SS Monies Increase Over Past 10 Years

Although early census estimates for 1970 show Fisher County declined in population during the past 10 years, figures just received by R. R. Tuley, Jr. social security district manager in Abilene, show that the number of persons receiving monthly checks rose by 639 in those years.

In December 1969, 1141 Fisher County persons drew \$78,000 in S. S. benefits.

Mrs. Roger Murff of Abilene visited her mother Mrs. C. C. Roach in Rotan last weekend.

District Association meeting of Lone Star Utilities Association was held in Rotan at Rotana Restaurant last Wednesday night with good attendance of membership.

Ted Weaver, general manager Sweetwater Chamber of Commerce was speaker for the affair. He stressed public relations and the role of each City employee as a builder of their communities. He urged use of whatever talent each employee had, great or small, stressing honor and respect for our Flag, as long as we enjoy this freedom. His talk was very inspiring. Over 40 members were present, with 3 guests.

July meeting of the Association will be held in Rochester.

Randolph Is New Roby Postmaster

Lynn Randolph, officer in charge of the Roby Post Office, will be installed Friday, June 26.

Lynn started as an employee at the Post Office in Roby on January 20, 1946. He served twenty and a half years as a postal clerk and later was appointed as rural mail carrier where he has served the past four years.

He is a veteran of World War II, serving 4 years in the Air Force. He is a past member of Roby School Board and member of the Church of Christ. He is married and has three children.

Lynn is well qualified for

his new position at the Post Office. He has always been considerate of everyone that he has served at both positions and we at the Star-Record congratulate him on his new assignment.

Retiring After 27 Years Roby Postal Service

Mrs. Alf Tefteller who has been serving in the Post Office of Roby 27 years will retire Friday. She was employed May 18, 1943 and was appointed acting post master January 8, 1951 when her late husband Lee Hall became ill and was unable to fill the position. After his death she was appointed Postmaster in September 19, 1951.

She was born in Sardis Community, Fisher County and is the daughter of Mrs. Alice Dun-

lap and the late Jay Dunlap. Her grandparents were Mr. and Mrs. A. P. Kelly and Mr. and Mrs. N. S. Bonner, pioneers of Fisher County. She is a member of the Church of Christ.

Mrs. Tefteller has made Roby a very efficient and most accommodating Postmaster. She was always been active in civic work and the postal work.

Talking to her, she said she had always strived to please the public and run the Post Office the very best of her ability and that she had certainly enjoyed serving the people because she really did love her work, and being in and out of the post office any one could tell that she truly did enjoy it and has always been so nice and friendly to everyone. We of the Star-Record, and we are sure the public, regret to see her retire and she will certainly be missed.

Final Check For Missed Families In '70 Census

One of the final steps in the 1970 census in rural and small city areas of the southern States -- a check by mailmen -- is now underway, according to the U. S. Department of Commerce's Bureau of the Census.

The '70 census was taken by two methods: by mail-out and mail-back of questionnaires in most major metropolitan areas and by census takers in the rest of the United States. The latter procedure entailed the mailing out of questionnaires and subsequent visits by census takers who would pick up filled-in forms or, lacking this, interview families while following a house to house route.

Canvassing in the metropolitan areas required checking of addresses by postal employees before the mailout. A similar step is now being taken by mailmen following the visits by census takers.

This is the procedure: When census district offices complete their preliminary counts, they turned over to the post office a set of white cards listing every address canvassed. The mailman, in turn, check these addresses against the households on their routes. If the mailman discovers what he considers a "missed" address, he fills out a blue card noting this fact. The blue cards are referred to the Census Bureau, which will check them against the census records.

The Census Bureau has found from experience that many households for which such cards are filled out have already been enumerated. This can happen for a number of reasons. For instance, some people get mail at two or more addresses, or there may be differences in the way a rural address is described.

The Census Bureau will check the blue cards turned in by mailmen and then take appropriate steps to provide a complete census count.

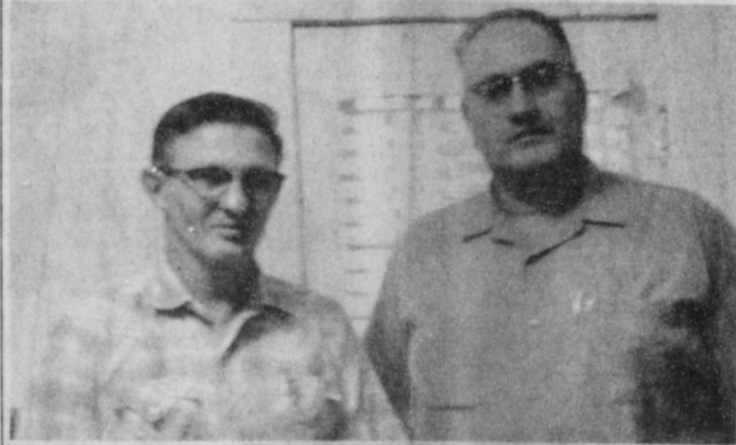

Hospital News

Patients admitted to Callan Hospital June 16 through 22. Local patients: Jimmy Mac Rivers, J. P. Sexton, Harvey Stickland, Irene Martinez, Jim Amendariz, Manuel Garcia, Mrs. A. L. Martinez, Clint Overby, Bobby Cooper, Mrs. O. D. Stricklin, Mrs. Melvin Thompkins and Mrs. Fred Singley.

Out of town patients: Mrs. Delmer Browning, Girard; Mrs. Lula Hodges, Roby; Mrs. R. F. Biles, Hamlin; J. C. Smallwood, Roby; C. A. Browning, Girard; Mrs. A. A. Jones, Hamlin; Mr. J. B. Lake, Roby; Mrs. O. C. Lowrance, Aspermont.

Mrs. Willis Ogden has recovered sufficiently from surgery to be at her home, her many friends will be glad to know. She had surgery on her neck recently and was in the hospital in Abilene.

New Officers For Roby Lions Club

Don Waddell of Midwest Electric Cooperative will be installed as President of Roby Lions Club next week. Carl Matthies, owner of Central Lumber Co., is outgoing President of the Club.

The Roby Lions Club had their regular luncheon meeting Thursday at the Silver Spur. President, Carl Matthies was in charge of the business session, guests were introduced. Special guest and speaker for the meeting was Evangelist Larry Taylor who held the Revival meeting at the First Baptist Church last week. His talk was most interesting. Mrs. Hooper Shelton, editor of the Roby Star Record, was the other guest who made pictures of the new president, Don Waddell and the outgoing president, Carl Matthies, also of the new officers and the Lions Club Sweetheart, Zana Beth Anderson. She has been their pianist and Sweetheart for

the past two years and will also be this year when the new President and officers take over in July.

Don Waddell handed out lists for advertising for the catalog to several members to sell for the Fisher County Fair and Rodeo which will be in August. So be ready all of you businessmen when one of these Lions Club members call on you for an ad. This money goes for prizes given at the Rodeo and the Lions Club gets a small percent for selling. They will appreciate your cooperation in taking an ad in the catalogue which also has the program for the three days.

Rotan Lions To Install Officers

John Jackson will be Lion Tamer; Harold Mireham, Tail Twister; Song Leader is Bobby Gruben; Program Director, C. J. Dalton and Fairey Graham will be Sweetheart for the year.

Directors to serve this year are, John Gray, Glen Holt, James Springer and Wayne Harris.

Rotan Golf Tournament Slated This Weekend

The local Golf Association will host a 36 hole partnership tournament here Saturday and Sunday, June 27 and 28.

Trophies will be presented to the winners and runners-up in each of the flights. These trophies are on display at Whites Auto Store.

A qualifying round of 18 holes will be played Saturday, and this score will be used to flight player for the final 18 holes Sunday afternoon.

The qualifying round must be played and certified in competition play with another

partnership team entered in the tournament.

Entry fees are \$2.50 to Club members and \$3.50 to non-club members. This fee must be paid to Arvin White before teeing off. If additional information is needed see Arvin White or Neil Wright.

Mr. and Mrs. J. O. Roberts of Rotan visited his sister and her husband, Mr. and Mrs. Rube Musick in Amarillo and also visited their daughter, Mr. and Mrs. Jess Stinson in Lubbock last weekend.

Co. HD Rally Day Held In Snyder

The Fisher County county-wide Home Demonstration Rally Day was held Tuesday, June 16, at the Barn, Towle Park in Snyder.

Games were played by the young-at-heart. A covered dish salad luncheon was enjoyed by all. Skits were given after lunch by the various clubs in the county. Diddle Hardy was given the award for the most outstanding entertainer.

Mrs. Wayne Rogers of Snyder came and brought her crafts of "Something made from junk". Her articles displayed a variety of creativity and imagination.

Those who attended the Rally Day were: Leona Levens, Neva Cardwell, Vena Schubert, Mayme Kemp, Eilene Cave, Doshia Cave, Mrs. J. P. Phillips, Nina Cave, Helen Thornburg, Aurora Martinez, Helen Galan, Orlena Lay, Betty Baker, Debra and Donny Baker, Louella Waddell, Karri Lynn Waddell, Fila Campbell, Forest Price, Patti Park, Norman, Okla.; Melinda McGinnis, Bobbie Holiday, Tommy and Tanya; Diddle Hardy, and Becky Howell, Extension Assistant.

Mary Sparks On Deans List At McMurry College

Mary Sparks of Rotan has been named to the Dean's List at McMurry College for the spring semester of 1970.

The announcement was made by Dr. Porter Crow, dean of the college. He notes that a student must have at least a 3.5 grade average and be in the top 10 percent of the class to qualify.

Mary is a junior majoring in education at McMurry. Mr. and Mrs. Melville Jarmagin of Roby are parents of the graduate of Roby High School.

Mr. and Mrs. Glenn Lasater of Eastland visited her parents, Mr. and Mrs. Pete Driver of Roby Saturday.

All-Star LL Team To Be Announced

Rotan Masonic Officers To Be Installed Tonite

Installation of officers for Rotan Masonic Lodge will be open to the public tonight at the Lodge Hall.

Charlie Bennett will be installed as Worshipful Master and Robert Phillips as Secretary.

The public is invited to see the installation and light refreshments will be served at close of the occasion.

Miss Hattie Belle Howard fell several days ago in her home and broke her right shoulder. She was away from her work several days at the Post Office but returned to work Monday.

As the 1970 Little League Season nears the finish line, it still appears to be anyone's pennant. In Monday night's game, the Rebels took an early lead to defeat the Yankees 9-6. The Yankees rallied late in the game but were unable to overcome a 7-1 lead at the end of the second inning.

As of Monday night the standings were:

Team	Won	Lost	Tied
Yankees	9	6	1
Rebels	9	7	0
Vets	8	7	1
Pirates	5	10	0

League officials are to meet with district representatives in Abilene Wednesday night to make arrangements for the all star tournaments. The Rotan All Star team will be announced Tuesday, June 30th after the last ball game.

El Paso Church 50 Years Service

The El Paso Baptist Church of Roby, observed their 50th anniversary June 7 with a bountiful lunch at noon and a wonderful program throughout the day.

The program began at 10 A. M. with the Rev. F. E. Healer as moderator. Misses Anita and Becky Healer of Sweetwater presided at the registry. Mr. Delbert Davis and Miss Janie Healer, both of Sweetwater, were in charge of the music for the day.

Prayer and scripture was brought in the morning by Rev. R. N. Babb of Sylvester and a former pastor. "Events of the Church" was then brought by the pastor, Rev. Healer. After the history, a brief testimony service was held in which several people gave their testimonies which told of their spiritual fires started in the El Paso Community. The Rev. W. W. Elam, of Dallas, brought the

morning message. He was the only living pastor who was called to preach in El Paso Church of the same faith and order.

Special music throughout the program was brought by Mr. Delbert Davis of Sweetwater singing "Fill My Cup, Lord", a quartet composed of Rev. Healer, his wife and daughter, Anita, and Delbert Davis, singing "What A Day That Will Be", followed by a duet of Mr. and Mrs. J. D. McCormick, Jr. of Roby singing "In The Garden".

Those speaking in the afternoon session were Judge Lamonte Haley from Seminole, Rev. Leslie Kelly from Howard County Jr. College, and former pastor, Rev. A. H. Williams from Abilene, and former pastor, Rev. W. S. Brown, of Sweetwater, and former pastor. Also, Rev. J. L. Kinsey of Sweetwater, who like Judge Haley, were hometown boys returning to their home church for the 50th Anniversary. The closing message was brought by the area missionary, Rev. Thurman Upshaw.

Flowers were furnished by the McCormick children in memory of their parents, Mr. and Mrs. J. D. McCormick, Sr., who were charter members of the church. Other flowers were given by Rev. Healer and family in memory of his grand-parents, Mr. F. M. Turner and Mrs. A. E. Hammonds, also charter members of the church.

The oldest member of the church is Mr. Homer Elam of Roby who served as church clerk for 41 years, and youngest member is Anita Healer, daughter of the pastor.

Roby St. John Church Observes Anniversary

Sunday, June 21st was homecoming and Anniversary Sunday for our Church.

Sunday School was at 9:45. Morning message at 11:00 was brought by Rev. A. C. Brown of Rotan. Dinner was served beginning at 1:00 p. m. Members of food committee were Jeanne Hodges, Jessie Hart, and Connie Wallace.

The 3:00 o'clock message was brought by Rev. J. L. Lee and his choir from Anson.

Guests were from Rule, Haskell, Colorado City, Sweetwater and Rotan. Rev. J. L. Mitchell, pastor of St. John was conductor of all services for the day. We want to thank everyone who had a part in making our Anniversary and Homecoming a success.

Mr. and Mrs. Roger Carney and daughter Trisha of Seagoville, Texas visited her grandmother, Mrs. C. C. Terrell in Rotan last Wednesday.

The Old Timer

"Fifty years ago, minding one's children did not mean obeying them."

by MARY LEE

Man has always been credited with inventiveness, but don't underrate his mate. Maybe man did make plastics out of soy beans—but it was a little woman who sprayed corn flakes with gold to decorate a picture frame!

But more significantly, today, women are using in highly innovative ways some of the more traditionally masculine items found in automotive stores.

According to the Motor & Equipment Manufacturers Association, women have moved into the auto supply stores in a big way. They now buy half of everything sold there, and they use the products in many a new fashion.

According to some homemakers, oil additives are just the thing to brush on metal posts of bird houses. It makes them so slippery that squirrels and cats can't climb up to frighten birds or steal their food.

Women also have learned to zap those basement crickets with precise shots of automatic choke cleaner from a pressurized can. And they find sweeping the walks easier with a heavy-duty push broom such as those used by service stations for clean-up.

You might call it one-upmanship in this man's world when women make household appliances gleam with auto polish, or free sticky garden gates with automobile lubricant. They also replace mop-up rags with windshield cleaning paper, because it's so tough.

Women have discovered that empty five-quart oil cans are great for starting tender young plants. And junk tires painted pastel colors are amusing to decorate a driveway.

As yet the gals haven't found anything different to do with the mechanic's hand cleaner except use it to clean their own "green" thumbs. But just wait. It wouldn't surprise us if they found it could be used as a laundry aid or salad dressing mix!

A weekly public service feature from the Texas State Department of Health

Accent on Health

J.E. PEAVY, M.D., Commissioner of Health

To most of us the only time we consciously think about the water we drink is on those hot summer days during work or play when a good, cool drink of water is really a thirst-quencher, and then we think only of the pleasure we receive from that drink and not of the rules and regulations and hard work that goes into making our public water supply safe and sanitary. But that job is a very important public health service of the Texas State Department of Health.

The Sanitary Engineering Division of the State Health Department has been involved ever since 1915 in efforts to preserve the purity of state and community water supplies. The Water Supply unit of that division, operating under state law, has so thoroughly blanketed the field of water sanitation with State Health Department engineers that water-borne diseases from public drinking water supplies have virtually disappeared.

Drinking water supplies serving communities, common carriers, food processing plants, dairies, and the water supply of public parks are subjected to penetrating inspection. Plans for new systems are reviewed for health hazards. Water utility operators are certified as competent after being examined. Field inspectors from the State Health Department work to bring all public water supplies into strict compliance with the

rules of the State Board of Health, and of good sanitary practices. Today there are some 450 public water supplies across the state that have been approved by the State Health Department and certified as safe and sanitary.

One of the biggest volumes of work done in this water supply service is the bacteriological and chemical analysis of water samples. There are 25 Health Department laboratories across the state in addition to the state lab at Austin that handle the tremendous volume of samples sent in for bacteriological analysis. Some 12,000 to 18,000 samples per month are processed and records kept on each sample.

The Health Department Laboratory in Austin also conducts a chemical analysis of public water supplies. This service, because of its complexity and volume, is not available to private individuals. The chemical analysis determines dangerous, or even undesirable, concentrations of solids and minerals, including chloride, fluoride, sulfates, iron, manganese, and many others. The PH, the acid or base quality of water, is also determined. Some 12,000 to 15,000 samples are tested chemically every year by State Department of Health laboratories.

As It Looks From Here

Omar Burleson, M. C. 17th District, Texas

In the early part of the war between the States counterfeiting was virtually limitless. There were estimates that as much as one-half of the currency in circulation was counterfeit.

At that time there were about 1,600 State banks throughout the Nation, printing currency with each designating its notes differently. To add to the confusion, each bill demonination carried a different design making it difficult to detect one of the 4,000 varieties of illegal notes from the 7,000 legal bills.

In 1863 a national currency was adopted and the Government thought its problems were over. Soon thereafter the national currency and counterfeit money circulated so extensively that the Government had to take protective measures.

On July 5, 1865, the Secret Service was created within the Treasury Department as the first general Federal Law Enforcement Agency.

In the following ten years, counterfeiting was greatly reduced and crime brought under control.

Thereafter the Secret Service had its jurisdiction increased as an investigative agency and handled such matters as the Teapot Dome Oil Scandal, the Ku Klux Klan, Government mail frauds and even espionage activities during the Spanish-American War and World War I.

President McKinley was assassinated in 1901. The Secret Service was thereafter designated to protect the President. Theodore Roosevelt being the first. In 1906, Congress passed an Act authorizing the Secret Service to guard the President and in 1907 the authorization was extended to include the President and Vice President-elect, the President's immediate family and former Presidents, their wives, widows and minor children.

The Secret Service also protects irreplaceable historical documents of the United States and other valuables ordinarily known as personal property but owned by the Government.

Measures for protecting the President of the United States are intricate and detailed. The Secret Service has this responsibility and can even override the President's wishes, to insure, as far as humanly possible, his safety.

There have always been "Nuts" loose in the Country but in recent years there appear to be more and more. Remarks made in fun or in bragging have been known to instigate

Bennett Reunion Well Attended

Family members attending the Bennett Reunion recently in Rotan were: Mr. and Mrs. Edgar Bennett, Rotan; Mr. and Mrs. Roy Perkins, Master Sgt. Don Perkins and family of San Antonio; Mrs. Alice Bennett, and Mrs. Ruby Mae Bledsoe of Big Spring; Mrs. Edith Coan of DeLeon; Mrs. Tommie Bennett of Lubbock; Mr. and Mrs. Max Bennett and family of Snyder; Mr. and Mrs. Laverle Bennett of Sweetwater; Mr. and Mrs. Roy Bennett of Dallas; Mr. and Mrs. Loyd George of Crane; Mr. and Mrs. Joe Wiley of Gustine; Mr. and Mrs. L. N. Burleson of Rochester; Mr. and Mrs. Dick Burleson of Electra; Mr. and Mrs. Blyn Irwin of Odessa; Mrs. Hazel Brashears of Mineral Wells; and Millard S. Parker with the U. S. Army at Fort Sill, Oklahoma.

Visitors and friends were: Mr. and Mrs. Joe Martinez, Roy Kingsfield, Homer Aaron, Mr. and Mrs. E. T. Warren, George McBeth, Dollie Allen, Mr. Hugh Huckaby, Carol and Alvin Seaton and boys, and Lottie, Mattie and Dorothy Shick of Rotan; Mrs. J. A. Head, Mrs. Ava Leach, Lurline Unnewehr of Roby; and Mrs. T. J. Brown of Phoenix, Arizona.

Mr. and Mrs. Mitchell Abdul-Iah and children of Irving visited her parents, Mr. and Mrs. Ed Patton in Rotan last week.

The most thorough investigation of such individuals with the idea that it isn't funny or wise to threaten the life of the President or others the Secret Service is charged with protecting.

The President and his family are under constant surveillance as is the White House and its environs. Nothing is left to chance. Many times investigations prove that threats made by some individuals are false and not intended seriously but every such case must be thoroughly and expertly inquired into.

Counterfeit money still turns up at frequent intervals. Secret Service Agents are constantly on the watch. Many people are still victims of counterfeiters because they pay little attention to the currency which comes into their hands. It is an unusual person who stops to consider that the bills in his pocket may be counterfeit. In a way it is a tribute to confidence but it is also an assist to the counterfeiter. Improved methods of photographing and printing have made it easier to manufacture fake bills but few can operate very long without being arrested. In the vast majority of cases, it requires a number of individuals as an organization to counterfeit and pass fake money. Someone usually makes a mistake. In the meantime, however, innocent people can be bilked out of their legitimate money—some innocently, others thinking they're making a bargain but actually cooperating in a criminal venture. Often times an individual approached with the idea of purchasing counterfeit bills reports the matter and the suspect is apprehended. Not many survive long enough to enjoy the fruits of their illegitimate activity.

In recent years forged Government checks has become a big business. This is true simply because there are more Government checks going to more people than ever before. During the past year almost 43,000 cases were investigated involving \$4.5 million, with over 2,000 arrests. Most of these were checks stolen from mail boxes of private homes.

Government checks are also an asset to the forger. Many people will accept a check or bond without asking for proper identification.

Subject to change, counterfeit money itself will be discussed in the next article.

Christian Science Lesson

Instructions given by Jesus to his twelve disciples and to seventy other followers, who were sent out to heal and save mankind, are included in the Lesson-Sermon to be read in all Christian Science churches this Sunday.

The Lesson-Sermon subject is "Christian Science," which is explained in passages from Science and Health with Key to the Scriptures by Mary Baker Eddy. One of the passages states, "now, as then, signs and wonders are wrought in the metaphysical healing of physical diseases; but these signs are only to demonstrate its divine origin, -- to attest the reality of the higher mission of the Christ-power to take away the sins of the world."

Mr. and Mrs. Pick Cherry and son of Miami, Fla. have been in Roby this week visiting with her mother, Mrs. Bea Davis. The Cherrys who have been in Florida over a year are being transferred to Abilene and will live there.

Mr. and Mrs. Paul Janourick of Mineral Wells visited her aunt, Mrs. Bill Parker and Mr. Parker in Rotan recently. Mrs. Janourick was the former Mary Jo Johnson and lived in Rotan several years ago.

Mr. and Mrs. Calvin Crow and Laura returned to Rotan Sunday night after Mr. Crow had had surgery in San Antonio last Thursday.

Mr. Crow was in town a few minutes Monday, but will not be able to resume regular work at the store for several days.

Mrs. Henry Ellis of Abilene spent several days in Roby with her mother, Mrs. Willie McWhirter. They visited with Mrs. McWhirter's sister Mr. H. C. Shelton in Rotan Saturday afternoon.

Judy Wright, daughter of Mr. and Mrs. Jimmy Wright of Roby, and Hattie Lou Rogers of Sweetwater were slightly injured when the two were involved in a two car collision at Sweetwater, but neither of them had to be hospitalized.

FARMERS UNION INSURANCES

GOLDEN HAVEN Nursing Home NEWS

Mrs. H. D. Mitchell

The wonderful rain should make us all feel better, especially the farmers, we needed it for the crops, and made the weather cooler.

It's still vacation time and visitors are still dropping by. Mr. Walter Neves made his regular visit, we are always glad to have him come by.

Robert Martin hasn't had time to get very lonesome this week, since Mrs. Martin is away. His son Artie came by several times also his sisters, Mrs. Unnewehr and Mrs. Alva McHaney of Sweetwater, Mr. Carl Martin, and Dolph Favor of Snyder.

Ed Roberts' brother, Joe from Rotan was here. Mrs. Millwee had visitors from Rotan, Mrs. Keener and Mrs. Chester Schick.

Mr. Long has been here and visited Mr. Simpson and Mr. Roy Wells.

Mary Cooper had relatives Dolph, Jeff, and Morris Dean Favor.

Fred Owens' daughter, Mrs. Hanna was here. Millie Drenons daughter Mr. and Mrs. Jim Williams of Lubbock were here. Mrs. Keener visited her too.

Mr. Walter Burk's son, J. D. and wife of Rotan, a niece, Mrs. Byrd Burk and son and a friend of San Angelo were here to see him.

Mrs. Elba Bates' grandson, Donald Weaver of Spur and Norris Taylor visited with us.

Mrs. Eula Cathy's husband, daughter-in-law, Mrs. Richard Cathy, Darrell and Bubba Doty, Fassel Elkins, Tommie Haliburton, Jeffrey Dennis all visited her. At this writing, Mrs. Cathy is in the hospital.

Mr. Simpson and Fred Owens both received Fathers Day calls. J. T. Stewart had a friend drop by, Fredrick Ham-bright of Ft. Worth.

Why don't you drop by and visit, you'll be glad you did.
V. L. M.

Attend Driver Funeral in Rotan

Relatives here for the funeral of Mrs. Beulah Driver were:

Carlos Taggart, Kara, Mary Beth, Tammy and Kim of Dallas; Mr. and Mrs. Chester Taggart, and Mr. and Mrs. Elmer Cooper of Monahans; Mr. and Mrs. W. E. Popham and Ruth Madison of Amarillo; Mr. and Mrs. W. E. Popham, Jr. and family of Swicks, Colorado; Mrs. L. E. Popham, Mr. Billy Popham of Canadian; Mr. and Mrs. David Parkhill of Abilene; Mrs. J. L. Thomas of Lubbock.

The Bible Then God said, "Let us make man in our image." (Gen. 1:26).

When we are discouraged with our failure to change someone else, to make him act or be like we think he should, pause and reflect. We may be trying to make someone in our image instead of remembering that it's God's image he is created to portray. If God's will and purpose are being fulfilled, then just add our blessing.

Mr. and Mrs. Don Terrell and little sons Steve and Scott of San Antonio visited their grand mother Mrs. C. C. Terrell Sunday afternoon. They have recently moved from Little Rock, Ark.

Lloyd Holland of Portales, N. M. and grandson Fonce Dee Masters of Lubbock visited the family of his sister, Mrs. Irving Parker in Roby Tuesday and Wednesday of last week.

Mr. and Mrs. Bill House, of Rotan, visited in Haskell Sunday with their sister and husband, Mr. and Mrs. Frank Martin, also with Mrs. J. W. House, Sr. in the Rice Springs rest home.

Mrs. Paul Christeau of Waxahachi came last week to visit her parents Mr. and Mrs. A. C. Snapp and her grandmother, Mrs. Ina Harris, Rotan, also to get her daughters Marguerite and Paula who had visited here this week.

Mr. and Mrs. Morris Hardin of Lubbock visited his parents, Mr. and Mrs. L. E. Hardin in Rotan. The grandchildren had spent the week here and returned home with their parents.

Some attention is being given
to guar planting at the present
time in Fisher County. Increased
interest is due mainly to the
favorable outlook expressed by
the industry. In 1969 about
85,000 acres of guar were har-
vested in the Rolling Plains.
However, to obtain the pro-
jected minimum needs in 1970,
approximately 250,000 harvested
acres will be needed. The
industry is offering contracts
with a floor price of \$4.60 per
hundredweight.

The need for increased acre-
age results from the growth in
demand for guar products. For
example, in 1959 the United
States consumed a total of ap-
proximately 15 million pounds.
In 1969 approximately 40 mil-
lion pounds were used. This
represents about 50 percent of
world consumption. The Rolling
Plains account for about 80
percent of the U.S. production.

One of the areas of potential
for increased guar production
is diverted acres, both manda-
tory and voluntary. Guar yields
of 350 to 400 pounds per acre
will offset the reduction in
diverted acre payment for
wheat and feed grains. There is
no reduction in payment for
guar planted on acres volun-
tarily diverted from cotton.
Guar may also offer possibili-
ties for cotton acres which
have been released after being
destroyed by natural causes.
For more details on these pro-
grams, we suggest a visit to
the county ASC office.

Another area of production
potential has been pointed out
by work done at the Rolling
Plains Soil and Crops Research
Station at Chillicothe. This
work indicates that guar can
be grown profitably when in-
terplanted with cotton in a
skip-tow system. For the last
several years a system consist-
ing of the conventional two
cotton, four fallow with the
middle 2 fallow rows planted
to guar showed a net return of
\$14 or more per acre over the
straight 2 cotton, 4 fallow system.

These facts about guar should
be kept in mind if plantings
are to be made:
- Guar is drought resistant but
it still must have moisture for
maximum production.
- Guar fits well into a crop
rotation program and is an ex-
cellent soil-improving crop.
For the last several years cot-
ton yields following guar in
rotation have increased 20 per-
cent at the Chillicothe Experi-
ment Station.

- Seedbed preparation for
guar should be the same as for
cotton, corn or grain sorghum.
- The best seed available,
preferably certified, should be
planted. Seed should be inocu-
lated with a special guar inocu-
lant (Group E) just prior to plant-
ing.
- Guar should not be planted
until continuous warm weather
is assured. Soil temperature
should be above 70° at plant-
ing time.

- Seeding rate should be 4 to
6 pounds per acre in 40-inch
rows, and not over 15 pounds in
drill plantings. Seed should be
planted one to one and a half
inches deep.
- Grain sorghum planting equip-
ment can be used for planting

**COUNTY
AGENT
NEWS**

by Richard Spencer

guar; however, straight hole
plates give less trouble. Addi-
tion of graphite to the seed box
helps avoid the gumming prob-
lem. To reduce weight on the
plates, fill seed boxes to no
more than one-third capacity.
- Guar can be harvested with
conventional combine equip-
ment.

Other production details are
available from the county
agent's office. In a new Guar
Fact Sheet (L-907) which in-
cluded information on fertiliz-
ers, weed control, varieties,
insects, diseases and harvest-
ing and marketing.
Guar offers possibilities for
additional cash income to
farmers of the county, where
it fits into the overall farming
operation. But as with other
crops, good management and
proper cultural practices are
necessary for maximum pro-
duction and income.

The size of next fall's and
winter's litters may be deter-
mined by the management
given sows during the hot
weather months.

For larger fall and winter
litters, swine producers should
make every effort to keep
sows and gilts cool during the
hot summer and early fall
months. Research has proven
that heat stress or high tem-
peratures during the early stages
of the gestation period reduces
sow productivity.

Heat stress during the 15 days
following breeding is detrimen-
tal to productivity, resulting
in fewer viable embryos and
lower survival rates.

Sows and gilts can be kept
cool quite satisfactorily
through the use of a fogging
system. On farms which have
a pressure water system, cot-
ton spray nozzles have been
successfully used in construct-
ing the needed fogging sys-
tem.

Beef and dairy cattle, in-
cluding lactating cows, can
treat themselves with safe, ap-
proved insecticides to control
the troublesome horn flies that
attack during warm weather.

All that is needed, is a self-
applicator bag properly stocked
with dust containing either 3
percent Clodrin or a one per-
cent coumaphos (Co-Ral) and
located so the cattle will con-
tact the bag as they go about
their daily routine.

For dairy cattle, the most
convenient location for the
dust bag is in the exit chute

of the milking parlor.

For beef cattle, it may be
located in the gateway to a
fenced off watering trough, a
salt box or in the entrance to
a resting area.

Commercial, ready-filled
bags can be purchased from
livestock supply outlets or they
can be inexpensively made. All
that is needed are a few medium
to fine mesh burlap bags to
hold the dust, some hardware,
including hooks on which to
hang the bags, and a few grom-
mets to serve as hook eyes.

A roof to protect the device
from rainy weather is strongly
recommended. It is suggested
to use double strength burlap
by placing one bag within an-
other to better hold the dust.

Stock each double-layer bag
with 5 to 10 pounds of the
selected insecticide and hang
them in pairs in such a way the
animals will be forced to walk
between the pair.

For best results, the bags
should overlap each other by
four to six inches. The bottoms
should be about 18 inches from
the ground for small cattle and
24 inches for the larger breeds.

Each time an animal walks
through the self-applicator it
will brush its head, neck, shoul-
ders and back against the bags
and pick up enough of the in-
secticide to keep the horn flies
under control. Weekly mainte-
nance is suggested.

with the unknown spouse of the
foregoing party, if living, whose
place of residence and where-
abouts are unknown to this
plaintiff; and if dead, the legal
representative and unknown
heirs of the foregoing named
defendant and her unknown
spouse; and if the unknown heirs
of said named defendant and
her unknown spouse are dead,
the unknown heirs and legal
representatives of the unknown
heirs of the foregoing unknown
defendants; Defendants. Greet-
ings:

You are hereby commanded
to appear before the Honorable
District Court of the 32nd Ju-
dicial District of Fisher County
at the Courthouse thereof, in
Roby, Texas, by filing a written
answer at or before 10:00 AM
of the first Monday next after
the expiration of forty-two
days from the date of the is-
suanace of this citation, same
being the 27th day of July,
A. D. 1970, to Plaintiff's Peti-
tion filed in said court on the
12th day of June, A. D. 1970,
in this cause, numbered 3825
on the docket of said court
and styled Hugh F. Smith, Sr.,
et al vs. L. B. Rector, et al, de-
fendants.

A brief statement of the
nature of this suit is as follows:
A trespass to try title suit in
which plaintiff, for cause of
action would respectfully show
the court the following, to wit:
That on or about the 18th day
of December, 1969, Plaintiff
was lawfully seized and posses-
sed of the following described
land and premises situated in
Fisher County, Texas, holding
and claiming the same in fee
simple, to wit:

First Tract: All of Block 2 of

Second Tract: All of Block 5
of said T. Morris Rector Sub-
division of Sections 6-1/2 and
7-1/2 of John Rodman Surveys,
containing 80 acres, more or
less, in Fisher County, Texas.

That defendants unlawfully
entered upon said premises
and ejected plaintiff therefrom
and unlawfully withheld from
plaintiff the possession thereof
to plaintiff's damage in the
sum of \$1,000.00.

Plaintiff specifically pleads
fee simple title to said land
under the five year statute of
limitations of the State of Texas,
the ten year statute of limita-
tions of the State of Texas, and
the twenty-five year statute of
limitations of the State of Tex-
as. Plaintiff prays for judgment
for title and possession of said
land and other and further re-
lief to which plaintiff is enti-
tled as is more fully shown by
plaintiff's petition on file in
this suit.

If this citation is not served
within ninety days after the
date of its issuance, it shall be
returned unserved.

The officer executing this
writ shall promptly serve the
same according to requirements
of law, and the mandates here-
of, and make due return as the
law directs.

Issued and given under my
hand and the seal of said court
at Roby, Texas, this 12th

Rotan Girl Wins State 4-H Award

Sixteen Texas 4-H'ers will join six out-of-state members on the Texas 4-H Talent Tour July 26-Aug. 3, according to H. T. Davison, assistant state 4-H club leader at Texas A&M University.

The 22 youngsters have been initiated into the exclusive Talent Club, sponsored annually by the Producers Grain Corporation of Amarillo. The honorees come from the various districts of PGC and were chosen for their leadership, citizenship and achievement in 4-H Club work. In the club's 28-year history, only about 900 members have been initiated into its ranks.

New Texas members of the Talent Club include Ricky Price, Levelland; Galen Phillips, White Deer; Brenda McCasland, Wheeler; Keith Barlow, Perryton; Nancy Padgett, Booker; Walter (Buddy) Bertrand, Amarillo; Linda Hales of Canyon and Donald Dixon of Kress.

Also Carolyn Smith, Tullia; Suella Richardson, LaRue; Richard Clark, Athens; David

Stubblefield, Colorado City; Peggy Coffman, Rotan; Carol Schreiber, San Antonio; John Ballard, Somerset and Gayle McMeany of Shallowater.

Joining the group are two 4-H members each from New Mexico, Oklahoma and Kansas.

The group will start on the tour on July 26 and will travel to such Texas cities as Corpus Christi, Dallas, Houston and San Antonio. Chaperones for the tour will be a county agricultural agent and a county home demonstration agent, Davison said.

Mr. and Mrs. Hubert W. Hodges of Fort Worth are visiting in the Hutch Carter home in Roby on their way to Colorado. They will be joined at Amarillo by Mr. and Mrs. Edward Kenyon for the trip.

Mrs. L. W. Dickson of San Angelo has been visiting in Roby with Hutch Carter and enjoying the Baptist meeting and friends this past week.

Mr. and Mrs. Wayne L. Farley of Gouldbusk, Texas, formerly of Roby and Wichita Falls, announce the engagement and approaching marriage of their daughter, Joy to Mr. Curtis Wayne Shelton, son of Mr. and Mrs. W. W. Shelton of Gouldbusk there.

The marriage date has been set for Saturday, August 1st at the United Methodist Church there.

Joy is the grand daughter of Mr. W. J. Farley, Sr. of Roby. The couple are both attending Tarleton State College in Stephenville.

What's right about America?

Today, the surest means of a book becoming a best seller is for the author to highlight and denounce bitterly the faults of this country. The same can be said of television and the movies, which prefer in these modern days to depict the seamy side of life in America.

But there's hope. As I have moved across this state, I have sensed that our people are growing weary of gloom. It's becoming easier to strike up a conversation on what's right about America.

I always suggest that there are a lot more level heads in this country than we are sometimes led to believe. There are a lot more decent, law-abiding citizens than there are criminals and cheats and sharks. There are a lot more young people in the "now" generation who want to improve America than the handful of radicals who want to burn it to ashes and start all over.

I can understand why the "majority" has broken its "silence." There's a growing impatience with agitation and controversy. But I feel we should continue to approach our nation's problems with a cool head and an open mind.

I've listened to the voices of dissent. I think I know what they're asking of their government.

One thing they want is confidence. They want the assurance that their public officials have the courage to meet the issues of the 1970's with imagination and integrity, and not with some form of "old politics" that thrashes around with problems but never quite locates the workable solutions.

It was my desire to answer this urgent need that prompted me in January to seek the office of United States Senator.

Paid for by Bentsen for Senator Com. John Mobley, Chm.

Carole Anne Patton, daughter of Mr. and Mrs. Jack Patton, Rotan, a student at University of Texas is on a Beverly Brady tour of Europe with 47 other students from over the States. Tax Man Sam Sez'

Millions of wage and salary earners will receive a small increase in take-home pay effective July 1. Your employer will reduce the amount of income tax withheld from your pay on July 1. The 1969 Tax Reform Act dropped the tax surcharge which has been 5% from January 1, 1970 through June 30, 1970, and each of your exemptions will increase from \$600 to \$650 effective July 1. You won't feel like you have quit paying income tax, but every little bit helps.

Roby WMU Has Bible Study

First Baptist WMU, Roby, met June 16 at 2:30 for Bible study with Mrs. Wooley in charge. She read calendar of prayer and Mrs. Kathy Spencer led in prayer. The subject of the lesson was "The Blessing of Missions to the World". The study was in Acts, Isaiah and Luke. Different scriptures were read by those present, Ann Wooley, Ora Upshaw, Clara Smallwood, Kathy Spencer, Jo Carter, Viola Evers, Sheila Miller.

Closing prayer was by Mrs. Miller.

Roby Pioneer Died Monday

Will Moore, 80, of Roby died at 3:30 p. m. Monday in the Hamlin Hospital after a long illness.

Funeral was held from First Methodist Church, Roby, at 2 p. m. by Rev. E. L. Yeats and Rev. Homer Salley, pastor.

Burial was in Roby cemetery with Masonic graveside rites, under direction of Weathersbee Funeral Home.

Born Sept. 21, 1889, in Tyler, Mr. Moore came to the Roby area approximately 50 years ago. He married Myrtle Morgan in Tyler Dec. 25, 1924.

Survivors are his wife; two sons, Louie of San Antonio and Loren of Fort Worth; one daughter, Mrs. Letha Merle Turner of Friona. Also one brother, Lewis Moore of Cleburne; one sister, Mrs. Mollie Shelton, Arlington, West Va. and 6 grandchildren.

Service Held For Former Roby Lady

Funeral services were held last Wednesday for Mrs. C. S. Thompson at the Oxford Methodist Church in San Antonio. She died last Monday morning after an extended illness.

A memorial service was held in Roby at her mother's home, Mrs. J. F. Hambricht, who was unable to attend the services in San Antonio. Rev. E. L. Yeats officiated with Rev. L. L. Woolsey of the First Baptist Church and Rev. Salley of the United Methodist Church of Roby assisting.

Mrs. Sue Thompson was born August 29, 1909 in Roby and was reared in Roby.

Survivors are her husband; 2 daughters, Kathleen and Ginger of the home; one son, C. J. of Austin and three grandchildren; her mother, Mrs. J. F. Hambricht of Roby; three sisters, Mrs. G. D. Conley of Sweetwater, Mrs. J. R. Moore of Abilene and Miss Dudley Hambricht of Roby; one brother, Fredrick Hambricht of Ft. Worth.

All of her sisters and brother attended the funeral services in San Antonio.

Mr. and Mrs. B. K. Newhouse, Roby, had all of their children but one daughter and family, Mr. and Mrs. W. D. Wiltman of Abilene, visiting with them over the week-end. They were Mr. and Mrs. Bright Newhouse and children of Clarendon; Mr. and Mrs. Charles Anderson of Snyder and Mr. and Mrs. Don Newhouse and children of Haskell. The Newhouses were surprised when all of their children gave them a deep freeze for their 44th anniversary on Sunday and they also had a celebration, it being Fathers Day too.

Visiting with Mr. and Mrs. Vernon Allen and family, Roby, over the week-end were Mr. and Mrs. Ernest Harris of Ralls and Mr. and Mrs. Bob Johnson of Hermleigh.

DAR Chapter Met With Mrs. Hubert Barton

Mrs. L. T. Nelson and Mrs. Hubert P. Barton Hostesses for DAR Luncheon.

Members of Nancy Harper Chapter of Daughters of the American Revolution met recently for their annual luncheon at the ranch home of Mrs. Hubert P. Barton south of Sweetwater. Mrs. L. T. Nelson was co-hostess.

Miss Delila Baird, chapter regent, presided. The Pledge to the Flag was led by Mrs. Nelson and Miss Josie Baird read the President General's Message.

Mrs. Wade E. Forester, a delegate to the Continental Congress, reported on her trip to Washington. The Gold Honor Award which was earned by the chapter's yearbook had received a blue ribbon.

Following a brief business meeting, Mrs. C. R. Kendrick, chapter chairman of conservation, presented a program entitled "Trees of the Bible". Mrs. Kendrick stated that it was Joyce Kilmer who said, "Poems were made by fools like me, but only God can make a tree".

The speaker continued that in Genesis 2:8-9, we read "And the Lord God planted a garden eastward in Eden; and out of the ground made the Lord God to grow every tree that is pleasant to the sight, and good for food; the tree of life also in the midst of the garden; and the tree of knowledge of good and evil". After God drove Adam and Eve out of the garden, we hear no more of the tree of knowledge of good and evil, and the tree of life is spoken of only in a figurative way. So we know nothing of their appearance, but many, many other trees are mentioned in the Bible and have been identified.

Mrs. Kendrick continued with

the statement that when we think of trees in the Bible immediately Solomon's message to Hiram comes to mind: "Behold I build a house to the name of the Lord, My God, to dedicate it to Him. . . Send us also cedar trees, fir trees and alnum trees out of Lebanon. . . The cedar of Lebanon is a magnificent evergreen, often one hundred twenty feet tall and forty feet in girth. It takes three years for the cones to develop. Some live to be more than two thousand years old. There are still many of them in Israel and surrounding lands. The most important group is called "The Twelve Apostles" because of an ancient tradition that our Savior and His Disciples came to Kadisha and left their staves standing in the ground where they sprouted into cedar trees.

The wood of a smaller, scrubby cedar was used for burning in sacrificial duty because of its pleasant odor. It was used in the ceremony by which lepers were cleansed.

The name "fir" is an emblem of nobility and great stature. It is referred to often in the Old Testament as a wood for floors, ceilings, beams, and rafters.

Solomon also asked for Alnum greens. This is a tall juniper which grows in the shape of a pyramid. In II Chronicles 9:11, we read, "And the King made of the Alnum trees terraces to the house of the Lord, and to the King's Palace, and harps and psalteries for singers."

Among other trees mentioned was the Alnum tree which is a red Sandalwood tree native to southern India. It is sweet scented and no insect can live

in it. The timber is heavy and fine grained, black outside, and inside a rich ruby red. It was used for making musical instruments and also red dyes for silk and woolsens. The wood of the Olive tree was used for the doors of the Temple, and pure olive oil was used in the lamps of the Temple. "Garden of Gethsemane" means "Garden with the Olive press". The Olive and the Lebanon Cedar remain the Biblical trees par excellence.

Other trees mentioned with their uses were the Box tree, Ebony, Connamon, Cassia, Calamus, Myrtle, Almond, and Balsam. Aaron's rod which blossomed and bore fruit was made of Almond. Its fruit resembles the peach but the kernel of the fruit is the nut that we know. The delicate oil of the Almond is the flavoring which we use in our cooking.

The Ark in the Tabernacle was the first piece of sacred furniture made. It was made of wood from the Shittim tree-- a thorny, sweet smelling tree with yellow flowers. The wood is orange in color and heavy and insects will not attack it. The date palm grew in great numbers in the Holy Land.

Matthew tells us that John the Baptist, while in the wilderness, ate locusts and wild honey. The Locust is the fruit of the Carob tree, a beautiful large, sturdy evergreen. Its tiny pea-shaped flowers develop into long brown pods filled with a yellowish sweet paste. Those pods are used in the East for

feeding cattle and are often eaten by the poor.

The sycamine tree mentioned by Luke is the black Mulberry. The Ash mentioned in Isaiah 44:14 is translated as "fir" in the revised version. Authorities are not sure about the Bay tree, Psalms 27:33, but it may be the sweet bay which grows in Palestine.

Other trees and their uses which we find in the Bible are the Fig, Styrax, Thyine, and Pomegranate. One of the most venerated trees is the Oak. Throughout the ages the Oak has symbolized strength and long life. The Israelites, when they went to Egypt, found the heathen worshipping in groves of Oak trees. God first appeared to Abraham at the "Oak of Schechem". Again we are told that Abraham dwelt beside the "Oak of Mamre" and it was there that God appeared unto him in the likeness of three men. Saul and his sons were buried under an Oak. Also, the Angel of the Lord sat "under the Oak of Ophrah" when he came to call Gideon to be a leader of Israel against the enemy.

The speaker concluded: "We see that the trees of the Bible were used for building, for cabinet work, for making musical instruments, for incense, for making ointments, medicine and perfumes, for food and flavoring, for shade, for burial places, and as places for meeting God. These trees were treasured for their beauty,

Stand firm . . . in the Lord (Phil. 4:1).

There are times when our world seems shaken by the turn of events. Conditions we have accepted as unchanging, change. Values we thought unshakable, topple. Then it's time to turn to our Lord for no circumstance is greater than the overcoming power of Jesus Christ.

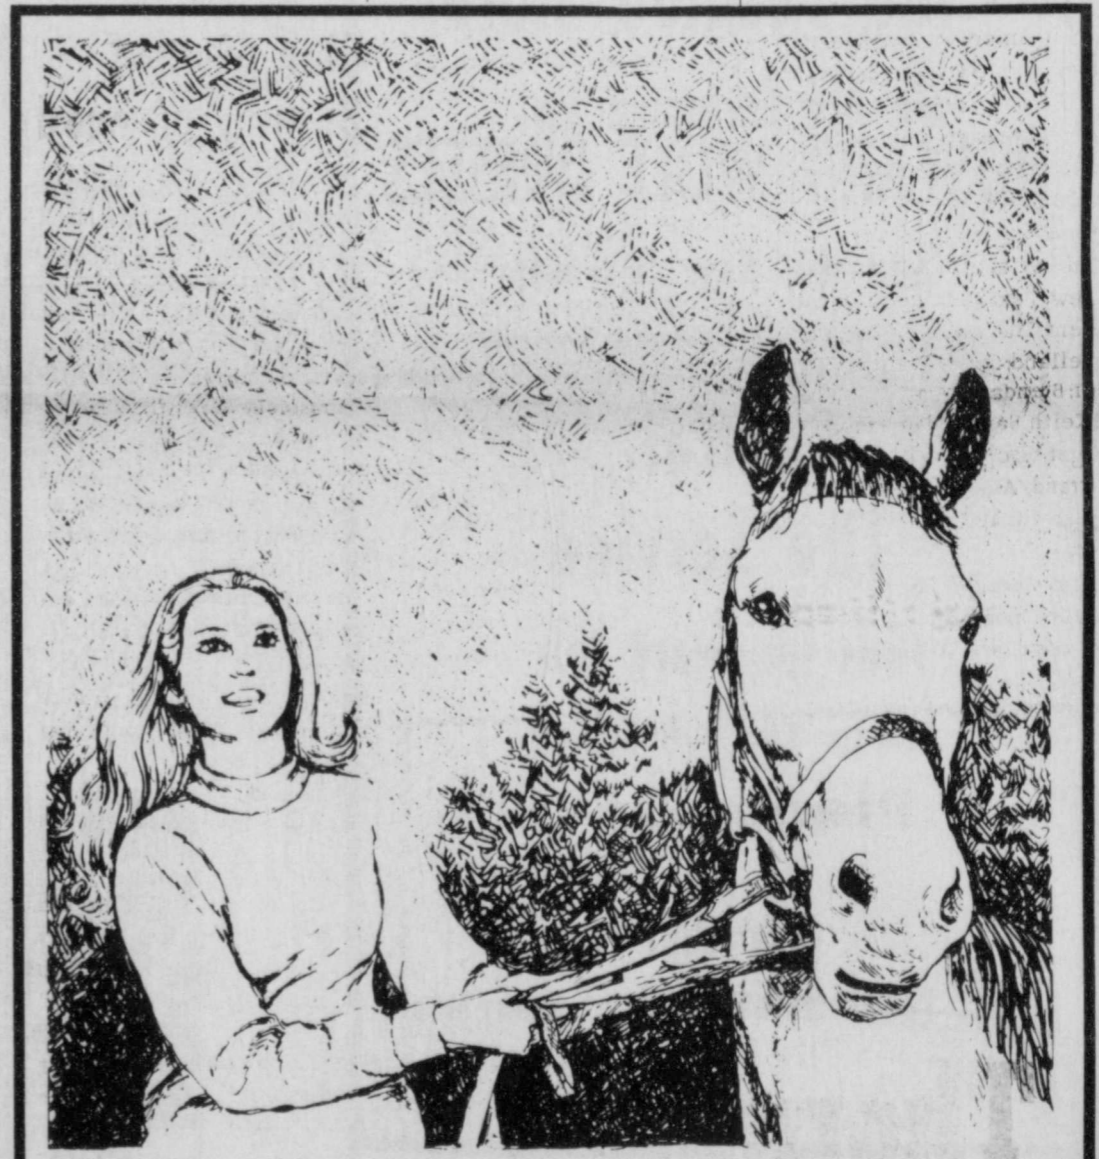

"Nothing makes it harder to call a spade a spade than blisters."

It never occurs to some that others have sense enough to manage their own affairs.

their fragrance, and for their usefulness."

Members and guests present were: Mmes. Barton, James H. Beall, Jr., Arlie Castle, James B. Day, Wade E. Forester, R. L. Hamby, Kendrick, Kirby Kinsey, F. L. McCright, Vernon McMillan, Nelson, Strayhorn, Earl Thomason, W. E. Towson, W. B. Wetsel, Jr., and Misses Delila Baird, Josie Baird, Ena McQueen, and Virginia Shelton.

West Side of Square Snyder

Ronald Stoltz owner of Raun's Photography in Snyder is one of the outstanding photographers of the area. He operates the modern and attractive Studio on south side square in Snyder and specializes in Quality Work, not the common run-of-the-mill work, yet it is competitively priced. He has operated the Studio for 2 years and enjoys liberal patronage from Fisher County and adjoining area. They do Portrait, Commercial, Aerial, Wedding, Illustrative and Advertising. Their Wedding Photography is beautiful and unusually different.

Mr. Stoltz states that about 97% of their work is now in Color and they do their own Color Processing in their laboratory. One important phase of their work is in Color Postcards and Brochures.

Among commercial accounts serviced by Mr. Stoltz are Private Pilot magazine, General Aviation News, Wolf Advertising, Tom Bubin Advertising, Bellanca Aircraft. Mr. Stoltz, his wife and 14

months old daughter Misti Dawn are members of the Baptist Church. He is Secretary of Snyder Jaycees, Secretary-Treasurer Panhandle Professional Photographers Assn., Member of South Plains Photographers Assn.

and Southwest Professional Photographers Assn. Mr. Stoltz states that he appreciates the patronage of his Fisher County customers and also says he will go anywhere, anytime to serve them.

It was a newspaper picture of a crowded street. Then we examined it closely. There we were, nameless faces in a crowd to the rest of the world, but important faces to us.

Ours is a world of fast-growing urbanization. More and more people are concentrating in crowded areas. Ours is a world dominated by the gang, the club, the party, even the mob. It's mighty easy to get that "one drop in the ocean" feeling, as if no one knows we are here.

That's why we treasure our church. In it we are individuals. Our minister, our teachers and our friends, even visitors, know us. Each of us is seen as a separate person. Each of us is known to the same loving Father.

You might call us the "fellowship crowd" . . . a crowd in which we are never lost. Discover for yourself the wonderful blessings your church can impart to you. Attend this Sunday and every Sunday.

On Youth Tour

Local youngsters pause on steps of the nation's Capitol during tour to see their government in action. They are, from the left, Miss Debra Elmore of Hamlin and Mrs. Randy Lee Roemisch of Hemleigh. Their sponsor of the tour was Midwest Electric Cooperative, Inc. of Roby. The tour group included 71 Texas boys and girls, most of whom were selected for the 12-day trip as winners of oratorical contests.

House, Mount Vernon, Arlington Cemetery, US Department of Agriculture, the National Rural Electric Cooperative Association, and the Washington, Lincoln and Jefferson Memorials.

While in Washington, the young Texans hosted a reception for their US Senators and Representatives and visited numerous historical and educational points, including the Smithsonian Institution, the White
