

Good Vote Seen in Saturday's Polling

An informal survey Wednesday over the trade zone reveals considerable interest in being shown by the Scurry County voters in Saturday's special election.

Scurry County has a voting strength of 2,960 ballots. Snyder and Scurry County citizens will ballot Saturday on Senate Joint Resolution No. 4, which is a proposed amendment to the constitution of the State of Texas which would allocate five cents of the constitutionally authorized seven-cent ad valorem tax voted in years gone by for the state's Confederate veterans, their widows, to other uses—specifically a "transfer" finance through bond issues a building program for state supported colleges other than the University of Texas and Texas A. & M. College.

Although this is a off-year, insofar as elections are concerned, all county citizens are urged to turn out at the polls Saturday and ballot their sentiments on the proposed measure.

"We hope," F. C. Hairston, county judge, stated Wednesday, "that Scurry County will surprise this area and turn out a record vote Saturday."

Election officials, for Saturday's special election, as released by the Scurry County Commissioners Court, follow:

Precinct No. 1—Northeast Snyder, Sidney Galyean, Giles Bowers, Little Westbrook, J. W. Haney and Carl Voss.

Precinct No. 2—Cottonwood Flat, Jasper Galyean, Giles Bowers, Little Westbrook, J. W. Haney and Carl Voss.

Precinct No. 3—Ennis Creek, Clarence Wade and Frank Wilson.

Precinct No. 4—Dermott, Welch Scrivner and Alton Greenfield.

Precinct No. 5—Fluvanna, Cullen Toombs, Will Noel, Charley Bley and Mrs. Wallace Jones.

Precinct No. 6—Turner, C. W. Head and Ab Williamson.

Precinct No. 7—Beot, T. J. Sterling.

Precinct No. 8—China Grove, Frank White and Frank Wilson.

Precinct No. 9—Ira, Dick Hardee, Duke Murphy, Perry Echols and J. H. Jordan.

Precinct No. 10—Bethel, S. G. Lunsford and Jack Wright.

Precinct No. 11—Dunn, Ollie Richardson and J. W. Byrd.

Precinct No. 12—Lone Wolf, A. J. Kuss.

Precinct No. 13—Pyron, J. M. Glass, Herbert Zinke, Frank Andrews and Roy Hallman.

Precinct No. 14—Hermleigh, H. C. Campbell, A. D. McMillan, David Ammons and J. O. Leach.

Precinct No. 15—Camp Springs—J. O. Guinn and M. W. Bavecute.

Precinct No. 16—Caayan, Jim Sterling.

Precinct No. 17—Lloyd Mountain, Sam Cross and W. D. Sims.

Precinct No. 18—Arah, Richard Parks.

Precinct No. 19—Northwest Snyder, Jack Patrick, Mrs. Georgia Martin, Ray Huckabee and Mrs. Ethel York.

Precinct No. 20—County Line, Buck Dunn.

Precinct No. 21—Southeast Snyder, H. P. Winter, E. A. Black and W. L. Haley.

Precinct No. 22—Southwest Snyder, M. W. Clark, J. W. W. Patterson and Elmer Taylor.

Precinct No. 23—Crowder, J. T. Biggs and H. P. Fenton.

No Decision on Store Closing on Labor Day

Matter of Snyder business firms put the town under lock and key Monday, September 1, which will be Labor Day, remained at a point of indecision Wednesday.

In a city-wide telephone poll conducted by the Chamber of Commerce 20 firms said they definitely would not close, 28 revealed plans to close up and 135 firms said they would be happy to close if the rest will.

Opinion among Snyder business firms is expected to crystallize by next week as to whether the city, in this year of peace, will close shop for a fitting observance of Labor Day.

WHO'S NEW

Born Sunday morning, 3:15 o'clock, in a local hospital to Mr. and Mrs. W. F. (Jack) Clark, a baby girl, Paula Lennell. The young lady weighed in at seven pounds.

Polio Contagious

Take it from the U. S. Public Health Service, poliomyelitis is a disease that will bear very close watching. A high ranking official of the U. S. Public Health Service, Bethesda, Maryland, has this to say to a Times reporter relative to polio: "There is abundant evidence poliomyelitis is a communicable disease. The difficulty of tracing the contacts is due to the fact that perhaps the most infectious stage is before the onset of symptoms and because there are so many carriers of the virus who show no symptoms at all."

Snyder Country Club Guest House Near Completion

Nearing completion, members are happy to learn, is the Snyder Country Club house just northwest of town which will provide ample facilities for meetings, banquets and other gatherings.

Workers are busy with the club units, obtained from Camp Berkeley, Abilene, to place the club house in a L-shape facing the country club swimming pool.

Elmer Taylor, Snyder Country Club president, says the completed edifice will be 43 by 108 feet.

One of the nicest features out at the country club will be a 60-foot screened-in porch, also facing the swimming pool.

Large lockers are being installed and rest rooms for both men and women will be finished by next week.

Facilities are being installed at the club building where meals can be served for special occasions.

Snyder Country Club officials report authorized membership has been increased from 75 to 100 active members.

Snyder Polio Victims Brought Back Home

Brought back Saturday afternoon from Hendrick Memorial Hospital, Abilene, Snyder's two polio victims, Joan and Betty Morgan, were convalescing nicely at mid week.

Joan and Betty, daughters of Mr. and Mrs. J. C. Morgan of Southwest Snyder, became ill some time back. Their illness was definitely diagnosed as poliomyelitis.

"It's certainly a miracle how the doctors and nurses of the Snyder hospital and the hospital at Abilene pulled our two girls through," Mrs. J. C. Morgan informs a Times reporter.

"It may be sometime before Joan can walk plainly, but we are thankful they are able to be home. The Snyder VFW Post, Snyder business men and others helped us in so many ways we want to publicly thank everyone for all they've done for the girls and us," Mrs. Morgan stated.

McLaughlin Stakes New Clear Fork Test

C. T. McLaughlin, Scurry County oil operator, this week announces location for a new operation in the Coleman Ranch Clear Fork pool of Northwestern Mitchell County as the No. 3 Coleman Ranch.

McLaughlin's test has been staked 230 feet from the south and 990 feet from the west lines of the south half of the northeast quarter of Section 70, Block 97, Houston & Texas Central Railroad Company Survey.

City Water Pumping 1,000,000 Gallons Day

City of Snyder is now pumping approximately 1,000,000 gallons of water daily to supply the needs of Snyder people, a check this week with the city reveals.

Carl Keller is in charge of the vital business of keeping Snyder wells operating and the town's water-works system functioning smoothly "around the clock."

While no exact figures were available at mid week, volume of water being pumped daily is said by officials to be considerably more than water put daily into city mains last August.

Snyder people have ample water supplies this summer to water lawns, gardens and flower beds. Last summer, because of a broken pump for which no repairs were obtainable, water supplies had to be used conservatively during the peak summer months.

AWARD for Miguel Aleman Jr., left, son of Mexico's president, is the U. S. Boy Scout "Order of the Arrow," made at a ceremony in Mexico City during a visit by Boy Scouts from San Antonio.

Coach Tells Lions Football Prospect Looks Promising

"The new football season is rapidly approaching," Tommy Beene, Snyder Schools football coach, told the Snyder Lions Club members at their Tuesday noon luncheon in the Manhattan Hotel, "and in every community football is a fine thing; it reflects sportsmanship, cooperation and community spirit."

Coach Beene reported calisthenics and "warm-up" training of the squad candidates will be ready for strenuous and formal football practice to get underway September 1.

September 1, Beene continued, squad members will be issued uniforms and have four hours of work-outs each day.

Transportation for Tigers at conclusion of afternoon work-out periods yet a problem, Beene declared. Most of the schools have made plans to take the football boys home after work-outs under a program similar to that Snyder Lions Club had last year.

Beene announced the Snyder Rotary Club wants to share the transportation plan this year in getting squad men home. He expects between 50 and 60 for regular work-out periods.

The Tiger football coach stressed the fact Snyder facilities need much improving this year.

L. H. Bradley of Hereford was the Tuesday's Lions Club guest.

No Rains Come, Mercury Stays in "Cool" 90 Level

Temperatures from last Thursday through Wednesday registered highs that were consistently in the 90's, Mrs. Foy Wade, weather reporter for the government, states.

Mrs. Wade's report on July and August rainfall, to date, reveals the rain man kept Scurry County on the light side of the ledger.

July's total precipitation stood at .61 of an inch, and Mrs. Wade measured .07 of an inch rain here Sunday night.

Temperature maximum and minimum from last Thursday through Wednesday of this week, as furnished The Times by Mrs. Wade, follow:

Table with 2 columns: Date, Max. Min. Rows for August 14, 15, 16, 17, 18, 19, 20.

Rain Man's tally card: July, .61 of an inch, and August (to date), .07 of an inch recorded for Snyder Sunday night.

Fluvanna Church of Christ Revival Slated

People of Northwest Scurry County are invited to attend the revival meeting of the Fluvanna Church of Christ, which will begin Sunday morning at the 11:00 o'clock hour.

Evangelist Roy E. Howell of McKinney will conduct preaching services of the week-long revival, which will run through Sunday, August 31.

Cotton Begins to Suffer As Rains Still Pass Area

VFW Boys and Ira Girls Softball League Winners

In the type of game Wednesday evening that had spectators on their feet several times at Tiger Stadium, Ira girls defeated the Hermleigh girls, 22 to 4, to "salt down" the loving cup in the girls' softball division.

Snyder VFW boys, loving cup winners for the boys' division, ran into unexpected surprises when they tangled with the Von Roeder boys of Murphy in an exhibition game.

In what attendants said was the outstanding softball game ever played on Tiger Stadium, the Von Roeder team trounced the Snyder VFW team to the tune of 7 to 1.

Competition was clean and plenty clean in Scurry County Softball League games Monday and Tuesday nights—with Hermleigh and Ira girls left to decide winner of the girls' bracket Wednesday evening.

In a spirited softball game Tuesday evening at Tiger Stadium that was declared "toes" by veteran baseball fans, boys' division, the Snyder Veterans of Foreign Wars team defeated the Hermleigh Cards by the score of 7 to 4.

Boys' game Tuesday evening between the VFW aggregation and Hermleigh followed an intriguing game Monday evening at Tiger Stadium in which the VFW nosed out Hermleigh 13 to 9.

Before they reached the final bracket the Hermleigh girls eliminated the Snyder Will Layne American Legion Post girls by an exciting tally of 8 to 6.

Sidelight to Wednesday evening's final game and award of trophies by Director Beene was a boys' game between the Snyder VFW and Von Roeder.

Truman Would Win If Election Held Soon

President Harry Truman would be elected by a landslide if a national presidential election were held 30 days from now, Congressman Albert Thomas informs Scurry County's 12,900 people in a release upon his return to Houston.

"In this world of hunger, sorrow and grief a man who guesses beyond 90 days is entirely too brave," Congressman Thomas says.

Thomas is back from an inspection tour of the Oak Ridge, Tennessee, atomic bomb plant. He is a member of the House Appropriations Committee, which has appropriated \$500,000,000 for the plant.

Tigers Turn Out

Coach Tommy Beene needs more boys out for "warm-up" calisthenics each afternoon at Tiger Stadium.

Total of 57 boys were out Monday for initial practice session of the Tigers, but Coach Beene needs an additional group of boys from 13 to 17 years of age—especially more support of boys who completed grade school last year and who are going into high school this year.

The Tigers are expecting between 50 to 60 boys out for regular football practice, which will get underway September 1, but all prospective squad men need the benefit of muscle toughening exercises that were well underway Wednesday afternoon.

Things Quieter Around Capitol, But Texans Linger in Washington

Washington, August 19.—Things are quieter here on Capitol Hill now that Congress has adjourned, but there's seldom a period when no Texas members are in town.

With 23 members in the state's delegation, including the two senators, someone is always coming and going.

Panhandle Congressman Gene Worley and Representative Omar Burleson of the Abilene district, both Naval reservists, stayed after adjournment to report to Norfolk, Va., August 17 for two weeks of active sea duty. They expect to be back in town briefly when their tour of duty ends, then leave for home.

On August 27 Representative George Mahon of Lubbock sails from New York as a member of a special committee to check on the foreign relief program. He expects to stop here for a few days en route to Texas on his return from Europe.

Senator Tom Connally remained in the capitol for a week after adjournment before leaving for Rio de Janeiro and will return here in mid-September before going to Texas. Connally is a delegate to the Inter-American Defense conference in Rio.

Late in September or early October the House Agriculture committee will open hearings on questions of vital concern to farmers such as whether the government shall continue to support farm purchase programs, Repeals, Bob Poage of Waco and Worley of Shamrock are members of this committee. The group will follow up hearings here with sessions in important agricultural cities, including Temple, Texas.

Representative Wingate Lucas of Fort Worth is on a House Labor subcommittee which is to check into various union regulations and policies in major cities to determine whether they are retarding home building and general construction.

Incidentally, the two men will be new to the Texas delegation when Congress reconvenes next January likely will pay an advance visit here this fall. They will succeed Ewing Thomson of El Paso and the late Representative J. J. Mansfield of the Galveston district.

Newcomers to Congress find it to their advantage to come up ahead of time, to get their bearings and talk with leaders who may happen to be in town. Conversations under such circumstances, when it's relatively quiet, are much more satisfactory, in the hubbub which attends the opening of a new session, a party leader hasn't much time to devote to such matters.

Premium Money For First Bale to Be Raised Friday

Sparked by the Scurry County Chamber of Commerce, a group of 11 Snyder business men will canvass the town's business district Friday for premium money for the first bale of cotton.

With continuance of hot, dry weather, initial bale of cotton produced in Scurry County could roll into town almost any time.

Not only will money be solicited as a premium for the first bale of cotton, but merchants will be asked to contribute merchandise in the worthy civic drive.

Cotton bale premium workers Friday, as announced by the Chamber of Commerce, will be: A. W. (Addie) Arnold, Sam Williams, H. L. Wren, Lyle Deffebach, H. F. Clark, J. E. Blakey, Horace Williamson, M. H. Roe, P. A. Keaton, Don Robinson and N. W. Autry.

Good Results Feature Lynch-Led Revival

Marked spiritual benefits are reported for the Snyder Church of Christ revival meeting, which drew to a close Sunday evening.

Following the Snyder revival, Evangelist Mardell Lynch returned to Sweetwater. He will open a revival Friday evening at the Roby Church of Christ.

Sweetwater Gas Man Talks to Rotary Club

"General Club Operations" will constitute the subject J. D. Holbrook, Sweetwater Lone Star Gas Company manager, will speak on today (Thursday) noon at the weekly luncheon of the Snyder Rotary Club.

Mr. Holbrook's address will be in the form of an educational lecture on Rotary activities in general.

Snyder Rotary Club, officials report, meets each Thursday noon, at 12:10 o'clock, at the Manhattan Hotel Dining Room.

Damage by Pests Fades; Area Feed Crop Being Cut

Speaking from an over-all standpoint, Scurry County's thousands of acres of cotton continued to go "down hill" this week, as rains said "to be ordered for this area were "delayed en route" by the weather man.

It was unsafe, in fact, at mid week to venture a guess as to how much cotton Scurry County will harvest for the 1947 season.

Flea hoppers, agricultural officials said, can now be disregarded as a crop menace. Considerable dusting has been in progress over the past six weeks for flea hoppers; but the more critical specter of dry weather paled flea hoppers infestation into secondary interest.

Examination of July and August rainfall for Scurry County proves indeed disappointing.

Total July rainfall was only .61 of an inch, Mrs. Foy Wade reports. Last rain received in July was on July 23, when Snyder gauged only .19 of an inch.

Hot, sunshiny days of August have been marked by only one rain—of an inch precipitation marked up by Mrs. Wade Sunday night.

Sunday night rain was indeed spotted. Southwest received almost a half inch of moisture of town, marked up something like an inch fall.

No rain was reported at Hermleigh, Camp Springs or Midway. Ira and Dunn received only a few "drops" enough to know it could sprinkle.

A total of July and August rainfall, to date, makes only .68 of an inch and much more roughness is being saved this week for utilization next winter.

Combine maize is beginning to roll in. Continued hot, dry weather is turning the combine maize golden in a space of a very few days.

County gins are now being overhauled and "tuned up" and will be ready to start ginning operations on brief notice.

Fields destined to be seeded to small grain for winter are being broke and put in first class shape for seeding operations. Indications point to more than 10,000 acres seeded in Scurry County to wheat, barley and oats for 1948 harvestings.

Turnip planting time is at hand, many are planting blackeye peas, many are planting blue eyed peas, pinto beans and okra for fall consumption.

Mooring Going Down In New Perry Store

Workmen are well underway this week with flooring work for the new Perry Brothers Variety Store that will arise on the square's north side where the variety store burned last August.

Debris and fire-damaged building brick and other material were removed from the Perry Brothers site over the week-end.

A spokesman for Perry Brothers reveals the new variety store, 60 x 134 feet in size, will when completed be one of the modern stores of its type in West Texas.

Dr. Cockrell Named City Health Officer

In a called meeting last Thursday evening of the Snyder City Council Dr. C. R. Cockrell was named city health officer for the City of Snyder.

Dr. Cockrell, head surgeon at the Snyder General Hospital, came here five years ago from Baird, where he was head of the Callahan County Hospital.

Colorado City Rodeo Boosters Due Friday

Boosting the twelfth annual Colorado City Frontier Roundup September 3-6, a group of Colorado City boosters will arrive here Friday afternoon, 3:45 o'clock, to present a brief program.

So reports L. A. Chapman, Colorado City Chamber of Commerce manager and secretary of the Colorado City Frontier Roundup.

Prior to arriving here, members of the group will visit cities en route from Colorado City to Midland and swing by Lamesa.

Seats from Rodeo to Be Used at Stadium

Approximately 750 seats of the Scurry County Rodeo Association will be used again this season at Tiger Stadium, a spokesman for the Snyder Tigers stated Tuesday.

The rodeo association will furnish the paint, and men of Snyder Lions Club will likely paint the seats in a few days. Indication at mid-week that the needed seats will probably be erected at Tiger Stadium this Friday.

ALMANAC

20—U.S. became member of the International labor organization, 1934.

21—Lincoln-Douglas debates started, 1858.

THIS COVERED WAGON rolls right along. Mr. and Mrs. John Light are shown at Spokane, Washington, with the mule-drawn covered wagon which for the second time in little more than a year will carry them more than 2,000 miles between Washington state and Texas. The Lights came to Dayton, Washington, from Corpus Christi a year ago to settle, but found the weather did not agree with Mr. Light. Now they are en route back, with the wres meet at Spokane. The trip will require several weeks, the Lights declare.

# The WOMAN'S Page

## Mrs. Beaver Hosts El Catorce Club

Mrs. Leo H. Beaver was hostess to the Fluvanna El Catorce Club last Tuesday afternoon.

A cool living room with floating dabbias and bright colored marigolds made a very fitting setting for the program.

"Living Room Arrangement" constituted the topic for discussion. Program for the afternoon was led by Mrs. Beaver, who gave an interesting talk on furniture.

Mrs. Catherine Dodson gave some new facts about curtains, pinch hitting for Mrs. Virginia Belew, who was ill in a Lubbock hospital. Mrs. Maybelle Ainsworth gave some good points on "How to Know Good Furniture."

Angel food cake, lime punch and ice cream were served to the following: Mmes. Maybelle Ainsworth, Joye Browning, Mozelle Browning, Catherine Dodson, Cleone Fulford, Myrl Zo Landrum, Jake Martin, Lauranette Mason, Gene Mathis, Colon Wills and a guest of Mrs. Mason.

Mr. and Mrs. George Herbert and daughter of Hillsboro were weekend guests of Mr. and Mrs. Arthur Forkner.

## Nancy Richardson Becomes Bride of Mack Peacock in Friday Ceremony

In a candle-lit ceremony Friday evening, 9:00 o'clock, Nancy Richardson, only daughter of Mr. and Mrs. E. J. Richardson of Snyder, became the bride of Mack Peacock, son of Mr. and Mrs. Lewis Peacock of Dublin.

The double ring ceremony was performed by Bro. Austin Varner at the home of the bride's parents, before an arch of lace fern and huge baskets of white gladioli flanking on each side by white lighted tapers in floor candelabra trimmed with white satin bows.

The bride, who was given in marriage by her father, wore a sweeping wedding gown of white taffeta styled over net ending in a train. The close-fitting bodice was of brocade taffeta accenting a sweetheart neckline, and the sleeves were fashioned to deep points over her hands. A finger-tip veil of illusion was attached to a crown of orange blossoms. She carried a bouquet of gardenias showered with bouvardia atop a white Bible.

Wedding music was given by Mr. and Mrs. Alfred Lebl. They sang "I'm a Wearyin' for You" and hummed "I Love You Truly."

Miss Dawn Hendrix of Dallas, maid-of-honor, wore a blue net floor length frock and carried a bouquet of pink carnations. Miss LaVerne Middleton, bridesmaid, wore a pink net floor-length frock and carried a bouquet of pink gladioli. Mrs. E. J. Richardson Jr., bridesmaid, wore a blue net floor-length frock, and her bouquet was of pink gladioli.

Junior bridesmaids were Mary and Ann Richardson of Dunn, cousins of the bride. Their frocks were blue and white net, and their bouquets were pink and white carnations.

Harold Lloyd Watson of Fort

Worth was best man. The bride's mother wore a black crepe frock and shoulder corsage of gardenias.

At a reception following the wedding, Patsy Spikes served the wedding cake, and Della Merle Mason laded punch. The bride's table was laid with an Irish point lace cloth, centered by a three-tier wedding cake topped with bride and groom and surrounded by white gladioli and lace ferns. Appointments were crystal, and the room was lighted by candlelight.

Presiding at the bride's book was LaVerne Middleton.

When the couple left for a short honeymoon trip to South Texas, the bride wore a blue suit trimmed in white with silver buttons and brown accessories, and a shoulder corsage of gardenias.

The couple will make their home at Dublin, where Peacock is employed as telegrapher for an oil company.

Wedding guests from out-of-town included Mr. and Mrs. Harold Watson of Fort Worth, Mrs. Robert Rich of Carlsbad, New Mexico, Victor Drinkard of Stephenville, Cloyce Drinkard of Roby, Mr. and Mrs. F. A. Cary of Pampa and Mr. and Mrs. Ollie Richardson of Dunn.

## Brownfield Girl Honored at Party

Honoring her niece, Vda Mae Lanious of Brownfield, Mrs. A. L. Kerby of Hermlegh hosted a birthday party Saturday afternoon on occasion of Vda Mae's 12th birthday.

After a round of open air games gifts were presented the honoree. Birthday cake, punch, cookies, potato chips and sandwiches were served by Mrs. Kerby to: Vda Mae Lanious, Patsy Alice Peterson, Patsy Ann Davidson, Betty Jo Whitehead, Dianna Fowler of Snyder, Billy Mack Davidson, Jackie Nachlinger; Mrs. James Davidson, Mrs. A. P. Gannaway, Mrs. J. H. Lynd, Mr. and Mrs. Leon Guinn of Snyder.

CHARMING Janis Paige of Warner Brothers models a strapless number made of chambray with a bare shoulder bodice of silvery, changeable maroon, and a full, floor-length skirt that is a honey for dancing.

## Methodist Women Visit Town's Shut-ins

An excellent report of visitations in the homes of six shut-ins during the month of August was reported this week by the Women's Society of Christian Service of the Snyder First Methodist Church.

Monday afternoon 14 WSCS were present and with Mrs. Cliff Birdwell as leader the Methodist ladies visited in the homes of Mrs. G. L. Autry and Mrs. W. H. Hale.

"To Heal All Manner of Disease," a worship service on medical work in India was presented. Scripture for Monday afternoon's program was Matthew 10:1, and prayer was led by Mrs. A. M. Curry. Mrs. J. W. Crawford gave a talk on "Some Facts in Science." A period of silent prayer and "Methodism and India," which reviewed beginning of the women's work from 1856 to 1870.

WSCS officers report 12 homes have been visited in the "Spiritual Life Work" during the past 60 days. Much inspiration is reported received by all concerned.

August 11 Mrs. Giles Garner directed the WSCS program, given in the homes of Mrs. T. H. Crowder and Mrs. J. A. Vandiver. At this gathering Mrs. Garner gave a talk; "Harvard Girls School" at Albuquerque, New Mexico, was given by Mrs. H. P. Brown and Mrs. T. H. Crowder led in prayer. A talk on "Hilltop Experiences," Erie School at Olive Hill, Kentucky, was given, with dismissal by Mrs. H. W. Hanks.

Mrs. H. W. Hanks, the WSCS reporter states, directed program Monday afternoon, August 4, in homes of Mrs. Sam Crenshaw and Mrs. L. E. Rogers. A total of 10 ladies were present.

Scripture August 4, by Mrs. J. W. Burleson, was Matthew 25:34-46. Mrs. H. W. Hanks gave a talk on "A Healing Ministry in the Far North in Alaska." Mrs. Cliff Birdwell led in prayer and Mrs. J. T. Iverson discussed "Brewster Hospital for Negroes in Florida." Mrs. Hanks led in prayer and talked on "The Medical Missionary at Work in the Land of Totem Poles." Dismissal was by Mrs. H. W. Clark.

Mrs. Jess R. Green and small niece, Kay Ann, returned Monday from Haskell, where they have been visiting relatives.

## Mrs. Addie Gray Honored by Family

Home of Mr. and Mrs. Carl Gray was the scene Sunday for a happy get-together of family and friends when the honored guest was Mrs. Addie Gray.

All the children were present except one daughter, Mrs. Bruce Plummer of Hereford.

A bountiful dinner with a large pink-and-white cake was served to Mr. and Mrs. Will Gray and grandsons, Billy Mitchell and Troy Taylor, Mr. and Mrs. Andy Gray and son, Clifford, and granddaughter, Miss Ora Gray of Snyder, a sister; Joan, all of Lovington, New Mexico; Mrs. Leona Wright and daughters, Faye and Phiney, of Dallas, Mr. and Mrs. Ray Brown and son, Curtis Neal, of Hermlegh, Mrs. G. W. Smoot and sons, Ivy and Clem, and Mrs. Raymond Lloyd and children of Snyder.

On July 28 Mrs. Gray, resident of Snyder since 1920, was honored at her home, 1907 Avenue S, on occasion of her eighty-sixth birthday. All children were present except Andy Gray and Mrs. Bruce Plummer.

Mrs. Gray, well known in this area, was a resident of Borden and Howard Counties many years before moving to Scurry County. Mr. Gray, a life-time rancher, passed away in 1923.

Being "86 years young" has a significant meaning for Mrs. Gray, who has a keen sense of humor and says she is thankful for so many friends and loved ones.

Mr. and Mrs. G. T. Lamberth of Tacoma, Washington, are guests in the Will Caffey home for a vacation visit. The visitors and Mr. and Mrs. Caffey went through Carlsbad Caverns Sunday.

## East Texas Guests Feted in Banks Home

Honoring two house guests, Mrs. J. B. Rutland of Bogata and Miss Anita Decker of New Boston, Mr. and Mrs. C. L. Banks of 1001 26th Street hosted a watermelon feast and lawn party Tuesday evening.

Featured highlight of the evening was serving of a 90-pound watermelon Mr. and Mrs. Banks brought back over the week-end from Weatherford.

Party attendants included Mr. and

Mrs. J. E. Chapman, Mr. and Mrs. Arthur Forkner, Mr. and Mrs. Wald Glover, Mrs. Clarence Williamson and two sons, Mr. and Mrs. Earl Horton and two sons.

Relatives visiting in the homes of Mr. and Mrs. W. L. Hayley and Mrs. Frank Strom the past week included: Mr. and Mrs. J. K. Elliott, Mary Jane and Andra Anderson of Dallas, Mrs. H. M. Kirkland and girls, Wanda, Jettie Lou and Gwendora of Bronte, Mr. and Mrs. Artis Strom and children of Dickerson, Mr. and Mrs. Holiday H. Hayley of Tyler.

## Osca Allen Marries Emily Stegert

In a marriage performed Monday by W. C. Davidson, justice of the peace, Oscar J. Allen and Emily Stegert were united in marriage.

The bride came here from Fort Worth. Wedding attendants were George Anderson and Iris Isbell. The couple will make their home in Snyder.

**AT PENNEY'S**

BACK TO SENSIBLE PRICES  
ON EVERYTHING FOR BACK-TO-SCHOOL

And what do we mean by a sensible price? The lowest price that still assures you good quality. We never, never sacrifice quality to price. That wouldn't be sensible, for quality plays the Number One role in VALUE. Our prices give you the qualities you want, need, should have—at prices you'll find it hard to match anywhere else. And that makes sense, especially when you have big school-clothes shopping ahead of you!

Fall woolens for matching "campus casuals." Plain colors, plaids, flannels, crepes.

**3.98 to 5.90**

★

### Loan to Japan to Help Move Cotton And Hold Prices

Officials of the Scurry County Farm Bureau, as well as the roster of 1,452 farmers of the county, expressed a personal interest this in Washington advices which indicate a loan of perhaps \$20,000,000 to finance Japanese purchase of American cotton is under consideration.

Proposed loan, it is understood locally, would be mainly for the purpose of helping to re-establish a cotton industry in Japan.

It is presumed any request for such a loan would come from General MacArthur's government. A similar cotton loan for Germany already is pending before the Export-Import Bank.

If such a loan is granted Japan it will mean that some Scurry County cotton will find its way to the cotton mills of Japan.

With a \$20,000,000 loan as a "primer," Japanese spinning and weaving mills would be put on their feet. A Washington dispatch says the loan would be repayable from earnings.

Mr. and Mrs. Roy Sumruld and children, R. L. Glenn and Jean of Tulare, California, visited their parents, Mr. and Mrs. W. T. Sumruld of Snyder and Mr. and Mrs. Jim Maule of East Snyder last week.

EVANGELIST for the Fluvanna Church of Christ revival that begins Sunday is Bro. Roy E. Howell of McKinney. The McKinney evangelist reports the meeting will run through Sunday, August 31.

### Legion Post Meeting Slated at Hut Tonight

Attention of all ex-service men is directed to the meeting this (Thursday) evening, 8:00 o'clock, of the Snyder Will Layne Legion Post No. 181.

Elmer Taylor, commander, and K. O. Pitner, adjutant, report some important business matters will be up for transaction.

### Dunn School Plans to Be Announced Later

J. M. Glass, Dunn School principal, is scheduled to complete summer college work at Commerce August 25. Dunn friends learned this week.

Glass is expected back at Dunn next week, and says he will have an announcement to make regarding the opening date of the Dunn School.

### Club Women Plan Recreational School

Reports from eight Home Demonstration Clubs of the county and announcement that the Scurry County Recreational School will be held in Snyder August 26 marked two highlights of the Scurry County Home Demonstration Council meeting Saturday afternoon.

Saturday afternoon's gathering was held in offices of Mrs. Estella Strayhorn, county home demonstration agent.

Mrs. Theo Soules of Pylon, council chairman, directed attendants in group singing.

Announcement was made that the August 26 recreational school, with Mrs. Soules and Mrs. W. H. Prescott of China Grove in charge, will get underway in Mrs. Strayhorn's office August 26 at 9:00 a. m.

Hours for the recreational course will be from 9:00 a. m. to 12:00 m.; an hour off for lunch, and from 1:00 p. m. to 3:00 p. m.

Recreational leader and president of each Home Demonstration Club in the county is urged to attend the August 26 conclave.

An interesting talk was given Saturday afternoon by the THDA chairman on the THDA newspaper.

Attendants of county Home Demonstration Clubs discussed and voted on sending representatives to the state meeting which will be held at Dallas in September.

### Four Generations at Byrd Family Reunion

A family reunion, with four generations present, marked a highlight of seventy-ninth birthday observances Saturday for J. H. Byrd, ex-sheriff of Scurry County and a prominent southern county landowner.

The family gathering was held at the Byrd home, 2912 Avenue U. Type of family dinner Mrs. Byrd has been well known for through the years was served to the following: Mr. Byrd, the honored guest, and Mrs. Byrd; Mr. and Mrs. C. H. Byrd of Lamesa, Mr. and Mrs. Jack Byrd and daughters, Yvonne, Jacqueline and Mary Lou, of Dunn, Mr. and Mrs. L. C. Ochsner and children, Dudley and Luida, of Rule;

Mr. and Mrs. W. E. Herring and children, Doyle and Byrdie Ann, of Dunn, Mr. and Mrs. E. S. Gallagher, Mr. and Mrs. J. E. Hanson of Jayton, Mrs. Jessie Baird and daughter, Vicki, of Compton, California, Mr. and Mrs. Price Hendrix and son, Howard, and Mrs. C. W. Newton of Dunn.

A pioneer Scurry County citizen, Mr. Byrd first went in as sheriff of the county in November, 1918.

He served four years as sheriff, and was out of the sheriff's department from 1922 to 1924. He was re-elected county sheriff in 1924, but at the end of the term did not ask for the office again.

# WANTED: USED TIRES

The last 1000 miles are the danger miles ... don't drive past the danger point

**FORMER PRICE \$16.10 PLUS TAX**  
**Now \$14.40**  
**6.00-16 PLUS TAX**

LESS A BIG ALLOWANCE FOR THE OLD TIRE OFF YOUR CAR

**B. F. Goodrich Silvertowns that outwear prewar tires... now at less than prewar prices!**

We have a big market for sound used tires. On your car, it is impossible to detect the exact condition of a tire. But we have the experience and equipment to examine them thoroughly, to detect flaws and to select casings suitable for repairing, recapping or reconditioning. This knowledge is extra money in your pocket, because we can give you a bigger allowance if your tires can be made safe for further use.

And this allowance comes off the already lower-than-prewar price of most popular-sized B. F. Goodrich Silvertowns that outwear prewar tires. This new tire has a wider tread that runs flush-to-the-road, gives greater road contact, firmer footing, more even wear, more road grip. Finer, sturdier cords and more of them give the tire greater strength and suppleness to resist the road pounding of high speeds.

So don't be satisfied with less than the best when the tire that outwears prewar tires costs so little.

### Hermleigh 4-H Girls Set Concert Monday

Sponsored by the Hermleigh 4-H Club, a community get-together and string band concert will be presented Monday evening in Hermleigh School auditorium.

Proceeds from Monday evening's concert will be used to send Doris Casey, outstanding 4-H Club member and daughter of Mr. and Mrs. S. O. Casey, and a local leader to the girls' 4-H Club Roundup at College Station the first week in September.

Members of the Hermleigh 4-H Club report Mr. York and his Lorraine string band will present Monday evening's concert, beginning at 8:30 o'clock. General public of this area is invited to the concert, for which very nominal admission fees will be charged.

### County Folks Return From Western Tour

Mr. and Mrs. C. H. Stahl and two children, Bobbie Jean and Bert, accompanied by B. Walters, Doc Walters and Miss Nora Walters of Seymour completed last Tuesday an 11-day trip through the Western States.

Points of interest visited included Carlsbad Caverns, Grand Canyon, up through Utah and Idaho and to Yellowstone National Park.

Mr. Walters, Doctor and Miss Nora Walters remained in Colorado Springs for a several-day visit.

Jess R. Green, Snyder Santa Fe agent, is spending his vacation this week at Eagle, Colorado, with home folks. Green is reported to be having fine luck fishing for the mountain trout.

NINTH Texas District congressman candidate in the special election called for Saturday is Clark W. Thompson of Galveston.

### Dean Cochran Visit Points in East Texas

Mr. and Mrs. Dean Cochran, operators of Cochran Grocery & Produce, 2409 Avenue R., are vacationing this week at Mount Pleasant and other points in East Texas.

Trip taken by Mr. and Mrs. Cochran marks the first time the couple has taken a vacation in a number of years. Their store is being operated this week by Mr. and Mrs. A. L. Kerby of Hermleigh.

Mr. and Mrs. Jeff DeShazo and daughters of Sweetwater spent the past week with Mr. and Mrs. Arthur Forkner and Mr. and Mrs. Tom DeShazo.

### Browning Says Keen Interest Shown in VA

"Interest as keen as I've ever seen in vocational agriculture work is being evidenced by boys who will take VA in Snyder Schools during the 1947-1948 school year," Broadway Browning, Snyder vocational agriculture instructor, stated Tuesday.

Browning says he will have between 50 and 60 boys in vocational agriculture work this school year. He reports interest is also keen in Future Farmers of America work for a the Snyder FFA chapter.

The Snyder School VA instructor recently attended a state-wide meeting of VA teachers, held at Texas A. & M. College.

Included on the week-long gathering at A. & M. were outstanding speakers from the U. S. Department of Agriculture, Texas Extension Service, Texas A. & M. College and other institutions.

### Pyron Cemetery Will Be Worked August 29

People with loved ones and friends interred in the Pyron Cemetery are advised that Friday, August 29, has been set as the date for working the Pyron Cemetery.

Those participating in the clean-up and cemetery working will need to bring hoes, rakes, shovels and other tools.

People of Pyron and adjacent communities are invited to bring basket lunches for an old-fashioned "dinner on the grounds" at noon.

### Taylor and Falls on Trip in Northwest

Edgar Taylor, county tax assessor-collector, Mrs. Taylor, Mr. and Mrs. Rea Falls of Ira and their two children left Sunday morning on a two-week vacation that will take the group to Arizona, the Grand Canyon and the Yellowstone National Park.

On the return trip the vacationers will motor through the Dakotas and Oklahoma.

Deputy Holly Shuler is in active charge of the county tax assessor-collector's office in the absence of Taylor.

Mrs. J. M. Lewis and two children, Laddy and Brenda Kay, of Cuthbert, spent last week with Mr. and Mrs. C. L. Banks of East Snyder.

The Governor's mansion at Austin, Texas, was built in 1855, at a total cost of \$17,000.

Services Every Sunday at 11:00 a. m. Testimony meeting each Wednesday

**Christian Science Society**

1912 26th Street  
uesday evening at 8:00 p. m.  
All Are Welcome!

DEMOCRAT CANDIDATE for Congress in the 16th Texas District in the special election called for August 23 is Pat Hargrove of El Paso.

### Bridge on 26th Street Saved in Trash Fire

Members of the Snyder Volunteer Fire Department answered a call Friday evening, 9:30 o'clock, when accumulated trash at the west abutment of the 27th Street wooden bridge crossing Deep Creek caught on fire.

The fire department got to the trash fire just in time. For flames were beginning to melt asphalt from bridge flooring. Damage to the bridge was listed as slight.

### Hairston Home Scene For Family Reunion

Home of F. C. Hairston, county judge, and Mrs. Hairston in North Snyder was the scene Sunday of a family reunion which marked the first time in 11 years Mrs. Dora McGee of Wood Lake, California, has been back to Scurry County.

In addition to the hosts and Mrs. McGee, others present for the festive event were Mr. and Mrs. J. E. Hairston and the W. A. Whites of the China Grove community.

Mr. and Mrs. Woodson W. Smith, long-time residents of Snyder, now of Texarkana, are visiting with old friends here. Smith was Railway Express agent here for years.

Mr. and Mrs. Herman Aweas, who came here by plane from Tulsa, Oklahoma, spent the week-end with Mrs. Aweas' mother, Mrs. Dora Cunningham.

O'Farrell, whose residences are unknown to plaintiffs, or, if they or any one of them be deceased, their unknown heirs and legal representatives, whose names and residences are likewise unknown to plaintiffs—Greeting:

You are commanded to appear and answer the plaintiff's petition at or before 10:00 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance of this citation, the same being Monday the 16th day of September, A. D. 1947, at or before 10:00 o'clock a. m. before the Honorable District Court of Scurry County, at the courthouse in Snyder, Texas.

Said plaintiff's petition was filed on the 15th day of July, 1947. The file number of said suit being No. 4239.

The names of the parties in said suit are Joe W. Earnest and Don C. Sivalls, independent executors of the estate of Fannie C. Earnest, deceased, as plaintiffs, and James H. Snyder, Charles A. Snyder, Helen L. Snyder, Thomas J. Snyder, Emma Snyder, LeGrand Snyder, W. H. Snyder, John Harrison Snyder, Franklin J. Snyder, Clinton F. Snyder, Floyd W. Snyder, Gertrude B. Snyder, Arthur E. Snyder, Blanche Elizabeth Snyder, Jessie Fremont Snyder, Clinton Snyder, Charles Snyder, George Lawrence Snyder, Alice Belle Snyder, Lawrence Snyder, Charles H. Snyder, Clinton F. Snyder, Vera A. Snyder, Charles H. Snyder Jr., Lottie Snyder, William L. Snyder, Jessie F. Snyder, Grace Kelly, Judson Kelley, Sallie Josephine Flynn, Harry Flynn, Sallie Flynn, Jessie E. Cook, Clara Cook, Nellie Pearl Miller, H. E. Edward Miller, Sarah E. Williams, William H. Smith, Catherine L. Smith, Edward A. Smith, Margery Smith, Sadie L. Smith, Robert R. Smith, Agnes Smith, Wm. W. Smith, Henry Fairclough, William R. Fairclough, Edward A. Fairclough, Edwin Hatfield, Edwin Hatfield Jr., Bettie Webb, Edward Sheehan, Edward S. Monohan, A. O'Farrell, whose residences are unknown to plaintiffs, or, if they or any one of them be deceased, their unknown heirs and legal representatives, whose names and residences are likewise unknown to plaintiffs as defendants.

The nature of said suit being substantially as follows: to-wit: Suit in trespass to try title, plaintiffs suing for the title and possession of the following described land and premises, situated in Scurry County, Texas: The north 444 acres of Section 48, Cert. 1782, Abat. 16, Pat. 47, all of Section 50, Cert. 9-1760, Pat. 44, Vol. 47, 644 acres; all of Section 34, Cert. 9-1722, Pat. 42, Vol. 47, 644 acres; all of Section 27, Cert. 9-1722, Pat. 42, Vol. 284, Vol. 66, 320 acres; the south half of the southeast one-fourth of Section 3, H. and G. N. R. Co. Survey.

Plaintiffs alleging that they were the owners thereof in fee simple on July 1, 1946 and that, on or about July 15, 1946, defendants entered upon said premises and dispossessed them thereof, and thereafter asserted the possession thereof, to their damage in the sum of \$2,000. Plaintiff also pleads the five and ten years' statutes of limitation and that defendants are asserting some sort of title or claim to said land, which constitutes a cloud upon their title; plaintiffs sue for the title and possession of said lands and premises, damages, costs of suit, for removal of cloud upon title, cancellation of claims of defendants and for general and special relief.

Issued this 30th day of July, A. D. 1947.

Given under my hand and seal of said court, at office in Snyder, Texas, this 30th day of July, A. D. 1947.

—EDWIN W. WEATHERSBER, Clerk District Court, Scurry County, Texas.

### Announcement to Owners of Armed Forces Leave Bonds—

The Snyder National Bank is authorized by the United States Treasury Department to cash Armed Forces Leave Bonds for registered owners, any time after September 1, 1947.

There is no requirement that these bonds be cashed at this time in order to get your money. They can be cashed any time in the future, upon demand without delay.

Unless you are in real need of the money now, this institution and the United States Treasury Department strongly recommend that you permit your bond to earn interest at 2 1/2 per cent up to its maturity until you actually need the cash. We will be glad to serve you at any time.

To facilitate identification, owners should bring their original separation papers with them when presenting bonds for payment.

Under no circumstances may registered owners cash their bonds before September 2, 1947.

### Dunn News

Mrs. Bessie Clark, Correspondent  
Mr. and Mrs. Seth Bertram and daughter, Vonseth, and B. A. Worthington of Lubbock visited at Dunn Sunday. Mr. Worthington is recuperating from an eye operation, and is able to see his way around. He thinks he will be able to see to read when he gets his glasses fitted.

Visiting in the Marvin Hanson home Sunday were his sister-in-law, Mrs. J. E. Hanson of Jayton, and Mrs. Jessie Baird and daughter, Vicky, of Los Angeles, California.

Mrs. Dewey Denson has as her guests her mother and sister from Roxton.

Several from here attended the meeting at Buford last week.

Mr. and Mrs. L. E. Russell and Mr. and Mrs. Fred Bowers and Frederick went on a pleasure trip last Wednesday that took them to Weatherford, Mineral Wells and several other places.

Avra Nell Quist entertained a group of young people last Thursday night with a party. There were about 25 present.

Patsy Quist is visiting with her relatives at Amarillo this week.

Homer Harrison and wife have been visiting their sister and family from Timpson.

The Echols have had visiting them their sister, Mrs. Walter Wedgeworth, and family from Tenaha.

The revival meeting at the Methodist Church will begin Sunday evening. Everyone is invited to come.

Rev. S. A. Sifford, the pastor, will do the preaching. There will be two service each day.

Rev. and Mrs. S. A. Sifford were at the hospital at Colorado City Monday morning, where Mrs. Marshall Cook of Buford underwent a very serious operation. Mrs. Cook will be remembered as Eulalia Smith, well known in this community.

Dwight Cross, son of Mr. and Mrs. Virgil Cross of Big Spring visited his grandparents, Mr. and Mrs. G. R. Higginbotham of East Snyder.

Mr. and Mrs. George H. Lloyd and family of Abilene visited in the Raymond Lloyd home the first part of the week. Jerry Bob returned to Abilene with George and his family for a few days visit.

Mr. and Mrs. George H. Lloyd and family of Abilene visited in the Raymond Lloyd home the first part of the week. Jerry Bob returned to Abilene with George and his family for a few days visit.

### Four More Farms Approved for Soil Conservation Aid

Regular monthly meeting of the supervisors of the Upper Colorado Soil Conservation District, held Friday, was marked by approving of applications for district assistance of four county farms.

Applications for assistance were approved on the farms of Mrs. J. S. Golden; Floyd W. Merket, E. H. Williamson and Milan C. Fowler.

Working agreements were approved on the farms of John Zolman Jr., A. E. Lee, A. Smith, C. W. Mosley and Carl Voss. Conservation work has already been started on these farms, or will be in the very near future in preparation for next year's crops.

After the meeting a short tour was made by those present to inspect the recently constructed waterways, diversions and terraces on cooperator farms in the district.

Those present for the meeting and tour were Supervisors L. A. Hill, H. M. Murphy, C. T. Hummel; and M. W. Linton, district conservationist for the Soil Conservation Service.

Mr. and Mrs. Bill Forkner and son were guests of Mr. and Mrs. Arthur Forkner over the week-end.

### Mrs. Emily Beck, Former Resident Of Snyder, Dies

Mrs. Emily Beck, 73-year-old Abilene resident and sister of J. S. Bradbury, Snyder city secretary, succumbed Saturday night at the home of a daughter, Mrs. Annie Hull, 2324 Walnut Street, following an illness of several months.

Mrs. Beck was born at Austin on December 12, 1873, and was married to Joseph F. Beck at Brownwood on October 21, 1897.

The couple lived at Zephyr until 1900, when they moved to Snyder. They made their home here until 1919, and later lived at Lubbock, Rotan and Sweetwater, where Mr. Beck passed away.

A member of the University Baptist Church, Mrs. Beck had made her home in Abilene for the past five years.

Funeral services for the pioneer West Texas woman were held Monday afternoon, 2:30 o'clock, at the Kiker-Warren Funeral Chapel in Abilene. Rev. D. G. Reid, pastor of the Abilene Immanuel Baptist Church, officiated.

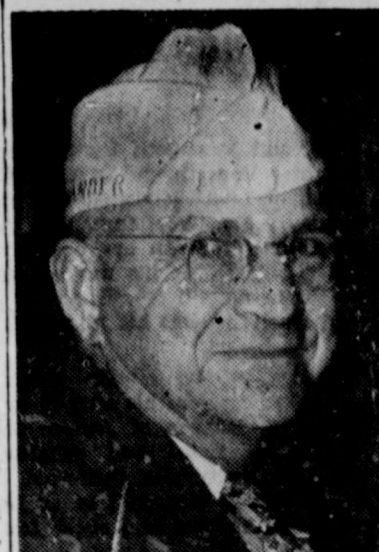

Pallbearers were Bennie Hull Jr., Billy Crouch, B. D. McCorkel, Bryan Bradbury, E. J. Bradbury and Robert Bradbury.

Snyder attendants at funeral services were Mr. and Mrs. J. S. Bradbury and daughter, Violet Bradbury.

Mrs. Beck has as survivors a son, W. J. Beck of Bryson; two daughters, Mrs. Hull of Abilene and Mrs. W. F. Crouch of Ranger; and three brothers, J. S. Bradbury of Snyder, R. E. Bradbury of Abilene and A. E. Bradbury of Mount Vernon.

With arrangements directed by Kiker-Warren, Mrs. Beck was laid to rest in Sweetwater Cemetery.

Mrs. Arthur Forkner spent the week in Fort Worth visiting a son, and Mr. and Mrs. Ed Watkins.

### C. C. Tarver Moving To Wichita Falls Soon

Because his aged mother, who is blind, must have someone to care for her, C. C. Tarver, Snyder agent for American National Life Insurance Company, and his family are moving next week to Wichita Falls.

Mr. Tarver has been here almost two years as Snyder agent. He has been with American National for 23 years. Name of Mr. Tarver's successor here was not available late Tuesday.

"My work at Snyder has proved the most pleasant of any I've done for American National," Tarver says, "and the people here are the finest I've ever met."

Mr. and Mrs. Tarver have three children at home, Iva Ruth, Mary Sue and the baby, Pheba Ann. A son, Cecil, is associated with the Bell Telephone Company at Amarillo.

DEPARTMENT COMMANDER of Texas American Legionnaires is George Berry of Lubbock, who participated in the recent American Legion 19th District convention held here. Election of Berry as department commander marked a concluding gesture of a five-day convention in Fort Worth.

### Hermleigh Delegate To Girls' 4-H Club Session Resourceful

An outstanding member of the Hermleigh Girls' 4-H Club, Doris Casey, daughter of Mr. and Mrs. S. O. Casey, will be one of the Scurry County girls attending the State 4-H Club Roundup at College Station the first week in September.

Mrs. E. L. Vandiver, it is announced, will accompany Doris and other county 4-H Club girls as leader and chaperone. The trip to College Station will be made in a chartered bus.

Doris has been selected by the Hermleigh 4-H Club as nominee for the Gold Star club girl of Scurry County. She won a trip to a district convale at Lamesa—at which time she gave highlights on girls' 4-H Club work in this county.

Doris took part in the dress revue and attended the two-day encampment for 4-H Club girls, held at Pymon. In addition to ringing up a remarkable clothing record, Miss Casey helps with work on the Casey farm, including care of 500 chickens. She sews for other members of the family.

Details of a concert that will be staged Monday evening at Hermleigh School to finance trip of Doris to College Station will be found elsewhere in this issue of The Times.

Mr. and Mrs. A. P. Biggs of Fort Worth spent the week-end with relatives and friends in Snyder.

## Getting telephones for those waiting

- Besides a telephone instrument, we need cables and switchboards to furnish telephone service.
- Factories are turning out this equipment faster and faster.
- But the need is nation-wide. In the Southwest alone equipment is needed in 700 cities to serve 235,000 people. We are getting our share of what the factories produce and we're putting it in as quickly as we can. By ingenuity and hard work, we'll have this job licked one of these days.

## YOUR STATE TAXES SUBLED

The State Tax Rate This Year Is 72c On \$100 Valuation

Last Year the Rate Was 37c

Who Said, "No New Taxes"?

### VOTE! VOTE! VOTE!

Saturday, August 23rd

## AGAINST

An Additional 5c Tax

On Saturday, August 23, an amendment to the constitution of the State of Texas will be voted on to allocate 5c of the authorized 7c Confederate pension tax to finance a building program for State owned colleges other than the University of Texas and Texas A. & M.

#### An Additional Tax

"They" say this is not a new tax, but you have not been paying it for many years. It certainly will be an additional tax you have not been paying. If voted by the people of Texas on August 23, it will be added to your 72c State tax, making a total of 77c on the \$100 valuation.

#### An Unnecessary Tax

This is an unnecessary tax. By a division of the so-called Permanent University Fund more buildings can be built at all the State owned colleges than this tax will provide. They also can be built much sooner. And the State University and Texas A. & M. still can get more buildings than they can use.

#### Small Taxpayers Pay

The veteran, the farmer, the small home owner, the laborer, the small business man, everybody will have to pay this 5c tax in addition to the 72c State tax, if this amendment carries. This State tax is in addition to local taxes—County taxes—School taxes—City taxes—and perhaps others.

#### 42 Counties Exempt

42 of the State's richest counties pay no ad valorem taxes for State purposes. None of these counties are in West Texas.

WHY?

Should you pay another unnecessary 5c tax when 42 of the State's 254 counties will not be paying to help our State colleges.

#### Will Not Provide Buildings

If passed, this 5c additional tax will not provide adequate and sufficient buildings at today's cost of construction. In the next 10 years West Texas State Teachers College at Canyon MIGHT get \$487,200. The College of Mines at El Paso MIGHT get \$423,000. Sul Ross at Alpine MIGHT get \$189,000. Texas Technological College at Lubbock MIGHT get \$1,500,000 in these 10 years.

#### Help Colleges—Vote Against

You will actually be helping all 14 of our State colleges if you vote against this amendment. All these colleges can and will get more money by regular appropriations if this amendment is defeated than they could get by the passage of this 5c tax amendment. Your vote against the amendment will help instead of hurt these 14 State colleges.

## DON'T BE LED ASTRAY

Do not be led astray by this proposed amendment which levies a 5c tax on your property for 30 years and saddles a \$45,000,000 debt on you and all other taxpayers. If passed, this amendment will open the flood gates of the State treasury to dozens of new colleges and you again will pay the bill.

Go Vote Saturday, August 23rd

### Crowd Expected At First Football Game on Sept. 11

An estimated crowd of 2,000 persons is expected to jam Tiger Stadium in Southeast Snyder September 11 when the Snyder Tigers, playing the first football game in West Texas of the new season, meet Winters.

Coach Tommy Beene is greatly encouraged over Tiger prospects against the Winters Blizzard—for the dope sheet indicates other squads will offer tougher competition than can be expected of the Winters men.

Total of 35 Tigers were out Monday morning for calisthenics, and between 50 and 60 will be out, Beene says, for regular practice September 1, when football uniforms will be issued to the boys.

Snyder sports fans are encouraged, too, over the opening game of the 1947-48 season, for nine Tiger lettermen are back.

Starting line-up against Winters will depend, a Times reporter understands, on whether Coach Beene decides to use the T formation that was so popular last season.

**Daffynition.**  
Highbrow: One educated way beyond his intelligence.

### Snyder General Hospital

Surgery patients in Snyder General Hospital since last publication of The Times include:

Mrs. G. M. Kelley of Ira, L. H. Williamson of Snyder, Mrs. W. H. Evans of Route 1, Hermleigh, Bobby Hardy, son of Mr. and Mrs. C. S. Hardy of Snyder, Mrs. W. T. (Pat) Falls of Ira, and Wayne Clements of Snyder.

Medical patients in the hospital since last week follow:

Mrs. J. H. Beeks of Snyder, Mrs. E. A. Smoot of Snyder, Mrs. E. E. Hall of Route 1, Hermleigh, Linda Tatom, daughter of Mr. and Mrs. R. H. Tatom of Snyder, Gus McClinton of Snyder, Peggy Houston of Route 2, Snyder, Flora Wright of Route 3, Snyder, J. R. Price Jr. of Snyder and Jacqueline Tomasek of Fort Worth.

W. F. Presson of Post and Mr. and Mrs. P. J. Moran of Ira are remaining patients.

Accompanied by Mr. and Mrs. Jack Deakins and daughter, Evelyn, Mrs. E. M. Deakins returned Monday night from a two-week vacation in Louisiana. Mrs. Deakins and her husband went to Rapid City, Louisiana, two weeks ago to visit Mr. and Mrs. Alden Burge and son, Jack. Mr. Deakins returned last week.

### Mrs. Ellen Ray's Family Gathers For Get-Together

Sunday marked a red letter event for Mrs. Ellen Ray, for her children, grandchildren and great grandchildren, including Snyder relatives, gathered at the home of Pine and Bertha Minshew, eight miles south of Roby, for an old fashioned family reunion and picnic dinner.

Pine and Bertha Minshew, brother and sister of Mrs. Ray, hosted a family style picnic dinner Sunday, with ice cold watermelon feasting a feature Sunday afternoon.

Those present for the all-day festivities included: Mr. and Mrs. E. D. Sanders and children, Billie Barbara, D. H. Ralph, Wanda, John and Kenneth, of Hobbs, New Mexico, Mr. and Mrs. C. C. Barnes, Mr. and Mrs. Alvis Rogers and children, Emil, Carl and Earnest Lee, of Tahoka.

Mr. and Mrs. Newton Morton and children, Shirley and Camil Sue, Mr. and Mrs. George Morton and children, Georgia May, Frankie and Morris, all of Snyder; Mr. and Mrs. B. E. Ray and children, Myrna Loy and Benny, of San Angelo; Mr. and Mrs. A. C. Morton and baby, Billy, of Sweetwater.

Mr. and Mrs. Phalan Morton and children, Audie, Leonard and Nancy of Odessa, Mr. and Mrs. Dean Ball of Fluvanna, Mr. and Mrs. E. M. Stewart and children, Jerry and Linda Sue, of Abilene, Mrs. May Gibson and children, Shirley Glenn and Leonard, also of Abilene.

Mr. and Mrs. Eugene Dunlap of Lubbock, all of the above being children, grandchildren and great grandchildren; Mrs. Tatom, a sister, and son of Fort Worth; Bud Minshew, a brother, of Sweetwater.

Friends present included Miss Jamie Nichols of Snyder, Mr. and Mrs. Deb Gibson of Abilene, Darlene Stewart, Minnie Reynolds and Ruth Gibson, also of Abilene, Mr. and Mrs. J. R. Dunlap and Charlene Lackey of Tahoka.

Next family gathering, it was voted, will be held in August of next year at the home of Mrs. C. C. Barnes.

Guests this week of Mrs. Beesie Perkins and Joe Seago of the Cross L Ranch include Janette Perkins of Tulsa, Oklahoma, Mrs. Emmett Perkins and Mr. and Mrs. Eschal Haley of Boynton, Oklahoma. Mrs. Perkins and Mr. Seago will accompany the four visitors to Carlsbad Caverns before the group returns to Oklahoma.

REVIVAL leader for the Lloyd Mountain Church of Christ meeting which starts Sunday will be Bro. Cline Paden of Brownfield. Bro. Paden, who will feature old fashioned gospel sermons, reports the meeting will run a week. Morning services will be in at 10:45 o'clock and evening services at 8:15 o'clock.

### Four Bells Attend State Florists Meet At Dallas Last Week

Mr. and Mrs. W. R. Bell Sr. and Mr. and Mrs. W. R. Bell Jr. returned over the week-end from Dallas, where the four last week attended the Texas State Florists Association convention.

The four Snyder florists took lessons at the Baker Hotel in floral designs and plant propagation and care. Wholesalers, the local attendants report, were very liberal with donations of cut flowers for the design school.

Agenda at the state convention included baby and hospital arrangements, first day; corsage, wedding parties and novelty work, second day, with the third day devoted to funeral work.

Over 1,100 attendants were given new ideas and helpful hints by R. L. Cason of Cason Floral, Corsiciana, and Ethel Wallace of Mueller Floral, Wichita, Kansas.

The Snyder florists report buffet banquets, dances and other entertainments highlighted each evening. En route back home they visited several nurseries and floral shops to obtain helpful ideas for Snyder.

### Odessa Lawn Party Honors Williams

A lawn party as a token of esteem for Raymond Williams, Snyder Burton-Lingo Lumber Company manager, who was formerly assistant manager of the Odessa yard, his wife and two children, Fred and Elizabeth, was staged Sunday evening in Odessa at 222 South Texas Street.

Mrs. Williams, one of the honored guests at the lawn party, is tendering her resignation from the Hendie Hospital at Odessa, where she has served as supervisor of nurses.

Attendants engaged in games of bridge and forty-two during the evening.

Among party attendants were: Mr. and Mrs. A.W. Moon and son, Willard, of Fort Worth, Mr. and Mrs. Alfred Roggenstein and girls, Mr. and Mrs. H. L. Cooper and children, Mr. and Mrs. Bill Burney and children, Mr. and Mrs. Robbie Hyde and son, Mrs. Roy Orchard and son;

Mrs. Julia Poard, Mrs. Emmett Handley, Mrs. McDowell, Mrs. Haney, Mrs. Mary Wohlford, Mrs. Guy Anderson Sr., Mr. and Mrs. Glyn Payne, Mr. and Mrs. Billy Cope, Joe Metcalf, Miss Massing, Evelyn Germany, Mr. and Mrs. Melford Underwood.

Nevada, with 91,000 persons, has the smallest population of any state in the Union.

### VA Group Inspects County Club Projects

Brooklyn Browning, Snyder High School vocational agriculture instructor, head of a group Tuesday that inspected calves and sheep of the Snyder 4-H Club and PFA members.

In the group with Browning were Oscar Fowler, county agent, L. H. Bradley of Hereford and John Cox. Projects inspected included those of: Jack Longbotham, Franklin Brownfield, Herman Clements, Bruce and Barbara "Sue" Cox, Beecher McCormick, Don Bransom, Elton Perry and Donald York.

Mr. and Mrs. Truman Varnon and baby spent last week with Mrs. Varnon's sister and family, Mrs. Leonard Spence.

Week-end guests in the home of Mr. and Mrs. Blake Durham of Dunn included Mr. and Mrs. Willis Smyrl and son, Billie Mack, of Lubbock.

### C. L. Banks Return From East Texas Trip

C. L. Banks, Snyder R. S. & P. section foreman, and Mrs. Banks returned over the week-end from a vacation trip that took them to Paris, Mount Pleasant, Mount Vernon and Gladewater.

Mr. and Mrs. Banks were accompanied home by Mrs. J. R. Rutland of Bogata, a sister of Mrs. Banks, and a niece, Miss Anita Dozier, of New Boston. The two visitors will be here for several days.

Mrs. Bruce Plummer and son, Melvin, of Hereford, accompanied by another son, Glenn Plummer, wife and baby of Denver, Colorado, spent Tuesday night with Mrs. Addie Gray and Miss Ora Gray. The visitors from Hereford and Denver, Colorado, the Carl Gray home and Plainview rado, visited Tuesday afternoon in community home of Mr. and Mrs. Raymond Lloyd.

## TERRY LOCKER PLANT

# BARSON Authentic Statement

By ROGER W. BABSON

Bridgeport, Conn., Aug. 15.—I wanted to visit some typical New England city to learn how its people are feeling. As Bridgeport perhaps suffered most through the depression of the thirties and then according to Newton's Law of Action and Reaction—prospered most later during World War II, I am writing from here.

Bridgeport is a city of about 150,000 people. These people have had a reputation as being radical and for many years have elected a socialist mayor. He, however, tried hard to be fair and has had the vote of many conservative people. At one time Bridgeport was the only city in New England with a socialistic government.

During the recent war these people prospered greatly. Not only is this a large center for small machinery and tools of all kinds, but it makes guns and ammunition even in peace times. Hence, it was and is a war city. The conversion to peace time products was difficult and much unemployment was forecast for 1946 and 1947, but this has not come about. Bridgeport continues to be prosperous. Certainly if this applies to Bridgeport, it should apply to most manufacturing centers in New England and elsewhere.

The truth is that the entire United States—as President Truman has recently pointed out—is an all-time high. We have more employment and greater sales today than ever before in our history. The only disappointed people seem to be those of some summer resorts who had planned on a record year which has not occurred. To many people seem to be economizing during vacations. They take only a twenty dollar bill and one suit of clothes and change neither during the trip! This, however, is not a bad sign. These people are saving money for something which will last longer and perhaps give them a little vacation each day of the year.

When the stock market was at a low ebb—some months ago—many readers criticized me for being optimistic during the early months of 1947. They felt that my forecasts for a "good 1947" would be wrong. Each month, however, has confirmed my optimism. The stock market is now at the highest point of the year. Investors who cashed in half of their profits did a safe thing, at the "smart ones" who sold everything are now disappointed bears.

A Bridgeport socialist, who knew that the United States money in circulation had tripled from \$8,000,000,000 in 1940 to over \$24,000,000,000 today, asked a local banker: "Why am I not three times as rich now as I was seven years ago?" This interested the banker enough to take a Gallup Poll of the next 100 women leaving his saving bank. He asked each woman how much money she usually carried in her pocketbook before World War II? These women usually replied: "About four or five dollars." He then asked them to count how much they now had as they left the bank after making their weekly deposit. He found that all the women of Bridgeport were averaging 12 to 15 dollars in their pockets—three times what they formerly carried.

But why do these people vote the socialistic ticket? The answer is because Bridgeport has an honest Mayor Jasper McLevy, who leads the Socialist party but who truly loves the people. He looks at every boy and girl as if it were his own boy or girl. He has a heart, generous with the poor, enforcing the laws and especially protecting youth. He is more than mayor of the city; he truly is the loving father of the city and all its people. Let us not think only of money when people talk socialism. There are many things much more important than money by which cities and people should be judged.

I continue to be optimistic for the many "Bridgeports" in the United States, although sometime there will be a day of reckoning for all unless we think more of other people and get out of debt. The next panic will come suddenly "like a bolt from the blue." Although our domestic situation is good, the foreign is bad. There are no prosperous "Bridgeports" in Europe. Communism is very different from socialism.

## Lubbock Man Tells Rotarians Average Man Civic Minded

"The average man is honest, the average man is careful and he makes a good citizen in any community in which he lives," D. B. Hiatt of Lubbock, lubrication engineer for Gulf Oil Corporation, told Snyder Rotary Club members at their regular weekly luncheon last Thursday noon at the Manhattan dining room.

Hiatt, in fact, chose as a subject "The Average Man." He included a considerable array of statistics as to reactions, habits, etc. The Lubbock engineer stressed the fact that the overs and unders, however, added up to every day living and playing.

Broadway Browning, vocational agriculture instructor at Snyder High School, gave an interesting account of the state-wide VA teacher course he recently attended at Texas A. & M. College.

### Cotton Loses \$5 Bale Last Week Despite Big Sale

"Spot cotton lost more than \$5 a bale from last week," latest Weekly Cotton Market Review of Agriculture reveals for the 1,452 farmers of the county.

"Purchase of 30,900 bales of cotton under Army Purchase No. 1 for export by the U.S. Army to Japan and Korea was announced by the Commodity Credit Corporation. About 23,000 bales, it will be noted, were of spotted grades of which 17,000 bales were strict low middling spotted. All bids submitted under Purchase No. 3 for pooled comber waste were rejected.

"Rains in the Corpus Christi Valley resulted in a gradeswift"SH ley resulted in lower grades and current earnings are runnings mostly strict good ordinary to strict low middling.

"Scurry County farmers will note that demand from domestic mills was only fair for the week just ended.

"Considerable cotton, is being snapped in the Coastal Bend. Early planted cotton was opening in Central and North Texas. Deterioration was reported in most parts of Texas due to dry weather. Moisture conditions were more favorable in Oklahoma but rains would indeed be beneficial.

"County farmers will be interested in the fact activity in the textile markets was spotty with buyers reported to be watching the declining price of cotton and awaiting further developments before making extensive commitments.

"Cotton production," the market review continues, "11,344,000 bales of 500 pounds gross weight was forecast by the Crop Reporting Board based on condition as of August 1, 1947. The indicated production is 37 per cent, or 3,204,000 bales above the small crop of 8,640,000 bales for 1946 but is over 500,000 bales below average production for 1935-1945.

"Indicated yield per acre was 270.8 pounds. This is 35.5 pounds above the average. If abandonment is equal to the 10-year average the acreage for harvest this year will be about 20,989,000 acres," the review concludes.

Sheward colors at The Times.

HERE SIX STARS from four Texas schools get together at Ennis Creek school, Friday. Left to right are Ted Scruggs of Rice, Weldon Humble of Rice, Leonard Dickey of Texas A. & M.

with the Chicago Bears in Soldier Field, Chicago, August 22. Left to right are Ted Scruggs of Rice, Weldon Humble of Rice, Leonard Dickey of Texas A. & M.

College, Monte Moncrief, also of Texas A. & M., William "Spot" Collins of Texas and Jim Reed of Texas Tech, Lubbock. The Friday title will draw big crowd.

### Revival to Begin at Ennis Creek Friday

Baptist leaders of the Ennis Creek community are announcing that a revival meeting will begin at the Ennis Creek school house Friday night of this week, and will run for 10 days through Sunday, August 31. Services will begin promptly each evening at 8:15 and Sunday mornings at 11:00 o'clock. The public is extended an invitation to attend this series of religious services.

Rev. Leslie Kelley of Hardin-Simmons University will be the preacher for the revival, while Jack Inman of Snyder will direct the music.

The meeting is being sponsored by the Brotherhood organization of the First Baptist Church of Snyder.

Speak Carefully.  
Mary had a little lamb,  
Its foot was black as soot;  
And right on Mary's bread and jam,  
His sooty foot he put.

### Insurance Minded

CANDIDATE for Congress in the 9th Texas District in Saturday's special election is Mayor J. C. Trahan of Texas City.

The wood frog can turn in mid-air.

### School District Voting Clarified by Attorney

Several school districts in Scurry and Fisher counties will be interested in the ruling this week by Price Daniel, attorney general of Texas, on who can vote in converting a common into an independent school district.

"All persons," the ruling points out, "who are qualified voters and who are residents of a common school district are entitled to vote in an election to convert a common school district into an independent school district."

It is of interest to note that the Texas Extension Service has operated the combine program, placement of sheep shearing crews, liaison work between Texas Latin-American workers in other states and various emergency farm labor recruitment programs and placing of prisoners of war.

### Labor Program To Remain in Full Force For Year

Scurry and Borden County farmers are advised this week that the farm labor program of the Texas A. & M. College Extension Service will continue in full force until the end of the year.

It advises Caesar (Dutch) Hohn, principal speaker here several weeks ago at the Snyder PFA banquet, who is state supervisor of the program.

The program has been operated by the Texas Extension Service under congressional authorization since the spring of 1943 when the acute farm labor shortage demanded emergency action—but will revert to the Texas Employment Commission on January 1, 1948, Hohn informs a Times reporter.

"There will be no let-up in the educational work now being carried on with laborers and farmers," Hohn continues. "The extension program throughout has been educational and designed to bring about better understanding between laborer and employer so they might better realize it is to their mutual interest to cooperate fully."

Texas Extension Service has always felt that if the right understanding existed between laborer and producer, there would be no necessity for an agency to do placement work, since placement would take care of itself, Hohn declares. He points out that the extension program has been based on the idea of getting correct information to the workers and farmers alike.

Farm labor center in Snyder and other spots at strategic points throughout the migrant areas of the state, will become the responsibility of the communities, Hohn states. He sincerely hopes communities will continue to maintain the centers either on their own or in cooperation with the employment commission.

It is of interest to note that the Texas Extension Service has operated the combine program, placement of sheep shearing crews, liaison work between Texas Latin-American workers in other states and various emergency farm labor recruitment programs and placing of prisoners of war.

RETIRING from athletics to enter the insurance business in Tyler is Lil Dimmitt, assistant football coach at Texas A. & M. College. Dimmitt has been associated with athletics at the school for 13 years and was a coach or trainer for athletic teams for a period of 25 years.

### Mechanized Unit Expecting to Get Equipment Soon

Snyder's National Guard Troop A, 124th Cavalry Reconnaissance Squadron, has the go-ahead "green light" this week for organizational purposes. This is the long-awaited "federal recognition" unit backers have been awaiting.

Captain Dawson Moreland, troop commander, in fact received approval over the week-end from Austin to proceed immediately with troop organization.

Go-ahead signal for organizing the Snyder National Guard Unit has been received with considerable enthusiasm, for the local unit will have a complete roster of 120 enlisted men and six officers.

Captain Moreland reports the Snyder unit now has 60 days in which to get a full roster of guardsmen and have the National Guard Armory, formerly the NYA Building, ready for inspection.

Following approval from Austin, first man to sign up with the Snyder guard unit is Willard Ainsworth, associate of Ainsworth Shoe Shop on the south side of the square.

Ainsworth, a World War I veteran, served 37 months in the U. S. Army, approximately two years of which was spent in the South Atlantic. He also saw considerable service in Italy, and received his service discharge with the rank of corporal. Willard was attached to the Air Service Command.

Snyder National Guard Armory, located on 26th Street and just south of the City Hall, was donated for the guard purposes by the City of Snyder and the County of Scurry.

Under terms given Troop A by the city and county, the former NYA structure will be utilized as an armory until the State of Texas decides to build an armory for the Scurry County area.

National Guard officials are hopeful, too, that some of the unit's mechanized equipment will arrive here soon.

The Adjutant General's Department, State of Texas, on August 5 announced appointment of Moreland as captain for the Snyder National Guard Troop.

Following Moreland's appointment as captain, the Adjutant General's Department announced appointment of Doyle Bynum as second lieutenant for the unit. Doyle, Marshall Furniture manager, was discharged with 81st Cavalry Reconnaissance Squadron.

Captain Moreland reports a full-scale enlistment program is now getting underway for the guard unit. Application blanks may be secured from Lieutenant Bynum at Marshall Furniture, or offices of the Chamber of Commerce.

Ex-service men of World War II and all others interested in Snyder having an outstanding guard unit are urged to secure enlistment blank and get their enlistment records together as soon as possible.

Snyder gained recognition through out the Southwest with the old National Guard, Company G, 142nd Infantry; but this unit was mobilized, in November of 1941 and became a part of the crack 36th Division.

With federal mobilization, this meant an end to Snyder's National Guard Unit. The town has been without an active unit almost six years.

Additional information on Snyder's Troop A, 124th Cavalry Reconnaissance Squadron will be released in The Times in the near future.

### Performers Place In Amateur Hour At Colorado City

Snyder Night program put on Friday evening by a local group at the Amateur Hour contest at Colorado City saw first top placings go to Snyder contestants.

Harold Lewis Wade played first with his piano number, and Jo Ann Miller, daughter of Mr. and Mrs. Charley Miller, took second place with a tap dance specialty. Third place honors went to Dub Everett with his saxophone solo.

Friday evening's program in Ruddle Park was sponsored by the Colorado City Chamber of Commerce.

Mrs. James K. Polk and Mrs. Gerald Gordon directed the Snyder Night numbers. Participants, in addition to top place winners, included: Edwells Polk, piano solo; Barbara Nichols, reading; Ted McMillan, piano solo; Dewey Faye Everett, vocal solo, and Betty Lynn Gatlin, a vocal.

Keen interest was expressed in Friday evening's convalescence, reports the Colorado City Chamber of Commerce. A good crowd was on hand to witness the Snyder Night numbers.

Misdirected Intentions.

A woman wrote of her husband: "He's the sort of man who always hits the nail squarely on the thumb."

# Kathleen Norris Says:

## The All-Important Word

Bell Syndicate—WNU Features.

Some might ask him how that Collins matter came out, and add, "but you're such a wonderful person, Johnnie, they're lucky to get you."

By KATHLEEN NORRIS

**I**F MY husband only was more appreciative," women say. "If only now and then he would say something in praise of what I do. It would make things so much easier!"

Women have been saying that ever since there have been wives and husbands in the world. To drudge along day after day and year after year over household tasks, sometimes tired and discouraged, sometimes confident and content, is hard. And just a few words of honest admiration and appreciation are such a bracing tonic—they stay in a woman's heart all day!

But how many women return the compliment? How many wives realize that men are as tired, as doubtful, as sensitive as they? How many take time to say to the man of the house those few phrases that equip him with the courage and strength he needs for the day?

I've never had much patience with that mushy, sentimental type of wife who tells you that she and her Douglas are as tenderly devoted today, after 17 years of marital ups and downs, as they were on their honeymoon. Such a woman is either a limp, feminine burden upon a man who carries the load for both, or she is—flatly and simply—a liar.

But just the same, a few affectionate words, from a busy man to a tired woman, or from a happy wife to an overburdened breadwinner, are magic. Don't let your life go on without this special brand of witchcraft. Middle-age—early middle-age, can grow dull and heavy without it.

**Risk Losing Him.** And if you let your husband go along for months and then years with never a heartening word, you are risking the very real danger that some other woman will find it for him. If you pour his coffee with your eyes on the morning paper, answer him abstractedly or indifferently when he risks a question, you may be digging your own grave as a wife.

Some day try following him to the door with just a few cheerful words, instead of sitting on the table, grumbling about the price of jam. Some night ask him how that Collins matter came out, and add, "but you're a wonderful person, Johnnie. They're lucky to get you." Some day tell him that you told a less fortunate wife that you and John were closer today than 10 years ago. And some day say one of those things that stay with a man, even if he never could express them himself. Something like, "I want you to know that I appreciate what you do, John. That it isn't all easy for you, with today's competition, and Jackson being so ugly, and the new offices not being done." Some day say in his presence, to the children, "Do you realize that you have a good daddy?"

These are such trifles. They don't pay bills, they don't put the car in order or take up the sitting room carpet. They don't make Mother younger, or increase Dad's salary.

**Inspiration and Hope.** Or do they? In the last analysis I think they do, and perform a hundred more miracles as well. The courage they put into our hearts, the lift they give to household tasks, the doors they open to new plans and new hopes—these are not only a thousand times more important than dollars and cents, but they

Men get tired, discouraged, too. . . .

### SHOW APPRECIATION

So many wives complain, and with reason enough, that their husbands never tell them that they appreciate all the work, weary and sacrifices. Too many married couples tend to take each other for granted. Men seem to be dull and ungrateful, and some of them are, but the majority just don't make the effort to say the few kind words that can change the whole picture from gloom to brightness.

On the other hand, as Miss Norris points out in today's article, many wives never stop to think that their husbands have many burdens to bear. There are financial worries, difficulties in business, quarrels and arguments in the office. Often he sees some one else being advanced, unfairly as he believes. On top of this he has to take his share of responsibility for problems of his home. Wives who think their husbands have a gay round of golf and poker with a little work in between, are often quite wrong. Many men are putting a brave front on a painful life.

If both partners in marriage would strive to show how much they really appreciate the efforts and struggles necessary in a successful married life, they would both be happier, continues Miss Norris. Kind words are inspirations, making hardships and difficulties easier to face. A few words at the right time may alter the whole appearance of things.

help a man to make new efforts, and these show right away in any family's budget. When talk at home is either non-existent, or resentful and bitter, a man begins to look about for a poker game or a pleasanter lady who would like some flowers, and many a woman goes downtown in a towering fury who buys not only the extravagant dress but the hat, too, yes, and the shoes, too, and Bill Brown lumps the bills if he doesn't like them!

One husband, years ago, turned at the door as he left a troubled, tired woman behind him. "Honey," he said, "this is a mean sort of time. But we'll get that thing paid, and little Duffy will get over her bronchitis, and we'll be in the country some day, and I'll never forget the way you pulled your weight now!"

She didn't need any more. She was on wings that day and for many days. She reminded him of it years later, when they really did have a country home with children racing about it, and when the budget wasn't a fiery-eyed monster who crept out of the shadows every month, but a respected friend. She went back in her memories to a city flat, two sick children, the staggering blow of a heavy and unexpected bill, her own fatigue, hard days at the office for her husband, rain falling—and the smile from the doorway, and the words that carried her over the flood like the grip of a strong and loving arm.

**Cook Meat in 50 Seconds**  
A sirloin steak can be cooked in 50 seconds by electronics, a meat authority says.

Redman B. Davis, information department director for the National Live Stock and Meat board, said that a husband may never have to wait for a meat dish again if cooking by electronics becomes universal.

In laboratory tests, he said, grilled ham steak was cooked in 50 seconds and frozen meals thawed out and served hot in two minutes.

# The Times' Weekly Page of World News in Pictures

**AMERICAN HARVEST SCENE . . .** Largest wheat crop in the United States is being harvested as farmers throughout the land strive to store the overflowing abundance of grain in their elevators, which were quickly filled to capacity. A shortage of grain cars also added to the difficulties. In the photo, a farmer on his combine is harvesting his wheat crop at the foothills of the Colorado Rocky mountains near Pueblo. He weaves irregular patterns because of the uneven topography.

**BURIAL IN PALESTINE . . .** The body of Sgt. Clifford Martin who, with another British sergeant, Mervyn Paice, was hanged in a mine field by Jewish underground fighters in Palestine, is shown being carried by fellow sergeants passing mourning party of men of his regiment. The two men were buried in a British forces cemetery near Lydda, Palestine, where St. George of England was martyred in the year 303 A. D. Violence and implacability of the Jews' battle to secure Palestine as a homeland has attracted the intense interest of the whole world.

**GENIUS COMES YOUNG . . .** Ferruccio Burco, eight years old, is just like other boys—except for one thing. He's a genius, or so many music critics say. The Italian boy, shown here with Italy's elder statesman Vittorio Orlando (right), is one of the world's youngest concert maestros. He conducted his first piece when he was four years old and elicited raves from the critics. Since then he has conducted more than 45 concerts.

**DOG IS DOE'S PROTECTOR . . .** A young doe, wounded by hunters, found a true nurse and defender in "Laddie," collie pet of Mrs. Warren Lewellen, shown here with the animals at her farm near Bedford, Mass. Doe was brought to the farm by Mrs. Lewellen and her husband after they found the wounded animal in a nearby wood.

**READY FOR THE PAN . . .** Customers at a Brooklyn fish market are admiring the star attraction, a huge 893-pound tuna that was caught off Long Island only after it had ruined \$500 worth of trap material.

**MODERN PORTIA . . .** Mrs. Florence A. Quinn of Brooklyn is the first woman ever to be named as a criminal law investigator in Brooklyn, which sounds like a big achievement.

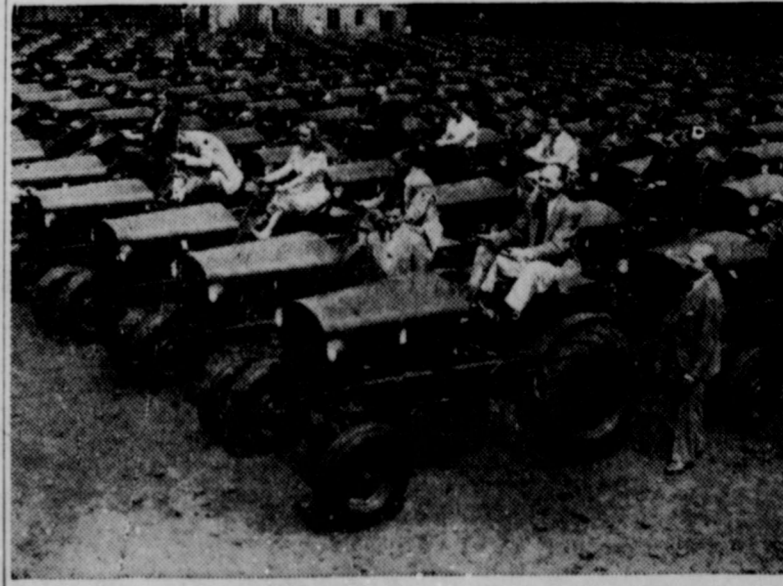

**FOUR WET HENSNS . . .** While practically everyone else in the country was sweltering and squirming in the supercharged heat wave a white back, this foursome got cooled off with a sprinkling can wielded by Nurse Virginia McCormick at St. Agnes hospital in Baltimore, Md. The tots are quadruplets, born last December to Mr. and Mrs. Charles Henn.

**EARTH SHIFTING THREATENS TOWN . . .** Two hardy members of the opposite sex, residents of Welch, W. Va., brave a stroll on the buckled streets of the town after sections of the little city started to sag alarmingly because of a mysterious shifting of the earth. Huge cracks appeared in several large buildings, and inhabitants were fearful that their homes would be destroyed.

**IWO JIMA, TWO YEARS LATER . . .** Two years after V-J Day, the once bloody and embattled island of Iwo Jima presents a peaceful, if barren, appearance. Two members of the present United States garrison there are looking at the flag on the memorial erected to the men of the 28th regiment, fifth marine division.

**TRACTORS TO THE ARGENTINE . . .** Members of the Institute of Argentine trade promotion are shown seated on some of the new type tractors scheduled for shipment to Argentina where they will be used to cultivate that country's vast wheat fields. The tractors are lined up outside the factory at Manayunk, Pa. There are 1,000 of them ready for shipment to the South American nation.

**TURKISH TRACK STAR . . .** Long distance runner Esref Avdin of Istanbul, who came 10,000 miles to run 10,000 meters in national AAU meet, liked the U. S. so well he decided to stay and enroll in University of Nebraska.

**DOG DAYS MADE EASY . . .** At this stage in the life (all one month of it) of Corky the pup, the only thing he can lick is an ice cream cone. Corky, who belongs to Joan Struck, 16, of Milwaukee, Wis., turned to ice cream as an escape from the heat.

**RECORD BREAKER . . .** Maj. Howard (Deacon) Mively, AAF pilot of Norman, Okla., made a record-breaking round trip in a P-80 Shooting Star jet plane from Mitchell Field, L. I., to Washington, D. C., and back.

**BACK TOGETHER . . .** Mrs. Flora Van Buskirk (left) of Loomis, S. D., and her twin sister, Mrs. Cora Scougall of San Francisco, celebrated their joint birthday anniversaries in San Francisco as a climax to their first visit together in 32 years.

**AILING HIPPO . . .** Pete the hippo, his Bronx zoo attendants finally decided, was feeling poorly. He was listless during the day and suffered from insomnia at night. It turned out he was suffering from the heat.

### Ship Peas From Field to Cannery by Airplane

Some Eastern farmers are sending green peas by airplane to canneries.

Worked out jointly by the Co-operative Grange League Federation, Inc., of Bloomsburg, Pa., and the Seabrook Farms, Inc., Bridgeton, N. J., the plan enables the packing of peas for home consumption within hours after they are harvested. In addition to cutting down the time lost between field and cannery, the method enables the pro-

cessing plant to extend its season by about 18 per cent.

John Seabrook, general manager of the Seabrook Farms, declared that air transport enables the cannery to receive peas harvested in higher altitudes where they mature later in the year than in areas adjacent to the Bridgeton plant.

Twin-engine Douglas DC-3 planes are used as carriers. About 6,000 pounds of peas are carried on each 125-mile flight to Bridgeton.

WEEKLY NEWS ANALYSIS
Second Atomic Year Observed;
Attlee Outlines Crisis Program;
Hughes, Brewster Fight It Out

(Released by Western Newspaper Union.)
(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

Hiroshima, the atom-bombed city in Japan where 92,000 persons were killed, has gone far toward rebuilding...

At the same time, Attlee, however, was criticized sharply by parliament on the grounds that his scheme is far from equal to meeting the desperate requirements of the situation...

Mixing a deeper shade of purple into the already somber picture, Attlee said that the U. S. loan of 3.75 billion dollars, which was supposed to have lasted until 1950, will be used up by the end of this year.

Both Conservatives and Left-wing Laborites attacked the Attlee program on the ground that it was "too little and too late," charging specifically that the government was coping with the crisis too hurriedly and had waited too long...

Hence, one of the secondary factors in the Attlee program is an effort to get the U. S. to relax some provisions of the loan. Secretary of State Marshall already has consented to a high-level conference on that subject.

Some principal points in the plan are:
1. Monthly cut of 48 million dollars in food imports.
2. Withdrawal of 133,000 overseas troops by the end of December...

This is it. Paradise has been regained. Shining vistas promising the painless drilling of teeth have been opened by a new and revolutionary anesthetic which can be applied simply by painting it on the molar...

Record production and good prices which have prevailed in recent years not only have resulted in higher incomes for farm operators, but also in improved living conditions for their families...

INSOLENCE:
Slap Hands
The United States, visibly irked by recent actions of the new Communist Hungarian government...

Second cause for U. S. anger was the arrest and beating in Budapest of an American citizen and the subsequent unsatisfactory explanation of the incident offered by Hungarian officials.

The incident grew out of the arrest of Stephen T. Thuransky, an American citizen, for his alleged "revolting and scandalizing vilifications in public" of Hungary's president and other government members.

In the protest note, the state department pointed out that the arrest of an American citizen on purely political charges is "absolutely inadmissible" under the armistice agreement which prevails in Hungary.

Orson Welles, the man who didn't come from Mars, has found himself, to put it politely, on the horns of a dilemma. The self-designated genius was quoted recently as saying he had killed 20 bulls...

"So let us do a corrida (series of fights) this season in Tijuana for the motion picture relief fund. I am sure the impresario would give us a Sunday afternoon. What do you say to two bulls apiece?"

Robert M. Hutchins, chancellor of University of Chicago, said that two atom bombs which now could be manufactured would make the United States uninhabitable if exploded simultaneously.

Following in the sawdust footsteps of her big top forbears, Mabel Ringling is one of the troupe now appearing with Ringling Brothers and Barnum and Bailey circus.

The Aleutian islands, that long, cold chain of fog-bound rocks which started many an American G.I. talking to himself during the war, is being integrated into the pattern of the North American defense system.

General of the Army Dwight Eisenhower has revealed that the framework of strategic bases in the Aleutians is being kept intact for rapid expansion if necessary.

A bill to stabilize the social security tax at 1 per cent each for employers and employees until January 1, 1950, has been signed into law by the President.

President Truman, who was given a matador's ovation when he visited Mexico City last March, is planning now to descend farther into the hemisphere to Rio de Janeiro.

### Cotton Prices Break Then Rally, Eggs Up, Southwest Market Review Shows

Cotton prices broke, then rallied after the government report with a close of 25 to 75 cents lower per bale, top quality eggs brought 22 to 24 cents in Fort Worth, medium to good spring lambs brought \$20 to \$23.50 at Fort Worth and hog prices closed at \$27 to \$27.50, latest Weekly Swing of Southwest Farm Markets reveals.

The review, prepared by the Production and Marketing Administration, follows:

Most farm products sold steady to strong last week, but many week spots developed in livestock and vegetable markets.

Cotton prices broke sharply following the government crop report, but rallied late in the week to close mostly 25 to 75 cents lower. Lowered quality in South Texas caused by recent rains slowed interest of buyers who want the higher grades.

Grain markets showed more settled tendencies last week. Wheat and barley changed very little, while corn and oats made slight gains, and sorghums closed a little higher after some fluctuations. Varying weather conditions in the corn belt affected the daily market on feed grains, and more new crop Texas corn was sold.

Alfalfa hay found active demand at higher prices, but prairie hay turn slow, draggy. Farmers' stock peanuts met good demand in South Texas, where picking increased. Wool buyers slowed activities in order to inventory recent heavy purchases.

Top quality eggs sold a trifle higher on most southwest markets last week, and hens strengthened slightly at Dallas. Heavy hens brought 23 to 25 cents per pound at Dallas and 22 to 24 at Fort Worth.

Best white candled eggs sold around 50 cents a dozen, and mixed about 45.

Most steers, yearlings, and heifers sold strong at \$1 or more higher at Denver and Oklahoma City last week, but grassers fell as much as 50 cents at the latter market, and

yearlings weakened at San Antonio. Cows sold lower at Houston, Denver, and San Antonio; while calves and stocker classes went at steady to lower levels at San Antonio, Wichita, and Denver. Good cows brought \$14 to \$15 at Houston and San Antonio, and \$15.50 to \$18 at other southwest terminals.

Sheep and lambs moved at strong to sharply higher prices at Fort Worth last week, but spring lambs showed some weakness at Oklahoma City and Denver, and feeder lambs and goats fell at San Antonio. Medium to good spring lambs brought \$18 to \$19.50 at San Antonio, and \$20 to \$23.50 at Fort Worth and Wichita.

Hog prices dropped \$2 to \$3.50 at Denver last week, while at Oklahoma City slaughter classes last 50 cents, and pigs fell \$2 to \$3. All classes sold strong at Wichita, and mostly steady to strong at other southwest terminals. Closing bulk of good and choice medium weight butcher hogs went largely at \$27 to \$27.50.

#### Pay Expected Soon in Stonewall Oil Wildcat

Local operators who have interests in the area were advised Tuesday top of the Ellenburger is expected momentarily in the Stonewall County deep test one mile southwest of Peacock.

Project is Pan-American Production Company No. 1 T. B. Matthews, 330 feet from the north and east lines of the southeast quarter of Section 313-D, H & T C Survey.

Test, at the latest report, was below 6,000 feet and while no official information is being released, it is apparent there have been no large shows of gas or oil at shallower depths.

#### Alton Collier Goes to Bay City with Radio

Alton Collier, son of Mr. and Mrs. A. J. Collier of Hermleigh, now sales manager of Radio Station KGRH, Fayetteville, Arkansas, will take over his new duties as general manager of Radio Station KIOB, Bay City September 1. Alton was formerly employed at Sweetwater, Odessa and Santa Rosa, California, stations.

The former Scurry Countians will be accompanied by his wife, Betty, to Bay City, where they will make their new home.

#### Maybe the Next Is Fatal.

Little Mary, aged five, came running up to her mother, crying: "Oh, mother, dear! You'd better come quick and get daddy!" Mother—"Why, dearie?" "Little Mary—"Well, daddy and Mr. Smith are down in the cellar and I heard Mr. Smith tell daddy to give him another shot!"

### Texas Pensions Go to More Than Any Other State

For the past 11 years now the government has doled out a meager subsistence to old folks in Scurry County who cannot earn their own livelihood.

Scurry County old age assistance rolls now number slightly more than 300 persons. The government subsistence, under guise of old age assistance, was supposed to bridge the gap between the beginning, and the total effectiveness of the so-called old age and survivors' insurance features of the Social Security Law.

Theory, as local people understand it, was that the number receiving direct assistance would dwindle away. In the face of such a theory, Texas now has more pensioners on its rolls than ever before; more than any other state in the union.

If all the larger states, Texas, New York, Illinois, California and Pennsylvania had approximately the same number of pensioners, the matter would be understandable, but Texas has more than any other state. New York, for instance, has twice as many people but 75,000 fewer pensioners. California has 2,000,000 more population and 15,000

PROBABLE TOP CONTENDERS in the six-man race for congressman of the 16th District of Texas will be Kenneth M. Regan of Midland, left, and Woodrow W. Bean of El Paso, right. One Odessa candidate and

three other El Paso citizens besides Bean are in the race. Elsewhere, three are in the race for 9th District congressman and three in the melee for state senator of the 18th Senatorial District.

fewer on the assistance rolls, and if the present number in Texas increases the government hasn't any kind of ready answer for the problem.

Hartford, Conn., is known as the largest insurance center in the world, with forty insurance companies located there.

### Courtesy Traffic Cards Being Used By Snyder Police

With a stiff penalty for those who break Snyder traffic regulations, members of the city police force this week began distribution of courtesy tickets printed in The Times plant.

Simon Best, city marshal, and other members of the police force want to be entirely fair with out-of-town visitors, and on the courtesy tickets those causing traffic infractions will receive are these pointers:

"It appears that you are a visitor to Snyder. The Snyder Police Department extends a hearty welcome to this city and is exerting every effort to make life safer in Snyder through observance of our traffic ordinances. In this undertaking we ask your cooperation. Therefore, for your guidance, we list below some violations of our traffic ordinances:

"Making U turn at light; heading out from center parking; no left turn out of alley, parking in alley, parking within 11 feet of a fire plug, parking should be heading 45 degrees, no parking at any place where official sign prohibits and double parking.

"In downtown Snyder, the courtesy ticket continues, 'It is legal:

"To make a right hand turn on the red light, provided, you first come to a complete stop. To make a left hand turn at any street intersection, provided you drive with that it can be made in safety and make the proper signal. We again welcome you to the City of Snyder. We hope you will enjoy your stay. If you want any information, or if we can help you in any way, do not hesitate to call the Snyder Police Department."

All Snyder and Scurry County motorists are urged to clip the above regulations for future reference.

### Paden Leads Revival At Lloyd Mountain

Cancelled from previous dates because of a possible polio threat, Church of Christ revival at Lloyd Mountain will begin Sunday morning, church leaders reported at mid-week.

Bro. Clive Paden of Brownfield will direct evangelistic services of the revival, which will continue through Sunday, August 31.

Donald Ray Scott of Snyder, it is stated, will lead congregational singing. Morning services of the meeting will start at 10:45 a. m. and evening services, which will be held outside, will get underway at 8:15. People of Lloyd Mountain and neighboring communities are invited to worship with the congregation in the series of services.

### Good Reason.

Father—"Willie, were you quiet at school today?"

Willie—"I'll say so. I went to sleep as soon as I got there, and the teacher said she'd punish anyone who woke me up!"

### Bulletin Presents Data on Insects Damaging Cotton

A new bulletin, "Cotton Insects," has just been released by the Texas A.&M. College Extension Service, Scurry County farmers are informed. Distribution will be to county extension service offices for use in cotton insect control.

"Cotton Insects" is authored by Charles A. King Jr., associate extension entomologist, and gives the life history, description and control measures for the major cotton insects—leaf worm, boll weevil, boll worm, red spider, flea hopper, and aphid. The publication has color illustrations showing exactly what the insects look like in different stages of development—and how the damage of the insects shows up on cotton plants.

Due to the limited quantities available, the publication is aimed at the present time at county agricultural agents, vocational agriculture teachers and other farm workers who are attempting to do cotton insect control work. All cotton farmers of the area are urged to contact their local county agent to get the benefit of information in the bulletin.

A preview of "Cotton Insects" indicates that though a loose binding arrangement of the book is put together so additional information or changing recommendations may be stapled to bring it up to date from season to season.

### Chrysler Car Prices Follow GM Raising

Scurry and Borden County prospective buyers of Chrysler cars are advised an increase of \$75 to \$130 in price of Chrysler vehicles went into effect Monday.

Price hikes went into effect on Plymouth, Dodge, DeSoto and Chrysler cars. Some Dodge truck models, it is stated, also went up Monday from \$45 to \$143 per unit.

The Chrysler Corporation, in a statement to The Times, said price boosts were caused by increased material and labor costs. General Motors announced a two to six per cent boost August 1. Only Ford Motor Company remained holding the automobile price line this week out of the big three.

**SALSBURY SAL**

*I'm Strong as a "Tarzan," I'm Big and I'm Tall—From That 2-Tablet Treatment Of Good REN-O-SAL!*

A Double-Purpose Medicine—It Also Controls Coccidiosis

### Grid Practice Starts At Hermligh School

Football practice for the Hermligh Cardinals in the form of calisthenics began Monday at the Cardinal football stadium.

H. H. Swan, Hermligh football coach, says he expects a good lineup of players this fall.

Alabama is a Creek Indian word meaning "place of rest."

### Watch Your Step.

The battleship was in port and visitors were being shown around. The guide was exhibiting a bronze table set in the deck.

Guide—"Here is where our gallant captain fell!"

Nervous Old Lady—"Well, no wonder. I nearly tripped over it myself."

### South Plains Fair's Catalog Due Out Soon

Scurry County 4-H Club FFA boys who plan to have entries in the 30th Annual Panhandle South Plains Fair September 29 - October 5 will soon have copies of the fair catalog.

So advised officials of the Panhandle South Plains Fair, who say the county agent, vocational agriculture teachers and others will receive

### Appropriate Question.

A girl attended her first ball game. After watching the entire game she met one of the players. In her sweet little way she asked:

"Why does the fellow behind the plate wear the muzzel when it's the one with the big stick in his hand that does all the growling?"

copies of the catalogue. Extra copies of the catalog, giving prize lists, etc., can be obtained through the Lubbock Chamber of Commerce.

"I like that country--it's very healthy. All the time I lived there, I never paid a doctor bill."

"Yeah, I know. I met the doctor and he told me you didn't."

Only Consolation

Asked what he thought of the two candidates for the election, an enlightened voter replied: "Well, when I look at them I'm thankful only one of them can get elected."

**HOW IT STARTED**

**THE DEVIL TO PAY**—The nautical phrase is "The devil to pay and no pitch boat." The outside seam of a boat, sometimes called the waterway seam, earned the name of "devil" among the caulkers because it was the hardest one that had to be "payed" with pitch, and so a very difficult job is indicated.

**HE'S A BRICK**—Derived from an ancient king saying that his soldiers were a wall around his kingdom, and that in that wall every man was a brick.

**CUREEW**—The word comes from the French *couvre-feu*, meaning to "put out the fire."

**NEEDLECRAFT PATTERNS**

BEST LOOKING GIRL IN TOWN

By THYRA SAMTER WINSLOW

FROM the time she was thirteen Rilla Mabry had been shamed by her appearance. It was then that she started shooting up higher than the other girls. She was awkward as well as tall and she was too thin.

By the time she was twenty she was fully convinced that her appearance was really something terrible. All of the other girls seemed little and cute and attractive. No matter what Rilla wore it seemed to be too much for her.

All of the boys and girls in the crowd liked Rilla. She was a fine girl—if you could forget the way she looked. Even her hair was wrong—sort of stringy—but she had a pleasant and rather attractive face.

In spite of her looks Rilla had a boy friend. He was Patrick Redding and his father kept a grocery store. Pat wasn't any great catch—but then you really couldn't expect Rilla, with her looks, to do any better.

That night, for the first time in her uneventful life, Rilla Mabry was belle of the ball. and often miserable about her appearance. And here, the first authority on beauty who had ever been in town, acclaimed her as the prize.

He saw Rilla, standing not quite straight because she didn't feel quite as tall that way, in a badly fitted dress and her hair not quite smooth—and he saw Shane, perfectly groomed—for Morrville—self-confident, good looking. And then Pat came to ask Rilla to dance.

On the second day of his visit Durant made his remarkable statement. He declared, to anyone who would listen to him, that Rilla Mabry was by far and away the best looking girl in town. One of the best looking girls he'd ever seen.

Rilla had never had a compliment about her looks before. She had always been shy, self-conscious

first time in her life, the belle of the ball. Toward the end of the evening Durant had the satisfaction of seeing Shane Tennant dancing attention. Shane Tennant, whom Rilla had looked at with longing eyes—and who had paid no attention to her.

Durant went back to his home in New York. And forgot all about the whole thing. And years passed. And the sequel happened just the other day.

Durant was lunching alone at a restaurant when an attractive, tall woman, past her first youth, came up to him. "You don't remember me," she said.

That night, for the first time in her uneventful life, Rilla Mabry was belle of the ball.

When Durant, himself, told her what he thought of her she was filled with confusion. She managed to stammer her thanks. And later, very shyly, she went up to him. "I do wish you'd tell me how I can look better," she said.

"I'm not suited for the task of illy-gilding," he told her, "but maybe if we got together—" They got together the next morning. Durant came to Rilla's house, and, with Rilla's mother acting as helper, they did things to Rilla and Rilla's clothes. Durant spade her stand up straight. And rearranged her hair. And told her what was wrong with the clothes she wore.

That night there was a dance for Durant—his last evening in town. And, as he had thought when he started things, Rilla was, for the

HOUSEHOLD MEMOS by Lynn Chambers

For Real Vitality, Try a Good Breakfast (See recipes below.)

Morning Meals

Don't try to argue your family into eating a whooper of a breakfast. Make it so good and interesting that they just can't refuse it! You may have found that coaxing helps your family to eat luncheon and dinner, but as you may know, it just won't work for breakfast.

The things that do work are variety, downright good food, gay, cheerful dishes and linens, and pleasant attitudes. Of course the time element is important, and this may need a bit of working on if your folks are in the habit of sleeping until the last minute and then trying to dash off some fruit juice and coffee.

When you sit down to think about it, those five minutes extra sleep really don't make you any more rested, so get the family up early enough to eat breakfast properly. Mother can help this along by getting up and starting breakfast. The smell of pancakes or bacon plus the aroma of coffee really does help in getting the family started on their way out of bed.

Breakfast should start off with fruit or fruit juice. This not only is refreshing, but also is a good way to get started off on those vitamins and minerals for the day. Follow the fruit with cereal, prepared or cooked, and vary this from day to day. If the cereal looks a bit uninteresting, plan to serve fruit with it to add a touch of color and flavor.

Eggs are recommended for breakfast whether you have to watch your calories or boost them. But, do serve them in different ways so they always remain interesting. Then, too, you can use eggs in waffles and pancakes when real variety is desired.

Interesting breakfast breads do a lot toward making the meal one to anticipate with delight. Try a brand new coffee cake or toast some of the homemade breads for real deliciousness.

"Healed Bread. 1 cup sifted white flour 2 cups graham flour 1 teaspoon salt 1/2 cup sugar 1 teaspoon soda 1 1/2 cups soured milk 1/2 cup molasses

Mix together the dry ingredients. Dissolve soda in soured milk and add the molasses. Add liquids to dry ingredients and mix thoroughly. Pour into two greased pans and bake slowly in a slow (325-degree) oven for 1 1/2 hours. If desired, raisins and/or dates also may be added to the dry ingredients when a fruit bread is desired. This is delicious as toast or sandwiches.

Orange Coffee Cake. 2 cups sifted flour 1/2 teaspoon salt 3 teaspoons baking powder 1/2 cup corn syrup 1/2 cup orange juice 2 eggs, beaten 1 teaspoon vanilla 1 teaspoon grated orange rind 1/4 cup melted butter or substitute Topping: 2 tablespoons grated orange rind 1/4 cup sugar 1 teaspoon cinnamon 1 tablespoon melted butter

LYNN SAYS: Tips to Make You An Expert Cook A quick sauce for members of the green family—such as cabbage and broccoli—is to mix 1/2 cup of lemon juice with 1/4 cup of mayonnaise and heat in the double boiler.

Experiment with herbs if you want savory foodstuffs. Try a little mace in your baked squash or squash souffle; nutmeg in chopped, creamed spinach; pinch of thyme in clam chowder.

If you like macaroni, cream it and add a small can of grated tuna fish, toss in some leftover green peas and mushrooms, if desired, and place in a greased casserole. Sprinkle with grated American cheese and heat in the oven. Serve this with a green salad and you've a taste thrill in store.

For a quick supper, open a can of corned beef hash, and slice the roll. Brown in drippings and spread with mustard. Serve in buns with relish. Or, skip the mustard, spread with sandwich spread and serve with mustard pickle.

LYNN CHAMBERS' MENU

- Creamed Dried Beef on Baked Potato
Broiled Tomatoes Garden Salad
Health Bread Beverage
Chocolate Cream Pie
Recipe given.

Mix corn syrup, orange juice and melted shortening and combine with sifted dry ingredients. Mix in beaten eggs, vanilla and orange rind. Pour into a greased square pan. Blend topping ingredients and sprinkle over top of batter. Bake in a pre-heated fairly hot (400-degree) oven for 30 minutes.

Oatmeal Griddle Cakes. (Makes 12 to 15)

- 1/2 cup flour
4 teaspoons baking powder
1 teaspoon salt
1 1/2 cups quick-cooking oats
1 egg, well beaten
1 tablespoon melted shortening
1 teaspoon molasses
1/2 cup water
1/2 cup milk

Sift flour, measure and sift with baking powder and salt. Add oats. Combine egg, shortening, molasses, water and milk. Add to dry ingredients and beat until smooth. Have griddle very hot for first baking, then reduce heat. Cook on one side until puffed and full of bubbles. Turn and cook on other side. Serve with butter and syrup.

Baked Eggs in Toast Cups. 6 slices bread 6 eggs Salt and pepper Butter

Cut crusts from bread and gently press the slices into greased custard cups. The four corners will extend to the tops of the custard cups. Break an egg into each cup. Season and dot with butter. Bake for 15 minutes in a 400-degree oven. Serve at once.

Two hearty dishes which are nice to serve for breakfast are scrapple and frizzled eggs. In the case of the scrapple, make it the night before and allow to chill before frying.

Scrapple. (Serves 6) 1 pound lean pork 1 cup corn meal 1 teaspoon salt 1 teaspoon powdered sage

Simmer pork in water until meat falls from bones. Remove meat and bones. Chill broth and remove fat. Measure 1 quart of broth, adding water, if necessary. Add corn meal and cook, stirring frequently until thick. Grind or chop meat fine and add to cereal with salt and sage. Pack in a loaf bread pan and chill. Slice and fry.

Frizzled Eggs. (Serves 6) 1/2 pound chipped beef 2 tablespoons butter 6 eggs, beaten 1/2 teaspoon pepper 1/2 cup milk

Cook dried beef in butter until slightly crisp. Combine eggs, pepper and milk and mix well. Pour over beef and cook as for scrambled eggs. Serve garnished with toast points and parsley.

Alchemists Knew Zinc

"Nix Alba" was the name by which zinc oxide, now widely used as a paint pigment, was known to skilled alchemists, who also called it "philosophers' wool." It was first suggested for use in paint by the French chemist, Guillemot de Morveau, in the late 18th century.

Early in the 19th century, the pigment became commercially available, and at about that time a French naval vessel was painted with zinc oxide paint. Today, zinc oxide is produced by two processes, the American and the French. The American process produces the oxide direct from zinc ore, while in the French process it is produced by vaporization and oxidation of metallic zinc in an open fireplace and collection of the oxide in a series of chambers. The bulk of the zinc oxide pigment now is produced by the American process.

During the six year study, 1937 to 1943, 5,750 patients were immunized against pneumonia while 5,153 control patients were observed for comparison. Among the immunized group 99 developed pneumonia, an incidence rate of 1.72 per 1,000, of which 40 died, a mortality rate of 6.2 per 1,000. There were 227 cases of pneumonia among the non-immunized patients, an incidence rate of 4.4 per 1,000, with 88 deaths, a mortality rate of 19 per 1,000.

neumonia immunization Cuts Death of Oldsters A group of New York investigators, reporting to American Medical Association after a six year study of pneumonia in elderly patients, suggests immunization against the disease where high incidence rates prevail, as in epidemics, in institutions and in persons with a tendency to recurring pneumonia. The study was undertaken in the

older age group for the following reasons: First, they have a high incidence of pneumonia, mortality and case fatality rate. Second, repeated attacks of pneumonia occur frequently. Third, there was possibility for continuous observation, hospitalization and reexamination, since the patients were from the New York City home and the medical division of the former Central and Neurological hospital and the Goldwater Memorial hospital, where higher age groups are treated.

## Area Dove Hunting Prospects Good, But Guns Are Scarce and Shells High

Prospects of good dove hunting in the rural sections of Scurry County are overshadowed only by the gradual rise in the cost of ammunition, a Times reporter learned Tuesday.

Farmers and ranchers reported plenty of birds in virtually all parts of the county and the Cap Rock, on the South Plains, is said to be heavy. The time-honored method of hunting the birds this autumn around water holes in this immediate vicinity promises to be rather effective in view of the present water shortage.

However, the average Snyder hunter is faced with the prospect of paying from 25 cents to 50 cents per box more for standard brands of good shot gun shells.

Opening of the shooting season last year, it will be recalled, saw shells selling for \$1.45 to \$1.55 per box. Today, they are marked in the neighborhood of \$1.79 per box with a good chance of the price rising even higher as the season gets underway and the duck season approaches.

Likewise, the price of new and used shot guns continues to mount as more men, formerly employed in defense work or in the armed forces, seek guns with which to join in the annual pilgrimage into the field for dove.

This year's hunting activities on the opening day of the season is expected to bring out a record number of guns since the season opens

on Labor Day and more men will be observing the holiday. With the appearance of the sun Monday, September 1, authorities feel that practically every shot gun available in the county will be in use against the dove population.

Laws, county hunters are advised, governing the taking of dove and the amount allowed in the bag and possession have changed little during the past several years for this zone. Hunting hours, it is stated, will be the same.

No hunter will be allowed more than 10 birds per bag and the same number in possession. Game wardens in Scurry, Borden, Kent and nearby counties will be more alert this year in search for men who take quail in September—along with mourning dove.

All Snyder and Scurry County hunters, numbering over 300, are warned that the penalty for game law infractions will be heavy this fall, since a large number of landowners are attempting to bring quail back to West Texas as a game bird. The Texas Game, Fish and Oyster Commission will be in cooperation with landowners in an effort to force quailers to observe closed season on quail.

**That's Different.**

Kid Brother—"I'm gonna hang around till your boy friend comes—he always gives me a quarter to go to the movies."  
Sister—"It's a marine tonight, so here's a dollar—and stay right here!"

## No to the Amendment

The Times has considerable support throughout this entire area in opposing editorially the so-called College building amendment facing voters Saturday. Every substantial citizen will doubtless say no to this proposed measure, because:

If passed, it would levy a five cent ad valorem property tax on all property in Texas for the next 30 years for the purpose of constructing buildings at the 14 state-owned colleges, other than Texas University and Texas A. & M. It would, for example, allow Texas University and Texas A. & M. to issue \$15,000,000 worth of bonds against the so-called Permanent University Fund and thus tie said fund up for 30 years.

It is understood the College Building Fund, so-called, would permit Texas University and Texas A. & M. to issue \$15,000,000 worth of bonds against the Permanent University Fund and tie said fund up for 30 years.

The measure is being strenuously opposed by Texas Technological College, for example, because Texas Tech would not receive a fair share of the proposed funds. If Texas University and Texas A. & M. intend to hog the "lion's share" out of the 5-cent ad valorem property tax then we certainly do not need to approve this amendment Saturday.

Proposed amendment would prohibit the legislature from making appropriations for buildings at Texas Tech and 13 other colleges for 30 years; yet passage would open the flood gates to new colleges. It would remove the one and only logical source for state air to veterans.

Only way for Texans to keep from saddling themselves with a \$45,000,000 debt and denying revenues from the public domain to all except two state-owned colleges—University of Texas and Texas A. & M. College, is to vote NO at the polls Saturday.

## Needed Farm Repairs

At this point in the parade of summer sun, farmers will find this an ideal time to inspect their farm tractors, cultivating equipment and planters, and secure needed parts while we have a lull in some farming operations. Implement dealers will be happy to help secure repairs, for during the rush days of fall farmers will neglect minor parts that could cost precious days when time arrives to prepare seed beds for another year's production.

A number of farmers find good dividends in repainting farm tractors and machinery; replacing bolts with stripped threads and putting a rust resisting coat of grease on plow-shares, moldboards and even having cultivator sweeps sharpened—just in case they decide on some September plowing.

Impoverished people in many countries of Europe, relying on team and ox power (and on wrestling a living from a few small acres) take much better care of plows and cultivating equipment than many people in America take of their cars and trucks. Machinery will stand the farmer well indeed if proper care and repair is maintained; but no manufacturer yet has been able to turn out equipment that will take the sun, dust, rain and temperature changes over a period of years and still run like new—unless the owner cooperates to keep his machinery rolling.

## Editorial of the Week

VISITORS WE LIKE

We had some mighty good people in our midst last Tuesday. They were members of the Sweetwater Production Credit Association and their guests, attending the thirteenth annual meeting of the association.

Evidence that the operation of the association is successful is revealed in the fact that it began with a private capital of \$45, plus Production Credit Corporation's funds. Today the capital is figured at \$429,425—and PCC owns only \$5,000.

Its membership has increased from 370 to 2,006 in the last eight years.

The people are interested in their association. There were 2,087 of them registered. That's a goodly number of people to come to town all in one day—they were here from Fisher, Mitchell, Scurry, Borden and Dawson, and of course, Nolan, Counties.

We hope Sweetwater and its citizens made a good impression.

One of the families attending made a good impression on several business men. The man, concentrating on locating the municipal building, almost ran a stop sign. He stopped across the walk-way and very graciously asked the men to pardon him—he didn't mean to stop right in front of them.

The men were quick to tell him that was all right—that few even take the trouble to stop—practically none ever apologize.

Sweetwater had some fine visitors last Tuesday. Come back, won't you?—The Nolan County News.

While just government protects all in their religious rites, true religion affords government its surest support.—Washington.

## Current Comment

Editor's Note—Expressions or opinions contained in this column are those of the writer and do not necessarily reflect the opinions or policies of The Times. Current Comment is merely carried as a feature column.

By LEON GUINN

Great Britain, for reasons of economy, is cutting down the size of its army in some spots of Europe and may, Washington learned this week, have to inform the United States of troop withdrawals from Italy—even before ratification of the Italian peace treaty by the Russians. . . . Word from authentic sources reveals, incidentally, that Great Britain is giving serious thought on wisdom of earlier decisions to postpone further restrictions on imports until it sees how the Marshall plan develops. . . . British cabinet members are fearful an import crisis may develop while the future of the Marshall plan still is obscure.

There is little if any instance to indicate very much will be done but one can safely say that the investigation launched by the Brewster Committee will call for other Congressional investigations for months ahead. . . . In the position of being "starved" for 1948 campaign materials, the GOP Congress before adjournment authorized a record number of probes of the Democratic administration. . . . Inquiries in the mill, or about to break out in the open, will include "inquisitions" into the Post Office Department, housing, surplus sales, U. S. Maritime Commission, government personnel, etc. . . . One may look for the U. S. Navy, U. S. Army, America's foreign policy (a prime subject for much juicy probing indeed) and a dozen other subjects to be put at least temporarily on the Republican "inquisition" griddle.

By way of explanation, the cashing of GI terminal leave bonds will be counted as a direct appropriation out of this year's income. . . . The U. S. treasury may have a record surplus in 1948, however. . . . A revised and much more completely detailed estimate of revenues indicates a total of almost \$42,000,000,000. . . . Really, no one group of economists or experts should have delved so far into the future as to get out on a limb as to have declared we would "whack" government spending by any figure—since many unknown factors still lie ahead which could change the entire picture even overnight. . . . Before the next 12 months end our spending for foreign aid alone may alter our whole budget; our policy of helping oppressed peoples overseas resisting Soviet aggression may cost us many millions of dollars we have not as yet planned to spend.

Eager to get in a least a few weeks fishing, picnicking and resting from the grind of official Washington life, our congressmen already have a rather sketchy outline of fundamental policies starting them in the face when they reassemble in the capitol. . . . First on the list will be appropriations naturally for the Marshall plan; universal military training (and this time as a "must" item) and some sort of tax reduction plan. . . . Just when Congress will get back in the harness is still uncertain, but observers say there is a chance that plenty of "dynamite" will be gathered by early September to hasten need for a unified body of lawmakers—and action on at least two vital measures.

Castling about for reliable signs of the future, observers say a sharp decline in exports will occur the end of this year; a decline that will pinch when Europe's dollars start running out and before the Marshall plan lending replenishes the supply. . . . A slump in exports may well jolt our national economy because exports at the present are running more than \$29,000,000,000 each 12 months, and account for 11 per cent of U. S. production. . . . Manufacturers are getting the most benefit and would be the first to feel the blow, and start laying off employees.

Although some of the details may not be released for many months, assurances to France that the United States has no intention of rebuilding Germany at the expense of other Western European powers and that Germany's military potential will be policed over a long period of time will, if you watch closely, be underscored as the "rock bed" negotiations of the Marshall plan proceed. . . . France, sooner or later, will give her ultimate consent to an increase in the German level of production and to tri-zonal administration of Western Germany.

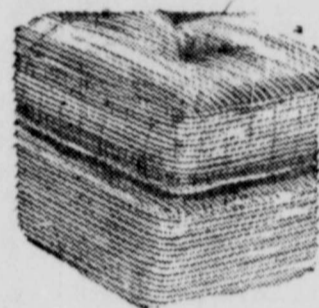

Say what you will, but each week counts heavily in regard to the 1948 presidential sweepstakes and those with an ear to the ground say plenty will happen before Thanksgiving rolls around. . . . John L. Lewis, for example, for one thing, remains the great unknown among the labor politicians and, even though he is reported advising Dewey, Lewis has not taken any public position. . . . Too, one may look for the Republicans to draft a program of social and welfare legislation which may include Taft's health, education and housing bills; anti-poll tax and anti-lynching bills. . . . Since labor has shown a marked tendency to swing back to President Truman since Truman vetoed the Taft-Hartley Bill, the developments during the next six months would be anyone's guess.

Prospects of good dove hunting in the rural sections of Scurry County are overshadowed only by the gradual rise in the cost of ammunition, a Times reporter learned Tuesday.

Likewise, the price of new and used shot guns continues to mount as more men, formerly employed in defense work or in the armed forces, seek guns with which to join in the annual pilgrimage into the field for dove.

## BARGAINS IN SLEEP
