#### BABSON DISCUSSES

### BABSON DISCUSSES "UNION" vs. "NON-UNION" JOBS

Gloucester, Mass., July 19. I am down here on Cape Ann where I was born—to me the most beautiful spot in the world. Of course, the hills, woods, rocks and—most wonderful of all—the ocean are the same as during my boyhood days. I even picked blueberries today at Dogtown Common from apparently the same bushes from which I picked them sixty years ago. At least, I got some from the same hidden spot at the junction of certain old stone walls.

#### CHANGES IN 60 YEARS

But many things are very different. Of course, in my boyhood days there were no automobiles and I well remember the first telephone, electric light and even street car, which was pulled by horses. But perhaps the most evident change is in the attitude of wage-workers and the fact that the labor unions are apparently killing the efficiency and ambition of too many Cape Ann people.

Most people believe in "collective bargaining" between employers and wage workers. This means that wage workers must combine and employ trained leaders to advise and fight for them. So far, so good. But everyone should also know that there are more goods to divide in wages only as more goods are produced. Wage workers are not primarily interested in money wages, but rather in what these wages will buy in food, clothing and shelter.

#### WHY HOUSES ARE SCARCE

But why don't these people here understand this simple fact? When talking with men on the wharves and factory steps, they agree that there is more to divide only as there is more produced. Yet, they keep on reducing hours and slowing down on their work.

No wonder we cannot find houses in which to live. The brick-layers, carpenters and painters have so "slow-down" their work that it now costs too much to build a house. By so doing, these members of the building-trade unions are forcing up their own rents and are making it so much harder for their own children to find houses.

#### CHARACTER BUILDING

But "increased costs" are not the worst part of labor's mistake. The greatest danger rests with the effect of the "slow-down" on the character of all workers in an industry. This present-day "slow-down" practice, not only raises the cost of living for every wage worker, but it lowers his self-respect and efficiency. It kills AMBITION which is the spark-plug of a happy and prosperous life.

This unfortunate change in the attitude of people is the biggest difference which I notice between the men of today and those of my boyhood days. Today, too many people want only to "ride in the cart," instead of taking their turn at "pulling the cart." This attitude is bad both for the community as a whole and for those who allow themselves to "slow-up" in their work. The only way we can prevent higher prices is for all of us to work harder and produce more.

#### SELECTING EMPLOYERS

This brings me to give some advice relative to whom to work. Would you, personally, be better off working in an open or closed shop? Would you, personally, be better off working with a small unorganized concern or with a large fully-organized concern? I grant that each has certain advantages and certain disadvantages, depending largely upon the character of the industry and your age, health, etc. But in closing let me give some rules which, perhaps, should be followed:

1. If you are young and ambitious, get a job with a concern where there is no labor union. If you are a good worker, you can get more rapid advancement with an unorganized concern.
2. If you are over fifty years of age or not in very good health, you will be better off to join a labor union and get a job with a closed-shop concern.
3. If you are middle-aged, but have good health—or vice versa—then join the union but get with an open-shop concern which accepts both union and non-union men.

### Hermleigh Boys Sign Up In Army

Master Sgt. David C. Lillard, in the recruiting section of the Army and making regular visits to this city Monday afternoon and Tuesday of each week, informs this office that two Hermleigh boys have signed up for two-year "hitches" in the Army on his latest trip in Snyder.

The boys are Walter M. Ammons and Fred E. Bowen. Sgt. Lillard will be in Snyder again Monday afternoon and Tuesday all day in search of recruits, and says he has some attractive offers for those caring to enlist, or re-enlist.

### Forty-two Cars of Wheat Shipped From Inadale From Bumper '46 Crop

By VIRGINIA ROBERTSON

The real profits of a bumper crop from their wheat and oats this year isn't just a dream with farmers of the Hermleigh and Inadale section of the county; the dangers of hailstorms, the scourge of bugs and insects, or droughts are bygone worries when the harvest has already been placed in "the bag."

The farmers in this territory have "cleaned up," so to speak, during the great wheat and oat harvest this year, most of the grain has already been shipped away. Joe Roemisch, Jr., one of the managers of the Inadale elevator, reported that this elevator alone had shipped \$120,000 worth of wheat and oats. Forty-two carloads of wheat and three carloads of oats were shipped from Inadale this year.

Hermleigh also has had a fine harvest, with heavy shipments having been made from there during the season.

The chief difficulty, farmers and elevator men reported, has been in the shortage of freight cars. However, the weather conditions, cloudless skies prevailing most of the time, have been a major factor in preserving much of the crop, since heavy quantities of it were on the harvest. At one time eleven cars of wheat were on the ground at Inadale, but "it's an ill wind that favors no one," so while some farmers were longing for rain, its absence was preserving this wheat.

Now that the wheat and oat harvest is practically over, all eyes are turned to the maize crop which looks promising despite the dry weather. Mr. Roemisch reports that this grain at this season for the year, at least, is estimated that yields will far exceed the 1946 totals, acre for acre, in this section of the country.

No figures are as yet available as a comparison with the 1945 crop in this section, but it is estimated that yields will far exceed the 1946 totals, acre for acre, in this section of the country.

### Fires Cause Light Damage This Week

A series of fires have swept the city this week causing slight damage.

A clanging of bells and screaming of sirens and the fire trucks were off to the fire. They came to a halt in front of the old cemetery across from Gray's Furniture store on highway 84 and 101. They found a field blazing. The fire was quickly extinguished and no damage was caused. The fire only burned about 30 square feet of dry grass. This occurred about 1:30 p.m., Thursday, July 18.

Then again Friday, July 19, at about 10:30 a.m., the bells rang and the sirens screamed. The fire trucks roared through the streets of Snyder and across the railroad tracks to the estate of Arthur Thomas. His feed mill and barn had burned to the ground. The trucks arrived too late to save the property. Only a huge pile of ashes and smoldering wood was left. However, the fire fighters sprayed the charred wood and tin to make sure that no more damage would be caused.

Around 12:55 p.m. Monday, July 22 a fire was reported at 2206 Avenue M. The fire trucks arrived in a short time and again damage to valuable property was prevented. The fire, this time, was on another vacant lot. The grass was burning freely and the wind was blowing it in the direction of a house down the block, but the fire trucks arrived in time to prevent the fire from reaching the house.

### Snyder Laundry Adds New Units

The Snyder Steam Laundry has replaced their old shirt ironing equipment with a new pressing unit which is the latest manufactured.

This new unit is made up of three presses that are operated by three men who can iron approximately 25 shirts per iron.

The Snyder Steam Laundry has other equipment on order that should arrive in the near future which will enable the laundry to step up their production.

### Bynum Is First Tiger Selected N-S All-Stars

Raymond Bynum is the first Snyder Tiger to be selected for play in the North-South all-star football game. This big scrappy guard, who wound up his football career with the Tigers last fall and completed his high school work last spring, will cast his lot with the high school grid greats of the past season when he goes to Corpus Christi next week to perform before the Texas High School Coaches Association.

This all-star fracas, which will be played August 9, will be the dramatic climax of what is claimed to be the world's greatest coaching school with some of the outstanding coaches of the nation as instructors. Ray Elliott of the University of Illinois will coach the North and D. X. Bible of the University of Texas will coach the South.

Bynum, who has attended one term of the summer school at Hardin-Simmons in Abilene, plans to line up with the Cowboys in keeping in trim for the fall season and for the Corpus Christi game by daily exercise and road work.

Squad members for the all-star game are as follows:

South — Ends, Bobby Wiswell, Austin; George Boal, Jefferson (San Antonio); James Williams, Waco, all-state; Tackles, James Murphy, Waco, all-state; Edmon Beal, Lufkin; Bill Tanner, Corpus Christi; Frank Timmons, San Jacinto, (Houston); Guards, Bobby Collier, Longview; Floyd Pearson, Breckenridge; Carl Schwartz, Milby (Houston); Bryce Reid, Port Arthur; A. Twelve Navy Admirals including Nimitz, two Marine Corps Generals, and thirty Army Generals including Eisenhower, are native Texans.

### Heart Attack Claims James W. Scott 17th

James Watterson Scott, age 58, for twenty years identified with Snyder's business circles as a real estate dealer and insurance representative, passed away in Snyder General Hospital July 17, an heart attack blamed by physicians as the cause of death.

Mr. Scott had gone from his office to his home for his noon hour lunch, and immediately after arriving there became ill. He drove his own car to the hospital for treatment, but the attack proved fatal. He passed away only a few minutes after reaching the hospital.

Funeral services were conducted Thursday afternoon, 5:00 o'clock, at the First Methodist Church, Rev. O. B. Herring, the pastor of that church, Wm. J. Mason, pastor of the First Baptist Church, and Bro. Clifton Rogers, minister of the Church of Christ, officiating.

James Watterson Scott was born in Gregg County, Texas, and spent most of his early life in Dallas County, where he engaged in the real estate business. He moved with his family to Snyder in 1926, entering similar business here. In past years he has served as Secretary of the Scurry County Chamber of Commerce, has been active in Red Cross work, and was progressively civic minded for Snyder and its territory.

The deceased is survived by the widow, Mrs. Jessie Eva Scott; one daughter, Mrs. Max Brownfield, of Goldsmith, Texas; and two sons, Grover V. and Donald Ray, both of Snyder. His mother, Mrs. L. E. Scott, of Dallas, also survives; and two sisters, Mrs. Rose Wynn and Mrs. Emma Gee, both of Dallas; two brothers, L. A. Scott of Fort Worth, and Walter Scott, who lives in San Angelo. There are four grandchildren.

Flower girls at the funeral were Mrs. P. W. Cloud, Mrs. Elmo Crowder, Miss Thelma Leslie and Mrs. Tony Holcomb.

Pallbearers were Dick Randal, H. G. Towle, Joe Stinson, Frank Brownfield, Hugh Boren and Joe Robinson.

Stinson, H. L. Vann, Earl Fish, Orville Dodson, Hugh Taylor, Lynn Wren, Ixon Joyce, Forrest Sears, W. E. Holcomb, J. C. Dorward, Jack Colwell, Joe Graham, Earnest Taylor, John Lynch, Com Exell, Austin Erwin, Gay McGlaun, Joe Drinkard, J. E. LeMond, N. M. Harpole, T. W. Pollard, Wayne Boren, A. C. Alexander, Charlie Noble, Maurice Brownfield, Elmo Crowder, John Spear, A. W. Arnold, Bill Ely, Sterling Williams, Frank Sentell, C. E. Helms, John Sentell, Nathan Rosenberg, Dr. W. R. Johnson, E. E. Wallace, Ed Deakins, Joe Strayhorn, F. W. Cloud, Buster Cauble, D. M. Coedell, Dwight Monroe, R. E. Gray, Harrie Winston, E. L. Parr, Jimmie Billinsley, Will Williams, Bernard Longbotham, A. C. Kincaid, and Sam Williams.

Interment was made in Snyder Cemetery under direction of Odom Funeral Home.

### TIMES TO POST ELECTION TAB

In keeping with the custom of former years, the Times will again this year set up an Election Board on Avenue S, at a location accessible to the most people for checking the returns as they come in, and along with the candidates, the merchants, and the chamber of commerce, invites the general public to "come on out for the evening."

Some arrangements have been made with neighboring newspapers for information on the wider-area races, and we will also handle Texas as Election Bureau tabulations.

So here's your invitation to the entire area to be here Saturday, July 27, Election Day, and join the big crowd Saturday night for the "finals."

### Mrs. H. H. Jeffress Here From Carlsbad

Mrs. H. H. Jeffress, of Carlsbad, New Mexico, was here the first of the week visiting relatives and friends, and was accompanied home Monday afternoon by her mother, Mrs. J. M. Bynum.

Mrs. Jeffress, with her husband and family moved to Carlsbad about two years ago, but has to "come home" occasionally for a visit. She lived in Snyder 46 years.

Mr. and Mrs. J. S. Golden Visited By Their Children

Mr. and Mrs. J. S. Golden had as their guests over the week end several of their sons and daughters and their families which included, Mrs. Horace Holley and daughter of Austin; Mrs. Juanita Ream and children of Sweetwater, Oklahoma; Mrs. J. L. Birdwell of Lubbock; and Mr. and Mrs. Boy and Carl Golden and families of Brownfield.

### Local Talent To Compete Colorado Amateur Program

Snyder contestants will compete in the Colorado City Amateur Hour program Friday night, July 26, at eight o'clock, the event taking place in Ruddick Park. The programs are under auspices of the Colorado City Chamber of Commerce.

Mrs. Gerald Gordon and Mrs. James H. Duff, under whose direction the Snyder entertainment is in charge, have arranged the following program:

Harold Lewis Wade—piano selections.

Jane Joyce—"Anticipation" and "Kitty's Fur Coat."

Clinta Barbara Blackard—"Anguish" and a song: "Apples Are Ripe."

Harland Birdwell, Harold Lewis Wade and James Patrick—novelty numbers.

The Harmonette, a quartet composed of Mary Lou Davenport, Mariwyn Wren, Billie Claire Mason and Mary Alice Price, will sing "Dark Eyes," and "Standing In The Need of Prayer."

What Lynn Galin—"If Love Is What The Rose Is" and "La Morte Toulouze."

Billie Claire Mason—a violin number, accompaniment by Mrs. J. C. Reed.

### Airborne's 11th And 82nd Wanted Lists Announced

The War Department has announced that enlistments are now open for duty with the 11th Airborne Division, now located in the Pacific theatre, and with the 82nd Airborne, located in the United States.

Master Sergeant Lillard, who is on recruiting duty in this city Monday afternoons and Tuesdays of each week, reports that many attractive openings have been listed.

"These outfits are made up of fine men," Lillard stated, "and many boys will be glad to join up with them, or re-enlist if they have recently left the service." The combat records of the Airborne Divisions are outstanding, and the men in the Airborne Divisions receive regular flying pay when on flying status. A private soldier on flying pay in the Airborne Divisions receives \$112.50 per month.

Sgt. Lillard was here the first of this week, and will again be here Monday afternoon and Tuesday of next week.

### Dicky Mull Home After 18 Months

Dicky Mull, with his mother, Mrs. William Mull, was in to check with the Times on his overseas subscription Monday, and adds to the "motion that it's grand to be home again."

Dicky is the son of Mr. and Mrs. William Mull of the Fluvanna community, Machine Shop operators, and spent about 18 months with the navy in the Pacific Theatre. He comes out with a rating of Seaman first class.

"No plans as yet," is Dicky's answer as to plans for the future. He's just looking around for a few days.

### JESSE MYERS, HAMLIN, WINS FIRST "ALL-ROUND COWGIRL"

By LEON GUINN

A cheering crowd of 4,200 persons — representing eight states with Massachusetts being the most distant — jammed the rodeo grounds Saturday night to witness the thrill-packed, spill-spiked final performance of Scurry County's Tenth Annual Rodeo.

Lovely Jesse Myers of Hamlin, voted the best all around cowgirl, was presented a gold trophy—the rodeo's "Oscar"—by Billie Lou Thompson of Snyder. Miss Myers, in a Saturday night's cowgirl sponsor contest, turned in the best time of the rodeo, 10.9 seconds.

The "Oscar" for the best all around cowgirl was donated by Williams Jewelry Company of Snyder. Henry Rosenberg, who directed the colorful cowgirl sponsor events, announced other event winners as follows:

Jo Gregory of Colorado City was second place winner with time of 11.1 seconds; Mary Worthington of Jackboro, third; Mrs. Bill Miller was fourth with time of 11.3. Joyce Miller, Borden County and Patsy Jones of Fluvanna, tied for fifth with time of 11.5 seconds.

Guest rodeo announcer was Buck Jackson of Pecos, Pecos County sheriff. Between events at each night's performance Abilene's Mounted Square Dance Team was featured, as was Sonny Knight of Breckenridge and his trained Shetland Pony, Homer Runsey with his monkey and Shetland Pony act, went over big with the crowd.

A grand total of 110 calf ropers and 998 wild cow milkers were entered in this year's boots and saddle roundup.

In the jack pot roping contest T. P. Allen, 144, received first prize of \$435.00; Willard Gladson, 153, received second money of \$26.10; and G. B. Williams received third money, \$17.40, with average of 17.5 seconds.

First place in best average senior calf roping, both group days, went to Hollis Pace, 13.6, with award of \$60. Second money, \$40, went to Charles Kebodeaux, with average of 14.6 seconds.

Best average, wild cow milking, both group days, went to Raymond Berryhill, 19 seconds. Raymond roped \$60 prize. Second prize of \$40 went to Hollis Pace, tally of 19.6.

Best average, both group days, senior steer riding, was run up by Neal Collier, with first award of \$60. Lewis Blair topped second place award of \$40.

The cutting horse contest, one of the finer features of a rodeo, attracted a great deal of attention. Tie for first and second place went to Berry Hart of Jayton and R. W. McClure of Grapard.

Jesse Everett's horse, Trusky, ridden by Milton Bennett, placed third; Dewey Everett's horse, Waw, also ridden by Milton Bennett, placed fourth; Earl Abercrombie, Snip, won fifth place, and Jesse Tronsmen, on Dunny, placed sixth.

Second Group Day results, as announced by C. M. Wellborn, Scurry County Rodeo Association president, were:

Senior steer riding—Neal Collier first, Lewis Blair second; J. T. Arlett and R. J. Wilkinson, tie for third and fourth, and Sam Neal fifth.

Junior steer riding—Buddy Watson, tally 45, first; Riley Miller, 41-2, second; Billy Longbotham, 3, third; Bob Flinn, Ralph Miller, and Don McDonald, tie for fourth, fifth and sixth places, 42-2.

Saddle broncs—Johnny Downs, 4, first, \$120; Bobby Williams, 62-2, second, \$80; Jones DeArmon, 3, third, \$50; Don Utley, 58, fourth; and Nel Collier, 55, fifth, \$20.

Bare back bronc riding—Don Utley and Dutch Taylor, tie for first and second, 43; \$25 and \$15 awards respectively; Jones DeArmon, 42 1-2, third, \$10; Bob Brown, 41 1-2, fourth, \$5.

Wild cow milking—Shorty North of Colorado City, 14.3, first, \$75; Stuck Burrus of O'Donnell, 15.1, second, \$50; John Swenson, Stamford, 15.5, \$15; fourth; and D. D. Parks of Snyder, 15.7, fifth, \$10.

Junior calf roping—Edwin Parks, 19.8 seconds, first, \$35; Horace Davis, 20.3, second, \$20; Martin Parks, 28.3, third, \$15; Rex Robinson, 32.8, fourth, \$7.50; and Roy Smith, 38.8, fifth award of \$5.

Senior calf roping—Hollis Pace, 13.4, first, \$75; Erby Jesse, 14, second, \$50; James Smith, 14.1, third, \$25; Jack Lowe, 14.3, fourth, \$15; and dDee Burrus, 14.7, fifth award of \$10.

In senior calf roping Saturday night Slim Pierce of Snyder marked up first time with 14.9 seconds; James Russell of Merkey second with 15 seconds flat; Charley Creighton of Big Spring third with 16.2 seconds, and "Slingin' Sammy Baugh" of Rotan, nationally known football star, fourth with 16.9 seconds.

In junior calf roping Saturday night, Edwin Parks marked up first time, 19.8 seconds; Horace Davis was second with 20.3 seconds; Martin Parks was third with 28.3 seconds, and Roy Smith of Fluvanna was fifth.

Jack pot roping, Saturday night, saw T. P. Allen rope for first timing of 14.4 seconds, Willard Gladson second time of 15.3 seconds and Ralph Davis third time of 16.3 seconds. Ira Rice was fourth with 16.5 seconds.

First group day results, covering performances last Wednesday and Thursday nights, as announced by the Scurry County Rodeo Association, were:

Wild cow milking, N. E. Smith of Ozona, 14.9; Glen Elliott, 15.2; Ernest Rickner, 15.3.

Senior calf roping, Rufus Hart, 12.1; Phil Williams, 13.5; Sammy Baugh, 13.7; Hollis Pace, 13.9, fourth; Chas. Kebodeaux of Post City was fifth with 14 seconds.

Junior steer riding, Doyle Newton first, Horace Davis second, and Billy Willis, third, Johnny Hunnicutt fourth; Travis Bryant and Roland Davis tied for fifth.

Senior steer riding, Lewis Blair first, Neal Collier second and Sonny Lavender third.

Bare back bronc riding, Neal Collier was first; Jones DeArmon was second and Johnny Neal, third; Bobby Williams fourth and J. N. Elcke fifth.

In addition to money winners in the cowgirl sponsor contest, other entries included Mary Harris of Odessa, Mary Helen Sellers of San Angelo, aJne Smith of the Twenty-Four Ranch in Jones County, Bette Smith of Abilene, Frances Gist of Buford, Iris Dorsett of Sweetwater, Judy Kyle of Aanson, Louise Bennett of Big Spring, Joyce Barnett, Betty Kennedy of Rotan, Billie Jean Kennedy of Post, Otha McFarland of Snyder.

Law enforcement officials turned in a good performance in keeping this year's roundup "dry." The crowd was, reportedly, the most orderly in years.

Judges, flag men and pick-up men at this year's rodeo deserve a lot of credit for jobs well done, as does Novis Rodgers, well known area ranchman and arena director. Men who worked the cattle and chutes, although unsung, were really the "men behind the guns" who helped in making this year's roundup outstanding.

Public address system for the rodeo was furnished through courtesy of the International Harvester Company, Sweetwater, and Snyder Implement Company. A. S. Alexander Jr. was in charge of the PCA.

Stock for the rodeo was furnished by the Bill Lyons Stock Farm of Petrolia.

Pre-performance feature each evening was the rodeo's street parade. Led by flag bearers Alvin Koonsman and Novis Rodgers, the parade circled a square bedecked, through courtesy of Snyder Volunteer Fire Department, with streamers and banners. The square's north side had a huge overhead, welcome-to-the rodeo sign.

N. T. Underwood, Scurry County Chamber of Commerce manager, announced a considerable amount of the show and was No. 1 "pinch hitter" for Buck Jackson.

Melvin Newton was committee chairman on the concessions this year. Homer Robinson chairman of the grounds committee. Sam Williams chairman for merchant prizes and time keepers were Jim York of Gail and Jack Dennis of Snyder.

Charley Miller was flag judge, and official judges for the cutting horse contest were Cury Maynard of Fluvanna, Rip Elkins of Snyder and Ole Boatwright of Colorado City. Officials of the Scurry County Rodeo Association were carried both on daily programs and on front cover of the official rule book.

Edgar Taylor, Gerald G. Gordon and Billy Boren were bookkeepers for this year's rodeo, a job rodeo officials declare well done. Honor guests in the parade last Wednesday evening were Congressman George Mahon of the 19th District, Texas, and State Senator Pat Bullock.

### Big Spring Rodeo Opens August 7th For Four Nights

Word from the Big Spring Rodeo Association through the Chamber of Commerce there, informs that their four-day Rodeo will open August 7, first day of the show to run through the following Saturday.

The Rodeo Association lists \$2,950 in purse money, and will also feature other special awards.

An advertisement appears on another page of The Times giving details of the show. Roping, bronc riding, bull riding, steer wrestling, and bareback riding are some of the features.

A Few Questions to Ask the

# PRINTING PEDDLER

# ?

When the peddler selling stationery and printing supplies solicits your business there are a few very applicable questions which he should be willing to answer to your satisfaction. Among them being:

Does he pay taxes in this community?

Can he supply your order on short notice?

Does he donate space in his newspaper to your local community enterprises?—or does he donate any sum to projects that require finances?

Does he pay wages to a force of employees located in Snyder—who in turn trade with you?

Does his newspaper devote its entire space toward the betterment and upbuilding of this community?

Does he grant you every favor that you would ordinarily ask of a local newspaper.

Does the quality of his merchandise stand inspection?—is it on quality paper stock and the printed matter attractively arranged?

Will he submit proof of your work before finishing and mailing it to you C.O.D.?

Does his price include the postage and insurance charges?

If he can answer all of the above questions in the affirmative, he is entitled to your business.

### Farmers Notified Of AAA Deadline

Scurry Counties 1500 farm families are urged to make a safety check in the home and on the farm as a major observance of National Farm Safety week.

Sunday through Saturday of this week has been designated by President Truman as National Farm Safety week, and each family is urged to eliminate farm hazards.

"In this campaign we must always keep in mind two basic facts," County Agent J. N. Caviness states. "The first is that farming is one of the most dangerous of all occupations. The second is that accidents can be prevented by intelligent foresight and action."

There are many jobs on a farm. It would take a long time to learn them all. The farmer, his family know how to do them because they and many of his regular hired men have done them so often, but you will have to learn to do one or two jobs at a time. Learn to do them safely and well. Each job may look simple, but remember there is a right way to do it.

Here are some suggestions that will help:

1. Be ready to learn. Listen to directions carefully. Stand where you can see and hear all the directions given.
2. Watch every step. Follow each point carefully.
3. Be sure you know how. Repeat the job while your supervisor is on hand to give you suggestions. Ask questions.
4. Always do your best—safely. Ask your leader or supervisor to check your work. Know where to go in case of an emergency.

### Negro Enlistments Service Suspended In Pacific Area

An order, it has been made public, has been put into effect as of July 17, whereby Negro enlistments and reenlistments into the armed forces cannot be made, except in some specified classifications. Recruiting stations throughout the country have already been notified of the suspension.

The order, described as based on a percentage basis in all categories of nationalities (or racial colors) and not on discrimination, is instituted to keep in the colors a like percentage based on national population.

R. H. Montgomery, pastor of the First Baptist Church of Hermleigh, reports that the summer revival will begin August 4th. A. J. Findley of Omaha, Texas will do the preaching and Brother Cadwell of Alabama will lead the singing.

### SERVICES AT FIRST BAPTIST CHURCH

The subject for the pastor's message Sunday morning will be "Full-priced Christianity," the text being I Chron. 21:18-25. The evening meditation will be on the subject, "The Life of Trust" with Psalm 37:5 as the text. A hearty welcome awaits all who come to any of the services. You are specially invited.

The Sunday school attendance last Sunday was 309, and the Training Union attendance was 76. There is a lot more room in each of these organizations for others. Why don't you come this coming Sunday and help to increase the number? You will enjoy these organizations.

### CURRENT EMPLOYMENT PICTURE IN TEXAS

**LABOR MARKET MAP—Current Texas employment is virtually at a standstill as continued shortages of materials checked last month's rising employment trend, the United States Employment Service**

said. Only three changes in the labor market area classification occurred during the month. The Houston-Baytown Area employment situation brightened as more jobs workers found employment.

Offsetting this, both the Lubbock and Wichita Falls areas reported an increasing number of unemployed in relation to job opportunities. (APPHOTO).

### 10-Night Singing For Camp Springs

Directed by Eddie Williams, Hobbs music teacher, a 10-night singing school got underway Monday evening at Camp Springs Methodist Church.

Classes each evening at the singing school begin at 8:30 o'clock. Community leaders report that the Williams Singing School will run from Monday through Friday night of this week, and Monday through Friday night of next week. Attendance at singing classes Monday through Wednesday evening was excellent and both Camp Springs and Midway communities are showing keen interest in the school.

Visitors from Scurry and Fisher counties are extended a cordial invitation by Williams to attend any sessions of the 10-night school, and visiting groups of singers are scheduled to appear at various sessions.

### Special Service For Church Youngsters

The young people will have charge of the Sunday morning services of the North Side Baptist Church. The choir, the ushering, the praying and special singing will be conducted by the young people. Dr. Kirkland's subject for the occasion will be "The Quest for the Best in Life." All young people are urged to hear this message and participate in the service.

The young people have a group that is meeting each evening at 8:00 during the revival meeting and they rejoice over the attendance they are having. "Come thou with us and we will do thee good."

### Churches Of Christ Believe....

The Bible is sufficient to every religious need of man. "Every scripture inspired of God is also profitable for teaching, for reproof, for correction, for instruction which is in righteousness: that the man of God may be complete, furnished completely unto every good work" (II Timothy 3:16-17).

It is, then, the earnest plea of the churches of Christ that all seekers of religious guidance turn to the only safe and infallible guide, the Bible. Truly "his divine power hath granted unto us all things that pertain unto life and godliness" (II Peter 1:3a). To "speak where the Bible speaks and be silent where the Bible is silent" is indeed a glorious ideal to be held by all who desire to do His will.

There are many, however, who draw direction from human creeds. These have been multiplying through the years. It is the conviction of the churches of Christ that the religious world can never be united so long as people hold to those man-made creeds. Certainly it can not be true that scores of different creeds—contradictory in many points—are all only the Bible in condensed form. Each new faith came as the result of truth (or supposed truth) breaking away from error (or supposed error). Neither is it true that such human creeds are necessary for the understanding of mankind. The Bible, inspired of God, furnishes man "completely unto every good work." Any creed which does not include all the word of God is too small; any which contains more than the Bible is too large.

It is evident to every serious thinking person that humanly organized creeds are divisive in spirit. Should every word of every one be only that which is found in the Bible, still they perpetuate the competitive divisions which exist among professed believers in the Christ. Each states but a few fundamental points of faith, each demands peculiar professions. Thus, regardless of how spiritual they may be, the curse of them is to be evidenced on every hand. Indeed "some hobbies are small and some are large enough to be called denominations."

Does it appear unreasonable, then, that the churches of Christ look upon such man-made creeds as the egoistic endeavors of man to improve upon God's revealed Word?

## TEXANS IN WASHINGTON

By TEX EASLEY  
AP Special Washington Service

WASHINGTON, July—(AP)—The University of Texas, which has become an issue in the present Texas gubernatorial race, is not alone among schools blacklisted by the American Association of University Professors.

There are 12 others on the AAUP's "Censured Administrations" list, denoting criticism of either the administrative officers or governing board, or both, of the schools concerned. One of the 13 has been on the list since 1935, four since 1939.

Placing of Texas on the list was the outgrowth of the dismissal of Homer Rainey as President.

The list of censured schools varies in numbers as names occasionally are added or withdrawn. On Jan. 1 there were 70 cases pending before the AAUP. That is, investigations underway of grievances of AAUP members.

During 1945 it dealt with 117 cases, disposing of 47. Included in the 117 were 10 which were withdrawn by the complainants, eight which were rejected by the AAUP upon investigation. Adjustments were made up or are sought in 44 cases.

The AAUP, which is not affiliated with any other organization, has 18,500 members, approximately 25 per cent of the total number of professors of accredited universities and colleges.

The schools on the "censured administrations" list, besides the University of Texas, are: Adelphi College, Garden City, N. Y.; John B. Stetson University, Deland, Fla.; University of Kansas City, Kansas City, Mo.; Memphis State College, Memphis, Tenn.; West Chester State Teachers College, West Chester, Pa.; University of Pittsburgh, Pittsburgh, Pa.; St. Louis University, St. Louis; State Teachers College, Murfreesboro, Tenn.; University of Tennessee, Knoxville; Central Washington College of Education, Ellensburg, Wash.; Winthrop College, Rock Hill, S. C.; and the University of Missouri, Columbia, Mo.

In five of these cases, including the University of Texas, the question of "academic freedom" is directly involved. In some it is a question of alleged dismissals without cause, and in some assigned reasons for dismissals are disputed.

The University of Missouri, like the University of Texas, is a newcomer on the censured list. Although the question of academic freedom there is indirectly involved, the case centers largely around a personality. Involved is Dr. Lee S. Hultzen, an associate professor of speech, who was dismissed in 1942. Now a faculty member at the University of Illinois, he had been dismissed at Missouri when questions of personal conduct were raised. The AAUP investigated and found that he had been dismissed without "reasonable or adequate grounds," and asserted that only rumors and not fact had prompted the discharge.

Once a school has been placed on the "censured administrations" list, it presumably is removed only when a change in personnel has been effected in a school's administrative or governing officials and to a degree sufficient to cause a change in policies.

## Around the Capital:

While legislation simmers regarding a government wool program, sheep and goat raisers from West Texas anxiously check into the chances for its enactment. Here conferring with congressmen and senators are Steve Stumberg of Sanderson, president of the Texas Sheep and Goat Raisers Association; M. C. Puckett, Fort Stockton and Horace Fawcett of Del Rio.

With other wool men from western range states, they met at an informal dinner in the Raleigh Hotel. Congressmen who dined with them, all sympathetic but frank, told them that the chances were almost 10 to 1 against enactment of the bill they want passed.

The measure, providing for continuation of the present government purchase program of all domestic-grown wools, is still pending in the Senate with only two or three weeks left before adjournment. The legislators, as realists, saw little chance the bill could be put through the House Agriculture committee and sent to the floor in time for a vote.

The Porters figured prominently in the OPA fight concerning oil. Backing continuation of price control over petroleum and its products, of course, was Price Administrator Paul Porter. Here seeking elimination of all controls were H. J. Porter of Houston, President of the Texas Independent Producers and Royalty Owners Association, and Frank Porter of Oklahoma City, president of the Mid-Continent Oil and Gas Association.

Oil man Porter of Houston predicts that with cents per barrel, which he figures would mean a maximum increase of three-fourths a cent on a gallon of gasoline. He believes, however, that stocks may grow so large that by next fall prices would be driven down to even below present levels.

## THAT DROP IN THE BUCKET FOR THIS SECTION

While the lake project for this area, which would supply five cities, Snyder, Colorado City, Big Spring, Odessa and Midland, with water is being discussed, there are a slush of projects elsewhere being discussed—and when you sum it up, \$10,000,000 isn't much money to spend in this Southwestern section.

Take a look at some BIG figures: they come in concerning that St. Lawrence waterway, and we fail to see how the South is going to profit by such a deal. But we would help pay the bill to the tune of about ONE BILLION (\$1,000,000,000) DOLLARS.

The Senate Foreign Relations Committee has released the minority report filed by Senator Walter H. White, Jr., of Maine, covering a resolution to ratify the agreement with Canada for completion of the St. Lawrence waterway and power project.

Frankly, we don't know much about water projects—except when we are thirsty. Or we may be able to look at lawns, gardens and crops and tell when they are thirsty. But first, we would like to know just how this nation, and especially the South, is going to benefit from that billion dollar expenditure. Even the near North would benefit little; Canada would get the gravy—when Uncle Sam had coughed up the money to build the project. And of course the sales tax is that the American farmer would greatly benefit. We are interested—only on facts, not political promises. Just how would a farmer down here be benefited?

Of the total grain crop raised annually in the 16 states tributary to the proposed waterway, Senator White points out, less than one-half of one percent is exported. Under normal conditions, the United States exports less than 2 1-2 per cent as much grain as does Canada. Who would use the waterway? Instead of developing our own resources, it seems that this would be another outright gift to another nation. So, if Uncle Sam has so much to throw away, since the boys in Washington are dead-bent on spending it anyway. If we get some of it down here it doesn't make our taxes a bit higher than if some other nation reaps the benefits.

Right at the present time we are more interested in a waterway project close to home. When next our delegates meet at the conference table to discuss the Upper Colorado lake, and we are assured by the four other interested towns that water would flow from the lake to this townsite on a debt-free basis, then we much prefer the plan to building Canada a waterway. And a debt-free basis is very reasonable and fair—any other town having indebtedness could retire their own debts by a slight increase over ours in rates. That is a sound business proposition.

When more water is impounded in this section, a natural increase in rainfall will be the result. It has been the result around every water storage project in the country. Any farmer will get more benefit from more rainfall than he will from the St. Lawrence.

In short, if that BILLION DOLLARS must be spent, let's spread it out over our own nation and reap the benefits.

## THE ARMY AND THE NEGRO

On the same day Selective Service reduces occupational exemptions to practically nil, the Army orders suspension of Negro general enlistments. Since the first action presumes that the bottom of the barrel, within the authorized age limits, is being scraped, it invites the question: Why shut off the flow of voluntary recruits, whatever their color? And from one quarter, at least, comes the cry of racial discrimination.

The Army explains that it is simply following its policy of keeping the ratio of Negro to white soldiers at the same level as that in the United States total population—one in ten. Negroes have been enlisting for some months at twice this rate.

Without presuming to analyze the complex of reasons and motives which underlie it, this policy, although immediately inexpedient, seems in the long view thoroughly sound. American Negroes have a right to serve their country in proportionate numbers, and their country should expect it of them. But an excess of that proportion simply multiplies problems which are difficult enough already.

First, because it is highly important that the armed forces be truly representative of the American people. To permit disproportionate numbers of any clearly defined minority group—especially one which endures an inferior status—would be a mistake. From there to a escape mechanism of mercenaries is not too far a journey.

Second, because large numbers of Negroes, frankly, still present the Army with a serious problem. It is not that they cannot be made into good soldiers. Some Negro outfits have been of the best. But whole regiments and divisions of Negroes cannot be stationed just anywhere where there is an Army post, without difficulties—perhaps even more in the North than in the South.

This is not an indictment of the Negro. It is not an indictment of the Army. It does point an accusing finger at all the apathy, intolerance, ignorance, and fear which keeps what America calls its "Negro Problem" a long way from solution.

## TWO AND TWO MAKE FOUR IN ALL COUNTRIES

"It is useless to talk of labor's purchasing power encouraging business if business is asked to produce goods at a loss," says the New York Times editorially. "We cannot have full employment if people are discouraged from becoming employers."

When business can no longer employ and produce, government will step in—and the state bureaucrat will be the economic dictator. Then we'll have exactly the essentials of fascism, here at home, that we fought the most destructive war in history to destroy.

## P. Bendeneck Old Time Bootmaker Retires July 1, After 52 Years

P. Bendeneck, well known bootmaker of Snyder and West Texas, retired on July 1, after over 52 years at the bench as a bootmaker. He has turned his business over to his son Ordeen.

Mr. Bendeneck has been a bootmaker in the United States since 1907 coming here from Poland. Before coming to Snyder Mr. Bendeneck worked in Kansas, Oklahoma and Texas and many shops in each of the states.

It was in 1914 that Mr. Bendeneck came to Snyder a thriving cowboy town, where he located his boot shop in the northwest corner of the courthouse basement where he remained for two or three years. After this location he moved to several different locations around the square in Snyder during a period of thirty-two years which he spent as a bootmaker here.

During this thirty-two year period as a bootmaker, Mr. Bendeneck has made boots for most all the ranchers and their families in the vicinity of Snyder. A few of the well known ranchers include such prominent ranchers as Harrie Winston, Billie Johnston and family, J. J. Koonsman and many other ranchers and cowboys of West Texas.

Mr. Bendeneck has made and shipped boots to Montana, Wyoming, Colorado, Arizona, New Mexico, California and in Texas from Brownsville to Dalhart and many other sections.

Mr. Bendeneck started the bootmaker trade in Poland, his native country, at the age of 13. Before coming to the United States Mr. Bendeneck worked at his trade in

Russia, Austria - Hungary and through Germany.

He taught his boy Ordeen the trade and he is now carrying on in the footsteps of his father, being considered a full-fledged bootmaker.

During the Russian - Japanese war Mr. Bendeneck served four years in the Russian army as a bootmaker supervisor. Over 3000 pairs of army boots a year was made under his leadership.

It was in 1915 that Miss Ethel Wasson of Snyder and Mr. Bendeneck were married. They had three girls Wanda, Thana and Thana; and two boys Ordeen and Daren. Mrs. Bendeneck passed away two years ago. Daren lost his life in World War II as he was shot down over Belgium about three years ago, while piloting a P-51.

When asked regarding his future plans, Mr. Bendeneck states he is going to rest and when he tires of that he is going to rest some more.

## Vacations

By GLENN GOSS

With the conclusion of our Tenth Annual Rodeo, Snyder's citizens will again turn to vacationing.

Those reported on vacation this week are Miss Bonnie Jones, who is intending to spend her two weeks of relaxation in and around Snyder. M. H. Roe who left for Ruidosa, New Mexico. Miss Jeanne Miller, who was a teacher in the Snyder schools, left recently for Boulder, Colorado, where she is to attend the State University.

## T. B. KNIGHT SAYS TO THE VOTERS OF SCURRY COUNTY PRECINCT NO. 1:

That I will again appreciate your votes. And I earnestly solicit your support in the coming election, Saturday, July 27.

Since I have been in office I have tried to make you a commissioner worthy of the confidence you placed in me, when you put me in office with your ballot in the past, and I think that I have. I believe that the record will verify that fact.

I am sure that I can do you a better job on the roads another term than I have been able to do in the past, because of the experience that I have had, and the financial structure that has been built for the Precinct since I have been your Commissioner.

On July 1st, The County Treasurer's Report showed Precinct No. 1 to have in its Road and Bridge funds \$9,857.85, and its machinery paid for.

As to the county wide indebtedness, it has been reduced, \$67,000.00. The Court House bonds have been refunded at no cost to the county and an interest saving of approximately \$22,000.00 since the present court has been in office.

I believe in a sound, efficient and practical, program that will work every day, in the year and for years to come, and I am especially interested in good roads and if I am elected, you can rest assured that the best roads possible to be built with our means, will be built.

So now after you have read this, and you think I am entitled to the office again, I will say again, that I will sincerely appreciate your votes.

Thanks a lot and with best wishes to you one and all, I hope to remain your next commissioner for Precinct No. 1.

Sincerely yours,  
T. B. Knight

## TO THE VOTERS OF PRECINCT NO. 2:

In asking the voters of Precinct 2 for their support as commissioner, I feel that I have something in return to offer them in service and efficiency.

Having been born in Scurry County, and operating a stock farm the past fourteen years, I am well acquainted with most of the residents of the County, and I feel that I am qualified to handle the problems that face us.

I have traveled country roads enough to know their value, to know what they mean, and what they need, not only to the county folks but the entire country.

I realize too there are many other duties for a commissioner to perform, and if the voters see fit to favor me with this job I will work for the betterment of the County and always give each duty careful consideration.

I have tried to see each one of you personally, but if I have failed to do so please accept this as my personal request for your support.

Your friend,  
W. M. (Bill) RILEY

## TO MY FRIENDS OF SCURRY COUNTY:

The time is at hand when you will elect a Tax Assessor-Solelector to serve you during the coming two years. The office belongs to the people and your vote will determine who will serve you in that office during that time. I am indeed grateful for your very kind considerations in the past and

await your verdict next Saturday with great anxiety. I take this opportunity to thank you again for your expressions of confidence in the past and will abide your judgment next Saturday with gratitude for the faith and trust that you have heretofore placed in my integrity.

Yours very truly,  
EDGAR TAYLOR

**Mrs. Max Brownfield Here For Funeral**

Mrs. Max Brownfield, the former Miss Eloise Scott, now residing at Goldsmith, near Odessa, arrived in Snyder last Thursday morning to attend the funeral of her father, James W. Scott. Mr. and Mrs. Brownfield plan to return home the first of the week.

Mrs. Brownfield was for several years a member of the Scurry County Times staff, and paid the office a pleasant call while here.

Big city smartness is embodied in the long sleeve cotton blouse worn by Loretta Young of RKO. The long sleeve cotton is done in a red, white and black plaid. It is worn with a slim black skirt which is given color relief by a narrow belt of the plaid.

**Scott Brothers To Resume Agency**

In an announcement to a Times representative here the first of the week, Grover and Donald Ray Scott, sons of the late operator of the Scott & Scott real estate and insurance agency, stated that they would continue operation of the agency.

Donald Ray has been a junior member of the firm for some time, and will now be joined by his brother, Grover.

**QUOTES OF THE WEEK**

"He can run, but he can't hide!"  
—Joe Louis, before his bout with Billy Conn.

"I just can't fight any more."  
—Billy Conn, retiring from ring after his 8th round K.O.

"That last one was a honey."  
—Flagpole Sitter Marshall Jacobs, Coshocton, O., shocked five times by lightning while aloft.

"We cannot have national prosperity if we attach a penalty to initiative and enterprise."  
—Louis Johnson, past national commander, American Legion, urging lower Federal taxes.

"Organized labor must now accept responsibility not only to its membership but also to employers and the public."  
—Emil Rieve, pres., Textile Workers Union.

"The most secure individual in our society is a prisoner serving a life sentence."  
—Senator Bill Minn.

**IT'S DONE WITH BAGS, FOLKS**

Cute "little sister" Vicky Lynn Hulett pauses for a refreshing drink in Memphis' Overton Park, while "big sister" Hilma Seay smilingly looks on. The "big sister-little sister" frocks the girls are wearing are made from gay floral printed cotton feed bags. Yes, it's all done with bags, folks.

**MR. AND MRS. D. B. HALL ENTERTAIN WITH DINNER**

Those enjoying the day and a bountiful dinner Sunday, July 14, in the home of Mr. and Mrs. D. B. Hall were the following: Mr. and Mrs. Earl Elland and sons Calvin and Carl of San Gabriel, Calif., Mr. and Mrs. W. L. Pope and children, Mr. and Mrs. T. J. Brown and son

Mr. and Mrs. Stanley Merket and Joann, Mr. and Mrs. William Walker and Billy Dean, Mrs. M. D. Hall and baby and Mrs. Edward Brown and Glenda.

25-years active private practice in State and Federal Courts, 12-years as District Judge with a record above the average, asks promotion to—

**THE COURT OF CIVIL APPEALS** to succeed Judge Gray, who has withdrawn. If you believe that the East half of the district should have one of the three judges, vote for Miller.

"We have known Judge E. J. Miller, both as Judge of the 35th District Court, where he served for twelve years, and as an active lawyer in private practice, in which he was engaged for many years. He was an able judge, diligent, industrious, learned in the law, and painstaking in his consideration and decision of the matters involved. We commend him as having the qualities that eminently fit him for the position which he seeks, that of Associate Justice of the Court of Civil Appeals.

## Miss Elsie Murphy, Bride Elect, Is Honored

Miss Elsie Murphy, bride elect of Bill Tippen of Abilene, was honored with a gift tea Monday evening, July 22, at the home of Mrs. Myron Roe. Hostesses for the tea were Ruth Davis, Mrs. Myron Roe, and Mrs. H. C. Michael Jr.

Guests were greeted by Miss Davis and Mrs. Roe. Others in the receiving line were the bride elect, Mrs. W. T. Murphy, her mother, Mrs. Gordon McCann, sister of the groom, and Mrs. Renal Ross, sister of the honoree.

Throughout the evening Mrs. Lucile Daugherty played a selection of love songs and accompanied Mrs. Roe and Mrs. Michael as they sang, "Symphony." Fred McFarland, accompanied by his mother, sang "Some Sunday Morning," and Helen Jo Graham read "A Letter to the Bride" and "Advice for the Bride."

Guests were ushered into the dining room by Mrs. Joe Graham, where they were served punch, cookies, and nuts from a lace covered table lighted by white candles which featured a mirror arch of greenery and miniature bride and groom. Mrs. Hollis Browning presided at the punch bowl, assisted in the dining room by Jimmie Etta and Minnie Alice Mayfield.

## Tri-Community Club Has Meet

Mrs. Theo Soules of the Pyron club, Mrs. Jim Sorrels of the Bison club, and Mrs. Robert Chambers of the Plainview club were chosen as delegates to the Texas Home Demonstration Convention to be held in Amarillo on August 14, 15, and 16, when the home demonstration council met in Miss Estella Rabel's office Saturday.

Mrs. L. Vandiver of Mt. Zion and Mrs. Mel Andrews of Tri-Community were named alternates.

The clubs answered roll call by reporting on their recent activities. Pyron reported a delightful picnic and 42 party in the home of Mr. and Mrs. O. C. Hess on July 4th.

Bison announced plans for their annual field day to be held in Mrs. Ella Richter's pasture, on which the members observe plant life and collect pretty rocks.

Tri-Community club members have completed 49 garments and 12 pieces of handwork this month. China Grove reported two new members.

Mrs. W. H. Prescott, finance chairman, reported a balance of \$55.35 in the treasury, realized largely from the sale of jar lifters, door racks, and corn cutters. The jar lifters sell for 35c, the door racks for 50c, and the corn cutters for \$1. Anyone wishing to purchase any of these handy articles may see the local club president or Mrs. Prescott or Miss Rabel.

Mrs. Stanley Market, recreation chairman reported a very enjoyable encampment held at the Von Roeder orchards. Approximately 100 people enjoyed the songs, games, picnic suppers, swimming, and peach picking on July 2. This was entirely a recreational meeting wherein the members and their families enjoyed the hospitality of the Von Roeders.

## COTTON COMMUTERS

Cool and practical for warm weather wear is this pale blue cotton two-piece worn by Frances Gifford, M-G-M player. The dress, which looks like a suit, is good for marketing in the village, equally good in the city. It is printed with a cross and ball design in black, has a black insert on the yoke of the jacket.

## PRESBYTERIAN CHURCH

This will be our day at Fluvanna, but regular Sunday School services will be here at Snyder and the pastor hopes for a good attendance on the part of the whole membership.

Services at Fluvanna will be: Sunday School 10 a. m., preaching at 11 a. m. and 8:15 p. m. Public welcome to these services of worship.

## Bridal Shower Honors Miss Erdice Reynolds July 9th

A bridal shower honoring Miss Erdice Louise Reynolds was given Tuesday evening, July 9th, by Mrs. Mollie Pinkerton, Mrs. Clifton Rogers and Mrs. S. L. Morgan in the home of Mrs. Mollie Pinkerton. For entertainment the guests made "cupid pie" and "romance cake," by unscrambling words and filling in blanks and each guest embroidered her name on a cup towel for the honoree.

Marjorie Chapman presided at

the register and Tippy Burns poured punch and served cookies. The color scheme of pink and white was carried out, flowers of crepe Myrtle and petunias decorated the lovely lace covered dining table, with its crystal holders and pink candles and crystal punch bowl. After refreshments guests viewed the gifts which included a complete set of crystal and a complete set of china also many other lovely gifts.

There were 46 guests attending the shower.

Mr. and Mrs. A. J. Rivers, of Fort Worth, were week-end visitors in the home of Mrs. J. A. Farmer.

# VOTE FOR PRICE DANIEL OF LIBERTY COUNTY for ATTORNEY GENERAL

Jake Smith, former co-publisher of The Scurry County Times, now a business associate of Price Daniel, says of the 35-year-old attorney:

"Price Daniel is one of the finest and most capable men I have ever known . . . at Baylor, where he was my class-mate, he was an outstanding law student and campus leader. He is a skillful lawyer, a former seeker of placement in the House of Representatives . . . is married, and has three children; Veteran of World War II—entered the Army as a private and was honorably discharged as captain.

"Daniel is an enthusiastic worker in the Baptist church, a genuine sincere gentleman, and deserves the office he is seeking."

S. J. R. NO. 5  
A JOINT RESOLUTION

proposing an amendment to the Constitution of the State of Texas authorizing the Legislature to appropriate Seventy-five Thousand (\$75,000.00) Dollars, or so much thereof as may be necessary, to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization of the Governor of Texas on August 31, 1937.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new section, as follows:

"The Legislature is authorized to appropriate so much money as may be necessary, not to exceed Seventy-five Thousand (\$75,000.00) Dollars, to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization by the Governor of Texas on August 31, 1937."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at the next general election to be held on the first Tuesday after the first Monday in November, A. D., 1946, at which all ballots shall have printed thereon:

"FOR THE CONSTITUTIONAL AMENDMENT AUTHORIZING THE LEGISLATURE TO PAY FOR BUILDING CONSTRUCTED FOR JOHN TARLETON AGRICULTURAL COLLEGE;"

"AGAINST THE CONSTITUTIONAL AMENDMENT AUTHORIZING THE LEGISLATURE TO PAY FOR BUILDING CONSTRUCTED FOR JOHN TARLETON AGRICULTURAL COLLEGE."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this state.

Sec. 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the treasury of the state, not otherwise appropriated, to pay the expenses of such publication and election. 7-4c

HOUSE JOINT RESOLUTION

proposing an Amendment to Article 16 of the Constitution of the State of Texas, by adding thereto Section 62 providing a Retirement, Disability and Death Compensation Fund for the appointive officers and employees of the State; limiting the amount contributed by the State to such Fund; providing for investment of Fund with certain exceptions; prohibiting recipients of benefits hereunder from receiving other direct aid from the State; authorizing counties to provide and administer such a Fund for appointive county officers and employees after favorable vote in a county election for such purpose; limiting the amount contributed by the county to such Fund; providing for investment of Fund with certain exceptions; prohibiting recipients of benefits from said Fund from receiving other direct aid from the State; and providing for an election, necessary form of ballot, and publication on the question of adoption of this Amendment.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 16 of the Constitution of the State of Texas be amended by adding thereto Section 62, which shall read as follows:

"Sec. 62 (a). The Legislature shall have the right to levy taxes to provide a Retirement, Disability and Death Compensation Fund for the appointive officers and employees of the State; provided that the amount contributed by the State to such Fund shall equal the amount paid for the same purpose from the income of each such person, and shall not exceed at any time five per centum (5%) of the compensation paid to each such person, and shall not exceed the sum of One Hundred and Eighty Dollars (\$180) for any such person.

"All funds provided from the compensation of such person, or by the county, for such Retirement, Disability and Death Compensation Fund, as are received by the county, shall be invested in bonds of the United States, the State of Texas, or counties or cities of this State, or in bonds issued by any agency of the United States Government, the payment of the principal of and interest on which is guaranteed by the United States, provided that a sufficient amount of said funds shall be kept on hand to meet the immediate payment of the amount likely to become due each year out of said Fund, such amount of funds to be kept on hand to be determined by the agency which may be provided by law to administer said Fund; and provided that the recipients of benefits from said Fund shall not be eligible for any other pension, retirement funds or direct aid from the State of Texas, unless the State, is released to the State of Texas as a condition to receiving such other pension aid."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified voters of this State at an election to be held throughout the State in November, 1946, (being the 5th day thereof) at which all ballots shall have printed thereon:

"FOR THE Constitutional Amendment authorizing the Legislature to provide a Retirement, Disability and Death Compensation System for the officers and employees of the State of Texas and authorizing counties to provide such system for the appointive officers and employees of the counties of the State of Texas;"

"AGAINST the Constitutional Amendment authorizing the Legislature to provide a Retirement, Disability and Death Compensation System for the officers and employees of the State of Texas and authorizing counties to provide such system for the appointive officers and employees of the counties of the State of Texas;"

Each voter shall scratch one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution for Amendments thereto.

## Mighty Fittin'—Those Old-Time Tomato Preserves

—Photo Courtesy Ball Bros. Co.

"How dear to my heart are the scenes of my childhood! Memories of old oaken buckets belong to a vanishing generation but almost everybody has fond recollections of the favorite foods of his childhood. Every year a good many people write Gladys Kimbrough, Home Service Director for Ball Brothers Company, manufacturer of fruit jars, requesting a recipe for pickles or preserves "like my mother or grandmother used to make."

### An Old Favorite

A recipe popular a half century ago appeared in an early edition of the Ball Blue Book. It reads: "To every pound of small yellow tomatoes allow one pound of sugar. Put the tomatoes and sugar together and to every seven pounds of sugar allow the juice of three lemons. Let stand together all night and in the morning drain off the sirup and boil. (The recipe doesn't tell how long, but 10 minutes should do.) Put in the tomatoes and simmer for twenty minutes after they boil. Remove the tomatoes and allow the sirup to boil until thick. Just before taking from the fire, add the lemon juice. Put the fruit in the jars and cover with boiling sirup. Seal immediately."

If a more modern recipe is wanted, you might try:

2½ pounds (peeled) small tomatoes  
2½ pounds sugar  
2 cups water  
¼ ounce whole ginger  
1½ lemons (sliced thin)  
½ ounce of stick cinnamon

Boil together water, sugar, lemons and spices for fifteen minutes; add tomatoes, a few at a time, and cook gently until the tomatoes become bright and clear. Then

pour into shallow pans, cover and let stand over night. Pack the cold tomatoes into hot jars and strain the sirup over them. Process twenty minutes; simmering.

### Recipe for Less Sugar

If you are wondering where you are going to get the sugar, as who isn't, here is your recipe:

2 pounds tomatoes  
2 cups sugar  
2 cups corn sirup, light or dark  
½ cup water  
1 lemon  
1 small orange  
1 stick cinnamon  
2 pieces ginger root  
6 whole cloves  
½ cup raisins

Use small, firm, red, yellow or green tomatoes. Scald one minute. Dip into cold water. Skin but do not core. Combine sugar, sirup, water, lemon, orange (sliced thin) and spices, and simmer 30 minutes. Remove spices. Add tomatoes and boil gently until they are bright and clear. Add raisins. Cover and let stand over night. Pack cold tomatoes into hot fruit jars. Boil sirup until thick as honey and pour over tomatoes. Process 15 minutes at simmering.

## Bell County Exes Meet Buffalo Gap

Sunday, July 28—the day after the first democratic primary—will bring former residents of Bell County now living in West Texas together at Buffalo Gap, 14 miles southwest of Abilene, for their first annual meeting since the early years of the war.

Acting for President E. I. Hill of Tahoka, Vice President Joe E. Childers of Abilene has named eight committees from a dozen or more towns in West Central Texas to handle the details of the annual Ex-Bell County Resident's Reunion.

It will be a dinner-on-the-ground affair, with everybody bringing his own basket lunch. Lunch will be spread on tables under the spreading liveoaks at the Presbyterian camp ground at Buffalo Gap. There will be a short program; but mostly the visitors will just spend the time talking over old times in Bell County and renewing friendships.

## Midget Auto Races Coming to Lubbock

Panhandle South Plains Fair officials announced this week that midget auto races, a sport new to the Plains that is sweeping the country like wildfire, will be run each afternoon of the Fair, October 7-12, at the Fairgrounds in Lubbock. Corby Benson and J. T. Wolfe, promoters, have a seven-event card lined up for the dust-free races, top billing being given the 25-lap contest which will wind up each day's program.

## Ira Church of Christ

Bro. James W. Adams

Visiting pastor from Temple, Texas, who will begin a Gospel Meeting at the Ira Church of Christ Friday, July 25, 1946, and continue through August 4. Services will start at 8:30 each evening, with special invitation to the general public to attend.

## At Lloyd Mountain

Bro. Fred Custis

A series of sermons started Sunday, July 21, at the Lloyd Mountain Church, of Christ, with Bro. Fred Custis, of Anson, Texas, doing the preaching. Singing will be directed by Roy Hooten of Austin. The sermon series runs for one week, closing next Sunday night, July 28.

## Specialist Says Dairy Feed Must Be "Picked Job"

Feed bargains for dairy cows still are available and most of them can and should be home grown. This statement comes from G. G. Gibson, dairyman for the A. and M. College Extension Service, who advises that now is the time to lay in ample roughage supplies to fall back on when pastures play out.

Digestible nutrients are the part of the feeds that the cow uses to maintain her body and to make milk. The common ones can be grouped as proteins, fats, and nitrogen-free extract (mainly sugar and starch). Minerals and vitamins are important but are not included under digestible nutrients.

Every feed contains digestible nutrients. The job of feeding dairy cows is to supply the right kind and amount as well as low cost nutrients.

Analysis of the pounds of digestible nutrients that can be furnished for one dollar at average prices from dairy feed, hay, silage and pasture shows that pasture is by far the cheapest with 150 pounds total digestible nutrients for one dollar. Silage is the second less expensive with 60 pounds digestible nutrients per dollar and hay follows closely with 50. Dairy feed brings only 21 pounds total digestible nutrients per dollar.

The feeds that the cow was built to handle furnish the nutrients at lowest cost. The successful dairyman does just as much as possible the job of feeding with cheap nutrients keeping in mind that each of the above mentioned feeds has an important place in any feeding program.

## Final Scout Camp In Mid-August At Ft. Stockton, Tex.

The final Camp for Scouts of the Buffalo Trail Council will be held at Ft. Stockton, Texas at the City Park and swimming pool, August 12th to 17th. The Camp will emphasize water activities, including swimming and boating instruction. Red Cross Aquatic Instructors will attend full time and Scouts will have the opportunity to qualify in the several Scout and Red Cross swimming classifications with Certificates awarded.

An expert cook has been employed and an abundance of the best food will be served. The cost is \$7.00 per Scout plus transportation.

## Oregon, California Visitors Hermleigh

Mr. and Mrs. Oscar Hooper have had as guests in their Hermleigh home the past two weeks Mrs. Hooper's parents, Mr. and Mrs. W. A. Barbour, of Upland, California, and also her sister, Mrs. Freeman Yardley, and two children of Eugene, Oregon.

While visiting in the Hooper home, Mrs. Hooper and girls, and Mrs. Yardley and the children, visited Mrs. Yardley's father-in-law, Mr. Freeman Yardley of Eldorado.

## In Union Revival

Rev. A. Myres

A revival meeting opens in the Baptist Church at Union tomorrow for a ten-day service period, with Rev. A. Myres, pastor-evangelist of Waco, delivering the sermons. Rev. Cone Merritt, pastor-singer, will be in charge of the attendant song services. 11:00 a.m. and 8:00 p.m. are service hours daily, with the public invited.

Vote Saturday!

## Community Singing Revived In County

Revival of community singing for Snyder and Scurry County will get underway this month in the form of a monthly song fest each Fourth Sunday afternoon, it was announced this week.

Snyder's First Christian Church will be the site for the singing on each Fourth Sunday afternoon, beginning at 2:30 o'clock.

This Homecoming for Singers, the first started since the war anywhere in this area, will feature both class and special group singing.

J. Lawrence Deavers, chairman of the Scurry County Singers Homecoming, and Leon Guinn, publicity chairman, state Wednesday that invitations to singers and song lovers of nearby counties are already in the mail.

Prior to the war Snyder sponsored community singings that attracted considerable attention over this area. During the years of war it was impossible to stage community singing because of misadventures and loss of many young convention attendants to the armed forces.

General public of Snyder and Scurry County is extended a cordial invitation to attend the singers' homecoming Sunday afternoon, July 28, 2:30 o'clock, at Snyder's First Christian Church.

## State Department Education Now To Have Lunch Plans

Governor Stevenson has appointed the State Department of Education to manage the U. S. Department of Agriculture's community school lunch program in Texas for the next fiscal year.

Joint formal agreement covering program operation requirements have been signed by Dr. L. A. Woods, State Department of Education and Mr. B. F. Vance, state director, production and marketing administration, for the Department of Agriculture.

Two-fold purpose of the program is to provide growing children with nourishing food for maximum health and growth and to create larger day-to-day markets for farm products.

The school lunch program has operated for several years on a year-to-year basis. Recently, the National School Lunch Act became public law. It provides assistance to states in operating community school lunchrooms for children attending non-profit public or private schools. States and the federal government will contribute funds to its support. For the fiscal years 1947 to 1950, inclusive, federal funds must be matched dollar for dollar by states. From 1951 to 1955, a state must contribute \$1.50 for each federal dollar, and after that \$3.

## TRAINING SCHOOL AT FIRST BAPTIST CHURCH

The past week there has been an interesting time at the First Baptist Church. The Training Union forces have been working toward the improvement and enlargement of the Training Union Organization. Over one hundred have been in the classes during the week.

Rev. and Mrs. M. E. O'Neill, Jr. have been out of town workers with the church. Other teachers for the week are: Miss Ola Margaret

## Bison Baptists Begin Revival; Runs One Week

The Bison Baptist Church, which has been meeting the second Sunday afternoon of each month with Rev. J. William Mason of Snyder preaching, has announced its one next Sunday night at 8:00 o'clock. Following hours have been set for the services: Evenings, 8 o'clock; mornings 10 o'clock.

Rev. Leslie Kelley of Snyder, now a student at Hardin-Simmons University, has been secured to do the preaching for the services. Kelley is in a meeting with the Dermott Baptist Church this week.

The Bison Baptists have issued an invitation to all residents of the community and the surrounding area to be present for the series of evangelistic services.

## Buffalo Trail Boy Scouts To Resume Swim Meets Aug. 2

The Buffalo Trail Council, Boy Scouts of America will resume its Annual Swimming Meet this August 2nd at Midland Pagoda Pool. The meet has not been held for three years due to unfavorable conditions. Preliminary meets are being held in the ten Districts of the Council and winners of these district meets will attend the Council Meet.

Events will include swimming, diving, and Water Polo. Prizes will be given winners in each of the twelve events. The Meet is scheduled to get under way at 9:30 a.m. August 2nd. W. A. Martin, Field Executive of Midland will be in charge, assisted by a Corps of local business men.

Leath, Miss Eunice Duff, Miss Mary Belle Weathersbee, Mrs. Arthur Duff, and Mrs. J. Wm. Mason.

## Shouldn't Something Be Done About It

By Glenn Goss and Waylon Bruton

(Editor's Note: The following article, written by two local boys and additionally signed by several other teen-agers of Snyder, is published for its benefits to the citizenship in general, and carries with it an appeal that should be of interest to all parents. Too, it coincides with the policy of the Times to give fair trial to every worthy cause that affects any considerable group of people.)

Last night as we drove through the streets of Snyder, we noticed an unusual number of teen-age boys and girls idly sitting in cars or walking the streets with nothing to do. Then as we drove out toward Sweetwater we saw ahead of us a car parked at the side of the road. We wouldn't have thought anything about it, but we noticed it was one of our friends and his girl friend. We are acquainted with the parents of the boy as well as with the parents of the girl. We know that neither would approve of such things if they knew they were happening.

Snyder, of course, has its theaters and golf courses but outside of these there is nothing to occupy the spare time of the average teen-ager.

As a result of this idle time, such things as were previously mentioned are happening every day and night in and around Snyder.

As most of you know a teen-age canteen was established in Snyder but all interest was lost and of course the canteen was a complete failure.

We have inquired about the cause of the failure of the last canteen, and have been told that the cause was the lack of facilities to keep up interest.

There is enough material in our city to supply the teenagers with

an orchestra. If there is anything the average teen-ager enjoys it is good orchestra music, especially if it is supplied by a group of enthusiastic youngsters.

If we will put our shoulder to the wheel a successful and entertaining canteen consisting of an amateur floor show, and many other means of entertainment can be supplied for our youngsters.

Citizens of Snyder, it is your duty to cooperate in the establishments of a new different and better, Teen Canteen to help prevent juvenile delinquent problems from increasing to an even greater state. Seriously, shouldn't something be done?

### Texas Gains 336 New Businesses In Month of May

Texas gained 336 new corporations in May, with all but 13 capitalized below \$100,000, the University of Texas Bureau of Business Research reports.

Only 77 charters were issued in May, 1945, and 228 were issued in April, 1946. Those firms handling oil, real estate, or transportation equipment or service registered outstanding gains during May.

## ODE TO LOSING CANDIDATES

The following gem of poetic thoughts on "The Defeated Candidate," by J. F. Woodson, has been used previously, but it contains so much food for thought it is reproduced herewith:

Oh, were you e'er a candidate, And did you ever train— And feel the swelling of the head That you'll never feel again?

Did you ever meet down on the street An influential friend— A man you knew was out for you, On whom you could depend.

And hear him say, "You have it won, Stand pat and never flinch." And you told your wife when you went home

You had a lead-pipe cinch. But your foe threw a rally too, You heard them clap and shout— But you couldn't see a doggoned thing For them to yell about.

The great day came and you lost

out, But said, "I'm feeling fine—" With a great big sick spot down inside And cold chills up your spine.

So you went home and told your wife

You thought it was a sin That politics had got so bad A good man couldn't win.

But you guessed it was for the best, And that you were satisfied, But she didn't believe a word you said;

In fact, she knew you lied.

Call whenever convenient. You are always welcome. Always a large stock to select from.

## RE-ELECT MRS. GASTON BROCK COUNTY SCHOOL SUPERINTENDENT FOR A SECOND TERM

As the date of election is at hand, I am making my final appeal to you for your vote for a 2nd term. As voters electing your future County Superintendent, I feel that you are entitled to know something of the qualifications and fitness of the individual you elect to fill this important office.

I am enclosing a copy of a letter of June 3, 1946, voluntarily sent me by the Deputy State Superintendent, Austin, Texas.

"Dear Mrs. Brock,

I have just completed my annual report for official activities for the school year just ended. Since the value of these reports depend so largely on the accuracy of County Superintendent's reports, I feel that a word of appreciation for outstanding work as done in your county would here be in place.

I have recently finished checking files in my office pertaining to all official business in Scurry County for the period 1943-46, the tenure of my supervision of schools in your county and district. In these files of your county, I find not a single error committed by you in compiling any type of report from your county that has come to me for auditing or approval. I also note that all official business that has come to my office or any other branch of the State Department of Education, is signally prompt and punctual as pertaining to time limitation.

I am proud to be able to say truthfully that you have applied for and obtained every penny of state aid that your schools could show a need for. I appreciate your thorough co-operation with me. Your educational program has been and is one of the most progressive and efficient in the state.

This review of the work in your county for the period covered is compiled from my office files, and while it is not intended as a compliment, I doubt if there are many County Superintendents in the state who would not envy your record.

Sincerely yours,

G. D. Hollbrook

Deputy State Superintendent"

As a last word, I earnestly appeal to you for your vote, and if elected, I promise to continue to improve all the schools in Scurry County.

Yours for better schools,

MRS. GASTON BROCK.

## TO THE VOTERS OF SCURRY COUNTY

I WOULD LIKE VERY MUCH TO EXPRESS MY REGRETS OF BEING UNABLE TO MAKE A HOUSE TO HOUSE VISIT DURING MY CAMPAIGN FOR THE SHERIFF'S OFFICE IN THE COMING ELECTION.

DUE TO THE FACT THAT I AM EMPLOYED BY THE CITY OF SNYDER ON THE POLICE FORCE AND FORCED TO SPEND MOST OF MY TIME IN LINE OF DUTY ON THAT JOB, I AM FINDING IT VERY DIFFICULT TO CONTACT EACH AND EVERY INDIVIDUAL.

I WOULD LIKE TO TAKE THIS OPPORTUNITY, TO SAY THROUGH THIS SOURCE, I WILL APPRECIATE YOUR VOTE AND INFLUENCE AND ANY SUPPORT THAT YOU MAY GIVE IN MY BEHALF.

IN RETURN FOR YOUR SUPPORT, SHOULD I BE ELECTED SHERIFF, I EXPECT TO FILL MY DUTY AND OBLIGATIONS THAT THE OFFICE REQUIRES, AND I EXPECT TO SHOW THE SAME COURTESY THAT I HAVE ALWAYS SHOWN IN CONNECTION WITH MY POLICE WORK FOR THE CITY OF SNYDER.

I will be most grateful for any support that you may give me in this race.

The revival at the Baptist church closed Sunday. Some wonderful sermons were delivered and much good will be reaped from them.

Those visiting in the home of Mrs. J. P. Billing Sunday were Mr. and Mrs. Dick of Houston, Mr. and Mrs. Jimmy Billingsley, Jr., and Frances of Snyder; Mr. and Mrs. Murrell Blassingame and daughter Ann of Buford; Mr. and Mrs. Hugh Billingsley and Ted; Mr. and Mrs. Nat Billingsley and son, N. A. and Max of Dunn. N. A. recently received his discharge from service. Hes pent some time over seas.

TO THE VOTERS OF PRECINCT NO. 2:

As Candidate for Commissioner of your Precinct, the Office, which I now hold, I wish to make the following Statement:

I have done my best in this capacity, and appreciate the cooperation that you have given me. I am asking for the place again on the basis of my qualifications. (I believe you will agree that I have kept our roads in as good condition as is possible).

The Commissioners Court has worked hard to secure projects from the State for the improvements of our County Roads, we have been successful in part and have others in view. The financial standing of our County, is better than it has been for years. To verify this I refer you to the records which are open to your investigation at all times.

Nevertheless, the shortage of necessary machinery and labor during my time in office has been a handicap. I would like very much to have one term under normal conditions.

I will appreciate your consideration of this and respectfully solicit your vote and influence on July 27th.

Jeannine Popejoy is spending this week in Big Spring with her aunts Ruth and Alva Jones.

## New Jeep Station Wagon

Willis-Overland Motors "surprise of the year" is the new Jeep Station Wagon which is now in mass production. The vehicle is powered by an improved 63 HP jeep engine, has a 104 inch wheel-base, seats 7 adults, and has an all-steel body. Designed to fill the need for an all-around car which rides with passenger car comfort and can, with seats removed, be used as a light transport, the vehicle is meant for people who never seriously considered a station wagon before. With generous carrying space, it is a utility car for farm or business use. The aspen-grained masonite interior makes cleaning easy after utility use while the steel body eliminates varnish upkeep costs, essential with the traditional wooden station wagon.

## Workman's Compensation Insurance No Job Bar To Disabled Veterans

In response to numerous complaints from widespread sections of the country that some employers are failing to hire disabled veterans on the ground that it is either forbidden or heavily penalized by workmen's compensation insurance contracts, J. Dewey Dorsett, general manager of the Association of Casualty and Surety Executives, today issued a sweeping denial that there is any provision in insurance policies or rates on which to base such erroneous statements.

"Employers who make any such claims are sadly uninformed about the provisions of their workmen's compensation insurance policies," Mr. Dorsett said. "There is nothing whatever in the policy which either forbids or even advises against the employment of any disabled person, veteran or non-veteran. Neither is there anything in the rating formulae which even takes into account whether or not an employer has disabled persons in his hire."

Mr. Dorsett's statement was made public in an effort to help relieve an acute unemployment problem among the very class of veterans who are most deserving of the nation's consideration.

"I do not agree with those who presume that such employers know better and are merely using the insurance angle as a convenient excuse for refusing to hire disabled war veterans," Mr. Dorsett said.

"It would be contrary to their own best economic interests to do so. I am confident that either they have been misinformed or simply have failed to read their insurance contracts. So I hope this statement will help to clear the atmosphere and thereby prove beneficial to veterans and employers alike. Here are the facts:

"A workmen's compensation insurance policy says nothing whatever, implied or direct, about the physical condition of persons an insured employer may hire."

"It is true that if an employer

## Farmers Urged To Have Cows Tested

With rabbits doing heavy damage in sectors of Scurry County, J. C. Caviness, County Agent, urges farmers to utilize poison grain in meeting the rabbit threat.

Over three hundred pounds of the poisoned grain have already been distributed from the County Agents office this month and exceptionally good results have been received, Caviness states.

Those farmers receiving rabbit poison during the past week are: Gilbert Richter, D. D. E. Watson, W. C. Chandler, W. D. Eades, Royce Johnson, R. V. Williamson, R. W. Harless, Y. T. Henderson, W. A. Taylor and W. C. Bolding.

Mr. B. B. Blair from Knapp received 20 pounds and reported over

fails to properly place and safeguard his employees, whether they are able-bodied or disabled, he is likely to have a higher accident rate and most certainly his insurance costs will rise with his accident frequency and severity. But scientific tests, made by the Center for Safety Education at New York University, have proved beyond doubt that disabled workers, when placed at proper jobs, are as free from accidents as their able-bodied fellow workers—and probably more so. Furthermore, they are more productive, steadier and less prone to absenteeism.

Mr. and Mrs. Stanley E. White returned last week from a months vacation spent in Nashville and Columbia, Tennessee visiting with relatives.

## AS YOUR Candidate FOR Scurry County SUPERINTENDENT OF SCHOOLS

As a citizen of this county, having lived here twenty years, having taught school in the county, and having a thorough knowledge of the status of the county schools, I present to you my qualifications and experiences in the field of education.

I am thirty-one years of age and married. I graduated from Snyder High School in 1936 and graduated from college with a Bachelor of Science degree in 1940, obtaining my permanent high school teacher's certificate the same year. After graduation I came back to this county and taught in the Hermleigh school system in 1940-1941. Then I was elected principal of a Class B high school at Rockwood, and the following year was elected superintendent. Then I became principal of a Class A high school at Moselle.

I volunteered for service in the armed forces, and Uncle Sam saw fit to keep me in the profession I had followed in civilian life, for three years and four months. Having this experience in the field of administrative education, I feel confident that I can handle the responsibilities and duties required of a county superintendent.

During the time I served as superintendent and principal, I became thoroughly familiar with the state laws of education. I have a complete understanding of the problems of the people in regard to their application.

After having associated with people from all over the world I have a keener insight into the importance of education and into the task that lies ahead for the educator. In our postwar world there is a rejuvenated interest and a greater stress being placed on education, and I have kept informed on the recent trends and developments.

I have tried to see each one of you personally, but if I have missed any one, it was not intentional. To those of you whom I do not get to see, I hereby solicit your vote.

If I am elected, I offer you a congenial, efficient, progressive, and an impartial administration.

Your friend,  
FORREST W. BEAVERS.

## But ELECTRIC RATES ARE DOWN

Every housewife knows that overall living costs have gone up and up.

But there is one important item in cost of living that has gone down in price—your dependable electric service.

All during the war customers of Texas Electric Service Company used electricity without rationing... without any increase in price. Now electric service costs less than ever.

WHY THE PRICE OF ELECTRICITY IS DOWN

Texas Electric Service Company reduced

residential, commercial and industrial electric rates recently. Like other businesses, our costs have risen, but these increased costs have been largely offset by the substantial population and business growth, and greatly increased overall use of electric service. This latest reduction continued the long-established policy of this Company to pass along to its customers the benefits of increased use and savings resulting from technical improvements in electric power generation, transmission and distribution.

## FLUSH KIDNEY URINE

Benefit wonderfully from famous doctor's discovery that relieves backache, run-down feeling due to excess acidity in the urine. People everywhere are finding amazing relief from painful symptoms of bladder irritation caused by excess acidity in the urine. DR. KILMER'S SWAMP ROOT acts fast on the kidneys to ease discomfort by promoting the flow of urine. This pure herbal medicine is especially welcome where bladder irritation due to excess acidity is responsible for "getting up at night." A carefully blended combination of 16 herbs, roots, vegetables, balsam; Dr. Kilmer's contains nothing harsh, is absolutely non-habit forming. Just good ingredients that many say have a marvelous effect. All druggists sell Swamp Root.

## KANGAROO STYLE

The Australian war bride who brought from "down under" this sturdy cotton baby pouchette, vouches that it is an adaptation of the kangaroo's method of carrying her babies. Introduced in America by Macy's New York, the pouchette is equipped with a comfortable cushion seat. Just adjust the shoulder straps, hoist the baby and you're set to go.

## New Carpets and Rugs are Coming

New wool carpets and rugs in a variety of colors are coming off our looms to beautify homes throughout America. These three patterns reflect the current trends—interest in texture and continued interest in florals. For those who enjoy a floral design in their rugs, new patterns such as the one above are being shown. Their rugs, new patterns and the shaggy weave on the left will add a feeling of warmth and luxury to any room. The nobby carpet on the right is a looped pile woven at four different levels to achieve the new three-dimensional effect. To make your home a joy to live in and to visit, these new coverings for your floors and others like them, will soon be available in your favorite store.

## SWING OF SOUTHWEST MARKETS

Cotton reached a new 23-year high last week as prices of other farm products continued to rise, according to USDA's Production and Marketing Administration. Last week's peak cotton prices were about \$8 to \$9 a bale higher than the previous week and nearly \$23 a bale higher than two weeks ago. Spot markets were rather active. New crop cotton from South Texas was in broad demand. Reported sales in the 10 markets totaled 63,200 bales last week against 70,100 bales the previous week and 98,600 bales for the same period last year. This drop in sales was largely the result of limited offerings.

Liberal supplies of potatoes, onions and peaches moved at steady to weak prices at most southwest terminal markets last week. Top quality peaches at Texas and Arkansas shipping points brought mostly \$3 to \$3.25 a bushel. Colorado's San Luis Valley reported demand in excess of green pea supplies. Bushel baskets of the U.S. No. 1 Telephone variety realized \$3 to \$3.25.

Southwest egg and poultry markets registered weaker undertones throughout the past week. However, prices continued to stand well above former OPA ceilings. Demand was fair for ample offerings. Higher prices brought record livestock receipts to the country's chief markets this past week. Sheep and lamb prices were steady to \$1.50 a hundred pounds higher than the previous week's close. Common spring lambs brought \$13 to \$14.50, San Antonio; \$12 to \$13.50, Ft. Worth; and \$15 to \$16.75, Wichita. Top springers realized \$18 a hundred, Oklahoma City and \$20, Denver.

Hog prices rose sharply early in the week, declined later and closed 25 cents to a dollar higher than previous week. Trading was generally slow. Friday's quotations for top butchers were \$18.25 to \$18.50 per hundred pounds, Wichita; \$18.75, Ft. Worth; and \$19.50 San Antonio, Oklahoma City and Denver. Cattle prices reached new highs last week but sagged later. However, Friday's quotations were generally above the previous week's close. Common and medium cows were quoted at \$9.50 to \$12.75 a hundred pounds, Houston; \$9.25 to \$12.75, San Antonio; and \$9.50 to \$13, at Oklahoma City and Wichita. Ft. Worth sold medium and good cows at \$10 to \$14. Common to good cows realized \$11.50 to \$15.50, Denver.

# U.S. ROYAL

Millions of motorists put the "U.S. Royal" name up where it is today. Their satisfaction... the long mileage they always get from Royals... the extra safety they enjoy from Royal's famous block tread—make them know Royals as the quality tire.

So now that there's a new U.S. Royal—built with rayon—it's mighty good news.

For here's a U.S. Royal built with super-strength rayon cord—a tire that runs cooler—a tire that cuts down destructive inner heat. It's lighter—and stronger. It gives you

far greater protection against blowouts. It's a better, safer tire!

And, of course, it brings you all the exclusive features of "U.S." construction—famous Royal block tread, Safety-Bonded Cords, ventilated shoulder design, and many more. All the way through, it's a quality U.S. Royal!

This great new tire is available now in many passenger car sizes. See it today at your U.S. Tire Dealer's—find out how soon you can be riding on rayon-built U.S. Royals!

\*Present Government regulations restrict all rayon construction to sizes 6:00 and larger.

## TO THE VOTERS OF SCURRY COUNTY

The time is almost here when we will elect officers for the coming term. I am asking to be elected as Treasurer of Scurry County, Texas. If elected to this office, I assure you that I will serve faithfully and to the best of my ability. I will appreciate the opportunity of serving you in this capacity and as I have no income and being dependent upon myself for support it is necessary that I secure work. Most of the years of my life have been spent doing office work, part of which has been in the different offices in the court house, and with such experience I feel that I am qualified for the job to which I aspire.

My family has resided in Scurry County fifty six years. I have never served as a public official and I am not eligible for old age pension.

Since I have been unable to contact each and every voter, I am taking this method of soliciting your vote and influence and any consideration shown me in my campaign will always be remembered.

Sincerely,  
Mrs. J. A. FARMER

## A STATEMENT BY FELLOW VETERANS AND FRIENDS IN BEHALF OF

# KENNETH O. PITNER

CANDIDATE FOR

## TAX ASSESSOR AND COLLECTOR

SCURRY COUNTY, TEXAS

These things are written without the knowledge of Kenneth O. Pitner by his friends — many of the Veterans who served with him and under him in the Army—while he is temporarily away undergoing medical examination for shrapnel wounds. If he has not or does not personally get to see you, please understand that these hindrances have kept him from it. Our recommendations are based on our personal knowledge of his ability, integrity and loyalty.

We commend him to you for this office because we feel that he has proven by his past record that he can be fully trusted with any job, regardless of the responsibility. On the battlefield he proved that trust to the extent that he was given a direct commission. As an officer he was trusted and admired by all of his fellow soldiers... this is one of the greatest recommendations we can give him.

## IS HE QUALIFIED?—?

... In 1940 he went into the Armed Forces as an untrained soldier. He was untrained but qualified and proved that he was qualified by making one of the best soldiers in the 36th Division. We now ask that YOU give him that same chance to prove to you he is qualified to be your next Tax Assessor and Collector of Scurry County. Be assured he will not let you down!

Our best public servants are those who have been given an opportunity to become such.

Q. How often should eggs be gathered?

A. During warm weather they should be gathered 4 or 5 times daily and less often during cool weather. As soon as the eggs are gathered they should be cooled to remove all animal heat.

Q. Do dairy calves show a greater rate of gain when fed on a dry feeding program or when fed on whole milk?

A. When fed on a dry feeding program. Records at the Ralston Purina Company's Research Farm show that calves raised on a dry feeding program consistently averaged from 25 to 50 lbs. heavier at four months of age than calves raised on a whole milk program at good college and private dairy farms, according to weights reported in Missouri Bulletin 338. Furthermore, this Purina dry feeding program actually costs only about half as much as whole milk feeding.

Q. Do rabbits require salt?

A. Yes. Rabbits require more salt than the quantity normally present in the grain and roughage part of their ration. Salt spoils should be available to them at all times.

Q. In a dressed broiler, is a light or dark yellow skin preferable?

A. The only preference is a consumer preference. Most purchasers prefer the darker color, but there is probably no nutritional difference in the meat.

Q. Will college and university students be permitted to participate in meat judging contests in the near future?

A. Yes. The National Livestock and Meat Board announces that it will again sponsor the intercollegiate meat judging contests at the livestock exhibitions this fall. Teams of animal husbandry and home economics students from colleges and universities will again have the opportunity to put to a practical test the knowledge they have gained in their meat courses.

"And the Lord said unto Cain, Where is Abel thy brother? And he said, I know not: Am I my brother's keeper?"—Gen. 4:9.

Hundreds of thousands of Woodmen answer "yes" to Cain's question. They are providing safe, sound fraternal life insurance protection to shield themselves and their families from want.

Woodmen also practice the precepts of Brotherly Love, taught by Woodcraft's ritual, as they bring aid and comfort to fellow members and their families in distress.

Woodcraft's fraternal service extends into the community. Assisted by the society's National Service Endowment Fund, local Woodmen camps sponsor and help to support many civic and charitable enterprises.

## Curves Keep Planes in Air

The basic secret of keeping an airplane up is the thickened shape of the wings, more sharply curved on the lower surfaces. Thus the air has to travel farther over the upper surface, creating less pressure than below, so that the greater pressure below creates a strong lifting force. The push of the air against the tilted lower surface also contributes to the lifting force.

## O K Shop Talk

Subject: O. P. A.

Many feel that the passing of the OPA will give us an extra leap year—for prices!

If there is a prediction of an early fall, it will not mean the fall of prices.

Prices are the only part of the nation's food supply raised by the middleman.

Now days, even the price of a dress isn't modest.

Once, price was an indication of value. Now days it's an indication of nerve.

Oh for the spirit of '76 and the prices of '36.

Many people think that there will be no break in prices until the government applies the brakes.

Anyhow, we're doing our level best to hold the prices down on OK Recap Service.

We'll always try to give you the best possible deal on that.

## Tax Assessor and Collector

SNYDER, TEXAS

DEAR FRIEND:

INASMUCH AS SATURDAY IS ELECTION DAY, IT IS MY DESIRE TO MAKE THIS FINAL STATEMENT IN MY OWN BEHALF IN THE RACE FOR TAX ASSESSOR-COLLECTOR.

I WOULD LIKE TO MAKE IT CLEAR TO THE VOTERS OF SCURRY COUNTY THAT I AM NOT ASKING FOR YOUR VOTE SOLELY ON MY WAR RECORD. I AM ASKING FOR YOUR SUPPORT BECAUSE I WANT AND NEED A PROFESSION BY WHICH TO SUPPORT MY FAMILY AND AT THE SAME TIME SERVE THOSE WHO ARE MY FRIENDS AND NEIGHBORS. IT IS MY HOPE THAT MY PAST RECORD AS A CITIZEN AND MY EDUCATION AND EXPERIENCE IN SUCCESSFUL AND HONORABLE BUSINESS DEALINGS WILL ASSURE YOU OF MY QUALIFICATION.

TO MY BUDDIES WHO HAVE SERVED IN THIS AWFUL CONFLICT—I WANT YOU TO KNOW THAT I GRATEFULLY THANK YOU FOR THE HONOR AND KINDNESS YOU HAVE SHOWN ME IN THIS RACE. HOWEVER, NOT ONLY TO THEM AM I GRATEFUL, BUT ALSO TO THAT OTHER GREAT HOST OF FRIENDS—VETERANS OF THE HOME FRONT—who kept the HOME FIRES BURNING AS WELL AS A BURNING DESIRE IN OUR HEARTS TO RETURN TO THEM. ALL OF US BOYS ARE MINDFUL OF THE FACT THAT YOU PLAYED A VITAL PART IN THE WAR. I PERSONALLY WOULD LIKE TO THANK EACH OF YOU FOR YOUR KINDNESS NOT ONLY IN CONNECTION WITH THE RACE—BUT ALSO IN HELPING MAKE IT EASY FOR ALL OF US TO RETURN TO SCURRY COUNTY WITH A HOPE OF A SECURE FUTURE.

I AM MINDFUL OF THE FACT THAT THE RESPONSIBILITY OF THIS OFFICE IS GREAT. BE IT KNOWN THAT I AM READY AND WILLING TO DEVOTE MY FULL ATTENTION TO THE DUTIES OF TAX ASSESSOR-COLLECTOR OF SCURRY COUNTY IN AS EFFICIENT AND COURTEOUS A MANNER AS I KNOW HOW.

SINCERELY,

Kenneth O. Pitner
