessary. The important question is one of production and manpower.

So far, OPA and Government officialdom in general have contented themselves with controls, allocations and priority systems which at best can do nothing but juggle an insufficient supply of building materials—and at worst, delay and retard production and the employment of manpower.

Homes will not be built in the United States unless the Building Industry builds them. Whether they are labeled "Public Housing" or "Private Homes," the same materials, the same labor, the same building industry will build them.

Production can be unblocked by the removal or adjustment of OPA's wartime policies. But such a realistic approach cannot be attained as long as Government action is based on a philosophy of lack rather than a philosophy of abundant supply for peacetime prosperity.

The lumber dealers, builders and contractors stand ready to build or rebuild America. But it is up to the people to demand that the way be cleared for the production of materials for homes.

Any government program that does not FIRST remove the obstacles blocking production of materials will simply add additional difficulties to the problem facing the building industry.
