### BABSON DISCUSSES STOCK MARKET BREAK

NEW YORK CITY, Sept. 10.—Selling stocks is very different from going to the bank to draw out money. When you do the latter, the bank gives you cash from its reserves and you immediately take it home with you. It will always be the amount of your check—no more, no less.

#### REASONS FOR BREAK

When you sell stocks, the broker must hunt around to find somebody who will buy your stock. When the market is booming, somebody will probably pay you more than the stock cost you; but on a declining market, he has more difficulty to find buyers. This is especially true today when buyers must pay cash. This largely eliminates the little people as, too often, only well-to-do people have the ready money. During August most of the wealthy people are away on the vacations and have forgotten the stock market. Thus, it has been especially difficult for brokers to find cash buyers during the past month. This, in my judgment, is the main explanation of the August market break.

Certainly there is nothing in the present business situation to justify declining prices. Every company has tremendous unfilled orders and the banks are over-flowing with idle money. It should take two or three years to fill the demand for automobiles; while the building industry has not yet got under way. It is true that in previous periods of prosperity the market has turned downward during the first half of the prosperity era; but history does not always repeat itself. Certainly, today history is not repeating itself in any other category.

#### SOME STOCKS AT BARGAIN PRICES

With the expected increase in 1946 dividends, certain stocks now appear to be bargains. Carefully selected stocks can be purchased today at prices and yields which should serve as good permanent investments, irrespective of market conditions. Suggestions as to selecting stocks and "switching" so as to be prepared for World War III if it should come, will be covered in next week's column.

To offset the effect of a World War III, there are several possibilities which every investor should carefully consider before selling stocks today. The first of these is the elections which come November fifth. Present indications are that the Republicans will get absolute control of the House and possibly working control of the Senate. This may lay the foundations for a complete Republican victory in 1948. I am not a politician but merely a statistician and, hence, you cannot bank 100 per cent on this forecast. However, either before or directly after November fifth, we should have much higher prices. If a Republican President should be elected in 1948, stocks could "go through the roof."

#### RUSSIAN REVOLUTION AHEAD?

Something may happen in Europe to greatly improve the situation. If the British and American delegates stick together and refuse to get tired out, Russia may be sensible and agree to fair terms and yet secure freedom of all seas for all nations. The death of Stalin or a People's Revolution in Russia should make the stock market boom. Moreover, it is very probable that the Allies are now planning and encouraging a Russian Revolution. This is the reason for the "iron curtain" and the desire of the Russians to tie up the Danube River and Balkan States. It explains why our flyers were shot down.

Perhaps the Allies may sign Peace Treaties without Russia. With our supply of atomic bombs—and I assume we are shipping some of these to England—and with the possibilities of bacteriological and chemical warfare to kill both people and crops—World War III may be started by England rather than by Russia although we would probably get involved in it. If England should strike first, this could be very bullish on the market.

#### LABOR OUTLOOK

Some persons are selling stocks on account of further strike threats. These do not worry me marketwise. When production catches up with consumption, the cost-of-living will again decline and labor's main argument will have been knocked in the head. Furthermore, as the "52-20 Clubs" dissolve and veterans and their wives again enter the labor market, a surplus may take the place of the present shortage. This will be another thing to keep labor leaders sensible.

### Primitive Baptist To Have Semi-Annual Church Meeting

Rev. O. C. Floyd, pastor of the Primitive Baptist Church announces that the church will have its semi-annual meeting, Communion and foot washing on September 20, 21, and 22.

Rev. Floyd states that Elder M. L. Welch of Wichita Falls will be present for the morning services.

### Snyder Tigers Tuning Up For First Game 20th

Going into the third week of football practice the Snyder High School Tigers are shaping into a team that will be a strong contender for the District Title. The starting line up as it now appears for the Stamford Game on September 20th was announced by Coach Tommy Beene as follows: left end, George Richardson, 170; left tackle, Roy Trice, 220; left guard, Don Bynum, 150; center, Billy Bob Duffebach, 150; right guard, Jack Longbotham, 148; right tackle, J. E. Moore, 210; right

Coach Tommy Beene announced the following changes in the football schedule for the Snyder High School Tigers. November 15th, Abilene "B" Team here. November 22, Roscoe here. November 28th, Lorraine, here.

end, Pop Blakley, 140; Quarterback Donny Everett, 130; left halfback, Jack Gorman, 145; fullback, Billy Burke, 145; right halfback, Louie Vaughan, 150. This line up has been working well together and has the plays operating from the T Shift down in good shape.

Coach Beene announced there would be a scrimmage with the Hermleigh High School Team on Friday afternoon from 2:30 to 5:00 at Hermleigh and again on Monday from 2:30 to 4:00 at Snyder. This will give the Coach a chance to see how the team works together against outside competition.

Looking forward to next year and the year after Coach Beene has 65 Junior High School Boys out for practice. These boys are all small but will develop into good material for the coming years.

Only twelve suits are available, not for the lack of money but for the lack of material in making the small sizes and as soon as they are available the boys will all be suited out. There will be five intersquad games played by these boys and the dates for these games will be announced at a later date.

With the repairing of the stands and the fences around the football field and the watering of the turf the stadium is in the best shape that it has been in years. The City is furnishing 100 gallons of water per minute from the washing

The Snyder Athletic Council again asks for volunteer workers to come out on Friday and donate part of a day's labor to repairing the football stadium and field fences. Anyone interested should come to the Stadium and there will be materials, instructions and tools available to do their work with. All that is needed is the manpower.

and cleaning out of the new wells and with this water available the grass is growing good. A new locker room in the gym is about completed with fifty new wooden lockers being made available to the players.

### Capt. Hubert Travis Spends Leave Here

Captain and Mrs. Roy A. Baze left Tuesday for Norman, Oklahoma, where Captain Baze will enter the University of Oklahoma this fall to study for his Degree in Mechanical Engineering. Captain Baze holds one degree from the University in petroleum engineering.

Captain and Mrs. Baze have been visiting for the past few weeks in the home of their parents, Mr. and Mrs. Ross Baze and Mr. and Mrs. Ben Harless. Mrs. Baze is the former Geleska Harless.

### Harland Birdwell Joins The Marines

Harland Birdwell, son of Mr. and Mrs. Henry Birdwell, joined the Marine Corps. Young Birdwell took his tests and entered the Marines in Abilene and left for San Diego, California where he will receive his primary training, last week.

Harland is a 1946 graduate of Snyder High School where he was active in all social and curricular activities of the school.

### W. A. JOHNSTON RANKS FIRST IN "FIRSTS" OF DUNN COMMUNITY

A citizen to be proud of and a pioneer leader, is W. A. Johnston of Dunn.

Mr. Johnston has spent 50 years in the Dunn community and there is not many projects and improvements of the community and surrounding area that this pioneer leader has not had a part in, in fact, he was usually the first to begin anything new and worthwhile.

A record to be proud of is this: Mr. Johnston helped to build the first fence in Dunn community; he helped plan and build the first

By HASKELL BEARD

Board of Directors—Jamie Caviness, Chairman; Tim O. Cook, Vice-Chairman; Bernard Longbotham Jr., Secretary; Buford Browning, Edwin Falls, Wraymond Simms, Frank Andrews.

The Scurry County Vocational school opened last week with a class of 19 veterans enrolled for agriculture and with the interest growing each day it is anticipated a second class in agriculture will open within a few weeks. Likewise a class in distributive education will probably open this month.

The first several weeks of school in agriculture will be devoted to a study of the many problems connected with the operation of a farm or ranch, factors influencing those problems and a practical solution to those problems through the development by the enrollee of an individual working plan covering his entire training or schooling period.

The class decided on Mondays and Thursdays of each week as their regular meeting days and the hours from 7 to 6 for afternoon classes and 3 to 9:15 for night classes.

For the most part the afternoon classes will be held on some local farm studying local problems and practical solutions. The night classes will be devoted to classroom study and discussion of these problems.

Those enrolled for the first class in agriculture are: Ben Brooks Jr., Fred Rossion, Birdwell Burney, Willis Casey, Orville Devers, Rex Woodard, Leon Anders, Roland Von Roeder, Harold Denson, Marvin Hanson Jr., Leonard Spence, Orvel Hillis, Earl Rinehart, Marcus Johnston, Gilbert Richter, Richard Brice, Nathan Campbell, Earl McNeil and Cecil Box.

Q. When may I enroll in the school?

A. Now that classes have started you may enroll at any time.

Q. Will I be required to operate my farm or ranch in accordance with prescribed plans and methods developed by someone other than myself?

A. No. Each individual enrolled in the school makes his own individual plans and program of work.

Q. What days and hours do the present classes in agriculture meet?

A. The class periods are from 3 to 6 p. m. in the afternoons and from 7 to 9:15 p. m. at night on Mondays and Thursdays of each week.

Q. What educational qualifications must a veteran possess in order to enroll?

A. None. The educational benefits are available to you if you have had 3 months in the armed forces regardless of your previous education.

Q. May non-veterans attend this school?

A. Yes. Non-veterans may attend and select the subjects they want by paying the tuition fee of \$25 per month.

#### APPLICATIONS READY

Veterans of Scurry County will be interested in knowing that application forms for amputee veterans to us in obtaining cars at government expense are expected to be available from Veterans Administration offices in West Texas, within two weeks. Gerald Collinsworth, Contact Officer of the Texas VA Regional Office, Lubbock, has announced.

### Local Merchants Cooperate In Fat Salvage Drives

Disclosing that salvage of used fats by Snyder housewives practically has ceased during the past few months, Lou Metcalf, district salesman for Lever Brothers Company, pointed out that strictest conservation measures must be resumed if a threatened critical shortage of soap and glycerine is to be averted.

Bringing the campaign to Snyder several weeks ago in an effort to revive interest in the fat salvage, Metcalf worked with local merchants in forming a campaign, four of whom sponsored advertisements in galst week on the measure. Those signing the advertisement to give the salvage a boost were Joe Brown Grocery, Piggly Wiggly, D & R Food Store and Pick & Pay Grocery.

As might be surmised by housewives who save the fat, there is not enough financial returns to pay for the trouble of handling, either for the housewife or the merchant, but to have soap, said Metcalf, the fat must be saved. "It is just one of those things," he remarked, "and the answer is that there must be more or less soap."

An even graver consequence of the current shortage, Metcalf concluded, in these basic fats will be a shortage of glycerine, the colorless, highly refined fat product that is essential to the manufacture of medicines, paints, explosives, and for many other manufacturing purposes.

Although there is no appreciable profit, local merchants urge housewives to save the fats, so that larger quantities of soap can be secured.

### Big Feed to Be Staged For Veterans at Hut

There will be a "Big Feed" for Veterans of both World War I and II, at the Legion Hut, on Thursday evening, September 12.

All veterans are privileged to invite as their guests their mother and father, girl friend, wife or children. It is not necessary for the veteran to be a member of the Legion.

It is expected that a nice program has been arranged, and everyone is urged to be present at 7:30 o'clock.

### Fisher Fair Dates Set October 24-26

The Fisher County Fair Committee has now announced the County Fair dates. The Fair will be October 24, 25 and 26th at Roby.

Events of the first day, October 24th, will be the Fisher County Hereford Show, and the Roby National Farm Loan Association. The second day will consist of the Judging of farm products and exhibits. On the third day will be the Boy's Rodeo.

A carnival will provide afternoon and evening entertainment, for the three days.

Committeemen for the Fair are: Curtis Wooten, General Superintendent; Sam Morgan, Finance; Curtis Foreman, Building and Grounds; J. E. Narrell, Rodeo; Max Carrier, Crops; Mrs. Delma Bales, Exhibits; Aubrey Hesterman, Publicity; Odie Brown, Entertainment; Mrs. Thorne Rosa King, Secretary.

### THREE LOCAL MEN ATTEND STATE LEGION CONVENTION

Representing Scurry County in the State American Legion meeting held in Galveston on a three-day slate, September 4, 5 and 6, local vice commander Foy Wade, John Lynch and Stanfield Cooper report that one of the best all-around conventions they have ever attended took place.

Some of the highest ranking generals of the recent war were on the speaker platform, and gave constructive programs. A very noticeable trend, Wade remarked, from several speeches seemed to favor universal military training under some plan, and keyed to a high note the "preparedness theme" for the U. S.

On the Thursday program such figures as Brig. Gen. K. L. Berry, Lt.-Gen. Fred Walker, now head of the Texas National Guard, Sam Latimer, Jr., National vice-commander of the American Legion, Admiral C. A. F. Sprague, and the famous captive general of the Philippines, General Jonathan M. Wainwright.

"When General Wainwright took the floor," Foy asserted in describing the scene, "the crowd literally took the roof with cheers." Gen. Wainwright, too, urged preparedness in the future to avert tragedies of the past for America.

This was the twenty-sixth annual convention of the American Legion, and preceding the three-day convention, on Monday, Tuesday and Wednesday, the merry group of "La Boutique des Huit Chapeaux et Quarante Femmes de Texas" met in their 18th annual convention. The average GI will get some amusement from this Order, since it is a by-product in name of the famous French military term of rail troop movement by cars of "Eight Horses and 40 Men."

The National convention of the American Legion meets in San Francisco the latter days of this month.

### City Police Issue Warning to Speed Limit Violators

City police and local officials are making a special plea to citizens of Snyder and to all drivers in the town.

School has started again and city police have issued a warning to all drivers that the city speed limit is 30 mi. per hour, but the speed limit around the square and adjacent to the square and the area surrounding the school house is 18 mi. per hour.

Chief of police Simon Bess states that violators of this ordinance of the city will be fined from \$1 to \$100 dollars. Speeding must be stopped for safety of all property, as well as lives.

Bess also says: "If you go after your children at school, allow yourself plenty of time going and coming. Don't rush. This way you will save time for if you drive reckless and fast and have an accident you would have to stop and lose more time than if you drove at a moderate speed."

#### STEER ROPING, SEPT. 15

Levelland Rodeo association's big steer roping and branding is scheduled to begin at 2 p. m., Sunday, September 15, with eight notable ropers as contestants. Setting for the show—first of its kind in the area—will be Texas' largest rodeo arena, south of the Levelland business district.

The event has been termed "History's Greatest Single Steer Roping and Branding." The eight professional performers will cap rope, trip and tie for branding five 900-pound Mexican steers for a purse of \$8,000.

### MRS. SHAHAN'S COOKIES SO GOOD COON DROPS IN TO GET HIS SHARE

A coon was caught "coonin'" last week in the kitchen of Roy Shahan.

Hearing a noise in his kitchen at his residence, 104 East 8th St., San Angelo, Texas about 9:30 p. m., Rev. Shahan got out of bed and slipped quietly into the kitchen, switched on the light and lo and behold, what did he find? Nothing besides a half-grown coon making merry with a tasty cookie on the kitchen table.

Before Rev. Shahan could recover from his shock, and capture the animal, the coon was up the fireplace chimney and out of reach. Caged Rev. Shahan, the perfect host, got another cookie and placed it on the kitchen table. With appetite winning over fright, the young coon returned to his feast; this time the minister was waiting for him with some wire which he looped around the prowler's neck. The preacher and the coon had quite a struggle but Rev. Shahan came out the winner.

The coon happened to be a pet and the owner who lived close by was notified of his capture.

Rev. Shahan, pastor of the Immanuel Baptist Church at San Angelo is former pastor of the First Baptist Church here.

### Athletic Field Days Put Stadium in Shape

The field day sponsored by the Snyder Athletic Council took place Monday September 9th at the High School Athletic Stadium. Although the number that turned out to donate their services was small, the work done was large and the stadium is in much better shape than it has been for many years.

The fence around the field was repaired and new boards put in the place of those that were missing or damaged. The fence which partitions the stands from the playing field was also repaired, new cedar posts were put in and new barbed wire strung along the top to keep spectators from leaning on the fence.

The stadium was put in good shape by adding new steps and new boards where they were needed. The back of the top tier was braced with wire so spectators couldn't fall over. The entrance gates and ticket boxes are undergoing repairs and will be ready for the first game with Stamford on the 20th of September.

The turf on the playing field is coming along nicely with a good growth of grass in many places and the starting of a good growth all over the field. With a little more time and a lot more watering the field will really be in good shape for a good football season.

### Bynum Sustains Grid Practice Injury

Raymond Bynum, 1946 Snyder High School graduate and son of Mr. and Mrs. Doc Bynum who is now attending Hardin-Simmons University where he will play with The Cowboy team this fall received a dislocated elbow in scrimmage Tuesday and was unable to practice for a few days.

Bynum, 190 pound guard, will be a freshman at the University this fall.

### New International Pickup On City Job

The City of Snyder is sporting a new International pickup that is helping to keep the work of that department up to par, and J. S. Bradbury says it has relieved the situation to some extent.

The pickup was purchased recently from the Snyder Implement Company.

### South Plains Fair Set For October 9, 10

Fair officials have set aside two big days of the six-day 229th Annual Pansandle South Plains Fair for the students of the South Plains. School Days are October 9 and 10. Students from schools south of a line drawn along the southern border of Lubbock county and from Lubbock county will attend the Fair free on Wednesday, October 9. Those from north of the line will be admitted free, the next day, Lubbock city pupils will be guests of the Fair on Tuesday, Lubbock Day.

All students will be required to pay a government tax of 5c if under twelve years of age and 10c if over twelve as they enter the Fair grounds. This is required by federal law.

Mrs. Nona Cumble and Mrs. Bessie Ramage visited last week in El Paso with their sons, Sgt. Odell E. Cumble and S. Sgt. Rupert T. Ramage. While there they went to Juarez and on their return home they stopped at Carlsbad, New Mexico and went through the Caverns. They report a very enjoyable trip.

### Local Theatres Are Being Re-decorated

Local theatres are receiving a re-modeling job this week. The Texas theatre is being given a new coat of paint inside and out by Mr. Fuzzy Green. Mr. Green states that the theatre will also have a complete or new re-assembly job.

The Palace theatre is also on the list for a new coat of paint, and has already received a new supply of machines.

CROP OUTLOOK BETTER ... Making a study of the general condition of the farm situation over the territory, and basing it chiefly on the comment of farmers and ranchers, the outlook at the present time is somewhat better than it appeared for some time.

Swinging away from the rather tough impression that there would be a small fraction crop, the prospects now run in a much higher bracket. Naturally the late rains were not miracle makers, but they did have a big value. Numerous ranchers have expressed appreciable benefits from the moisture, and assert that range conditions were highly improved—but not yet at top notch grazing point.

Where previously farmers had estimated crops at disturbingly low fractions, now many point to a half and two-thirds yield. Allen Hargrove from out in the Lloyd Mountain country states that he believes much of the cotton there would pull through to a fourth-crop, with a possibility that some could run just above that figure.

Some of the immediate territory east of Snyder is slated to make a half crop of cotton, some ranging slightly above, with feed benefiting more directly from the late rains than cotton. Late feed over most of the area will come through with higher gains per acre than any of the cotton.

All of the gins in the county have begun ginning a light run basis, although figures from over the county were not secured today. The local gins are running according to the following figures, reported this morning:

Gin	Bales
Ely, Arnold & Ely	61
Co-op Gin	32
Joyce Gin	40
Sweetwater Cotton Oil Gin	40

### Stamps All-Star Quartet to Visit City Sunday, 15th

The Stamps-All Star Quartet of Radio Station KWTX, Wichita Falls, will be in Snyder, Sunday afternoon, September 15, 2:00 o'clock, at Snyder's First Christian Church for the monthly session of the Scurry County Singer's Homecoming.

Since Sunday afternoon, September 15th, is the only date this widely known All Star Quartet can be here, change in date from the fourth Sunday in each month to the third Sunday is being made just this one time.

In addition, quartets from this area will appear on the program. Special attention is called to the fact the Stamps All Star Quartet will present a concert Saturday evening, September 14th, beginning at 8:00 o'clock, in Snyder High School auditorium.

### District Manager Telephone Co. Here

W. L. Blakney, district manager of the Southwestern Bell Telephone Company, was in Snyder the latter part of last week checking up on the company's business matters and seeing his friends about town.

Mr. Blakney stated that he was on the impatient list now, since many improvements were slated to be made over his territory in the telephone offices, but much of the material needed for the work was not yet available.

A good program of work for equipment and line improvements has been mapped out for Snyder, he concluded, as soon as the material can be secured.

The Jr. class of the H. H. S. met Friday, Sept. 6 and elected officers for the year. They are: Jake Simth, president; Morris Lewis, vice-pres.; Opal Jean Culp, sec., Joy Glass, treas., Paye Burns, reporter.

They discussed when they would order their class rings, the selection of the flag, to raise funds with which to sponsor the Jr.-Sr. banquet and the kind of play to be given.

The Sophomore Class met Friday Sept. 6, to elect officers. They were as follows: President, Anita Mae Everts; vice president, Bobby Frank Roemisch; Secretary, Dale Stoddard; Treasurer, Billy Sims; Reporter, Douglas Vineyard; Parliamentarian Sue Jane Hughes. Song leaders: Sue Jane Hughes, Bobby Frank Roemisch, and Pat Watson, class colors are purple and white and the class flower is Gardenia.

The freshman class met Sept. 6 and organized, electing the following officers: Carl Williams, pres., Dub Wright, vice-pres., Rex Robinson, sec., Jimmy Fritz, treas., Jimmy Smith, reporter, Travis Brachsen, Marshall, and Bill Voss, song leader.

Class colors chosen were black

and white and the class song is "The Old Grey Mare." A meeting of the Hermleigh F.F. A chapter was called by Dale Stuard, acting president Friday night, Sept. 6 for the purpose of electing officers for the year. Bobby Roemisch is president; Dub Wright, vice-president; Billy Lee, sec., Carl Williams, treas., Jimmy Fritz, reporter; Dale Steward, sentinel; Rex Robinson, historian; Billy Sims, parliamentarian; Jimmy Smith, song leader; W. T. Miller is class advisor.

The chapter decided that each first Monday at 8 p.m. would be their regular meeting date. The dues must be paid by Sept. 16.

The president was granted power to appoint necessary committees and a report on same will be given later.

The boys were urged by their advisor to get their calves and pigs on feed and to have them in good

condition for the spring stock show which will be held at Snyder.

Twenty-three were present at the meeting and all had a good time. Billy Sims was elected district historian. The first such meeting will be held Thursday, Sept. 26 at Lubbock. Two other delegates will be appointed by the president to accompany Billy.

Mrs. Elta Campbell Roberts of Abilene has donated some books to the Hermleigh High school library in honor of her mother, Mrs. M. E. Campbell, also of Abilene. The books are fictional and there are about twelve of them. Mrs. Roberts is a niece to Mrs. Laura Patterson.

Carteret named New Jersey for the Isle of Jersey.

Mr. and Mrs. W. K. Roberts of Brownwood, were visiting friends and attending to business matters Tuesday, September 10.

### WSCS Hears Negro Pastor at Meeting

The Women's Society of Christian Service met Monday September 9th at 3 o'clock with 13 members present and four visitors, with the Negro pastor and five members as guests. They rendered the following program which was enjoyed by all:

Song, "Jesus Keep Me Near the Cross."

Scripture, Acts 18th Chapter 1-11

Song, "Love Lifted Me."

Talk, "What True Courage Is," Faye Lee Clay.

Song, "What a Friend We Have in Jesus."

Talk—A story of a slave girl named Sojour, who later became Truth, because of her wonderful lessons of truth.

Talk—Rev. Kirksey.

"Whereas I was blind now I see. Because the Negro race was striving to walk in the footsteps of White Christians, what next? But Christians should not worry, because there is someone in authority who will help see the light."

Cookies and punch were served by the Christian Social Relations Committee. Altogether everyone felt it to be a most profitable hour.

### Q's And A's For Vetterans

Q. If I have obtained a Veteran's Administration guaranteed loan to purchase a farm, am I still eligible to receive the self-employed veteran's readjustment allowance?

A. Yes. You may obtain the monthly allowance, depending on the length of your military service, up to a maximum of 10 2-5 months. The payments guarantee to the farmer a minimum net income of \$100 a month during the period of his entitlement.

Q. I have had no farm experience, but I believe I could learn quickly to operate a farm successfully. Is there any way I can get training under the GI Bill so that I could later qualify a good risk with a lender?

A. Under both Public Laws 16 (vocational rehabilitation) and 346 (GI Bill) eligible veterans are entitled to both on-the-farm training and institutional education which give them a practical and a scientific knowledge of agriculture.

Q. If I obtain a real estate loan to purchase a farm and it is guaranteed by VA, may I also obtain a VA guarantee on a loan to purchase machinery, livestock, seed and other farm equipment?

A. Yes, you may obtain a combination of real estate and non-real estate loans. However, the percentage of the guarantee maximum used by a veteran in obtaining one type of loan reduces by that percentage, his entitlement to guarantee of another type loan. For example, if a veteran obtained a farm real estate loan guarantee of \$2,000, his non-real estate guarantee maximum would be \$1,000.

Q. I am planning on going into business for myself with the aid of a GI loan, but I don't intend to make his move for another three or four years. Will it be too late for me to apply for a government loan then?

A. No. The time limit for loan applications is now ten years after your separation from the service or ten years after the end of the war, whichever is the later date.

### Veterans' News

The Veterans Administration is reminding veterans in education or training of the changes in subsistence allowances necessitated by recent alterations in servicemen's legislation.

The following changes were emphasized:

1. Subsistence limitations apply only to non-disabled veterans, training under Public Law 346, and not to disabled veterans training under Public Law 16.

2. The limit on subsistence allowances applies to Public Law 346 veterans pursuing a standard apprentice course or taking on the job training, as well as those in school.

3. Each P. L. 346 veteran must give his training officer or regional office, not later than Nov. 5, a statement of his earnings during August, September and October. After veterans have turned in this notice, VA will start making adjustments in any subsistence allowances that require changes.

If the veterans need to refund to the government any money they have received in August, September and October subsistence checks they will be notified of the amount.

The "Nurses Wanted" sign is still on display at VA hospitals in Texas, Louisiana and Mississippi, which are short 400 nurses. Salaries for VA nurses range from \$2945 to \$5905 a year. In addition, VA offers retirement pensions, recreational facilities and other benefits for nurses.

### The time to consider Heat is during planning stage of New Home

Provide Automatic Central Gas Heat

Anything so important to health and comfort as house heating deserves first consideration in your new home or remodeling plans. And when it is planned as part of house and included in its cost, even the builder of a modest cottage can afford automatic central gas heat as supplied by closet type furnace.

It cleans, heats and balances the air with right amount of moisture before circulating it through house. It is completely automatic, maintaining just the right temperature you want. Turn it on in the fall. Turn it off in the spring. In between it keeps the house like a May morning. Remember, a house is no more modern than its heating system. Plan it wisely with vented heat.

Closet Type Central Gas Furnace

For the cottage where space is limited this closet-type furnace is ideal for installation in small space. It provides clean, warm air throughout the house. It is completely automatic. It is quiet, efficient and costs little to operate. It is vented to a flue.

Housewives say "thanks" for the recent reduction in the cost of their electric service and in the same breath ask "how can you do it in the face of higher costs?"

That is a logical question. Facts are that housewives like to use electric service—and have been using it in increasing quantities. The increased volume of business, together with savings resulting from technical progress and lower costs of capital have enabled us to make the reduction.

In return we say "thanks for your increased use"—electric service is one of the few items in the household budget which costs less than before the war.

## TEXANS IN WASHINGTON

By **TEX EASLEY**

AP Special Washington Service

WASHINGTON, Sept. 11—AP—Texas will have four new congressmen when the 80th Congress convenes in January, but at least three of them will have a distinct advantage over most newcomers. They won't be novices in Washington.

Rep. Olin E. Teague, of College Station, will have a clear advantage over the entire field. Even though he will not get a chance to serve on the House Floor before the others, unless a special session is called, his election to fill out the unexpired term of Luther A. Johnson, who became a federal judge, assures him of seniority on committees.

He came up to Washington after winning the cratic runoff primary, and got himself settled down in office. With him was his new secretary, Clayton Hickerson of Corsicana, former Dallas and Temple newspaperman. They opened up offices in the third floor of the so-called Old House Office Building.

The four remaining months of the year will give the Sixth Texas District Legislator a lot of experience and acquaintance with the myriad problems that pile into a congressman's office from his constituents.

The other two newcomers to the Texas delegation—who won the Democratic nominations and whose election is a foregone conclusion—have had some experience here. They are Wingate Lucas, 36, of the Fort Worth district, and Omar Burleson, 40, of Anson in the Abilene district.

Lucas worked several years in the office of Rep. Fritz Lanham. Obviously the chores heaped upon a congressman are too many for him to handle alone, so Lucas had considerable experience acting on behalf of Lanham in contacting and dealing with various federal agencies.

Burleson worked for a while here in the office of the man whom he is to succeed, Rep. Sam Russell of Stephenville, who voluntarily retires from office.

Although Dallas' prospective new congressman, Frank Wilson, has not had the same experience as the others, his career as a lawyer undoubtedly will stand him in good stead. His having been a president of the Dallas Bar Association will merit his respect in a body where attorneys predominate when it comes to classification of professions. This will be particularly true in his case because he succeeds Rep. Hatton W. Summers, who is Judiciary Committee chairman and who also voluntarily retires.

The most important moves to be made here early in January from the standpoint of all these new men is their committee assignment. In former years one might well speculate on what committee spots they would receive. In view of the recent Congressional "streamlining" act reducing the number of committees from 44 to 19, no one can foresee what is likely to happen, except that much heated intra-party scrapping almost is inevitable. Many older members will have to yield and be pushed off of major committees by colleagues with more seniority.

In this respect there has been speculation as to what will happen regarding the fact that on a straight seniority basis Texas would wind up with three members on the new Armed Services Committee of 33 members. It will be made up of the Naval and Military Affairs committees, each with 27 members.

If the lower ranking members of both groups are eliminated, Texas would be assured the three, because on the Naval body Rep. Lyndon B. Johnson of Johnson City and Austin ranks second to the chairman; on the Military body Rep. Ewing Thomason of El Paso ranks next to the chairman and Rep. Paul Kilday of San Antonio will be the third ranking man. (Rep. Sparkman of Alabama now outranks Kilday but will go to the Senate next year.)

There has been some little talk that Johnson might be offered a spot on the House Rules Committee if he so desires, but in such a change he would go to the foot of one major committee while leaving a high ranking position on the prospective all-powerful armed Services Committee. Considering his youth—he is now only 38—Johnson would have an excellent chance of becoming its chairman within a few years, in view of the fact that all four of the men who would out-rank him in seniority are all much older.

**Around the Capital:**  
As soon as Teague and Hickerson arrived here they threw out their lines in the hope of catching word of an apartment. They promptly learned the housing shortage here is still acute. Incidentally, Teague arrived in his uniform as a Colonel, for he was still in service. While here, the six-times wounded soldier went before an army retirement board at Walter Reed Hospital and was separated from the service.

The three Texas "M.C.s" still around Capitol Hill—Reps. Ed Cosett of Wichita Falls, George Mahon of Colorado City and Kilday, greeted their new colleague. They invited him to luncheon, along with his predecessor, Judge Johnson.

The American Automobile Association announced here that automobile clubs in Mexico and the U. S. have joined in a concerted effort to bring about elimination of the fees now charged tourists crossing the border in both directions. The AAA reported that during the first six months of this year a total of 18,074 cars crossed the border at Laredo for Mexican

## GOOD VALUE FOR YOUR MONEY

Crude oil prices recently increased by about 25 cents a barrel. This was the inevitable result of general price rises extending over a long period of time.

Early in the war the oil industry asked for higher prices and was refused by OPA, in spite of the fact that operations were bound to be more costly under the war economy than under the peacetime economy which preceded it. Since the time that request was made, operating costs have shown still more substantial rises. Labor, for instance, is much more costly. So are most materials. And, most important, deeper drilling and increased exploration activities necessary to the proper development of oil reserves have added to the over-all cost.

Output and consumption of crude oil is today at record peaks. As one authority says, "Domestic civilian demand has been phenomenal, especially in view of the dearth of new autos, oil burners, etc., and military, naval, general shipping and export demand has been sustained at levels far above expectations." In order to guarantee a safe reserve capacity, the oil industry has materially increased its expenditure for the exploitation of new fields—and for drilling methods which produce maximum supply with a minimum of loss from any given locality.

The rise in the cost of oil products to the consumer has been well below the general rise in prices. Too, the quality of many oil products, notably automobile lubricants, are being improved, which is in itself an important economy so far as the user is concerned. Superior gasolines, born of war experimentation, are in the offing. As in the past, the consumer is receiving an excellent return for his money.

## THE IMPORTANCE OF THE INDIVIDUAL

The essence of Christianity is the importance of the individual. And that doctrine has been the foundation in law of all nations whose material progress has been greatest.

The first real step forward in individual freedom was the Magna Carta, which has deeply colored the history of the world. Its most perfect expression is found in the Declaration of Independence and the Constitution of the United States which carried the ideal of freedom a vast distance further. These documents say, in effect, that man as an individual, as a person, is important and that he has certain fundamental and eternal rights which cannot be abrogated by men in the mass as represented by the state.

It is not coincidental that governments based on the theory that the state is all important and the individual unimportant have inevitably destroyed or subverted religions and Christianity. For this kind of government must turn itself into a fake religion. Its goals are wholly material. Hitler knew that when he scoffed at Christianity and said that the ideal of Nazism was the one true duty for the German people. Lenin knew it, when he said that Christianity was the opium of the people.

Our government was based on a spiritual concept, not a material concept. Yet unprecedented material progress has been made here. The reasons are plain. The man who is individually important as a citizen is the man who becomes economically important as a worker. He is the thinking man, the doing man. He is the antithesis of the regimented man.

The great lesson of history is that all institutions—religion, industry, the arts and crafts—must remain free or none will remain free. There can be no compromise with oppression, no matter what form it may take. Government domination of the individual or business is slavery. The basic idea upon which our free enterprise system rests is the Christian philosophy—the importance of the individual.

vacationing as compared with 15,108 cars in the same period of 1941, the previous record year. The fee charged by Mexico now amount to \$2.10 for each person. The U. S. now charges a similar amount, but has indicated willingness to waive all entrance fees if Mexico will reciprocate.

The Brownsville Chamber of Commerce has sent word to Washington the city will seek official designation of a "Foreign Trade Zone" at an international airport in that border metropolis. Plans for expanding the "Rio Grande Valley International Airport" there were noted, with erection of terminal facilities, buildings and areas where merchants of both the United States and Latin American countries could bring in their goods for display and trading purposes.

Acting skipper on the first annual cruise down the Potomac river of the Texas State Society of Washington was Navy Rear Admiral Albert G. Noble, who came aboard as personal representative of Admiral Chester W. Nimitz.

Some 1,500 Texans sailed down the river on the famous old sidewheeler "S. S. Potomac," with Admiral Noble and Ralph Pittman, society president, on the bridge. Admiral noble was born in a section of Grayson county inundated when Denison Dam was built and Lake Texoma created.

## McMurry Opening Date Is Changed

McMurry College will open September 16, instead of September 9, Dr. Harold G. Cooke, president, announced today, giving as the reason for the postponement the need for additional time to complete housing facilities for students this fall, mainly veterans.

"By the later date, we will have accommodations for most of our veterans who are married, and all of the single students who have made application so far.

"Nearby homes have opened their rooms to college students, and we will be able to place many of the students there, at least until the new dormitories are completed," Dr. Cooke said.

"We have not closed our enrollments as yet, but students should check, either by a personal visit or by letter, if facilities are available," he added, "and we will make every effort to see that no one who seeks college training this fall will be turned away."

## Nation's Ginners To Combat Fire Losses

The raw cotton industry has declared war on a tiny, furtive spark of fire that costs the nation eight million dollars a year.

This insidious destroyer hid away last year in enough cotton bales to send up in smoke and flame more than 85,000 bales of the American cotton crop! It creeps like a germ into the heart of the bale, and when—12 to 48 hours later—it has grown big enough to burst through the outside of the bale, the damage is already done.

Fire loss at cotton gins and compresses last year was the greatest in American history. It has reached the point at which insurance companies have had to suspend entirely some fire policies. Fire destroyed a million dollars in gin property and ten million dollars in cotton last year.

Most of the destruction was caused by what ginners and warehousemen call "fire-packed" gin bales, the means through which the verminous, vicious little spark secretes himself in cotton.

Fire is an ever-present menace in the gins, where the fluffy lint may pick up a spark struck from static electricity, or from a stone, a match, or some other foreign matter. The cotton seldom flames. It catches and slowly nurtures the tiny spark with a glow that may not be detected by the gin worker. The little speck of fire may go on into the bale—packed deep inside it.

But the spark doesn't smother. The surrounding cotton feeds on it, fattens it, lets it develop like a cancer. Hours later, while the bale stands in the gin yard or in storage at the compress or warehouse—perhaps at night—the fire-packed bale smolders outwardly. Other bales catch, and one of the most difficult problems known to firemen is under way—the cotton fire.

More than 85,000 bales of cotton went up that way last year. It takes 170,000 acres of land to produce that much cotton. Eighty-five thousand bales of cotton would have made fifty-five million shirts, a hundred eighty million diapers, cord for ten million passenger size auto tires, or a billion handkerchiefs!

The National Cotton Council, alarmed at the upswing of fire in cotton, is sending educational matter and posters to gins over the nation in an effort to reduce this loss, and to put the industry on a better footing with the fire underwriters. The council is telling ginners how to prevent fires.

The council is impressing upon the cotton farmer the value of picking his cotton cleaner. Clean cotton brings the farmer a better price, and besides, no foreign ob-

## ROY JEAN SHAHAN, KENNETH BROWNING WED IN SAN ANGELO

Roy Jean Shahan daughter, of the Rev. and Mrs. Roy Shahan former pastor of the First Baptist Church here and now of San Angelo, a graduate of Hardin-Simmons University, and Kenneth O. Browning of Pampa who will enter Hardin-Simmons this fall, were married Tuesday, September 3, at the Immanuel Baptist Church in San Angelo.

The bride's father, Rev. Shahan, read the double ring ceremony. She was given in marriage by her brother-in-law Rev. Glenn Easley of Abilene.

The bride was dressed in a traditional slipper satin gown with deep lace yoke and flowing train. She carried a colonial nosegay.

Matron of honor was Mrs. M. C. Johnson of Pampa, sister of the bridegroom. Bridesmaids were Bernice Davidson, and Doris Barbee, both of Vernon. Jeanie Michael was flower girl. Candie Lighters were Joy Browning of Pampa, sister of the bridegroom, and Rose Marie Roe of Snyder. Leo J. McDonald of McLean was best man. Ushers were Bobby and Herby Shahan, brothers of the bride.

Mrs. L. G. Gregory of Plainview played piano music and soloist was John Petry of Houston.

After the wedding the couple was honored by a reception in the home of Mr. and Mrs. A. R. Barbee, assisted in receiving by Mr. and Mrs. Shahan, and Mr. and Mrs. Fred H. Browning parents of the groom.

The couple will spend their honeymoon on a ranch near Abilene. For a going away suit the bride wore a powder blue gabardine suit with brown accessories.

The couple will live at 2118 Hickory Street in Abilene where Mr. Browning will attend Hardin-Simmons this fall and Mrs. Browning is employed in the business office of the University.

Visitors in the W. V. Jones home last week end were Mrs. W. L. Jones and Otis Jones and family from Sanger. The Joneses were on their way to their home from Ecuador and Amarillo.

Pitch, run, score and slide are words used in baseball, and in music.

## Lyman J. Yoder Married To Dallas Girl Friday Pretty Church Service

Mrs. D. P. Yoder and Mary Yoder of Snyder attended the wedding last Friday in Dallas of Lyman J. Yoder and Jane Lillard at 8:00 p.m. at the First Methodist church. The groom is the son of Mrs. Yoder, and is well known in Snyder community, where he was born and reared.

The bride is the daughter of Mrs. Lucile Lillard, 4218 Cabell Drive, Dallas.

Rev. Charles E. Pike of Gruver performed the double-ring ceremony, with Dr. Allen W. Moore assisting. Music was presented by Mrs. Charles G. Still, organist, and Kathryn Ferguson, soloist.

John K. Lillard, great-uncle of the bride, gave her in marriage. She wore a gown of white brocade satin styled with a transparent illusion yoke. The long sleeves terminated in petal points over her hands and the full skirt extended into a train. Her finger-tip veil of imported illusion fell in full tiers from a bonnet fashioned of opalescent sequins and seed pearls. She carried a white Bible topped with a white orchid and showers of white ribbons.

Zanelda Lillard attended her sister as maid-of-honor, and bridesmaids were Dorothy Lillard, another sister of the bride; Mary Yoder, sister of the bridegroom, and Kathryn Harms. Aubrey Speer served the bride-groom as best man. Ushers were Gerald Vaughan, David Kittrell and Marvin Harkins.

A reception was held in the Texas Room of the church. Mrs. Carl L. Coco was in charge of the bride's book, and presiding at the three-tiered cake were Mrs. H. O. von der Hoff, sister of the bridegroom, and Mary Ella Dodd. Frances Hogg and Mrs. W. M. Pope, sister of the bridegroom, served the punch.

When Mr. and Mrs. Yoder left for their wedding trip to New Mexico, the bride was wearing an aqua suit with black accessories. She had an orchid corsage. The couple will reside in Dallas.

The bride is a graduate of North Dallas High School and is attending Dallas College. Her husband was graduated from Snyder High School and is a student at Southern Methodist University, Dallas, after serving three and a half years in the Army, part of which time was spent in the European theater of war.

Captain H. C. Travis Visits Family Here

Captain Hubert C. Travis, Chaplain in the United States Army and former pastor of the Presbyterian church here is visiting with his family and friends this week.

Chaplain Travis who is now on terminal leave will receive his discharge in approximately six weeks.

Travis served 13 months overseas duty two of which were spent in the Philippines and 11 months were spent in Japan. The Chaplain states "That the boys do not get too much mail over seas but they certainly enjoy reading their home paper, because it seems almost like a visit home to them to read all

about their friends and relatives back home."

Three months of formal schooling comprised the education of Thomas Edison, who patented 1033 inventions.

One man recently took INNER-AID three days and said afterward that he never would have believed his body contained so much filthy substance. He says his stomach, intestines, bowels and whole system were so thoroughly cleaned that his constant headaches came to an end, several pimply skin eruptions on his face dried up overnight, and even the rheumatic pains in his knee disappeared. At present he is an altogether different man, feeling fine in every way.

INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores here in Scurry County.
