Agent Gives Check Lists for Flowers

Here's a late August and early September check list for your flower garden, Mrs. Scurry County, as furnished by Mrs. Estella Strayhorn, county home demonstration agent. It will be well to clip and save for handy reference:

Cut old blossoms and seed pods from crepe myrtle and other plants. It will keep them blooming longer. Make out your list of bulbs to plant this fall. An early order gets the choice ones.

Order flower seeds to be planted this fall—Calendula, larkspur, snapdragon, phlox, petunia, dianthus, pansy, stock, hardy poppies, cornflower, scabiosa and candytufts are recommended.

Chrysanthemums are heavy feeders; they need a monthly shot of commercial fertilizer and plenty of water. Stake plants; pinch off some of the early buds.

If you have thin spots in the lawn, mow the grass high, fertilize and water.

After perennial phlox and verbena have passed their glory, cut the tops back pretty severely, fertilize and water for lots of late blooms.

Trim back limbs and twigs from shrubs and shade trees that are growing out of proportion for the rest of the plant.

While your plants are still in bloom make a few notes on the changes you will want to make for next season.

Cox Family Reunion Held at Roscoe

Children, grandchildren and the great-grandchildren of Mr. and Mrs. W. B. Cox gathered Sunday at the Cox home in Roscoe for the annual homecoming of the Cox family including relatives of Snyder, Dunn and China Grove.

All of the Cox children except two, Mrs. G. E. Meador of Stephenville and E. T. Cox of Tulare, California, were on hand for the festivities. There are 11 children in the family.

An old fashioned picnic dinner was served outside at noontime to the following: Mr. and Mrs. Edward Cox, Mr. and Mrs. Lee Bunch, Mr. and Mrs. Farmer Franks, Mr. and Mrs. Glen Carrard and daughter, Mary Lynn, all of Snyder; Mr. and Mrs. C. C. Cox and son, Willie Ernest, of China Grove; Mr. and Mrs. Ray Amos and sons, Carl and Bob, Mr. and Mrs. R. G. Goodlett and daughters, Dona, Ruby, Judy and Linda, of Dunn; Mr. and Mrs. M. C. Nichols Sr. and son, W. B. Mr. and Mrs. M. C. Nichols Jr. of Stephenville, Mr. and Mrs. J. A. Hurley and Zelma Jo, also of Stephenville; Mr. and Mrs. Ramon Hukel of Arlington; Mrs. Ed Bunch and son, Billy, and Mrs. Lewis Holden and son, Don, of Dexter, New Mexico; Mr. and Mrs. Sterling Bills and children, Junior, Jackie and Conny. Plans were formulated Sunday afternoon for the 1948 annual Cox family reunion and homecoming.

Mr. and Mrs. C. B. Davis of Pecos were week-end guests of their mother, Mrs. Oscar Davis.

Mrs. J. T. Riggs Honored on Birthday

A demonstration on outdoor cooking for the day, given by Mrs. Alton Milliken, featured the meeting Friday of the Fluvanna Home Demonstration Club in Dermott Park.

Mrs. Milliken gave a demonstration on preparation of meat patties, onions and made Angel Food squares. Members of the Fluvanna club furnished the potato salad and pickles for the gathering.

In the absence of Mrs. Dee Pylant, Mrs. A. D. Dodson gave the council report.

Those enjoying the outing and informal buffet style dinner were: Mmes. Jose Bley, Henry Flournoy, Robert Warren, Bill Sims, J. E. Jones, Burl Belev, Alton Milliken, Wayland Mathis, Sandy Holder, A. D. Dodson, Buford Browning and daughter, and Eliza C. Stevenson.

Fluvanna School Term Will Open Monday Morning

Fluvanna School in northwest part of the county will open Monday for the 1947-1948 term with a faculty meeting, C. A. Landrum, superintendent, reports.

Monday will be devoted to faculty member formulating final preparations for the new school year.

Tuesday, Landrum announces, school buses will make all scheduled rounds and students will begin registration at 9:00 a. m. All parents are urged to attend on enrollment day—especially mothers of children in the primary grades. Buses will take the students home as soon Tuesday as enrollment is completed.

Fluvanna School cafeteria lunches will be slightly higher this year because of a decrease in aid from the federal government, Landrum states.

The Fluvanna lunch room project will serve hot, wholesome meals daily for 20 cents per meal. Students, where possible, are asked to purchase a 20-day ticket for \$4 to facilitate cafeteria routine.

Additional announcement as to teachers and courses offered will be made next week by Superintendent Landrum.

Lloyd Mountain Will Close Revival Sunday

Good crowds were in attendance through Wednesday evening at the Lloyd Mountain Church of Christ revival, which opened Sunday morning with Bro. Cline Paden of Brownfield conducting the preaching.

Morning services of the revival are being held at 10:45 o'clock, and open air services each evening begin at 8:15 o'clock.

Bro. Paden extends an invitation to those outside Lloyd Mountain community to attend the series of evangelistic sermons. The meeting will draw to a close Sunday.

Murphree Family Enjoys Reunion After 34 Years

An old fashioned family reunion and picnic, held over the week-end in Guy Murphree home at Cottonwood Flat, northeast part of the county, marked the first time in 34 years the Murphree children had all been together.

Happy memories of days gone by were reviewed by reunion attendants. Type of family dinner popular in an early day was served buffet style Sunday.

Those present for the reunion included: A. W. Murphree of Chihuahua, Old Mexico; Joe Murphree and family of Rawlins, Wyoming; Sam Murphree and family of Coolidge, Arizona; the hosts, Guy Murphree and family of Cottonwood and J. Reed Murphree and family of Wilcox, Arizona; Jake Murphree and family of Berger, Mrs. Janey Helms of Mountain, New Mexico; Mr. and Mrs. Will Murphree, Mr. and Mrs. Joe Murphree of Snyder, Nath Underwood family, Mr. and Mrs. J. O. Hudnall and children of Camp Springs, C. O. Helms and E. J. Hudnall of Rotan, Mrs. Bogart, Jasper Helms, Pim Ray Helms and family; Jack Clegg, Mrs. Lorene Cranfill and children of San Angelo; Mr. and Mrs. Campbell Helms, Jessie Hardin and daughter, Lillian Thomson, Willis Ratliff, Mr. and Mrs. Turner Forrest, Mr. and Mrs. Ray Helms of Rotan.

Number of Entries in Abilene Fair Slated

Scurry County entries in the West Texas Fair at Abilene, September 15-20, will range from agricultural products to minerals, fair officials stated Tuesday.

Oscar Fowler, county agricultural agent, reports a number of entries from this county will be in place at the Abilene exposition well ahead of the entry deadline.

"Every barn and stall will be filled with prize animals from West Texas," West Texas Fair officials state, "and we may have to tie some entries to trees."

The six-day fair at Abilene, opening September 15, is expected to attract a record breaking attendance of over 60,000 persons.

Earl Horton Will Resign ACA Post To Teach Again

Scurry County ACA administrator for the past 26 months, Earl Horton is tendering his resignation with an effective date of September 5.

"I want to express my appreciation to the farmers of Scurry County during the 26 months I have worked with them in the ACA office," Horton told a Times reporter.

"I plan to resume work in the teaching profession and trust the ACA will continue to prosper under new administration.

"It has been a real pleasure to work with county farmers and we have found them to be one of the best groups of citizens in the world. We have tried diligently to transact the business of the association in a satisfactory manner to all concerned and leave feeling proud of what ACA has done for Scurry County. I also want to express warm thanks

to the contractors of the county for the fine cooperation they have given our office."

Stadium Seat Painting Underway by Lions

A fine job of painting the seats at Tiger Football Stadium—seats donated by the Scurry County Rodeo Association—was reported Tuesday noon before Snyder Lions by Coach Tommy Beene.

The Lions, meeting for their weekly luncheon in the Manhattan Hotel dining room, had as guests Robert Ruskin of Dallas and Rev. E. K. Shepherd, new pastor of the Snyder First Baptist Church.

Harold Lewis Wade played "Mologunianias," which recently won him first place in the Chamber of Commerce Amateur Hour program at Colorado City.

Accompanied by Mrs. James E. Polk, Dewey Payne Everett sang "Long Ago and Far Away."

Visit in Northeast Texas. Mrs. W. H. McQuaid, operator of the Hermleigh Telephone Exchange, Mr. and Mrs. Herman Rehburg and son, Derry Quaid, spent the week-end visiting in Dallas, Mesquite and other points. They returned Sunday night.

Rain Man Spots County in Three Tries for Week

Bringing a mid-week rain to Snyder and pulling his punches outside of town, where the rain reportedly stopped, the Weather Man Wednesday afternoon marked up .55 of an inch precipitation for the county seat.

Rainfall Wednesday afternoon, plus .31 of an inch moisture registered Sunday afternoon and .07 of an inch last week, grand total for August to date stood Wednesday night at .93 of an inch.

Although spotted, the mantle of rain Sunday and last week brought needed relief to parched cotton land of the county and revived row crops in general.

It is reported Sunday afternoon's precipitation ranged upward to an inch east of Snyder, and Hermleigh reported a good rain. Mount Zion, eight miles east of Snyder, received a good rain.

While August precipitation to date is considerably below par, the .31 of an inch recorded here Sunday afternoon, plus the .07 of an inch received last week gives Snyder .38 of an inch so far.

Farmers over much of the county report summer fallowing of land intended for small grains is well underway. Although some fields are yet too dry to break, preparations are finished to break land as soon

Electric Motor in Refrigerator Needs To Rest One-Third

Each of the estimated 600 mechanical refrigerators in operation over the county needs a rest, too, and should not run more than eight hours out of 24, Mrs. Estella Strayhorn, county home demonstration agent, advises.

If the motor of a mechanical refrigerator runs more than one-third of the time the temperature may be set too low, or the refrigerator door may not close tightly so that warm air may be leaking into the cabinet.

Mrs. Strayhorn says 40 degrees Fahrenheit is normal except for the freezing cabinet. The only time the temperature needs to be set below this is when desserts or other foods are being frozen. After this quick-freezing, the temperature control should be returned to normal to keep the motor from overworking.

Test for leaks by closing the door on a piece of ordinary wrapping paper about the size and thickness of a dollar bill is handy. If the paper pulls out easily the gasket is not tight enough to keep warm air from passing into the refrigerator, Mrs. Strayhorn states.

The county home demonstration agent points out that paper pulling out easily may be because the rubber in the door gasket has become hard and brittle. Or it may be the fault of the door. Try tightening hinges or latch to make the door fit more snugly. Test again with the paper. If the door still is not tight, get a new gasket.

Should the temperature be normal and the mechanical refrigerator door does not leak, but the refrigerator still runs too much, call in a service man.

Railroad Commission Sets Hearing in Area

Tuesday, September 9, has been set by the Texas Railroad Commission for a hearing for all operators of the 1,700-foot and 2,400-foot Sharon Ridge pool of Scurry and Mitchell counties.

A spokesman for the commission says the September 9 hearing has been set for operators to show cause why they should not comply with certain commission regulations applicable to the field.

Despite the high cost of ammunition, many Snyder and Scurry County hunters were getting "primed" this week for the opening of dove season Monday.

Hunters Gett Ready For Dove Open Season

Season in Scurry County for mourning dove will be from September 1 to October 15, both days inclusive.

Shooting hours will be from one-half hour before sunrise to sunset.

Bag limit, county hunters are reminded, is not more than 10 per day and not more than 10 in possession.

Shot guns, game wadens warn, must be permanently plugged to three-shell capacity and may not be larger than 10 gauge.

No hunting will be permitted in game refuges and game preserves.

Two Teachers on Snyder Schools Faculty Needed

Snyder Schools lacked a mathematics teacher and an instructor for English and girls' physical education as last report Wednesday, but 26 teachers had been named by school board members.

List of Snyder Schools faculty members, as released by school officials, follows:

Mrs. Grace King, Mrs. Ben F. Thorpe and Mrs. Geraldine Jacobs, first grade; Mrs. M. E. Stanfield, Mrs. Hattie Gatlin and Miss Vaille Eoff, second grade; Mrs. Christine Hamill, Mrs. J. M. Glass and Mrs. Jeanne Duke, third grade; Mrs. Vivian Hill and Mrs. Lida Rhodes, fourth grade; Mrs. Madge Poppoe, Mrs. Silas Davenport and Mrs. Ed Milhollon, fifth grade;

Miss Polly Harpole, Miss Norma Lee Collins and Mrs. Mabel Brock, sixth grade; Mrs. Jack Inman and Mrs. Jack Gorman, seventh grade; Mrs. Arthur Duff and Mrs. Garrett Harrell, eighth grade; Mrs. Purris Williams and Mrs. Weldon Kincaid, ninth grade; and Miss Billie Aman, music teacher.

In senior high school are Mrs. Forrest Beavers, English and journalism; Mrs. J. P. Nelson, history and English; Miss Katherine Northcutt, social studies; Mrs. Dan Gibson, homemaking; Miss Thelma Leslie, business administration; T. D. Wiman, science; John L. (Broadway) Browning, vocational agriculture instructor; Tommy Beene, athletic director; and Miss Merrian Crowder, English and speech.

Elmer Taylor is junior high school principal, Purris Williams is high school principal and M. E. Stanfield is Snyder Schools superintendent.

Mr. and Mrs. A. C. Kincaid spent the past week at Lubbock, where Mrs. Kincaid visited with her father, T. M. Springer, and Kincaid visited at Littlefield and Levelland. Mr. Kincaid returned over the week-end but Mrs. Kincaid is staying at Lubbock for a few days to be with her father.

NEW PRESIDENT of the International Association of Lions Clubs is Fred W. Smith of Ventura, California. He was advanced by unanimous vote from the first vice presidency at the thirtieth annual convention of the association which met at San Francisco, California.

Recruiting in Snyder National Guard Unit Underway in Area

All interested young men of the Snyder area are advised that the membership recruiting drive for the Snyder National Guard Troop A, of 124th Cavalry Reconnaissance Squadron is underway in full swing this week.

The guard is recruiting men through Captain Dawson Moreland, troop commander; Second Lieutenant Doyle Bynum at Marshall Furniture Company; and the Chamber of Commerce, as a public service, has application blanks on hand for prospective guard members.

Now that the Snyder National Guard officers have 60 days in which to recruit a full roster of enlisted personnel and get ready for inspection.

Snyder National Guard Troop A is to have six officers and 120 enlisted men.

Grant Teaff Will Lead Scout Swim Team to Contests

Grant Teaff emerged Wednesday morning as high point man in the Swimming meet for the Snyder Boy Scout District, staged at the swimming pool of Snyder Country Club. So report Snyder District Boy Scout officials, who say Teaff and 11 other Boy Scouts made tallies which make them eligible to compete in the Buffalo Trail Council swim meet Saturday at Midland. Teaff's score was 236 points.

Besides Teaff, others who made qualifying scores were Kenneth Gibson, Dan Gibson, Don Bynum, Ray Waters, Robert Langford, Lowell Bynum, Ben Richardson, Franklin Woods, David Smith, Glen Holmes and Lowell Bearden.

Grant Teaff, Dan and Kenneth Gibson, Don Bynum, Lowell Bearden and Ray Waters, six highest point men in the local contests, had arranged for transportation through Wednesday for the Midland event. James K. Polk, Buffalo Trail Council field executive, and Dan Gibson will accompany the Snyder District Boy Scouts to Midland Saturday.

Elimination events started at 9:00 a. m. Wednesday at the Snyder Country Club pool. They were Australian crawl, egg and spoon race, back stroke, balloon race, breast stroke, candle race, free style swim, towing race, follow the leader diving contest, and clown diving.

Legumes Help Raise Yields of Area Crops State Soil Officials

Last year, a Times reporter finds, some 300 acres in this county were planted to legumes, but according to the Soil Conservation Service this figure is entirely too low.

In 1946 approximately 1,000,000 acres of crop land were planted to legumes over Texas—a total also too low because average per-acre yields of crops bears out the SCS point crop yields are still below par.

Lint cotton yield per acre in 1946, for example, was only 134 pounds and on oats 22 bushels to the acre. The Texas Cottonseed Crushers Association reports average per acre yield of wheat last year was 10.5 bushels to the acre; sorghum for grain only 16 bushels; and corn yield was 17 bushels to the acre average.

Legume seed and equipment, it is stated, in view of the poor average per-acre yields, must be made available if the farmers are expected to protect and improve their lands.

Mrs. G. W. Hamill of Hermleigh is visiting relatives this week in Fort Worth.

Hobbs School to Begin Monday as Faculty Complete

Hobbs School in western Fisher County will open its doors Monday morning for the 1947-48 term with enrollment to be completed Tuesday, reports W. C. Hodges, Hobbs School superintendent and coach.

Hobbs, one of the larger consolidated rural schools in this area, has a total of 27 affiliated credits, Superintendent Hodges states.

The western Fisher County school has 349 scholastics, as compared with 371 last year, it is reported.

With 12 faculty members, Hobbs School will have one less teacher than during the 1946-47 school year, board members report.

Faculty members at Hobbs are: W. C. Hodges, superintendent and coach; Joe Heathington, high school principal; Roe Curtis, vocational agriculture instructor; Mrs. Roe Curtis, homemaking instructor; Ross K. Weideman, grammar school principal; Mrs. John Brown, grades English; Mrs. Floyd Notes, sixth grade; Mrs. Walter Glazener, fifth; Mrs. Ross K. Weideman, fourth; Mrs. Mackey Ware, third; Mrs. Ruby Neal, first grade teacher.

Hermleigh Meeting Will Close Saturday

Gospel sermons which are creating a fine spiritual awakening marks the revival meeting being held this week at the Hermleigh Church of Christ by Bro. O. D. Dial, minister.

Bro. Dial and church officials invite the public to be present for the final services Friday and Saturday. The meeting will close Saturday night. Lee Thompson is directing congregational singing.

New Baptist Pastor To Be in Pulpit Here

"We're Laborers Together With God" has been chosen by Rev. E. K. Shepherd, pastor of the Snyder First Baptist Church, as his sermon topic Sunday morning.

Rev. Shepherd extends the people of Snyder an invitation to worship with the Snyder First Baptist congregation. Sunday evening training union will begin at 7:00 o'clock and evening preaching services at 8:00 o'clock.

Rev. Shepherd, his wife and three sons, David, James and Paul, moved here recently from Wilson, where the Baptist minister had been pastoring for 20 months.

Increased Prizes for Lubbock Fair Posted

A " hefty " increase in prizes and premiums for the 30th Annual Panhandle South Plains Fair, which opens at Lubbock September 29 is reported to Scurry Countians who plan entries in the exposition. The Panhandle South Plains Fair will run for six days. The cattle and swine divisions carry cash awards of well over \$1,000 in each division.

IT'S A BIG JOB THESE DAYS

One of the first things a new telephone operator learns is to be always ready for the next call—your call—anybody's call!

Operators have a lot of calls to handle nowadays. There are more telephones in use than ever before and calling is at an all-time high. The switchboard at times is literally ablaze with lights—each one calling for "Number, please?" and each one getting a "Number, please?" as quickly as skilled and courteous operators can manage. If your call is not answered at once, you'll know that nimble fingers will reach it as soon as they possibly can.

As soon as much-needed new equipment can be obtained and installed, we'll be ready to handle your calls quicker and better than ever before.

The Texas Butane Dealers Association Urges You—

"GET YOUR Butane-Propane System READY FOR WINTER!"

Can your butane or propane tank serve you through the four winter months without refilling? The Texas Butane Dealers Association urges you to take stock now. If not, you may find yourself without heat in the coldest months of the year.

By doing this, your winter supply will be in your tank when you need it most. This situation is not new. The farmer has always stored grain early for winter. Housewives can summer foods for winter use. And by taking less time for your dealer's services, he can supply you and your neighbors more economically at the very time when road conditions are worst.

Hundreds of new industries developed during the war—plastics, synthetics, chemicals, etc.—have placed a tremendous demand for butane and propane all year round. On the other hand, domestic users burn four to seven times more gas in winter than in summer, but your dealer can furnish you very little more gas in cold months than in warm months. In order to balance this situation, heating gas users must plan to buy their winter supply at least four months ahead.

The Texas Butane Dealers Association urges you to drop in and see your local gas dealer as soon as possible. Consult him before you buy any system. He knows butane-propane, and will do everything he can to help you get ready for winter now.

Hermleigh Ready For Opening of Schools Monday

J. T. Bryant, Hermleigh School superintendent, reports everything is in readiness at Hermleigh School for formal opening Monday morning of the 1947-48 term.

Attention of all school patrons in the Hermleigh and Byron districts is directed to the fact that students will be registered Monday morning and an old-fashioned basket dinner will be spread at noon-time.

School officials ask people of Byron and Hermleigh to bring basket lunches for the noon period, which will be a get-acquainted and fellowship event.

Hermleigh School, since Byron School consolidated with the district, will have 410 scholars. Hermleigh has 32 units of affiliation.

School officials report six buses will be in operation for the new school year.

Complete roster of the Hermleigh School faculty members, as released by board members, follows: Mrs. W. S. Gillum, first grade; Mrs. Otis Young, second grade; Mrs. N. E. Simmons, third grade; Mrs. Verena Lee, fourth and fifth grades; Mrs. H. H. Swann, sixth grade; W. S. Gillum Jr., home room teacher for seventh grade; A. L. Kerby, grade school principal and eighth grade sponsor; Mrs. Roxie Soules, high school English; Margaret Miller, business administration and typing; J. W. Greene, vocational agriculture instructor; Miss Alice Cross, formerly of Sylvester, home economics; Howard H. Swann, history teacher and high school coach; Robert Taylor, high school principal and mathematics teacher; and J. T. Bryant school superintendent.

"WINNING THIS WORLD for Christ" will be the underlying theme which Dr. Oscar Johnson of St. Louis, Missouri, recently elected president of the Baptist World Alliance, will use next Wednesday as principal speaker at an all-day stewardship rally at Abilene First Baptist Church Snyder First Baptist Church and others of the county will be represented at the convale, scheduled to attract over 1,000 officers of West Texas Baptist Churches.

45 Miles of Terraces Built Since July First

A total of 45 miles of terraces have been built in the Upper Rio Grande since July 1 and most of the terraces have already been built, the Upper Colorado Soil Conservation District reports.

Construction was completed on the A. C. Martin, John Voss, John Floyd and Gerald Greene farms last week.

A Times reporter learns 14,180 feet of diversions have been constructed with dry weather holding promise.

Terrace outlet waterways have recently been constructed on the Jess Green, C. W. Popnoe, Gay McClain and Raymond Lunsford farms. These waterways, report USCSO officials, will be seeded to grass for protection this fall.

Mr. and Mrs. R. C. Grantham were Sunday visitors in the Andy Jones home at San Angelo.

Lighted Softball Field at Cuthbert Used Thursday

Last Thursday evening marked a red letter event at Cuthbert for "warm up" play was staged on their new softball field, which has been lighted, and announcement was made of a seven-team league for approximately six weeks of play.

Teams participating in the league include the Snyder Veterans of Foreign Wars, Post, China Grove, Vincent, Noble-Walker, Cuthbert, Col-Tex and Iron.

Play in the league, it is announced, will be on Tuesday and Thursday nights—with the exception of two games scheduled for the week of September 1. They will be played on Monday and Tuesday night in order to avoid conflict with the Colorado City Frontier Roundup, which will get underway Wednesday, September 3.

Twilla Jackson Again Places with Singing

Rendition of "St. Louis Blues" and "I Wonder" Friday evening put Little Miss Twilla Jackson, daughter of Mr. and Mrs. O. B. Jackson of Hermleigh, up as second place winner in the Amateur Hour program at Colorado City.

Twilla has, by virtue of her placing Friday evening on the Amateur Hour at Colorado City, won a place with the Colorado City Frontier Roundup boosters for their trips.

Twilla has become a consistent top place winner in Amateur Hour programs in this area during the past 12 months. She has won wide recognition for the sincerity and beauty of her singing in the popular field of music.

Double games of seven innings each are to be played in the new field at Cuthbert. The field was financed and completed by popular subscription.

Pointers Given for GIs Cashing Their Terminal Leave Pay

Snyder and Scurry County GIs who must cash their terminal leave bonds, which become cashable as of Monday, are given these helpful suggestions by the Federal Reserve Board:

Positive identification is required but may vary at different institutions. Positive identification may be established by acquaintance with some one in the institution, by comparison of signatures for those with accounts in the institutions, or by identification by a companion whose identity is known to bank officials, for instance.

Ex-service men are advised to appear in person with the originals of their discharges. Social security cards or other pocket identifications will not be accepted.

Accumulated interest on the bonds will be figured by charts furnished by the federal government, it is stated.

There is no better Farm or Ranch Loan than the Federal Land Bank offers through this Association. The rate of interest is 4 per cent—over long time and small payments. Our loans may be repaid on or before without any additional expense. It costs you nothing to interview us if interested in a loan.

Good Prices But Little Stock Here On First Monday

First Monday activities at the stockyards, a block north of the square, found weaning pigs scarce and prices exceptionally firm.

Some nice O. I. C. white pigs of weaning sizes were offered for sale Monday morning. It took an average of \$10, however, for one to purchase one of the "ba-n sprouts."

Feed is becoming scarce and high, and with a short pig crop, traders expressed keen interest in offerings two to four weeks hence—provided September rainfall brightens prospects for a winter small grain crop.

Very few milk cows, with calves at side, are being offered for sale at this time.

Prospects of a smaller turkey crop than in several years past created inquiries as to flocks in this sector, and whether they would be on the holiday market Thanksgiving or at Christmas time.

Inquiries revealed combine maize finds an eager market at a price level of \$2.85 to \$2.90 per 100 pounds. Crushed combine maize is an excellent pig and turkey feed at this time of the summer, it is reported.

Traders report grass land is hard to find at this time for cattle now on feed.

The Weather Man, according to talk of the yards Monday afternoon, holds the key as to when much of Scurry County's 1947 small grain crop will be secured.

Tampa, Florida, leads the world in the manufacture of cigars and the exporting of phosphate.

PETROLEUM conservation measures were discussed in detail by these three governors and Chairman Hiram M. Dow of Ros-

well, New Mexico, of the Interstate Oil Compact Commission in a meeting at Great Falls, Montana. They are, left to

right, Chairman Dow, Sam C. Ford of Montana, Beauford Jester of Texas and Frank Carlson of Kansas.

Marvin Scholfiel to Coach at Roby High

Interested Scurry County people are advised Marvin J. Scholfiel has been appointed coach and principal at Roby High School. Scholfiel resigned a similar position at Knox City to accept the Roby post.

The Roby Lions gridders, expected to give Snyder Tigers some competition in district play, reported for practice Monday. Roby Lions, a Times reporter learns, open their season September 12 at Stamford.

Delaware takes its name from Lord De La Warr, who was Captain General over the Atlantic Seaboard possessions in the early days. But he never set foot on Delaware soil.

The following article instructs in its up-to-date rules of the road.)

By Max Roy Rasor, Associated Press Staff.

Austin, August 31 (AP)—Skyward I. Gaze, notable pedestrian unpopularly known to every motorist for consistently looking everywhere except where he is going, may find his pocketbook bashed in along with his head after September 5.

When the 50th Legislature's newly enacted traffic code then becomes effective, it will provide fines up to \$200 for the hazardous stunts of Mr. Gaze and his foot-travellers.

If you, like Mr. Gaze, ever walk anywhere, you will be required by the following pedestrian regulation: 1.—Hitch-hiking is okay provided you stand off the vehicular travelled roadway to do it. Sidewalks, curbs, or unsurfaced shoulders of roads protect hitch-hikers from both the daw and the oncoming traffic. Otherwise you're breaking the law.

2. You must strictly comply with official traffic control signals, crossing only at crosswalks in signal-controlled areas.

3. In areas of no signal controls, you must not suddenly leave the curb to walk or run in front of an approaching vehicle. After you have started across at a crosswalk or intersection, however, after exercising due diligence, you are then entitled to right-of-way, even if the oncoming car has to stop.

4. No car may pass another car which has stopped to give you right-of-way to cross at a crosswalk or intersection.

5. Pedestrians crossing a roadway at any point other than at a crosswalk or intersection must yield right-of-way to all vehicles.

6.—Where sidewalks are provided, it is unlawful to walk on the roadway.

7. Where sidewalks are not provided, pedestrians shall when possible

walk on the left side of the road, facing traffic.

8. Notwithstanding the specified provisions of the law relating to the pedestrian, all drivers are required to exercise due caution to protect the pedestrian upon a roadway.

Violations subject the violator, whether pedestrian or motorist, to as much as a \$200 fine.

Fats Salvaging Show Drop During Summer

Each of the county's 12,500 citizens is reminded that hot summer days here have caused some decrease in the number of women saving used cooking fats.

As of Wednesday, states the American Fat Salvage Committee, 42 per cent of the women interviewed had containers of used cooking fat on hand and 54 per cent cooperated with the program in May.

Used cooking fats are still urgently needed, Scurry County housewives are reminded, and each pound sold to a local grocer or meat market man means relief for industries crying for any and all types of used cooking oils, it is stated.

H. L. Williamson, Area Farmer for 46 Years, Passes

H. L. (Harve) Williamson, veteran farmer of the Pleasant Hill community, died Thursday in a local hospital following a three-month illness.

Born February 7, 1878, in Williamson County, Mr. Williamson had made his home in Scurry County for the past 46 years.

Mr. Williamson, a member of the Snyder North Side Baptist Church, had been active in community and church work for many years. He was a strong booster of county products shows, diversified farming and good blooded livestock.

In past years, for example, horses Mr. Williamson entered in county shows were considered blue ribbon winners.

Funeral services for Mr. Williamson were held Friday afternoon, 4:00 o'clock, at the North Side Baptist Church. Rev. Cecil Rhoades of Big Spring, assisted by the Rev. Earl Creswell, pastor officiated.

Active pallbearers were Clarence Williamson, Ab Williamson, Horace Williamson, R. V. Williamson, J. C. Williamson and Dawson Moreland.

Honorary pallbearers, as named by the family, were Cecil Hall, Rhea Gibson, Drip Gibson, Lynn Henderson, C. Y. Trousdale, John L. Webb, Will Merritt, Bob Champion, J. R. Joyce, Albert Bills, Doc Richardson, Travis Berry, H. P. Winters, A. J. Jones, Will Werner, A. J. Logan, Mardell Winters and Newt Thompson.

Mmes. Ora Strickland, Alma Moreland, Inez Gaylean and Mary Hill were in charge of floral offerings.

The Pleasant Hill farmer is survived by the widow, Mrs. Mary E. Williamson; two daughters, Mrs. Estelle Gary of Snyder and Mrs. Ethel Keeter of Polson, California; an only son, Luther Williamson of Snyder and one grandchild.

Odum Funeral Home directed the arrangements, and Mr. Williamson was laid to rest in Snyder Cemetery.

Mesquite Killing Is Making Good Start

People clearing land of mesquite in Scurry and especially in western Borden County will be interested in the fact Armstrong ranch men, up in the Panhandle, are doing something about the rapidly spreading mesquite.

Eradication of mesquite has been stepped up tremendously in Scurry and Borden Counties, for instance, with a hog-nosed plow that goes below mesquite roots and enables a bulldozer operator to bring the entire tree up from the soil.

Under ideal conditions here and up in the Panhandle, bulldozer operators find native grasses on tight land slides over the cutting blade. Very little of the grass is dead and on land cleared last spring the loosening of the ground let more water soak in so that the grass is green and in good condition.

Infantile Paralysis Chapter Spends \$1,131 on Morgan Sisters' Treatment

Borden-Scurry County Infantile Paralysis Chapter has expended to date \$1,131.85 in the helping of two "polio" victims, Betty and Joan Morgan, daughters of Mr. and Mrs. J. C. Morgan, back to health.

So state officials of the Borden-Scurry chapter, who say the fund, originally was approximately \$1,800. Break-down on the \$1,131.85 spent by the chapter to save the lives of the two Snyder girls and help them back to health, as obtained from J. C. Stinson, secretary-treasurer, follows:

Nursing care for Betty and Joan, \$456; doctor's bills, \$210; hospital bills, \$425.85; and ambulance cost, \$40.

"We feel," the Borden-Scurry Infantile Paralysis Chapter states, "that every penny was spent for a most worthy cause, and we feel the public will appreciate this accounting of funds. Through donations of Scurry County folks the lives of these two Snyder girls was saved and they are progressing wonderfully."

"Officers of the Borden-Scurry Infantile Paralysis Chapter we never know how much we appreciate their help when the lives of our girls was in the balance," Mr. and Mrs. Morgan state. "We can never thank the good people of Snyder and Scurry County, and especially the infantile paralysis chapter enough for all they've done for us."

"No individual wants the credit for the good work done by the Bor-

den-Scurry Infantile Paralysis Chapter," as spokesman said Wednesday, "but we are very proud of the fact we helped save two young lives and believe the people of this whole area will appreciate the accounting of chapter expenditures to date."

Service Office to Be Reopened Next Week

Attention of county GIs is directed to the fact the Scurry County Service Office, basement of the courthouse, will be open for business Monday as usual.

The office, operated by Jeff Brown, county service officer, closed last Tuesday.

Cotton Consumption Shows Gain for July

Scurry County's 1,452 farmers will be interested in the fact cotton consumption in Texas showed a monthly gain of 11 per cent in July, according to four consecutive months.

So reports the University of Texas Bureau of Business Research, which says July consumption, 12,965 running bales, slid 26 per cent below July, 1946, figures.

Consumption of cotton linters more than doubled during the month but remained five per cent below the July level of last year.

HERE SOON to inspect the agricultural conditions in this trade zone will be Ronald I. Cross, who became agricultural agent for the Sana Fe Railroad Company, with headquarters at Amarillo, Monday. Cross was formerly the soil conservationist with the United States Department of Agriculture at Clovis, New Mexico.

Good Dove Hunting Reported for County

Although the temperature touched a high of 103 degrees Monday, opening of the dove season found county hunters bringing down an unusually fine number of birds.

Hunters report bag limit of 10 birds reached Monday afternoon late in the Ennis Creek, Ira, Dunn, Polar and Knapp communities.

Despite the hot, dry weather prevailing in this area doves bagged in Scurry and Borden Counties are said to be fat and in prime condition.

For Sake of Clarity.

The salesman stopped his car at a farm house and asked the way to the nearest hotel. The farmer pointed down the road.

"You turn left at the school house," he advised. "Then you go straight ahead till you get to Gad Shur's house. Then you take the left fork in the road and keep on for five miles."

The salesman nodded. "That's clear enough," he said. "And where does that bring me?"

The farmer smiled. "Wal," he announced "that brings you right back to where we're standing now. Right here."

The salesman's eyes popped. "Right here!" he echoed. "But I don't understand. Why should I come back here?"

The farmer shifted his plug of tobacco.

"To get the rest of the directions," he explained. "If I told you them all at once you might get confused!"

WHILE most everything else has gone up, one important product has stemmed the tide of rising prices. Tires. And B. F. Goodrich was the first tire maker to bring you these savings below prewar levels.

But price is only the first of many ways B. F. Goodrich tires cut your costs. You get more mileage than you've ever known before from the new, wider 'road level' tread that runs flush-to-the-road giving the tire more road contact, equalizing the strain, reducing wear.

You get more safety from costly accidents because greater road contact means more rubber to grip and stop. And the scalloped, tooth-edged ribs fight side-slip and skidding. Finer, sturdier cords and more of them add strength to the cord body to resist damage from pounding and the danger of blowouts.

On top of this, you can get a big allowance for your present worn tires. For instance, your old tire and \$12.95 will buy you a new 6.00-16 Silvertown that outwears prewar tires.

Agent Urges Use Of Vitamins for Egg Production

With sales of 25,000 dozen eggs marked up by Scurry County chicken raisers during August Oscar Fowler, county agent, calls attention of poultrymen to the need of making sure all laying hens get ample supplies of Vitamin A.

Hot weather during the past few weeks has been drying up green feed fast. Many chicken owners are now, for instance, mixing alfalfa leaf meal in the regular ration at the rate of three per cent.

Such a supplemental ration mixture, Fowler declares, is especially important for pullets out on the open range. No poultry owner wants too much of the meal in the ration, or it will cut down the food value of chicken mash.

The county agent reports some poultry raisers are having trouble with summer colds in flocks. Vitamin A in green feed will keep those colds under control. It's not going to cure the flock if you have contagious colds, but the county agent says it is certainly worth a try.

With choice eggs bringing prices they are at present Fowler believes many poultry flock owners are really passing up a chance if they do not give laying hens exactly what they need in the way of balanced feed; first to insure continued high egg production, and second, to keep nutritional diseases out of the county poultry flocks.

Road Hogs and Law-Breaking Auto Drivers Due for New Inning in State

It's a bad day for road hogs, Colonel Homer Garrison, director of the Texas Department of Public Safety says.

The new Texas traffic laws, going into effect September 5, will make things rough for those people who think they are the only ones on the road.

The person who drives up in the middle of the road, or wanders from one side to the other, will now be liable to arrest. So will the person who passes one vehicle when another is coming to meet him.

A driver must stay on the right except when passing, when driving on a one-way thoroughfare or when the right side of the road is blocked.

The middle lane of a three-lane highway is to be used only for passing and for making left turns, and then only when nobody is using it from the other direction.

One vehicle may not pass another when they are at, or approach, an intersection or railroad crossing; when approaching a bridge, viaduct or tunnel; or when in a designated No Passing zone, marked by a broken stripe or any other means.

The question of right-of-way is clearly defined in the new law. The vehicle that gets into an intersection first has the right-of-way. If two vehicles get there at the same time, the one on the right has the right-of-way. In other words, if the other car is on your right, you must let it go ahead. If the other car is on your left, it should let you go ahead.

When you are making a left turn at an intersection, you must not cut in front of other vehicles so as to create a hazard. But you may turn ahead of opposing traffic after you have signalled for your turn and let the cars by that are in, or right at, the intersection.

Observance of rural stop signs—whether on highways or county roads—has never been enforced, because the old law did not actually make it a violation to run a rural stop sign. But it's a different story under the new law. Those stop signs now mean stop. Furthermore, after stopping, you must be careful not to start up again in such a way as to interfere with other traffic, thereby creating a hazard.

Hay wagon turns are outlawed. To make a left turn, you must start the turn from the position nearest the center of the street or road. A right turn must be made only from the lane nearest the right side of the street or road. Turns should be short, not on a wide angle such as one must make when he's driving a hay wagon or a double span of horses.

Definite signals must be given before a driver turns, slows down or stops.

Converted Jew to Lead Revival for Assembly of God

Snyder and Scurry County will have an opportunity to hear a converted Jew who has been in missionary work two years, at the Snyder Assembly of God revival meeting, opening Sunday morning.

Rev. Robert Owens, pastor, directs church attendants' attention to Rev. Morris Lefkowitz, and Mrs. Lefkowitz, who will conduct the two-week meeting.

The missionaries came here from Chicago, Illinois. Their home address is Oklahoma City.

A church-going missionary rally is scheduled for 1:00 o'clock Sunday morning, after which initial revival service will be held.

Rev. Lefkowitz will preach each evening through the week at 8:00 o'clock. At one service of the revival he will tell of his conversion from Judaism to Christianity.

Mrs. Lefkowitz will assist with special singing and by working with children. General public is invited to worship with the Assembly of God congregation in the September meeting.

Proud parent on meeting the new first grade teacher. "I am very happy to know you, Miss Smith. I am the father of the twins you are going to have next September."

ASSISTANT MANAGER in charge of the Lubbock office, Prudential Life Insurance Company of America, is William A. Rickett. Scurry, Kent and Garza are three of the 21 counties in the district Rickett will serve.

County Agents Attend Confab of Agents at A. & M.

Oscar Fowler, county agricultural agent, and Mrs. Estella Strayhorn, county home demonstration agent, left Monday for College Station, where the two are this week attending the annual Texas Extension Service agents' conference.

Program of the state convales, which attracted over 500 agents of Texas, got underway Tuesday with a joint meeting in Gulon Hall of Texas A. & M. College.

Fowler and Mrs. Strayhorn report Tuesday afternoon's program was woven around an Agricultural Mechanics Show, at which subjects like poultry, dairying and livestock were taken up in detail.

Tuesday night all county and home demonstration agents attended a reception given by Gih Gilchrist, A. & M. College president, and Mrs. Gilchrist.

Wednesday turned into a field day at which attendants were given opportunity to see a fog machine in action, mechanical cotton pickers and other innovations of mechanical farming.

Today (Thursday) Mrs. Strayhorn and Fowler are joining the Scurry County 4-H Club boys and girls and adult leaders for the State 4-H Club Roundup.

A well rounded program for 4-H Club boys and girls has been mapped with attendants slated to break camp Saturday morning.

Snyder Teachers to Meet Saturday Morn

Attention of Snyder Public School system teachers is called to the general faculty meeting that will be held up for round table discussion. Superintendent M. E. Stanfield has set 9:00 o'clock Saturday morning as the hour for the convales, at which a number of matters will be held Saturday morning.

TEXANS in WASHINGTON

This is one of a series of articles prepared for The Times on Texas members of Congress in Washington, in which the backgrounds of the representatives in the national capital are presented. Read the entire series from week to week.

By Tex Easley, AP Special Washington Service.
Washington, July 19—Tom Connally of Texas long has been a dominant figure in the United States Senate.

An eloquent orator and possessed of the prestige and confidence that comes with long seniority, he still wields great influence though he and his Democratic colleagues now are in the minority.

When world affairs are under discussion, he ranks with Sen. Arthur Vandenberg (R-Mich) who succeeded him as chairman of the Foreign Relations committee when the Republicans gained control.

The fact that the administration still is democratic gives the Texan more of a voice than a minority party member might be accorded. But nevertheless, being a minority member after so many years in the saddle obviously annoys him.

Now approaching 70, the tall, silver-haired statesman from Texas still is probably the most colorful rough-and-tumble debater in the Senate.

Only slightly less vigorous than he was a few years ago, he still can bang a big fist on a pile of law books to emphasize a point, or swing his arms in great sweeps as he tells a story. He has an unlimited stock of tales to fall back on, and a tongue that can get so sharp and caustic that few colleagues dare to tangle verbally with him.

He is at his best when the galleries are packed, and his oratory during a filibuster provides the spectators with the sort of show they love.

Not only does the senior Texas senator have the eloquence and manner of a past era, he looks like the popular idea of what a senator looks

like. His long silvery hair curls around his collar, he has an erect and slightly portly appearance, usually wears black suits with narrow trouser legs, and a black string bow tie.

While weighty world problems have sobered the thoughts and mannerisms of Senator Connally during the last six years, recent debate on the tax bill aroused him to a touch of his old style in floor argument.

An effort was made on the Senate floor to amend the tax reduction bill so as to extend to other states the privileges that Texans and residents of nine other states enjoy under their community property laws.

Under that system a husband and wife equally divide their family income, file separate tax returns and thus pay a lower federal income tax than if only the husband filed a return. Some senators called this a tax evasion device.

"Why, Santa Ana hadn't hardly got out of Texas," Connally retorted, "till we adopted this system. That was a hundred years ago, so it's no de-vice."

With a bachelor of arts degree from Baylor University in 1896 and a law degree from the University of Texas in 1898, the senator must know his grammar. But it's a long and deliberate habit of his to use "ain't" and all manner of colloquialisms—both in Senate debate and in campaigning.

Born August 19, 1877, near Hewitt, not far from Waco, and christened Thomas Terry Connally, he attended public schools in Eddy. After getting his law degree he was admitted to the bar and began to practice in Waco. The next year, 1899, he moved to Marlin, which is still his legal residence.

His political campaigning started soon afterward, and he was elected the next year to the Texas House of Representatives, in which he served

ed until 1904. He was prosecuting attorney of Falls County from 1906 to 1910.

Connally first came to Congress as a member of the House of Representatives, taking his seat March 4, 1917. Shortly after that, with the outbreak of the first World War, he entered the Army as a captain.

He had served in the Spanish-American war as a sergeant major with the Texas Volunteer Infantry.

On March 4, 1929, Connally became a senator after 12 years in the House.

Like a small handful of other old-timers around the Senate and House, Connally has a small private office right in the Capitol, as well as a spacious suite of rooms in the white marble Senate Office building.

Here in this sort of hideaway—which is known to few—he can retire for a brief rest late in the afternoon if a tedious, late day or night session is in prospect.

Two Heels Don't Help Light Dimming Drive

Two heels here do not make a right. This may be legal double-talk, but it comes straight from Colonel Homer Garrison, director of the Department of Public Safety, who pointed out Wednesday that the new traffic law which goes into effect Friday requires a driver to dim his lights at night when meeting another vehicle.

"If the other fellow refuses to dim his lights, don't you be a heel and refuse to dim yours too," Garrison states as a warning to all Scurry County motorists.

"And as for the other fellow, he will meet a police car somewhere down the road," Garrison concludes.

No Reduction in Food Prices Soon Indicated

Scurry County's 12,500 citizens need not expect reduced food prices in the near future, Rufus Starnes, president of the Texas Retail Grocers Association, states in a release.

Starnes informs Snyder and Scurry County people there is no basis on which to found expectations for reductions. Only hope for reducing retail prices, he declares, would be the reducing grocers' overhead. He says costs of food production and wages in the transportation fields are still too high.

around the corner is the exclusive barbershop for senators. Here Connally and many of his colleagues go daily for a refreshing shave or haircut, free from bother. Nobody except senators is permitted to enter this refuge. It has been this way for a long, long time, and lined along the shelves are individual shaving mugs for each senator.

On the high walls of Connally's suite in the Senate Office building, a block away from the Capitol, are scores of interesting photographs and official documents such as photostatic copies of declarations of war against Germany and Japan which carry his signature as an author. He plans to give much of the ever-growing collection, which already has great historical value, to a museum in Austin.

The senator has one son, Ben Connally, who practices law in Houston. In 1942, several years after the death of his first wife, Connally married the widow of his long time friend and colleague, the late Texas Senator Morris Sheppard.

The Connallys live in their own home, an attractive brick house in a residential section of Washington. They are one of the most popular couples in the capital, and attend most of the big social functions.

Farmers Warned to Be Careful in Use of Insecticide Sprays

Oscar Fowler, county agricultural agent, this week warns the 1,452 farmers of Scurry County to be extremely careful when using inflammable insecticides to spray barns, corn cribs and grain storages.

"Carbon bisulfide or 'high life' as it is commonly called is one of the most dangerous sprays," Fowler states. "Such an insecticide, commonly used in this vicinity, is more explosive than gasoline and can ignite from the heat of a steam pipe."

If flammable fumigants and insecticides must be utilized, the county agent declares, they should never be kept inside of a building housing persons or animals. "Never, under any circumstances, should anyone strike a match with in 10 feet of a building which is being fumigated."

Fowler cautions farmers against using insecticides which produce harmful fumes. He explains that the gases or fumes set up by some fumigants can cause a serious lung condition that often results in death. He advocates sprays which have a fire hazard less than kerosene.

7c Support Price for Cotton Set for Area

Scurry and Borden County farmers are advised grower prices for the 1947 American-Egyptian cotton crop will be supported at about seven cents a pound higher than last year.

So states the Department of Agriculture, which says support rates for basic quality cotton, that is Grade No. 2, 1 1/2 inches, will be 56.85 cents pound net in the West Texas-New Mexico area.

The name of Idaho is derived from an Indian word meaning "Gem of the Mountains."
