Test on New Dennis Well Seen Today

BATTERY OF STORAGE TANKS
BEING BUILT AS PUMPING
RIGS ARE INSTALLED

Interest on Scurry County's oil front centered this week on the Ira pool, 17 miles southwest of Snyder, where two major developments are unfolding.

At the A. E. and Clyde Dennis No. 1 J. E. (Cub) Murphy, located 330 feet from the south and west lines of the southeast one-fourth, Section 121, Block 97, H. & T. C. Survey, operators are erecting a battery of 250-barrel tanks, running tubing and rods and installing an air-head on the No. 1 Murphy.

Nickels & Thompson, who held drilling contract on the No. 1 Murphy, have completed cleaning out after shot.

Potential test on the Dennis & Dennis No. 1 Murphy is slated to be taken today (Thursday).

At the county's newest cable tool wildcat test, the John Odstrcil No. 1 Ellis House, 330 feet from the north and west lines of the west 100 acres in Lot 17, O'Keefe Subdivision, Section 29, J. P. Smith Survey, oil string will be cemented today (Thursday).

The cable tool wildcat on the House land, located 6,600 feet south and east of the nearest production in the Sharon Ridge pool, has been carried as a "tight" well. It is understood the well is running high, according to very reliable information checked Wednesday.

Just 6.4 miles northwest of Snyder, Humble Oil & Refining Company No. 1 T. C. Davis, an Ellenberger project, was drilling ahead at latest report at 5,500 feet.

The Humble No. 1 Davis is located 660 feet from the south and west lines of Section 339, Block 97, Houston & Texas Central Railroad Company Survey.

Plans for All-Night Singing Take Shape

Attention of singers in this trade area is directed to the all-night singing that will be staged by the Four-County Singing Convention at Snyder North Side Missionary Baptist Church Saturday night, December 14.

Rev. Earl Creswell, host minister for the all-night convention, states women of the church will provide hot coffee and a midnight lunch for attendees.

Roy Williams of Roscoe, convention secretary, and Leon Guinn, convention publicity chairman, report pre-convention response indicates 3,000 persons will be here for the convocation.

Four-County Singing Convention is composed of Scurry, Mitchell, Nolan and Howard Counties.

Wastella Folks Give Fund for Church Tile

Announcement was made this week that collection will be taken at Wastella Baptist Church Sunday at Sunday School time to help purchase tile for the Snyder Mexican Mission Church.

Each child will be asked to pay for one tile. Adults will be asked to contribute more to this worthy cause.

Ladies' Night to Be Held by Lions Club on Dec. 17

Plans were instigated at a directors' meeting following the regular Tuesday luncheon gathering of the Snyder Lions Club at the Manhattan Hotel for staging a ladies' night Christmas party on the evening of December 17. M. H. Roe, program chairman, Tommy Beene and Willard Jones will be in charge of the banquet arrangements.

Lion Turner Roe directed an enjoyable sing-song Tuesday noon at the weekly civic group luncheon. Lions sang "Silent City Sue" and "Let Me Call You Sweetheart." Mrs. J. William Mason, club pianist, accompanied the group.

Billie Claire Mason gave a violin solo, accompanied by Mrs. Mason. Club guests were Billie Claire Mason, George T. Vicary, agriculture instructor for Scurry County's Veterans Administration school, and Mack Woodrum, agriculture training officer of VA work at Lubbock.

At the directors' meeting a nominating committee was named to recommend a successor to Vice President Clifton Rogers, who has moved to Houston. Jones and Beene were named members of the standing program committee.

Adjustor Release Needed to Pay on Insured Cotton

A very important announcement for Scurry County farmers with cotton insurance in force was released Wednesday through the local AAA offices as follows:

Cotton insurance adjustors for Scurry County have information from the district supervisor of the Federal Crop Insurance Corporation that no payment will be made on insured cotton acreage damaged or destroyed by non-insurable causes before a release has been given by the adjustors.

No livestock should be turned in on the harvested cotton acreage. Also the remaining cotton and stalks should not be destroyed by the producer before the final inspection has been made by the adjustors.

After harvest is completed, your gin tickets should be turned in at the AAA office and a request for inspection turned in. The cotton acreage will not be released until the adjustor has been to the farm and made a final inspection.

Colin Carey to Go to Greenland Air Base

A graduate of Hermleigh High School, Private First Class Colin P. Carey, son of Mr. and Mrs. C. P. Carey of the Hermleigh community, has been home this week on seven-day furlough.

Colin, who has been in the U. S. Air Corps 14 months, is shipping this week to Westover Field, Massachusetts.

From Westover Field Colin will be shipped to Greenland, for Air Corps service "on the roof of the world."

Mercury Skids to Low of 20 Degrees In Sunday Blast

Coldest spell of the season arrived Sunday night, nipping Scurry County on the heels of a day-long bleak norther and skidding the mercury down to 20 degrees above zero.

So reports Mrs. Foy Wade, government weather gauger, who says 26 degrees gauged here two weeks ago is next lowest for the fall.

Norther that hit Scurry County Sunday brought some of the strongest headlines experienced for the winter to date.

Sunday night's freeze was dry, but was accompanied early Monday morning by a heavy frost.

Observers report plenty of ice was in evidence Monday morning along with frost.

As the county pulled out from under the Sunday night cold snap, county farmers described this week's weather as "ideal" for hog killing.

With advent of the hog killing season, Scurry County always feasts for several weeks on backbone, spare-ribs and fresh country sausage.

A Capella Chorus Of ACC Will Give Monday Concert

People of Snyder's trade territory are extended a cordial invitation to attend the concert that will be given Monday evening, beginning at 7:30 o'clock, at the Snyder Church of Christ by the A Capella Chorus of Abilene Christian College, Abilene.

The chorus, local church leaders state, will sing both religious and secular numbers.

The group of 45 trained singers composing the A Capella Chorus is directed by Leonard Burford, head of the music department at ACC. The group has been widely acclaimed as one of the best choruses in the nation.

Snyder has been selected as one of the six cities the chorus will stage concerts at in the fall tour, Monday through Friday of next week.

VERNA, WHO LOST LEG AFTER SNAKEBITE, WALKING AGAIN

Because she had faith she would play again like other children and that she could carry on her school work, Verna Caldwell, daughter of Mr. and Mrs. Bruce Caldwell of the Turner community and an eighth grade student in the Snyder Schools, is back in school following fitting of a new artificial limb in Corpus Christi.

Verna was bitten by a rattlesnake August 13, 1943.

When she was treated at a local hospital it was necessary for Dr. C. R. Cockrell to amputate a portion of her left leg.

Following the August operation, Verna had two more inches of the snake-bitten leg amputated on November 5, 1943.

The Turner community girl gritted her teeth and smiled—because she knew she would not only get a well but would walk again and get to continue her school work.

April, 1944, was a particularly happy occasion for Verna, because it was at this time she got her first new artificial limb.

Council Votes Lake Project Withdrawal

Position of the Snyder City Council on Snyder's participation in the proposed five-city water association to build a lake on the Colorado River was clarified when the official group, in called meeting Friday evening, voted to withdraw from the association.

Resolution adopted Friday evening reads as follows:

"Whereas it appears from preliminary engineering studies that the municipal water supply problems of several of our neighboring West Texas cities could be solved by the creation of a reservoir on the Colorado River north of Colorado City, and

"Whereas, the Colorado River Municipal Water Association, in cooperation with the cities of Colorado City, Big Spring, Midland, Odessa and Snyder, was formed to make a thorough and complete study of these possibilities, and

"Whereas, further engineering studies seem to confirm the preliminary findings that sufficient water for the stated purposes could be impounded on the Colorado River and that the State Board of Water Engineers has granted specific water rights to Colorado City acting on its own behalf and on behalf of the other named cities; and

"Whereas, exhaustive studies by officials of the City of Snyder show that Snyder is more fortunate than its neighbors to the south and west in regard to underground water supply; and

"Whereas, the City of Snyder recently completed additional wells and has launched upon a program which includes a greatly enlarged storage facilities which will impound sufficient water to care for emergencies; and

"Whereas, we have assurance that the other cities named can successfully carry out the aims and purposes of the association and secure the relief which we understand they need in the matter of a water supply without the assistance of the City of Snyder;

"Therefore, be it resolved that the City of Snyder express its full appreciation to the Colorado River Municipal Water Association for its interest in the overall problem of water supply of the area and ask that in order that the association might proceed with its plans without any delay, that the City of Snyder not be included in the area of the proposed district which it will request the State Board of Water Engineers to temporarily form in the near future.

"Be it further resolved that the city officials of Snyder offer the services of the city to the association and to the district in any way which will further the program to establish the reservoir and dam on the Colorado River north of Colorado City; that a copy of this resolution be transmitted to the president and secretary of the association without delay and that copies be made available to the newspapers of the area in order that the people in the other cities named may fully understand and appreciate our position in the matter.

"Adopted and approved by the City Council of the City of Snyder on this 29th day of November, 1946.—Signed, Donald K. Ratliff, mayor, City of Snyder; attest: J. S. Bradbury, city secretary."

Councilmen who voted on the resolution were Dwight Monroe, John Spears, F. G. Sears, Ivan Gatlin and Leighton Griffin. Councilman Andy Jones, opposed to withdrawing from the lake association, was not present when the vote was taken.

Mayor K. D. Ratliff did not have a vote on the resolution. Ratliff favors Snyder's participation in the Snyder, Colorado City, Midland Big Spring and Odessa water association.

Sam Williams, President of the Senior Chamber of Commerce, in a statement Saturday to the daily press said he wishes "as a citizen of Snyder" to protest the action of the council in withdrawing the city from the water project.

Williams had been named one of the directors of the Colorado River Municipal Water Association.

Late Wednesday no comment was available from the other four cities in the CRMWA on the proposed withdrawal of Snyder from the association.

Insofar as was known Wednesday night, Snyder's field and boundary notes for the CRMWA had been forwarded on schedule to John McCall of Dallas, CRMWA attorney, according to Mayor K. D. Ratliff.

New von Roeder Seed Warehouse Opened in Snyder

Snyder this week became the major distributing point for von Roeder Seed Farms of Knapp, with opening of the seed farm warehouse a block and a half east of the square, immediately north across from Rainbow Market Place on 25th Street.

The warehouse and sales office is located in a 50x140-foot stucco and tile building. Outside of the structure has been succeeded a gleaming white.

Bentley Balze, warehouse and office manager, reports the seed farms not only sold out of Western Prolific cottonseed a long time ago but have booked orders for 7,000 bushels of cottonseed to be delivered in 1948.

Not only have the seed farms received orders from practically every cotton producing state in the union but from several foreign countries.

Von Roeder Seed Farms is handling all kinds of field and garden seed—field seed like sweet sudan, hegari, kaffir and combine maize.

Due to the scarcity of good planting seed, area farmers are urged to book their seed orders with Balze as soon as possible.

Of interest to visitors at the warehouse is a seed sterilization machine using steam heat and the latest equipment to cull and treat seed. Currently the U. S. Department of Agriculture is furnishing a machine until one ordered by Von Roeder Seed Farms arrives.

Front of the tile and stucco building is devoted to office space. Inclined concrete driveways make it possible to leave and enter with seed.

A 10-foot drive on the west side of the building facilitates treating and shipping.

C. N. and Nolan von Roeder, co-operators of Von Roeder Seed Farms, invite the public to visit the Snyder warehouse and office.

Under auspices of the Snyder Musical Coterie, which is a federated club, a cantata in three parts will be presented Sunday evening, December 15, at Snyder First Baptist Church.

Director for the cantata will be Mrs. Helen Boren Rodgers.

The musical classic will be "The Night of Holy Memories" by Ira B. Wilson.

The public of this area is extended a cordial invitation to witness the cantata presentation. Snyder has been without a cantata for several years.

Members of the cantata chorus include: Mrs. Melvin Blackard, pianist, Mrs. Ross Blanchard, Mrs. Hugh Boren, Mrs. Gene Cantrell, Mrs. H. F. Clark, Mrs. C. R. Cockrell, Mrs. Lydia Hardy, Polly Harpole, organist, Mrs. Willard Jones, Mrs. O. A. Keith, Mrs. C. R. Landrum, Mrs. Armore McFarland, Mrs. Raleigh Mason, Mrs. James K. Polk, Mrs. M. H. Roe, Mrs. Fritz R. Smith, Mary Louise Taylor and Mrs. Robert White.

Assisting in the chorus will be Mrs. A. C. Preuit, Mrs. Silas Daventport, Mrs. M. E. O'Neill, Mrs. J. William Mason, Mrs. K. D. Ratliff, Mrs. Melvin Newton, Mrs. Bernard Longbottom, Mrs. Thaba Groves and Jean Miller.

Practice Underway on VFW-Legion Classic

With practice getting underway by the Veterans of Foreign Wars and American Legion squads for the football game at Tiger Stadium December 20, sports fans in the Snyder area are already picking out favorites from the opposing squads.

Forrest Beavers is coach for the Legion squad and Bo Moffett is coach for the VFW boys.

Additional information on the starting line-ups is expected to be available in next week's Times.

Lamesa and Perryton Men to Preach Here

Elder M. W. Smith of Lamesa and Elder J. B. Hardy of Perryton will preach Wednesday and Thursday evenings, December 25 and 26, at the Snyder Primitive Baptist Church.

So announces J. H. Mariner, who extends the public a cordial invitation to hear the two visiting ministers.

He's Seeing Again

Citizens in this area and all over the state contributed to a fund raised by the Brownwood Bulletin and Brownwood Police Chief M. O. Eidson to care for blind, deaf and dumb Joseph S. Dewees, 65, after an operation restored vision in his right eye. He is wearing cowboy clothes given him as a Christmas gift.

Leighton Griffin Resigns from City Council Position

Regular monthly meeting Monday evening of the Snyder City Council was marked by resignation of Alderman Leighton Griffin. Resignation of Alderman Griffin was accepted by the council.

Griffin had served since last April. Although Griffin's resignation leaves a vacancy in Ward No. 3, it was not ascertained Wednesday whether an appointment would be made or another alderman named by election.

Tax collections for the month of November stood at \$2,653.01. Water collections for the month just past amounted to \$2,636.73.

No building permits were tallied for November. The year's total still stands at \$106,100, council members learned.

Bills approved Monday evening for payment totaled \$1,311.60.

Report of the city secretary reveals that total November disbursements stand at \$3,170.65, and November receipts at \$4,182.04.

Box Supper Slated at Camp Springs Monday

Attention of Camp Springs, Midway and Hobbs people is directed to the box supper that will be staged Monday evening, beginning at 7:30 o'clock, at the Camp Springs Methodist Church.

Monday evening's festive affair is being staged for the Methodist Youth Fellowship, reports Eddie Williams, director.

N. J. Guillet, Hobbs School superintendent, will act as auctioneer for the event.

People of eastern Scurry and western Fisher County are invited to bring boxes, pies or cakes for the community-wide supper.

Dallas Man Named as New OPA Head Man

Max L. McCullough of Dallas, who has appeared here at public gatherings on different occasions, was named acting OPA administrator Wednesday.

So announced Paul A. Porter in Washington, who resigned recently from the agency. McCullough has been with OPA since January, 1942. He was made chief of the OPA rationing problem August 31, 1944.

Vote on Consolidation Of Ira and Canyon Tie

In an election held Saturday to determine whether Canyon School District be consolidated with Ira Independent School District, vote was tabulated at 30 for consolidation and 30 votes against consolidation.

Although the election resulted in a tied vote, and total strength was only 60 tallies, considerable interest was evidenced by voters in the called election.

Possibility of Canyon and Ira School Districts holding another election, since Saturday's balloting was tied, is being investigated this week by the county judge's office.

The WOMAN'S Page

Dorothy Kubena and Edgar Kuss United

Mr. and Mrs. Jim Kubena of the Hermleigh community are announcing the marriage November 6 of their daughter, Dorothy Kubena, to Edgar Kuss, son of Mr. and Mrs. A. J. Kuss, also of the Hermleigh community.

Rev. Michael Sureda officiated at the nuptial mass. The church choir sang, with the Rev. Joseph Ballerini at the organ.

White asters and chrysanthemums were used to decorate the church.

The bride was given in marriage by her father. She wore a white satin gown with fitted bodice, a yoke of marquisette edged with lace and full skirt with long train.

Her fingertip veil of illusion was caught to a crown of seed pearls. She carried a white prayer book topped with white carnations.

Gladys Kuss, maid of honor, wore a yellow taffeta dress and a matching veil. Her colonial bouquet was of white chrysanthemums and pink carnations.

Sandra Darden was flower girl. Edwin Kuss, cousin of the bridegroom, was best man.

Ushers were Henry Wenetschlaeger and Johnny Roemisch.

The bridegroom served 31 months on Iwo Jima with the Third Marine Corps. He received his honorable service discharge last May.

Following the ceremony, a wedding breakfast was held in the home of the bride. A dinner and supper were held at the Roland Hall.

The couple left on a short honeymoon. The bride chose for traveling a green wool suit with brown accessories. Her corsage was of carnations.

Juanita Dixon and Ordon Benbenek Wed

Juanita Dixon, daughter of Mr. and Mrs. T. O. Dixon of Snyder, and Ordon Benbenek, son of Pete Benbenek of East Snyder, were united in marriage Saturday morning, 10:00 o'clock.

The single ring ceremony was read by Rev. O. B. Herring, pastor of Snyder First Methodist Church, in the church parsonage.

The bride chose for the occasion a gold suit with brown accessories and a shoulder corsage of white chrysanthemums. For a going-away dress she chose a blue wool with black accessories.

Following the ceremony, a reception was held at the home of the bride's parents, Mr. and Mrs. T. O. Dixon. Relatives of the couple shared the honors.

The bride, formerly employed by R. W. Webb, Snyder attorney, is a graduate of Hobbs High School. Her parents formerly lived in the Midway community.

The groom is a graduate of Snyder High School and served three years in the U. S. Army, part of which time was spent in the European Theater of Operations.

Following a short wedding trip to points of interest in Old Mexico, the couple will make their home in Snyder.

Ordon is operator of the Benbenek Boot Shop on the south side of the square.

Mrs. Allen Moses and two daughters, Sarah Lou and Dinah, of Abilene were Thanksgiving guests of the R. C. Granthams. Mr. and Mrs. Fred Merrick of Abilene also visited the Granthams. Mrs. R. C. Grantham returned to Abilene with the Merricks for a visit.

Hilda Bartels Marries Slaton Man Recently

Rev. Michael Sureda read the nuptial mass for Hilda Bartels and Alfred Reissig in a double ring ceremony staged at the Hermleigh St. John's Church November 11.

Albert Joe and Julio Roemisch, cousins of the bride, were acolytes. Rev. Joseph Ballerini played the wedding marches. Multi-colored chrysanthemums and fall flowers decorated the altar.

Given in marriage by her father, the bride wore a white satin gown with fitted bodice trimmed with beaded design around the sweetheart neckline and a full skirt ending in a train.

Her fingertip veil of illusion was edged in lace and was held by a coronet. She carried a bouquet of white carnations with white satin streamers.

For "something new" the bride wore pearls, a gift from the bridegroom. "Something blue" was a handkerchief; "something old," a bracelet and her rosary was borrowed.

Jeannette Reissig, Mildred Kitten and Bernadine Stump were bridesmaids. They wore identically designed dresses of light blue velvet bodices and white net skirts ornamented by circles of blue velvet and sequins.

The headresses of the bridesmaids were of white veiling and sequins, and they carried bouquets of pink carnations and blue streamers.

Edward Reissig, brother of the bridegroom, Leonard and Erwin Bartels, brothers of the bride, were the bridegroom's attendants.

Following the wedding, a reception was held by the bride's parents for 125 guests. The couple acted as hosts at a dance in the Legion Hut at Slaton.

Bride is the daughter of Mr. and Mrs. J. A. Bartels of Hermleigh. She is a graduate of Hermleigh High School. The bridegroom is the son of Mrs. Hilda Reissig of Slaton. The couple will make their home at Sweetwater.

Has Church Rites

Mrs. Alfred Reissig, above, is the former Hilda Bartels, daughter of Mr. and Mrs. J. A. Bartels of Hermleigh. She was married to Alfred Reissig, son of Mrs. Hilda Reissig of Slaton, at St. John's Church in Hermleigh November 11.

Dorothy Sands Weds Crosbyton Man

Dorothy Sands, daughter of Mr. and Mrs. John A. Sands of Snyder, was united in marriage to Billy Buck, son of Mr. and Mrs. O. B. Buck of Crosbyton on November 18 at Lubbock.

Mrs. Buck has lived in Snyder for the past two years, having moved here from Richland.

A 1946 graduate of Snyder High School, the bride is now enrolled in the home economics department of Texas Tech College at Lubbock. Mr. Buck is a 1942 graduate of Morton High School. During the war he served 17 months in the U. S. Naval Forces of the Eighth Special N. C. B., aboard the U. S. S. San Diego.

Buck is now a student in the commerce division at Texas Tech. The couple is making their home in Lubbock and plan to continue their educational studies.

Fluvanna Women Slate Christmas Party

Fluvanna Home Demonstration Club met Friday in the home of Mrs. Cliff McKnight. Mrs. McKnight resides in eastern Borden County.

Estella Rabel, county home demonstration agent, demonstrated the making of dressings and sauces for meats.

Following a business session, a refreshment plate of baked hen, potato dressing, paprika sauce, celery, angel food cake, cocoa and coffee were served to the following members: Mmes. Morris Miller, Roy Reeder, T. J. Rea, Arch Odom, Dee Pylant, Charley Ainsworth, Henry Flournoy, Lloyd Ainsworth, Robert Warren, Mert Jones, Bunyan Evans, Wallace Jones, Joe Belew, Jesse Bley, Waldon Wills, Cyrus Landrum, A. D. Dodson; and Mert Patterson; Miss Rabel, the county home demonstration agent, and Mrs. A. Parker, a visitor from Hermleigh.

A real old fashioned Christmas party for the members was planned, to be held in the home of Mrs. T. J. Rea on Wednesday evening, December 18.

Mr. and Mrs. Claude Weatherbee, Mrs. E. E. Weatherbee and daughter, Mary Belle, spent last Thursday, Thanksgiving Day, with the C. W. Terrys at Post.

Visiting Mrs. J. A. Farmer last Wednesday night were Mr. and Mrs. E. O. Wedgeworth and daughter, Anita, of Pampa, and Mrs. Flossie Whitaker and son, Bob, of San Angelo. Bob is enrolled at North Texas State Teachers College, Denton.

Snyder Tigers Fall Before Powerful Plowboys in Homecoming Tilt, 26-0

By Bill Schiebel

In the first annual homecoming game played at Tiger Stadium on Thanksgiving Day, Snyder High School's game Tigers bowed in defeat to the Roscoe Plowboys by a tally of 26 to 0.

Last Thursday afternoon's game was witnessed by a holiday crowd of 3,500 people—largest crowd to witness a football game in Snyder during the season.

Roscoe won the toss and elected to defend and receive the kick-off from the south goal. There was a slight breeze blowing, but the sky was cloudless and weather ideal.

The opening kick-off was taken by Bob Emerson on the 10 and he ran it back to the 22-yard line, where he was punted up by the Tigers.

After Roscoe ran three plays they were forced to punt, and the Tigers went on the offensive from the 26-yard line.

After making a couple of first downs on hard running plays and off tackle smashes, combined with the around-end runs of Louie Vaughan, the Tigers threw a pass which was incomplete on the 48-yard line. The pass was intended for George Richardson, but was just a little long. The ball went over on downs to the Plowboys as the quarter ended.

The ball was taken by Roscoe on the 30-yard line and on the next play Roscoe fumbled and the ball was recovered by a host of Tiger players on the 34-yard line. The Tigers were forced to punt, and Richardson got off a good punt of 32 yards which went out of bounds on the Plowboys' 43-yard line.

From this point the Plowboys opened an attack which led to the first touchdown of the game. The Roscoe team used hard running by Emerson and Witherspoon to rack up three first downs and put the ball on the one-yard line from which point it was bulled over by big Bob Emerson for the first six-pointer. The try for extra point was good as the ball was run over by Haynes, making the score 7 to 0 midway through the second quarter.

After Roscoe kicked off the Tigers made a first down on the 30 and, after making two yards on line plunge, Donnie Everett went back in the passing position. No receivers were open and the Plowboys were rushing Everett so he gambled and threw the ball in the general direction of the line of scrimmage. It was intercepted by Schuler, Plowboy center, and he raced 30 yards for the second touchdown. On the try for the extra point the Plowboys received a 15-yard penalty and the second try for the point was no good.

With less than two minutes to go in the first half the Roscoe team led by the score of 13 to 0.

The Plowboys went back to kick off again and on a booming boot that rolled dead in the end zone after going over Jack Gorman's head, the ball was punted on by five Roscoe boys and they had made another touchdown. This was a heart-breaking play for the Tigers and they did not seem to have the old pep that they had before the third touchdown was scored. Extra point was added on a pass from Emerson to Witherspoon. The half ended with the score 20 to 0 in Roscoe's favor.

After the half time program, in which the Snyder black-and-gold Pep Squad girls took part along with the purple-and-white squad of Roscoe, the teams came back to fight a scoreless third quarter which saw some hard running and tackling that resulted in several fumbles, which if they had been capitalized on would have turned the score in a more evenly divided plane.

Snyder received the opening kick-off and the ball went to Jack Gorman on the 12, from where he carried it to the 29-yard stripe. The Tigers were held and forced to punt.

P-TA Asks Dishes for School Lunch Room

Snyder Parent-Teacher Association will meet Thursday afternoon, December 12, at 3:45 o'clock in the Snyder School auditorium, officers reported this week.

Mrs. Melvin Blackard is program chairman for the December gathering.

The Snyder P-TA is in urgent need of donations for the school lunch room, including plates, bowls for chili or dessert bowls.

P-TA officials say they also are in urgent need of extra-knives and forks for the school lunch room project.

Connie Jean McMullan and Jean Taylor, students at North Texas Agricultural College at Arlington, spent Thanksgiving with relatives.

Longbotham Will Resign as County Service Officer

Bernard Longbotham Jr., Scurry County service officer, is tendering his resignation, effective January 1.

Young Longbotham is resigning from the service officer's post because his father, Bernard Longbotham Sr., will take office January 1 as commissioner of Precinct No. 3.

The county's service officer, with Longbotham appointed by the county, was opened here September 1, 1945.

Each month dozens of cases of World War II veterans have been handled by Longbotham, and during the 15 months of activity hundreds of cases have been handled by the service chief.

Interviewed by a Times reporter, Longbotham urges all veterans who have business matters which need attention to contact him at once.

It is to be hoped after January 1 that Scurry County can obtain a federal office here, or at least work out an itinerary which will allow servicing of cases in Scurry County. Young Longbotham will be around Snyder for a few weeks after the first of the year, and will naturally be happy to help veterans of World War II any way he can.

Farmer Jones has a pig he call Waterman. At least that's its pen name.

J. S. Golden Return From Portales Visit

Mr. and Mrs. J. S. Golden of the Canyon community, accompanied by Mr. and Mrs. Carl Golden of Brownfield, returned over the weekend from Portales, New Mexico, where they spent an enjoyable week.

The Canyon community couple and the Golden at Brownfield attended a family reunion at which Floyd Golden, president of Eastern New Mexico College, was host.

Last week's reunion and Thanksgiving celebration marked the first time in a number of years the Golden children had been together.

All members of the family but three children were present for the Portales get-together.

R. L. Terrys in Family Reunion with Dinner

Surprise reunion given Mr. and Mrs. R. L. Terry last Thursday at their home, 2604 Avenue V, was climaxed with an old fashioned Thanksgiving dinner with all the trimmings.

Present for the occasion were: Mrs. T. A. Comer of Haynes, Oregon, Mrs. J. C. Burleson and son of Stanton, Mrs. J. R. Huckabee of Abilene, R. P. Terry of Richland Springs, Mr. and Mrs. J. K. Barfield and three children of Stanton, R. J. Mills and Bobby of Lubbock and Wilma Terry of Odessa.

Texas Farming Is Billion Dollar Business in 1946

Farming in Scurry and other Texas counties has become a billion dollar business in the first 10 months of this year.

The University of Texas Bureau of Business Research reported to The Times Tuesday that Texas farmers took in \$1,018,980,000 in the 10 months, January through October, as compared to \$915,047,000 for the corresponding 10 months of 1945.

Difference represents a gain of 11 per cent or \$8,661,000 per month this far this year.

October farm income in Scurry and other Texas counties was 47 per cent higher this year than for October a year ago.

Mr. and Mrs. Carl England, publishers of The Morton Tribune, Cochran County, were here visiting friends Thanksgiving. The former Snyder couple attended the Snyder-Roscoe football game.

Legion Auxiliary Be Reorganized Tonight

Reorganization of the American Legion Auxiliary is expected to be completed this (Thursday) evening in a meeting that gets underway at 7:30 o'clock at the Legion Hut, four blocks west of the square on 25th Street.

Wives of all ex-service men are requested to bring their husbands with them to the gathering. Election of officers for the coming year will constitute one of the principal items of business.

First Presbyterian Church

All regular services are scheduled for next Sunday. Sunday School is at 9:45 a. m. and preaching services at 11:00 a. m. and 6:45 p. m.

We welcome the public to worship with us. All members are especially invited.—C. C. Dooley, Pastor.

It's kinda tough going nowadays when we have to do without so many things that our parents never had.

Fluvanna Circuit Pastor Releases Service Schedule

Rev. M. W. Clark, veteran Snyder Methodist minister, has been appointed temporarily as pastor for the Fluvanna Circuit, and issues the following statement which will be of considerable interest:

"As pastor of the Fluvanna Circuit, I would like to say preaching appointments will be according to the schedule you good people have had in the past."

The schedule follows:

Sunday, December 8, Dermott at 11:00 a. m. and 3:00 p. m.; Fluvanna at 7:00 p. m.

December 15, Gail at 11:00 a. m. and 7:00 p. m.; December 22, Union at 11:00 a. m. and 7:00 p. m.; December 29, fifth Sunday, Polar at 11:00 a. m. and Dermott at 3:00 p. m.

"December is Orphanage Month and Advocate Month. Let's have a large subscription to our Advocate," Rev. Clark urges. "We have 440 orphan children in our home at Waco and the Methodist Church is their only means of support."

"I pledge you," Rev. Clark says, "my best endeavors as long as I am in charge of the circuit. We invite everyone interested in their salvation and the salvation of others to worship with us in our services."

Mrs. Ruby Bearden and sons, Lowell, Robert, Staff Sergeant Clyde Bearden, Ronald and Frank, who is attending Texas Tech College at Lubbock, spent Thanksgiving with Mrs. Bearden's mother in the Turner community.

VOCATIONAL SCHOOL NEWS

George T. Vicary was employed by the board of directors as instructor in agriculture, effective December 1. Mr. Vicary was reared on a farm in Michigan, graduated from Michigan State College in 1941. Immediately following graduation, Vicary enlisted in the Army as an aviation cadet; serving four years, three years of which he was stationed in Texas. Mr. Vicary holds a Smith-Hughes certificate for teaching vocational agriculture.

Veterans now enrolled in agriculture are starting this month preparing inventories of their farm set-up preparatory to adopting a system of keeping books on their farm and ranch operations.

In addition to a detailed record keeping system, each veteran will prepare a detailed plan of work covering his entire training period.

Many veterans have indicated they plan to enroll in school soon after the first of the year. Those who plan to do so should, if they have not already done so, make application to the Veterans Administration for authority to enroll.

In this connection your attention is called to the three meetings that are scheduled at Snyder, Fluvanna and Hermleigh December 6, 10 and 11 respectively.

Since the school has been operating over three months now, we hope to be able to give you additional information concerning its benefits and at the same time get an expression from you regarding your intentions in order that the directors may make plans accordingly. We hope, therefore, you will plan to attend one of these meetings.

Harold Lewis Wade of Texas Christian University, Fort Worth, spent Thanksgiving with his parents, Mr. and Mrs. Lyman Wade. Mrs. Pearl Irvin spent last week with her daughter, Mrs. Wade.

Community Folks In Thanksgiving Feast at Murphy

Treat of the fall for a number of Scurry and Borden County people was the Thanksgiving barbecue staged last Thursday at Union School (Murphy), at which goat and mutton with all the trimmings were served.

Pop Galyean Gets Rough Handling By Post Inmates

J. G. (Pop) Galyean, former Scurry County peace officer and Garza County deputy sheriff, recently experienced rough handling by three inmates of the Post jail that left him bruised from the ordeal.

According to reports received here, Deputy Galyean went in the jail to take the prisoners' food. When he unlocked the cell door the prisoners, by a ruse, diverted his attention for a second.

The three tackled Galyean and knocked him to the floor. They took his gun from him and would have shot him, but Galyean talked them out of this. The inmates locked him, however, in a cell and escaped—only to be picked up a few hours later.

Three that rough handled Galyean were caught at Tahoka. The trio had stolen six cars within the past three weeks, local friends learn.

D. A. Joneses Spent First Two Years In Dugout at Jumbo on Staked Land

Hand in hand through 60 happy years of married life will be reviewed Sunday for Mr. and Mrs. D. A. Jones, pioneer Fluvanna community couple, who Sunday will celebrate their sixtieth wedding anniversary with open house for friends and neighbors from a wide area. Friends and acquaintances are invited to attend the occasion.

D. A. Jones and Annie Jane Whitley were married in 1886 in McLennan County by Rev. Mangrum. The couple moved to Scurry County in 1892 in a covered wagon replete with a camping outfit.

Mode of travel when the couple moved to the county was by horseback and in the covered wagon—which has been glorified in song and story.

When they moved to this sector, Mr. and Mrs. Jones shipped their household goods to Roscoe, also grain and enough feed for horses and mules to last a year.

Looking back over the years that have been so few—the couple recalls the events as though they were yesterday—they drove their stake 1 Block 97 at Jumbo, as it was then called.

"We excavated a place for a dugout," the couple recalls, "and went in and had a good, substantial home for some two years."

"We had to go to Snyder for our mail or to have any repair work done on farm tools. Snyder was the closest place of business, as it was the county site," they state.

The pioneer Fluvanna couple says a small school house was erected at Jumbo in 1892 and was used for both school and church. All denominations gathered at Jumbo for worship each Sunday.

In those days, the couple informs a Times reporter, people would go

20 miles to church and all transportation was horse-drawn. There was no such thing at this early day as cars; and wagons, hacks and buggies were the accepted mode of conveyance.

The Fluvanna couple will host open house Sunday afternoon, 2:00 to 6:00 o'clock, for their friends and neighbors of Scurry, Borden and neighboring counties.

Mr. and Mrs. Jones evidenced another faith in Scurry County when they settled in what was, before the turn of the century, Jumbo. They brought several milk cows with them.

The couple has resided in the same house all through the changing years. Even though this area has undergone vast changes since 1892, Mr. and Mrs. Jones see a great future ahead for this entire trade zone.

Mrs. Jones, the former Annie Jane Whitley, was born August 22, 1870. D. A. Jones was born November 15, 1889.

Cotton Ginnings for State Total 1,345,593 Bales November 14

Total Texas cotton ginnings from the 1946 crop prior to November 14 stood at 1,345,593 bales, the Department of Commerce, through Ira R. Sturdivant, informs The Times.

Ginnings for the state before November 14 compare rather closely with 1,394,902 bales ginned previous to November 14 in 1945.

According to Sturdivant, the state ginned 1,881,290 bales previous to November 14, 1944.

Cotton consumed during the month of October of this year amounted to 931,229 bales. Cotton on hand in consuming establishments on October 31 was 2,018,941 bales.

All Roddy Children Except One Home for Reunion Thursday

All home for an old fashioned Thanksgiving but the youngest son marked the reunion held last Thursday by Mr. and Mrs. J. L. Roddy.

The youngest son, John Henry Roddy of the U. S. Navy, is a chief electrician's mate. He left San Diego, California, Monday with the Byrd Antarctic Expedition.

Roddy is with a crew on the Currituck. A total of 300 government scientists are going with the expedition.

Those present for the Roddy reunion were: Mrs. F. O. Stark of San Antonio, Robert Roddy and family of Dallas, Layne Roddy and family of Ira and N. J. Fulford and family of Fluvanna, and Jack Roddy and wife of Snyder.

Mrs. Ethel Eiland is on a vacation being spent at Mineral Wells.

Observe Silver Anniversary Sunday

Open house Sunday afternoon, from 2:00 to 6:00 o'clock, will climax observances of the sixtieth wedding anniversary for D. A. Jones, left, and Mrs. D. A. Jones, right, of the Fluvanna community. The widely known

couple moved to Scurry County in 1892 in a covered wagon. They have lived in the same house in the Fluvanna community since they settled in the northwest county section, where the open house will be held.

W. W. Porter, Ex-Mitchell County Judge, Demises

W. W. Porter, 68, former Mitchell County Judge and Colorado City church and civic leader, who has attended Scurry County singings for over a quarter century, died Tuesday morning, 5:00 o'clock, after a two-month illness.

Judge Porter was an officer of the Four-County Singing Convention, composed of Scurry, Mitchell, Nolan and Howard Counties. He was a district committeeman for the Buffalo Trail Council, Boy Scouts of America, a 32nd degree Mason and Shriner, member of the WOW and the Knights-Templar.

Friends from Scurry, Mitchell, Nolan and nearby counties gathered Wednesday afternoon at 3:00 o'clock in Colorado City's First Christian Church to pay final respects to Judge Porter. Rev. J. T. McKissick, retired Abilene minister, officiated.

William Washington Porter, old-timer of Scurry County recall, came to Colorado City in 1907 as an agent for the old Wells-Fargo Express Company.

Judge Porter is survived by his widow, nine children, two brothers and two sisters. Interment, with Masonic grave rites, was in Colorado City Cemetery.

What One Apple Did. As Adam and Cain were walking by the Garden of Eden, Cain asked: "Daddy, don't you wish we lived in that fine place?" "We did once, son," answered Adam, "but your mother ate us out of house and home."

Embargo Limits Weight of Parcel Post Packages

Harvey Shuler, Snyder postmaster, directs attention of all Scurry Countians to the parcel post embargo which will become effective at 12:01 Friday.

The parcel post embargo will limit parcels to five pounds per package. Present limit is 70 pounds.

Embargo on parcel post and nation-wide embargo on railroad freight shipments, except for vital needs, and general ban on express, was proclaimed at mid-week to conserve fuel in view of the coal strike.

The nation's railroads have only a 27-day supply of coal on hand, Scurry Countians learn, based on present rate of consumption.

In declaring a general ban on freight the Interstate Commerce Commission says it is "of the opinion an emergency requiring immediate action exists in all sectors of the country."

Limitation on parcel post packages fell at the height of the Christmas mailing season in the Snyder area and elsewhere.

Exempt commodities from the general order of the ICC will include food, feed, livestock and live poultry, fuel and oils, medical supplies, newspapers and magazines.

Four classes of goods are exempt from the limitation. They are day-old poultry, seeds, plants and other nursery stock, eggs, butter and other perishable foods, medicines, drugs, surgical instruments and surgical dressings.

After 12:01 a. m. Friday Snyder and Scurry County people can send only parcel post packages not exceeding measurement of 18 inches in length and 60 inches in length and girth combined.

"Wot is you doin', chile?" "Nothin', mammy." "My, but yoh is gettin' like yoh pappy."

Washington, Dec. 2.—The Republican sweep of Congress means a lot of Texans around Capitol Hill will be out of a job January 3 or shortly thereafter.

Those affected hold so-called patronage jobs, are employees of committees of which Democrats will surrender control, or are in Speaker Sam Rayburn's office.

Also in the wake of the turnover are employees in the offices of the three Texans who voluntarily step out of the national picture at the end of the year—Representatives Hattin W. Summers of Dallas, Fritz G. Lanham of Fort Worth and Sam Russell of Stephenville.

The majority party names nearly all senate and house employees, such as police, doorkeepers and elevator operators.

Except for committee chairmen, most majority party members with a term or more seniority are allocated one or two patronage jobs each. Many of these go to ambitious young constituents who attend college on the side, taking such night courses as those offered in law or foreign service.

Many of these patronage positions are comparatively low paying jobs. At present, many of them are unfilled, due in part perhaps to the fact that some Democrats may have seen the handwriting on the wall and were reluctant to bring young men from their home districts for jobs of such uncertain duration.

Both senators and congressmen (here representatives only are called congressmen) are allowed so much money for clerk hire. A senator's allowance is based on the population of his state, since he represents the entire state he gets much more than a representative. For a state the size of Texas, the amount is about \$25,000. A representative is allowed \$9,500, which may be divided up five ways. However, the base pay of all secretaries is limited to \$5,000 annually at present. With the pay increases which are added to this on a graduated scale, the maximum actually is nearer \$7,000. The overall clerk hire allowance to the senator or representative is also boosted under the above-base pay schedule.

Most of the elevator operator and bookkeeper jobs pay around \$1,200 to \$2,000 annually.

John Holton, who hails from Sherman, works in and out of the speakers office in his position under the house parliamentarian. The parliamentarian, Lewis Deschler, holds down a technical non-partisan position which is not expected to be affected by the change in control of the house. Whether that goes for the remainder of his staff remains to be seen.

Mrs. Stella Merrill of Wichita Falls and Mae Foster Allstott of Denton work for the house election committee over which Representative Ed Gossett of Wichita Falls presides. Their jobs also go to Republican control, but Mrs. Merrill is expected to fill a prospective vacancy on Gossett's regular staff. One of his secretaries, Mrs. Ruth Pool, plans to leave and devote her time to housekeeping.

Around the Capital:

Howard Hedges of Bryan, official of the Lone Star Transport Company, was here in quest of governmental approval for his company's planes to land at the Fort Dix, New Jersey, air field. He succeeded in his mission.

One of the operations carried on by the company is to provide quick transportation home for young men being discharged from military service. Fort Dix is a big military center. While here Hedges visited with his A. & M. classmate of 1932, Representative Olin E. (Tiger) Teague of College Station.

Civil Service examinations for rural mail carriers soon will be held at Bynum and Bryan, Representative Teague announces.

Congressman Ed Gossett of Wichita Falls spent four days in Detroit with a house immigration subcommittee checking into border crossings from Canada at that point. He says between 30,000 and 40,000 persons travel daily between Detroit and Windsor. A great number commute across the border to jobs. But many illegally enter the United States there and do not return, he believes.

**Annual Roundup
For Area Scouts
Set April 24-26**

April 24, 25 and 26 have been designated as the dates for the annual Buffalo Trail Council Round-up at Big Spring, H. L. Wren, chairman of the Snyder Boy Scout District, announces.

Scurry County Scout troops are advised that dates for the annual round-up have been set this far ahead of the event in order to avoid conflicting dates with band conventions, Chamber of Commerce gatherings and other conclaves.

Snyder and county Scout troop leaders well recall how conflicting dates this year caused some confusion in the annual Boy Scout round-up.

Annual round-up of the Buffalo Trail Council is an institution 20 years old.

Plans are being formulated by Snyder District leaders and others in the council to have 1,000 Boy Scouts at the Big Spring gathering next April.

Still Lower Insurance Rate Possible for City

Water District of Area Scheduled For Organization

West Texas cities in the Colorado City River Municipal Water Association were scheduled, at last report, to file application with the State Board of Water Engineers for permission to form a water improvement district on the Upper Colorado River.

John D. McCall of Dallas, attorney for the Colorado River Municipal Water Association, said in a statement carried in The Fort Worth Star-Telegram that towns of the association have evidenced a willingness for the past month to get permission for the water improvement district.

At last report, completion of the application was awaiting only boundary field notes from Snyder.

The association is proposing to build a storage dam of 110,000 acre feet capacity five miles upstream from Colorado City, Big Spring, Midland, Odessa—and Snyder if it does not withdraw from the association. Snyder's position in the association was altered by a called City Council meeting Friday evening, at which time the council voted to have Snyder withdraw from the association.

After the application is filed, McCall says the Board of Water Engineers will need to give three weeks' notice by publication of a public hearing, after which it may declare the district organized and appoint five temporary directors.

A five-man board of temporary directors will then set a date for an election in the district to vote bonds and elect permanent directors.

The state board granted a permit for the dam on the Upper Colorado more than a month ago.

S. W. Freese of the Fort Worth engineering firm of Freese & Nichols, consultants on the project, completed a series of tests at the site and reported that core tests have shown "good foundation structures" at the proposed spillway.

The dam, it is estimated, will cost nearly \$2,500,000 and the project would involve construction of 100 miles of pipeline, for which the Texas & Pacific Railway has offered to grant free easement along its right-of-way between Colorado City and Odessa.

FIVE INJURED IN MULESHOE POST OFFICE BLAST

A recent explosion heard four and a half miles away wrecked the post office at Muleshoe. The explosion sent five persons to the hospital—including Postmaster A. J. Gardner. The explosion occurred when Gardner knelt to light a gas stove. Gas had accumulated in the building.

Ernest Taylor Earns Insurance Firm Trip

With United Fidelity Insurance Company of Dallas for the past 25 years, Ernest Taylor is one of 18 company representatives who has qualified for a 20-day company sponsored trip to Old Mexico and the Pacific Coast.

Taylor, former Snyder banker, leaves this (Thursday) afternoon on the trip. He and other company men who qualified will go by special pullman to Mexico City, where they will spend four days.

From Mexico City the group will go to the Pacific Coast. They will return by special pullman.

Taylor is being given the Mexico-Pacific Coast trip on the basis of production for this year. Only Taylor and 17 other representatives of the insurance company qualified in the contest.

Taylor will return to Snyder December 23.

Consumption of Cotton Slated to Stay Good in 1947

Every Scurry County farmer should be—and is—vitaly interested in the fact that foreseen continued demand for cotton products in 1947 has set Texas' cotton planting goal for next year at 8,460,000 acres.

This information was furnished The Times Tuesday from Texas A. & M. College, specialists of whom attended the annual agricultural outlook conference at Washington, D. C., to find out just what is in store next year for farmers of Scurry and other counties.

Consumption rate of cotton has continued high since the end of the war, and no immediate change can be foreseen, The Times is informed.

Certain factors that may tend to weaken the demand for cotton goods, as well as most all farm products, are expected to become permanent in 1947.

As home construction and production of automobiles and household appliances increase, consumer expenditures will be shifted to these goods and less money will be spent on food and clothing.

Cotton consumption in the nation for the first six months of the 1946-47 season is expected to be at approximately the same high level as it has been during the past few years—but may run at a lower rate the last half of the season.

The A. & M. College specialists report for Scurry County farmers that the 1947 loan rate is fixed at 92.5 per cent of parity as of August 1, 1947.

Clyde Bearden Home After Korean Service

In an infantry division of the U. S. Army 18 months, 15 months of which were spent in Korea, Staff Sergeant Clyde Bearden, son of Mrs. Ruby Bearden of Snyder, is home on terminal leave and will soon receive his honorable service discharge.

Clyde, who attended Snyder Schools, is 21 years of age. He says a person who has never been outside the United States can realize what a great nation we have—even with strikes and other temporary disturbances.

Autry Reviews Year's Activities In Annual Report

Annual report of N. W. Autry, chief of the Snyder Volunteer Fire Department, given last Tuesday evening at the annual fire department banquet, follows:

"In beginning, I want to thank the entire citizenship of Snyder, and especially those who contributed in any way to help keep our city safe from the demon fire that is destroying the lives and property of our nation in greater force than ever before in history.

"It is a pleasure to scan our records and find that we are way out in front from the standpoint of fire losses. We are now enjoying a 15 per cent credit on our insurance premiums for our good fire record.

"Our city fire losses have been kept to a minimum only by the assistance of the people who make up our city.

"Our losses are almost as low as could be asked for and we can soon increase our credits to 25 per cent by maintaining strict attention to the fire hazards around our homes and business places.

"We need," Chief Autry continues, "our homes, our businesses, our jobs and our lives, so it is up to the people of Snyder to see that these things are kept free from the demon of fire—by constantly being on the alert, always making sure of the many hazards which cause fire losses.

"Snyder's fire record for the year to date is very outstanding—so let's keep it that way.

"We have answered," Autry points out, "since January 1 total of 48 calls. There were three wet calls and 35 dry calls within the city limits. Answered were 10 calls outside the city. There were no false alarms turned in.

"Grass and trash led, with 14 oil stoves, seven cars, six board houses, four fires from faulty wiring, three fires from cigarettes, two cotton fires, two from escaping gas and six fires of unknown cause.

"Of the entire number of 48 within the city limits, 26 can easily be classed as carelessness, or about 60 per cent.

"In addition to the above fire calls we have answered 21 drill calls, five emergency calls; held our annual meeting and staged the department's annual chicken fry.

"We have attended two district associational meetings at Albany, besides the state association in June. We also sent a member to the State Fireman's Training School at College Station. By attending this school we are receiving a three per cent credit on our insurance."

"Losses," the chief declares, "we are charged with on our key rate are the ones which are insured losses. Let's bear in mind that we can stand approximately \$18,000 loss before we have what is known as a penalty or extra charge.

"Against this \$18,000 allowable, so to speak, we only have about \$500 loss this year to date. We have approximately \$700 non-insured loss inside our city.

"Our 10 calls outside the city limits amounted approximately to \$9,400 loss, so you may readily see the protection we have in the city compared to the country.

"I will say we have been instrumental in saving thousands of dollars worth of property that was sure to go had we not been able to go to the aid of our county citizens.

"We as a service organization are very anxious to render all the assistance possible, so don't fail to call on us in these emergencies.

"By periodical inspections around your home and business places it is very probable you will not have to have us call at your place," Chief Autry concludes.

Morgan Maule Makes Barber Shop Change

Morgan Maule, veteran Snyder barber, is now associated with the Pierce & Hamill Barber Shop on the north side of the square, J. B. Pierce, barber shop manager, stated Tuesday.

Mr. Maule, well known in this trade area, formerly was associated with Gordon's Barber Shop. He invites his friends to visit him at his new location.

J. B. Pierce, Morgan Maule and Dan Hamill now compose the barber team at the Pierce & Hamill shop.

Kathleen Norris Says:

The Misery of Being Sixteen

Bell Syndicate.—WNU Features.

"Go easy on cigarettes and alcohol, because while you may become a Hollywood star overnight, you cannot become a gentleman overnight."

By KATHLEEN NORRIS

ON MY desk this morning lies a letter from a furious little girl of 16. She sends a snapshot of herself, too; a slender bright-looking creature in a bathing-suit, with the fluffy aureole of dark hair that goes so far to make every girl pretty nowadays.

Norma's quarrel is with the universe. Though 16 years old and living in an unusually pleasant California college town, Norma has small use for life. School makes her sick; people make her sick; Mom and Dad and the family make her sick.

Poor little thing, she pours out a confused story of resentments and desires and frustrations and all the other ills that afflict our rising generation so terribly. And it isn't funny. Norma, with a sweet fresh little chintzy room of her own, lots of clothes—not expensive clothes, but lots of them, devoted parents, a younger sister, an older brother, friends, family car, health, movies, school dances, theatricals—but what's the use? Why capitulate all this? It isn't enough to keep Norma happy, so what use is it?

Hardships Give Balance.

Norma's life hasn't the saving element of hard work, necessary work. She hasn't the wholesome element of fear, fear of hunger, of dispossession, of being separated from her people, her country. If she were wearing a dress that belonged to her aunt 10 years ago, and were glad enough to get it, if she were helping her father and mother run a little roadside restaurant, and still speechless over the miracle of being able to get potatoes and tea and bread and carrots and milk enough to keep it open, if she were thanking God on his knees every night for the grace that spared her outrage from enemy troops, or physical disablement from long months of starving and cold, then Norma would look at herself with different eyes. Then realities and not enchanting dreams would possess her, and sufficient meals, warm clothes, a bed to sleep in, and a family to serve and love would seem to Norma the miracles of life, as indeed they are.

Well, we can't set our little discontented American Normas to work, we can't make life real to them, and except for an occasional gift of old sweaters or a spare coat, we can't help the Normas of China, Poland, Italy, Germany, Belgium—the Normas of more than half the world. It only irritates our girls when we point this moral. If there is anything maddening in this world, it is the gentle elderly voice that says, "Just be patient, dear. Your happy time will come, when you'll have all the things you want."

Prepare for Future.

And yet it's true. Character is fate. What Norma makes herself fit for now is what Norma will be, 10 years from now, or 20 years from now. Twenty years sounds an eternity to her. Yet, 36 is the very cream of life, and even 10 years more than 36 finds a useful and beloved woman at the very zenith of her power.

Norma, forget the story of the movie girl who was whirled overnight from the job of waitress in a drive-in to stardom. In a year or two she will be whirled back, or

BEST IS YET TO BE

Adolescence is a trying period, full of vague ambitions, frustrations, hopes and fears. Many girls, like the one whom Miss Norris tells about in this article, are unhappy although they have everything they need for contentment.

Girls in other countries, who have endured the fear and misery of war, are thankful for simple comforts and a little security. They have no hope of ever reaching the standard of living that the discontented American girl takes for granted. Miss Norris contends that a certain degree of insecurity and difficulty are wholesome elements in life. The struggle to overcome these obstacles to happiness gives meaning and purpose to life, she says.

For the middle class American girl who has so much of everything and yet is "sick of it all," Miss Norris points out a way to attain happiness in the present and to prepare for a bright future.

she will be burned by the fierce fires of Hollywood into a nervous, anxious, jealous watcher of others' success, and a fighter to maintain her own against losing odds.

Norma, make yourself beloved at home, by service, unselfishness, understanding. Watch your language, prune it of the vulgarities and catch-phrases that pass for conversation in your set. Go easy on cigarettes and alcohol, because, while you may become a Hollywood star overnight, you can't become a gentleman overnight. That takes time.

Try to be fine. Whether it's a question of too many "my gawds" in your conversation, gum chewing, crossed almost-naked legs, overmuch cheap make-up, cheap perfume, hair-dye, rotten stories, loud laughter in public—whether it's any one of these, think seriously before you adopt it as a habit. I know pretty girls, of decent families, too, who do all these things, and are proud of themselves for their daring and independence.

Worthwhile Objectives.

Suppose you hitch your wagon to some such star as this: "In 14 years, when I am 30, I would like to be a lovely and cultivated woman. I would like to speak one other language well. I would like to be happily married to a professional man and have some children. I'd like to have just one of the many comfortable American homes of which the suburbs of our big cities are filled; garden, garage, sewing-room, nursery, glassed breakfast-room. I'd like to have a country club membership and a little cabin somewhere in the mountains for holidays. And I'd like an avocation that gave me a chance for self-expression, and that brought me some money, some fame, some friends, whether it was jam making, poetry, interior decorating, book-binding."

Start today on this order. Thousands of happy American women have achieved its fulfillment. In 14 years you may do it, if you will. In 14 years not one name in the Hollywood firmament, incidentally, will have any meaning for the new generation.

Risky Big Heels

The modern girl's high heels, frilly clothes and doodads are accident hazards, warns John M. Roche, National Safety council director.

"High heels are a real peril. They cause women to lose their balance, to fall and suffer sprained ankles or broken legs. Women should wear low heels."

Rings and bracelets, he adds, cause accidents in factories and homes by catching on machinery and typewriters. So do lacy bits of clothing.

Styles in Glamor Girls Determined by Women

It's women—women moviegoers who make up 80 per cent of the audience—who create the Betty Grables, the Lana Turners and the Bergmans, so says Alfred Hitchcock, the movie director who gauges trends like Gallup measures opinions.

Hitchcock asserts women set the standards of sex appeal and that the males just fall in line.

It isn't the male wolf who keeps Turner sweating out scenes after scene in a sweater. The British-

American director swears it's the bobby-soxer, the little gals between 15 and 18 who take their boy friends along just to buy the ticket.

"It's identification, that's what it is," Hitchcock tells you. "The bobby-soxer wants to look like Grable and Turner. The older woman wants to look like Bergman."

The whole process starts with a mirror, Hitchcock goes on.

"When a woman looks in her mirror she sees what she wants to see."

More Pay Would Solve Shortage of School Teachers

Scurry County school boards, still worried about the shortage of teachers, are informed by President L. H. Hubbard of Texas State College for Women there is only one answer to the teacher shortage problem.

That is more pay. "The public in Scurry and other parts of Texas," Hubbard says, "will have to be awakened to the grave problem facing our youth. The same situation exists in all parts of the country."

"Right now the pay for teachers is so low, relatively speaking, that almost any able-bodied man can make more working in any of scores of jobs requiring little or no educational background such as that demanded in the teaching profession."

"Responsible citizens of Snyder and all other communities must realize the long-run effect this situation is going to have on the youth

Hobbs Athletic Field Vouchers Going Good

Sale of non-interest bearing \$10 bonds in the Hobbs Athletic Council is progressing at a nice clip, N. J. Guillet, Hobbs School superintendent, reported Tuesday.

Sponsored by the Hobbs Athletic Council, a total of \$2,000 worth of the bonds will be sold to make possible a modern, lighted football field for Hobbs School in western Fisher County.

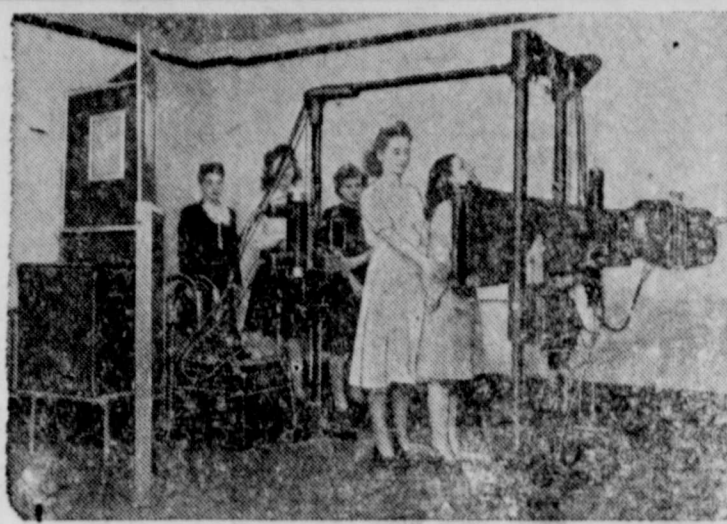

A spokesman for the athletic council says the Hobbs football field will be ready for next summer's football season.

of the country, and do something about it.

"We may need to resort to increased taxation to provide increased pay, but can anyone question whether the men and women of tomorrow are worth it?" Hubbard concludes.

Scurry County attendants at the Texas State Teachers Association meeting in Houston last Thursday through Saturday faced the same thing—what to do about the statewide teacher shortage.

Spot Cotton Advances \$5 Per Bale as Most Prices Stable, Review Reveals

Carefully gathered market information on cattle, hogs, sheep and lambs, grain, cotton, turkeys and peanuts, as prepared for The Times by the Production and Marketing Administration, follows:

Thanksgiving found plenty of turkeys at Southwest markets, but the demand was slow and prices weak. Young toms brought mostly 23 to 25 cents per pound and young hens 34 to 37 cents. Demand for chickens was brisk. Heavy hens held

steadily at 22 to 25 cents per pound and fryers at 37 to 40 cents.

Egg prices strengthened as fresh supplies were too small to meet the increased holiday demand last week. Current receipts ranged from 45 to 50 cents per dozen, depending on market locale.

Light cattle receipts accounted for the active trading at most Southwest markets. Prices were steady to stronger under the pressure of improved demand. Small offerings of medium and good slaughter steers brought \$17.50 to \$21 per 100 at Wichita and \$18.75 to \$24.50 at Denver. Medium and good steers and yearlings ranged from \$15 to \$18.50 at Oklahoma City. Good slaughter steers and yearlings realized \$20 to \$25 at Fort Worth while cutler and common light weight yearlings and steers brought \$9.50 to \$11 at San Antonio.

Keen competition for small hog receipts carried prices higher at most markets last week. Top price for good and choice butchers was \$25 to \$25.25 per 100 pounds at Fort Worth, Oklahoma City and Denver. Sheep and lamb prices were steady to strong at most Southwest markets last week. Medium and good lambs with No. 1 and 2 pelts brought \$17 to \$17.75 per 100 pounds at San Antonio. Medium and good fat lambs realized \$17.50 to \$21 at Fort Worth and \$20.25 to \$22.25 at Wichita.

Farmers' stock peanuts sold mostly at the CCC support level last week, and rice moved quickly under urgent demand at maximum OPA ceilings.

Grain markets were unsettled at the week's close due to the uncertainty of the effect the coal strike will have on transportation and industry. Wheat held about steady, sorghums lost sharply and oats, barley and corn slipped some after the holiday.

Spot cotton prices advanced about \$5 per bale last week as demand from all sources improved. Southwest offerings, though small, were larger than the week before, and insufficient to meet the demand.

Bad weather hindered movement of Texas vegetables and citrus last week. Good demand for peppers held prices firm, but dull demand for tomatoes caused prices to weaken. Moderate onion and potato offerings from Colorado shipping points moved slowly at steady to lower prices. Sweet potatoes remained strong at both shipping points and consumer markets.

I. H. Waltons in Pleasant Family Reunion Sunday

A family reunion, the first held in several years, was staged Sunday in the home of Mr. and Mrs. I. H. Walton, who live two miles southeast of Snyder.

Preceding an old fashioned dinner at noon, the family attended church services. After dinner, pictures were taken, an informal sing-song was held and memorial services conducted for Lieutenant Grady Walton, who gave his life for his country in World War II.

The entire group voted Sunday afternoon to hold another reunion on July 4, 1948, at Mason.

Those celebrating the happy reunion Sunday included: Rankin, Natalie and Laban, at home with their parents; Mr. and Mrs. Worley Early and children, Tracy Bill and Gaston; Mr. and Mrs. Lloyd Merritt and children, Vivian, Douglas, Jeanette and Weldon; Mr. and Mrs. Riley Floyd and children, Shirley and Betty Jo; Mr. and Mrs. Virgil Walton, Foch Walton and Raymond Loy, all of Snyder; Rev. and Mrs. Clarence Walton of Lytle; Mr. and Mrs. Ray Hudson and children, Bobby, Harold and Betty, of Mason; Mr. and Mrs. Raymond Addison of Plains; Harvey Walton of Lampasas; Mr. and Mrs. R. C. Walton and two sons, Wayland and Dale, of Snyder.

Cotton Picture Black In Santa Fe Region

"Cotton picture in the Snyder trade zone served by the Santa Fe Railway Company still remains dark," December 1 agricultural condition report of the Santa Fe states, "without about five per cent of the crop still in the fields."

"Much of the acreage will be plowed under to eradicate weevils and other insects. Another 50,000 bales was lopped off in October and production is now estimated at 1,700,000 bales for the state."

"Nearly all winter wheat has been sowed and estimates of acreage increase over last year range from five to 10 per cent."

"There is an abundance of moisture," the report concludes, "subsoil being well soaked and the outlook is exceptionally bright."

TO MAKE MEAL PREPARATION

Easier

-LOOK TO YOUR LIGHTING!

You can add color and sparkle to your kitchen... save time and steps... with better lighting. Try a larger bulb in the ceiling fixture. You'll be agreeably surprised how better illumination can help you finish daily tasks more quickly... bring new cooking convenience... make seeing easier.

* Most kitchen lighting units are designed to use a 150-watt bulb. Also, see that the glass bowl is cleaned frequently, so you'll get ALL the light you need for easier meal preparation.

Stupid Natives

Father (to son returned from overseas)—Did you have any trouble with your French in Paris?
Son—No, I didn't, but the French people did.

Sales Talk

Clerk—Now that your opening sale has closed, what happens next?
Owner—Our closing sale opens.

Trip's O.K.

Slim—Do you mind going to the dentist?
Jim—No, the only thing that bothers me is when I get there.

Distance Lends Enchantment

Barber—Shall I cut your hair close?
Customer—No. Stand off as far as possible.

Uncertain Signal

A recently discharged G.I. was one of a trio painting a house in Rochester, where a toy Manchester terrier held forth.

Marine Has Landed

Mutiny broke out on a small Pacific island and the king appealed to the United States for help in restoring order. Within a few days, he encountered a single United States marine in full battle dress, and demanded: "Where are the marines to stop the rebellion?"

Humble Ambition

First tramp—What would you do if you won the first prize in the big Sweepstakes?
Second tramp—I'd have the par benches upholstered.

A Close One

Then there's the one about the absent-minded professor who looked at his hairbrush and remarked: "Hm, guess I do need a shave."

Slow to Learn

Police Judge—Well, Sam, about your son stealing those chickens, I've decided to let him off this time, but why don't you show him the right way?
Sam—Ah done tried hard, Judge, but he goes and gets himself caught anyhow.

Marine Has Landed

Mutiny broke out on a small Pacific island and the king appealed to the United States for help in restoring order. Within a few days, he encountered a single United States marine in full battle dress, and demanded: "Where are the marines to stop the rebellion?"

Only one marine!

"Only one marine!" exclaimed the king in dismay.
"Well, there ain't but one rebellion is there?"

NEEDLEWORK PATTERNS

Cable Knit Socks for School
Gay Animal Head Potholders

Woolen Socks
THAT active high school crowd needs lots of socks—why not make up some woolen ones in white, navy blue, maroon, brown or gray. They're easy to knit and go quickly. The socks illustrated have a cable stitch cuff for trimming.

To obtain complete knitting instructions for the Cable Knit Socks (Pattern No. 5085) sizes small, medium and large included, send 20 cents in coin, your name, address and pattern number.

Gay Potholders
USE colorful scraps of left-over materials to make these little animal head potholders. Embroider with bits of floss you've some ideal gifts for day giving, church bazaars, prizes—and for your own kit. Actual size is given on the pattern chart.

To obtain three Animal Potholders (Pattern No. 5280) actual size, including color chart, send 20 cents in coin, your name, address and pattern number.

Household Hints
A vacuum coffee-maker filter is excellent for straining baby's formula or orange juice.

Keep up to date a record of your children's diseases. These will be handy for reference when they are ready to go to school.

When you sink a fence post, coat the end that goes into the earth with a good grade of roof paint.

One of the ways to keep silverware bright and shiny is to line the drawer in which it is kept with dark outing flannel.

Have you tried serving raw sliced apples with cheese for dessert? The different textures and flavors of the apples and cheese afford a very refreshing taste.

The spread of a crack in glass can be stopped by scratching an arc at the end of the break.

Flaming Grease
If grease in a frying pan should catch fire, use a handful of salt or baking soda to extinguish it; water spreads the flame.

Snails Near-Sighted
Snails are nearsighted and cannot see beyond a few inches. Experiments indicate that snails see better in dim light.

Museum Visitors
Before the war 50 million Americans a year visited museums; 25 million were registered borrowers at public libraries.

Freezing Pies
Fruit pies give the best results in freezing. Custard pies should never be frozen.

School Attendance Up
During the past 50 years, says a 20th Century Fund report, school attendance has more than doubled.

Rural Traffic Busy
Studies show that 63.6 per cent of all rural traffic is for business purposes.

Heart-Shaped Pupils
Pupils of the eyes of the Bombina, or fire-bellied toad, are shaped like hearts when contracted.

Hog Fat
The average American hog renders 30 pounds of lard.

Cooking Frozen Fruits
Frozen fruits can be cooked as they come out of the lot, thawed just enough so that they spread.

Horses and Mules
In World War I there were million horses and mules in the U. S. In 1940 there were 14½ million compared with 11½ million today.

Insects Short-Sighted
It is believed that the best eye possessed by insects cannot perceive objects clearly at a distance of more than six feet.

Iron on Wrong Side
Nylon fabrics make a better appearance when ironed on the wrong side while slightly damp. Always use a warm—not hot—iron.

Beaver Mating
Beavers ordinarily mate in the winter and the young are born in the spring.

Vegetable Flavor
Most vegetables retain their original flavor better in storage than when kept in any other way.

Pollie Cycles
Experience has shown that the polio recurs in cycles of from four to six years.

Milk Quality
Milk quality is a term used to mean fine-quality milk.

"COLD BUG" GOT HIM DOWN?
TIGHT, SORE CHEST MUSCLES ARE MY SPECIALTY!
Poor little chest muscles so tight they feel "squeezed"... so sore from hard coughing it hurts him to breathe? Quick, Mentholatum. Rub it on chest, back, neck. Its warm, gently stimulating action helps lessen congestion without irritating child's delicate normal skin. At same time comforting vapors lessen coughing spasms.

Christmas at Home

With only 16 more shopping days left until Christmas after today (Thursday), Scurry County people owe it to themselves and their neighbors to make this a buy-it-at-home Yuletide.

Our Snyder merchants not only have a wide selection of gifts, Christmas toys and games as one will find in larger cities, but every dollar we spend for Christmas at home helps to make a better Snyder and Scurry County.

In your last-minute shopping for the first peace-time Christmas since 1941, you will find numerous gifts and wearing apparel available right here in Snyder. You will find Snyder merchants, grocers and in fact all store operators more than happy to help you with your Yuletide shopping.

If your gifts cannot be bought in Snyder, they are not worth buying anyhow, for our local business men have combed the markets of the nation to make this Christmas the happy, family type affair we have been praying for during the bitter, unrelenting years of warfare. Buy your gifts at home for the Yuletide you can treasure all through 1947!

Our Valiant Tigers

With the 1946 football season over for Snyder's valiant Tigers, sports fans agreed this week that the clean sportsmanship, grit and determination of squad members has put the Tigers at the top rung of the district ladder in "how the games were played" this year.

Coach Tommy Beene and the Snyder Athletic Council deserve a hearty vote of thanks for the brilliant record marked up by the Tigers.

Coach Beene and his boys have proven by their playing against heavy odds and opposing squads composed mainly of left-over men from last year that the Tigers can not only take it but can stay in there and keep scrapping until the last quarter ends.

We're not fortunate enough to have dozens of overgrown, noglegger, buttermilk stuffed giants on the Tiger squad. But the boys do have more than make up for the "beef" type of football player, who is often supposed to weigh at least 280 pounds and stand at least six feet four inches tall before he can come out for regular squad practice.

Women Back to Work

Take it from no less authority than the Texas Unemployment Compensation Commission, the rising cost of living over the state is forcing women back to work.

Women war workers, for example, who gradually retired from the labor market after the peak in war work was passed are now reported to be re-entering the labor force at a steadily increasing rate—in fact, have been since last July.

Time was, of course, when people didn't relish the idea of women working too much in public—when school teaching, doctor's receptionists and secretaries constituted the female employment profession—but our needs have changed so vastly during the past 20 years the idea of women at work is frequently a happy and encouraging sight to both management and labor.

There is the suggestion that women at work exert a demoralizing effect on home life; but home life, as interpreted now, has such a transitory meaning it would indeed be difficult to correctly define. The fact remains employment in Texas is at such a level we need women workers by the thousands. Possibly some of the strongest objections to women working are raised by men who find that women turn out better work and become more efficient associates in business and in professional life.

Editorial of the Week

A WORTHY CAUSE

The fortieth annual Christmas seal sale opened Monday and will continue until December 25. Funds raised through the sale of seals will be used to support the tuberculosis control program of the 2,900 associations affiliated with the National Tuberculosis Association.

These voluntary associations are located in every state, the District of Columbia and U. S. territories and are carrying programs planned to meet the specific needs in their area.

Of the money raised in the 1946 seal sale, 95 per cent will be spent in the state where it was contributed and five per cent will be sent to the National Association to support the services which preformed on a nation-wide basis to further the campaign against the disease.

Hockley County has a very active organization which does a wonderful job in the support of the Christmas seal sale campaign. Many local women give freely of their time to put over this project. They are to be commended for this fine work and deserve the support of every organization and individual in this worthy cause. Let's all do our part in this campaign and again help secure Hockley County's share in this program.—The Sun-News, Levelland.

By LEON GUINN

You can look for the Senate Banking Committee also to roll into high gear one of these days and under a Republican inspired "toe-hold" investigate a number of war-time projects and numerous corporation activities. . . . Even the RFC established by Herbert Hoover will have to fight for its life. . . . Charter for the RFC expires next June 30, and the agency will have to ask for an extension of powers and lending authority. . . . You can safely say that most war-time controls on business and industry will follow price controls into discard before the first of January.

According to latest information from Washington the Democratic reciprocal trade treaty, which has as a worthy goal the reduction of tariffs next year, will be pursued by the State Department in spite of the Republican election victory. . . . There will be, as people are already guessing, a lot of pressure on the Republican Congress to take back the tariff-making power and restore the high protective wall—conveniently so if American industry runs into a prolonged recession. . . . If we cut loose from reciprocal trade treaties it would knock all props out from under the International Trade Organization.

Every farmer in Scurry and other counties of the nation should begin writing his congressman and representative now because after January 3 one may look for announcement at any time that farm price policies will be thoroughly re-examined by the new Congress. . . . Lest one forgets, the popularly termed Steagall amendment, which puts a floor under prices at 90 per cent of parity for two years after the war, may be revised to tie this support to acreage control. . . . Agriculture officials are in effect badly bending if not breaking already, the law by limiting potato acreage. . . . The Department of Agriculture would really appreciate a clear-cut authority to limit other crops besides potatoes.

Although admitting costly mistakes after they are made seldom accomplishes very much, the Allied Military Government must admit that at this very hour, when thousands of Germans can only look forward to starvation, that we failed by a lot of jugs to win the peace—a peace that the late Franklin D. Roosevelt warned us so candidly we must salvage out of this troubled world. . . . We failed miserably to win the peace when the Allied Nations allowed the Russians to strip their zone of occupation of all German industries and took thousands of skilled technicians to Soviet Russia.

Now the German people have no means of livelihood in many sectors of their nation, and whatever may be done thousands will die before another harvest rolls around. . . . Starvation zones are already cropping up in Germany, and before spring the nations occupying the country can look for almost anything to happen. . . . Starving people get to a point where sometimes they have no reason, and reports are leaking out of gangs breaking into homes to steal food and leave jewels and precious stones untouched. . . . The burden for saving the allied occupied zones in Germany from mass starvation will fall on the United States, and before many months we may have an international need to fill that will transcend national policies from every angle.

Every red-blooded American who has the future of our people at heart should be sure that we have an adequate guarantee—a surety bond for the future—in demanding that we turn out enough doctors and psychiatrists to deal with an increasing number of war casualties. . . . You can take it from no less authority than General Elliott Cooke, who visited front-line hospitals all through the war, that the service man's problems in military life will be our responsibility and entirely up to our stewardship all through the years of peace ahead.

There were thousands of soldier patients, as Scurry County vets can corroborate, who did not look sick—patients who had violent pains with no organic cause. . . . There were the hypochondriacs who feared death and disease and a varied assortment of anxiety types. . . . Whatever the cause, the ward doctor always had more than enough to unbalance even his own mind. . . . Now that we've won the combat phase of the war, we have a more costly, but more valuable, phase to win in dealing successfully with the mental ills of those who came back. . . . Psychiatrists said—but we wouldn't listen because our need for soldiers was so great—that as many as 25 per cent of the inductees were doubtful risks, and now that we have sown the whirlwind we must reap a crop of mental patients that will require money, time and decades to care for. . . . We will learn in more ways than one that this proved the worst, most terrifying war in the world's history.

Plans for Council Boy Scout Camp To Be Given Soon

Setting of dates for the annual Buffalo Trail Council round-up, formulation of plans for a \$100,000 Boy Scout camp and reports on the Boy Scout membership campaign underway marked the high points of the Buffalo Trail Council executive meeting, staged last Tuesday at Midland.

So reports H. L. Wren, Snyder District chairman, James K. Polk, field executive, and Sam Williams, who attended the conclave.

As carried elsewhere in this week's Times, annual round-up will be held at Big Spring next April 24, 25 and 26. Attendance is slated to reach the 1,000 mark.

Membership drive underway in the Snyder District and in other units of the council is reported to be progressing at an encouraging clip.

Additional details of a proposed \$100,000 permanent Boy Scout camp near Balmorhea are expected to be announced in the near future, the three Snyder attendants at the Midland gathering report.

The only use for a time table today is to tell how late the trains are.

J. O. Morrison Jr., in Tokyo, Getting Times

Now in Tokyo, Japan, with a hospital post office, Technician Fifth Grade J. O. Morrison Jr., son of Mr. and Mrs. J. O. Morrison Sr. of Snyder, writes that he is getting The Times regularly now.

Young Morrison, who attended Snyder Schools, is a former Snyder post office employee. He said he recently saw another Scurry County boy, Berry Lee Moreland.

Ready for a Lesson.

Late Parent—"I'll teach you to make love to my daughter!"

Gob—"I wish you would, old boy, I'm not making much progress."

Woman (to department store manager over phone)—"I simply had to tell you how much I like that hat I bought last week."

Manager—"That's fine, lady, but why call me at 2:00 a. m. to tell me?"

Woman—"Because your truck just delivered it!"
