FLAG DAY-JUNE 14

"I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all."

The Flag of the United States is the symbol of our indomitability, if as Americans, we have faith and believe unwaveringly. No battle in war, business, or any other sphere of human endeavor is won without faith in God, in Country, and in one's self. This is the spirit of the American Flag written on every page of American history.

James Russell Lowell, famous American poet and author, was once asked, "How long do you think the American Republic will endure?" Lowell replied, "So long as the ideas of its founders continue to be dominant,"
