Mrs. C. M. Breeden has returned home from a two month's visit with her daughter, Mrs. A. E. Read and family at Fort Worth.

While there she was given a surprise party in honor of her 82 birthday anniversary. Her two daughters, Mrs. R. C. Cupp of Kansas City, Missouri, and Mrs. Reed were hostesses.

On entering the dining room, she was greeted by four grandchildren singing "Happy Birthday."

After cutting the birthday cake she was guided to the lawn where a table of lovely gifts awaited her. An ice cream course was served to about 20 guests.

Mrs. Breeden was born in Hill county in 1864. She and family moved to Scurry County in 1909 and her late husband departed not many years later.

She has three daughters living, Mrs. A. W. Mobley of this place, Mrs. Reed and Mrs. Cupp, nine grand children and eight great-grandchildren.

Mrs. Breeden says she believes she could still weave if she had a loom. She has lived alone for several years.

W. T. Miller, V. A. instructor here attended a meeting Saturday at Sweetwater along with 13 other instructors and county agents, who represented Scurry, Nolan, Fisher and Mitchell counties. They drew up rules and regulations for the district livestock show to be held next spring in Sweetwater.

Mr. Miller says they expect a larger show next year than the one last spring and he hopes Scurry County will be well represented.

A barbecued supper was enjoyed at the Sweetwater park Sunday evening by the Nachlinger and Gannaway families.

A beef, a shoat and 2 goats were barbecued and several basket lunches were also enjoyed by those present. They were Mr. and Mrs. Joe Nachlinger of Midland; Frank and Leo Nachlinger and families; Pete Nachlinger and family, Howard Gracey and family; H. R. Gannaway and family, M. L. Whitehead and family, Mr. and Mrs. A. L. Kerby, Mr. and Mrs. E. R. Jones SR., Otis Potts and family, James Davidson and family, Mrs. A. P. Gannaway, all of Hermleigh; Mr. and Mrs. Addison Castevens, Mrs. Dean Cochran and E. R. Jones, Jr., and family, all of Snyder, Mr. and Mrs. W. W. Wade of Odessa, Mr. and Mrs. Raymond Cox of Houston, Sam Castevens of Snyder, Bill Koenig and family, Tony Freytag and family, Charles Richter and family, and Annie Lopez were invited guests.

Joyce Chambers, daughter of Mr. and Mrs. Dock Chambers has entered the Tech at Lubbock. She was salutatorian of the 1945-46 Hermleigh High school graduating class.

A nice rain fell here late Monday afternoon which will benefit late feed and pasture land.

The Fourth Quarterly Conference of the Hermleigh Methodist church will be held Sunday, September 22. Rev. C. A. Long will deliver a message at 11 a.m. after which a basket lunch will be spread. Quarterly Conference will convene after lunch. Delegates from Camp Springs, Inadale and Mount Zion will attend. The public is cordially invited.

Mrs. H. T. Falls of Bangs has been visiting her brother, J. G. Reel and Mrs. Reed.

Mrs. John Mason and Mrs. Ed Moore have returned from Coleman where they attended the funeral of their sister, Mrs. Ester Larimore. She had been ill several years.

Mr. and Mrs. W. E. Louder of Austin, took dinner Sunday with Mr. and Mrs. J. F. Drennan, Elmer

state auditor of County tax rolls. He formerly lived here.

Mrs. J. J. Razzle of Lubbock visited Mrs. James H. Farr last week.

Mr. and Mrs. J. B. Leslie and two children of Big Spring spent the week end with their aunt, Mrs. W. A. Cross and Mr. Cross, and Mr. Leslie's parents, Rev. and Mrs. C. E. Leslie.

Mr. and Mrs. Charley Waldrop and three children of Eunice, New Mexico, visited their parents and grandparents, Mr. and Mrs. Ed Moore.

Don Moore, son of Mr. and Mrs. Ed Moore has entered the Houston University at Houston. He served several months with the Seabees in the Pacific prior to getting a discharge.

The executive members of the P.T.A. will host a social Friday night, September 20, at the school building and everyone is cordially invited.

Games of 42 will be enjoyed and refreshments will be served, all for free.

A membership drive will be launched with Rev. A. T. Mason as chairman, so plan to attend and join this fine organization.

Meet the teachers and let them know you are backing them one hundred per cent.

Mrs. Wraymond Sims, P.T.A. president needs the full cooperation of the entire community to complete the work which has been outlined for the year.

Mr. and Mrs. Johnny Wemben of Odessa visited his parents, Mr. and Mrs. Johnny Wemken, Sr., Sunday.

Johnny Wemken received word Monday morning that his mother, Mrs. J. W. Wemken who is in a Schulenburg hospital with a broken thigh is in a critical condition.

Mr. and Mrs. A. B. Conner of Ropesville spent Saturday night in the O. B. Jackson home.

Raymond Pylant of Cross Plains spent the week end with his family here.

Mrs. J. I. Chorn visited her daughter, Mrs. L. B. Rea and family at Lubbock over the week end.

Mrs. W. A. Voss spent the week-end at Lubbock with a sister-in-law, Mrs. C. J. Levy.

Mr. and Mrs. A. W. Mobley are visiting their daughter, Mrs. Elza Vanderburg and family at Spearman.

Mrs. W. C. Fargason took her daughter, Frances to Abilene Monday to enter Hardin-Simmons University. They were accompanied by Mrs. Joe Davis.

Out-of-Date Drivers Licenses Renewable Now Without Exam

Out of date drivers' licenses may now be renewed without examination because of the overload on license examiners, Chief of Police Simon Best announced this week in connection with a local drive to see that every driver has a license.

Director Homer Garrison of the Department of Public Safety announced this change in policy, noting that it was on a temporary basis only, to permit examiners to catch up on their work.

Eighty examiners gave 308,488 examinations in the first seven months of this year, compared with 180,261 examinations in the same period last year.

"Persons holding old type licenses with two detachable stubs, issued prior to October, 1941, must send in the old license and an application folder which is available only from examiners," Best said.

"Those holding new type licenses consisting of two parts, issued

TEXANS IN WASHINGTON

By **TEX EASLEY**
AP Special Washington Service

WASHINGTON, Sept. 19—AP—The Civil Aeronautics Board is watching a new Texas enterprise to learn how feeder airlines will get along.

The appropriately named Pioneer Airline, formerly Essair, is the first airline of its type in the United States to be authorized by the CAB and to get into operation. Its route is from Houston to Amarillo, via Austin, San Angelo, Abilene and Lubbock.

Recently the company's president, Robert Smith of Houston, and attorney, O. R. McGuire, appeared before the aeronautics board asking for amendments to their operating certificate, which was issued Dec. 1, 1943.

Inability to obtain planes and pilots because of the war forced a delay in inaugurating service until Aug. 1, 1945, so Pioneer asks that the certificate be dated from 1945 and that the time be lengthened to 5 years, contending the longer period will more readily attract capital and competent personnel.

They ask an amendment in the certificate so turn-around flights may be made over segments of the route, as round-trips between Houston and San Angelo. The certificate now provides that all flights shall be over the entire route from Houston to Amarillo, with stops at all intermediate points. (Under a temporary waiver, round-trip flights currently are permitted between Houston and San Angelo.)

Branch Airways, with whom Smith formerly was associated as a vice president, opposed Pioneer's request. They argued three years was sufficient to test the feasibility of the feeder service, and that to permit Pioneer to fly only segments of its route, except in bad weather, would lead eventually to the skipping of intermediate points and creating of direct competition with trunk airline traffic.

Throughout the hearing, members of the board observed several times, as they questioned airline attorneys, that fundamental policy affecting relationship of feeder and trunk airlines was to be determined in deciding the Texas case. They gave no indication how soon they would reach a decision.

Simultaneously with the CAB hearing, the Maritime Commission heard three competing steamship companies plead for a subsidy contract to operate between Gulf ports and West Africa. Both hearings were held in the Commerce building, one on a floor directly below the other.

The shipping concerns declared that without a subsidy to make up the differential in operating costs, no American vessel could compete with the British and Norwegian ships now plying that Trans-Atlantic route because of their lower wages. While American ships do go to Capetown and East African ports, none calls regularly along the West coast of the Dark Continent.

Around the Capital:
Rep. Ed Gossett of Wichita Falls was agreeably surprised when newspapermen in the capital, stirring up copy, interviewed him and gave widespread play to his proposal to reform the "archaic, undemocratic, and detrimental" electoral college system of electing Presidents. Under his plan, which could be effected only by adoption of a Constitutional amendment, the electoral vote of each state would be divided in the exact ratio with the popular vote. Thus if the Republican presidential nominee should get 10 per cent of the popular vote in Texas, he would get two and a fraction percent of the 23 electoral votes to which Texas is entitled.

Recent visitor here was Mrs. Eugenia Lindbury Dengel, formerly of Austin, president of the New York Club. She said that some 30,000 Texans live in New York City and are affiliated with the state club. With her was Miss Mary Watson, formerly of Weimar Tex., who also now lives in New York.

Friends of Ted Watson of Dallas want him appointed Texas state director of the Farmers Home Administration. They have wired Texas congressmen endorsing him for the post.

An example of the ramifications of administering sugar rationing is the problem which came into the office of Rep. Clark Fisher of San Angelo.

A soft-drink bottling concern in Garden City, Kan., was sold out lock, stock and barrel, including sugar quota, and moved to Hutchinson, Kan. While at Garden City some of its output had gone to the San Angelo area. The Hutchinson company ignored the West Texas market. Another soft drink company already operating in San Angelo consequently found an increase demand for its bottled goods. The Texas company now asks for a portion of the sugar quota obtained by the Hutchinson company. The OPA says it is checking into the situation.

Lieut. Col. X. B. Cox of San Angelo, by the Authority of Queen Wilhelmina of the Netherlands, has been made a member of the Order of Orange-Nassau, degree of officer.

Officials at the Netherlands legation say the award, presented to Colonel Cox for his role with the 82nd airborne division, is given to subjects of the Queen and to those of other nationalities "who distinguish themselves conspicuously in devotion to the Crown, the Kingdom or Society."

It is considered a high honor, and was established April 4, 1892, by Dowager Queen Emma, who was regent mother of Wilhelmina.

The Urge to Produce

It seems useless to talk about reconversion when almost everything possible is being done to prevent it. The world stands aghast at the greatest industrial nation on earth in hobbles from a production standpoint. Also, it is astounded at the manner in which organized labor can hamstring the nation at will.

The marvel is that in the face of such conditions, the United States can produce as much as it does. But industry, like the individual, will struggle on under the most adverse conditions to the bitter end. Oil is a good example. While price control policies have refused to adjust prices or remove price control from an industry which has conquered the shortage question, it still gives the nation the best and the cheapest oil products in the world. It has had to seek new oil supplies under restrictions which refuse to give sufficient consideration to rapidly rising costs of producing oil and of discovering new reserves.

Though temporary peacetime price controls may be justified in some few special situations, even in such cases the controls tend to hold back productivity and employment. In the petroleum industry, supplies of crude oil and of all products far exceed prospective demand except where price ceilings have caused an imbalance. Competition has already brought gasoline prices below the ceilings, and can be relied upon to provide sufficient supplies of all petroleum products at reasonable prices, even though the removal of ceilings ought to result in adequate prices increases for crude oil.

Apparently in many cases the Washington regulators do not want to admit the war is over. That is one reason reconversion lags.

Avoiding Pitfalls for Vets

In an address before the American Retail Federation, Commander Ralph A. Sentman, National Director of Veterans' Affairs, stressed the importance of retailer-veteran activities whereby experienced merchants counsel returned soldiers in the conduct of retail business.

A sample survey made some time ago indicated that more than 500,000 veterans planned to establish their own businesses. A very large percentage of these, of course, were interested in retail trade in one field or another. In a normal year, two out of three new enterprises fail and only one out of five live more than ten years. As Commander Sentman said, "Should these ratios hold true in this large group of veterans establishing new businesses, most certainly the economic reaction to such identified failures would be tragic."

Many and perhaps most of the veterans who wish to establish retail stores are without adequate experience. They know relatively little of the pitfalls that lie ahead. Retailer-veteran conferences are designed to open the prospective store operator's eyes to the problems that he must face.

Commander Sentman offers the opinion that these activities should be extended whenever possible. For the most part, the work has been under the leadership of the chain store systems of the country, and their participation has been enthusiastic and sustained. It is essential that the job be continued, and that all merchants contribute to it in some measure. It is the starting point for men who will serve the consumers of this country in the decades to come.

Reality About the Corner

The United States News reports, "Black-market operations are more widespread now in peace than they were at any time during the war. And they are growing." Wherever the black market becomes a major factor in distribution, the OPA might as well fold up its charts and go home. Price control becomes an empty gesture.

It cannot be pointed out too often that the only thing that can prevent black market destruction of OPA is the legitimate merchant. Tens of thousands of retailers the country over want to keep prices down. To do so they must maintain high volume sales. As long as OPA is the official arbiter of price, it is also the regulator of volume. If prices are too high or too low, volume falls off. Normally, free markets coupled with efficient mass distribution strike a fair balance between extremes. The needs of manufacturers, producers, distributors, and consumers are satisfied.

The OPA as a regulator and stabilizer can never match the efficiency of the free market. It would not have done as well as it has if the retail distribution industry, and more specifically, the organized units of the industry such as chain stores, had not cooperated whole-heartedly to make control work. The chains brought all of their knowledge of mass buying and selling into the battle against inflation. They were experts as operators on narrow margins.

Inflation is anathema to the modern distribution industry. And if OPA is wise it will steer clear of letting "hold the line" theories and "cost absorption" strike at the vitals of legitimate retailing. The rising shadow of the black market is a reality that wastes no time on theories.

Joe Brown Sells Grocery Store to Pitner and Son

B. S. Pitner and son, Kenneth purchased the Joe Brown Grocery and Market on September 9 and will operate it as Pitner's Grocery and Market. They intend to carry a full line of groceries and meats, according to statement.

Mr. Pitner formerly operated the Pitner Grocery and Market located on the East side of the square where The Vogue Beauty Shop and Grantham Supply Store are now located.

Kenneth Pitner was discharged from the army August 28, after five and one-half years service, two of which was spent overseas as a member of the 36th Division.

Joe Brown will continue on with Pitner's Grocery and will work in the grocery department. Skelt Jones will continue on in the market department.

New Enrollees in Vocational Unit Posted in Week

Four new enrollees in the Scurry County Vocation School are reported this week by Haskell O. Beard, county coordinator. Further enlistment of veterans of the county is welcomed by the coordinator, who explains that classes are already underway in farm practices.

Other classes will be organized in the future as demand for a more extended program is manifested by the veterans.

The new enrollees, as reported by Beard, are J. H. Myers of Route 1, Hermleigh, James Smith of Dermott, L. Z. Ashley of Route 3, Snyder, and Jimmy Meadows of Snyder.

Board of directors for the Scurry County Vocational School is composed of the following: Jamie Caviness, chairman; Tim O. Cook, vice chairman; Bernard Longbotham Jr., secretary; Frank Andrews, Wraymond Sims, Buford Browning and Edwin Falls.

The class spent Monday and Thursday afternoons on the farms of Richard Brice and Leonard Spence studying the procedure involved in running terrace lines, also care and operation of a farm level.

Interesting things noted on Richard's farm were the remodeling of the farmstead and getting seabed prepared for sowing small grain.

In spite of the extremely dry season and resultant feed shortage, it was noted on Leonard's farm pasture that grasses were not overgrazed and many grass plants were making seed. This is a splendid way to establish and maintain a good permanent pasture—allow some seed production each year.

Earl Horton, with local AAA, met with the group last week and explained a practical way of drawing in newly constructed terraces on individual farm photographs thus enabling them to determine acreages between terraces.

The following questions have been asked regarding the school:
Question—If I live on or near a county boundary line, may I go to the school of my choice?
Answer—Yes, you may go to any school in the United States where they will accept you.
Question—What size farm or ranch must I own or have leased or rented before enrolling in a class in agriculture?
Answer—No definite size has been specified. A local committee of three farmers has been appointed to determine your eligibility.

Mr. and Mrs. Billie Mitchell of Lamesa were in Snyder during the week end visiting with relatives and friends. Mitchell recently was appointed county coordinator for Dawson County for vocational schools for veterans of World War II. Mrs. Mitchell is teaching in the Lamesa Schools.

Gun Club for Snyder May Be Organized

Organization of a Snyder Gun Club is in the offing if plans projected by Tom Bowman and others are carried through. Bowman, who has been in correspondence with the National Rifle Association of America, urges any who are interested in promoting such a club to get in touch with him at Schooling Motor Company or write him at Snyder.

Bowman explains that four rifles and target equipment will be loaned to a club with a minimum of 10 members. Ammunition for 30-caliber and 22-caliber rifles and pistols will be furnished by the government. A small membership fee for the organization is required. Bowman points out.

Mrs. J. R. Huckabee and granddaughter, Terry Hale, of Abilene spent the week end in Snyder. Mrs. Huckabee has recently moved to Abilene to make her home with her daughter and family, Mrs. and Mrs. Joe Hale.

Fred Boren to Take Soil Conservation Job

Fred Boren, son of Mr. and Mrs. Clyde Boren of Snyder will assume management of the Coke County Soil Conservation District in Sterling City.

Fred and his wife were here first of the week visiting with his parents. They left Monday, for Bryans to visit with her people.

Fred, who received his B. A. de-

gree from Texas A. & M. College two years ago, has done work on his master's degree at the Colorado A. & M. College, Fort Collins.

County Boy Scouts Participate in Most Of Year's Activities

More than 1,000 different Scouts of the Buffalo Trail Council of which Scurry County is a part, have attended Council conducted camps this summer. It was reported this week by Carl Blomshield, council chairman of camping. County troops were represented at practically all camps.

Over 800 Scouts attended one event alone, the Round-up, in Big Spring last spring at the beginning of the camping season. Four-hundred-thirty-six Scouts attended long term camps conducted at Lake Sweetwater, Fort Stockton, Devil's River and Barksdale.

There have been no serious illness or accidents at any of these camps, stated Mr. Blomshield, and this is a result of careful planning and preventive measures taken by the council's health and safety committee, headed by W. M. Howard of Odessa, in cooperation with the camping committee.

This year's camping record to date is one of the best in the council's history, and before the year is over may even exceed the all-time high established last year when more than 17,000 Scout camper-days were chalked up.

Notice of Hearing

TO APPROPRIATE PUBLIC WATERS OF THE STATE OF TEXAS

Notice is hereby given, to whom concerned, that Colorado City, Texas, through its Mayor, Charles Brazil, (filed in behalf of Colorado City, Odessa, Midland, Big Spring, Snyder, which cities will organize a Water Control and Improvement District to which the permit, granted under this application, will be assigned) did on the 5th day of August, A. D. 1946, file their application in the office of the Board of Water Engineers for the State of Texas, in which they apply for the unappropriated waters of the State of Texas, from the Colorado River in Mitchell County Texas, not to exceed 30,000 acre-feet of water per annum for municipal and industrial water supply purposes, said water to be impounded in a reservoir created by the construction of a dam to be located at a point which bears North 39 degree West 2,900 feet from the southeast corner of Section 15, Block 27, T. & P. Railway Survey, on the right bank of the Colorado River, in Mitchell County, Texas, distant in a north-westerly direction from Colorado City, Texas, approximately six miles, the storage capacity of the reservoir to be 111,000 acre-feet, and to divert the water by means of gravity and pumping.

A hearing on the application of said Colorado City, Texas, above mentioned, will be held by the Board of Water Engineers for the State of Texas, in the office of the board at Austin, Texas, on Monday, October 14, A. D. 1946, beginning at 10:00 o'clock a. m., at which time and place all parties interested may appear and be heard. Such hearing will be continued from time to time, and from place to place if necessary, until such determination has been made relative to said application as the said Board of Water Engineers may deem right, equitable and proper.

Given under and by virtue of an order of the Board of Water Engineers for the State of Texas, at the office of said Board, at Austin, Texas, this the 31st day of August, A. D. 1946.

Attest: A. W. McDONALD, Secretary.

Emma Prince and Sam Kearney Marry

Mr. and Mrs. L. V. Prince of Hermleigh announce the marriage of their daughter, Emma, who was married Saturday evening, August 24, to Sam Kearney of Lubbock. Rev. Young of the Broadway Church of Christ performed the ceremony. Cadet nurses of the West Texas Hospital and close friends of the bride and groom attended the wedding.

The bride was dressed in a lovely brown gabardine suit with white accessories. For "something old" she had a ring made in 1800. She wore gold earbobs and a cupid pin to match which belonged to her best friend, Frances Lackey, for "something borrowed." For "something blue," she wore a blue garter.

The bride is a graduate of Hermleigh High School, and has been in training for two and one-half years as a nurse cadet in the West Texas Hospital, Lubbock.

The couple lives in Smyer at the present time, but plan to make their home in Lubbock, where Mr. Kearney is employed in the wholesale grocery business.

The children and grandchildren present were: Mrs. J. C. Morgan, and children, Joe Ann, Sterling and Betty, Mrs. Murry Gray and daughters, Laurie and Linda, Mr. and Mrs. Carroll Taylor and daughter Lyn, Charles Taylor, Mrs. S. A. Taylor Jr. and son Charles, and Virginia Taylor.

Frances Terry Weds Claude Weathersbee

Miss Frances Terry, daughter of Mr. and Mrs. C. W. Terry of Post, and Claude Weathersbee, son of Mrs. E. E. Weathersbee of Snyder, were united in marriage last Thursday evening at Post's First Baptist church.

Rev. Huron Poinac read the double ring ceremony before an altar of palm leaves, fern, and white gladioluses. White tapers in branched candelabra lighted the altar and marked the aisle.

Miss Mark Margaret Duckworth, pianist, and Bill J. Davis, violinist, played favorite selections including, "Ah, Sweet Mystery of Life" and "I Love You Truly." They accompanied Miss Hazel Cash as she sang Day by Day and Because. The Chorus from Wagner's Lohengrin was played as the bridal party entered.

Mrs. Durward Brown attended her sister as matron-of-honor. Her dress was of orchid satin and chiffon. Her shoulder corsage was made of white carnations. Jack Terry of Snyder, cousin of the bride was best man.

Miss Mary Belle Weathersbee, sister of the groom, and Mrs. W. H. Childs lighted the candles. Little Miss Sherry Custer entered just before the bride and dropped rose petals along the aisle. Ushers were Durward Brown of Canyon and Reece Bivens.

The bride, given in marriage by her father, wore a white satin dress with a full skirt fitted onto a basque waist which was fashioned with a sweet heart neck and long pointed sleeves. Her fingertip veil of bridal illusion fell from a halo arrangement.

For her bouquet she carried an orchid on a white Bible with four gardenias on the white satin streamers. Her handkerchief was of imported white lace, a special gift from Mrs. R. D. English of Snyder.

She carried out the tradition of "something old, something new, something borrowed, and something blue." Her "something new" was a three strand necklace of pearls, a gift from the bride-groom.

Mrs. Terry wore a black two-piece dress, trimmed with ecru lace, and a shoulder corsage of pink carnations. Mrs. Weathersbee chose a black crepe dress ornamented with a cut work yoke. Her corsage was of gardenias.

Reception At Jennie's Tea Room

A reception was held after the ceremony at Jennie's tea room for the wedding party and intimate friends of the families.

The table was laid with a lace cloth with a white and green floral arrangement. Miss Weathersbee served the cake and Mrs. Reece Bivens presided at the punch bowl.

The couple left for a wedding trip to points in New Mexico. The bride chose for her going away suit an original model in white wool accented with Dolman sleeves. Her accessories were brown.

They will be at home in Littlefield.

Out of town guests were Mrs. Collie Fish and daughter, Ann, Mrs. J. M. Newton, Mrs. Virgie Harris, Mrs. H. C. Moore, Mrs. Lawrence Jones, Mr. and Mrs. Edgar Taylor, Mrs. Joe Caton, Mrs. Ola B. Snyder Folks Go to Parties for Post Bride

Several Snyder women and young ladies attended a series of parties held last week at Post for Frances Terry, who Friday became the bride of Claude Weathersbee of Snyder.

Several friends were hostesses last Friday afternoon for a tea shower in the home of Mrs. A. A. Suits. Seventy-five guests called between 4:30 and 6:30 o'clock and registered in the bride's book.

Greeting guests were Mmes. Suits and Terry who presented them in turn to Miss Terry and Mrs. E. E. Weathersbee and Miss Mary Belle Weathersbee of Snyder. Others in the receiving line were Mrs. O. K. Higgins of Hereford, aunt of Miss Terry, and Mrs. D. A. Brown of Canyon and Mrs. Reese Biens, sisters of the bride-elect. Mmes. T. R. Hibbs, F. A. Gilley, and L. A. Barrow assisted in receiving guests and showing the beautiful assortment of wedding gifts displayed in the bedroom.

The refreshment table was a symphony of rose, blue and silver with serving appointments of crystal. A huge bouquet of roses formed the background for a bow of blue tulle. On the streamers which extended the width of the table were the words "Frances, Claude—September 12" formed with silver letters.

A fruit punch in rose color was served with individually iced cakes decorated with tiny blue and rose flowers. Mesdames F. C. McAnally, Don Stevens, J. D. Justice, J. O. Cummings, and Miss Mary Margaret Duckworth alternated in serving.

An unusual arrangement of roses was displayed on the buffet. A silver epergne, an heirloom piece coming originally from England, held a single rose in each of the nine small branches. The whole stand was reflected from a mirror base. Silver candles were used at each side.

Dahlias in full glory of Autumn colors were used to decorate the other rooms of the entertaining suite.

Mrs. W. H. Childs was hostess on Monday night for a delightfully informal party in the Duckworth home honoring Miss Terry. Miss Mary Margaret Duckworth assisted in greeting the dozen guests who were intimate friends of the bride-elect, most of them having been school mates.

A series of guessing games with Romance as the chief subject were

The Women's Society Meets Monday At Methodist Church

The Women's Society of Christian Service met Monday afternoon, 3:00 o'clock, at Snyder's First Methodist Church, with Mrs. A. M. Curry in charge of the program.

After a song, "Passion," was sung, Mrs. Collingsworth led the worship service. Those on program and their topics were:

Stewardship—Mrs. Burleson. What is Welf Settlement—Mrs. Deffbach.

A Ticket to Heaven—Mrs. Strayhorn.

Faith, Libraries and Cabins—Mrs. Curry.

Song—Jesus Christ.

Mrs. Collingsworth read the scripture taken from Malachi 3:10-12.

She then brought out these thoughts:

"The person who begins to tithe will have six genuine surprises:

1. One will be surprised at the amount of money he has for the Lord's work.
2. At the deepening of their own spiritual life in paying the tithe.
3. At the ease in meeting his own obligations with the nine-tenths with God's blessing.
4. At the ease in going on from one-tenth to larger giving.
5. At the preparation this gives to be a faithful and wise steward over the nine-tenths that remain.
6. At oneself in not adopting the Biblical plan sooner.

These thoughts came from the great missionary—Charles Cowan."

There were eleven members present and Mrs. Williams led the closing prayer.

Odessa Weems Wed To Charlie Farriss

Recent marriage of Odessa Weems, daughter of Mr. and Mrs. Floyd E. Weems, to Charlie Farriss, was announced by the Eastern Scurry County people this week. Odessa formerly was a news correspondent for The Times from the Hobbs community.

Farriss is the son of Mrs. J. T. Ware. Both are students in Texas Tech, Lubbock, where the bride will be classified as a senior at the end of the fall semester. She is a home economics major.

Young Ware enrolled as a freshman student in the early summer, following his discharge from the Navy last April. Both are graduates of the Hobbs school, where the groom's mother has taught for the past several years.

Wedding rites were read for the two by the Rev. Cecil R. Matthews, Lubbock Methodist minister, in the parlors of the Casa Linda Co-op, dormitory on the college grounds, the first wedding to occur in the dormitory.

The bride, given in marriage by her father, was gowned in street length white alpaca, featuring capped sleeves and shirred at the shoulder and in the waist. She carried a white prayer book, topped with white chrysanthemums, tied with white satin ribbon. For head-dress she wore a shoulder length white net veil, falling in soft folds from a coronet of small white chrysanthemums.

Attendant to the bride was her only sister, Wanda Weems, recently enrolled in the college there as a freshman student. Miss Weems wore an aqua crepe frock with pink chrysanthemum shoulder corsage. The groom's attendant was William Harris of Floydada, his roommate.

Immediately following the wedding, a reception was hosted in the dormitory, with the reception table laid in white damask and appointed in crystal and silver. A three-tiered wedding cake was served

with orange punch. A white floral arrangement centered the table, flanked by lighted white tapers in crystal candelabra.

Following the reception, the couple left on a brief honeymoon trip to the mountains in New Mexico, returning to resume their studies.

Mrs. Ware traveled in a ecococ brown linen suit, with white blouse, and other accessories in brown.

John W. Leftwich of Snyder entered McMurry College, September

16. He was a student at McMurry when he enlisted in the army. He saw service on New Guinea and Luzon, and has been away from Snyder four years. He is the son of Mrs. John W. Leftwich who teaches at Hermleigh.

mit entry of trucks into the building for loading and unloading of seed for the popular Western Profitic cotton.

Building of Jack Keller's repair shop just west of the Van Roeder building has recently had a "face lifting." Concrete floor and a stuccoed front add much to the appearance of the repair shop.

John Keller had about completed his remodeling job on the building just west of Jack Keller's place of business first of the week. Large plate glass windows, a stuccoed front and new wood flooring to the former feed storage building give the structure an uptown look.

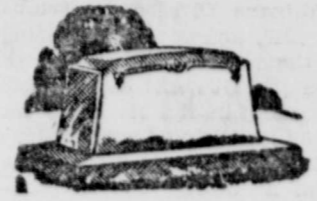

A. A. McMillan continues to improve his property west of the R. S. & P. Railway tracks on 26th Street. Expanded elevator facilities will permit improved service for unloading trucks at the elevator and loading of grain onto cars on the R. S. & P. siding adjoining the McMillan property.

Addition that has been underway at the Church of Christ for a number of months is probably three-fourths completed, officials of the congregation said this week. An auditorium that will nearly double the seating capacity for congregational services is being afforded with the next north wing to the former structure at the corner of Avenue O and 25th Street.

Plasterers were adding the final "mud" to the drive-in cafe being erected by Glenn Goss at the corner of Avenue L and 25th Street this week. Built of concrete tile, plastered on the inside and stuccoed on the outside, the drive-in will house modern fixtures for a "civilized" drive-in eating establishment.

D. P. Connally and June Jones of The Hamlin Herald were week-end visitors in Snyder with friends and relatives. Both young men formerly worked on The Times.
